Chapter 1411

Who cares!

Kiki became more flushing.

She was so thin-skinned that she didn't even know what to say for a moment when faced with this shameless man, and Christ didn't give her a chance to speak as he gave a deep kiss on her lips, "Kiki, since you want to me so badly, as a husband, I naturally have to satisfy you."

"A husband who doesn't satisfy his wife is not a good husband."

Kiki, "....."

How can this shameless man be so full of sophistry!

All this talk is to take advantage of her!

Kiki was so angry that she glared at Christ, but he found her exasperated look extraordinarily seductive, making him more and more unable to hold himself.

Kiki felt that ever since she had re-accepted Christ, the two of them, it seemed, had lived a life without shame.

She didn't know if the shameless man has been holding back for too long or what, but every night, he tossed her around.

Kiki sometimes deliberately ignored this shameless man, but he always had sophistry that made it difficult for her to ignore him.

What a wife who does not satisfy her husband is not a good wife.

A wife who does not make love to her husband does not love him.

.....

Blah, blah, blah, leaving her at a loss for words of defence.

In particular, this shameless man was particularly good at pretending to be aggrieved.

On the outside, he is such a cold and heartless man, but he is able to put on a pathetic look of being abandoned by the world at every turn, and she is soft-hearted, so in the end, she can only let him toss and turn.

Kiki acted disgusted with him in front of Christ, but in fact, in her heart, she was also at peace and content like never before.

Such a day was really a blessing she had never dared to hope for compared to the old days.

She married Christ when she was eighteen and the two of them lived together for a few months, only during that time, he was indifferent to her, leaving her heart wretched and miserable.

Later, she was imprisoned and suffered endlessly. Now, the two of them living together and loving each other wholeheartedly, which was truly nice enough.

However, because the fake dead Penny had not been found, Kiki still had some indescribable uneasiness in her heart.

There was always a feeling that Penny was brewing a terrible storm.

Dylan had also disappeared, in that explosion, he was blown half to death. At that time Dave and the others were worried about the situation of Christ, they didn't have time to deal with him, by the time he had people go over to deal with him, he had already been rescued, and it was not known whether he was dead or alive now.

It's good that Dylan is dead, but if he were still alive, he would surely have to continue to be a demon.

Especially, she overheard the conversation between Christ and Dave that day, that the Wallace family's eldest son was still alive and he was even more vicious than Penny and Dylan.

If the three of them were to work together as demons, there's no telling what they would have done.

Happy times always go by extraordinarily fast. Almost two years have passed since that explosion, in the blink of an eye, Kiki and Christ have made up a blooming wedding, her acting career is going from strength to strength and she is now a premier superstar in the entertainment industry.

Everyone in Arkpool City knows that Christ pampers her like a treasure, and that she has won both in love and career, so she is really a winner in life.

Freya has been helping her to regulate her body, and she and Christ have not been using contraception, but she has not been pregnant, and she is really quite worried that she really cannot have another child for him in this life.

Christ had told her many times that he didn't care about children, that in his life, having her was enough.

His words were so sweet that Kiki's heart warmed, but the more he was kind to her, the more she looked forward to conceiving his child.

After living together for so long, Kiki discovered that Christ, apart from being shameless, also has a big problem, that is, he likes to be jealous.

She had made it very clear to him that she had no half-hearted romance for Quinn, but he still liked to be jealous.

There was a time when Quinn particularly liked to send things over to the villa, and every time he received something from him, Christ's handsome face would stretch out long, as if someone owed him several hundred million dollars.

Especially when Quinn came to visit, the face of Christ was even more gloomy, Quinn had just arrived and he already looked like he wanted to kick Quinn out.

Later on, Christ even became obsessed with arranging Quinn with all sorts of blind dates.

He calls Dave every day and the first question he asks is almost always, "Is Quinn in love?"

If it wasn't for his and Quinn's age, Kiki really suspected that Christ was Quinn's father, worrying about his own son.

Quinn was initially very resistant to Christ's various arrangements for him to go on a blind date, but later on, he slowly became more relaxed.

However, Quinn was not interested at all in the various celebrities that Christ had asked Dave to introduce to him, so naturally he could not have a proper relationship.

Later, seeing that Christ started to care about Quinn's blind date as soon as he opened his eyes, Kiki even had some doubts that the two of them were the real love.

At one point, she couldn't help herself and said this to Christ, who at first froze for a few seconds, then, in turn, pinned her to the bed and kissed her like a madman.

Quinn did not become the true love of Christ, but after that, Christ stopped giving him blind dates.

When Christ no longer thought about Quinn all day long, Kiki's heart felt a lot more comfortable.

She thought it was really funny that even men were getting jealous too.

She didn't want to become jealous herself, but when you love someone with all your heart, sometimes, how can you restrain that sour mood?

Fortunately, with Christ, she didn't have many opportunities to be jealous. He was shameless in front of her, but to other women, he wouldn't even give them a second glance.

She snickered inwardly.

In the past, Kiki would only film in the drama sets near Arkpool City, and at night, Christ would go to the drama sets to pick her up and take her home.

Recently Christ had gone abroad on a business trip, so she didn't bother running around and stayed the night directly at the hotel provided by the crew.

Kiki had a scene to shoot in the morning and she planned to get up early. She had set an early alarm clock, but she slept through the night.

She realised, as an afterthought, that she seemed to be a bit sleepy lately, and in the morning when she ate breakfast she noticed, even more so, that she threw up whatever she ate.

Kiki went straight to the hospital for a check-up.

Sure enough, as she expected, she was pregnant again!

And, twins!

Chapter 1412

Kiki couldn't wait to share the good news with Christ. She felt that God was still treating her generously. Previously, she had lost two children, but she didn't expect that this time, God had compensated her by giving her two children at once.

She took out her mobile phone and wanted to call Christ, but, after thinking about it, she decided to wait until he came back tomorrow night and tell him in person to give him a big surprise.

Previously, he had always persuaded her so that she would not be upset, saying that he did not care whether he had children or not, and that in his life, it was enough to have her by his side.

But she knew in her heart that he actually wanted a child.

She could never forget the last time she had suffered a miscarriage at the hands of Dylan, the shattering pain in his eyes when he learned that they had lost that child.

Now, they were, all at once, about to have two babies, and how happy he had to be to know that!

When she thought of Christ's overjoyed look after learning that she was pregnant with twins, Kiki could not contain her joy.

Kiki was left with one last scene, which was shot perfectly, and after the killing banquet, she left the set to wait for Christ to return home.

However, instead of waiting for him to come home, she received the news that something had happened to him.

