

Talented 1021

Chapter 1021

“Grandma!”

Freya was startled by this sudden movement of Joanna, she panicked and half-kneeled on the ground, about to help Joanna up.

“Grandma, what are you doing! Get up!”

Joanna’s eyes filled with tears of remorse, “Freya, I am sorry! I am ashamed to see you!”

Joanna had previously tried to inflict the family law on her and forced her to drink the abortion pill, to be honest, Freya really resented her, but now looking at the white haired woman kneeling on the ground with her heart full of remorse, Freya suddenly didn’t hate her that much anymore.

She was, after all, Kieran’s most respected grandmother.

She forcibly helped Joanna up, “Grandma, all the bad things are all in the past. Grandma, we have to look forward.”

Hearing Freya’s words, Joanna patted the back of her hand, and her tears fell more fiercely.

Once, she had trusted and loved Regina with all her heart, and the pair of clear eyes she was so proud of had gradually become cloudy, and eventually, it was so bad that she couldn’t tell who was right and who was wrong, and had truly turned into an old fool who was disliked.

After she had just learned that Regina was the murderer who killed Simon, many truths that had been hidden in the mist gradually became clear in her mind, and she seemed to have a clear heart again.

She suddenly remembered that during the earthquake in Hunt Country, it was Freya who defended her precious grandson, Kieran, despite her life.

It was also Freya had been living in exile for five years, but had taken care of their Fitzgerald family’s pair of bloodlines without complaint, and now, she was still carrying Kieran’s child in her belly.

Simon’s child was a treasure, and Kieran’s child was their Fitzgerald family’s treasure!

Earlier, she was so deluded because of Regina’s instigation that she wanted to abort the child in Freya’s belly!

She was so wrong!

Joanna had so many things to say to Freya, but in the end they all turned into one sentence, “Freya, I’m sorry for you!”

Sabrina was a person who knew what was right, and when she saw this tearful look on Joanna’s face, she didn’t sneer at her like she did before.

“Joanna, Freya is right, those bad things are all in the past, we all have to look forward.”

“Sabrina, you said I’m an old fool, I’m really an old fool!” Joanna laughed at herself, “An old fool who doesn’t know right from wrong, good from evil!”

Sabrina laughed brightly, “Joanna, it’s good that you know you’re an old fool! Freya is so nice, and you’re always picking on her! If you miss out on such a good granddaughter-in-law, you’ll regret it for the rest of your life!”

“Yes, Freya is a good child.” Joanna sighed heartily, “It’s Kieran’s good fortune to marry Freya, and our Fitzgerald family’s good fortune!”

“That’s right, Freya is a little lucky star, whoever can marry her is lucky in eight lifetimes!” Old Sabrina said without modesty.

“Look at our Freya, with her figure, her looks and her talent, she’s good enough for Kieran! If he can marry Freya, Kieran has really saved the solar system in his last life!”

Freya blushed, she liked to be praised, but wasn’t it a bit much for her grandmother to praise her like that?

Joanna did not feel that Sabrina’s compliments were excessive, she kept nodding her head, “Yes, Kieran really saved the galaxy in her last life to marry such a good wife!”

Freya, “...”

The two old ladies were boasting, so Freya couldn’t help but give Kieran a sideways glance.

Kieran smiled dotingly, “I saved the entire universe in my last life.”

Freya, “...”

Well, since everyone thought she was so good, she complimented herself as well.

“Kieran, aren’t you very happy and proud to be married to me?”

“Yes, I am proud that my wife is so thick-skinned!”

Freya was so angry that she wanted to break this man’s legs!

Seeing that Freya was so angry that her mouth was pouting, Kieran gently rubbed her head, “The thicker my wife’s skin is, the more I like her.”

Freya’s heart was instantly relieved.

After praising Freya, Joanna and Sabrina began to discuss Freya and Kieran’s wedding.

Although Freya and Kieran had already received their license, the elders always felt that not having a wedding was not enough of a ceremony.

Patricia and Walter also wanted to give them a wedding. A woman should wear a wedding dress once in her life, and they wanted everyone to know that Freya was the most beloved little princess of the Wells and Fitzgerald families, and that she was Kieran’s wife in name only.

Kieran arranged the wedding after new year. It wasn't that he didn't want to give Freya a grand wedding as soon as possible, on the contrary, he wanted to give her a grand wedding more than anyone else.

But right now, he couldn't risk it.

Caelan had already escaped from prison, and he had come this time for him. Kieran had not yet caught him, and holding the wedding now would certainly give the villains an opportunity to take advantage of the situation, and if something happened at the wedding, it would only be a lifelong regret.

Since he wanted to give Freya the best, he didn't want to leave any regrets.

Freya did not want a wedding. It was not that she was afraid of any regrets, but that the last wedding had almost turned into Kieran's funeral, and she still had palpitations, and she was afraid that something sad would happen again on her happiest day.

Moreover, she really did not care about the so-called ceremony. In her opinion, as long as he had him in his heart, that was the best thing, and even if she did not have a wedding for the rest of her life, she would not have any regrets.

All she wanted in life was to hold the hand of his and grow old with him.

That was all.

When you hate someone, he is an eyesore, but when you like someone, you like them no matter what he does.

This was how Joanna treated Freya. Previously, she had been charmed by Regina and found Freya unpleasant to look at, but now, she liked Freya so much that she took her hand and talked endlessly.

She finally saw how good Freya was, and Kieran was very happy, but he was more worried about his wife getting tired, and in the midst of Joanna's fondness, he forcibly separated the two of them and carried Freya back to Kelsington Bay.

After tossing and turning for most of the night, Freya was really sleepy, but she was too embarrassed to ignore Joanna when she was so enthusiastic.

Now that she finally didn't have to continue to talk with her, she nestled in Kieran's arms and just wanted to sleep through the night.

Pregnant women are exceptionally sleepy, so Freya yawned and fell into a deep sleep.

Kieran carefully traced her face, his heart was so soft. Who would have thought that the cold-faced Kieran would be so soft to a man?

Just after arriving at Kelsington Bay, Kieran received a phone call, and this call brought him a very bad news.

Chapter 1022

Regina suddenly had a haemorrhage and was sent to the hospital, but when she arrived at the hospital, she was taken out of the ward by a group of people wearing black cloaks.

The police caught those who presumed to take her away, but she was nowhere to be found.

Kieran's brow was knitted tightly.

But Regina had already had almost all her arms broken, he wanted to see what else she wanted to do!

After Jaden was released from the kindergarten, he did not follow the bodyguard back to Kelsington Bay, but went to a small alley not far from the kindergarten.

He had just walked into that alleyway and he heard footsteps behind him.

He turned around and saw three large, brawny men following him as well.

Seeing that he had spotted them, the three men were visibly startled, but almost immediately, they regained their composure.

"Stop right there, you brat! You won't be able to escape from the palm of my hand today!"

With that, the three men lunged towards Jaden with a fierce look on their faces.

Jaden didn't panic in the slightest as he raised his hand at them, signalling that they could grab him.

