

I Inherit An Auction House At The Start, Trillion Times Rebate!

Chapter 531

However, even so, they still found it hard to believe.

“Brother Lin, why don’t you leave?” Gu Luo suddenly asked.

It was very difficult to make a breakthrough with the God Devourer body in the eastern continent, even now.

As the resources had just been born and most of them were not yet mature, leaving was the best choice for Lin Mo.

“hehe ...”

Lin Mo smiled and did not say anything. It was enough to just give a simple explanation. It was inconvenient to say more.

“I’ll leave after I break through to immortal-Foundation, but before that, I still need some spirit stones.”

He told Zhen Gu not to worry. Some of the closed shops in the palace were reopened, and the auction house was back in operation.

if anyone dared to cause trouble, he would attack them directly.

Soon, a piece of news was spread. The Imperial Palace of the Great Yan Dynasty had opened its gates to hold an auction and a trade fair. Many talented people were invited to participate.

When this news spread, many people were stunned. Some time ago, they had sealed the palace and did not allow anyone to have an audience with them.

“Perhaps it’s because Lin Mo has come ...”

Someone mumbled. Now that they knew the reason, Lin Mo’s appearance had broken the deadlock, and no one dared to make any moves.

However, there were still some people who didn't give up. Most of them were itinerant genius cultivators who were usually suppressed by the major forces.

Now that the golden age was about to begin, their foundations were strong, and their realms did not fall much. On the contrary, their cultivation speed increased.

Moreover, they had more or less obtained an opportunity, so they began to act unscrupulously.

With a boom, a huge battle broke out in the palace, and many buildings collapsed.

Gu Luo was fighting with someone. The person who had once destroyed the great ancient divine dynasty had come. The palace allowed people to enter. She was found and someone was fighting with her.

they were three young men whose qi and blood were as vast as the sea. their strength and combat power were both terrifying and frightening.

The two of them exchanged blows, and a field of symbols flickered. Many buildings within the Imperial Palace trembled, and the ground cracked open. Some were unable to withstand the shockwaves from the battle between the two.

The battle shocked everyone. Many people looked at it in shock.

Was this a rising star? yes and no.

In terms of age, they were of the same generation, but the three of them had improved their strength because of the general trend, while Gu Luo's cultivation had fallen once.

The battle was very intense, but it had only started for a short while before it ended.

Lin Mo attacked with the Daluo divine sword in his hand, shocking the world with a single strike.

With a light stroke, the sword Qi soared into the sky and split the three of them apart. Even their souls could not escape from the disaster.

At the same time, Chen Wu also appeared and killed some of the people who harbored ill intentions, shocking the crowd.

“Eh, what’s that aura over there?”

Lin Mo had just displayed his divine might when he sensed a beam of light not far away. It was filled with Imperial Dragon Qi and was very glorious.

“It’s the Imperial Dragon Qi. Isn’t the Imperial seal of the Great Yan Dynasty on Zhen Gu?”

Gu Luo was stunned. He also felt the power of the aura.

sigh, we won’t keep it for ourselves. The two of you, let’s go together. We should both have some gains.

Chen Wu sighed. He knew that the Great Yan Dynasty would still have to rely on Lin Mo.

Besides, Gu Luo was homeless now. It would be great if he could be recruited, so he would not be stingy.

“That’s good too. Let me auction a few treasures first.”

lin mo smiled. many people in the auction hall of the imperial palace looked at lin mo with respect as he came down.

“Greetings, Lord Lin Mo.”

The person in charge of the auction house bowed respectfully.

the rest of the people also saluted with their eyes. lin mo’s sword attack just now was earth-shattering, and it was not something they could hope to achieve.

no need to say more. I want to auction a few treasures. Help me arrange it.

lin mo took out magic tools and elixirs from his spatial ring.

Most of them were obtained after he had killed someone who had plotted against him along the way.

Of course, the most precious one was the last ball of light.

“What, this is?”

Many people were shocked. When they saw this ball of light, they almost couldn't help but rush forward to snatch it.

This was especially true for some of the younger powerhouses. They had obtained many opportunities, and the birth of the golden age had benefited them greatly.

Although he was not as good as the younger generation who had not started cultivating, his talent had also improved.

Lin Mo had taken out the opportunities for the children who had not started cultivating.

the dao laws of heaven and earth had been extracted from this world by him and sealed with a special method.

This thing was also very useful to him, let alone the others.

As soon as he appeared, everyone's eyes burned with eagerness.

“Brother Lin, are you really going to auction this item?” Gu Luo and Chen Wu were shocked as well. They did not expect Lin Mo to be able to get his hands on this.

“You guys need it too, right? I still have some here. Just remember to arrange for an auction.”

Lin Mo chuckled and took out a few more balls of light.

These were all refined by him during this period of time, and he did not fight for other people's opportunities.

However, even with his strength, he could only refine this much. He could feel that the world seemed to be staring at him.

If this continued, perhaps heavenly punishment would befall him. Hence, he could not continue.

there are five in total, and there won't be any more in the future. They'll come to me when they're refining the heavenly Tribulation. The starting price for each ball is 100 million middle-grade spirit stones.

Lin Mo then handed the ball of light to the person in charge of the auction.

at the same time, he looked around and said coldly, "Don't even think about snatching it away. I've left a soul imprint on it, and not many people can break it."

"Those who aren't afraid of death can try."

The system's requirement was that the auctioned treasure had to go through the entire process and complete the transaction.

Occasionally, he would also be asked to protect the buyer, so the necessary warning could not be missed.

"the two of you, how about we go and explore it together?"

Lin Mo smiled and invited the two of them to check out the forbidden area below the palace.

As for Zhen Gu, he was too weak and might lose his life if he went in. It was safer for him to stay in the palace.

"Alright, let's hope that brother Lin will be able to gain something."

Chen Wu smiled indifferently. He also coveted that treasure, but he did not have the ability to take it away.

If Lin Mo could be brought out, it would be a good thing for the Great Yan Dynasty.

at the very least, there would be a lot less trouble in the near future.

"should we follow them? maybe we'll get something."

There were people in the crowd who did not want to participate in the auction and planned to follow Lin moqian to search for the treasure.

"No, Lin Mo's strength is at the 8th sky of Nirvana stage. He's not someone we can fight against."

that's right. In the current world, I'm afraid only Holy maiden Xia you and the top seniors of the past generations can fight him. His companion was very worried and unwilling to take the risk.

coward, I'm not weak either. Moreover, I'm a genius created by the general trend. I should replace Lin Mo and the others. That's our destiny. The man was unwilling to give up. He put on a suit of purple-gold armor and rushed forward.

In fact, many people thought so, thinking that they were geniuses created by the general trend.

He was born with the momentum and should have become the pride of the eastern continent.

One had to know that they weren't weak back then. Some of them had even displayed a different kind of demeanor when they were at a lower cultivation level, and they weren't any weaker than Holy maiden Xia you.

532

The ancient Divine Tree

The three of them entered the depths of the palace and entered a small world through a crack in the void.

huh? a level 5 spirit grade spirit herb growing on the road? ”

As soon as he walked in, Lin Mo was delighted to find a spiritual herb swaying by the side of the road.

” the spiritual qi here is so dense. it's enough to support the growth of level 5 spirit realm spirit herbs. ”

They were shocked, especially Gu Luo and Chen Wu. They had explored the area before, but there were no spiritual herbs growing on the roadside.

“Harvest it. This spirit herb will be of some help to you.” *innread.com*

Lin Mo chuckled. He was not interested in spirit herbs of level 8 or level 9.

After all, only these spirit herbs could be auctioned for return-profit earth rank spirit herbs.

” let’s continue deeper in. we’ll split the benefits equally. as for the final treasure ... ”

Chen Wu laughed and said that he did not mind. He directly said that if Lin Mo could take it away, he would give it to him.

haha, then I won’t be polite. How about this, if the treasure I obtained isn’t of much use, I’ll auction it off to you.

yes! Lin Mo agreed readily. He was in dire need of cultivation resources, so he would not give up on such a benefit.

After Gu Luo picked the spiritual herb, the spiritual Qi in this area didn’t weaken. Instead, it became denser.

it seems like there are still hidden treasures. Let’s look for them. Chen Wu said with a smile.

“Let’s look for it first, but don’t pick the spirit herbs that haven’t grown well.”

Lin Mo nodded. The opportunities of all living things could not be broken from their roots, nor could they be stopped from growing. This was going against the heavens.

In this era of Heavenly Tribulation, it was best not to be too arrogant.

