## 1436 Salvatore Finds Helpers

Jordan had already entered the Scholar Realm and possessed the spiritual weapon that the mysterious Immortal had once used. Therefore, he could not wait to take revenge on Gerald immediately.

He instructed Salvatore to report Gerald's movements to Jordan at all times. Jordan was going to find an opportunity to attack!

However, seeing that Jordan was so anxious to kill Gerald, Salvatore could not help but worry for Jordan.

Ever since Salvatore followed Gerald, he knew Gerald's strength very well. He also knew Jordan's strength. Although he and Gerald were both in the Scholar stage, there was a world of difference.

At this stage, Jordan was definitely not Gerald's match. If he made a fool of himself, he might be asking for trouble.

On this day, Salvatore was carrying out a mission with Gerald. The two of them came to a very vast golden-yellow-covered terrace.

Gerald could tell that Salvatore had something on his mind, so he asked, "Salvatore, why do you look so worried these past two days? Tell me what's going on. I don't want my subordinates to be distracted when working for me."

In response, Salvatore said, "Lord Gerald, since you're asking, I'll tell you. May I ask if you're very familiar with Hathor Howard's family?"

Gerald was stunned for a moment. "Our Lord Donovan is about to become in-laws with the Howard family. I'm Lord Donovan's subordinate, so I naturally have some relationship with the Howard family. What's wrong?"

Salvatore said, "I met a woman a while ago and liked her very much. After meeting her, I've been missing her. Later, I heard that she's from

the Howard family and seems to be Miss Levana's female disciple! Sir, can you bring me to the Howard family so that I can meet her again?"

Gerald asked. "Oh? Those people from Planet 9696? Cultivate well under me. Why do you care about all this nonsense? Don't you know that sex will affect your cultivation?"

Salvatore said, "Anyway, I've long broken my vows. I'm destined to never have the chance to become an Immortal in this life. I only hope to serve Lord Gerald for the rest of my life. Besides, I just want to get to know her. I don't mean anything else. Sir, since you're so familiar with the Howard family, please bring me there."

Gerald thought for a moment, "Yes, Lord Donovan has been searching for the whereabouts of the Cursed Spiritual Pill and has no time to complete the marriage with Levana. It just so happens that I'll go to the Howard family and remind Levana on behalf of Lord Donovan to not forget the engagement with our Lord Donovan. Hmph!"

When Salvatore heard this, he quickly said, "That's right, that's right. That's what I meant! This Levana is clearly engaged to our boss Donovan, but she's not waiting at home to get married. She's still taking in disciples there. It's really outrageous! Let's go to the Howard family and talk to her!"

However, Gerald flicked his sleeves and slapped Salvatore. "B\*stard, Miss Levana is a noble person. Do you think you're qualified to lecture her? Even I don't dare to be impudent in front of her. Let me tell you, even if you reach the Howard family, you can only meet her disciple. You don't get to talk to Levana or her parents directly."

Salvatore cursed Gerald in his heart. Then, he smiled and said, "Yes, yes, Lord Gerald. How would I dare to talk to Levana? I definitely won't cause trouble for you."

Two days later, Salvatore followed Gerald to the Howard family. However, in order to prevent himself from being recognized immediately, Salvatore had specially disguised himself.

When they arrived at the Howard family, Salvatore followed behind Gerald, not daring to say a word.

Hathor personally met Gerald and asked. "Donovan Cross should be searching for the whereabouts of the Cursed Spiritual Pill now. Why did he send you here at this time?"

Gerald said respectfully, "Lord Howard is indeed well-informed. That's right. A while ago, the Cursed Spiritual Pill with a huge amount of energy suddenly reappeared in the world of martial artists. The experts of the Celestial King Planet joined in the search one after another. Our Lord Donovan also went to look for it immediately. That is why we haven't had time to organize the wedding recently. I hope Lord Howard can forgive us."

Hathor snorted coldly. "Hmph, Donovan Cross only cares about cultivation. How can he truly like my daughter? Let him continue searching for the Cursed Spiritual Pill. Coincidentally, Levana doesn't want to get married either. She can have some leisure time alone."

