

Trio of Mates Chapter 9

Chapter 9: Chapter 8: Devin

"Holy fuck! What was - " I start to say before Brandon grabs my elbow and pulls me up.

"My room! Now!" he growls at me.

I don't quite understand what is happening. "Why - "

Pulling me by the elbow, he hurries me out of the dinning hall and to the back stairs.

"Brandon! Slow down!" I say.

"We have 10 minutes and I need to get rid of these blue balls before I walk into Zak's office!" His voice is husky with need and my knees weaken. Oh! Yeah, that makes sense. That show wasn't even directed at me and I was horny as hell.

We bust into Brandon's room and he slams the door behind us. Immediately, he pushes me onto the bed. He rips his clothes from his body. "Undress!" he growls as he sees me staring at him.

I quickly pull off my clothes.

Brandon lays on the bed beside me. "Get on top of me. Suck my dick," he orders.

Immediately, I comply. My ass is in his face and he wastes no time eating me. His tongue runs around the rim of my asshole before dipping inside. He rolls and wiggles his tongue inside of me while I moan around his cock in my mouth.

I feel Brandon's hand on the back of my head, pushing me further onto his cock. "Fuck, yes! Take it deep, Devin!"

Brandon rarely calls out my name during sex and it drives my orgasm closer. I bob my head on his cock as fast as I can. Brandon sticks his tongue even deeper inside of me and his hand wraps around my cock. He starts jerking me off fast, squeezing hard.

Within minutes, I'm on the brink of an orgasm. "Brandon!" I call out, pulling off of him. "I'm gonna cum!"

"Cum!" he says, pushing my head back onto his cock.

I let go and almost immediately feel Brandon cum down my throat. I swallow him greedily, moaning the whole time.

We lay in a daze for a few moments before I roll off of him. He quickly stands and goes to the bathroom to clean himself up, taking his clothes with him. He comes back out a few minutes later, fully dressed.

He walks over to me and kisses me. "Thank you for that. I'll see you after training?"

I can only nod and give him a small smile.

He chuckles and heads to the door. "See you later."

I wave a tired hand and grab a few more minutes to myself before I clean up and head out to the training arena.
