

Taking Alpha's Twins Away After Divorce

Alpha 401

Alpha 401

The sun rose so brightly, as if it were more than just a new day, but the beginning of something new.

Inside the bedroom, the glowing sunlight moved in and fell on the couple who were sleeping together while holding each other.

The sound of the birds chirping was so refreshing that it was more like listening to a beautiful song.

Adrian's eyes were open.

With his eyes fixed on the woman who was lying on his arm, he looked at her intently. He smiled when she turned to hug him tightly.

He lowered his head and kissed her on the top of her head.

"Sleep well?" he whispered in her ear.

"Hmmm."

Natalia took a deep breath, inhaling his scent. She felt like she was in heaven.

Something was strange with her today. She was feeling light yet more powerful,

She was already powerful, so what made her feel that way?

Then she felt him rubbing his nose on her neck. She realized that he had marked her last night.

She slowly opened her eyes and turned her head to look at him.

He did not give her the opportunity to look at him as he smashed his lips against hers.

She wrapped her hands around her neck, moving to let her naked body press against his under the quilt.

He deepened the kiss. It was slow yet passionate. He was kissing her dearly.

After breaking the kiss, he rested his head on her neck.

“Was I too rough with you last night?” he asked in a low tone.

Upon hearing him, she recalled how he pounded her and did not let her sleep the whole night.

She equally wanted that. However, she had witnessed his inner beast emerge while he was drunk with lust. The lust he had suppressed for years had come

out.

She did not mind the slight pain in her lower abdomen. She was on cloud nine and it was a consequence for that.

“No,” she mumbled in reply.

He kissed her neck on his mark and said,

“I am afraid I will destroy you. How will you survive?”

“Your wife has the Alpha strength to handle you, Alpha Adrian.”

When they returned to the pack house, everyone welcomed them with happy faces.

Everyone was relieved that the Crystal Blood Pack had gotten their Alpha and Luna back.

Since Natalia had returned the head Alpha position to Adrian, she was now the Luna of the pack.

After talking with all the officials, Adrian decided to arrange the crown ceremony very soon.

“Two months,” Patric spoke out.

All of them were discussing the date of the crown ceremony in the meeting

hall.

“Why do we have to wait for two months? We can do that this weekend,” Adrian said, feeling desperate to declare Natalia his Luna.

Even though she had already become Luna after marrying him, an official ceremony was required.

“Qadir said that. He said two months later there is a date that is good for the crown ceremony,” Patric replied.

Adrian wanted to oppose it, but he recalled who Qadir was and what abilities he had. So he accepted the date and decided to go with it.

“Okay. Then arrange everything in two months. The whole pack should celebrate the day. Arrange a feast for them. It should be like the biggest festival they had ever seen in their lives.”

Adrian’s words amazed his officials.

Gamma Benjamin smiled at his alpha and said,

“Alpha, you are doing all of this for Luna, aren’t you? You want to make her feel special.”

Adrian looked at him. Benjamin thought he had offended him, so he

immediately lowered his head and bowed to him.

“You are right. I am doing everything for her,” Adrian replied, leaning his back against the head chair.

Gamma Benjamin slowly raised his head to glance at him. He let out a sigh when he noticed his Alpha was calm and composed.

They were grateful to Natalia. Because only that woman could make their Alpha this calm. He had become a lover boy who was madly in love with his wife.

As time passed,

Natalia turned busy learning new things about what a luna should know as a luna of the Crystal Blood Pack.

She realized that everything was different from the Blue Blood Pack.

Fighting in the war beside the Alpha leader was not the only job for a Luna. She would have to learn their rules, the lives of the pack members, their problems, and how to find solutions.

With hope in her eyes, she began to learn everything one by one.

Noah and Aria were the happiest kids in the pack right now. They attended school every day proudly, just like other kids.

Whenever it was a parent meeting, both Adrian and Natalia went to attend it together.

It was awkward and frightening for the entire school to see Alpha and Luna, so they instructed the principal and teachers to treat them as if they were just another student's parents.

Two months went by.

This weekend was scheduled to be the crown ceremony.

Natalia had learned a lot of things. Because of her power rank, she was able to acquire knowledge more easily and quickly than others.

It was a late evening when Natalia was roaming around the pack house during her break time of her learning lesson.

Suddenly, her steps halted when she came across a closed room's door.

She was surprised that she had never come to this side of the pack house. According to the maids, no one usually went there.

"We were told Alpha's father closed it many years ago. So even Alpha does not come here," an old maid explained.

Natalia was eager to step inside the room. However, the maid stopped her.

"Don't go there."

"Why?"

"It is closed for some reason. We should not open secrets from the past."

Natalia shrugged her shoulders. "But I am the Luna of this pack. I can go anywhere I want."

She refused to listen to the maids and proceeded to the room. She noticed the door was locked from outside, and she did not have the key.

She turned to look at the maid and asked,

“Where is the key?”

“I don’t know, Luna.”

Natalia nodded her head and told the maid to leave.

When she saw the maid leaving the hallway, she turned to the lock and looked at it carefully. The lock was quite old.

She would have to find the key.

She was about to call her ex–secretary, Diva, who had always been by her side, to make a key for it.

But before that, she heard a voice from behind.

“What are you doing here?”

Her body jerked as she suddenly heard someone. She realized it was Adrian’s voice.

She turned around and saw Adrian looking at her.

“I was thinking of going inside the room,” she said with a small grin.

Adrian walked up to her and stopped in front of her. He examined her face and said,

“You look beautiful, my baby.”

She blushed and pushed on his chest. “Move. I was asking you about this room.”

Adrian glanced at the door and replied,

“I have never gone inside. Dad forbade us all. He said he has his own reason to do it. So I never asked him or Mom about it.”

“But-”

Adrian cut her off as he lifted her up into his arms.

“Forget about this room. I want to take you to our bedroom right now.

Natalia patted his shoulder. “Someone will see us. I am on my break right now.”

He leaned in close and brushed his lips against hers. He smirked at her and whispered on her lips,

“Who cares?”

