

Talented 1041

Chapter 1041

Hearing this from Caelan, Freya was stunned. She had never expected that Caelan was going to do that kind of thing to her!

But then, there was nothing he couldn't do!

Seeing Freya's frightened look, Caelan laughed even more arrogantly, "Kieran is the most picky man in the world, his woman must be one in a million, Freya, don't let me down!"

Freya's heart was beating wildly, but after a brief moment of panic, she suddenly wasn't afraid anymore.

She reached out her hand and touched her face.

"Caelan, can you do it seeing my face? If you can, then you have really heavy tastes!"

"Freya, who are you saying has a heavy taste?"

He might be happy when he was scolded, but sometimes an insignificant remark could make him furious for no reason.

He strangled Freya's neck roughly, with such a fierce force that he seemed to want to break her slender neck.

Freya didn't bother to defend herself, she was referring to him, could it be that there was someone else in this room called Caelan?

She really didn't like such a psychologically twisted devil like Caelan from the bottom of her heart!

Her chin was raised proudly, and her face, covered with unsightly lines, carried the stubbornness, but there was a bit of the nobility.

This was the first time Caelan had ever seen such a woman, she had been robbed of her child, her face and voice had been ruined, but she didn't cry or make a fuss, and she was able to calmly scold him for being a psychopath.

Suddenly, he had some understanding of Kieran's taste.

Fiercely throwing Freya's neck away, Caelan smiled wildly, hideous as a demon.

"Freya, you're right, I really can't do that to see your face! Well, I don't have such a heavy taste!"

"Freya, you're ugly! You make me sick."

He sighed lowly, "Well, that's unappetizing!"

Women were most concerned with their beauty, and Caelan thought that she would be furious when he used such harsh words about her.

Surprisingly, she was as calm as ever, and even, sneered and hooked her lips.

“Caelan, I’ve become uglier thanks to you! Well, to make me so ugly to disgust you, you really have a bad taste! You are really a psychopath!”

“Freya!”

Caelan then laughed out loud. Suddenly, Caelan stopped laughing and looked at Freya with a gloomy look, “Freya, do you know where the last person who contradicted me has gone?”

“He was chopped up by me and fed to the dogs!”

To be honest, listening to Caelan’s sorrowful voice sent chills down Freya’s back, but through the short time she had spent with him, she had gotten to know him better.

The more she was afraid of him, the more he took pleasure in torturing her and scaring her. On the contrary, if she was not afraid of him anymore, he might not necessarily be so ruthless.

The sarcasm in Freya’s eyes had not yet faded, and she laughed silently and disdainfully, “Caelan, then you can chop me up and feed me to the dogs! Let’s see if your dogs, faced with a woman who is uglier than a ghost like me, will turn their stomach! I wish I could use this disgusting face of mine to poison your dogs to death!”

“Freya!”

Caelan was furious, for the first time in all his years of living, he was so angry at a woman that he couldn’t speak.

Caelan stared coldly at Freya, and in the end, he laughed in anger.

“Interesting! Interesting!”

After saying this, he frivolously pinched Freya’s face, “This ghostly face is even more interesting!”

After saying this, he walked outside the room.

As she watched the door to the room being heavily shut, Freya suddenly had a feeling that she couldn’t breathe.

She felt as if she was now locked inside a huge iron cage, she could not run away.

She had to reverse such a miserable situation!

Freya walked to the door, tugged hard on the door, and sure enough, it wouldn’t open.

She walked to the window, the window could be opened, but this was the fourth floor, and below the window was a large glass floor.

Caelan was ruthless! He had completely blocked her way of escape!

But as long as one lives, there is still hope. She had to think long to get rid of the devil’s grip!

In the dungeon of F Country, a pot of cold water was poured on Kiki, who had just fallen into a coma, and she woke up with a jolt of pain.

The pain in her body spread from her flesh to the marrow of her bones. She had more wounds than she could count, and every day when she was awake, what she experienced most was pain.

It was the same pain that constantly reminded her that she was alive.

Yes, she was alive and she wanted to live.

For almost half a year, it was as if she had gone back to those five years in prison, when life was worse than death.

When she was in prison, she was so desperate to die.

But now, because of that man called Quinn, she wanted to live.

She wanted to live and, one day, walk to him again.

She knew better than anyone else how much Quinn loved her, and how his heart must have been torn apart when he mistakenly thought she was dead, and she couldn't let the man she loved most be that upset, so she had to live to tell him that she was, in fact, still alive.

There was no doubt that Quinn was the greatest motivation to keep her alive, and as long as people lived in the world, as long as they had motivation, there would be light in their hearts, and some of the painful torments would not seem so terrible.

She knew that Christ knew that she was alive and that he had been looking for her.

But Flynn was playing a game of cat and mouse with him, giving him clues, but in the end, when he was about to find her, he had already left early, leaving him in the lurch.

She really wanted to tell Christ not to waste any more time on her, it wasn't worth it, but she couldn't bring him the news.

"Kiki, you're awake!"

Before she could pull her mind back from the chaos of her thoughts, a voice so resentful that it was almost distorted rang through the air.

Kiki coolly hooked her lips, not bothering to reply to Anna's words.

Seeing Kiki treating her with such disdain, Anna was instantly furious.

"Kiki, what are you so proud of! You don't think that you are still the star-studded Kiki, do you? You have now become my prisoner!"

Still not receiving a response from Kiki, Anna became even more furious, and she picked up the red-hot iron from the cooker and walked towards Kiki.

Chapter 1042

"Kiki, if I put this branding iron on your face, isn't it very sensational?!"

Kiki's face turned white, and even her lips couldn't control the whitening.

She was used to being calm and light-hearted, but there was no woman who didn't care about her face, not to mention that she had a man she loved, and she wanted to show him the best side of herself.

Kiki was like a ball of cotton, no matter how much she was tortured, she always had the same bland expression, with a sneer on the corner of her lips, which made Anna particularly unhappy.

Now, when she saw that Kiki was finally worried, Anna was happy.

She held the branding iron in her hand and waved it in front of Kiki, "Kiki, do you know what I hate the most? What I hate the most is your charming face! It was your face that took away Quinn's soul and made him kill me despite his old feelings, leaving me no place in the country anymore!"

"Kiki, you're pushing me so hard, you won't give me a chance to live, and you won't live well either!"

"Kiki, you're all scarred and missing finger, apart from this face of yours, what else is good about you? You are so proud of yourself, only because of your face! Now, I'll destroy your face, I want to see how you, ugly as an evil ghost, can still steal a man from me!"

"Anna, you are crazy!"

Kiki drew a deep breath as she tried to save her face.

"Anna, to bury your conscience for a man who doesn't love you, it's not worth it! Everyone deserves a life of their own, there are some feelings that cannot be forced. Quinn doesn't love you, even if you ruined my face, or even, if you kill me, his heart wouldn't fall on you!"

"Kiki, you're nonsense! Quinn has me in his heart, he just loves you more! As long as you become ugly, he will see how good I am!"