"Sir, it was Regina who told you to come and catch me, right?" Without waiting for the three men to answer, Jaden coolly pulled the corners of his lips, "Come on, you guys tie me up and take me away!"

The three men froze, although this was the first time they had done this kind of kidnapping of underage children, they had seen many similar movies.

In the movies, the kids who were kidnapped by the bad guys always panic and cry out in terror. Why was this little brat completely out of character?

Although they found it a bit strange, they still went forward and grabbed Jaden. After all, by capturing this little brat, the three of them could split half a million!

The three men had prepared a van in advance, and they were just about to throw Jaden into the trunk of the van, and Jaden suddenly spoke up.

"Sir, let's make a deal."

Freya hadn't gone to work recently, plus she had already developed the antidote for the withering silence, she was idle at home, so she wanted to cook and show off her skills tonight.

As Freya was just about to cook, she received a message.

"Freya, Jaden is in my hands, if you don't want him to be killed, come to me in half an hour alone!"

Immediately after that, Freya received another text message with the address where Regina requested her to appear.

Freya's eyelids jumped slightly when she saw this text message, and after a moment of calm, she still called Kieran.

She knew Regina's character well, even if she went over there alone, she would not spare Jaden, she would not be foolish enough to put both her and Jaden in danger together.

Of course, fearing that Regina might get annoyed, she did not ask Kieran to go with her to the edge of the South Mountain cliff, but asked him to wait for her behind the trees not far away.

When Freya went over, Regina had already been waiting at the edge of the cliff.

She should not have had time to change her clothes, her body, still visibly stained with blood, looked as wretched as a bereaved dog.

In normal days, Regina liked to pretend to be soft and kind, so she used to wear a light smile on her face, but now, with her usual disguise faded away, her face was nothing but hideous.

“Freya, you’ve finally come over!”

“Regina, let Jaden go!”

“Let him go? Freya, you’re stupid, do you think I’m as stupid as you?!” Regina’s voice sounded creepy to the extreme, “Freya, I had a hard time catching this brat, I’d be merciful if I didn’t kill him, why do you think I’d be brain-dead to let him go?!”

“Freya, you’re so stupid, you know it’s a trap, but you still came alone! Since you’re so stupid, how can I live up to you if I don’t torture you properly?!”

Originally, when she heard Regina say that Jaden was in her hands, Freya was quite anxious, but now when she saw Jaden’s calm and collected appearance, and he even winked at her quietly, she suddenly didn’t panic in her heart.

“Regina, I’m curious, how exactly do you want to torture me?”

“Freya, my child is dead, why should your child still be alive?!” Regina’s face was twisted like a demon.

Her eyes, like a poisonous snake, wrapped around Freya’s stomach, “Freya, I want to dig out your child and sacrifice it to the dead soul of my child!”

“Regina, do you think you are ridiculous? Your child was killed by you, what does it have to do with me? Regina, you really are delusional!”

“I’m delusional?” Regina had gone mad, there was no longer any trace of nobility in her as a lady, she had now completely turned into a mad dog that bit people.

“Freya, it’s obvious that you’ve been harming me! If it weren’t for you, I wouldn’t have been pushed to this point! Freya, you ruined me, and today, you fall into my hands, I will ruin you too!”

Glancing at the burly man standing beside her, Regina ordered in a stern voice, “Dig out the child in her belly with the knife!”

After saying this, she sneered as she stared at Freya’s stomach, waiting to see the bloody, yet overwhelmingly exciting image that would come to her.

She thought that, next, she would hear Freya’s hysterical screams, but in the next second, a cold, sharp knife was pressed firmly against her neck.

Regina turned her face in disbelief, "What are you doing? I am your employer! Are you brain-dead! I told you to kill the child in this bitch's belly, who told you to point a knife at me?!"

"Regina, the one who is brain-damaged is you, your men have already been turned by me long ago."

Jaden stretched out his hand, and the two brawny men who had originally grabbed his shoulders respectfully untied the rope from his hands.

Regina stared in shock, "Jaden, you ... you ..."

"Regina, you don't need to doubt me, let alone yourself, your eyes are not faulty, they have now, indeed, become my people!"

The corners of Jaden's lips were slightly hooked, his face, which was the same as Kieran's, carried an indifferent sneer, and a gut-wrenching ruthlessness.

Regina involuntarily cowered back, she dared not think that a little kid would have would have such a terrifying aura on him.

"Jaden, what do you want to do?!"

"Regina, didn't you want to open up my mommy's belly? Since you are so fond of opening up other people's bellies, then, I will let someone open up your belly now!"

"Jaden, how dare you!" Regina gritted her teeth, seeing the two big men beside Jaden really coming towards her, her heart panicked like never before.

Right now, there was only one thought in her mind, she couldn't let Jaden have an easy time even if she had to die!

She could not escape today anyway, so she might as well take him down with her into this abyss!

Chapter 1023

Regina had never been a stupid woman, on the contrary, she was calculating and quite smart.

Since she had decided to take Jaden's life, she would not allow herself to make a mistake, and she would not make a move easily without being completely sure.

She took a deep breath and tried to move her body while looking for the best angle to kill Jaden with a single blow.

"Jaden, you can't let someone do this to me! That video of my brother framing my mother may not be true, if that video is fake, I am your mother's sister, your aunt! Jaden, you can't be so cruel to your aunt!"

"Aunt?" Jayla appeared behind Regina at some point, smiling like a fox, "Aunt, if I don't let you see some blood, I can't live up to your heart that wants to be an aunt!"

"Jayla, you!"

Regina was angry to hear that, she couldn't understand how these two kids, who were only five years old, could already be so bad!

“Jayla, who are you calling aunt?!”

Regina had always been arrogant, even if she was already at the end of her rope, she was still not willing to be called aunt.

“You just said you were my aunt, how can you deny it in the blink of an eye? Is that fart coming out from your mouth?”

“You!” Regina was so angry that she couldn’t breathe, because her body was trembling so much with anger that she accidentally touched the tip of the knife in the brawny man’s hand, and the sharp tip of the knife slashed through her neck, causing her face to contort in an increasingly hideous manner.

“Jayla, no dirty words!” As a competent older brother, Jaden was quite displeased with Jayla’s words.

He gave Jayla a serious look, “How can aunt fart! You’re looking down on your aunt!”

Regina nodded vigorously in her heart, that’s right, she was such a noble and proud Miss Wells, how could she be humiliated by someone using such vulgar language!

Even though Jaden was a disgusting little brat, he spoke much better than Jayla!

Regina hadn’t been relieved for two seconds before Jayla changed her words, “Brother, you’re right! How can aunt talk like a fart! She is a famous shit-spewer! It is shit out of her mouth.”

“Jayla!” Regina snarled, she could not wait to go up and tear Jayla’s mouth apart, but the knife against her neck was closer, so she did not dare to make a move.

“Aunt, I know my name is Jayla, I have a good brain, you don’t need to remind me over and over again!” Jayla smiled with a pure and harmless face, “Aunt, we’ve waited for so long, when will you show us your super skill of spewing shit?”

“If you can’t perform this skill, you can show us a blood spray!”

Regina was so angry that she was panting and breathing heavily, damn these two skills, she didn’t want to perform either of them!

