## **Chapter 633 - 633 The Kun Peng Appears**

Even the elder was occasionally being watched by Lin Mo.

Lin Mo took the time to use the Mismatched Yin Yang and attacked with extreme power, causing some injuries to the elder.

At this moment, the elder's hair was disheveled. He had been hit by Qilin's small white jade cauldron, and his defense had been broken.

The next moment, the flames in the surroundings spread and attached themselves to his body.

The two forces of extreme Yin and Yang intertwined, leaving indelible scars on his body.

“B\*stard!”

The other party roared in anger and glared at Lin Mo, wishing he could turn him into ashes.

“You're not convinced? I've said it before. If you attack me, you have to pay the corresponding price.”

Lin Mo sneered and sighed at the same time.

“What a pity. If we were to break through the Almighty realm, this old man would definitely be dead.”

Qilin returned to Lin Mo's side, and the huge Ancient Qilin Tree was kept.

Although this was her magic tool, if she activated it for a long time, even she would not be able to take it.

“The Dragon Blood Divine Tree has been taken away.”

At this moment, someone shouted.

The people exclaimed and turned their heads to look. They could not help but be shocked.

They saw Mu Yuzhu and Teng Feng exchanging blows. The two of them were fighting in full swing, and at this critical moment...

Bai Shan took the opportunity to get close to the Dragon Blood Divine Tree and put it into his bag.

Although he was attacked by several people and was severely injured, he still managed to obtain the Dragon Blood Divine Tree and returned to Teng Feng.

“He managed to obtain it...”

Lin Mo’s eyes flickered, and he sighed. He had been disturbed by Gongsun Wenhao and the others and was unable to participate...

“Find a chance to snatch it.”

Qilin transmitted her voice. If it was anyone else who had obtained the Dragon Blood Divine Tree, she would only be envious of that person’s luck.

However, if it was Teng Feng, it would be different. She hated him and wanted to snatch his fortune.

“We’ll see.”

Lin Mo nodded. He had the same thought.

At this moment, the various balls of light in the formation were all caught by people, and all kinds of divine medicines appeared.

There was even one that had reached heaven-grade tier 6. Its divine light filled the sky.

Almost half of the people had gone to fight for it. At this time, a few Rulers had fallen, and blood stained the sky.

Battles also broke out in other places. People were snatching the divine medicines, and the battles were extremely brutal.

“Boom!”

At this moment, a crack appeared in the sky above the formation. The space gradually collapsed, and a series of terrifying fluctuations spread out.

The formation that enveloped this place began to collapse as if the heavens and earth were being split apart. Countless streams of chaotic energy fell from the cracks in the sky.

Lin Mo turned pale with fright and hurriedly flew out of the formation with Qilin, not daring to stay for long.

The formation gradually collapsed, and the fighting was forced to stop. People flew out with grave expressions.

Above the stone chamber, an incomparably magnificent hall appeared. The thousand-meter-tall bronze door opened, and a Kun Peng flew out, looking down on the world.

The Kun Peng's body emitted divine light and was shrouded in chaotic light.

Its terrifying aura spread, and many people could not bear it and were forced to kneel.

"That's... The Kun Peng. It didn't die?"

Someone murmured. This was simply unimaginable. The ancient divine beast Kun Peng had manifested in the present world.

"No, this isn't its real body. It's formed from runes..."

Qilin said. She did not sense any similar fluctuations from the Kun Peng.

Although the Qilin and the Kun Peng had no relationship, they were both divine beasts that were born and raised in the land. They could always sense each other's aura.

Even though Qilin's realm was extremely different from the Kun Peng's, her perception could not be wrong.

The Kun Peng circled in the sky and then flew back into the bronze gate.

An ancient and simple aura came from behind the door. It was like a small world inside, extremely grand.

Inside, the Kun Peng flapped its wings and flew high. Its body was golden like a giant roc, and it looked down on the world with its golden eyes.

The Kun Peng flew into the clouds, which was chaotic. It then changed into a big black fish.

It was incomparably huge—tens of thousands of kilometers long...

Everyone was dazed. They had come here to obtain the supreme inheritance of the Kun Peng, but at this point, they did not dare to enter.

“The ancient divine beast Kun Peng has fallen. This was confirmed during ancient times. This is just the manifestation of runes.”

“The Kun Peng’s Supreme inheritance must be in there. My fellow Daoists, I’ll take my leave first.”

A Ruler was the first to step out. He was bold because he was skilled, and he firmly believed that the Kun Peng had died in ancient times.

He wanted to be the first one to enter and see the supreme inheritance of the Kun Peng.

As such, he stepped into the sky and slowly flew toward the bronze door.

Seeing this, the people could no longer sit still. No matter what, they had come this far. Were they going to retreat...?

That was the supreme technique of the Kun Peng. It contained the great Dao of Yin and Yang. Whoever could get it and master it would be able to rule the world.

Even the top sects were drooling over the Kun Peng’s art...

As Lin Mo had been reminded by Qilin, he knew the situation inside and flew in as well.

After passing through the bronze door, chaotic Qi descended from above. This place seemed like a paradise, and there were all kinds of strange phenomena.

Behind this bronze door was an endless space. People walked in and saw nothing.

As they moved forward, they were surrounded by chaotic Qi. Other than the Kun Peng that occasionally appeared above, there was nothing unusual.

“Where’s the inheritance? Why isn’t it here?”

After walking for a long time, some people could not help but complain. They had finally arrived here after countless trials and tribulations, but they could not see the inheritance.

This infuriated the crowd. Some people even flew up to check the space above.

Unfortunately, this small world was boundless. After flying for a long time, they still could not see the end. The Kun Peng was still flying above, but it was difficult to get close.

“The inheritance hasn’t appeared. Is there something missing?”

Lin Mo frowned. The Kun Peng would not bother about toying with people. Since it had set a test, it would definitely pass down its inheritance.

If it was unwilling, no one could have come here. They could not have entered the Kun Peng Nest in the first place.

At that moment, Lin Mo recalled that he still had a Demon Sealing Mirror replica and six Heaven Illuminating Lamps in the system space.

This was the key to obtaining the Kun Peng’s inheritance, but he had yet to collect all nine lamps.

“Can I get more if I auction the Heaven Illuminating Lamps?” Lin Mo muttered, but he gave up on the idea.

What if it was a stronger lamp but there was no Kun Peng’s mark inside? He would suffer a huge loss.

“Should I go inside or go back to look for the Heaven Illuminating Lamps...?”

While Lin Mo was deep in thought, he did not notice that two women had quietly appeared and blocked his and Qilin’s path.

“Brother Lin, how have you been?”

They were Mu Yuzhu and her maidservant, Su Qing.

“Miss Mu, what’s the matter?” Lin Mo smiled and was rather polite to Mu Yuzhu.

“I saw you pondering. Do you have any thoughts on the current situation?”

Mu Yuzhu went straight to the point and explained her purpose for coming.

“I don’t have any insight. I’m just thinking about the Kun Peng’s intentions.” Lin Mo spread his hands and said helplessly.

“Since that’s the case, I have some clues here. Why don’t we work together?”

Mu Yuzhu chuckled and invited Lin Mo to join her.

At the same time, he vaguely informed them that Teng Feng and Gongsun Wenhao had secretly joined forces to capture Qilin alive...

“They still want to catch me, huh?”

Qilin was instantly enraged. Gongsun Wenhao and the others still had not given up. They were difficult to deal with.

“By the way, don’t you have such thoughts?”

