Taking Alpha's Twins Away After Divorce

Alpha 418

Chapter 418

Natalia was stunned by what Hazel said. She looked over at Adrian, who was glaring at Hazel.

"How dare you go upstairs? Who granted you permission to go there?"

Adrian's angry voice caused Hazel to flinch. She quickly took Natalia's hand and hid behind her.

"I was just-

Adrian approached Natalia and grabbed Hazel's hand from behind her. He appeared to be ready to reprimand her.

But Natalia held his hand to prevent him from doing so.

'Let it go. Maybe she did not have a dress to wear."

Adrian's angry eyes met Natalia, which shocked Natalia. He was always gentle with her. So looking at his angry eyes made her feel strange.

"Natalia, when I said she was only a guest, I meant it. You do not need to give her so much value that she becomes one of us. Because she is not."

Natalia's hand loosened around his arm as she looked away from him. She turned around to confront Hazel.

She noticed Hazel's eyes were wet with tears. She seemed to be scared.

"Hazel, you don't look that weak. You managed to save Adrian somehow. So you must be a strong woman. Why are you in tears?" Natalia asked.

Hazel held Natalia's hands and mumbled in a low tone.

"I d-don't want him to be angry at me. I only wore this dress. I thought-

Adrian raised a brow and muttered,

*No one cares about what you think. Stay here for a week, like a dignified woman. I will manage to get you back to your pack very soon."

After saying that, Adrian made his way to the dining room, leaving the two women alone.

Tears rolled down Hazel's eyes, which made Natalia feel bad. But she also did not like how Hazel behaved toward Adrian.

"Look, Hazel. I don't know anything about you. But I can tell you one thing. Don't wish for something that can't be yours. It will only hurt you."

Hazel wiped her tears and looked into Natalia's eyes.

"W-What are you saying, Sister?"

*Maybe you are too young to perceive the world as a fantasy. I owe you good behavior because you saved my man. My husband is a man who can capture any woman's eyes, but I am the only woman in his heart."

Seemingly stunned, Hazel's eyes widened. "I never considered taking him away from you. I am a frail woman who saved him luck by chance."

Natalia gazed intently into her emerald eyes. Her skimming eyes lingered on her eyes for a long time.

After a while, Natalia's eyes glowed dark blue, which caused Hazel to take a step back. She appeared to be terrified.

Was it Nancy, Natalia's wolf, who scared her? Or was it because her eyes were more fierce than even the Alpha males she had seen before?

"W-Who are you?" Hazel mumbled while looking at Natalia.

Natalia's face was not calm as she stood in front of Adrian. She dug her eyes at Hazel and replied simply but with a strong tone with power in her voice.

"I am the Luna of this pack."

Chapter 419

Chapter 419

Hazel's gaze remained focused on Natalia's deep blue eyes. She swallowed and lowered her head then uttered,

"Sister, I am not after anyone. I have my own reason to come here. Adrian, take me here-"

*Alpha, Natalia said, interrupting her.

"What?" Hazel asked with a confused look.

'Call him by his rank. Stop calling him by his name. Because except for his family, no one is allowed to do that."

Natalia's words came out like sharp knives. She was very clear about her possession.

The Alpha blood running in her body was the reason behind her anger and possessiveness.

The difference between her and other ordinary she-wolves was that they could only feel it and could do nothing but tell the person they loved. However, Natalia possessed the power and ability to kill anyone with a single blink of her eyes. She was a very strong wolf who Alpha males begged to have.

As her wolf had previously stated, she was the cure that every Alpha desired.

"But he is not the Alpha of my pack. So I am not obliged to do that. Aside from that, he doesn't mind when I call him by his name."

Natalia arched her brow in response to Hazel's statements. Why did she feel like she had some power in her voice?

Wasn't she in tears a while ago?

As Natalia clenched her fists and prepared to wam Hazel, her twins' quick descent down the stairs captured her attention. She immediately turned her eyes back to black and made a calm face in front of them.

"Mommy, where is dad? We are back," Aria said with excitement.

Natalia signaled them to the dining room. The two kids glanced at Hazel.

Hazel wiped the corners of her eyes and gave them a warm grin.

*Aria, Noah, she is Hazel. She is our guest for some days." Natalia said to the twins.

"We have already met her, Mommy," Noah replied.

Natalia was confused. "How did you meet her? Where?"

*She was in our room when we got there. She said she is our aunt," Aria said with a sweet tone.

Natalia turned her head towards Hazel. "You were in their room?"

She nodded her head. "Yeah. When I got down stairs, I asked Adrian if they were his children. Remember, Sister?" Hazel asked innocently.

Natalia assumed one of the maids had taken her to their room to give her the dress to wear. So she did not raise any further questions about it.

Hazel bent down toward the children, and her grin broadened.

"You are very cute. Do you know that?"

Hazel's questions caused Aria's face to brighten. "Really?"

Hazel gave Aria a nod. Her gaze then turned to Noah.

Noah was calmly standing next to Aria. He had no smile. He was kind of introverted, so he could not just get along with others in a short time. He needed time for that.

Hazel reached up to put her hand on Noah's head. She tousled her hair and gave him a close inspection, as though she was studying him.

*You are exactly like your father. You are the heir of this pack."

Chapter 420

Noah cast a glance at his mother. Natalia stood still and calm. She was glad that Hazel knew Noah was the heir of this pack.

"Let's go. Your dad is waiting," Natalia said, grabbing both of the twin's hands.

They happily walked with their mother to see their father again.

In the dining room,

Adrian was sitting on the head chair, talking on his phone.

*Ask him to visit our pack. I want to talk to him about something important."

His voice was calm, but his gaze was not.

Natalia had just stepped into the dining room with the twins. She noticed Adrian was not in a good mood.

She silently picked up the twins and seated them near Adrian's left side. Then she took her seat, which was the right seat next to Adrian.

Hazel also came into the room. She seemed perplexed. She walked up to Natalia and sat beside her.

Natalia stared at Adrian, waiting for his conversation to end.

*Organize everything as quickly as possible. I can't let her stay here for a long time."

Natalia realized he was talking about Hazel. She looked over at Hazel and noticed that her head was lowered.

When Adrian hung up the phone, he looked at Natalia.

'Let's eat. It's been a while since we last ate together."

Natalia responded with a smile and a nod. She stood up and took his plate before serving him food.

Adrian kept an eye on her at all times. Natalia could feel his gaze on her as well.

"I told the maids to call Mom and Dad. They must be coming." Natalia said to Adrian after placing his plate near him on the table.

Adrian waited for his parents while others did the same. Natalia cast a glance at the twins. They were whispering to each other.

"What happened?" Adrian asked them.

"Dad, what happened to your forehead? Why do you have the bandage on? Are you hurt?" Aria asked.

"Yes, baby. Dad got hurt a little. It looks like he is not as strong as your mommy."

His words stunned Natalia. She put her hand over his.

'Don't say that. Everyone knows who you are. That's why you are their only target. Like others, you are also a werewolf, so being hurt is normal.."

Adrian looked into her eyes and muttered,

"I am sorry. You had to cancel the crown ceremony for me."

"It's okay," Natalia replied.

*Crown Ceremony? What is it?" Hazel's voice came from next to Natalia.

Natalia turned to her and asked, "You don't know about it?"

She shook her head and started to speak in an excited tone.

*No, I have never heard of it. We only have a diabolic night when all the wi-"

Someone cleared their throat, interrupting Hazel before she could finish.

Everyone turned their heads and saw Alpha Lucas and Grace enter the dining room.

Alpha Lucas made his way to his chair and sat down. Grace moved to the next seat. They looked at Hazel.

Alpha Lucas questioned Hazel in an agitated tone.

"What are you so excited about? Your culture and way of life are not the same as ours. There is nothing more for us to learn about it."

Chapter 421

Chapter 421

Natalia looked at Alpha Lucas. She was trying to understand why he said that. She wondered why Hazel's culture differed from theirs.

