

Talented 1051

Chapter 1051

“Kiki, does Quinn know you have come back?” Regina looked at her with a concerned face, saying “Have you met Quinn?”

“Yes.” Her heart started to twinge again when she thought of the image she had just seen at the entrance of Quinn’s villa, “He should be getting married soon, it’s quite good.”

“Kiki, Quinn is really too much! You’ve only been gone for a short time, and he’s already with another woman!”

Regina looked like she was upset for Kiki, “Actually, I knew he was with Leah ages ago, I saw him and Leah making out with each other with my own eyes. Ugh, the picture of the two of them being intimate is unbearable!”

“There are so many men under the sky, why did Leah fixate on Quinn! Now she and Quinn are getting married, what are you going to do?”

Regina clutched Kiki’s hand and asked with great affection, “Kiki, do you still want to go back to Quinn? I know you like him and want to be with him, but he is no longer the previous Quinn. He’s now another woman’s boyfriend and the father of the baby inside her belly.”

Thinking of the picture released online of Quinn holding Leah tightly and Leah gently stroking her belly, Kiki’s heart ached more and more.

She couldn’t let go of Quinn, she wanted to grow old with him, but she didn’t want to break up his and Leah’s relationship.

“Quinn and I ...” Kiki’s eyes went blur, “Our feeling is in the past.”

“Actually, I’m quite happy for Quinn now that he’s doing so well. During the time of my fake death, I was really afraid that he would do something stupid because he couldn’t think straight, but now that I see him doing better and better, I don’t have to worry about him anymore.”

“Quinn has found the happiness that is truly his and I will continue my life well. Freya, I want to live well and live my best life with or without a man by my side.”

“Kiki, can you really get over Quinn?” Regina looked at Kiki worriedly and asked, “He is your husband, you are still legally married now, do you really want to give him up to Leah?”

“Freya, when two people are together, they need not only that piece of paper, they need to be loyal and true to each other. If he has already given his heart to someone else, there is no point in me wanting that piece of paper.”

“Kiki, are you planning to divorce Quinn?!” Regina’s face still had concern written all over it, but her heart was full of gloating.

If Kiki divorced Quinn, it would be as easy as crushing an ant if she wanted to crush Kiki!

“Everything thought I am dead, so he did not need to divorce me. But now that I’m back, if he wants to marry Leah, he will definitely have to divorce me first.” Kiki said truthfully.

“Kiki, if you divorce Quinn, it’s really good for that shameless woman!”

Kiki was stunned. Freya she knew would not move to call others shameless or anything.

She did not pay too much attention to it, but said, “So what? Should I pester Quinn and tell Leah to abort her child? Freya, you know I can’t do that.”

“I’ve already lost two children, and I know how desperate it is for a mother to lose her child, so I won’t inflict this pain on others. It’s nice that the three of them are so happy, although, I’m quite sad inside.”

“But ...”

Before Regina could finish her sentence, Quinn rushed in like a gust of wind, seeing the person he had longed for in front of him, his body shaking uncontrollably out of excitement.

He stepped forward and hugged Kiki with such force that it seemed like he wanted to embed her inside his body.

“Kiki ...”

He was like a child who could not find his way home, and Kiki was the only signpost in this vast world.

“Kiki ...”

Quinn gently called out to Kiki again, at this moment, he could clearly feel the temperature of her body, but he still felt like he was dreaming.

He didn’t dare to let go, he was afraid that once he let go, Kiki in his arms would float away from his life like a gust of wind.

“Kiki, is that you? You’re back, aren’t you? Kiki, you’re alive! Kiki, my Kiki ...”

Quinn’s low murmur caused Kiki to wake up abruptly.

He had hugged her.

And she, who had already decided to divorce him, still couldn’t restrain herself from craving the warmth of his embrace.

She wanted to snuggle up to him like this for the rest of her life.

But Kiki knew in her heart that she could not.

Even if he still had her in his heart, there was Leah between them, and they could never go back to what they once were.

“Quinn, let go of me!” Kiki pushed her hands hard, but she couldn’t break Quinn’s embrace.

After several attempts, she was still unable to break free, so she couldn’t help but feel anxious, “Quinn, let go of me! Let go of me! I have something to say to you!”

“I won’t let go! Not even to death!” Quinn stubbornly hugged Kiki tighter, “Kiki, in this lifetime, you will never leave me again.”

Quinn’s force was so strong that the wounds on Kiki’s body started to hurt again.

She let out a low cry of pain, and her forehead was instantly covered with fine beads of sweat.

Seeing her like this, Quinn realised that she had injuries on her body, and that he must have pulled the wounds on her body with such a strong force just now.

“Kiki, you’re hurt, right? Let me see the wound on your body!”

Quinn let go of Kiki and was about to check the wounds on her body in a panic when he thought that Kieran was still inside the room, before he stopped moving his hands.

“Kiki, let’s go to the hospital! Let’s go to the hospital to properly check the injuries on your body, okay?”

Kiki suddenly felt sad in her heart, she thought, when he came to her, he would say that he would take her home, but she didn’t expect that what he said, was to go to the hospital.

Yes, that place that carried countless good memories of them was no longer her home.

There, it was now his and Leah’s love nest.

Kiki broke away his hand that landed on her body, “Quinn, it is not your turn to worry about me. I think we should have a talk.”

Without waiting for Quinn to speak, she added, “Quinn, let’s divorce!”

Chapter 1052

“Kiki, what did you say?!”

Quinn abruptly rounded his eyes, all the light in his eyes shattered in an instant, “Kiki, I’m not getting a divorce! I won’t get a divorce! I won’t!”

“Kiki, do you know how sad I was when I thought you were dead? During the time you were away, my heart died along with you, and now, I’ve managed to get you back, and you want to divorce me!”

“Kiki, you’re so cruel to me!”

She was cruel?

Kiki smiled coldly and astringently, she really wanted to ask, “Quinn, who is cruel?”

During those times when she didn’t see the light of day, he was her greatest support to survive. In fact, under the torture of Anna and Flynn, there were several times when she felt that she couldn’t hold on anymore.

In that situation, living was harder and more desperate than dying.

But because she was afraid that it would be hard for him to live alone in the world, she swallowed all the pain and gritted her teeth and survived.

And what did she live for?

It was only to see that he had a new love!

He might still love her, even more than Leah, but there were things that, since he had done them, he should take responsibility, take up the responsibility for Leah and the child in her womb.

“Quinn, it’s not that I’m being cruel to you, but, between us, we really can’t go on.”

“Can’t go on? Why can’t we go on?” Quinn asked, “Kiki, we love each other, how come we can’t continue?”

“How can we not go on!”

Thinking of something, Quinn’s handsome face was filled with panic, “Kiki, you don’t love me anymore, do you? But even if you don’t love me anymore, I won’t divorce you!”

“Kiki, you said you loved me, since you loved me, even if you don’t love me now, you will still fall in love with me again. Kiki, don’t divorce me, give me a chance to fall in love with me again, okay?”

“Quinn, the problem between us is not me, it’s you.” Kiki’s face was written with exhaustion, “Quinn, I saw you and Leah. You guys got together a long time ago, and the media are saying that you’re having marriage.”