Suddenly, Qilin turned to look at Mu Yuzhu. Her opinion of the latter had changed quite a bit after she let her and Lin Mo go the last time.

!!

Nonetheless, Qilin still suspected that Mu Yuzhu would attack her again if she had the chance.

“I want the inheritance of the Kun Peng. I can’t do it alone, and I need to find allies.”

“I won’t attack my allies while we’re working together.” Mu Yuzhu chuckled.

In other words, after the alliance ended, it was hard to say if they would fight.

“Alright, we’ll form a temporary alliance. Tell me your clues.”

Lin Mo pulled Qilin behind him and smiled. He was at his wit’s end right now, so he might as well listen to Mu Yuzhu’s opinion.

...

“I wonder if you still remember the nine ancient bronze lamps you lit when you opened the Kun Peng Nest?”

Hearing this, Lin Mo’s heart started beating wildly as he looked at Mu Yuzhu.

How did she know about this? He did not even tell Qilin about the secret of the Heaven Illuminating Lamps.

“It seems like you also know some clues, Brother Lin. No wonder you fought for the lamps that time.”

Mu Yuzhu laughed again. She told him bluntly that she had once mistakenly entered a cave in the nest.

“I found an ancient bronze lamp inside, and there were words carved on the side that explained the secret of the Kun Peng’s inheritance.”

As she spoke, she took out a lit ancient bronze lamp from the jade bracelet on her wrist.

It was the same as the six lamps in Lin Mo’s system space.

Seeing this, Lin Mo calmed down a little. He had thought that this was top secret, but he did not expect the Kun Peng to still leave behind clues.

“I heard that you have three lamps, Young Master Lin. In addition to the one we have, we have almost half of the total.”

Su Qing laughed as well. As long as they could gather all nine of them, they might be able to resolve the situation.

...

“Alright, let’s work together to get the Heaven Illuminating Lamps and break through the situation.”

Lin Mo laughed. However, he did not have just three Heaven Illuminating Lamps, but six.

“I’m afraid it’ll be a little difficult...”

Unexpectedly, Mu Yuzhu shook her head lightly. She did not think that they would be able to obtain the lamps.

“Why?”

Lin Mo was stunned. Could it be that the remaining lamps were in a desperate situation?

“Brother Lin, you might not know, but Teng Feng and Gongsun Wenhao both have a Heaven Illuminating Lamp each.

“However, they don’t know the secret of the Heaven Illuminating Lamps. This is also what I’m worried about, so I came to discuss it with you, Brother Lin.”

Mu Yuzhu helplessly spread out her hands. Even if they found three more, it would be useless.

After all, if they wanted to break out of this situation, they would need nine lamps.

“They’ve all appeared...”

...

Lin Mo’s heart beat wildly again as he thought to himself.

All nine Heaven Illuminating Lamps had appeared. It was just that wanting to obtain them was too difficult.

“There’s another piece of news.”

Mu Yuzhu’s words were shocking, and she told Lin Mo yet another piece of earth-shattering news.

“About 1.5 million kilometers from here, there’s an altar the size of a mountain. There might be clues to the remaining lamps there.

“At the same time, that place could also be the key to the Kun Peng’s inheritance.”

Hearing this, Lin Mo could no longer sit still. He had to go. There might be other clues there.

“What are you waiting for? Let’s go. Don’t let others take the lead.”

Qilin could not wait any longer. The Kun Peng’s inheritance could not just contain arts. There must be many divine medicines and elixirs.

If they were lucky enough to obtain the legendary immortal medicine, they would make a huge profit.

The group immediately began their journey. On the way, they discovered that many people were rushing in that direction.

...

They must have found all kinds of opportunities, seen the news, and learned about the altar.

After an unknown time, they sped all the way and took a few breaks along the way before finally arriving at their destination.

At the end of their line of sight, an ancient altar appeared in the void.

“We’re here.”

At that moment, Lin Mo could not contain his excitement as the supreme inheritance of the Kun Peng was most likely here.

On the altar, a beam of light shot into the sky and connected to the Kun Peng that was swimming in the sky.

People arrived one after another. When they saw the altar, they were extremely excited and began to fly toward it.

For a time, all kinds of spiritual lights appeared in the void.

When Lin Mo and the rest got closer, they realized that the altar was massive. There were all sorts of runes carved on it.

These symbols were very ancient and mysterious as if they were very close to Dao.

This feeling of being one with heaven and earth made many people addicted and unable to extricate themselves.

...

Many people shouted in excitement as they flew toward the center of the altar to obtain the Kun Peng runes.

More and more people arrived and climbed up the altar one after another, but no killing formation was triggered.

It was as if the danger had disappeared along the way. What awaited them was the supreme inheritance of the Kun Peng.

“Where’s the inheritance? Why is there nothing in the middle of the altar?”

Some people were puzzled because this huge altar was completely bare. Although the spiritual Qi was dense, there was no sign of life.

Some people guessed that the runes on the altar were the supreme inheritance of the Kun Peng. They wanted to comprehend these runes.

In the end, they realized that they could not understand them at all. These runes were obscure and difficult to understand. They were very ancient and difficult to explain.

“Hehe, since you’re all here, then take out all the Heaven Illuminating Lamps and activate the Kun Peng’s inheritance.

A burst of soft laughter came from behind. Behind Lin Mo and the others, Gongsun Wenhao and Teng Feng had also arrived with their men.

The two of them each held a lantern in their hands. Seeing this, Mu Yuzhu also took out the lantern in her hand.

“There are still three more that weren’t obtained,” Mu Yuzhu said with a frown. The inheritance of the Kun Peng would not be able to show itself without nine lamps.

...

“They’re with me, but can the inheritance be opened?”

Lin Mo chuckled. He took out the six lamps in his hand and found that they were lit.

As soon as the nine lamps appeared, the runes on the altar began to flash and light up.

“Hand them over and open the Kun Peng’s inheritance.”

Gongsun Wenhao said coldly. He raised his palm, and a suction force appeared. He wanted to take away the six Heaven Illuminating Lamps in front of Lin Mo. *inread.com*

“In your dreams. We worked so hard to get it. Why should we give them to you?”

Qilin pushed her palm and forced Gongsun Wenhao’s power back. She glared at the other party.

“Don’t you guys want to open the inheritance of the Kun Peng? There are so many people waiting for you.”

Gongsun Wenhao’s expression was dark as he looked at Lin Mo and Qilin.

As soon as he said that, many people’s eyes flickered, and they looked at Lin Mo and Qilin with some hostility.

Although everyone knew that Gongsun Wenhao wanted to target Lin Mo and Qilin, who could resist the temptation of the supreme inheritance of the Kun Peng?

“Of course, we do. Hand over the Heaven Illuminating Lamps, and I’ll activate it now.”

Lin Mo said with a smile. He needed nine Heaven Illuminating Lamps to activate the Kun Peng mark in the Demon Sealing Mirror replica.

The system had said that the Kun Peng’s mark could find the Kun Peng’s inheritance, so he had to gather all nine Heaven Illuminating Lamps.

“Who do you think you are? You dare to ask us to hand over the Heaven Illuminating Lamps?”

The people of the Gongsun clan were furious and glared at Lin Mo. Their clan was the overlord of the Cloud State, and no one had ever dared to disobey them.

Now that the Kun Peng Nest had appeared, many sects and clans did not respect the Gongsun clan as much.

In the face of the Kun Peng Nest, the threat of their status had been greatly reduced.