He was in a very tragic car accident, his driver died instantly and he has been taken to hospital but is badly injured and in a critical condition.

When she got the news, Kiki was picking out baby products at a pregnancy and baby shop, and at that moment, she felt like her whole heart was going to break.

She couldn't wait to see he, but he was in a hospital abroad and even if she took the nearest flight there, she wouldn't arrive until tomorrow.

She was worried about his condition and shuddered with difficulty at the thought that he might not make it.

By the end of the day, she didn't know exactly how she had left the mall.

The cool breeze washed over her face before she came abruptly back to her senses, unaware that she had been walking on the road for a long time. Night had come, the road was full of traffic and the neon lights gave a feeling of bright lights, but nothing could sweep away the pain and silence in her heart.

She is finally pregnant with their child, but the baby's father, however, is in danger of never coming back.

No!

He'll be fine!

They've barely managed to get back together, and he mustn't let anything happen to him!

As she was lost in her own thoughts, Kiki only felt a pain at the back of her neck, and the next second, she passed out.

She was not unconscious for long and when she woke up, she found that she was now inside a completely unfamiliar room.

She was wondering who had done this to her and what the man was going to do to her when the door to the room was violently thrown open.

The person who walked in was Penny.

Having already known that Penny had faked her death in the first place, Kiki wasn't surprised to see her.

"Kiki, it's been a long time."

Penny's voice carried obvious malice as she hooked her lips in a grim smile, her eyes locked on Kiki's still flat belly like a poisonous snake for an instant.

"Kiki, you're pregnant, aren't you? Twins? What a congratulations!"

"Aren't you happy to finally be pregnant with Christ's child again? But, I must kindly remind you, you must not be happy too soon, because, your children will not survive!"

"Penny, I won't let you hurt my children!"

Kiki stretched out her hand, and she shielded her belly with all her might, fearing that Penny would really lose her heart and kill the children in her belly.

"You won't let me hurt your children?"

Penny continued to laugh, the resentment in her eyes, like a knife dipped in poison, stabbed viciously at Kiki.

"Kiki, when you were in prison, you also said that you wouldn't let anyone hurt the child in your belly. What happened? That child was still alive, but I had someone clamp down and kill it!"

"That child can't live, Kiki, this time, the children in your belly don't want to live either!"

Penny slowly stomped forward a few more steps as she looked down at Kiki on the bed, "Kiki, how do you think, this time, I should kill the children in your belly?"

"It's pointless to just beat them off! I've already used such a tactic once, and I don't care to repeat it again!"

The resentment in Penny's eyes grew thicker and thicker, gradually tinged with bloodlust, "It's really a shame that you've spent five years in prison, and that none of the men I've found to go there have been able to do it with you!"

"Kiki, you must be feeling sorry too, right? This time, I will make up for your regrets! I'll help you find more men and let them serve you well!"

"When you've been crazy for a few days and nights, it's time for these two kids in your belly to be on their way to hell!"

Kiki's face changed greatly, she had already seen how vicious Penny was, but now she said she would let several men torture her until she killed the children in her belly.

Kiki knew clearly that this place, there must be Penny's people guarding everywhere, it was not that easy for her to leave.

But no human being in desperate times is willing to wait meekly for death, to be at the mercy of others, and to try, once more, to make a dying struggle.

Kiki got up with the discomfort in her body, she stumbled out of bed and tried to rush outside the room.

However, before she could dash out of the room, several men, tall and large, walked in.

Seeing those few men, Kiki's heart panicked to the extreme, Penny's face, however, was more and more smug, "Kiki, look, how about the man I found for you?"

"I've checked them out well, they're strong, and it's nice for me to have them serve you!"

After saying this to Kiki, Penny turned her face to look at the men and said, "Kiki is all yours! Take good care of her! If you can't kill the kids in her belly, I'll let my elder brother kill you!"

The men were obviously very afraid of the elder brother Penny spoke of, and when they heard her mention him, their bodies, unable to restrain themselves, cringed, and then nodded busily.

"Miss Wallace, don't worry, we won't let you down!"

Hearing the words of these men, the corners of Penny's lips rose more and more wantonly, but Kiki's face was even whiter.

She tried to pull the door open and rush out, but the men were guarding the door as if they were gods, so she couldn't get out.

She looked warily at the several large men who came before her and, noticing that a window was open, she did not dare to delay in the slightest, turned, and dashed in the direction of the window.

The big men were quicker, and before she could run to the window, they grabbed her roughly by the shoulders.

Behind them, came Penny's openly shouted, "Now, you can touch her!"

"Get her!"

Chapter 1413

When Penny initially brought those big men here, they thought that they were going to make them torture an ugly monster, and in their hearts, they were actually reluctant.

If it weren't for the fear of Flynn, they wouldn't want to take this job.

They had never dreamed that the one Penny wanted them to touch would be Kiki.

Kiki is so charming and has driven countless men crazy.

Men like them have experienced women, and among the women they have touched, there are some who are still good-looking, but a woman of such earthly beauty as Kiki is something they would never dare to dream of.

They didn't expect that the stunningly beautiful Kiki was delivered to them for their ruthless possession.

Their hearts had already been itching for a long time, and now that they had been instructed by Penny, they were even more impatient.

They all wanted to be the first to touch the beautiful woman in front of them, and they didn't want to be left behind, so they didn't reach a consensus on who would come first, so they simply competed to be the first to go together.

Of course Kiki didn't want to let them have their way, she struggled desperately, she was now reluctantly close to the window and could roughly see outside.

Here, at any rate, must be the third floor, jumping down, it will definitely be bad luck, but that is better than being tortured to death by these men.

"Don't touch me! Don't you touch me!"

Kiki wanted to call the outside world for help, but her mobile phone, which had long been taken away, made it impossible for her to communicate with the outside world.

She kept backing up, trying to get away from the men, but they pressed on, not giving her a chance to escape.

Seeing Kiki's face of panic and helplessness, Penny, who was standing at the doorway, was pleased to the extreme.

She took out her mobile phone and started filming, wishing to let the whole world see Kiki's ugly face.

There was a vase in the room, and after two years of conditioning, Kiki's wrists were able to exert a lot of strength. She grabbed the vase and, with all her strength, smashed it fiercely against the head of the man on top of her.

The man's forehead saw blood at once as a violent thud resounded inside the room.

The intense pain caused his body to stiffen, and then he fell to the ground motionless.

It was the first time Kiki had hurt someone so badly, her heart was beating so badly, but she knew in her heart that at this moment, if she sat around and waited for death, she could only be spoiled by these disgusting men, and even if she died, she had to die cleanly!

