

## THREE KINGDOMS: I HAVE A JOB TRANSFER PALACE

### Chapter 9

The Wuhuan cavalry fled in all directions, and Liu Feng led thirty Overlord cavalry to pursue them as much as possible.

"Congratulations to the master, your level has been upgraded to level 10, and you can transfer your job for the third time."

"The third job transfer requires 5,000 job transfer points. Currently, the owner has 5,300 job transfer points. Should he change jobs immediately?"

I don't know how long I have been chasing, but the lolita sound of the job transfer elf sounded in my mind.

The job transfer palace is bound to Liu Feng, and even if he doesn't take it with him, it will not prevent him from killing enemies and gaining job transfer points and experience.

Liu Feng Killing the last person, he looked up at the remaining soldiers who were about to disappear from sight, and did not pursue them again.

In this battle, thirty versus nine hundred.

More than five hundred enemies were killed, with zero casualties.

It can be said to be an outstanding achievement.

"Change job!"

Without any hesitation, Liu Feng directly chose to change jobs.

"OK, Master."

The job transfer elf Loli sounded cheerfully. After deducting 5,000 job transfer points, the job transfer was completed instantly.

"Congratulations to the master, you have changed your profession to become a third-level general and obtained the skill of Dragon Soul Marksmanship."

As the Lolita sound of the job-changing elf sounded, a mysterious energy circulated in Liu Feng's body, and his strength doubled again.

At the same time, a very mysterious set of marksmanship appeared in his mind.

Dragon Soul Marksmanship: Active Skill , when it is cast, dragons roar everywhere, and its lethality is very powerful.

As long as the physical strength is sufficient, it can be cast continuously without any interval.

These three-turn skills are real martial arts.

They are no longer one-time skills.

With martial arts , can he be called a true military commander.

Only with martial arts can Liu Feng's true strength be brought out

"Go back to Dashan Village! Liu

Fengmo waved his jade spear, turned his horse's head and left first.

"promise!"

The thirty Overlord Cavalry responded in unison.

The tone was mixed with excitement and excitement.

More than two hours ago, they were just teenagers in a mountain village who were at the mercy of others.

Now they have transformed into invincible Overlord Cavalry.

From now on, they are not only The fellow villagers who can protect Dashan Village can also fight on the battlefield and become famous.

All these changes come from that fairy-like lord.

Thinking of this, everyone worships and awes Liu Feng more and more.

At the same time, Wuhuan The cavalry fled back in embarrassment.

All the Han people along the way were surprised.

For some reason in the past two years, Wuhuan became extremely rampant and abominable. They looted and massacred wantonly in Liaodong, but the officers and soldiers of Liaodong never sent troops to encircle and suppress them.

The people of Liaodong were miserable. Everyone is in danger.

No one knows whether the next target of the Wuhuan cavalry will be themselves.

In two years, this is the first time they have seen the Wuhuan cavalry in such a mess.

Could it be that the officers and soldiers attacked?

No matter what , it was a good thing that someone had to deal with the Wuhuan cavalry.

When Su Puyan, the leader of Wuhuan in Liaodong, learned the news, he immediately sent people to Xiangping to ask the Liaodong County official who cooperated with Wuhuan in Liaodong.

"Sir, our nine hundred Wuhuan cavalry were attacked in Dashan Village, An County, and hundreds of people were injured.

The leader of my family was furious and sent a villain to ask the adults if the attackers were Han soldiers.

If so, we can only terminate the agreement immediately.

Any consequences that occur at that time will be borne by the adults themselves.

If not, the leader of my family will send troops to flatten the mountain village. I hope you will not stop me in any way.

Otherwise, we will also terminate the agreement immediately."

The Wuhuan official was proficient in Chinese, his attitude was respectful, but his tone was a bit arrogant.

The Liaodong official sitting on the main seat took a sip of tea, raised his head, and said slowly:"Oh? And this thing? I don't know.

But you can rest assured that those are not our Liaodong officers and soldiers.

You go back and tell Su Puyan that I can turn a blind eye as long as it's not too much."

"In this case, the villain resigned."

The Wuhuan official performed Wuhuan etiquette, then turned and left.

The Liaodong official put down his teacup, his face was gloomy, and his eyes were filled with murderous intent:"Humph! The mere Wuhuan dare to be so arrogant with me. If you hadn't been of some use, I would have sent troops to destroy the Wuhuan of Liaodong."

Then he stood up and looked in the direction of Jizhou, murmuring:"Zhang Jiao? Peace Road? I hope you will not disappoint me."

At the same time, the Wuhuan officials who returned to the Wuhuan tribe repeated the words of the Liaodong officials to Su Puyan word for word.

"As long as they are not officers and soldiers."

Su Buyan breathed a sigh of relief. If it was really the officers and soldiers who did it, it would be really hard for him to do it.

Other Wuhuan senior officials may not know much about the combat effectiveness of the Han army, but he has experienced it personally.

With the combat effectiveness of Wuhuan in Liaodong, it is absolutely They can't stop the officers and soldiers of the entire Liaodong County.

Unless they unite with other foreign races in Liaodong County, they may still be able to fight.

Su Buyan took a deep breath and said in a deep voice: "Quickly gather the 10,000 cavalry, even if I flatten them Dashan Village."

Since they are not officers and soldiers, they must be destroyed with the force of thunder.

Otherwise, there will be more and more resistance teams of Han people in Liaodong in the future, which is not what he wants.

Ten thousand Wuhuan cavalry galloped, and the whole ground was shaking. The momentum was very It was astonishing.

The Han people along the way were all trembling with fear when they saw it.

Fortunately, the target of these Wuhuan cavalry was not them.

They did not stop at any time and galloped directly towards the mountain village.