She glanced at Hazel, who stared at Alpha Lucas. She did not look innocent the way she behaved all the time. For some reason, Natalia was unable to comprehend something that she looked in her eyes.

'Alpha Lucas must be very proud of his culture. But I am curious why his people abandoned their promises. Is it a part of your culture that you struggle to keep your promises?"

Everyone's attention was fixed on Hazel. The sudden confidence of the young woman surprised Natalia. However, what caught her more attention was her words.

What promises was she talking about?

"You and your people, everything is just-

"Relax, Dad."

Adrian's voice was enough to stop his father from continuing to speak. He shrugged his shoulders and began to eat.

Noah and Aria noticed their father started to eat, so they did the same.

Alpha Lucas and Grace were staring at their son. Meanwhile, Natalia was looking at Alpha Lucas.

'Dad, are you hiding something?" she thought in her mind.

She had many questions for Adrian. She would ask him everything at night when he would not be busy.

He had a lot to deal with since he had only recently returned.

All of the officials were also extremely busy. There were numerous projects that were on hold. They needed to continue their work.

The dining table remained silent. Adrian left the dining table after finishing his meal. Hazel did not speak out again. Others were similarly quiet.

Natalia spent the entire day lost in her thoughts. Adrian was not at home. He went to his company. Patric went along with him. Other officials were certain to carry out Adrian's orders.

Adrian Miller possessed the ability to calm the entire pack and hold back all of the deals that had nearly slipped from the Crystal Blood Pack's grasp. He only needed half of the day to reclaim the old stage of his pack.

At night in the pack house,

Natalia was walking back and forth in the living room. While waiting for Adrian, she kept her gaze fixed on the main door. She was afraid he would disappear like he had two weeks ago. This fear had settled in her heart.

She did not want to lose Adrian again.

"Luna."

Natalia heard Amanda's voice from behind. Before she could turn, Amanda rushed to her and held her hand.

Seeing Amanda's worried expression, Natalia asked,

"What's wrong, Amanda? Are you okay?"

Amanda shook her head. "Luna, let's go with me to the children's room."

Natalia was taken aback. "The children's room? Is everything alright? Why are you not saying anything, Amanda?"

Natalia's heart pounded faster with worry. Amanda answered with a concerned expression,

"Noah is running a high fever."

Natalia dashed upstairs and went into her children's room. She opened the door and found Aria sitting on the bed. Beside her, Noah was lying on the bed.

His face was red, and his eyes were closed.

Natalia ran to him and placed her hand on his forehead to check his temperature.

Her eyes widened when she saw Noah's whole body was burning at a high temperature.

"Call the pack doctor immediately."

Chapter 422

Chapter 422

Amanda looked at Natalia and said, "Luna, I don't have the new pack doctor's number."

Natalia rubbed her forehead and asked her to call Gamma Benjamin.

When Amanda called Benjamin, he had just entered the pack house. After hearing about Noah, Benjamin rushed into the room.

*Natalia," Benjamin said, walking into the room.

Natalia was sitting next to Noah. So when she heard Benjamin, she stood up and looked at him.

'Call our new doctor immediately. He is running a high fever."

Benjamin did not waste any seconds as he dialed the doctor.

In ten minutes, the doctor showed up at the pack house to check on Noah.

"It's surprising. Since he is not sick with a cold or cough, what could be causing this fever?" the doctor said.

Natalia glanced at Benjamin. He questioned the doctor right away.

"That's why we called you here, doctor."

The doctor stood up after writing down a prescription. He handed it to Benjamin, then turned to Natalia. He bowed slightly to her and said,

"I prescribed some medication. He will be fine. It is possible he got a fever due to the seasonal change.

Natalia gave him a nod before shifting her gaze to Noah. After the doctor left, Benjamin called Adrian to inform him about Noah. Then he went to buy the medicines.

Natalia sat down next to Noah. Aria came over to hug her.

"Mommy, Noah's body is shaking!" Aria said while crying.

She loved her brother a lot. She and Noah shared a unique bond that set them apart from their other siblings. It was because they were twins.

"He will be fine. He is a strong kid," Natalia assured Aria.

Natalia ruffled Noah's hair while keeping her gaze fixed on him. She decided to wipe his body with lukewarm water. It may help to reduce his fever slightly.

She got out of bed and went to the bathroom. She walked out with a bowl of water and a cloth. Amanda extended her hand, indicating that she could do that. But Natalia said she could do that. She wanted to take care of her child on her own. Her son needed his mother right now.

She sat on the edge of the bed beside Noah. Aria was watching her mother take care of her brother.

After soaking and twisting the cloth in the water, Natalia covered Noah's forehead with it. After a while, she wiped his body and covered him with two blankets.

The door suddenly swung open. Natalia turned her head and saw Adrian walking inside with a worried face.

"How is he doing now?" he inquired, approaching the bed.

Natalia sat up straight and responded, "The doctor said he would be fine. Benjamin went to get the medicines."

Adrian sat next to her and placed his hand on Noah's forehead. He could feel his body's heat rising.

"He told me what the doctor had said. He is on the way with the medicines."

Natalia nodded her head. She stood up and was about to grab the bowl to change the water.

However, she felt her head spinning, causing her to nearly fall.

Adrian hurriedly stood up and held her waist to prevent her from falling.

She blinked her eyes, trying to regain consciousness. Her blurred vision became clear.

Adrian was gazing at her. He cupped her cheeks and asked with a soft tone,

"Are you okay?"

She stood up straight and nodded her head. "Yeah. That usually happens. So don't worry."

Adrian's brow furrowed, but then his gaze froze on her face.

"How often does this happen? Are you... pregnant?"

Chapter 423

Chapter 423

Natalia looked into Adrian's eyes. For some reason, she could not see the excitement in his eyes to know the answer.

"What if I am?" she asked, giving him a doubtful look.

Adrian stroked her hair and replied,

"By hearing your question, I can guess the answer is no."

Natalia parted her lips when she noticed he let out a sigh as if he wanted to hear that answer.

'Noah opened his eyes!"

Aria let out in a louder voice.

Adrian and Natalia both turned to Noah and saw him blinking.

They sat beside Noah. Natalia held his hand and rubbed it.

'My baby, how are you feeling?"

Noah looked at Natalia and mumbled,

"Mommy, it hurts."

His low tone could be inaudible to others, but Alphas like Natalia and Adrian heard it clearly.

Natalia felt tears well up in her eyes.

"Where do you feel hurt? Tell Mommy."

Adrian moved closer to Noah and looked into his eyes.

Noah became silent as he looked at his father.

'Does it hurt in your head? Uncle Benjamin will bring your medicine soon. Don't worry."

Noah pursed his mouth, trying to show his father that he was a strong kid. After all, when Adrian used to train him, his first words were, "No matter how much you are in pain, you cannot show others that you are weak; it will only make them believe that you are incapable."

Natalia caressed Noah's hair and kissed his forehead.

"You will be fine, my baby."

Natalia's words gave Noah some power. Aria began to cry as she noticed her brother shaking inside the blankets.

A few minutes later, Gamma Benjamin came into the room. He noticed Adrian was sitting on the bed.

He immediately bowed his head and said,

"Alpha."

Adrian took a look at the medicine and motioned to Benjamin to give it to Natalia.

Benjamin walked up to the bed and handed it to Natalia.

Natalia quickly grabbed it and gave Noah the medicine that the doctor had prescribed for the night.

Benjamin left the room after spending some time there. Adrian did not move from his son for a moment.

As it took longer to ease Noah's body temperature, the night felt long.

When Natalia saw Noah's fever was decreasing, she felt relieved.

Aria dozed off in Adrian's chest as he leaned on the bed's headboard.

Meanwhile, Natalia ran her fingers through Noah's hair. Her eyes were fixed on him. She was worried for his health.

"He is your son. Don't worry about him. He is stronger like his mother."

Adrian's words caused her to turn her head to look at him.

"Hmm? My son? Not yours?"