There were even some desperadoes who would attack them.

“We’re just rogue cultivators, so we’re nothing. However, the Gongsun clan is also nothing to us.”

Lin Mo sneered. This group of people was used to being high and mighty. They were about to become mortal enemies, yet they still had such an attitude.

“You have guts.”

Before Gongsun Wenhao could say anything, the old man beside him was furious.

For so many years, no one had ever dared to insult the Gongsun clan in Cloud State.

“Lin Mo, you have to understand that you have to go out eventually. What can you do once you leave Clout Mist Island?”

“On account of your extraordinary talent, I’ll allow you to join the Gongsun clan. If you offer the Qilin blood, I can let my family’s guardian take you as a disciple,” Gongsun Wenhao said coldly.

Everyone was shocked by his words. None of the people who had humiliated the Gongsun clan in the past had left Cloud State alive.

Now, Lin Mo had appeared, and Gongsun Wenhao was planning to rope him in...

“I’m sorry, but I’ve joined another clan. Besides, I don’t like the Gongsun clan.”

Lin Mo smiled disdainfully. He did not care about Gongsun Wenhao’s attempts to rope him in and threaten him.

“He has a clan? Which force is it?”

The crowd was shocked and started discussing which sect Lin Mo came from.

“I don’t know. Maybe he just said it casually,” someone said in a low voice, not believing that Lin Mo had a strong background.

“The two of you should stop talking. Right now, the most important thing is to activate the inheritance.”

At this moment, Mu Yuzhu also spoke up, giving Lin Mo a deep look.

Then, under everyone’s watchful eyes, she personally handed over the lamp in her hand.

Everyone was shocked by this and did not understand why.

“Could it be that Lin Mo has joined the Mu clan?”

“It’s very possible. The Qilin girl has been following him. Maybe she joined the Mu clan too!”

The entire place was in an uproar. This news was too shocking. The Mu clan was the overlord of Bamboo State.

Moreover, they were at their peak now, and no one knew how many saints there were in the clan. There might even be stronger powerhouses.

They were a true top-notch force, one of the best in the entire Northern Continent.

If Lin Mo really joined the Mu clan with Qilin, the Gongsun clan would have to think twice if they wanted to touch him.

“Mu Yuzhu...”

Gongsun Wenhao gritted his teeth so hard that they almost broke. At the same time, he was extremely shocked.

Did the Mu clan really recruit two peerless geniuses? One of them was even an ancient divine beast, the White Qilin.

“Don’t misunderstand. I just want to activate the inheritance. This time, I’m giving it to you.”

Mu Yuzhu chuckled. Although she had explained, not many people believed her.

“Did you hear that? Do you all still want to activate the Kun Peng inheritance? Don’t waste everyone’s time.”

Qilin opened her mouth and shouted, asking Teng Feng and Gongsun Wenhao to quickly hand over the Heaven Illuminating Lamps.

At this moment, everyone looked at Gongsun Wenhao.

Previously, he had wanted everyone to be hostile toward Lin Mo. Who knew, Mu Yuzhu would easily resolve this?

“I’ll give it to you.”

Gongsun Wenhao, who was clear about the situation, gritted his teeth and exchanged a glance with Teng Feng. At the same time, they threw out their lamps.

“Hurry up and don’t waste time.”

After Lin Mo obtained the lamps, the two of them started urging him to activate the inheritance.

“Don’t panic. I’ll go now.”

Lin Mo first put away the nine Heaven Illuminating Lamps. In the system space, the Dao flames of the nine Heaven Illuminating Lamps spread.

The Demon Sealing Mirror also reacted at this time, and rays of light appeared.

To his surprise, the replica of the Demon Sealing Mirror was restored at this moment.

The Kun Peng mark inside was recovering, and a majestic power spread, causing Lin Mo to be shocked.

[The Demon Sealing Mirror is a replica of the ancient Kun Peng’s magic tool. It is of heaven-grade tier 9. The Kun Peng mark inside has been activated, and the tool spirit has been awakened. You can find the inheritance of the Kun Peng with this.]

The system’s voice was heard. Due to the changes in the Demon Sealing Mirror, it had to re-evaluate it.

“Heaven-grade tier 9. Wouldn’t I obtain a celestial tool after auctioning it?”

Lin Mo’s heart was beating wildly. A magic weapon above heaven grade should be a celestial tool. He was not sure about that.

Back in the Eastern Continent, earth grade was the highest, let alone heaven grade.

Lin Mo suppressed his wildly beating heart and forced himself to calm down.

He walked to the center of the altar, and in front of the pillar of light, the nine Heaven Illuminating Lamps appeared again.

The Dao flames burned, and the Heaven Illuminating Lamps instantly returned to their original position, rotating around the light pillar.

...

“Boom!”

A brilliant river of stars fell from the sky. The Kun Peng above seemed to be summoned and flew down in a stream of light.

Everyone was sent flying by the shocking fluctuation.

Including Lin Mo, they were all sent flying for tens of thousands of kilometers.

When they were about to reach the edge of the altar, the altar started to change. On the light pillar in the middle, several dazzling rays of light emitted strong light.

“Those are the magic tools left behind by the Kun Peng...”

These magic tools were even more powerful, and the powers they emitted even made some people kneel down.

“Are these the magic tools that the Kun Peng once used? They’re too terrifying.”

Someone cried out in surprise. Several magic tools appeared where the pillar of light had been. They were the inheritance left behind by the Kun Peng.

The qualities were excellent, and every one of them was made of supreme-grade divine treasures. Even some great sects did not have them.

In the center, there were five magic tools surrounded by chaotic Qi.

...

There was a thick and heavy earth-yellow staff. There was also a large bronze bell that was very ancient and simple.

A green fan floated in the air, and there was also a long bone saber that exuded a mysterious aura.

Finally, there was a long spear. It was completely black, and a cold killing intent spread out.

However, this was not the most precious thing. In the middle, there was an ancient mirror being surrounded.

Chaotic Qi flowed around the mirror, and the Yin Yang Taiji Diagram occasionally flashed in the mirror. Its terrifying power was enough to destroy the world.

Upon closer inspection, one discovered that there were cracks on the mirror, and the area around the cracks was dim as if it had been completely damaged.

“The Demon Sealing Mirror.

“This is the magic tool that made the Kun Peng famous. It’s one of the top celestial tools and one of the strongest ones in the ancient era.”

Even Lin Mo was tempted. This was a celestial tool! Although it looked broken, it was still a supreme treasure.

Moreover, he had the auction rebate system. He might be able to use it to repair the Demon Sealing Mirror.

This was the most powerful magic tool that followed the Kun Peng during ancient times. It was rumored that the Kun Peng had engraved its own runes into it and that the tool spirit could use the Kun Peng’s supreme arts on its own.

At the thought of this, everyone knew where the Kun Peng’s inheritance runes were.

It was in the hands of the tool spirit in the Demon Sealing Mirror.

Even so, people soon frowned. The Demon Sealing Mirror was damaged, but it was not something they could touch.

It could not be taken away at all. Even a saint would not be able to do anything, let alone them.

“That shouldn’t be the case. The Kun Peng wouldn’t make things difficult for you. The inheritance it left behind must be for the future generations.”

Qilin mumbled. She consoled Lin Mo, thinking that there must be another way.

“There must be!”

Lin Mo smiled and nodded. He had a rough idea of how to get it. As long as he got close to the Demon Sealing Mirror, the replica should be the key.

However, how could he get close?