Seeing that their companion had been knocked unconscious by Kiki, the four remaining men all turned pale.

One of the grumpier men threw a slap at her face fiercely, "Kiki, how dare you hurt my brother, I will kill you!"

With that, he raised his hand again and unceremoniously slapped her across the face.

This man was so strong that Kiki was dizzy from the blow and blood oozed from the corner of her lips.

Without bothering to wipe the blood from the corner of her lips, she grabbed a sharp shard. If these men dared to use force again, she would still fight them to the death.

Seeing that the man raised his hand and was about to hit her hard again, the remaining men rushed to grab his arm.

“Don’t! What a shame to break such a beautiful face! We haven’t had enjoyed enough with her yet!”

Only after hearing everyone’s advice did the man withdraw his hand. Indeed, it would be a pity to swell such a beautiful face, so why not, when they had had enough, torture her severely!

Make her beg for her life and pay the worst price for her misbehaviour!

“Kiki, you’d better serve us well! Otherwise, we will definitely make you suffer!”

The man did not slap Kiki’s hand, he reached out and grabbed her shoulder, and then, with a grimace, pressed his lips to hers.

“Get out of here! Get the hell out of my way!”

Kiki was already suffering from severe pregnancy vomiting recently, and this man carried a strong fishy smell that made her stomach churn even more.

She couldn’t help but turn her face away from the wall and just throw up in a frenzy.

Because she was throwing up so much, she couldn’t even muster the strength to hurt the man with the pieces in her hand, which did make a few other people notice that she was holding something in her hand.

A man who had been standing by grabbed her hand, “Bitch, how dare you hide broken porcelain pieces! You still want to hurt someone, don’t you?!”

“I’ll break your hand now and see how you can hurt people in the future!”

With that, the man’s hand suddenly pushed hard, and he viciously peeled the broken piece of porcelain out of her palm.

Kiki knew that she would definitely not be able to defeat these fierce men, so she gritted her teeth and raised her hand directly, then viciously stabbed the pieces in her hand at the man’s face.

The man noticed her movement and with a quick dodge, he dodged her attack and then, with a fierce twist, grabbed her wrist, which she could no longer use with any strength.

The man took the opportunity to break her fingers apart and the blood-stained pieces fell heavily to the ground.

The man’s blow just now was so vicious that Kiki drew several cold breaths of air one after another in pain.

She almost couldn’t hold it together and cried out in pain, but she didn’t want to let Penny get too far ahead of herself, so she held back the cry of pain that was coming out of her mouth.

Those men didn’t give Kiki the slightest chance to ease up, they looked at each other and one of the men struck out and just threw her onto the big bed inside the room.

Her stomach hurt

Kiki was in so much pain that a thin cold sweat seeped out of her forehead, she used her hand to protect her stomach, she was really afraid, she would be bullied like the last time by Dylan, and she couldn't protect their baby again.

"Get out of the way! Get out of my way, you guys! Don't touch me, don't you touch me!"

Seeing Kiki's deadly struggle, Penny's eyes were full of disdain.

"Kiki, why are you still being stubborn? You don't think that Christ can still come to your rescue, do you?"

"Don't worry, he's already dead, at the hands of my brother! Now, you can only be slaughtered by me, and no one can come to your rescue!"

Christ is dead?

Kiki's eyes rounded abruptly, and suddenly, she could not feel the pain coming from her stomach, because, her heart really hurt too much, like being attacked by a dull knife, inch by inch, hurting so much that she could not breathe.

No!

She couldn't believe he would die until she saw his body with her own eyes!

She had to, try to live, to take her baby with her, to live so she could go home with him!

But how can she survive when she has fallen into a devil's den and is surrounded by evil spirits on all sides?

Before Kiki could recover from the intense heartache, Penny had already picked up a piece of debris from the ground and walked up to her step by step.

"Kiki, I really hate this face of yours, why don't you destroy it!"

Chapter 1415

Flynn did not speak, he just subconsciously squeezed the piece of broken porcelain in his hand.

Kiki is damned.

In her last life, she deserved to die.

She and Christ had killed his own brother and sister, Dylan and Penny, and in his last life, he should have avenged his loved ones.

In this life, she and Christ, who had tried to repeat the past and get his family killed, naturally he could not let her go!

He was reborn with hatred, he came back to make this world bleed, to make those who deserve to die, pay the most grievous price, he should, without hesitation, break Kiki's neck.

Or, slice the broken porcelain in her hand and slash it viciously into the artery of her neck, using her blood to pay tribute to the souls of those who died in her past life.

However, he couldn't lay a hand on her.

Not only that, but seeing how much blood was on her body, how cold sweat kept seeping out of her forehead, because of the physical pain, his heart was still inexplicably twisting.

In his previous life, he was so ignorant of his feelings, he was unwilling to admit his feelings for Kiki until his death.

In his new life, his hatred is heavier, but he also seems to understand what love is.

Love and hate are intertwined, hate wants him to kill her, love wants him to embrace her, and it is his own heart that suffers the most.

Seeing that Flynn was slow to make a move on Kiki, Penny couldn't help but feel anxious, "Brother, make a move! Brother, you really can't let Kiki hurt, can you? Brother, do it! Do it now!"

Flynn's hands were suddenly hard, and he almost crushed the broken porcelain piece in his hands.

Killing her, he couldn't do it.

The broken porcelain in her hand fell heavily to the ground with a crisp sound, and seeing the pieces that broke into countless pieces on the ground in an instant, Penny's face turned pale.

"Brother, since you can't spare Kiki to do it, I'll do it for you!"

A fruit knife appeared in Penny's hand as if by magic, and she pulled it out, the sharpness of the tip of the knife stung Flynn's eyes.

"Kiki, you caused me to lose dignity, you stole Christ, you caused Dylan to be handicapped for life and worse than death, you caused our family such misery, I want you to pay for it a thousand times over!"

Saying that, Penny's hand exerted force, and the cold glittering knife in her hand ruthlessly stabbed towards Kiki's face.

Of course Kiki did not want to die in Penny's hands like this, she subconsciously moved her body to dodge, but her stomach was really too painful, she had already exerted all her strength, but she still could not move.

The knife, she thought, would viciously pierce her face, leaving her bleeding, but unexpectedly, the expected pain did not come, and Flynn flew up and kicked the knife away.

Penny was so angry that her body trembled and she stared at Flynn in annoyance, "Brother!"

"Get out!" Flynn ordered coldly.

"I'm not going out! I must kill Kiki today! She has fallen into my hands so easily, I absolutely cannot just let her go! Brother, if you still think of yourself as my brother, if you still think of yourself as a member of our Wallace family, you should stop protecting our enemies!"

