

Talented 201

Chapter 201

When Kieran saw that photo, he couldn't help but stare. Obviously, he didn't expect that there had been such an intimate photo between him and Regina.

Seeing Kieran staring at the photo and not saying anything, Freya was aggrieved and upset, "Mr. Fitzgerald, I don't mind who you've been with in the past, anyone has a past! But I don't like it when people lie to me! Mr. Fitzgerald, you lied to me!"

After saying this, Freya turned around and wanted to leave this grove.

With a sudden heat at his waist, Kieran pulled Freya into his arms, "Freya, I didn't kiss Regina. In this picture, it looks like a kiss, it should just be a matter of angle."

He graduated from university the same year as Regina, and when he graduated, there were indeed many people who had persuaded him and Regina to be together, but he hadn't really hugged and kissed Regina or anything.

The seemingly closest action was when Regina came up next to him and tried to whisper something to him.

Obviously, it was such a pure relationship between a man and a woman, and he wondered who was so bored and took such an ambiguous picture.

"Is it really just a matter of angle?" Freya subconsciously asked again, she didn't feel like Kieran was lying, and couldn't help but look at the photo in her phone a few more times.

Although the faces of Kieran and Regina were close together, like a kiss, but inside the photo, their lips could not be seen. And it might be the matter of angle.

"Freya, I have not lied to you, I do not have any feelings for Regina, indeed."

Kieran clutched Freya's hand as he made Freya sit on him. He was not good at love words, to appease the woman in his arms he still said, "Freya, I have only ever had feelings for you."

Freya said that she was easy to be coaxed, originally, seeing this photo and thinking about what Kieran had said to her in the morning, she was upset, now what Kieran said instantly smoothed her.

Freya nestled docilely in Kieran's arms, contentedly.

But as Kieran's rightful girlfriend, Freya still wanted to assert her ownership.

She lowered her head and in the moonlight, she could clearly see Kieran's thin lips.

His lips were really beautiful, although they always give a cold feeling, they perfectly curved and a few more glances would make women want to commit crimes.

As she watched, Freya couldn't help but commit a crime as well. She leaned her face down and gave Kieran's lips a light kiss.

"Mr. Fitzgerald, in the future, you're not allowed to kiss other women!"

She really didn't want to care who he had kissed before, nor did she need to, but from now on, he could only kiss her.

Thinking about it, Freya felt like a bully, but Now, Mr. Fitzgerald was her boyfriend!

"Well, I won't kiss another woman." Kieran acted like a good boyfriend.

Hearing Kieran's words, Freya couldn't be happier, it felt so good to be the bully!

She was addicted!

She cleared her throat and continued to give pressure to Kieran, "Mr. Fitzgerald, what if you kiss another woman?"

Kieran didn't speak immediately, he seemed to be in deep thought, and after a long, long time, he said to Freya incomparably serious, "Freya, if one day I kiss another woman, it can only mean that I don't love you anymore."

Hearing Kieran's words, Freya couldn't contain the throbbing pain in her heart, that feeling, like, Mr. Fitzgerald would really fall in love with another woman.

Seeing Freya's face drooping with a bitter look, Kieran couldn't help but laugh, his voice carrying a heart-warming pleasure and an undeniable certainty.

"But Freya, in this life, I only love you."

One moment ago, Freya was full of disappointment, and the next, she was so happy she was almost in heaven.

It was a nice statement.

Mr. Fitzgerald was very good at coaxing women.

Freya hugged Kieran's neck, and in her heart, she piously hoped that this man she was hugging, in this life, would only coax her.

"Mr. Fitzgerald, we should be considered to be in a relationship now, right?"

"Yes." Kieran answered, in fact, they were already married, but who ever said that between a man and a woman, they could not get married first and then fall in love!

He owed Freya a heart-thumping romance, and he also owed her a beautiful proposal, and a grand wedding.

What he owed her, he would make up bit by bit.

So he was in no hurry to tell her now that they were not in fact divorced. When the right time came, he proposed to her, put the ring on her hand and delivered the marriage certificate to her and she would surely fling herself into his arms with joy.

"Mr. Fitzgerald, so you're now, sort of, my boyfriend?"

In fact, after Freya confessed her love to Kieran, she already considered him as her boyfriend, but in order to make the relationship between them rightful, Freya still wanted to get Kieran's affirmation.

"Yes." He was her husband, so naturally he was her boyfriend.

"Boyfriend!"

Freya raised her face and smiled brightly, it turned out that, when she liked a person, just calling him boyfriend, she would be super happy.

Freya has been a bully in front of Kieran for a while and had become more and more daring.

She wrapped her arms around Kieran's neck and rubbed herself on his handsome face, "Mr. Fitzgerald, do you know that nowadays, boyfriends should obey to girlfriends"

In fact, Freya wanted to tell him what to do, but she seemed to have forgotten exactly what they were.

She scrunched her face in distress, "Anyway, if you're my boyfriend, you have to be nice to me, and, you can't say to break my legs."

She had been coward in front of Kieran, and it was difficult for her to say such words, but once she mentioned breaking her legs, she could not help but feel timid.

Mr. Fitzgerald was really fierce, he never had mercy on Fabian and Stephen, if she was too arrogant in front of him, he would definitely beat her up too!

Thinking so, Freya couldn't help but lift her face and secretly observe Kieran for a moment.

Seeing that his face really did look less than good, Freya said sensibly, "Mr. Fitzgerald, if you don't agree, forget it."

"Okay."

As a qualified boyfriend, shouldn't he be gentle and coaxing, saying that he would never be fierce to her again?

Freya was upset about that. Other people's boyfriends were always kneeling on their keyboards and durians, but hers was always secretly trying to break her legs!

As Freya was just about to say something to express her indignation, she suddenly heard something discordant.

Chapter 202

After figuring out what that sound was, Freya's face turned blushed.

This grove was the destination for young couples to date in the university, and many couples would do something indescribable in the dark grove at night.

At that time, her housemates in the university dormitory used to exchange feelings with their boyfriends inside the grove.

The topics of conversation at night in university girls' dormitories could actually be quite impure at times.

One of the girls in the dormitory once said during a dormitory night talk that she and her boyfriend had sex in the grove, even in a secluded study room.

At that time, Freya was also pressed by her dormitory mates to ask if she and Remy had also done that in the grove, study rooms and such.

She and Remy really came to the grove once, that time, Remy took her hand and had to come sit with her in the grove. In the middle of summer, Freya did not want to feed mosquitoes in the grove, Remy just hugged her, and she left the grove decisively.

Now that she thought she was really resourceful in her decision at that time, otherwise, she really didn't know what Remy would have done to her that night.

It was said that first love was the most unforgettable but beautiful memory, but unfortunately, she was not willing to remember the past between her and Remy now, because, every time she remembered it, she wanted to vomit.

She was grateful that Alisha had snatched Remy.

Obviously, Kieran had also heard the discordant sound, and when she met Kieran's burning eyes, Freya coughed lightly.

"Mr. Fitzgerald, let's go back, how meaningless to feed mosquitoes in the grove!"

"Freya, it's already winter."

Hearing Kieran's words, Freya wanted to find a hole in the ground to burrow into. Where could she find mosquitoes in this cold weather?

Because it was so humiliating, Freya was at a loss as to what to say.