Anna's eyes were gradually tinged with a sickly wistfulness, "How good I am! I love Quinn wholeheartedly, I wouldn't be like you, having Quinn and deliberately hooking up with Mr. Birkin!"

"Kiki, I love Quinn more than you do, a dirty divorced woman like you is no match for me, Anna!"

"Anna, let me go! I know you want to be popular, you want to be famous, if you let me go, I will help you get back on your feet, there will be a place for you in Arkpool City!" Kiki knew that with Flynn away, convincing Anna was her best chance to escape from here. She knew the success rate was low, but as long as there was hope, she had to take a chance.

"Anna, I know you hate me, but because you hate me, you've ruined your whole life, from now on, you can only follow Flynn and hide, it's not worth it! It's really not worth it!"

"In fact, you are very talented in music, as long as you return to the singing world, you will definitely create glory again!"

Hearing Kiki's words, Anna couldn't help but feel a bit moved, but when she thought of the scandals that had been exposed by the media, the little hope she had in her heart was dashed out again.

"I can't go back! I can't go back in my life!"

Anna shouted, tears in the corners of her eyes because she was so emotional.

“My scandal is spread all over, even if I were to return to the entertainment industry, who would still work with an artist like me? There’s no going back!”

“Kiki, do you know that my future, my career, has been completely ruined, because of you?!”

“You have ruined me, why do you still want to live cleanly? I know that you despise me, I claim to love Quinn, and I’ve committed myself to Flynn, and I’m in cahoots with him, but you forced me to do all of this!”

“If I hadn’t been with Flynn, how would I have been able to torment you? I’m already in hell, there’s no more light, as the culprit of my misery, you can’t get away with it!”

“Kiki, let’s go to hell together! Hell is our home!”

With that, Anna put all her strength into the branding iron in her hand and pressed it fiercely onto Kiki’s face.

Kiki didn’t want to be cowardly in front of a madman like Anna, but she couldn’t help but close her eyes at the moment the iron was close.

Surprisingly, the pain of burning flesh didn’t come, but Anna, instead, let out a pig-like scream.

Kiki opened her eyes in confusion and found that the branding iron in Anna’s hand, which should have landed on her face, had smashed onto Anna’s foot at some point.

And now, she was covering her burned foot and roaring her heart out.

It was only after a while of wailing that Anna subsided and looked at Flynn, who was standing sagely by the side, that her emotions once again became overwhelming.

“Flynn, are you crazy! Who told you to treat me like this!”

“Anna, the one who is crazy is you!” When Flynn was quiet and did not speak, he really looked like a gentle scholar, because he wore the glasses and his gentle aura was somewhat similar to Bradley.

But he and Bradley were two completely different people.

Bradley was a fake scholar, and underneath the surface of his scholarliness, he was ruthless, but his heart yearned for the light, so he gave people a very comfortable feeling.

Flynn, on the other hand, was a tangible beast.

He was a hell of his own, he could not see the light himself, and by extension, no one around him could see the light, as if, as long as they were near him, they could only sink and languish in hell for the rest of their lives.

When he opened his mouth to speak, the darkness in him became more and more obvious, and all his sagacity, in an instant, was torn apart, leaving only a hideous ruthlessness.

He stepped forward, ignoring Anna’s tears as he strangled her neck without pity, “Anna, if I ever learn of you acting without permission again, I will kill you!”

Anna was so angry that she forgot about the pain in her foot, she kicked the branding iron off the ground and viciously yelled at Flynn, "Kill me? Who are you to do this to me?!"

"You and I are the ones in the same boat, don't forget, if I hadn't helped you, you wouldn't have caught Kiki so easily!"

"Are you threatening me?!" The force on Flynn's hand was greater, causing Anna to be unable to speak for a moment.

"Anna, even if you helped me, now, your life is in my hands, if I want you to die, you have to die."

Anna snorted, "Are you possessed or are you crazy, to want my life for this bitch Kiki?"

"Flynn, you're in love with this bitch, aren't you?!"

Chapter 1043

A slap was fiercely thrown at Anna's face, but she laughed even more wildly.

"See? You're annoyed that I've seen through your heart! Flynn, you keep saying that you want to torture Kiki to avenge your dead sibling, but in the end, you are still bewitched by Kiki!"

"Anna, you shut up!" Flynn's eyes were ruthless, and the sinister sound in his voice was so creepy that it made people's skin tingle. Anna was naturally afraid when she faced such a man, but at this moment, the aggression and resentment in her heart finally overcame her fear.

"Flynn, why are you so eager to shut me up? Flynn, don't you dare to admit that you are in love with Kiki!"

Another slap was thrown hard at Anna's face, this time Flynn was even harder, blood seeped out from the corner of Anna's lips.

She dried the blood from the corner of her lip and continued to sneer, "Flynn, to fall in love with your enemy, you're a joke! You're such a fool, I despise you!"

Several slaps were thrown at Anna's face in quick succession, causing her to be speechless.

Flynn's gentle face had been completely replaced by a mad demon, he pushed the glasses on the bridge of his nose, and his eyes underneath the lenses were chilling.

"Anna, if you want to die, I don't mind giving you a favor!"

He strangled Anna's neck with a deadly grip, causing her to roll her eyes.

Anna sometimes liked to talk tough, but in reality, she was afraid of death.

The air around her was getting thinner and thinner, and she couldn't help but want to beg Flynn for mercy.

But her neck was painful, and it was really hard to open her mouth to speak.

"Flynn, you ... you can't do this to me! You ..."

Just when Anna thought she was about to be choked to death by Flynn, he suddenly let go of her neck.

Anna hugged a stone pillar to the side, gasping for air, at this moment, she did not have half the joy, only the biting wretchedness.

The person she hated most, Kiki, had seen her in in a tight corner, and Kiki must have secretly laughed at her in her heart.

Almost broken by this thought in her mind, Anna turned her face and stared at Kiki viciously.

If she couldn't beat Flynn, she would beat Kiki.

With all her strength, she threw a slap at Kiki's face fiercely.

"Kiki, are you very proud of yourself! Seeing Flynn trying to kill me for you, are you very proud of yourself? Seeing all the men in the world going crazy for you, are you smug?!"

"Anna, you're so sad." Kiki really didn't want to pay attention to the mad dog-like Anna, she coolly raised her eyelids and said indifferently.

"Yes, I'm so sad! They only love you, they all don't love me, I'm so sad! Even I've given my body to Flynn, he can't see me in his eyes, he can only see you!"

The more Anna said, the more Kiki felt that she was sick.

She really didn't know why Anna thought Flynn liked her, how could a man who took pleasure in torturing her every day like her!

Anna really had a problem with her mind!

Talking to someone was tiring, Kiki didn't want to waste more words with her, so she simply half lowered her eyelids and sank into her own world.

"Kiki, talk to me!" When Kiki spoke, Anna was exasperated by her calm tone, but when she didn't speak, she felt even more that she was being treated with invisible contempt and was furious.