“Fuck her! No!”

Quinn stubbornly took Kiki into his arms, “Kiki, I only want you! Just you!”

Quinn was just about to say something else, but his mobile phone suddenly rang sharply, he didn’t even look at the caller ID, he grumpily grabbed the phone and picked it up, “What’s up?!”

“Quinn, can you come over here? My stomach hurts ...”

What came from inside the phone was Leah’s pitiful voice. Kiki really didn’t have a special hobby of eavesdropping on people talking on the phone, but Quinn’s phone was just too close to her, it was hard for her to not hear it.

Kiki closed her eyes heavily and slowly opened them again!

Kiki wanted to divorce him, so Quinn was already on the verge of going crazy, and now that he heard Leah’s voice, he was even more agitated.

“Leah, you’re sick! Go see a doctor for your stomach pain, what’s the use of calling me?!”

“Quinn, my stomach really hurts ... can you come over and take a look at me? I really need you right now ...”

“Get lost! Don’t ever appear in front of me again!”

After saying this, Quinn hung up the phone directly and desperately.

“Kiki, did you hear that? I’ve already told Leah to not appear in front of me in the future! There’s nothing between her and me. Forgive me, don’t divorce me, okay?”

"I know, outside the villa, you saw me and Leah hugging, you were upset. I apologise, I made my Kiki sad, I am sorry! Kiki, give me one more chance, okay?"

"Quinn, you'd better go and see Leah, she needs you now." Kiki turned around, not wanting to see Quinn's affectionate eyes again, she was afraid, she would not be able to restrain herself from jumping into his arms, even if he had gotten another woman pregnant, she still could not let go.

"No!"

Quinn tried to grab Kiki's hand, but she had long since walked outside the door.

He chased her out, "Kiki, don't try to push me to someone else! I only want you! In this life, in the next life, in all lifetimes, I only want you!"

Kiki limped towards the stairs. She knew that the way she was walking at this moment must be particularly ugly, and she didn't want to show such an ugly side in front of Quinn, but she didn't want to face Quinn even more.

Seeing Kiki limping, Quinn felt his heart broke with pain.

He blamed himself even more. He quickly went after her and tried to hold her up, even if he had to be her crutch.

Before he could hold Kiki, the door to the living room was violently pushed open and Christ rushed in, smashing his fist hard into his face.

"Quinn!"

Seeing Quinn being hit, Kiki was nervous, but thinking of Leah, she didn't walk up.

Now, on his marriage certificate, although her name was still printed, that name, however, would soon be changed.

Kiki glanced deeply at Quinn, she turned around and walked quickly towards the outside of the villa.

The sky and the earth were vast, once, she thought that where there was Quinn, was her home, but now, she just wanted to get away from him.

"Kiki!"

Quinn saw that Kiki had gone, he was about to chase after her, but then Christ swung over with another fist, his attack was so dense that Quinn couldn't pull himself away for a moment, he could only watch as she got further and further away from him.

As soon as Kiki arrived outside the villa, her mobile phone rang.

The person calling her was an unknown number.

Her eyebrows knitted gently, but after a moment, she picked up the phone.

As soon as the call was answered, Leah's cautious voice came from inside.

"Is this Kiki?"

“Yes.” Kiki answered indifferently, she knew that the person calling her was Leah, because this voice was exactly the same as the voice she had just heard in Quinn’s phone.

She didn’t expect that this Leah would be so capable, she had only just met Quinn and she had already found her door.

“What do you want from me?”

“Kiki, can I call you Kiki?”

Kiki’s brows knitted.

She could understand that Quinn had a new love, but to find such a bitch, his vision was too bad!

When she thought that he had forgotten her in the blink of an eye because of such a bitch, Kiki was so angry!

She was so angry that she didn’t want to talk to him anymore!

“Whatever.”

Leah was oblivious to Kiki’s coldness as she continued to speak warmly, “Kiki, I’m really happy that you’re still alive!”

“Get to the point!”

Leah was choked, and she stopped beating around the bush, “Kiki, you should have seen the news, I’m pregnant with Quinn’s child, I hope you can agree Quinn to be with me.”

Chapter 1053

Hearing Leah’s words, the smile at the corner of Kiki’s lips grew colder.

Originally, Kiki had come back from her trek to see that Quinn had another new lover by his side, and she had wanted to take the initiative to quit, but now, she suddenly didn’t want to let Leah have such a good time.

Leah waited for a long time, but did not get a response from Kiki, so she could not help but feel anxious, “Kiki, what exactly do you mean? I already have Quinn’s child, is it possible that you still want to pester Quinn?”

“Kiki, I know you were in a relationship with Quinn before, but it’s already in the past. Now, Quinn is my man, is the father of my child inside my belly, I’m begging you, stop pestering him, okay?”

She finally showed her true colors.

Kiki was not interested, she thought that Leah could pretend to be gentle and modest for a while longer!

“Leah, you shouldn’t have called me.”

“Kiki, what do you mean by that?” Leah asked in confusion, “Quinn and I are genuinely in love with each other, I really hope you can agree that we are together! Just for the sake of the baby inside my belly, please!”

“Leah, since you and Quinn are genuinely in love, do you still need me to agree?” Kiki smiled wildly, but there was no trace of warmth in her voice, “Leah, since Quinn loves you so much, he naturally will divorce me of his own accord!”

Leah, “...” If Quinn was willing to divorce her, she would not need to make this call!

Leah was breathless at Kiki’s words, but she still had to maintain the arrogance of Quinn’s new love and could not let Kiki look down on her.

She took a strong breath before regaining her voice, “Kiki, Quinn truly loves me, otherwise he wouldn’t have let me carry his child. But he didn’t expect you to come back, he’s a nostalgic person, and with you coming back all of a sudden, he couldn’t bear to break your heart by taking the initiative to propose a divorce to you.”

“Kiki, I know that you have Quinn in your heart, if you truly love him, you shouldn’t make things difficult for him. Kiki, will you take the initiative to divorce him?”

“Leah, what are you afraid of? Afraid that Quinn won’t be responsible for the child inside your belly, or, inside your belly, there’s nothing at all?”

At this, Leah’s face instantly changed drastically.

Quietly feeling Leah’s sudden heavy breathing on the other end of the phone, Kiki was also more certain of her suspicions.

After suffering so much, the first thing she saw was Quinn hugging and passionately kissing another woman, so much so that her brain was in chaos and she had lost the ability to think.

Now that she had calmed down, her mind was also instantly clearer.

She and Quinn had been together through so many storms, she should have trusted him.

It was as if, he believed in her unconditionally.

The Quinn she loved so much could not have had another new love and gotten that woman pregnant in less than six months after she left.

Some of the reports on the internet were mostly fake and taking things out of context, and she had suffered from them before, those news, they could not be taken as true.

“Kiki, what do you mean by that? The media has already reported that I am pregnant with Quinn’s child, how can there be nothing inside my stomach? Only after a long, long time did Leah say with a big gasp.

“Quinn hasn’t even touched you, how can you be pregnant with his child?!” Kiki laughed.

