

Talented 1261

Chapter 1261

“Kieran!”

“Kieran!”

Freya was taken aback by the situation, how could she have imagined that Kieran, who was always so strong, would suddenly collapse to the ground.

It was then that she also suddenly remembered that just now, on his exposed arm, there were frightening scars.

When Fabian saw Kieran fall motionless on the ground, he was straight away so anxious that his eyes turned red.

He stepped forward and hugged Kieran with all his might, “Kieran, I’ve said that you can’t move around in your current condition! You don’t want to die, do you!”

The more Fabian said, the angrier he became, and the angrier he became, the sadder he became, wiping his eyes in grievance.

Freya half crouched down, she quickly took Kieran’s pulse, when her finger landed on his wrist, her heart could not restrain from beating wildly.

An overwhelming heartache ensued, quickly sweeping her entire heart away and leaving her almost breathless.

His pulse was weak!

He was so weak, and just now, he had recklessly embraced her in his arms, was he stupid!

“Kieran!”

Freya let go of Kieran’s wrist and she flung herself into his arms with force, her tears falling, “Kieran, what the hell is wrong with you? How did you get so badly injured?”

Freya did not have the tools to treat her injuries on hand, however, Jonathan knew about Kieran’s injuries and he had the foresight to bring her medicine chest.

When she lifted Kieran’s sleeve and saw the almost bloody bruises on his arm, she could no longer restrain herself from sobbing.

This was only where she could see; where she could not see, she could not tell what kind of injuries had been inflicted.

He was so badly hurt and he had just asked her if it hurt, he was such a big fool!

Freya wanted to go back quickly to treat his wounds, but his current condition was really bad, if she did not give him acupuncture quickly, he would not even hold in.

Freya knew that Fabian must know exactly why he had become like this, and while she was placing the needles on him, she spoke to Fabian, "Fabian, what is wrong with Kieran? How did he become like this?"

"I"

Fabian was aware of the reason why Kieran would become like this, but he didn't dare to tell Freya, he was afraid that she would be even more upset if she heard about it.

"Fabian, tell me! Or else when Kieran wakes up, I'll make him break your legs!"

Fabian's body weakly trembled. Freya was so ferocious, now she has also learned from Kieran, breaking people's legs at every move, this couple is so horrible!

After a long silence, Fabian still decided to tell Freya the truth.

Kieran has always wanted to destroy all the filth on the base.

In the base, arguably the deepest sins of this world are hidden.

But it is much more difficult to destroy the base.

The base is guarded by the most elite soldiers under Edward's hand. Moreover, the anti-blast system of the base is particularly advanced, and it is simply impractical to blow it up directly.

Moreover, this Free State is full of great traitors and evil people, but there are also innocent people.

Blowing up the base and blasting is not that precise and can easily injure innocent people.

In fact, to eliminate the evil forces of the Free State, they can also rely on some international alliance of justice, only that, the forces of the Free State are no worse than an ordinary country, and to fight it head on would be too great a sacrifice, so that is why Kieran chose to let Cealan and Edward kill each other.

The best way to destroy the base was also found by Kieran after much consideration and examination.

The base is built underground, and is the site of a huge ancient tomb. In this tomb, there are many sophisticated mechanisms, and ordinary people who go in are afraid that before they can take a few steps, they will die under those secret arrows.

And in this tomb there is a particularly hidden organ that very few people know about.

This ancient tomb holds breathtaking treasures, and the Harper family, the guardians of this tomb for generations.

At that time, the owner of the tomb explained that if someone with too much power coveted the treasure inside, he would press that mechanism, and then the tomb would completely collapse, and he would rather destroy the tomb where he rested than have this treasure fall into the hands of someone with bad intentions.

The Harper family has guarded the tomb with great diligence until it reached Edward's generation.

Instead of continuing to guard the tomb, he used the wealth inside to become a dominant figure.

He also changed the ancient tomb to the base, the source of all evil.

But even if he had changed the tomb into a base, he would not have been able to change that mechanism. But it was so well concealed and spacious enough to be the most suitable place for a base that he could not be bothered to change the location and could only try to hide the existence of that switch.

Kieran found out about that mechanism and decided, personally, to press it and destroy all the filth of the base.

Only, at that time, he was bound to be deep inside the base as well, and it would be much harder for him to get out alive when the ground shook and the base collapsed.

Fabian tried to do this instead of Kieran, but he was knocked unconscious with a single hand slash from Kieran.

By the time he woke up, Cealan and Edward were already fighting, and in that car, Kieran had replaced him, and everyone thought he was dead, just so he could sneak into the base and press the switch there.

When he first came to the Free State, Kieran was determined to die, but promised Freya he would live well, and this time, he wanted to try to survive.

He had made a hidden hole beforehand next to that mechanism, and when he pressed it, he could leave quickly.

In that way, there might be a silver lining.

However, after pressing the mechanism, the base collapsed so fast that just as he jumped up, the base had completely collapsed, and countless stones and mud were smashed down on him. Even if he was good at it, he could only be slaughtered in this powerful earth shaking.

He was buried by the rubble and, fortunately, the sand that covered him was not very thick and he crawled out of it, but he still carried bruises all over his body.

Seeing him appear covered in blood, Fabian cried hard. He was busy asking the doctor to treat him, but he was not at ease with Freya, he had to, personally, come and take her home.

He had changed into a plain black suit and was wearing, underneath, a black shirt, which didn't look that obvious even though he had been bleeding.

Fabian didn't even know how much fortitude he should have used to be able to hold on for so long after being so badly injured.

After saying all this to Freya, Fabian cried like a child with a snotty nose and a tear.

Freya's tears, too, kept falling as she murmured over and over in her heart, "Kieran, you big fool."

We can still go home together.

Freya missed Kiki and Alistair, and she especially wanted to return to Arkpool City quickly.

But this time, Kieran was really badly injured, and after he fell into a coma, he never woke up, and she didn't take him back to Arkpool City right away.

Chapter 1262

After the destruction of the base, the forces of the Free State, too, were purged, and it was quite safe to stay here.

The wounds on Kieran's body were more serious than Freya had imagined.

Looking at the bloody bruises on his body, Freya could almost imagine how much debris, mud and sand had smashed into him.

He was unconscious and she didn't know if he was in pain when she treated his wounds, but Freya's heart ached so much that she almost choked.

She would rather be bruised all over herself than see him bleed so much.

Every day, Freya would carefully disinfect and treat his wounds, with acupuncture along the way.

The ointment she had prepared really worked exceptionally well, and she applied it to his wound, which, in no time, scabbed over.

A week had passed and his wounds, gradually, looked less ghastly, but he still lay in bed, motionless.

His pulse was much smoother and stronger, but nearer to his family, Freya's heart was still indescribably worried.

When she woke up in the morning, Freya noticed his fingertips moving and her heart burst with joy.

She grabbed his hand hard and murmured his name softly, "Kieran, Kieran"

He still lay motionless on the bed, as if petrified.

Freya was heartbroken and anxious, so anxious that in the end, she became angry.

She pouted let go of his big hand.

"Kieran, you piss me off! It's been so many days and you still haven't woken up! Didn't you say you were going to take me home? How can you take me home like this?!"

"Kieran, can you wake up quickly? Do you know it's really hard for me to see you like this?"