Gerald chuckled and said, "Lord Howard, you've misunderstood Lord Donovan. Lord Donovan has always valued your daughter and this wedding. He also felt that there was no good betrothal gift. When the Cursed Spiritual Pill suddenly appeared, he wanted to get it and give it to you as a betrothal gift. Then, he would marry Miss Levana. Wouldn't that be a beautiful thing that everyone in the Celestial King Planet would envy?"

However, Hathor was a little angry. "Bastard, if a person who doesn't have the potential to become an Immortal takes the Cursed Spiritual Pill, the harm will outweigh the benefits. He will be cursed for the rest of his life. Although it will increase his strength greatly for a short period of time, he will definitely die from the curse in the end! You clearly know that my state has stagnated, and it's impossible for me to step into the Immortal Realm or even the Half Immortal Realm or the Glorious Realm, yet you still want to give it to me?"

Gerald said, “No matter what, this Cursed Spiritual Pill is a treasure that the entire Celestial King Planet is chasing after. If you don’t want to take it, you can keep it.”

Hathor heaved a sigh of relief. “Alright, I understand why you’re here. You can leave now.”

Gerald said, “I also want to see Miss Howard and personally express Lord Donovan’s apology.”

Hathor did not say anything. He instructed the servant, “Take him to see the young miss.”

Therefore, Salvatore followed Gerald to Levana’s personal cultivation base. At this moment, Levana was teaching Moon Maiden, Mike Baylor, and Victoria.

When Levana went to meet Gerald, Salvatore also snuck into the Maple Forest cultivation base to find Victoria and the other two.

“Who is it!”

As soon as Salvatore appeared, the Moon Maiden became vigilant.

When Salvatore saw the three of them and the familiar faces, he cried on the spot and knelt on the ground. “My God, I finally found you. My friends! It’s really not easy to find you!”

As Salvatore was disguised, the three of them did not immediately recognize him. However, Victoria was the most familiar with Salvatore and already vaguely felt that she knew him.

The three of them were shocked when Salvatore revealed his true appearance.

Victoria took a step back. “Salvatore! How did you...”

The Moon Maiden was surprised and delighted as well. “You’re... You’re Jordan’s subordinate? Why are you here on the Celestial King Planet?”

Mike Baylor frowned as well. "I think I've seen you before. That's right. Moon Maiden is right. You're someone close to Jordan. You actually came to the Celestial King Planet. Who brought you here? Jordan? Hehe, I knew that this kid would definitely come to the Celestial King Planet. I knew it. Hahahaha..."

Victoria took two steps forward immediately and asked, "Salvatore, is Jordan really here? Where is he? How is he?"

However, Salvatore knelt on the ground and did not get up. "Fellow friends, let's forget what grudges we have on Earth. We're like family on Celestial King Planet. Please save Jordan! I really can't find anyone else to help!"

1437 Killing Gerald

Seven days later.

Outside a hidden cave, Gerald said to Salvatore and the others, "I'm going to enter seclusion here for a few days. The few of you, guard the entrance of the cave. Don't let anyone or animals come in and disturb me. If an expert stronger than me appears, send me a signal in advance, understand?"

Salvatore hurriedly said, "Don't worry, Boss. If anyone dares to disturb our Boss's cultivation, I'll cripple them. If two come, I'll cripple both! Lord Gerald, cultivate in peace. You'll definitely break through this time!"

Gerald also seemed to like how Salvatore praised him. Although Salvatore followed Gerald for the shortest time, he trusted him the most.

Gerald nodded. "Yes, this seclusion breakthrough is very important. If we're not careful, we might go berserk. With you guys guarding here, I'll be at ease."

Gerald walked into the cave and began to cultivate in seclusion. Soon, it became night. In addition to Salvatore, there were a few people with similar cultivation levels as him guarding the entrance.

Suddenly, Salvatore stood up. "Brothers, come and smoke with me."

The others didn't understand. "Smoke? What's smoke?"

Salvatore chuckled. "It's good stuff. I guarantee you'll like it."

Salvatore tricked the others to go to the side, but he used the smoke that he had prepared beforehand to knock them out. Then, he took out his weapon and stabbed them a few more times.

Then, Salvatore returned.

"Mr. Jordan!"

Salvatore called out softly.

At that moment, Jordan suddenly descended silently!

Jordan stood outside the cave and looked inside. He was excited, "Gerald is inside?"