In the end, they found another five spirit herbs, one of which was a level 7 Spirit Class spirit herb, which Lin Mo took.

there’s more here. I didn’t think that ordinary spirit herbs could grow to The Spirit Level.

Lin Mo was very surprised. This was the most common spiritual herb and was usually food for demonic beasts.

However, the spirit herbs in this forbidden area had already grown to The Spirit Level. They were too extraordinary.

The three of them continued to move forward without touching the lawn. After thousands of years, there might be earth rank spirit herbs growing here ...

The weather in the forbidden area changed very quickly. In the blink of an eye, lightning flashed, Thunder rumbled, and a violent storm began.

This place was an ancient ruin, and the great Yan Dynasty had risen with it. There were some incomplete formations here that were activated from time to time.

“Yi, this forbidden area seems to have changed again.”

Gu Luo stared ahead and noticed something different.

There were traces of her and Chen Wu’s battle there, but they were gone now. The place was shrouded in thick fog.

Then, they saw a strange scene in the fog.

There was a Divine Tree with silver leaves, and the roots under the trunk were not rooted in the soil.

It seemed to have intelligence, and the roots were its feet. It walked around in an open space and absorbed the nearby spirit spring.

On the branch, a silver fruit had condensed. It was only the size of a palm, but it had a strong medicinal fragrance, making the three of them feel as if they had ascended to the immortal world.

At that moment, Lin Mo felt as if he was about to turn into a feather and become an immortal.

What exactly was that? it could actually move on its own. Was it a spiritual medicine or a Divine Tree that had been passed down since ancient times?

taking a deep breath, the rich medicinal fragrance spread in their minds. it was extremely pure, and they couldn’t help but walk forward.

It was because the fragrance was too attractive.

“I feel like I’m about to comprehend Dao. This is a Supreme Divine Tree. It smells so good ...” Gu Luo’s eyes widened in disbelief.

Chen Wu was also extremely excited. He was intoxicated by the fragrance and couldn’t imagine what grade this Divine Tree was.

It was recorded in the ancient books that the truly powerful spirit herbs had a certain level of intelligence and the ability to escape.

It was not enough to fly, but it was enough to burrow underground.

It was a legendary spirit herb that surpassed earth rank and was extremely precious. The divine Tree in front of him was clearly one of them.

Lin Mo observed his surroundings and did not find anything out of the ordinary. Gradually, he was also intoxicated by the fragrance.

[congratulations to the host for successfully auctioning the Azure devil pill, a level 9 spiritual grade pill.]

[successfully triggered 5000-fold auction interest return]

[congratulations to the host for obtaining a rank 1 Earth Class spirit pill, Azure Mystic demon spirit pill]

All of a sudden, the system's notification jolted Lin Mo awake. An elixir had appeared in the system space.

"No, it's dangerous,"

Before he could observe further, Lin Mo suddenly felt a dangerous aura.

He grabbed Gu Luo and Chen Wu's hands and pulled them behind him.

The Daluo divine sword appeared, and flames and lightning spread out, scattering the mist in front.

Only then did he realize that they had unknowingly walked a long distance.

A dozen meters ahead, there was an incomplete rune that was connected to the killing formation. Once touched, there would be no corpse left.

"That was close ... We almost fell for it." Gu Luo was shocked, and his full chest heaved up and down.

She and Chen Wu had already fallen into the trap. If not for Lin Mo, they would have been turned into ashes by the activation of the killing formation.

"Do you guys think that the divine Tree is really here ..." Lin Mo frowned.

The divine Tree had its own intelligence and was very high. It set up an ambush to attract people over and then trigger the array.

“It’s very possible.”

Chen Wu was deep in thought. It was impossible for such a phenomenon to appear out of thin air, so the divine tree was likely to exist.

If that was the case, the silver fruit would definitely be a sky rank spirit herb.

Otherwise, it would not have such a high level of intelligence.

“We must auction it off.” Lin Mo said in a low voice. This thing was a precious treasure to him.

“What did brother Lin just say?”

Chen Wu and Gu Luo were shocked at the same time. They suspected that they had heard wrong.

Lin Mo actually wanted to auction off that heaven-defying fruit. This was too crazy.

“Ahem, if I can really get it, I’ll sell it.” Lin Mo coughed drily to confirm his thoughts.

“But the starting price won’t be cheap.” He added at the end.

This also dispelled the two’s doubts. The God devouring body required a huge amount of energy, and most natural treasures contained special effects.

To the God Devourer body, it was not as good as a certain number of spirit stones.

However, a sky-grade fruit would not be cheap ...

“Let’s go. We’ll go around this place and go deeper.”

Lin Mo did not want to give up. He had to get it. This fruit might be the key to him breaking through to the 9th sky of Nirvana stage.

If he could obtain it, it would be extremely beneficial to him. He would be able to directly break through the shackles of the Nirvana stage and enter the immortal Foundation Stage.

“If the terrain hasn’t changed, we can lead the way.”

gu Luo said to chen wu, reminding lin mo not to touch the spatial rift around them.

This place was extremely dangerous. The two of them had almost lost their lives when they entered.

Lin Mo nodded. He naturally knew how dangerous it was. However, just as he was about to venture deeper ...

The system’s voice disrupted his rhythm ...

congratulations to the host for successfully auctioning a Dao law comprehension.

[the seller participating in this auction has been targeted. Host, please go and rescue her. If the rescue is successful, the auction will trigger a return-interest rate of 100000 times.]

533

Changes in the forbidden land

“What’s wrong?”

Gu Luo was a little confused. He looked at Lin Mo, who had suddenly stopped, and did not understand.

” there are many changes inside. why don’t we take the long term plan and make other plans when we get out? ”

Lin Mo blushed with shame. He had just entered and he already wanted to leave. He really did not know what to say.

However, he had no choice. That was a return of 100000 times the auction interest. Moreover, it was his first time putting up the heaven and earth Dao law for auction.

This kind of treasure did not even have a grade, and he did not know what the return would be.

“I’m afraid we can’t leave ...”

On the other side, Chen Wu walked over with a frown on his face. He pointed behind the group.

A wall had appeared out of nowhere. The only exit of the forbidden area had been blocked.

“Ah, it seems like there’s no other way ...”

Lin Mo was helpless. He tried to attack the wall but to no avail.

The Daluo divine sword was incomparably sharp, but it was unable to leave a single mark on his body.

they began to move forward and gradually went deeper. during this time, they had bypassed many formations and their harvest was quite rich. they had picked three spirit level rank nine spirit herbs.

The spiritual Qi inside was becoming more and more abundant, and some areas had even turned into gas, which was the most suitable for cultivation.

“that is ... Top grade spirit stones.”

Lin Mo was shocked to see a high-grade spirit stone. This kind of spirit stone did not exist in the eastern continent before.

he could recognize it at a glance because bai luo had given it to him before.

The upper spiritual stone contained a very strong spiritual Qi. It was wrapped in a stone, and only one foot was exposed.

Lin Mo shook it lightly, shaking off the stones on its surface. A white light lit up, and a lustrous white ore that was half the height of a person appeared.

Spiritual energy gushed out, making people feel relaxed and happy.

the eastern continent is starting to produce high-grade spirit stones. This is a bit fast. Maybe in a dozen years, there will be a high-grade spirit stone mine here.

Lin Mo walked over and put the ore away. He estimated that this ore could be refined into more than 100 superior-grade spirit stones.

Suddenly, the runes where he was standing lit up, and a red light bloomed.

Lin Mo quickly moved to the side. At the same time, flames and lightning bloomed from his body to help him block the attack.

But even so, his body was still pierced by the red light. A bloody hole appeared on his left shoulder, almost penetrating his heart.

Gu Luo's face turned pale. She had almost been killed when she tried to take a closer look at the high-grade spiritual stone.

Lin Mo was also covered in cold sweat. That was a hidden killing formation that had not been destroyed by the passage of time.

He didn't expect that when he took away the ore, he also triggered the array and almost died here.

"That red light can even kill immortal-foundation experts. It's too terrifying, I can't touch it anymore." Lin Mo said as he healed his injuries.

"Let's go. We must be careful."

As they went deeper, the space around them became much wider. The trees were sparse, but there were more bushes and shrubs.

"There's a medicinal fragrance, it's an earth rank spirit herb."

Lin Mo's senses were very sharp. Not only him, but Gu Luo and Chen Wu had also smelled the fragrance of the spirit herbs.

These were all recently grown. With the improvement in the eastern Peninsula's environment, they would grow extremely quickly.

This phenomenon would probably last for a year or two. It was a form of compensation for the cultivators who had suffered.

