

## Talent 631

Chapter 631: Leaving the Supreme Hall of Humanity!

“Heavenly World!”

Staring at these two words, Ye Tian’s pupils shrank suddenly, filled with shock.

“I have created a Heavenly World!” Ye Tian murmured to himself.

In terms of quality, worlds ranged from ninth-grade to first-grade, and then there were Lesser Thousand Worlds, Greater Thousand Worlds, and Heavenly Worlds. Even a Lesser Thousand World was something the Children of the Universe dreamed of achieving. However, in reality, those capable of creating a Lesser Thousand World were as rare as phoenix feathers and unicorn horns.

As for the quality of a Heavenly World, Ye Tian had never heard of it.

According to Ye Tian’s understanding, the quality of a Heavenly World was deduced. Any world that surpassed the limits of a Greater Thousand World’s quality was considered a Heavenly World quality. Therefore, a World Pearl could be used to test for such a quality.

“My Ancient Chaos Realm must be of Heavenly World quality, but it is definitely not an ordinary Heavenly World quality, because the World Pearl’s testing limit only reaches Heavenly World quality.” Ye Tian thought to himself.

In the blink of an eye, a few more days passed.

On this day.

Ye Tian suddenly received a package! Yes, a package! Of course, this was Ye Tian’s own term for it. In the parlance of the Children of the Universe, it was called a Universe Delivery, managed by a vast company spanning many cosmic races—Universe Express.

Universe Express was very mysterious, controlling many small cosmic races and some innate beings. There were many powerful beings at the level of Universal Gods and Dominators, and even the lowest-ranking employees responsible for transporting goods had reached the Galaxy level.

They did not accept small orders; they mainly handled high-value shipments and had a good reputation.

The package Ye Tian received came from another major race, which surprised him.

But soon, he knew who it was from.

“It turns out to be from the Immortal Race’s Prince Tianjun!”

Knowing the sender, Ye Tian signed for the package.

The package was a box made of a special metal, sealed with a formation. After Ye Tian signed for it, the formation was unlocked, and the key to the special metal box was delivered to Ye Tian by the courier.

“It should be ten Origin Artifacts. When I left the Lingyun Heavenly Realm, it was a bit late, and the Great Gods of the Immortal Race had already left.

I thought Prince Tianjun would go back on his word and not give me the ten Origin Artifacts.

I didn’t expect that he would send the ten Origin Artifacts to me through Universe Express!” Ye Tian was quite surprised.

Click! The metal box opened, revealing ten spatial rings inside.

Ye Tian then refined each of these spatial rings one by one, finding an Origin Artifact in each.

The ten Origin Artifacts were quite valuable. Even if Ye Tian couldn’t use them all, keeping them as treasures for the Tian Pavilion was a good choice.

After storing the ten Origin Artifacts, Ye Tian handled some formalities and left the Supreme Hall of Humanity.

From today onward, he was no longer a member of the Supreme Hall of Humanity.

He was now the True Monarch of Ten Thousand Laws!

Tianlan Giant City

Ye Tian returned to the Tian Pavilion and immediately went to his wife, Xiao Yue.

“Yue’er, I have advanced to the Planetary System level and left the Supreme Hall of Humanity! From now on, I will spend more time with you!”

Ye Tian embraced Xiao Yue and said.

“Congratulations, my husband!”

Xiao Yue congratulated him warmly.

In the days that followed, Ye Tian spent a lot of time with his wife, Xiao Yue. He also devoted significant resources to cultivating the members of the Tian Pavilion, greatly enhancing their growth.

Under Ye Tian’s dedicated efforts, the Tian Pavilion advanced rapidly.

In the blink of an eye, three years passed.

By this time, Ye Tian had leveraged his astonishing talent, a vast amount of resources, and his time acceleration ability to elevate his cultivation to the ninth stage peak of the Planetary System level. His wife, Empress Yue, also advanced to the peak of the Planetary System level.

At this level, distinctions among the Children of the Universe became irrelevant. Even though Ye Tian was once a Child of the Era, he no longer held that title.

However, the terrifying potential of a Planetary System-level Child of the Era was beyond imagination.

“At the Planetary System level, I still need to accumulate more. Although I am very strong now, I am still too weak compared to those defiant Universal Gods, Dominators, and Heavenly Venerables.

Kunwu Supreme suggested I register with the Divine Blade Alliance, but I don’t need to go there now.

I am progressing every moment. I should accumulate more before heading to the Divine Blade Alliance!” Ye Tian planned.

Next, Ye Tian focused on cultivating the ninth and tenth sets of movements in the Eighteen Golden Bodies Technique.

The inheritance of the ninth and tenth sets of movements required entering the Six Paths Reincarnation Pagoda of the Supreme Hall of Humanity. Although others could not re-enter the Supreme Hall of Humanity after leaving, Ye Tian was special. He only needed to apply to re-enter the Six Paths Reincarnation Pagoda.

In addition to the Eighteen Golden Bodies Technique, Ye Tian also needed to cultivate the Chaos Golden Desolation Technique and the Nether King Secret Manual.

Simultaneously, he needed to comprehend and create the ultimate techniques of Saber Dao and True Chaos Techniques, as well as understand the Chaos Dao.

Currently, he had only grasped the form of the Chaos Dao. The next realm was Manifestation. Once he condensed the Manifestation of the Dao, it would be truly terrifying and immensely powerful.

However, according to Ye Tian’s knowledge, beings who condensed the Manifestation of the Dao were generally Dominators, and extremely powerful ones at that.

No matter what, he needed to work hard step by step.

Through intense cultivation, Ye Tian spent 30 years perfecting the ninth and tenth sets of movements in the Eighteen Golden Bodies Technique, making his physical body incredibly strong.

The cultivation of the Chaos Golden Desolation Technique progressed slowly because the Glazed Golden Wave Liquid obtained from the Dragon Race was insufficient and had been completely consumed.

The ultimate techniques of Saber Dao were also stuck at the strongest level, difficult to advance.

However, the True Chaos Techniques saw significant progress. Ye Tian further perfected the Black Lotus Realm of the True Chaos Techniques, bringing it to a half-step supreme level. He also combined the secret arts of the Chaos Divine Tome with the True Chaos Techniques, creating entirely new True Chaos Techniques.

For example, he perfected the Six Paths Chaos Palm, the Primal Scales, and the Primal Vines into True Chaos Techniques, making them even more powerful.

In reality, the so-called secret arts of the Chaos Divine Tome were incomplete versions of the True Chaos Techniques. This universe's cultivation civilization was still relatively weak and underdeveloped in many aspects.

However, Ye Tian believed that in countless years, the cultivation texts of various cosmic races would be greatly improved.

One day, Ye Tian began to cultivate the Nether King Secret Manual.

He had already reached the Nether General level in the Nether King Secret Manual, corresponding to the Planetary System and Galaxy levels. However, Ye Tian was only at the early stage of the Nether General level, and his celestial soul could still become stronger.

But this universe was not conducive to the path of the soul. Even with abundant soul resources, Ye Tian's progress was very slow.

This was because Ye Tian broke through the universe's rules and was not controlled by the universe's origin. If it were someone else, their progress would be even slower due to the suppression of the universe's origin, making significant advancements in the path of the soul impossible.

As Ye Tian's progress in various aspects gradually hit bottlenecks, making rapid progress became extremely difficult. Blind cultivation was not an effective solution; he needed to seek new opportunities.

"It's time to go to the Divine Blade Alliance!"

Ye Tian thought to himself.

...

Btw even though he's called True Monarch of Ten Thousand Laws, he's still sometimes referred to as "Your Highness/Prince", so there may be that discrepancy.

Chapter 632: A Member of the Divine Blade Alliance!

The Divine Blade Alliance, Tianlan Giant City Branch.

Ye Tian arrived here! The Divine Blade Alliance had branches in major star fields of the human race, with only a few weak star fields lacking a branch of the Divine Blade Alliance.

The Holy Domain had the most branches, with the Divine Blade Alliance present in almost all important giant cities and continents.

Ye Tian merely wanted to register as a member of the Divine Blade Alliance, which could be done at any branch. Therefore, there was no need to go to the headquarters.

When Ye Tian arrived at the Tianlan Giant City branch of the Divine Blade Alliance, he immediately attracted a lot of attention.

"It's the Prince of Ten Thousand Laws!" someone exclaimed.

But soon, people noticed that Ye Tian's cultivation had broken through to the Planetary System level, making the title "Prince of Ten Thousand Laws" inappropriate.

Therefore, someone greeted him, “Greetings, True Monarch of Ten Thousand Laws!”

“True Monarch of Ten Thousand Laws!”

“True Monarch of Ten Thousand Laws!”

Ye Tian only nodded slightly in response to the others’ politeness, without making a deliberate effort to respond.

This was not rudeness but a matter of status. If he had to respond to every greeting from weaker individuals, it would be incredibly tedious in the future, as too many people would want to greet him.

Then, Ye Tian approached a counter.

“I want to register as a member of the Divine Blade Alliance,” Ye Tian said.

“True Monarch of Ten Thousand Laws, please wait a moment!” the counter attendant replied.

Immediately, the attendant processed Ye Tian’s registration. After a series of procedures, Ye Tian successfully became an ordinary member of the Divine Blade Alliance.

Before long, Ye Tian’s membership token was created.

Additionally, a guidebook detailing the rules of the Divine Blade Alliance for new members was given to Ye Tian.

In the following days, Ye Tian focused on understanding the Divine Blade Alliance.

Quickly, Ye Tian learned a lot about the Divine Blade Alliance and gradually understood its general operating methods.

The Divine Blade Alliance was similar to regular mercenary guilds and scattered cultivator alliances, but it had a significant difference.