“How would you know?!” Leah’s face changed greatly, “No! Kiki, what do you mean by that? Quinn and I have been together for so long, how could he not have touched me!”

“You don’t know how intense it was when Quinn and I were together!”

Kiki ignored Leah’s nonsense shouting again, she just casually said a few words and swindled out the truth.

Quinn really did not touch Leah.

However, even if he did not have a relationship with Leah, but he was happy to receive her throwing arms around him!

When she thought of the way he and Leah were glued together in front of the villa in the morning, Kiki was angry again.

She was just about to stop a taxi at the intersection to check out the flat where she lived before, but a big red car pulled up in front of her.

Paige opened the door and got out of the car.

Seeing the living Kiki in front of her, Paige shed tears.

“Kiki, is it really you? Kiki, you’re still alive, it’s wonderful!”

Paige hugged Kiki very, very tightly as she glanced at the open door of the Kelsington Bay Villa, “Quinn is inside, isn’t he?!”

Seeing Kiki nodding, she pulled her to the car, “Kiki, come with me! I’ll hide you, so he can’t find you and he’ll be anxious!”

As she said that, Paige had already gotten into the car, speeding along, with an eager look.

As she listened to Paige’s accusations against Quinn, the corners of Kiki’s lips could not be controlled to rise.

Her mother-in-law was so cute.

She became less angry.

Kiki felt very warm.

Perhaps it would be good to listen to her mother-in-law and chill out on Quinn for a bit.

Sitting in Paige’s car, Kiki felt relieved.

The only thing that made her heart feel a bit bad was that she felt that the one inside Kelsington Bay did not look like the real Freya.

But if she was not Freya, then where had the real Freya gone?

Who could be so powerful as to create an identical Freya?

The more she thought about it, the more Kiki’s head ached. She really hoped that she was overthinking it and that Freya would become so strange, just because she had experienced the loss of her son and her personality had changed so much that she hadn’t eased up.

However, when there was doubt, she had to look into it.

After Kiki left, Quinn and Christ continued to fight.

During the time when Kiki was taken away by Flynn, Christ was so preoccupied with tracking her down that he didn't pay attention to what was happening on the internet.

Today, when he was free to surf the internet, he realised that during this period of time what Quinn had done.

Spending the night with an eighteenth-tier actress and getting married? What did he take Kiki for?

When he thought of the torture Kiki had been subjected to during this period of time, he really wanted to beat up Quinn.

Quinn was not happy about the fact that he had received several punches from Christ for no apparent reason, and neither of them had any advantage after a vicious battle.

"Christ, are you sick!"

"It's you who's sick!" Christ's aura was biting and murderous, "You unfaithful, Kiki was blind to fall in love with you!"

Chapter 1054

"Christ, who are you calling unfaithful? With whom did I fall in love?!"

Seeing that Quinn still denied it, Christ was even more upset, "Quinn, you're still pretending, aren't you? You've knocked up someone else's belly, what should Kiki do?"

"Do you know what Kiki has been through all this time? Her life was worse than death! You were the only one that kept her alive, and she survived through all the hardships, but you have a new lover in your arms!"

"What belly got knocked up?" Quinn was dumbfounded, "Who could I have knocked up?!"

Christ laughed coldly, "Quinn, you're really addicted to pretending to be innocent! Don't tell me you don't know who you've slept with!"

Hearing Christ's words, Quinn was even more confused.

Years ago, he had indeed had a chaotic life, but after being with Kiki, he had never really touched another woman.

Quinn looked for help at Kieran who was watching the drama with cold eyes, "Kieran, who have been knocked up by me?"

Influenced by Freya, Kieran now firmly hated this kind of scum behaviour of Quinn.

He gave Quinn a disgusted look, "Don't tell me you didn't watch the news! You and Leah are about to get married, so who you have knocked up?! Christ?!"

Quinn, "..."

Christ, "..."

From Kieran's words, Quinn had finally figured out the general picture of the matter.

Christ rushed over and fought with him, was because he had mistakenly thought that he had knocked up Leah's belly.

Moreover, it seemed that there were all false news on the internet!

Quinn hurriedly took out his phone and swiped the news.

During the recent period, Quinn was so immersed in the pain of losing Kiki that he hadn't really paid attention to any recent news.

Seeing the news about him and Leah all over the internet, Quinn was so shocked that his jaw was about to fall off.

This was really a big misunderstanding!

If Kiki had also seen these news ...

Quinn was so anxious that his hands and feet were chilled, no, Kiki had already seen these news! Otherwise, she wouldn't have been so determined to file for divorce from him!

What had he done to make his beloved girl so upset!

Thinking of something, Quinn grabbed Christ's lapel, "Christ, you know where Kiki has been during this period of time, don't you? What exactly has she gone through?!"

"Flynn has captured Kiki." Christ answered truthfully, "He created the illusion that Kiki had died, just to get your family to stay out of it so he could torture her wantonly."

Quinn's body trembled. His guess was right, indeed, that person had made him believe that Kiki was dead in order to torture her with impunity.

Thinking of Kiki's limping appearance as she walked, Quinn couldn't even breathe as he gripped his heart hard, "She's hurt badly, isn't she?"

"The doctor said that there are injuries all over her body, almost everywhere deep to the bone." Thinking of the doctor's words, Christ felt his heart choked, after all, he was still late in going there, leaving her to suffer so much pain.

"Covered in wounds ..."

Quinn murmured lowly over and over again, his magnificent body, at this moment, was actually unable to stand.

He gripped the sofa on the side with force, and his body still could not control the slide.

Her Kiki was so good and so nice, how could she suffer so much!

When she was at her most helpless and desperate, she must have expected him to appear in front of her and save her from her misery, but he couldn't do anything for her!

"Where is Flynn? I'll kill him!"

Quinn had completely lost his mind, he roared, "Christ, you knew Kiki was still alive, why didn't you tell me?!"

"Quinn, I didn't tell you because I wanted her to live."

Quinn did not continue with his hysteria, he knew that Christ was not a small-minded person, he had hidden the truth that Kiki was still alive in order to keep Kiki alive.

He could not blame Christ, he could only blame himself.

How could he be so stupid as to decide that it was Kiki's corpse? He was simply blind!

"Kiki ... I'm going to find Kiki"

Quinn ran out frantically like a madman, he could not restrain his heart from twisting like a knife when he thought of the torture Kiki had suffered.

When he thought of the scandal that he and Leah had spread all over the world, he hated himself even more.

In fact, the fact that his and Leah's gossip would be spread so passionately was, in the final analysis, because of him.

During the time he thought Kiki had died, he was as mad as hell, and countless times, he wanted to die with her.

After he failed to burn himself with her ashes in his arms, he did not seek death again, but his heart, however, still could not live.

He was truly mad, he missed Kiki, she was not by his side, but he felt that everything around him was like her.

Countless times when he was walking down the street, he felt that Kiki was right in front of him, and when he saw a figure that looked like her, he went after her like a madman, only to find that it was not the person he had longed for.

That was how he met Leah on the street.

Leah looked like Kiki, and especially when she had her head lowered and did not speak.

Because she was so much like Kiki, he did not reject her deliberate approach.