In a moment of drifting off, she heard another couple behind her creating a discordant sound.

Freya couldn't help but turn her face and look around, on the scattered wooden benches inside this grove, it seemed that every so often, there was a couple sitting in unbelievable intimacy.

The couple on the left seemed to be bold, so Freya panicked and turned her face to the right. The couple on the right was bold too, and she was too thin-skinned to really look at it, so she could only look stiffly at the man in front of her.

Well, this university was really a place for a group of hot-blooded young people who were not afraid of the cold.

Freya rubbed her hands together, her face flushed with discomfort, she lowered her eyelids and just wanted to say to Kieran, Mr. Fitzgerald, it's cold here, let's go back.

Kieran's voice rang out just above her ears, "What, are you envious?"

"What?"

Freya did not understand what Kieran meant by this, her brain, which was running fast, soon figured out roughly what Kieran meant.

She had just been looking around at other couples, and when Kieran said she was envious, he obviously meant she was envious of what other couples were doing to each other.

Freya didn't want Kieran to misunderstand and hastily explained, "Mr. Fitzgerald, I am not"

"Freya, you don't have to try to cover up."

Kieran paused, then said, "You have a boyfriend, no need to envy others."

What? She just thought that young people nowadays were very hot-blooded!

She might really be getting old, she was surprised to still feel cold in this grove full of hot-blooded youths.

"Mr. Fitzgerald, I know I have a boyfriend and I'm not envious"

Before Freya could finish her words, her slightly cool lips were tightly sealed by Kieran's lips.

Freya thought it was really amazing that his lips, on such a cold day, were still so hot.

She was not used to doing such intimate things in a public place, and she subconsciously tried to push Kieran away, but Kieran hooped her up tighter and kissed her hard in the position that young lovers love most on university campuses.

Freya was so breathless from Kieran's kiss that she wanted to stop him from this behaviour several times, but he didn't even give her the chance to speak, and she could only accompany him, in the sacred campus, to do this uncivilised thing.

"Mr. Fitzgerald, don't"

Why was it so much like an invitation?

Freya resolutely chose to shut up.

Freya quietly glanced around and found that everyone seemed to have eyes only for each other's boyfriend and girlfriend, and no one noticed that she and Kieran were doing bad things.

Although no one noticed them, Freya was still extremely nervous, like a primary school student cheating, afraid that she might be caught by the teacher.

As she felt the heat radiating from the inside out, Freya finally understood why, in this winter, everyone was still not afraid of the cold and came to the grove for a date.

It turned out that doing bad things really did her warm!

Since she couldn't break away from Kieran, Freya stopped her struggle and she let Kieran kiss on her lips.

Freya really didn't expect that she could still be like a young girl in love, doing such bad things that only young people would do, with her boyfriend in the grove of Arkpool City University five years after she graduated.

"Mr. Fitzgerald, take your hand out."

Sensing that Kieran's hand was in the wrong place, Freya said with a red face.

"It's warm in here."

Kieran's eyes were clear and bright, and he had a sense of calmness, but Freya was so angry that she wanted to bite him. What kind of boyfriend was this? How could he even talk so justifiably about doing bad things!

"Mr. Fitzgerald, you are shameless!"

Freya did not know how to curse, and after holding her words in for a long time, she could only come up with this sentence.

Hearing Freya's words, Kieran's eyes became even deeper. His girlfriend had already said that he was shameless, so if he didn't do something shameless, he would be ashamed of her!

Well, as a competent boyfriend, he could not let his girlfriend down.

Kieran secretly wanted to do something shameless, maybe men like excitement, he actually felt reluctant to leave after kissing her.

However, before Kieran could do anything further shamelessly, a beam of light hit him and Freya in the face.

This was followed by a stern voice ringing through the grove, "Come with me to the office!"

Chapter 203

Freya really felt like she was going to be ashamed of herself tonight, the first time she did something bad in the grove and was taken to the office by the head of the department.

Although the university did not forbid students to fall in love nowadays, there were too many girls having abortions in the school recently, which had attracted the attention of the university, and the university had decided to take the school discipline seriously.

What couples did outside the hotel was out of the school's hands, but at the very least, inside the school, the school had decided to catch them.

The head of the department personally came to the school's lovebirds' nest to arrest people, taking Freya and Kieran back by the way.

After all, Freya was once a student of Arkpool City University, and he did not dare to fight with the department head, so she could only follow him with a red face to his office to be lectured.

The only thing Freya was glad of was that when she and Mr. Fitzgerald were caught in the act, Mr. Fitzgerald just had his hand inside her clothes and they kissed, unlike some young couples who were doing something indescribable.

The head of the department who caught them, a man of integrity, insisted that they call their parents.

Freya was thinking that if the head of the department recognized Kieran's face, no matter how upright he was, he would definitely not dare to catch Kieran and reprimand him as a delinquent student.

However, she also felt that it was fortunate that the Head of Department did not recognise Kieran.

The most famous young man in Arkpool City, Mr. Fitzgerald, went to the university campus grove and did something unholy with his girlfriend.

Freya had no parents and Kieran would not do so. He had a black face and was unwilling to negotiate with the head of the department, but in the end, Freya called Fabian and asked him to come over and act as their parent.

By the time he reached the car, Fabian was laughing outright.

He completely ignored Kieran's handsome face that was dark, "Fitz, you have been caught doing something bad on campus! Hahahahaha, Fitz, if your admirers saw this news, would they all come to Arkpool City University and wait for you to pamper them?!"

"Shut up!" Kieran's handsome face became even darker, and the temperature inside the stretch Rolls-Royce instantly dropped below freezing, Fabian was in the middle of talking, so how could he shut up?

He cleared his throat and continued, "Fitz, you're too twisted, this cold day, instead of staying at home with Freya, you run here to freeze, Dr. Coleman is right, you are indeed a"

Before Fabian could finish his words, he received a chilling look from Kieran, and he inexplicably felt a slight pain in his leg and closed his mouth sensibly.

For what happened tonight, Freya did feel quite humiliated, but girlfriends were all protective, and she didn't want her own boyfriend to be described as a twisted pervert, she cleared her throat and spoke up for Kieran, "Fabian, I was the one who wanted to come to Arkpool City University, you can't say that about Mr. Fitzgerald."

"Freya, you're so biased! I was just speaking up for you, how can you help Fitz bully me!"

Freya also felt that she was biased, but she was justified in her bias, "Fabian, Mr. Fitzgerald is my boyfriend, of course I have to help him."

Fabian was speechless, and the single dog said that he had received a huge blow.

Freya originally wanted to take time to go to the Stahler family again to pack up Bernice's belongings, but she did not expect that Kieran had already packed up Bernice's belongings long ago.

What remains of Bernice was not much, just a photo album and a box of diaries.

After carrying Bernice's belongings back to the small flat, Freya opened the box and wanted to look through Bernice's diary.

She didn't want to pry into the privacy of her beloved mother, but she wanted to find out who killed her mother, and her instinct tells her that she could find some clues in her mother's diary.

Just as she picked up a diary, a letter fell out from inside that diary.

Seeing that the letter was left for her and Josiah, Freya hurriedly opened it.

"Freya, Josiah, by the time you read this letter, I should already be gone. Don't go to investigate the cause of my death, let alone avenge my death, I only want you to be well."