“Sand Devil's Snare,”

Not far ahead, there was a yellow flower growing. The area within two meters of it was barren soil, which was very rare.

This kind of spirit medicine was extremely overbearing. If it grew in the outside world, it would devour all the life force within a thousand meters in diameter to satisfy its own growth.

Under normal circumstances, it should be surrounded by a desert, which was the origin of its name.

However, the spirit Qi concentration here was too high, which caused it to be full after swallowing about two meters.

This time, Lin Mo did not dare to be careless. He used a magic tool to pick the spiritual medicine in his place.

Fortunately, there was no danger. This spiritual medicine just happened to grow outside the incomplete killing formation and did not trigger it.

After successfully harvesting, they continued forward. There were some broken walls and ruins in front of them, which were ancient buildings.

It had long been weathered by the passage of time, and it would break into pieces with a touch. innread.com

there was no redeeming value, only some newly grown spiritual herbs that had the potential to become precious spiritual medicine in the future.

As he went deeper, Lin Mo came across an even larger high-grade spirit stone mine.

This was already the deepest part of the mountain. A few mountains were about to turn into mines, and only the upper-grade spirit stone mine was here.

The few of them did not act rashly. The mine vein was about to form, and taking away the upper-grade spirit stone mine would cause the mine vein to collapse. It was not wise to destroy the root of the opportunity.

in the middle of the mines, there was a valley. this was the place with the densest heaven and earth ling qi.

“Have you guys been here before?” Lin Mo asked.

“No, I didn’t,”

The two of them denied it, but they were also very alert because the killing array had been activated when they had come here.

However, the killing formation had been shut down, as if it was protecting the valley in the middle.

“if there’s a killing formation, we can’t get in. if we force our way in, something might happen.”

Lin Mo frowned. They could not go in front, and the way back was cut off. They seemed to be trapped in this forbidden land.

they walked forward slowly and smelled the alluring fragrance of the herbs. gu lu couldn’t help but go forward to pick them.

Lin Mo quickly pulled her back and stopped her from moving forward.

On the other side, Chen Wu was in a similar state, unable to extricate himself.

Lin Mo had no choice but to retreat with the two of them. After retreating for a distance, the medicinal fragrance faded for a moment, and they came back to their senses.

“That was close. We almost sacrificed our lives to the formation.”

The two of them heaved a sigh of relief. After seeing the killing formation in front of them slowly operating, they could not help but feel fear.

this place seems to have been set up to lure me to break the formation. Everything is planned ...

Lin Mo was deep in thought. He thought of the tree of God he had seen at the beginning. Perhaps there really was a tree of God here.

Perhaps it had existed since ancient times, and had been in a deep slumber for a long time. It had only recently awoken, and because the eastern Peninsula's environment had improved, it was now able to grow.

The three of them wandered around the valley and searched carefully. Finally, they found a small tree in a corner.

It was a meter tall, and there were special patterns on its silver leaves.

The most attractive thing about it was the silver fruit on its branch, which contained a terrifying energy fluctuation.

The tree seemed to know that Lin Mo and the others had discovered it. It no longer hid and its roots wriggled as it slowly walked around.

The fruits on the branches glowed and were extremely resplendent. Every stalk of spiritual medicine in the valley began to move and release a medicinal fragrance.

The medicinal fragrance passed through the formation, causing Lin Mo and the others to feel extremely comfortable.

"It didn't set it up. It was trapped in the formation. It wanted to get out, so it lured us here to the blood formation." Lin Mo said in a deep voice.

It was very likely that this was a heaven-grade Divine Tree. If possible, he had to get it.

After circling the formation once, he found nothing. Lin Mo tried to touch the formation with his magic weapon and was almost sucked into the killing formation.

The destructive power of the killing formation was extremely shocking. A huge crack appeared in the space. The strength of this killing formation was not something they could resist or touch.

But fortunately, after some searching, they found a teleportation array that seemed to lead to the outside.

534

The Dao law of elemental origin

“let’s go. we can’t move this formation. we need help.”

Lin Mo was helpless. He yearned for the sky-grade tree of God, but he had no choice. After all, he did not know much about killing formations.

“Who do you want to ask for help?” Gu Luo asked curiously.

a friend. He’s known as the number one formation Dao expert in the eastern continent. He’s a genius in formation Dao among his peers.

Lin Mo smiled. The three of them left the forbidden area through the teleportation formation and appeared at the exit. The exit was wide open and showed no signs of being sealed.

“Right, I’ll go check on the auction first.”

Suddenly, he remembered that he had stopped in the forbidden area for a long time, but the system did not notify him that he had failed the mission.

This meant that the person who had won the bid for the rules of the great Dao was probably still alive and could still be saved.

then, lin mo flew out of the palace. spreading his soul power, he locked onto a courtyard in the imperial city.

Over there, a formation had enveloped the area, and an intense battle was currently taking place.

Lin Mo descended from the sky and broke the formation with one move, ending the battle.

“Who is it?”

this was a group of young people. each of them was talented and their strength was around the fifth sky of the nirvana realm.

And they were currently besieging a young man.

The young man's expression was determined, and his white robe had long been stained red with blood.

Even so, he was still unwilling to give in. He looked around coldly, and a crack appeared on the sword in his hand.

“Did you turn a deaf ear to my warning?”

Lin Mo descended and looked around coldly. He released a powerful aura that made people shiver.

“You've persisted for quite a long time. May I know your name?”

He cupped his fists at the young man in the middle. He had originally given up on the return-to-profit treasure of the great Dao laws.

He didn't expect that this person was not simple either. He was actually able to hold on for so long by himself. He had finally held on until he felt it, which made him very satisfied.

“Qin Rui.”

The young man said as he wiped the blood from the corner of his mouth. His words were emotionless, and he was not grateful for Lin Mo's help.

Lin Mo did not say much about this. However, he could see a future in this young man.

Perhaps, this person would grow into a giant in the future and become one of the most powerful people in the eastern continent.

Such a person was worth saving.

“I can tell that you don't really want me to interfere.” Lin Mo chuckled.

Under the nervous gazes of the surrounding people, he spoke again, “I'll take you away, for the sake of you bidding for my treasure.”

“as for your revenge, you can take it yourself in the future.”

After saying that, he ignored everyone’s reaction and put his hand on the young man’s shoulder, then disappeared.

Only a few people were left trembling on the spot. They had truly felt the killing intent from Lin Mo just now ...

congratulations to the host for successfully protecting the buyer and maintaining the reputation of the auction. You will receive 100000 times the auction interest.

[congratulations to the host for obtaining a Dao law of the elemental origin.]

After sending the young man off, the system’s voice sounded in Lin Mo’s mind.

The return on interest from the auction was 100000 times, and he would obtain the elemental origin Dao law.

lin mo was unfamiliar with this and checked it through the system space.

elemental origin Dao law: after refining it, it will allow one to master the cultivation of one’s own elements to the peak. One will understand the origin of the elements and be able to control their own elemental power more perfectly.

this was a powerful treasure. even if it was placed in other continents, its value would probably be even greater.

However, this thing was not of much use to Lin Mo. He had already reached the peak of his control over the lightning and fire elements. Some of the techniques that he could not use were just because he was not strong enough.

The so-called Dao law of the elemental origin would only be an additional flower on top of a brocade.

After reading it, Lin Mo left the Great Yan Dynasty and hurried back to the Ziyue Palace in a day.

in a secret chamber, he woke xu fei up. after taking a look at the ziyue palace's array techniques, this fellow had gained a lot of insight and was close to breaking through.

The cultivation of array Dao was very wondrous. A breakthrough in realm depended on the comprehension of array Dao, and there was no need to pay too much attention to the foundation.

However, this path was also destined to have no shortcuts. Every step had to be comprehended and thought about by himself.

“what? an ancient formation and a heaven grade divine tree?” Xu Fei was awoken. However, he quickly pouted and said, ” “What does that have to do with me? you can't possibly give me half of the divine Tree.”

Upon hearing this, Lin Mo immediately took out the Daluo divine sword and placed it in front of the fellow.

“Aiyo, don't use force. I'm an honored guest of the purple Moon Palace ...”

“Alright, I'll help you break the formation, but I'm not that proficient in ancient formations, so I can't say for sure if I can break it.”

Compared to Xu Fei, the two of them had returned to the Great Yan Dynasty. However, at this time, earth-shaking changes had taken place here.

The entire Palace was shrouded in the purest spiritual Qi of heaven and earth, and a dense fog spread. This was the purest spiritual Qi.

Many cultivators were cultivating in the Imperial City, and even the ordinary people were cheering.