Of course, he didn't do anything with her. He sometimes just stared at her in a daze, looking for some trace of Kiki in her.

The photos taken by the press of him embracing her with a gentle smile were just his uncontrollable joy when he saw her at first glance after being drunk and thought she saw Kiki.

However, no matter how much it looked like, a fake was a fake, even if he was drunk as hell, he still knew that it was not his Kiki.

The only thing he didn't expect was that this Leah had taken the initiative to find the media to break the news that she was pregnant with his child and that the two were getting married, which had caused such a big misunderstanding.

Quinn frantically searched for Kiki on the road.

After being imprisoned by Caelan, Freya has never given up the idea of escaping.

But, after the maids brought her meals, they would immediately lock the door of the room, so she really couldn't get out.

After a few days, Freya was anxious. Just when she was at a loss, the door of her room was suddenly pushed open and a head peeked in playfully.

Chapter 1055

"Hello, Freya!"

The little girl looked like she was just coming of age, pleasing and cute.

In Caelan's territory, Freya did not dare to let her guard down, she moved her lips and asked wordlessly, "Who are you?"

The little girl could read her lips. She looked at Freya and spoke in a crisp voice, "I am Mabel Harper, my brother is Caelan."

The little girl's smile was particularly sweet.

But Mabel was not an ordinary little girl, she was the sister of a great devil, and the thought of her brother that great devil filled Freya with rejection towards her as well.

"What are you doing here?" Thinking of Alistair, whom she hadn't seen for almost half a month, Freya asked again in a rush with her lips, "Where have you hidden my child?!"

"Child?" Mabel seemed to be unaware of Alistair's existence as she cocked her head, "I haven't seen your child!"

"Give me back my child! Let me out of here!" Not being able to make a sound made people really agitated, and Freya felt that if she continued to be mute, she would really go crazy.

Mabel had an innocent smile, "Freya, I came here today to help you get out of here!"

She surveyed the surroundings and made sure that the guards around her had all been bewitched by her, she hurriedly entered Freya's room and said softly, "Freya, I don't know where your child has been hidden by my brother, but I can help you get out of here."

"My brother went out today, and the guards outside were all poisoned by me, so if you follow the path I point you to, you will be able to return to your families."

She could finally get out of here?!

Freya was so excited in her heart, but she didn't dare to trust Mabel so easily, and she asked her silently, "Why do you want to help me? You're Caelan's sister!"

“Freya, I’m my brother’s sister, but I won’t do anything bad.”

Mabel sincerely clutched Freya’s hand, “Freya, I’m sorry, I know my brother has done a lot of bad things to you, I apologise on behalf of my brother.”

“Freya, I don’t want my brother to continue doing bad things to harm people, I want to take you away from here!”

Mabel’s eyes were really sincere.

It was really hard not to believe her.

Moreover, Freya knew in her heart that no matter what Mabel’s true purpose was, today was her only chance to escape from Caelan’s clutches.

The worst thing she could do was to be recaptured by Caelan, in fact, she had nothing to lose.

“Freya, don’t hesitate any longer! Let’s hurry up and go! Do you really want to be imprisoned here by my brother for the rest of your life! Let’s go! When my brother comes back, you’ll never be able to leave!”

Without moving her lips, Freya directly proved to Mabel with her actions that she wanted to leave this place.

Seeing Freya take the first step and walk out, Mabel also hurriedly followed.

The little girl smiled with arched eyebrows, but when Freya could not see her, she abruptly pulled long her face, and those bright starry eyes instantly became gloomy.

“Freya, those bodyguards at the front door are too powerful, I wasn’t able to poison them, but we can go through the back door.”

Caelan bounced ahead of Freya as she pointed to the back door that was getting closer and closer to them, “Freya, behind this door, there is a wood, go through that wood and over a mountain, then you will reach Arkpool City. You will be able to go home soon.”

Going home.

She had dreamed of going home.

It had only been half a month since she had been imprisoned by Caelan, yet she felt as if she had already spent several lifetimes.

She didn’t want to go back to Kelsington Bay alone; she wanted to take her child with her.

But she knew in her heart that now was not the time to be capricious.

With her strength alone, she simply could not snatch Alistair away from Caelan. The best way was to find Kieran, so that he could snatch their child back.

She really missed his warm, strong embrace.

She didn’t know if he was holding Regina in his arms at this time.

She didn't want him to hug Regina.

She was actually very petty, she would be jealous if he hugged another woman.

Even taking hand would make her jealous.

"Freya, hurry up and go! My brother is really coming home soon!"

With that, Mabel pushed Freya out of the back door with force.

Freya only thought it was because Mabel was in such a hurry because she was afraid of being discovered, she didn't think much of it, she wordlessly said to her, Mabel, thank you, and ran quickly towards the front.

In fact, she had just given birth to her child, by definition, she should have to take care of her body, but being held captive, she had no desire to care for herself.

The winter wind was particularly cold, but fortunately, Freya wrapped herself up tightly.

The back door of Caelan's villa was not far from the woods there, so Freya jogged a few steps and reached the woods.

The temperature in the woods was obviously warmer than outside, and Freya's body was not that cold.

Freya was timid, and to be honest, even in broad daylight, walking alone in this kind of woods with lots of grass and trees was oddly creepy.

Luckily, it was winter and most of the trees' leaves were blown off by the cold wind, so it wasn't as scary as the summer when the leaves were thick and shaded by the sun.

In fact, there was an advantage in winter. There are fewer birds and insects in the forest, so she didn't have to worry about being bitten by all sorts of insects.

More importantly, snakes hibernate in winter, so she didn't have to worry about a scary snake head suddenly dropping from a tree.

When Freya used to practise medicine in tropical countries, she often encountered snakes and was not so scared, but in the wilderness, it would still be scary if a person encountered a group of snakes.

In winter, everything is depressed, and the woods should be relatively quiet, but she didn't know if it was her illusion, she always felt that there were the cries of wild animals in front of her.

It was like a wolf.

Freya lowered her eyebrows and smiled, she was really paranoid. How can there be wolves in the woods at the edge of the city?

Unless someone was raising them!

Only Jacob would raise wolves in the woods, who else would bother to raise wolves in the forest?

She didn't need to scare herself, just go ahead with confidence.

As soon as this thought flashed through Freya's mind, a clear hissing sound of a beast reached her ears, and her body stiffened. It was the wolf howling.

And, that sound was very close to her, as if, it was right in front of her eyes!

Chapter 1056

This thought just flashed through Freya's mind, and in the next second, several wolves appeared in front of her.

When she met the several pairs of dark green eyes in front of her, Freya was directly stunned.

Caelan had really raised wolves in these woods!

If Jacob had raised wolves, at least there was a fence around it and someone was guarding it, so the wolves wouldn't rush out and hurt people at will.

Or rather, he was bloodthirsty by nature and treated human lives like grass, he kept these wolves here just to deliberately want to hurt other people's lives!

When he thought of Caelan's demonic face, Freya was scared. In this world, there are always people with twisted mentalities and strange hobbies, so maybe there are cameras somewhere in the forest that can capture the scene of the wolves hurting people for Caelan to enjoy!