Freya looked at the letter in a daze, it was indeed Bernice's handwriting, but she couldn't understand why her mother wouldn't let them investigate her death.

Judging from this letter, her mother already knew that someone wanted her dead, and who, exactly, was going to brutally kill her beloved mother?

"Mum"

Freya clutched the letter tightly. Her mother said not to take revenge, but what child could bear the thought of their beloved mother dying in vain?

"Mum, I'm sorry, I can't do what you're asking, as long as I have a breath left in me, I'll find out who really killed you!"

"Mum, who the hell killed you! Mum, how could she be so cruel!"

Freya flipped through Bernice's diary page by page. Inside this diary, which was actually more of some small poems and prose written by Bernice, she could not find any useful clues.

Freya carefully put the box at the bottom of the closet, maybe, it would be difficult, but she would find out how her mother died and avenge her mother's death!

At the weekend, Eleanor picked up the two little ones and took them to her home, saying that she wanted to develop a relationship with them.

When Eleanor took the two little ones away, she said meaningfully, "Freya, the house is so big, you have to take Jaden and Jayla to live outside, what a waste!"

Freya knew that Eleanor was trying to set her up with Seth, and she actually quite wanted to tell her that she had broken up with Seth.

It was just that as soon as she said something about breaking up with Seth, Eleanor definitely had to ask after her if she liked someone else.

She couldn't tell her that she was going to take her son's children and stay with her brother, could she?

Although she had firmly intended to be with Kieran, the thought of her complicated relationship with him still frustrated Freya immensely.

She knew how high the Fitzgerald family's lordship was, and that such a famous family would look for a daughter-in-law with the highest regard for her family background. Their favourite was Regina, and she herself had given birth to others, so Kieran's parents would not accept her for sure.

The more she thought about it, the more her mood dripped, so much so that when Freya went to the set, she was also listless.

It was because she was in such a bad mood, after she went to the set, she felt that the people in the set looked at her with obvious pity, and a few people who usually looked at her with displeasure, such as Elisa, Linda and Nelly, even had obvious gloating on their faces.

Freya thought that she might have been paranoid, and she didn't bother to pay attention to Elisa and the girls. Who knows, she was just about to go to her partner to proofread the prescription but Elisa took her hand.

"Freya, are you alright? I've heard about you, alas, you're a woman who's been abandoned, it's really pathetic."

Chapter 204

Abandoned woman?

Freya was shocked, and she said that Elisa's words had poked a sensitive nerve in her.

In an instant, many, many thoughts flashed through Freya's brain.

The woman who was abandoned must have been abandoned by her own boyfriend, but why, she didn't even know herself, when she was abandoned by Mr. Fitzgerald?

It seemed that she and Mr. Fitzgerald had been getting along quite well in the past two days, except that she hadn't shared a bed with him.

Freya silently took out her mobile phone, wanting to ask Kieran if he had unilaterally broken up with her, but before she could dial out, Nelly came over with a smile on her face.

She took her other hand, "Freya, you're so pathetic! I didn't expect you to be abandoned by Mr. Levin even though you've already given birth to two children!"

After hearing Nelly's words, the crew looked at Freya with even more sympathy.

Freya's heart instantly fell back, she thought Mr. Fitzgerald had silently kicked her out, but it turned out they were talking about Seth!

Linda laughed with an impish smile, "What's wrong with having two children? Which actress gave birth to three children to a rich man and still got kicked out! I can only say that some people are not attractive and cannot keep a man's heart!"

Elisa still clutched Freya's hand, "Freya, don't feel bad, losing to Karida is not a disgrace, if I were a man, I would choose Karida too, not you!"

Karida?

Hearing Karida's name, Freya was still confused, when did Seth get together with Karida?

Freya did not like Karida, however, if Seth truly liked Karida, she would also sincerely bless him.

Perry was still a bit unconvinced about Freya being abandoned by Seth, he couldn't help but open his mouth and ask, "Dr. Stahler, you were really abandoned by Mr. Levin you really broke up with Mr. Levin?"

Freya nodded truthfully, "Yeah, he and I broke up a long time ago, we're good buddies now."

Hearing Freya's words, Perry sighed silently. Originally, he thought Freya was the nailed-on Mrs. Levin and wanted to please Freya, but he didn't expect that Freya had already been kicked out of the luxurious family!

Coleman had also stopped coming to the set to court Freya recently. It seemed that Freya, now, really didn't have any value to please.

Most of the crew thought the same as Perry, they outwardly sympathised with Freya, but in their hearts they secretly despised her.

So what if she crawled into Mr. Levin's bed and gave birth to a child? In the end, she was swept away!

Women, you can't just take the easy way out, you have to rely on yourself!

Freya was not stupid, she could feel the change in attitude of the crew towards her, however, these were minor matters, she did not care at all. She had no intention to continue to enjoy preferential treatment in the crew by virtue of her status as Seth's girlfriend.

The only ones in the cast who didn't change their attitude towards Freya were Maggie and Spencer, who even told her not to feel bad.

Lucy kept looking at Freya with that faint, smiling look. Freya felt that there was no malice in Lucy's eyes, but it was still a bit unexplainable and awkward.

Today there was a scene about medicinal herbs to be shot next to an artificial lake, so Freya took the needed herbs and went to the artificial lake by herself.

Elisa and Nelly kept saying loudly how pitiful Freya was, and also said that, a pitiful person must had a hateful aspect, maybe Freya had done something shameless to annoy Seth.

Freya bristled. Knowing so much? Why don't they become the roundworm in Seth's stomach?

The last incident with the poisonous snake, Elisa's online reputation became much worse, the crew fired Talia, but not Elisa.

Elisa had been getting closer and closer to Alisha lately, and Freya knew that not only had Elisa not been fired, but she had also won the third female role in another drama, definitely because of Alisha's help.

Nelly also got a lot of benefits, she, transparent in the entertainment industry, became the leading actress of a web drama, so she and Elisa became more and more loyal to Alisha.

Freya had just reached the side of the artificial lake and Elisa followed over, "Freya, you really don't know shame, you've been swept away by Mr. Levin, and you still have the cheek to come out and make a fool of yourself!"

Freya was really speechless, did it mean that she had to hide from Seth since she broke up with him?

“Elisa, you’re so boring, it’s none of your business who I get swept off my feet!”

Freya doesn’t like swearing, it was really because she could not help it.

Elisa laughed coldly, “Freya, you don’t still think you’re Mrs. Levin, do you? Freya, without the shelter of the Levin family, how long can you still be arrogant? One day, I will make you a rat in the street and everyone will shout at you!”

“Elisa, the future is anyone’s guess, for now, you’d better be your street rat!”

Freya was telling the truth, Elisa’s fake fans were now several times more than her fans, her Weibo comments were full of words cursing her, so Elisa was now a street rat!

“Freya!”

Elisa was so angry that she took a few ragged breaths, and when she thought of Alisha’s words of promise to her, her mood, again, was instantly sunny.

Freya did not know how to swim.

If she could find a way to make Freya fall into the water, Alisha would be very happy, and when the time came, Alisha would definitely give her a lift in that new big production film she was taking on.

“Freya, why do you think we’re always so sabre rattling when we meet? Actually, we can try to be friends.”

Elisa spoke while quietly noting Nelly’s movements behind her.

