

Talented 211

Chapter 211

“What’s that noise?!” Quinn raised his eyebrows, “Why did I hear a child crying on your side? Talia, don’t tell me that you’ve a baby!”

“No, no! It’s my neighbour’s kid.”

Talia gave a wink to the men, signalling for them to keep a good eye on Jaden and Jayla as she took her mobile phone and hurriedly headed for the door to make a call.

This call from Quinn to Talia today was like a big pie falling from the sky.

Talia knew in her heart that she would basically be safe as long as she escaped the country with the huge sum of money.

But people are always greedy, and with such a great opportunity, how could Talia possibly give it up!

The number one girl in Love Ring!

Talia had heard about the movie “Love Ring “, and it was said to be the annual masterpiece of the film company owned by Fitzgerald Corp.

Quinn personally directed the film, and the first male character was Otis, a super first-tier male who had won many international awards. This film was heading for the Oscars, and Alisha had always wanted the female character in the film, but Kieran had never given his nod, but she never thought that such a great thing would fall to her, Talia.

Talia had kidnapped the two little ones and had to get Freya killed. If she had stayed in the country, she would have been found out and she would have had to go to jail, and most likely, would have been sentenced to death.

But Talia still wanted to take a gamble on her future.

She bet that Freya wouldn’t dare to tell anyone about today’s events for the sake of Jaden and Jayla’s lives!

As long as she completely got Jaden and Jayla and Freya killed, no one else would know about it, and then when she got the Oscar for Best Actress, she would completely turn over a new leaf.

She would go from being a street rat that everyone shouted at to a true national goddess!

The netizens were forgetful. Now, people scolded her so badly, when she had achievements and masterpieces, she could still shine!

How many first-rate actresses had been scolded to become famous! She, Talia, could have become a star in spite of all the scorn! After all, not everyone had the chance to be chosen by Quinn to play the female lead in ‘Love Ring’!

It was all about living, but anyone would choose to live in glory at home rather than in hiding abroad for the rest of his life!

With this in mind, Talia had already made her decision, she was afraid that Jaden and Jayla would make some more noise to spoil her, she took her phone and walked a little further, today, she had to be sure to take the female lead in 'Love Ring'!

After Talia went out, Jaden and Jayla looked at each other, one quiet, the other spirited, two pairs of eyes were cunning.

"Uncle, let's have a deal!"

Jaden suddenly turned his face to the pugnacious man at the head of the group who was pressing his shoulder.

"Uncle, I think you should be happy to deal with me."

The big man, Noel, was stunned, he could not expect that the little kid who had been snotting and wailing a moment ago would suddenly be so calm and say he wanted to make a deal with him.

Was it possible that all children nowadays have multiple personalities?

Noel thought that this should be this little kid teasing him, he was only a few years old, what capital did he have to make a deal with him!

"Brat, are you trying to trick me? Believe it or not, I'll beat you up!"

Noel had a hideous knife scar on his face and a glare that looked fierce as he flung his fist at Jaden to show him that he was really not to be messed with.

There were also many small children near where Noel lived, and every time those children saw his hideous scarred face, they were so scared that they ran around, and even if a few of them dared to approach him, they would have to cry in fear when he glared at them.

He thought that when he glared at them, Jaden and Jayla would cry out in fear. To his surprise, Jaden still looked at him calmly and even with a smile of determination.

Jayla winked mischievously at Noel, "Uncle, my brother is very nice, he definitely won't let you lost your bet!"

To be honest, Jayla actually really didn't know exactly what kind of deal Jaden was going to make with Noel, however, no matter what Jaden did, she trusted her own brother unconditionally.

"Brat, what deal do you want?!" Noel gave Jaden a suspicious look, he wanted to see what tricks this brat could play!

"Uncle, how much did Talia pay you for hiring you? I'll pay ten times the price, you let me and Jayla go and tie up Talia!" Jaden said in an unhurried manner.

