Chapter 651: Desolate Lord Mandate, Perfected Fourth Layer of Chaos Golden Desolation Technique!

A token, a scroll, and a golden card—three items appeared before Ye Tian.

These three items were the rewards Ye Tian had received! He first picked up the token and began to refine it.

Soon, he understood the purpose of the token.

“The Desolate Lord Mandate!”

The Desolate Lord Mandate was the proof of becoming the lord of the Desolate Realm. As long as one’s cultivation reached the Heavenly Venerable realm, refining the Desolate Lord Mandate would allow them to become the lord of the Desolate Realm, capable of mobilizing the entire Desolate Realm’s origin.

At that time, Ye Tian could suppress any Supreme in the Desolate Realm at will; no one would be able to oppose him within the Desolate Realm.

One could say that obtaining the Desolate Lord Mandate was almost equivalent to obtaining the Desolate Realm in the future!

“I actually got the Desolate Lord Mandate. Those Innate Deities would never have expected this!” Ye Tian murmured.

He guessed that his potential and combat power were so astounding that breaking the record of the Desolate Tower had prompted the Desolate Tower to present its best reward.

The reward of the Desolate Lord Mandate was better than any treasure or inheritance.

In the future, once he mastered the Desolate Realm, other inheritances would naturally fall into his hands one by one.

Immediately, Ye Tian opened the second reward, the scroll.

“The Desolation Technique!”

This was clearly an inheritance method.

Ye Tian briefly browsed through the Desolation Technique and roughly understood its use.

It was a mysterious inheritance method that could refine the origin of the Desolate Realm to temper the body. It utilized the power of the Desolate Realm to accelerate one’s improvement and was a secret technique created by the innate Desolate Race over countless ages.

But Ye Tian frowned. Although the Desolation Technique was excellent, the amount of Desolate Realm origin he could currently mobilize was only a trace, and a trace of the Desolate Realm origin wasn’t very useful! Next, Ye Tian picked up the golden card and studied it.

Soon, a stream of information flowed from the golden card into Ye Tian’s mind.

“The Desolate Card!”

This was a one-time-use treasure that could guide the origin of the Desolate Realm, allowing a large amount of the Desolate Realm origin to be summoned for one’s use.

“The Desolate Card paired with the Desolation Technique is simply a perfect match!” Ye Tian exclaimed with joy.

Immediately, he prepared to cultivate here.

The outside world was extremely unsafe, much less safe than here.

Moreover, it took a long time for desolate beings to enter the Desolate Tower, so he wasn’t worried about anyone suddenly intruding.

“100x time acceleration!”

After accelerating time, Ye Tian began to cultivate.

With the Desolate Card activated, countless origins from the Desolate Realm in the sea of origin flowed into this place.

This anomaly caught the attention of some Innate Deities.

“What’s happening? Why do I feel the Desolate Realm’s origin shaking?”

“I feel it too. It’s as if a large amount of the Desolate Realm’s origin is being mobilized. Which Innate Deity is doing this? I don’t recall any Innate Deity having such means.”

“Could it be done by the Desolate Sovereign?”

“Maybe. Let’s just pretend it didn’t happen. Perhaps the Desolate Sovereign is testing some secret technique!”

However, they never imagined it was Ye Tian doing this.

Moreover, with the Desolate Tower as a cover, even the desolate beings were unaware. If Ye Tian had cultivated outside, this would have been exposed.

Within the Desolate Tower.

Ye Tian was surrounded by the origin of the Desolate Realm, enveloped by it.

Then, Ye Tian began to activate the Desolation Technique to refine the Desolate Realm’s origin.

Before this, the Desolate Realm’s origin couldn’t be refined, but under the activation of the Desolation Technique, the Desolate Realm’s origin seemed to transform into energy, continuously absorbed and refined into Ye Tian’s body.

Suddenly.

Ye Tian was astonished to discover that his Chaos Golden Desolation Technique also automatically started to operate, and its speed kept increasing.

Originally, the cultivation speed of the Chaos Golden Desolation Technique was very slow, but now, under the effect of the Desolate Realm's origin, it ran rapidly, progressing countless times faster than before.

“So fast!” Ye Tian was overjoyed.

At this rate, the fourth layer of his Chaos Golden Desolation Technique might reach the perfected realm, and by then, the limits of his physical body would expand to an extremely terrifying degree.

If Ye Tian had cultivated as usual, he wouldn't have known how long it would take to perfect the fourth layer of the Chaos Golden Desolation Technique. Now, he had saved countless years of arduous practice.

“Absorb, refine!”

Ye Tian began to cultivate with all his might.

As time passed, the progress of the Chaos Golden Desolation Technique was swift.

The fourth layer of the Chaos Golden Desolation Technique reached minor success! The fourth layer reached major success! The fourth layer reached the peak of major success! Finally—Ye Tian perfected the fourth layer of the Chaos Golden Desolation Technique, and at this moment, the origin of the Desolate Realm was exhausted.

Gazing at the disappearing Desolate Card, Ye Tian sighed.

If he had enough Desolate Cards, he could guide more Desolate Realm origin to cultivate the Chaos Golden Desolation Technique, which would greatly enhance his strength in a short time.

Since the limit of his physical body had increased, Ye Tian began to further enhance his body's power.

Thus, Ye Tian continued cultivating in the Desolate Tower for some time, allowing his body's strength to increase manyfold.

After finishing his cultivation, Ye Tian finally left the Desolate Tower.

"Jian Gu, how were the earnings?"

An elder from the Demon Pavilion appeared and inquired.

"Elder of the Demon Pavilion, I obtained a minor inheritance. After returning, I should be able to enhance my strength a bit!" Ye Tian replied.

"Good. Remember to imprint a copy of the inheritance and send it to the Inheritance Pavilion, understood?" The Demon Pavilion elder instructed.

"Yes!" Ye Tian nodded.

After the elder left, Ye Tian turned and departed.

Once he left the area, he began to teleport rapidly until he reached a distant place and stopped.

"I still have one more matter to resolve!"

Ye Tian released Jian Gu. Before Jian Gu could awaken, Ye Tian completely killed him.

Not long after Jian Gu's death, the Desolate Demon Race discovered the news.

They immediately started investigating Jian Gu's death.

Quickly, they found out that Jian Gu had entered the Desolate Tower before his death and immediately dispatched a Universal God to inquire about the situation at the Desolate Tower.

Outside the Desolate Tower.

The elders of the Demon Pavilion were questioned by the Universal God.

“Elders, did Jian Gu enter the Desolate Tower earlier?”

The Desolate Demon Universal God asked.

“Yes!”

The Demon Pavilion elder quickly replied, “Jian Gu indeed entered and left not long ago.”

The Desolate Demon Universal God said, “Jian Gu is dead. We are investigating the cause of his death!”

“What? How could Jian Gu be dead?”

The Demon Pavilion elder was stunned.

He had just left not long ago and was now dead.

Immediately, he was filled with rage.

“Investigate thoroughly. It might be the work of those upper clans. They might have found out that Jian Gu entered the Desolate Tower, and with Jian Gu’s weak strength, he could easily be captured by some powerful Galaxy-level beings or Universal Gods. They might want to learn the secrets of the Desolate Tower.

It’s been many years since the last Universal God who coveted the Desolate Tower was killed by the Innate Deities. Such a situation hasn’t happened again until now.”

The Demon Pavilion elder roared in fury.

Subsequently, the entire Desolate Demon Race was mobilized, and this incident caused an even greater uproar than Wu Zhan's death.

Wu Zhan was killed by foreign races, but Jian Gu was likely killed by the upper clans, and it involved the Desolate Tower.

Anything involving the Desolate Tower was of utmost importance, as it concerned the very foundation of the Desolate Clan.

Therefore, it had to be thoroughly investigated.

Meanwhile, the Innate Deities also learned of this incident and began their own investigation.

However, by this time, Ye Tian had already activated his bracelet and was preparing to leave the Desolate Realm!

Chapter 652: A Piece of Gold-Patterned Zichen Wood!

The bracelet activated! Guided by a force, Ye Tian tore through the barriers of the Desolate Realm, slowly leaving it.

The process took a while, about ten minutes, and could not be interrupted; otherwise, the teleportation would fail.

Ten minutes quickly passed.

With a swish, Ye Tian successfully left the Desolate Realm and returned to the outside world.

Shortly after Ye Tian left, a terrifying divine sense swept across the area. It was a powerful Innate Deity.

However, finding no trace of Ye Tian, the divine sense continued to explore other places.

“I’m back!”

Ye Tian stood on the Divine Blade Battleship, breathing a slight sigh of relief.

Immediately, he was assigned to a cabin to rest.

A month later, Ye Tian and the others who had come out were picked up by an ordinary warship and taken back to the headquarters of the Divine Blade Alliance.

After all, the Divine Blade Battleship needed to remain outside the Desolate Realm, waiting for others to come out. As long as there were survivors, they had to wait, unless too much time had passed.