"Get lost!" Flynn no longer had the slightest bit of patience, and his eyes stared grimly at Penny as he spoke.

Penny had already thought of a thousand ways to torture Kiki, of course she was not willing to leave just like that, but when she met Flynn's beady and murderous eyes, she couldn't restrain her heart from flinching and couldn't help but take a step back.

She had a strong feeling that if she continued to disobey this Brother of hers, he would really kill her.

When she thought of the way Flynn had dealt with his men who disobeyed his orders, chills went up on Penny's body, and even though she had a thousand reluctances in her heart, she headed outside the room.

It's really a great pity that we can't get Kiki to die today.

However, as long as Kiki stays here, sooner or later she will be able to make her beg for her life, and two children in her belly will never see the sunlight of this world!

After Penny left, the only two people left in the large room were Flynn and Kiki.

Kiki's stomach hurt so much that she couldn't move, and the more she faced this demon, the more uneasy she became.

She wanted to get away from this demon, but her body, which was so indefensible, could only continue to lie stiff and motionless on the bed.

Flynn did not speak up, and Kiki was not willing to take the initiative to talk to a demon, the room was filled with an oppressive silence that was uncomfortable all over.

Flynn's eyes, like the sharpest knives, were dead on Kiki's face, and then, his eyes slowly moved down, and finally, locked on her flat belly.

"Kiki, I won't keep the kids in your belly!"

"Flynn, I forbid you to hurt my children!"

Kiki nervously protected her stomach, "I haven't hurt Penny, I haven't wronged your Wallace family, you have no right to treat me like that!"

"If I really want to say I'm sorry, it's Penny and Dylan who have wronged me, it's your Wallace family who have wronged me!"

Her parents, who died at the hands of the Wallace family, and her two children, who both died at the hands of the Wallace family, owe those five years of her life to Penny.

She really couldn't figure out where these people got the nerve to come after her and Christ for revenge!

"Kiki, shut up!"

Flynn walked quickly to the bed and then roughly strangled her neck.

The force he put on her neck was even harder than when he strangled Penny just now, and it hurt so much that Kiki couldn't say anything.

She didn't want to beg for mercy from a demon, let alone show weakness to one. She held her chin stubbornly high, and even though she was in pain and the cold sweat on her forehead grew more, the pride in her was still unbreakable.

"Kiki, you owe me, you owe the Wallace family! You owe us, for the rest of your life, you can't pay it all back!"

Yes, he died a horrible death in his last life because of Kiki!

Kiki opened her mouth and made a sound, it was really hard, she eased up for a while before she could speak in a hoarse voice, "Flynn, you're sick!"

"Kiki, who are you calling sick?!"

Flynn had a gentle face, but his temper was the most tyrannical and terrible. Hearing Kiki's words, he was instantly furious.

He narrowed his eyes and stared at her viciously, "Kiki, you really think that I can't spare you from death, don't you? I'll kill the two children in your belly right now!"

She was wondering how he was going to kill the baby in her belly, and Flynn's kiss came down like a storm.

Chapter 1416

Flynn's reaction was always quick, and in just a few minutes, he had already thought clearly about what to do with Kiki.

He was beyond sure that killing her was something he could not do.

But he couldn't get past his own heart to let her live on with the baby in her belly.

The best way would be to kill the child in her womb and make her suffer for the rest of her life, while her person is confined to him for a lifetime of torture.

The best revenge is to make her suffer, to make her despair, to make her life worse than death.

Yes, he decided to keep Kiki around just to torment her viciously.

Flynn hypnotised himself in this way over and over again, although a voice in his mind kept protesting, but he continued to ignore it.

"Get off! Don't you touch me!"

Being kissed by such a demon, Kiki's heart was sick to the core.

She couldn't really use half the strength in her right wrist, so she could only raise her left hand and, using all her strength, she slapped him across the face.

Kiki is now extremely unwell, her left hand, in fact, can't exert much strength, and slapping it on his face is similar to tickling him.

But she dared to hit him, and Flynn's face, nonetheless, turned unpleasant.

He left Kiki's lips and pinned her to the bed with a deadly grip, "Kiki, you're simply looking for death!"

"Kill me!"

Kiki stared at Flynn with hatred, "If you don't kill me, but as long as I still have a breath left, I will kill you sooner or later!"

"Kiki, I won't kill you!"

Flynn's voice was suddenly tinged with obvious frivolity, "Who will warm my bed if I kill you?!"

"The only thing I want to kill is the children in your belly! Kiki, since I've decided to let you warm my bed, there's no way I'll let you give birth to Christ's child!"

After all is said and done, he still wants to kill the children in her belly!

Kiki put the quilt aside to cover her belly, but she knew in her heart that she was only covering her ears by doing so, not to mention that she was covering her belly with a layer of quilt, even if she covered it with a layer of iron, Flynn wanted to kill the child in her belly, he would never be merciful.

Kiki was racking his brain on how to find a way out for her and the baby inside her belly when he heard Flynn order coldly to the door, "Get the doctor to come over and get rid of the baby inside her belly!"

There was a private doctor inside this villa and soon the private doctor was brought in.

Looking at the two private doctors who were approaching step by step, Kiki's face was pale.

It's always the same with people, they know there's no way back, but they still try to find a way out.

Kiki kept shaking her head as she covered her stomach, she hadn't even told Christ that they were having twins, how could she just lose their children forever!

At this instant, Kiki didn't know where she got the strength from, she actually jumped off the bed.

However, she was so weak that she didn't stand still and fell straight to the ground in a heap.

Where she fell, there happened to be a number of broken porcelain shards, the sharp ones sticking in her body, and instantly large swathes of blood, just like a brilliant red plum, bloomed in silence in the miserable snowy night, haloed over her thin and broken clothes.

Seeing the blood seeping out of Kiki's body for a split second, a quick flash of pain passed through Flynn's eyes.

Only the flash of pain flashed by too quickly, and in the blink of an eye, it was gone, as if, it had never existed.

The doctors obviously did not expect Kiki to make such a big fuss, and they looked at each other, not knowing what to do for a while.

"Get rid of her kids!"

The doctors were wandering when Flynn's grim voice rang through the air once more.

At the sound of his voice, the two private doctors winced in unison. They didn't dare to delay in the slightest and wanted to set Kiki up on the bed and use the tools they had brought to remove the kids from her belly.

"Don't hurt my children! Don't hurt them!"

Kiki kept backing up, trying to get away from these demons who were trying to hurt her children, but she, alone, was no match for three big men.

And Flynn is so vicious and ruthless that he will never let go of the children inside her belly.

