Chapter 1401

“Christ, my belly is painful. Please, save our baby...”

“Don’t worry, Kiki. Our baby will be fine. I promise you!”

Without a second thought, Christ held Kiki tight while striding outside the factory.

Kiki leaned her head on Christ’s chest, feeling a sense of security that she had never felt before.

Her anxiety, panic, and helplessness all vanished, and she only felt peace and warmth in his arms at the moment.

She sensed that deep down, she was actually still attached to this man.

This time, Dylan quietly came back to retaliate despite Flynn’s obstruction. He would not allow himself to just watch Kiki and Christ leave!

Previously, the sparring champion beat him impotent, but he knew in his heart that Christ was behind the violence.

To a man, being impotent is more painful than killing him!

This time, he was determined to kill them both, even if the revenge would take his life and he would suffer eternal damnation!

After being punched by Christ a few times, Dylan felt badly hurt all over, but he still held onto the wall and got up from the ground.

He scratched something in his bag and ruthlessness then showed on his face.

He staggered out of the factory and soon, from a distance, he saw Christ who was holding Kiki.

What he had in his bag were explosives.

“Christ, Kiki, go to hell! All of you! I’ll send you to hell now!”

With that, Dylan ignited the explosives regardless, and then threw them viciously in the direction of Christ and Kiki with all his strength.

The explosives were so powerful that the impact sent Dylan flying outwards even though there was some distance between him and the explosives.

He fell to the ground, his skin burned seriously. his face, already covered with blood miserably, had a weird and self-satisfied smile.

He had blown himself up to the point where he could barely survive, but the explosives he had thrown were even closer to Christ and Kiki, and they would not survive either!

Christ had never expected Dylan to throw the explosives at him and Kiki. Without hesitation, he held her and lay down on a mound of earth while he, with his body, carefully shielded her.

The earth seemed to shake as the explosives exploded, and blood spurting from him all over.

He could clearly feel his flesh and blood splattering, but he didn't even feel the pain. What he was most worried about were Kiki and their baby.

He was also worried that in the future, without him to protect her, how would Kiki live the life!

Previously, to make sure that Penny and her family were really dead, he personally went to see their bodies.

Their bodies were horribly injured, but their faces were still intact and clearly recognizable.

But now Dylan was still alive, which meant that Penny and their parents, were still alive too!

Those corpses must have had plastic surgery or have worn human skin masks. But that kind of masks, could not be made overnight, which meant that someone had already planned for their fake deaths. And that person, was definitely Flynn.

There was no way Flynn could have known that Christ would make a move against the Wallace family. There was only one possibility—Flynn, like him, was also reborn!

If Flynn was also reborn, and he knew what would happen in his previous life, he would definitely be more difficult to deal with. He would be even more crazy to torture Kiki. If Christ died, no one could protect Kiki!

Being pressed on by Christ, Kiki felt her belly more painful.

But now she had more important thing to care about than the pain.

Hearing that loud bang just now, she was clearly aware of exactly what had happened.

She, on the other hand, was not in any discomfort, except for the pain in her abdomen.

It was Christ, with his flesh and blood, who had blocked the blow for her!

Christ had the agility of a leopard. If he hadn't taken her with him, he would have been able to dodge in one piece. But now...

Kiki felt something sticky dripping down onto her body, and it was not her blood.

With red eyes, she got up stiffly. She subconsciously hugged Christ and found, her palm, full of blood.

The blood on his back.

"Christ!"

Kiki wanted to hug him properly. But at this moment, she didn't dare to hold him too hard. She was afraid that if she used a little force, he would feel more painful.

"Christ, wake up! Wake up! Christ, hold on! I'm taking you to the hospital. We're going to the hospital!"

Kiki's voice carried a sobbing tone. She had never been so scared before, even at the time when she was in prison, her dignity was being trampled and her life was in danger. But at this moment, she was afraid that Christ would die.

Hearing Kiki's voice, Christ finally opened his eyes with great efforts.

"Kiki..."

His voice, with a heavy hoarseness, was a bit unpleasant to the ear. But to Kiki, it was the most beautiful voice now.

"Christ, I'm here! Christ, can you please hold on? Please, hold on!"

"Kiki, I'm sorry..."

I'm sorry for hurting you.

I'm sorry for having tried to cherish you, but not being able to protect you for the rest of my life.

After he said this, Christ's long eyelashes, then trembled and drooped, and his lean body, also stopped moving.

"Christ!"

Kiki cried her heart out. Her heart was so painful that it seemed to be breaking down.

She hugged him tightly and mumbled over and over again, "Christ, wake up! Wake up!"

"Christ, wake up! If you wake up and you survive, I'll forgive you! I won't blame you anymore! I won't blame you for anything!"

"Let's start again. I'll love you as I did before, and we'll grow old together! I love you, Christ. I want to be with you for the rest of my life..."

"Christ, if you don't wake up, who will be with me for the rest of my life?"

Kiki was sobbing uncontrollably. She wanted to find Christ's mobile phone to call an ambulance.

Unfortunately, when the explosion occurred, his mobile phone had fallen to the ground and had been destroyed, so she could not dial any number.

Kiki's stomach was hurting more and more, but she couldn't care more about the pain. She just wanted to take Christ to the hospital as soon as possible.

She gritted her teeth and planned to carry him directly to the hospital. But before she could carry him, she saw Dave rushing over with several bodyguards.

"Dave, Christ is injured! Take him to the hospital now! Hurry up!"

At the sight of the horrifying wounds on Christ's back, Dave was petrified, and he didn't dare to delay in the slightest.

Thinking of something, he reached out his hand and put his finger before Christ's nose first.

Chapter 1402

Noticing Dave's movements, Kiki was so nervous that her heart was about to stop beating.

She was afraid that Dave would say that Christ was no longer breathing.

She thought, if that were true, she wouldn't have the courage to live then.

Fortunately, Dave did not say this. What he said was that Christ was still breathing.

Hearing Dave's words, Kiki was so excited that she suddenly wanted to cry.

As long as he was still breathing, he would be saved!

Soon, Dave and the others took both Kiki and Christ to the hospital.

The baby in Kiki's belly was not saved after all.

Touching her belly, Kiki felt great pain, her heart trembling.

She said that if she was really pregnant and their baby could grow healthily, she would be willing to start over with Christ.

But this time, even though she lost the baby, as long as Christ manage to survive, she would still be with him and grow old together.

Christ was still in the emergency room.

Freya and Kieran had also rushed over. Kieran was outside the emergency room and Freya was by Kiki's side as she was worried about Kiki's health.

Kiki was worried about Christ's condition and wanted to go to the emergency room to stay with him. But she was so weak that she couldn't even get out of bed. She couldn't go over there to be with him.

She could only hold onto Freya's hand, her heart burning with anxiety, "Freya, how is Christ? Is he going to be okay?"

"Kiki, Christ's condition is very bad."

Freya didn't want to lie to Kiki. She spoke truthfully to her, "I just asked the doctor, and I was told that his back and legs are all badly injured."

"But the worse thing is, the wound on his head."

"What? He was injured on his head too?!"

Kiki's heart began to be filled with that suffocating pain again. Yes, he had bled so much, his face bloody, his hair also covered in blood. How could he be so stupid!

Why did him defend her from that blow!

"Kiki, don't be sad. Nowadays medical technology is advanced. Maybe there will be a miracle and he will survive!"