The Divine Blade Alliance did not allow the formation of team forces! On Earth, most mercenary organizations could form teams, creating groups or mercenary squads.

If forming mercenary squads was allowed, completing missions would be much easier, but it also brought many problems.

For example, as the number of people in a team increased, and they formed their own hierarchies, it could easily result in power factions within the Divine Blade Alliance, causing division.

As one of the Supreme level forces, the Divine Blade Alliance absolutely did not permit this. Even if the members were peripheral personnel, it was strictly prohibited, or else the foundation of the Divine Blade Alliance would be damaged.

Therefore, the Divine Blade Alliance had no such teams, only the official organization of the Divine Blade Alliance.

By becoming a member of the Divine Blade Alliance, one could consign items for sale in the marketplace. These items were generally genuine because the internal staff of the Divine Blade Alliance inspected them. If anyone dared to sell counterfeit goods, they would face punishment from the Divine Blade Alliance, potentially leading to imprisonment or even execution in severe cases.

Thus, very few dared to risk offending the Divine Blade Alliance by selling fake items.

Additionally, members of the Divine Blade Alliance could accept missions, post missions, and thereby earn some resources.

The greatest benefit of becoming a member of the Divine Blade Alliance was the opportunity to receive the fortunes bestowed by the Alliance and the latest information.

Without the Divine Blade Alliance, even if a chance appeared somewhere, you wouldn't know about it and could miss the opportunity.

On this day, Ye Tian logged into the virtual network of the Divine Blade Alliance, intending to find a good mission.

Although he was wealthy, some resources couldn't be exchanged for money or treasures. For instance, certain treasures that could help Ye Tian create the Supreme Saber Dao Ultimate Technique couldn't be bought with any amount of Divine Crystals.

The missions of the Divine Blade Alliance often attracted participants with extremely rare treasures. Completing a mission could yield such treasures.

Ye Tian slowly browsed through the posted missions, but he kept shaking his head.

There were limitations on accepting missions through the Divine Blade Alliance. At the Planetary System level, he could only accept missions of the same level. He couldn't accept missions at the Universal God level.

Therefore, Ye Tian could only browse the Planetary System level mission board.

The rewards for these missions were generally average. Many missions were not difficult for Ye Tian, but the rewards didn't interest him at all.

Given his current wealth, even the reward of an Origin Divine Artifact didn't attract him.

After browsing the Planetary System level mission board for a long time, Ye Tian finally found a mission that caught his attention.

[Track Down a Pinnacle Galaxy Level Expert—The Flame Saber True Lord is likely to have broken through to the Universal God level.

Mission Requirement: Find the Flame Saber True Lord and notify the Divine Blade Alliance.

Mission Reward: Three 3-Saber Heavenly Dao Characters.]

“Three 3-Saber Heavenly Dao Characters!” Ye Tian was very tempted by this reward.

It could be said that any Planetary System level expert would be tempted, even Universal Gods would be. Heavenly Dao Characters were extremely rare, and the Saber Heavenly Dao Character

was one of the rarest. The Supreme Hall of Humanity might have a stock, but they wouldn't easily give it to Ye Tian as a reward.

Moreover, this time, they offered three 3-Saber Heavenly Dao Characters, indicating how generous the mission reward was.

"I once obtained a Saber Heavenly Dao Character, but I used it long ago. If I can get these three 3-Saber Heavenly Dao Characters, they would greatly help me in creating the Supreme Saber Dao Ultimate Technique!" Ye Tian thought.

However, he was well aware that the Divine Blade Alliance offering such a reward indicated the high difficulty of the mission.

The mission didn't require killing the Flame Saber True Lord, as it was a task for the Planetary System level. Killing the Flame Saber True Lord would be too difficult for someone at this level.

Moreover, the mission mentioned that the Flame Saber True Lord might have already broken through to the Universal God level. If so, then it was almost impossible for a Planetary System level expert to kill the Flame Saber True Lord.

Therefore, the mission only required finding the Flame Saber True Lord and notifying the headquarters of the Divine Blade Alliance.

Once the Divine Blade Alliance located the Flame Saber True Lord, they would immediately dispatch strong experts to kill him.

Even so, the mission was very challenging. If discovered, it would be extremely dangerous for others, almost a certain death situation.

Ye Tian wasn't afraid of the Flame Saber True Lord. His interest in this mission wasn't just the reward. Another reason was that the Flame Saber True Lord had hidden in the Pan Star Field.

The Pan Star Field was Ye Tian's hometown and a star field he was very familiar with.

Moreover, he hadn't visited the Pan Star Field in a long time, so he wanted to go back and see his old friends.

“This mission, I’ll take it!” Ye Tian immediately applied for the mission.

Soon, the Divine Blade Alliance approved the mission and provided detailed information regarding it.

Chapter 633: Return to the Pan Star Field!

Ye Tian reviewed the information provided by the Divine Blade Alliance about Flame Saber True Lord, quickly understanding the general situation.

It turned out that Flame Saber True Lord was an internal member of the Divine Blade Alliance, nurtured by them. His talent was only at the Cosmic level, meaning his lifetime achievement could only reach the peak of the Galaxy level, unable to step into the Universal God realm.

Although the Galaxy level and the Universal God realm seemed to be only one level apart, the difference was astronomical! Once someone became a Universal God, their lifespan would be as long as the universe itself, essentially achieving eternal life.

However, those at the Galaxy level had limited lifespans. Even if a human became a Celestial, they could only live for several million years at the Galaxy level.

Anyone capable of reaching the Galaxy level would aspire to break into the Universal God realm. Therefore, Flame Saber True Lord also desired to achieve this breakthrough.

In one opportunity, Flame Saber True Lord embezzled a batch of resources, which included a Supreme Treasure that could dramatically enhance his talent, as well as three Saber Heavenly Dao Characters.

To embezzle these resources, Flame Saber True Lord even killed several Galaxy-level members of the Divine Blade Alliance.

Due to this incident, the Divine Blade Alliance suffered heavy losses since those resources were not their own but were meant for trading and were intercepted by Flame Saber True Lord.

Thus, the entire Divine Blade Alliance was furious.

However, Flame Saber True Lord had prepared wisely and possessed an artifact capable of shielding against Supreme-level divination.

Because of this, it was impossible to locate Flame Saber True Lord, despite extensive efforts.

Still, the Divine Blade Alliance, being a Supreme-level force, conducted a thorough investigation and discovered that Flame Saber True Lord had returned to the Pan Star Field.

Flame Saber True Lord was the brother of Divine Lord Jianyu, a leader of one of the five dominant forces in the Pan Star Field—the Sword Emperor Sect. Initially a member of the Sword Emperor Sect, he left because he excelled in saber techniques, which did not suit the sect’s focus on swordsmanship, and gradually worked his way up to join the Divine Blade Alliance.

However, his status within the Divine Blade Alliance was not high, and he rarely returned to the Pan Star Field. Even the other dominant forces in the Pan Star Field were unaware of his connection to the Sword Emperor Sect.

“Divine Lord Jianyu, an old acquaintance! This newly ascended Universal God almost offended me back then. I never thought I’d be coming after his brother this time!” Ye Tian was quite surprised.

According to the intelligence, the Divine Blade Alliance had secretly sent people to the Sword Emperor Sect but found nothing, as Flame Saber True Lord did not seem to have returned there.

Moreover, it was unrealistic for the Divine Blade Alliance to station a Universal God at the Sword Emperor Sect indefinitely, so they issued a mission.

After understanding this, Ye Tian discussed it with his wife and then returned to the Pan Star Field alone.

Through a teleportation stone gate, Ye Tian instantly arrived at the teleportation stone gate of the Hengpan Continent.

Upon arriving on the Hengpan Continent, Ye Tian immediately contacted the Undying Legion Lord.

Before long, Ye Tian met with the Undying Legion Lord.

At the headquarters of the Undying Legion.

“Prince of Ten Thousand Laws, no, I should call you True Monarch of Ten Thousand Laws. Congratulations on reaching the Planetary System level! It won’t be long before you become a Universal God!” The Undying Legion Lord congratulated him.

“Not at all, I still have a long way to go before breaking through to the Universal God realm.” Ye Tian quickly responded.

The Undying Legion Lord knew that a genius like Ye Tian could not possibly rush to break through to the Universal God realm quickly, as it would waste his potential.

Yet he was also aware that if Ye Tian wished, he could break through to the Universal God realm in a short time.

Therefore, he did not regard Ye Tian as just a mere Planetary System-level cultivator.

“True Monarch of Ten Thousand Laws, now that you have reached the Planetary System level, I suppose you have left the Supreme Hall of Humanity. Are you planning to develop in the Pan Star Field this time?” The Undying Legion Lord asked curiously.

“Not really!” Ye Tian shook his head. “I already established a force called the Tian Pavilion, currently in the Holy Domain’s Tianlan Giant City, so I won’t be developing in the Pan Star Field but in the Holy Domain.

Moreover, I have registered as a member of the Supreme-level force, the Divine Blade Alliance, for more freedom.

Given my temperament, joining another Supreme-level force would likely be unsuitable.”

“I see. So, why have you returned to the Pan Star Field this time?” The Undying Legion Lord was curious.

“Have you heard of Flame Saber True Lord?” Ye Tian inquired.

“Flame Saber True Lord!” The Undying Legion Lord pondered for a moment and said, “Isn’t he the younger brother of Divine Lord Jianyu? However, I am not from the same era as him, so I don’t know much. Is Your Highness here in the Pan Star Field because of Flame Saber True Lord?”

“Exactly!” Ye Tian nodded. “Flame Saber True Lord betrayed the Divine Blade Alliance, enraging them. Consequently, they issued a mission to capture him. I accepted this mission, which is why I entered the Pan Star Field.”