Natalia glanced at Adrian who was holding Aria in his arms.

Usually fathers loved their daughters more than their sons.

"Of course both are mine. But he got your eyes, the powers, and the abilities. I can't forget how his mother came to me when I was almost dead in the war.

Natalia smiled at him. "I can do anything for you, Adrian."

While holding Aria in his arms, Adrian moved closer to Natalia and kissed her forehead.

Natalia blushed and looked at their twins. She mumbled softly,

"Once we have another child-"

"No."

Adrian unexpectedly interrupted her, which shocked her. She looked at him and asked,

"What?"

Gazing at the twins, Adrian uttered,

"We don't need another child, Natalia. We are happy with our twins."

Chapter 424

Chapter 424

Natalia was startled. Her hand was close to her belly. She slowly placed her palm on her belly while staring at Adrian.

"Why don't we need another? That will be our child, Adrian."

Adrian frowned at her and asked,

"Do you want to have another one? Natalia, we now have an heir and an heiress. I don't want another child. You and the twins are enough for me."

Natalia felt her heart trembling from within. Before even getting to know about the news of the unborn child, he was telling her that it would be an unwanted child.

Her eyes turned blurry as she looked away from him. She slowly rose up from the bed.

"Where are you going?" Adrian asked.

She turned away from him. Biting her lower lip to control her tears, she took a deep breath and replied,

"I will be back after a while."

After saying that, she left the bedroom.

Tears rolled down from her eyes. She wiped her tears while heading to the balcony.

She ran into Amanda along the way.

"I didn't tell Alpha's parents about Noah's fever as you told you," Amanda said.

"Good," Natalia replied in a low tone.

"Luna, are you okay?" Amanda inquired, gazing into her tear-filled eyes.

"Noah will be fine, Luna," Amanda said, assuming Natalia was crying for Noah.

"Yeah. You can go to sleep now, Amanda. Your Alpha will be in the children's room to look after them."

"Oh, okay," Amanda replied.

Natalia walked past her and made her way to the balcony. All she needed was some fresh air. She did not know what to feel right now.

She was so excited to tell Adrian about this baby! It was impossible for her to be with him when she was first pregnant. He had already expressed his regret at not being with her when Noah and Aria were born.

However, what happened to Adrian? Why did he not want to have another child? What should she do now? She was already pregnant.

She approached the balcony, which was surrounded by darkness. She entered the balcony and moved in the direction of the railing.

She stopped walking when she saw that someone else was also standing there.

Glancing at him, she uttered,

"Benjamin?"

When Gamma Benjamin looked around, he saw that Natalia was there. He was smoking there. So when he saw Natalia, he quickly threw the cigarette to show her some respect as his Luna.

"Natalia, what are you doing here?"

Natalia looked away from him and mumbled.

"I would like to be alone here for some time."

She continued to walk toward the railing and held it tightly. The moonlight illuminated her face.

She closed her eyes, tears running down her cheeks.

When she remarried Adrian, she expected her life to change.

But why did she feel like she was living in reverse?

"Are you crying?"

Benjamin's voice came from behind her. He sounded surprised. He had never seen her like this before, not even when Adrian went missing.

Natalia used to cry in her room, not in front of others. Everyone saw her cry only after Adrian returned to the pack house.

Natalia slowly turned to Benjamin, who was aware of her pregnancy.

She looked at him with teary eyes and replied,

"Benjamin, he doesn't want this child."

Chapter 425

Benjamin was shocked after hearing Natalia.

"What are you saying? I think you are mistaken. Alpha is not like that."

Natalia looked away from him. She was also taken aback when she heard Adrian's words.

"What did Alpha tell you?" Benjamin inquired, seeking to understand the true circumstances.

Natalia remained silent as her eyes roamed around in search of a way to pause, just like her mind. When Benjamin noticed that she was not replying, he asked another question,

"Did you tell him that you are pregnant?"

Natalia looked at him and shook her head in response.

*Then? How can you tell that he doesn't want this child?"

Natalia wiped her eyes and mumbled,

"He said he doesn't want another child."

Benjamin raised his brows. "Natalia, you need to tell him about your pregnancy. Maybe he will change his perspective."

Natalia clutched the railing, believing that even if Adrian agreed to take this child, it would be a compromise for him.

She stayed quiet for a while. She thought that she could not hide it from Adrian, and Benjamin was right about it. So she turned around. She found Benjamin still there.

"I think you are right."

Benjamin smiled at her. "Alpha loves you a lot. Your child means everything to him. He will never abandon any of your children. After all, they are his blood."

Natalia nodded her head and considered returning to Aria and Noah's room.

She looked over at Benjamin and said,

*Thank you, Benjamin. You have been with me like a friend for the past few weeks."

He shook his head and replied,

*You are my Luna. As a Gamma, I must protect my Alpha and Luna."

Natalia raised her hand to pat his shoulder. "You are a very protective Gamma."

After saying that, she turned to leave but stopped. She saw Hazel standing behind them.

Natalia frowned at her.

"What are you doing here?" she asked her.

*N-Nothing. I was feeling bored, Sister," Hazel replied.

Benjamin walked toward Hazel and inspected her with his keen eyes.

"Were you eavesdropping on us?" Benjamin asked in a cold tone.

Hazel's eyes grew wider. She raised her hands and shook them.

"No, no. I didn't hear anything."

She rushed up to Natalia and grabbed her hands.

*Sister, trust me, I did not listen in on your conversation with him."

The innocence on her face caused Natalia to give her a benefit of doubt.

"Okay, I got it. Don't roam around the pack house at night. Go back to sleep," Natalia said to her.

Hazel gave her a smile and nodded. "Okay, Sister."

Natalia made her way out of the balcony. She was thinking about how to tell Adrian about their unborn child.

She believed she would make him understand about it. He loved her so he would understand that another child would not cause any problem in their lives.

But as soon as she stepped out of the balcony, she heard Benjamin's voice from behind.

"Hazel!"

When Natalia turned around, she saw Hazel lying on the ground.

Chapter 426

Adrian was sitting on the bed. His gaze lingered on the closed door ever since Natalia had left the room.

Cloudiness crept into his eyes. His expression changed from calm to fierce. He took a quick glance at Aria and then Noah.

He slowly lowered Aria's head onto the pillow next to Noah and got out of bed.

He made his way to the door to leave the room. However, his steps came to a halt. He turned his head to look at the twins.

His hands tightened around the doorknob. He drew a deep breath and released the doorknock.

He turned around and walked over to the couch near the bed.

He reached into his pocket and pulled out a pack of cigarettes. He took out one cigarette and placed it between his lips.

His eyes were once again forced to gaze at the twins. He clenched his teeth around the cigarette.

His hands shook when he put down the cigarette. He threw the cigarette to the floor as if he were in anger. His eyes turned red.

The handsome face that had always caught everyone's attention became more fierce, which could scare any

woman.

The door opened all of a sudden without any knock.

His eyes returned to black as he assumed it was Natalia.

But it was not Natalia who had just entered, but rather his beta, Patric.

Patric glanced at him before closing the door. Patrick's gaze shifted to Noah.

"I heard he is sick," Patric said as he approached the couch.

"Hmm.'

Patric's legs came to a halt as he directed his gaze towards Adrian, scrutinizing him closely. "Adrian?"

Adrian's eyes were on the floor. Walking over to the couch, Patric took a seat beside him. "Ad-"

Adrian lifted his head and turned to him. Patric gulped as he realized how enraged his Alpha was.

"W-What happened?"

Adrian's eyed turned red as he looked into his eyes and replied,

*Find out what Natalia is hiding."

Patric looked at him with a frown. "What are you saying? Why would she hide anything from you? Didn't you notice how happy she was when we returned to the pack?"

Adrian looked away from him and muttered,

"I saw it, but-

He could not finish the sentence as he hissed. With a groan, he grasped his forehead. He was trying to keep his tone low so that the children would not wake up.

