Chapter 1392

Hearing this conversation between Penny and Nicholas, there was a lot of chatter.

“What?! The person who saved Mr. Birkin in the fire back then wasn’t Penny, it was Kiki?!”

“Everyone knows that that Mr. Birkin treats Penny well because she’s his life-saver! She’s too shameless, how dare she take credit from Kiki!”

“That’s right, she’s so shameless! Not only did she steal Kiki’s credit, but she also framed her, and even got someone to commit violence against her in prison. Damn it! She has no justice in her eyes?”

“And she killed Kiki’s child! And tossed her into disability! Damn it! Kiki was married to Mr. Birkin at the time, and what she killed was also Mr. Birkin’s child! That’s horrible! If Mr. Birkin knows about this, he will kill her!”

“The most pitiful is still Kiki, how proud Kiki was back then, these five years in prison have destroyed her life!”

.....

Already, Penny’s face was already pale enough, and hearing the chatter around her, her face was even more miserable to the point of being bloodless.

She wanted to save her reputation, she didn’t want people to look down on her, but right now, what she cared about most was Christ’s attitude.

Her eyes glistened with tears, and she looked pitifully at Christ, “Christ, save me! You must save me!”

“Someone set me up on purpose! Someone is trying to divide us!”

“Yes, it’s Kiki! It was Kiki who found this punk to rape me, she ruined my innocence, and she tried to frame me! Christ, you must not fall into Kiki’s trap!”

The crowd at the scene was outright stunned by the extent of Penny’s shamelessness.

They are not stupid, watching this video, they can all see that Penny and the man in the video clearly have an affair, but she can even blame Kiki!

When Penny saw that Christ was silent, only staring at her expressionlessly, she thought that her words had worked, and she spoke up again, “Christ, it was Kiki who drugged me! This man tried to rape me and I couldn’t resist because I was drugged and I couldn’t use my strength!”

“Christ, I’ve given so much for you, I almost lost my life to save you, you have to believe me, you can’t fall into Kiki’s trap! Christ, please, give me justice!”

Thinking of something, Penny spoke again, “Yes, Christ, go to the lounge on the first floor and take a look! Kiki is shameless, she took the initiative to seduce my brother, and now, she has climbed into my brother’s bed!”

Christ took a step forward. Seeing him move, Penny thought he was going to catch Kiki, her heart, at once, rose with boundless expectation.

However, in the next second, her heart sank to the bottom completely.

She heard Christ speak word for word, "Penny, I had someone take this video."

Penny's legs went limp, and if it weren't for several of the servants holding her hard, she would have fallen to the floor.

How could she have ever imagined that Christ, who had treated her like a life-saver, would take the initiative to strike at her!

Now, she has a ruined reputation and is in a mess, but even if she were to go to hell, she would have to drag Kiki with her anyhow.

She suppressed the panic and anxiety in her heart and continued to speak with the microphone, "All of you go to the lounge! You will see how shameless Kiki is! I want you to see her disgusting true colours!"

"Penny, I'm curious, I just went to the washroom, how am I being shameless?" Kiki's voice, unabashedly, rang out in the air. Her large chunk of her clothes that had been made wet had been dried by her with a hair dryer, and there was no longer any semblance of a mess on her body.

Kiki wore a burgundy velvet dress this evening, the style was her favorite conservative design, she bought this long dress, also from a certain treasure inexpensive model, but a hundred or so dollars, but on her body, it looked more like a brand name than the top high fashion that Penny was wearing.

It is said that people depend on clothes, but this is, in fact, not entirely true.

Very often, clothes need to be wore with people to look good.

Kiki is really good looking, she looks particularly thin, plus her face is stunning, even if she is draped in a ragged sack, she still looks like she is walking in a fashion show.

"Kiki?!"

Penny's eyes rounded as she stared at Kiki incredulously, she couldn't even imagine that she could still get away with it in his hands when Dylan had already texted her.

Penny was wondering what was going on when Dylan's harsh scream suddenly rang out in the air.

Hearing his voice, Penny subconsciously looked in the direction of the corridor.

A woman dressed in a short black dress was seen grabbing Dylan's arm in a death grip, followed by a vicious kick to the ground.

This woman, as Penny knew, was a famous sparring champion in Arkpool City.

Dylan looked miserable at this point, his face bruised and swollen.

There was still visible blood on his trousers, as if he had been kicked in the face, somewhere.

The sparring champion slammed her fist unceremoniously on Dylan's nose, breaking his nose directly, a sound that Penny felt painful to hear.

"Rascal! Shameless! How dare you try to take advantage of me! I will kill you!"

With that, the sparring champion kicked Dylan hard.

The change happened so suddenly that for a moment, Penny didn't know how to react.

Seeing this scene, the crowd in the hall understood the cause and effect of all this.

It should be Penny and Dylan badly tried to set up Kiki, not realising that Dylan was too stupid to take advantage of the sparring champion.

He dared to take advantage of the sparring champion, he's just looking for death!

No one sympathised with Dylan, thinking of his usual vicious behaviour, everyone just felt that the sparring champion hadn't beaten him up hard enough.

Penny's face was bloodless. She knew that she was really finished today, but she was not willing to be defeated like this.

Kiki shines brightly, while she, Penny, has become a street rat, she is not willing to do so!

Penny gritted her teeth, she had to find a way to get back into the game!

Before Penny could think of a good way to turn the tide, the large LCD screen, which had fallen silent earlier, suddenly appeared slowly with a clear picture again.

The man in the picture was the driver who had viciously run over Kiki's parents with his car almost six years ago!

Chapter 1393

Penny realised what was going on, and in her rounded eyes was an unconcealed panic.

She shook her head desperately, she shook it so hard, but she was on the verge of breaking her neck, the video, still going on, and she could, clearly, hear the man's voice.

"My name is Swen. About six years ago, I was the one who drove over and killed Mr. and Mrs. Hartsell."

"The car accident, which everyone thought was an accident, was, in fact, not an accident, it was a deliberate murder."

"It's Mr. Wallace gave me five million to find a way to run over Mr. and Mrs. Hartsell with my car."

"That day, Mr. and Mrs. Hartsell were supposed to go to the prison to see Kiki, and that section of the road was relatively empty, so I drove a heavy truck and deliberately crashed into their car."

"The first time I rammed into their car, I didn't kill them, at that point, I was so spooked and hell-bent on their death for money that I put the car in reverse."

"Thinking this disaster was finally over, Mr. and Mrs. Hartsell held each other up and supposedly tried to call emergency services."