"Kiki, you despise me, don't you? You just despise me! But Kiki, let me tell you, even if you despise me, I am still more noble than you! At least now, I have freedom and a man, and you? You have nothing!"

The dishevelled look on Anna's face finally dispersed and was replaced by a superior smugness.

"Kiki, you must have thought that Quinn loved you so much that after thinking you were dead, he would be in agony, right?"

Without waiting for Kiki to speak, Anna continued, "Kiki, if you really think so, you are very wrong! Quinn is not as affectionate as you think, how many days have you been faking your death? Four or five months? Anyway, it's not even six months, right?"

"In such a short period of time, Quinn already has a new lover by his side, and, moreover, they are getting married! Are you happy to hear the good news, or do you want to cry?"

Quinn already had a new lover?

Kiki's heart jerked violently, and almost immediately, she chose to believe Quinn.

She believed in Quinn's deep love for her, she wouldn't doubt the man she loved so much just because of these few unsuspecting words from Anna.

"Anna, you're so annoying!" Kiki closed her eyes, treating Anna like air.

Seeing that no matter how she stimulated Kiki, Kike still had that bland look, Anna was so angry that she really wanted to tear her face apart directly.

Glancing at Flynn beside her, her eyes involuntarily fell on Kiki's face again, and Anna was even more hateful, gnashing her teeth.

Flynn did not want to admit it, but she could see that his heart had been unknowingly attracted to Kiki.

Otherwise, he wouldn't have forced Kiki to beg for mercy when he tortured her again and again, and when she didn't say a word, and he was full of frustration, yet there was an uncontrollable infatuation in his eyes.

When she tried to hit Kiki hard again and again, he stepped in to stop her, saying that Kiki was still useful, but in reality, he couldn't bear to really kill her!

"Flynn, if you really don't love Kiki, prove it to me!"

Anna laughed coldly, truly like a stern ghost full of resentment, "Flynn, you captured Kiki to get back at her and Christ, to avenge Penny and Dylan! As long as you gouge out Kiki's eyes, kill Kiki and throw her corpse in front of Christ, he will have to go crazy!"

"You'll just take the opportunity to kill Christ and avenge the death of your tragic younger siblings, killing two birds with one stone, how wonderful!"

"Flynn, if you don't love Kiki, why keep her alive? Kill her! Let her die a horrible death, and I'll believe that you didn't betray your brother and sister's dead souls and fall in love with Kiki!"

Chapter 1044

Anna spoke abruptly, "If you're not willing to do that, it proves that you're in love ..."

"Tonight, I will give Kiki to Tony!" Flynn cut Anna's words off with a sullen face, and for the first time, his face took on an annoyance that even he couldn't rationalize.

However, this unfamiliar emotion was replaced by a viper-like coldness and malice in just a moment's time, "I will make Kiki pay the worst price for what she has done!"

Hearing Flynn's words, Anna could not help but curl up her lips into a satisfied smile.

Giving Kiki to Tony!

She and Flynn had already heard of Tony's name before they had even set foot in F Country.

F Country was arguably one of the most backward countries in the world, it was different from their country which respected women and demanded equality between men and women, here, women had no status at all, they were completely subordinate to men. Moreover, this country was one of the few countries in the world where polygamy was still practiced.

Tony, the leader of their tribe, was a brutal and lascivious man, but disregard for their dignity.

It was said that he had taken at least 200 wives, but less than ten were still alive.

The death rate of his wives was so high because they all could not bear his bloodthirstiness and torture of women.

So far, none of the women had managed to escape his clutches, they were mostly caught halfway by his men and, as punishment, they were killed by extremely cruel means.

Looking at Kiki, who was tied to the side and not moving, Anna carried a malicious and unkind smile.

Tony would have to be in love with such a beautiful woman.

The more he could not resist, the worse it would be for the woman, and if she could not bear to escape, she would only die worse!

She was already looking forward to Kiki being hanged, or abused to death by other means!

Although Kiki did not speak, her heart could not contain a few wild beats after listening to Flynn's words.

Thanks to Anna, Tony's name was something she had heard of.

The thought that she was about to fall into the hands of that kind of demon made Kiki's heart tremble uncontrollably.

Soon, she regained her composure.

Tony was a demon, Flynn was a demon too! Perhaps, after she was sent to Tony's side, she could still find a chance to escape and go back to her Quinn.

"Kiki, beg me!"

As she was lost in her own thoughts, Flynn's gloomy and distorted voice suddenly rang out in the air.

Kiki continued to close her eyes and simply didn't bother to talk to him.

Being ignored by Kiki, Flynn was so furious that he almost went berserk, his mask of civility completely torn down as he stepped forward and fiercely strangled her neck, hideous as a demon.

"Kiki, I said, beg me!"

Still unable to get a response from Kiki, Flynn was filled with a frustrated sense of powerlessness.

He secretly gritted his teeth, and the force in his hand got tense, "Kiki, beg me! Beg me not to give you to Tony!"

Hearing Flynn's words, Kiki finally lifted her eyelids lazily.

She looked at Flynn's fierce and vicious look and suddenly curled her lips into a smile.

Kiki's smile was beautiful, even if it was full of sarcasm and ridicule, it was so beautiful that it was captivating.

However, such a beautiful smile could not please Flynn, but only made him more and more annoyed.

He yelled at her viciously, “Kiki, who told you to smile! Now, beg me!”

“Flynn, you’re so funny!”

The smile on Kiki’s lips was disdainful, as if, Flynn was just an insignificant clown.

“Flynn, is it possible that if I beg you, you’ll change your mind and not give me to Tony? Or, just let me go?!”

Without waiting for Flynn to speak, Kiki said again, “You won’t. Since my begging won’t make you change your mind, why should I lower my posture and make my enemy’s heart happy!”

“Kiki!”

Flynn’s expression grew more fierce, and his hand choked Kiki’s neck even harder.

The feeling of her neck almost being snapped really hurt, but she had got used to it, so Kiki’s lips were still able to hook a disdainful smile.

Kiki’s smile filled Flynn’s body with a heavy sense of powerlessness, as if, no matter what he did, he could not touch her emotions.

It was clear that she was the prisoner and he was the master of everything, but when faced with her, he still felt that he was being mocked and that he was the loser.

Angrily releasing Kiki’s neck, Flynn gritted his teeth, “Kiki, you’re awesome! You’re awesome!”

He actually wanted to say, “Kiki, beg me, as long as you beg me, I won’t give you away to Tony.

But to the enemy who had caused his younger siblings to suffer, Flynn could not say such words.

The old castle where Tony lived was very close to Flynn’s place, and when night fell over the land, he quietly had Kiki sent there.

Before sending Kiki away, he had Kiki beg him again, and she still treated him like he was air, so angry that he kicked a table right in the face.

Walking out of the dungeon, Kiki instantly felt a lot more relieved.

It had been a long, long time since she had breathed the fresh air outside. Although she had acted like she didn’t care in the dungeon, in fact, being imprisoned in that kind of place where she didn’t see daylight, she was, in fact, broken inside.