The atmosphere was tense, and no one dared to act rashly.

If there was any slight movement, one would be attacked by a group of people.

A Ruler made his move and led his sect’s disciples forward, approaching the central area.

There was no obstruction. There were no obstacles in this place. The people behind were overjoyed and followed. At the same time, they held their magic tools and were ready to attack.

The key to obtaining the Kun Peng inheritance was the Demon Sealing Mirror.

Taking a further guess, if one obtained the Kun Peng’s inheritance, would one be able to obtain the Demon Sealing Mirror too?

This was not impossible. Thinking of this, the people trembled with excitement and flew with all their might.

5,000 kilometers was not a long distance for them. As soon as they arrived, many Rulers made their move, no longer hiding.

“Kill!”

Lin Mo was forced to make a move amidst the roars. He and Qilin followed the crowd and charged forward.

They had no choice but to make a move because if they did not, they would become targets.

At this point, even their previous allies were a little untrustworthy.

Other than themselves, everyone else was an enemy.

“I’ll protect you. Go to the Demon Sealing Mirror.” Qilin stood behind Lin Mo, helping him block all attacks.

“Please.”

Lin Mo did not refuse. He raised his hand and summoned the Green Cloud Sword, forcefully carving out a path of blood.

He rushed straight to the center and quickly approached the Demon Sealing Mirror. The Yin Yang Taiji Diagram on the mirror was clearly visible.

The Kun Peng Wings on his back spread open, and after a few flaps, he was about to approach the Demon Sealing Mirror.

Just as he approached, he was swept away by a wave of runes and was pushed away.

“How could this be...?”

Lin Mo sighed. He was so close. The ones who stopped him were none other than the three magic tools around the Demon Sealing Mirror.

The huge bell trembled slightly. The sound of the bell rang out, sending out talismans that repelled those who wanted to approach. *innread.com*

The only good thing was that there was no danger, only a slight obstruction.

“Boom!”

A Ruler attacked Lin Mo from a distance. He used his martial arts and began to target Lin Mo. A ferocious-looking demonic beast appeared, and its body glowed with an ominous light as it rushed over.

Lin Mo held the Green Cloud Sword in his hand. Flames and lightning spread out as he slashed forward.

The sword blade exploded, lightning flashed, and thunder roared. Flames shot in all directions, and the demonic beast was shattered on the spot. At the same time, the Sword Qi that exploded also injured the surrounding people.

The Ruler hurriedly dodged to avoid being injured by the Sword Qi.

The place was in an uproar. Many Rulers were fighting, trying to get close to the Demon Sealing Mirror.

“Get out of my way. Don’t forget who has the final say in Cloud State.”

Gongsun Wenhao shouted loudly. He held a bright silver halberd in his hand, and his body was covered in battle armor. He was like a Water Dragon entering the sea with unstoppable momentum.

With a puff, some of the people who tried to stop him were beheaded by the halberd, and their souls were annihilated.

“Lin Mo, today is the day you die.”

Gongsun Wenhao was about to approach the Demon Sealing Mirror, whereas two figures appeared in front of Lin Mo.

They were Bai Shan and the elder from the Gongsun clan, two fifth-level Rulers.

Lin Mo could not deal with any of them.

The two of them attacked with heaven-grade magic tools in their hands. In an instant, the entire place was dazzling, and runes rushed over like ocean waves.

Lin Mo was fearless as the Yin Yang Taiji Diagram appeared in front of him.

Perhaps it was because this was the Kun Peng’s Heritage Land, the power of the Mismatched Yin Yang increased a bit.

Lin Mo pointed out with both hands, and the power of Yin and Yang spread out. He was unafraid of the attacks of the two.

The surrounding people were very shocked and dodged in panic after seeing such a terrifying collision.

After the explosion, Lin Mo held the Green Cloud word and attached the power of lightning and fire to it.

He charged forward, intending to take on the two fifth-level Rulers.

“You’re looking for death.”

Bai Shan coldly laughed, and a staff appeared in his hand, giving off a shocking divine light. He vigorously waved it, and tens of thousands of lightning bolts descended from the sky.

A terrifying fluctuation spread out like a heavenly tribulation.

As the two sides fought, Lin Mo used the Abyssal Devouring and devoured all the spiritual Qi in the area while using the Nine Qilin Steps.

As the terrifying lightning dissipated, Lin Mo continued to attack. He activated the Mismatched Yin Yang once again, and the spiritual Qi in his body was manically mobilized.

Behind Bai Shan and the elder, many powerhouses from the Teng and Gongsun clans screamed as the power of Yin and Yang penetrated their bodies.

...

Many people lost their lives on the spot.

“Little b\*stard, you’re looking for death.”

Bai Shan shouted. He once again mobilized the lightning and joined forces with the elders of the Gongsun clan to kill Lin Mo.

After an intense confrontation, Lin Mo spat out blood. He was clearly no match.

If he had not constantly used the Abyssal Devouring to absorb the spiritual Qi from all directions, he would have died from exhaustion.

Despite that, this battle was enough to shock everyone.

During this period, Lin Mo had risen to power, and no one had been able to bring him down.

Now that he was facing two fifth-level Rulers, even though he could not defeat them, he did not lose either. The human race's supreme physique was indeed not just for show...

On the other side, Mu Yuzhu was also caught up in a bitter battle. She was right. Teng Feng and Gongsun Wenhao had indeed joined forces.

At this moment, they were attacking her together, constantly consuming her spiritual Qi. She struggled to hold on, and it was difficult for her to get close to the Demon Sealing Mirror.

"Kill!"

...

In the other places, the major forces had also made their moves. Ordinary rogue cultivators could not resist at all and were killed in an instant.

When they got close, they found that they could not get close to the Demon Sealing Mirror.

If one wanted to come into contact with the Demon Sealing Mirror by force, one would need to mobilize all the spiritual Qi in one's body to resist the runes.

Nonetheless, if one were to be ambushed while doing so, one would definitely die.

Behind, a purple-gold divine tree appeared. Qilin was coming. She held the small white jade cauldron in her hand, and the Ancient Qilin Tree floated behind her. She waved her hand gently, and purple light flickered. Her momentum was terrifying.

"Quickly retreat."

Bai Shan was instantly shocked. He hurriedly dodged after giving a warning.

The purple light exploded and shattered the space there. It did not recover for a long time.

This was the inherited treasure of the Qilin clan. When its divine might erupted, even a fifth-level Ruler would not dare to take it head-on.

“Are you alright?”

Qilin looked at Lin Mo, who was coughing up blood, and was very worried.

Previously, she had been besieged by many people, including the people of the Gongsun and Teng clans, so she arrived late.

“It’s fine. Quickly eat this divine pill.”

Lin Mo shook his head. At the same time, he took out a fragrant pill and fed it to Qilin.

Activating the Ancient Qilin Tree had consumed a terrifying amount of her energy. At this moment, her small face had turned pale.

“Swish!”

Nevertheless, when Qilin also entered this area, the Demon Sealing Mirror moved.

At this moment, the five magic tools beside her flew out and landed in the hands of Lin Mo, Qilin, Mu Yuzhu, Gongsun Wenhao, and Teng Feng.

Lin Mo immediately stored his in the system space.

[War Demon Spear, heaven-grade tier 9. It contains immortal Qi and is one of the magical weapons that Kun Peng left for its successor.]

The information about the pitch-black spear appeared in Lin Mo’s mind, and he was overwhelmed with shock...