Patric's eyes widened. His focus shifted to the bandage wrapping around Adrian's forehead.

He immediately grasped Adrian's arm and said,

"Ad-Adrian, we should-

Adrian gazed at him, which caused Patric to tremble from inside.

It was because Adrian's red eyes turned glowing brown. It was as if someone had mixed the green color into his red eyes and changed them.

Adrian pushed Patric's hand away from his arm.

"Leave me," he said with a deep, painful voice.

Patric let out a shaky voice.

*A-Alpha!"

He appeared helpless as he witnessed the pain his Alpha and best friend were going through. Adrian clutched the bandage. He almost ripped it, but a voice from the other side interrupted him. 'Dad?"

His hands froze. His eyes turned back to black. He turned his head and saw Noah calling him.

He blinked his eyes a few times and got up from the couch. Patric was stunned by his sudden change. Adrian looked at him as if nothing had happened just now, and he was not in any pain a few seconds ago. "Do you want me to call Qadir?' Patric asked.

"No. The Hansley family will learn about it. This is not something I can involve her or her family in. No matter how powerful she is, this is something beyond her control. Her life is precious to me," Adrian said and made his way to Noah, who was looking at him.

'Adrian-'

Adrian cut Patric off by turning to him with a cold face.

"As I told you before returning to the pack, don't tell her anything about this."

He was about to look away from him but paused and added,

"Go and find out if Natalia is pregnant."

Chapter 427

Chapter 427

Natalia hurried over to Hazel and took a close look at her. "What happened to her?" she asked.

Benjamin gazed at Hazel with a frown. He got down on his knees and patted her cheek lightly.

"Are you pretending in front of us? Then don't do that, because we don't have the time to appreciate your acting." Benjamin's words stunned Natalia. She put her hand on his shoulder and said,

'Benjamin, she passed out. Pick her up."

Benjamin did not have any interest in doing so. But since it was Natalia's order, he would have to do it.

He lifted Hazel and proceeded to the room where she was staying. Natalia followed him behind.

On their way, a few maids noticed them.

The maids rushed to a room and knocked on the door.

Grace opened the door and looked at the maids.

"Why are you here at this hour? Is everything okay?" Grace asked them.

The maid could tell that she was sleeping by observing her drowsy expression. The maids glanced at Alpha Martin, who had also woken up by the knock.

"Let them in, Grace," Alpha Martin said.

Grace stepped aside to let the maids enter the room. The maids bowed their heads to Martin and said,

"You instructed us to keep an eye on Hazel."

Grace raised her brows and turned to face Martin. "What am I hearing? You set a spy on our guests? Come on, Martin. I understand she is different from us, but you did not have to do that. Adrian said she would leave soon, right?"

Martin sat up and focused on the maids, ignoring his wife's words.

"Do you have any news?" he asked the maids.

The maids nodded their heads. One of them informed Martin,

"We saw her wandering around the pack house. She went to the balcony for some time, then she came out in Gamma Benjamin's arms. Luna was with them too."

Both Martin and Grace were confused.

Another maid tried to clear the things as she said,

'She seemed to be unconscious. Maybe Hazel is ill. Luna looked concerned. "They were on their way to Hazel's bedroom."

As soon as Martin heard that, his eyes widened. Grace glanced at her husband, who had been acting strangely since meeting Hazel.

Martin got out of the bed. He groaned in anger as if something had really hit his mind.

"Check to see if they have called any doctors. Try to stop them from doing so."

The maids left the room after hearing Martin. They were his maids, whom he assigned to keep an eye on everything in case someone betrayed him or his son.

Martin's words shocked Grace. "Martin, how cruel are you? That child must be sick. You are telling them to stop calling doctors? Are you out of your mind?"

Martin dashed out of the bedroom, heading for Hazel's room. Grace trailed behind him.

"I am asking you something."

Grace's voice came from behind, but Martin was not in the state to say anything. He was no longer as strong because he had a heart attack shortly after his son disappeared. But after learning that he was staying in the Black Haw Pack, his health turned worse.

"That Leighton family has returned to destroy our lives. I can't let them do that."

Chapter 428

When the maids arrived at Hazel's bedroom, they discovered that Natalia and Gamma Benjamin were standing outside of the room.

"W-We saw that Miss Hazel looked unconscious; is she okay?" A senior maid questioned Natalia.

Natalia answered with a shake of her head,

"Don't know. Maybe she is having a difficult time adjusting to the weather here. She is from a whole different place."

Natalia's tone was calm and polite. Though she was their soon-to-be Luna and a woman with Alpha rank, she always talked to the senior maids politely. She never behaved rudely with young maids either. Because of the uniqueness of her aura, people were compelled to bow down in front of her, despite the fact that she had not yet been officially declared to be the Luna of this pack.

"What is going on inside?" A young maid asked.

"Why are you even asking? Go back to your rooms, everyone," Benjamin replied with a cold tone.

The maids immediately lowered their heads. Their gamma was hot blooded, and they did not want to lose their lives.

*Take it easy, Benjamin. Maybe they are worrying about our guest,' Natalia said to Benjamin with a small smile. "We called a doctor, and he is checking on her."

When the maids heard Natalia, they exchanged glances with one another, their eyes widened in surprise. They could not stop Natalia from calling the doctor. How could she have acted so quickly that she had already called the doctor?

Natalia noticed their scared expressions and wondered why they were so concerned. Perhaps they were also drawn to Hazel's innocent behavior.

'Benjamin, please notify Adrian."

"What about the kids? Are you going back to them?"

"Tell someone to be with the kids. I would like to stay here and hear what the doctor says."

Benjamin tried to mind link Adrian, which failed unexpectedly. So he decided to go to the twin's room to call Adrian.

At that time, Alpha Martin and Grace had arrived. Benjamin glanced at them but did not ask anything and headed to the twin's room.

When Alpha Martin heard that Natalia had already called the doctor, all the colors washed away from his face. "Dad, are you okay?" Natalia asked, looking at him.

The door opened, and the doctor emerged from the room. Natalia's attention shifted to the doctor.

Natalia entered the room to see if Hazel had come to consciousness.

Behind her, Alpha Martin and Grace also walked into the room. The maids left from there since Alpha Martin himself was there. They were afraid to lose their jobs because they could not do one thing properly.

*Is she alright? What happened to her, doctor?" Natalia inquired, glancing at Hazel, who was lying on the bed.

"You don't need to worry about her. At this stage, fainting is normal," the doctor replied.

Natalia froze when she heard that. Her gaze moved toward the doctor.

"What do you mean by this stage?"

The doctor smiled at her, realizing that everyone was unaware of it.

"She is pregnant."

Chapter 429

Everyone in the room was shocked. Natalia shifted her gaze at Hazel and thought,

*Pregnant? She is unmarried. Does she have a lover? Do her family members know about it?'

Many questions popped into her head. She thought they could not keep Hazel in their pack any longer. But again, she thought Hazel was afraid to tell her family about it and came here to take shelter.

"Impossible!"

Alpha Martin's loud and angry voice echoed throughout the room. It caused Natalia to turn around to face him.

"This woman can't be pregnant. Examine her again. I think she needs to go to the pack hospital. We need a clear check for this. We can't just believe-'

"Dad, what are you saying?" Natalia interrupted him.

His behavior was confusing her. "He is a senior doctor from our pack hospital. I personally called him. Our private physician can't check on anyone except our family, so I request him to come and check Hazel. He can't be wrong."

Alpha Martin closed his mouth. Grace walked toward the bed and looked at Hazel.

"We need to inform her parents as soon as possible."

At that moment, a voice rang in the room as the owner of the voice entered.

"What do you need to inform her parents?"

Natalia turned her head and saw Adrian walking inside with Benjamin. She recalled what she had decided on the balcony.

She would tell him about her pregnancy tonight. But before that they needed to do something about that young girl living in their pack as a guest.

She took a deep breath and said,

*Adrian, Hazel fainted on the balcony. Doctor Smith checked her and said she is pregnant."