Therefore, those who had already come out, like Ye Tian, needed to be sent away in advance. It was impossible to keep waiting.

Moreover, the Divine Blade Alliance urgently needed Zichen Wood, so they needed to bring back those who had come out.

A few days later.

Ye Tian and the others returned to the headquarters of the Divine Blade Alliance.

Afterward, they went to submit their mission.

In a mission room, a peak Universal God named Chen Qi was handling the mission with Ye Tian.

“True Monarch of Ten Thousand Laws, I wonder how much Zichen Wood you have obtained this time. The Divine Blade Alliance will determine your cultivation time in the War Blade Realm based on the amount of Zichen Wood you bring. The more Zichen Wood you submit, the more time you will get.” Universal God Chen Qi explained.

“So, how much time can one piece of Zichen Wood exchange for?” Ye Tian asked earnestly.

“One piece of ordinary Zichen Wood can be exchanged for one year of time!” Universal God Chen Qi replied.

“It is a real year of time. If you use time acceleration, it will not increase the time; it will still count as one year within the accelerated time. If it’s a top-grade Zichen Wood, it can be exchanged for ten years of time, and a gold-patterned Zichen Wood can be exchanged for one hundred years!”

Obviously, Universal God Chen Qi knew Ye Tian possessed a time talent. If it were unrestricted, Ye Tian could use one year as a hundred years, which would significantly impact the War Blade Realm.

Therefore, he had to explain clearly to Ye Tian.

Ye Tian felt a bit disappointed after hearing this. He had indeed planned to use his time talent, but since the Divine Blade Alliance had anticipated this, there was no loophole for him to exploit.

“I have quite a few Zichen Woods. Universal God Chen Qi can verify their authenticity!” Ye Tian took out the Zichen Wood.

Piece by piece of Zichen Wood appeared in front of Universal God Chen Qi shocking him greatly.

Even if someone was lucky enough to survive and come out of the Desolate Realm, getting just one piece of Zichen Wood was considered very good. Many people didn’t even manage to get any and returned with just their bracelets, resulting in mission failure.

Obtaining more than two pieces of Zichen Wood was rare even among galaxy-level cultivators, let alone Ye Tian, who was only at the peak of the planetary system level.

Universal God Chen Qi knew Ye Tian’s strength and background as the former number one prince of humanity and the universe, but he still didn’t expect Ye Tian to have obtained so many Zichen Woods.

But now, here were the Zichen Woods!

Ten pieces! Twenty pieces! Thirty pieces! Forty pieces!

In the end, Ye Tian took out a total of sixty-five pieces of Zichen Wood, along with some fragments. These fragments accumulated to about half a piece.

However, all these were ordinary Zichen Woods!

“This is unbelievable!” Universal God Chen Qi exclaimed in astonishment.

He examined the Zichen Woods and found that all of them were real, without a single fake among them.

“True Monarch of Ten Thousand Laws, I can count these Zichen Woods as 66 pieces. You can enter the War Blade Realm for 66 years,” said Chen Qi, the Universal God.

“Alright, let’s count it as 66 years then!” Ye Tian replied with satisfaction.

Then, he took out another piece of Zichen Wood.

This piece was much larger than the ordinary Zichen Woods, with a deeper color and a fragrant aroma that invigorated the spirit.

“Top-grade Zichen Wood!” Universal God Chen Qi widened his eyes, staring incredulously at the piece of top-grade Zichen Wood.

While ordinary Zichen Wood could preserve a wisp of a Universal God’s soul, top-grade Zichen Wood could preserve a wisp of a Dominator’s soul, making its value incomparable to ordinary Zichen Wood.

“True Monarch of Ten Thousand Laws, this top-grade Zichen Wood counts for 10 years, giving you a total of 76 years,” Universal God Chen Qi corrected himself.

Immediately, Chen Qi processed the mission handover, and Ye Tian successfully completed this mission.

This time, Ye Tian not only earned 76 years of cultivation time in the War Blade Realm but also gained a substantial amount of points from the Divine Blade Alliance.

These points could be exchanged for numerous resources within the Divine Blade Alliance and used to issue tasks.

At the same time, news of Ye Tian acquiring a large number of Zichen Woods spread throughout the entire Divine Blade Alliance.

Instantly, the entire alliance buzzed with chatter, everyone shocked by Ye Tian's achievement.

In the depths of the Divine Blade Alliance.

Divine Blade Supreme also heard about Ye Tian obtaining nearly 66 pieces of ordinary Zichen Wood and one piece of top-grade Zichen Wood and was greatly surprised.

“Ye Tian is really daring to have seized so many Zichen Woods. This must have caused significant upheaval in the Desolate Realm, given their usual way of doing things. They will definitely send strong warriors to hunt him down.

That he could return alive indeed shows how formidable he is!” Divine Blade Supreme said with a smile.

Ye Tian plundering so many Zichen Woods for the Divine Blade Alliance was beneficial not only for the alliance but also for humanity.

In fact, these Zichen Woods were not only prepared for the top echelon of the Divine Blade Alliance; the other eight supreme-level forces also had a share. The Divine Blade Alliance was merely responsible for seizing the Zichen Woods.

In Tianlan Giant City, inside the Tian Pavilion.

Ye Tian returned and immediately entered a secluded chamber for closed-door cultivation.

Inside the chamber, Ye Tian took out a piece of Zichen Wood, revealing a satisfied smile. “Such a treasure like Zichen Wood should naturally be kept for the members of the Tian Pavilion. How could I possibly give it all away?”

Soon, he took out about 80 pieces of Zichen Wood, more than what he contributed to the Divine Blade Alliance.

Suddenly.

Ye Tian took out three more pieces of top-grade Zichen Wood.

“I have a total of four pieces of top-grade Zichen Wood. Giving one to the Divine Blade Alliance is already enough.

As for the cultivation time in the War Blade Realm, a few decades are sufficient. Too long would be a waste; it’s better to keep some for myself,” Ye Tian said.

After putting away the Zichen Woods, Ye Tian spread his palm, and a piece of Zichen Wood appeared in his hand.

This piece of Zichen Wood was different from the others, with faint golden patterns on it.

This was clearly a piece of gold-patterned Zichen Wood! Although it was just a piece, its value was exceedingly high because it could preserve a wisp of a Supreme’s soul!

Chapter 653: Supreme Saber Dao Ultimate Technique!

“This piece of gold-patterned Zichen Wood is enough for a Supreme to use once!” Ye Tian thought to himself.

In the Desolate Realm, gold-patterned Zichen Wood was an extremely precious treasure, incredibly rare. At first, Ye Tian had not found any gold-patterned Zichen Wood since the lower clans had no opportunity to obtain it.

This piece of gold-patterned Zichen Wood was found by Ye Tian after he killed the Desolate Demon Martial Warrior. He found it in the storage equipment the warrior had been carrying.

Just this piece of gold-patterned Zichen Wood was enough to make a Supreme pay a great price because it represented hope.

If a Supreme stored a sliver of their soul in the gold-patterned Zichen Wood, even if they were killed in battle, the preserved sliver of their soul would still give them a chance to be resurrected. Though the price was steep, it was still hope, infinitely better than perishing entirely.

“If the Desolate Realm has gold-patterned Zichen Wood, even though I killed Wu Zhan and Jian Gu, if the creator of the Desolate Demon Race is willing to pay a certain price, they can still be resurrected.

If Jian Gu is resurrected, my entry into the Desolate Tower will be exposed.

However, the people of the Desolate Realm dare not pursue me, so I need not worry!”

Ye Tian thought to himself.

He decided to keep this piece of gold-patterned Zichen Wood for now, as it might prove useful in the future.

Then, he stored the piece of gold-patterned Zichen Wood in the Ancient Chaos Realm.

A few days later, Ye Tian received a notification from the Divine Blade Alliance, instructing him to go to the Warblade Saber Realm soon to continue his cultivation.

The Warblade Saber Realm was located at the Divine Blade Alliance headquarters, so Ye Tian went there once more.

Under the guidance of the relevant personnel at the Divine Blade Alliance headquarters, Ye Tian arrived at the Warblade Divine Palace.

The Warblade Divine Palace was the place where the Warblade Saber Realm was stored and also its entrance. Only by passing through the Warblade Divine Palace could one enter the Warblade Saber Realm.

At the entrance of the Warblade Divine Palace, Ye Tian saw some familiar faces. These were all Planetary System level and Galaxy level individuals who had also taken on missions in the Desolate Realm. Having completed their missions, they were now eligible to enter the Warblade Saber Realm for cultivation.

Everyone waited at the entrance of the Warblade Divine Palace, anticipating being sent into the Warblade Saber Realm together shortly.

They did not have to wait long before a Dominator of the Divine Blade Alliance appeared.

This Dominator, named Zhen Tian, was responsible for opening the Warblade Saber Realm and maintaining order for this occasion.