Salvatore nodded. "Yes, he's cultivating in seclusion inside. Perhaps he wants to break through to the Grandmaster Realm. While he's cultivating, we'll kill him while he's unprepared!"

As Salvatore spoke, he was about to rush in and take the lead.

However, Jordan stopped Salvatore. "Your cultivation base is too low. You're no match for Gerald at all and he can kill you in one strike. Your mission has been completed. Just wait for me outside."

However, Salvatore was unwilling. "Mr. Jordan!"

Jordan was very determined. "Say no more. Guard outside!"

Jordan knew that it was useless even if Salvatore went in. He would only die in vain. This was destined to be a competition for the scholars. Other realms could not participate at all.

Then, Jordan walked in.

He first put in a small robot to check Gerald's condition. He realized that he was indeed cultivating. Moreover, at a critical moment, Jordan suddenly appeared with his sword without hesitation!

Under Jordan's modifications, the broken sword had become a very handy weapon. Jordan jumped out at lightning speed and slashed at Gerald!

"Argh!"

Gerald was completely unprepared and took the attack head-on. However, his reaction was very fast. The moment he was attacked, he used all the energy in his body to retreat quickly, causing Jordan's second strike to miss!

Gerald supported his injured body and looked at Jordan in shock. He said in disbelief, "You... You're that genius, Dawn? You're already a scholar! Why are you here to kill me?"

Jordan recalled the scene where he was killed by Gerald earlier and said angrily, "Don't worry. Before you die, I'll definitely tell you why I'm killing you!"

As he spoke, Jordan attacked again.

However, although Gerald was injured, Jordan could not hurt him since he was prepared.

Gerald was at the peak of the Advanced Scholar level. His movements were agile and he seemed to be able to predict Jordan's every attack.

Moreover, Gerald seemed to have used a special cultivation method that could protect his body. Jordan's sword encountered an obstacle as soon as it approached Gerald's body, let alone stab him!

"Oh sh\*t, what is this!"

Jordan had an ominous feeling. He did not expect this situation.

Gerald spat out a mouthful of blood and smiled. “Hehehe, Dawn, you didn’t expect this, did you? I have a protective shield. This is something that only Grandmasters can cultivate. However, my master is the great Donovan Cross. He naturally has a way to teach me such a skill even though I’m a Scholar!

“Although you ambushed me, injured me and the sword in your hand is not an ordinary item and has the ability to take my life, it’s a pity that you’re only at the initial stage of the scholar realm. If you can be more patient and wait for another two to three years, you can kill me when you reach the peak of the scholar realm. I believe that by then, I’ll definitely die under your sword.

“But you were too impatient!”

After saying that, Gerald took the initiative to attack Jordan!

Jordan had never seen Gerald’s attack method before. Facing the changes in the surrounding walls, Jordan was a little flustered and kept dodging.

Gerald laughed, “Hehe, a woman’s movement technique is so exquisite. You can actually completely dodge my attack. You are indeed heaven’s favored daughter. I have to kill you today. Otherwise, in a year or two, I will definitely not be your match!”

Faced with such a situation, the mysterious man could not help but say, “Jordan, if you can’t even pass Gerald, then don’t even think about challenging Donovan Cross. You’re even less qualified to marry Levana. Forget your wife and children, forget the enemy who killed you, and go back to Earth. Don’t you still have your family on Earth?”

Jordan was completely enraged. He recalled that he had once died at Gerald’s hands on Earth. Today, he finally had a chance to take revenge. How could he be defeated by him again?!

“Arghhh!”

Endless energy suddenly erupted from Jordan's entire body. He suddenly stopped dodging any attacks and faced them head-on, slashing Gerald's shield forcefully!

BOOM!

A powerful power descended on Gerald.

At that moment, Jordan was also vomiting blood from Gerald's attack. However, Jordan did not seem to care at all. In this battle, Jordan was going to fight Gerald to the death!

Seeing this, Gerald said in horror, "You're a man! You... Who are you?!"

"Arghhh!"

Jordan attacked with the broken sword again.

Gerald retreated as he said, "Hero, stop. You have a tenth-tier talent and hold a divine sword. In the future, you will definitely be a candidate to be an Immortal. I'm willing to follow you! No matter what, you won't be able to kill me today. You definitely won't be able to break my shield. Why do you have to die with someone like me?"