“They didn’t make the car, I stopped the accelerator down and the heavy truck I was driving, ran over them hard.”

“This is the record of the transfer from Mr. Wallace. At that time, I got into the money, and I quietly recorded Mr. Wallace’s voice, thinking of using this recording to blackmail him later.”

As Swen’s words fell, Penny’s father’s voice came on the stereo, “Run over Kevin Hartsell and Priya Turner, and I’ll give you five million!”

Eventually, what was displayed on the screen was a screenshot of the transfer record from Penny’s father to Swen.

No one doubted the veracity of Swen’s revelation because everyone knew that after Kevin and Priya’s death, the Hartsell’s was merged by the Wallace family, and Kevin and Priya’s death brought such great benefits to the Wallace family that they really could have bought the murder!

Staring deathly at the large screen in front of her, Penny’s eyes were so sinister.

She didn’t expect that old stories from so long ago could still be brought up, and she didn’t expect that their Wallace family, who had given Swen nearly 10 million, would still betray them.

The only thing she was glad for was that Swen did not expose her.

Yes, Swen didn’t know that the person who urged her father to get the Hartsell family killed was her, Penny!

Kiki stared blankly at the large screen in front of her, unable to return to her senses for a long time.

Five million

The man who, for that 5 million, brutally killed her mother and father!

Her mum and dad had been dead for many years, and she was still heartbroken when she heard about their tragic deaths.

Her parents were still alive after being hit, they tried to call for help, their will to live was still so strong, and that man, who drove a heavy truck, brutally ran over their bodies. How much they should have hurt!

Without realising it, her tears, which had wet her face, were still seeping through her fingers as she covered her face with all her might.

She hurts so much

Her heart ached so much she couldn’t breathe, but no matter how much it hurt, it was not a millionth of the pain her mum and dad had felt when they were run over by the wheel.

Kiki did not fall to the ground, but fell into the broad embrace of Christ.

He hugged her tightly, his expression solemn to the point of devotion, “Kiki, I said that I would return justice to you! What I owe you, in this life, I will pay back a thousand times over!”

Seeing Christ hugging Kiki, Penny’s emotions completely collapsed and she screamed at the top of her lungs, “Christ, let go of Kiki! I forbid you to touch Kiki!”

“She’s shameless, Kiki! She’s tried to harm me over and over again! She’s dirty, she’s unclean, she’s not good enough for you at all! Christ, I forbid her to dirty your hands!”

“This Penny is sick, isn’t she? What time is this, and she’s still biting on Kiki?”

“Yes, Kiki is so miserable to have met a crazy dog like Penny!”

“Being framed and jailed, having her pinky finger chopped off, having her child killed, and also having to endure countless tortures in prison that we can’t imagine, the tragic death of her parents, not even being able to see her parents again, Kiki is really so miserable, if it were me, I would have already gone crazy, I really can’t imagine how she is holding up.”

“Yeah, she’s really strong! I even scolded her before! I apologise to her for my bad mouth!”

“I apologize to Kiki too! I’m simply brain-damaged to think that Penny is the victim and to curse Kiki many times!”

.....

“It’s not like that! It’s not like that!” The chatter around her was like a needle stabbing into Penny’s ears, she covered her ears hard, but no matter how hard she covered them, the disdainful, despising voices still stabbed hard at her heart.

“Miss Wallace, please come with us and cooperate with the investigation.”

Several police officers suddenly rushed in and handcuffed Penny.

“No! I don’t want to go to jail! I’m not going to jail! I’m not at fault, it’s Kiki! It’s Kiki who’s been hurting me! She tried to get me killed!”

Penny struggled desperately, but no matter how frantic she was, the police continued to forcefully lead her towards the stage.

Christ carried Kiki directly to the stage set up in the hall, and he took the microphone handed over by the maid, “I’m sorry for Kiki.”

“I wrongly blamed her, wrongly trusted Penny. Kiki saved my life, yet I treated her as an enemy who killed her son, I deserve to die!”

“Kiki, in this life, you can kill me as you wish, but you cannot stop that I love you.”

“Kiki, I would like to spend my life to pay for my sins, Kiki, give me a chance to pursue you, okay? In the past, it was always you who waited for me to come home, this time, it’s my turn to wait for you to come home.”

“Kiki, I know I’m not qualified to hold your hand, but I still wish to grow old with you.”

Kiki jumped down from Christ’s arms, her eyes staring at the man in front of her in a complicated manner, she really did not expect that he would be willing to, with his own hands, beat Penny into hell.

He knew that he had designed all this at the birthday party, that he had given her justice, that he had given her parents fairness and justice, and she would surely be lying if she said that she was not touched at all.

Tonight, she also learned that it wasn't him who had allowed violence to be done to her in prison, nor was it him who wanted their child dead, and that he had no knowledge of his parents' death.

However, she still did not know how to reconnect with him.

Everyone likes to see a broken mirror reunited, but sometimes, a broken mirror is a broken mirror, and even if it is mended well, it cannot be restored to its original form, and she and Christ cannot go back to the beginning.

Six years, between them, there has been a distance of a thousand hills and a sea of mountains that cannot be leveled.

In a trance, Kiki heard Christ's voice again, his voice, as good as ever, sounded extraordinarily affectionate because it was raspy with a bit of affliction.

He said, "Kiki, happy wedding!"

Chapter 1394

Happy wedding?

Kiki was very confused, she and Christ had been divorced for six years, how could she have a happy wedding?

What's wrong with him!

Kiki was about to ask what he was babbling about, and he pulled out two red books from his pocket.

The red book was opened and the photo inside showed her smiling brightly.

This marriage certificate is a fake, right?

Kiki snatched the marriage certificate from Christ's hand, the photo on the certificate was obviously taken when they first received the certificate. She loved him wholeheartedly at that time, even if he didn't like her, she still couldn't restrain the joy in her heart when she was able to receive the certificate with him, so even if he looked like he had lost his mother in front of the camera, her smile was endlessly sweet.

However, they are already divorced, so this marriage certificate should be null and void, right?

Kiki was about to say that he didn't need to use a voided marriage certificate to trick her, but she noticed that the date of the marriage certificate was new.

In other words, she's somehow married to Christ again?

She had always known that Christ was very powerful, but she had never imagined that he would be able to control the world to such an extent!

Inexplicably being married, Kiki was of course unwilling to admit it, and her charming face was marked with obvious annoyance and detachment, "Christ, you"

Christ, you're shameless! Don't try to be a scoundrel! I can't possibly marry you!