“No wonder there have been some new faces in the Pan Star Field recently, including both Planetary System-level and Galaxy-level individuals. They have been gathering around the Sword Emperor Sect. I had heard about this but didn’t pay much attention since I am not particularly interested in Planetary System-level and Galaxy-level affairs,” said the Undying Legion Lord.

Immediately, Ye Tian explained some basic circumstances to the Undying Legion Lord.

In the Pan Star Field, Ye Tian had almost no influence. The people from Earth were too weak to be of any use. Moreover, this was the Hengpan Galaxy within the Pan Star Field, and the Sword Emperor Sect was a newly ascended dominant force, so he had to rely on the Undying Legion Lord’s assistance to maneuver effectively.

Furthermore, although he had left the Supreme Hall of Humanity, he was still a Regional Enforcer.

As a Regional Enforcer, the Undying Legion would cooperate with him unless they wished to offend him.

And the Undying Legion Lord was not foolish; he naturally would not intentionally offend Ye Tian.

After understanding the basic situation, the Undying Legion Lord said, “True Monarch of Ten Thousand Laws, you mentioned how you wanted my help. Even the people of the Divine Blade Alliance infiltrated the Sword Emperor Sect without finding Flame Saber True Lord. It’s likely he isn’t there. Hence, it would be difficult for me to find Flame Saber True Lord.”

“Undying Legion Lord, I would like your assistance in organizing an auction, inviting the leaders and prominent figures of the five dominant forces. I want to see if we can lure Flame Saber True Lord,” Ye Tian said.

“If Flame Saber True Lord isn’t foolish, he probably won’t attend,” remarked the Undying Legion Lord.

“Flame Saber True Lord may not attend, but if someone auctions treasures on his behalf, they will inevitably contact him. That way, we have a chance to trace him. Besides, even if we can’t find him, holding an auction won’t result in any loss,” Ye Tian explained.

“True, but finding treasures to attract Flame Saber True Lord isn’t easy. He was once an insider of the Divine Blade Alliance and embezzled a batch of resources, so he’s quite wealthy!” The Undying Legion Lord expressed his concern.

“Undying Legion Lord, I will provide the treasures!” Ye Tian smiled slightly.

At that moment, Ye Tian took out a treasure, which was a saber.

“This is... an Origin Artifact! And a top-tier Saber Origin Artifact at that!” The Undying Legion Lord was quite surprised.

While such a weapon was attractive to Flame Saber True Lord, it wasn’t enough to drive him to madness.

Then, Ye Tian took out a second treasure.

The second treasure was a piece of Chaos Rare Earth, filled with dense Chaos Yuan Qi and Chaos Laws.

“Chaos Rare Earth? True Monarch of Ten Thousand Laws, you even have such a treasure?” The Undying Legion Lord stared at Ye Tian in shock.

Chapter 634: Chaos Rare Earth!

As a Universal God, the Undying Legion Lord usually found most treasures unworthy of his attention. Even Origin Artifacts, while appreciated, did not drive him to madness. He already

possessed Origin Artifacts, and a Saber Origin Artifact was not suitable for him. Thus, he felt surprise but not astonishment.

However, the appearance of Chaos Rare Earth was a different matter.

Chaos Rare Earth was an immensely valuable resource, useless for Planetary System level or Galaxy level beings, but crucial for Universal Gods, especially those who had recently broken through. For these new Universal Gods, Chaos Rare Earth was akin to a supreme treasure.

Upon reaching the Universal God level, one's internal world transformed into a microcosm. Newly ascended Universal Gods had unstable microcosms requiring long periods of seclusion to stabilize. Chaos Rare Earth could stabilize and even expand these microcosms.

Without such treasures, a Universal God would need hundreds of thousands of years to stabilize their microcosm through their own efforts. Reaching the peak realm of a Universal God could take millions of years or longer.

But Chaos Rare Earth was extremely rare, generally obtainable only during cosmic expansion and the arrival of Chaos Tides. These tides were predominantly controlled by the nine supreme forces, leaving no opportunity for individuals like the Undying Legion Lord to access the resource-rich areas of the Chaos Tides. The ordinary areas of these tides yielded minimal resources, let alone Chaos Rare Earth.

Thus, Chaos Rare Earth was incredibly precious. The Undying Legion Lord had only seen it once at an auction.

Now, he encountered Chaos Rare Earth for the second time.

"True Monarch of Ten Thousand Laws, you managed to obtain Chaos Rare Earth. It must not have been a gift from the Supreme Hall of Humanity, considering you're only at the Planetary System level. Chaos Rare Earth would be useless to you," the Undying Legion Lord remarked.

"It wasn't a gift from the Supreme Hall of Humanity; I acquired it through a fortuitous encounter," Ye Tian responded.

In truth, he had found the Chaos Rare Earth in a small chaotic world, led by the Dark Heavenly Ape into the lair of a dominant Tianmang Beast. The treasures stored in this lair were numerous, and Ye Tian had collected them all. At that time, he didn't recognize many of the treasures, but upon

returning, he researched them and discovered their uses. One of these treasures was the Chaos Rare Earth.

He knew Universal Gods craved Chaos Rare Earth, so he brought out this treasure, knowing it would attract not only Divine Lord Jianyu but also Flame Saber True Lord.

Regardless of whether Flame Saber True Lord succeeded in breaking through to the Universal God level, he would need Chaos Rare Earth.

“True Monarch of Ten Thousand Laws, how much Chaos Rare Earth do you have?” the Undying Legion Lord asked eagerly.

“Undying Legion Lord, do you also desire Chaos Rare Earth?” Ye Tian inquired curiously.

“Indeed!” The Undying Legion Lord replied awkwardly, “The resources in the Pan Star Field are scarce, and opportunities are few. Despite cultivating for millions of years, I have only reached the seventh stage of the Universal God level. With some Chaos Rare Earth, I could not only stabilize my microcosm but also accelerate its growth, allowing my cultivation to reach the ninth stage more quickly. At that point, my power would increase significantly.”

“Undying Legion Lord, I don’t have much Chaos Rare Earth. I can provide you with a maximum of 300 jin. I need to reserve 100 jin for the auction to ensure my plan’s success,” Ye Tian apologized.

“300 jin is more than enough!” the Undying Legion Lord exclaimed happily.

He hadn’t expected Ye Tian to have much, considering how scarce the resource was. Even a few dozen jin would have excited him, but 300 jin was a substantial amount. The two quickly completed their transaction.

The Undying Legion Lord ensured Ye Tian received a fair deal, not only offering a large number of divine items and some Chaos Crystals but also providing Chaos resources useful at the Planetary System and Galaxy levels, exceeding the value of 300 jin of Chaos Rare Earth.

Yet, no matter how many resources one had, obtaining Chaos Rare Earth was still challenging, as others would not sell it.

However, what the Undying Legion Lord did not know was that Ye Tian had far more Chaos Rare Earth than just 400 jin; he had several thousand jin. But since he would need Chaos Rare Earth in the future, he naturally wouldn't reveal all of it.

Afterwards, the Undying Legion Lord arranged for Ye Tian to stay in the Undying Giant City and began organizing the auction, which would be held in Undying Giant City. Simultaneously, news of the auction spread, including information about the Chaos Rare Earth and the Saber Origin Artifact, disseminated through secret channels.

Of course, the news was confined to the Pan Star Field's Heng Pan Galaxy and did not spread beyond, to avoid unnecessary disturbances.

Soon, the Eternal Sect, the Divine Desolation Hall, the Heartless Valley, and the newly ascended dominant force, the Sword Emperor Sect, all learned of the auction.

At the Sword Emperor Sect, Divine Lord Jianyu sat on his high throne, holding an invitation and displaying a curious expression. This invitation had just been delivered by the Undying Legion and was an auction invitation.

"Strange, the Undying Legion rarely gets involved in auctions. Why are they suddenly holding one now?" he wondered. Though curious, it was not entirely surprising for the Undying Legion to host an auction. He then paid attention to the auction details and, upon learning that the auction would feature a Saber Origin Artifact and Chaos Rare Earth, he was immediately unsettled.

"Chaos Rare Earth, I must obtain it!" Divine Lord Jianyu said excitedly.

At that moment, he sensed his communicator vibrating and quickly retrieved it. A voice emerged from the communicator, "Big brother, I heard the Undying Legion is holding an auction featuring the Saber Origin Artifact and Chaos Rare Earth. If you can get the Saber Origin Artifact, great, but if not, it's fine. You must get the Chaos Rare Earth for me; I need it!"

The voice belonged to none other than the Flame Saber True Lord. Hearing this, Divine Lord Jianyu frowned and said, "Second brother, contacting me now is too risky. If something happens... Besides, I need the Chaos Rare Earth too. I haven't been a Universal God for long and I also need it."

"Big brother, don't forget that if it weren't for me securing a lot of resources from the Divine Blade Alliance, you wouldn't be where you are today. Moreover, I can't show myself right now and it's

tough to get rare resources. I have to rely on you. I need to strengthen my power, stabilize my realm, and then find a way to leave the human race. Once I leave, I'll never come to you again, and you won't have to worry about being implicated. How about it?" the Flame Saber True Lord replied.

"Alright! If I successfully get the Chaos Rare Earth, I'll give you half, but that's my limit!" Divine Lord Jianyu said.

After a moment of silence, the Flame Saber True Lord agreed, "Fine, let's do that."

The communicator stopped vibrating, and Divine Lord Jianyu breathed a sigh of relief. Every time he communicated with the Flame Saber True Lord, he felt extremely anxious, fearing a Dominator might descend and eliminate him on the spot.

Following this, Divine Lord Jianyu began gathering resources in preparation for the Undying Legion's auction.