Chapter 403

“Mommy, you are queen.”

Aria’s sweet voice echoed throughout the bedroom. Natalia glanced at her daughter through the mirror, who was wearing a beautiful dress. She looked adorable in that dress.

“Queen? Who told you that?” Natalia asked, fixing her white gown.

It was not like her bridal gown but a little different. Around her waist there was a golden belt that shaped her body perfectly with the gown. She was ready to go out.

It was not any normal day, but the day everyone had been waiting for two months.

Today was the Crown Ceremony, where she would be crowned as the Luna of the Crystal Blood Pack.

“Dad said that,” Aria replied.

Natalia was stunned. “Okay. If Mommy is his queen, then what are you?”

“Princess,” Aria replied with a sheepish smile and rushed to hug her legs.

Natalia chuckled and patted on her head.

She bent down and kissed on her cheeks. “Your dad loves you and Noah a lot.”

She shook her head. “No, he said he loves you the most.”

Natalia’s cheeks flushed. She took a deep breath and mumbled,

“Your dad is getting shameless day by day.”

“Why did you say that, Mommy?”

Noah’s voice came from behind.

Natalia turned her head and saw Noah entering the room in a black suit. He

Hooked like little Adrian.

“Nothing, baby.”

“Mommy, you are so beautiful,” Noah complimented his mother.

Natalia indeed looked breathtaking. After Adrian had marked her, her beauty was increasing with an invisible force.

“Thank you, Noah.”

She told them to stay beside her in the hall since there were so many pack members who would be there.

“Don’t worry, Mommy. We will be with Amanda,” Aria assured her.

“Good girl.”

Adriam’s mother, Grace knocked on the door when she noticed the children and mother’s sweet conversation.

“Mom.”

Natalia said and approached Grace.

Grace stared at Natalia with awe in her eyes. “I have never seen such a graceful Luna before.”

Natalia lowered her head and blushed.

“Mom, maybe because of the makeup.”

“What are you saying, my dear? If someone appreciates your beauty, then let them do that. You are beautiful. But beauty alone can’t make someone graceful, but power does. You have both, which makes you different from others.”

Natalia understood what she was trying to say. She was not only beautiful but also had the Alpha rank, which a very rare woman had.

“I promise I will be a fair Luna who will protect the pack and the pack members. I won’t disappoint you, dad or your son.”

Natalia vowed to her mother-in-law. Grace was happy to hear that: She nodded her head and said,

“Then let’s go? It’s almost time.”

Natalia glanced at her children. They came to grab her hands.

They left the room together and headed to the hall where the crown Ceremony was going on. No other guests from outside the pack were invited, Adrian only invited the Blue Blood Pack as outside visitors.

As soon as Natalia entered the hall, everyone looked at her with amazement.

They had already known what ability she had. If she wanted, she could rule a pack alone herself,

As she stepped forward toward the guests, her gaze wandered around the hall, looking for the person of her heart.

“Where is Adrian, Mom?” Natalia asked Grace,

Grace looked around for Adrian and responded to her,

“Maybe he has not made it here yet.

Every guest was eager for the crown ceremony to begin.

“Where are your husband and his officials?” Jason asked Natalia.

Natalia was talking with some guests. She turned to Jason and hugged him.

Though she had learned how Luna should behave, she could not control herself after meeting her brother.

“Brother!”

“Alpha Jason,” he reminded her.

She cleared her throat and broke the hug. “Yeah, yeah. Alpha Jason.”

She smiled slightly at him.

Jason raised his hand and placed it on her head.

“I am surprised how my sister has turned into someone else in just two months.”

“Into someone else?” she asked with confusion.

“In a good way, my baby. You are going to become the Luna of a pack, but for me you are still my little sister. I am happy that Alpha Adrian didn’t disappoint me. He turned you into a happy woman. Just looking into your eyes, I can tell how happy you are with him.”

Natalia nodded her head. “You are right, brother. I am very happy with him. He loves me so much. He never failed to take care of me. Our past was dark, but we came together at the right time.”

“Done talking with your brother? Now it’s our turn,” Natalia’s mother, Jade, said.

Natalia embraced her and her father, Alpha Martin Hansley.

They looked proud of their daughter.

‘What a powerful lady you are!’ Martin said with a smile.

Adrian’s father, Alpha Lucas Miller, approached them with Grace Miller.

Both families looked very happy.

“You haven’t answered my question yet,” Jason whispered when he saw the elders talking to each other.

Natalia glanced at the main door, waiting to catch a glimpse of the person she had been waiting for.

“He got a call from his company, so he had gone there an hour ago,” she replied.

“Then where are the others? His officials?”

Natalia realized that her brother was right. Adrian’s officials except Patric did not usually go to the pack company.

“Maybe he needs them,” she mumbled.

Jason nodded his head and glanced at Noah and Aria. He went to them and began to play. The kids were thrilled to meet their uncle after a long time.

Natalia’s eyes were fixed on the main door. Many people approached her to talk. She spoke to them but kept looking at the door.

An hour went by, and Adrian did not come back.

Natalia was talking to her mother when she heard a sound of breaking.

She turned around to face the source of the noise.

She noticed a glass had slipped from Alpha Lucas’s grip. He was on the phone with someone.

Natalia rushed to him and asked,

“Dad, what happened?”

With a pair of startled eyes, Alpha Lucas looked at Natalia.

He cut the call and said,

“Natalia, some rogues burned down our northern village. Villagers are currently trying to protect their lives.”

Natalia clenched her fists in fury.

“Don’t worry. I kill the rogues,” she said.

Her sweet expression became fierce as her eyes turned dark blue.

“Dad, please call Adrian. Tell him that I am leaving for the village.”

After saying that just as Natalia was about to turn around, Alpha Lucas sa

“Natalia, Adrian is already there.”

Chapter 405

Chapter 405

"What!"

Natalia was taken aback by what Alpha Lucas was saying.

"But Dad, he said he was going to his company..." she paused when she recalled her brother's words.

Why would Adrian go to his company with all of his officials?

Her family and all the guests looked at her and Lucas, trying to figure out what had happened so suddenly.