No, even if you used shameless tactics and married me by force, I will still divorce you!

However, before she could even say the words that followed, her lips were already forcefully blocked by him, with his lips.

Kiki, ".....",

Kiki was furious, she pushed him hard, but he had no intention of letting go of her, they were like this, in the eyes of the people on the stage, it was a complete love affair and a deep kiss.

Seeing that she couldn't push him, Kiki directly stepped on his foot fiercely. Christ was in pain, but he still did not let go, and his lips remained on hers.

Kiki could not get rid of her and after a while of trying, she lost her strength, and could not let him kiss her.

"Good!"

Someone uttered from the stage, but the cheers rose up, "Bravo! Mr. Birkin is impressive!"

"Keep kissing! Mr. Birkin is awesome!"

Kiki's face burned completely, it was just a nibble from a pig, what does this have to do with the impressiveness of Mr. Birkin?

Does the fact that he has a lot of lung power make him impressive?

"Kiki, we are now husband and wife in name only, and for the rest of our lives after this, we will never be apart again, okay?"

Before Kiki could even say the words of resistance, the roar from the stage once again almost pierced her eardrums, "Yes!"

"Together! Together! Together in love!"

Kiki, "....."

Why did she suddenly feel that she had no human rights at all and that everyone had already done Kiki for her?

"Kiki, everyone wants us to be together!"

Hearing the uproar from the crowd on stage, Christ was very proud of himself, "Kiki, the minority obeys the majority, you have to stay with me."

Minority rule my ass!

Kiki was so angry at Christ that she wanted to burst into foul language, however, she was really furious now, so furious that she couldn't say anything straight away.

After easing up for a while, Kiki finally found her voice, she didn't want people to misunderstand, she was trying to clarify the relationship between her and Christ, but he once again straddled her and picked her up.

"Kiki, let's go home!"

"Mr. Birkin, not another kiss yet!"

Normally, people would not dare to make jokes about Christ, but today, seeing him in such a good mood, many people on the stage were emboldened and scrambled to be the first to make a scene.

"Mr. Birkin, one more kiss! One more kiss! This time we'll say a long French kiss! A long French kiss!"

Kiki didn't want to have a long French kiss with him!

Kiki's face turned black with anger, and when Christ saw her anger, he didn't do that so-called French kiss.

He gave a doting look and spoke to the crowd on stage in a rare moment of good temper, "No, Kiki is shy! I'll take her home first!"

"Oh"

What do you do at home? Doing impure things, of course!

How could Kiki not understand the meaning of the uproar? And her face was so blushing.

It would be better to let everyone misunderstand that she wanted to do something impure with Christ than to continue to be gnawed by pigs!

"Well, we'll go back first! Kiki can't wait!"

The corners of Christ's lips rose recklessly, and his eyes, which were always heavily shaded, were at that moment, tinged with bright joy, shining in the light.

The crowd had never seen Mr. Birkin, who was always in a murderous mood, smiling in such a flirtatious manner, so they were directly stunned!

By the time they came back to their senses, Christ had already left the hall with Kiki in his arms.

The crowd looked at each other, and then, there were endless blessings for him and Kiki, and the women were unspeakably envious of Kiki.

Christ had never looked at Penny with such tenderness.

When he looked at Kiki, his eyes were tinged with starlight.

He was really in love with Kiki.

"Christ, put me down!"

When she thought of what he had just said in the hall, Kiki's stomach was full of anger, what he meant? He said as if she was so horny, who cares to do impure things with him!

“Kiki, I hug my wife, as it should be.”

Kiki, “.....”

Kiki’s cheeks puffed out in anger for a long time before she found her voice, “Christ, who is your wife! I’m telling you, I won’t marry you!”

“No, I want a divorce from you! There’s no way I’m staying with you! Christ, open the door! I want to get out of the car!”

He was in a really good mood tonight, he had been tossing around the idea of re-applying for a marriage license with Kiki, and to his surprise, he actually managed to get it down.

How could he be in a bad mood when she was his rightful wife again!

This time, he had already seized the opportunity, Quinn couldn’t think of snatching Kiki from his hands again!

“Honey, don’t get angry! You may already have our baby in your belly, and it’s not good for our baby for you to be angry.”

Kiki was so angry, who was his honey!

This man really thinks shamelessness is funny!

However, the baby

Kiki subconsciously looked at her belly, the last time she had sex with Christ, she was really pissed off and had forgotten to take the aftercare pill.

However, she was forcibly aborted in prison at the time and her body was severely damaged, so she shouldn’t be able to get pregnant that easily.

Chapter 1395 online free

Kiki subconsciously reached out her hand and stroked her still-flat belly.

Originally, she didn’t feel anything, but after hearing what Christ said, she found that she was actually looking forward to having another child.

Ugh!

Kiki shook her head vigorously, she was really brainwashed by Christ, who wants to give birth to his child!

But if she was really pregnant, she thought, she wouldn’t be able to get rid of the baby.

She had already lost one child, and if she could have another, she would certainly give birth to this one, and make up for what she owed to the last one, along with this one.

Seeing Kiki suddenly quiet down, no longer yelling to get out of the car or anything, the corners of Christ’s lips could not restrain themselves from rising.

He was even more excited about the baby in Kiki’s belly.

He was beyond certain that the presence of this child would surely be the best medicine to repair their relationship.

Kiki was in no mood to continue arguing with Christ as she was thinking about the baby all the way, until his car stopped and she realised that she had been taken to his villa.

“Christ, I want to go home!”

Even if Christ shamelessly gets their marriage license again, Kiki doesn't want to share a room with him.

“Kiki, this is your home, our home.”

In his previous life, Christ was the one who wanted to save reputation the most. After his rebirth, Christ no longer knew what reputation was, and as long as he could pester Kiki, he would not hesitate for a moment.

“Kiki, you must be hungry, I'll go and make you something to eat.”

With that, Christ picked her up and walked quickly towards the living room.

If Christ didn't say anything, Kiki didn't feel anything, but when he said so, she really realized that her stomach was indeed very empty.

In the past, she could just eat whatever she wanted to fill her stomach, but recently he has been cooking all kinds of delicious food for her, and her appetite has been spoiled by him.

Especially when she thought of the fancy dish that Christ had cooked for her last time, Kiki couldn't help but swallow her saliva.

The dish was so beautiful that Kiki thought that it was a fancy dish that would look good but would be difficult to eat.

However it would be impeccably tasty.

Forget it, she would not bother with him for now.