"Kieran, don't wake up if you have the guts! That's good! Then I'll take Jaden, Jayla and Alistair to get remarried! Anyway, I'm a rich woman now, so it's easy for me to raise a gigolo!"

"Humph! I'm not scaring you, if you don't wake up, I'll really keep a gigolo! I'll just keep a bunch of them and make you cry!"

"Freya, how dare you!" Freya was trying to think of her bright future with the gigolo when Kieran's weak but powerfully majestic voice rang out in the air.

The expression on Freya's face froze, she was hoping that he would wake up soon, but she didn't think that he would hear her say such things!

She really wouldn't dare to keep a gigolo!

“Kieran, you’re finally awake!” Freya planned to muddle through the matter of having a gigolo, she hugged his arm curtly, “Kieran, are you thirsty? Let me pour you some water, okay?”

“Freya, you want to keep a gigolo? And want to keep a bunch of them?”

“Ahem

Freya almost choked to death on her own saliva, she hastily denied, “Kieran, what are you talking about, how could I possibly want to keep a gigolo! You’re so handsome, I like you more than anything else, how can a gigolo compare to you!”

“Is that so?”

Kieran obviously did not believe Freya’s words, he did not speak, his eyes were inexplicable, “Freya, these days, although I was unconscious, it was strange I could hear everything you said.”

The expression on Freya’s face stiffened after hearing Kieran’s words, and her leg still hurt a little, as if it was about to be broken.

She tried to remember just how many treacherous things she had said while he was unconscious.

Before Freya could count the words, his voice, with a few threats, reached her ears.

“Kieran, you think I still really value you! You’re old! You’re old! I like young and handsome, if you don’t wake up, I’ll kick you out and find someone 18 years old!”

“Kieran, look at you! All you do is blacken your face all day long, who cares about you! I’ll go find a handsome blond tomorrow!”

.....

Kieran’s expression did not change, he lifted his face, but his eyes were heavy with danger, “Freya, you think I’m old? And you think I’m ugly?”

Freya, “.....”

Her leg really hurts! It’s really going to be broken!

Freya does quite like looking at handsome men, but she’s more afraid of offending this Kieran.

Break a leg or something, it’s really vicious!

Freya smiled, she pressed her head pleasingly against his heart, “Kieran, how could I possibly dislike you for being old! I don’t think you’re ugly! In my heart, you are the most handsome man in the world!”

“What’s so great about little handsome men! So young, no taste at all! I still like you, the older you are, the more flavourful you are!”

Kieran’s face was already unpleasant, and now that he heard her words, his handsome face became even darker.

The older you get, the more flavourful you are.

So she still thinks he is old!

Mr. Fitzgerald, who was disliked by his wife for being old, was really hurt, he raised his face nobly and coldly, hummed arrogantly and did not speak.

Freya was dumbfounded, she had patted him on the back so hard.

She continued with a smile on her face, "Kieran, in all honesty, you are the most handsome man in my heart! Those little brats haven't even grown up yet, how can then compare to you? They'll only be beaten to death by you!"

"Heh!" Kieran laughed coolly, obviously, Freya's words could not please him at all.

"Freya, who said that it's better to be young, much younger and more energetic than me?"

Freya was so eager to defend herself that she had blurted out some words without even thinking, "Who said that! You're the best when you're old and strong!"

Kieran had a dark and sullen face, he directly did not want to talk to Freya.

It was only after Freya had said this that she also realised what she had actually said.

Well, she had accidentally called him old again.

Freya felt that her arrogant man was really hard to coax, so since he couldn't be coaxed even after he had worn out his lips, let's just kiss his lips and see how he could still be foolish!

With this in mind, Freya directly kissed on the man's lips, tossing and turning repeatedly, and she found to her delight that this trick worked very well, and her old man, from the inside out.

Kieran had a good base and his body recovered quite quickly. After a few more days of recuperation in the Free State, the group returned to Arkpool City.

When he finally returned to his hometown, which he had missed for a long time, Freya couldn't have been more excited and joyful.

She was so happy to see Kiki and Alistair in particular that she shed tears.

Alistair was really well taken care of by Kiki, and his eyes, instead of being that vacant, had a bit of the innocence of a child.

Chatting and watching children with Kiki every day, Freya couldn't have been happier after returning to Arkpool City.

And, soon there was another great joyous event.

Fabian is getting married!

Chapter 1263

Cindy.

Cindy is pregnant.

When Freya saw her, her belly, which was already pregnant, looked like it must be four or five months old at any rate.

Freya looked dumbfounded at the big-bellied Cindy, how she did not associate her colleague with Fabian.

From Cindy's mouth, Freya learns about the causes and consequences of her pregnancy.

After Fabian was cheated of his feelings by Rebecca, although he didn't show any difference in front of Kieran, his best buddies, in fact, for a long time, he was drunk as hell at night.

On one occasion, Fabian was so drunk that it rained heavily that night, and he was lying on all fours on a dirt road with an empty bottle of wine.

At that time, Cindy just happened to be driving by and was shocked to see a man lying on the road.

She got out of the car and took a look. She didn't expect it to be one of the famous four young men of Arkpool City, Fabian.

Cindy had always been Fabian's fan, but her admiration for him was really just that of a fan for an idol and nothing more.

She did not fall in love with the shiny and unbeatable Fabian, but that night, she fell in love with Fabian, who was full of vulnerability and in a mess.

She took him back home and listened to him ramble on about the story between him and Rebecca.

He kept saying that Rebecca was heartless and had cheated him out of his feelings for the sake of that brute, Robin.

Later, he took her for Rebecca and hugged her hard. Although Cindy was usually big-hearted, she was also a proud girl and she didn't want to be someone else's stand-in.

She had, at the time, also thought about pushing Fabian away.

But seeing his pitiful look like an abandoned puppy, she couldn't bear to see it.

So, she hugged him back.

That night, it was Cindy who volunteered, and she didn't want Fabian to be responsible.

Although, it was her first blood.

However, when he woke up in the morning, Fabian's face was no longer half as vulnerable as it was in the night, his exquisitely handsome face only had a bone chilling cold.

He threw a hundred-dollar bill in front of Cindy and told her to buy the aftercare medicine, adding that he could give her as much money as she wanted, but there was no way he could be responsible for her.

In front of Kieran and several other friends, Fabian is optimistic and bright, and his body is full of the aura of a middle-aged youth, but in front of outsiders, Fabian also has his coldness and cruelty.

He gave all his cruelty to Cindy.

Cindy's heart was hurt, but in order to reassure Fabian, she took the hundred yuan bill he handed over.

But she didn't ask him for money.

She has no shortage of money.

She also comes from a famous family, and although she is usually very low-key, she has money in abundance.

Sometimes, people are so strange. If she had taken the initiative and did not need Fabian to be responsible, Cindy's heart was open-minded and joyful.

But being disgusted as if she were a fly on the wall, throwing money at her and warning her not to be delusional, she was wretched and aching inside.

She also has a bad temper.

A pampered and spoiled princess, spoiled by her entire family, patience is not in the dictionary of her life!

But for the first time, she chose to hold her tongue.

It wasn't that she was afraid of him, it was just that her heart ached for him when she thought of how vulnerable and helpless he was at night.

Cindy did not buy the morning-after pill.

She was a doctor and knew how harmful that drug was. Besides, she was in her safe period, even if she didn't buy it, it didn't matter.