Nelly was tiptoeing towards the artificial lake. There were no cameras near the artificial lake, and this side was so remote that there was not even a figure, so even if they had pushed Freya down the lake, no one would know that they had done it.

Freya couldn’t agree more with the first half of Elisa’s statement. Between them, there was indeed no deep hatred, so there was really no need to sabre rattling as soon as they met.

But being friends, her and Elisa, was not really possible.

The three views were not compatible, barely being friends would just disgust each other, and Freya did not like to disgust herself.

Of course, she also knew that Elisa would not genuinely want to be friends with her.

What did Elisa want?

Nelly was getting closer and closer to Freya, Elisa gave her a wink, Nelly understood, she continued to move forward gently, suddenly, with all her strength, she lunged forward and pushed hard towards Freya’s back.

Here, no one would come to her rescue, even if Freya cried out for help!

Today, Freya would die for sure!

Chapter 205

Elisa also thought that Freya would not be able to avoid it today, but how could she not expect that in the nick of time, as if Freya had eyes behind her, her body fiercely dodged to the side?

And because of inertia, Nelly did not brake her feet and her body, uncontrollably, plunged inside the artificial lake.

“Poof!”

Inside the artificial lake, a huge splash of water was raised, and Nelly flung herself hard while screaming out of breath, “I can’t swim!”

“Help! Help!”

Elisa was directly stunned by the situation. She had never thought that Nelly would be so stupid as not to push Freya down, but to fall into the lake herself.

Compared to Elisa and Nelly’s panic, Freya was much calmer.

She felt that something was not normal when Elisa came to look for her by the artificial lake, and she felt even more ridiculous after Elisa said that she wanted to be friends with her.

All in all, she felt childish and ridiculous about everything that had happened today, especially when she inadvertently saw Nelly who was creeping towards her.

Sometimes, Freya would really be confused, she really hadn’t deliberately offended Talia, Elisa, Nelly and the others, but the hearts of people in this world were just this ridiculous. A few of them, for the sake of the so-called benefits promised by Alisha, went so far as to harm her life!

The way they set her up over and over again was cheesy and the way they tried to get her killed was even more cheesy and direct and ruthless.

There was no doubt that if she had not noticed Nelly’s movements today, she would have been pushed into this artificial lake and drowned alive.

“Help! Help!”

Elisa was so anxious that she called Perry, “Director, help! Nelly has been pushed into the water by Freya! Please send someone to save Nelly!”

Hearing Elisa’s voice, Freya couldn’t help but sneer in her heart, this Elisa really never forgets to trap her first at any time.

Soon, Perry arrived with the crew. The martial arts director of the crew was good in water and quickly got into the water and caught Nelly out.

Nelly had been in the water for too long and had passed out.

The martial arts director rescued Nelly and naturally took on the responsibility of giving her artificial respiration.

The martial arts director was in his thirties, who had not yet had a relationship. The main reason for this was that the martial arts director was disfigured by a fire during a demolition.

A single young man, who had never been in love before, gave artificial respiration to a female celebrity who still looked pretty. The excitement was palpable and he could not resist giving two more cycles of artificial respiration to Nelly.

Nelly opened her eyes and when she met the face of the martial arts director, she screamed loudly and passed out again.

The moment Nelly passed out, there was only one thought in her mind, she must have died, or else how could she have seen a ghost!

Elisa tremblingly stretched out her hand, she pointed at Freya indignantly, "Freya, what exactly did Nelly do to offend you? Why did you do this to Nelly!"

Thinking of Elisa's phone call just now, she already said that it was Freya who pushed Nelly. Perry also frowned and asked, "Yes Dr. Stahler, why do we have to resort to violence to solve it?"

Freya really felt quite funny, how did a vermin turn into a victim?

"Director, I didn't push Nelly, she was the one who tried to push me into the lake, she stepped on her feet and accidentally fell in herself!"

"Freya, don't pretend! It was clearly you who pushed Nelly into the lake! I just saw it, you started it! Yes, I admit it that because you were kicked by Mr. Levin, Nelly was wrong to sneer at you, but you can't take her life!"

The more Elisa said, the more righteous she became, "If it wasn't for Director bringing people over in time, Nelly would have been killed by you by now!"

Elisa spoke so righteously, and after saying this, she herself was somewhat convinced that it was Freya who pushed Nelly down.

Freya felt that Elisa's ruse was really the same as Talia's, both failing to harm others themselves and instead trying to frame others.

Freya sneered, "Elisa, you really dare to say anything! Can I also say that it was you who pushed Nelly down?"

Elisa was stunned, and almost immediately, she reacted, "How is it possible! I'm so close to Nelly, how could I possibly harm Nelly! Director, Freya has harmed Nelly so badly, you must do justice to Nelly!"

Hearing Elisa's words, Perry also quickly weighed up the situation, Freya was now already abandoned by Mr. Levin and had no value to please, so he might as well help Elisa.

At least Elisa was more understanding and knew how to reward him with her body.

Thinking this, Perry hurriedly said, "Dr. Stahler, you've gone a bit too far! Even if Nelly said something about you, you can't push her into the lake! That's murder!"

Hearing the word "murder", Elisa was even more furious, she waved her phone in front of Freya, "Yes, it's murder, this is too serious, we'd better let the police solve it!"

With that, Elisa called the police straight away.

“If it is murder, I think, Nelly should know better than all of you, why don’t we ask the parties involved first!” Freya suppressed her disgust for Elisa and Perry and spoke indifferently.

Elisa was still all smug, how good it was! Nelly and her were on a united front, when Nelly woke up later, she would definitely have to bite Freya to death!

Freya was really looking for abuse!

With that in mind, Elisa hurriedly said, “Fine, let’s wait for Nelly to wake up and ask her who really did this to her! Freya, when Nelly tells the truth, I’ll see what you have to say!”

“Yes, we do have to listen to what Nelly has to say about this, Nelly is the victim, she must be right!” Perry echoed Elisa.

Seeing that no one had any objections, Freya said to the martial arts director who was half-crouched next to Nelly, “Please help her up.”

Hearing Freya’s words, the martial arts director hurriedly pinched Nelly’s nose.

Just now Nelly was even more frightened by the martial arts director’s face posted on her face, and she was in a state of complete collapse. When she opened her eyes now, she met the martial arts director’s face with white teeth, and she almost rolled her eyes again in fear.

She stared at the martial arts director with a terrified look on her face, “Don’t arrest me! I don’t want to go to hell! I really didn’t mean to harm anyone!”

“Nelly, who did you harm?” Freya asked.

Chapter 206

“I I harmed Freya

The corners of Freya’s lips could not be controlled to rise after hearing Nelly’s words, the crew was not stupid, Nelly had said so, if everyone could not see that she was framed by Elisa, everyone would be blind.

Some people might not have noticed it, but Freya had just noticed it. After the martial arts instructor had given Nelly artificial respiration, Nelly had actually woken up. She had fainted again because she was stunned by the martial arts instructor’s fire-damaged face.

Nelly’s spirit was already in a state of collapse, even, she thought she had seen a ghost.

People are most likely to tell the truth when they are in a state of mental collapse, so Freya had just, subtly, asked the martial arts director to help Nelly, and to help her up in a kind manner.

Nelly was still in fear that she might drown and see the devil, and would not dare to lie!