“Brother, you’re really too slow! When exactly are you going to get someone to open up her stomach and let her perform her super skills?!”

“Jayla, there’s no need to rush, she’s about to perform this!”

Jaden faintly raised his eyelids, and the two brawny men beside him understood and hurriedly waved the knives in their hands and headed for Regina.

Regina was biting her lip to death, blood flowing everywhere, and she was oblivious to it.

Seeing Jayla smiling and coming up to Jaden’s side, she knew that the best opportunity had come!

This time, not only would she be able to take Jaden to hell with her, but she could also take Jayla with her!

Without the slightest hesitation, Regina pounced on Jaden and Jayla’s bodies with all her strength.

The sharp knife in the man's hand behind her made a deeper blood mark on her neck, but she didn't care, she only had one thought in her mind at that moment, let these two kids die!

From the moment she lured Regina out, Jaden knew that even dogs will jump over the wall when they are driven to desperation.

Therefore, he was not the least bit flustered by Regina's madness.

Having been trained by Kieran's men for so long, plus the fact that Jacob had recently taught him kung fu himself, even if Regina crushed him in height, he was not afraid.

He took Jayla's hand tightly and with a dashing turn, he turned away from Regina.

Regina failed, she wanted to turn back and catch the two kids again, but she had run too fast, and this place was too close to the edge of the cliff, so she couldn't stop in her tracks.

Her body, like a sharp arrow, lurched forward uncontrollably, and when she reached the very edge of the cliff, she couldn't help but reach out her hand and try to grab something, but she couldn't grab anything.

She thought that, with her determination to die, she would be able to face whatever end she would face.

But the moment she rushed down the cliff, she realised how vulnerable she was, how scared she was.

Why should she have to fall into this abyss and sink into hell alone, while Freya was still able to live?

She was not happy!

No! She didn't want to die! She hadn't yet beaten Freya into oblivion, she hadn't yet lived with the only man she had ever loved in her life, she couldn't die!

"Help me! Kieran, save me!"

Regina almost roared her throat out, but unfortunately, the reserved and indifferent man, covered in clear glory, came out from under the tree, but did not even give her a single look of pity.

The moment her body fell like a kite with a broken string, she only saw his eyes that were as deep as hole, as cold as ice, without a trace of human warmth.

At that moment, all the love in Regina's heart turned into a monstrous hatred, "Kieran, if I come back, I'll get back what you owe me!"

When Regina sought her own death like that, Freya was quite shocked.

In this world, there were always people who could make a fool of herself.

She was very impressed by Regina.

"Mommy, brother is amazing! He took the initiative to lure Regina out, and made her perform a high fall!"

As soon as Jayla finished speaking, Freya only slapped her on her head, and as Jaden was just about to speak Jayla, his head too received a slap.

“Jaden, do you think you are awesome? Do you know how scared I was when I received Regina’s text message! Do you want to piss me off?!”

Freya said angrily and tears welled up in her eyes. She knew that Jaden was very smart, but when she learned that he had been kidnapped by Regina, she was still so anxious that she almost broke down and went crazy.

She loved these two kids, so she could not afford to lose them.

Chapter 1024

“Mommy ...” Jayla saw Freya’s eyes were red, she was heartbroken, “Mommy, I was wrong, I won’t dare to do it again.”

“Mommy, don’t be angry, if brother dares to make you angry again in the future, I will help you teach him a lesson together!” Jayla couldn’t bear to see her mommy upset, so she clutched Freya’s hand and comforted her thoughtfully.

Freya was so angry that she wanted to use violence against Jaden, but after listening to the words of these two children, she could not continue to be angry.

But even if she wasn’t angry anymore, there was still a lesson to be taught.

Freya continued to put on a serious look and said to Jaden, “Jaden, I’ll forgive you this time, but it won’t happen again!”

“Mommy, I’ll never let you worry again!” Jaden accepted advice.

Jayla spoke up for her brother, “Mommy, brother must be worried that Regina is hiding in the shadows and will harm you! He wants to use himself to lure Regina out, now Regina will never be able to harm you again!”

Freya knew what Jaden was thinking. This little kid was thinking of her in every way, her heart was really warm, but Regina was so cunning, Jaden was a child after all, she was afraid that Jaden would be hurt.

“Mommy, I’m sorry, I will be a good boy from now on.” Jaden followed Jayla’s example, clutching Freya’s other hand.

He was used to acting like a little iceberg in front of others, but in front of his mommy, he was still willing to show his soft side, and only when he was soft would his mommy like him more!

“Mommy, I will also be a super good girl from now on!” Jayla pressed her face against Freya’s arm, cute as she was.

Freya’s heart was soft, she gently wrapped her arms around these two little babies, as if she had the whole world at her fingertips.

When Kieran saw the way Jaden and Jayla were comforting Freya, his heart was sour.

His wife was his, why did someone always steal from him!

In order to show his presence, Kieran walked up to Freya with a dark and sullen face and gently pulled her into his arms.

After hugging her, Kieran's face instantly became bright, as if she was his whole world.

On the night that Regina fell off the cliff, Kieran sent someone down to look for her.

Regina was really uncommonly lucky, to have fallen from such a deep cliff, she still had a faint breath.

However, her condition was not good, her leg was broken and her face was scratched, even if she was sent to the hospital now, her face was completely ruined.

Regina was taken to hospital for simple first aid before being put in prison.

Kieran and Jacob found more evidence to prove that Regina had killed Simon, and in the course of their investigation, they also discovered that she had killed other several people.

The nature of Regina's crime was so bad that she was sentenced to death and executed in a month's time.

Ever since the birthday party, Joanna's health has been in decline, and later she had a stroke and fell ill.

Freya knew that Kieran was indifferent on the surface but actually valued family love the most, and she hoped that Joanna would get better.

She personally went to treat Joanna, and under her treatment, Joanna got improved.

But she was old, and with her recent emotional ups and downs, even if Freya was good in medicine, she would not be able to give Joanna a long life.

Life had become quiet, Freya went back to work at the hospital, repeating almost the same thing every day, but with a wonderful mood.

The only regret was that Kiki had passed away. Several months have passed since Kiki's death, and Freya's belly has bulged, but every time she thought of Kiki, her heart ached.

After Kiki left, Quinn lived a period of walking dead, during that time, every time Freya saw him, she would feel extra special sadness.

She felt that his body was still there, but his soul had decayed.

A few days ago, Freya ran into Quinn once, and she thought that he would still be as numb as the previous times she had seen him, but to her surprise, beside Quinn, stood a woman who bore some resemblance to Kiki.

And Quinn, facing that woman, showed a rare smile.

Looking at that woman clutching his hand tightly and nestling beside him, Freya could not tell how she felt at that moment.

If Quinn had been living like a corpse, she hoped that he would be able to get over the pain of losing Kiki as soon as possible.

But in just a hundred days, there was already someone new by his side, and Freya felt some indescribable sadness.

She was sad for Kiki, who had loved him with all her heart and soul.

It turned out that the so-called “vows” and “undying love” could not withstand these hundred days after that person had gone.