Because they were in such an environment, their physical bodies were improving, and their lifespans were extended by at least twenty years.

Gu Luo and Chen Wu came to welcome him, looking a little anxious.

The tree of God was quite intelligent. It might have known that Lin Mo was looking for someone to break the formation, so it released a large amount of spiritual energy in the forbidden land.

In an instant, the entire Imperial City had become a heaven for cultivators.

And the matter of the forbidden area could no longer be concealed. They did not dare to anger the public and made the entrance public, regardless of whether they lived or died.

even so, there were still many people who went in these two days. most of them were young geniuses who had recently risen.

They thought highly of themselves and felt that the general trend had made them, so they should have a share of this kind of opportunity.

Lin Mo's heart skipped a beat. With so many people entering, would there be any changes? if the formation was broken and the tree of God escaped, he would suffer a huge loss.

don't worry. This kind of formation is very strange. It needs a large amount of blood essence to open.

Xu Fei observed carefully and soon discovered some clues.

Gu Luo and Chen Wei were stunned. Wasn't this the person who auctioned the immortal Sutra? why was he with Lin Mo?

After some preparation, they entered the forbidden area.

Xu Fei was filled with confidence. After he entered, he resolved many of the incomplete killing formations and helped them find many spiritual herbs.

"Hehe, this young master contributed the most, shouldn't I get more?"

As he spoke, he reached out and put the earth rank spirit herb he had just discovered into his pouch.

It was the same after that. He had gained many benefits, more than Lin Mo and the other two combined.

"The two of you can split these."

Lin Mo felt bad and gave his share to Gu Luo and Chen Wu.

He only had one purpose for this trip, and that was the divine Tree. Even if he didn't get the divine Tree, he wanted the fruit.

However, as soon as they arrived at the core area, a strong smell of blood came over. The place had long been covered in blood.

Some people tried to break the formation again, but they triggered a killing tribulation and were swept away by the killing formation. More than a dozen people died instantly, not even their corpses were left.

Fresh blood flowed on the ground and finally flowed into the killing formation, causing the red light to shine even brighter and become even more demonic.

“Hmph, he’s truly courting death. Does he really think that a killing formation capable of killing immortal-foundation experts is so easy to break?”

Xu Fei was filled with disdain. In terms of formations, he was the expert here.

535

Maintaining the order of the auction

“I need to do some research.”

However, even though he was confident, he did not dare to be careless. After informing Lin Mo, he took out the formation flags and began to fiddle with them.

He didn’t dare to break the formation directly, so he deduced it first.

hurry up. Get the divine Tree and divine fruit. I still have to auction them.

Lin Mo did not care so much. After obtaining it, he started to auction it off, regardless of the effects of the divine fruit.

“Okay. After it’s done, you have to ask the purple Moon Palace to help me collect all kinds of formations in the world.” Xu Fei said. *innread.com*

“No problem. I’ll go out and help you collect them.”

When he found out that Xu Fei needed a few days to deduce the items, Lin Mo did not stay idle. He left the forbidden area and personally started the auction.

let's go. Lin Mo is holding an auction. He must have obtained some precious treasure.

that's right. There are countless treasures in the eastern continent now. Lin Mo must have a Supreme treasure ...

these people came one after another, bringing along many treasures to participate in the auction in exchange for spirit stones.

"I welcome everyone to the auction. I didn't expect you to come as well ..."

In the auction hall of the Imperial City, Abbot Lin Mo was in charge of the auction when he suddenly cast his gaze to a corner.

There, a young man was sitting quietly. His eyes were filled with curiosity as he sized up Lin Mo.

some people who passed by him would unconsciously disperse and not pay much attention to him.

however, lin mo would never forget this person. this was the person who had caused the catastrophe and the golden age of the eastern peninsula to arrive early.

"Hidden ghost sect's sect master, Your Excellency ghost king, why have you come here?"

lin mo laughed, but his voice was cold. this guy was a heretic practitioner, so he was not a good person.

If it weren't for the fear of the divine Secrets Holy Land and the purple Moon Palace, he and Xia you would have been dead.

"What are you talking about, fellow Daoist? I'm no longer an evil cultivator. After the baptism of the heavenly Tribulation, I've shed all my evil energy. We're both cultivators."

The ghost king laughed lightly, holding a folding fan in his hand, looking somewhat free and easy.

“I don’t have any treasures that you’re interested in in this time’s auction,” Lin Mo said.

His finale item this time around was the elemental origin Dao law that he had obtained previously. It was of no use to an expert like the ghost king.

“It’s fine, I’m just taking a look. It’s fine as long as fellow Daoist doesn’t chase me away.” The ghost king chuckled and sat in the corner of the hall.

However, there was no one else around him. Ordinary cultivators all knew how terrifying the hidden ghost sect was and naturally did not dare to sit beside this sect master.

“The auction continues.”

Lin Mo glanced at the ghost king and did not pay much attention to him. He allowed the auction to continue.

“The first item is a rank 1 Earth realm spirit herb, sand Datura.”

“This thing contains an extremely strong amount of spiritual energy. It is also a great supplement for snake-type demonic beasts.”

The sand Devil’s Snare contained a yin energy. Most snakes were Yin, so devouring the sand Devil’s Snare was much better than ordinary people.

by the way, I’m sure you all know that a large number of high-grade spirit stones have appeared in the eastern continent recently. High-grade spirit stones will be used as the currency for this auction.

“The starting price of the sand Datura is 800 upper spiritual stones.”

a high-grade spirit stone could be exchanged for 10000 medium-grade spirit stones. in the past, there were very few people who could offer such a price.

However, it was different now. The golden age had arrived, and a large number of upper spiritual stones had appeared in the mines of the mountain range.

the financial resources of cultivators had also become robust, so they naturally would not be stingy.

The bidding continued for five minutes, and finally, the sand Datura was bought by a middle-aged cultivator for three thousand upper-grade spirit stones.

fellow Daoist, I only have 1300 upper-grade spirit stones. The rest will be given to you as mid-grade spirit stones.

The middle-aged cultivator smiled apologetically. Everyone present was in the same situation, so they would not have many upper spiritual stones.

“It’s fine, just use top grade spirit stones as the bidding method,” Lin Mo did not mind.

The first auction was successful, and the ghost king had no intention of causing trouble, which made Lin Mo feel uneasy.

congratulations to the host for successfully auctioning the level 1 Earth realm spirit herb, sand Devil’s Snare.

[successfully triggered 2000-fold auction interest return]

[congratulations to the host for obtaining the rank 2 Earth Class spiritual medicine, Manjusaka]

the red spider lily was a spiritual herb that grew in the desert, and the desert was created by it.

It devoured the spiritual Qi in all directions and turned an area into a desert.

Its effect was similar to that of the sand devil’s thorn, but its medicinal effect was stronger and had more effects.

congratulations, the next auction item is Manjusaka. It is the same as the sand Datura, but it is more effective. It is Rank 2 Earth Class.

“The starting price is 15 million.”

Lin Mo’s gavel landed on the ground, and many people’s gazes were immediately attracted. The red spider lily was useful to many cultivators.

“Hehe, you sure are blessed with good fortune, junior. I’m very envious of you.”

The ghost king, who had been quietly watching from the side, chuckled.

the moment he opened his mouth, the heated atmosphere instantly cooled down. some people who wanted to bid also shut up.

Seeing this, Lin Mo's face turned cold. Did this fellow really think that he could not do anything to him?

don't be so excited. I also want to participate in the bidding. I've long heard that owner Lin has a good reputation. Even if you're an enemy, as long as you don't cause trouble, you won't drive away your guests, right? "

The ghost king waved his hand, signaling for Lin Mo to calm down.

"what's your price?" Lin Mo said coldly.

"i don't think anyone needs red spiderlily. you might not be able to get it. i'll buy it for 1500 upper spiritual stones."

As he said this, he looked around, his cold eyes exuding a bone-piercing chill.

This scene made everyone panic. They were afraid that the ghost king would make a move here, revealing the nature of evil cultivators and slaughtering the common people.

"Announce the results, no one is willing to bid."

The ghost king chuckled. His intimidation was very effective. No one was willing to offend the ghost king.

1500 upper spiritual stones, deal!

Seeing this, Lin Mo's smile turned cold.

He had made a huge loss by auctioning off a stalk of spiritual medicine at the starting price. Furthermore, this Manjusaka was the system's interest-returning item.

He would not get any return if he sold it at a loss, so he had really made a loss this time ...

[it has been detected that someone has maliciously broken the rules of the auction house. Please maintain the order of the auction. If you succeed, you will have a chance to get a 10000-fold return.]