She was going to escape, before she got to Tony’s old castle.

Flynn was quite confident, and just let his two men send her there.

Kiki glanced around warily. Not far ahead, there was a large tropical jungle. If she could shake off these two men and escape to that jungle, it would be difficult for them to catch her back in this black light.

This was her only chance to escape from the devil’s clutches and reunite with Quinn.

Thinking so, Kiki bent down fiercely, and then covered her stomach in pain.

“It hurts so much ...”

Kiki bit down hard on her tongue, the intense pain caused dense beads of sweat to seep out from her forehead, looking as if her stomach was really hurting like hell.

“Bitch, what tricks are you trying to pull again?!”

A kick unceremoniously landed on Kiki’s waist, and she stumbled and fell straight to the ground.

Before Kiki could ease the pain in her body, another man roughly grabbed her by the shoulders and lifted her up, “Bear with the pain!”

“But I have to go to the bathroom, I can’t hold it in!” Kiki said with immense difficulty.

Chapter 1045

“I ... I have diarrhea today.”

Those two men looked at each other, knew that pain can be endured, itch can be endured, but something like diarrhea can’t really be held back.

Seeing the two men’s expressions, Kiki said again, “You are to send me to serve Chief Tony, if I appear in front of him covered in a foul stench, he will not only blame you, but also Flynn!”

“This woman seems to have a point!” A man couldn’t help but speak up and say to his companion.

“Indeed, Chief Tony hates the smell of women, we can’t let this woman spoil the boss’ friendship with Chief Tony! Woman, hurry up! We don’t have that much patience!”

Kiki let out a sigh of relief, “How am I supposed to hurry up if you guys are holding me like this?!”

Seeing that they still had a death grip on her, she continued to speak, “Please let go of me, I’m all wounded now anyway, even if I run, I wouldn’t be able to get away. I won’t leave out of your sight!”

Kiki had said so, and those two men could not hold on to her.

“Bitch, hurry up and get it over with, if you keep us waiting too long, we won’t spare you!”

Kiki didn’t say another word as she darted forward a few steps, making a show of unzipping her clothes.

The two men should be confident, thinking that Kiki could not escape, they did not stare at her, both of them, taking advantage of this gap, chatted feverishly.

When Kiki saw that they were not focusing their attention on her, she strained to lift her scarred legs and dashed off as fast as she could towards the jungle ahead.

“Bitch, how dare you run! Let me teach you a lesson!”

The two men quickly stepped forward and tried to catch Kiki back, but before they could catch up with Kiki, a black shadow rushed out from the dense forest and kicked one of the men unceremoniously in the heart, and the man fell motionless on the ground with a muffled grunt.

“Brat, how dare you hit my brother! I will get you killed!”

The other man waved his fist and was just about to make a big show of his power, but Christ kicked him over, directly knocking his face askew.

A few more kicks landed on the two men, and they grunted on the ground before they didn't move.

"Christ?"

Looking at the man under the clear glow of the moon, Kiki had a dream-like unreal feeling, she dared not think that Christ could really find her in such a place.

Flynn had been luring Christ, but they were false clues, and she supposed that Flynn didn't even dare to think that Christ would suddenly come over.

"Kiki!"

There was a heavy hoarseness in Christ's voice, and he especially wanted to go up to her and hug her hard, but thinking of her disgust for him and the fact that she was now Quinn's wife, he finally suppressed the longing inside him.

Seeing the obvious bloodstains on her body, Christ clenched his fist and wanted to cut Flynn to pieces.

"Kiki, I'm taking you out of here!"

Christ clutched Kiki's hand and led her to run towards the jungle ahead.

He had just taken a few steps with her, and she stumbled and fell to the ground uncontrollably.

It was only then that Christ noticed that there was a particularly deep wound on her ankle, so it was no wonder that, in her haste to run, she had fallen to the ground in disarray.

He stared deadly at Kiki's ankle, with such a deep wound, she must in great pain!

There must be more wounds on her body that he could not see!

Christ wanted to kill Flynn!

"Christ, I'm sorry, I accidentally twisted my foot just now." Kiki spoke apologetically when she saw that she had almost dragged Christ down.

Hearing this from her, he could no longer restrain the sentiment inside him, his voice hoarse, "Kiki, the one who should apologize is me, it was me who came late and made you suffer so much!"

With a sudden stretch of his long arms, he directly picked her up in a horizontal embrace, "Kiki, I'll take you out of here!"

As soon as the words left Christ's mouth, the piercing sound of a gunshot rang out in the air.

Christ reacted quickly and hugged Kiki to dodge the bullet fired by Flynn.

Flynn had no intention of stopping, and with a wry smile, he redirected the gun at Christ and Kiki and continued to fire.

Christ held Kiki and dodged the incoming bullets again.

He looked down at Kiki in his arms. In fact, the best way now was to put Kiki aside first, while he seized the gun in Flynn's hand, turning passivity into initiative.

But he could not let go of her.

He was afraid that once he let go, she would disappear in front of him again.

"Christ, leave me alone! Go away!"

Kiki saw a short, fat man rushing over with his men, and she couldn't help but feel panic in her heart.

She had never seen Tony before, but she had heard Anna's description of him, and the short, ugly man in front of her who liked to wear gold and silver was definitely Tony!

Flynn was still not easy to deal with, and now there was the vicious Tony, and bringing her along would only bring down Christ!

She didn't want to owe Christ any favor anymore!

"Kiki, I won't leave! Even if I die, you must live!"

"Christ, I underestimated you! I didn't expect you to find your way here even though I deliberately confused you!" Flynn's voice was heavy with malice, "Since you're here, how can I live up to our deep friendship if I don't give you a big gift!"

"Today, I'll give you all the bullets in my gun!"

Flynn narrowed his eyes dangerously as he coldly swept a glance at Kiki in Christ's arms and continued to frantically pulled the trigger.

Tony was no weaker as he waved his fat hand and ordered his men in the dialect, "How dare you steal my bride! Kill him!"

In an instant, the bullets flew like raindrops towards Christ and Kiki, so dense that they almost formed a net, making it impossible for the two to retreat.

Kiki's eyes could not help but redden as she saw many bullets had been fired at Christ's shoulder in order to protect her.

"Christ, let me go! I really don't want to owe you any more! Put me down, please!"

Chapter 1046

With that, Kiki tried to break free from Christ's embrace.

Even though the wound on his shoulder kept bleeding, Christ still held her in his arms so tightly that she could not break free.

It was as if, as long as he had a breath left in him, he would build a wall for her, preventing anyone from harming her.

When she couldn't break free, Kiki didn't toss and turn.

She knew how paranoid Christ was, and now that the situation was so urgent, if she continued to toss and turn, she would only put them in more danger.

Kiki turned around and looked behind her at the dense tropical jungle, as long as they rushed in, they would be safe, but unfortunately, the jungle was already full of Tony's men, so they would be caught if they went there.