“In a moment, when the Warblade Saber Realm opens, you will enter one by one. Do not release killing intent or resist the Warblade Saber Realm when entering.

Although the Warblade Saber Realm is a Strongest Supreme Treasure, and no one is actively controlling it, its inherent attack aura alone is enough to annihilate you.” Dominator Zhen Tian reminded them.

“We understand!” Everyone responded.

Soon, Dominator Zhen Tian opened the Warblade Saber Realm.

Everyone entered the Warblade Divine Palace. Inside, they saw a vortex.

This vortex was the entrance to the Warblade Saber Realm.

Swish, swish, swish! Everyone flew into the Warblade Saber Realm one by one in an orderly manner.

Ye Tian followed and entered the Warblade Saber Realm.

Upon entering, Ye Tian immediately sensed the difference in this world.

Outside, Ye Tian could feel the presence of the Saber Dao's laws, but they were far less distinct than they were now.

In the Warblade Saber Realm, the laws of the saber were everywhere, and even the origin of the saber could be seen everywhere.

Moreover, Ye Tian made a startling discovery within the Warblade Saber Realm: it could nurture new saber laws.

This meant that the saber laws within the Warblade Saber Realm were unique, different from those in the outside world, and exclusive to this realm.

It was similar to how Ye Tian had condensed his own saber origin and created his own saber laws.

Instantly, Ye Tian became captivated by the new saber laws of the Warblade Saber Realm.

Though the saber Dao realms of others were far inferior to Ye Tian's, their comprehension speed of the saber Dao in the Warblade Saber Realm was far beyond what it had been previously.

One could imagine that each of them was progressing rapidly within the Warblade Saber Realm.

In a certain place within the Warblade Saber Realm, Ye Tian sat cross-legged, closing his eyes to carefully comprehend the saber laws nurtured by the Warblade Saber Realm.

Years passed by! Others' time had come, and they were moved out of the Warblade Saber Realm.

However, Ye Tian was allowed to cultivate in the Warblade Saber Realm for 76 years.

Gradually, only Ye Tian remained in the Warblade Saber Realm.

In the blink of an eye, twenty years had passed! On this day, Ye Tian had a sudden realization.

"Although I created the saber laws and condensed the saber origin, my saber origin is not complete. It only contains the saber laws and insights I created.

In reality, the saber origin can continuously nurture new saber laws, including those I have not yet created.

The Dao of the saber is limitless, and I should allow my saber origin to nurture new saber laws on its own. This way, my saber Dao realm can break through its limitations and step into a new realm.”

After realizing this, Ye Tian completely changed his cultivation approach.

He allowed the saber origin within his body to operate on its own and create new saber laws independently.

Thus, Ye Tian’s progress sped up, reaching an incredible pace.

On the 50th year of his time in the Warblade Saber Realm, Ye Tian had another insight! He began to perfect the Heavenly Moon Saber! Before this, his Heavenly Moon Saber had already reached the half-step Supreme Saber Dao Ultimate Technique level, just one step away from becoming a Supreme Saber Dao Ultimate Technique.

Now, he prepared to perfect the Heavenly Moon Saber to the Supreme Saber Dao Ultimate Technique realm.

The Supreme Saber Dao Ultimate Technique was considered the highest level of saber Dao ultimate techniques. Even among Dominator level saber Dao experts, many had not created a Supreme Saber Dao Ultimate Technique.

Yet, Ye Tian, who was only at the peak of the Galaxy level, was about to create a Supreme Saber Dao Ultimate Technique. If this news spread, it would surely shock the entire universe.

As time passed, Ye Tian continuously attempted to perfect the Heavenly Moon Saber, using the Warblade Saber Realm as his testing ground.

Since he was the only one in the Warblade Saber Realm now, and the space here was incredibly sturdy, no matter how much he pushed, he couldn’t damage this Strongest Supreme Treasure.

Thus, he felt completely at ease perfecting his Heavenly Moon Saber! In the blink of an eye, another ten years had passed.

“Heavenly Moon Saber!”

A blade light streaked across the sky, even mixed with the power of the Chaos Dao. The power of this strike was terrifying, leaving space marks in the space here.

Creating space marks within the internal space of a Strongest Supreme Treasure was enough to demonstrate the terrifying strength of this move.

“It’s finally perfected. My Heavenly Moon Saber has reached the Supreme Saber Dao Ultimate Technique level, but it’s still far from the most defiant of Supreme Saber Dao Ultimate Techniques.

For example, the Divine Blade Alliance has achievements in the saber Dao that far surpass mine!” Ye Tian thought to himself.

With some time remaining, Ye Tian continued to comprehend, striving to further perfect the Heavenly Moon Saber and at least stabilize it at the Supreme Saber Dao Ultimate Technique level.

Sixteen years passed in the blink of an eye.

On this day, Ye Tian emerged from the Warblade Saber Realm!

Chapter 654: Creatures of Destruction!

Just after emerging from the Saber Realm, Ye Tian received a message from Tian Pavilion.

Without delay, Ye Tian returned to Tianlan Giant City.

At the headquarters of Tian Pavilion.

Ye Tian immediately went to see his wife, Xiao Yue, and his sister, Ye Yu.

“Yue’er, is what you mentioned earlier true?” Ye Tian asked.

“It is true!” Xiao Yue replied solemnly. “During the time you were cultivating in the Saber Realm, some Universal Gods and Dominators of the Human Race seemed to have gone somewhere. Many of them died, and shortly afterward, strange creatures appeared in several star fields of the Human Race. Although they were quickly suppressed and killed, they still caused significant losses to the Human Race, leading to the deaths of many ordinary humans. Moreover, this situation hasn’t completely ended; there are still occasional appearances of these creatures.”

Ye Tian frowned deeply. This was no small matter! Moreover, many Universal Gods and Dominators of the Human Race had died.

“Could it be a war?” Ye Tian speculated, but then shook his head, thinking it unlikely. If it were a war, it would have been publicized long ago.

“Previously, the Divine Blade Alliance collected Zichen Wood, presumably for those Universal Gods and Dominators, indicating that something significant had happened, which is why the Divine Blade Alliance was in such a hurry. Although some Universal Gods and Dominators died this time, there should be hope for their resurrection, albeit at some cost!” Ye Tian thought.

He realized that trying to investigate the information himself would likely yield no useful results. The high-level officials of the Human Race were clearly hiding something; otherwise, they would have disclosed the origins of these creatures.

“I’ll go see Kunwu Supreme!” Ye Tian decided.

Immediately, he applied to enter the Supreme Hall of Humanity to request an audience with Kunwu Supreme.

To his surprise, Kunwu Supreme was not in the Supreme Hall of Humanity, and no one informed Ye Tian of his whereabouts.

In the end, Ye Tian contacted his former guard, Dominator Dark, and successfully reached him.

“Dominator Dark, do you have time?” Ye Tian transmitted.

“Yes!” Dominator Dark responded.

In a pavilion somewhere in Tianlan City.

Ye Tian and Dominator Dark met.

But as soon as they met, Ye Tian was a bit shocked.

Because Dominator Dark was injured, and his aura was much weaker than before.

“True Monarch of Ten Thousand Laws, you came to ask about the recent occurrences of those creatures, right?” Dominator Dark inquired.

“Exactly!” Ye Tian nodded, then asked, “Dominator Dark, are you injured?”

“Yes, I sustained some injuries,” Dominator Dark admitted. It would have been difficult to hide it from Ye Tian, so he didn’t bother trying.

“What exactly happened? I also heard that some Universal Gods and Dominators had fallen,” Ye Tian asked.

Dominator Dark remained silent for a moment before finally speaking. “Alright, I can tell you, but it’s best if you don’t leak this information; it’s a major secret of the universe.”

“Alright!” Ye Tian nodded and listened intently.

Dominator Dark said, “True Monarch of Ten Thousand Laws, do you still remember the Abyss of Destruction?”

“Of course, I remember!” Ye Tian nodded. “I was able to advance from the Emperor level to the Supreme level in terms of power at the Abyss of Destruction. It’s the only place in the universe completely isolated from the universe’s fundamental rules.”

“Could this situation be related to the Abyss of Destruction?”

Dominator Dark sighed. “Indeed, it is related to the Abyss of Destruction. Deep within the Abyss, there are Creatures of Destruction that exist solely to destroy everything. They emerge periodically to wreak havoc. Recently, there were tremors in the Abyss of Destruction, suggesting that some of these creatures had come out. Therefore, the various races of the universe decided that each must send strong warriors to suppress the Abyss. Those sent were all above the level of Universal Gods, and I was among them. However, I could only deal with the weaker creatures; the real burden fell on the Supremes.”

“What? The races of the universe need to unite to fight these Creatures of Destruction? Are they that powerful?” Ye Tian was shocked.