At this moment, the system's voice rang out, causing Lin Mo to be a little surprised.

He didn't expect that the system would assign him two tasks in a row in such a short time, asking him to maintain the auction.

However, this was also in line with his thoughts. Although he wouldn't suffer a loss if the ghost king continued, he would definitely be displeased.

"I'll have to trouble everyone to wait for a moment. Someone has broken the order of the auction house. I'll come back to host the auction after I've expelled the person ..."

Lin Mo bowed to the crowd to express his apology.

After doing this, he turned to the somewhat stunned ghost king and unsheathed the origin immortal sword.

The sound of the sword reverberated in the auction hall. Then, Lin Mo's figure suddenly disappeared. The ghost king disappeared along with him.

In the next moment, a violent collision sound came from outside the Imperial City of Great Yan Dynasty.

The mountains collapsed, the earth cracked, and the space became unstable. The two of them began an intense battle ...

A guest comes from afar

“Interesting. A Nirvana stage eighth Sky Warrior can actually exchange blows with me. The golden age is indeed coming.”

In the mountain range, the ghost king chuckled as he looked at Lin Mo.

he had dominated an era. although he was an evil cultivator, his talent was not to be underestimated. his combat strength was so strong that few people in the same realm could exchange blows with him.

furthermore, lin mo was still at the 8th sky of nirvana realm, which surprised him.

He had thought that he could quickly get rid of Lin Mo and then take over the Great Yan Dynasty, but he had miscalculated.

let's get serious. I haven't even settled the score with you for taking advantage of me the last time. Lin Mo laughed coldly as the zenith heaven sword glowed.

Hmph! the ghost king snorted coldly, and a terrifying aura burst out of his body. A layer of pitch-black armor appeared on his body.

This was the embodiment of one's extreme comprehension of the darkness-attribute Dao law. It formed an armor to protect one's body.

He stared at Lin Mo coldly and said, " God Devourer, submit to me, and I'll spare your life today.

“get lost,” he said.

kill! Lin Mo replied with a single word before raising his sword to kill.

“What?”

The ghost king was shocked and did not dare to be careless. He realized that Lin Mo's attributes seemed to be the perfect counter to him.

The Thunder and fire raged, and cracks appeared on his armor.

This result shocked him. He had been a little careless. Lin Mo's combat strength was too strong. He was indeed worthy of being a peerless heaven's favorite in the golden age.

at this realm, he was already not weaker than him. if he broke through, who could be his match?

Lin Mo did not use his God devouring body, nor did he use his full strength. He wanted to see how strong the ghost king was.

“BOOM!”

The entire place was in chaos as sword radiances filled the sky, flattening mountains one after another. The ghost king let out a long howl towards the sky and used all of his strength to fight Lin Mo, but he was unable to completely suppress him.

“Bang!”

The sword Qi and the black Qi were fighting against each other, and the symbols were eroding each other. The mountain range had long been in a state of chaos, and it had been destroyed beyond recognition.

The two exchanged dozens of moves in an instant, and each collision was extremely fierce. In the end, the ghost king had to stop the battle.

He had used up some of his spiritual energy, and a thin layer of sweat appeared on his forehead.

On the other hand, Lin Mo did not consume much spiritual energy, except for his lack of spiritual power cultivation and his slight injuries.

and because of the god devourer body, his injuries healed very quickly, returning to normal.

In the Imperial City, many young people were dumbfounded. The arrogance in their hearts disappeared, and they no longer dared to be arrogant.

At first, they had thought that their rise was inevitable, and Lin Mo, Xia you, and the others would become a thing of the past.

Now, it seemed that they were still at the forefront of the golden age, each leading the way ...

The ghost king was surprised and shocked. He had originally planned to suppress Lin Mo with his spirit Qi cultivation and take him down.

Now, it seemed that this method would not work. If he insisted on doing so, he would probably put himself in a dangerous situation.

Lin Mo looked at the ghost king with a deep gaze.

His evaluation of the ghost king rose to another level.

The other party had already comprehended the darkness-type Dao law to an extreme. If he didn't use his God devouring body, he wouldn't be able to gain any advantage.

the next moment, the ghost king moved. a bright silver dagger appeared in his right hand, and blood was still dripping from it.

The sparkling blood contained a terrifying killing intent.

"It's at least a rank 5 Earth Class magic tool." Lin Mo was shocked.

A magic tool of this level could only be found in a forbidden area, and it was the most dangerous forbidden area.

However, this was also normal. The ghost king was able to dominate the world in his era, so he naturally also had this kind of magic tool.

"chi!"

The ghost king's body spun in the air, leaving behind afterimages. Each of them looked like a real person as they charged at Lin Mo.

The blood-dripping dagger, filled with boundless killing intent, once again collided with the Daluo divine sword.

This time, he finally had the upper hand. Lin Mo's heaven-splitting sword Qi was cut in half by the dagger, and it was about to be pierced through between his eyebrows.

In the next moment, the kun Peng wings spread out on Lin Mo's back. With a gentle flap, it brought him to the side.

Lin Mo frowned. The ghost king's blood Dagger was very mysterious. It was a little special and could not be easily hit.

He could vaguely feel that if he was really stabbed in the middle of his brows, his soul would probably be scattered.

He opened up the God devouring body's domain and closed the gap between their spiritual energy cultivation.

The ghost king attacked Lin Mo over a hundred times, but not a single one of them hit Lin Mo. He dodged every single one of them.

"Hmph, junior." *innread.com*

All of a sudden, the ghost king's aura changed again. His dagger was as fast as lightning, and all the silver light turned black. It moved unpredictably as it stabbed towards Lin Mo.

Seeing this, Lin Mo did not dare to underestimate him. Flames appeared on the divine sword, and lightning was contained within.

An illusory Vermilion Bird revolved around the divine sword. Although it was small, it contained flames that could burn mountains and boil seas.

"Dang!"

this strike shook the earth and the mountains. the pitch-black dagger broke god devourer's domain and brushed past him.

The ghost king was slightly regretful. Even if his attack had only pierced a little skin, it would have poisoned Lin Mo and greatly reduced his combat power.

despite so many collisions, not a single one of them had managed to touch lin mo. the other party had blocked them all.

This time, it was even more thorough. The black light on the silver Dagger was completely burned away by the flames, and the poison was completely gone.

The battle did not continue, because two more people came from the distance, their auras powerful.

"Holy maiden Xia you, and Tian Sha."

The bystanders cried out in surprise, this Great Yan Dynasty had become completely lively.

the four people in the distance could be said to be the top combat forces in the eastern continent. it was difficult to find an existence in the world that could fight against these four people.

Some said that Jiang xiyue, the palace Master of the purple Moon Palace, was as talented as Lin Mo and the Holy maiden Xia you.

Furthermore, he seemed to have obtained the inheritance of a true dragon and had pure dragon blood in his body.

However, people were surprised that Jiang xiyue hadn't appeared after such a long time.

There was also the other genius from the purple Moon Palace, Bai Luo. What was his cultivation level?

“Hehe, it seems like we came at the wrong time.”

tian sha chuckled and looked at lin mo with surprise and a hint of helplessness in his eyes. he nodded in response.

The person in front of them had completely matured. He was no longer a junior, but a top expert who could fight with them.

“What business do the two of you have here?” Lin Mo asked.

In the forbidden area, Xu Fei and the rest were still trying to break the formation. In the end, these three people had appeared. If they wanted to barge in forcefully, he wouldn't be able to stop them.

“Don't be nervous, I'm just a guest.”

Saintess Xia you nodded at Lin Mo. She was only in a competitive relationship with Lin Mo. Strictly speaking, they were not enemies. At least, the two of them had not become mortal enemies yet.

“A guest?”

This time, it was Lin Mo's turn to be confused. There was nothing in Great Yan Dynasty that could attract these two people, except for that forbidden area.

"You should be looking for the resources to break through to the ninth sky of Nirvana stage, right? there should be some in the forbidden area."

Saint Xia you continued, " most of the spirit ore mines controlled by the divine Secrets sacred land have turned into upper-grade spirit stone mines.

as you said, the golden age is coming. I'm here to buy some resources. You're short of spirit stones, and I'm short of resources. Why don't we make a deal? "

537

An auction for three

At this point, Xia you laughed. On the other side, Tian Sha also expressed his intention.

However, most of the upper-grade spirit stone mines in her hands were robbed ...

And a large portion of them came from the great ancient divine dynasty ...

it just so happens that the auction is still in progress. Please come in. There might be some spirit herbs you need.

