

Talented 141

Chapter 141

"I don't know if he's a servant at the hotel. I don't even know him!"

Talia denied it. After gasping for breath for a long time, she said weakly, "Maggie, I just came to Freya for something. I didn't expect her to let a snake out as soon as she saw me!"

Talia leaned weakly against the wall, and she gasped, "Maggie, look at me. Even if I want to frame her, I won't hurt myself! Maggie, you must do justice to me..."

Talia said this and then fainted.

"Talia!"

"Talia!"

Several anxious shouts suddenly sounded in the air. When Talia fainted, everyone became more convinced of her.

What Talia just said also makes sense. She really didn't have to hurt herself to set Freya up. As for her appearance outside Freya's room, it was possible that she was innocent.

Freya, backed by Mr. Levin, was really lawless and didn't even care about human life.

Maggie wanted to help Freya, but now that Talia was in such a miserable situation that she didn't know how to retort.

Freya didn't panic. There were cameras in the corridors of this hotel. The picture of Talia ordering the man to put a snake in her room just now must have been caught by the cameras.

If people watched the video, they would know the truth was that Talia wanted to let the snake kill Freya, but somehow, the snake crawled out of the room and bit Talia. It was all Talia's fault.

Elisa felt that they were the injured party now, and she just shouted at Freya, "Freya! If anything happens to Talia, we will ask you to pay for it! Talia is such a good girl. She is so kind. Why do you want to hurt her like this?"

Elisa's acting in the TV series was particularly awkward, but it was far better in real life.

Freya answered calmly without looking at her, "I just said, Talia won't die! She'll be fine when she goes to hospital!"

Talia should thank Freya. If Freya hadn't just stuck a few injections in her body to prevent the spread of the poison, her arm would have been disabled even if she went to the hospital timely.

"Freya, you must now confess your evil deeds to everyone and apologize to Talia!"

Nelly deliberately walked to the front of Elisa's camera and complained, "Freya! You made Talia unconscious now. No, Talia may never wake up again! You must pay dearly for it!"

Talia was dying!

This topic soon became hot on Twitter. A somewhat famous actress was brutally killed, which was more eye-catching than the scandal of some stars cheating. Netizens were furiously attacking Freya with sharp words and wanting to make Freya pay for Talia's life!

Freya glanced at her phone for a while. At first, there were wild rumors on the Internet that Talia was going to die.

Gradually, the rumor became that Talia was dead and Freya killed her cruelly!

Freya rolled her eyes helplessly.

She thought, "They are so looking forward to Talia's death?"

Almost all netizens were supporting Elisa so that she was bold! She had now become the embodiment of justice, and the number of Twitter followers of her had increased.

Watching the growth of her Twitter followers, Elisa was particularly excited. This time she was really going to be famous.

She decided, "In this case, I can't miss this opportunity!"

Elisa pretended to wipe her tears. She threw herself in front of Talia and shook Talia's arm vigorously. This shaking actually shook off several needles that Freya had stuck in Talia's arm.

Elisa was oblivious to all this. She shed tears sadly, "Talia, wake up! You are my best friend. If you die, what will you do to me? Freya, that wicked bitch, why did she do this to you!"

When Freya saw that the silver needles were shaken down by Elisa, her expression suddenly changed. She didn't kill Talia, but Elisa was going to kill her!

Freya hurriedly stepped forward to reinsert the silver needles into Talia.

Elisa pushed Freya hard, "You vicious bitch, I forbid you to hurt Talia again! Get off her!"

Elisa seriously affected Freya's treatment of Talia. Freya really wanted to hit Elisa's stupid head with a hammer. She wondered, "This woman is really hopeless!"

Seeing that Talia's wound was getting darker, Freya pushed Elisa aside and quickly sealed Talia's acupuncture points with silver needles to prevent the spread of toxicity.

Elisa was angry!

She pretended to cry and pounced on Freya, "Freya, why did you hit me?! You are about to kill Talia, and you even stick needles in her body. Am I wrong to stop you? Freya, you vicious bitch, I must avenge Talia!"

The reason why Elisa performed so hard was that she wanted to learn from Alisha's rescue of Claudia and gain a good reputation in public.

What fans hate most now was hypocrisy. On the contrary, stars who were loyal and emotional would make a good impression on fans.

“Hit you?” Freya couldn’t stand Elisa’s hypocrisy. She raised her hand and slapped Elisa in the face, “I hit you like this?”

“You!” Elisa covered her face and looked at Freya in disbelief, “Freya, how dare you! You...”

“I hit you!” Freya grabbed Elisa and swung at her wrist, “Elisa, you blocked my treatment and almost killed the patient. That’s what you deserve!”

“You!” Elisa stamped her feet in anger. She was not as strong as Freya, so she couldn’t hit Freya and could only stare.

After Freya threw Elisa aside, she raised her face and looked at the crowd calmly. “There are surveillance cameras in the corridor. How did Talia get bitten by the snake? The video must be very clear!”

Hearing Freya’s words, Maggie also reacted and hurriedly contacted the hotel to ask for the surveillance video on this floor. When she heard the reply from the hotel, Maggie felt helpless.

The surveillance video on this floor was missing

Chapter 142

Maggie hung up the phone and told Freya, “ Dr. Stahler, just now the hotel said that the surveillance video on this floor was gone!”

Maggie didn’t know who stole the video, but she could still understand that someone deliberately set Freya up this time after working so many years in the world of showbiz!

Originally, Freya could also rely on surveillance video to prove her own innocence, however, the video had been stolen now and others could not see the truth!

The guilt in Maggie’s heart was increasing. She knew Freya was a good girl and if Maggie hadn’t invited Freya to work on the crew, she wouldn’t have been framed again. She was more afraid that Freya’s future would be completely ruined this time even if Freya had Seth’s help!

If Talia could be saved, then Freya just had a bad reputation. However, if Talia died, Freya would go to jail!

At Maggie’s words, Alisha’s lips rose uncontrollably. She knew this would be the result.

After knowing that Talia failed and she was so stupid that she was bitten by the snake instead, Alisha guessed that Freya would definitely call the hotel’s surveillance video in order to prove her innocence.