Seeing the wound on Christ's shoulder, Flynn was amused to the extreme.

He smiled with malice in his heart, "Christ, how does it feel to be hit by a bullet? Do you like it?"

"Christ, I'll give you a way out, if you do as I say, I promise let you leave here alive!"

"Kill Kiki! As long as you kill Kiki with your own hands, I swear I will never hurt you again!"

"Flynn, you're not even asleep yet, and you're already dreaming!"

Christ was as agile as a cheetah, he grabbed the gun from the hand of one of Tony's men in front of him and aimed it at Flynn without a second thought.

Christ hurried to pull the trigger, Flynn dodged quickly, but still took a solid shot to his abdomen.

When Anna saw that Flynn had been shot, she couldn't help but feel anxious.

She stepped forward and tried to grab the gun from Flynn's hand, "Flynn, shoot and kill Kiki! Hurry up and shoot! Flynn, you said you wanted to avenge Dylan and Penny! Kill her so you can avenge your younger siblings!"

"Flynn, you can't bear to kill Kiki, can you? Fine, since you can't bear to kill her, I'll do it for you! Give me the gun! Let me do it for you!"

Flynn slapped Anna's face hard, "Get lost!"

Anna followed her out just to see Kiki go to hell, she was not willing to leave now, she hated so much that she gritted her teeth. Seeing a knife on the ground next to her, she grabbed that knife and threw it at Kiki fiercely.

Christ was quicker than she was, he grabbed the knife and with a sudden force in his hand, the knife in his hand stabbed Flynn unceremoniously.

Flynn's pupils suddenly contracted and he scrambled to grab something to block the knife for himself. Seeing that Anna was right beside him, he grabbed her and blocked her in front of him, and the sharp knife, then, pierced her heart fiercely.

Anna's eyes rounded abruptly, she could never have imagined that she, a spectator, would be subjected to such an unwarranted disaster.

And the one who had caused her such misery was Flynn.

The overwhelming hatred completely swallowed up her reasoning.

For example, her love for Quinn.

Quinn was never good to her, but she loved him unreservedly, without regret.

Another example was her hatred for Kiki.

In fact, Kiki had never done anything to hurt her, but she just hated Kiki, hating that she could not inflict all the worst things in the world on her.

And now, all the hatred in her heart was instantly focused on Flynn, she got the strength, fiercely pulled the knife out of her heart, and stabbed it fiercely towards Flynn's heart.

Even if Flynn was smart, he did not expect Anna to suddenly do such a crazy thing to him, he dodged in a panic, but it was still too late.

The sharp knife stabbed heavily into the flesh of his chest, and in a flash, the bright red blood blinded his eyes.

Anna's vision was stained red by the large swathes of blood in front of her, and only after a moment of bewilderment did she realize that these, all of them, were Flynn's blood.

"Hahaha!"

Anna laughed out wildly, "You will not end up well! All those who have hurt me will not end well! Go to hell! Go to hell! All of you go to hell ..."

Anna's voice came to an abrupt end as Flynn expressionlessly stabbed the sharp knife into her heart, this time with such precision that she didn't even have a chance to ease down before she fell to the ground, motionless.

Flynn's heart kept oozing blood, but since he hadn't been hurt to the core, he couldn't die for a while.

He clenched the gun in his hand and wanted to continue attacking Christ, but the injuries on his body made it a bit hard for him to move his hands.

"Tony, kill Christ! Kill him!" Seeing that more and more of his men were falling, Flynn sternly bellowed at Tony.

Tony had always been overbearing and conceited, and he could not see anyone being this rampant on his turf.

He continued to wave his fat hand, "Do whatever it takes! Kill this man!"

"And as for the woman ... keep her alive ..."

Before Tony could finish his sentence, he suddenly felt a chill and some pain in his neck, he lowered his head and was instantly scared out of his wits, the sharp blade pressed tightly against his neck.

"Shit!"

Tony cursed, he was so angry he wanted to curse, but now his life was in someone else's hands and he didn't dare to do anything rash.

The man holding the Swiss Army knife against Tony slowly removed his mask, and he was Dave!

Dave increased the force on his hand, and a sharp bloody slit instantly appeared on Tony's neck, "Kill Flynn, and I'll spare your life for now!"

Although Tony was ferocious, he was most afraid of death, and the bloodstain snaking down his neck had completely scared him out of his wits.

At once, he tremblingly commanded, "Kill ... kill Flynn!"

Flynn turned his face violently and glared at Tony with ferocity and disgust, obviously, he had not expected in any way that Tony would turn against him.

Flynn had a good personal relationship with Tony, but Tony's men still only obeyed the orders of their own leader.

With his orders, they brandished the knives in their hands and lunged at Flynn.

Flynn's men scrambled forward to protect their boss, but Tony was outnumbered and they were instantly at a disadvantage.

Flynn pressed down heavily on his wounds, keeping alive was the best way to go.

He gestured to his men, and they tangled with Tony's men while escorting him away.

Christ had not brought many people with him, he did not ask his men to chase Flynn.

With Dave holding Tony's life in his hands, Tony's men did not dare to make a move and could only watch as Dave led Tony away.

Christ carried Kiki in his arms. As soon as they stepped onto the path, Flynn's men, who had fallen motionless on the ground, suddenly leapt up, and the knife in their hands stabbed towards Kiki's heart without ceremony.

Chapter 1047

The change was so sudden that Christ almost didn't react.

After realizing the danger in front of him, he quickly dodged around with Kiki in his arms, and he threw out a whirlwind leg, and the man was knocked down to the ground.

Just as he tried to get up again, Christ had already snatched the knife from his hand and cut his neck without ceremony.

With the danger in front of him resolved, Christ stopped fighting and took Kiki straight to the port.

Dave, who had always been a steady hand, was ready to leave, and as soon as they had dropped Tony at the port, they quickly boarded the ship.

Tony's nose was swollen with anger at the loss he had suffered, but the ship had already left the harbour, so even if he went after them, he would not have the upper hand. Therefore, he was angry with Flynn.

Dave expected that someone would be injured during the rescue and there was a doctor waiting on board.

When he saw the doctor, Christ said in a cold voice, "She's hurt! Hurry up and treat the wounds on her body!"

Just now, outside, the light was a bit dim, so he could not see so clearly. And only now did he realized that she got many serious wounds.

The wounds on her shoulders were so deep that they could be seen through the bones, and the wounds on her back were even more tragic.

Christ hurriedly looked away from her, not daring to look at the wounds on her body again, but the pain in his heart could not be suppressed.

He spoke in an astringent voice, "Kiki, does it hurt?"

Kiki didn't notice the strange sentiment in Christ's words, and she answered him truthfully, "These injuries are nothing compared to the old wounds. Christ, I'm fine, you're also injured, let the doctor take out the bullet first!"

Christ was stunned, he knew she was referring to the injuries she had sustained in prison.

The injuries on her body were already gruesome now, what kind of life did she lead during those five years in prison?