As time passed, the day of the Undying Legion's auction arrived. The leaders and key figures of the other four hegemonic forces, along with some powerful rogue cultivators and members of eight-star forces, all flocked to Undying Giant City.

Undying Giant City became far more bustling than usual, with the scene resembling a crowded marketplace.

Chapter 635: The Order of the Regional Enforcer, Monitoring the Sword Emperor Sect!

In Undying Giant City, atop a certain pavilion.

Ye Tian savored a glass of fine wine while his copy talent spread out, monitoring every person entering Undying Giant City.

He paid special attention to those from the Sword Emperor Sect.

However, after a thorough investigation, he did not find any trace of the Flame Saber True Lord.

“That’s right, the Flame Saber True Lord is such a cautious person. How could he reveal himself so easily? Otherwise, he would have already been captured by the Divine Blade Alliance!” Ye Tian thought to himself.

Half a day later, the auction began.

Ye Tian disguised himself as an ordinary Planetary System level, carrying treasures that could conceal his aura, and entered the auction.

With this disguise, no one could recognize his identity.

As the auction commenced, item after item was auctioned off, with fierce competition.

Every item in this auction was a fine piece, and some rare items, though not comparable to Saber Origin Artifacts or Chaos Rare Earth, were still treasures for those at the Planetary System or Galaxy level.

Time passed, and numerous items were auctioned off.

Finally, the three finale items appeared.

“Now, let’s present the first auction item!” the auctioneer called out loudly.

Immediately, a saber was brought up, the Saber Origin Artifact provided by Ye Tian.

“This is a top-tier Origin Divine Artifact, perfectly intact, suitable for saber dao experts at the Planetary System level and above. The starting price is ten billion Divine Crystals!” the auctioneer announced.

“Twenty billion!”

“Thirty billion!”

Galaxy-level experts began to bid, and the scene was extremely lively.

Soon, Divine Lord Jianyu also joined the bidding, directly offering, “Forty billion Divine Crystals!”

Although Divine Crystals were not a rare currency, they were indispensable even for ordinary Gods. Even a dominant force wouldn’t have too many Divine Crystals. Taking out forty billion Divine Crystals at once was equivalent to the income of a dominant force for several decades.

Seeing Divine Lord Jianyu bidding for a Saber Origin Artifact, other forces were curious but didn’t dare offend this newly risen Universal God, and each gave up.

The Undying Legion Lord glanced deeply at Divine Lord Jianyu in the VIP box, showing a thoughtful expression.

If it weren’t for Ye Tian talking to him, he might not have suspected anything and would have thought Divine Lord Jianyu was wasting Divine Crystals on a weapon he didn’t need.

But now, he had some suspicions.

“Flame Saber True Lord!” the Undying Legion Lord murmured internally.

On the other side.

Ye Tian also noticed Divine Lord Jianyu bidding for the Saber Origin Artifact and couldn’t help but smile to himself, “It seems Divine Lord Jianyu really has connections with Flame Saber True Lord. Otherwise, he wouldn’t be bidding for a Saber Origin Artifact.

However, Divine Lord Jianyu will surely be very cautious, using a special method to deliver the Saber Origin Artifact to Flame Saber True Lord, without meeting him directly. Therefore, using Divine Lord Jianyu to meet Flame Saber True Lord is still somewhat difficult!”

The Saber Origin Artifact was won by Divine Lord Jianyu for forty billion Divine Crystals, and the second finale item was auctioned next.

This item, provided by the Undying Legion, was a Heavenly Dao text, but it was only a Fire Heavenly Dao text.

Eventually, this Fire Heavenly Dao text was won by a top-tier Galaxy-level expert.

“Now, the final auction item—Chaos Rare Earth. Many of you might not know its use. It’s useless to martial warriors below the Universal God level, but it’s valuable to Universal Gods.

Chaos Rare Earth can stabilize the micro-universe within a newly advanced Universal God and expand it, saving months of hard cultivation.

There are 100 jin of Chaos Rare Earth, and the bidding starts at 10 billion Divine Crystals, with the option to use treasures for collateral.”

“Indeed, there is Chaos Rare Earth!” Divine Lord Jianyu was overjoyed.

Even the Universal Gods of other dominant forces were tempted.

They were not newly advanced Universal Gods, and their internal micro-universes were already stable. But who wouldn’t want more stability? Who wouldn’t want to enhance the strength of their micro-universe faster?

“20 billion!”

“30 Billion!”

“40 Billion!”

The bidders were the four Universal Gods from the four major dominant forces. Among them, Divine Lord Jianyu was the most frenzied, seemingly willing to pay any price for the Chaos Rare Earth.

Very quickly, the auction price reached one hundred billion! The staggering sum of one hundred billion Divine Crystals shocked everyone, even the four dominant forces felt the pressure.

Even if they won the auction, it would be a significant expense for these dominant forces, requiring a long time to recover.

“One hundred fifty billion Divine Crystals!” Divine Lord Jianyu announced an astonishing bid.

The Master of the Eternal Sect, the Lord of the Heartless Valley, and the Master of the Divine Desolation Hall all shook their heads and gave up.

Clearly, the price of one hundred fifty billion Divine Crystals was too high. They did not absolutely need the Chaos Rare Earth and could just as well cultivate slowly.

The Pan Star Field was relatively peaceful, and the competition wasn’t intense enough to justify such madness.

Moreover, they knew that Divine Lord Jianyu had only recently broken through to become a Universal God. His strength was relatively weak within the Universal God realm, and his internal micro-universe was unstable, making him more in need of the Chaos Rare Earth.

Therefore, they didn’t want to fight to the death with Divine Lord Jianyu! As the auctioneer’s hammer fell, Divine Lord Jianyu breathed a sigh of relief.

“Finally, I got it!” Divine Lord Jianyu murmured.

After the auction ended, Divine Lord Jianyu paid for the auctioned items and took away the Saber Origin Artifact and the Chaos Rare Earth. Once Divine Lord Jianyu and the members of the Sword Emperor Sect left, Ye Tian reverted to his original form and met with the Undying Legion Lord.

“True Monarch of Ten Thousand Laws, it seems Divine Lord Jianyu really is connected to Flame Saber True Lord, probably bidding on behalf of him.

What do you plan to do now? Given the caution of both Divine Lord Jianyu and Flame Saber True Lord, it won’t be easy to track them down!” the Undying Legion Lord said.

“Indeed, Divine Lord Jianyu definitely won’t meet Flame Saber True Lord in person, and Flame Saber True Lord wouldn’t dare return to the Sword Emperor Sect. So, Divine Lord Jianyu must entrust someone to deliver the Chaos Rare Earth to Flame Saber True Lord, and even the intermediary might not know about Flame Saber True Lord’s existence.

But there's one thing Divine Lord Jianyu might overlook—that I am a Regional Enforcer!" Ye Tian said with a smile.

"Regional Enforcer!" the Undying Legion Lord exclaimed in realization.

"I almost forgot, True Monarch of Ten Thousand Laws is a Regional Enforcer. It's rumored that the Regional Enforcer Token was crafted by Supremes and can control the power of a star field and monitor all directions.

With True Monarch of Ten Thousand Laws' cultivation, you can track many people. As long as Divine Lord Jianyu dares to send someone, the True Monarch of Ten Thousand Laws can find Flame Saber True Lord's location!" the Undying Legion Lord said.

"However, I need to borrow your territory, Undying Legion Lord, to activate the Regional Enforcer Token, and I hope you can help cover the anomaly caused by the token, so the other Universal Gods won't notice!" Ye Tian requested.

"That's a small matter, True Monarch of Ten Thousand Laws. Rest assured!" the Undying Legion Lord replied with a smile.

Immediately, Ye Tian went to the headquarters of the Undying Legion and took out the Regional Enforcer Token.

Then, Ye Tian activated the Regional Enforcer Token.

Boom!!!! The power of the star field and the destiny of the human race converged here, and a colossal figure appeared in the void.

At this moment, the Undying Legion Lord used his vast power to cover the area, making it appear as if he was practicing some secret technique, preventing outsiders from suspecting the Regional Enforcer.

In an instant, Ye Tian's gaze penetrated through layers of space, looking towards the headquarters of the Sword Emperor Sect.

At the Sword Emperor Sect.

After returning, Divine Lord Jianyu carefully inspected the surroundings, even activating a grand formation, and then contacted Flame Saber True Lord.

“Brother, I successfully bid on the Saber Origin Artifact and one hundred jin of Chaos Rare Earth. I’ll keep fifty jin for myself and give you the rest. When should I deliver it to you?” Divine Lord Jianyu asked.

Not long after, Flame Saber True Lord responded, “Deliver it in a few days. Remember, don’t come in person, and don’t let the person delivering it know what the goods are, or even know of my existence. It’s best to find a disposable person, understand?”

“You can trust me!” Divine Lord Jianyu assured.

Chapter 636: The Forgotten Panyun Star!

After concluding his conversation with Flame Saber True Lord, Divine Lord Jianyu immediately sealed the Saber Origin Artifact and fifty jin of Chaos Rare Earth into a box. He then secretly dispatched an ordinary Planetary System-level steward to Panyun Star.

On the way to Panyun Star.

True Monarch Tie Feng looked curiously at the box in his hand. “The Sect Master wants me to deliver this box to Panyun Star and give it to the disciple guarding it. What use does this box have, and isn’t Panyun Star sealed? With the Sect Master’s strength, no one but a Universal God could break the seal. Why station a guard there?”

Although puzzled, he knew he had to follow Divine Lord Jianyu’s orders.

Moreover, to be entrusted with such a task secretly indicated the Sect Master’s favor towards him.

“Maybe in the future, I will be given greater responsibilities. Even if I don’t reach the Galaxy level, I could still revive my family!” Tie Feng thought.

