

THREE KINGDOMS: I HAVE A JOB TRANSFER PALACE

Chapter 15

Generally, the shooting range of archers is within tens of steps, but only sharp archers can reach a hundred steps.

As for the long archers, their shooting range can reach a terrifying three hundred steps, which is simply beyond human imagination.

Of course, the range mentioned here is the effective range.

To draw a six-foot longbow requires a lot of arm strength from the longbowman.

After changing their profession to become longbowmen, their arms become thicker and they look very powerful.

After the observation, Liu Feng asked the long archers to take over the defense of the city.

Three hundred Overlord cavalry gathered together for the first time, waiting for the next charge together

"Who sent you? Su Puyan? Or an official from Liaodong? Liu

Feng said calmly.

The man looked confused: "Sir, what are you talking about?"

Still pretending?

Liu Feng's eyes turned cold, he raised his black jade gun and pierced the man's arm directly.

"Ask me one last time, who sent you."

If you can't get through the job transfer gate, you must have malicious intentions towards yourself.

No matter who sends him, he will eventually die.

"ah!"

The man's screams resounded throughout the world.

He covered his arms and said urgently: "Sir, please forgive me. I am ordered by the Liaodong Prefect to come to Dashan Village to inquire about information.

I'm just following orders, please forgive me."

"Governor of Liaodong?"

Liu Feng's eyes flashed and he said in a deep voice: "How to prove your identity?"

The man immediately took out a token from his arms and said, "Sir, this is the badge of the Liaodong Prefect."

Liu Feng took the badge, looked at it twice, and said, "Does the Wuhuan leader who came to Dashan Village this time recognize this badge? The man nodded repeatedly: "This time the commander of the Wuhuan cavalry is Su Puyan. He recognizes this badge."

"So, very good."

Liu Feng grinned and drew out the black jade gun.

Then in the man's horrified eyes, he pierced his throat.

"Drag him down and bury him."

Liu Feng pulled out the black jade gun again and wiped it on the man's clothes.

"promise!"

Two longbowmen came forward, carried the man's body and left quickly

"Governor of Liaodong? It turns out that you are colluding with the alien race."

Liu Feng looked at the waist card in his hand with a sneer on his face, "Su Buyan is here in person? Then I will let you never come back."

He went down to the city and selected one more person to go into the back mountain and transfer to long archer, bringing the number to a hundred people.

Then, he took a hundred overlord cavalry out of the city.

Time passed, and it was late at night.

Su Puyan led the team again The Wuhuan cavalry launched an attack on Dashan Village.

He wanted to consume the physical strength of the Dashan Village guards bit by bit. When they were exhausted and the food was exhausted, it was time to break the city.

This time, it was still three thousand Wuhuan cavalry. The Huan cavalry charges.

Different from the last time, their mission is not to attack by force, but to fight. They do not seek to kill the enemy, but only seek to consume the physical strength and energy of the mountain village cavalry.

"Overlord's cavalry attacks."

A voice came from the city wall.

The city gate opened wide, and two hundred overlord cavalry galloped out.

"kill!"

Niu Erwa was born with supernatural power and was appointed as the commander. He led the Overlord cavalry to charge towards the three thousand Wuhuan cavalry.

When the Wuhuan cavalry saw the Overlord cavalry charging out, they directly changed direction and prepared to go back.

However, they underestimated the Overlord cavalry. The charging speed of the cavalry.

Just after completing the detour, the Overlord cavalry bit its tail.

The spear was swung, and blood spattered.

Screams resounded through the night sky, and a Wuhuan cavalry fell off the horse.

Fortunately, the Wuhuan cavalry finished. They made a detour and galloped towards their large army.

"Longbowmen, shoot!"

The sound on the city wall sounded again.

Whoosh!

One hundred long archers bent their bows and nocked arrows, shooting at an angle of 45 degrees.

The long arrows that were longer than ordinary arrows shot through the air, streaking across the night sky with lines of death. The arc poured down.

Puff!

The long arrow fell and easily penetrated the armor of the Wuhuan cavalry.

A series of shrill screams resounded through the night sky.

The Overlord cavalry temporarily stopped pursuing, but the long archers attacked one after another.

Every time Each person had two pots of arrows, a total of twenty-four.

After shooting one after another, the Wuhuan cavalry galloped towards the large army in fear, and soon they were a hundred steps away from the city wall.

However, before they were happy, one A long arrow fell and once again penetrated the bodies of dozens of Wuhuan cavalry.

Such a long range?

Su Buyan was surprised that such a high accuracy could be maintained from a hundred steps away. Is it possible that all the archers in Dashan Village could pierce Yang with a hundred steps ? Ability?

Before he could recover from the shock, a whistling sound suddenly rose above his head.

Su Buyan was frightened, and quickly jumped off the horse and rolled on the ground.

With a pop, a long arrow entered his body, and the horse beside him roared in pain , fell to the ground with a bang.

At the same time, dozens of screams resounded around him again.

Get out, get out!

Su Buyan was so heartbroken that he jumped onto the horse of a Wuhuan cavalry and shouted urgently.

He was far away The city wall is more than two hundred steps long. It is terrifying that the archers in the mountain village can reach such a long range.

"The leader, hundreds of cavalry appeared behind him. The leader held the badge of Liaodong Prefect, saying he was here to help the leader."

At this moment, a Wuhuan cavalry galloped over from behind and said loudly.