She never thought life would be so full of surprises, so safe and secure, but she was pregnant.

When she knew she was pregnant, she had the idea of aborting the child, but when she thought that the child was hers and Fabian's, and that after he was born, he might have eyebrows and eyes that were extremely similar to Fabian's, just like Jaden and Kieran, she could not bear to abort the child.

Initially, she was able to keep her pregnancy under wraps, but as her belly grew larger and larger, eventually, it became impossible to hide it if she wanted to.

Her parents, too, noticed something different about her, and eventually, when pressed by them, she told them what happened.

Her parents had a friendship with Adrian, Fabian's father, and at that moment, they went to the Pryce family.

Adrian was worried that Fabian might be a bachelor for the rest of his life and that the Pryce family would be cut off from their grandchildren.

Right away, he finalised their wedding date with Cindy's parents.

As for Fabian, even if he is not willing to marry, he will still be tied to the wedding.

Of course Fabian is not willing to marry Cindy.

He felt that he was being framed by Cindy.

After all, she had promised to buy the aftercare drug at the time, and who knew that she would pull such a stunt afterwards.

Fabian wanted to fight desperately against this unfree marriage, but his father was really horrible and had him tied up directly a few days before the wedding.

He asked Kieran for help, but Kieran was really too unreliable, he just cares about making out with Freya, completely ignoring the fact that he is about to be abused by his father.

Fabian knows that he cannot escape from this marriage, he continues to resist, there is only one result, he is tied to get married.

If he were to be tied up and married, it would be big news in the city and he would be ridiculed for at least a few hundred days, even for the rest of his life.

Knowing what's good for him, he took the initiative to give in to Adrian in order to avoid being carried to the wedding tied up, and Adrian, not wanting to make things too ugly, had the ropes untied from his body.

Fabian thought about running away, but couldn't.

Adrian's most trusted men were watching him like a thief, they wouldn't even let him go to the bathroom.

Fabian reluctantly tried several times, and after being caught back by Adrian for the eighth time and nearly breaking his leg, he dared not try again.

All he could do was put on a crying face and go to the wedding to marry the woman he loathed so much.

Freya and Kieran attended Fabian's wedding with the two kids and Alistair.

Freya is close to Cindy and on the day of her wedding, she was present as a member of her maiden family.

On Cindy's face, there was apprehension, unease and a few, vague leaps of joy.

She kept tugging on Freya's hand and asking after her, "Freya, do you think that I'm holding my son hostage to the throne like this?"

"Cindy, what are you thinking about! Fabian has already agreed to marry you, so just be happy to be your bride!"

"Freya, I know Fabian doesn't like me, I'm actually a bit mean like this." Cindy's sweet face was tinged with a faint sadness, "I always felt that it wasn't quite real, these past few days, I've been worried that he would run away from the marriage."

"How can that be! I just heard Kieran say that Fabian willingly"

Before Freya could finish her sentence, she heard someone outside the dressing room shouting, "It's not good! The groom has run away!"

Chapter 1264

Hearing the shouts from outside, Cindy's expression, for a moment, shattered.

Originally, there had been a few joyful, expectant glimmers in her eyes, but now, all the glimmers in her eyes, too, were completely shattered.

Looking at Cindy, Freya was sorry.

Cindy is really a good girl.

Optimistic, cheerful, honest and kind.

In fact, her and Fabian's personalities really go well together.

Fabian and Cindy had a child and he had agreed to marry her, which was good, but unexpectedly, on the day of the wedding, this whole thing happened.

"Cindy, take it easy, I'll go out and see what's going on, maybe maybe Fabian just went to the bathroom or something."

Freya took a look at Cindy's stomach, fearing that her anxiety might hurt the foetus, and hurriedly reassured her.

Cindy's expression, however, was surprisingly calm, and the corners of her lips even curled up in a self-deprecating arc.

"Freya, everyone must not be mistaken, he must have run away from the marriage, he didn't want to marry me in the first place."

Cindy took a hard breath as she tried to hold back the tears in her eyes, "In fact, all along, it was all wishful thinking on my part, I was making a fool of myself. Freya, even if he ran away from the marriage, I don't blame him, it was me who forced him to marry me with the child in my belly, I deserved it all."

"Cindy, don't say that! You and Fabian haven't spent much time together yet, when you have more contact, he will find out how good you are." Feeling that Cindy's body was trembling, Freya gently grabbed her hand, trying to give her some strength.

"Freya, thank you! Let me go out with you! I want to say to him."

After saying that, Cindy stepped on her flat shoes and took the lead to walk outside the dressing room.

Because Cindy was pregnant, today, she didn't wear high heels, but she wore a wedding dress with a long back hem and it wasn't that easy to walk.

Cindy's figure is really good, even if she is already a bit pregnant, her waist still looks slim and attractive.

Freya was afraid that she might fall if she walked too fast, so she hurriedly went after her, holding her arm and following her.

Outside the hotel, there is a lot of noise.

Fabian had already walked out of the hotel, but, he didn't go far.

Not far from the road in front of the hotel, there was a car accident, the heroine of the accident was Rebecca.

Rebecca fell to the ground covered in blood, and when she saw Fabian, her eyes were instantly filled with tears.

“Fabian

Rebecca tremblingly stretched out her blood-stained hand to Fabian, but suddenly thought of something and she timidly withdrew it again.

But Fabian grabbed her hand hard, he clutched her so tightly, as if he wanted to rub her into his blood and bones.

“Fabian, I’m sorry

Rebecca spoke as if she was breathless, “I lied to you, I hurt you, even if I die, I deserve it.”

“I I came over today, I really didn’t want to ruin your wedding, I just heard you were getting married and I thought I’d like to sneak another look at you, even just one look at you, but I didn’t expect I’d be distracted and I’d had a car accident.”

“Fabian, I’m sorry, I’m really sorry, even if I die, I won’t forgive myself

“Rebecca, don’t talk! I’m going to take you to the hospital, I won’t let anything happen to you!”

“Fabian, let me finish my sentence! Please, let me finish my sentence

Rebecca took a difficult breath before she regained her voice. “Fabian, I’m an outcast, I don’t know what love is, and I won’t love anyone else.”

“After I was picked up by Robin as a child, he became the only faith in my heart, the only God. He is the only family I have in this world, and he is the one who has stopped me from being uprooted and fed, so whatever he asks me to do, I will try to do it.”

“I don’t know right from wrong and I don’t know that many of my actions hurt people, I just want to make him happy because, he’s my benefactor and more than that, he’s my family!”

“That’s why I didn’t hesitate to agree to him when he asked me to design you. But I realised, Fabian, I seem to understand, what love is.”

“Fabian, I’m in love with you

“I know that my actions only make you sick, but I, still love you

“Fabian, please, don’t think I’m disgusting anymore, okay

“Rebecca!”

Fabian forcefully embraced Rebecca into his arms, ignoring her body, which was stained with blood.

He wanted to take Rebecca to the hospital, but her injuries looked really serious and he was afraid that she would have left him for good before he could get her to the hospital.

Fabian turned around, he saw Freya right next to him, he hurriedly spoke to her, "Mrs. Fitzgerald, come and take a look! Rebecca is injured! She's been in a car accident! You're so good at medicine, you absolutely can't let anything happen to her!"

Freya really hated Rebecca, but this was a life after all, and she was a doctor, so she shouldn't bring any personal emotions when dealing with a patient.