Thinking of Dave's report in the past, Christ suddenly did not dare to continue thinking about it.

In fact, he and Kiki had the happiest marriage ever, but he had shattered all that happiness with his own hands, so he deserved to spend the rest of his life regretting!

"Kiki, I'm fine." Christ suppressed the bitterness and heartache in his heart, and he spoke irresistibly, "Treat your wound first!"

Kiki didn't want to waste her time on arguing, so she didn't continue to utter a word and quietly let the doctor treat her wounds.

Kiki didn't know if the doctor had treated the wounds on Christ afterwards, and she never saw his face again until the ship docked.

On the way, it was Dave's pre-arranged maid who stayed by her side, taking care of her and talking to her constantly.

Kiki had little to say and was not interested in chatting, but the maid was chattering, so Kiki listened to her talking to herself all the way.

The closer the ship got to the sea city, the more Kiki felt that time was passing extraordinarily slowly.

She couldn't wait to see Quinn and tell him that she was alive and that she was back!

She was really badly injured and the doctor suggested that she be hospitalised. Kiki refused the doctor's request as she was eager to see Quinn.

In fact, Christ wanted to keep Kiki for a few more days, even to watch her from afar, but seeing that she wanted to see Quinn so much, he didn't stop her.

Since he had decided to make it all happen, he would let her go free.

It was good that she was happy.

Kiki wanted to give Quinn a surprise, she didn't call him in advance, nor did she ask Dave to drop her off, she took a taxi and went straight to her and Quinn's villa.

Kiki wanted show her best side in front of the man she loved.

Before she went to see Quinn, she chose a beautiful dress with long sleeves, just enough to cover the wounds on her body, so that she would not make him worry and she could appear in front of him in the best possible light.

Sitting in the taxi, Kiki was full of smiles.

Quinn, I'm back!

Will you be particularly surprised to see me?

I'd love to see your surprised face!

The taxi driver was a middle-aged man, he never followed stars, he didn't know Kiki, he just thought that the smile on this girl's face was really bright, he couldn't help but say.

"Are you going to meet your boyfriend?"

"Sort of." Kiki smiled lightly and beautifully, her husband was also considered a boyfriend.

Once the driver took a look at Kiki's appearance, he knew she was girl immersed in a passionate love affair, "You and your boyfriend must be very affectionate, right?"

"Yes." Kiki was not good at talking, but today she was in such a good mood that she opened her mouth in a rare moment.

"We're very close, he treats me very well and I like him a lot."

"It's nice to be young!" The man couldn't help but exclaim, "You can be happy for many days holding hands!"

"Your boyfriend must be very handsome, right?"

"How do you know?"

"You're so pretty, your boyfriend must be handsome! I'd like to be twenty years younger and fall in love!"

This driver was chatty, Kiki quietly listen to his talk, but lost in her thoughts.

When Kiki got off the car, the driver sighed once again, "I really want to go back to the age of 18 and fall in love again!"

Kiki saw Quinn in front of the villa, who she was longing for.

She quickly got out of the taxi and her heart was like a happy bird flying in.

She steadied herself and moved her still painful ankle, and wanted to jump into his arms and hug him so hard that she wouldn't let go.

Before she could hug Quinn, a woman followed him out of the villa gate.

That woman stepped forward and hugged Quinn in a petulant manner, her sweet red lips pressed towards his lips.

Kiki's heart instantly fell and crushed.

She didn't want to cry, but the tears rolled down.

She had travelled a long way to reach him, but she had never expected that he would already have someone else by his side.

It turned out that he had long forgotten that there was a woman in this world called Kiki Hartsell, the Kiki who foolishly loved him.

Chapter 1048

The moment Leah's lips pressed onto Quinn's lips, Kiki could no longer restrain herself, she turned around, and frantically rushed towards the road aside.

"Kiki?!"

Paige, who had just gotten off the car, looked incredulously at the direction Kiki was heading away from, she took off her sunglasses and saw Leah who was pressed against Quinn's body, her eyes suddenly turned cold.

"Quinn, Kiki has only been gone for a short time! You already have a new love! You're really something! Let me tell you, you want to marry this Leah, don't you? Don't even think about letting her into our family! As long as I am still breathing, I won't accept such a daughter-in-law!"

"No, Kiki is still alive! I just saw Kiki! I'm sure, the person I saw was Kiki!"

Originally, Quinn was still standing expressionlessly, like a walking corpse without a soul, when he heard the word "Kiki", he suddenly woke up.

At this time, he also noticed that Leah's lips were almost on his.

He pushed Leah away without pity and asked Paige urgently, "Mum, what did you just say? Who did you say was still alive?!"

"Kiki is dead, how can she still be alive?! Mum, say something!"

Seeing that her son didn't seem to care that much about that whatever Leah, Paige was slightly relieved, "Quinn, I just saw Kiki, just now, Kiki was standing across from you."

"What?!" Quinn couldn't control his shocked voice as he rushed forward like crazy, trying to find Kiki's trail.

"Kiki has come back? She's come back to see me, hasn't she?! Kiki! Kiki, come back!"

“Kiki, where have you been? Even if you turned into a ghost, I wouldn’t be afraid! Kiki, as long as you’re willing to see me, I’m willing to be a ghost with you!”

“What ghost!” Paige slapped Quinn’s head hard, “What I just saw was a living human being, not a ghost!”

“Quinn, are you really sure that what was left behind in the fire was Kiki’s corpse?! I doubt that it wasn’t Kiki’s corpse at all, Kiki is still alive!”

Hearing Paige’s words, Quinn was petrified.

Of course he hoped that Kiki was still alive, but he was even more afraid that it was just Paige’s misreading, and after having hope, disappointment would be even more heartbreaking.

“Yes, surveillance! You have surveillance outside this villa, if you don’t believe me, you can watch the surveillance!” Paige said, grabbing Quinn and heading inside the villa.

“Quinn, wait for me, don’t go so fast!” Leah got up from the ground and tried to grab Quinn’s hand, before she could touch his hand, she was thrown to the ground again by him fiercely.

“Get lost!”

Leah got up, but Quinn was now so intent on going to the surveillance that he was in no mood to take care of her.

Soon, Quinn pulled up the surveillance outside the villa, and Paige was so excited that her eyes were almost on the computer screen.

Quinn was also staring nervously at the screen in front of him, afraid of missing any footage of Kiki.

Finally, he saw Kiki.

She had gotten off from the top of a taxi, her leg should have been injured, when she got off, her leg was unsteady and she almost fell to the ground.

“Kiki ...”

Quinn subconsciously reached out his hand, wanting to hold Kiki, but after reaching out his hand, he couldn’t touch Kiki, all he touched was the cold computer screen.

Kiki’s body should be in pain, every time she took a step, the cold sweat on her forehead would be more. She wore a tweed coat and a scarf around her neck, but he could still clearly see, on her neck, there were obvious red marks.

Also, the backs of her exposed hands were covered with wounds.

The pain was tearing through her body, but on her face, she wore a wide smile.