Kiki slightly raised her chin, and that impeccably beautiful face carried a heart-thumping aura, “Christ, I want to eat beautiful food!”

Christ was stunned. He had never thought that Kiki would take the initiative to ask to eat his cooking?

After a brief moment of bewilderment, he was filled with joy, and he nodded his head, “Yes, Kiki, I'll go and cook for you.”

For the first time, he found that cooking for the woman he loved was even more satisfying than making a few hundred million dollars.

The cooking skills of Christ have really improved every time, and Kiki ate with indescribable satisfaction.

When she was satisfied with his meal, she was in a better mood.

Seeing Kiki put down her chopsticks and stared at him, Christ hurriedly put down his chopsticks as well, “Kiki, why aren't you eating? Are these dishes not to your liking?”

Kiki looked at the empty plate in front of her, she had already eaten so much.

Does Christ really think she's a pig?

Kiki originally wanted to curse Christ, but when she met the careful pleasing look in his eyes, her heart softened and she suddenly couldn't say those cold, hard words.

Christ was really different from six years ago.

The Christ of six years ago was disdainful and full of disgust towards her; the Christ of now, she could feel, treated her like a treasure.

He was good to her.

Six years ago, he did make the mistake of hurting her and putting her through five years in prison for nothing.

But after all, it wasn't him who ordered the violence against her in prison and killed the child in her womb, so shouldn't she really give him, and her own heart, another chance?

Kiki rubbed her belly, if, in her belly, she really had a child, then she would give their love, one last chance.

"Kiki, what's wrong? Why aren't you talking?"

"Christ, you've changed a lot." After a pause, Kiki then spoke, "You have become very strange, becoming somewhat unlike you."

Yes, having lived a lifetime longer than others, it was natural for him to make a difference.

Rebirth was unimaginable, of course Christ could not tell Kiki about his rebirth, he could only speak with a light smile, "Kiki, all my changes are because I have seen my heart clearly."

"Once, I was in a funk and took too many wrong turns, now, I want to cherish the girl I love most, even if you don't love me anymore, I want to watch over you for the rest of my life."

"Kiki, don't kick me out again, okay?"

Thinking of the hardships she endured in prison, Kiki wanted to categorically reject him, but thinking of these days, his careful and almost humble ingratiating, she finally could not do it with a cold heart, "Christ, if if I am really pregnant, we start over. "

"What?!"

Christ's eyes rounded in disbelief, his fingertips kept trembling, and his lips trembled gently. He dare not think that Kiki was really willing to give him another chance.

The unparalleled surprise was followed by unexplainable remorse.

After all the untold things he has done to her, and she is willing to give him another chance.

His Kiki was so good that in his last life, he kept on making a fool of himself, driving her heart to death and never looking back.

He's an asshole!

Kiki pretended to look as if she didn't understand this look of uncontrollable joy from Christ, she shook her head helplessly, "Christ, if you don't want to, then forget it."

"Yes, yes, yes! How could I not want to!"

Christ was afraid that Kiki would change her mind, so he spoke up busily, "Kiki, whatever you say, I'm willing! I dream of being with you for the rest of my life!"

Kiki still had resentment in her heart towards Christ, but when she met the undisguised joy in his eyes, the resentment in her heart was inexplicably washed away again.

Forget it, that's it, she could not control her heart!

As soon as Kiki drifted off, she found that Christ had picked her up again and was still rushing upstairs in a hurry.

She subconsciously spoke, "Christ, what are you doing?"

"Trying to make you pregnant!"

Chapter 1396

She did say that she would give him another chance if she did have a baby in her belly, but who cares about making a baby with him!

"Christ, put me down! I'm not going to have sex with you!"

It is really too shameful, Kiki is thin-skinned, and as she says it, she can't help but blush.

But Christ's face was not half ashamed, he spoke to her with a straight face, "You said that if you were pregnant, we could start over! Of course I have to try to get you pregnant with my child!"

"I mean, if the last"

"Kiki, all I know is that if you say you're pregnant, we can start over!" Christ looked unreasonable, "Kiki, I will make you pregnant!"

Kiki was so wrapped up in Christ's words that she couldn't even turn her head around... how could this person always have the ability to misinterpret what she said?

And how could she be so indomitable as to surrender to his sweet words when she had clearly made up her mind that she was going to be clear of him for the rest of her life?

Kiki was so torn up in her mind, but Christ was so excited that he took her straight to the bathroom. Realizing that her clothes were getting less and less, she couldn't help but say, "Christ, who gave you permission to undress me? Don't you touch me! Get off me!"

"Kiki, how can you take a bath without taking off your clothes?"

Kiki felt that what he said seemed quite reasonable, and that it was indeed impossible to take a shower without taking off her clothes.

It was only after he had carefully placed her in the water that Kiki realised that she had accidentally jumped into his trap again.

It's true that she can't take a bath without taking off her clothes, but the question is, she didn't need him to give her a bath!

Shameless shit!

Christ is indeed a shameless contraption, no matter how much Kiki dislikes him, he still has the cheek to do everything he wants to do.

Thinking of the impurity between the two of them just now, even after Kiki was carried to the bed and she buried her head deep inside the blanket, she was still burning up all over her body.

If Christ is shameless, so be it, the question is, how can she condone him being shameless to her!

This bastard, Christ, was trying to infect her with shame too!

The more Kiki thought about it, the more she felt ashamed of herself, and tonight, she just wanted to go under the covers for the night.

Only, she hadn't been inside for a few minutes and the blanket on her was ripped off by that shameless Christ.

"Kiki, what's wrong?"

Seeing Kiki's flushed face, Christ couldn't help but gave a smile, "Kiki, are you shy?"

Kiki's face reddened more as her mind was nudged in a simple and brutal way, "Christ, you're the one who's shy! Your whole family is shy!"

"Speaking of the whole family, I suddenly remembered something."

Christ sat on the edge of the bed, he lovingly grabbed Kiki's hand, "Kiki, mum asked us to come home for dinner tomorrow night."

When Kiki was about to refuse, Christ spoke again, "Kiki, I know, I'm not a good man, but mum really likes you."

Kiki's words of refusal were suddenly unspoken.

Christ was right, although this shameless contraption made her hate her to the core, Evie was really good to her and she actually, somewhat missed her.

Seeing this shameless man trying to hug her again, Kiki quickly slapped his hand away, "Christ, don't you touch me!"

"Kiki, you're my wife, if I don't touch you, who will?"

Why is this shameless man so full of sophistry?

Kiki is so angry that she doesn't even want to care about this shameless creature!