However, he did not notice a pair of eyes watching him from the shadows.

At the headquarters of the Undying Legion.

Ye Tian observed Tie Feng but did not pay much attention.

He had many people to watch, and Tie Feng was just one of them.

However, when Tie Feng entered the region where Panyun Star was located, Ye Tian focused his attention on him.

“A Planetary System-level expert heading to Panyun Star!” Ye Tian continued to watch.

Soon, Tie Feng arrived at Panyun Star.

Panyun Star.

Upon arrival, Tie Feng shouted, “I am True Monarch Tie Feng, steward of the Sword Emperor Sect. By order of the Sect Master, I am here to deliver something. Disciples of the Sword Emperor Sect guarding Panyun Star, please come forward to receive it!”

Suddenly, a figure emerged from the sealed Panyun Star.

This person was clad in a black robe, wearing a mask, with almost no detectable aura.

Seeing this, Tie Feng felt a sudden sense of unease.

No normal disciple of the Sword Emperor Sect would dress like this, and he could not perceive this person’s aura, feeling a faint sense of oppression instead.

“This person is very strong!” Tie Feng thought.

Nonetheless, he believed the Sect Master would not harm him, so he remained unafraid.

At this moment, the black-robed figure spoke, “Leave the item and stay behind as well!”

With a swift motion, the black-robed figure struck with a blade.

In an instant, Tie Feng was killed, his body reduced to ashes, and the box fell into the hands of the black-robed figure.

The next moment, the black-robed figure entered Panyun Star and disappeared.

At the headquarters of the Undying Legion.

Ye Tian also noticed what had transpired on Panyun Star, particularly the presence of the black-robed figure.

The Regional Enforcer Token was crafted by the Supremes, making it undetectable even to top-tier Universal Gods. Only Dominator-level experts could sense the Order's surveillance.

Thus, the black-robed figure was completely unaware.

“Instantly killing a Planetary System-level expert with one strike. Even though it's hard to discern the opponent's cultivation level through the Regional Enforcer Token, it is definitely above the Planetary System level—likely Galaxy level or higher. Moreover, this person took a box from the Planetary System-level member of the Sword Emperor Sect, which must contain something important.

Panyun Star was sealed by Divine Lord Jianyu. Without his permission, even a Galaxy-level expert couldn't enter. Yet, this person could freely come and go.”

Ye Tian smiled, having roughly determined the position of Flame Saber True Lord, realizing that he was indeed on Panyun Star.

“Panyun Star, a nearly forgotten place sealed by Divine Lord Jianyu, making it inaccessible to others. It's reasonable for Divine Lord Jianyu to send someone there. If Flame Saber True Lord is hiding on Panyun Star, it would be easy to establish contact and deliver items. It's an ideal location,” Ye Tian murmured.

He immediately ceased manipulating the Regional Enforcer Token. Everything returned to normal.

Suddenly, the Undying Legion Lord appeared beside Ye Tian and asked, “True Monarch of Ten Thousand Laws, you stopped manipulating the Regional Enforcer Token so quickly. Have you confirmed Flame Saber True Lord’s location?”

“Correct!” Ye Tian nodded. “If my guess is not mistaken, Flame Saber True Lord should be on Panyun Star.”

“Panyun Star, is that the place sealed by Divine Lord Jianyu, the Yun family’s location?” asked the Undying Legion Lord.

“Exactly, that’s the place!” Ye Tian confirmed.

“Do you want to report this to the Divine Blade Alliance?” the Undying Legion Lord inquired.

“No rush!” Ye Tian smiled. “This is only speculation and not a certainty. Besides, if I capture Flame Saber True Lord myself, wouldn’t I receive greater rewards from the Divine Blade Alliance?”

The Undying Legion Lord frowned. “True Monarch of Ten Thousand Laws, Flame Saber True Lord might have broken through to the Universal God level. Even though you can fight above your level, if you face a Universal God...”

It was clear he didn’t fully understand Ye Tian’s strength; otherwise, he wouldn’t have said such things.

“Undying Legion Lord, rest assured, I have a plan! I also understand your dilemma. After all, Flame Saber True Lord is Divine Lord Jianyu’s brother. If you take action, it will offend the Sword Emperor Sect. Even if the Sword Emperor Sect is guilty of harboring him, that’s a matter for the Divine Blade Alliance, not you. So, it’s best if you don’t get involved. I’ll handle this myself. You don’t need to worry!” Ye Tian said quickly.

“True Monarch of Ten Thousand Laws, you should reconsider. It’s just a mission; there’s no need to put yourself in danger!” The Undying Legion Lord tried to persuade him, but Ye Tian insisted on going to Panyun Star.

Afterward, Ye Tian departed.

Watching Ye Tian's departing figure, the Undying Legion Lord murmured, "I should go and take a look. If the True Monarch of Ten Thousand Laws gets into trouble, rescuing him would be a great favor, making him owe me. In the future, if he rises to a high position within the human race, it could mean further advancement for me."

Swish! The Undying Legion Lord also followed, keeping a distance.

Ye Tian's spaceship traveled quickly, soon reaching the vicinity of Panyun Star.

Ye Tian then flew towards Panyun Star.

Outside Panyun Star.

Ye Tian gazed at the sealed star, covered in Divine Lord Jianyu's sealing power, enveloping the entire Panyun Star like a small sun. With this sealing power, experts below the Planetary System level couldn't approach Panyun Star.

However, for Ye Tian, this sealing power was too weak! But no matter how weak the seal, Ye Tian couldn't silently pass through it.

Currently, he had two options.

The first was to find a flaw or the method of the seal, allowing him to control it and enter Panyun Star.

The second option was to break the seal directly, making it unnecessary to enter Panyun Star.

"The first option is impossible without spending a lot of time analyzing the seal or asking Divine Lord Jianyu for the sealing method, which isn't realistic.

So, I'll use the second method—violent but straightforward!" Ye Tian decided.

Chapter 637: Defeating the Universal God!

“If this seal had been placed by a Dominator, I wouldn’t have been able to break it. Unfortunately, it was only set by a newly ascended Universal God—still too weak!”

Ye Tian murmured as he gazed at the seal surrounding the Panyun Star.

“Heavenly Moon Saber!”

Wielding his Saber Origin Artifact, Ye Tian slashed towards the Panyun Star. He controlled his strength with great precision, ensuring that he only destroyed the seal and not the star itself. Although he had grievances with the Yun family of Panyun Star, it hadn’t reached the point where he wanted to annihilate their entire clan.

Moreover, his current goal targeted the entire human race and even all races in the universe. Minor forces like the Yun family of Panyun Star were no longer of concern. This time, his target was the Flame Saber True Lord.

Upon confirming the presence of the Flame Saber True Lord, he planned to inform the Divine Blade Alliance. Ideally, he would capture the Flame Saber True Lord himself.

Boom!!! The saber energy from the Heavenly Moon Saber struck the seal on Panyun Star, producing a violent explosion. Subsequently, the seal on Panyun Star began to crack.

Inside Panyun Star, the Yun family members were cultivating when they suddenly sensed the star quaking as if the entire world was about to split apart, causing panic.

The Yun family’s Grand Elder, Piaoyu True Lord, also sensed the disturbance. His divine sense scanned the entire Panyun Star and quickly noticed the cracking seal.

“Don’t panic, the seal is breaking!” Piaoyu True Lord said.

“What? The seal is breaking? Could it be that the Sword Emperor Sect is releasing our Yun family? That’s fantastic!”

“Hahaha, with the seal broken, we no longer have to hide on Panyun Star. I want to leave Panyun Star!”

“The seal is gone; I’m finally free!”

Many members of the Yun family wept with joy, but Piaoyu True Lord did not smile. Instead, he frowned deeply. He knew very well that the Sword Emperor Sect would not lift the seal now. The person stationed on Panyun Star had never mentioned lifting the seal.

Moreover, he sensed an overpowering saber aura outside the cracked seal—an aura so strong it nearly suffocated him.

The saber aura was incredibly powerful! Swoosh! A figure appeared in the sky, cloaked in black robes with an eerie aura. It was none other than the Flame Saber True Lord.

Piaoyu True Lord immediately flew towards him and respectfully asked, “My lord, what happened? How did the seal break?”

“Someone attacked the seal!” replied the Flame Saber True Lord.

“What? Someone attacked the seal? What’s going on?” Piaoyu True Lord was shocked. He knew that a Galaxy-level powerhouse couldn’t break the seal. Could it be that a Universal God had intervened?

Was the person who broke the seal here to rescue the Yun family or to oppose them? The Yun family had no connections with any Universal Gods!

Swoosh! The Flame Saber True Lord flew out of Panyun Star, with Piaoyu True Lord closely following. Some of the Yun family’s Galaxy-level elders also followed.

Outside Panyun Star, Ye Tian stood there, watching as the Flame Saber True Lord, Piaoyu True Lord, and others flew out one by one. Instantly, Ye Tian used his copying talent to check the Flame Saber True Lord’s talent situation.

In an instant, Ye Tian confirmed the Flame Saber True Lord’s identity.

“Indeed, it is the Flame Saber True Lord. However, he is not just at the Galaxy level but a Universal God. No matter how he disguises it, his soul cannot lie. His soul, though weak, shows signs of immortality, indicating eternal life. He has already broken through to the Universal God realm, although his state is not stable!” Ye Tian thought to himself.

The Flame Saber True Lord stared at Ye Tian, a puzzled look on his face.

“A Planetary System-level?” He was very surprised. How could a mere Planetary System-level ant destroy the seal unless it wasn’t Ye Tian who broke it, but someone else.

“Prince of Ten Thousand Laws!” Piaoyu True Lord exclaimed in shock.