Therefore, she greeted the hotel manager in advance and asked him to destroy the video.

The manager of the hotel had always been a big fan of her, so he would certainly help with this favor when she asked.

Alisha’s heart was extremely happy, but her expression still pretended to be worried.

“How could the video be transferred? What can we do?”

Alisha stepped forward and grabbed Freya’s hands, “Freya, you should apologize to Talia. As long as you sincerely apologize, I believe everyone will forgive you.”

Freya slowly shook off Alisha's hands, "Alisha, you don't need to pretend like this. You asked me to apologize, didn't you carry out my crime of intentionally hurting people? I'm not wrong. I won't apologize!"

Freya thought quickly about the whole event. It was really bad for her that she cannot find the surveillance video now.

Her eyes fell sharply on the man with the coral snake on his hands. Today, she must prove her innocence, and the true identity of this man should be the best breakthrough.

What should she do?

Now Elisa was so proud that she rushed to Freya and shouted at Freya with a face of indignation, "Freya, now the video was gone. It's not because you have a guilty conscience and are afraid that everyone will see how viciously you hurt Talia and steal the video, is it?"

"Freya, you must admit your evil deeds in front of all netizens and apologize!"

Seeing Alisha being thrown away by Freya, Elisa comforted Alisha with concern and said, "Alisha, don't be so sad, Freya is so malevolent. You have tried your best to persuade her, we can understand you. You are so kind, but you have such a vicious sister!"

This video of Elisa comforting Alisha was posted online, and netizens immediately commented. Freya, the vicious woman, turned out to be Alisha's sister!

This kind of wicked sister, must bully Alisha at ordinary times?

Alisha's fans kept comforting her online.

Later, Alisha fans also launched a caring campaign for Alisha to soothe the hearts of their Muse.

Originally, Freya had been criticized by netizens. Now, there was a kind and elegant Alisha to compare with her, so Freya had been scolded by Alisha fans.

Elisa glanced at the comments on the Internet, and now they had a big victory. However, she needed to add fuel to the flames and make Freya completely stinky!

Elisa pushed Freya, "Freya, answer me! How can you prove your innocence now?! Why don't you go to the police and turn yourself in! You are deliberately murdering!"

"Yes, it was deliberate murder!"

"Whether she is Mr. Levin or Mr. Coleman's lover, intentional homicide must be punished by law!"

"I'm calling the police right now! I can't let this trash of society stay there and harm people!"

.....

All the crew were furious. The behavior of releasing a snake to bite people was outrageous. They did not dare to take risks and continued to stay in the same place with Freya.

Perry wanted to fawn on Seth, so he originally wanted to help Freya say something. But considering that Freya's behavior today was indeed suspected of intentional homicide, he was afraid the Levin family

knew about this and would definitely not accept Freya anymore. There was no need for him to continue to help her.

Nelly put away her makeup bag and looked at Freya maliciously, “Yes, the surveillance video is missing. Freya, what else can you say?! Go! I’ll drive you to the police station!”

“Who says there’s no more surveillance video?!”

As soon as Nelly’s voice fell, a cold voice sounded in the corridor.

Hearing this, everyone almost turned around and looked at him.

They saw Kieran’s long straight legs walk step by step towards Freya.

“Mr. Fitzgerald ? ! ”

Someone could not help but exclaim, “Why is Mr. Fitzgerald here? Is he here to visit Alisha?”

Many of women cast envious eyes at Alisha. They couldn’t help thinking, “Alisha is so happy that she has been loved by Mr. Fitzgerald for many years.”

Looking at the noble man, Alisha’s heart was flustered to the extreme.

What he just said meant that the surveillance video was still there? Did he have the surveillance video?

Alisha’s heart beat wildly, “I just had the hotel manager destroy the video of this floor. Why can Kieran still get it?! Is he just bluffing? Yes, he must be bluffing. I must be calm.”

As soon as Alisha had this thought in her mind, Bradley, who followed Kieran, opened the laptop in her arms.

Bradley clicked his mouse, and the video on his computer desktop began to show.

The video was not deleted!

Alisha’s face changed when she saw the picture shown. She could clearly see from the video that Talia asked the man to put the snake in Freya’s room, but later, for some reason, the coral snake climbed out of Freya’s room and bit Talia severely!

Alisha knew that she could not frame Freya anymore with this video, but she could not express her inner thoughts.

She stepped forward and looked at Kieran shyly, “Kieran, thank you! Thank you for helping me find this and proving my sister Freya’s innocence!”

Chapter 143

Everyone in the crew thought she and Kieran were a couple. Of course, she had to say a few words as a real girlfriend to make everyone believe that Kieran would help Freya for her.

Even if she couldn’t successfully bring down Freya, she also wanted everyone in the world to know that Freya could clear her grievances because of her good sister Alisha.

In this world, how many sisters were fighting privately, but they still had to pretend to be peaceful. Although Alisha wanted to kill Freya, she would still show that she cared about this sister in public.

After seeing the surveillance video, Elisa was so scared that she forgot to continue filming, but Linda still filmed Alisha staring at Kieran with affection, and then quickly posted it online.

Linda's ability was quite strong as the best broker. From the video she shot, Kieran and Alisha were a perfect couple who loved each other deeply.

The men had always been indifferent and alienated, but there was a hint of love in his brow. The woman also became feminine. This picture looked indescribably harmonious and beautiful.

Elisa knew that they could not continue to frame Freya with this video, and she was naturally unwilling. But after receiving Alisha's sight, she still stopped talking.

Elisa glared at Freya resentfully, "She is nothing! Alisha supports me! Who is Alisha? The famous international movie queen! Mr. Fitzgerald's real girlfriend! With Alisha helping me, I must be the winner!"

Elisa felt better when she thought about it. She turned her face and stared at Kieran tightly and wondered, "Alisha is so happy to be with such a good man as Mr. Fitzgerald. Even if I can't be Mr. Fitzgerald's girlfriend, I will have no regrets in my life if I can sleep with him for one night."

Elisa would be jealous of every woman around him except Alisha, who had given her countless benefits. They made a perfect couple.