Seeing Kiki puffing out her face, Christ did not feel self-conscious about being disliked, he rather felt that she was able to show her emotions unrestrainedly in front of him, her look, which was extraordinarily cute, made his heart move more and more.

He moved over and shamelessly took her into his arms, his face slightly bent down, his lips almost to her ear.

“Kiki, I haven’t touched a woman in six years except the last time I was with you, I’ve held it in for six years, you need to make it up to me.”

Kiki’s face turned completely blushed, look, what bullshit this shameless man is talking about!

What did it matter to her if he had touched a woman or not!

She hadn’t touched a man in six years!

However, thinking that he hadn’t really touched Penny, her heart had a touch of indescribable joy.

With her so distracted, he got his way again, and he shamelessly sealed her lips shut.

He kept murmuring lowly as he rolled over and over her lips repeatedly, “Kiki, you have to make it up to me, Kiki, my Kiki

My Kiki

She could only think to herself, “Tonight, just pretend that I’ve been piggybacked once again.”

Unable to resist, she could only wrap her arms around his neck and floated with him all night.

Christ really, really wanted to do something shameless to Kiki in his dreams.

But in the end he didn’t make that final step.

Following the trajectory of the last life, she was sure to be pregnant, and he was looking forward to this child so much that he could not allow him to abort.

He always felt that this child was the only chance for him and Kiki’s love to survive.

So, after taking some advantage of her, Christ still embraced Kiki and fell into a deep sleep.

It’s a different kind of satisfaction to hold his beloved girl like this.

This night, Christ slept extraordinarily deeply, but he had a particularly terrible dream.

He dreamed again that Kiki was covered in blood, the lower half of her body, moreover, was soaked in a large area of bright red, and the blood flowed out bit by bit, and what passed was all the life of their child.

He also dreamed that Kiki was wearing a pure white wedding dress, holding Quinn’s hand and smiling brightly.

She is pregnant with Quinn’s child.

She doesn’t love him anymore.

Christ woke up from his sleep with a jolt, his heart beating wildly, and only when he felt Kiki sleeping beside him did the unease in his heart slowly die out again.

Those were all from a previous life. In this life, she was by his side, he would protect their child, and he would never let Quinn have the chance to circle her in his arms.

In his last life, when he died, she promised him the next life.

In this life, they will never be separated.

After Christ was awakened by this nightmare, he couldn't sleep anymore.

Just after dawn, he received a call from Dave that Penny was dead.

Chapter 1397

To be precise, all four members of the Wallace family are dead.

Last night, someone bailed Penny and her father, Roman, out of the police station, and late at night, someone broke into the Wallace family villa and killed Roman, Penny's mother, Penny and Dylan.

The family of four died in a tragic manner and this case, which was particularly egregious, was immediately investigated by the police department after receiving a call to the police.

The police in Arkpool City is always efficient and soon they uncovered the real culprit in this murder case.

Nicholas.

Nicholas was reluctant to admit it at first, but with the footage of him entering the Wallace family villa caught on camera, plus some other evidence in front of him, he could only tell the truth.

He admitted that it was he who committed the murder out of hatred.

When he killed Penny, the Wallace family stopped him from doing so, and he was so evil that he killed their entire family outright.

Listening to Dave's report, Christ always had a surreal feeling.

In his previous life, it did not happen that Nicholas broke into the Wallace family villa and killed people out of love and hatred, Penny and Dylan both died at his hands.

His rebirth, like a butterfly effect, may, and many things, and the end of many people, have changed without his knowledge.

In theory, he had to be happy about the tragic death of the Wallace family, but for some reason, an indescribable uneasiness arose in his heart, always feeling that the matter was not that simple.

"Are you sure it was the Wallace family that died?"

"Boss, it's absolutely true! To ensure the accuracy of the information, I went to the police station to confirm before I called you, and it was indeed the four members of the Wallace family. The police have also compared the genes and they are indeed a family."

Dave said it with unmistakable certainty, but the uneasiness in Christ's heart was still not removed. Probably, it is because Flynn has not been found yet.

In his last life, he settled Penny and Dylan with ease, and the most difficult person to deal with was Flynn.

Flynn hurt Kiki again and again, and in the end, he paid with his life to get back her and Quinn's son's life, but their daughter, whose whereabouts are still unknown, is not sure if she has been found later, dead or alive.

"Keep investigating Flynn! Even if I have to dig into the ground, I'll get him back!"

"Yes, boss!"

After hanging up the phone, Christ called Fabian and Kieran again, asking them to use their intelligence network to help him find Flynn as soon as possible.

Flynn is a time bomb, if they can't find him soon, sooner or later, he will still turn his life and Kiki's life upside down!

After spitting on herself for being indisputable, Kiki went back to her and Freya's small flat from the villa.

Kiki doesn't want to see this shameless man called Christ anymore, but he is like a piece of cowhide, always sticking to her, and it's hard for her not to see him.

She went to sing in Aero Club and every time she came home from work, she would see him guarding the bar outside and forcibly abducting her to without a word.

Later, he went even further, going straight to the bar to hear her sing, and giving her all sorts of votes, saying to everyone that she was his wife.

She was so angry that she wanted to sew his angry mouth shut.

However, thanks to Christ's shameless behaviour, no one within Aero Club dared to bother her anymore.

In the past, she did not care to pester the rich businessmen and young men who came to the bar, but they always liked to pester her in various ways.

Now that Christ is proclaiming everywhere that she is his wife, those wealthy businessmen and young men naturally don't dare to offend her for fear of upsetting Mr. Birkin and turning all their businesses into pig farms.

Some of the singers inside Aero Club, apart from Daphne, used to have quite a few other female singers who liked to pick on her.

After learning that Kiki and Christ had been back together, even though there were still many female singers who were envious and jealous of her, they didn't dare to come after her anymore.

After all, no one wants to be abused by the ferocious Mr. Birkin.

Kiki was speechless at Christ's behaviour.

The Birkin family's company was so big and he was pestering her all day long, didn't he even need to work?

But later, Kiki understood that Christ must need to work, however, he wanted to be with her so much that he would rather stay up late to work and come and pester her.

One night, she woke up in a daze in the middle of night and she found him not in bed.

Puzzled, she draped herself in her clothes and got up. She noticed that there was a faint light on the balcony, where he had apparently stayed up late reading papers.

She felt that she had guessed what was in Christ's mind.

He didn't want to go to the study because it was too far away for him to see her as soon as he looked up.