Adrian's eyes were on Hazel until he heard Natalia. His eyes moved, and he slowly turned his head towards her. "What nonsense?"

His reaction was quite the same as his father's. Natalia did not know what was wrong with them.

Adrian shot a glare at the doctor, which caused the man to shake inside.

"A-Alpha-'

"How many weeks?"

His question astounded Natalia. She blinked her eyes, not understanding why he was asking so many questions. The doctor stuttered and replied,

'Alpha, the fetus is very fragile. It looks around two weeks."

Something hit Natalia's mind as she felt a pang in her head. At first, she was perplexed by Adrian's question until she heard the doctor's reply.

"Two weeks?" she mumbled.

Adrian was also in Hazel's pack for two weeks. Everything struck Hazel's mind, from the way Hazel always tried to get Adrian's attention to the pregnancy.

"You can leave right now. Don't tell anyone about this," Alpha Martin said to the doctor.

When the doctor left, everyone went silent. Natalia's eyes were on the floor as she could not move her gaze and let out any words.

She was shocked. Her Adrian could not do that. He was injured, and this girl only saved him. That was what Adrian had told her.

Hazel's fingers moved as she came back to her consciousness. No one approached her because they were not in that state of mind.

Adrian looked at her and asked with a cold tone,

"Are you pregnant? Whose child is this?'

A startled expression appeared on Hazel's face. She started crying and placed her hand on her belly.

"A-Adrian, this is your child."

Chapter 430

Natalia was only in disbelief, but when she heard Hazel, she felt as if the ground had moved beneath her feet.

A dizziness gripped her head. Suddenly, her legs started shaking, and they became unbalanced. She was on the verge of falling to the floor. Gamma Benjamin rushed over to her and wrapped his arms around her shoulders.

'Natalia, are you okay?"

As she struggled to maintain consciousness, Natalia clung to his arm with all her might. Her eyes began to well up with tears, but she was adamant about not allowing them to flow out her eyes.

He turned his head to look at her and then moved closer to her. Natalia pushed his hand away from her hand when he tried to hold it.

Her gaze did not meet his eyes, nor did she look at his face. She did not have the courage to do it.

Was there anything left after so many years of suffering?

"Adrian, is that true? Is this child yours?' Grace, Adrian's mother asked.

While Adrian was staring at Natalia, he clenched his jaw tightly. His mother did not receive a response from him.

His silence confirmed to everyone that it was his child. Natalia pushed Benjamin away with a gentle push and then exited the room.

Benjamin chased after her. "Natalia, you didn't tell him about your preg-"

Natalia turned to him. Her eyes were red in tears, streaming down on her cheeks. It caused Benjamin to shut his mouth.

"There must be some misunderstanding."

Natalia could not help but laugh at it. "Misunderstanding? That woman is pregnant, Benjamin. That woman is carrying your Alpha's child. Now I understand why he rejected the idea of having another child with me. Because he had already prepared one for him with another woman."

Benjamin was speechless. The only thing he could do was stare at Natalia without uttering a single word.

"Don't tell that man about my pregnancy."

He was stunned and immediately said,

"But it will not stay hidden from him for long."

Natalia took a step toward him and said,

"I will kill you if you tell him about my unborn child. That man doesn't deserve it."

After saying that, Natalia left. Benjamin stared at her back until she disappeared from his sight.

Meanwhile, inside the room,

Alpha Martin glared at Hazel.

"You came to ruin my son's life. You are only pretending to be a pregnant woman. I will find out everything tomorrow, and if your health come out clean, I promise your life will-

"Dad."

Adrian's voice stopped his father from speaking further. Alpha Martin glared at his son before turning to his wife, who was still in a daze.

*Leave me alone. I need to talk to her," Adrian muttered.

Hazel's eyes widened as she experienced a surge of fear within her. As soon as Adrian's parents left the room, Adrian went to Hazel and grabbed her neck.

His grip was so strong that it could kill the woman.

"What are you planning?"

Chapter 431

It appeared as though Hazel was struggling to catch her breath. She made an effort to move his hand away while holding it. However, he was so powerful that she could not just break free of his hold on her neck. She patted his hand, trying to push his hand.

But soon she came to the realization that she could triumph over his strength. She closed her eyes tightly. When she opened them again, her eyes were glowing green.

There was no longer any sign of innocence in those emerald eyes. Something was burning inside that could have destroyed anything.

She gave his hand a quick glance before firmly grabbing his wrist.

Adrian hissed as if he was experiencing a burning sensation around his wrist. But he did not want to leave her easily this time.

As Hazel tightened her hold on Adrian's wrist, he felt a jerkiness throughout his body. A groan came out of his mouth as he immediately released her throat.

When he looked at his wrist, he noticed that it was swollen and looked almost burned.

He glared at Hazel in anger.

Hazel started hacking up a cough. Air rushed into her throat, and she huffed.

After taking a deep breath, she looked at Adrian and said,

"You can't do to me what your family did with my mom years ago. Have you forgotten how you awoke in my bed weeks ago? This child is yours, Adrian."

Adrian grabbed her neck again. He had lost his mind. He would never allow this woman to have his child under any circumstances. He did not even care if it was his blood.

"I will kill you and your child together. Except for my wife, no one is allowed to bear my child."

This time Hazel did not try to push him. She responded to him with a chuckle and said,

*Kill me and this child? Sure, you can do that. But what about the Leighton family? They are aware of this child. Otherwise, why do you think they let you out of their pack alive?"

Adrian's fingers froze as if he were reflecting something.

A flashback occurred in his mind, and he recalled how he had gotten back to the Crystal Blood Pack from the Black Haw Pack. It enraged him even more. He was already furious, and this woman pushed him to the limit.

*Adrian, have you ever thought about who kidnapped you as a child? Or why did your dad force you to marry someone so hurriedly? Your dad made you marry that woman secretly years ago so that he could get rid of..."

Adrian dug his nails around her neck, thinking about ripping her head from her body.

But it did not stop her as she continued,

"He thought the Leightons would never find out about it. It was not wise for you to remarry. It reached them with the air. Now they will come here very soon to snatch your woman's Luna's position, which has always been mine since the beginning."

Chapter 432

There were loud crashing sounds coming from Alpha and Luna's bedroom.

The maids outside the room cover their ears while standing outside. They looked terrified. They wanted to knock on the door, but they were too afraid to do it.

"What happened to Luna suddenly?" a maid asked others.

"Who kno-"

The maid who was replying paused as her eyes fell on Adrian. He was walking towards the bedroom.

"A–Alpha!"

They immediately bowed down to him. Adrian glanced at the door, where the sounds of breaking things were coming from.

"Leave."

The maids hurriedly left, leaving him to handle his wife alone.

Adrian held the doorknob tightly. His ears perked up when he heard angry growls from inside.

He shut his eyes and tried to take a deep breath. After calming himself down, he opened the door.

As soon as he entered the room, his steps halted. There were so many broken things scattered across the floor. The woman standing near the window caught his attention as his gaze shifted from the floor.

As if she realized it was him, she grabbed the flower vase next to the window and threw it in his direction.

It almost hit his forehead, but he moved aside to avoid the blow. The vase smashed into the wall.

Adrian looked at Natalia's face. It appeared to be fierce. It looked like she was waiting to kill him,

Even Alphas who wanted to pursue this woman because they thought she was a soft woman may be scared by this look.

She was not an easy woman to handle. He used to believe that only he was capable of doing it. But after what she had learned today, it would be very

difficult for him.

Her dark blue eyes were digging on him. Adrian felt she was giving him the same look she gave him when she nearly pierced his heart in the war while he was trying to save her in his brother's pack.

Adrian closed the door and made his way to her.

"Natalia"

His voice was gentle and low. Natalia was glaring at him until he came close to her. She grabbed his neck and pushed him against a wall.

Adrian's back collided with the wall so hard that it nearly broke his bones. But he let out a shaky breath, trying to control his own wolf to react.