No matter how much she wanted to give birth to the children for Christ, today, she was destined to be unable to protect the children in her belly.

The anxiety and pain on Kiki's face dissipated in an instant, and was replaced only by the determination to break through.

Since the child in her belly was doomed to die, she might as well take it with her and die together!

At the very least, then she wouldn't have to be reduced to Flynn's bed-warming tool, and wouldn't have to let her body be, well, nothing but filth!

"No need for you to touch me! I'll lay myself down on the bed!"

With her mind made up, Kiki shook off the hand of her personal doctor as she stood up with difficulty, holding onto the wall.

Flynn and the private doctors both thought that Kiki had figured out that she was willing to remove the kid from her belly, so they didn't press the issue any further, but rather waited patiently for her to go to bed on her own.

Instead of going to the bed, Kiki used the only strength left in her body to quickly rush to the chair in front of her and grabbed the fruit knife that Penny had just kicked down by Flynn.

Any one of the three men in this room could have killed her with force, not to mention the well-trained bodyguards guarding the outside.

She was not so stupid as to take this knife and fight them.

She would take up this knife just to, well, end her own life.

In a flash of lightning, the knife in Kiki's hand was already dead against her neck.

How could Flynn not expect her to suddenly make such a move? His handsome face, which was always gloomy and cold, was instantly written with anxiety.

"Kiki, what are you doing?!"

Kiki thought that with only death ahead of her and her two children on the road with her, she would be so uncomfortable that she would shed tears, but at this moment, instead of crying, she smiled.

The corners of his lips were slightly curled and his face was smiling, falsely, yet impeccably.

“Flynn, didn’t you want to kill my children and make me a bed warmer for you?! You’re dreaming!”

“Christ is still unknown whether he is alive or not, if my child is also gone, how can I possibly live! Flynn, I will do as you wish, as your Wallace family wishes, I will die in front of you now!”

Even if she dies, she is innocent, clean.

Especially to the Wallace family, she will always have a clear conscience!

She was only ashamed of Christ, if he had survived and she had died, leaving him alone in this world, how sad and painful he would be!

She couldn’t let him hurt that much!

But today, she really can’t live!

Her hands were soft, Kiki gritted her teeth, before she felt her left hand not so flabby.

She clenched her teeth tighter and then, viciously, smoothed the fruit knife in her hand against her own neck.

Chapter 1417

“Kiki!”

All the calmness and self-possession in Flynn’s body was swept away, he could no longer maintain a half-hearted and calm appearance, he rushed to Kiki, and fiercely knocked down the knife in her hand.

He moved quickly, but even so, Kiki’s neck was left with visible wounds, fortunately not deep enough to be life-threatening.

“Kiki, if you dare to seek death again, I’ll dig out the two children in your belly and feed them to the dogs!”

He wanted to break her slender neck, but when his hand fell on her neck and he saw the blood seeping out, he couldn’t do so.

Kiki didn’t want Flynn to dig out the kids in her belly and feed them to the dogs, but after tossing and turning for so long and bleeding so much, her belly was hurting so badly that she really couldn’t muster any more strength to fight him.

And, before her eyes, it was getting darker and darker, and her consciousness, more and more disoriented.

She didn’t want Flynn to hold her in his arms, she wanted to wrestle him away, but before she could move a single inch of her body, a violent dizziness hit her and her world completely engulfed in darkness.

“Kiki!”

The force in Flynn’s hands suddenly increased, and his voice was heavy with threat, but if one listened carefully, one was able to hear that there was also panic in his voice.

“Kiki, don’t you dare die! If you die

Flynn wanted to continue to threaten her with the two children in her belly, but, in the end, the words he threatened later were not spoken.

If she were really dead, he couldn’t threaten her with the two children in her belly!

The panic in Flynn’s heart suddenly increased and he fumbled to carry her to the bed. Although she was pregnant and carrying twins, she was still so thin and light in his arms, as if a gust of wind could blow her away.

Suddenly, Flynn had a very strong feeling that he could not keep Kiki.

It’s just an enemy, even if he can’t keep it, what does it matter!

But inexplicably, he was afraid that in death he would not be able to keep her.

Seeing the two private doctors still standing dumbfounded, Flynn couldn’t help but growl out, “She’s passed out! Treat her now!”

“Mr. Wallace, do we have to remove the kids in her belly first?” One of the private doctors spoke tentatively.

Flynn really thought the person asking the question was out of her mind, she was dying now, who wanted them to remove the kids from her belly!

“Cure her first! If anything happens to her, none of you will live!”

The two private doctors winced rather tacitly, and the two scrambled to open their medicine chests, so they began to treat the wounds on Kiki’s body.

Flynn stared deadily at Kiki who was lying motionless on the bed, her body really bleeding a lot, he thought that seeing her in pain, seeing her bleeding, he would be very happy in his heart, but he sadly found that seeing her hurt, he felt even worse than if he himself was hurt.

Flynn really did not want to keep the two children in Kiki’s belly, but if they were gone, she would definitely seek death again.

He was afraid that she would really die, so he dared not touch the two children in her womb again.

“How is she?! Why isn’t she awake yet?!”

Seeing that the private doctor had already treated the wounds on her body and she was still lying motionless on the bed, Flynn could not help but feel anxious.

“Mr. Wallace, Miss Hartsell’s body was already weak, she’s lost so much blood, she definitely won’t wake up that quickly.”

Flynn spoke nervously, “Then will the kids be okay?!”

The two private doctors looked at each other, they really felt that Flynn was quite schizophrenic.

Just now, he was the one who wanted to kill the kids inside Kiki's belly, and now, he was also the one who was most worried about the kids inside her belly. What the hell was he trying to do?

Although she thought so, the private doctor standing in front of her still spoke respectfully, "Mr. Wallace, she should have had a miscarriage before, and severely damaged her body, the children in her belly, without proper attention, would be difficult to keep."

"Even if this time, we keep the kids in her belly, in the future, if she gets too emotional or something else happens, it's still easy to miscarry."

"Do whatever it takes to keep the kids in her belly!"

As if he felt that his attitude was not clear enough when he said that, Flynn added, "Absolutely nothing must happen to the kids in her belly!"

"Yes." The private doctors nodded warily at him and retreated with the medicine chest to dispense her medication.

Flynn sat on the edge of the bed, clutching Kiki's hand in a deadly grip, he felt that he was really crazy to want to protect the children inside Kiki's belly despite everything.

Clearly, he should have sent the sinful kids to hell with his own hands.

"Kiki, I want your children to live, not because I care about you!"

"Yes, I'm definitely not doing this because I care about you!"