Freya did not want Quinn to stay single for Kiki for the rest of his life, but it had only been a hundred days since Kiki had gone, and he was already with someone else. It was too fast for her to accept the fact.

She thought, if it was a year or two, or even half a year later, Quinn had a new lover beside him, she could face it openly, and she would even give him her blessing, but she could not understand it only after such a short period of time.

She missed Kiki, so much so that, time and time again, she mistakenly thought Kiki was still alive in her midnight dreams.

She once told Kieran about her dislike for Quinn, but Kieran said that Quinn might be using that woman to miss Kiki.

But Freya still found it hard to accept.

Because of that woman could never become Kiki.

When Quinn got together with that woman, in fact, to a certain extent, he more or less betrayed the undying love between him and Kiki.

She was annoyed to see Quinn and that woman together during the day, she wanted to watch the news to divert her attention, but her phone was full of news about Quinn and his new lover, which made Freya’s brain hurt.

She was about to throw her phone aside in anger, but she suddenly spotted a news item about Kieran.

Chapter 1025

Mr. Fitzgerald was charmed by the beauty of a young girl, and raped her, but she refused to comply, so Mr. Fitzgerald was infuriated and killed the person, and then offended her corpse!

Quickly swiping through the comments below the news, Freya’s fingertips couldn’t control the trembling.

She believed in Kieran’s character more than she believed in herself, she definitely did not believe that he would do such a nasty thing!

After reading the news, she did not feel any wretchedness of betrayal in her heart, only unspeakable anxiety and worry.

It was obvious that someone was deliberately setting a trap for Kieran, deliberately harming him.

Now, he was already the chairman and president of Fitzgerald's, his reputation represented the reputation of the whole Fitzgerald's. Now, such a shocking scandal was exposed on him, it was a fatal blow to him and to Fitzgerald's.

Moreover, when human lives were involved, he would have to accept the sanction of the law.

At first, this news, which was only exposed by a small media outlet, was soon all over the internet.

Many other media outlets exposed photos.

In the photos, the bloodied young girl was lying on the ground breathlessly, while Kieran was pressing on top of her. Although no specific details were captured, but seeing the young girl with little cover on her body, what they were doing could be guessed.

In one of the photos, probably because Kieran had noticed that someone was filming him, he turned his face. Even though his eyelids were half-lidded, as if his eyes were closed, when they saw this photo, everyone could still recognise him at once.

Soon, the incident, again, took on a new dimension.

Later, the young lady's body had been found. Her body had been soaking in the river for several days. Before she fell into the river, her face had been injured by a sharp object and her original appearance could not be seen, but the injuries on her shoulders and abdomen basically matched the injuries on the photo, and the police had initially identified the body as the poor girl who had been abused and killed by Kieran.

The incident was already particularly bad and had caused a violent social reaction, and now that the police had stepped in, people were even more overwhelmingly bashing Kieran, demanding that the police should defy the powerful and punish the devil.

On the internet, the netizen's tirade against Kieran was even more unpleasant.

"It's disgusting! His wife is pregnant and he's cheating on her! He even raped the girl and killed her! What a nasty person!"

"I used to admire Mr. Fitzgerald, I thought he was the most handsome man in the world! I can't believe the man I admire most would do such a thing! But there's no way someone forced him to take this picture! How could I have fallen for a demon? I really want to poke myself in both eyes!"

"This rich man's taste is so damn heavy! Even if he's rich, he can't treat people's lives like crap! There's no law in his eyes! There's no justice!"

"It's horrible! He is the head of a major conglomerate! I can't imagine how many unseen things he's done with the power he has! He doesn't deserve to be the head of Fitzgerald's at all!"

"I've heard before that Mr. Fitzgerald has some kind of special hobby, but I never thought it would be true! Such a person deserves to die!"

"Go to hell! Go to hell! ..."

Of course, there were some people who spoke up for Kieran, but those sensible, fair words were drowned out by the curses in the blink of an eye, as if he had really done something unforgivable, deserving of death!

For those who were not familiar with Kieran, when they saw the photo, they would naturally identify the man in the photo as him, but Freya was familiar with his body, and she could tell right away that the man in the photo was not Kieran, but Simon.

Kieran had once blocked acid for her, and on his back, there was a clear scar, but the back of the man in the photo was smooth, without any traces of injury.

Moreover, there was a small red mole on the man's neck in the photo, but there was no such red mole on Kieran's neck.

Freya remembered that during the time when Simon had become a vegetable, he had been taken away by Mike. And the photo should be taken by then.

The photo of Simon turning his head was not difficult to take, the light was hazy, it looked like he had closed his eyes when the photo was taken.

But Freya did not expect that these photos, which had been taken for so long and Mike had already been in jail, would suddenly be exposed.

Who would want to harm Kieran like that?

Moreover, the news said that the autopsy results showed that the woman in the photos had died about three or four days ago.

In other words, someone deliberately created a false image to make everyone think that it was Kieran who did such a nasty thing three or four days ago. So even if Freya said that in the photo was Simon, no one would believe her.

How could Simon, who had been dead for more than half a year, suddenly jump out of his grave and do such an evil deed to a young girl three or four days ago?

Freya was worried about Kieran, worried that he would be upset when he saw the news.

He was indeed a tough man, seemingly indestructible, but even a tough man, misunderstood by the world, would touch the deepest vulnerability of his heart.

Freya wanted to give him hug.

Quitting the news, she dialled his mobile number, but in quick succession, no one answered.

Freya's heart was pounding and she hurriedly dialled Bradley's mobile number.

Luckily, Bradley soon answered the phone.

"Bradley, where is Kieran now? Has he seen the news on the internet? How is he doing now?"

"Madam, Boss is fine, you don't have to worry about him." Bradley's voice was as respectful and calm as ever, as if, on Kieran's side, everything was fine.

“Why didn’t he answer my call if he was fine? Bradley, you don’t have to deliberately hide it from me. Where is he now? I want to see him!”

“Boss is in a meeting! Madam, I’m really not lying to you, Boss has been very busy lately, with one meeting after another ...”

“Bradley, you’re lying! Even if Kieran was in a meeting in the past, he would answer my calls!”

Freya was to ask Bradley about Kieran’s whereabouts, but Fabian’s voice rang out on the other end of the phone.

“Crap! Kieran was really taken away by the police? What the hell is all that news on the internet? How could Kieran do something like that! Those reporters are all brain-damaged, aren’t they!”

“Fabian, shut up!” Bradley gestured to Fabian, but Fabian didn’t notice at all as he continued to yell at the top of his lungs, “Kill a young girl and rape her, this is someone trying to screw Kieran to death!”

Chapter 1026

“If it was just a matter of being caught in the police station, this wouldn’t be that troublesome, but the problem is that now everyone in the world knows that Kieran raped that girl and kill ...”

Fabian sat on his butt on the office sofa, “Many netizens already have hatred for the rich, and now that Kieran has been exposed to this kind of thing, they can’t wait for him to go to jail! No, they want him to be sentenced to death!”