“What? He is the Prince of Ten Thousand Laws?” The Flame Saber True Lord looked at Piaoyu True Lord in astonishment.

“My lord, he is indeed the Prince of Ten Thousand Laws from our Pan Star Field. He entered the Supreme Hall of Humanity, and our Yun family offended him, leading to our seal,” Piaoyu True Lord explained cautiously.

“The Prince of Ten Thousand Laws, who dominated the human race and crushed all other races, is now at the Planetary System level. You should have left the Supreme Hall of Humanity by now. I suppose your Dominator and Universal God guards remained in the Supreme Hall of Humanity, and now you’re alone?” The Flame Saber True Lord said.

“Yes, I am indeed alone now, without any guards,” Ye Tian replied.

“Flame Saber True Lord, or should I call you Flame Saber Divine Lord, are you thinking of killing me?” Ye Tian said with a smile.

“You know me?” Flame Saber Divine Lord’s expression changed dramatically. “Could it be that you accepted the Divine Blade Alliance’s mission? It seems your target isn’t the Yun family but me. I’m curious, how did you find this place?”

“Flame Saber Divine Lord, I hold a position in the Pan Star Field as a Regional Enforcer!” Ye Tian replied.

“Regional Enforcer!” Flame Saber Divine Lord suddenly understood. “I see, you spied through the Regional Enforcer token. It must have been that Sword Emperor Sect disciple who brought you here. Unfortunately, you should have notified the Divine Blade Alliance first instead of coming alone. But then again, you think your strength is formidable enough to kill others across levels. However, I’m no longer at the Galaxy level; I’ve reached the Universal God realm!”

Boom!!! The Universal God pressure from Flame Saber Divine Lord erupted, suppressing everyone in the Yun family to the point of near immobility.

“So strong!” Piaoyu True Lord exclaimed in astonishment. Previously, he had felt that Flame Saber Divine Lord was powerful, having been subdued by him in one move, but he never knew his identity or status in the Sword Emperor Sect. He only knew that he mustn’t offend Flame Saber Divine Lord, or he would face certain death. Now, he realized that Flame Saber Divine Lord was a Universal God.

“The Sword Emperor Sect has two Universal Gods!” Piaoyu True Lord thought.

“Haha, Prince of Ten Thousand Laws, you are said to be destined to become Supreme in the future. It’s rumored that Divine Blade Supreme of the Divine Blade Alliance regards you as the greatest genius in human history, with the potential to become the strongest Supreme of the human race. If you, the future strongest Supreme, were to die by my hand, would the human race go mad? I can’t stay with the human race anymore, but if I take your head to the Immortal Race, perhaps they would be willing to pay the price to convert me, making me one of their own,” Flame Saber Divine Lord said crazily.

Immediately, he struck.

“Great Flame Annihilation Saber!”

Boom!!! The terrifying saber strike almost obliterated the rules of heaven and earth, stirring the entire galaxy and causing it to tremble. Panyun Star was nearly shattered, and countless Yun family members were shaken to death.

Witnessing this, Piaoyu True Lord’s expression turned grim, but he didn’t dare to question Flame Saber Divine Lord. If he did, the entire Yun family would face extinction in Flame Saber Divine Lord’s fury. He could only do his utmost to protect Panyun Star and the remaining Yun family members.

Not far away, Ye Tian watched Flame Saber Divine Lord's attack and said calmly, "A Universal God, huh? Flame Saber Divine Lord, do you think becoming a Universal God means you can defeat me? Today, I will show you what it means to be a frog in a well!"

"Heavenly Moon Saber!" Ye Tian slashed with his saber.

Boom!!! The two saber energies clashed, instantly shattering Flame Saber Divine Lord's Great Flame Annihilation Saber.

"Impossible!" Flame Saber Divine Lord was shocked. He activated his origin divine armor, trying to block Ye Tian's saber energy, but he was still hit and flung away violently.

In the next moment, Ye Tian used the Spear of Hellish Void, a great spatial divine ability.

"Go!" The Spear of Hellish Void struck Flame Saber Divine Lord at an incredible speed, piercing his body. In a breath's time, most of Flame Saber Divine Lord's body was annihilated.

However, as a Universal God and a former member of the Divine Blade Alliance, he had many life-saving items. Ultimately, he survived but was gravely injured and on the brink of death, with no strength left to fight.

Suddenly, a large hand appeared above Flame Saber Divine Lord, grabbing him and pulling him into the palm's Xumi Storage Realm.

"Done!" Ye Tian retracted his hand, murmuring to himself.

In the distance, Piaoyu True Lord and the others' pupils contracted sharply, showing expressions of disbelief.

"Prince of Ten Thousand Laws defeated a Universal God!!!!"

Chapter 638: Arrival at the Sword Emperor Sect!

The Yun family members were utterly dumbfounded, completely in disbelief! The Flame Saber Divine Lord was a Universal God! In the Pan Star Field, a Universal God was a mighty existence capable of establishing a hegemonic force, almost invincible.

Compared to a Universal God, a Galaxy-level expert was akin to an ant facing a deity, and Ye Tian wasn't even at the Galaxy level; he was merely a Planetary System-level expert.

Yet now, Ye Tian, with his Planetary System-level cultivation, had effortlessly defeated the Flame Saber Divine Lord and even captured him.

In an instant, Piaoyu True Lord and the others lowered their heads, not daring to meet Ye Tian's gaze.

"The Yun family will continue to be sealed!" Ye Tian declared coldly.

Following this, Ye Tian chased all the Yun family members back to Panyun Star. He personally set up a seal, once again sealing Panyun Star.

Then, Ye Tian waited in the void.

After several hours, Ye Tian estimated, "The people from the Divine Blade Alliance should be arriving soon!"

Sure enough, not long after, the people from the Divine Blade Alliance arrived! Whoosh! In the void, a spaceship appeared.

Immediately, two Universal Gods flew down from the spaceship.

These two Universal Gods were not ordinary; they were both at the peak of the Universal God level, with extremely strong combat capabilities, far surpassing the Universal Gods of the Pan Star Field.

"Greetings, True Monarch of Ten Thousand Laws!"

"Greetings, True Monarch of Ten Thousand Laws!"

These two Universal Gods greeted Ye Tian very politely.

Clearly, they recognized Ye Tian and knew his identity, not daring to be disrespectful.

“So, it’s the Golden Underworld Divine Lord and Silver Underworld Divine Lord of the Divine Blade Alliance!” Ye Tian replied courteously as well.

“True Monarch of Ten Thousand Laws, let’s get to the point. You mentioned you discovered the Flame Saber True Lord. Where is he now?” The Golden Underworld Divine Lord asked.

“Here!” Ye Tian spread his hand, releasing the Flame Saber Divine Lord.

When the Golden Underworld Divine Lord and Silver Underworld Divine Lord saw the severely injured Flame Saber Divine Lord, they were immediately startled.

“The Flame Saber True Lord—no, he has broken through to the Universal God realm!” The Golden Underworld Divine Lord exclaimed.

Then, he looked at Ye Tian in astonishment.

The Flame Saber Divine Lord had become a Universal God, yet Ye Tian, who was only at the Planetary System level, had captured him alive. This was simply unbelievable.

“Could it be...”

The Golden Underworld Divine Lord and Silver Underworld Divine Lord looked toward another part of the void.

At this moment, the Undying Legion Lord stepped forward and said, “Greetings, Golden Underworld Divine Lord and Silver Underworld Divine Lord. This matter has nothing to do with me. I did not intervene. It was the True Monarch of Ten Thousand Laws alone who captured the Flame Saber Divine Lord!”

Now, the Golden Underworld Divine Lord and Silver Underworld Divine Lord were completely stunned.

They finally realized how terrifying Ye Tian's combat strength was. Despite having only Planetary System-level cultivation, he possessed the power of a Universal God. This was too terrifying, a nearly unheard-of genius.

"Golden Underworld Divine Lord, Silver Underworld Divine Lord, I not only discovered the Flame Saber Divine Lord but also personally captured him. This should count as completing the mission, right?" Ye Tian asked.

"Of course!" The Golden Underworld Divine Lord quickly responded.

Then, the Golden Underworld Divine Lord and Silver Underworld Divine Lord invited Ye Tian to return to the alliance with them to complete the task handover.

Ye Tian then left with the Golden Underworld Divine Lord and Silver Underworld Divine Lord.

The Undying Legion Lord watched Ye Tian leave, sighing deeply, "The strength of the True Monarch of Ten Thousand Laws is far beyond my comprehension. Compared to him, those so-called Children of the Universe are mere ants. No wonder the Supreme Hall of Humanity holds him in such high regard! Perhaps his true strength isn't much weaker than mine... and soon he might surpass me!"

However, this was a good thing.

At least he had established a good relationship with Ye Tian, and in the future, there was hope of receiving Ye Tian's support.

Thinking of this, he smiled happily.

Holy Domain.

Divine Blade Alliance, Tianlan Branch.

Due to the teleportation stone gate that directly connected the Pan Star Field to the Tianlan Giant City, traveling to the Tianlan Branch was the most convenient.

With the assistance of the Golden Underworld Divine Lord and Silver Underworld Divine Lord, Ye Tian successfully handed over the mission and even reclaimed the Saber Origin Artifact and Chaos Rare Earth from the Flame Saber True Lord.

Ye Tian also received a reward of three Heavenly Dao characters of the Three Sabers, and since he personally captured the Flame Saber True Lord, he completed an additional task, earning the Divine Blade Alliance's Galaxy Task Order and 100,000 Divine Blade Points.

The Galaxy Task Order allowed Ye Tian to take on tasks at the Galaxy level, and the 100,000 Divine Blade Points were extremely valuable, enabling him to purchase many treasures from the Divine Blade Alliance.