Elisa's eyes were full of envy. She thought that Kieran would take Alisha's hand the next second.

Unexpectedly, Kieran just sneered dismissively.

"Alisha, I am protecting my girlfriend. It has nothing to do with you!"

Kieran said this domineeringly.

The world is unfair. Some people were humble and worthless all their lives, but some were destined to be rich and powerful from birth. Kieran, obviously, was the latter.

His every move was full of dignity, which made people involuntarily pay obeisance to him.

Alisha was stunned. She never thought that Kieran would speak to her in such an attitude in front of so many people.

He was not like this before. Although he always looked indifferent, he would not embarrass her in public.

Elisa was also confused, "Who is his girlfriend?! Mr. Fitzgerald's girlfriend is not Alisha? What he meant just now is that Freya is his girlfriend? How is this possible?"

The crew was also stunned. For a while, they were a little confused about the chaotic relationship between Alisha, Freya, Kieran and Seth.

Alisha had always claimed that she was Kieran's girlfriend. A while ago, Mr. Levin admitted that he was Freya's boyfriend. However, now, Mr. Fitzgerald said Freya was his.

A love triangle? A quadrangle? And Mr. Coleman...

What a messy relationship!

It was said that rich and powerful families were all glamorous in appearance, but in fact all kinds of relationships inside were chaotic. Now it seemed that this was indeed the case.

These ordinary people really couldn't accept these complex relationships.

The most surprised person must be Freya.

She had been trying very hard to distance herself from Mr. Fitzgerald, but now he actually said she was his girlfriend in front of the public! How could he do that!

He was the uncle of her children. Everyone must know that she had children with Seth, and now she must be shameless because of seducing him.

Freya felt that she had to clear up such a big misunderstanding. Before she could think how to explain, Kieran's cold voice sounded in the air again.

He looked coolly at the man holding the coral snake and said slowly, "Baron Lane, the owner of a pet store, sells all kinds of poisonous snakes on some online platforms, right?"

The man with the snake suddenly became alarmed when he heard Kieran's words.

He never thought that Kieran had exposed his identity in such a short time.

He heard others said that Mr. Fitzgerald was extremely intelligent and decisive. He sometimes felt that the praise of the world might be too exaggerated. Now that he saw Kieran with his own eyes, he realized that Kieran was more powerful and more terrible than the rumour.

In front of such a powerful man, lies were useless.

Baron decided to confess everything.

He told the truth, "Yes, I am Baron Lane. I was wrong. I didn't mean to frame Miss Freya! It was Talia. She gave me money to sell her a poisonous snake. She also asked me to help her set the snake to kill Miss Freya. I just didn't expect Talia to be bitten!"

Hearing Baron's words, the crowd couldn't help but exclaim.

How could Talia be so vicious! She even paid for a poisonous snake to kill Freya!

The funny thing was that they all just helped Talia maliciously accuse Freya!

Talia was so vicious that she deserved to be bitten to death by the snake!

Tonight, there were so many plot reversals that everyone was still talking about it until Kieran and Bradley left.

Elisa looked at Kieran's back with shock. She thought of something and quickly asked Alisha, "Alisha, Mr. Fitzgerald... Why he said... Freya is his girlfriend?"

Chapter 144

What Elisa's asking was the question of many people in the cast.

Almost all the people in this world were more or less gossip. Everyone thought that Mr. Fitzgerald doted on Alisha. Unexpectedly, today not only was Mr. Fitzgerald very cold to Alisha, but he also said Freya was his girlfriend.

Was everything Alisha said was before false?

How charming Freya was!

Mr. Levin, Mr. Coleman, and Mr. Fitzgerald...

They all liked her.

Alisha looked a little embarrassed as Elisa asked, and she secretly scolded, "How can this woman be so stupid! She has to ask me in front of so many people?"

However, Alisha had been in showbiz for so many years after all. Soon she had an idea. She could not be looked down upon by others, nor would she become an abandoned woman in the eyes of all. She would always be a noble Muse!

Alisha's ability of performance was absolutely first-class. She raised her face to look at Elisa, and tears rolled down her cheeks.

"I..... Kieran... I..... I pissed him off."

Alisha was aggrieved and helplessly wiped away a handful of tears, "Kieran is very possessive. He forbids me from being intimate with other men and making kissing scenes. I promised him. But... when filming Dragon's Trace, I made a kissing scene."

Alisha sobbed, then said, "Dragon's Trace came out yesterday, and after he saw the movie, he quarreled with me. I know he and Freya are innocent. He just wanted to annoy me."

After hearing Alisha's words, everyone knew instantly that Mr. Fitzgerald was jealous.

Some of Alisha's principles were indeed very famous including she did not make kissing scenes. But she liked the script of Dragon's Trace so much that she made an exception for a kissing scene.

In fact, the scene Alisha shot cleverly took advantage of the shooting angle, so she only touched the actor's lips slightly.

Mr. Fitzgerald was so jealous.

He was indeed very possessive, which also showed that he really loved Alisha.

As for what he said just now that Freya was his girlfriend, it should really be false!

It seemed that no one could replace Alisha in Mr. Fitzgerald's heart!

Seeing Alisha still got along well with Mr. Fitzgerald, people in the showbiz complimented Alisha even more.

What Alisha said might be able to deceive others, but not Freya.

Mr. Fitzgerald couldn't say that just to piss off Alisha...

Freya really wanted to laugh. She thought Alisha's acting was so good that even Jayla couldn't compare with her.

Of course, there were also very few people who doubt Alisha's words, such as Lucy.

Lucy asked, "Really? Dr. Stahler, are you really not Mr. Fitzgerald's girlfriend? I do feel that Mr. Fitzgerald is very special to you!"

Freya didn't want everyone to misunderstand that there was any improper relationship between her and Kieran.

After listening to Lucy's words, Freya quickly laughed, "How could I be his girlfriend! What Mr. Fitzgerald said was just to make Alisha unhappy. He is my children's uncle, and this was the only relationship between me and Mr. Fitzgerald."

Hearing this, everyone completely believed Alisha was Mr. Fitzgerald's girlfriend!