“Too many people are concerned about this incident, the police will only deal with Kieran harshly. If we cannot prove Kieran’s innocence, even if his father steps in, Kieran would be screwed!”

“Fabian ... shhh ...” Bradley had been actively squeezing his eyes at Fabian, and even in the end he was so anxious that he covered his mouth, but he still couldn’t stop Fabian from gushing.

Originally, Freya’s heart was already uneasy enough, and after hearing Fabian’s words, she became even more worried.

Yes, the impact was profound, the world is waiting for the devil to be punished by the law, and the situation was extremely unfavorable to Kieran.

Freya gradually calmed down, no matter how difficult the road ahead was, she would not let her beloved man misunderstood by the world.

“Bradley, which police station is Keiran in?”

After hearing Freya’s words, Fabian realized why Bradley had just been stopping him from talking, he hastily covered his mouth, but his speech had been overheard by Freya, and it was too late to take them back.

“Freya?” Fabian was afraid that Freya’s anxiety would affect the child in her stomach, so he hurriedly said, “Freya, don’t take what I said just now seriously! I was just joking with Bradley!”

“How could a mere trifle be difficult for Kieran! Freya, you should have faith in him!”

“Fabian, which police station was Kieran taken to?!”

Fabian didn't want to tell Freya, but he knew in his heart that there were some things that he couldn't hide now, so he could only tell the truth, “Freya, Kieran was taken to the city police station, but you don't have to worry, he ...”

Not waiting for Fabian to finish, Freya had already hung up the phone.

Her eyes were unprecedentedly firm, she murmured softly, “Kieran, I will pick you up and go home.”

With that, she took the car keys and rushed towards the outside of the villa with quick steps.

On the way, Freya's thoughts were racing as she carefully ran through the causes and consequences of the incident and found that it was really difficult to convince everyone that Kieran was innocent.

The red mole wasn't photographed very clearly, even if it wasn't on Kieran's body, it doesn't really mean much, those people on the internet could say that it wasn't a red mole, but something that was stained.

As for the wound on the back ...

How could Mr. Fitzgerald take off his clothes in public and show his back to everyone?!

When Freya went outside the police station, she just happened to see Kieran who was walking out from inside.

She stopped the car and darted to him, “Kieran, how are you?”

She clutched his hand and examined him carefully, fearing that he would be hurt by some inexplicable person.

Kieran held her hand, proud and reserved.

His dark eyes were calm and his face had no a trace of defeat or anxiety, as if he had not just been arrested and taken to the police station, but had just gone to have a few drinks with his friends.

As if the sky had collapsed, it could not overwhelm his upright backbone.

“Freya, I'm fine.” Seemingly afraid that Freya would still be worried, he added, “I will be fine in the future.”

Kieran did look like he would be alright, but the worry in Freya's heart linger.

“Mr. Fitzgerald, how could the police agree to let you leave?”

“I have an alibi for the days before and after that woman's death.”

Seeing that the hand in his palm kept trembling, Kieran's eyes finally wavered.

“Freya, I didn't touch that woman.” After a pause, he continued, “The person in the photo is not me. I won't do anything to wrong you.”

Freya did not want Kieran to misunderstand her heart for him, she took the initiative to jump into his arms, “Kieran, I believe you! I know that the person in the photo is not you, but now everyone thinks that you did something wrong, I don't want the whole world to misunderstand you!”

“Freya, that doesn’t matter, as long as you believe me, I don’t care what other people say.”

“Kieran ...” Freya hugged Kieran harder, but she cared!

This was the man she loved, she would not allow those dirty stains to be poured on him! She wanted to prove to the world that the man she loved was clean!

On the way back, Kieran drove the car instead, while Freya sat in the back seat and continued to brush up on the news.

The police had already announced on the official website that they had let Kieran go, and pointed out that he had an alibi and was acquitted.

The police released this official blog to prove Kieran’s innocence, but after this news was released, the netizens’ emotions instigated.

It was said that Kieran had bribed the police with money, that the government had colluded with business, and that the light of the world had finally lost out to the power and money deal.

The netizen were frantically guiding the Internet trend, saying that the only way to return the world to light was to deal with the devil.

The stock of Fitzgerald’s was falling, Freya did not know much about stocks, but looking at the falling figures, she still felt scared.

As she was just about to talk to Kieran about the stock, she heard him talking to Bradley on the phone.

“Boss, I found out that someone is secretly buying up our Fitzgerald’s loose shares!”

Kieran’s face was not the least bit flustered, his eyes were firm, “Grab those loose shares before them!”

After saying these words, Kieran hung up the phone in an unperturbed manner.

The company’s shares have fallen, Freya was very anxious and angry, but seeing Kieran’s calmness, she suddenly stopped worrying.

Kieran had taken over Fitzgerald’s for so many years, and he had encountered all sorts of ups and downs.

She should trust her man!

It had been drizzling in the past two days, and the roads were wet. When her car passed a dirt road, it stepped over a large area of mud.

The wheels of the car drove through a small bay of water, the murky water was raised, and by the bright headlights, Freya clearly saw a woman lying in a patch of mud in front of her.

When she saw the woman’s face clearly, Freya couldn’t help but cry out in shock.

Chapter 1027

That woman looked like the woman in the photo!

The same woman that the police and the public had already decided had been persecuted to a horrible death by Kieran three or four days ago!

“Kieran, stop the car!”

After Kieran stopped the car, Freya quickly pushed open the door and rushed to the woman.

She pulled out her mobile phone and flipped out the few photos she had downloaded and compared them carefully, and indeed, she was the woman in the photos!

The woman in the photos was still alive, which meant that the disfigured corpse had been deliberately created by someone with the intention of framing Kieran!

However, she couldn't understand why those people didn't just kill the woman in the photo, but used someone else to replace her.

Freya's brain was spinning fast, and she quickly figured out that those people should have wanted to kill the woman in the photo, but for some reason, for example, the woman in the photo had escaped and they could not control her anymore, so they had to settle for the next best thing, killing another woman and scratching her face to pretend to be the woman in the photo.

Freya's heart trembled and chilled, those people, in order to frame Kieran, would not hesitate to sacrifice innocent lives, they were really ruthless!

However, even God was helping Kieran, they had come across this woman. As long as she woke up and proved his innocence, those people would not be able to frame him again!

There were no fatal injuries on that woman's body, she would have fainted only because she had been hungry for too long, plus she was too tired from desperately running away, that she had lost her strength and lost consciousness.

Freya took her back to Kelsington Bay, intending to simply treat the wounds on her body, and when she woke up, Freya hold a press conference to let the whole world know how innocent Kieran was.

The woman woke up faster than Freya expected, and after she had the maids feed her some water, she woke up.

When she saw Freya and Kieran, her face took on a distinctly frightened look.

She struggled and shrank back into the corner, she moved her lips but didn't make any sound.

Freya frowned, she hadn't even noticed just now that this woman was mute!

Noticing how wary and defensive she was of them, Freya said softly, “Don't be afraid, we won't hurt you, I'm a doctor, I treated the wound on your body.”

Hearing Freya's words, the defensiveness on her face obviously lessened a lot, and even, she gestured for Freya to give her a pen and paper.