"So, what do you think of me? A play toy? You can marry me at any time, get a new girl, and repeat the process. Everything is funny to you, isn't it?"

His heart shook in response to her chilly tone. He had seen this Natalia after a long time. He regretted his actions because she had returned to being a soft woman soon after their remarriage. Now his action caused her to change again.

He looked into her eyes. His eyes were soft, trying to convey what was in his heart. He then muttered in a lower tone.

"I swear, I have no idea how this all happened."

Chapter 433

Chapter 433

Natalia stared at him for a long time after hearing him. He closed his eyes and rested his head against the wall, not attempting to free his throat from her grip.

"You are such a weak man, Adrian," Natalia scoffed, releasing the grip.

Her eyes turned back to black as if her wolf did not want to hurt her mate anymore. She took a step back and turned around. She then walked toward the nightstand.

Adrian opened his eyes and saw her grabbing her phone.

"What are you doing?" he asked her.

"I'm calling Jason."

Adrian's brows lifted as he rushed to her and grabbed her phone away from her.

"You can't call him. You can't involve your family in our private matters."

Natalia's eyes widened when she heard him. Her rage, which she was trying to control, boiled over once more.

*Private matter? Is it still considered private? A woman is pregnant with your child, Adrian."

Her eyes showed the pain she was feeling. Her tone was very calm, as if she were a zen.

Adrian was scared by her calm demeanor. It was not a good sign.

"You have the right to punish me for my actions. We can handle this matter."

"Handle this matter by how? Killing that woman? Should I kill her with my own claws?" she asked him, gritting her teeth.

"If you want, you can-' Adrian replied.

He was interrupted by a stinging feeling on his cheek.

Natalia slapped him hard.

He tightened his fists, shutting his eyes.

"That woman is carrying your baby, and you just agreed to kill her? What about the child? This was the reason I left you many years ago. You would have done the same thing to me.

Adrian turned his head to her and shook his head.

"I would have never done that to you. You are my woman. I can never think of it." Natalie let out a chuckle. Her eyes turned teary. She looked like a mad woman. She snatched her phone from his hand and made her way to the closet. Adrian's eyes followed her, but he froze when he noticed luggage near the closet. When Natalia held the handle of the luggage, he went to her and grabbed her hand. "Where are you going?"

Natalia glared at him and replied,

Leave my hand. I am leaving you forever. I will never come back again."

Adrian shook his head and cupped her cheeks. His calm expression became desperate. *Please don't leave. Trust me. I was completely unaware of it. I was unconscious and..." He struggled to find words. Natalia pushed his hands, causing him to backtrack his steps.

"I don't want to be with a weak man like you. Are you a real man, Alpha, who relied on women to save him? I saved your life twice. It was not enough. Another woman

appeared out of nowhere, claiming you needed her help. Now she is pregnant! Just wow. I wonder how she helped you. Perhaps she helped you to satisfy your desire."

"NATALIA!"

"Shut Up!"

Natalia grabbed her luggage and said,

*After all you have done, you still have a face to show me? You are a shameless man. I will never forgive you for what you did. I regret remarrying you, Adrian."

Chapter 434

Natalia wiped her tears and made her way to the door. But Adrian stopped her by saying.

"If you leave, I will destroy the Blue Blood Pack."

Natalia turned around with a frown after hearing his cold voice. Her frown deepened when she noticed his eyes had turned a glowing brown.

Her hands trembled when she saw how Adrian looked different from how he looked a few minutes ago.

He gave her a smirking look. "Don't forget that your brother submitted to me in a war. So killing him won't be a problem to me. As you may know, I have extensive experience killing Alphas during wars."

Unaware of what had happened to Adrian and his eyes, Natalia blinked.

She wanted to rush to him to ask what was wrong with him. But her broken heart refused to go close to him. The truth was, he betrayed her. He said he was unconscious, but how could an unconscious man make a woman pregnant? Without a doubt, he was lying to her.

"You are a coward. You know my brother will kill you if he learns the truth."

Adrian approached her and stopped in front of her. He lowered his head to reach her level and looked into her eyes.

Natalia's eyes immediately turned blue. Her wolf growled inside.

The dark blue eyes met the muddy brown eyes.

She felt like it was not the Adrian she had known.

"A–Adrian?" she mumbled.

"She is carrying my child. Just take it or leave it. Do not expect me to seek your forgiveness. Because I am not that man who will beg for your forgiveness. If you leave, she will take your place."

Natalia's eyes grew wider. Her blood was boiling as she stared at him. She

+25 BO**US

did not know how many abilities Adrian had to change his eyes color like

that.

So she ignored his eyes and focused on his words. She gripped his collar and growled at him.

"I can make your life miserable if I want

Adrian did not move his eyes from hers Natalia found his eyes very strange as she kept looking into them.

However, Adrian hissed and backed away, holding his forehead.

Natalia was stunned. He groaned while holding the bandage.

Natalia watched him groaning but did not move toward him. She was furious with her husband for cheating on her. There was no way she would show any care after learning this truth.

Adrian did not say anything else to her and left the room, avoiding her gaze.

Natalia was in a daze. The way Adrian said he would never ask forgiveness killed her heart inside. This man would never change. His love for her was fake. She would never be happy with him.

She wanted to turn and leave, but her twin's faces came to her mind. She closed her eyes, thinking that she could not destroy their future for them. She had just remarried Adrian, and if she left him again, it would affect her brother's reputation in his pack.

On the other hand, her wolf refused to leave. The Alpha inside her wanted to take over the Luna's position and rule the pack. The mark on her neck and the matebond were still there.

She once again tried to grab the luggage, but she stopped as her hand touched her belly.

"I will not repeat what I did last time. I will not run away. This throne, this position–everything is mine. How can I allow another woman to have it?"

Chapter 435

Chapter 435

Inside an old house,

An elderly man grinned broadly as he observed the young boys and girls.

The boys and girls were all teenagers. Looking around the room the old man had just unlocked, they looked very interested.

"Sir, can we use this?" a girl asked curiously while pointing at a transplant bottle. Inside, there was blue liquid.

Reaching the table, the old man picked up the bottle. He swirled the liquid inside, and it instantly turned black.

The teenagers froze, staring at the bottle with wide eyes. One of the boys rushed toward the old man and asked, "Sir, how did you do that?"

The old man let out a chuckle and replied,

"We are wizards. Werewolves are unaware of many aspects of our lives. Do you know why?"

The teens shook their heads in response.

"It is because they are not connected to any covens. Wizards and witches are different from them, yet they are very useful. Otherwise, why would your Alpha send us to me?" He said to them.

The teenagers thought for a moment before nodding their heads with smiles on their faces.

They were teen witches and wizards from various packs. Every year, a small group of people had the opportunity to visit him and learn new things from him.

"Sir, we are very fortunate to meet you. Even at this age, you are incredibly powerful and strong. Why are you living here alone? Where is your family?'

The old man's smile faded. He looked away from them and answered,

"I don't have a family."

A girl stepped toward him and said politely,

"Sir, we heard you had-"

"I only have one family, and it is the Hansley family," he said, interrupting the girl.

The teenagers kept their mouths shut, believing that they could not offend the most powerful hybrid.

He was none other than Qdir from the Blue Blood Pack.

They had traveled all the way to this pack specifically for him.

The teenagers began to learn about various herbs that could save people, as well as new potions that could cure diseases.

While everyone was learning about magic, a boy's gaze fell on something.

He noticed a large jar in the corner of the room. It was covered with a red cloth.

"What's that?" the boy asked.

Everyone focused their attention on the boy, then on the jar. They became curious about what was inside.

"Looks like a water jar. Do you restore water here? Is it moon water?"

The old man glanced at the jar and made his way to it.

*This is not an ordinary jar. It can alert us to the most serious threat we had not considered."

Saying that, he grabbed the red cloth and uncovered the jar.

It was nighttime, and the jar was near the window. The water in the jar sparkled in the moonlight.