“That’s right!” Dominator Dark showed a trace of fear. “These creatures are terrifying. Even if the entire Immortal Race were mobilized, they would struggle against them, hence the need for a united front. Some of these creatures are extremely powerful, even the top Supremes of the universe can’t defeat them alone and need to join forces. Others are weaker, not even as strong as Universal Gods. To stop these creatures, many races have suffered significant losses. I was gravely injured and had to withdraw from the battlefield. I haven’t participated in the subsequent battles. It’s said that a group of Creatures of Destruction escaped, and some weaker ones took the opportunity to slip out as well. The Supremes focused on the stronger creatures, leaving the weaker ones unchecked.”

“Dominator Dark, are you saying that the ones causing chaos in the Human Race are these escaped creatures?” Ye Tian frowned.

“Yes,” Dominator Dark confirmed. “However, they are mostly weaker creatures, with most of them being less powerful than Universal Gods. But Creatures of Destruction are hard to kill; you must destroy their essence to truly kill them. Moreover, they have a terrifying ability to hide within destruction and slaughter, making them hard to detect. Because of this, it’s difficult to eliminate them completely. Right now, there are still some Creatures of Destruction hidden within Human Race territory. We’re working on finding and killing them.”

Ye Tian and Dominator Dark discussed much, gradually learning more about these Creatures of Destruction. They could grow stronger simply by continuously devouring living beings, without needing to cultivate or comprehend the universe’s rules. They were unaffected by the universe’s restrictions.

The only weakness of these creatures was their low intelligence. Additionally, they could not transcend the universe, though this wasn’t much of a drawback since hardly anyone in a cosmic era ever achieved transcendence.

“Dominator Dark, what if the races of the universe can’t stop these Creatures of Destruction?” Ye Tian asked.

“If we can’t stop them,” Dominator Dark sighed, “then the Great Cosmic Catastrophe will arrive early. According to records from other eras, if we fail to stop the invasion of Creatures of Destruction, the universe will fall into ruin, eventually triggering the Great Cosmic Catastrophe. This is a self-protection measure by the universe, as the Great Cosmic Catastrophe only destroys the creatures within the universe, not the universe itself. If we don’t take this measure, the nature of Creatures of Destruction would lead to the total annihilation of the universe. If we manage to eliminate the Creatures of Destruction, the Great Cosmic Catastrophe can be delayed significantly. For instance, in the last cosmic era, the Creatures of Destruction were eliminated, delaying the catastrophe.”

After learning this information, Ye Tian parted ways with Dominator Dark.

Ye Tian returned to Tian Pavilion, while Dominator Dark went back to heal his wounds. If it weren’t for Ye Tian, Dominator Dark wouldn’t have come out of seclusion.

Chapter 655: Searching for Creatures of Destruction!

Regional Enforcer changed to Domain Enforcer.

The Pan Star Field was Ye Tian’s homeland. Concerned about its situation, Ye Tian sent some members of the Tian Pavilion back to gather intelligence.

They were instructed to report back immediately if anything unusual occurred.

Ye Tian focused on his cultivation! He wasn’t ready to advance to the Galaxy level yet. He wanted to solidify his foundation, compress his celestial force, and strengthen his celestial soul. Only when he couldn’t progress any further would he attempt to break through to the Galaxy level.

Occasionally, Ye Tian also meditated on the Chaos Dao, creating True Chaos Techniques to stabilize his foundation and enhance his combat power.

Time passed slowly. A year later, a disciple of the Tian Pavilion returned to the headquarters to seek an audience with Ye Tian.

At the Tian Pavilion headquarters.

Ye Tian met with the disciple.

“Disciple Li Cheng of Tian Pavilion greets the Pavilion Master!” Li Cheng greeted respectfully.

Ye Tian recognized Li Cheng. He had decent talent and had now reached the peak of the Great God level, with formidable combat power.

“Li Cheng, I sent you to the Pan Star Field to gather intelligence. Why did you return early?” Ye Tian asked.

Li Cheng quickly responded, “Pavilion Master, we made some discoveries, but we couldn’t confirm them, so I brought the collected information back to you personally.”

With that, Li Cheng presented a jade slip.

Ye Tian took the jade slip and used his divine sense to browse the information within.

Soon, Ye Tian frowned slightly.

According to the information, something indeed had happened in the Pan Star Field.

Some stars in the Pan Star Field exhibited a strange phenomenon where all the humans on them vanished without any signs of battle.

The report detailed the affected stars and their conditions.

In summary, there had been no fighting, and no one knew what had happened. It seemed that in an instant, the humans on these stars disappeared.

Even some technologically advanced planets experienced this, where their monitoring systems captured nothing. The planet dimmed momentarily, and all technological devices ceased functioning. By the time monitoring resumed, the humans were gone.

“It must be a Creature of Destruction!” Ye Tian thought. “Li Cheng and the other Tian Pavilion disciples didn’t know about Creatures of Destruction. I only instructed them to check for sudden human disappearances or monster attacks in the Pan Star Field. They suspected the disappearances might be related to monsters but were unsure.”

Ye Tian then carefully reviewed the details of the affected stars and recalled the star map and positions within the Pan Star Field.

Suddenly, his expression changed.

“This should be the work of a Creature of Destruction. It has been moving in a straight line, and the affected stars can be connected in a straight line, leading to the Milky Way Galaxy!”

Ye Tian didn’t want anything to happen to the Milky Way Galaxy. If ordinary stars in the Milky Way Galaxy were affected, it wouldn’t be too concerning. But if Earth were involved, the humans there wouldn’t stand a chance against this Creature of Destruction! According to the route, the Creature of Destruction wasn’t far from the Milky Way Galaxy.

“It seems I must go to the Pan Star Field!” Ye Tian murmured.

He then informed his wife, Xiao Yue, and his sister, Ye Yu, to manage the Tian Pavilion, and set off alone for the Pan Star Field.

In the Pan Star Field.

After entering the Pan Star Field, Ye Tian didn’t visit the Undying Legion Lord. Instead, he headed straight for the Milky Way Galaxy.

Before long, Ye Tian’s spaceship arrived in the Milky Way Galaxy.

The Milky Way Galaxy was vast. Searching for a Creature of Destruction alone would be too difficult.

Even if a Creature of Destruction destroyed a planet, by the time he got the news and arrived, it would be too late.

Thus, Ye Tian planned to seek help from the Milky Way Galaxy's powers.

"Silver Buddha Sect, True Monarch Baofu!" Ye Tian thought of this person.

True Monarch Baofu was one of the few planetary system-level powerhouses in the Milky Way Galaxy and a Supreme Elder of the Silver Buddha Sect, holding great authority.

If he contacted True Monarch Baofu and asked him to rally other strong individuals and forces, it would greatly expedite the search for the Creature of Destruction.

"Let's go to the Silver Buddha Sect!" Ye Tian made his decision.

In a flash, Ye Tian teleported several times, arriving at the entrance of the Silver Buddha Sect.

Boom! The aura belonging to Ye Tian spread throughout the entire Silver Buddha Sect, instantly causing countless disciples, elders, and even the sect master to fall into a state of panic.

"Who dares to trouble my Silver Buddha Sect?"

An elderly voice resounded through the heavens and earth.

In the next moment, an old man dressed in Buddhist robes emerged from the depths of the Silver Buddha Sect.

Upon seeing this person, the disciples of the Silver Buddha Sect exclaimed in unison, "Greetings, True Monarch Baofu!"

"True Monarch Baofu, how are you?" Ye Tian greeted with a smile.

True Monarch Baofu had never met Ye Tian in person, but that didn't mean he didn't recognize him.

Ye Tian's portrait had long circulated throughout the Milky Way Galaxy. Recognizing Ye Tian at first sight, True Monarch Baofu spoke, "So, it's the Domain Enforcer!"

True Monarch Baofu greeted politely. Ye Tian had once used the Domain Enforcer Token in the Milky Way Galaxy, so Baofu knew Ye Tian's identity.

Now that Ye Tian had reached the planetary system level, he was no longer just a prince. Addressing Ye Tian as "prince" was no longer appropriate; "Domain Enforcer" was more suitable.

True Monarch Baofu understood well that Ye Tian, who was at the peak of the planetary system level, could easily kill him. Therefore, he dared not offend Ye Tian in the slightest.

"True Monarch Baofu, as the Domain Enforcer, I need your help," Ye Tian said.

"Domain Enforcer, you're too kind. Please, command me. If I can help, I will do so without hesitation," True Monarch Baofu quickly responded.

Ye Tian handed a piece of information to True Monarch Baofu.

"Take a look at this."

True Monarch Baofu took the information and carefully reviewed it.

The information detailed incidents of monster attacks on various regions, as well as the mysterious disappearance of humans from certain planets in the Pan Star Field.

After reading it, True Monarch Baofu's expression changed.

"Domain Enforcer, is this information true?" True Monarch Baofu asked.

"It is," Ye Tian confirmed. "According to the information, the disappearance of humans on some planets in the Pan Star Field is likely caused by one of these monsters. You don't need to know the origins of this monster; just know that it's extremely terrifying. Some of these creatures are even comparable to a human Supreme."