"I'm only doing this because I'm afraid you'll seek death again! If you die, I won't be able to torment you ruthlessly! Yes, Kiki, I am protecting the two children just to torment you ruthlessly!"

"Yes, I don't even care about you, Kiki, I just want to torture you, I just want to torture you"

Flynn repeated this phrase over and over again, as if, if he only had to say it a few more times, he would really not care about Kiki anymore.

When Kiki woke up, it was already late the next night. When she saw Flynn sitting beside her bed, she was as scared as if she had seen a ghost and almost screamed out loud.

Especially when she saw that he was still holding her hand, Kiki's body could not restrain a tremor.

She pushed her hands hard to break his grip, but the strength in his hands was really too great for her to break free.

When Flynn saw Kiki wake up, he was very happy, and his face, which was always heavy with killing and ruthlessness, even wore a light smile.

Realizing that he couldn't restrain the corners of his lips from rising, Flynn hurriedly dropped them again to make his face look colder.

"Flynn, let go of me!"

Kiki struggled with her hand again, but still couldn't break it.

Flynn saw that he was so worried that she would die, and the first thing she wanted, as soon as she woke up, was to keep her distance from him, his handsome face turned instantly gloomy.

The few warm and soft words that had reached his lips were swallowed back in an instant.

He spoke to Kiki with a wry smile, "Kiki, don't you want to ask me if the two children in your belly have been dug out and fed to the dogs by me?"

Chapter 1418

When she thought that before she passed out, Flynn had indeed tried to kill the children inside her belly, Kiki's face was instantly so tragic that it turned white.

"Flynn, you killed my children, didn't you?!"

Thinking that the children in her belly had been dug out by Flynn and fed to the dogs, Kiki could not bear to kill the demon in front of her.

But suddenly, she felt that something was wrong again.

She had lost two children, and if her baby had really been taken by force, her body, for sure, would have felt it, but now, she felt no discomfort.

Could it be that the children inside her belly was still alive?

Thinking that she had not lost the two children, Kiki could not help but feel joy in her heart, but in a flash, all that joy dissipated again.

Flynn, the demon, was so terrifying that even if, for whatever reason, he had left her children behind for the time being, he would never let her and her children get away with it!

"Flynn, you didn't kill my children!"

Kiki looked at Flynn warily, "What exactly do you want to do?!"

Originally, Flynn still wanted to scare Kiki, but he didn't expect her to be able to feel that her kids were still there.

Flynn did not speak immediately, but pretended to be flirtatious as he surveyed her delicate, flawless face, and even, reaching out his hand, he lifted her chin.

"Kiki, I want to taste Christ's woman!"

"Flynn, you're dreaming!"

"Yes, I'm dreaming, Kiki, you can pretend I'm dreaming!"

Flynn's face had no half-hearted anger, on the contrary, he had a smile on his face, extraordinarily wanton, However, this smile of his looked rather creepy, and also carried the danger of a demon demanding his life.

"Kiki, if, yesterday, you had sought death, you would have died along with the children in your belly. But now that you've survived, you surely can't bear to watch the children in your belly die again!"

“Here’s the deal, I’ll give you a chance to keep the kids inside you, clean yourself up, serve me well, and if you make me happy enough, I might give the kids in your belly a chance to live!”

“Flynn, you’re just an asshole!”

Kiki was so angry that she wanted to curse at Flynn. She hated Flynn’s bad attitude, but she had to admit that he was right about some things.

If she killed herself yesterday and died, she died that way.

But now, she really doesn’t want to let anything happen to the kids inside her again.

But betraying Christ to serve Flynn, she couldn’t do that either!

Kiki bit her lip so hard that in the blink of an eye, there was already bright red blood low down.

Flynn hated it when Kiki bled, and when he saw the bright red blood oozing from her lower lip, his eyes instantly became violent.

“Kiki, don’t even think about seeking death! I know you want to guard your body for Christ, but when you fall into my hands, you won’t be able to leave clean! Even if you die, I will have someone strip you naked and give your corpse to my men, so that you will have a clean death!”

“You!”

Kiki is furious, the Wallace family is more twisted than one another, such a vicious Flynn could really do it.

When he said that, she was, indeed, too afraid to even die.

For Kiki’s reaction, Flynn was very pleased with himself, he looked her up and down frivolously, “Kiki, go take a bath!”

Seeing that Kiki was still lying motionless on the bed, “Don’t force me to give you a bath!”

Hearing Flynn’s words, Kiki was so angry that she wanted to vomit blood, she would never let a demon give her a bath.

Kiki bite down to a mouth full of blood, when suddenly, Flynn’s mobile phone rings, hypnotically.

He frowned, his eyes full of impatience, but he picked up the phone anyway.

Flynn’s face was already gloomy enough, and after receiving this call, his face could no longer see any half-brightness.

Flynn got up, he stared at Kiki in a condescending manner, “Kiki, I’ll give you two days to think about it, when I come back, serve me obediently, otherwise, I will kill you!”

It was obvious that something extremely important had happened on Flynn’s side, and after he had said this, he no longer stopped for a moment and walked quickly towards the outside of the room.

Finally not having to face the demon Flynn, Kiki couldn’t help but let out a long breath of relief.

After a short period of relaxation, she couldn’t help but become worried again.

Even if Flynn was gone and Penny and Dylan were still around, there was no telling what they would use to torment her again.

Kiki's body had been changed into clean clothes, and she didn't know who had changed them for her, and at this time, she couldn't care less about that.

She had a number of wounds, which were treated by the doctor and still hurt vaguely.

Kiki got up holding the edge of the bed, and she walked with some difficulty to the window.

There are no bodyguards guarding the windows below.

If she had jumped from this window, she might, perhaps, have had a chance to leave.

If she jumped straight down, the two children in her belly would definitely have only one way to die. Kiki was not that stupid.

She turned and saw the sheets on the bed, which she pulled off with some effort, not realising that God was helping her, and that inside the bedside table, there was a sharp pair of scissors.

Kiki did not dare to delay, she quickly grabbed the scissors and started to cut the bed sheet, she wanted to cut the sheet into long strips and put them together, she then followed the long strips and went downstairs.

Flynn went to deal with important matters and must have taken quite a few men with him. She left in the night and, perhaps, was able to get away in one piece.

She desperately wanted to get out of here and go see how Christ was doing.

Once, she hated him with a passion, but now, she was afraid that he would die.

He carried all her love, and if he were gone, her heart, too, would not live.

Cutting the sheets and piecing them together into such long lengths was not that quick, and it took Kiki nearly half an hour to complete the big project.

Smoothing the patchwork sheet down the window, she stood and, gathering her courage, she intended to follow the long strip down.