Moreover, today, if Rebecca died here, I'm only afraid that, with Fabian's character, there would be even less of a chance of survival for the marriage between him and Cindy.

Freya is used to carrying an acupuncture kit with her, even if she is here for a wedding today, in her handbag, she still has the acupuncture kit.

On Rebecca's body, there were several very serious wounds, and she quickly pulled out silver needles to stop the bleeding.

Rebecca's face has been so miserable that there is no half blood, let out a voice, also extra difficult, but she still broke off and spoke to Fabian, "Fabian, I'm sorry, forgive me for the mistakes I made, I I was really wrong, forgive me, let me die and be at ease, okay?"

"Fabian, Hara forgive me"

After saying this, Rebecca's body jerked violently, and she closed her eyes helplessly, her slender body, motionless.

"Rebecca!"

Fabian roared his heart out, "Rebecca, I forgive you! I forgive you! Rebecca, as long as you can be well, whatever you want me to do, I'm willing to do it!"

"Rebecca, I love you!"

Hearing Fabian's heartfelt voice, Cindy, who was standing at the side, had tears rolling down her face without a sound.

Yes, the first love in his heart has ever been this woman called Rebecca.

Cindy turned around despondently, she was about to make a lame exit, but Fabian noticed her.

"Cindy, come here!"

Fabian is now, really, anxious. Although Freya's medical skills are excellent, he still feels that it is difficult for her, alone, to guarantee Rebecca's safety and security.

He was gentle to Rebecca, but he was only cold to Cindy, "You're a doctor too! You should help Freya and save my Rebecca! If anything happens to Rebecca, Cindy, I'm not finished with you!"

Cindy's heart was bleak, and suddenly she could not see the slightest light.

Her husband, at their wedding, had only his ex-girlfriend in his eyes.

He has to, for the sake of his vermilion mole, be done with her!

If anything happens to Rebecca, will she, Cindy, have to pay for her life?

Chapter 1265

Cindy felt really bad in her heart, but she finally went to the front and half-crouched down to help Freya up and treat Rebecca's wound.

Freya also heard what Fabian said to Cindy, and she couldn't help but frown.

Fabian is really a very nice person, but to Cindy, he really went a bit too far.

Rebecca is trying to divorce Fabian and Kieran's brotherly love and even attempting to kill them, such a woman, even if she yells to change her ways, may not really be pure and virtuous.

On the contrary, Cindy, although she and Fabian were together, somewhat by mistake, but at the very least, she had a heart of pure sincerity.

She did not believe that Rebecca had really come back this time to treat Fabian properly and to atone for her sins.

It was likely that the car accident was also a bitter trick she used.

It's just that those in authority are confused and those on the sidelines are clear. There are things that others can see clearly, but Fabian is in the middle of the situation and he simply can't see them clearly.

"Mrs. Fitzgerald, how is Rebecca now?" Fabian was so anxious that his fingertips were trembling, he stared at Rebecca's face without a moment's hesitation, that look as if he could not bear all the pain for her.

"She won't have a life-threatening condition." Freya stopped Rebecca's bleeding while speaking lightly, "Someone called the emergency number just now, I've already stopped her bleeding, go to the hospital and let the doctor treat her with professional equipment again, she'll recover soon."

Initially, when he saw Rebecca's blood-covered face, Freya was shocked.

But after really taking her pulse, she realised that the wounds on her body, which looked menacing, were, in fact, only bleeding a little and really couldn't have hurt her life.

Moreover, there are some things that others may not be able to see, but Freya is a very good doctor, and she can see them when she looks closely.

Some of the wounds on Rebecca's body are not bruises at all, but rather, they seem to be deliberately made by herself.

Obviously, Cindy also saw the difference in Rebecca, she moved her lips, her eyes glowed sadly, but in the end she did not say anything.

"Freya, is Rebecca's life really not in danger? But she's lost a lot of blood! She's passed out! Freya, you can't let anything happen to Rebecca! I beg you, you mustn't let anything happen to her!"

"Fabian, Rebecca will be fine!"

In fact, Freya especially wanted to tell Fabian that some of the wounds on Rebecca's body had nothing to do with the car accident, but she and Cindy were close friends and Fabian cared too much about Rebecca, so if she really said that, he was afraid that she would make things awkward and he would think that she was trying to help Cindy and discredit Rebecca.

After a moment of silence, Freya then spoke, "Fabian, today is your wedding day! Rebecca's injury will be sent to the hospital later, a doctor will take care of it, the most important thing for you now is to attend your and Cindy's wedding!"

"Wedding?!"

Fabian smiled, except that the once sunny and bright face was only thick with pallor and self-deprecation.

"If anything were to happen to Rebecca, there would be no point in my living, why should I get married!"

Cindy kept silent, only, her face, became more and more pale.

Today she was a bride, and even her lips, painted with bright red lipstick, could not hide her sudden haggardness.

Adrian, who was receiving guests in the lobby, also heard the commotion over here, and with several bodyguards in tow, he rushed over here at a fast pace.

Fabian carefully picked Rebecca up and rushed in the direction of the ambulance.

"Fabian, you bastard, stop right there!" Adrian thundered, he could not wait to rush up and kick Fabian away.

As soon as he waved his hand, several bodyguards behind him rushed in a neat and tidy manner towards Fabian, trying to forcefully take him back to the wedding venue.

Fabian held Rebecca in a deadly embrace, without the slightest intention of letting go.

At this moment, Fabian, having gathered his usual drollness, has a few more indescribable coldness and composure.

He lifted his face, and his starry eyes shone with irrevocable determination.

"Dad, I have to get Rebecca to the hospital!"

"Bastard! Today is your and Cindy's wedding! If you run away, what will you let Cindy do?! Fabian, you're a man, you have to be responsible for what you said and did!"

"Cindy's belly is carrying your child, and you promised yourself that today, you would marry Cindy! Now you're leaving halfway with a woman whose heart is not right, can you stand up to Cindy and the child in her belly?!"

"Dad, Rebecca is not a woman with a bad heart! She has bitter intentions!" Fabian eagerly defended Rebecca. Once, he really hated her for cheating and hurting him, but after days and nights of breaking his heart with longing, he found that he loved her even more.

Moreover, he also checked the relationship between Rebecca and Robin, as she said, she was taken in by him since she was young, she had a hard life, the environment she lived in, decided that she might not be that clear about right and wrong. Gradually, he no longer hated her that much, he was just heartbroken that he did not meet her earlier.

If he had met her earlier, she wouldn't have endured so much upheaval and been used by a wolfish monster like Robin!

"As for Cindy and the baby in her belly"

Fabian's eyes, slowly, fell on Cindy's face.

He laughed coldly, not seeing any half-brightness in his eyes, "When did I ever say that I wanted her to have this baby?! And when did I ever say that I would be responsible for her?!"

"Cindy, I have given you money to buy medicine, and you have promised me that between us, there will be no more entanglement in the future!"

"How shameless should you be to go back on your word, and still want to marry into our Pryce family by virtue of the child in your stomach?! Cindy, this kind of behaviour of yours really makes me sick!"

Hearing Fabian's words, Cindy's body stumbled violently, and if not for Freya's forceful support, she would have fallen to the ground.

"Cindy" Freya spoke, she wanted to comfort Cindy a few times, but she knew in her heart that at this time, no matter what she said, it would not be able to warm her heart that was covered in cold ice.