In short, Ye Tian made a significant profit this time.

After completing this mission, Ye Tian returned to the Pan Star Field because he still had some matters to address.

"The Sword Emperor Sect, the Divine Blade Alliance doesn't care about your weak force and is too lazy to deal with you. But I can't let this go unchecked... If Divine Lord Jianyu chooses to retaliate, even if he can't hurt me, he could harm Earth and my loved ones. That is absolutely unacceptable." Ye Tian muttered to himself.

He planned to personally visit the Sword Emperor Sect to handle any potential threats.

In the Pan Star Field, at the headquarters of the Sword Emperor Sect, Divine Lord Jianyu trembled as he sat on his throne. He had received the news that his brother, the Flame Saber Divine Lord, had been captured.

"Will the Divine Blade Alliance punish me? If they issue an order, I'm doomed!" Divine Lord Jianyu thought.

"The Divine Blade Alliance just wanted to capture my brother. I haven't betrayed humanity, and the Divine Blade Alliance doesn't represent humanity; they have no right to punish me. Besides, they probably don't care about me; to them, I'm just an ant."

Thinking this, Divine Lord Jianyu felt a bit relieved but remained fearful of the Divine Blade Alliance's strong warriors descending upon him.

Time passed slowly.

One day, a figure stepped into the Sword Emperor Sect's entrance, exuding a chilling aura that filled the sect.

This person was none other than Ye Tian!

"Summon Divine Lord Jianyu!" Ye Tian commanded in a deep voice.

"Who dares to intrude into the Sword Emperor Sect?" An angry shout came.

Hei You Sword Monarch of the Sword Emperor Sect appeared, glaring at Ye Tian.

"Prince of Ten Thousand Laws, it's you! Hmm, your cultivation speed is quite fast; you've reached the peak of the Planetary System level!" Hei You Sword Monarch remarked in surprise.

"Hei You Sword Monarch, summon Divine Lord Jianyu!" Ye Tian coldly demanded.

"You are not qualified to meet Divine Lord Jianyu. I've heard that the Supreme Hall of Humanity only cultivates princes with Great God-level or lower cultivation. Now that you're at the Planetary System level, you're likely no longer a prince of the Supreme Hall of Humanity. Without their backing, even if I bully you, the Supreme Hall of Humanity can't punish me. Do you think you are still under their protection?" Hei You Sword Monarch said.

"Once more. Summon Divine Lord Jianyu!" Ye Tian commanded again in a deep voice.

More and more disciples, stewards, and elders of the Sword Emperor Sect gathered, watching the commotion. They were not afraid, thinking a Planetary System-level cultivator couldn't pose a threat to their sect.

"You are not qualified!" Hei You Sword Monarch replied coldly.

"Hei You Sword Monarch, you dare disrespect a Domain Enforcer? You shall be suppressed!" Ye Tian's voice echoed.

In the next moment, a gigantic chaotic hand descended, crushing toward Hei You Sword Monarch.

“Not good!”

Hei You Sword Monarch was shocked and immediately thrust his sword with all his might.

However, his attack was nothing compared to Ye Tian’s. His sword shattered, and he was crushed by Ye Tian’s palm, leaving him gravely injured and on the verge of death, even his microcosm shattered.

Hei You Sword Monarch was rendered useless!

“True Monarch of Ten Thousand Laws, you’ve gone too far!” Divine Lord Jianyu’s angry voice resounded throughout the Sword Emperor Sect.

In the next moment, Divine Lord Jianyu appeared before Ye Tian.

Chapter 639: Divine Lord Jianyu, Destroyed!

“Greetings to Divine Lord Jianyu!”

“Greetings to Divine Lord Jianyu!”

“Greetings to Divine Lord Jianyu!”

Countless disciples, stewards, and elders of the Sword Emperor Sect bowed one after another.

Divine Lord Jianyu nodded slightly, then stared intently at Ye Tian, his eyes filled with murderous intent.

But he restrained himself and did not attack Ye Tian.

“True Monarch of Ten Thousand Laws, you trespassed into the Sword Emperor Sect and attacked Hei You Sword Monarch. Isn’t that too much of a disregard for our Sword Emperor Sect?” Divine Lord Jianyu questioned.

“Divine Lord Jianyu, it is I who should question you.

The Flame Saber Divine Lord betrayed the Divine Saber Alliance, even killing some of its members and seizing resources before fleeing.

Such actions not only enraged the Divine Saber Alliance but also violated the laws of humanity, making him a criminal of our race.

And you sheltered the Flame Saber Divine Lord, which means you are harboring a criminal.

According to human laws, as the Regional Enforcer of the Pan Star Field, I have the authority to interrogate you and even punish you!” Ye Tian replied.

“Laws? Ridiculous. I am a Universal God; mere laws can restrain me? Besides, do you have proof that I harbored the Flame Saber Divine Lord, just because he is my brother?” Divine Lord Jianyu sneered.

“Divine Lord Jianyu, the Flame Saber Divine Lord entered the core of the Panyun Star. The seal on the Panyun Star was set by you. Even a Universal God cannot enter it silently; you must have given him the sealing method, allowing him to come and go freely.

So, I conclude that you harbored the Flame Saber Divine Lord.

You can deny it, but I have ways to prove the truth.

I can call upon a Dominator skilled in illusion to interrogate you. I doubt you won’t confess!” Ye Tian asserted.

“You...” Divine Lord Jianyu panicked.

He believed Ye Tian could indeed summon a Dominator proficient in illusions, and such a Dominator could easily extract the truth about him harboring the Flame Saber Divine Lord.

“True Monarch of Ten Thousand Laws, you are merely at the Planetary System level, while I am a Universal God. Even if you are a Regional Enforcer, you are not qualified to arrest me. If you don’t leave, I won’t be polite!” Divine Lord Jianyu threatened.

He even considered killing Ye Tian, knowing well Ye Tian’s status among humans.

However, if Ye Tian died, a deceased genius would be of no value, and the human high council might not necessarily punish him.

If possible, he preferred not to take action, but Ye Tian seemed determined to cause trouble.

Divine Lord Jianyu wasn’t afraid of Ye Tian, but of the Divine Saber Alliance.

Currently, the Divine Saber Alliance might not trouble him because they didn’t care about him. However, if Ye Tian intervened, the Divine Saber Alliance might also get involved.

If that happened, he would be doomed.

The Divine Saber Alliance was a Supreme-level force, a colossal entity that could crush him and the Sword Emperor Sect with a single finger.

“Divine Lord Jianyu, I will give you a choice: either cooperate with my investigation, or don’t blame me for being rude!” Ye Tian said arrogantly.

Before Divine Lord Jianyu could act, an elder of the Sword Emperor Sect couldn’t bear it any longer.

“True Monarch of Ten Thousand Laws, you are too presumptuous, daring to disrespect our Divine Lord Jianyu!”

An old man stepped through the void, holding a long sword aimed directly at Ye Tian. The power of swordsmanship was infused into the long sword, evidently reaching the realm of Sword Dao Form.

To comprehend a Dao to the level of Dao Form was quite remarkable. Many Universal Gods had not reached this level, yet this elder had, indicating his deep understanding of swordsmanship.

“It’s the Grand Elder, Sword Demon True Lord!”

“The Grand Elder has emerged. It’s said that before Divine Lord Jianyu broke through to the Universal God level, his strength was comparable to the Grand Elder’s. The Grand Elder’s power is certainly among the top in our Sword Emperor Sect.”

“Unfortunately, the Grand Elder’s talent is limited. He couldn’t break through to the Universal God level, and his lifespan is running out.”

“If the Grand Elder takes action, this True Monarch of Ten Thousand Laws will surely leave in disgrace. Hmph, Divine Lord Jianyu is a Universal God and does not wish to bully the weak. Did he really think the Sword Emperor Sect would tolerate his arrogance?”

Seeing the Grand Elder Sword Demon True Lord take action, Divine Lord Jianyu hesitated for a moment but did not stop him.

He also wanted to see how powerful Ye Tian was. Although Ye Tian’s cultivation was only at the Planetary System level, Ye Tian could not be measured by the standard of ordinary princes.

Unfortunately, Divine Lord Jianyu had no idea that Ye Tian had single-handedly captured the Flame Saber True Lord; otherwise, he would have been terrified and fled.

With a sudden burst, the Grand Elder Sword Demon True Lord thrust his sword at Ye Tian, resembling a golden stream of light, fast to the extreme. It was clearly a Sword Dao Ultimate Technique, immensely powerful.

“Get lost!”

Ye Tian didn’t even use his saber; he simply slapped his hand forward.

With a thunderous boom, the Sword Demon True Lord’s long sword was flung away, and he was sent flying, crashing into the Sword Emperor Sect’s formation.

Puff! Puff! Puff! The Sword Demon True Lord spat out several mouthfuls of blood, his breath weakening considerably, his injuries severe.

This was Ye Tian showing mercy; otherwise, someone like the Sword Demon True Lord, at the Galaxy level, could be easily killed by him.

“Grand Elder!”

Several disciples rushed over, supporting the Grand Elder and feeding him some healing pills.

At this moment, many in the Sword Emperor Sect were astonished.

Previously, Ye Tian’s quick defeat of Hei You Sword Monarch had shocked them, but not as much as now.

Hei You Sword Monarch was far from being a match for the Grand Elder Sword Demon True Lord. The Grand Elder had reached the peak of the Galaxy level and had cultivated for countless years, far surpassing Hei You Sword Monarch in Sword Dao and other aspects.

Yet, even such a powerful Sword Demon True Lord was no match for Ye Tian.

“So strong!” Divine Lord Jianyu frowned and thought to himself.