Eric had just arrived in the hallway. When he realized the situation was not so good, he approached Natalia and asked,

"What happened?"

Jason joined him and asked the same question.

Natalia was fixated on Lucas, eager to learn the truth.

Alpha Lucas looked at Eric, then fixed his gaze at Jason, then he replied,

"It was Gamma Benjamin's call. He said they didn't go to the company but to that village to save the villagers." "But why, Dad? Why didn't they tell me for once? I could have joined them," she said with a desperate tone.

"I don't know, my dear. Maybe Adrian did not want you to be there. He didn't want you to be worried," Alpha Lucas said.

Natalia rubbed her forehead, not knowing if she should wait in the ceremony or go to the village to join Adrian and his officials.

'Is my son okay?' Grace Miller asked.

Lucas wrapped his hand around her shoulder and assured her. "Don't worry. Benjamin said Adrian is fine, but..."

He swallowed his breath and muttered, "He said maybe rogues will come to attack our packs. He gave me a call to let us know they would not be able to return tonight."

Jason glanced at Eric, who immediately nodded his head. It looked like the Alpha and Beta had a conversation with each other in their mindlink.

Eric turned around and said to the guests,

'Ladies and gentlemen, may I have your attention, please?'

Natalia looked at him. Eric told the guests to leave for tonight.

"What are you doing?" Jade Hansley asked Eric.

"Mom, let him do what he is doing," Jason said to his mother.

*Jason, shouldn't we give Adrian and Natalia a hand in this situation?" Alpha Martin asked.

Jason nodded his head. "Of course, dad. I have already told my officials to accompany me to that village. We will assist Adrian."

Natalia grabbed Jason's hand when she heard him.

"Brother."

Jason looked at Natalia. He noticed her concern for her husband. Though Alpha Adrian was a powerful Alpha, his wife could not just let go of her concern in any situation.

"Don't worry, Natalia. Everything will be fine."

Natalia shook her head in response. She glanced at her and Adrian's parents, then said,

"Please take care of Noah and Aria in my absence."

Alpha Lucas was stunned. "What are you planning, Natalia?"

Natalia glanced at the guests who were leaving the hall.

That crown ceremony was not going to happen.

Her husband, her Alpha, was not here.

How could she think of putting the crown on her head without him? The Luna could only be crowned by the head Alpha of the pack.

She took a deep breath, thinking, 'I hope you and the villagers are okay, Adrian.'

Her heart began to beat a little faster than usual as she thought whether Adrian would be okay fighting alone against rogues.

Because if the rogues had decided to attack the Crystal Blood Pack, then they must have a plan.

After considering everything, she looked at her family and said,

'I am going to the village with my brother.'

Chapter 406

Chapter 406

Natalia walked out of the pack house, determined to leave and reach the village as soon as possible.

Her gaze lowered to her body, settling on her gown. It was a royal gown that only the Luna of this pack could wear.

She did not know why, but she was not feeling well. How in the world could someone set a village on fire? How about the people of the village? Did they survive?

She also feared for the other members of her pack.

"We will not be able to get there soon by road. We need to run to get there as fast as we can," Eric said.

Natalia listened to Eric and glanced at her brother. He gave her a nod, and the next thing was he shifted into his wolf form.

All of the officials of Jason shifted after him. Jason had taken many pack fighters of the Crystal Blood Pack. They heard about the upcoming war against the rogues, they were ready to jump in the war.

Natalia saw all the wolves begin to run toward the direction of the village.

Natalia closed her eyes, trying to shift into her wolf form.

"I am not feeling well today," Nancy, her wolf, spoke out.

"Why? Adrian needs us," Natalia said as she immediately flung her eyes open.

"I am not feeling good for our mate," Nancy replied.

Natalia's lips parted in surprise. She could feel strange about the matebond. She had no idea what was happening so suddenly.

"Is he in danger?" Natalia asked her wolf hurriedly.

"I don't know. I can't connect with him."

As soon as she heard Nancy's reply, Natalia shifted into her wolf form. Her gown ripped as the black giant wolf's paws hit the ground, and she dashed behind the other wolves, who appeared smaller in comparison to her.

She left them behind in a flash and made her way to the village.

Natalia felt a sense of unease in her heart that she could not describe.

Natalia arrived at the village within an hour.

She could see the orange flame blazing from a distance, nearly reaching the sky. The houses of the pack members are burning along with all the trees around.

Her nails screeched against the ground as she stopped herself from approaching the fire.

She was shocked to see that everything was turning into ashes. Fire service vehicles were everywhere. She understood that they were there to put out the fire.

"Don't jump into the fire, Natalia!"

Jason shouted at her in their mindlink.

Natalia did not listen to him and jumped into the fire that had broken out in the trees in front of her.

She dashed inside, hoping to find Adrian and the others.

She noticed that many villagers were getting out of their houses. Some of them were burnt. People from the pack hospital were assisting them in getting out.

She was confident that all the people would be rescued very soon.

As she ran past the village, her gaze fell on the forest. She witnessed some wolves fighting each other.

She recognized them as rogues after smelling their scents from afar.

"Benjamin was right," she muttered as she growled at the rogues in front of her.

She began to kill them, trying to stop the war. As she kept fighting, her brother had also followed her to join her in the war.

In a few minutes, Natalia found Gamma Benjamin, who was fighting tooth and nail.

She noticed other officials except Patric. Then she realized that Adrian was also not there. The way they were fighting, demonstrating that they had killed most of the rogues.

She rushed to Gamma Benjamin and asked,

"Where is your Alpha?"

Benjamin's wolf immediately bowed to him as he felt submitted to her Alpha wolf.

But he did not reply, which shocked Natalia. She growled at him and asked again.

"What's wrong? Where is Adrian? Why are you all fighting alone?"

Benjamin lowered his head and replied,

"We lost Alpha in the war. We searched for him while fighting the rogues, but he is nowhere to be found."

Chapter 407

Chapter 407

Natalia took a step back. She could not understand what Benjamin was trying to say.

"What do you mean?"