Jordan tried a few more times. He was exhausted, but he could not break Gerald's shield.

Jordan was so tired that he half-knelt on the ground. He asked, "Senior, can I really not break Gerald's shield? Even the divine sword you used can't break his shield?"

The mysterious man said, "You're underestimating the shield on his body. Donovan Cross's magic power is on it. Even two of you can't break it. Give up."

Jordan clenched his fists unwillingly. His enemy was right in front of him. How could he be willing to give up! However, at this moment, two figures suddenly flew over from the sky.

"Who said that Jordan can't kill you today?!"

## 1438 Cursed Spiritual Pill

Mike Baylor and the Moon Maiden, one dressed in black and the other in white, floated over.

Although both of them were apprentices like Jordan, they looked like half-immortals. Gerald was so frightened that he wanted to escape immediately.

Jordan was shocked when he saw the two of them. "It's you?"

Naturally, Jordan knew that the Moon Maiden and Mike Baylor were cultivating in the Howard family. However, he did not plan to meet them.

The Moon Maiden and Mike Baylor nodded at Jordan. "Let's catch up later. The three of us will work together to help you kill this guy. We have to be fast. Don't let him have any chance to escape!"

Jordan nodded as well. Hence, the three of them attacked Gerald together. Gerald's shield lasted for more than ten seconds before it shattered!

Making use of the opportunity, Jordan took out the broken sword and stabbed it into Gerald's chest.

Pfft.

Gerald knelt on the ground as he threw up a mouthful of blood. When Gerald was on his last breath, Jordan walked forward and grabbed his hair. He said coldly, "Don't you want to know why I killed you? Let me tell you, I'm Jordan from Planet Blue 9696, Levana's husband."

Hearing this, Gerald looked terrified. He had clearly killed Jordan. How did Jordan come back to life and arrive at the Celestial King Planet?! He also wanted to tell Donovan Cross this news, but he no longer had the chance.

Jordan pulled the broken sword out of Gerald's body ruthlessly, and Gerald died in an instant.

Jordan had finally avenged himself!

The mysterious man couldn't help but smile and praise, "Yes, not bad. You're quite lucky."

At this moment, Salvatore rushed in. When he saw Gerald's corpse, he was excited. "Mr. Jordan is awesome! Mike Baylor is awesome! Moon Maiden is awesome!"

Jordan looked at Salvatore and said, "Were you the one who asked Moon Maiden and Mike Baylor?"

Salvatore smiled. "Mr. Jordan, don't blame me for acting on my own. I was really worried that you wouldn't be able to handle it alone. Although we didn't have a good relationship with the Moon Maiden and Mike Baylor back on Earth, we're all family on Celestial King Planet. We should take care of each other in the future, right?"

Mike Baylor nodded. "That's right, Jordan. That's the reason why I'm willing to help you. I helped you kill your enemy today. If I need your help in the future, I hope you can help me."

Moon Maiden looked at Jordan and said in disbelief, "Jordan, I didn't expect you to come to the Celestial King Planet and transform into a woman. The most terrifying thing is, how can you have a tenth-tier talent? On Earth, we were both golden mutants. Logically speaking, our talent levels should be the same."

It seemed that Mike Baylor and the Moon Maiden had helped Jordan because of his tenth-tier talent.

They all knew that Jordan had a high chance of advancing to the Immortal Realm in the future. At that time, coupled with their relationship as Earthlings, Jordan would definitely help them advance.

Jordan looked at the two of them and said, "Mike and Moon Maiden, thank you for today. If you hadn't appeared in time, I might not have been able to kill him. By the way, who else knows about me coming to Celestial King Planet? Does Victoria know? What about Lauren?"

Moon Maiden said, "Victoria also knows, but she hasn't advanced to the scholar level yet, so I didn't ask her to come. Don't think too much, it's not that she doesn't want to help you."

Jordan smiled lightly, "Why would I? I don't care if she comes or not. What about Levana?"

Mike Baylor said, "We didn't tell Master that you came to Celestial King Planet. Speaking of which, you're really an infatuated man. To think that you actually chased your wife here. I'm guessing that the next person you want to kill is our Master's fiancé, Donovan Cross, right?"

