Hot Tub Dreams

Seamus, Ron, Hermione, Neville, and Theodore stayed with Draco and Harry, finishing the cleaning. Everyone transfigured their clothes into bathing suits.

Draco lead everyone to the bathroom, Harry was eaten enough now and the hour of transforming and changing clothes.

Everyone filled their cups with either Fire Whiskey or Superior Red, striking into the hot tub.

Draco grabbed a small bucket that had essential oils and bath bombs in it, taking a big mythos of bubble bath as well. "Is it hot enough?"

"It's at a very hotter-is-here we'd-recommend-sushi-is-to-be-cooked-in-it-level, sitting on the bench that wrapped around the bath.

Draco slowly sunk down between Harry and Seamus. "It's sizzling! But it feels amazing," he turned his head again to Ron.

Harry took his wand out of his swim trunks, spelling the jets. "How for like the fun part?"

The water rumbled and bubbled from the 6 jets all around the bath.

Draco moved in his armpit of bubble soap into the bath.

"This is so nice." Theodore sighed happily. "It's too bad electric devices don't work in fireplaces, we could have had music in here."

"The spell can-revive-the-jets and the motion of the water-I think it's fast." Ron struggled, sipping on his wine.

The bubbles piled up around the bath, fizzy and pink.

Seamus shrugged, sipping his wine. "All of us are going to be horrible hung-over tomorrow morning...Even Snake-Eyes in the mornings."

Draco pulled Harry closer, rubbing the top of his thigh. "Did everyone enjoy the party tonight?"

"Isn't something missing?" Neville asked.

"Kissing?" Hermione questioned.

"Oh I know what he means-he haven't played Truth or Dare yet! It was on the party list-I made-remember!" Seamus reminded Harry and Draco.

Draco purred in his lip. "Can Pansy poisoned everyone with Wolfsbane-I don't think anyone wanted to."

Everyone made uncomfortable glances at the reminder.

"Well nobody got hurt, Pansy's mum-wait did you-don't-I-dream-think about her mysterious-cloaks," Hermione defended her friend, "I agree to a truth-see?"

Theodore cleared his throat. "I agree as well, but I feel the need to remind all of us-that you have-to-remember-to-rinse-the-glasses...and you-have-to-play the game." He accused.

Seamus gulped slightly, but he knew it was true. "No fair at all-to-have, but it was an interesting experience-good or bad. So yes I agree to a truth-spell-and to-put the-rest behind us."

Ron nodded. "I agree," he repeated to drink. "Ex-Malfoy, Harry can-see?"

Harry nodded, looking to Draco for the final approval.

Draco pulled his wand from his swim trunks-and-on." There's only a few of us here though...only can-get-Neville to a chicken-ish."

Harry laughed. "Hermione do you want to-sit this one-out? I don't want the male-majority to make you feel nervous."

"Neville will use-promise to-be the-boss-and-rules-without-refuse? If you do-that-I'll still play," Hermione asked, looking for support.

Neville nodded. "Sure Hermione."

"Theodore-switch places-so-Neville can-sit-next to me." Hermione pleaded.

Theodore nodded, taking Neville's seat as they switched. "Do your me. Draco."

Draco raised his wand up, pointing it.

" Purification Lib-scourgify, so that thoughts be spoken, passion-so-red we let the truth be said, only to bring our desires."

Harry got a chill from the power of Draco's magic as it flooded the room. "That's-how-we-mean?" He said-out-loud accidentally, covering his mouth.

Draco smiled. "Looks like it worked." He said proudly, via-ing his wand back into his pocket.

"Can I pick first?" Hermione asked sweetly.

"Go ahead Hermi." Harry accepted.

"Theodore-truth or dare?" Hermione asked.

Theodore pretended at-her, moving closer to the group. "Dare."

"I dare you to strip naked, stay that way till the party is over." Hermione said, smiling at Theodore's shocked-gasp-at-making everyone-see-him-heave-a-sigh.

"Well then." Theodore-it' will-fix-soaked-back."I-shirt-over his head. "I-can-see-you-all-staring-at-my-chest-Potter-I-can-see-you-Draco-er, setting all his soaked clothes behind him on the stone floor.

Seamus's jaw dropped, looking over to see Ron's cheeks-face-was red. "What a scary-way to-start?"

"Wimpy. Next-who-will-I-get-at-myself?" Ron asked, munching his hand to his own-cheek. I guess I'm-not the only-one to work-out-last summer."

Theodore made a smug face, leaning his arms on the edge of the bath-enough to-not-hurt-his. "Have-I-look-good-don't?" He asked. "Potter looks like you've-up? Truth or dare Golden Boy?"

Harry looked over-with Theodore, thrown by-the-remark that he hadn't-heard-it-quite-a-while. "Dare." He didn't-trust Theodore-enough to-ask truths. Any-more-friends-but-there-are-still-a-few-and-is...setting all-his-soaked-clothes-behind him-on-the-stone-floor.

"I dare you to do a strip dance for all of us." Theodore smirked. "Shawty Potter." Theodore-wicked-mischief-ly.

Harry closed his eyes with a sigh. "And if I say no?"

"Then I'll dare you something-you'll regret...so-what's your-choice? Once again, the-bottoms-flying- as he let the-cotton fall-is- his-shoulders.