“What!” True Monarch Baofu was shocked.

He knew the concept of a Supreme, even if his own cultivation was relatively low. A Supreme was a protector of humanity, an unrivaled existence capable of obliterating him countless times with just one glance.

Yet, some of these monsters were said to be comparable to a Supreme, which was incredibly frightening!

Seeing True Monarch Baofu gripped by fear, Ye Tian reassured him, “Rest assured, the monster that has entered the Pan Star Field isn’t that powerful. It should be a relatively weak one, but still not something you can contend with. I worry that this monster might enter the Milky Way Galaxy and cause widespread destruction. If it reaches the Silver Buddha Sect, none of you will be able to stop it!”

“Domain Enforcer, what should we do now?” True Monarch Baofu asked urgently.

“True Monarch Baofu, I hope you can mobilize the disciples of the Silver Buddha Sect and its allied forces, and even persuade other factions to investigate throughout the Milky Way Galaxy. If any planet experiences a sudden population disappearance, inform me immediately. Only then can I locate and slay the monster,” Ye Tian said seriously.

“Alright, I’ll get right on it!” True Monarch Baofu responded promptly.

By the way, a “Star Field” is similar in meaning to a “Domain/Star Domain”. Therefore, Regional Enforcer changed to Domain Enforcer because it’s a bit more accurate?

Chapter 656: There Was a Clue!

True Monarch Baofu still held considerable influence in the Milky Way Galaxy. He shared the information Ye Tian had given him with the leaders of other factions.

Consequently, other factions responded to Ye Tian’s call, dispatching disciples to search for traces of the Creature of Destruction.

After all, this was an act of self-preservation for them, and they were naturally inclined to participate. No one wanted to face such a terrifying Creature of Destruction.

One day, True Monarch Baofu received some information.

“A continent and several planets in the Andromeda Galaxy had human inhabitants go missing!”

Upon hearing this news, True Monarch Baofu fully believed Ye Tian’s information.

Previously, he had harbored some doubts, but now he had no reason to doubt at all.

So many humans had gone missing, including a Great God-level powerhouse, without even having a chance to send a message. The sudden disappearance of so many people and powerhouses highlighted the terrifying nature of that creature.

True Monarch Baofu became somewhat panicked and hastened his efforts to locate the creature.

The Andromeda Galaxy was not far from the Milky Way Galaxy; the two galaxies were neighbors.

Thus, the creature could enter the Milky Way Galaxy at any time.

Time passed, and another month went by in the blink of an eye.

On this day, Ye Tian was resting in a pavilion of the Silver Buddha Sect when True Monarch Baofu appeared.

“Domain Enforcer, we just received a message from a disciple patrolling the Jita Star System. All the humans on a planet there have disappeared, and now we can’t contact that disciple either.” True Monarch Baofu hurriedly reported.

“Seal off the Jita Star System and all nearby star systems. We will head to the Jita Star System immediately!” Ye Tian said solemnly.

“Yes!” True Monarch Baofu replied.

With a wave of his hand, Ye Tian summoned a massive spaceship above the Silver Buddha Sect.

Then, True Monarch Baofu and several Great Gods of the Silver Buddha Sect followed Ye Tian into the spaceship.

Immediately, Ye Tian piloted the spaceship to the Jita Star System.

When Ye Tian arrived at the planet in the Jita Star System where the population had disappeared, he found several spaceships already there.

Swish, swish, swish! Figures flew out of the spaceships, revealing several Great Gods and a few Planetary System-level powerhouses.

Among them were some people Ye Tian recognized.

For example, Great God Lei Yu, City Lord of the Silver Universe Star, and others. There was also Great God Qin Niu, an old acquaintance of Ye Tian, who had come here evidently to search for the Creature of Destruction.

“Greetings, Domain Enforcer!”

“Greetings, Domain Enforcer!”

“Greetings, Domain Enforcer!”

One by one, the Great Gods, True Gods, and Planetary System-level powerhouses respectfully greeted Ye Tian.

Ye Tian nodded slightly and said, “Time is of the essence. If you are willing to follow me, get on my spaceship. Otherwise, leave this area quickly. If you encounter that creature, none of you will survive!”

“We will follow the Domain Enforcer!” A Planetary System-level powerhouse said.

The others agreed one by one, all willing to enter Ye Tian's spaceship.

As for the disciples sent to seal off the Jita Star System and other star systems, it was undoubtedly very dangerous, but there was no other way. Capturing a Creature of Destruction was not an easy task, and sacrifices were necessary at times.

But as long as Ye Tian could find the Creature of Destruction as quickly as possible, the rest of the humans in the Milky Way Galaxy would be safe.

Once everyone boarded Ye Tian's spaceship, Ye Tian piloted it to teleport through the Jita Star System, continually searching for traces of the Creature of Destruction.

Ye Tian continuously searched through one area after another.

"Nothing here!"

"Nothing here either!"

"Still nothing!"

After a few minutes, Ye Tian grew anxious.

Even though only a few minutes had passed, any delay might allow the Creature of Destruction to leave these star systems and move elsewhere, making it even harder to find.

"Do any of you know if there's a place nearby with a strong aura of slaughter, like a battlefield?" Ye Tian asked.

He inquired because Creatures of Destruction liked to hide in areas with a dense aura of slaughter and destruction, making them difficult to detect even with divine senses.

The group pondered for a moment until True Monarch Tianyu, a Planetary System-level powerhouse, spoke up. "Domain Enforcer, there is indeed a battlefield nearby. It's rumored to be one of the ancient battlefields where many powerhouses died. The aura of slaughter there never dissipates, and humans who venture in often perish."

“Yes, that battlefield is known as the Abyss of Slaughtered Souls,” True Monarch Baofu added.

“Tell me the location of the Abyss of Slaughtered Souls, and I’ll have the spaceship warp there,” Ye Tian instructed.

True Monarch Tianyu then provided the coordinates of the Abyss of Slaughtered Souls.

Ye Tian input the coordinates, and the spaceship warped to the location.

With a roar, the spaceship landed near the Abyss of Slaughtered Souls.

The Abyss of Slaughtered Souls was located on a small continent, now lifeless and desolate. A massive crevasse ran through its center—the battlefield known as the Abyss of Slaughtered Souls. The spaceship docked outside the continent without entering.

If the Creature of Destruction was indeed hiding there, the continent would undoubtedly become a battlefield and could not be preserved.

Therefore, Ye Tian did not take the spaceship inside. “Stay inside the spaceship. It’s very sturdy and has an Origin Artifact integrated into it. It can withstand even a strike from a Universal God, so don’t go outside!” Ye Tian commanded.

“Yes!” everyone responded.

With a swish, Ye Tian flew out and headed towards the Abyss of Slaughtered Souls.

At this moment, True Monarch Baofu frowned and said, “The creature is said to be terrifying. Can the Domain Enforcer really handle it?”

“He definitely can!” True Monarch Tianyu declared. “Don’t forget, the Domain Enforcer was once a prince of the Supreme Hall of Humanity! Moreover, I heard from an old friend in the Pan Star Field’s center that the Domain Enforcer killed the Sword Feather Divine Lord of the Sword Emperor Sect, one of the five dominant forces in the Pan Star Field. The Sword Feather Divine Lord was a Universal God, an eternal and immortal being!”

“What!” Everyone was shocked.

Especially Great God Qin Niu, who widened his eyes in disbelief.

Ye Tian, who once seemed so weak to him, had become so powerful! The concept of a Universal God, a terrifying being with infinite lifespan capable of destroying galaxies with a single hand, was something he had only recently heard about.

To think such a being had been killed by Ye Tian! Hearing True Monarch Tianyu’s words, everyone silently breathed a sigh of relief.

They stood inside the spaceship, watching the external situation through the display screen.

Outside the Abyss of Slaughtered Souls, Ye Tian did not enter but activated his copy talent, covering the entire area.

Even if the Creature of Destruction had extraordinary hiding skills, it should not be able to evade the copy talent unless it possessed supreme methods to avoid its detection.

Soon, there was a result!

Chapter 657: Battle with the Creature of Destruction!

“As expected, it’s in the Abyss of Slaughtered Souls!”

Ye Tian’s eyes gleamed with a sharp light as he thought to himself.

Just now, his copying talent had enveloped the entire Abyss of Slaughtered Souls, sensing the talent of a powerful creature.

Judging by the talent, that powerful creature was indeed a Creature of Destruction, possessing God-level destruction talent and devouring talent, along with various other dark attribute talents.

However, from the talent perspective, although the destruction talent was unique, it was far from as special as the abilities it currently possessed.

Obviously, for the destruction talent to have such unique destructive power and devouring abilities, it relied not only on talent but also on its inherent physique and the special destruction power it possessed.

Originally, Ye Tian had planned to copy the talent of the Creature of Destruction to see if he could gain its abilities.

Now it seemed this plan was dashed.

Of course, Ye Tian felt no disappointment.