The Moon Maiden reminded him, "Jordan, I have to remind you that Donovan Cross is very powerful. He's already a half-step Glorious, and his personal strength is above anyone in the Howard family. You're definitely not his match in a short period of time."

Mike Baylor chuckled softly. "However, given the current situation, there's no time for Jordan to slowly cultivate. Donovan Cross is looking for the Cursed Spiritual Pill now. After he's done with this matter, he should come back and marry Master. Can an impatient person like Jordan wait?"

It seemed like Mike Baylor knew Jordan very well.

"Jordan, if you want to deal with Donovan Cross, I have a suggestion."

Jordan said, "I must kill Donovan Cross. It's not because he wants to marry Levana. He was the one who sent Gerald to kill me. I only killed Gerald, but I didn't kill the mastermind behind him. Mr. Baylor, it'll be great if you're willing to help me."

Mike Baylor smiled and said, "Dawn, you must be joking. My strength is about the same as yours. We've just entered the Scholar level. How would I have the guts to challenge Half-step Glorious? However, if you want to kill Donovan Cross, I have a candidate. You can look for Hunter Stone."

Jordan was stunned. "Hunter Stone? The Hunter Stone who came to Earth before us and integrated with the humans?"

Mike Baylor nodded. "That's right. Hunter Stone is also an Earthling. Moreover, he has been on Celestial King Planet for hundreds of years. I heard that his cultivation is close to glorious. If he is willing to help you, it won't be difficult for you to kill Donovan Cross!"

Moon Maiden also said, "That's right. We're all from Earth. We'll definitely be willing to help each other. In addition, you have a tier ten talent. Your future achievements will definitely be above Hunter Stone's. If you help him now, he'll definitely need you in the future."

Jordan also felt that this method was feasible. It was too limited to rely on one person's strength!

Jordan said, "But how do we contact Hunter Stone?"

The Moon Maiden said, "The Cursed Spiritual Pill has descended once again. All the experts are searching for the Cursed Spiritual Pill near the East Sea Island. Hunter Stone, this level-up maniac, must be there too. If you're brave enough, you can try your luck there.

"However, I have to remind you that our master's fiancé, Donovan Cross, is also there. Of course, he hasn't seen you before, so you don't have to be afraid. As long as you don't get too excited when you see him, it's fine."

Jordan immediately decided to set off for the East Sea Island to find Hunter Stone for help!

Soon after, Jordan returned to the Fairy Academy and told the school about this decision. The school immediately sent Vice Dean Evelyn and a group of people to follow Jordan to the East Sea Island.

After all, the Fairy Academy was very concerned about Jordan's safety. On the other hand, the East Sea Island was filled with experts. In order to snatch the spiritual pills, people did not hesitate to kill. Jordan's life was in danger at any time.

Evelyn and Jordan stood at the bow of the boat on the way to East Ocean Island and looked at the turbulent seawater.

“Dawn, the Cursed Spiritual Pill is indeed a good thing. If you take it, you can instantly advance from the initial stage of the Scholar Advancement Realm to the Grandmaster Realm. However, the curse after that is also terrifying. Therefore, even if you are lucky enough to obtain the Cursed Spiritual Pill, I don’t recommend that you eat it.”

### 1439 Finally Encountering Donovan Cross

Jordan was stunned when he heard that. “After I eat the Cursed Spiritual Pill, I can level up to the Grandmaster realm?”

After the Grandmaster realm was the Unparalleled. If Jordan was in the Unparalleled realm, it meant that he was qualified to challenge Levana’s fiancé, Donovan Cross!

Vice Dean Evelyn was also a little surprised. “What? You don’t know the effects of the Cursed Spiritual Pill? Then why did you take the risk to come here?”

Jordan did not know much about this Cursed Spiritual Pill as he did not ask the mysterious senior in detail.

“Actually, I’m here to see someone called Hunter Stone.”

Vice Dean Evelyn smiled and said, “Hunter Stone? Hehe, I met him once many years ago. That fellow is a complete level-up maniac. His mind is filled with cultivation. He doesn’t get close to women and won’t even look at you.”

Jordan was speechless. It was as if Jordan needed to approach him with beauty!

After arriving at the East Sea Island, Jordan kept searching for Hunter Stone’s whereabouts. However, after searching for more than ten days, he still could not find him.