Previously, Freya really hated Christ. But recently, he had been acting really well and her attitude towards him had changed.

Especially this time, he had risked his life to protect Kiki, bringing too much of a shock for her to continue hating him.

“He will get better! He will definitely get better...”

Kiki kept mumbling, as if she was saying to Freya. But in fact, it was more like she was comforting herself, as if, if she kept saying that he would get better, he would really get better.

After a long wait, the emergency treatment was finally over. Christ still hadn't woken up.

The doctor said that if he didn't wake up within 48 hours, he would never wake up again.

Kiki's heart ached so much that she couldn't help trembling all over, and she stumbled to his ward despite Freya's resistance.

She had to get him to open his eyes!

The doctors advised Kiki to talk to Christ more. In that way, perhaps his chances of waking up, would be slightly higher.

However, in his condition, the chances of him being able to wake up were, at best, ten percent.

Ten percent...

This was a very small chance. But no matter how slim the hope was, Kiki would not give up.

She sat on the edge of the bed, grabbed his hand hard, and kept talking to him.

From the time she fell in love with him at first sight, to following him around like his shadow, from their first child, to their second child that they had just lost...

Kiki kept talking to him. She already felt dry with talking and she didn't even want to stop.

She was afraid that once she stopped, he would really never want to wake up again.

Time passed by minute by minute. In the past, 48 hours, two whole days, Kiki would have felt that it was passing extraordinarily slowly. But this time, she felt that time was passing extraordinarily fast.

In the blink of an eye, it was already the evening of the third day.

48 hours had passed, and Christ still hadn't woken up.

Not wanting to convey any negative emotions to him, when talking to him, Kiki did not cry, but always smiled to him.

However, thinking that time had passed and he still did not open his eyes, she couldn't control her tears anymore.

“Christ...”

Because she had said too many words, Kiki's voice had gone hoarse, and she whimpered as sadly as a little girl who could not find her way home.

“Christ, wake up! Wake up now!”

“Christ, if you wake up, I'll forgive you. I really don't blame you for anything! Let's start over. I'll cherish you. I want to spend my life with you!”

“Christ, don’t you want to spend your life with me? Didn’t you say that you wanted to spend your life making up for me? How can you make it up to me if you just sleep like this?”

“Christ, will you wake up?”

He was still lying on the bed, not moving a muscle.

Kiki sobbed for a few seconds, and then suddenly, she spoke in a fierce manner, “Christ, you don’t want to wake up, do you?”

“Fine, since you don’t want to, you can just stay asleep! That’s better! Then, I won’t have to be with you, and I won’t have to grow old with you!”

“Christ, don’t worry. When you die, I won’t miss you. I’ll find a man to marry right away. I’ll grow old with him. I’ll have children for him. And the children I have will call him their father. And you, Christ, are nothing!”

“Christ, you can die in peace! I’ll have a good life. I’ll have a bunch of children for another man! Yes, a bunch! As many as a football team!”

“Kiki, I forbid you to have children for another man!”

Because he was so badly injured and had been unconscious for a long time, Christ’s voice sounded extraordinarily weak. However, such a weak voice made Kiki unable to restrain her tears.

He had woken up!

Then she would not be alone anymore.

Kiki wiped away the tears at the corners of her eyes, “You don’t have the say. I don’t care what you think. If you don’t get better soon, I’ll marry someone else and have a baby sooner or later!”

“How dare you!”

What a man. He used to cling to her like a loyal dog, but now he was threatening her after he knew Kiki’s true feelings for him.

However, when she heard his threatening voice, Kiki was not angry at all, but only felt sweetness and joy.

With him around, how could she possibly find someone else!

Even if Christ died, she would never fall in love with anyone else!

Her heart was moved, and when she thought of his desperate efforts for her, Kiki could no longer be angry with him. She leaned down and kissed him deeply on the lips, “Christ, I wouldn’t dare. In this life, I will only have a baby for you.”

“Kiki, what are you saying?!” Christ looked at Kiki incredulously. He was so happy that he forgot to respond to her kiss, “Kiki, what did you just say? Can you say it again?”

Chapter 1403

“You wish!”

Kiki had always been thin-skinned, and by saying such explicit words, she had already mustered up all her courage. She didn't have the courage to say it again.

At the sight of Christ staring at her with a smirk and a look of glee, Kiki's little face reddened even more. She had this feeling that he was laughing at her.

She angrily pushed him away, “Christ, what are you laughing at!”

“Kiki, I heard you say that in this life, you will only have my baby.”

“Who said that?! I'll not have your baby!”

Kiki puffed out in anger and turned her face to the side, but the vividness between her eyebrows could not be concealed.

When Kiki was little, she had a lively and lovely side, but five years in prison had smoothed out all the childishness and innocence inside her. She was clearly in her early twenties, but her eyes always looked as if she had gone through several lifetimes of vicissitudes, like a dying old woman.

She had thought that she would be wearing that fake smile, her eyes hollow, her heart withered, for the rest of her life. She had never expected that Christ's clingy company had juiced her life up again.

There was also, from within, a girlish shyness that flowed.

Speaking of children, Christ suddenly recalled what he had seen before he passed out, the large bloodstain on Kiki's trousers.

His heart couldn't help but tighten, and his voice trembled as he spoke, “Kiki, our baby...”

Thinking of the baby she had lost, Kiki was on the verge of tears, her eyes becoming red.

When he saw this look on her face, it became clear to Christ that their unborn baby was gone.

“Kiki, I'm sorry. I'm sorry. I failed to protect it.”

Christ's fingers kept trembling, and the muscles on his body also trembled vaguely.

He had felt that after rebirth, he knew what would happen in this life in advance, and he would be able to control everything. But unexpectedly, he still failed to protect their child.

And, there was Flynn...

The Flynn of this life was bound to be even more terrifying and difficult to deal with than in his previous life.

But no matter how powerful Flynn had become, he had to catch Flynn and make him disappear completely. Only in this way could his Kiki, live a safe and worry-free life.

“Christ, you stupid!”

Kiki hugged Christ hard, she used to think he was cold and heartless, but now, she thought he was really stupid.

What did he have to do with the fact that she would lose that child!

The culprit was Dylan. There was no need for him to say sorry to her.

Moreover, he had been so badly injured in order to save her. His back was a large bloody mess, and a lot of flesh missing from his leg. If he hadn't gotten the best specialists to treat him, he would have had his leg amputated.

In the past, Kiki had hated Christ's guts and was particularly repulsed by his approach. But at this moment, she especially wanted to kiss this stupid.

With a deep glance at him, she leaned down and her lips were deeply imprinted on his.

Kiki took the initiative to throw herself into his arms, and Christ was so happy that he instantly took over the initiative and kissed her hard, itching that they could become one and never be parted again.

"Kiki, my Kiki..."

Christ stroked her eyebrows affectionately. How he wished they could become one physically and spiritually.

"Kiki, are you in love with me again?"

"It's all in your head!"

Kiki was particularly prone to blushing. She pushed Christ away, her face reddening, "Christ, don't put too much thought into it. I don't love you!"

"Ah..."

Christ put on a painful look. Hearing his cry of pain, Kiki was tensed again, "Christ, what's wrong? Is your wound hurting again?"

"My heart hurts. You can rub it for me."

Kiki was so nervous about his condition that she didn't think too much about it. She hurriedly stretched out her hand and started rubbing his chest for him.