Elisa did not expect Nelly to say that, so she immediately became anxious, “Nelly, have you been fooled by Freya? It was obviously Freya who pushed you into the water, how can you say that!”

“I

Nelly looked at Elisa, then at Freya, as well as her colleagues in the crew, and gradually understood that she had not yet gone underground to meet the King of Hell.

She regretted so much that she wanted to bite off her tongue, but in this world, the hardest thing to buy was a regret pill, and what was said could never be taken back.

Now that she and Elisa were at a complete disadvantage, no one would believe her even if she bit the bullet and said that Freya had pushed her.

“Elisa, you’ve gone too far, it’s obvious that it’s Nelly who’s trying to harm Dr. Stahler, and you’re turning right and wrong upside down! Today’s incident is the last time, I hope you won’t stir up in our crew again!” Maggie said with cold eyebrows and no good humour to Elisa.

Elisa was so aggrieved, “Maggie, I didn’t lie, it was Freya who harmed Nelly, Nelly must have been scared by Freya just now, that’s why she said that.”

“It’s only when she is scared that she tells the truth! Always framing Dr. Stahler, it’s really too much!” Scriptwriter Spencer thought of the last time when the poisonous snake happened and Elisa was also biting Dr. Stahler indiscriminately, so she couldn’t help but speak up.

“Yes, this is outrageous today! Dr. Stahler was lucky and didn’t get pushed off!”

“Some people want to harm others, but they don’t expect to almost lose their own lives!”

“How can we have such a person in the crew? Don’t let her sneak in and push us one day!”

.....

As she listened to the chatter of the crew, Elisa’s face changed in anger as she shot a furious glare at Nelly, turned around and headed for the front of the set.

How could she work with this brain-dead Nelly!

Alisha sat in the caravan and kept watching everything by the lake from afar, with an air of indifference.

She didn’t know whether Freya was lucky, she had set Freya up time and time again and didn’t expect her to get away with it.

Even when people thought Freya had been kicked off by Seth, they still seemed to trust Freya’s character.

If she wanted to set Freya up, she had to do it so ruthlessly that Freya would never be able to do it again!

Seeing a small figure on a distant rockery, the corners of Alisha’s lips could not be controlled to rise.

Freya, you’re about to fall! This time, even if Kieran does something, it won’t help you!

Although Freya was not successfully framed by Elisa and Nelly today, she was still a bit depressed in her heart.

What she wanted was a simple part-time job, not realising that there would always be some inexplicable people on the crew who would trip her up.

Sometimes, Freya didn't even want to continue working on the set, but she had already signed a contract with the crew, plus she wasn't one to stop halfway.

At lunchtime, Kieran insisted on having dinner with her. Freya felt that Kieran, her boyfriend, was good at everything, but he was too pestering.

He wanted to sleep with her at night and eat lunch with her, and when she didn't satisfy him, he had to blacken his face.

As she was having lunch on the set, Kieran came up with, "Well, you can eat without me, don't worry, I will definitely go to the set and break your legs."

A threat!

Freya admitted that she had succumbed to Kieran's lewdness again.

She agreed to have lunch with Kieran, but she chose a more remote restaurant outside the set because she didn't want to be seen with him.

As Freya only entered the restaurant, she saw a dark-faced Kieran.

Freya was a bit confused, why was his face so dark even though she had promised to have lunch with him?

"Freya, can't I be seen?!"

Without waiting for Freya to speak, Kieran suddenly asked in a cold voice.

"No!" Freya hurriedly shook her head, "You're so handsome, Mr. Fitzgerald, how could you not see anyone!"

"Don't flatter!" Kieran looked at Freya with disgust, but his face instantly looked better, but almost immediately, his eyes sank again, "Freya, you're afraid of people knowing about our relationship?"

Kieran had said this morning that he would go to the set to accompany Freya, but Freya refused.

He came over to accompany her for lunch today, and she surprisingly chose such a remote restaurant again.

He wasn't stupid, and with a casual thought, he could naturally guess that she didn't want her fellow cast members to know about their relationship.

When Kieran looked at the woman in front of him, he suddenly developed a sense of grief that his identity was not being acknowledged.

"Speak!"

"I" Seeing that Kieran seemed to be in a bad mood, Freya couldn't help but swallow, "Mr. Fitzgerald, I just think, I just think it's better for us to keep a low profile. Everyone says that showing love dies fast, I want to be with you for a long time with Mr. Fitzgerald."

After saying this, Freya was impressed with her intelligence, what an impeccable answer! She had explained the reason and also expressed her loyalty to Mr. Fitzgerald in the process, she really wanted to give herself some credit!

She thought that her words would light up Kieran's dark face, but Kieran coldly snorted.

She had already said that, and Mr. Fitzgerald was still in an unhappy mood?

Freya secretly gritted his teeth, it seemed that he could only use the trump card.

She got up from her seat and shyly sat beside Kieran, she reached out her hand, wrapped her arms around Kieran's neck, and with her sweet red lips, she kissed him right on the lips, "Mr. Fitzgerald, don't be angry, okay?"

"One more kiss!"

Kieran ordered with a cold face, but his earlobes were slightly flushed.

Freya obeyed the advice, she pouted and gave another light kiss on Kieran's lips. This time, Kieran turned the tables on her, making it almost impossible for Freya to resist.

The two of them were kissing with passion, but Freya's mobile phone suddenly rang.

It was a call from an unfamiliar number, and as soon as the call was answered, Talia's sinister voice came through, "Freya, I have your precious son and daughter, just wait until you collect their corpses!"

Chapter 207

"Talia, I forbid you to hurt Jaden and Jayla!"

Talia had let someone set snakes to bite her, but how could Freya have ever imagined that Talia would be so heartless as to go after the two little ones?

"Freya, are you threatening me?" Talia's voice was heavy with hatred as she smiled icily, "Freya, you're not qualified to threaten me now! The lives of your son and daughter are in my hands, and I can break their necks if I'm not happy!"

"Talia, don't hurt Jaden and Jayla!" Freya tried to suppress the trembling in his heart, "Talia, the person you hate is me, you can do whatever you want to me, don't hurt Jaden and Jayla!"

In fact, in Freya's heart, she still had a slight chance, she hoped that Talia was just deliberately scaring her, that Jaden and Jayla were not in Talia's hands, who knew that the next second, Talia hung up the phone and called her on the video call.

From the video, she clearly saw that Jaden and Jayla, one on each side, were being held down to death by two big, burly men, and there were still visible bloodstains on both of their small faces.

Seeing this stinging blood red, Freya only felt that her heart had been plucked out. She didn't care how Talia harmed her, but she wouldn't allow anyone to hurt her babies!

Freya scratched her chest hard as she forced herself to calm down, "Talia, tell me, what exactly do you want to do! I'm willing to do whatever you want me to do, I just hope you can let Jaden and Jayla go!"

Yes, if Talia really wanted to kill Jaden and Jayla, she would have just killed them, there was no need to call her on the video.

Since she had called her on the video, it proved that the person she really wanted to deal with was her, Jaden and Jayla, whose lives were not in danger for the time being.

“Freya, you’ve put me through hell!”

When she thought of her recent situation, Talia hated her guts. Although she was originally not popular, she had a lot of fans following at any rate.

But since she was bitten by a poisonous snake, all her fans had turned into fake fans.