"Bastard!" Adrian gasped, "Let's see how I'll teach you a lesson today, you bastard!"

Saying that, Adrian stepped forward and wanted to give Fabian a severe beating.

"Fabian, I'm telling you, today, even if you die, you'll have to die at this wedding!"

Adrian thought it was too painful to use his hands to beat Fabian's hands, so he directly asked his men to prepare a stick for him, and he swung it and smashed it unceremoniously into Fabian's legs.

"Bastard, don't you want to run away? I'll break your legs today and see how you can still run today!"

"Adrian, no!"

Cindy was afraid that Adrian would really break Fabian's leg, so she rushed over and shielded him with all her might.

Chapter 1266

"Cindy!" Freya was taken aback by the situation, Cindy was pregnant, if she really received a stick, this would be something else!

She wanted to go over and pull Cindy back, but it was too late.

Fabian also did not expect Cindy to suddenly protect him against all odds, and he was slightly stunned.

But it was a split second before he was back to that thin, indifferent look.

Adrian really wanted to teach Fabian, the unworthy son, a hard lesson, only, when the stick in his hand, was about to fall, he noticed that Cindy had rushed over.

No matter how angry he was with Fabian, he was still very satisfied with Cindy as his daughter-in-law, not to mention that inside her belly, there was his own grandson, so of course he could not hurt her.

But the force Adrian used was so great that even though he stopped his attack in a hurry, he still hit Cindy's arm.

"Cindy, how are you?" Freya asked as he rushed over and looked at Cindy with concern.

He's parents and Adrian, who had rushed to the house, were also worried, but her parents were reasonable people and did not make any noise to add to the chaos.

"Freya, I'm fine."

Cindy didn't want to worry Freya, and those loved ones who cared about her, she tried to pull out a smile at them, only, the corners of her lips were, really, too stiff to bear.

She knew that she would have to try harder to smile than to cry, and in the end, she simply stopped embarrassing herself by not trying to smile.

She turned her face and looked at Adrian, who had an angry face, and spoke softly, "Adrian, you should stop being angry with Fabian. This wedding is indeed my fault, I used dishonourable means to take it away. Adrian, you should let him take this lady to the hospital first."

"Cindy"

Adrian frowned, Cindy was more reasonable than he thought, but the more she was like this, the more he felt guilty for their family, for her.

"Adrian, I'm fine, I'm really fine. This lady is badly injured, it wouldn't be good if we delayed the rescue."

Cindy also did not point out this point of Rebecca's scheme, but in fact, her mind is clear.

Fabian was already disgusted with her, and if she had broken Rebecca like that, he wouldn't have believed her and would have only hated her more, so why would she have bothered to annoy him?

"Cindy, you don't need to pretend to be a good person here!"

The one who was most surprised by Cindy's reaction was Fabian.

In Fabian's view, Cindy is a shameless woman who used dishonourable means to conceive his child, and used the child in her belly to force him to commit a crime and successfully marry into a wealthy family.

He felt that if he didn't attend the wedding today, this kind of woman, for sure, would have to cry a lot and embarrass him in every way.

Unexpectedly, not only did she not embarrass him, she also helped him persuade the stubborn Adrian.

"Bastard! Shut up!" Adrian could not bear it when he saw how hard Fabian spoke, he waved the stick in his hand and tried to teach him a hard lesson again.

However, thinking of the way Cindy had defended him from that blow just now, he was afraid that he might hurt her again, and after glaring at him fiercely, he still withdrew the stick from his hand.

“What? I’m not right?!”

Fabian sneered and hooked his lips, “Cindy, I know better than anyone what kind of woman you are! Don’t you just want to be my wife? Fine, you can do it if you want! Anyway, the wedding has been given to you, and I can’t spare you the money in the future!”

“Just wait, you’ll be a widow for the rest of your life!”

After saying that Fabian no longer had the slightest hesitation, he carried Rebecca, and then quickly stepped into the ambulance.

Adrian was so angry that he wanted to smash the ambulance outright, but several old friends grabbed him with force so that he did not lose his temper and do something like smashing the ambulance in public.

But even then, he never stopped scolding Fabian and yelling that he wanted to break off his father-son relationship with him.

Adrian cursed for a while, but still felt no relief, but when he thought that the person who suffered the most today was not him, but Cindy, he finally stopped cursing and looked at Cindy with a guilty face.

“Cindy, I’m sorry for what happened today, I didn’t think it through, don’t worry, I will definitely teach that unworthy son a good lesson and make him apologise to you in person!”

“Adrian, it’s okay, what happened today, it can’t be entirely blamed on Fabian.” Cindy spoke with her eyelids half-lidded, she tried hard to put on a smile, but in the end, she couldn’t restrain the sorrow in her eyes.

She was, in fact, just an ordinary girl, and even though she had apprehensions about facing this wedding, today, it still carried all her expectations and joys.

It would be a lie to say that she was not upset when the groom left with another woman in his arms at her own wedding.

“Ugh!”

Adrian heaved a sigh, he was just about to comfort Cindy a few more times when he heard her speak again, “Adrian, you don’t have to worry, I’ll be fine, I’ll take care of myself and the baby in my belly.”

Hearing this from Cindy, Adrian felt even more guilty.

He has been in the business for decades and is a shrewd man. He has also developed ability when it comes to reading people.

Cindy is really a good girl, and Fabian is not lucky if he doesn’t cherish her.

But no matter what, they, the Pryce family, will not treat Cindy and the child in her belly poorly.

As for that Rebecca

Unless he dies, he will never let her into the Pryce family's door!

Even though Adrian had tried to suppress the news today, there were really too many guests on the scene, and this wedding still made Cindy the laughing stock of the city.

The groom ran off with another woman at the wedding and threatened to make her a widow for life.

However, the day before the wedding, Cindy and Fabian had already received their license, so even if the wedding became a farce, they were still legally married.

So, Cindy still lived in the new room Adrian had prepared for her and Fabian.

Cindy's parents were also worried about Cindy, but after all, they were the elders and there were some private things that their daughter might not be willing to talk to them about, so they asked Freya to stay over there and enlighten her a bit more.

Freya was also worried about Cindy's situation, so she carried Alistair and led Jaden and Jayla, and went to Fabian's mansion.

Cindy was really quite uncomfortable, but, with Freya to keep her company and the two kids to entertain her, her mood was not as low as it was at the wedding.

Freya originally wanted to stay at Cindy's place tonight, but Kieran didn't want to stay alone and kept sending her messages urging her to go home, so she decided to take the three children of her family back with her.

Freya had just descended the stairs when Fabian pushed open the living room door and rushed in angrily.

Seeing Cindy, he quickly stepped forward and grabbed her wrist roughly, "Cindy, come with me to the hospital! I won't accept the baby in your belly!"

Chapter 1267

Cindy was not stupid, and after hearing Fabian's words, she naturally understood what he meant.

He didn't want the baby in her belly, and now he was taking her to the hospital to abort it, naturally!

Cindy's face paled, and she subconsciously tried to break Fabian's grip, but his strength was really too great, and she couldn't break free at all.

"Fabian, hurry up and let go of Cindy!" Freya was afraid that Fabian would hurt Cindy, and she wanted to separate them.

She wanted to pull Fabian aside directly, which was unrealistic, but if she tried to force them apart, she was afraid she might accidentally touch Cindy's stomach, so she was caught in a dilemma.