“The five magic tools are targeting the five of us. Is this the Kun Peng’s arrangement...?”

Lin Mo mumbled to himself. He could feel that even if he did not store it in the system space, the War Demon Spear would not resist him.

His spiritual Qi was able to merge into it without any obstruction, and he could control it perfectly.

“Boom!”

Suddenly, the altar under their feet shook, and a huge arena appeared.

The Demon Sealing Mirror was at the top, and it scattered endless divine light that covered the entire arena.

Those who were not strong enough were swept away, leaving less than a hundred people behind...

What was more shocking was that there were only five people below the Ruler realm left. They were Lin Mo and his group.

They stood in the middle of the arena with the magic tools left behind by the Kun Peng.

“The victor will obtain the inheritance.”

In the Demon Sealing Mirror, an ancient voice was heard. The meaning was obvious. Only the final winner could obtain the supreme inheritance of the Kun Peng.

“We were swept down because we don’t have the qualifications to compete?”

Some people were dejected. Was the threshold for the final test set by the Kun Peng so high?

“This isn’t fair. Why did the five of them get the magic tools?”

One of the Rulers roared. He was at the fifth level of the Ruler realm and had great combat power. He had a high chance of winning.

Nevertheless, Lin Mo and the others, who had heaven-grade tier 9 weapons in their hands, were no weaker than them at the moment.

“That’s right, Lord Kun Peng. This is very unfair,” the rest of the Rulers shouted.

“The battle has begun. You may use any means.”

Unfortunately, there was no response from the Demon Sealing Mirror. An ancient voice announced the start of the battle.

“This is good stuff. Why don’t I switch to cultivating with a spear instead…?”

Lin Mo was extremely excited. The spear was the king of all weapons, and it would not be weaker than the way of the sword if it was cultivated to the extreme.

“We’ll see.”

Casting aside the distracting thoughts in his mind, Lin Mo held the War Demon Spear and took the initiative to attack. Many people had targeted him.

The ones surrounding him were all Rulers with terrifying strength. Even with the War Demon Spear, he did not dare to take so many attacks head-on.

The power of the War Demon Spear was also extraordinary. It was a heaven-grade tier 9 magic weapon, which was very terrifying. Ordinary people would not dare to block it.

Even a fifth-level Ruler felt his scalp go numb and did not dare to take it head-on.

All of a sudden, a bone saber fell from the side of Lin Mo’s body. The sharp blade glinted, causing him to feel a sharp pain on his skin.

Gongsun Wenhao made his move, brandishing his bone saber to attack him. The golden light on his body was like a waterfall, and few people could match it.

“Get lost.”

Lin Mo shouted. He spun his spear and slashed down, suppressing the bone saber. At the same time, he slapped out with his palm and attacked the other party’s face.

Someone wanted to launch a sneak attack, but he was sent flying by the shockwaves from the collision of the War Demon Spear and the bone saber.

“Even if you have the God Devouring Body, you’ll still die here today,” Gongsun Wenhao said coldly. The bone saber burst forth, shaking the War Demon Spear and slashing at Lin Mo again.

“Boom!”

On the other side, Qilin had also encountered an opponent. Teng Feng and Bai Shan led many Rulers to besiege her.

If it were not for the bell in her hand and the Ancient Qilin Tree floating behind her, it would have been difficult to resist.

The arena was in a mess. Lin Mo and Gongsun Wenhao fought for a while and then retreated. They did not fight further.

Lin Mo moved among the crowd, occasionally helping the Qilin relieve some pressure.

At the same time, he was also trying to get close to the Demon Sealing Mirror. He wanted to use the replica to obtain the inheritance.

Even so, he was interrupted by many people and could not get it. In the end, he could only give up.

Mu Yuzhu met up with Lin Mo. The magic tool she had obtained was the dark green fan, a wind-attribute magic tool.

With a gentle flap, a strong wind blew, isolating an area and making it impossible for anyone to approach.

“Try to knock those who are working together off the stage,” Mu Yuzhu said. She had seen through the trick.

The arena was enveloped by the divine light of the Demon Sealing Mirror. The people inside would be fine if they touched it, but once they left the arena, they could not come back in.

The Kun Peng’s final test was like raising poison. It would determine who was the strongest.

As for why the five of them were given magic tools, it was unknown. It might be related to their talents.

Despite that, how could they understand what the Kun Peng was thinking...?

“Also, try to reduce the number of people from the Gongsun and Teng clans.”

Mu Yuzhu and Lin Mo discussed and separated once more. They attacked at the same time and used all sorts of methods to start hunting.

Lin Mo was on the verge of going crazy. His spiritual Qi burst out, and he used Abyssal Devouring. He held the War Demon Spear and cut through all the obstacles.

At the same time, flames and lightning appeared around him. As they collided with each other, an even more powerful force erupted.

The Yin Yang Taiji Diagram appeared behind him, and a Kun Peng could be seen swimming in it.

He pointed out with two fingers and activated Yin and Yang.

“Boom!”

This was a terrifying attack. A fifth-level Ruler tried to block it but was sent flying.

...

The Ruler retreated to the edge of the ring and spat out blood. He suffered a serious injury that was difficult to heal and almost died.

“Teng Feng, right? You’re a little too arrogant.”

Lin Mo said coldly. He could feel that Qilin had used up a lot of spiritual Qi and needed to rest. He rushed to help.

Gongsun Wenhao also caught up. The two exchanged a few blows, and finally, Lin Mo arrived in front of Qilin.

“Hurry up and eat it.”

A divine medicine was taken out, and Qilin swallowed it in two or three mouthfuls. Her almost heaven-defying physique allowed her to quickly refine the medicinal power in her body.

“Help me stall for a minute.”

Qilin sat cross-legged in the void, protected by the Ancient Qilin Tree.

Lin Mo’s combat power was fully unleashed. He circulated his Soul Devouring Art crazily, and his long spear was like a dragon as it collided fiercely with his opponent’s magic tool.

Teng Feng held the long staff in his hand and swung it down. Like a mountain, he tried to suppress Lin Mo.

In the end, it was blocked by Lin Mo, whose spear struck down. Although Lin Mo passively blocked Teng Feng’s attack, Teng Feng was still forced back thousands of meters.

...

At the end of the battle, Gongsun Wenhao and Teng Feng were both shocked.

Lin Mo’s physical body was ridiculously strong. Every time they collided, their arms would go numb.

The weapons in their hands almost fell out.

“Let’s attack together and suppress him!” The people from the Gongsun clan called over a few Rulers and attacked Lin Mo together.

After all, this was Cloud State, the territory of the Gongsun clan. Their dignity was still of some use.

As long as they promised enough benefits and threatened them, they could command many people...

Even so, Qilin had also recovered by now. She exploded with terrifying power and helped Lin Mo share a lot of the pressure.

Many people were dumbfounded by this, and they sighed in admiration. As expected of the God Devouring Body and the Qilin girl.

The two of them were too powerful when they unleashed their full combat powers, and they were faintly and slowly becoming invincible.

In the end, more and more people made their moves and suppressed them.

This was because they felt that Lin Mo and Qilin were the biggest threats. Coupled with the fact that they were rogue cultivators, they would not be retaliated against.

“Mu Yuzhu, you have to think this through. Although the Mu clan is very strong, the Gongsun clan isn’t weak either. This matter concerns the inheritance of the Kun Peng...”

Gongsun Wenhao said coldly as he looked at Mu Yuzhu, who was rushing over from not far away.