She became a vicious woman that everyone in the entertainment industry shouted at, and even her current crew fired her from the show.

Not only that, all her commercials and films had been cancelled, and under her Weibo account, she was scolded, cursing her with language that was unpleasant to watch.

No more directors would be willing to work with her, no more advertisers would be willing to approach her, and even if she took it upon herself to climb into the beds of a few beer-bellied investors, her situation had not changed one iota.

The netizens had already organised themselves to block her, she became a bad artist that everyone shouted at. The day she was discharged from hospital, there were even fake fans waiting to attack her in front of the hospital and she was splashed with filth.

When she thought of the disgusting smell of the filth being poured on her face, Talia wanted to kill Freya with a thousand cuts.

Talia was the kind of person who, no matter what lessons she encountered, still habitually put the blame on others. She always felt that it was Freya who caused her misery, but she never wanted to think about how she could have come to this point if she hadn’t been instigated by Alisha to harm Freya time and again, and even tried to harm Freya’s life!

She didn’t even bother to think that if Elisa hadn’t posted the video online, this poisonous snake incident would not have expanded beyond control.

Sometimes, when one’s mind was distorted, one became obsessed, unable to distinguish between right and wrong, good and evil, and wanting nothing more than to take revenge on the person she hates most!

Talia’s teeth clenched, “Freya, you’ve ruined me! You’ve ruined me! You made it impossible for me to live, and I won’t make it easy for you!”

“Show business, in my heart, is more important than my life! Freya, you destroyed what I cared about most, and I will destroy what you care about most! You love this pair of children of yours very much, don’t you? Fine, you care about them, I’ll destroy them!”

Talia was already on the verge of madness, she turned her face violently and threw a slap right into Jayla’s face.

Jayla was most afraid of pain, and this slap from Talia almost caused Jayla's tears to fall down.

But she knew that right now, Talia was videoing with her mum, who was on the other end of the phone and could clearly see what was happening over here, and she held her chin up stiffly, not letting her tears fall.

She had never encountered anything so terrible before and she was, in her heart, scared, but she loved her mommy and didn't want her to worry about her.

"Mommy, don't worry, I am fine!"

Jayla turned her face to Freya and called out loudly, "Mommy, I am brave, I am not afraid of anything!"

"Shut the fuck up!"

Talia raised her hand, and a slap was about to be thrown hard at Jayla's face again, but Jaden coldly raised her face and said, word for word, "I forbid you to hit my sister!"

The eyes of the little boy were firm and cold. Talia knew that a little kid could not make any waves, but when she met these dark eyes of Jaden, her hands actually trembled involuntarily.

I don't know if he was shocked or what happened, but Talia's slap really didn't land on Jayla's face.

Realizing that she had been threatened by a little kid, Talia became infuriated and threw a slap directly and viciously at Jaden's face.

She pointed at Jaden's nose and scolded, "I'm warning you, you'd better behave yourself, or I can get you killed anytime!"

Jaden did not speak, nor was there the slightest hint of fear in his clear, cold eyes.

He pursed his lips slightly, he was just worried that Mommy would be threatened by this bad woman, he was aware of this bad woman, she was the one who tried to have the snake bite Mommy in that poisonous snake incident.

Seeing that Jaden had also received a slap, Freya could no longer control it and tears rolled down.

She wiped away the tears from the corners of her eyes with all her might, and with red eyes she yelled at Talia word for word, "Talia, I forbid you to hit Jaden and Jayla again!"

"Come on, tell me what you really want me to do! I'll promise you anything as long as you don't hurt Jaden and Jayla! Don't hurt them, I'll really promise you anything!"

Looking steadily at Freya on the other end of the phone, Talia did not speak immediately.

Her eyes, spitting fire of hatred, what did she want Freya to do?

Talia's bright face gradually became distorted, even if Freya went online to apologize to her, her reputation was still irreparable.

If it was just the poisonous snake incident and Freya had issued an apology to her, perhaps there would have been room to turn things around.

But, her indecent video was still out there!

No matter how much Freya apologised to her, she was destined to become a rat in the street and everyone would shout at her!

The indecent video was a fatal blow to an actress, she could no longer be a high and mighty girl, her acting career was nowhere to go!

Talia clenched her teeth together, "Freya, before five o'clock in the afternoon, you come over to me with fifty million! You come alone and trade your life for theirs, or else I'll get them killed!"

Chapter 208

Talia gave Freya an address and simply hung up the phone.

Talia thought very well, even if Freya came over, she would not let go of Jaden and Jayla.

Since she wanted to take revenge on Freya, she had to do it thoroughly. She was just in time to send the three of them to hell together!

As for the 50 million

She knew that Freya could raise the money. Freya didn't have 50 million, but Seth and Stephen did. To save her children, Freya would have to raise the 50 million even if she had to sell her body!

The corners of Talia's lips could not be controlled to rise, she had everything ready, as long as she got the 50 million, she could leave the country, from then on, no one would disturb her good life again!

When she got Freya killed, Alisha would also give her a large sum of money, with that much money, she would definitely live in style when she was abroad!

Freya, I'm waiting for you to come over, to give away money, and to die!

After Talia's mobile phone screen turned black, she was able to clearly see her distorted face from within the screen.

Looking at the face reflected on the phone screen, Talia also felt unfamiliar.

Before, she was not like this.

Once, she was a simple and kind girl, but since entering the entertainment industry, she slowly changed, becoming vain, fond of competing, for the sake of the role, selling her body.

Later, she even harmed people again and again for the benefits promised by Alisha.

Talia didn't think there was anything wrong with her change. Since people want to live well in this world, how can they not go with the flow!

Such was the environment of the entertainment industry, since she had chosen this path, she was destined to give up her once innocent look!

She just hated Freya for blocking her way forward, if Freya hadn't made her a flop, by now, she would have gotten the number one female role in that literary film that Alisha promised!

Talia's fingers, tightening, almost crushed the phone in her hand, Freya, don't blame me! You forced me to do it! You made me do it!

As soon as Talia hung up the phone, Freya received a call from Eleanor.

Eleanor's voice was hoarse, she said to Freya with immense guilt, "Freya, I'm sorry, I didn't keep an eye on Jaden and Jayla, they were kidnapped."

As Eleanor said that, big tears rolled down her face, "Freya, I'm sorry, I will find Jaden and Jayla! Otherwise, I will never forgive myself!"

Eleanor now really wanted to slap herself to death. On a weekend, she had wanted to nurture a good relationship with her precious grandchildren, but to her surprise, she had taken her precious grandchildren shopping and she was inexplicably knocked unconscious, and when she woke up, she could not find Jaden and Jayla.

Eleanor was someone who had experienced great storms, and once she saw this situation, she naturally knew that Jaden and Jayla had definitely been kidnapped.

She hated herself, if she hadn't been so capricious and wanted to be alone with her own precious grandchildren, and hadn't let the bodyguard follow her, this wouldn't have happened.

"Don't worry, I won't let anything happen to Jaden and Jayla."

Freya looked at her phone and said softly.

Freya was not a person who did not know right from wrong, she knew that Eleanor could not be blamed for what happened today.

Talia was determined to catch the two little ones, even if they were defended today, the day after, it could not be defended.