"Fabian, let go of me!" Cindy's face couldn't find a trace of blood, "I won't go to the hospital! You let go of me!"

"What, you still want to blackmail me with the child in your belly so you can hold your son hostage to the throne? Cindy, I'm telling you, you're dreaming!"

There was no trace of warmth in Fabian's eyes as he looked at Cindy, "If I have a child in this life, it can only be born to Rebecca! Cindy, there is no way I will let you give birth to my child!"

"Fabian, you're crazy! Don't you know what kind of person Rebecca is? She did it to me and Kieran in the first place, and if we died, she would be the murderer! She's not a good person, how can you be fooled by her!" Freya was so anxious, she really wanted to slap Fabian's stupid head awake, but unfortunately, she couldn't beat him up.

She could only continue to speak angrily at him, "Rebecca doesn't love you at all, she's just using you! Cindy is the one who truly loves you! Fabian, you're fooled by a woman who doesn't love you, yet you hurt someone who truly loves you, are you stupid!"

"Mrs. Fitzgerald, I don't want to argue with you! But I won't allow anyone to say anything wrong about Rebecca!"

Fabian's face, dark and sunken, he still had a death grip on Cindy's wrist, "Mrs. Fitzgerald, Rebecca is a good girl! Yes, she did do something wrong in the past, but that's not her fault!"

"She had a hard time, she was forced to do it all by Robin! Now that Robin is in jail, Rebecca is free and she won't do anything to hurt me again! I also cherish her past misfortunes, I want to start afresh with her, take good care of her and never let her suffer a single bit again!"

"Mrs. Fitzgerald, you have loved people and know what it feels like to love someone. You only have Kieran in your heart, if others have to force you to be with another man, can you agree?"

Freya wanted to say that the situation between her and Kieran was different from the situation between Fabian and Rebecca.

Only, before she could say anything, Fabian had already said excitedly, "You won't agree! You won't agree even if you die! This is how I treat Rebecca! I only have her in my heart, asking me to be the husband of another woman is asking for my life!"

"I love Rebecca, from the first moment I saw her, I fell deeply in love with her! She is the first woman I have ever liked in my life, and she will be the last!"

"As for Cindy"

Fabian turned his face to look at Cindy, "You're nothing! You just took advantage of my drunkenness to impersonate Rebecca and climb into my bed!"

"If I didn't think of you as Rebecca, even if you stood in front of me with no clothes on, I wouldn't give you more than a glance!"

Fabian's words left nothing to hide from the wretchedness in Cindy's heart.

What he said was, in fact, not entirely true.

That night, although he had thought of her as Cindy, they also talked with their hearts and souls as if they had become confidants over the course of the night.

There had been a touch of warmth between them, which is why, when he embraced her in his arms, she had instead pushed him away.

“Fabian, I know you don’t love me.”

Cindy struggled to hold back her tears as she lifted her face and looked at Fabian without humility, “I also know that I have upset your heart. But Fabian, I won’t abort this child.”

“He is not only your child, but also my child, and I have the right to choose to let him into this world!”

“Cindy, you’re determined to leave this sinful child behind to annoy me, aren’t you?”

Fabian narrowed his eyes dangerously, those eyes, which always shone with bright starlight, were now shadowy.

Seeing that Cindy did not say anything, the coldness in his eyes intensified, “You are dreaming! Cindy, I won’t give you the chance to diaphragm Rebecca!”

“If this child is left behind, it will definitely become a thorn in Rebecca’s heart! She is already sensitive and fragile, she will be very upset! I won’t let you make my Rebecca so sad!”

Fabian no longer had any half-hearted patience, so he dragged Cindy outside the living room without a word.

Freya was still holding Alistair in her hands, so she couldn’t stop him for a while. Seeing this, Jaden and Jayla also rushed forward to stop him.

“Uncle Fabian, you can’t bully Cindy like that!” Jayla’s eyes glared roundly as she puffed out her cheeks and spoke angrily at Fabian, “Uncle Fabian, what’s in Cindy’s belly is your baby! You forced her to abort her baby, you’re being irresponsible!”

“Jayla, get out of the way!”

Fabian couldn’t bear to hit Jayla, but he couldn’t walk out of the living room with her blocking his way.

His brows furrowed as he tried to make Jayla understand his position, “Jayla, this woman, is no good! If I let her give birth to this child, that would be truly irresponsible! I must be responsible for Rebecca in this life!”

“Uncle Fabian, you must be responsible for Rebecca?”

Jaden spoke coldly, “A man should be responsible for his own wife and children. Is Rebecca your wife, or your child? Uncle Fabian, Cindy is your wife, and what’s in her belly is your child!”

“As for Rebecca Uncle Fabian, has Rebecca cheated on you any less? You say Cindy is not good, but Cindy has at least never cheated you!”

“Jaden, don’t lecture me here about sophistry! I won’t listen!”

Fabian pulled away Jayla who was stopping in front of him, “Today, even if God comes, the child in this woman’s belly will not be able to live!”

“Uncle Fabian, you’re so cruel! I’m so disappointed in you!”

Jayla looked at Fabian with teary eyes, “How cute are little kids! The baby in Cindy’s tummy must be especially, especially cute, yes, it must be as cute as me and my brother!”

“Uncle Fabian, think about it, won’t your conscience hurt if you cruelly kill such a cute little life?”

Fabian was stunned as he looked at Jaden and Jayla in front of him with complicated eyes.

The little life inside Cindy’s belly, a little older, will also be as cute as Jaden and Jayla.

He will, too, call out to his uncle and father in a crunchy way, just like Jaden and Jayla.

It will, too, warm his heart.

Did he really want to kill such a vivid life?

And, in his body, his blood also flows.

Chapter 1268

However, when he thought of Rebecca’s thin body and miserable white face inside the hospital, Fabian’s heart got a little colder again.

If he is soft on Cindy and the child in her belly, he is being cruel to Rebecca.

He could never forget the ambulance, where Rebecca lay covered in blood on the bed frame, her eyes struggling to open to look at him.

She said, “Fabian, don’t worry, from now on, I won’t bother you anymore, you are going to be a father, I will bless you.

I wish you and Cindy the best of luck in growing old together.

We wish you all the best as a family of three and a happy and fulfilling family.

At that time, he poured out all his strength and clutched Rebecca’s hand in a deadly grip.

She was the only one he wanted in his life, and without her company, where would he find his happiness?

He knew that Rebecca said that she blessed him and Cindy, but in fact, she was mindful of the child inside Cindy’s belly.

And he wanted to grow old with Rebecca, he could not, let that child live, and let her Rebecca, suffer so much aggravation.

“This child should never have existed in the first place!”

Fabian spoke coldly word for word, “Cindy, you had to do something that could have been solved with an aftercare pill, you deserve to suffer so much!”

Saying that, he slammed his hand and directly forced Cindy into the courtyard.

The force of the pull he just gave was really too much, and Cindy fell straight to the ground.

Seeing that Cindy had fallen, Fabian slightly wrinkled his eyebrows, obviously, that was not his heartache, but his heartfelt disgust, he thought, she was making a fool of herself again.

“Cindy, how are you?” Freya hurriedly handed the Alistair in her hand to Jaden’s arms, and she carefully held Cindy’s arms, trying to help her up.