"What? You want us to kidnap Miss Pearce?"

Noel did not expect Jaden to say that and he was shocked.

After reacting, Noel slapped Jaden hard on the head, "Brat, you're really fooling me, aren't you! Miss Pearce gave us one million. Ten times the price, that's ten million, where do you get so much money from?!"

At the thought that he got fooled by a kid, Noel was angry. If it wasn't for the fact that these two kids were still useful, he would have wanted to get them killed.

"Uncle, I'm not fooling you." Jaden said incomparably serious, "As long as you let me and Jayla go and catch Talia, I will definitely give you 10 million!"

Jaden knew that 10 million was an astronomical amount for him, but Daddy was rich, and as long as he and Jayla could return home unharmed, Daddy would certainly not begrudge the money.

"Brat, do you think I'm stupid!" Noel looked Jaden up and down, he didn't only do kidnapping on a regular basis, he would often go to the mall to steal some expensive items as well, he knew something about the brands of some clothes.

Jaden's outfit was a very ordinary brand, for a child wearing such priced clothes, the family could not have even a million, let alone 10 million!

Of course Noel wouldn't be stupid enough to trust a brat who didn't have much money!

"Uncle, you're not stupid, how could you be stupid!" Jayla looked at Noel with a smile, "Uncle, you are the smartest and best uncle I have ever met."

What Jayla said was pure nonsense, but people would not be angry with one who was smiling, let alone such a cute little girl. Noel's heart couldn't help but soften, and that fierce face looked slightly softer.

"Don't worry, I will let you die without pain!" Noel gritted his teeth and said to Jaden and Jayla.

"Uncle, take a close look at my face." Jaden spoke after a moment of silence, "Don't you think my face looks familiar?"

Chapter 212

Look at his face?

Noel's heart, which had only slightly softened, instantly became hard again.

He admitted that the little brat was good looking, more so than the cutest little child actor he had ever seen on TV.

But no matter how handsome this little brat was, they were both men, and with that face of his, there was nothing to see!

Noel sniffled grumpily, "Brat, you're fooling me again, aren't you?"

"Uncle, I'm really not fooling you." After a pause, Jaden continued, "Uncle, look at my face carefully, I'm saving you."

"Save me?!" Noel was all set to swing his fist directly at Jaden's delicate and handsome little face, but before raising his fist, he couldn't help but take a closer look at Jaden's face.

At this look, he really thought Jaden's face looked a bit familiar.

Noel looked at Jaden's face in a daze, but for a moment, he could not recall where he had seen this face before.

"Boss, this brat's face does look quite familiar!" One of Noel's men patted Noel's shoulder, and suddenly, he screamed out in a sudden realization, "Mr. Fitzgerald! It's Mr. Fitzgerald!"

"What Mr. Fitzgerald?!" Noel frowned, "How can this little brat be Mr. Fitzgerald!"

Although Noel had never seen Kieran in person, he had seen his picture in the newspaper, how could the famous Mr. Fitzgerald be a kid!

"Boss, I'm not saying he's Mr. Fitzgerald! I'm saying that his face looks like Mr. Fitzgerald's!" After that man said that, he couldn't help but sigh again, "They look much alike!"

Hearing that, Noel also roughly recalled Kieran's appearance, and when he thought about it, he also thought that Jaden and Kieran looked a bit alike.

In order to be sure again, Noel quickly took out his mobile phone to go online and searched out Kieran's photo. He looked at Kieran's photo on his mobile phone and then looked at Jaden, who was pinned to the ground by him, his hand shook and the mobile phone in his hand fell straight to the ground.

Really, they were much alike!

The biggest possibility was that this little brat was the son of Mr. Fitzgerald!

When he thought that he had helped Talia kidnap Mr. Fitzgerald's son, Noel really regretted.