Lin Mo chuckled. In that case, these two were big customers, and he had to entertain them well.

"if you promise that you won't cause any trouble, you can continue to participate in the auction. i have quite a few treasures in my hands." Lin Mo said as he looked at the ghost king.

he would definitely kill this man if he had the chance. he just didn't know when he would have the chance ...

"I'm sorry to have kept you all waiting. The auction will continue."

[congratulations to the host for completing the mission. You have maintained the order of the auction and can choose a treasure to trigger a 10000-fold return interest.]

As soon as he returned, the system's voice rang out. A chance for a 10000-fold interest return.

Lin Mo had already thought of this opportunity. Even if the tree of God did not sell, he would sell its fruits.

"The next item, Earth Class rank 2, Silver Sky silkworm Chrysalis. This kind of insect is rare and can be used as medicine. It can help with spiritual Qi cultivation and calm one's mind."

Lin Mo was holding a silver plate in his hand. On top of the plate was a silver silkworm Chrysalis the size of a palm.

There were also some special patterns on it.

"Not bad, it's indeed a good item."

Saintess Xia you was the first to speak. She was very interested in the silver Sky silkworm Chrysalis.

the rest of the people had wanted to compete for it, but seeing that xia you was interested, they instantly lost their desire to compete.

"This item is quite precious. The starting price is 2000 upper spiritual stones."

Lin Mo knocked the auction hammer. This treasure was rare, and anyone who wanted to break through would need it.

this was especially true for breaking through to the immortal foundation that no one had been able to set foot on since the ancient times.

"2100 upper spiritual stones."

Saintess Xia you was the first to bid, and the rest of the people also gave up bidding. There was no other way. In terms of wealth, who could compare to the divine Secrets Holy Land?

“2300 upper spiritual stones.”

on the other side, tian sha spoke up, not willing to miss the silver sky silkworm chrysalis.

“Two thousand five hundred.”

At the same time, the ghost king also made a bid, which surprised everyone.

The crowd only felt that it was a little funny. Just a moment ago, they were still fighting to the death, but the next moment, they were sitting together to auction.

In response, Lin Mo did not say anything. He slammed the gavel down and called out a bid, allowing the three of them to continue.

In the end, the silver Sky silkworm Chrysalis was bought by saintess Xia you for 3500 upper spiritual stones.

congratulations, saintess Xia you, for winning the silver Sky silkworm Chrysalis at the price of 3500 upper spiritual stones.

Lin Mo put down his hammer and announced the result of the auction. At the same time, he completed the transaction with Xia you.

” congratulations to the host for successfully auctioning the earth grade rank 2 silver sky silkworm chrysalis. ”

[successfully triggered 5000-fold auction interest return]

congratulations to the host for obtaining a rank 4 Earth Class silver-winged butterfly chrysalis.

It was still a similar treasure that could be used for medicine, but the silver-winged butterfly chrysalis ‘effect was even stronger. It could make people turn into cocoons, and the day they broke out of the cocoon was the day they would break through.

it's not of much help to me. However, I've just auctioned off the silver Sky silkworm Chrysalis. It's not good to bid on this now.

Lin Mo muttered to himself. If the ghost king had been the one to bid for this treasure, he would have sold the silver-winged Chrysalis without hesitation.

However, things didn't go his way, so he could only proceed to the next auction.

the next item is a spiritual pill, Rank 2 Earth Class, Sky Soul dark Pill. It can stabilize the dantian and shape the soul.

this is a spiritual pill that has been passed down from ancient times. Its medicinal effects have been preserved perfectly. If you take it when you're in seclusion, it will speed up your cultivation without any side effects.

Lin Mo was still talking non-stop, but the ghost king had already lost his patience.

tell us the price, " he said as he stood up. we know the effects of this spirit pill.

Seeing this, Lin Mo chuckled and said, " "The starting price is 3000 upper spiritual stones."

this price shocked everyone present. they looked at the spirit stones they had and shut their mouths.

They knew that the following auction had nothing to do with them.

This was a competition between saintess Xia you, Tian Sha, and the ghost king. The treasures that Lin Mo had taken out were suitable for the three of them.

"Ah, the golden age has arrived, but it has nothing to do with us ..."

Some of the young people were bitter. Some of them were born in the same generation as Xia you and Lin Mo and had once competed with each other.

Because of the heavenly Tribulation, a part of his cultivation had been recovered. Later on, through hard work, he had achieved extraordinary things.

However, reality had slapped them in the face.

They had thought that after the tempering of the heavenly Tribulation, their foundations would be even stronger, and they would be the strongest geniuses.

However, who would have thought that Lin Mo and Xia you would be completely unaffected by the heavenly Tribulation? their foundations were solid, and their cultivation had never been recovered.

” this must be the difference. we can only serve as a foil in the end ... ”

Some people sighed. The gap was too great. They had just started, but Lin Mo and the others were already pursuing an unprecedented realm ...

“3800 upper spiritual stones.”

“4000 upper spiritual stones.”

“4500 upper spiritual stones.”

Xia you and the other two were still competing, and the bids were getting higher and higher, making people speechless.

“5000 upper spiritual stones.”

In the end, the ghost king offered 5000 upper spiritual stones, suppressing Xia you and Tian Sha. The two of them gave up on the competition.

Lin Mo successfully auctioned off the spirit pill and earned 5000 upper spiritual stones.

“Mm ... I don't have enough stock ...”

After the transaction, Lin Mo frowned and sighed.

There were still many treasures in the purple Moon Palace's treasure vault. It was a pity that he didn't bring any with him when he went back.

The heavenly soul dark elixir had been given to him by the system.

Right now, the only things he could take out were the elemental origin Dao law and the two spiritual herbs.

“The next item is a rank 3 Earth Class soul returning spirit flower.”

this thing contains extremely dense soul power. It's very pure and can be absorbed by people.

"If I break through to the next realm, I can take this flower. It might have a miraculous effect,"

Lin Mo gave a simple introduction and then lowered the auction hammer. "the starting price is 3000 upper spiritual stones."

As soon as he finished speaking, Tian Sha had already made a bid.

"3500 upper spiritual stones."

hehe, this flower is not bad. Three thousand five hundred upper spiritual stones.

The ghost king laughed coldly and joined the bidding. This time, Holy maiden Xia you did not join in, but chose to watch from the side.

She felt that her soul was the best in the world and would not be weaker than anyone. Naturally, she did not need any spirit medicine to improve her soul.

"3800 upper spiritual stones."

"4000 upper spiritual stones."

"5000 upper spiritual stones."

The price continued to rise. Even though there were only the two of them, it was still very intense.

In the end, it was still Tian Sha who made a higher bid. With a price of 6100 upper spiritual stones, he won the soul returning spiritual flower. *innread.com*

"Congratulations, tiansha, for successfully winning the bid for the soul returning spiritual flower."

As the treasures were all given by the system, Lin Mo did not get any more.

However, it was also good to be able to obtain a considerable amount of spirit stones.

After completing the deal with Tian Sha, Lin Mo took out another spiritual herb and smiled. "Rank 4 Earth Class, dark fruit of blended Qi. It contains a huge amount of spiritual Qi. I was planning to keep it for my own cultivation."

Chapter 538 - 538 The Finale

538 The Finale

"However, since a friend has come from afar, I will naturally treat you well. The starting price of the dark fruit of blended Qi is ten thousand upper spiritual stones."

It was much higher than the starting price of the previous treasures, and people even thought that this was the final treasure.

It's actually a harmonious Qi serene fruit. It contains pure spiritual Qi and is a great tonic for the God Devourer body ...

Xia you's interest was piqued. She didn't expect that Lin Mo would take out such a good treasure when it was about to end.

"10500 upper spiritual stones."

The ghost king was the first to call out a bid, increasing the price by 500 upper spiritual stones. However, Tian Sha also called out a bid, increasing the price by another 500.

"Two seniors, this item is very useful to me. I still need to break through to the 9th sky of the Nirvana stage, so please let me have it."

"I bid 12000 upper spiritual stones," said saintess Xia you as she stood up.

how can such a treasure be given away so easily? 13000 upper spiritual stones. The ghost king didn't show any weakness and immediately increased the price.

"Fifteen thousand." Holy maiden Xia you frowned. The blended Qi serene fruit didn't have any special effects. It only contained extremely pure spiritual energy.

there was an effect. when refining, it would not cause any backlash and could be absorbed naturally.

It didn't waste any energy, and the absorption rate was the same as spirit stones.

The spiritual energy contained in the spirit fruit on the stage was equivalent to 15000 upper spiritual stones.

however, they didn't have the god devourer body, so even if the price was slightly higher, it was still acceptable.