Almost every woman was vain. If Freya really became Mr. Fitzgerald's girlfriend, she would definitely not deny it!

Mr. Fitzgerald was more handsome and rich than Mr. Levin. If Mr. Fitzgerald also pursued Freya, Freya would absolutely be with him.

Freya would say this only to prove that there was really no relationship between her and Mr. Fitzgerald.

Tonight's farce ended with everyone complimenting Alisha and those exaggerated flattering voices made Freya's head ache.

An ambulance soon arrived and took Talia to the hospital.

Freya didn't want to continue listening to all kinds of compliments about Alisha, so she opened the door of the room and quietly walked in.

After a busy day, Freya still didn't want to sleep because this midnight suddenly tossed out such an accident.

Freya planned to watch the news for a while. Tonight's events were well known on the Internet, and she was actually quite curious about the developments.

After Bradley showed the video to everyone, he posted the video online, so now everyone knew Freya was innocent.

As soon as Freya opened a news item, she saw several netizens apologizing to her in the message, saying that they blindly followed the trend and misunderstood her.

Talia was now in the hospital, but netizens had no sympathy for her. Even her fans had left messages condemning her.

Looking at the comments from netizens, Freya was getting more and more energetic. She couldn't help but check Talia's Twitter.

"After loving her for so many years, it's only today that I finally know what kind of person she really is! I'm so blind that I'm no longer a fan of hers!"

"It's disgusting. I've called her Muse who is so vicious for so many years!"

"She may die tonight! Who harm others will eventually harm themselves, and such people should be bitten to death by poisonous snakes!"

"I will resolutely resist her programs and TV plays! Radio and television should completely cancel this kind of bad artist!"

"After all these years, the only star I love was her during so many years, so whose fan will I be in the future?"

"Pay attention to Freya! How great Freya is! Her medical skill is so good. Talia would have ascended to heaven long ago without the few injections she put in!"

Talia's Twitter had completely messed up. She was now notorious and could no longer be turned over.

As soon as Freya quit the Twitter interface, she saw a popular video online.

The title of the video was The things you don't know behind the poisonous snake are revealed in depth.

Freya's heart was flabbergasted. Now that the truth had almost come out, what else could be revealed? Was it someone who exposed the improper relationship between her and Mr. Fitzgerald?

Chapter 145

Twins and ex wife (my talented babies) novel Chapter 145

Freya's fingertips shook slightly and torn for a moment, then she still clicked on the video.

To be honest, she was really worried that others knew that she and Kieran had an affair. After all.

Fortunately, the relationship between them was not exposed in the video.

To be exact, this was an indecent video.

The heroine in the video was obviously Talia who was bitten by a snake today.

The other person was an old man with a bald dome and a beer belly.

Freya had heard that Talia and many investors and directors had improper relationships. She just didn't expect that the man Talia slept with was so ugly.

As Freya thought of something, the video was no longer available after a while. Obviously, the video had been deleted.

However, netizens had already taken screenshots of this video content, and many pictures could still be found online.

Looking at those photos, Freya covered her eyes silently. They were simply polluting the pure hearts of underage children.

What Freya did not know was that it was posted online by a pure-hearted underage child.

After the snake incident, Jaden had been paying close attention to the developments on the Internet.

How dared these bad women harm his favorite mommy! He could stand it!

He decisively hacked into the computers of Talia, Elisa and their assistants. Of course, he did not see the contents of them.

The person looking through the computer was Kiki.

Kiki was just looking for something to avenge Freya.

Unexpectedly, when she checked Talia's agent's computer, she found a unexpected secret.

It was a video of Talia.

Brokers and artists had a symbiotic relationship nowadays, but many brokers would hold some scandals about actors as blackmails.

Talia's agent also did this.

She was thinking that if Talia wanted to terminate her contract one day, she would use this video to coerce Talia. She didn't expect that she would be self-defeating.

Although the video had been deleted, it was already known to all.

The comments on the Internet were all critical of Talia. Many netizens called a collective boycott to resist Talia. This time Talia could not continue to work in showbiz anymore.

Elisa was also scolded miserably by netizens.

Freya was pleasantly surprised to find that those fans who had just followed Elisa had hated her.

"Just see Elisa and Talia, you will know what bitches look like."

"It's disgusting that she should frame Freya with Talia!"

"Did you guys just see that on the video? Miss Freya stabbed Talia in several acupuncture points with silver needles to prevent the poison from spreading around, but Elisa shook the needles off like a fool and scolded Miss Freya assiduously!"

"I saw it! Elisa was so stupid. If Miss Freya didn't help, she would have died before the ambulance to come! If I were Miss Freya and had to be disturbed by her when saving lives, I would have thrown more than a slap!"

"That's it! Miss Freya was so handsome!"

.....

Seeing this, Freya felt better.

The hospital Talia lived sent a message on their official Twitter after treating Talia.

The general meaning was that Talia was out of danger, and everyone didn't have to worry about her.

The article also praised Freya, saying that the stitches Freya stabbed in Talia were very critical. Even if Talia went to the hospital later, she would be difficult to save without Freya.

The hospital also had posted messages praising Freya's medical skills, then there were more praises for Freya online.

Freya found that she was honored to be at the top of the trending topics list again.

Freya didn't want to be a celebrity, but she was still happy with the ending of Talia and Elisa.

The worse Talia's ending was, the happier she was.

Alisha was always loved by netizens for her kindness.

Unexpectedly, this time, no one praised Alisha online.

Even worse, many netizens questioned Alisha.

"Alisha turned out to be Freya's sister! Unbelievable! But why do I always feel that Alisha was not defending Freya?"

"I think so too! Alisha's performance seems to be telling us that Freya killed Talia."

"If I were framed by someone else, my sister would definitely not be like Alisha, just pretending to be a good person in front of everyone, and my sister would definitely find a way to prove my innocence!"

"I thought Alisha was kind and righteous before, but I don't know why, tonight Alisha is so hypocritical."

.....

Alisha's fans, of course, tried their best to explain for her, saying that Alisha didn't know the specific situation, and she did it for Freya's own good.

However, no matter what the fans did, the voice of questioning her on the Internet had not disappeared.

