

Taking Alpha's Twins Away After Divorce

Chapter 506

Natalia got down the stairs and looked at the main door. She paid no attention to anyone who was seated on the couches.

Ansel's gaze was fixed on the stairs as if she were thinking about something. A grin appeared on her lips as she then turned her gaze away. She looked over at Natalia and raised her voice, "Why don't you join us for breakfast, Natalia?"

Natalia's steps came to a halt; she turned around. Her gaze moved around to the people on the couches. Adrian and his parents, as well as Hazel and her family, were sitting there.

A scoff almost came out of Natalia's mouth. Did this woman just mock her by saying that?

In their presence, she appeared to be an outsider.

Her gaze settled on Adrian, who was drinking tea without looking at her. Her eyes grew darker as she muttered,

"I do not have time to eat breakfast with you all..."

Her gaze shifted to Ansel, then she added, "Mrs. Leighton."

As she was about to turn to leave, Natalia heard the powerful voice of the old man.

"Where are you going? You seem to be in a hurry. Your husband is here sitting with us."

Natalia raised an eyebrow as she took a few steps toward the couches. She came to a stop beside Adrian's couch and said,

"I am glad you recognize him as my husband."

Natalia's head turned to look at Adrian.

Hazel was sitting right next to him. When Natalia's eyes locked with hers, she lowered her gaze.

"Sister is going to the company, Grandpa. She joined the company just a few weeks ago." Hazel's brother, Rick Leighton, frowned when he heard it. "What is her job there?" Natalia was offended by his words. "Excuse me?"

Rick directed his gaze to Natalia. In fact, it was the first time he had looked into her eyes.

Natalia glared at him with her jaw

clenched:

It was obvious that

was mad at him for what he

said. "I took over-"belongs

A sound of throat clearing interrupted Natalia. Alpha Lucas stood up and spoke,

"If we keep talking, this will continue. Old Leighton, why don't we go to have breakfast?"

Alpha Lucas made a gesture toward the elderly man in the dining room. Before standing, the old man swept his gaze across Natalia. Then he followed Lucas Miller and his wife, Grace.

Ansel stood up from the couch and was about to tell her husband to follow, but when she turned to face him, her eyes narrowed.

Rick kept his gaze fixed on Natalia. His green eyes remained motionless as though he was closely observing her.

Gritting her teeth, Ansel grasped Rick's arm. "Rick."

Rick did not break the eye contact while saying,

"Go ahead. I have yet to introduce myself to Mrs. Miller. I was thinking about talking to her for a while."

Ansel rolled her eyes and muttered, "Sure."

Ansel looked at Hazel and signaled her to take Adrian with her.

But Adrian rose from the couch.

"I am leaving for the company."

After saying that, he walked past Natalia and walked out of the pack house.

"Your introduction is not necessary know of you people really Natalja said to Rick and made her way to the main door.

Upon exiting the pack house, she noticed Adrian's car outside.

She was about to walk past the car when the driver got out and opened the back door for her.

"Alpha wants to speak to you."

Chapter 507

Natalia frowned when she heard that. She shot the driver a look that startled him.

Natalia, who used to smile at those around her, began to give stern looks. They realized her identity, which had been almost forgotten.

"I don't want to talk to your Alpha."

Saying this, she grabbed the door handle and slammed it.

While walking past the car, she noticed the shadow sitting in the backseat.

Natalia's car approached her when she came close to the garage. As soon as she got into the car, she drove off to the office.

A black sedan followed her car until she arrived at the office.

Natalia walked inside the company. Everyone bowed to her. She nodded as she made her way to the elevator.

In the middle of the way, she overheard people's voices.

"Alpha is here!"

Natalia turned around and saw Adrian entering the company.

As she stared at him with emotionless eyes, she observed that people were terrified of his arrival. She was aware of this.

If anyone thought she was the most dominant person in the office, they had realized who the king was.

However, that was not her concern. She was curious as to why he had come here.

Didn't he know she had taken over his company?

She turned away from him and continued walking until she arrived at the elevator.

Ding!

The elevator door opened in front of her. She stepped into the elevator. She pressed against the top floor.

Since it was only used for people who were at the head level, the elevator was completely empty.

When the door was about to close, a hand came between the almost closing door.

Natalia did not care since she was looking at the market stock.

The elevator door opened wide, and a man dressed in a dark suit entered.

Natalia raised her head as the door closed, only to see Adrian Miller.

He was leaning against the wall of the elevator. His eyes were on her.