After the servant brought the paper and pencil over, she wrote her name, Hanna, on the paper.

“Hanna, stretch your hand over, can I take your pulse? I want to take a closer look at what’s going on with your throat.”

After communicating with Freya, the two of them had become quite close, and Hanna trusted her, and with a light smile at Freya, she stretched her hand over.

Facing Hanna’s innocent smile, Freya couldn’t help but be stunned.

Hanna looked really extraordinarily pretty.

She looked even more exquisite than a doll, her tender face had no a single flaw, especially her watery eyes, which always carried a timid softness that made people pity her.

If the woman in the photo was someone else, there might be many people who would not believe it. After all, too many women want to jump on Kieran, but he has always been cold to them.

But Hanna was different.

Hanna was so beautiful.

As a woman, when faced with such a beautiful woman, Freya couldn’t even hold back, let alone a man!

That was why when they saw that photo, they could not help but believe that Kieran was obsessed with Hanna’s beauty and had done something nasty to get her.

“Freya, what’s wrong with you?” Seeing Freya staring at her, Hanna couldn’t help but write down her doubts on the paper.

Freya returned to her senses, “Nothing, I just think that you are really good looking.”

Being praised by Freya, Hanna could not help but blush, lowered her head in embarrassment.

Freya swallowed.

How could someone look so pretty!

She was so good-looking that Freya wanted to dump Kieran and stay with this woman.

Afraid that if she continued to stare at Hanna, it would really affect the harmony of her marriage with Kieran, she hurriedly put her finger on her wrist and concentrated on taking her pulse.

She observed her tongue and throat and determined that her voice had turned mute and that she had been given poison.

That kind of poison was not difficult for Freya to undo. She would be able to prepare the medicine tonight and within three days, Hanna would have her voice back.

Freya had thought about just pushing Hanna out now and telling the public that she was still alive and that Kieran had not done anything evil.

But almost immediately, she dismissed the idea.

If Hanna could not recover her health completely, even if it was proven that she was still alive and she wrote on paper to clarify for Kieran, people would only think that Kieran had done something evil, but just that he had not gotten someone killed.

And her clarification would be to be forced by Kieran, and people would even think that Kieran was responsible for her becoming mute, in order to cover up some of his scandalous deeds.

Therefore, the best way to prove Kieran's innocence was to wait for Hanna's voice to heal and for her to appear in front of the public in her healthiest and most perfect form, telling everyone that Kieran was innocent and that it was Mike who forced her and Simon to take the photos at that time.

Freya uttered, putting down Hanna's hand, "Hanna, I know that you and Simon were forced to take those photos. You have seen Kieran just now and noticed that he was much alike Simon. Now everyone thought that Kieran had bullied you. If I cure your throat, can you clear his name?"

Hanna shook her head vigorously, and then nodded vigorously.

Afraid that Freya might misunderstand her attitude, she hurriedly wrote down on a piece of paper, "Freya, Mr. Fitzgerald is innocent, he didn't bully me. It was Mike, he beat me up and took pictures of me and Simon. Don't worry, I will definitely prove Mr. Fitzgerald's innocence!"

Having received Hanna's promise, Freya put her mind in peace.

But she still had some worries in her heart. Mike had already been in jail long time ago, now who was the person who released these photos and led the public opinion to attack Kieran?

That person was willing to sacrifice innocent lives in order to frame Kieran, he seemed even more terrifying than Mike.

Especially when she thought of the bloody courier, Freya's heart could not control the panic.

She always felt that there was a pair of evil hands that were getting closer and closer, trying to completely strangle her and Kieran.

Chapter 1028

The medicine that Freya had prepared was really effective, and by the second day Hanna took the medicine, she was already able to stumble over her words.

In a day's time, Hanna's voice would be completely healed and she would be cleared of Kieran's wrongdoing, so Freya's mood was overwhelmingly good.

The curvature of Freya's lips did not subside until she returned to Kelsington Bay from work.

As soon as she entered the living room, Ella, the housekeeper of Kelsington Bay, pulled her aside and lowered her voice, "Madam, I think there's something wrong with that Hanna."

"Ella, I think Hannais fine, she's just too timid."

"She's not timid! If she was really timid, she wouldn't dare to hang around in front of Mr. Fitzgerald all day! I've been at Kelsington Bay for so long, I'm a bit scared when I see Mr. Fitzgerald's cold face, but she dares to do that. She is not timid at all." Ella lowered her voice.

“Kieran is back?” Freya glanced upstairs and intended to go back to her room.

“Madam, I haven’t finished talking!” Seeing that Freya had not taken what she said to heart at all, Ella could not help but feel anxious, “Madam, I really think that Hanna has some ill intentions!”

“Just now when Mr. Fitzgerald came back, she wore the new clothes you had someone send her, and asked him if she looked good. I think this Hanna wants to seduce Mr. Fitzgerald! Madam, I know you and Mr. Fitzgerald have a good relationship, but there are some people that you can’t leave unguarded!”

Ella was someone Freya trusted, and Freya would not doubt what she said, but she really could not imagine how Hanna, who was timid and shy, would seduce Kieran.

Moreover, in front of her, Hanna acted as if she was very afraid of Kieran, could Hanna really seduce him?

Ella suddenly thought of something, she slapped her thighs hard, “Ah! Just now, Mr. Fitzgerald went to the study, and it seems that Hanna also went to the third floor! Madam, you should go over and take a look!”

Looking at Freya’s already bulging belly, Ella was afraid that if she saw something she shouldn’t see, she would be angry, so she quickly grabbed her hand, “Forget it, Madam, I’d better go and take a look! I believe that Mr. Fitzgerald will not be confused by the demon outside, you should also trust Mr. Fitzgerald!”

“If Hanna really wants to plot against Mr. Fitzgerald, I’ll throw her out now!”

Freya was made to laugh bitterly by Ella’s words, “Ella, of course I trust Kieran. I don’t think Hanna would do something like that, so don’t worry, I’ll go up and find Kieran.”

When she saw that Freya still believed in Hanna, Ella was so anxious that she stomped her feet. She called out to Freya’s back, “Madam, you can’t be careless and let the demon outside take advantage of it!”

Freya laughed lightly, “Ella, don’t worry, Kieran won’t give her a chance!”

She believed him.

Even though she said so, Freya was still a bit uncomfortable in her heart, her husband was being missed by someone, even a generous woman could feel easy.

More importantly, she pitied and liked Hanna, and she did not want to be disappointed in Hanna.

Hopefully, it was just Ella who was overly concerned.

Kieran had left a document at Kelsington Bay last night, so this afternoon, he came back early to deal with it.

After finishing the document, it was time for Freya to return and he had to accompany his dear wife to dinner.

When Freya was pregnant, Kieran didn’t want her to drive herself to and from work, but she insisted, and in the end he could only compromise.

She was now more than seven months pregnant and her belly was getting bigger and bigger, and he thought that in future, even if she continued to insist, he would have to drive her to and from work.

Just as he was about to get up, a knock on the door suddenly sounded.

Kieran thought it was Freya, and his voice was involuntarily tinted with a bit of tenderness, "Come in."