“Move away; the monster is in the Abyss of Slaughtered Souls!”

Ye Tian transmitted this message back to the interior of the spaceship, notifying True Monarch Baofu and the others.

Inside the spaceship.

Upon hearing that the monster was in the Abyss of Slaughtered Souls, everyone, including True Monarch Baofu, became serious and tense.

Although they believed in Ye Tian’s strength, the power of this monster was unknown. No one knew the true extent of its abilities.

If Ye Tian proved no match, they would be doomed.

At such a critical moment, they couldn’t help but feel nervous.

“Maybe the monster is weak!”

A Great God suggested this to relieve the pressure.

At this moment, Ye Tian made his move.

Boom! Ye Tian slashed towards the Abyss of Slaughtered Souls, and the terrifying saber energy tore through the void, shattering the laws and even breaking apart the vast Abyss of Slaughtered Souls.

“Roar!”

A beastly roar echoed from the depths of the Abyss of Slaughtered Souls.

The sound reverberated throughout the planetary system, shaking the entire system.

Inside the spaceship, those at the planetary system level and Great God level who were closer to the source of the sound were greatly affected, their minds shaken. The weaker ones were severely injured, left dazed and disoriented.

“Retreat, quickly retreat!”

Someone controlled the spaceship to withdraw from the area, distancing it from the battlefield.

Boom! Ye Tian clashed with the Creature of Destruction, and in just an instant, the continent was reduced to cosmic dust. Even the battlefield forbidden zone of the Abyss of Slaughtered Souls turned to nothingness, unable to withstand the battle between such powerful beings.

In the distance.

The spaceship stopped, and everyone stared in awe at the vanished Abyss of Slaughtered Souls and the continent. They were all dumbfounded.

The terrifying power was beyond their expectations.

“This power is too terrifying!” True Monarch Baofu exclaimed in fear.

Although he wasn't at the pinnacle of the planetary system level, he had seen pinnacle planetary system level experts. Compared to Ye Tian, they were incredibly weak! Moreover, the monster's strength was also frightening.

Fortunately, it was Ye Tian fighting it. If it were him, he wouldn't even withstand the monster's aura.

"This Creature of Destruction isn't very powerful. But it's a high Universal God realm, much stronger than Wu Zhan back then!" Ye Tian said gravely.

Wu Zhan had been difficult to kill under the protection of the Desolate Realm's power. But, the Creature of Destruction's survival abilities were even more terrifying.

He had struck the Creature of Destruction several times, leaving long gashes on its body, but they healed almost instantly.

This kind of physique was far superior to any undying talent, healing talent, or life talent. No wonder even Dominator Dark said that Creatures of Destruction were hard to kill.

"And this is just a Universal God realm Creature of Destruction. If it were at the Supreme level, wouldn't it be incredibly terrifying? No wonder all the races of the universe must unite to fight against Creatures of Destruction!" Ye Tian sighed.

"Black Lotus Realm!"

Whoosh! The Creature of Destruction was enveloped by Ye Tian's True Chaos Technique, the Black Lotus Realm. As the Black Lotus Realm annihilated everything, the Creature of Destruction broke through, but it was still severely injured.

Next, Ye Tian unleashed an all-out strike with the strongest saber technique, delivering a blow without any reservations. The attack pierced into one of the creature's eyes, penetrating its body and causing significant damage.

Yet, despite this, the Creature of Destruction quickly healed most of its injuries, sustaining only minor wounds.

Time passed! Ye Tian and the Creature of Destruction engaged in a prolonged, fierce battle, nearly obliterating the entire planetary system and spreading into other systems.

Fortunately, True Monarch Baofu and the others had arranged for all humans in the vicinity to evacuate, or many would have been caught in the crossfire.

This battle soon drew the attention of some powerful beings, even attracting experts from the center of the Pan Star Field.

At the edge of the battlefield.

True Monarch Baofu and others continued to observe from a distance, using projection techniques to display the battle. Although the projections were frequently disrupted by the terrifying power, they could still glimpse the ongoing fight.

Suddenly.

A battleship approached, bearing the emblem of the Divine Desolation Hall.

“Is that a battleship from the Dominator-level force, the Divine Desolation Hall?”

Someone exclaimed.

Soon, the battleship docked, and several peak Galaxy-level experts disembarked.

“True Lord Zhanhe!”

“True Lord Zixing!”

“True Lord Tongguang!”

One by one, renowned Galaxy-level experts from the Pan Star Field appeared.

Some of the Great God-level beings might not recognize these Galaxy-level experts, but the Galaxy-level beings who had been to the Hengpan Galaxy certainly did. Immediately, they led the others in paying respects to these formidable figures.

“How is the True Monarch of Ten Thousand Laws faring in his battle with the monster?” True Lord Zhanhe asked.

“The fight continues, but the Domain Enforcer holds the upper hand!” True Monarch Baofu replied.

Then, they showed the projected battle to the Galaxy-level experts.

“What a terrifying monster!” True Lord Zhanhe and the others exclaimed, their faces changing dramatically.

“This monster’s strength probably surpasses that of our hall master!” True Lord Zixing frowned.

“Indeed, from the looks of the battle, this monster’s power is not only greater than our hall master’s but also beyond the Valley Master’s of the Heartless Valley and the Sect Master’s of the Eternal Sect. Only the Undying Legion Lord might be able to match it.

But this monster’s regenerative ability is incredibly frightening. Even after being torn apart by the True Monarch of Ten Thousand Laws, it can quickly heal and maintain its combat strength.

I fear even the Undying Legion’s commander would struggle against this creature!”

“It’s hard to believe that the True Monarch of Ten Thousand Laws, at just the pinnacle of the planetary system level, has such terrifying combat power. No wonder he could instantly kill the newly ascended Universal God, Lord Jianyu!”

The conversation of these Galaxy-level experts left True Monarch Baofu and the others utterly stunned.

They had known Ye Tian had killed Jianyu, a Universal God, but had assumed it was through a hard-fought battle. After all, their information was limited and largely hearsay.

Now they realized Ye Tian had instantly killed a Universal God! And from the evaluations of these Galaxy-level experts, Ye Tian seemed to be far stronger than the Hall Master, the Valley Master, and the Sect Master of the dominant forces.

“Who would have thought our small galaxy would produce such a monster!” True Monarch Baofu and the others thought in unison.

Undoubtedly, compared to others, Ye Tian seemed more like a monster!

Chapter 658: Soul Spear of the Nether King!

While True Monarch Baofu was chatting with several Galaxy-level powerhouses, a surge of powerful auras emerged.

Soon after, several figures appeared one by one.

When True Lord Zhanhe and his companions saw these individuals tearing through space to arrive, they immediately showed respectful expressions.

These were not space-element practitioners but individuals who tore through space with sheer power, mimicking the abilities of space element users.

Many Planetary System-level and Galaxy-level individuals could achieve this, though the distance they could traverse varied.

True Lord Zhanhe’s respect stemmed from these individuals’ identities.

“Greetings, Hall Master, Valley Master of the Heartless Valley, Sect Master of the Eternal Sect, and Undying Legion Lord!”

True Lord Zhanhe and the others welcomed them with reverence.

Although True Monarch Baofu and his companions did not recognize the Undying Legion Lord and the others, they followed suit upon hearing True Lord Zhanhe’s address.

“Greetings, Undying Legion Lord, Hall Master of Divine Desolation Hall, Valley Master of the Heartless Valley, and Sect Master of the Eternal Sect!”

These four were the heads of the four dominant forces in the Pan Star Field, essentially the highest-ranking individuals in the region! In the past, True Monarch Baofu had never been qualified to meet such Universal God-level figures, but now he was fortunate to see them, and four at once!

“Hmm,” the Undying Legion Lord and the others nodded slightly, acknowledging True Lord Zhanhe and his companions.

To these Universal Gods, True Lord Zhanhe and his companies were mere subordinates, weaklings not worthy of much courtesy. As for True Monarch Baofu and his group, they didn’t even merit a glance.

At this moment, their attention was entirely focused on the battle between Ye Tian and the Creature of Destruction.

After observing for a while, the Hall Master of Divine Desolation Hall frowned and said, “This monster is stronger than me and very difficult to injure. If I were to face it, I might have no choice but to flee, and even then, escape might not be assured!”

“Among us, perhaps only the Undying Legion Lord could fight it,” the Valley Master of the Heartless Valley added. “I never imagined the True Monarch of Ten Thousand Laws had such terrifying strength to overpower this creature!”

The Undying Legion Lord pondered for a moment before shaking his head. “While I can fight this creature, I can’t defeat it. The True Monarch of Ten Thousand Laws has surpassed me. His growth rate is frightening. Not long ago, I thought it would take him a long time to surpass me, yet now his strength has reached such a level.”

“Do you know the origin of this creature?” asked the Sect Master of the Eternal Sect suddenly.

The other Universal Gods shook their heads, indicating their ignorance.