That time when she was thrown into the wolf pen by Jacob, although Freya was panicked, she was not so desperate as she was at this moment.

Because, after all, the number of wolves she encountered that time was small, and, moreover, there were trees inside the wolf pen, with low branches, which were easier to climb.

And now, there were already five wolves in front of Freya's eyes, and there was no telling how many wolves there were deep in the jungle where she couldn't see!

What's more, although there were many trees in this forest, they were all trees with particularly high branches, and it was really difficult to climb them.

When those wolves saw Freya, they did not act immediately, but seeing the dark green light in their eyes, Freya knew that they had already taken her as their prey, and their lack of action was not because they intended to let her go, but to wait for the right moment to kill her.

Freya's legs were weak, she could barely move her feet. She knew in her heart that even if she wanted to escape from this situation, she would not be able to do so!

When she thought of Mabel's innocent, kind face, Freya shivered all over.

She had thought that Caelan's sister was some kind of innocent little angel, but now it seemed that she had a blacker heart than her brother's. She had deliberately lured her over to feed the wolves!

People are like that, as long as there is still a slight chance of survival, they will not give up easily.

Freya knew that she could not escape, but she gritted her teeth and turned around violently, rushing ahead regardless.

When they saw the food in their mouths and still dared to run, the wolves could not remain calm any longer, they hissed and leapt up from the ground, pouncing on Freya's body.

Freya was wearing a heavy cotton coat and her body was not that nimble, but she rolled over and dodged the wolves' attack.

However, there were too many of them and before she could catch her breath, another one lunged at her.

Freya was horrified and she scrambled to dodge, this time, she deftly rolled over, but her thick sleeves were still torn off by the wolves.

A cold chill swept through her exposed left arm, and when she looked at her sleeve, which had been thrown to the ground, Freya was horrified.

Fortunately, the wolf had just torn her sleeve, if it had been her arm, she would have become a cripple by now.

When the wolf saw that what it had torn off was only a piece of fabric, it could not help but roar furiously, followed by the rest of the wolves, as if they were discussing some countermeasures.

Freya moved back carefully, trying to get away from the danger, and the next the five wolves jumped on her.

If only one wolf had attacked, Freya would have been able to dodge it, but now that so many wolves were attacking together, she simply could not.

The sharp teeth of the wolves were like sharp blades, and as she saw the five wolves getting closer and closer to her, Freya was so frightened that she could not help but close her eyes.

Just when she thought she was about to have her neck snapped by the wolves, a loud whistle suddenly sounded in the forest, and the five wolves, who were originally fierce and vicious, instantly turned into courteous and crouched neatly under an old tree.

Not having her neck broken by the vicious wolves, Freya couldn't help but breathe a sigh of relief, but thinking of their ferocious appearance just now, she still had palpitations in her heart.

When she saw that the wolves were no longer chasing her, she hurriedly continued to run ahead.

However, before she could run a few steps, she saw Caelan standing a short distance ahead of her, along with several of his killers.

Obviously, that whistle sound just now was made by Caelan.

Mabel hurried over. When she saw that Freya was still alive, her pretty face was filled with surprise and a resentment that Freya could not read.

"Freya, you are lucky! You entered my forest and managed to survive for so long!" Caelan stepped forward as he stared at Freya with a smirk.

His demon lips were extraordinarily red in the sunlight, and his face was so tragically white that it was almost transparent, like an evil ghost condensed out of the forest.

“Caelan, let me out of here!”

Freya moved her lips, Caelan knew lip-speak, so she didn't need to make any gestures, she could just complain silently.

“Freya, I went to all the trouble to get you here, I'm sick to let you go!”

“Caelan, you were already sick!” Freya stared at Caelan with hatred, if her eyes could kill, she would have already killed him by a thousand cuts.

She continued to speak silently, “Caelan, where is Alistair? Give me back my Alistair! Kieran will not spare you!”

“Won't spare me?” Caelan laughed like a demon, “Then let's see if he has the ability to do so!”

Without waiting for Freya to speak, he added, “Freya, you're not expecting Kieran to save you, are you? Let me tell you, just give up your hope! Kieran would never care about your life!”

“No matter what you say, I won't believe you! I believe in Kieran, he will definitely find me!”

Staring at Freya's constantly shifting lips, Caelan suddenly gave a cold laugh.

When he wasn't smiling, he was like a vampire who wanted to drink human blood, indescribably terrifying, and when he smiled, he was like an ogre flying out of a sea of corpses and blood, even more creepy.

“Freya, just continue to deceive yourself! Now Kieran has a new love, how could he possibly think of you!”

With that, Caelan handed his phone to Freya.

A video had just been tapped on his phone, and the male and female protagonists in this video were Kieran and Regina.

This was a video taken at the entrance of the Kelsington Bay, in which Kieran was carefully holding Regina as he got out of the car, with a loving and caring look, as if she was the only treasure he cherished in his life.

Looking at Regina nestled in his arms, Freya's eyes could not help but feel sour.

Regina had taken up residence in Kelsington Bay!

He really thought of Regina as her!

Chapter 1057

Her eyes were unbearably astringent, and Freya forced herself not to let her tears fall down.

In front of Kieran, her tears were pearls, and he had to be heartbroken when her eyes were red.

But in front of Caelan, her tears were a joke.

If she were to shed tears in front of Caelan, he would be even more rampant and complacent.

How could she possibly do as he wished and satisfy his twisted mind when he made it so difficult for her!

“Does it make your heart happy to see your beloved man hugging another woman? Freya, I’ll kindly remind you once more, right now, in Kieran’s heart, Regina is the one in his heart!”

“Even if you, an ugly, walked up to him, he wouldn’t give you a second glance!”

“Oh, that’s not necessarily true! You look so different now, maybe you’ll catch his eye! But with your ugly look, I’m afraid he’d want to vomit just by looking at you!”

“Look at me, I really have no memory, I’ve already told you that you’re an ugly, and I still call you Freya, I really deserve a beating!”

With that, Caelan even slapped his face in a fierce manner.

Hearing the crisp slap sound, Freya was upset to the extreme.

This demon had deliberately come to humiliate her!

But she also had to admit that he was right, Kieran had already decided that the Regina after the plastic surgery was her, only that even if she appeared in front of him now, he would not be able to recognise her.

Perhaps, he would even think that she was ugly and that she had tarnished his eyes.

Freya subconsciously stroked her face for a moment, her current appearance was really strangely ugly, and in that room with mirrors everywhere, she didn’t even dare to open her eyes and look at the face inside the mirror.

What was even sadder was that not only was she ugly, she was also mute.

Seeing the pain and embarrassment that surged in Freya’s eyes, the smile on the corner of Caelan’s lips became even more wicked.

He just didn’t know why, seeing Kieran’s woman so upset, he wasn’t as happy as he thought he would be.

“You’re so ugly! Staring at you like that all the time makes me want to vomit!”

“You want to throw up and you still look at me, Caelan, you have such a heavy taste!” Freya moved her lips, she hid all the sadness in her eyes, raised her face and met Caelan’s eyes without showing any weakness, “Caelan, wait and see, even if I become ugly and mute, as long as I don’t die, one day I will make you pay!”