Being treated by Kiki like this, Christ was quite satisfied. He felt that if she could stay by his side willingly forever, even if he would have been hurt more, he would still be happy to do so.

"Christ, are you feeling better? Does it still hurt?"

"Yes..."

Christ tried to put on an appearance of weakness, and he fervently held his temples, "Kiki, I'm in pain..."

Kiki knew better than anyone how cold and indifferent Christ had been.

Even if a few knives were stabbed into his body, he would never frown. But now, he was frowning and crying out to her pitifully that it hurt.

Thinking about this, Kiki was even sadder, as if her heart was about to break, and she really hated that she could not bear all the suffering and pain for him.

Seeing that Kiki's tears were about to fall down, Christ couldn't bear to continue pretending to be pitiful and deceive her anymore. He moved his lips, pretending to be painful, "Kiki, if you kiss me, I might feel much better."

Hearing his words, Kiki instantly understood that she had been tricked by him, and she gave him a light whack on the heart, "Christ, you're shameless!"

Having been seen through, Christ didn't feel embarrassed. Besides, he even moved closer to her, "Kiki, I have told I'm only shameless to you."

"My wound really hurts, but your kisses work better than the best painkillers. Kiki, can't you help me with the pain?"

What kind of bullshit was that!

Her kisses weren't medicine. How could they alleviate the pain!

The shameless bastard still wanted to take advantage of her even under such circumstance!

He used to be so quiet that he wouldn't even open his mouth for a few days if he didn't have to. But now, he was talking too much!

And every word was said in such a roguish manner!

Kiki seemed to dislike Christ's rascality, but in fact, she found that she actually liked him better this way. He was more approachable now, as if they could really live their lives together.

Kiki knew that he was being cheeky when he said this, but when she thought of how he had protected her, she was happy to cosset him. After giving a glare at him, she bent down and kiss him.

Christ was so contented that he felt he was going to float.

He wanted to get more benefits, but when he thought that Kiki had waited for him to wake up at his bedside and hadn't even get proper recovery due to the miscarriage, his heart ached more.

He gently held her into his arms and let her lie down beside him, embracing her. Even though there were still countless unpredictable dangers ahead, he felt much securer than ever...

Chapter 1404

Christ was really badly injured this time, and he stayed in hospital for two months.

These two months were the happiest and most satisfying time he had had in years.

The bed in the senior VIP ward was so big that even four people could sleep on it and would not feel crowded.

Every night, he could sleep with Kiki in his arms, and his heart was bubbling with happiness.

He only hated that the bed was so big. If it had been smaller, they would have been more intimate at night.

During this period of time, Christ had really enjoyed a lot of benefits. It was an extremely happy moment to fall asleep with Kiki in his arms, and it was even more enjoyable to be fed by Kiki and helped to wash his body.

If it wasn't for the fear that Kiki would be so worried about his health, he would really want to be sick for the rest of his life.

She was within his reach. He could hold her in his arms when he was working on documents, and when he looked up, he could see her warm smiling face, which made his heart that had been withered for years, warmer than ever.

Kiki's body was already severely damaged from all the torture she had suffered in prison, and this time she had a miscarriage due to Dylan's evil deed. Now he was particularly worried about her physical condition. He asked Freya to take her pulse carefully, and fortunately, there was nothing seriously wrong with her body except weakness.

As long as Kiki took good care of herself, she would live a long life.

Freya said that it might not be easy for Kiki to conceive a child in the future. Christ remembered that in his previous life, after Kiki's miscarriage, Freya had also said that her chances of getting pregnant in the future were slim.

However, Kiki did have given birth to twins afterwards.

In this life, he didn't know if she would still be able to conceive and have babies. Even if she could never get pregnant again, he wouldn't care at all.

Having children was like the icing on the cake, and without them, it would also be enough for him to be able to have her by his side for the rest of his life.

When Kiki heard that it might be difficult for her to conceive a child in the future, she felt depressed for a long time. Only after Christ comforted her again and again with patience, Kiki felt a bit better.

He said that he didn't care if they had children. With her by his side, he was already satisfied.

His words warmed her heart.

But she was still a little sad because she really wanted to have a baby for him and make the family happier.

Kiki wanted to have a child so badly that she quietly asked Freya to condition her body in the hope that she would have the chance to get pregnant again, and for Christ to have the chance to be called dad by a cute little baby.

Kiki became famous.

She was an instant hit, so to speak.

She sang two songs for Catherine's drama. When the two songs were just released, her voice, which was sought after by countless people, was even hailed as ethereal.

There was no doubt that her songs all made it to the top.

After the release of those songs, the charts were almost dominated by her.

With her songs, Kiki gained a huge wave of die-hard fans.

Kiki never wanted to become a star. Her idea of singing theme songs or episode songs for those dramas was simple—to make money.

By earning more money, she could give Jaden and Jayla a better life, and help Josiah pay part of his medical bills and ease Freya's burden.

Unexpectedly, she just sang a few songs and dominated the charts and hot searches, riding the top of the entertainment industry's power charts with the momentum of a dark horse.

She had listened to Freya and registered an account on Weibo. Originally, she only had a few followers, but that day when Christ was discharged from hospital, she clicked on her Weibo again and saw that she already had 10 million followers.

Later, a drama group released a music video in which Kiki appeared in person. She didn't do many flashy actions, but just stood in front of the camera with much expressions, causing countless fans to go crazy.

Beautiful!

She was so beautiful!

Such a gorgeous face almost caused a sensation in the showbiz.

Kiki had not shown her face when she sang those few songs before, and many fans thought that she merely had a good voice, and that she dared not show her face because she must have been too ugly, fearing that her face would scare away her fans.

Unexpectedly, God would be so partial to her. She not only had a great voice but also a stunning face!

How could people not be crazy about Kiki's purely natural, impeccably beautiful face when they were so used to seeing the same old plastic faces in the showbiz?

Her face was so delicate. Her aura was a little on the cold side, but her eyebrows had a natural charm. Even the barest hint of smile on her face could be seductive.

The corners of her eyes were slightly upturned, somewhat like a fox's eyes. They looked compelling while carrying a kind of glowing elegance, Every expression change on her face was the most beautiful scenery.

After Kiki became famous overnight, she received many job offers. Among others, there were some from agencies.

However, Kiki did not sign with any agency. Christ assigned the most professional team to her and set up a studio for her to take care of all her work.

In fact, he did not want so many people to know Kiki. He wanted to hide her, to show her beauty to him only.

But after rebirth, he learned how to respect her. He knew that Kiki liked to sing and act, and as long as she liked it, he would support her unconditionally.

Kiki did love singing and acting, but she didn't have much of a mind to chase fame and fortune. She didn't accept many of those job offers that came her way. She sifted through them and accepted only one song for recording.

She only accepted to record one song, "Choice of Joy".

The song was not a solo or a male/female chorus as was more popular nowadays, but a chorus of two female singers.

The other female singer, a diva of the singing world, was Cecelia Turner.

A big part of the reason why Kiki chose to record this song was because she really liked Cecelia.

Cecelia was a skilled singer, and her voice was also special and beautiful.

Kiki arrived at the studio early in the morning and waited for a long time for Cecelia, who had arrived late.

Cecelia was completely different from the impression she gave on screen. In reality, she was so arrogant that she was a bit uncaring. Especially when she looked at Kiki, her eyes were heavy with disdain and disgust.