Before Kiki could climb onto the windowsill, the door of the room was violently pushed open, she thought it was Flynn who had returned, but she didn't expect that it was Penny, and Dylan, who were standing at the door of the room.

Dylan is supposed to have a disabled leg and he is in a wheelchair.

He was actually quite handsome, except that, now, he had a grim, vicious face with a heavy, sinister air, hideous as a demon.

Seeing Kiki clutching the long strip of bed sheets tied to the window, Penny couldn't help but hook a disdainful yet malicious smile, "Kiki, you're trying to run away! Unfortunately, you can't run away!"

"My brother has left the country, tonight, no one can save you! I will stab you and this pair of sinful children in your belly, together into a sieve, and then, push them off the ten-thousand-foot cliff. And

when my brother comes back, I will tell him that you ran away by yourself, the night was too dark, you were blind, and you accidentally fell off the cliff!"

Chapter 1419

Penny's voice, which sounded really creepy, was full of malice, causing Kiki to get goose bumps.

She knew that Penny, by saying that, was not playing around with her, she would really do that.

Kiki wanted to quickly go down from the window, but behind Penny, there were several bodyguards, and with them, she had no chance of getting out in one piece.

If they had let her jump out of the window, then cut the cloth and finally threw her off the cliff, bruised and battered, she would have had to die even worse.

Penny was very pleased with her decision, and she waved her hand at the bodyguards standing respectfully behind her, and they stepped forward quickly, grabbing Kiki's shoulders in a deadly grip.

At this time, Kiki didn't even bother to struggle, because even if she used all her strength, she wouldn't be able to break free, in that way, it would just be using her wretchedness to make Penny more complacent.

Those few bodyguards quickly used a rather thick rope to tie Kiki up solidly, an oversized sack was placed over her head, and in the next second, her world was left with nothing but an inextricable black fog.

It was only when they reached the edge of the cliff that Penny had the sack that Kiki was carrying removed.

At that moment, she was pinned to the very edge of the cliff, and if the bodyguard holding her down pushed harder, she would fall into this abyss and be pulverised.

Penny was sure that Kiki would not be able to survive tonight, she was very proud of herself, she raised her chin at her, "Kiki, how does it feel to be on the edge of a cliff blowing cold wind? Isn't it particularly refreshing?"

"Don't rush, there's more to come! Wait a minute and I'll have someone throw you down, you're going to die of pleasure!"

In Penny's hand, she grasped a small knife, she pulled it out and blew a breath into the sharp blade, "Kiki, I always wanted to scratch this foxy face of yours, tonight, no one will stop me!"

"Kiki, what do you think I should draw on your face first? Or, let's draw a turtle first!"

Penny's face was so strange and disgusting that Kiki wanted to explode in disgust.

However, if she were to burst out, it would seem as if she was in a bit of a hurry, and she didn't want to let the disgusting pair of flies that were Penny and Dylan get too far ahead of themselves!

Seeing that Kiki did not say anything, the gleam of complacency in Penny's eyes intensified.

“Good, since you’re not saying anything, I’ll take that as a yes. Kiki, I didn’t expect you to have such a fondness for turtles! Don’t worry, I’ve studied painting before, I’m really quite good at it, I promise, the turtle I draw on your face will be the most unique turtle in the world!”

Saying that, Penny’s hands were hard, and she wanted to indulge her painting skills, and cut Kiki’s face, so that it was dripping with blood.

“Penny, stop it!”

Before the knife in Penny’s hand could be slashed down, Dylan’s voice suddenly rang out in the air.

Penny did not expect Dylan to stop her, her face could not help but look unpleasant, “Dylan, don’t you hate Kiki?! Why do you want me to stop now?! You’re bewitched by this bitch Kiki, you can’t let her go, can you?!”

“Penny, it’s no fun to paint a turtle on her face!”

Dylan looked at Kiki with heavy malice in his eyes, “How about drawing a chicken on Kiki’s face, it would also fit her status!”

Originally, Penny was stopped by Dylan, that beautiful face still covered with a heavy gloom. Hearing him say so, she could not help but smile.

“Dylan, you have a good idea, of course I have to draw a chicken on her face!”

After she finished speaking to Dylan, Penny turned her face again and spoke to Kiki, “Kiki, what do you think Christ would do if he saw the chicken on your face?”

“Will he throw up in disgust at you?”

“Oh, how could I forget, Christ can’t see it, he’s dead, by the hands of my brother. He’ll never see you again! Since Christ can’t see you anymore, I’ll help him appreciate just how disgusting you really are!”

When mentioning Christ, the expression on Penny’s face was complicated to the extreme, with hate, but also indescribable fondness and nostalgia, her eyes were red, and there was indescribable pain.

Penny did not continue to mention Christ, she held back the tears that were almost falling out of her eyes, and the knife in her hand stabbed Kiki’s face unceremoniously.

Falling into the hands of this family of perverts, Kiki had already held the determination of certain death, but when Penny’s knife came towards her face, her heart still slightly panicked.

Every woman is beautiful, and after all, she doesn’t want to be ugly and saltless.

As the knife in Penny’s hand was about to stab her in the face, Kiki closed her eyes slightly.

She could almost expect how ugly and disgusting this face of hers would become next.

If Christ had really been killed by Flynn, there was no telling if he would still recognise her when she went underground and saw him.

The expected pain did not come, but it was Penny, who let out a scream.

Kiki opened her eyes in confusion, and she found that Penny's palm, which was holding the knife, had received a shot, the palm dripping with blood, while the knife in her hand had crashed to the dirt aside.

"Who shot at me?!"

Penny's eyes were bloodshot, she fiercely turned her face and stared deadly behind her, that resentful look creeped Kiki out with goosebumps.

Christ was obviously wounded too, his forehead wrapped in bandages, and his body was also quite wounded, only because he was wearing clothes, people could not see how badly he was hurt.

"Christ?"

Seeing Christ, Penny stared round in disbelief, and then she blinked back tears, which almost rolled down her eyes.

"Christ, you're alive, you're really alive!"

Penny's emotions at this time were complicated to the extreme, she hated Christ's cruelty towards him, she was also afraid of him, afraid that if he lived, he would torture her even more viciously, but she loved him even more, the thought of him dying in a tragic car accident abroad made her heart ache.

Thinking that Christ had come to save Kiki, Penny hastily wiped away the tears at the corners of her eyes as she lifted her chin up and spoke to him with a glowing expression, "Christ, now Kiki is in my hands, don't you dare take her away!"

"I won't make it easy for her after what she's done to me, I definitely won't make it easy for her!"