In the end, Jordan decided not to search blindly like this. After all, Hunter Stone came here to find the Cursed Spiritual Pill. As long as Jordan could find the Cursed Spiritual Pill in advance, he would be able to see Hunter Stone easily.

Therefore, one day, Jordan asked the mysterious man, “Senior, I’ve been searching for many days, but I still can’t find my compatriot from Earth. I want to find the Cursed Spiritual Pill first. Do you have any good ideas?”

The mysterious man smiled and said, “The Cursed Spiritual Pill was naturally created on the Celestial King Planet. Back then, I had also looked for it and ate it. It increased my strength greatly in a short period of time. However, I was cursed by it later. Of course, I successfully resolved it. It’s something with its own consciousness. It’s not a pill that just stands there and doesn’t move. It can run on its own. I can tell you how to lure it out, but you have to promise me that you won’t eat it after you get it.”

Jordan asked, “Why? Are you afraid that I’ll be cursed and suffer a backlash if I eat the Cursed Spiritual Pill? Are you worried about my safety?”

The mysterious man said, “I’m not worried about you! With me in your body, the Cursed Spiritual Pill will be completely suppressed by me after you take it. There won’t be any curse backlash!”

Jordan said, “Oh, I understand. Senior, you don’t want me to level up too quickly or too easily. You don’t want to give me this benefit.”

The mysterious man replied, “That’s right. To be honest, I’m looking forward to seeing you reach the unparalleled realm as soon as possible and fight Donovan Cross. However, your progress is too fast. If you take the Cursed Spiritual Pill and reach the peak of the grandmaster realm, you will become the person with the fastest advancement in the Celestial King Planet realm. My position might even be shaken by you.”

Jordan heard a few important points from the mysterious man’s words.

This man had an extraordinary status on the Celestial King Planet. Moreover, his cultivation speed was extremely fast when he was young. It was possible that he was the one who was at the top of the historical records!

After knowing this, it would not be difficult for Jordan to find out the true identity of the mysterious man when he advanced to a higher rank in the future!

For some reason, Jordan felt that the man hiding in his body was a ticking time bomb. Although he did not know what the future would be like, he could indeed help Jordan now.

Therefore, Jordan followed the mysterious man's instructions and built a house on the island. The surroundings of the house were filled with birdsong and flowers. The design of the room was very retro.

Especially the walls and doors. All the places that were within reach were made of a special material. It felt extremely good and comfortable to the touch.

After forging here for two days, Evelyn did not understand what Jordan was doing. "Dawn, why didn't you look for Hunter Stone or the Cursed Spiritual Pill? Why did you build a house here? If you are giving up, follow me back to the Fairy Academy and continue cultivating!"

Jordan smiled. "Vice Dean, please calm down. While I've been searching for the past few days, I didn't neglect my daily cultivation, right? My guess is that Hunter Stone and the Cursed Spiritual Pill will appear soon."

The next morning, Jordan and Evelyn had just woken up when they suddenly saw that the walls and doors of the house were covered in red branches.

Evelyn thought that this was Jordan's design. "Did you draw the branches? If you have the time, why don't you cultivate more?"

Jordan was shocked. Of course, he did not draw this. Jordan guessed that these branches were the Cursed Spiritual Pill!

The mysterious man had said before that the Cursed Spiritual Pill had its own consciousness. Moreover, it liked smooth and comfortable places. It could also transform into other forms, and it was not always in a medicinal pill state!

Jordan asked immediately, "Senior, is this the Cursed Spiritual Pill?"

The mysterious man said, "Yes, that's right. It's on the wall. Don't scare it. Find the place where it started and uncover it bit by bit. Then put it in a bottle."

Jordan replied, "Yes!"

Therefore, Jordan went to the glass door of the bathroom and started to remove the branches bit by bit from the beginning.

Evelyn also sensed something strange. "Dawn, what are you..."

Jordan said, "Shh..."

Evelyn gradually realized what Jordan was doing.

After Jordan successfully placed the branches in a bottle. In an instant, the branches turned into a spiritual pill that emitted a dazzling red light!

Evelyn was shocked. "Oh my god, you actually know how to lure the Cursed Spiritual Pill out! Who told you that?"

Jordan held the bottle in his hand and naturally would not tell her the answer.