Freya put her phone aside with a little confusion.

Alisha, Talia and the others would never give up.

She was not afraid of them, but she really liked a peaceful life, and she knew that she would not be able to get peace in the future.

Freya was just about to get a good night's sleep when her cell phone rang.

It was a text message from Kieran, "I'm on the top floor. Come here. Or I'll come to you."

Chapter 146

After reading the text message, Freya hurriedly threw her phone on the bedside table with her heart beating fast. He actually asked her to go up to him, or he came down to find her?

Freya lay under the quilt, closed her eyes and pretended she didn't see the text.

After closing her eyes for a while, Freya sat up suddenly again.

What Kieran said could definitely be done. Just now he said that if she didn't go to him, he would come down to find her.

She couldn't even pretend she didn't see the text message.

Freya knew that there was only one room on the top floor of this hotel, the most luxurious presidential suite. If she went up, she shouldn't be seen by the crew.

But if Kieran came down...

Most of the crew lived on the same floor as her. After what happened to Talia just now, many of the staff had not rested and might still be walking in the hallway. If Kieran came to her room and knocked on the door, she was afraid that the scandal between her and Kieran would spread everywhere the next day.

"Did you know that Mr. Fitzgerald went to Freya's room last night."

"I saw. Freya has already had a baby with Mr. Levin, how can she be with Mr. Fitzgerald..."

Thinking of the rumors that would spread, Freya covered her ears hard and hesitated for a moment, then she dialed Kieran's number.

Kieran answered the phone immediately.

"Are you here?"

Freya replied, "No. Mr. Fitzgerald, what are you looking for from me? Can you tell me on the phone? I'm already going to bed."

After a pause, Freya added, "If you're also going to sleep, just talk about it tomorrow."

"I can't sleep."

Kieran said this like a spoiled child.

He couldn't sleep?

Freya was stunned for a moment. Mr. Fitzgerald wanted her to go upstairs to chat with him because he couldn't sleep?

Freya was about to say something more to reject him when she heard him say in that inaudible voice, "I can't sleep without holding you."

Hearing Kieran's words, Freya almost choked by her own saliva. She was surprised.

He wanted to hold her in arms?

At this time, an incredible thought also occurred in Freya's mind, "Mr. Fitzgerald came all the way here and stayed in this hotel just to sleep with her?"

Freya coughed a little more, and she thought, "How could Mr. Fitzgerald, who looks so cold and abstinent, be so impure!"

Freya cleared her throat and let out an uncomfortable laugh, "Mr. Fitzgerald, what are you kidding! This joke is not funny at all! It's getting late, you can rest! Good dreams!"

Before Freya hung up the phone, Kieran's displeased voice came into her ears, "Freya, I'm not kidding! If you don't want to come up, I'll go down to find you now!"

Mr. Fitzgerald came down?!

No!

If Mr. Fitzgerald knocked frantically on the door outside her room, the crew was sure to watch. The scene was so embarrassing that Freya didn't dare to imagine it.

Freya got up from the bed in frustration, "I'm coming."

Freya changed into conservative clothes and walked to the top floor.

Of course she wouldn't allow Kieran to hold her to sleep. Tonight, she must have a talk with him. He was her elder, and they must maintain a proper distance in the future.

The scenery on the top floor was so good. Standing at the entrance of the stairs and looking out the window, the beautiful scenery of thousands of lights was fascinating.

Not far away was the sea. It was not really visible here, but inside Kieran's room, people could clearly see the sea.

Maybe he was too lazy to open the door for Freya, the door of the presidential suite was not closed.

Kieran was not in the living room. This presidential suite had an area of more than 300 square meters and more than a dozen rooms. Freya really didn't know which room to go to to find him.

Freya knew that no one would be brave enough to break into the top floor to disturb Kieran's rest. But because she was guilty, she was afraid of being seen in Kieran's room, so she closed the door carefully.

Freya didn't want to look for Kieran from room to room. She took out her mobile phone and wanted to call him, but before the call was dialed, he had already appeared in front of her.

He only wore a bath towel.

"Mr. Fitzgerald, can you... get dressed first?" Freya asked, covering her face with one hand.

"It's not comfortable to put on the clothes and hold you to sleep." Kieran said. For a while, Freya didn't know what to answer.

Freya grabbed the corner of her clothes uneasily, and she remembered her purpose after a long time, "Mr. Fitzgerald, let's have a talk."

Freya raised her face. She wanted to stare at Kieran calmly and confidently, but she just didn't have any momentum in front of him.

She could only turn her face hastily, and said hesitantly to him, "Mr. Fitzgerald... we... we don't meet again..."

Kieran frowned involuntarily, "What?!"

Freya continued, "We'd better not see each other. You are Jaden and Jayla's granduncle, and I don't want people to misunderstand the relationship between us."

"They didn't misunderstand." Kieran took a step forward, Freya quickly backed away in fright, and she fell directly on the sofa behind her.

"Freya, it's not clear between us."

Freya also felt that the relationship between her and Kieran was indeed not normal during this time. But when Kieran said this, she was still a little embarrassed.

It was as if he had done something bad and was watched by people all over the world.

"Mr. Fitzgerald, we... we don't do this anymore, I..."

"Freya." Before Freya could finish speaking, Kieran interrupted her, "I said that when you recover, I won't endure it anymore."

Freya's head was a mess. What did Mr. Fitzgerald mean?

Could it be that he wanted to...

Chapter 147

As soon as the thought flashed through Freya's mind, Kieran had already taken her into his arms.

Freya's eyes widened in fright. Her reaction was extremely slow, and she didn't know how to continue to reason with Kieran for a while.

Even, she couldn't help coveting his embrace.

This was not good.

Freya knew that if it went on like this, she couldn't leave tonight.

In this sober state, if she really did something with Kieran, she couldn't deny it.

Freya tried to be a little weak, pretending that her injuries were still serious.

After Freya kicked her leg, she pulled it back in frustration. It was a bit challenging for her to pretend.

Kieran thought perfectly that he would put the prepared ring on her finger, and then when she accepted him, he would tell her that they hadn't divorced yet. Everything was going in the best direction. How wonderful!