"Why the hell are you here?" she asked, leaning her back against another wall.

His eyes knitted as he replied, "Do I need to inform you of everything? Why can't I be here? This is my company. I have worked for this company and helped it reach this level."

She let out a chuckle because she thought his words were funny. "What's so funny there?"

"I am just wondering. How was it that this man, who is unable to keep his marriage together, was able to run such a large business? It looks like running a business is not as difficult as people think."

Adrian tightened his fists, but his face was indifferent. He was quiet and unflagging.

It was Natalia who stepped out first when the door opened. She began to walk towards the CEO's office but came to a halt when she heard Adrian's voice behind her.

"You don't have to come to the office from tomorrow. I can manage my business on my own."

Chapter 508

Natalia's eyes flashed dark blue for a moment. But she calmed down because she was not in the pack house, where they were both alone or in front of their families. They were now in the company and in front of the employees. She did not want to cause trouble there. She ignored his words and opened the door of the CEO's office.

When the door closed, Adrian heard a clicking sound of locking. She seemed to have locked the door from the inside.

Adrian stood outside the door, furiously staring at it.

Inside the office room,

Natalia sat down in the chair after placing her bag on the desk. Although that was Adrian's office, she would not let him enter. He had no right to enter her life or this office. She had closed all the doors for him, including the office door.

She called Damia to inquire whether she had reached the company. She wanted her as her personal assistant. She knew Damia would be the most trustworthy person for her.

She grabbed the files and started working on them. After a few minutes, she checked the time and dialed Benjamin.

"Did you arrange the meeting?"

"The whole board of directors has arrived at the company. They will be waiting for you in the meeting room. The meeting is scheduled to begin around 11:30." Natalia took another look at the time. "There is still 10 minutes left."

"You can take your time before going to the meeting. By the way, I got informed that Alpha is there."

"Don't worry. He is powerless to take action. I have all of the trade secrets. Where will the board directors go now? To him or me?"

Benjamin was taken by surprise when he heard her. "This is really smart of you. I almost forgot that you used to run the pack company of your brother's pack." Natalia leaned her back against the chair and mumbled,

"To defeat monsters, people must think strategically."

Benjamin understood exactly what she meant. He chose not to say anything else. He did not want to disobey his Alpha, but he also needed to protect his Luna.

After speaking with him, Natalia

reviewed all of the important files that would be discussed in the meeting. That was all about shares. She planned to sell some of her market shares.

Her plan was to tell her brother to purchase them. As long as Jason helped her, she would get more shares. So even if Adrian tried to take over in the future, she would be the gainer there. Her brother would oppose it and assist her in maintaining her position there.

When it was time for the meeting, Natalia went straight to the meeting room.

To her surprise, Adrian was there too.

When she noticed him sitting in the head chair, she was taken aback.

That was her position as CEO of the company.

The other people in the meeting room sensed tension around the table.

"I think Alpha Adrian forgot that the position is no longer his," Natalia said, grabbing the table's edge as she stood at the end. The board of directors spoke up on behalf of Adrian.

"According to the deed signed by the

elder Miller before his death years ago, only the pack's heir can run the pack company. So he will continue to be the company's owner and decision-maker."

Natalia was stunned.

There was a smirk on Adrian's face as he leaned his elbows against the table.

"I told you, woman. Don't mess up with me."

Chapter 509

Natalia's eyes were filled with anger and hatred for Adrian. She could feel her heart pounding with rage. She wanted to go and hurt this guy.

However, for the sake of her twins, she let him go..

She turned her attention to the other people and asked,

"I didn't want to know about the ancient rules. All I want to know is what you think. Will you keep him in that position if he is unable to manage the company effectively and faces the possibility of losing everything you have worked so hard to achieve?" Adrian's smirk faded as his eyes grew enraged. It was a personal insult to him.

"Luna-"

He cut off a board member by saying,

"Don't call her Luna. According to the pack's rules, she has yet to receive recognition from her Alpha in order to be considered for that position. Until the Crown Ceremony, you may address her by name."

The men looked startled. As long as they knew Adrian, they knew he would rip their heads off if they called her by her first name. Maybe they had a fight and were talking like this.

Natalia clenched her jaw. She could not believe Adrian had turned the table when she had a solid plan to take everything from him.

"Alpha Adrian views his own wife as a threat. Isn't it great?" She mocked him.