He couldn’t understand how someone at the Planetary System level could be so powerful, especially since Ye Tian was still very young.

“True Monarch of Ten Thousand Laws, do you really want to be my enemy?” Divine Lord Jianyu asked.

“Indeed!” Ye Tian replied bluntly, not bothering to find an excuse.

“Very well!” Divine Lord Jianyu said angrily.

He knew he couldn't avoid taking action. If he continued to endure, where would his dignity and the dignity of the Sword Emperor Sect be?

“Sword Rain!” (Jianyu means sword rain)

Divine Lord Jianyu struck fiercely, countless sword lights falling like raindrops, yet moving at countless times the speed.

Each sword light was enough to annihilate a Galaxy level being, and this fully unleashed Sword Dao Ultimate Technique could obliterate a vast expanse of stars.

The disciples of the Sword Emperor Sect had never seen Divine Lord Jianyu attack with full force before. Witnessing it now, they were all stunned.

However, just as they were marveling at the power of Divine Lord Jianyu, Ye Tian also made his move.

“Five Elements Divine Wheel!”

A massive Five Elements Divine Wheel shielded Ye Tian, impervious to the terrifying sword lights, unable to break through his defense.

Then, Ye Tian bent a finger, and a black lotus appeared.

“Black Lotus Realm!”

The black lotus transformed into a Black Lotus Realm, enveloping Divine Lord Jianyu.

“Not good!”

Divine Lord Jianyu was terrified, sensing an unprecedented crisis.

He unleashed various secret techniques, trying to break out of the Black Lotus Realm.

At this moment, Ye Tian gently activated the Black Lotus Realm, and the internal space of the Black Lotus Realm disintegrated.

In the next instant, the Black Lotus Realm vanished, leaving the void eerily silent, with only some fragments of weapons or secret treasures remaining.

As for Divine Lord Jianyu, he was nowhere to be found.

“Divine Lord Jianyu, you were merely at the second stage of the Universal God level. If you had reached the peak of the Universal God level, perhaps I would have been wary!” Ye Tian said indifferently.

Chapter 640: Desolate Realm!

Ye Tian’s words could no longer be heard by Divine Lord Jianyu, as he had already completely fallen under Ye Tian’s True Chaos Technique—Black Lotus Realm, and vanished into thin air.

At this moment.

Everyone in the Sword Emperor Sect was stunned. Each one looked around, searching for Divine Lord Jianyu’s presence, but they found nothing.

Just then, a magnificent divine statue deep within the Sword Emperor Sect collapsed with a loud crash.

This statue had been personally forged and refined by Divine Lord Jianyu, serving a function similar to a soul lamp.

Now, with Divine Lord Jianyu’s demise, the statue had fallen.

“The divine statue has collapsed; Divine Lord Jianyu has fallen!!!” An elder cried out in sorrow.

Instantly, panic spread throughout the Sword Emperor Sect.

“He is so powerful!”

Everyone gazed at Ye Tian in terror.

Hei You Sword Monarch was no match for Ye Tian. The Grand Elder, Sword Demon True Lord, was also defeated. Now, even the Universal God, Divine Lord Jianyu, had fallen to Ye Tian.

They found it hard to believe but had to accept it.

Immediately, the entire Sword Emperor Sect trembled with fear.

They were terrified that Ye Tian would start a massacre and annihilate the Sword Emperor Sect.

Since Ye Tian could kill Divine Lord Jianyu, he naturally had the power to destroy the entire sect.

However, they overthought it.

Ye Tian had no intention of wiping out the Sword Emperor Sect; otherwise, he would not have spared Hei You Sword Monarch and the Sword Demon True Lord.

“You don’t need to worry. I only killed Divine Lord Jianyu because he sheltered the True Flame Saber Lord.

You had nothing to do with it, so I won’t kill you.

But in the future, if you do anything against the rules, as the Regional Enforcer of the Pan Star Field, I will not show mercy!”

Leaving these words, Ye Tian then teleported away.

After Ye Tian left, everyone in the Sword Emperor Sect breathed a sigh of relief.

Although the death of Divine Lord Jianyu dealt a significant blow to the sect, possibly causing them to fall from their position as a dominant force, the survival of the sect and their own lives was the best possible outcome.

“Recall all disciples of the Sword Emperor Sect from outside, and seal the sect for a while!”

The heavily injured Sword Demon True Lord slowly spoke.

“Yes!” The people of the Sword Emperor Sect responded.

Soon, the news of Divine Lord Jianyu’s death spread, shocking the other four major dominant forces in the Pan Star Field.

At the headquarters of the Undying Legion.

The Undying Legion Lord, upon hearing the news, murmured, “The True Lord of Ten Thousand Laws acts decisively, leaving no future troubles for himself.

Divine Lord Jianyu brought this upon himself. He once offended the True Lord of Ten Thousand Laws, and now he sheltered the True Flame Saber Lord, provoking the True Lord of Ten Thousand Laws once more. After provoking him twice, how could the True Lord of Ten Thousand Laws let you live?”

The Divine Desolation Hall, Heartless Valley, and the Eternal Sect, after learning of Ye Tian’s strength, issued orders forbidding any provocation against Ye Tian.

After killing Divine Lord Jianyu, Ye Tian did not linger in the Pan Star Field but returned to the Holy Domain, Tianlan Giant City.

Following this, Ye Tian began a period of seclusion.

He prepared to thoroughly digest the three characters of the Dao of the Saber. If he could use these three characters to create the ultimate Saber Dao technique, it would be a major breakthrough in his cultivation.

As years passed, Ye Tian refined the characters of the Dao of the Saber, continually comprehending the laws of the saber and strengthening the origin of the saber, even combining the insights of the Chaos Dao with his understanding of the Saber Dao.

In an environment with 100 times time acceleration, Ye Tian spent a long era in cultivation.

In the blink of an eye, a hundred years had passed in the outside world, equating to Ye Tian cultivating and comprehending for thousands of years under accelerated time.

Now, Ye Tian had long since exhausted the power of the three characters of the Dao of the Saber.

As for creating the ultimate Saber Dao technique, Ye Tian was still a hair's breadth away from success.

His Heavenly Moon Saber ultimate technique had been infinitely perfected, nearing the level of the ultimate Saber Dao technique, its power greatly exceeding what it had been before.

In other aspects, Ye Tian had made some progress, but it was not significant.

The further one advanced in cultivation, the more difficult it became to make even the slightest progress. For instance, the Supremes might not see any advancement even after a million years.

On this day.

While Ye Tian was in seclusion, his wife Xiao Yue came to see him.

"Yue'er, what's the matter?" Ye Tian asked with concern.

He knew his wife well. If it wasn't something significant, she wouldn't disturb his cultivation.

Clearly, something had happened, or there was an important matter she needed to discuss with him.

"Husband, I have been monitoring the intelligence of the Divine Blade Alliance. I just received news that they issued a mission to collect an item from the Desolate Realm, and the reward is a period of cultivation in the Divine Blade Alliance's strongest supreme treasure, the War Blade Realm. I came to inform you!" Xiao Yue hurriedly said.

“What? Cultivation in the War Blade Realm!” Ye Tian was thrilled.

The War Blade Realm wasn't an actual world but the name of a supreme treasure. However, this supreme treasure was unique, as it contained an entire world within. Cultivating in the War Blade Realm allowed one to directly comprehend the essence of the saber, making it a rare opportunity for saber practitioners. But the War Blade Realm was the foundation of the Divine Blade Alliance and the treasure of the Supreme Blade Sovereign. It wasn't easy to gain entry, as excessive use would deplete the supreme treasure's essence, reducing its power and necessitating a period of recovery.

With war potentially breaking out at any time, the supreme treasures of humanity couldn't be lightly exhausted, as it could lead to significant losses. This time, however, the War Blade Realm was open for cultivation, which was a rare event!

“Desolate Realm!”

Ye Tian had never heard of this name, but entering the War Blade Realm for cultivation was a great opportunity he did not want to miss.

Thus, Ye Tian quickly ended his seclusion and went to the branch of the Divine Blade Alliance to inquire about the mission.

It didn't take long for Ye Tian to understand the mission details and the situation in the Desolate Realm.

“The Desolate Realm is actually the territory of a group of Innate Deities!”

Ye Tian frowned.

It was said that there were thousands of Innate Deities in the Desolate Realm, with the strongest among them comparable to the Supremes.

Therefore, the Desolate Realm could be considered a powerful force.

The Desolate Realm was rich in resources but highly hostile to outsiders. Originally, there weren't many beings in the Desolate Realm, but the Innate Deities created numerous races in their own image. These races grew stronger over time, producing many powerful individuals.

Logically, humanity shouldn't provoke the Desolate Realm, but it contained resources that were highly coveted by all races in the universe.

However, recklessly waging war against the Desolate Realm was impossible, given that the weakest of the thousands of Innate Deities were Universal Gods, and there were many Supremes among them.

Moreover, in the Desolate Realm, Innate Deities could harness its power, allowing ordinary Supremes to rival powerful Supremes.

This time, however, the Divine Blade Alliance urgently needed a material from the Desolate Realm, so they issued the mission, requiring some Planetary System level and Galaxy level experts to enter the Desolate Realm and search for this material.

Of course.

Sending Planetary System level and Galaxy level experts into the Desolate Realm wasn't a death sentence. The various races of the universe had an agreement with the Innate Deities of the Desolate Realm that the Innate Deities wouldn't intervene, or else the universe's races wouldn't spare the Desolate Realm.

Compared to the multitude of races in the universe, the Desolate Realm was still insignificant, and naturally, they compromised.

Thus, although entering the Desolate Realm was dangerous for Planetary System level and Galaxy level experts, there was still a chance of survival.

After contemplating for a while, Ye Tian decided to take on the mission!