It was the joy of a long-awaited reunion.

Only, in the next second, all the smiles on her face were completely frozen.

Quinn saw from the computer screen that he and Leah were hugging each other tightly, and Leah's lips, even pressed to his lips.

Kiki's tears rolled down abruptly, and she turned around in a panic, then limped towards the traffic.

And in a sea of people, he could no longer find any trace of her.

Quinn backed up the video and the screen was frozen at the moment Kiki dropped her tears. Looking at the crystal clear teardrops rolling down from the corner of her eyes, he just felt his heart being ripped out and torn apart.

His Kiki, indeed, was still alive!

And she, who had trekked to reappear in front of him, saw him embracing another woman.

"Kiki ..."

Quinn pressed his heart hard, he couldn't describe how he felt at this moment, his heart hurt so much that it was about to die, how could he describe his own feelings!

If she could appear in front of him, she would not have deliberately played dead and avoided seeing him. What had her been through?

There were some answers were about to come out, and after Quinn thought through it, it hurt even more.

Someone had replaced Kiki in order to make him think she was dead, so that he could torture her with impunity!

After so many days and nights that were worse than death, she finally escaped and saw the light of day again, but after seeing him, her heart fell once again into the inferno of hell.

How much pain she must have felt in her heart!

He was the one who made his beloved Kiki hurt so much!

"Kiki!"

He rushed out of the villa like a gust of wind, trying to retrieve the girl he had longed for.

But the world was so vast, where should he go to find his Kiki?

After watching the video, Paige was still able to preserve her sanity, and she quickly ordered her men to pull up the surveillance cameras on the nearby roads to find out Kiki's whereabouts.

In this situation, apart from the Kelsington Bay, Kiki didn't really know where she could go in the huge Arkpool City.

Christ had bought her a phone. When she came to look for Quinn, her heart was filled with the joy of being reunited after a long time, and she did not go online on the road.

Only now did she pull out her phone and swipe through the news.

On the internet, the news of Quinn and Leah's love was all over the place.

Quinn and Leah spent the night together in a seven-star hotel.

The news was that Leah was living in the house of Quinn and Kiki.

Quinn and Leah have set a wedding date.

Her finger trembled that she could not even clench the thin and light phone.

In fact, this was quite good, as long as he was happy, the only regret was that the person who would accompany him was not her.

Just after arriving at Kelsington Bay, Kiki saw Jaden and Jayla, who had just returned home from school.

When she saw Kiki, Jayla burst into tears.

She jumped hard into her arms, "Auntie Kiki, is it really you? Am I dreaming?"

"Auntie Kiki, I must be dreaming, I always feel like everything is unreal lately, like I'm dreaming. Not only did I dream that you came back, I also feel that Mommy has become different and has become less like my Mommy!"

Chapter 1049

"Jayla, you're not dreaming, I'm still alive."

Hugging Jayla tightly, Kiki couldn't control her tears too.

"Auntie Kiki, am I really not dreaming?" Jayla asked as she looked at Kiki uncertainly.

Kiki nodded vigorously with tears in her eyes, "Jayla, it's not a dream, it's me coming back!"

"Auntie Kiki!" Jayla hugged Kiki tighter, "Auntie Kiki, you're really back! How wonderful! I thought you would never come back, so I was really sad!"

"Auntie Kiki, don't ever leave me again, okay?"

"I won't leave you again." Kiki half squatted down and hugged Jayla hard, letting the tears of Jayla in her arms wet the clothes on her shoulders.

Jaden was man, and when he saw Kiki return, he did not shed any tears, but his eyes, which were always cool, reddened a great deal.

He had wanted to maintain his high and cold little iceberg persona, but in the end he couldn't hold back and ran to Jayla's side, hugging Kiki hard as well.

"Auntie Kiki, we want to be together forever!" Jaden said to Kiki with immense solemnity.

"Yes, Auntie Kiki, we are a family, we are going to be together for the rest of our lives!" Jayla dried her tears and burst into the brightest smile, "I'll never be separated from Auntie Kiki!"

Hearing the innocent but sincere words of the two little ones, Kiki also broke into tears and smiled, she also wanted to be with them forever, because, they were also her deepest ties and warmth.

Kiki didn't say many words, she just hugged the two little ones close, quietly feeling the long-lost warmth.

After leaving the dungeon, it seemed that everywhere was a paradise, and everything was moving in a better and better direction, but the only regret was that she and Quinn could not go back.

It was sad, but, no matter how sad she was, she had to live.

She could not make a scene when Quinn was with another woman.

After hugging the two little ones for a while, Kiki suddenly thought of Jayla's mention of Freya just now, and she asked anxiously, "Jayla, what did you just say about Freya? What's different about her?"

"I can't say." Jayla cocked her little head with a distressed look, "Mommy is the same Mommy, but after she was rescued by Daddy, I always feel that she doesn't look like my Mommy anymore!"

"Rescued? What happened to Freya?"

"Auntie Kiki, Mommy was taken away by the bad guys, and the bad guys killed my soon to be born little sister." Jayla's tears fell again like broken beads when she thought of Freya who fell in a pool of blood that day.

"What?!" Kiki couldn't help but exclaim, she let go of the two little ones and quickly limped towards the inside of the villa.

Originally, Jayla's tears were already falling hard enough, and seeing Kiki's limping appearance, her tears fell even harder.

"Brother, Auntie Kiki looks so haggard and weak, it must have been very hard for her during the time she was missing."

"Auntie Kiki is hurt badly." Jaden stared at Kiki's fading back and said with unparalleled certainty.

"Auntie Kiki is hurt so badly, she's so hard and in so much pain, yet Quinn has a new love! Mommy said that love requires loyalty, he is not loyal to Auntie Kiki at all, I don't like Quinn anymore!"

Jayla became more and more angry as she spoke, "Brother, Auntie Kiki is so nice, why is Quinn still so philandering!"

"All scum are ugly! Quinn is an ugly bastard! I hate scums!"

Jayla glanced at Jaden and said fervently, "None of you men are good!"

Jaden had an innocent look on his face, he and Daddy weren't good either?

Although he felt that he was wronged, but he could not bear to see his sister so angry.

Jaden took out a chocolate lollipop from his pocket and handed it to Jayla, "Jayla, lollipop!"

Jayla looked at the chocolate lollipop in Jaden's hand and swallowed hard, but when she thought of Annie's skinny, weak appearance, she held back.

Leon liked to play with Annie but didn't want to talk to her, it must be because he thought she was fat!

Jayla pouted sadly, "Brother, I don't eat chocolate, I'll never eat chocolate again! You boys all like skinny little girls, you all think I'm fat!"

Once again, Jaden was even more helpless. He had often said that Jayla would not be able to get married if she ate too much chocolate, but he really did not mind her being fat.

Moreover, Jayla was not really fat, she only had baby fat on her face and her face was round and cute.

Jaden was keenly aware that Jayla would suddenly dislike her figure so much, she must have received some heavy blow, and he felt that it was necessary for him to comfort his sister.