But Cindy had a bad fall, and even with the force from Freya’s body, for a moment, she couldn’t get up.

Cindy is really a girl who loves to think of others, and now, when she fell so painfully, she still did not want Freya to worry about her.

She tried to pull out a smile, “Freya, I’m fine, let me take a breath, I’ll be up in a moment.”

It was now evening, and inside the courtyard, there was a warm, bright light, a hazy glow that hit Cindy’s face, making her skin look more and more crystal clear, and more and more miserably white as paper.

She was obviously in so much pain that beads of sweat oozed from the tip of her nose, but the corners of her lips, however, struggled to rise, as if, really, they didn’t hurt at all.

Looking at the smile that Cindy’s lips struggled to hook up, Fabian’s heart couldn’t help but miss a beat.

There was an indefinable feeling, but he would not, and did not want to, delve into it.

He just coldly parted his face to the side, “Cindy, don’t think of playing tricks on me! Today, this sinful child in your belly must die!”

Cindy gently stroked her belly and struggled to stand up with the help of Freya’s strength.

She raised her chin slightly and spoke to Fabian without being condescending, “Fabian, if you really don’t like me, you can divorce me, but no one can hurt this child!”

Cindy’s stomach hurt so badly, plus she was still pregnant with vomiting, and her stomach churned, she rushed to a corner and threw up to the sky.

In fact, with most pregnancies, the vomiting is basically over by the time you are around three months old.

But Cindy’s physique is really quite special. She has been throwing up all kinds of vomit since she was a month pregnant, and until now, her vomiting still hasn’t decreased half a bit, and even, there is a tendency to increase.

“Yes, yes, yes!”

Fabian gritted his teeth and stared at her viciously, “Cindy, you’re determined to go against me, aren’t you?”

Cindy wanted to say that she was not trying to antagonise him, it was just that she really couldn’t let go of this one living life.

Nearly five months old and already feeling, aborting him now is no longer a mere miscarriage, it’s a murder!

Only, she was throwing up so much that she couldn’t speak for a while.

Fabian originally wanted to carry Cindy to the hospital by force, but when he saw that she was vomiting like she was going to vomit out all her internal organs, he inexplicably couldn't do anything about it.

Not only that, but he was so bewitched that he couldn't help but take one more look at her slim back.

In fact, he has a memory of the night he and Cindy met on a rainy night.

That night, when he took her into his arms, he did think of her as Rebecca, but then, he had also become confused as to who he really thought of her as.

He also remembered her as an upbeat and bright girl.

She poured a lot of very awkward mindfuck into him and kept reassuring him.

At that time, she had a round face, an untouched boyishness and a noticeable baby fat, and her body gave the impression that it was fleshy.

But now, although her stomach has bulged, she is so thin.

Did she get so skinny because of this vomiting thing she does so often?

But even if she had thrown up and died, what did it matter to him!

Seeing Fabian going to grab Cindy again, Freya hurriedly blocked in front of him.

"Fabian, calm down! If you really hurt the child inside Cindy's belly today, you will regret it for the rest of your life!"

"I'll only regret it for the rest of my life if I let this sinful child live in the world and diarrhea people everywhere!" Fabian wanted to push Freya away, but thinking of Kieran's powerful force value, he didn't dare to really do anything to her.

Jayla was still on the sidelines, holding on to his arm with a death grip to keep him from touching Cindy.

She regretted that she didn't bring my bodyguard over.

Fabian thought that it would be easy for him to carry Cindy to the hospital as she lived alone over here, but he didn't expect Freya and the others to be there.

However, even if they don't go to the hospital, this child in Cindy's belly today still won't be able to live!

Today, he has two hands!

"Cindy, today, you can skip the hospital!"

Hearing Fabian's words, Freya finally breathed a long sigh of relief, she thought that he had changed his mind, but who knew that he would next say, "Then you should take this pill!"

Freya and Cindy were both doctors, they both knew what this medicine was!

Abortifacients!

Freya and Cindy both paled.

At this month, Cindy would have to be induced at the hospital, and if she took strong abortion pills to force the baby to be aborted, she would have to die twice!

Freya shielded Cindy to death, fearing that Fabian would force this medicine into her mouth.

Fabian did not dare to make a move against Freya, but now, the situation was special, so he gritted his teeth and still pushed Freya away forcibly with one hand.

Fabian was so strong that Freya was almost thrown to the ground.

By the time she steadied herself, Fabian had already stepped forward and roughly strangled Cindy's jaw, forcing her to open her mouth and forcing the medicine into her mouth.

Chapter 1269

Freya's face was unpleasant, now, she couldn't think much about it, she only wanted to stop Fabian from hurting Cindy.

She gestured for Jayla to grab Fabian's sleeve, and she grabbed his arm, trying to separate him from Cindy, but his hand was as if it had grown on Cindy, and she couldn't separate it no matter how hard she tried.

If only Kieran had been there.

As if her heart was in the right place, this thought had just flashed through Freya's mind when Kieran's car drove straight into the courtyard.

Seeing Kieran, Freya seemed to see a saviour.

Now, she didn't have time to explain the cause and effect to him, she hurriedly spoke to him, "Honey, he's bullying me! Beat him up!"

Freya felt that Fabian really deserved a beating.

For the sake of Rebecca, who is so full of evil, bullying Cindy and trying to kill his child, he should be beaten!

Moreover, Freya was worried that Fabian would one day regret it.

Rebecca was close to Fabian, still with deception, even the car accident is mixed with fake, how much can there be sincere!

Fabian was so sincere in being good to her that when he finds out that he has been cheated of his feelings again and that he has killed his own child, then, he will surely regret it!

A doting devil like Kieran would never disobey his own wife!

When he heard Freya say this, he quickly stepped forward and swung a fist hard at Fabian's face.

He and Fabian, indeed, were good brothers, but compared to his wife, it was really nothing to beat up a brother once in a while.

Fabian was already no match for Kieran, and now, with his attack, he was so swift and fierce that he had no power to fight.

But even so, he had forced that pill into Cindy's mouth.

Kieran's fists, coming with increasing ferocity, Fabian could not stare at Cindy as she swallowed the medicine, he could only wave his fists as well, responding with all his might.

Seeing the corner of Fabian's mouth, which had taken a fierce punch from Kieran, Jayla couldn't help but draw a cold breath backwards.

But thinking of Fabian's abominable behaviour just now, Jayla proudly raised her face again, the bad guy who wanted to kill children deserved to be beaten up!

Children are so cute, if she and her brother had been brutally killed like this when they were in their mother's womb, how could they have grown up to be so cute!

The more she thought about it, the more she felt that Fabian was too angry, Jayla puffed out her cheeks, waved her fist and spoke to Kieran, "Daddy, come on! Uncle Fabian is bullying me too! Beat him up!"

Fabian, who had received another punch, wanted to cry, he really loves this little brat for nothing! She was so happy to see him get beaten up!

The Alistair in Jaden's arms also seemed to enjoy watching Fabian get beaten up.

His eyes, which resembled Jaden and Kieran's, were no longer a dead silence without any semblance of light, but like the twinkling of stars in the night sky, fluttering and twinkling, waiting to see Fabian's joke.

Freya was so anxious when she saw that Fabian had actually stuffed that pill into Cindy's mouth.

The effects of that powerful abortifacient are truly horrific, and the slightest touch of it could have irreversible consequences!