The teenagers peered at it from afar, afraid to approach it. They could only see water as ordinary witches and wizards.

However, Qadir's view was completely different from theirs.

Grasping the jar with his hands, he looked inside.

As he concentrated on the shimmering water, her green eyes glowed.

But his breath caught in his throat as his vision changed. The old man gripped the jar tightly, as if he were holding it to keep a support from falling.

His eyes changed color from green to white. His vision shifted, and he saw something unexpected that he could never have predicted.

He saw two faces with two different colors of eyes. A young woman with glowing green eyes stared at a black wolf with glowing blue eyes.

Even though the woman had power in her eyes, the black wolf approached her and growled, causing Qadir to shake from the inside.

Chapter 436

Qadir's legs trembled, which the teens noticed. They hurriedly rushed toward him and held his arms.

"Sir, are you okay?"

They could not see Qadir's white eyes because they had already turned green when his hands left the jar.

Qadir took a deep breath and looked at the teenagers. He collected himself and responded,

"I feel like I am aging a lot."

The teenagers smiled at them, thinking that he was kidding. The teens had come to learn from him, especially considering his advanced age.

Qadir instructed them to focus on other objects. Then he covered the jar with shaken hands.

When the teenagers left, it was already late at night. He was about to close the door when a hand came up and stopped him.

Qadir carefully opened the door wide and looked at the man standing there. "Beta Patric?"

Beta Patric's eyes were filled with stress as he looked at Qadir. He uttered in a low tone,

"Qadir, we need your help."

Qadir frowned at him. His hands remained firmly gripping the door.

For the first time, Beta Patric noticed this type of reaction in his face. He was always welcoming whenever Adrian had come to him, even after Adrian tried to cage him.

"Are you alright, old man?" Patric inquired with a suspicious look.

Qadir averted his gaze and stepped aside, allowing him to enter his house.

"Please come. How can I not welcome Alpha Adrian's beta?" he said.

Beta Patric walked toward the couch, but he did not sit. He seemed to be in desperate need of something. He returned his worried gaze to the old man as he spoke,

"My Alpha is not feeling well. He-"

"Did he go to the Leightons?" Qadir asked, moving toward the couch.

Patric's eyes widened. The more he learned about this man's abilities, the more he was captivated.

"My Alpha didn't want me to come to you. After we had an argument, I came here. I have a request for you. Don't inform the Hansley family about this."

After taking a seat on the couch, Qadir motioned for him to take a seat on another couch.

When Patric sat on a couch, Qadir reached out to the kettle to pour some tea for him. But Patric shook his hands and said,

"I don't have much time for this."

Qadir glanced at him and said,

"There are wounds on your body. This tea is nourishing tea. It will help you

to heal them."

Patric parted his lips in surprise. Even though he had not shown him his wounds, he could see them.

While pouring tea into a cup, Qadir asked,

"Why is Alpha Adrian afraid to tell the Hansleys about this? Isn't he the almighty Alpha who has returned alive from the Leightons, despite being the Miller family's heir?"

Patric lowered his head and muttered,

"He is afraid that Alpha Jason will take his sister away from him. He doesn't want to lose his wife. However, there was another woman who had come

with us. We had to bring her along. It was Adrian's decision. She saved Adrian during the war."

Qadir placed the cup in front of Patric and asked,

"Really, Beta Patric? Isn't it the other way around? Does Alpha Adrian need someone to save him?"

Patric looked into his green eyes with disbelief. He looked away and asked,

"Last night we found out that she is pregnant. Is there any way to know whether the woman is carrying Adrian's child? We can not even test the DNA before seven weeks. Adrian's marriage is in danger."

"Indeed, she is carrying Alpha blood. There is no doubt."

Patric clenched his jaw with disappointment. He was afraid to tell this to Adrian.

"What will my Alpha do now? It is all going to be chaotic. Natalia will never forgive him."

Qadir's green eyes shone as he spoke,

"Tell him to protect her."

Patric lifted his gaze and asked with confusion,

"Protect her from whom? Natalia is strong enough to protect herself from that woman."

Qadir shook his head and replied,

"Your Alpha is shielding the wrong woman. Tell him to protect that woman from Natalia."

"What are you saying?" Patric asked with a shocked face.

Qadir's eyes became cloudy, as if he were seeing something.

"This is the reign of Luna Natalia. This is not Alpha Adrian's war, where he is trying to keep his wife safe from harm and quietly absorb all the blows to himself."

"But they are after-"

He cut Patric off and said,

"The Moon Goddess gave him an Alpha as a mate for a reason. He can't always protect her and ignore her abilities. It's the beginning of his Luna' rule. She will morph into a Luna that no other pack has seen before. But If she kills that woman, she will regret it forever."

Chapter 437

In front of the mirror,

A woman was looking at herself. She was dressed in a long black dress. The dress was backless but full-

sleeved.

Her gaze was drawn to her reflection in the mirror father than to her dress. It was as if looking at herself helped her gain patience. She took the long earrings and put them on. Her hair was styled down.

A knock on the door interrupted her as she pulled her hair to her shoulder and began to comb it.

"Come in."

The door opened, and a man stepped into the room.

"Nat-"

He paused when his eyes landed on her.,

"Benjamin."

He quickly averted his gaze away from her and lowered his head. He cleared his throat before saying,

"As you told me to call out for a pack meeting, every Alpha in our pack is coming here to attend the meeting."

Natalia's lips curved into a smile as she mumbled,

"I knew you could handle it. That's why I got ready for the meeting."

Benjamin lifted his gaze and looked at her. She put the comb on the dressing table and turned to face

him.

"Did he try to stop the meeting?"

He shook his head and replied,

"Alpha learned that you want to take over the pack company. He says it is fine with him."

She clenched her jaw as if she were not happy after learning that. She shrugged her shoulders and nodded her head.

"Okay."

They walked out of the room together. The maids who passed by the bedroom noticed them. When their attention was drawn to Natalia, their eyes widened.

They bowed to Natalia. She did not look the same today. Something about her made them fearful. She was dressed in a royal gown, and the makeup she applied gave her a confident look. She was gorgeous.

"Morning, Luna."

Natalia nodded her head at them. She made her way to the children's room to check on Noah.

Because it was afternoon, both of the twins might be asleep.

"I am going to check if everything is okay. Delta Julian is handing everything in the meeting room," Benjamin said.

Her footsteps came to a halt as she turned to face him. "Why? Where is Beta Patric?"

"We are not sure. I heard he had an argument with Alpha, and he left the night before yesterday."

Natalia was perplexed for a moment before chuckling.

"He must be fed up with his so–called Alpha. He was not aware of his Alpha making other women pregnant around, was he?"

Benjamin froze as he stared at Natalia. He discovered Natalia laughing out of pain.

Natalia went to check on Noah while Benjamin went to work.

Noah recovered as his fever subsided. Aria was with him, taking care of her brother.

Natalia told them to be good children and to stay with Amanda because she was going to be busy with work from now on.

Natalia left the children's room and headed down the stairs. She was about to go to the area where the meeting hall was. But she turned her heels and glanced at the other wing of the pack house:

Unknowingly, her steps took her in the opposite direction.

After some time walking, she came to a halt when she noticed a woman standing near the locked room.

Chapter 438

Hazel was standing outside of the locked room. Her gaze was fixed on the lock, focusing her attention there.

Her eyes glowed briefly before returning to normal when her phone began to ring.

She checked her phone to see who had called her.

She received the call and mumbled,

"Hello."

"Did you get it yet?" the person on the phone asked.

Hazel glanced at the door and replied,

"Not yet."

"How long? We will be there soon."

Her hand trembled, holding the phone near her ear. "I will let you know very soon."

The person hung up the phone. Hazel slowly removed her phone from her ear.

But at that moment, someone approached her from behind and whispered in her ear.

"Are you looking for something inside?"

Hazel immediately turned around and clutched her chest. Her body jerked her body up. Her eyes widened when she noticed it was Natalia.