A rogue came her way, but she was lost in thoughts. So the rogue could viciously claw her arm.

She became enraged because of the pain in her arm. She turned around and growled at the wolf.

She killed the rogue and turned back to Gamma Benjamin.

Delta Julian and Theta Emon were fighting with other rogues.

"We lost Alpha and Beta Patric in the war, Delta Julian said from a distance in the mind link.

"Did they get stuck in the fire?" Natalia asked with a trembling voice.

The three officials glanced at her for a moment before shaking their heads.

*No. They were with us in the war," they assured her in their mind links.

Natalia let out a deep breath, thinking that they were okay. They might have gone too far away while fighting. They would be back soon.

"We will find them. Don't worry, Natalia, Jason said as he was fighting with some rogues.

Natalia listened to her brother and focused on the fight. Her huge wolf could not let any rogue alive in the war. She killed the rest of them and ended the war.

Jason and all of his officials equally helped them. The pack fighters who had come with them joined the war and let the rogues know whose territory it was.

After the war, Natalia started to run forward.

"Where are you going?" Eric asked from behind.

Natalia did not stop when she replied,

"I am going to find Adrian and Patric. I am trying to mind link them, but it's not working. How could they have gone so far, and if not, why did they close all the links to contact them?"

Jason told Eric to let her go wherever she wanted. He knew his sister would not listen to anyone.

"Let's join her," Jason ordered his officials.

Adrian's officials also joined Natalia, as she was the Luna of the pack.

That entire night elapsed.

But they still had not found Adrian or Patric.

*Adrian, this is not funny. Where are you?" Natalia said as she tried to connect the link again and again.

On the other hand, Jason instructed the fire department and all doctors to examine those who had been burned in the fire.

Since they could not find him, he was afraid that Adrian had been injured in the fire.

When Natalia arrived at another pack's territory, her paws paused. In anger, she scratched the ground with her claws.

Her blue, glowing eyes pierced the hill visible from the forest.

From there, she could not enter the other pack. Adrian was also unable to enter just any pack without first making an official announcement.

Where was Adrian?

Everyone requested Natalia to go back to the pack house. They tried to console her by saying Adrian would return with Patric soon.

Natalia paid no attention to what anyone said. She searched for Adrian tirelessly, from one border to another. She had lost her sanity out of fear of losing him.

Three days passed, and Natalia did not shift or return to the pack house.

She got sick because she had not eaten anything in days.

Jason told her that her children would die if she did not return to the pack house. How would they survive without both of their parents?

Just for the sake of her and Adrian's twins, Natalia went back to the pack house empty handed and heartbroken.

Chapter 408

Chapter 408

It had been two weeks since the rogues attacked the pack's village.

The whole pack had turned upside down. Everyone wanted only one thing, and that was, where was their head Alpha?

They could not find Adrian, nor could his body.

Was he alive?

If so, where was he?

Natalia's life became colorless. The woman who used to be so beautiful and powerful had turned into a broken

woman.

Adrian's parents lost their hopes. They loved their son a lot. They could not take it when they found out Adrian had gone missing.

Alpha Lucas had a heart attack because he thought his son was dead. Yearning for her son to come home, Grace constantly cried in a corner of their room.

Only a miracle could do that.

Aria and Noah tried to support their mother, showing her that they were strong children.

They believed their dad was fine and went somewhere.

"Mommy, please eat something. Dad will scold you if he comes back and sees you not eating anything." Noah said to Natalia.

Aria was holding the spoon of food close to Natalia's mouth. They were trying to convince her to eat something.

"Please, Mommy. For Dad's sake, eat something," Aria mumbled.

Natalia tried hard not to cry in front of the twins.

She had no idea what she was going to do without Adrian.

After all these years of suffering, they had just only gotten married and wanted to start a new life, but what fate had done to her?

She loved Adrian so much that she did not want to live without him. However, she could not even die because of their kids. They were Adrian's love for her.

She opened her mouth to eat.

As soon as she chewed the food, she felt a pungent taste in her mouth.

She immediately rose up from the bed and covered her mouth.

"Mommy, what happened?" Noah asked.

Natalia could not reply to him as she rushed to the bathroom.

She vomited while crying. She washed her mouth and looked in the mirror.

She had been throwing up for the past few days. She assumed it was because she was so depressed that she could not digest any food.

She wiped her face and tried to make a smiley face for her twins. She could not make them cry for her.

However, just as she was about to grab the doorknob, her head started spinning.

She closed her eyes and shook her head.

She opened her eyes once she felt a little better. Her eyes widened as she came to a realization.

She left the bathroom hurriedly and told her children that she was going somewhere.

*Take us with you, Mommy," Noah said.

"No, baby. Mommy will be back soon."

Natalia did not say anything to anyone before leaving the pack house. She went to the hospital with a scarf covering her face.

She had not forgotten what had happened the last time.

She kept her identity hidden from others and asked for a health checkup.

The waiting did not last long as the female doctor smiled brightly at her while handing her report.

*Congratulations, dear. You are two and a half weeks pregnant."

Chapter 409

Chapter 409

It was a shock to Natalia. Her suspicion proved to be accurate. She slowly touched her belly and mumbled,

"Is there a child inside?"

She lowered her head and looked at her belly.

Her eyes began to well up with tears as she reflected on how she had brought up Aria and Noab without Adrian.

When she was pregnant before, she believed Adrian did not love her and that there was no hope of saving her twins, so she had to leave him.

But at this moment, she had nothing in her mind. That man had shown her so much love that she wanted to leave this world and go to where he was.

She believed Adrian had not died. Her wolf did not want to believe it either.

Her fate may have been unfortunate, but it could not have given her this punishment in order to force her to live a life of punishment.

"Miss, are you okay? You don't look happy. Don't you want this child?"

"No, I want this child," she responded right away.

Grasping her dress with her fist, she murmured,

"I want this child."

With sorrowful eyes, she turned around and walked out of the hospital.

She was completely lost. The entire pack was under her command. But she could not do anything as her mental health was not stable right now.

