Party Vibes

Ginny made it back to her house mates, excited about the news. She gathered everyone, spilling the news.

"Is 'easy like can-drink?" Seamus grinned on ear to ear.

"Don't be a fool, he has swimmers issues!" Ron went on to explain that's not on open. The start the ex-wife setting it up and would get us been cleaned my brain" Ginny said with a big smile.

Ron stomped his feet in glee. "So we have to send owls to get all the invites out? He got us running's got the punishment.

"Wish Ron there's some bad news." Ginny said.

"Oh no what is it?" Pauvet asked.

Ginny made a sad face back, "Most of course Harry and Malfoy are coming we can't have the party without them but... we are being forced to invite the rest of the 6th year Slytherin's."

Everyone groaned loudly with disappointment.

"Ahah! We can't have them at the party they are too horrible!" Ron came back over with a pack of parchment and envelopes.

"Common guys we can't discriminate... maybe it will be fine!" Neville chimed in. "They might just drink and leave us alone!"

Pauvet cut out, stomping in to the lavatory.

Seamus shrugged, knowing they had no choice. "So what time did Professor McGonagall tell us to go?" He handed Ron the red wax to seal the letters.

"It we have tons of time to set it up." Ginny responded. "All of us have to send out each house invite and then get ready. Everyone dressed!" She demanded, leaving for the bathrooms to clean up.

Ron groaned at the last of the news. "Stupid Slytherin's." He started writing the invites with Seamus.

Seamus shrugged it's again, opening the bottle of ink. "Common we got stuck writing it all." He opened the quill package, pulling them out.

Ron blushed, still fuming their little meeting freak in his mind. "I am write fast let me do that, you can lick the envelopes and use the wax."

Seamus leaned over, licking Ron's ear.

Ron gasped, wiping his ear a he looked around. "Seamus no!"

"I'll be asking for that favor tonight, so don't forget." Seamus winked, mixing the wax.

Ron turned his head, blushing wildly at Harry staring at him. "Don't stare." He looked back into the closet

Harry walked over, dipping his fingertip inside the elastic of Ron's expression wife. "Why shouldn't I?" He pulled it, snapping it against his skin. "I love to stare at you." He kissed his shoulder.

"Know stop that we have to figure out what we're going to wear."

Ron's misspoke

"Or what we're not wearing." Harry whispered seductively, slamming the closet door, pushing Ron to the wall.

"Harry!" Ginny gasped loudly, being pushed towards the bed. "He isn't ready to do." He pushed against him, losing. "He's so strongs Damns his strength!"

"We have time." He mutt, kissing his lips. "Don't fight it." He slipped his tongue inside his lips.

"Oh fuck it." He growled, turning Harry push him inside the curtains, kissing him eagerly.

Harry pinned Ron on his back in the middle of the bed, thinking a strap. He tossed his shirt, quickly doing the same with his jeans.

Draco moaned sharply as their lengths pressed together in only their thin briefs and boxers. "This is going to be our first party as a couple."

Harry took Draco hands in his own, sitting on his hips. "Are you excited? Or nervous?"

Draco thrusted his hips under Harry's ass. "I'm nervous, everyone will be there...but I'm excited to get with you." He said between his kisses, pushing up against him.

"It's nervous too." Harry pushed his face into Draco's neck, licking his tender flesh against his adams apple.

"Then I'm excited." Draco moaned, scraping his fingers against Harry's sides. "You always give me butterflies," he shakily said, wrapping his arms around his back.

Harry moved down to Draco's abdomen, leaving his fingers at the edges of his boxers. "You're so hard," he moaned, pushing his hand against Draco's erection.

Draco gasped, his cock twitching under the silk. "Why stilts?" He moaned loudly at a random swipe of Harry's tongue against the slit.

Harry moved to pull down the silk, licking the tip slowly. "You want me to take them off?" He exposed his mouth on the sides.

Draco's fingers caressed the sheets, pulling his cock up against Harry's face. "Don't tease!" He looked down at him, scratching up at his thin, his heart thumping.

Harry slowly pulled the silk down, discarding it to the side. "You're already dripping for me." He spread the pre-come around his cock with finger, gently blowing hot air on it. "Such a wet naughty Slytherin." He teased, kissing the underside of his tip.

Draco spread his legs with a shaky moan. "Oh shit sis that again!" He pleaded.

Harry kissed all down the underside, giving a few licks attentively on his balls. "You're such a slut for the kiss." He whispered against the skin, coming back up to cover the whole head in his mouth.

Draco groaned loudly, scanning Harry's shoulders. "Oh my god Your mouth!" He looked down at Harry's mouth wrapped around him, pushing up against him.

Harry slowly pulled off his mouth, discarding it to the side. "You're already dripping for me." He spread the pre-come around his cock with finger, gently blowing hot air on it. "Such a wet naughty Slytherin." He teased, kissing the underside of his tip.

Harry looked up as he sucked all the way down to the base, swaying his tongue around Draco's thickness.

Draco gasped as he felt Harry start to bob his head slowly. "Ahhhh!" He fell back down from the intensity. "Harry!" He moaned loudly at Harry's mouth, his abdomen tingling it waves.

Harry sucked just the tip, pumping Draco's shin in his hands. "You taste so sweet." He licked the slit at few times, pushing his lips over it.

Draco rose his breathing heavily, trying to catch his breath. "Harry I'm not ready to cum!" He pleaded.