Evelyn continued, "Dawn, many people can sense the light of the Cursed Spiritual Pill now. It's best if we leave now. No, it's too late to leave now. You have to eat it immediately! Otherwise, when the experts arrive, this pill won't be ours! Actually, how about this? The Cursed Spiritual Pill has side effects. Don't eat it. Let me eat it. I'm already old anyway. I'm not afraid even if I'm cursed!"

Evelyn reached for the bottle.

Jordan retreated immediately, "Vice Dean, I want to give this Cursed Spiritual Pill to a friend. I'm sorry, I can't give it to you."

Evelyn was a little anxious. "Friend? What friend? Hunter Stone? You haven't seen him yet. Why are you giving it away? That person has a heart of stone. He won't appreciate it even if you give it to him. Why don't you give it to me? I beg you. Your talent is extraordinary. In the future, you can definitely reach the Unrivaled Realm without relying on this spiritual pill. But, I..."

Just as Evelyn was begging Jordan, figures kept appearing outside the door.

"Hunter Stone!"

Evelyn suddenly spoke excitedly when a man with Qing dynasty braids appeared. However, just as Hunter Stone was about to step forward, another man appeared, causing a commotion.

"Donovan Cross!"

#### 1440 Angering Donovan Cross

Donovan Cross was famous as the person with the highest cultivation level among the cultivators who were searching for the Cursed Spiritual Pill. Therefore, his appearance caused a commotion at the scene. Everyone took a few steps back obediently.

After Donovan Cross landed on the ground, he glanced at Hunter Stone, who had a braid. It was obvious that he knew the other party. He smiled slightly and said, "Oh, Hunter Stone, we meet again. It seems that I sensed the spiritual energy of the Cursed Spiritual Pill but this time, I'm one step behind you."

Hunter Stone's expression was solemn and he didn't say a word. It was obvious that he was a cold person who did not speak many words.

Donovan Cross glanced at the house that Jordan had meticulously built before him. Then, he asked, "Hunter Stone, this room seems to have been meticulously built by someone. It seems like they lured us here on purpose. What do you think?"

Hunter Stone slowly said, "Yes, perhaps someone with a cultivation level higher than ours deliberately lured us here after obtaining the Cursed Spiritual Pill. It seems that the two of us might not be able to obtain the pill this time."

Donovan Cross smiled slightly and said, "I don't care if I can succeed or not. I'm already satisfied to be able to compete with you in the process of snatching the spiritual pill."

At this point, the others also discussed softly.

"I heard that Donovan Cross and Hunter Stone's cultivation levels are equal. The two of them have fought many times, but it's difficult to determine the winner!"

"Hunter Stone cultivated earlier than Donovan Cross. To think that Donovan Cross caught up to him and is already on equal footing with Hunter Stone, this cultivation maniac. It seems that Donovan Cross will still surpass Hunter Stone in the future!"

"As a cultivator from a low-level planet, it's indeed not easy for Hunter Stone to reach his current level!"

Hunter Stone's expression was serious. He extended his hand and said, "Then please."

Donovan Cross also made a gesture. "Please."

The two of them walked in front and arrived at Jordan's house together. The others followed closely behind.

After entering, everyone realized that Jordan and Evelyn were sitting cross-legged in the living room drinking tea.

After seeing Donovan Cross and the others arrive, Evelyn put down her teacup and said leisurely, “Mr. Donovan, Mr. Hunter Stone, you’re finally here. We’ve been waiting for a long time.”

Evelyn was quite good at pretending. She had clearly wanted to roll up the spiritual pill and run away just now. Now that she couldn’t run away, she said that she had been waiting for them. She looked like she was in a superior position.

Donovan Cross glanced at the two of them. “Oh? I didn’t expect it to be Vice Dean Evelyn from the Fairy Academy. The other veiled person is the tier ten genius, Miss Dawn, correct?”

Everyone started discussing.

“It’s actually Dawn! She obtained the Cursed Spiritual Pill first!”

“Heavens, I heard that not long after she started cultivating, she has already reached the Scholar Realm. Now that she has the Cursed Spiritual Pill, after taking it, she can at least reach the advanced Grandmaster Realm! In a few days, wouldn’t she enter the Unrivaled Realm and be on equal footing with Donovan Cross and Hunter Stone!”