She raised the corners of her eyes and sneered at the assistant who was carefully serving beside her, "What top-notch music team? You're just asking me to sing with someone who had been a prisoner? What an insult! This is an insult to me!"

"Listen, this prisoner must be replaced! Otherwise, I'll not sing this song!"

Chapter 1405

"Prisoner..."

Kiki's face fell, and her impression of Cecelia was also instantly poor to the extreme.

It turned out that the persona of many celebrities was really just an act. Their performance in front of the public was completely different from how they acted in private.

It was a shame that she had liked Cecilia before.

Hearing Cecelia keep mentioning "prisoner", Kiki's agent Latoya couldn't take it anymore.

Latoya was Evie's relative, Christ's cousin, and always strong in fight. She wouldn't allow her artists to be bullied like this!

Moreover, the artist she brought along was her own cousin's wife. Christ and Evie had told her many times that she had to take good care of Kiki.

Latoya shielded Kiki behind her and looked as if she was going to fight with Cecelia, "Cecelia, who are you calling a prisoner?! Everyone knows that Kiki was put into jail because she had been set up by Penny! Apologize to Kiki!"

Cecelia had always been arrogant and aggressive. Besides, Kiki was an eyesore. How could she possibly apologize to her?!

Although Kiki had really been particularly popular recently, Cecelia had been in the entertainment industry for many years, and was much more influential.

She took out her senior's stance and stared at Kiki disdainfully, "Kiki, did I say something wrong about your experience as a prisoner?"

"Have you never been in jail, or have you not shamelessly pestered Christ?! Everyone in Hance City knows that Christ already dumped you six years ago, yet you still shamelessly pester him."

Cecelia's words were really mean, not at all in line with her persona as a gentle singing diva.

However, listening to her words, Kiki understood that Cecelia would target her like this, not because she had been in prison, but because of Christ.

Christ...

She called his name quite intimately.

It seemed that Christ had flirted with women before.

What a shameless man!

"You're the one who's shameless! You are the shameless one. Your whole family is shameless!"

Latoya was so angry that she was about to jump up, "Cecelia, I'm not going to say it again. Apologize to Kiki! Kiki has never pestered my cousin. It's clearly my cousin who is shamelessly pestering her!"

Thinking about how shameless Christ was in front of Kiki, Latoya couldn't help but roll her eyes.

In the past, she was really afraid of the indifferent and reticent cousin. After she was dragged by Evie to be Kiki's agent, she was especially afraid that she would bump into her cousin who was so intimidating as if he wanted to eat people.

But when she went to the hospital early that morning to look for Kiki, she saw that her cousin, who was known to be cold and unfeeling and not close to women, was holding Kiki's hand and pecking on it.

He also frowned and acted pitiful in front of Kiki, just to let her give him a kiss.

What was even more incredible was that her cruel cousin even pouted at Kiki.

The scene gave Latoya goose bumps.

She also instantly understood that her cousin was not really indifferent to anything, but only because he had reserved all the tenderness for Kiki. What he showed to others was only indifference.

Cecelia had never been scolded by someone pointing at her nose like that!

At that moment, her small face, which was exquisitely made up, was so angry that it twisted, and even with her heavy foundation, she could not hide the fury on her face.

Cecelia was so angry that she wanted to go up to Kiki and Latoya and tear them apart. But she was acting like a first-rate actress, she couldn't do something so degrading all of a sudden.

She took a while to calm down before she was able to maintain her composure.

The smile on the corner of her lips grew more and more disdainful, "Humph! You're jumping the gun, aren't you? Do you think I don't know that Christ doesn't even like you Kiki? If you have self-esteem, you should stop pestering him like a sticky candy!"

Latoya was really angry at Cecelia's words.

If he didn't like her, he would not have fawned on Kiki and begged for her attention!

Cecelia was really good at deceiving herself and others!

Latoya was just about to batter Cecelia, an arrogant psychopath, when Kiki walked up to Cecelia without hesitation.

"Christ doesn't like me?"

Kiki's face was unperturbed. The corners of her lips were curled with the usual light smile, "Whom would he take a fancy to if it isn't me? Would it be you?"

Of course Cecelia felt that the only person in this world that Christ could have his eye on was her, Cecelia.

But she couldn't possibly say such blunt words herself. She gave a wink to her agent, who then spoke to Kiki with her chin held high and proudly, "Of course the person that Mr. Christ desires is our Cecelia!"

"Everyone knows that Mr. Christ has a crush on our Cecelia! He had been with Penny for so many years. But he was not willing to marry her because he can't get over Cecelia!"

"Kiki, Mr. Christ only has Cecelia in his heart. I advise you not to be delusional and bring shame to yourself. Don't fawn on Christ regardless of his disgust for you!"

Hearing these words from her own manager, Cecelia was more content.

Penny was Christ's publicly acknowledged girlfriend over the years, and Cecelia was his scandalous girlfriend.

He had never admitted his relationship with Cecelia to the media, but he had never denied it either. Therefore, with Cecelia's deliberate authorization, the more the media wrote about it, the more they went overboard, and the media rendered it to the point where Cecelia herself felt that she really did have a touching and lingering love story with Christ, and that she was the one he considered to be Mrs. Birkin.

"Well, Cecelia, you're quite narcissistic."

Kiki said without any haste, with a light tone as always, as if she was saying that the weather was really nice today.

But after hearing her words, Cecelia was flustered, and her face was getting gloomy, “Kiki, who are you calling narcissistic? What do you mean by that?!”

“Literally!”

Kiki paused and then spoke, “I’ve been with Christ for a long time. I’ve never heard her mention the name Cecelia. I don’t know how he can be fond about you and can’t get over!”

“Kiki, don’t be shameless! Don’t you talk nonsense! Christ can’t be bothered to look at a dirty prisoner like you. How could he possibly be with you!”

“Cecelia, Christ is my husband.”

Hearing Kiki’s words, Cecelia could no longer maintain her outward elegance. She pointed at her viciously, “Kiki, don’t talk nonsense here! You’re so dirty. How can Christ be with you!”

“You are shameless. You are lowly! I will help Christ teach you a lesson today, you pesterous bitch!”

With that, Cecelia raised her hand and threw a slap at Kiki’s face fiercely.

Chapter 1406

Kiki, who had no particular penchant for being abused, reached out her hand and tried to grab the hand that Cecelia swung over.

There is was one hand moving faster than hers, and as soon as she blinked, she saw that Cecelia’s wrist, was tightly clutched by a large, bony hand.

Quinn.

Cecelia didn’t hit Kiki, but she was being caught so rigidly by her wrist as if her hand was going to be broken, so she was naturally upset.

When she was about to have a fit, she saw Quinn’s arrogant and unrestrained handsome face. That made her lose the courage to yell at the famous Quinn.

At that moment, the arrogance on Cecelia’s face dissipated. And her voice, too, was tinted with obvious softness. “Quinn, you’re clutching my hand painfully, will you let go of me?” said she.

Quinn’s body jolted when he heard her words, shaking off goosebumps.

Kiki was also creeped out by Cecelia’s dainty voice and couldn’t help but tug at the corners of her lips. She was now, already starting to reject working with her.

“Quinn, why are you so mean to me? You’re not sticking up for Kiki, a reformed prisoner, are you? Do you know how shameless she is!” before Quinn spoke, Cecelia continued.