Thinking of this, Xia you immediately said, "15000 upper spiritual stones."

Such a price made Tian Sha, who was about to speak up, sit down. She was about to break through and she would not give up any resources.

"Hehe ..."

The ghost king was silent for a moment. In the end, he chuckled and also gave up the competition.

In the end, the blended Qi nether fruit was bought by Xia you. The price was nothing to Lin Mo.

"Next up is the finale of this auction. Everyone has been quiet for a long time, it's time to bid."

Lin Mo looked at the crowd below the stage. These people had not had the chance to bid ever since Xia you and the other two had arrived.

Now that the finale had appeared, it was time for them to make a sound.

"Tree branch Master's words are too serious. With the three lords here, what qualifications do we have to bid?"

The people in the hall sighed. Even if they wanted to bid, they didn't dare to.

Although he might be fine now and Lin Mo would take care of him, he would have to bear the consequences once he left the auction house ...

" don't worry. this item was prepared for you. it's useless to us. "

Lin Mo chuckled, and a ball of milky white light flickered in his palm.

A sealed Dao law slowly appeared, causing many people's breathing to become heavy.

What's this? what a dense Dao law. It's even denser than the ones that were auctioned earlier.

did owner Lin capture this? it's incredible.

why do I feel like I'm about to comprehend Dao just by looking at him? he's too strong.

Everyone in the hall was shocked and stood up one by one, wishing they could rush up to the artifact and carefully comprehend what it was.

this is the Dao law of the elemental origin. The person who absorbs it will be able to understand the Dao law that they have comprehended. If they are proficient in this element, they will be able to control this power more perfectly.

Lin Mo introduced. This item was not of much use to him. Anyone who could be called a heaven's pride expert was an existence that had a deep understanding of the Dao laws.

how could such a person be interested in such a treasure?

therefore, this item is useless to us. What are you all waiting for? the starting price of the Dao law of the elemental origin is 15000 superior-grade spirit stones, and each increment must not be less than 500 superior-grade spirit stones.

As soon as he said that, the noisy Hall instantly quieted down.

some people who were still eager to try just now sat down directly.

15,000 upper spiritual stones? this price was way too high. Who could afford it?

The scene fell silent for a moment. No one made a bid because it was too high.

This was not a price they could afford, even though this treasure was worth it ...

“No one is bidding?”

Seeing that the atmosphere was a little cold, Lin Mo was helpless. This thing was indeed a little useless.

Those who could use it could not afford it, and those who could afford it could not use it ...

the final treasure has been auctioned off. Hehe, this is really interesting ...

The ghost king sneered. Now that the auction was over, he had no intention of staying any longer. His figure turned into a black shadow and disappeared.

“Al ...”

sighing, lin mo waited for a few more minutes while explaining the various benefits of the treasure.

However, the result disappointed him. It was still unsold.

It couldn't be helped, the price was too high. Just the base price was already far beyond their reach.

“since no one is bidding, this item will be auctioned off. the auction will end today. everyone, please go back. the next auction will be held in a few days.”

Lin Mo smiled helplessly and kept the Dao law of the elemental origin.

after the hammer fell, the people in the hall began to leave, even though they did not get any treasures.

However, they had watched a battle between top powerhouses, so this trip was not in vain.

moreover, there would be an auction in a few days 'time. they would probably take care of them and get more low-grade treasures for the auction ...

“Brother Lin, please wait.”

After counting the spirit stones he had won, Lin Mo was about to head into the forbidden area to check it out when he was blocked by a woman in a white dress.

“Holy maiden, what’s the matter?”

the person who had just arrived was saintess xia you, the saintess of the divine secrets holy land.

When she appeared, Lin Mo could feel two powerful spiritual powers locking onto them.

It was tiansha and the ghost king. The meaning was clear.

Including saintess Xia you, the three of them had probably come here for the forbidden land of Great Yan Dynasty.

I’ve observed brother Lin’s face. There might be an auspicious event in the near future. I believe that brother Lin must have gained a lot in the forbidden area? ”

Saintess Xia you went straight to the point, expressing that she wanted to cooperate with Lin Mo and explore the forbidden area together.

As for the treasures inside, they could be divided equally.

“If it’s a single treasure, I can pay you a sum of spirit stones. I guarantee that you won’t suffer a loss.”

Saintess Xia you chuckled. She was very interested in the treasures in the forbidden area.

“I’m sorry, I’ve found someone to cooperate with.” Lin Mo shook his head and walked past Xia you, planning to leave.

“Brother Lin, you and I aren’t considered enemies, right? what’s wrong with forming an alliance?” Holy maiden Xia you said helplessly.

“I have an ally. I’m afraid that person’s hostility towards you is a little too strong.”

Lin Mo laughed. Back then, Xu Fei had almost been forced to his death by Holy maiden Xia you. If Lin Mo had not intervened, he would have been captured.

This grudge could be big or small, but Xu Fei was clearly not the kind of person who would allow himself to be wronged.

“That’s a little regretful ...”

Seeing Lin Mo’s insistence, Xia you didn’t say anything more. She sighed and disappeared.

Lin Mo could also sense that Xia you had not left. Instead, she was hiding in the dark, waiting for an opportunity.

Once the treasure in the forbidden land was revealed, perhaps another great War would break out. The only thing he did not know was whether Great Yan Dynasty could withstand it ...

He quickly moved to the forbidden area to see how things were going.

Everything was the same as before. In fact, Xu Fei hadn’t even started to study it. He was refining the formation. He said that this formation was very profound, and he couldn’t see through it. It would take him a very long time to break it.

Five-element Dao fruit tree

Lin Mo did not rush him. He turned around and left. He asked the purple Moon Palace to send people out of the mountain to spread the news and collect treasures and formation maps from various places.

Damask and Luo Haoyu had originally planned to leave the mountain as well. They carried the token of the formation with them in an attempt to deceive heaven.

However, they weren't spared. They had just appeared when they were cut down to the first heaven.

Seeing this situation, the two of them had no choice but to continue their closed-door cultivation to consolidate their foundations and use the Nirvana of real phoenixes to re-cultivate.

The higher one's cultivation level, the more ruthless one's cultivation level would be. Although the two of them had escaped, they couldn't go out.

as for the others in the purple moon palace, they could already go out after some time of accumulation.

Some of the Nirvana stage Warriors in the Army could go out to gather resources after they had re-cultivated.

A Golden Age was born, and news from all sides emerged endlessly.

The most exciting thing was that Tang Ling, the number one genius of the Saint burning valley, had reached the eighth sky of the Nirvana realm.

she searched for opportunities in the boundless mountains and fought for elixirs from the mouths of many wild beasts in order to break through to the ninth heaven of the nirvana realm.

Some people had seen the shockwaves of their battle in the mountains, which shocked the heavens and the earth.

Very quickly, half a year had passed. All kinds of new talents kept appearing, and some of the newly rising young cultivators had made rapid progress.

They were geniuses created by the heavenly Tribulation, and they kept popping up like bamboo shoots after the rain.

A few of them were extraordinarily talented, and they were already at the 7th Sky of Nirvana realm.

They had come to the great Yan divine dynasty to challenge Lin Mo and Xia you, as they thought they were extraordinary.

Many people were watching, wanting to know the result of the challenge.

Lin Mo and Xia you accepted the challenge one after another, ending the battle within ten moves and dispersing the arrogance of these people.

it's a Golden Age. Since the ancient times, there have not been so many geniuses in the eastern continent ...

In a restaurant, a few young men and women sat across from each other and drank together.

Gu Luo and Chen Wu had left the forbidden area a long time ago. Xu Fei was the only one who had been working on the formation for the past six months.

As the host, Zhen Gu set up a banquet for saintess Xia you, and several people sat down and discussed Dao.

“Brother Lin, can't you break that formation?”

As they chatted, Xia you asked Lin Mo about the treasures in the forbidden land.

Xu Fei is still studying it. If even he can't break it, then no one in the eastern continent will be able to break it either.

Lin Mo said with a smile. It had already been half a year, and there was still no progress with the formation. Even he was a little anxious.

This was because Xia you's aura had already touched the 9th sky of the Nirvana realm.

Even Tang Ling, who appeared after him, was faster and surpassed him in realm.

He was the only one who was still bitterly waiting to obtain the divine fruit. After the auction, he could use those resources to break through in one go.

The few of them were helpless. They raised their cups and drank together, starting to chat.

However, before they could finish their conversation, the ground started to shake. A violent earthquake occurred in the Imperial City of the Great Yan Dynasty.