The door to the study was pushed open and the person who walked in was not Freya, but Hanna.

Seeing that it was not his beloved, Kieran's eyebrows could not help but frown slightly, "What is wrong?"

"Mr. Fitzgerald, tea." Hanna said timidly.

Kieran thought that the tea was sent up by Ella, and he didn't think much of it, he put the documents back on the desk and started to call Freya.

Before the phone could be dialed out, Hanna shook her hand and the slightly hot tea spilled onto him.

"Mr. Fitzgerald, I'm sorry ... I ... I didn't ... didn't mean to."

Hanna stretched out her hand and was about to wipe the tea on Kieran's body in a panic.

When Kieran saw Hanna put her hand out, his eyes couldn't help but sink.

He clutched her wrist to prevent her from touching him.

Kieran was so strong that Hanna was already unsteady, so when he tugged her, she couldn't help but lean forward and fell directly on top of him.

The tea spilled over her chest and the neckline of the skirt she wore today was low, plus she grabbed it when she wiped the water just now, and now her chest could be seen.

"Mr. Fitzgerald, I'm wrong, I really ... don't ... really don't mean it." Hanna stammered and explained with some difficulty.

She tried to get up from Kieran's body, struggled, but her body was pressed closer towards him.

She lifted up her watery eyes, frightened and helpless.

With tears in eyes, she hugged Kieran's arm, "Mr. Fitzgerald ..."

Her voice was filled with fear and ingratiating, a man could not resist it.

Kieran did not say a word, but his eyes went dark.

Seeing that Kieran's clothes were still wet, Hanna clenched her fists, bit her lips, saying, "Mr. Fitzgerald, I am sorry, I, I will wipe it for you."

Hanna wrestled out her hand from Kieran's grip, wanted to help him.

The water was splashed to his lower body, he was a man and his wife has been pregnant, she thought as long so she rubbed it, he would not be able to hold back!

She was so pleased with herself, but the look of fear on Hanna's face did not diminish, as if Kieran was forcing her to wipe him.

Her eyelids were half-lidded and she looked timid.

She raised her hand, arcing through the air as if a butterfly was dancing, Hanna felt that she was the creator's masterpiece, a natural demon, how could a man resist!

Chapter 1029

Just as Hanna's hand was about to fall, she only felt a sudden pain in her wrist, and when she looked back again, she found that her body had been heavily thrown to the ground, and the bones in her body were scattered with the pain.

When Freya walked to the door of the study, he saw this scene, Hanna's body throwing a perfect parabola in the air, and then landing heavily on the ground.

Hearing the thud as she landed, Freya felt pain for her.

Hanna did not notice Freya's arrival at all, she was in so much pain that tears were pooling in her eyes, she raised her face and looked at Kieran incredulously, "Mr. Fitzgerald ..."

Seeing Kieran get up and walk towards her step by step, Hanna cried more fiercely, her two shoulders kept shaking, as if it was an extremely deep sin for others to reject her.

"Mr. Fitzgerald, you just ... you just ... why did you do this to me?!"

"Hanna, what did I just do?"

Without waiting for Hanna to answer, Kieran then spoke without any half-hearted emotion, "I just didn't immediately push you away, right?"

"Yes!" Hanna raised her chin, the sorrow that coalesced on her face made others' hearts break, "Mr. Fitzgerald, you have ... feelings for me, don't you?"

"Hanna, I just didn't immediately push you away ..." Kieran's voice took on an obvious sarcasm, "just because, I wandered off!"

The moment Hanna fell on top of him, he couldn't help but remember that when Freya was most afraid of him, she had also accidentally fallen on top of him.

At that time, it was obviously a simple contact, but he couldn't help himself, while even if other women deliberately got close to him, and even, deliberately poured water on themselves to reveal something, it still made his heart unable to make a ripple.

Hanna's eyes widened because of the shock, and she shook her head vigorously, "No! Impossible!"

Even a cold-hearted man like Caelan had said that no one in this world could resist her stunning beauty, she didn't believe that Kieran really didn't have any feelings for her!

“Mr. Fitzgerald, you are afraid that you will hurt Freya, right?” Only after these words were said did Hanna realise that the poison she had put on herself had completely healed and her speech was not even half stuttering.

Without waiting for Kieran to speak, Hanna rose from the ground and said with unparalleled certainty, “Mr. Fitzgerald, I don’t believe that you don’t have any feelings for me!”

“I am younger than Freya and more beautiful than her, I don’t believe that after seeing me, you are still willing to want her!”

Changing from the cowardly way she was before, Hanna straightened her back and spoke confidently, “Mr. Fitzgerald, if you stay with me, you will find that I am better than Freya and more suitable for you!”

Kieran sneered at Hanna, in this world, there were really people who considered it their life’s pleasure to humiliate themselves.

He really didn’t know where she got the confidence to think that she was better looking than Freya.

He admitted that at eighteen, Hanna was indeed a few years younger than Freya, but when she stood next to Freya, he could not really tell that she was younger than Freya.

To be fair, Hanna was good looking, but Freya was not inferior to her, not to mention, in the eyes of a lover, Hanna could not compare with Freya.

“Kieran, someone said she’s better for you than me, why don’t you try?” Freya walked in the door and said to Kieran with a coquettish smile.

Kieran had not noticed Freya standing outside the door, and glancing at the unkempt Hanna in front of him, he was afraid that Freya might misunderstand him and hurriedly explained, “Freya, there is nothing between me and her.”

Not wanting to continue to tease Kieran, Freya stepped forward and clutched his hand, “I know.”

Seeing Hanna standing in the study room, Freya could not help but raise the corner of her mouth, “Kieran, the way you threw someone just now is so impressive!”

Hanna’s face was pale after she heard Freya’s words.

To be fair, Hanna’s face was really flawless.

She stood there alone, pitiful.

But when she stood next to Freya, she was instantly dwarfed.

Compared to Freya, she looked petty. Moreover, that kind of faked softness and pity, which was stunning at first glance, was uncomfortable after looking at her for a long time.

“Freya, don’t misunderstand, between me and Mr. Fitzgerald, there’s really nothing.” Hanna lifted her pale face, a look of frightened helplessness.

“Hanna, I believe that my husband will not have any wrong thoughts about you, however, your mind is clear to me now.”

Freya paused and then said, "Your voice has now healed, I will hold a press conference tonight, you go and prove Kieran's innocence, as for my man ... you will not even think about it in your next life!"

"Freya, I really didn't think about Mr. Fitzgerald, you've wronged me!" Hanna continued to pretend to be soft, "Freya, I came to Mr. Fitzgerald's study to bring him tea."

"Hanna, it's better that I have wronged you." Freya did not want to continue to talk nonsense with her, "I'll have someone arrange a press conference, later on I hope you will keep your promise and tell the truth!"

"Freya, I won't tell the truth." Hanna had completely lost Freya's trust, so she no longer continued to pretend to be pure.

"Oh? Then what are you going to say?" Freya hooked her lips and spoke calmly.

"Mr. Fitzgerald is indeed innocent, and the man in the photo is not him! But as long as everyone thinks that he forced me, in this life, he will never be able to clear the stigma on him!"

