

# Taking Alpha's Twins Away After Divorce

## Chapter 516

Natalia's eyes were on the door. She had seen Hazel leaving the house. For some reason, she guessed who she went after.

'What is her relationship with my brother?' she thought.

"Miss Natalia"

She looked away from the door and turned to Alpha Jonas. She smiled at him.

This noon, when Adrian sent the necklace to her, she was surprised at first but scoffed after learning his words from Damia.

She knew this man could never care for her. He was a devil in disguise who was showing his true colors with passing time.

So when Alpha Jonas called her today to ask what she would like to have, she told him that she desired a necklace. She wanted to wear it in front of Adrian to mock him.

"The more I see you, the more I feel like I have never seen this much beauty," he remarked with a chuckle.

Natalia grinned at him and said, "Alpha Jonas is flirting with me. Does his girlfriend know about it?" In a blink of a second, all the color washed away from his face.

Natalia noticed this, lifted her hand, and patted his shoulder. "One necklace can't buy me, Alpha Jonas. I have a suggestion for you. I am taking this gift as an approach for a business deal. I will think about the tender you are currently working on. How about it?"

Alpha Jonas' facial expression returned to normal after hearing her. He offered her a warm smile and said, "Alpha Adrian is really lucky to have you. I understand that he is the almighty Alpha, but you are also very powerful. Why don't you leave him and settle with some other Alpha-"

Alpha Jonas paused as his eyes fell behind Natalia. He gulped as he said,

"Well, I believe I should leave now. The party is over anyway."

Natalia did not know what had just happened to him. She nodded her head and reminded him,

"I will remember your present and repay you in any way you desire."

Alpha Jonas understood that she meant the deal when she said it.

Natalia sighed as she watched Alpha Jonas leave.

Then, as she turned around, she collided with a hard chest.

She took a step back and lifted her head only to meet a pair of angry eyes.

She frowned when she saw it was

She realized that was why Alpha Jonas left like that. 'He might be afraid Adrian will not like his suggestion. Little did he know, this man has no heart,' she thought, shaking her head.

"So you will pay like he desires?" Adrian asked.

"Yes, I will," Natalia said and was about to walk past him.

But Adrian grabbed her wrist and started to drag her to the stairs.

"What are you doing?" she yelled at him.

When he reached their bedroom, he dragged her inside. He shut the door and pressed her against it.

His eyes moved to the necklace. His dark gaze frightened her.

"What are you—"

Taking hold of the necklace, he yanked it away from her neck. She hissed in pain.

"How dare you wear the gifts of another man?" In a furious tone, he said.

Glaring at him, she answered,

"I will do whatever I want with another man. It's none of your—"

He did not let her finish her as he grabbed her jaw and kissed her.