Lin Mo and Qilin had not agreed to join the Mu clan yet. If Mu Yuzhu were to forcefully make a move, it would cause the relationship between the two clans to break.

After all, this was the supreme inheritance of the Kun Peng. It was not a small fight.

If Mu Yuzhu made a move and caused them to miss the opportunity to obtain the inheritance of the Kun Peng, the two great clans might start fighting...

“Tsk, what’s so great about the Gongsun clan?”

Qilin said angrily. She controlled the Ancient Qilin Tree and started to attack indiscriminately, expanding the battlefield.

Many people were caught up in it and had no choice but to join the battle.

“Let’s go together and kill them.”

Some Rulers sneered, and people from various forces made their moves. Some wanted to deal with Lin Mo, while others wanted to act in the dark.

After all, Lin Mo and Qilin were not the only obstacles in this test. Gongsun Wenhao and Teng Feng were also obstacles.

The battlefield was expanding, and many Rulers were seriously injured and had to withdraw from the battle.

They felt that staying would be suicidal, so they could only leave the arena.

When they saw the scene in the arena, they could not help but take a deep breath. The scene was too spectacular.

Lin Mo and Qilin were fearless in the face of more than 30 people. They fought back and forth.

Such combat power was truly terrifying.

Some people even felt that Lin Mo was the one who should receive the supreme inheritance of the Kun Peng.

After all, Qilin did not need an inheritance. Only Lin Mo, who was a rogue cultivator, was truly heaven-defying to have reached his level at the moment.

The battle continued, but no one came to Lin Mo and Qilin's aid.

After seeing the two's terrifying combat powers, people were even more determined to eliminate them.

In the end, other than Mu Yuzhu, everyone else was attacking Lin Mo and Qilin.

The two of them did not have any chance to rest and could only keep fighting.

"Lin Mo, why don't you become my mother's disciple?"

There were many bloodstains on Qilin's body, and her slightly tender face was extremely pale. The spiritual Qi in her body was almost exhausted.

She wanted Lin Mo to leave. After all, the inheritance of the Qilin clan was not weaker than that of the Kun Peng.

There was no other way. Any fifth-level Ruler was enough to take them on. Furthermore, people were surrounding them. This was simply too difficult. Without reinforcements, even leaving would be an extravagant hope.

“Eat this and find a chance to leave. I’ll try one last time.”

Lin Mo frowned and threw a divine pill and a divine elixir to Qilin. He did not have many left.

Maintaining a high-intensity battle would consume a lot of spirit stones and elixirs.

“Then I’ll create an opportunity for you. At most, I can stall for ten seconds.”

Qilin nodded. She knew that Lin Mo did not want to give up and wanted to try one last time.

“Qilin Manifestation, Myriad Auspicious Spirits.”

Qilin swallowed the divine pill in one gulp and kept the divine elixir. Then, she quickly made a hand gesture.

The Ancient Qilin Tree behind her burst into a dazzling purple-gold light. Lines of Qilin patterns flickered and spread.

“Sh\*t.”

Gongsun Wenhao and Teng Feng instantly became alert. They were also extremely powerful, so they knew how powerful Qilin’s move was.

“Boom!”

Qilin activated her killer move to protect Lin Mo. She attacked indiscriminately, causing a terrifying explosion.

Some of the lower-level Rulers were killed instantly. Even the fifth-level Rulers were spitting out blood.

At the same time, the Kun Peng Wings appeared on Lin Mo’s back. He flapped his wings and flew to the Demon Sealing Mirror.

“You can’t get the inheritance if you don’t compete for the strongest.” A voice came from the Demon Sealing Mirror.

The words were dignified and irrefutable.

“Senior, please take a look at this.”

Lin Mo gritted his teeth and took out the Demon Sealing Mirror from the system space and presented it.

The system’s introduction should not be wrong. There was a Kun Peng mark in the Demon Sealing Mirror replica. After activating it, one would be able to find the inheritance.

Now that the inheritance had been found, Lin Mo did not know if the imitation of the Demon Sealing Mirror would still be useful.

“It’s an imitation of mine. As expected of the person who accompanies the auspicious beast. You have great luck...”

This time, the Demon Sealing Mirror’s voice was much gentler with a little surprise.

This scene caused everyone’s expression to change. Gongsun Wenhao and Teng Feng rushed forward with all their might, wanting to attack Lin Mo.

Mu Yuzhu, who was watching the battle from afar, was also flying over. She had not expected Lin Mo to have such a divine item.

“Fine. Although it doesn’t conform to the rules set by the master, I’m still a little interested in you.”

Runes appeared on the Demon Sealing Mirror and enveloped Lin Mo.

The replica was also shattered by the runes, turning into a stream of light and merging into the body of the Demon Sealing Mirror.

Lin Mo was also absorbed inside.

Gongsun Wenhao and Teng Feng’s attacks landed on the Demon Sealing Mirror, but they did not cause the slightest ripple.

“D\*mn it!” Gongsun Wenhao was furious.

“How did that happen? D\*mn it ...” Even the usually calm Teng Feng was trembling. He could not accept this fact.

...

“Has it ended...?” Mu Yuzhu was the last to arrive, and she sighed.

She knew she had no fate with the Kun Peng’s inheritance. At this moment, she was slightly regretful.

If she had helped Lin Mo from the start, would Lin Mo have given her a share of the inheritance?

“Young Lady, what should we do?”

Behind them, Su Qing flew onto the stage and stood in front of Mu Yuzhu.

As it turned out, after Lin Mo entered the Demon Sealing Mirror, the restrictions on the arena disappeared, and many people had flown up.

“Young Master, the Qilin girl has run away.”

Suddenly, a hurried voice was heard.

Only then did people remember that there was another opportunity here, which was no weaker than the Kun Peng’s supreme inheritance.

However, when they came back to their senses, they realized that Qilin was no longer there.

While everyone’s attention was attracted, Qilin seized the opportunity and used the big bell in her hand to break through the space, allowing the Ancient Qilin Tree to take her away.

...

In the Demon Sealing Mirror, Lin Mo was in a void. All he could see was pitch-black darkness.

There were still many bloodstains on his body, and the spiritual Qi in his body was almost exhausted.

“Senior, are you still there?”

Lin Mo called out, but to his horror, he could not hear his voice.

“I’m deaf?”

A ridiculous thought appeared in his mind. Lin Mo shook his head immediately and tried to use the little spiritual Qi in his body to create some light.

As soon as the spiritual Qi left his body, it was out of his control, and there was no response.

As for light, it did not exist at all. There was nothing here.

Lin Mo tried to walk forward and found himself standing in the void. There was nothing under his feet and nothing around him.

There was nothing here. In the empty space, there would be the occasional buzzing sound, but to Lin Mo, it was like the sound of nature.

This was the only sound he could hear.

“This place seems to be devouring everything. It’s similar to the God Devouring Body, but it’s even more thorough. It even devoured my voice...”

Lin Mo was shocked. Was this the Kun Peng’s art? It was so terrifying.

What realm was it in? Was it an Emperor? Was it in the same realm as the owner of the Dao Seeking Garden in the Eastern Continent?

Lin Mo walked forward. In a daze, he realized that there seemed to be a shadow appearing in the void.

In the end, Lin Mo could finally see it. It was like a ghost, wandering aimlessly in the void.

Its shriek was ear-piercing, and it made his soul throb.

As Lin Mo continued walking, he finally saw light in front of him. It looked like starlight.