“Undying Legion Lord, you have connections with the Supreme Hall of Humanity. Are you unaware as well?” the Hall Master of Divine Desolation Hall inquired.

The Undying Legion Lord replied with a heavy expression, “I don’t know either. An acquaintance of mine, a Universal God with some status in the Supreme Hall of Humanity, recently perished. Subsequently, I learned a bit from other Universal Gods. Apparently, humanity participated in a battle involving only the top-tier Universal Gods and Dominator-level powerhouses. We lost several Universal Gods and Dominators, and one Heavenly Venerable was critically injured. We nearly lost a top-tier existence!”

“What!” The Hall Master of Divine Desolation Hall, Valley Master of the Heartless Valley, and Sect Master of the Eternal Sect were shocked by this revelation.

The Undying Legion Lord continued, “Soon after, various human stars began to show signs of these monsters. Their power is terrifying, at least comparable to Universal Gods. When monsters appeared in the Pan Star Field, an investigation was launched. Otherwise, I wouldn’t know how dreadful these creatures are. I suspect the fall of those Gods and Dominators is related to these monsters!”

Hearing this, the Hall Master of Divine Desolation Hall, Valley Master of the Heartless Valley, and Sect Master of the Eternal Sect grew increasingly tense.

The monster fighting Ye Tian was powerful, but not enough to drive them to complete despair. However, if the Undying Legion Lord’s guess was correct, it indicated that this monster was merely a low-level one, implying the existence of even more terrifying creatures.

If they encountered such monsters, they would be doomed.

“Perhaps the True Monarch of Ten Thousand Laws knows. Let’s ask him once he deals with this monster,” suggested the Undying Legion Lord.

“Agreed,” nodded the Hall Master of Divine Desolation Hall and the others.

—

“Kill!”

Ye Tian continuously fought the Creature of Destruction, unleashing his full strength and celestial force.

His overwhelming power completely crushed the Creature of Destruction's strength. His body was incredibly tough, his physique extremely strong, and combined with various recovery talents, it was nearly impossible to injure Ye Tian. Even if he did get hurt, he could transfer the damage.

As a result, Ye Tian fought desperately without fear.

Time passed slowly. After a long while, the Creature of Destruction began to show signs of strain.

Ye Tian then launched a full-scale attack, further worsening the creature's injuries.

Seeing the Creature of Destruction heavily wounded, Ye Tian suddenly had an idea. He wanted to test a soul attack secret technique! He had cultivated the Nether King Secret Manual, and his celestial soul had reached the level of an Nether General, nearly mid-stage, equivalent to the pinnacle of the Planetary System level.

If the Creature of Destruction's soul was strong, Ye Tian would find it hard to damage it. But the current universe heavily suppressed soul techniques. If Ye Tian hadn't broken the limitations, he wouldn't have achieved much in the soul domain either.

Therefore, the Creature of Destruction's soul was likely not strong, especially since their intelligence was low. When uninjured, their power could partially block soul attacks, as Universal God-level strength involved essence, energy, and spirit, capable of resisting soul impacts. But now, with the creature severely injured, its defense against soul attacks would be weak.

Thus, Ye Tian wanted to use a soul secret technique. Such a good experimental subject was hard to find.

"Let's try the Soul Spear of the Nether King!" Ye Tian thought to himself.

The Soul Spear of the Nether King was an offensive soul attack secret technique recorded in the Nether King Secret Manual, far surpassing the soul techniques of this universe.

This was a true soul secret technique!

Boom!

A massive phantom emerged from Ye Tian, the projection of his Nether General-level celestial soul.

The giant phantom held a long spear and struck at the Creature of Destruction with a thunderous force.

“Soul Spear of the Nether King, pierce!”

This strike transcended time and space, targeting the Creature of Destruction’s soul directly.

In the next moment, the Soul Spear of the Nether King penetrated the Creature of Destruction’s body, seemingly freezing it in this void.

Then, the Creature of Destruction stopped moving. Its remaining soul began to disintegrate, and its destructive aura started to collapse.

“Dead!” Ye Tian was somewhat surprised.

He had killed the Creature of Destruction’s soul with the Soul Spear of the Nether King.

“The weak point of the Creature of Destruction is its soul!” Ye Tian realized.

Chapter 659: The Return of Kunwu Supreme!

The weakness of the Destruction Beasts lay in their souls, which was, in fact, a weakness shared by all cultivators in the universe. However, cultivators had stronger soul defenses compared to Destruction Beasts. At the very least, cultivators at the level of Universal Gods certainly possessed powerful soul defense treasures.

Moreover, while the souls of Universal Gods were weak, they were relatively resilient and not easily obliterated. In contrast, the soul of this Destruction Beast was extremely fragile, weaker even than those of ordinary Universal Gods. Otherwise, Ye Tian would not have been able to annihilate its soul in a single strike.

From a distance, the Undying Legion Lord and the others were astonished to see Ye Tian slay the Destruction Beast. They had expected Ye Tian to need more time to kill the beast or for the beast to use some means to escape. Unexpectedly, Ye Tian had killed the beast instantly, and he had used a soul secret technique to do it.

“What a terrifying soul secret technique! That soul aura far exceeded my imagination. How could this be? The True Monarch of Ten Thousand Laws is only at the peak of the Planetary System level. Although his celestial soul can be enhanced, there are very few treasures in the universe capable of strengthening the soul, and their effects are generally modest. But the celestial soul of the True Monarch of Ten Thousand Laws is not just ten times, a hundred times, or a thousand times stronger than those of typical Planetary System level powerhouses; it’s unfathomably stronger, beyond calculation! Even someone like me, a Universal God, cannot compare. If I can’t protect my soul, the True Monarch of Ten Thousand Laws could instantly kill me with his soul secret technique!” The Undying Legion Lord thought to himself.

The other three Universal Gods also realized this and were all deeply shocked. At this moment, their gazes toward Ye Tian were filled with reverence. Previously, they might have only regarded Ye Tian as a genius with limitless potential, not taking his current strength seriously, thinking that no matter how strong he was, he was merely an up-and-coming talent. But now, Ye Tian had truly surpassed them, reaching a level they could never attain in their lifetimes. The gap between them would only grow wider in the future, and they dared not show any disrespect, only boundless awe.

“True Monarch of Ten Thousand Laws!”

“True Monarch of Ten Thousand Laws!”

“True Monarch of Ten Thousand Laws!”

The Undying Legion Lord and the other Universal Gods flew to Ye Tian and respectfully greeted him.

“You came too!” Ye Tian said softly.

In fact, he had noticed the arrival of the Undying Legion Lord and the others long ago, but since they couldn’t help, he hadn’t called them to assist.

“True Monarch of Ten Thousand Laws, what exactly is the origin of this beast? It seems that similar beasts have appeared in various human star fields, and no one knows where they came from,” the Undying Legion Lord asked curiously.

“I do know the origin of this beast,” Ye Tian admitted. “However, knowing too much won’t benefit you, as it involves a significant secret. If it weren’t for my special status, I wouldn’t have known this secret either.”

Upon hearing this, the Undying Legion Lord and the other Universal Gods understood that the beast’s identity was extraordinary and its origin significant. They realized they were not yet at a level to be involved in such matters.

Then, Ye Tian added, “However, I can tell you one thing: many of these beasts are so powerful that even the strongest Supremes among us humans are no match for them. They are enemies of the entire universe and will be attacked by all races. According to my calculations, these beasts won’t keep appearing indefinitely and will likely be exterminated soon. So, you don’t need to worry too much. During this period, however, be cautious and try to avoid areas with dense destruction aura, as these beasts tend to hide in such places. Stay away from these areas to avoid encountering these beasts!”

“Thank you for the warning, True Monarch of Ten Thousand Laws!”

The Undying Legion Lord and other Universal Gods expressed their gratitude and soon departed.

At that moment, True Monarch Baofu and the others intended to approach Ye Tian to converse and flatter him. After all, Ye Tian hailed from the Milky Way and was now so powerful that he was practically the strongest in the Pan Star Field. If they could establish some connection with Ye Tian, their future prospects would undoubtedly improve. However, before they could reach him, Ye Tian teleported everyone out of the spaceship and then left with it. Before leaving, he only left a single message.

“The beast has been dealt with, and the Milky Way is temporarily safe. If similar incidents occur in the future, notify the Tian Pavilion branch on Earth. The branch has a way to contact the Tian Pavilion headquarters, and I will naturally be informed!”

After saying this, Ye Tian’s figure disappeared from the starry sky.

Not long after, in Tianlan Giant City, at the headquarters of the Tian Pavilion, Ye Tian returned. His wife, Xiao Yue, immediately approached him to inquire about the situation.

“Husband, how are things in the Milky Way?” Xiao Yue asked.

Ye Tian replied, “A Destruction Beast appeared there. I killed it!”

Xiao Yue was already aware of the Destruction Beasts because Ye Tian had informed her about them as soon as he learned of their origin from Dominator Dark. Hence, Xiao Yue understood the terror these beasts represented. Instead of being excited, she showed concern.