Hanna clenched her teeth, "Freya, as long as I say in front of the reporters that Mr. Fitzgerald had knocked me out and raped me, and then killed me afterwards to silence me, and that I had to go through a lot of trouble to get my life back, everyone in the world will think that Mr. Fitzgerald is a psychologically twisted demon!"

"Freya, you love Mr. Fitzgerald so much, do you really want to let him become an unforgivable evil in everyone's eyes?"

"Hanna, what do you want?" Freya's face sank, "Hanna, you promised that you would prove Kieran's innocence, now you've gone back on your word, what is going on?"

"Freya, I actually don't want to make things too difficult for you. As long as you promise me one condition, I will prove Mr. Fitzgerald's innocence!" Hanna opened her mouth, "Otherwise, I will say that Mr. Fitzgerald raped me and attempted murder!"

Chapter 1030

"Hanna, what conditions do you want me to promise you?"

Seeing that Freya had compromised, Hanna's voice softened, and her face took on a hint of churlish sincerity.

"Freya, I don't mean to make things difficult for you, I just like Mr. Fitzgerald too much. Freya, in fact, my condition is not difficult, as long as you say yes, we can have the result we want."

"Hanna, tell me what the conditions are! I don't have time to talk nonsense with you here!"

"Freya, my condition is let me stay here, and in the future, I will serve Mr. Fitzgerald with you."

Before Freya could say a word, Hanna said in a sincere voice, "I won't force you to divorce Mr. Fitzgerald, nor will I want to take over your position as, I just want to stay by Mr. Fitzgerald's side and serve him with you."

“Now that you are pregnant and unwell, you can’t serve Mr. Fitzgerald, I can just help you take care of him. Freya, let me stay and look after you and Mr. Fitzgerald, okay?”

“Hanna, are you trying to serve one husband with me?!” Freya couldn’t stand it anymore, “You want to be a mistress of a man? Hanna, you’re not right in your head!”

“Freya, I just want to stay by Mr. Fitzgerald’s side, please give me a chance!” Hanna pleaded to Freya in a sad and earnest manner.

“Hanna, want me to share my husband? You’re dreaming! So, you can only think about it! Hanna, don’t even think about coveting my husband in the future! I’ll beat you up once you let me know!”

Seeing that the soft approach was not effective, Hanna came up with the hard approach.

“Freya, do you mean you won’t agree to my request?”

“No.” Without the slightest hesitation, Freya said.

“Then you’re not afraid that I’ll ruin Mr. Fitzgerald?! Freya, you would rather ruin Mr. Fitzgerald than give me a chance. You keep saying that you love Mr. Fitzgerald, but in fact, your so-called love is so selfish!”

“That’s funny! Do you mean I’m not selfish if I give up my man to you? I disregarded his mood and helped him find a woman, that’s truly selfish!”

“Freya, how do you know that Mr. Fitzgerald is not willing to be with me?!” Hanna glanced at Kieran, and then said indifferently, “I don’t believe that Mr. Fitzgerald is willing to be treated as an unforgivable evil by the whole world! Freya, you are trying to ruin Mr. Fitzgerald!”

Knowing that Freya’s side was not going to work, Hanna changed her strategy and spoke to Kieran with sincerity, “Mr. Fitzgerald, don’t hate me, okay? I know that I’ve gone too far today, but I’m only doing this because I want to be with you!”

“Did you see that? This woman doesn’t love you at all, she doesn’t care that you’re being cursed! Mr. Fitzgerald, let me stay by your side, okay? As long as you give me a chance, I will not only prove your innocence, I will also take good care of you.”

“Hanna ...”

Hearing Kieran’s voice, Hanna instantly rose with boundless hope in her heart, “Mr. Fitzgerald, you agreed with me to stay by your side, right?”

“Hanna, the study room is monitored and can record the sound.”

Kieran said this in a breezy manner, but it completely knocked Hanna’s heart down to the infernal depths of hell, because she was too shocked, she froze in place like a stone block for several seconds before slowly coming back to her senses.

She looked around the study in bewilderment, and indeed, in the corner of the study, she saw an extremely hidden pinhole camera.

Just now, after she entered the study, all her attention was focused on Kieran's body, so she did not notice these details.

"Hanna, thank you for helping Mr. Fitzgerald prove his innocence." Freya glanced at the pinhole camera in the corner and said with a light smile.

Originally, Hanna was already embarrassed, and after hearing Freya's words, her face was even whiter than paper.

She hastily turned around, wanting to change something, but for a moment, she really didn't know how to turn things around.

Kieran lazily took out his mobile phone and called Bradley, then coolly said to Hanna, "Caelan sent you here, right?"

Hanna stumbled, she did not expect that he would guess the purpose of her visit.

She was so proud of her beauty, no man in this world could resist her, but she had failed on this man, who was even more terrifying than she had imagined!

"I don't know what you're talking about! What Caelan? I don't even know him!"

"He asked you to divide my relationship with Freya, right?" Kieran pondered for a moment, and then asked, "Apart from that, what else did he ask you to come over for? Say it!"

The aura on Kieran's body was so appalling that Hanna's legs went weak and she fell straight to the ground.

She didn't want to be in such a mess in front of him, so she hurriedly grabbed the door frame and stood up, "Mr. Fitzgerald, I really don't know Caelan! Have you forgotten that I was brought back by you and Freya? I truly like you and want to stay by your side, how can you think so badly of me!"

"Besides, even if I wanted to stay by your side, I've never strayed from your relationship with Freya! I didn't even ask for a name, I didn't ask for anything in return, I just wanted to stay with you!"

"Well, since you won't say anything, then you can just wait until you've served your time in jail!"

Hearing Kieran's voice, Hanna opened her eyes wide, "Mr. Fitzgerald, what do you mean? I haven't broken any laws, why do you want me to go to jail? I only liked you, how can you be so cruel to me!"

"Hanna, don't tell me that you don't know how that woman died!"

Hanna knew which woman Kieran was referring to, and when she thought of that woman's tragic death, her body trembled.

She was responsible for half of that woman's death, and she was the one who had scratched the scars on her face, and if that incident was found out, she would indeed never be able to turn her life around.

But she had done it so stealthily, so she didn't believe Kieran would have any evidence on his hands!

Just as she was getting lucky, Kieran's voice rang out in the air again, "Hanna, the skin scraps under that woman's fingernails have been taken by the police. Who do you think the skin scraps she scratched

belong to? Now that technology is so advanced, it's not difficult to conduct a DNA comparison and find the murderer."

Hanna shivered, and even when she held onto the door frame, her body still couldn't control the limpness.

Before she could come back to her sense, two black-clad bodyguards had already appeared in front of her.

Kieran commanded without expression, "Send her to the police station!"

Hanna struggled desperately, but she was useless except for her beauty, so she couldn't really break free.

Knowing that there was no way out, her eyes instantly froze with boundless hatred, "Mr. Fitzgerald, you'll regret what you've done to me! You like Freya, don't you? What a pity, your destiny with Freya will soon come to an end!"