“Christ doesn’t even despise her but she’s still badgering him. She hooks people everywhere and plays tricks to try to climb into his bed! Quinn, you’re not afraid to get your hands dirty by helping such a filthy woman!”

“Shut up!”

Hearing Cecelia's words spoken in such an unpleasant manner, Quinn could not help shouting out violently, "Apologize to Kiki!"

Cecelia was the one who needed the self-esteem most. There were quite a few people in the recording studio where everyone had noticed what was going on over there. Being heard by so many people that she was being chided by Quinn, she felt a little bit disgraced involuntarily.

"Quinn, you can't do this to me! Aren't you and Christ good buddies?! Do you know what kind of relationship I have with him?! I'm Christ's woman, how can you help Kiki, a lowly reformed labourer, instead of me!"

Quinn's eyes grew colder and colder as he narrowed his eyes dangerously. Those dark blue eyes were filled with disgust and disdain.

"Kiki is not a reformed prisoner! She is a woman that I, Quinn, truly love and I am courting her!"

Quinn shrugged off Cecelia's wrist in disgust. He did not want to waste any more time with this loathed buzzing fly. He turned his face around. Before he could speak to Kiki, his ears failed to restrain from flushing red.

"Kiki, you have a good singing voice."

Quinn had been so dashing back then, during which he had quickly become the focus of women. He was also the most ruthless and spontaneous when it came to women, but when it came to Kiki, he was like a little boy in his first love who was too shy to say something.

Thinking of something, he quickly reached out his other hand, which he had hidden behind his back. And in it, he was holding, as it were, a delicate rose.

"Kiki, this is for you. I am now your faithful fan."

"Are you recording songs in the studio today? Can I listen to your singing here?"

"Quinn, thank you for enjoying listening to my songs, but you'd better not waste your time on me."

How came Kiki never knew what Quinn was thinking? Though she no longer took the same dislike to Quinn as she did at first, she only had Christ in her heart. Thus it was impossible for her either to give him any response or to hog his kindness to her and not let go.

"Kiki, I pursue you and treat you well, not as a waste of time, but as a joy! Kiki, it makes me happy just to see you!"

Considering that he and Christ were good brothers, Quinn didn't want to speak ill of Christ. However, if he didn't seize such a great opportunity in front of him today, he would have been a fool!

Quinn thought though he treasured the brotherhood between them... a brother was nothing compared to the girl he liked in the end!

He then spoke to Kiki without blushing, "Kiki, you and Christ don't fit each other!"

"Christ is so unfaithful. He's with this fly..."

He pointed to Cecelia. He didn't know her name so he had to refer to her as "a fly".

"Christ has had a relationship with her. How can he keep badgering you? How shameless! Kiki, you definitely can't be cheated by Christ!"

"Hey, Kiki, look at me, I'm single now. I'm not having an affair with anyone. I'm genuinely here to court you, can you take a look at me?"

"Kiki, I'm a good man. Take a good look at me please, a genuine and decent man. I'm much better than Christ! I'm more sincere to you than Christ. Just give me a chance, okay?"

"Quinn!"

Before Kiki could say no to Quinn, Christ rushed in with an air of oppressively deep anger, "Quinn, a friend's wife can't be deceived, you took advantage of my absence to take in my girl. Have you no shame?"

"Christ, you're the shameless one! You've already got someone but you're still attaching yourself to Kiki. Why are you so thick-skinned!"

Quinn was busy seeking to find his sense of existence in front of Kiki, "I'm not like you! Kiki is the only one I love. I won't eat what's in my bowl while eyeing the pot, and shamelessly have my feet in two boats!"

"Quinn, what did you say?!"

Christ was afraid that Kiki would misunderstand. He hurriedly explained to her, "Kiki, don't listen to Quinn's nonsense, I..."

"Christ ..."

Before Christ finished his words, Cecelia had already daintily flung herself into his arms.

The scandal between Cecelia and Christ has been spreading around in Hance City, especially in the entertainment. No one would not know that she was Christ's woman.

Seeing that so many people in the show business were looking around, Cecelia, of course, had to create an image in front of everyone that she and Christ were deeply attached to each other, like glue.

A long time ago, she had thrown herself to him. At that time, he had stared at her being a bit reluctant to push her away. She felt that he was quite interested in her, and for once, he certainly couldn't push her away.

By doing so, not only could she declare her ownership of Christ in front of Kiki, but she could also show everyone how much Christ dotes on her and got a lot of envious or flattering looks.

"Christ, have you been particularly busy lately? You haven't come to see me for a long time. I miss you so much!"

Cecelia rubbed herself against Christ as if she was a softy cat. "Christ, she is so shameless, a reformer who doesn't know that you rejected her six years ago. But she still came here and said she was your woman. She even bullied me. You'll teach her a good lesson, won't you?"

“Christ, do me a favor. I’ll repay you well! You can do whatever you want to me...”

Chapter 1407

Saying that, Cecelia rubbed herself against Christ again, and threw a provocative wink at him.

“Heh!”

Seeing Cecelia clinging to Christ like an octopus, Kiki couldn’t help but let out a cool laugh.

When he heard her laugh, Christ had a shock as his intuition was telling him that something was wrong.

He subconsciously tried to push Cecelia away, but this woman was like a suction cup on him. It took him some effort to keep his distance from her.

“Kiki, did you see that?”

Quinn couldn’t tell how pleased he was in his heart. “Christ is flirting with ‘a fly’ right in front of you. He’s that faithless and unreliable!” he spoke to Kiki in an ingratiating manner.

““Doing whatever he wants’?! Too shocked! He’s willing to have a relationship with that ‘fly’, how can he do that!”

“Kiki, don’t be deceived by that fake decent face. He’s just a womanizer flirting with everyone. He’s not reliable!”

Quinn straightened his back, and tossed the broken hair hanging over his forehead confidently. “Kiki, look into my eyes. I won’t be a sickening fly to bother you. I am a reliable, single-minded man whom you can trust implicitly. I only have you in my heart.”

“Kiki, how about dating with me?”

An air of wrath occupied Christ’s face. Not only did he smear him blatantly, but also covet the chance to date with Kiki. How dare he?

He had told Quinn that he and Kiki had got a marriage license. But to his surprise, this guy still watched for his chance!

Thinking of his previous lifetime, Christ couldn’t resist the tension as Kiki was eventually abducted by Quinn. He was afraid that she would misunderstand the relationship between he and Cecelia and would not be with him any more.

“Kiki, listen to me, I don’t know what she’s talking about! I don’t even know her!” He explained in haste.

Kiki actually did not doubt Christ’s feelings for her. A man, for her sake, would give up his life. So it would be a bit silly for her to doubt him on this occasion.

What made her annoyed was that when Cecelia ran into his arms, he staid motionless for a while before pushing her away. So she still gave him attitude.

Feeling an overwhelming painful sense, Kiki realized that she might be jealous of Cecelia.

“Kiki, will you trust me?”

“Don’t know her?” Kiki gave Christ a cool look, “She wants you to do anything to her, you don’t know her?”

“I...” Christ felt that he had undeserved notoriety. He was too aggrieved to cry.

“Christ, you liar! How gentle you were with me that time? Don’t you remember? Our pictures were reported in the media!”

Cecelia looked around. Of course she didn’t want to lose her face in public. She was almost eager to close the relationship between her and Christ, “Christ, is it because recently I have been busy recording songs and shooting movies. And haven’t satisfied you properly, are you angry with me?”