He had recovered some of his spiritual Qi, refined a large number of spirit stones in the system space, and used the Soul Devouring Art to recover quickly.

After recovering, his speed increased by quite a bit as he walked through the void.

Aimlessly, he gradually saw the source of the light. It was a star, and he could even feel the aura of life on it.

!!

“Isn’t this the Demon Sealing Mirror? Why is there a living thing here?”

Lin Mo was taken aback. He was shocked to find that he could hear what he was saying.

“Have I walked out of the void? In that case, this place can be considered the starry sky of the universe...”

Lin Mo sighed. The Demon Sealing Mirror was indeed terrifying. It could create a universe in its body. That said, he did not know which was bigger—the universe here or the real universe?

As he continued forward, Lin Mo discovered more and more stars, and there were many living beings on them.

Occasionally, living beings would appear in the universe. They were very powerful and had majestic auras. They were so powerful that they caused the starry sky to tremble.

Even so, they seemed to be unable to see Lin Mo and ignored him.

As Lin Mo continued to move forward, he discovered more and more living beings. He did not know how far he had walked before he finally saw a familiar figure.

In a sea of stars, the two forces of Yin and Yang mixed together.

There were no signs of life in the sea of stars, only endless runes that were evolving.

Gradually, the power of Yin and Yang took shape, forming a Yin Yang Taiji Diagram in the starry sea.

In the Yin eye, a huge fish as black as ink appeared. There were patterns on its back, and it was tens of thousands of kilometers wide.

Just by moving a little, it stirred the sea of stars, forming endless waves.

In the Yang eye, a golden roc flew out. It flapped its wings and flew up 45,000 kilometers.

The two gradually approached each other and fused together, finally giving birth to a new life.

“The Kun Peng...”

Lin Mo was shocked to see this. No one knew where the legendary divine beast Kun Peng came from.

They only knew that it was extremely powerful and controlled the Dao laws of Yin and Yang.

“This is where my master, Kun Peng, was born. He was born with extraordinary cultivation. There are very few people in the world who could fight him.”

The voice of the Demon Sealing Mirror was heard in front of Lin Mo, and the scene in front of him changed.

The sea of stars disappeared, and so did the Kun Peng.

Lin Mo appeared in a chaotic space with a huge mirror in front of him.

It was the Demon Sealing Mirror. At this time, it was no longer damaged and was as good as new. Wisps of chaotic mist lingered around it.

“Greetings, senior.”

Lin Mo said in a neither humble nor arrogant manner as he cupped his fists and bowed.

Although he did not know why the Demon Sealing Mirror wanted him to see this, he did not dare to ask. He could only stand there.

“You seem to have a lot of secrets. I didn’t sense that replica before.”

The Demon Sealing Mirror laughed and asked Lin Mo why it was so.

“I have a space that can hide all auras. I can show you.”

As Lin Mo spoke, he took out the War Demon Spear. The moment the spear appeared, it emitted waves of killing intent.

After the Demon Sealing Mirror locked onto the War Demon Spear, Lin Mo kept it in the system space.

“Eh?!”

A surprised voice came from the Demon Sealing Mirror, and a powerful fluctuation spread out.

No matter how the Demon Sealing Mirror tried, it could not sense the space that Lin Mo had mentioned.

It could not sense the aura of the War Demon Spear at all...

“Truly amazing... As expected of the human race’s supreme physique. You have great fortune, talent, loyalty, and courage. You’re qualified to receive my master’s inheritance.”

The Demon Sealing Mirror praised. The young junior in front of him had exceeded its expectations. *innread.com*

“Senior, please bestow me with the arts...”

Lin Mo immediately knelt down on one knee and cupped his hands in anticipation.

“Of course, you have to promise me one thing. When you reach the Emperor realm, you have to return here and take me away. You have to find the birthplace of the Kun Peng and place me in it.”

Lin Mo was very surprised that the Demon Sealing Mirror had made a request.

Despite that, he did not think too much about it and immediately agreed.

“As long as I’m alive, I’ll definitely do it.”

As soon as Lin Mo finished, he felt a swelling pain in his head. Countless messages were transmitted, and the supreme inheritance of the Kun Peng poured in.

In his consciousness, black and white runes filled the sky. They contained the Dao laws of Yin and Yang and were extremely mysterious.

“Have I finally obtained the supreme inheritance of the Kun Peng...?”

Lin Mo was shocked. This was definitely an inheritance that surpassed the heaven grade. There were no cultivation methods or martial arts in it. It was the most original runes.

They were equivalent to the runes that were condensed by heaven and earth when the Kun Peng was born.

With these runes, Lin Mo could use them to walk the path of the Kun Peng and gradually understand its various unique arts.

For a moment, Lin Mo was a little obsessed and could not extricate himself from it.

...

He comprehended arts in the Demon Sealing Mirror, and all kinds of runes evolved continuously, forming all kinds of martial arts.

Lin Mo could not feel the flow of time, but he felt as if hundreds or even thousands of years had passed.

At this moment, he felt that he had turned into a roc, looking down at the world. With a single glance, he could see the ups and downs of the world, and no one in the world could accompany him...

As he flapped its wings, the starry sky exploded, the void collapsed, and chaos appeared. It was as if the world was being split open and the universe was about to be reshaped...

After an unknown time, Lin Mo slowly woke up, the shock in his eyes was hard to contain.

He was truly shocked. Splitting the heavens and earth and reconstructing the entire universe. Was that really something that could be achieved by human strength?

At this moment, Lin Mo could feel that the Dao laws of thunder and fire that he had previously comprehended had completely disappeared.

Even if he tried to recall them, it was useless. He had truly forgotten them.

His eyes glowed with black and white light, forming a Taiji Diagram that contained countless runes.

Lin Mo subconsciously waved his hand, and his body glowed. A golden light appeared, and he stood in the void like a god descending from heaven.

As his palm landed, the universe trembled. The Yin and Yang Qis spread out and finally turned into runes that merged into his body.

...

These were the two Dao laws of extreme Yin and Yang. Now that they had manifested, they were extremely powerful. They were not unfamiliar when Lin Mo activated them.

It was as if he was born with these two Dao laws...

Lin Mo continued to comprehend and immerse himself in it. He imagined himself as a Kun Peng, fighting in the starry sky.

To fight with thousands of races and to fight for hegemony...

Lin Mo began to fight and experience slaughter. In the era of the Kun Peng, no one dared to claim to be invincible.

No one dared to say that they were undefeatable. He saw the other divine beasts.

The Qilin came on auspicious clouds, bringing endless luck. Wherever it went, it was like the spring rain falling, blessing the earth...

The True Dragon roared and struck down the stars in the nine Heavens. Its claw cracked heaven and earth, triggering a great chaos tribulation...

Through the Kun Peng's inheritance, Lin Mo was fortunate enough to see part of the Kun Peng's memories, which were from ancient times.

It had been countless years since then, but it still made people yearn for it.

Being born in that era was the sorrow of geniuses and the revelry of the strongest.

Countless talents fell, and only a few creatures rose, leaving a strong mark on the world...

In the Demon Sealing Mirror, Lin Mo sat cross-legged in the void, seriously comprehending the inheritance of the Kun Peng and watching the scenes of its previous battle.

At this moment, a group of people was anxiously waiting in the ring.

The battle had stopped long ago. They were waiting for Lin Mo to come out so that they could snatch the supreme inheritance of the Kun Peng.

A month had passed, but there was no movement in the Demon Sealing Mirror.