"Freya, I'm sorry"

When Freya did not blame her, Eleanor blamed herself even more. She did not know what to say to Freya to express her apology and hard feelings, and could only say sorry over and over again.

Freya comforted Eleanor and hung up the phone, she now, only wanted to quickly gather the 50 million so that she could save the two little ones.

Fifty million, to her, was really astronomical. She might not be able to repay the money she had borrowed for the rest of her life, but as long as she could save the two little ones, she couldn't care.

Kieran had been sitting beside Freya, and he knew exactly what had happened.

He knew that he could not fight hard with this madman Talia now, and for the sake of the two little ones, they had to make some compromises first.

He did not want anything to happen to Jaden and Jayla, but he also absolutely could not let anything happen to Freya.

"Mr. Fitzgerald, I'll have to borrow money from you again."

Freya whispered to Kieran.

In fact, she was really embarrassed to ask for it, she hadn't finished paying back the one million she owed Kieran, and now it was so much money, she really felt sorry.

And it was money that she would, in all likelihood, never have the chance to pay back in the future.

"Freya, you don't have to worry about the money, I have asked Bradley to prepare it."

Kieran clutched Freya's hand with force, in his eyes was an irresistible certainty, "Freya, I will accompany you there!"

Freya did not want to let go of Kieran's hand, as if, as long as she clutched his hand tightly, she would not be afraid of anything, but she knew in her heart that no matter how much she relied on Kieran, today, she could not let Kieran accompany her there.

"Mr. Fitzgerald, you heard it just now, Talia told me to go there alone, for Jaden and Jayla's lives, I can't afford to gamble!"

Freya originally wanted to say that she should let Kieran leave her alone, even if she had to die today, she still had to save the two little ones, but she didn't want to let him worry about her, she pondered for a moment, but still said softly, "Mr. Fitzgerald, don't worry, I won't let anything happen to Jaden and Jayla, I will also protect myself well."

"Mr. Fitzgerald, it's so hard for me to find such a good boyfriend like you, I won't be willing to be short-lived and give you up to another woman!"

Kieran, who was so astute, naturally knew that Freya's words were just a way of not wanting him to worry.

But Talia had just said that she would definitely take Freya's life, so how could he not be worried!

However, Kieran knew in his heart that no matter what, Freya was going to save Jaden and Jayla alone. So he only could be her back-up.

Jaden and Jayla were taken to an abandoned factory on the outskirts of the city by Talia and the four brawny men she had hired.

Talia's teeth chattered with hatred as she looked at Jaden's little face that looked like Seth's and Jayla's cool face that looked like Freya's.

She was resentful and jealous of Freya, what made her so lucky to be pregnant with Mr. Levin's child!

But all of Freya's good fortune would have to end today!

In her hand, Talia took a cold, shiny fruit knife and she pressed it a little bit to Jayla's face.

"Do you think if I gouge your eyes out, will Freya be surprised when she sees it later?"

Chapter 209

"Don't you move Jayla! If you want to gouge eyes, gouge my eyes!"

Jaden raised his little face and said in a cold voice to Talia.

The little boy's face was calm at this time, and his dark eyes looked as silent and boundless as the deep sea. He was gazing coldly at Talia, and it actually made Talia feel embarrassed to be seen through.

Talia hated this feeling, and even more so, she hated Jaden's eyes.

She always felt that these eyes, in particular, were particularly familiar, so familiar that they frightened her, but she could not recall for a moment who exactly these eyes of Jaden looked like.

There was no doubt that this face of Jaden was extremely similar to Seth's, except for his eyes, which were much deeper and more frightening than Seth's.

Talia took the fruit knife and slowly left Jayla's face and walked to Jaden.

She raised her hand to the few helpers, and those men, knowing what they were doing, flipped Jaden's body so that he was face up, so that the knife in Talia's hand would be more easily attached to Jaden's face.

The knife in Talia's hand was cold, with a biting chill, and she moved it upwards, and it was precisely against the outside of Jaden's eye socket.

"Brat, you think I don't dare to gouge out your eyes, don't you?!"

"You let go of my brother! You gouge my eyes! I forbid you to gouge my brother's eyes!"

Jayla was kidnapped for the first time, it would be false to say that she was not afraid at all, but she was even more afraid that her beloved brother would be hurt by this bad woman.

Although she usually disliked Jaden's facial expression occasionally, Jayla still admired Jaden.

Her brother, in her opinion, was much much smarter than boys at her age, and he could do so many things for her that she could not do.

What was more, her brother was always able to conjure up chocolates for her to eat.

"Brother! Bad woman, you're afraid of me, aren't you?! If you have the guts, gouge out my eyes! Get your knife away!"

Jayla struggled desperately, trying to break free from the hands that were holding her down, but she was no match for a grown woman with this kind of strength! She was pinned to the ground, and apart from her head, she could barely move a muscle.

Noticing that Talia's hands were secretly exerting force, Jayla became anxious to the extreme, and she raised her face, her eyes blazing with anger, "Bad woman, you ugly woman! No, you're not only an ugly woman, you're also a psychopath! Psycho, you let my brother go!"

When Jayla said this, her voice was shaky, she knew that if she angered Talia like this, Talia would definitely not spare her, but in order to keep Jaden from having his eyes gouged out, she could only be brave enough to draw all of Talia's anger onto her.

“Coward! Ugly woman! You just don’t dare to gouge out my eyes! Ugly woman! Yes, you’re an ugly woman!”

Jayla could not swear, and she said almost every bad word she could think of to Talia.

She thought that she had scolded Talia so badly that she would have to shift her target, let go of Jaden and come to her to settle the score, but unexpectedly, the knife in Talia’s hand was still pressed firmly against Jaden’s eye socket.

Jayla tilted her face to the side, she didn’t dare to look at the knife in Talia’s hand, she was really afraid that, as soon as Talia applied force to her hand, Jayla’s eye socket would be pierced with blood.

“Provocation?”

Talia laughed coldly, that luscious face with obvious malice, “You think that works?!”

“Jayla, I’m telling you, today, I’m going to gouge out your brother’s eyes first! I don’t like these eyes of his!”

“I forbid you to touch my brother! Bad woman, don’t you gouge my brother’s eyes!”

Jayla was so anxious that her tears were about to fall, her brother’s eyes were beautiful, when they were abroad, many parents said that her brother’s eyes like a black gem, how could such a beautiful pair of eyes be gouged out!

“I won’t scold you anymore, can you not gouge out my brother’s eyes?”

Jayla did not want to give in to Talia, she was a little girl with a backbone, not willing to just bow down to the evil forces, but for Jaden, she was willing to lower her somewhat proud head.

“Auntie, I won’t call you ugly, you’re beautiful, Auntie, you’re the kindest, don’t hurt my brother, okay?”

“Auntie, I scolded you just now, it’s my fault, have someone beat me up, break my mouth all you want, I just beg you not to gouge my brother’s eyes!”

Jayla’s eyes shone with crystal clear teardrops, “Auntie, please, will you let my brother go?”

“I’m my mommy’s favourite baby, my mommy doesn’t like my brother at all, it’s enough that you let my brother go and keep me and use me to threaten my mommy! Auntie, please, just let my brother go!”

Jaden still had that iceberg face, but after listening to Jayla’s words, there was a clear crystal in his eyes, too.

He said that he would protect Jayla well and let his sister be a carefree little princess for the rest of her life. He never thought that his little princess would be so brave as to protect him.