Adrian did not move as he said, "As my wife, you should help me with the company. I do not want my wife's business potential to be wasted. So, starting now, you can be the company's vice president. Even if you are upset, you still wield great power." Natalia rolled her eyes. She had no desire to be in that position. But she could not leave so easily because she was here to ruin him and secure the future of her children.

She grabbed a chair and pulled it out calmly. Then she smiled at everyone and said,

"Now that your Alpha is back, let us begin the meeting."

Everyone reached an agreement to sell some market shares. They were reluctant at first. However, Natalia wisely explained some projects in need of funding. To secure the top place in business, they agreed with her.

Except for Natalia and Adrian, everyone had left the room after the meeting ended.

Natalia was feeling down. She was ready to leave but she decided to call her brother to let him know about it.

When she was about to click on her brother's phone number, she noticed someone approaching her chair.

She lifted her gaze.

Adrian came to a stop in front of her.

He glanced at her phone and noticed Jason's name. Natalia locked her phone and placed it away. Adrian bent down toward her, placing his hand on the table.

Natalia was caught off guard by his actions.

When his face was just a few inches from hers, he said,

"You have the wrong idea that anyone can take away what is mine."

His gaze was drawn to her neck, where the mark was located. He returned his gaze back to her and added, "Maybe things were different back then..."

Her heart was tightening from his words and the closeness.

She pushed his chest, pushing him away, and stood up from the chair. "Keep dreaming. The dialogues you are giving to me... If you had worked on it even once, your life would have been different."

The look on her face prompted him to give her a hostile look. "The sharpness of your tongue will one day lead to your demise."

She sneered at him and grabbed

files herself since her assistants were not in the company. "Go enjoy your winnings and enjoy yourself."

Her phone lit up.

When he noticed Benjamin was calling, Adrian frowned. A faint burning sensation ran through his chest.

He ignored the feeling and muttered with an angry tone,

"Why is he calling you? Is wandering around you his only job?"

Chapter 510

Days passed as Adrian began to observe many things. Whenever he went near Natalia, he felt distressed. The voice in his head always told him to pay attention to Hazel because she was an innocent woman. The more he tried to focus on his work, the more he was lost. It seemed as though he was incapable of making a sound choice. He was having inner turmoil, but he was unsure of the cause. It was the day when Beta Patric was going to return to the pack.

Patric did not go to the pack house and directly came to the company to meet Adrian.

When he came back, he learned that Natalia was planning something big to snatch the CEO's position from Adrian.

He had no idea what was going on in the pack until the other three officials informed him of everything last night.

Patric was outside the door, making his way to Adrian's office.

Without knocking on the door, he opened the door and entered the cabin.

He saw Adrian sitting behind the desk, reading a file. His desk was disorganized, and everything looked messy.

Patric was already surprised by what Adrian had done in the last few days. So he did not care about the other things.

As soon as he reached the desk, Adrian placed the file on the desk and looked up at him.

"You need to knock on the door before entering."

"Adrian, it's not time for these things. What have you done? You screwed up!"

Patric's voice was filled with disappointment. Adrian's brows furrowed as he asked,

"What have I done? What exactly are you talking about? And where have you been these days? Have you forgotten that you have been assigned as the beta for this pack?"

Patric was stunned by the way

Adrian spoke. He had never talked to him like that. In fact, the question Adrian had asked him really shocked him. Because Adrian was the one who sent him out of the pack for some work.

"Are you all right?" he asked Adrian, worried.

"What would have happened to me?" Adrian asked in confusion.

Patric's eyes shifted to the bandage around Adrian's forehead. "How is your wound?"

Adrian brushed his fingers against it without any reply.

Patric glanced at the watch and noticed that it was lunchtime. So he said,

"Adrian, let's have lunch together. I need to talk to you."

Adrian did not deny it as he pushed the files away and got up from his chair.

While walking out of the cabin, Patric asked in a low tone,

"Why did you decide to take Hazel as your mistress? Do you have a different plan in mind?"

Adrian appeared to be confused. He turned his head at him and asked, "What plan? She is pregnant with my child I should take her

responsibility."

Patric was shocked. "Your child? What are you saying? Have you gone insane?"

Adrian seemed to be perplexed by Patric's questions. He was about to speak again when his eyes fell on a

abin. The door of the cabin opened,

cabin. T

and a woman came out with another man.

They smiled at each other as they headed somewhere together.

Patric looked over to see where Adrian was looking. He realized that he was looking at Natalia and Benjamin.

"What about her? Adrian, how can you treat her so irresponsibly?"