“Oh? Really?” Caelan laughed with a disdainful face, “I’ll see what happens!”

After saying this, he didn’t bother to continue talking nonsense to Freya, he raised his eyebrows and instructed his men to escort Freya back.

Freya’s eyes looked deeply into the mist in the distance, she really did not want to go back to that prison, but at this time, she simply had no other choice.

If she didn't go back, she would only be buried in the belly of the wolf. She wanted to live, she wanted to find her Alistair alive, to return to Kieran's side, to dismantle Regina, who had taken over her nest, in pieces!

At Caelan's command, the two assassins stepped forward and pressed Freya's shoulders.

Freya shook off their hands and moved her lips contemptuously, "I don't need you to grab me, I can walk by myself!"

The two assassins did not understand lip-speak and did not read her words, still holding on to her with a death grip. With a jerk of her arms to make herself less passive, she held her head high and took one step towards the outside of the forest.

Mabel's eyes, which had been falling on Freya's body, paled the moment Freya lifted her left arm.

On the inside of Freya's left arm, near her armpit, there was actually a heart-shaped birthmark the size of a thumbnail cap!

How could this be possible!

Mabel stared deadly at the bright red birthmark, her body shaking because of her shock and indignation.

How could Freya be that person!

She didn't want her to live, and if she was that person, then she couldn't live!

Mabel quietly glanced at Caelan and saw that he had not noticed the birthmark on Freya's inner arm, so she could not help but let out a long breath of relief.

In fact, even if her brother had seen the birthmark, he wouldn't have been able to recognise her, because back then, only she had seen the birthmark on the inside of her arm!

Today, she tricked Freya out, but she didn't expect her brother to rush back early and she didn't manage to get her killed! Next time, Freya wouldn't be so lucky!

After Freya was brought back to the villa, she was locked up inside that room again.

In order to prevent her from escaping, this time, the guards outside the room were several times more, and the glass under the windows had become more dense.

Back in this cage again, Freya felt very sad and upset.

She especially wanted to see Kieran now, to expose Regina's true face.

Regina hated her, and she hated the two little ones, and now that they thought she was her, she wondered what Regina, who was full of evil, would do to them!

She knew those two kids were smart, but no matter how smart they were, they were just two kids under six, how could they compete with an adult who was bad!

Freya was lying on the edge of the bed, wondering how she could avoid the large expanse of glass below her if she climbed down the sheets, but the door to the room was suddenly thrown open and Caelan walked in with a grim smile.

“Freya, you’re not being good.”

Caelan’s voice was particularly gentle, but the gentler he was, the more creepy Freya felt.

Freya didn’t want to show her fear in front of him, so she simply kept silent and didn’t bother to pay him any attention.

“No, I shouted wrong again, I should have called you ugly. Ugly, a woman who misbehaves is to be punished. How do you think I should punish you?”

Without waiting for Freya to say anything, he said to himself, “Ugly, you’re too ugly for me, but there are always old men with heavy tastes in this world, aren’t there? What do you say I help you find some old men with heavy tastes?”

“It’s been a long night, and you’ve been having a hard time with the lack of men, haven’t you? Don’t worry, I’m a very kind person, I’ll find some old men to satisfy you!”

“Okay!” Freya smiled carelessly, “I love old men! As long as it’s not you, even if it’s a male dog, I like it too! You can let them come! I’m looking forward to spending the night with someone! I’m grateful to you for bringing me someone!”

Caelan wrinkled his eyebrows, how dare this woman say that he was worse than a male dog?

When he thought of the unpleasant look of the male dog, Caelan’s eyes were filled with ruthlessness.

He stepped forward and grabbed Freya’s neck roughly, like a demon possessed, “Freya, what did you say? Say it again if you have the guts!”

“Caelan, let me correct you, you called me wrong again, I am not Freya, I am Ugly.” Freya moved her lips with difficulty, “Remember that in the future!”

How dare this woman tell him to remember?

Who gave her the nerve!

Caelan’s eyes were dark and uncertain, and he looked so vicious that he seemed to want to eat Freya alive.

Suddenly, he let go of Freya’s neck, and after a moment of silence, a syringe appeared in his hand like a trick.

“Freya, I’ve changed my mind.”

Chapter 1058

“An ugly monster like you, even old men won’t be able to lay their hands on you. I’m afraid they’ll be so disgusted by you that they’ll throw up and dirty my territory!”

Looking at the syringe in his hand, the expression on Caelan’s face grew more and more ruthless, “Ugly, in this world, only the syringe in my hand can lay its hands on you!”

Thinking about the horrible experience of Caelan sticking the needle in her face last time, Freya’s heart couldn’t help but tighten.

She did not want to experience that horrible and desperate experience again.

Because of that needle last time, she had already turned into an ugly and dumb person, and this time, what did Caelan want her to become?

“Freya, you’re a doctor, tell me, what is this good thing that I have inside this syringe?”

Looking at the syringe that was close at hand, Freya was panicked to the extreme, but she knew in her heart that no matter how scared she was now, she could not avoid what was coming, so why should she show her fear and let Caelan get away with it!

She continued to speak silently, “Caelan, I don’t know what’s inside this syringe, but no matter what’s inside, I’m not afraid!”

Caelan’s smile was cold and biting, “Not afraid? If you’re not afraid, then why are your hands shaking?”

With that, Caelan stabbed the needle into Freya’s left arm without a second thought.

A sharp pain swept Freya’s left arm in an instant, and just like last time, she could clearly feel that there were roots and such, emerging from her left arm, and seemingly trying to break through her flesh and send out branches.

She tried to look calm, but her face still scrunched up into a controlled frown from the pain.

Sure enough, when the pain wore off, her left arm was as unsightly as it could be, wrapped in red threads crisscrossed like tree roots.

Soon she realised something else was wrong. Her left arm, to her surprise, wouldn’t move!

“Ugly, what are you moving? No matter how you move, your arm is ruined!”

Caelan took a step forward, the tip of his nose almost pressed against Freya’s nose.

“Freya, this time it’s your left arm, if you run away again, next time it’ll be your right arm, then next time it’ll be both legs! When you can’t move your hands or legs, you won’t just be an ugly! You’ll be a cripple, a cripple that everyone hates! A cripple who can’t even take care of your own shit or piss!”

“So, from now on, you’ll be on your own!”

After saying this, Caelan let out a rampant laugh and headed outside the room.

Freya stared deadly at his back, hating so much that she almost gnashed her teeth.

She really hated Caelan, this demon, when he wanted to torture a person, he would not let that person die easily, but break his arms, trample on his dignity, and finally, when that person was already tortured to the point of not being able to be alive, then he would mercilessly crush him to death with one foot!

What a twist!

Naturally, she must still escape.

It was just that the consequences of this failed escape were so serious that she would have to think long and hard about her next escape.

She knew that Caelan was not teasing her, he would really make her a complete cripple!

If she couldn't move her arms and legs, if she couldn't even get out of bed, her life would be completely ruined!

She still had a lot of things to do, and she could not let her life be ruined by this demon's hands!