He couldn't read the papers directly in the bedroom, he was afraid that turning on the light would disturb her good sleep, he had to go to the balcony of the bedroom, where he could see her as soon as he lifted his face, but without the light being harsh and disturbing her sleep.

At that moment, Kiki's eyes could not restrain themselves from getting moist.

She couldn't help thinking that she should, perhaps, get to know this man again, properly.

After that, when Christ went to see her again at Aero Club, or went to see her at the recording studio again, she didn't even ignore him, thinking that if she was willing to pay attention to him, he wouldn't have to spend so much time on her at work, as he did before, so that he wouldn't have to stay up late to work on his papers.

In fact, she was distressed by him.

Kiki's period has been delayed for almost twenty days.

She had a vague realisation of something in her mind, and she quit her job, she didn't want to continue with that life of late nights.

Recently, Freya introduced her to a job singing the theme song for a drama group, and the producer was very satisfied with her singing voice. That producer introduced her to quite a few more jobs, and she was able to earn a lot of money, so she didn't have to continue to sing in Aero Club, and she was able to secure the most basic living and help Freya pay part of Josiah's medical bills.

After leaving the studio, Kiki went to the drugstore and bought two boxes of pregnancy tests. On both of them, there were two clear red bars, she was really pregnant!

Kiki's heart could not contain her joy as she gently stroked her belly, but she was worried when she thought of the time she was plied with alcohol by Raphael and the others, she did not dare to delay at all, she wanted to go to the hospital and have a proper check-up.

If the child is healthy, if he comes into the world in peace, she will try to clear her mind of all the hard feelings and start afresh with Christ.

After taking her handbag, Kiki walked briskly outside the small flat.

Just as she reached the entrance to the block, a man in a black tracksuit came straight at her.

She panicked and dodged for fear that she might hurt the baby in her belly, but after she dodged, the man still grabbed her wrist roughly.

His eyes carried the resentment of a viper, his face had a black mask, after grabbing her, he slowly removed the mask from his face, revealing an impossible face.

Dylan.

Chapter 1398

Kiki's face changed drastically, she had heard about the tragic death of the four members of the Wallace family, and how she had never thought that Dylan was still alive.

She tried to break Dylan's grip with the force of her hands, but she could not exert much strength in her hands, and this time Dylan was so determined that she could not break free.

"Kiki, I'm still alive, surprising, isn't it?"

With each additional word Dylan spat out, his eyes twisted with malice several times over.

He bared his mouth and glared at Kiki like a poisonous snake, and she did not doubt for a moment that the next moment he would bite her neck so fiercely that there would be no more life for her.

"Dylan, let go of me!"

With her other hand, Kiki quietly went to grab the phone inside her pocket.

She was just about to call the police when her mobile phone rang sharply.

It was a call from Christ.

"Kiki, where are you now? I'll go over to pick you up later and we'll have dinner together, okay?"

Before Kiki could say anything, her phone, which had been viciously smashed to the ground by Dylan, dragged her in the direction of the grey van in front of her with deadly force.

"Dylan, let go!" Kiki shouted while struggling desperately, "Help!"

The subdivision on Fuxing Road was actually located off the beaten track, and at this time of the day, there was no one outside the subdivision at all, and Dylan was so strong that he picked her up directly and forcibly, and quickly tied her hands and feet with a thick rope, before roughly throwing her into the back of the van.

Kiki was still trying to get out of Dylan's grip, but the van had already sped out, her hands were tied and she couldn't open the door, so she could only lie stiffly in the back seat and let him take her in the direction of the countryside.

It took nearly two hours of driving for Dylan to stop, and he took her to an abandoned factory, a deserted, dusty place that was extraordinarily unsettling to the mind.

Kiki quietly surveyed her surroundings. If, she was taken inside the abandoned factory building by Dylan and the dilapidated gate was closed, she would definitely have no way to escape, and she could only find a way to leave before he took her inside the factory building.

“Kiki, don’t try to pull any tricks on me! Today, when you fall into my hands, you’ll wait to be played to death by me!”

Kiki did not say anything, inside her handbag, there was an eyebrow trimming knife, just now in the car, she had tried to grab the knife and kept cutting the string on her wrist.

She really had so little strength in her hands that it was extraordinarily hard to do this, and her wrists were indescribably uncomfortable.

But she knew in her heart that if she stopped, she would really have to die today, even though she could barely exert any strength in her hands, she had to keep cutting the rope around her wrists.

Dylan was ruthless and conceited, and he knew about Kiki’s wrist injury. After tying her wrists, he was sure she would not be able to make any waves and did not carry her forcibly forward, but with laziness, he grabbed her by the shoulders and dragged her forward.

Finally, Kiki cut the rope around her wrist.

Noticing a palm-sized stone off to the side, she bent down violently, quickly grabbed the stone and, with all her strength, smashed it hard against Dylan’s head.

The force in his hands was even less, but so a stone smashed on Dylan’s head, the back of his head instantly saw blood, and he was so dizzy from the smash that he could barely stand up.

Kiki took the opportunity to break free of his grip. She stiffened her hands and untied the ropes tied around her legs, and, ignoring the pain coming from her ankles, she covered her stomach and stumbled towards the front.

It was her first time in this hellhole, and she was now not sure what direction to go in. She could only rush aimlessly ahead, as far away from Dylan as possible.

“Bitch!”

Dylan eased off for a while before the dizziness coming from his head was slightly lighter. He held his head to steady himself and stared coldly at Kiki’s slender back, hating that he could not eat her alive.

“Kiki!”

Dylan gritted his teeth, “You think you can run away?! You’re dreaming!”

“You have caused my family such a miserable and inhumane death, I will make you pay the most grievous price! Kiki, I want you to pay the price!”

Kiki heard Dylan’s malicious voice clearly, her eyelids popped wildly, she was afraid he would catch up with her, she could only rush ahead more desperately.

There was a mound of earth ahead of her and she almost fell on it, her ankle, again, twisted and she couldn’t help but jerk backwards in pain.

But she didn't dare to stop, she still had to move forward, and if she did, this time, it would really be the end of all days.

She herself was not afraid of death. Five years in prison, every day, was like a walk to hell, and if she fell into the hands of Dylan herself, really, she was not afraid of how he would torture her.

But now, she had a child in her belly, and she was afraid that if she died she would lose it again.

Dylan and Penny, as twisted as they are, killed her first child, and Dylan would never let the child in her belly go.

Up ahead, there was the road, and when she got to it, she might get lucky and run into a car, get in that car, and she would be saved!