On the other hand, the entire Northern Continent was in an uproar. The news of the Qilin girl had been leaked and could no longer be hidden.

!!

The appearance of the Kun Peng's supreme inheritance also caused a huge commotion in the Northern Continent.

The Gongsun clan did not dare to be careless, so they had to send more people to Cloud Mist Island.

Despite that, even the professional was still assassinated.

Even Gongsun Wenhao was attacked and almost died. Obviously, the enemies of the Gongsun clan were secretly attacking.

Some people wanted to snatch his bone saber, thinking that it was a supreme magic weapon.

Although the inheritance of the Kun Peng had yet to appear, Cloud Mist Island was in a mess. [innread.com](http://innread.com)

Mu Yuzhu left with her maidservant, Su Qing. She held a jade-green fan in her hand, which was one of the magic items passed down from the Kun Peng.

She had encountered the most terrifying assassination attempt. There was an omnipotent powerhouse outside who had weakened the restrictions on Cloud Mist Island.

A peak Ruler entered, and she almost fell into a death trap.

In the end, many elders of the Mu clan came to her rescue, which allowed her to escape.

Even so, the Mu clan suffered heavy losses. More than a dozen people survived, and they escorted Mu Yuzhu away.

The battle on Cloud Mist Island became even more intense. Half of the top forces in the Northern Continent received the news and sent troops over.

Blood painted the sky red. Countless Rulers from the various forces had fallen.

Within the Kun Peng Nest, there were even more corpses. Blood Qi filled the air, and corpses piled up into a mountain.

The most precious inheritance of the Kun Peng and Qilin had yet to appear.

To get nothing from the two supreme inheritances was the worst result for the various races.

The Kun Peng inheritance that had been hidden for countless years finally appeared. In the end, it was obtained by a rogue cultivator. This was unacceptable.

It was also as if Qilin had disappeared from the world. No matter how hard they tried, they could not find her whereabouts...

There were even people who took a formation from the strongest person and attacked the Demon Sealing Mirror because Lin Mo had not appeared for a long time.

Nevertheless, this caused a terrifying disaster. Divine light scattered from the Demon Sealing Mirror and killed a large number of living beings on the spot.

"It's too terrifying. Unless the old ancestor comes, it's impossible to shake it..."

"Let's go far away from this place of trouble. I'm afraid we'll die if we continue to stay."

"Sigh, the whole of Cloud State is in chaos. Where can we go?" Someone sighed.

Cloud State was destined to be lively. People from various races would stay here for a long time. They would not leave until Lin Mo and Qilin appeared...

At this moment, Lin Mo, who should have been the center of attention, was sitting cross-legged in the void, silently comprehending the supreme inheritance of the Kun Peng.

It had been three months since he came in, and the war on Cloud Mist Island had stopped for more than a month.

It could not be helped. The Qilin girl never appeared, so it was difficult to find her.

There was no news of Lin Mo either, so the people could only stop the battle and wait for him to appear.

At the same time, another piece of news was released, causing the entire Northern Continent to be in an uproar.

The Dragon Pavilion announced that the ancient battlefield would open in two months and that there would be a total of 3,000 Immortality Spots.

At the same time, the Dragon Pavilion once again refreshed the Hidden Dragon Rank. The Northern Continent was once again shocked, and even the neighboring Western Continent heard the news.

“The Hidden Dragon Rank has been refreshed. This is unbelievable. Isn’t the ranking done too hastily...?”

People were talking among themselves, looking at the Hidden Dragon Rank posted in every city.

“Ranked first on the Hidden Dragon Rank, the daughter of the ancient divine beast Qilin. She has the Chaos Bell, a heaven-grade tier 9 magic tool, and the Ancient Qilin Tree, an inherited magic tool of the Qilin Clan. She once fought against many Rulers at the Kun Peng’s Heritage Land and was undefeated!”

The first place was Qilin. Few people refuted this because they felt that the daughter of an ancient divine beast was worthy of this ranking.

“Ranked second on the Hidden Dragon Rank, Xiao Yun, the young master of the Dragon Pavilion. He once faced the pursuit of over a hundred Rulers without using any magic tool and killed them all...”

“Ranked third on the Hidden Dragon Rank, Tang Ru, the seventh princess of the Holy Blood Water Dragon Clan...”

“Ranked fifth on the Hidden Dragon Rank...”

“Ranked seventh on the Hidden Dragon Rank, Lin Mo, the human God Devouring Body. He’s a rogue cultivator and has obtained the supreme inheritance of the Kun Peng. He has the War Demon Spear, a heaven-grade tier 9 magic weapon. As he hasn’t appeared for three months, he’s ranked seventh.”

The change in the Hidden Dragon Rank shocked everyone, but Lin Mo, who was the person involved, knew nothing about it.

After spending three months, he had finally memorized the entire inheritance of the Kun Peng.

It was imprinted in his soul and could not be forgotten.

“Swish!”

As he raised his hand, he felt as if he was in control of Yin and Yang, and the power of the two laws spread.

Lin Mo circulated them, and a Yin Yang Taiji Diagram appeared in his hand. A black Kun appeared.

He raised his other hand. Another Yin Yang Taiji Diagram could be seen, and a Peng appeared. The two combined, causing the power to become even stronger.

“I feel that I have only comprehended a tenth of it...”

Lin Mo let out a sigh. Was this the complete Kun Peng technique? It was too Grand. He had been studying it for three months, but he had only seen a tenth of it.

Even so, he still benefited greatly and comprehended many Kun Peng techniques.

“Demon Sealing Mirror, are you still there?”

...

Lin Mo asked. It was time to leave. The Kun Peng’s arts could not be mastered in one go. They had to be done step by step.

However, he did not know what was going on outside. Was there anyone still guarding outside the Demon Sealing Mirror?

At the same time, he had no idea how to leave the Demon Sealing Mirror...

“Buzz...”

A wave of fluctuations spread out, and Lin Mo felt his vision blur as his surroundings changed.

In a daze, there was a burst of fragrance that assailed his nose. At the same time, it was accompanied by the fragrance of wine.

“It smells so good!”

Lin Mo mumbled. He seemed to have been sent out of the Demon Sealing Mirror, but he did not know where he was...

If he was still in the Kun Peng Nest, that would be bad news. If word got out, the entire Northern Continent would go crazy.

“Who is it?”

Suddenly, a clear and melodious voice was heard. A purple-gold light appeared, and a slightly petite figure dashed out of the forest.

...

Her eyes were alert, and her body exuded a powerful spiritual aura.

A Qilin pattern appeared on her palm as she struck out at Lin Mo’s face.

“Qilin...”

Lin Mo was stunned when he saw the attack, but he quickly nodded in relief. The little girl was fine and was very alert.

It was not in vain that he had been patiently teaching her to be careful at all times...

On second thought, for Qilin to be like this, she must have suffered a lot during this period.

“Ah, Lin Mo, it’s you...”

When Qilin saw that it was Lin Mo, she immediately threw herself into his arms.

“That’s great. You’ve finally come out. It’s good that you’re fine...”

She heaved a long sigh of relief. She had been very worried for the past three months because the Kun Peng Nest had been cordoned off.

All the forces were looking for her while waiting for Lin Mo to come out.

“The Demon Sealing Mirror sent me here. By the way, where is this place?”

Lin Mo smiled and asked Qilin about how long he had been in seclusion, what he had missed, and where he was.

“This is Demon State, a paradise for rogue cultivators. It’s also a world of evil and slaughter.”