But men didn't understand the subtle minds of women at all. Men felt that conquering the body was equivalent to conquering the heart, while women preferred the fit of the soul. Only when a woman identified a man as a spiritually significant other was she willing to give their body to him.

Therefore, Kieran's mind would definitely not succeed.

Just when he wanted to act, Freya pushed him away with all his strength.

She got up quickly from the sofa, her feet still hurt a little, and her calf and stomach hurt, so she felt even more aggrieved. Although she didn't shed tears, her eyes were red. In Kieran's eyes, she looked like a poor little rabbit.

Kieran didn't like forcing people to do something, especially women he loved.

After a long silence, Kieran asked, "Freya, do you think I'm forcing you?"

Kieran, like Jaden, didn't like laughing. When he said this, there was no expression on his face, and Freya didn't know what was going on. She felt that Kieran's words contained an invisible accusation and an unspeakable grievance.

Freya's heart softened instantly.

She couldn't continue to make a clean break with him.

Freya despised herself, and if she couldn't make up her mind, there would be more trouble in the future. But Mr. Fitzgerald was so handsome, and she had no resistance to such a super handsome guy. Also, his eyes were so aggrieved that they were too similar to Jaden's, she couldn't say a word of cruelty.

Freya couldn't continue to reject Kieran, and she could only whisper, "After all, I don't like you."

"Freya, you say it again?"

Kieran's eyes suddenly became terrifying. Freya became even more guilty, and her body trembled uncontrollably, "I don't like..."

"Look into my eyes!" Kieran looked at her condescendingly, "Tell me, you like me very much, or you don't like me at all!"

Seeing Kieran's deep eyes, Freya was a little overwhelmed. She almost didn't have time to think and said subconsciously, "I like you very much..."

Realizing that she was wrong, Freya quickly changed her words, "I... I don't like..."

"You like me, Freya!"

Before Freya could finish speaking, Kieran had already come to a conclusion. He looked at Freya's nervous and flustered face and couldn't help but sigh heavily.

Originally, he thought that he could finally be with her, but now it seemed that he still couldn't rush it.

This little girl was like a snail. If he really forced her tonight, she would definitely shrink herself into her shell in the future, so that he could no longer touch her heart.

“Freya, I won’t force you.”

Kieran didn’t know how much effort it took to suppress the desire in his heart, “As long as you don’t accept me, I won’t force you.”

Anyway, he would let her have no other man besides him, she can only accept him.

Freya looked at Kieran in disbelief, she never thought he would say such words.

Mr. Fitzgerald, such a proud man, did not expect to compromise for her.

She was so moved that she even wanted to accept him.

Freya was the kind of person that she would be considerate of them if others were so gentle with her.

More importantly, she felt guilty from the bottom of her heart!

“Mr. Fitzgerald, thank you!” Freya said sincerely to Kieran.

Only the next second, when she heard Kieran’s words, all the gratitude in her heart vanished.

Kieran said, “Freya, I won’t touch you until you agree, but I have to hold you, or I can’t sleep.”

With that, he carried Freya into the bedroom.

Freya was helpless. Didn’t he say he wouldn’t force her?

She didn’t want to be hugged to sleep by him!

Sleeping on the bed in his arms was not pure at all!

This time, he...

Chapter 148

He was more impure than last time!

Freya wanted to cry silently. Why did she feel like a little sheep in the hands of a big bad wolf!

Freya thought that she must have insomnia tonight, but she was so tired that she fell asleep quickly.

She thought, anyway, when she was in the villa, she had already been bullied by him, and even if she was bullied again, it wouldn’t be worse. When she waked up, she would continue to find a way to get rid of him...

Not wanting to disturb his boss, Bradley didn’t live in the presidential suite with Kieran, he went downstairs and took another room.

Just after taking a shower, his phone rang.

It was Alisha’s call.

Alisha's voice was soft, "Mr. Wilson, are you asleep? I have something to talk with you."

Bradley glanced at the computer on the desk, "Miss Alisha, what are you looking for from me?"

"Which room are you in? Can we talk face to face? I'm afraid I won't be able to tell on the phone."
Alisha's voice was extremely delicate. As long as a man heard it, he would like it.

Bradley pushed the gold-rimmed glasses on his nose, "Miss Alisha, it's so late. Is it good?"

As soon as Alisha heard him speak, she thought Bradley was pretending to be serious. She smiled lightly, "Are you afraid to see me? Which room are you in? Can I go there?"

Bradley wiped the water droplets on his head, "Well, 2203."

Alisha turned around in front of the mirror with satisfaction before walking upstairs with graceful steps. she must get the reserve bid tonight from Fitzgerald Corp! Not only that, but she wanted Bradley to do things for her obediently!

Bradley was sitting at his desk working when Alisha came to his room. Alisha glanced at his laptop screen and saw that he was opening the documents that Fitzgerald Corp had bid for.

The reserve price must be in this document!

Alisha walked up to Bradley with a smile, "Mr. Wilson, it's been so many years since graduation, and we haven't gotten together!"

"Yes, Miss Alisha was already very famous when you were in school, and now you are a well-known international superstar."

Hearing Bradley's compliment, Alisha couldn't help but smile with satisfaction. It was true that she had been sought after since she was a child, but Freya always outperformed her in many aspects, which made her jealous.

However, as long as she had Bradley's support, the tide would soon turn.

Kieran trusted Bradley so much, if Bradley helped her frame Freya, Kieran would definitely hate Freya!

Thinking of this, the smile on the corner of Alisha's lips deepened, "Mr. Wilson, you were also a famous handsome guy in school at that time, and several girls in my class had a crush on you!"

"Well," Bradley scratched his head embarrassedly when he heard Alisha say this, "There were more men who had a crush on Miss Alisha! Everyone knows, Miss Alisha, you are now the Muse of men in the country!"

"What about you? Have you ever had a crush on me?"

Has he ever had a crush on her?

Bradley chuckled. In the past, his feelings for Alisha were at most the excitement and shyness that adolescent boys would have when they met beautiful girls.

But later, he saw more and more beautiful women, and he wouldn't be shy in front of Alisha.