The drug that Caelan had injected into her was particularly strong and made her brain dizzy, and after thinking about it for a while, she lay down on the bed and fell into a deep sleep.

She had a very sad and upsetting dream, she dreamt of Kieran and Regina.

Kieran was holding Regina, tenderly and lovingly, and he gave her all the tenderness he had ever given her.

They were kissing in the moonlight, a charming image that made her eyes hurt and her heart hurt even more.

She didn't want to see them that close, and she rushed forward like mad to stop them, but her mouth could not even utter a syllable.

She could only watch as they kissed and then did the most intimate things between a man and a woman.

Finally, Kieran let go of Regina and noticed her.

She scrambled her hands and gestured at him, she wanted to tell him that she was Freya and that Regina was a fake!

But no matter how hard she gestured, he ignored her, and in his heart and eyes, he could only see Regina.

She was so desperate that she grabbed his hand and shook it hard, she kept moving her lips, trying to communicate with him.

Finally, his eyes fell on her, and she thought that she would finally have a chance to reveal Regina's true colours, but the next moment, he kicked her off unceremoniously.

"Ugly, get lost!"

Freya jerked awake from her sleep, in her dream, Kieran kicked her in the heart, and after she woke up from her dream, her heart still hurt like a knife cutting.

She really didn't feel much when Caelan called her ugly, but that cry from Kieran in the dream made her so sad that her heart and soul split.

In the past, she had always thought that she would just have to escape from Caelan's clutches and go to his side.

Now, she couldn't control her panic; even if she appeared in front of him, he wouldn't recognise her in her current state.

He would just think of her as a disgustingly ugly monster.

“Kieran, I am not an ugly monster ...” Freya muttered in her mind over and over again, but, when she lifted her face and looked at her ugly self inside the mirror, she could not continue to hypnotize herself.

This face was getting ugly, even she herself felt disgusted, how could he not be disgusted!

So ugly!

It made her cry!

Freya thought she would lose sleep after having such a sad dream, but she fell into a deep sleep again.

In her daze, she had another very strange dream.

The one in the dream looked like she was only five or six years old.

She looked very different from her present appearance when she was a child, but she did look a bit like Jayla, with baby fat, like two pieces of candy stuffed inside her cheeks.

She was in a small remote village, and beside her, there were many kids.

Some about her age, others waiting to be fed, and all around her there was a mess, but she could clearly hear someone calling her Freya.

And she was lying on her back in front of a young boy who was covered in blood and dying, shouting over and over again, “Caelan, wake up! Wake up!”

The young boy looked just three or four years older than her, and when he heard her voice, he slowly opened his eyes.

His pupils were surrounded by a circle of enchanting red, his face was pale, but his lips were even brighter than the circle of enchanting red in his eyes.

He was just like Caelan when he was young!

Chapter 1059

Freya woke up from her dream for the second time tonight.

After waking up, her heart rose and fell violently and she couldn't calm down for a long time.

What kind of devilish odd dream was this!

She had dreamt of that devil Caelan!

Moreover, she had a head cramp and called him something like Caelan!

The corner of Freya's lips twitched as she silently recited this name in her heart, it was so damn disgusting!

If she had ever called out to Caelan like that, she would have torn her mouth open!

In the distance, the sky was already bright.

She had no idea what Kieran was doing under the same sky.

The thought that he might be tossing and turning with Regina in his arms, doing what she had just dreamt of, instantly got her upset.

She pressed her chest hard and murmured lowly in her heart, "Kieran, Regina is disguised as me now, it's hard to tell the real from the fake, you can't recognize it, and if you touched her, I won't blame you, let alone be angry with you."

"I'll just be sad."

Under the same sky, Kieran really didn't hold Regina tossing and turning repeatedly.

There had been too many moves by Caelan recently, plus he wanted to eliminate Caelan's forces, he had almost always spent the night in his study recently.

After the video conference in the evening, he lay down on the bed in the small bedroom inside the study directly.

Many things flashed through his mind, and he tiredly squeezed his temples to empty his mind and take a brief nap.

Tomorrow, it was going to be another battle, and he couldn't give Caelan any chance to breathe!

Kieran had always been a very light sleeper, and when he heard the door open near dawn, he slowly opened his eyes.

Even if he had only slept for two or three hours at night, when he opened his eyes, there was no decadence in his dark eyes, only an inscrutable look.

The one who pushed open the door and walked in was Regina.

Originally, she wanted to lie down under his blanket, but when she saw that he had opened his eyes, she flattened her mouth and stood beside the bed with a resigned expression.

"Kieran, why did you sleep in the study again tonight? You haven't slept in our room since I came back, do you hate me?"

Kieran got up from the bed, he patted her back soothingly, his eyes dense with tenderness that made Regina happy.

"Freya, how could I possibly hate you?"

"Then you even ignore me! Every night you leave me alone in my room! Kieran, you'll make me think that I'm not as attracted to you as the study."

"How could that be!" Kieran's voice became softer and softer, "Freya, it's not that I don't want to care about you, it's really because there are too many things going on this time. When I'm done with it, I'll keep you company every day."

The promise from Kieran made Regina's heart feel a lot more comfortable, but it had been so long, and they hadn't had a substantial relationship yet, so she was anxious.

She hooked her arms around Kieran's neck, and Regina's voice sounded pitiful as if she was girl who had been abandoned.

"Kieran, I can't sleep if you don't hold me, can you hold me and sleep?"

With that, Regina took off her shoes and got into bed.

Kieran stared at Regina's face, his eyes were deep, but his face was expressionless.

He glanced at the watch on his wrist, "It's getting late, I have to go to the airport. I'm going abroad to take care of some business, I'll be back in a week at the latest."

Facing Regina's expectant face, he gave her a gentle hug, "Take good care of your body, the doctor said that you had induced, so you can recuperate. Wait for me to come back."

After saying this, Kieran took a suit jacket from the wardrobe in the study, put it on, and walked downstairs.

Not sharing a bed with Kieran, Regina was overwhelmed with regret.

But when she thought of what he had just said, her heart warmed up again.

He had been sleeping in the study lately, not because he had noticed the difference and was deliberately distant from her, but because he thought she had been induced to give birth and needed to take rest, so he was hiding away from her, for fear he could not control himself.

The corners of Regina's lips couldn't help but rise as she thought this.

The warmth of his body heat was still lingering inside the blanket, and it seemed that the faint scent of grass could still be smelled.

Regina hugged the quilt tightly in her arms, sniffing the smell of it over and over again.

When he came back from abroad, she would have enough time to recuperate, and they would finally be able to put their relationship into practice.

How wonderful.

Regina had been alone in the big bed inside the room, with little sleep left, and now lying on this cot full of Kieran's scent, she drifted off to sleep.

When she woke up, it was already in the morning.

She stretched out contentedly, got out of bed, washed up briefly and then went downstairs to find something to eat.

As soon as she came downstairs, she saw Jaden and Jayla sitting on the sofa in the living room. She then remembered that today was Saturday and these two little kids didn't have to go to school.

"Mommy, you're up!" As soon as she saw Regina, Jayla greeted her with a sweet smile.

"Mommy, good morning." Jaden also greeted her.