When he saw Kiki’s cold face, Christ wanted to slap this fly out of nowhere. But he was afraid that if he did so, Kiki would think that he was trying to cover up his mistake, and he could only suppress the urge to slap this fly to death.

“Yes, the picture of Cecelia and Christ. I’ve seen it on the news, Christ treats Cecelia really so gently!”

“Christ is so cute! How dare he get mad at Cecelia for being left out! He really loves Cecelia badly!”

“Why does it feel like a domineering loyal dog pampering and begging for pity in front of Princess Cecelia? I want to see Christ pampering and begging for love in front of Cecelia!”

.....

Christ with no word, “...”

What the hell is all this nonsense! When had he ever been any damn tender to this fly?!

He doesn’t even know what kind of fly this is. So how can he love her so much?

And, pampering? He felt disgusted at her deliberate pampering even after one more look. He’s brain-dead to pander to her for favour!

Christ was innocent and speechless. And after listening to the chatter around her, Kiki’s delicate side face looked even colder as ice, and she even hooked her lips and gave a cool laugh.

Hearing Kiki’s cool laughter, Christ wanted to kneel down on his knees in public.

Unfortunately, there are no rubbers around.

Quinn was very satisfied with the chatter around him. He gently sniffed the rose in his hand, and then looked at Christ with a fake smile, “A man who desires to be discontented is terrible!”

“Christ, I don’t think you should bring a fly all over the place to beg for favour! You’d better hurry up and take your fly home. Draw the curtains and let her satisfy you properly!”

Quinn was so determined to dig him out that Christ couldn’t stand it, he dropped that dark, handsome face, “Quinn, shut up!”

“I say to you again, I don’t even know this fly you’re talking about! The only woman I want in my life is Kiki!”

“Christ...”

Cecelia pityingly pouted at Christ. Her face was notoriously good-looking in the entertainment industry, and many men fell under her skirt. She had always been conceited of her own charm, and she naturally felt that if she pretended to be soft and pitiful, even Christ would have to be charmed by her, just like other men.

“Shut up!”

Christ frowned in disgust, “You don’t even recognize me! Who gave you the priority to call me like that? Get lost! Don’t ever appear in front of me again, or else you won’t have to stay in this entertainment circle!”

Cecelia’s face turned pale. She never thought that not only did her beauty ploy not work, but Christ was even so mean to her!

No need to stay in the entertainment industry ...

This is an obvious attempt to shut her down!

What’s more, he said this in front of so many people.

Cecelia’s face was as ugly as it could be. Of course she was not willing to let everyone think that Christ did not despise her, and she was even more unwilling to lose to Kiki just like that.

She pouted in aggravation, “Christ, how could you do this to me! Husband and wife for a day ...”

“Get out!” Without waiting for her to finish her words, Christ had already cut her words off coldly, “You can’t afford the consequences if you dare to come and disturb my wife again ...!”

Wife ...

The crowd was shocked by Christ’s words, and Cecelia’s face had even lost its last shred of blood. She had never thought that they had really reunited.

She was still upset and wanted to fight for herself some more, but her manager was much more sensible than her. She grabbed her by the arm in a hurry, forcing o drag her outside the studio and not to continue to be in the way of Christ.

If she didn’t behave herself, it would be more than just banning her, in the meaning of Christ’s words. Her manager wouldn’t dare to let her silly artist continue to take risks.

Cecelia had rolled round, but Quinn was unwilling to just let go. He hooked his lips at Kiki wickedly, “Kiki, did you hear that? One day husband and wife, between Christ and that fly. It’s not pure between them!”

“Kiki, an impure man! It’s not worth staying in love! How about you reconsider and have a love affair with me?”

Chapter 1408

Love?

Love, my ass!

He hadn't even had a proper relationship with Kiki yet!

Seeing that Quinn was still shamelessly sending that rose in front of Kiki, Christ was so angry that he completely exploded.

"Quinn!"

Christ was so angry that he didn't even bother to fight with Quinn as he pulled Kiki into his arms, declaring his ownership of her.

Before Kiki could react, Christ's lips had already landed on hers in a strong and dominant manner, tossing and turning repeatedly.

This disgusting thing is so, so, so shameless!

There are so many people around to watch!

Obviously, the surrounding crowd was also stunned by this sudden move by Christ, and Quinn did not expect Christ to come straightforwardly and shamelessly with such a move.

While kissing Kiki, Christ didn't stop his hand. He nimbly took out a red book from his pocket and lifted it up quite skillfully to reveal it to the crowd.

Christ originally wanted to kiss Kiki for a while longer. Once he reached her, he couldn't let go. But every time he kissed her, the way her eyes were watery and her little face flushed was too tempting. He didn't want everyone to see that tempting look on her face, so he finally stopped at a shallow taste.

He arrogantly held the red book in his hand and raised it in front of Quinn, "Quinn, look carefully! Kiki is my Christ's wife, just like a fake!"

"I, Christ, will only love Kiki in this life, and I will only have her as my only woman! Quinn, in the future, don't think of coming to dig my corner again, you can't!"

"Crap!" Quinn was so angry that he wanted to curse, what was wrong with this person? If you've got a certificate, then you've got one. Who would behave like him and keeps this red book all day long?

Quinn did not lose the battle yet. His handsome and reserved face still carried the arrogance of being above others, "Christ, don't think that just because you snatched Kiki by shameless means, you can rest easy! Treat Kiki well! If I know you dare to treat her badly, I will snatch her away at any time!"

Quinn really likes Kiki and has gone off the deep end in his love for her.

When he doesn't see her, he misses her like crazy. And when he does see her, he is obsessed with having her for himself.

He is crazy about love. But he is not completely ignorant. He can see that the person in Kiki's heart is not him.

He doesn't mind being a male mistress, but if she already has happiness, he can't let it go and do whatever it takes to ruin it.

Quinn saw that in Kiki's eyes, there was only the figure of Christ, and his heart was left desolate and lonely.

But he still tugged the corners of his lips and posed a wicked and wanton smile at Kiki, "Kiki, I'll give you time to think about it all over. Ah, if Christ dares to treat you badly, I'll be waiting for you to come to me anytime, having an affair!"

"Quinn, you won't stand a chance!" Christ spoke with certainty.

Quinn smiled despondently, he didn't say anything else, turned around and walked outside the recording studio. His gait was dashing, his posture was calm, but, the loneliness in his body could not be concealed in any way.

It was as if, for a moment, the heart that beat so vividly in the heart, was gone.

Cecelia had already left, so it was definitely impossible to continue recording the song today.

However, the crew who wanted to use the song as the theme song were unwilling to just give up their collaboration with Kiki, and they promised her that they would find a female singer no less powerful than Cecelia to sing with Kiki as soon as possible to present the best results.

No more recording today, so Kiki is happy to be free! She planned to meet Freya for a nice shopping trip, and then have a nice afternoon tea and a nice chat, and the pleasant day would be over.

But with Christ clinging to her like a piece of cowry, she was annoyed that she didn't even have a chance to go shopping with Freya in peace.

Besides, she really didn't want to care about him.

The thought of what Cecelia said about a one-day couple made her body uncomfortable all over.

Christ also saw Kiki's dislike for him. And as she disliked him at present, he dared not leave even more.