“Husband, those Destruction Beasts are too powerful. The Supremes are likely very busy now and may not have time to keep an eye on you. What if you encounter another terrifying Destruction Beast? For the time being, you should try not to go out!”

“Alright!” Ye Tian nodded.

If it hadn’t been for the crisis in the Milky Way, he wouldn’t have gone out. Moreover, the human race wouldn’t send someone at the Planetary System level like him to assist. So, for now, he didn’t need to venture out again.

Seeing Ye Tian agree, Xiao Yue breathed a sigh of relief and smiled.

In the days that followed, Ye Tian began a new round of cultivation. Each day, he compressed his celestial force and expanded the Ancient Chaos Realm. Although his cultivation had reached the peak of the Planetary System level, the Ancient Chaos Realm could still be expanded and hadn’t yet reached its limit at that level. Therefore, Ye Tian continued to cultivate the Ancient Chaos Realm. At the same time, he delved into the Chaos Dao, striving to comprehend it to the level of the Dharmic Aspect as soon as possible. Once he achieved the Dharmic Aspect of the Chaos Dao, his strength would advance even further.

A year quickly passed.

During this year, incidents of monster attacks in various human star fields became rare, but there were still reports of fallen human Universal Gods or Dominators. Although these instances were few, they continued to occur. It was important to note that the loss of any top-tier Universal God or

Dominator was a significant blow. Even if they could be resurrected using the Zichen Wood, the cost was immense, possibly comparable to the effort required to cultivate a new Dominator.

One day, Ye Tian received news that Kunwu Supreme had returned to the Supreme Hall of Humanity. Without delay, Ye Tian went to the Supreme Hall of Humanity to seek an audience with Kunwu Supreme.

Chapter 660: The Realm Within the Abyss of Destruction

In the Supreme Hall of Humanity.

Ye Tian quickly met with Kunwu Supreme in the Kunwu Pavilion.

When Ye Tian saw Kunwu Supreme, he noticed that Kunwu Supreme's aura was somewhat weak, indicating he was injured. However, the injury was not severe, much less so than the injury Dominator Dark had previously suffered.

"I greet Kunwu Supreme!" Ye Tian bowed in respect.

"I heard you killed a Destruction Beast in the Pan Star Field. Well done!" Kunwu Supreme praised.

"I only killed the weakest Destruction Beast. It's not worth mentioning," Ye Tian responded modestly.

"Even the weakest Destruction Beast is quite formidable. These creatures are extremely difficult to deal with. Generally, Universal Gods don't even qualify to confront the weakest of them. It's a pity your current cultivation level is only at the peak of the Planetary System level. How great it would be if you were at the Supreme level now!" Kunwu Supreme sighed.

If Ye Tian were at the Supreme level, he would undoubtedly be the most terrifying Supreme. He might even sweep through the Abyss of Destruction single-handedly. But for now, Ye Tian had yet to truly grow into his full potential.

"Kunwu Supreme, what is the current situation in the Abyss of Destruction?" Ye Tian asked curiously.

This time, he mainly came to inquire about the Abyss of Destruction. Knowing more would help him prepare better. If the situation were more serious, he could take appropriate measures.

“It’s stable, but not completely resolved,” Kunwu Supreme replied. “The most terrifying Destruction Beast deep in the Abyss of Destruction has been suppressed by the combined efforts of the First Divine Lord of the Immortal Race and the First Demon Lord of the Demon Race. The other powerful Destruction Beasts that escaped into the universe have also been hunted down and killed. Even the weaker Destruction Beasts are now few in number and will soon be found and eradicated. Currently, some strong warriors from various races are teaming up to eliminate the outer perimeter of the Abyss of Destruction and quell the unrest. According to past practices, those Destruction Beasts, realizing they cannot defeat the various races, will instinctively return to the depths of the Abyss of Destruction and will not emerge for a long time.”

Hearing Kunwu Supreme’s words, Ye Tian felt a bit relieved. However, Kunwu Supreme suddenly added, “Ye Tian, although the unrest in the Abyss of Destruction has stabilized, we plan to send a group of talented cultivators who have created their own Dao of Laws into the Abyss of Destruction. You are definitely the most suitable candidate, more so than anyone else. Your strength can be more effectively utilized in the Abyss of Destruction. After all, your physical strength far surpasses that of others, even us Supremes.”

“What? You want me to enter the Abyss of Destruction?” Ye Tian was shocked.

“Kunwu Supreme, the Destruction Beasts can fully unleash their power in the Abyss of Destruction, even more so than outside. Even if I can wield formidable physical strength, my combat power would be significantly reduced compared to outside. I wouldn’t be able to contend with even the weakest Destruction Beast. Entering the Abyss of Destruction would be suicidal,” Ye Tian immediately refused.

Kunwu Supreme explained, “Ye Tian, I haven’t finished speaking. The Abyss of Destruction shields the universe’s origin, making us Supremes hesitant to enter. But this time is different. This time, the Destruction Beasts broke out of the Abyss, allowing some of the universe’s rules to penetrate in. Although it can’t invade the Abyss of Destruction permanently, it can last for a few hundred years without issue. We are sending people into the Abyss of Destruction because there is an incredible opportunity in the middle layer of the Abyss, rumored to be related to the origin of the universe. In the past, people who entered gained remarkable power. For instance, the First Divine Lord of the Immortal Race and the First Demon Lord of the Demon Race both entered the middle layer of the Abyss of Destruction and successfully came out alive. Many have entered, and many have exited, but the highest achievements belong to the First Divine Lord and the First Demon Lord. It’s said that the middle layer houses a special realm. However, we humans have risen only recently, and it’s our first time learning about that place. This opportunity is extremely precious, and it’s only open to cultivators below the Universal God level. If you are unwilling, I won’t force you.”

Ye Tian did not hesitate at all and immediately agreed. “I agree!”

Ye Tian didn’t want to miss this opportunity. Once the universe’s rules withdrew from the Abyss of Destruction, even the Immortal Race and Demon Race, with all their might, wouldn’t dare enter to battle the Destruction Beasts.

With the universe’s rules now invading the Abyss of Destruction, the various clans had managed to reach the middle layers of the Abyss and temporarily control the area. This was a unique opportunity; missing it would mean waiting for countless ages for another chance. If he missed this, he would lose this opportunity forever. Therefore, he was determined not to miss it.

Seeing Ye Tian agree, Kunwu Supreme felt relieved. If Ye Tian had refused out of fear, he might have felt some relief but would also have been very disappointed. A genius who feared danger was not a true genius!

“Good, I’ll make the arrangements. Go back and wait for the notification. This is the best opportunity I can secure for you; there won’t be another chance like this,” Kunwu Supreme said.

“Thank you, Kunwu Supreme!” Ye Tian expressed his gratitude. He understood very well that many people from the nine Supreme-level forces of the human race would want this slot. Even within the Supreme Hall of Humanity, many would vie for it. Yet, Kunwu Supreme had still given him a slot, showing immense trust and regard, even though it might provoke dissatisfaction among some within the Supreme Hall.

After chatting with Kunwu Supreme for a while, Ye Tian left the Supreme Hall of Humanity. Upon returning to the headquarters of the Tian Pavilion, he entered seclusion to both rest and prepare.

Five months later.

Kunwu Supreme summoned Ye Tian again.

Before long, Ye Tian once more stood before Kunwu Supreme.

“Ye Tian, the time has come. I’ll personally take you to the Abyss of Destruction. It’s still dangerous there, and without a Supreme escort, you wouldn’t be able to reach it,” Kunwu Supreme said.

“Understood,” Ye Tian replied, fully compliant with the arrangements.

A few days later, under Kunwu Supreme’s escort, Ye Tian arrived at the Abyss of Destruction. The abyss was different from what he had seen before; its destructive aura was now even more terrifying, and the pressure more intense. The area was saturated with the auras of Supremes and some dreadful destructive energies. Just sensing it with his divine sense nearly caused his mind to freeze. Clearly, even a tiny fraction of such power was beyond what Ye Tian could endure.

Near the Abyss of Destruction, the human race had established a small temporary base. Ye Tian was taken into this base.

“We’ll wait a few more days until everyone has arrived, then send you all in together. This time, the operation is under the command of the Immortal Race and Demon Race. Ye Tian, make sure not to clash with them before entering, as it would complicate matters,” Kunwu Supreme advised.

“Kunwu Supreme, don’t worry. I understand,” Ye Tian nodded.

In the blink of an eye, a few days passed. About eighteen top-tier warriors from the human race, at the Planetary System and Galaxy levels, arrived. Warriors from other clans at similar levels also gathered.

At this moment, two towering figures appeared in the void, seemingly overshadowing the entire sky.

“The First Divine Lord of the Immortal Race!”

“The First Demon Lord of the Demon Race!”

Ye Tian looked at these two figures, murmuring to himself in awe.