She rushed to Cindy and spoke anxiously, "Cindy, spit out the medicine quickly!"

Cindy hadn't swallowed the pill yet and she spat it out hard.

But the pill melted away so quickly that she still swallowed quite a lot of it.

Freya didn't dare to delay in the slightest as she hurriedly gave Cindy the urge to vomit.

Cindy was already vomiting badly, and when Freya made her vomit so much, she almost vomited out her bile.

"Cindy, how are you feeling now?"

Although the vomiting was successful, Freya still didn't dare to let her guard down, she nervously clutched Cindy's hand, she was just about to ask her if her stomach hurt when she saw her beautiful forehead tightly knitted and cold sweat bubbling on her forehead.

Freya secretly cried out, she hurriedly half-carried Cindy, and led her inside the living room.

Now, she had to give her acupuncture quickly, otherwise, the baby in her belly would definitely not be saved!

The ground in the courtyard was too hard for her to let Cindy lie on while she gave her acupuncture; she could only take her to the sofa in the living room.

“Freya, my stomach hurts”

The expression on Cindy’s face became increasingly painful as she gripped her belly hard, “Freya, the baby in my belly, is it impossible to be kept?”

“I know, I’m really being greedy, but I really don’t want to lose this baby!”

Chapter 1270

“Freya, help, help my child”

Cindy was in so much pain that beads of sweat appeared on her forehead, and her voice broke, but to her, the pain really didn’t matter, as long as the child in her belly was well, even if she had to endure more pain, she was willing to do so.

Unfortunately, she knew in her heart that even if Freya kept reassuring her that the baby in her belly would be fine, she knew in her heart that it would be as difficult as heaven to keep the baby in her belly.

“Cindy, take it easy, the baby in your belly will be fine! I will not let anything happen to him!”

Freya continued to comfort Cindy as she concentrated on placing the stitches on her, hoping to save this innocent life.

Fabian stood motionless in the middle of the living room, his upright body as if petrified.

He really felt that the human heart was quite strange, he really did not want this child in Cindy’s belly, but now, seeing her white dress, stained by a large piece of bright red, he suddenly wished that this child could live.

This child has his blood.

When he is born, he will be as cute as Alistair and, when he is a little older, will be as spirited and intelligent as Jaden and Jayla.

When he smiles, his eyebrows are curved and when he is nestled in your arms, he brings his own warmth, and when you hold him, the winter day seems as warm as spring.

“How is she now, Mrs. Fitzgerald?”

Fabian felt that this woman, Cindy, was too scheming and would do anything to achieve her goal, he shouldn’t care about her death, but inexplicably, he couldn’t help but ask this question.

“None of your business!”

When she thought of Fabian’s behaviour just now, Freya was furious and naturally could not give him a good look.

Kieran cares about Fabian, and Freya also treats him as family, but even if his family makes a mistake, he should still take responsibility.

“Mrs. Fitzgerald, will the baby in her belly be okay?”

Fabian also wanted to ask if he would die.

But he felt that if he asked the question, it would be as if, in the end, he cared for her.

“I said it’s none of your business!”

Freya was so angry that she really didn’t want to talk to Fabian, she pinched another silver needle and concentrated on placing needles on Cindy’s body, later, he said something else but she didn’t even hear it.

When Fabian saw that Freya did not want to pay any attention to him at all, he could not help but feel anxious.

He stared dead at the hem of Cindy’s skirt; how had she bled so much?

It’s just an abortion, is there a need to bleed so much?

Straight men don’t get it.

And, why does this blood look so harsh?

He had been in a battle, but at that time, he did not feel that there was anything wrong with rivers of blood flowing, but at this moment, he felt that this blood on the hem of Cindy’s skirt was extraordinarily stinging.

“Ah

The pain was so intense that Cindy could not restrain herself from crying out in pain.

Seeing Fabian standing right next to her, she hastily bit her lip to stop herself from continuing to make such an indisputable sound.

He hated her enough as it was, but if she screamed and whimpered, he would find her particularly pretentious and hate her even more.

Cindy bit his lip until it bled, hardening it without making any more indisputable noises.

Hearing her cry of pain, Fabian’s pupils suddenly shrank, and then he saw that she had bitten her lip to death, and it was dripping with blood.

Seeing her desperately trying to hold back the pain, Fabian’s heart inexplicably tugged.

He turned his face away raw, unbearably, to see Cindy’s pained face.

After turning his face to the side, Fabian couldn’t help but worry, what if something happened to her or if she simply died?

So thinking, he couldn’t help but turn his face away again.

As soon as he turned his face, he saw tears rolling soundlessly from the corners of Cindy's eyes.

Fabian sometimes felt that Cindy was quite unfeminine. Although she had a delicate and sweet face, she was usually acted like a tomboy.

He had no idea that fake boys could shed tears.

Fabian's heart became even more uncomfortable.

Although, with all his might, he couldn't figure out why his heart was so uncomfortable, he still couldn't contain the uncomfortable feeling that came from his heart.

"Mrs. Fitzgerald, why is she still bleeding? Shall we take her to the hospital?" Fabian spoke tentatively.

Freya didn't say anything and simply treated him like air.

Fabian was just about to say something else, but his mobile phone rang, sharply.

Seeing that the caller ID was Rebecca, he picked up the phone in a hurry.

"Fabian, where have you been?" Rebecca's voice carried a clear sense of distress, as well as, indescribable panic.

"Rebecca, there's something I need to take care of."

"Fabian, I don't know anyone around, I'm alone in the hospital, I'm really scared. Fabian, will you come over and keep me company?"

Rebecca seemed to have thought of something, and her voice, from resigned, became downcast.

"Forget it, Fabian, you'd better not come over. Today, it's wedding for you and Cindy, it's only right for you to accompany her. Although, I'm really sad mentally."

"Fabian, really, you don't have to care about me, I understand everything. I was, in the first place, a superfluous person, and I shouldn't expect happiness that doesn't belong to me."

"Fabian, get some rest early! You have to be nice to Cindy."

"Fabian, you don't have to worry about me, just hang up."

Rebecca seemed to think that Fabian had already hung up the phone, and she whimpered out in a low voice, that sounded as miserable as it could be.

Rebecca is the first love in Fabian's heart, a vermilion mole that cannot be plucked out of his heart, how could he let her feel so sad!

He hung up the phone and wanted to go to the hospital to be with Rebecca.

But now, Cindy is still not out of danger and he is also somewhat, unable to move his feet.

He was lost in his own thoughts and his mobile phone rang, once again, sharply.

He thought that it was Rebecca calling him again, but it was the hospital that called him.

The hospital said that Rebecca had slit her wrists and asked him to go there quickly!

When he received the call, Fabian no longer had time to care, he lifted his feet and rushed out of the living room like a gust of wind.

Looking at Fabian's back, Freya couldn't help but hook up a sneer.

Just now, she heard Fabian say in shock, what, slit her wrists to kill herself?!

Obviously, the person who played this trick of slitting his wrists to commit suicide was Rebecca.

She had to say, Rebecca's drama of slitting her wrists to kill herself was really cheesy and bad, but it also really worked.

No, Fabian didn't care about his wife and child, he rushed over there without stopping.

Amidst the tumult of her thoughts, Freya heard Cindy's voice with a hollow, deadly silence.

"Freya, do you think that I should divorce Fabian?"