“Jayla, you fool, shut up!”

Jaden said this in a bad way, but in his voice, there was a clear tenderness.

Children were not as complicated as adults, but he was sure that Talia would not dare to gouge out his eyes.

“Jayla, I am boy, now, it should be me to protect you!”

Jaden closed his eyes with a brave and fearless look, “Don’t you want to gouge out my eyes? You can do it now!”

“No!”

Jayla screamed out of breath, “Brother, what are you talking about! Why did you let her gouge out your eyes! Auntie, ignore my brother, you can’t gouge out my brother’s eyes!”

“Auntie, will you hurry up and gouge out my eyes? My brother’s eyes are so beautiful, how can you bear to gouge out my brother’s eyes!”

“Jayla, you are so noisy!” Jayla’s voice, sounding hoarse, was clearly, full of reproachful words, but his black eyes carried the deepest warmth.

Talia looked at Jaden and then Jayla, she couldn’t stop laughing out loud, “What a brother-sister love! Since you both want to have your eyes gouged out by me so badly, fine, then I’ll fulfill you!”

She cupped Jaden’s chin as she laughed coldly, “Brat, you really don’t need to argue, when I gouge out your eyes, I will immediately gouge out your sister’s eyes!”

Talia hooked her lips and blew on the fruit knife, “Don’t worry, I’m very skillful in my movements, it won’t hurt!”

Chapter 210

With that, Talia stabbed it hard at Jaden’s eye socket.

“Brother!”

Jayla’s tears rolled down in big drops, she knew that shedding tears was really a very degrading act, but she couldn’t control herself.

Jaden’s lips were tightly pursed as he tried to keep himself calm.

He slowly opened his eyes and his sight was level with Talia, “Talia, you won’t gouge out my eyes!”

As expected, the knife in Talia’s hand stalled in the air when it was about to touch Jaden’s eye socket.

“Talia, don’t you want money? If Jayla and I were to be harmed in the slightest, there’s no way my mommy would give you the money! Without that 50 million, even if you kill Jayla and me, you won’t get a good end! You won’t be able to leave the country, you’ll just have to go to jail!”

Talia’s chest surged wildly, and her hand, which was clutching the fruit knife, shook uncontrollably.

She didn’t want to admit it, but the truth was so obvious that she was actually shocked by the aura coming off this little brat who was less than five years old!

“Don’t be too arrogant! If you piss me off, you won’t end up well!”

Talia glared viciously at Jaden, trying to look imposing, "Let me tell you the truth, I have no intention of letting you guys go! Even if Freya brings the money over, you all still have to die! You and Freya die together!"

"Those who offend me will not end up well! Don't blame me when the time comes, just blame, that bitch Freya for driving me to desperation!"

"Talia, you're still unrepentant! My mommy is not at fault, it's you! You were the one who tried to bite my mommy with a poisonous snake! Should my mommy should wait to be bitten to death by the poisonous snake you let loose?"

"Yes, that bitch Freya should be bitten to death by a poisonous snake!"

Talia's face was grim as he yelled at Jaden word for word.

"It was Freya who ruined me. If Freya hadn't let the poisonous snake bite me, I wouldn't have become a rat in the street!"

Jaden felt that people like Talia were really quite unreasonable, he didn't want to waste a word with such people, but he didn't want his beloved mommy to be casually slandered even more, he still patiently said to Talia, "Talia, the person who ruined you is not my mommy, it's Alisha and Elisa."

As a computer genius, Jaden was still quite concerned about some of the things that happen online.

He pondered for a moment and then said, "If Elisa hadn't put the video of you being bitten by a poisonous snake on the internet, things wouldn't have festered so much! You harmed my mommy time and again, it was Alisha who ordered you to do it, right? Alisha used you as a gun, and now that you are in such a bad shape, has she ever lent you a helping hand?"

"On the contrary, you were bitten by a poisonous snake and my mommy even gave you injection to prevent the toxicity from spreading, otherwise, you would have been just a corpse by now!"

Hearing Jaden's words, Talia could not help but fall into silence.

She admitted that there was some truth in what the little brat was saying, but so what?

She hated Freya, if Freya hadn't been so difficult to deal with, if Freya hadn't been bitten by a viper instead of letting it bite her, how could she have been pushed to this point!

"Shut up! You shut up!"

Talia violently pushed Jaden, "Jaden, don't give me that nonsense! It was Freya who caused me to suffer! I won't let go of Freya, let alone you!"

"Freya made my life hit rock bottom, Freya made my life worse than death, I'll make her taste worse than death too! Yes, when I get the money, I'll kill you all in front of Freya! I will, first gouge out your eyes, then chop off your hands and feet, and I will make Freya watch her beloved children die and do nothing about it!"

The more Talia said, the more excited she became, she grinned and lamented, "Watching your own child die in front of you and not being able to do anything about it, what a painful feeling that must be! Haha, Freya, you offended me, you deserve to suffer!"

Hearing Talia's words, Jaden and Jayla's brows couldn't help but frown, they both felt that Talia was crazy.

Neither Jaden nor Jayla wanted to die, they still had a good life ahead of them, they had not yet had enjoyed this world!

But if they were destined to die today, they only hoped that they would not involve their mum in any more trouble.

Their biggest fear now was that Mommy would come over with the money, then it would really be like Talia's wish!

Talia was just about to say something else to scare the pair of brats, but her mobile phone rang.

She thought it was Freya calling and she subconsciously tried to hang up. Surprisingly, the person who called her was the most prestigious director, Quinn.

Talia had saved Quinn's mobile phone number, and she had gone to a lot of trouble to get it at that time, but unfortunately, Quinn and she were not from the same world at all, and she did not have the chance to get to know Quinn.

Why did Quinn suddenly call her?

Talia knew that now that she had kidnapped Jaden and Jayla, she should be preoccupied with getting the 50 million first, and taking random calls from others would, most likely, affect her plans.

But Quinn was one of the leading directors in the country! Even if she only made a cameo appearance in one of his films, she could still raise her profile considerably.

If she could play the lead role, she would be a big star in the near future.

Even if she was now being shouted at by everyone, a role in Quinn's film could still turn her fortunes!

After all, Talia could not resist the temptation of fame and fortune, and she picked up the phone somewhat excitedly, "Director Quinn, may I ask what you want to see me about?"

"Talia, right?" There was the usual coldness and arrogance in Quinn's voice, but hearing him speak like that, no one else would feel uncomfortable, as if, someone like him should be this arrogant and unbeatable.

"Yes, I'm Talia." Talia's voice was excited to the core, "Director Quinn, are you really looking for me?"

"Funny! If I'm not looking for you, what am I calling you for?! You think I'm that free?!"

Hearing the displeasure in Quinn's voice, Talia hurriedly made amends, "Yes, you have a lot of works on your hands, how could you possibly be free!"

“Talía, I won’t talk nonsense to you. I’m planning to make a movie recently, ‘Love Ring’, and I want to ask you to be my female lead.” After a pause, Quinn continued, “I’ve seen the music video for ‘Palace’ that you made, and your image fits my female lead very well. I don’t care what negative information you have, as long as you act well in my drama, I will promote you!”

As soon as Quinn’s words left his mouth, Jaden and Jayla cried out loud at the same time.