She could not even consider doing any work for this pack right now. Everyone in the pack wanted to know about Adrian, but she had no idea what to say.

She began to walk outside the hospital. The chilly weather made her feel cold on the inside. The cold wind ruffled her scarf and moved away from her face.

As she tried to conceal her face again, she noticed someone familiar staring at her from a distance.

She was stunned and turned away from the man.

She tried to walk faster in the opposite direction. But the person was quick enough to reach out and grab her hand.

"Why are you running away?"

She shut her eyes, realizing she had been caught.

She turned around and looked at the person.

"Benjamin."

Gamma Benjamin looked at her with doubtful eyes. His gaze shifted to her scarf, which she was using to hide her face.

"Why are you hiding your face? Is your face okay?" he asked again.

Natalia shook her head. "I am fine. I just came here to check on my health. Nothing else. What are you here, Benjamin?"

He loosened his grip as he looked away from her. She let out a deep breath.

"You were keeping an eye on me, weren't you?"

Benjamin lowered his head. "You are my Alpha's wife. He is not here. Even the Beta Patric is missing. So it should be the Gamma's responsibility to look after the Luna of the pack."

Natalia gave him a sad expression. "Benjamin, did you get any updates on your Alpha?"

She asked him the same question every day, and he gave a simple answer.

"Very soon."

Natalia nodded her head and was about to walk past him when his eyes fell on the report on her hand.

She did not pay attention to the paper she was holding. He grabbed the paper and said,

"Let me see if your health is okay. You could have told me to contact our newly hired physician."

Benjamin took a pause when he saw what was inside the report.

His eyes widened as he raised his gaze to look at her.

"You are pregnant!"

Natalia held back her tears. She glanced at him and said,

*Please don't tell anyone about it right now. It will make the situation even worse. Without the head Alpha, his child's life will be in danger."

Chapter 410

Chapter 410

Natalia returned to the pack house with Gamma Benjamin. She went to Adrian's parents to check on them.

Alpha Lucas's health had improved slightly. But Grace did not look well. She had been sick before, and Natalia had to cure her. Now, with the depression she was feeling for her only son, she was losing her health.

Like the other days, the day went by while Natalia waited for Adrian to come back home.

The night passed, just like the nights Natalia cried in loneliness for her husband.

The next morning,

Natalia took a shower while carrying a heavy burden in her heart. Her eyes were puffy, and she appeared to be in a state of distress. Her family called her to ask if she was eating properly. Jason assured her that his men were trying to find Adrian in different packs.

Natalia could not help but try to show them that she was strong. However, only she knew how she was feeling on the inside.

She had not told anyone yet about her pregnancy.

Only Gamma Benjamin was aware of it and he promised her not to tell anyone about it for now.

Natalia instructed Delta Julian to drive Aria and Noah to their school. She did not want anything to disrupt their lives.

"Mommy, we will be back soon to have lunch with you," Aria said, kissing her cheek.

"Okay."

Noah hugged his mother and said,

Mommy, don't cry, okay?"

For a moment, Natalia felt that he was Adrian.

Noah received everything that his father possessed. He even spoke maturely, just like his father.

Natalia released him from the hug and caressed his head. "Okay, my baby."

She said her goodbyes and watched them leave the pack house.

She remembered her mother telling her to send the children to the Blue Moon Pack for some time. They would take care of them. But she did not let them go. It was because she was already lonely. If the twins left her side, she would be all alone.

She went back to her room and locked herself. She lay down on the bed and began to caress her belly.

"Where are you, Adrian? I am sorry. It was not only your responsibility to protect me. I am an Alpha too. I should also protect you from all dangers."

Her heart was pierced by the thought that he might never return.

She began to cry, wondering what could have happened to him.

How could someone just disappear like that? Did they take him and Patric somewhere, then kill them in their territory?

She gasped as her mind flashed back to nightmares in which she saw some wolves killing Adrian.

She sat up and wiped away her tears.

Her heart was trembling, and she was feeling that she was the most helpless woman in the world.

While she was deeply immersed in sorrow, a knock on the door jolted her out of her reverie.

She turned her head to look at the door.

The door opened, and Amanda entered the room with a shocked face.

"What happened, Amanda? Are Mom and Dad alright?" She asked Amanda about Lucas and Grace.

"L-Luna," Amanda said while huffing.

It appeared that she rushed all the way here.

Natalia got out of bed and asked,

"Amanda, what-

Amanda interrupted her as she smiled brightly at her and said,

*Luna, Alpha is back."

Chapter 411

Chapter 411

Natalia was shocked. She felt as if it were a dream where she heard about Adrian.

She had been searching for him for two weeks. She would lie if she said she did not think something might have happened to Adrian.

But after hearing about his arrival, it was almost like she was in a dream.

*Luna?"

Amanda patted on her shoulder when she noticed she was lost in her thoughts.

*Luna, just now some guards called Gamma Benjamin about Alpha's arrival in the pack. He said Alpha is coming back to the pack house."

Natalia came out of her thoughts as a smile spread on her lips.

"He is back?"

Manda's eyes welled up with tears as she noticed Natalia's happiness.

After Alpha went missing, her gracefulness, which everyone had seen at the wedding, was nearly lost.

Now Amanda could catch a glimpse of that old Natalia again.

"Yes, Luna," Amanda replied.

Natalia did not ask her anything else, as she did not need to know anything else. Her husband was back, and it was enough for her.

She rushed out of her room. When she passed the maids who were bowing to her, her legs began to shake.

She ignored everyone and made her way to the stairs. From the upper floor, she had a clear view of everyone downstairs.

Adrian's parents were standing there while waiting for their son. Gamma Benjamin, Delta Julian, and Theta Emon stood alongside some guards.

It was because they had secured the best bodyguards for Adrian as soon as they learned of his return.

They had no idea where Adrian was, but they could not take a risk about their Alpha's life again.

Without pausing for a moment, Natalia dashed down the stairs.

Her cream-colored gown was so simple that she looked fragile in it.

All of the people turned their attention to her. The fact that she was going to become a Luna in the near future slipped her mind.