"You almost scared me to death," Hazel said.

Natalia raised her brows and asked,

"Why so scared? Is this how you will give birth to Alpha Adrian's heir?"

Hazel took a deep breath and composed herself.

"Look, Sister-"

Natalia raised her hand to stop her. "Stop your acting in front of me, okay? What do you expect after snatching my husband away from me? Let me guess. I will give my position to you, and you will become the Luna of this pack?"

She then gave Hazel a mocking look and murmured in a frigid tone, "Dream on, Witch."

Hazel's eyes grew wider. Natalia frowned at her.

"What did you think? It will be hard for me to learn about you and your pack. The Black Haw Pack, the land of witches and wizards."

Hazel's expression slowly changed. Her face no longer appeared innocent. She grinned at Natalia and said,

"If you are already aware of my identity, then you also know that we have the ability to see things that

werewolves can't."

After saying that, her gaze shifted to Natalia's stomach. Her grin evolved into a smirk. "You are pregnant, right?"

Natalia's eyes widened. They glowed blue as she grabbed Hazel's neck and pushed her against a wall behind her. Hazel closed her eyes when she felt pain in her back.

She immediately held her stomach instead of attempting to remove Natalia's hand from her neck. "If you dare to tell anyone about it, it will only take me a minute to kill you,

witch. The wolf inside me wants to tear your body apart. But as a woman, I don't want to hurt that unborn child of yours."

Natalia's voice was sharp, piercing Hazel like a knife. Hazel opened her eyes, which had turned glowing green and looked into Natalia's eyes. It was as though she tried to manipulate her with her gaze, but she failed.

Natalia's blue eyes were so powerful that her magic failed completely. Instead, she felt something in her stomach.

Hazel let out a cry and clutched her stomach.

"Please don't kill my baby."

Natalia glared at her, thinking that she was pretending. Because her grip was not too firm.

At that time, she heard Adrian's voice from behind them.

"Leave her."

Chapter 439

Natalia rolled her eyes before releasing Hazel's neck. She turned to look at Adrian. "Look, who's here? Your hero, lil sister," Natalia said it loudly while looking at Adrian.

He had a furious look. Ignoring his gaze, Natalia turned to face Hazel.

She lifted her hand and placed it on Hazel's head. She then said to Hazel in a low tone,

"Don't worry about this door. Very soon the key will be in my hand. I also want to know what you are looking for and what they have been hiding all these years."

When Natalia was about to remove her hand from her head, Hazel grabbed her wrist and looked at her.

"Why do you find things that are forbidden so fascinating?"

Natalia smiled at her, yanking her hand from her grip.

"Because another woman is after my husband and carrying his child."

Hazel glanced at Adrian, who was behind Natalia. He was standing a little away from them.

Natalia turned around. She started walking, ignoring Adrian. When she was about to walk past him, he grabbed her wrist and turned her around to face him.

Her body pressed against him, and his cold eyes met hers.

Natalia glared at him and muttered,

"Leave my hand."

Adrian refused to let go of her hand. She smiled at him and asked,

"Are you mad at me because I hurt your…" she paused as if she were at a loss for words. She tilted her head to look at Hazel.

"What shall I call you, dear? Mistress? Wannabe? Or his future wif-"

Adrian's grip tightened around her wrist, causing her to pause. She returned her gaze to him and asked,

"What is the problem? Are you concerned about losing your reputation if I take over your pack company? Now even if you want, you can't stop me."

"If I want, I can do many things that no one can," he replied, looking into her eyes.

She burst into laughter. "So true. You can get another woman pregnant, which most loyal Alphas can't do."

Adrian's grip loosened around her wrist. She moved back and patted his shoulder.

"Go and give her a shoulder to cry on. She is too weak to handle my blow."

Adrian glared at her in response.

"What? Still angry? You don't want me to attend the pack meeting, do you?"

Adrian's gaze moved to the dress that hugged her body perfectly, and he whispered,

"Why did you wear this? You are going to attend a pack meeting, not a pack party. Are you planning to seduce other men wearing dresses like this?" 1

Natalia lifted her brows. "Dresses like this? It is a fully–covered gown. Oh, no, wait. It is a backless dress."

She turned around and moved her hair from her back to reveal her backless dress.

Adrian's eyes darkened. "Go back and change this dress."

Natalia turned back to him and grinned at him.

"You are right. I think I can seduce a few men in this dress. My Alpha turned out to be a cheater anyway. Who will tell me what? I will show them what their Alpha has done."

Adrian stared at her. His eyes turned cloudy, changing their colors. Natalia noticed them, not caring anymore.

Natalia turned around and made her way to the hallway. Her expression hardened, and her smile vanished. In front of him, she was holding back both her anger and her breath.

She heard Hazel's voice from d

"Ad–Adrian, I-"

Adrian interrupted her by yelling at her,

"Shut the fuck up! You are the reason all of this is happening."

Chapter 440

Natalia came to the hallway. When she turned her heels in the direction of the meeting hall, she ran into Alpha Martin.

She looked away from him and came to a halt. Alpha Martin gazed at her. He cleared his throat and said,

"Natalia, I heard you decide to take over the pack company."

Without looking at him, she replied,

"Yes, dad."

"Are you mad at Adrian?"

Hearing his question, she felt it was a joke. She slowly lifted her gaze to meet his eyes.

"What if it were me who ended up getting pregnant with another man? What do you think? How would your son react?"

Alpha Martin's eyes grew wider. He was not expecting her to say that. He used to see a polite Natalia who always spoke to him with careful words.

Natalia did not care anymore. Though it was neither his nor Grace's fault, she was too distraught to care about anything.

"Why do people call your son Almighty? For killing Alphas in wars and claiming packs? That is something I can do as well."

Alpha Martin stared at her for a while.

Through the windows, Natalia glanced at the cars parking outside the pack house. She realized that all of the Alphas had already arrived for the meeting.

So she lowered her head and walked past him. But she stopped when she heard him from behind.

"There is something I want to talk about. But I am scared to reopen it. I tried once and nearly lost my son

years ago."

Her brow furrowed as she turned around. She looked at his back.

"What are you talking about? Is it related to Hazel's pack?"

Alpha Martin turned around to face her. Concern could be seen in his eyes, and it appeared as though he was even frightened to discuss the matter.

Natalia noticed it clearly; however, she was not interested anymore.

"It doesn't matter anymore, dad. Nothing can change what your son has done. I will never be able to forgive him. I am here to protect my and my children's positions. There is no way I can let another woman's child inherit the throne that belongs to my children."

Alpha Martin stared at Natalia when she turned and headed to the meeting hall.

There were sounds of voices in the meeting hall. But when Natalia entered the hall, everyone fell silent.

With confidence on her face and a perfect body that had a gorgeous appearance, she walked into the hall.

Every Alpha hurriedly got up from their seats and bowed to her.

Her gaze shifted to each Alpha as she approached the head chairs. Everyone was about to sit back on their chairs, but they were shocked when they noticed her sitting on Adrian's chair instead of her own

chair.

With a gracious look, she sat on the chair and looked at them.

"Sit."

Her voice was cold. The Alphas quickly sat back as if her Alpha voice hit their cores.

How could they forget who she was? She was a powerful Alpha she–wolf who saved their Alpha during the war.

Gamma Benjamin, Delta Julian, and Theta Emon, the three officials, were present in the meeting.

Natalia glanced at Benjamin, who nodded his head. Natalia turned to look at the Alphas and said,

"From now on, I will handle your pack company. Without my approval, you can't pass a single penny to another pack. Tell every other pack company allied with ours that they are not allowed to be with the Black Haw Pack if they wish to be with us."

Because no one knew about Hazel and her child, they assumed the Black Haw Pack had offended their Luna.

An Alpha raised his hand. Natalia gave him the nod to express his opinion.

"Luna, right now the biggest alliance of the Black Haw Pack is the Blue Blood Pack."