Jaden was trying to think of words, but Jayla snatched the chocolate lollipop out of his hand.

She licked her lips, "Brother, I really don't want to eat chocolate, and I even don't want to become big and fat and have everyone dislike me. But chocolate is so miserable!"

"It's so kind, so cute, so innocent, if I don't eat it, it will think that I don't love it, that it's out of favour, and it will be so sad and upset! Brother, the chocolate is so good, I must not make it sad!"

Jayden, "... It's obvious that you're the one who's greedy and not strong-willed, okay!"

"Jayla, you deserve to be so fat that you can't get married!" The corner of his lips, however, could not help but raise when he saw Jayla tearing open the wrapping of the chocolate lollipop and eating it with contentment.

When Kiki went to Freya and Kieran's room, Kieran was feeding Regina, who was lying on the bed, some medicine.

After taking a sip of the sticky medicine, Regina instantly frowned.

She shut her mouth tightly and looked at the man in front of her pitifully, "Kieran, the medicine is so bitter! I don't want to take the medicine!"

"Be good, take it." Kieran's eyes were deep, and all his emotions seemed to be covered in a mist, making it impossible to guess his mind.

"No!" Regina shook her head, "Kieran, I don't want to take it! If you want me to take the medicine, give me a kiss!"

With that, Regina pouted and waited for Kieran's approach.

Chapter 1050

Kieran looked at the woman in front of him with an expressionless face, the layer of mist in his eyes thickening, making him look more and more unfathomable.

"Kieran..."

Regina continued to pout, it was obvious that she would not rest until Kieran kissed her.

"Kiki?!"

Kieran turned his face, his voice was tinged with shock, but the expression on his face unchanged.

Regina was startled, she subconsciously looked in the direction of the room's entrance, her eyes were unable to control a touch of resentment.

She loathed Freya, and she also loathed Kiki. When she found out about Kiki's death, she was pleased, but she didn't expect her to still be alive!

Regina was the best at managing her expressions, and in just a moment, she was back to her kind and friendly self, as if the flash of resentment in her eyes just now was just Kiki's illusion.

"Kiki!"

No matter how much she loathed Kiki, she had to act out this friendly love scene in order not to reveal herself.

"Kiki, you're still alive! It's wonderful!"

Regina ignored her injuries and struggled to get under the bed, she hugged Kiki hard, "Kiki, do you know how sad I was when I got the news of your death!"

"Kiki, I'm glad you're still alive! Kiki, don't you ever scare me like that again, okay?"

Kiki's body stiffened, even though the person in front of her was crying so hard, she could not forget the flash of resentment in her eyes just now.

Regina's moods changed quickly, but that unkind gleam was still caught with precision by her.

There was no way Freya could have looked at her with that kind of look.

Could it be that she had been hit so hard by the brutal killing of her child that her heart had changed along with it?

Jayla was right, Freya, indeed, was different from before.

Being hugged by her, Kiki really felt that the person she was hugging closely was not her best friend Freya, but just a stranger.

However, looking at that face that was exactly the same as Freya's and listening to that exact same voice, she couldn't identify that the person in front of her wasn't Freya either.

"Kiki, how are you? Are you hurt?" Regina let go of Kiki as she clutched her hand and asked with concern.

"Freya, I'm unwell, please see what is wrong with me." Kiki looked at Regina and gestured for her to take her pulse.

Hearing Kiki's words, Regina froze, but she soon returned to her calm and collected appearance.

She gently placed her fingers on Kiki's wrist, "Kiki, you're injured!"

Regina's medical skills were not comparable to Freya's, but after being trained by Caelan for so long, she still knew some basic common sense of medicine.

She was talented. Although she was a beginner, she had mastered the art of taking a pulse well.

Regina's fingertips tightened a bit as she continued to say worriedly, "Kiki, you're hurt badly! You haven't been recuperating properly at all, have you?!"

She turned her face and looked at Kieran, "Kieran, you go out first, I have to treat Kiki's wounds now!"

"Freya, I'm fine, the injuries on my body have already been treated, it's nothing serious, I just want you to see if I'll leave any after-effects from this injury."

Regina grabbed Kiki's wrist again, and to be honest, she couldn't really tell what the after-effects were with her medical skills.

However, she did not panic in the slightest, as she took Kiki's pulse while saying in a serious manner, "Kiki, don't worry, although you are seriously injured this time, there will not be any after-effects. Your body is a bit weak, as long as you take good care of yourself, you will soon be back to health."

"It's good that there is no after-effects." Kiki withdrew her hand, "Freya, please write a prescription for me, I'll go to the pharmacy later."

"Sure!" Regina looked at Kiki with a smile on her face, this simplest prescription would not be difficult for her.

Seeing her answer so crisply, Kiki could not help but be surprised.

Having just met Regina's resentful gaze, she had thought about the possibility that she was a fake Freya, but she was really too much like Freya, she even knew medicine.

Could it be that Freya would become so strange, really just because she was too heavily stimulated?

"Freya, take the medicine." Kieran put away his surveying eyes and said indifferently to Regina.

"Kieran, I really don't want to take it! This medicine is really bitter! I hate taking medicine!" Regina wrinkled her face bitterly, with a look of waiting for pity.

"You hate medicine?" Kiki made a surprised face, "Freya, I remember you used to be the least worried about taking medicine!"

"You are a medicine practitioner, you probably deal with herbs all the time, no matter how bitter the medicine is, you can drink it, how come you suddenly hate taking medicine now?"

The smile on Regina's face instantly froze, and when she saw Kieran frowning slightly, she spat her tongue playfully.

"Kiki, you're so insensible! I don't hate taking medicine in front of you, but Kieran is my husband, I want to spill my guts in front of him. Why can't you see my heart?!"

Kiki let out a dry laugh, "Well, it's me who is insensible, I thought you had suddenly changed your nature!"

The smile on Regina's face gradually became natural, and she gave Kiki a sorrowful glance, "I was hoping to take advantage of Kieran, but now my plan has gone down the drain! Forget it, I don't want the kiss, I'll take the medicine now!"

With that, Regina drank the big bowl full of sticky medicine in one go.

She really hated taking this bitter medicine, and after taking it, she felt her tongue was so bitter that it went numb, but she still tried to pull out a smile in order to act as if she didn't hate taking medicine.

She hugged Kieran's arm, "Kieran, now that you know the truth that I don't hate taking medicine, how am I going to be able to pamper in front of you in the future? Will you not even be willing to kiss me in the future?!"

"Everyone says that if a man won't even kiss a woman, then he must not love her anymore! Kieran, you don't love me anymore!"

Kieran's eyes were unfathomable, "How could that be? Freya, no matter what you have become, my feelings for you are always the same."

Kiki didn't say anything, except that the eyes on Regina had a hint of probing.

Just now she was talking nonsense, in fact, Freya hated taking medicine the most, especially this kind of sticky medicine, she used to have to wait for several minutes after taking it, how could she raise such a bright smile?!