"Jaden, Jayla, you're up early!"

“It’s not that we’re up early, it’s that you are up late! You are a big lazybug.” Jayla stepped forward and hugged her arm with a smile, “Mommy, I’ve learnt a delicious dish today, I’ll make it for you later, okay?”

“Mommy, I’m really good, I’ll be the best chef in the future! Mommy, wait, I’m going to cook for you right now!”

With that, Jayla jumped and ran towards the kitchen.

Looking at Jayla’s cheerful back, the corners of Regina’s lips couldn’t restrain themselves from rising with glee.

So what if these two kids hated her and wanted to kill her! Now that she had a new face, they were still trying to please her!

There was still a lot of time for that!

What a treat!

Jayla was quite efficient, and soon she came out of the kitchen with a big plate of vegetables.

Originally, Regina was expecting to be served by Jayla, but when she saw what was inside the plate, the smile on her lips froze.

What the hell was this black, burnt thing? Was it dog shit?

“Mommy, this is the breakfast I made for you, try it!”

Jayla thoughtfully placed this plate of black, unknown things in front of Regina, and also prepared a knife and fork for her.

“Mommy, try it, I’m so good at it! It’s delicious!”

“Jayla, what is this? Is this really edible?” Regina asked softly, resisting the urge to collapse.

“Mommy, do you dislike my cooking? You didn’t used to be like this! No matter how ugly my cooking was, you used to eat it all and praise me for my good cooking! Mommy, you’ve become so strange!”

Chapter 1060

Jayla sucked her nose pitifully, “Mommy, do you not like me anymore?”

Regina, “I ...”

She really didn’t like these two little brats, but in this situation now, could she say she didn’t like them?!

“How could I!” Regina tried to pull out a loving and gentle smile as she reached out her hand and gently rubbed Jayla’s head, “I love my baby the most! My baby’s cooking is the best in the world!”

Hearing these words from Regina, Jayla smiled.

Seeing the way Jayla had tears in the corners of her eyes, but the corners of her lips were trying to lift up, she roughly guessed that Freya had eaten Jayla’s strange meals a lot in the past, and after gritting

her teeth and eating them, she still couldn't hurt her heart, no matter how unpalatable they were, she had to praise Jayla.

Since this was Jayla and Freya's usual routine, if she didn't eat it, these two little kids were so smart that they would definitely suspect her identity.

Regina learnt her lesson, she took a look at the plate of dishes that were harder than shit to swallow in front of her, picked up her chopsticks and ate several bites in quick succession.

The more she ate, the more her face twisted. What kind of kitchen killer was Jayla?

It stank and smelled like urine, it didn't look like it was fried in a wok, it looked like it was dug out of a latrine!

When she thought of how Freya's poor stomach had been poisoned by Jayla almost every day, Regina suddenly felt a bit sorry for her.

"Mommy, is it good?"

Jayla blinked her big eyes and stared at Regina with immense anticipation as she asked.

"Yeah, yeah!" Regina burped, forcibly suppressing the urge to vomit.

For the sake of Kieran, she could endure anything!

These two little kids are nothing! Sooner or later, she'd have to take them down a notch!

"Mommy, eat more if it's good!" Jayla thoughtfully put another piece of vegetable into Regina's bowl, "I've made another dish, you have to eat it all too!"

Regina gritted her teeth to eat the dish in front of her was already killing her, if she had another plate, she would die!

"No need, one plate is enough for me. Jayla, you and Jaden are growing up, so you should eat more too!"

Regina decided to give Jayla a taste of how awful her own cooking was. If she knew she was bad at it, maybe her stomach wouldn't have to be poisoned by her in the future, otherwise she'd be hopeless if she had to eat such awful food every day!

"Mommy, I made this breakfast for you with love! Mommy, if you don't eat it, I will be really sad! I will cry!"

Jayla blinked her eyes pitifully.

"Jayla, I will eat, I will eat it all."

Regina was afraid that she would accidentally reveal herself, so she could only continue to compromise.

Jayla became happy to hear that..

"Mommy, you have to eat more! If you eat more, you'll be able to give daddy another baby sooner! Mommy, my brother and I are still waiting for you to give us a bunch of siblings!"

Regina had been so frustrated eating such awful food, but hearing Jayla's words made her feel much better.

It felt so good to be urged to have sex with Kieran, she wouldn't let these two little brats down!

Even if her womb was severely damaged, she would find a way to give Kieran a son or daughter, in that way, her position would be more secure!

Regina always chewed slowly and ate a simple meal that took half an hour.

But this time, she swallowed two plates of food in a few minutes, it was really something so unpalatable that if she tasted it slowly, it would have to poison her to death!

After eating the two plates of food, Regina's stomach couldn't control the churning, she felt that the contents of her stomach were already blocked up to her throat, but she couldn't throw up, it was as uncomfortable as it could be.

Regina wanted to induce vomiting, which might be more comfortable.

Of course she couldn't do it in front of the two kids, she had to do it behind closed doors and in secret.

After drinking a large glass of lemonade in one gulp, she was just about to go back to her room, but Jayla gently tugged on the corner of her coat.

"Mommy, does the wound on your back still hurt?"

What back injury?

Freya's back was hurt?

Regina was dumbfounded inside, but she didn't show the slightest hint of a flaw on her face, she gently lowered her eyes and gave a faint smile, "It's fine."

Jayla was a natural born drama queen, her eyes turned red again in an instant, "Mommy, I'm sorry, it's all my fault! If it wasn't for saving me, your back wouldn't have been so badly injured!"

Regina didn't move a muscle, quietly listening to Jayla continue to finish her sentence.

"Mommy, I will never forget that day when you were poured with acid on your back by a bad man in order to save me!"

"That bad guy was so bad! I was so little and so cute, and he tried to disfigure me! If you hadn't defended me against all odds, my face would have been ruined by now!"

"Mommy, I know you must be in pain, don't worry, I will be good and listen to you from now on and be the best baby in the world!"

"Jayla, don't be sad, I am not afraid of the pain, as long as you're okay."

Regina's face did not change, but in her heart, it was filled with disgust.

Caelan had injected her with some kind of medicine to fake her induced labour, and a few days ago, even her belly had loosened up a bit.

However, even though Caelan had done a lot of calculations, he had not calculated that Freya had been poured with acid on her back in order to save Jayla some time ago.

In order to replace Freya and stay by Kieran's side, she was willing to suffer anything.

But pouring acid all over her back was no joke.

It would take half a person's life!

But no matter how much it hurt, the acid had to be paid!

Within half a month, she would definitely have to settle her relationship with Kieran, and there was no way he wouldn't know about Freya's rescue of Jayla from the acid.

This time, she really had to be grateful to Jayla for revealing such important information to her, so that she could prepare in advance.

Regina hugged Jayla tightly, "Jayla, I suddenly feel sick, I'll go to my room to rest, you and brother be good today!"

After Regina walked up the stairs, the innocence on Jayla's face was swept away, replaced by an indescribable gloom and disgust.

She came up to Jaden and lowered her voice to ask, "Brother, do you think she will really throw acid on her back? How painful that must be!"