“Her cultivation speed is too shocking. She’s simply inhuman!”

Jordan glanced at Donovan Cross and was extremely excited. The man in front of him was the enemy who had sent people to Earth to kill him! Not only that, he was also the fiancé of his wife, Levana!

Jordan wished he could kill him right now!

However, Jordan could not because he could not defeat him! The current Jordan did not have the ability to fight Donovan Cross at all. He would be killed instantly.

Jordan glanced at Hunter Stone again. When he saw his braid, he could not help but think to himself, 'Why does Hunter Stone still have a braid? Could he be someone from the Qing Dynasty?'

At this moment, Hunter Stone said, "Since Miss Dawn has already obtained the Cursed Spiritual Pill, let's leave this place. The game is over."

Donovan Cross said, "No, although the Cursed Spiritual Pill is in the hands of the Fairy Academy, it doesn't mean that we can't take it. Vice Dean Evelyn, I've always been friendly with your academy. If you're willing to take the initiative to give me the pill, I'll definitely repay you."

Evelyn knew that Donovan Cross was determined to get it. She said, "I can't make the decision on this matter. You can ask Dawn."

Everyone looked at Jordan.

Jordan took a sip of tea and said slowly, "I don't know why this Cursed Spiritual Pill suddenly came to me. I'm afraid of the backlash of the curse, so I don't plan to take it myself. If you need it, I'll give it to you guys."

Donovan Cross smiled. "It's best if Miss Dawn has such thoughts. Actually, I admire you too. If you're willing to give it to me, I'll definitely help you in the future."

However, Jordan shook his head and said, "Mr. Donovan, you probably didn't hear me clearly. I said it's for you guys, not for you. After all, there are so many people here, and you don't seem to be the strongest one."

Donovan Cross's expression immediately turned ugly. He glanced at Hunter Stone and said, "You want to give it to Hunter Stone? Hehe, you probably don't know, but this kid doesn't have any friends and has no value if you curry favor with him. He only knows how to cultivate. Who doesn't know that he's a cultivation maniac? Today, even if you give him a spiritual pill, in the future, if you obstruct his cultivation path, he will still kill you mercilessly!"

Hunter Stone also glanced at Jordan coldly, "He's right. Even if you give it to me today, I won't accept your kindness. Of course, if you give it to Donovan Cross like this, I won't be willing either. I'll snatch it from him."

Donovan Cross was speechless. "You..."

A cold snort left Donovan Cross. "Miss Dawn, you don't have to be afraid of him. If you hand the spirit pill to me, I have my own ways to deal with Hunter Stone. I won't let him snatch it away!"

Jordan nodded. Then, he picked up the Cursed Spiritual Pill and threw it at the two of them.

Donovan Cross was already prepared to receive the spirit pill. However, the spirit pill was not thrown in his direction, but directly into Hunter Stone's hands!

Everyone was shocked!

Donovan Cross was extremely surprised. "You... you actually gave him the spiritual pill?"

Hunter Stone and the others were also very surprised. He had already said that even if Jordan gave it to him, he would not appreciate it. On the other hand, Donovan Cross was not someone who would go back on what he said. As long as Jordan gave him the spiritual pills, Donovan Cross would definitely return the favor in the future.

Hunter Stone looked at Jordan with interest.

Jordan continued to drink his tea calmly. Then, he recited a poem, "The rolling Yangtze River disappears in the east. The waves wash away the heroes. Success and failure turn to nothing. The green mountains are still there. How many times has the sun set?"

This was a poem from the Ming Dynasty. If Hunter Stone was from the Qing Dynasty, he would definitely know this poem. As expected, a smile appeared on Hunter Stone's lips after Jordan finished reciting the poem.

“Good poem! Thank you, Miss Dawn, for your pill. We’ll meet again if fate allows!”

With that, Hunter Stone immediately flew away.

Donovan Cross, on the other hand, was furious. He glared at Evelyn and Dawn. “Your Fairy Academy treated me like this today. I won’t forget this!”

With that, Donovan Cross also flew away to chase after Hunter Stone.

Similarly, the others also followed, wanting to watch the battle between the two of them!

At this moment, Evelyn said anxiously, “Dawn, do you know that this will anger Donovan Cross?!”

“I want to anger him. Otherwise, why would I even be here?”