He spoke to her tentatively, "Kiki, I don't know that woman. I don't have anything to do with her."

"Don't know each other? You don't know each other and you're a one-night stand? Don't know each other and let you do whatever you want?"

Kiki actually felt that she was being a bit unreasonable right now. But when she thought of the way Cecelia was pressing herself up against Christ, she was just uncomfortable in her heart.

Christ's heart was full of grievances! He was about to explain to Kiki, when Kiki threw the phone at him.

On the screen of her phone was a photograph.

In the photo, Cecelia falls into the arms of Christ, who seems to be looking at her in awe. And when you look closely, it really does look like a love affair.

Looking at this photo, Christ was at first confused, but then he slowly remembered what it was all about.

That time when he came out of the airport, there was indeed a woman who accidentally fell into his arms. He was going to push her away immediately. But her face, which bore such a resemblance to Kiki, he couldn't help but freeze for a few moments.

Little did I know that this image, which would be captured by the media, would be exaggerated as such.

“Nothing more to say ?”

“Kiki, I have something to say. You really misunderstood me. That time, this woman was bumping into my arms and I didn’t immediately push her away because I saw her face and I thought of you.”

“Kiki, in fact, a long, long time ago, I have unknowingly fallen in love with you and always restrained myself from thinking of you.”

This statement by Christ really did not deceive Kiki. That face of Cecelia, in some ways, could be said to be a lower-quality version of Kiki.

It was so natural that he would see her face and think of Kiki.

After hearing this from Christ, Kiki really didn’t have any temper at all. Her heart, there was only indescribable warmth and sweetness.

She glared at Christ in mock anger, her eyebrows full of the heart-stopping shyness of a young girl.

“Christ, you are not allowed to hug any other woman in the future!”

“Don’t touch other women! No kissing other women! No gawking at little girls! No being married to another woman for a day! No ...”

Well, Kiki can’t think of any more.

Only after saying that did she realize that she looked like a little jealous woman in a deep house.

Once, she thought that she could take everything lightly and that such trivial matters would not cause her any mood swings. After really opening her heart to accept someone, she realized that she was just a mortal. She would be jealous, and she would envy, and she would have some inexplicable little thoughts.

Originally, Christ felt that he had made Kiki angry today, and he was so nervous, but now that he had heard her words, he smiles all around.

He lovingly took her into his arms, “Kiki, you’re jealous, aren’t you?”

Chapter 1409

I don’t! I won’t!

Before Kiki could defend herself, Christ’s voice, which was tinged with obvious laughter, rang in her ears again, “Kiki, I’m so happy that you’re jealous for me.”

Kiki’s face instantly turned red, who cares about being jealous of him!

Only this shameless man, not giving her a chance to deny it at all, leaned his face down and his lips, shamelessly, were pressed to hers.

“Christ, you let go of me! There are still ... people around!

Her voice was completely swallowed up by Christ, and Kiki gave up her resistance completely, thinking to herself, "If you're seen, you're seen. And if you're embarrassed, you're embarrassed!"

Anyway, she's got to get used to the fact that she's got such a shameless thing, and she's got a lot of shame ahead of her!

After his reunion with Kiki, Christ couldn't wait to be with her every minute of every day, to be Siamese twins with her. But he couldn't put aside the huge Birkin Corp. He still had to work hard to earn money and support his wife!

There was a meeting this evening, and after the meeting, it was already almost eight o'clock. Christ was afraid that Kiki would get anxious and planned to go back to the office, so that he could quickly go home to be with her.

As soon as he entered the office, a strong aroma, which was really too strong, hit him in the head.

At one glance, he saw Cecelia leaning on his office sofa in a flirtatious style.

At that moment, a handsome face of War Yucheng was pulled down.

This woman, she really doesn't know what she's doing!

Cecelia was a bit under-dressed this evening. It could even be said that she was barely naked. And with this look on her face, she wanted to do something that Christ knew with his toes.

He sneered and hooked his lips. But unfortunately, she thought too much. He was not really interested in her.

Originally, Cecelia was still feeling quite uncomfortable when Christ was so ungrateful to her today.

After it was confirmed that Christ and Kiki had remarried, her mood, again, was instantly much better.

She felt that even the most domineering and powerful men out there were more or less wifely. The reason he treated her so badly today must have been because his wife was around and he was afraid of upsetting her.

She, Cecelia, is so beautiful that as long as he finds a time when his wife is not around, he will definitely not be able to resist her gorgeous face.

After all, at first, he was so amazed by her beauty that he hugged her for almost a minute before reluctantly releasing her.

Cecelia is very confident in her own beauty.

She knew how powerful Christ was, and as long as she really climbed into this big tree of his, in the future. She, Cecelia, would not have to serve those disgusting old vultures, and she could walk across the entertainment industry.

Cecelia is a habitual third. Having been a mistress for so many times, she hooked a married man without any semblance of guilt.

She has a very brainwashing philosophy of her own, that she is able to seduce a married man because the one in his family is not charming and cannot see men properly. And can she be blamed for being too beautiful?

Cecelia, who felt too beautiful for her own good, struck the most beautiful pose and spoke to Christ in a voice so soft that it was almost overflowing with water, "Christ, the long night is long. I know that you must want someone to keep you company. Tonight, I will keep you company well."

Christ was very sick to his stomach.

He reached out his hand, wanting to just throw this disgusting woman out. Which, again, he didn't want to get his hands dirty. He thought about it and decided to let Dave throw her out.

Just as when he hesitated, Cecelia had already got up from the sofa and pressed herself against him unrelentingly.

"Christ, in fact, you want me, right?"

Cecelia's voice was tinglingly delicate, "Christ, as I said, tonight, I'm happy to do whatever you want to do to me."

Really, he couldn't wait to call Dave over, he'd have to throw her out now.

Christ's hand was hard and he was just about to throw her out when the door to the office was suddenly pushed open, "Christ, I ..."

Seeing this scene inside the office, Kiki's voice came to an abrupt halt.

She heard from Christ that he had to work overtime tonight. She was afraid that he would be too busy and would not be able to take care of his dinner. So she specially cooked the meal and brought it over to him, but she did not expect to see such a scene.

What a surprise!

Today, he promised in front of her that he would behave well, including not touching other little girls and not hugging other little girls. And now, hugging Cecelia tightly?

Oh, Cecelia's lips, they were about to press against his lips.

Also, what is Cecelia's outfit? It's no better than not wearing any clothes, okay? What the hell is she wearing?

Cecelia had to make a lot of effort and find a lot of connections to get into Christ's office. She had planned it very well. Tonight she would cook the rice, and it would be better to get pregnant again, so that the mother is worthy of her children. Then he would never be able to get rid of her in his life.

Who would have thought that Kiki would come out halfway!

Thinking that Kiki was Christ's wife after all, Cecelia could not help but take a slight timid step. But in the blink of an eye, the strong desire to rise to the top had already suppressed this slight uneasiness within her.

What's the point of having a proper palace?

She, Cecelia, was invincible in beauty, and it's not like she hadn't been caught and bagged by the main palace back in the day when she was a mistress. And once, she even pissed off one of the main palace alive.

But, so what?

In the end, the old tycoon, not only was he grateful to her for helping him get rid of the mother tiger in his family, but he also gave her a big villa.

When she thought of what she would look like after becoming Christ's wife, standing on high and calling the shots, Cecelia's body was instantly filled with fighting spirit.