Seeing the road closer and closer to her, Kiki's body instantly filled with endless strength, and her ankle, it seemed, didn't hurt as much.

However, she didn't make it to the road after all.

She was still some distance from the road when four large, burly men, rushed out from the side and blocked her aggressively.

Life, close at hand, Kiki certainly could not let them block the way ahead.

She turned, trying to dash down the side to the road, but in the blink of an eye, the four burly men blocked her again.

The way they were acting, it was obvious that they wanted to block all her paths and leave her completely without a way to survive!

"Get out of the way! Get out of my way, you guys!"

"Bring her to the plant!"

Dylan panted as he caught up, staring at Kiki in an unkind manner, "Kiki, today, you can't escape from my hand! Just wait and be played to death by me!"

"Kiki, aren't you great? You stole a man from Penny, you charmed my brother-in-law, today, I'll make you the dirtiest woman in Arkpool City! I want you to die a dirty and unpleasant death!"

"I'd like to see if my brother-in-law will be so disgusted by you that he'll throw up when he sees your filthy, foul-smelling appearance!"

"Don't touch me! Don't you touch me!"

Kiki grabbed a stone, she tried to attack the four men, but the power disparity was too great, even with the stone in her hand, she was still no match for them, she could only let them forcefully drag her inside the factory.

The dilapidated door of the factory was slammed shut, as if the gates of hell were completely shut, and she, in the midst of hell, had no more way to live.

Chapter 1399

The stone in Kiki's hand was not large, but sharp, and she wrapped it in her palm so that it was not seen by Dylan and the four men.

She knew that she could also fight them now with this sharp stone, but that would be absolutely suicidal, and she had to find the best moment to deliver a fatal blow to those who had hurt her.

"Don't touch you?"

Dylan raised his hand at the men, gesturing for them to let go of Kiki.

He stepped forward, his fingertips resting flirtatiously against her chin, "Kiki, you've fallen into my hands, why should I not touch you? You really think I'm stupid, don't you?"

With that, he pressed his hand with sudden force and pinned her directly to the wooden bed on one side.

This room, obviously unoccupied for many years, has a number of spiders diligently making webs in the corners.

Being held down by Dylan like this, Kiki was so nauseous that she wanted to vomit, especially when she saw his lips pressed against her, she could no longer hold back and turned her face, just throwing up in a frenzy.

Dylan's feelings towards Kiki are actually quite contradictory; he hates Kiki, yet he likes her face.

The pride in her gave him an invisible feeling of being scorned, and he felt that it must be particularly good to trample her dignity under his feet fiercely.

However, this time, before he could trample on her dignity, she was so disgusted by him that she vomited.

It was an insult to him, a provocation that Dylan could not tolerate!

"Kiki!" Dylan growled her name through gritted teeth, "If you spit on me one more time, I'll break your neck!"

"No, I'll strip you naked and show all the men how shameless and prodigal Kiki in Arkpool City is!"

"Get out!"

Kiki took a deep breath and spoke to Dylan in disgust.

Kiki really hated the Wallace family, whether it was Dylan or Penny, they all made her sick to her bones.

"Kiki, I'm right on top of you, where do you want me to get out?"

Dylan spoke flirtatiously, "How about I get into your arms?!"

When she heard his unintentional voice, Kiki was so creeped out that she got goose bumps. She quietly clenched the stone in her hand, and when she saw his lips coming again, she couldn't hold back any longer, and with all her strength, she smashed the stone hard against his head.

This time, she didn't get away with it; Dylan was prepared for it and he dodged her attack with a nimble dodge.

The blood seeping from the back of his head was still warm, and he touched the blood on the back of his head, his eyes hostile.

"Kiki, you still want to hit me?! You're dreaming!"

With that, Dylan threw a hard slap at her face.

Dylan's slap was so hard that blood instantly seeped from the corner of Kiki's lips, she had no time to bother with the pain on her face as she gritted her teeth and attacked him again.

Today, having fallen into the hands of this demon, it was either her death or his, and she didn't want to die just yet.

In fact, the trickiest person in the plant right now is Dylan.

Those four men, to Dylan, may not be that loyal, and if she promises heavy benefits, they may turn against her temporarily.

"Crap! Kiki, you're really crazy, aren't you? Stop it! I'll kill you now!"

With force in his hands, Dylan threw her straight down heavily to the ground, while the stone in her hand was forcibly snatched away by the four men.

Kiki was not willing to be slaughtered, she struggled and tried to get up, but Dylan was already pressing down, his body was too heavy and she could not get up when he was pressing her down like this.

"Kill Dylan!"

Kiki spoke in a cold voice to the four men. She originally did not want to use Christ as an excuse, but now, in order to protect the child in her belly, she could not care less.

"I'm Christ's wife, if anything happens to me, he won't spare you! Dylan gave you a lot of money, didn't he? I'll give you double the money! If you help me get out of here, I'll guarantee you a lifetime of glory and prosperity!"

Christ's wife

The four men looked at each other, Dylan gave them money to do something for him, he hadn't really told them that what he was going to arrest was the wife of Mr. Birkin of Arkpool City.

It's a small matter to make money, but if they lose their lives, it's a big problem!

Moreover, Mr. Birkin is rich and powerful, if they fall back on helping his wife, they will definitely get more benefits!

With this brief glance, the four men had already made up their minds, and with the guys in their hands out, they took a step in the direction of Dylan and Kiki.

"Crap!"

Dylan was so angry that he cursed, "You've really been turned by this bitch Kiki, haven't you? Fine, you can work for her, I promise, let my brother kill your whole family!"

Seeing the four men stop in their tracks, Dylan smiled coldly, with an air of confidence, "I am not stupid! I wouldn't ask you to do something without any preparation."

Dylan pointed to the man at the front and spoke, "Yes, your wife has just given you a son, hasn't she? That boy of yours is so cute, I made him laugh twice at lunch today."

Hearing Dylan's words, the man's face instantly changed, he no longer had any thoughts of turning against him, and respectfully spoke to him, "Master Dylan, we no longer dare to have thoughts that we shouldn't have! We are subservient to you!"

The few remaining men did not look good either, knowing that Dylan must have pinched their soft spots as well, and they could only resign themselves to continuing to serve him.

Dylan knew that the four men wouldn't dare to have any more counter-intentions, and with a cold smile at Kiki, he pulled her collar.

"Kiki, aren't you noble? Aren't you arrogant? Today, I would like to see if you can still be arrogant!"

"Dylan, get away! Don't you touch me! Don't touch me!"