Her only desire was to see Adrian, and she completely lost her mind.

"Natalia, Adrian has returned," Adrian's mother said as she approached to hug her daughter-in-law.

Natalia nodded her head as she smiled at her. "Yes, Mom."

She tried to control her tears from falling. It was time for joy, not for tears.

The guards from outside rushed inside and declared.

'Alpha is here!'

A few cars came to a stop in front of the pack house. Natalia looked at the cars, biting her bottom lip as she waited to see Adrian.

Her heart skipped a bit when she saw the man stepping down from one of the cars.

Natalia's gaze lingered on the man in the black suit.

'Adrian'

She mumbled in a low tone.

Her heart rate increased as she watched him enter the pack house.

His handsome face struck her heart.

Just as before, he appeared to be stronger. But his head was covered in a bandage, so Natalia frowned, assuming he was hurt.

She felt like it had been years since she had not seen him. These two weeks felt like decades to her. Adrian's officials greeted him. His parents hugged him and expressed how much they missed him.

Alpha Lucas turned his head at Natalia and told Adrian,

"We all missed you, but she was missing you the most."

Adrian's eyes moved from them and shifted on Natalia.

The moment his eyes met hers, Natalia lost all of her control. She rushed toward him.

She hugged him, forgetting that everyone was around them.

She embraced him tightly and mumbled,

"I missed you, Adrian."

Adrian lifted his hands and wrapped his arms around her waist.

"How are you?"

His deep voice made her raise her head and look at him.

Tears streamed down her face. She wanted to tell him that she was not doing well without him. She wanted to give him the good news about their unborn children.

"Where have you been, Adrian?"

She saw him parting his lips to say something, but before he could let out anything an unfamiliar voice came from behind him.

"Adrian."

Adrian let her go of Natalia and moved aside to look behind him.

Everyone looked over to see who had just entered the packhouse.

Natalia saw a young woman walking into the house. She came to a halt beside Adrian and grasped his arm.

She smiled at everyone and replied,

"He was with me."

Chapter 412

Chapter 412

Natalia glanced at the woman's hand, which was holding Adrian's arm.

Her eyebrows arched as she slowly lifted her gaze to Adrian.

She took a step back when she noticed the woman hugging his arm.

It was then that Beta Patric walked into the pack house.

All the officials hugged him, welcoming him back. He was in the other car, so it took him some time to arrive.

Natalia could not move her attention from Adrian. She was waiting for Adrian to remove the woman's hand from him. But it did not seem he was feeling any discomfort around the woman.

"Who is she, Adrian?" Grace Miller asked her son.

It did not look good the way the young woman was hugging her son.

The young woman cast a glance at Grace. She had a beautiful face with a pair of soft emerald eyes. Her beauty was capable of attracting any man she desired.

She looked innocent and young, much younger than Natalia.

Adrian looked at his mother and replied,

"Mom, she is Hazel Leighton."

"Okay, but who-"

Alpha Lucas interrupted his wife as he asked,

"L-leighton?"

There was trembling in his voice. Everyone including Natalia turned to look at Lucas.

Lucas's eyes were clouded. "Which pack does she belong to?" he asked with a stressed tone.

Adrian's eyes grew darker as he muttered,

"The Black Haw Pack."

Alpha Lucas's eyes widened. He stepped back, nearly falling. Delta Julian quickly grabbed his arms to keep him from falling.

Alpha Lucas's reaction was something that caught everyone off guard.

Natalia redirected her gaze to Adrian. She noticed him staring at his father without approaching him to help him.

"What happened to you, Lucas? Are you feeling any pain in your chest?" Grace asked, holding Lucas's hand. She thought her husband had gotten another heart attack.

Alpha Lucas tried to compose himself. Instead of responding to his wife, she looked at the young woman named Hazel Leighton and asked,

"What brings a member of the Leighton family here?"

Natalia was perplexed as to why Lucas was talking about the girl's family as if they were the enemy of this pack. Beta Patric gazed at Alpha Lucas and replied,

*She saved Alpha during the rogue attack. Alpha had been targeted by the rogues' leader. At the time, she was the one who saved both him and me. We were injured. She sheltered us in the Black Haw Pack."

Natalia was a little surprised when she learned that the woman had saved Adrian's life. She should not have assumed that she had any bad intentions toward Adrian. She might be misinterpreting the situation.

Adrian was already married and had two children.

She let out a sigh and said,

'Thank you for saving my husband, Hazel.'

Her voice did not move. She looked straight into her eyes. However, when she said 'my husband', she used a more forceful tone.

Hazel fixed her gaze on Natalia and gave her a warm smile. She let go of Adrian's arm and moved towards Natalia. She reached for Natalia's hand and spoke softly in a tone that sounded like honey to everyone. However, her words were bitter, which surprised Natalia.

*Natalia Hansley, Nice to meet you. Don't worry about him. He is fine now. I took care of him like my own husband."

Chapter 413

Natalia's eyes grew almost cold as she looked at Hazel. But before she could react further, Hazel burst out laughing.

*Look at your face, Sister. I was just joking. Don't worry, he is all yours. I took care of him without realizing he was the Alpha Adrian we had always heard about."

Natalia did not move her gaze away from her. She was not stupid. She caught her intention in her words.

However, her heart skipped a beat when she heard a deep voice.

"My wife doesn't like this kind of joke. So never dare to do that again."

Adrian's voice and words caused Natalia to feel relief in her heart.

She was on the verge of believing that he had taken another woman in their married life, just like Lynda.

Hazel turned around to look at Adrian. His dark eyes pierced into hers.

Hazel immediately turned away from him and looked at Natalia.

*Please tell him not to kill me. I apologize if I offended you, sister,"

Natalia noticed tears well up in her eyes. She blinked, realizing she had made a hasty judgment about this young

woman.

Before Natalia could say anything to her, Hazel hugged her tightly and whispered in her ear,

"I treated him for weeks, but he tried to kill me once. Please tell him not to kill me."

Natalia's heart warmed a little at her gentle, pleading tone. She glanced at how Hazel was hugging her tightly. It convinced her that this girl was clingy to everyone. So her hugging Adrian's arm was not something she was thinking about.