After Kiki saw it, she would just ruined the relationship between the couple tonight. So her chances of getting to the top would be even greater!

What's more, she had already taken her ovulation medication and tonight, she had to have sex with Christ!

However, there's no way Christ will do it with her in front of Kiki for sure. And the only way they can make a good baby is if she pisses Kiki off first!

Cecelia pretended to look as if she had just been severely loved. She frowned slightly and spoke in a delicate and angry manner, "Christ, you made me hurt so much just now!"

"This time, can you be more gentle with me? You said you wanted me to give you a big fat baby. But you're so rough with me, I don't even want to give you a baby!"

Christ with no words, "... This woman, is she brain-dead?"

"Christ, you're very powerful!" Kiki gritted her teeth, and then sneered slightly, "You're very good!"

Christ wanted to say that he was not great, and that he was willing to be a little wimp in front of his wife. He panicked and pushed Cecelia away, and wanted to explain to her properly. But before he could turn around, Cecelia pressed up again unrelentingly.

"Christ is indeed great! If he wasn't good, he wouldn't all be on the verge of breaking my back!"

Cecelia looked at Kiki with a clear provocation in her eyes, "Christ said that he likes me the most. He likes that I fit in with him incomparably. Unlike some people who, in bed, are like dead pigs and make people uninterested!"

Chapter 1410

Cecelia's level of shamelessness completely refreshed Christ's three views.

He couldn't figure out how this woman, how dare she say anything!

Looking at the cool smile curling up at the corners of Kiki's lips, Christ was so angry that he wanted to sew the disgusting fly's mouth shut.

He shrugged her off in disgust, "Get out!"

Dave heard the receptionist say that Kiki had come over, and he was about to come over and tell Christ about this when he saw that Kiki was standing in front of the president's office with a very unhappy look.

"Madam, the boss isn't in the office?"

After saying that, Dave subconsciously glanced inside the office. It was a great sight, and he too was in a bad way.

In his heart, the boss had always been a cold and ascetic person who did not get close to women. But now, how did he learn to hide his wife in a golden house?

And hiding someone so under-dressed. And even more embarrassingly, being seen by his wife.

"Dave, throw this woman out!"

Christ spoke up furiously, "In the future, I don't want to see her appear in Hance City again! Otherwise, you don't have to appear in front of me anymore!"

Originally, Dave was still holding out for Kiki. But after hearing these words from Christ, he instantly came back to life, "Yes, Boss, I promise to complete the mission!"

As Christ's attentive little special assistant, he had to serve his boss wholeheartedly. If the boss asked him to throw someone, he must throw them far away. But, what Cecelia was wearing was really too little, and he had no way to do it.

Forget it! Think of it as pork, that way, it doesn't matter if you scratch it.

With that in mind, Dave grabbed Porky and dragged her out of the room by force.

Of course, Cecelia was not willing to let her toss and turn for so long and end up with a miserable defeat. She wanted to make one last struggle. But when she met the cold eyes of Christ, she was instantly frightened and swallowed all her words.

She had a strong feeling that he would really kill her if she dared to let loose in front of him again!

After Dave led Cecelia to the office door, he heard Christ's voice again, "Tomorrow, change the sofa!"

That disgusting fly has been lying on it, and the sofa is a nuisance to leave in the office.

Seeing that Christ let Dave throw Cecelia out, Kiki's heart was finally slightly relieved. But the sour taste that hovered in her heart still could not be eliminated.

She hooked her lips coolly, "I'm so sorry that I accidentally interrupted your good time."

Christ's heart thumped, his wife was angry and the consequences were serious!

He had to coax hard, desperately, shamelessly!

"Kiki, I have nothing to do with that woman! I ..."

"Oh, and accidentally interrupting your baby-making. If I hadn't come, maybe, before long, you'd be holding a big fat baby!"

The thrill in Christ's heart grew stronger. How funny! His body and mind belonged to her. He would never have a child with another woman, even bitten to death!

"Kiki, you really misunderstood me. I really don't know how she could somehow appear in my office. I really don't have any half-hearted intention towards her!"

Christ hated that he could not dig out his heart and show it to Kiki, so that she could see clearly. How naked and loyal his heart was to her, "Kiki, I only have you in my heart."

"No half-meaning and hugging each other? No half-meaning lips almost pressed together?"

Kiki paused and then spoke, "Christ, don't tell me that it was Cecelia who used force on you and you were forced to tangle with her like this!"

Christ with no words, "... it seems, is really that fly used force on him.

He was going back to his office and she jumped on him and tried to kiss him.

"Kiki, there's really nothing between me and her. I admit that she might be trying to seduce me, but even when she stood in front of me dressed like this, I really didn't react half as much."

When Christ saw Kiki's face soften, he shamelessly encircled her into his arms, "Kiki, in this life, I will only react to you."

This was a very revealing statement from Christ, and at that moment, Kiki blushed indisputably.

She couldn't figure out how someone who used to be so cool and calm could now, just take advantage of people in every way!

What a nice person who has somehow grown out of shape!

However, she may have also grown a bit crooked. She surprisingly prefers this kind of Christ.

Thinking that she was still angry with him, Kiki hurriedly turned her little face aside in exasperation, "Christ, you don't need to coax me like that. If you weren't attracting butterflies everywhere, how could Cecelia have found her way to you!"

Noticing the food box she was carrying, Kiki couldn't help but feel a little aggrieved. She had cooked so many delicious meals for him and foolishly ran over to eat with him, who would have thought that he would still have a naked woman hidden in his golden house.

"Christ, you don't keep your words! You said you wouldn't touch other women, you wouldn't hug them, you wouldn't kiss them. But Cecelia jumped into your arms, and you didn't even push her away! You couldn't let go of her!"

Hearing Kiki's voice, which was clearly tinged with aggression, Christ's heart ached to no end.

In his heart, too, there was a leap of joy, indescribable joy.

He thought that he might be a bit psychologically twisted, and was really madly happy to see her jealous of him.

Although he enjoyed watching her get jealous of him, he couldn't bear to see her angry. So he took her face in his hands and kissed her deeply, one by one.

"Kiki, it's not that I can't push her away. It's that I'm afraid she'll get my hands dirty! Kiki, in my last life, in this life, in all my life, I only want you!"

Kiki thought she was really good at coaxing. She had almost sort of caught him in a bag, and after he said such a few nice words, she was not angry anymore.

And not only that, but her heart, which was soft and trembling, listened to him say something about wanting only her in his last life, in this life, in his life, and there was a touch of indescribable heartache in her heart.

Wanting, to hug him properly, wanting, to kiss him properly.

Feeling Kiki's initiative, Christ could not control himself. He picked her up and carried her towards the bedroom.

Thinking of the food box she had thrown aside, Kiki hurriedly spoke up, "Christ, you haven't eaten yet, have you? It's so late, you must be hungry already. I've made some food, put me down and have something to eat first!"

It was true that Christ had not eaten dinner. Just now, he was still a little hungry, but holding Kiki in his arms, he did not feel hungry at all.

His eyes looked deeply at the beloved girl in his arms, "Kiki, I want to eat you."

"What do you want to eat?"

Kiki realized after the fact what Christ had said and her ears instantly turned red, "Christ, don't be shameless! I'm not rice, how can you eat me! Let's eat first! I'm hungry too."

"Kiki, I know, you're hungry and you want to eat me."