With a flash of golden light, the resplendent Imperial Palace was blown apart ...

“What happened?”

The people in the Imperial City were shocked. Why would there be an earthquake in the Imperial Palace for no reason?

Moreover, the Imperial Palace was protected by an earth-grade formation. Although it was slightly damaged, it was not enough to cause an ordinary earthquake to collapse.

Lin Mo was shocked and knew that things were not good.

There was a spatial fluctuation, and a few figures appeared. It was Lin Mo and the others.

Although they were drinking wine, they were also paying attention to the forbidden area. Now that the forbidden area had exploded and even the Imperial Palace was destroyed, they naturally came to check it out at the first moment.

“what a strong fragrance.”

there were still quite a few people who had come and were attracted by the commotion.

lin mo was deeply shocked when he looked into the crack.

It was a huge spatial crack. The entire forbidden area was destroyed, and all the spiritual herbs growing in it were destroyed.

However, there was a small world in the depths of the crack.

There were all kinds of Sacred Spirit herbs inside, and the fragrance assailed the nostrils. The entire world was filled with spirit herbs.

At the same time, in the center of the small world, there was a silver Divine Tree with two fruits on it.

One was silver in color, and the fruit was full and ripe.

The other one was slightly green and had a shallow silver pattern. It had grown in the past six months and had not matured yet.

“That’s a Divine Tree. What grade is it?”

Someone shouted as he stared at the divine Tree. The silver patterns on the tree had traces of the great Dao.

it’s a heaven-grade divine medicine. We can only see its exact grade when we get close.

this should be the five elements Dao fruit tree, a Supreme Divine Tree. This is only an infant. I didn’t expect that this Divine Tree could be passed down ...

others might not know, but she definitely did. the divine secrets holy land had a long history, originating from the ancient era.

There must be similar records in some ancient books.

“What are the effects of the five elements Dao fruit tree?”

Lin Mo asked. It sounded pretty strong from the name, but he did not know the specific effects.

“Fuse the Dao fruits of the five elements and forge the foundation of the immortal Dao.”

Xia you said indifferently. The value of this fruit was hard to imagine.

As long as he consumed the five elements Dao fruit, he would be able to ascend. As long as he had enough resources, he wouldn’t need to worry about his Foundation and could directly step into immortal-Foundation.

This was the power of the fruit.

“Swish!”

The ghost king’s body turned into black mist and disappeared. He was about to enter that small world.

Tiansha could no longer remain calm. She knew what a heaven-grade godly medicine represented. It was the key to stepping into immortal-Foundation.

naturally, lin mo and the rest would not just sit there and do nothing. one by one, they charged forward and entered the small world.

“Hey, don’t randomly barge in. At the very least, wait for this young master to come out ...”

a furious roar attracted lin mo’s attention.

he turned his head and saw that there were many formations in the void. there were dense formation patterns and many broken formation flags.

Xu Fei was protected by a protective formation. However, that formation could not last for much longer. Very soon, it was struck by the spatial tear and was torn apart.

Lin Mo spread the kun Peng wings and pulled Xu Fei out of the crack, allowing him to escape.

phew, that was close. That tree really deserved to die. It actually self-destructed its killing formation and almost blew me up ...

Xu Fei cursed and wished he could rush in to fight the five elements Dao fruit tree.

“Aiya ... It hurts so much ...”

As he cursed, he pulled on his wound and grimaced in pain, his complaints becoming softer.

“come back first, don’t rush in.”

Lin Mo! Xu Fei cried out in a hurry when he saw Lin Mo about to enter the pocket World after saving him.

“What’s wrong?” Lin Mo turned around, feeling a little confused.

The five-element Dao fruit tree could not be taken away. He had to hurry.

“There’s still a protective spell formation in this small world. We won’t be able to catch that dead tree if it doesn’t come out.”

xu fei cursed and swore, saying that he had worked hard for half a year for nothing. in the end, it was all for nothing.

“You can’t catch him?”

Lin Mo frowned. He had waited for half a year and this was the result?

What about the resources he needed to break through to the ninth heaven?

that’s right. We can’t catch it unless it comes out on its own. We can’t pick the spirit herbs inside either. They’re all guarded.

Xu Fei wanted to retreat and return to the purple Moon Palace. Although it was a Golden Age, it was not safe. He wanted to go back ...

Heaven’s will physique

“ah ...”

As expected, they had not even entered the small world when they heard a miserable cry from inside.

Someone wanted to pluck the spirit herbs, but in the end, he was injured by the formation.

“no matter what, i have to go in and take. look ...”

Lin Mo sighed. Chen Wu and Gu Luo also wanted to follow him. It was not easy to find a sky-level tree of God, and they would not give up until they saw it.

the spiritual Qi here is so dense. I can cultivate much faster here. Lin Mo was shocked the moment he entered.

With so many spiritual herbs growing, this place was naturally filled with spiritual energy. Some of the rivers and streams were flowing with spiritual liquid.

Rather than a small world, it was more like a small island floating in the void.

There were many paths that could be taken, but the spiritual herbs in the herb fields could not be picked.

many people were furious, but there was nothing they could do. this formation was too strong, and they couldn't destroy it.

brother Lin, where's Xu Fei? let him continue breaking the formation.

Lin Mo came to the deepest part of the forest and stood in front of the herb field where the tree of God was.

Holy maiden Xia you was the first to speak, asking about Xu Fei's whereabouts.

Earlier, she had seen Xu Fei. The latter was in danger and was about to be devoured by the spatial Rift.

After Lin Mo had made his move, she had not bothered.

"He's back at the purple Moon Palace. He said that we can't break the formation here and we can only watch."

lin mo spread out his hands with a helpless look on his face. he really wanted this thing, but there was nothing he could do about it.

"Don't tell me you're saying this because you want to secretly break the formation?" The ghost king sneered, doubting Lin Mo's words.

"Whether you can break the formation or not, you should know it yourself."

Lin Mo sneered and was too lazy to explain. If this fellow insisted on saying so, there was nothing he could do to refute him.

Among the people present, there were only a few of them who could see the clues of this formation.

the God devouring physique and the Heaven's Will physique are actually living in the same world. As expected of the golden age. It's been a long time since I've seen them ...

A voice filled with the vicissitudes of life was heard. It seemed to be reminiscing, but it also seemed to be sighing ...

"who is it?"

Everyone present was shocked. Could it be that there were experts hiding in the dark?

"You ... it can talk?"

Lin Mo was shocked as he looked at the five elements Dao fruit tree in the herb field.

Then, he came back to his senses and looked at Xia you. Destiny body? what was that?

the Heaven's Will physique is born in response to the heavens and earth. It is in harmony with the Dao and is blessed with great opportunities and luck.

to a certain extent, he can even predict the future and calculate all the secrets of the world.

The old voice sounded again, as if to clear Lin Mo's doubts.

a heaven-grade Divine Tree that can actually speak human language. Its intelligence is not inferior to humans. It truly lives up to its reputation.

The ghost king looked at the divine Tree in the medicinal field, the greed in his eyes never hidden.

Earlier on, he had doubted if the treasures here could help him break through to immortal-Foundation, but now it seemed that they definitely could.

However, it seemed impossible to obtain the tree of God.

This defensive formation was extremely perfect. Even after countless years, it was still undamaged.

"Do you guys want the five elements Dao fruit?"

Before everyone had time to think, the five elements Dao fruit tree opened its mouth. With one sentence, it incited everyone's greed.

"Lord Divine Tree, please bestow me with the fruit."

Some people knelt down immediately, claiming that they were the people who rose up in the golden age and that it was the general trend.

"The general trend?"

However, the five elements fruit tree sneered and shook its body, its leaves rustling.

"You don't even see the general trend, and you dare to say that your growth is the general trend?"

"Heaven's will physique and god devourer physique, come in. You two are qualified to get the fruit."

As soon as he finished speaking, Lin Mo felt a jade talisman appear in his hand. There were ancient runes on it.

"It's a teleportation rune. How mysterious ..."

After carefully comprehending it, Lin Mo was shocked. He had originally planned to find an opportunity to break the formation and take the divine fruit, but it seemed that he could not do that now.

Even if this Divine Tree did not have any combat power, it could still control the array here and could not attack at will.

"On what basis?"

The ghost king was the first to be unconvinced. He stared at Lin Mo and Xia you, and Tian Sha was the same, unwilling to give up.

Why did Lin Mo and Holy maiden Xia you have the chance to obtain the divine fruit, while they couldn't?

"Let's go. I have a premonition that a great battle is about to break out here ..."
Some people wanted to leave, not daring to stay.