Natalia raised her hand and patted her back.

*Relax. He will not kill you."

Hazel pulled away from her hug and smiled at her. "Thank you, Sister. Ah, I forgot to ask you. Do you mind if I call you sister?"

Natalia stared at her for a while. The girl seemed innocent to her. She reminded her of Diva, her personal assistant.

"Sure," she muttered.

Her gaze shifted to Adrian, who appeared to be in a bad mood. He was looking at his father, who was staring at Hazel with a puzzled expression.

His mother glanced at him and asked,

"Adrian, why is she here?"

Adrian moved his eyes at his mother and asked,

"Is this how you will treat your guests, Mom?"

Natalia's eyebrows rose. She did not know who Adrian was angry with or why.

"She is our guest for some days. She will leave the pack soon," Patric said on behalf of Adrian.

Natalia cast a glance at Hazel, who stood next to her looking around the house.

Adrian turned to Gamma Benjamin and said,

'Benjamin.'

"Yes, Alpha?"

*Tell the maids to tidy a room for Hazel."

"O-Okay, Alpha."

Gamma Benjamin hurriedly made his way to talk about it to the maid. On his way, he cast a glance at Natalia.

She nodded her head at him. He averted his gaze and went to the maid's quarter.

"Notify the entire pack that Alpha Adrian has returned to his pack. He will deal with what has happened over the last two weeks," his deep voice shook others.

His officials lowered their heads and went back to work. Now that their Alpha was back, they felt at ease.

With a sidelong glance at his father, Adrian muttered,

"I will talk to you later, Dad."

His tone was angry, as if it were alarming for his father.

Before Natalia could understand anything, Adrian made his way to her and grasped his hand.

Hazel tried to speak up.

"Adrian, I-"

Adrian turned to look at Hazel, causing her to stop and swallow her breath.

He composed himself and said,

"You are wrong. She is not Natalia Hansley. She is Natalia Miller, the only wife of Alpha Adrian Miller."

Chapter 414

Chapter 414

Natalia did not know what to say. She had no idea why her cheeks had heated up. She lowered her head and bit her bottom lip to conceal her shy smile.

The way Adrian defended her in front of this woman, it touched her heart.

It revealed a protective side of him, leading her to believe it was her Adrian.

"Let's go," Adrian murmured, dragging her upstairs.

Natalia parted her lips, not knowing where they were going.

She cast a glance behind her at the others. She saw Adrian's father was not happy at all. Grace appeared perplexed by her husband's behavior.

When Adrian brought Natalia upstairs, she noticed him take her to their bedroom.

She fixed her gaze on her handsome husband as they walked together.

She glanced at her hand that he was holding gently, as if she were fragile to him.

She wanted to hide her shyness from him. Her eyes were filled with tears. She still could not believe that he was back.

Adrian opened the door, and they stepped inside. Adrian let go of her hand and looked around to see if everything was still the same as before.

Natalia smiled as she looked at him and closed the door.

But as soon as she closed the door, Adrian turned around and pressed her back against the door.

Natalia let out a loud gasp.

Adrian moved closer to her. He lowered his head to meet her level and asked,

"I asked you how you were. You did not reply to me, baby. Are you mad at me?"

Natalia could not hold back her tears, which streamed down her face.

"I was not well, Adrian. I was sad, upset, and mad at you. I had been searching for you for so long. Do you know how many nights I cried and how many days I spent at the border waiting for you?"

Adrian's eyes moved as he noticed her tears. He lifted his hands and wiped them with his thumbs.

He cupped his cheeks and tilted his head. He whispered into his lips,

"I missed you, too. But I was not in a condition to return."

Hearing him, she glanced at his head. She reached up to touch his head.

"What happened to your head? Did you get hurt? Is it still painful?"

He grabbed her hand and placed it around his neck.

*Don't worry about me. I am sorry for everything that has happened over the past few days. You can punish me for keeping you waiting. But please don't cry, baby."

The realization dawned on Natalia that he had become more gentle in front of her. He was not as angry in front of her as he was in front of others a while ago.

For her, he was her Adrian.

"I don't want to punish you. I am happy that you are back."

He smirked and asked, "How happy?"

With a flush, Natalia tried to shove him.

'Let's talk about it late-.'

He did not let her complete her sentence as he grabbed the back of her neck and smashed his lips against hers.

Chapter 415

Natalia shut her eyes close as soon as Adrian's lips touched hers. It was blissful to feel his lips on hers again.

She felt like it was what she had been missing-him, his kisses, and his touches.

Adrian moved his hands and wrapped them around her waist, pressing his body against her. He deepened the kiss, expressing how much he missed her.

She put both of her hands around his neck and tried to pull him closer.

He groaned during the kiss.

Opening her eyes, Natalia broke the kiss right away. Her worried eyes slid to him.

"What happened?" she asked.

He shut his eyes as if he were in pain, taking deep breaths.

She reached up to touch the bandage on his forehead.

"Did I hurt your head?"

He opened his eyes and gazed at her. He shook his head slowly. "No."

'Adrian, you'

He pressed his thumb against her lips. "Sssh."

She blinked her eyes and stared at him.

His deep eyes studied her, as if they were scanning every detail of her face. His gaze shifted to her neck, where they drew attention to the mark-his mark.

Natalia looked away from him and blushed under his gaze. She felt as if she had returned to the days before their first marriage, when she loved Adrian and was completely devoted to him.

Adrian lifted her chin to make her look at him. "Let me see you for a long time. You have no idea how much I missed seeing this sight."

Natalia looked into his eyes. She was blessed to have Adrian in her life.

He was her husband, mate, Alpha, and the king of her heart.

Adrian was caught off guard as she removed his hand from her chin. But the next moment, Adrian let out a sigh.

Natalia gave him a tight hug. She sobbed in his chest and mumbled,

"I thought I had lost you. I did not want to come back to this pack house without you. I had to live here alone."

Adrian embraced her back and asked,

"When did my woman become this emotional?"