Kiki was so anxious, just now, she almost succeeded, only that Dylan was too sinister, he had actually prepared for it long ago, she couldn't turn them back.

Kiki is really good looking, whether it's her body or her face, it's all impeccably good, otherwise, there can't be so many men, who are crazy about her.

Dylan had always wanted to make her truly his woman, to tremble under him and beg for mercy.

Unfortunately, he can't.

The last time he was at Penny's birthday party, he was beaten up by the sparring champion and couldn't be a man.

Not being able to really conquer Kiki with his body, Dylan was instantly irritated, he got up and was so angry that he kicked Kiki directly and viciously in the stomach, "She is yours now!"

"Tonight, I want her to beg for her life!"

"If you can't do it to my satisfaction" Dylan trailed off in a long, sultry voice, "no one you care about will live!"

Chapter 1400

At the sound of Dylan's voice, the four men's bodies, restrained, shook a little.

None of them were good people, but no matter good or bad people, living in the world, they always had a soft spot, and with their soft spot pinched by Dylan, they naturally did not dare to disobey his orders.

After he had just kicked Kiki, Dylan still could not feel comfortable in his heart. He used to like torturing women, and after he failed to become a man, he tormented women even more viciously to the point of making people tremble.

He half-crouched down in front of Kiki and saw her biting her lip in pain, her body trembling, her hands still protecting her stomach, and he patted her stomach badly.

“Kiki, caring so much about your stomach, you don’t have anything good in here, do you?!”

Kiki’s heart tightened, she was afraid that if Dylan noticed her pregnancy, he would just kill the baby in her belly. She hurriedly removed her hand and tried to put on a calm and collected look.

However, she couldn’t disguise it anymore.

Earlier, he had kicked her so hard in the stomach that bright red blood had seeped out from between her legs, staining her beige trousers red.

“Tsk

Dylan gestured for the four men to stay away for now as he stared badly at the blood on her body, “Kiki, inside your stomach, there’s really a baby!”

“You’re bleeding so much, you’re not going to have a miscarriage, are you? Who is the father? Christ?”

“Tsk I really didn’t expect that so soon, you’d be pregnant with Christ’s sinful child again! This is good, I am like this because of you and Christ! I will avenge myself by killing this child!”

Dylan is a madman!

Kiki wanted to swear at him, but she was more afraid that he would hurt the baby in her belly again.

She didn’t know where she got the strength from, she actually struggled to get up from the ground.

Now, she had only one thought in her mind, she had to stay away from Dylan and protect the child in her belly.

And her only chance of survival was to get out of here quickly.

Kiki didn’t dare to delay at all, she quickly rushed in the direction of the gate, but, Dylan’s speed was even faster than hers, before she could reach the gate, he had already stopped in front of her.

“Kiki, you still want to run away? I’m telling you, don’t give yourself a hard time, otherwise, I will definitely make you and this sinful child in your belly die even more miserably!”

Kiki did not speak, at this moment, she could clearly feel that the little life in her belly was fading.

She had already lost much, much blood and she was afraid that, if she was tortured by Dylan again, the baby in her belly would never be recovered!

“Kiki, I hate you and Christ so much, what do you think I should do with the child in your belly?”

Dylan said, surprisingly, a cold and shiny knife appeared in his hand like a trick, “The child in your stomach, I think, has not yet taken shape, right?”

“It’s just a clot of blood and it’s not fun at all. I’ll begrudgingly have some fun with it! Say it, wouldn’t it be fun if I dug the baby out of your belly, dried it up and made it into a specimen?”

Kiki knew that when Dylan said that, he wasn’t scaring her, there was a real possibility that this madman could do such a thing!

Kiki covered her stomach and stepped back, but behind her were the four aggressive men, and she could not retreat.

If, she could protect the child in her belly, she could ignore her dignity and beg Dylan on her knees, but she knew deep down how bad Dylan was, this man was really so bad that even if she begged for mercy on her knees, he would not be able to spare the child in her belly!

“Kiki, I won’t say a word, so I’ll assume you’re finding it funny too! Okay, we’ll have a good time here!”

With that, Dylan’s hand exerted force, and the cold, shiny knife in his hand was ruthlessly stabbed at the small of Kiki’s back.

The door of the factory was suddenly slammed open, Dylan was jumped by the sudden noise, his hands moved, but did not stab Kiki in the stomach.

The person who rushed in was Christ.

Of course Dylan was not willing to let go of the child inside Kiki’s belly. He was just about to give her another fatal blow with all his strength, but Christ kicked him hard on the wrist, and the cold, glittering knife fell to the ground with a clang.

The knife was kicked away and Dylan subconsciously tried to grab Kiki so that he could use her to threaten Christ.

But Christ’s stance was so good and he moved so fast that before he could grab Kiki, he had already kicked him unceremoniously into the wall.

“Get Kiki! Hurry up and grab her!”

Dylan shouted in anxiety, but the four men, seeing Christ, were already scared, and by the time they came back to their senses, Kiki had already been safely in his arms.

“Mr. Birkin

Those four men who had all heard of Christ’s name, and when they thought of his methods, they all went weak in the knees in unison.

Just as they were so frightened that they almost fell straight to their knees, Dylan’s voice, again, rang shrilly in the air.

“Kill them! Otherwise, none of your families will live! Not one of them will live!”

Those four men did not dare to offend Christ, but when they thought of their closest relatives, they still gritted their teeth and lunged at Christ and Kiki.

Christ remembered these four men.

In a previous life, he had crossed paths with them.

In her previous life, Penny framed Kiki for finding four men to rape her, and she slit her wrists in shame and anger.

At that time, he was all about Penny, he believed her bullshit and helped her teach Kiki a hard lesson, and he let these four men, in front of him, rape her.

Unexpectedly, living again, he saw through Penny's true colours in advance, and these four men still presumed to harm Kiki.

The more he thought about it, the more remorseful and angry he became. Christ's strength was surprisingly strong, in the blink of an eye, these four men had been viciously kicked over by him, and they fell to the ground, unable to get up.

Christ knew that today, Kiki must have suffered a lot as well. He wanted to teach Dylan a hard lesson and teach these four men who had helped him to do so ruthlessly, only that he was more worried about Kiki's health.

Seeing the stinging blood on her trousers, Christ's eyes were sore.

In their last life, it was because of Dylan, on this day, they lost this child, can't it be that, living again, he still can't protect their child?

It was as if, he could not grow old with her.

No!

Since God had given him a chance to start all over again, this time, he would protect their child!