Kiki also did not expect Christ to suddenly appear. She had, by now, forgotten that she was still being held hostage by Penny and Dylan and was on the verge of life.

At this moment, the only thing in her heart and eyes was Christ.

He looked haggard from his injuries and long journey, with a light greenish scruff growing on his chin and, on his lower eyelids, visible dark circles under his eyes.

But he looked better than ever in her eyes.

It was as if, with 800 miles of flaming mountains, he came carrying a breeze full of spring, springing the rain, so that this sea of fire would be covered with sweet rain and would no longer have to suffer the torment and burning of bitterness.

"Christ, I'll give you two choices, either stay with me or, I'll have Kiki thrown off the cliff and she'll be crushed!"

Chapter 1420

Penny had said quite a few words and never got a response from Christ, so she couldn't help but feel drummed in her heart. She was just about to instruct her men to hold onto Kiki even harder so that she could increase her leverage when she looked down and noticed that the few of her men who were originally on the edge of the cliff, holding Kiki down with a deadly grip, had all fallen to the ground without a sound.

Their hearts, incessantly, oozed bright red blood.

Apparently, they were all hit by silenced guns. Christ and the hidden men he brought with him were so good at shooting that the specially trained bodyguards her elder brother had sent her fell under their guns without a sound.

Dylan also noticed all this, and his face had become more and more twisted and horrible.

Dylan's face grew more and more grim when he thought that the people they had brought with them had all been put by Christ, and Penny still wanted to be with Christ.

He spoke to Penny without good humour, "Penny, are you crazy!"

"Have you forgotten what Christ did to you, what he did to our Wallace family? He doesn't love you at all, he only wants you dead! Kill Kiki! If you kill Kiki, Christ will suffer for the rest of his life and our revenge will be avenged! Penny, kill Kiki!"

Penny couldn't see Kiki as good, However, she loved Christ too much, she still wanted to use Kiki as a bargaining chip to get a chance for herself to stay by his side.

Seeing Penny's intentions, Dylan gave a hateful look at Penny and decided to simply take matters into his own hands.

Turning his wheelchair, he then quickly rushed in Kiki's direction, intending to push her straight down the cliff.

Kiki coolly looked at Dylan who was turning her wheelchair and rushing towards her, she really felt that Dylan was quite stupid, now that she had been freed, even if her body was injured and a bit weak and feeble, there was no way that she could not hide from a cripple.

Kiki quickly dodged and ran in the direction of Christ. Dylan rushed too fast and she dodged, but the rush of his wheelchair could not be stopped for a while.

He gripped the wheelchair hard, trying to stop its impetus, but, suddenly, he was shot in the back of the heart, and the pain was so intense that he could not exert any strength in his body.

He could only stare in disbelief as he watched his wheelchair, unconcerned, dash down the cliff.

"Dylan!"

Penny's eyes were red and she reached out, trying to grab Dylan, However, it was too late.

She lunged to the edge of the cliff, still unable to stop Dylan's fall. The wind, whistling, passed by and in the blink of an eye, she could no longer see Dylan's figure below the cliff.

"Dylan!"

"Kiki, you killed Dylan, I want you to pay for your life!"

Penny's words were roared with gritted teeth, but she was short of breath, her men had all been put down by Christ's men, and she alone could not turn the tide, so she could only show off some lip service.

"Penny, Dylan is asking for his own death, what does it matter to me!"

Kiki's voice, with its sparse, cold coolness, was not at all sorry for the end of Dylan.

Over the years, how many innocent girls have died at the hands of Dylan! He lives and does nothing but harm, he should have died long ago!

"Kiki, who are you saying is looking for death? You're the one looking for death! You'll pay the price for hurting Dylan like that!"

Penny's heart was now burning with rage, but she still had her senses. She knew clearly that if Christ took Kiki's side, she would only die.

She must find a way to beg for pity from Christ.

She took a deep breath and spoke pitifully, "Christ"

Her pretend aggravated voice crept Kiki out with goosebumps.

"Christ, I know that between us, there were many misunderstandings, you misunderstood me, you took me for a bad person, but Christ, I'm really innocent!"

"It was Kiki, she set me up again and again, she strayed from our relationship, she drove me to desperation, you can't be fooled by her!"

"Yes, Nicholas! Nicholas is Kiki's lover, she made him rape me and forced me to say those words that I didn't mean, making you misunderstand. Christ, open your eyes and see clearly who is the one who loves you the most, okay? Christ, I really can't bear the thought of you continuing to be deceived by Kiki!"

Hearing Penny's words, Kiki couldn't help but roll her eyes, she felt that Penny was really thick-skinned.

All the good things she and Nicholas had done were already known to everyone, and she had the nerve to frame her.

Christ was deeply disgusted by Penny's level of shamelessness, and he directly didn't bother to talk to her, instead instructing Dave, who was standing not far behind him, "Take her back!"

Penny's face paled, she subconsciously took a step back, she knew Christ's methods all too well. He was sick to death of her, if she was taken back by him, she would definitely not survive.

And, even if they die, they will certainly not die as lightly as that.

The more Penny thought about it, the more panic grew in her heart, and she continued to back away as she saw Dave and a bodyguard in a black suit approaching in every step.

Right now, there was only one thought in her mind, she absolutely could not fall into the hands of Christ and Kiki.

She had tortured Kiki so badly, and when she fell into her hands, she would definitely return to her the torture she had suffered in prison a thousand times over!

"Don't come any closer! Don't you come any closer!"

Penny only thought of getting away from Dave and the bodyguard, she had forgotten that behind her was an abyss of ten thousand fathoms, if she fell, all would be lost.

She took another step backwards, her left foot having stepped in the air, and her body, involuntarily, stumbled backwards.

She broke out in cold sweat of fear and she tried to quickly bring her foot back, However, it was too late.

She could no longer maintain her balance and she could only let her body, heavily, plunge down the cliff.

“No!!!”

Penny roared her heart out, and she reached out her hand, trying hard to grab something, However, in the end, she couldn't grab anything.

The only sound that echoed in the air for a long time was her harsh and resigned screams, clearly wanting to live a good life, but unfortunately, she had made her own life impossible.

Both Kiki and Christ did not expect Penny to fall off the cliff on her own, but neither of them had any half-hearted pity in their eyes.

Penny, like Dylan, should have died long ago.

“Kiki!”

After Penny fell off the cliff, Christ embraced Kiki into his arms with all his might, and the joy of having lost and found her made his whole heart flutter with warmth.

After receiving the news of her accident, he was so distraught that he ignored his injuries and returned home at a fast pace while not forgetting to create a big problem for Flynn.