Especially after knowing Alisha's chaotic private life and how she framed Freya again and again, he even didn't have the slightest affection for her.

Bradley was immersed in his own thoughts, and Alisha moved lightly and walked in front of him. Suddenly, she stretched out her soft hand and grabbed his hand.

"Bradley, tonight..."

There was obvious temptation in Alisha's voice. She had always been confident, she thought any ordinary man couldn't push her away, not to mention that Bradley still had a crush on her.

Bradley looked at Alisha coolly and the eyes were not as gentle as his face looked. There was an obvious sharpness in his eyes, but because he was covered by the glasses, he couldn't see clearly.

"Bradley, actually your love is not all-one side. I have a good impression of you..."

Bradley gently pushed his glasses again and shook Alisha's hand away. He couldn't help but think, "Which her eye did see that he liked her?"

It might be that he thought it was too ungentle to throw Alisha out directly. After all, Bradley had always considered himself a gentleman, otherwise he would not have to wear gold-rimmed glasses all day to pretend to be graceful.

He thought for a while, but said to her rather gently, "Miss Alisha, you can't do this..."

In Alisha's view, Bradley was just pretending, and she smiled confidently.

"Bradley, are you being shy?"

Shy?

Bradley rolled his eyes silently. He was afraid!

He was afraid of being infected by her!

Thinking of this, Bradley instantly sympathized with Kieran. Kieran was with Alisha by accident five years ago. He should be healthy now, right?

Some day he should have Kieran do a systemic examination.

Bradley slowly pushed Alisha away and walked quickly to the living room, "Miss Alisha, I'll make you a cup of coffee."

Make a cup of coffee...

Alisha chuckled and believed he was too nervous and excited!

It was better if he went out now, and she just took the opportunity to copy all the confidential information on his desktop!

Alisha sat in front of the desk with the USB stick.

Chapter 149

After Bradley finished making coffee, he wanted to go back to the bedroom, but he was afraid that Alisha would pounce on him again. So He put down the coffee silently and left the room directly.

Anyway, there were so many rooms in this hotel, he could go anywhere.

Bradley's leaving just helped Alisha. She copied almost all the files on Bradley's desktop and sent it to someone.

After doing all this, Alisha couldn't help but breathe a sigh of relief.

The man said that as long as he succeeded in this bid, he would delete her indecent photos. Now that she had the files, the man was sure to beat Fitzgerald Corp, and she didn't have to be threatened by him.

When Freya woke up, Kieran was sleeping. He could always not sleep well, and only when he hugged Freya like this could he sleep so soundly.

Freya quietly escaped from Kieran's arms. Just as she was about to get out of bed, she found that Kieran's hand was still on her.

After reaching out and taking his hand away, Freya got dressed and left.

Freya woke up very early, thinking that she would not be noticed by others when she returned to her room at this time. As a result, as soon as she pushed open the suite's door, she saw Lucy standing outside.

Lucy obviously didn't expect Freya to come out of Kieran's room, so she stunned, and then, her expressionless face showed a mocking smile.

Freya felt uncomfortable at the smile of her. She always felt that the matter between her and Kieran had been discovered.

"Good morning!" Freya said awkwardly, "There's nothing between me and Mr. Fitzgerald. I'm just going to his room to talk about some business."

Freya was not good at lying, and she blushed after saying this.

But soon, Freya calmed down. She wasn't actually lying, she did have something to do with Kieran's room last night.

Lucy suddenly smiled, and her face was instantly as beautiful as a peach blossom in spring, "Dr. Stahler, you are so cute. Did I ask what happened between you and Mr. Fitzgerald?"

Seeing Freya's embarrassment, Lucy continued to laugh, "Well, I won't tease you. Even if there is something between you, the rumor of your affair with Mr. Fitzgerald will not come from my mouth."

Hearing Lucy said this, Freya breathed a sigh of relief. She said gratefully to Lucy, "Thank you,"

Then, she quickly ran to the downstairs room.

Running back to her room, Freya realized something was wrong.

There was only one suite on the top floor, and Lucy's room was not there. So what was she doing there?!

Could it be that there was something between Lucy and Mr. Fitzgerald?

Freya shook her head hard. Lucy was such a cold person, Freya couldn't think she would be interested in Mr. Fitzgerald! Maybe Lucy was just going to the top floor for sightseeing!

Every woman could be interested in Kieran except her!

She was eager to separate herself from Mr. Fitzgerald quickly!

Freya had no plans to fall in love or get married before, but now she suddenly felt that maybe Mr. Fitzgerald would not continue to bother her if she was married.

Naturally, her marriage partner couldn't be Seth. With Seth, she would still often meet Mr. Fitzgerald, and of course, not Stephen.

Not to mention that Stephen was a good friend of Mr. Fitzgerald, she couldn't stand his appearance at all.

The best way was to find another man to marry.

Mr. Fitzgerald was a principled man who would not bother married women.

Well, she was trying to be a married woman.

Freya quickly took out her mobile phone, registered, paid on a very popular dating website, and became a member.

The efficiency of this dating network was really fast. That afternoon, she received a call from the website, saying that there was a man with excellent conditions who fell in love with the photo she posted at first sight and asked to have a meal with her tonight.

Men in excellent conditions...

Freya was very curious about how good the man was, so she couldn't help but ask the website matchmaker a few more questions.

The website matchmaker did not provide her with a photo, but said that the man's name was Romeo Baez, and he didn't mind that she had given birth to children. He was almost 30 years old, about 1.7 meters tall, and weighed about 65 kilograms. He was a returnee with an annual salary of 10 million.

1.7 meters, this height was a little short, but she could accept it. At least he was taller than her.

His age was about thirty years old. It should be thirty-one or thirty-two, seven or eight years older than her. But it was not bad that an older man could be more considerate.

Most importantly, his name was Romeo, which was the hero in her favorite movie. When she heard that name, she guessed that he should be absolutely handsome and charming.

Saying the name over and over again, Freya felt like she was really going to fall in love.

Hopefully, she would get rid of her unrealistic love for Mr. Fitzgerald.