Natalia released him from the hug and shoved his chest. "Stop making fun of my emotions, Adrian Miller."

He chuckled at her. He wiped her tears and leaned in her ear.

"Now stop sobbing, or I will make you sob in different ways."

Natalia tightened her fists.

'Adrian!'

He laughed and shook his head. He backed away from her and turned around.

'Have you eaten anything? Let me prepare something for you,' Natalia said with a soft tone, like the obedient wife she used to be years ago.

He made his way to the closet and opened it.

"Let me take a shower, then I will join everyone."

Natalia stared at his broad back. He looked so strong. But he appeared to have lost weight. Perhaps it was due to his injury.

*Adrian, Patric said Hazel saved you. How did she do that? You were in our pack, fighting with rogues. Then how did she come to save you?"

Chapter 416

Upon hearing Natalia, Adrian's hands froze on the clothes he was moving.

Having observed it, Natalia inquired,

"What happened?"

The fact that Adrian did not respond to her caused her to furrow her brows. She walked up to her and tapped on his shoulder.

Adrian grabbed his clothes, closed the closet door, and turned to face her.

*Adrian, I asked you something."

She was curious about how that young woman had saved such a powerful Alpha in a war.

Adrian was a formidable Alpha who every Alpha was afraid of. He was the only Alpha to win three wars in a row while also winning packs.

Then how could a woman like Hazel find a way to come to the aid of him during the war?

Adrian's eyes met hers, and she found them strange.

In response, he turned his gaze away from her and said,

"Let's not talk about it. I was wounded in the war, and she was a good doctor who treated me."

Natalia heard him, but there seemed to be something missing. She could not figure out why she could not trust his words.

She arched an eyebrow while folding her hands against her chest.

"I did not like the way she touched my husband."

Adrian's brows lifted. His lips curved up into a smirk.

"I see. You are possessive of your husband."

She rolled her eyes. "Of course I am. I hope you are still aware of who your wife is."

After saying this, her eyes turned glowing blue.

She intended to tease him. But she was surprised by his expression.

The smirk disappeared almost immediately. His eyes darkened, as though he was uncomfortable with something. "What-"

Adrian turned away from her and said,

"I am going to take a shower. Let's talk about it later, okay?"

Natalia's eyes narrowed as her folded hands loosened. She watched him go to the bathroom and then closed the door.

Her eyes turned back to black. She was staring at the bathroom door.

"What is wrong with him? He was fine a few minutes ago," she murmured to herself.

She assumed it was because of the wound on his forehead. Maybe he was not feeling well.

She exited the room and headed downstairs. With a smile on her face, she told the maids that she was going to make Adrian's favorite dishes.

The maids helped her in the kitchen and set the table in the dining room.

When she was ready to call Adrian and his parents, she heard loud voices from the living room.

She went into the living room and saw her twins had returned to the pack house.

"DAD!"

Aria and Noah dashed to Adrian, who was walking down the stairs.

They hugged Adrian's legs as soon as he reached the final step.

Adrian knelt down to look at them.

"How are you two?"

They hugged his neck.

"We missed you, dad," Noah said.

"Yeah, I love you so much, dad," Aria added.

Adrian kissed their heads and asked,

"Did you look after your mother while I was away?"

Natalia bit her bottom lip to hide her smile while staring at them.

Noah broke the hug and replied,

"Mommy cried again. But we did our best to stop her."

"Don't worry. Dad is back."

Aria kissed his cheek and asked,

'But where were you, Dad?

Adrian raised his gaze and muttered,

"Somewhere Daddy should not have gone."

Chapter 417

Aria and Noah were confused by their father's words. But they were overjoyed that their father had returned. They were confident he would.

Adrian stood up straight and held their hands.

"Have a meal with Dad," he said to them.

They grinned at him happily and nodded their heads at them.

Natalia walked towards them and said to the children,

"No, you should get cleaned up first."

"No, please, Mommy. We will go after-

Adrian cut Aria off as he said,

'Listen to your mommy. Go and return quickly. Dad will wait for both of you.'

Hearing him, they yanked their hands and dashed upstairs to their rooms to freshen up.

Natalia laughed at their actions. They were very adorable. They were ecstatic to see Adrian after such a long time.

Adrian gave a quick glance at the stairs before turning away. Natalia's bright smile caught his attention.

Natalia shifted her gaze, and Adrian caught it.

She blushed as she noticed how carefully he was looking at her.

He moved closer. She gulped and lowered her head.

"You look weak. It seems like you skipped your meals lately."

His tone was kind of angry, showing his care for her. She raised her head to look at him.

She smiled at him and replied,

"You had left your twins with me. They watched out for me."

He lifted his hand and cupped her cheek. His thumb brushed against her cheek softly.

"You have to be stronger."

She sneered as she mumbled, "You know I am an Alph-

"So what if you are an Alpha? You still seem delicate to me, and I have to look after you. So, starting now, you must eat well. I will ensure that."

His words and calm tone hit her heart, and it was like a bell of love rang inside it.

She gripped his wrist and brought her cheek closer to his hand. She could not express her happiness in words.

She remembered what the doctor had said in the pack hospital. She was pregnant.

Since Adrian was back, she felt that it was the best time to let everyone know the happy news.

*Adrian, I have something to tell you."

Adrian gave her a gesture with his head to continue. She took a deep breath and started to speak again.

"Adrian, H am-'

Natalia could not say what she wanted to say. Because a voice interrupted her.

"Were they your kids?"

Natalia spun around to see Hazel coming down the steps. She shifted her eyes and noticed that Hazel was wearing one of her dresses.

"This dress? Where did you get it from?" Natalia inquired as she moved toward the staircase.

Hazel lowered her head to look at her dress. She then returned her gaze to Natalia and replied,

*Sister, one of your maids gave it to me. She said before the wedding you stayed in a room and so a few of your dresses were there."

Natalia realized that she had spent a few days in Aria and Noah's room after the war and before the wedding. So there were a few dresses left.

Hazel stepped into the last step and spun around to show her dress.

"Adrian, don't I look like her?"