After returning from Linch City, Freya originally wanted to go straight to a blind date. But she didn't see her two children and Kiki for several days, she missed them. She still went back to the small apartment first, and then rushed to the date.

In order to make a good impression, Freya specially painted a light makeup.

Freya was most afraid of trouble and she didn't want to go on blind dates again and again. She hoped that she could succeed once, then she would never have to worry again.

Hopefully, all went well.

Kieran drank the coffee from his cup gracefully, frowning at the thought of Freya running from his room early this morning.

Next time she dared to sneak away, he would beat her!

While immersed in his own thoughts, Kieran's phone suddenly rang.

It was a WeChat message.

Lookin4Dad, "Granduncle! I just heard Mommy tell Kiki that she would go on a blind date!"

Chapter 150

Blind date?!

Kieran's fingers tightened involuntarily, almost crushing the cup in his hand. This woman, how dared she?!

As soon as Kieran got the address of Freya's date, Bradley pushed open the door and walked in.

"Boss, Miss Wells said she has something very important to see you. She has called five or six times. Would you like to have tea with her?"

Kieran glanced Bradley impatiently, "I have no time!"

"But the old Mrs. Fitzgerald called just now and asked you to spend more time with Miss Wells..."

"Never mind!"

Kieran got up, grabbed the car key and rushed to the garage.

Ridiculous! His wife was about to be kidnapped, how could he drink tea and chat with other women now!

Before Freya entered the cafe, she had received a text from Romeo, who said he had arrived and was sitting by the window.

Freya saw a young man sitting in the cafe, and she walked over there.

Before she could sit down, the man behind the young man waved at her vigorously, "Miss Stahler? Nice to meet you! I'm Romeo."

Romeo.....

Handsome and charming Romeo...

Romeo in his thirties...

How could he look like he was in his fifties?! And so ugly!

Freya looked in disbelief at the bald man with a beer belly, and his legs were so short that he was about 1.5 meters tall?!

Oh no, it couldn't be said that he was bald, and there were a few hairs on his oily bare skull.

His hair should be sprayed with gel so that the roots were clear, and the wind couldn't blow it.

Freya didn't expect Romeo to be a handsome guy, but his current appearance was too unexpected for Freya, and she couldn't accept it for a while.

But out of courtesy, Freya nodded at him and sat down in front of him.

There were many people in this world who were ugly in appearance but beautiful in soul. Even if Romeo was not good looking, maybe he was beautiful inside!

If he was really a kind and good young man, or... an uncle, with a beautiful soul, even if she couldn't fall in love with him, she wouldn't hurt him!

"Hello, Mr. Baez," Freya said politely to him.

Romeo kept staring at Freya's face and he didn't come to his senses until Freya spoke to him.

He looked at Freya with a smile, "Miss Stahler, you look better in reality than in the picture."

The way Romeo looked at her just now made Freya really uncomfortable. But Romeo praised her for being beautiful, and of course she couldn't embarrass him.

Freya smiled politely, "Thank you."

"You look more lovely when you smile."

Romeo looked at Freya intoxicated, "Miss Stahler, I don't know what you want from me? We are rushing to get married and fall in love. What do you want, I hope you can tell me."

What did she want from him?

Before Freya came to the blind date, she did think about her requirements for the blind date. She hoped that the person could treat Jaden and Jayla well, and she also hoped that he could treat her sincerely.

But now...

Looking at Romeo's thick lips that were trembling with laughter, she really couldn't ask him.

Freya silently took a sip of the coffee, "No."

"No?!" Romeo was surprised, "Miss Stahler, I didn't expect you to be so satisfied with me!"

Freya put down the cup, she almost choked on the coffee just now.

Before Freya could recover, she heard Romeo's voice again, "Miss Stahler, I believe the website matchmaker also told you that my conditions are really good. In fact, many girls want to date me, but I rejected them all."

Many girls wanted to date him, but he refused...

Freya continued to cough, glancing at Romeo's mouth full of rhubarb teeth and spit. She coughed so hard that she couldn't breathe, which girl had such a strong courage to want to date him!

Freya didn't like judging people by their appearance, but Romeo was so narcissistic that she couldn't stand it.

Romeo continued, "But, Miss Stahler, I won't turn you down. To be honest, you're my type, and I fell in love with you at first sight. I'll give you a chance to pursue me."

Freya finally stopped coughing, and this time, she nearly choked by her own saliva.

She had heard a female colleague mention before that the blind date had encountered all kinds of strange things, and she was skeptical. But today she completely believed it.

Freya wanted to tell Romeo that he thought too much and that she really didn't need him to give her a chance. But she choked so hard that she was speechless for a while.

Seeing that Freya didn't answer, Romeo thought she agreed with him. He took a sip of the coffee, and his thick lips were mixed with saliva and coffee stains.

"Miss Stahler, you said just now that you have no other requirements for me, and I am very happy. However, I have a few requirements for you."

Seemingly afraid that Freya would be unhappy, Romeo hurriedly added, "Miss Stahler, don't get me wrong. It's not because that I am dissatisfied with you. I just hope you can improve yourself and make us get along more harmoniously."

Freya didn't know how hard it took her to suppress the urge to beat Romeo. She smiled stiffly at him, "Please."

"Well." Romeo's gaze slowly moved from Freya's face to her chest, "First, I hope you can have breast augmentation surgery."

Freya was stunned. Was there something wrong with this person's brain?

"Miss Stahler, I definitely don't despise you. I just think that if they were bigger, we would love each other more. This is our common wish, isn't it? Don't worry, I will pay half of the cost of the surgery. After all, after we are together, I will also enjoy the results of your surgery."

Freya wondered what kind of family would raise such a person!

Romeo continued, "Since you have no objection, I'll say the second point."

“Secondly, I hope you can have repair surgery. I admit that I care a little about your past. Although you are no longer a virgin, you can remedy it in other ways, which can be regarded as making up for the regret in my heart.”

Freya clenched the coffee in her hand tightly. Just as she was about to pour all the coffee in her hand on the man’s face, a cool voice sounded behind her.

“You are going to have surgery for this kind of man? Freya, how amazing of you!”