Mr. Fitzgerald, the living hell of Arkpool City, was very brutal and ruthless, if Mr. Fitzgerald found out that he had kidnapped his son, Mr. Fitzgerald would definitely have to cut him into eight pieces!

No! Mr. Fitzgerald would not just cut him into eight pieces, he would definitely cut him into a thousand pieces and finally chop him into meat paste and feed him to the dogs!

Noel couldn't control a shiver at the thought of a knife cutting into him.

He wiped the cold sweat off his forehead and asked Jaden with a trembling voice, "What is your relationship with Mr. Fitzgerald? You're not Mr. Fitzgerald's son, are you?"

Jaden felt that he had gone a bit too far in impersonating Kieran's son again and again, but Uncle Kieran's reputation was too much bigger than Daddy's!

It was good to have a back.

He wanted to get out with Jayla in one piece, and now, he still had to continue to pretend to be the son of his Uncle Kieran and act like a bully!

Jayla was also quite quick to react, she raised her eyes and looked at Noel and asked, "You know my daddy?!"

Daddy?

Noel jolted, he subconsciously let go of Jaden's shoulders, he just felt his legs go weak, he held onto a side table so that he didn't fall to the ground.

Noel slapped himself heavily on the head. One million, for them, was indeed a very high reward.

But no amount of money was as important as their lives.

When dealing with Mr. Fitzgerald, he could not take any chances at all. Mr. Fitzgerald's men are so powerful, and with the help of the Pryce family's intelligence network, when he got Jaden and Jayla killed, it would be easy for Mr. Fitzgerald to find out who kidnapped them!

By then, even if he got the money, he would not have a life to spend it on!

Not only that, but there was the possibility that his family would be involved and be cruelly crushed to death by Mr. Fitzgerald!

With this thought, Noel's body shook more.

At that time, Talia let them kidnap Jaden and Jayla, and only gave them Jaden's and Jayla's home addresses and photos. If he had known their identities, he would not have dared to take action!

Seeing Noel's legs keep trembling, Jaden couldn't help but secretly sigh in his heart, Uncle Kieran's name really worked!

Well, from now on, he and Jaden would continue to use the name of Uncle Kieran!

Jaden's body, which had been freed, slowly rose from the ground. He was shorter than Noel, but the aura he carried actually suppressed Noel.

"Now, Uncle, are you ready to make a deal with me?"

Noel wiped another handful of cold sweat and hurriedly said with a smile, "Yes! Of course! Brat, No, Little Mr. Fitzgerald, whatever you want to talk to us, we are happy to listen!"

"Let me and Jayla go and catch Talia, and my daddy will pay you ten times as much!" Jaden repeated.

Noel thought that Jaden and Jayla were Kieran's children, so he dared not ask for money now, although, he really quite liked money.

Noel kept telling himself in his mind that their lives were more important than the money! If he lost money, he could earn it again, but if he lost his life, he really had nothing left.

And if they dared to ask Mr. Fitzgerald for payment, they were simply risking their lives!

After struggling for a while, Noel smiled and spoke up, "Little Mr. Fitzgerald, are you kidding me? How dare we ask for money! It's an honour for me to serve you and Little Miss Fitzgerald!"

Noel was smiling flatteringly.

"Well, please help us catch Talia later!" Jaden said indifferently.

Seeing that Noel's men were still holding Jayla down, he spoke again coolly, "Now, can you let go of my sister?"

“Are you fools? Quickly let go of Little Miss Fitzgerald!” Noel kicked hard on the man holding Jayla’s shoulder and roared with a glare.

At Noel’s command, the man hurriedly let go of Jayla.

As soon as her body was free, Jayla rushed to her brother’s side and grabbed Jaden’s hand tightly.

Although Noel had agreed to cooperate with them, Jaden was still nervous in his heart. In this world, the most difficult thing to gauge was always the hearts of the people. If Noel was instigated by Talia in a while, he might change his mind!

He took advantage of Talia’s absence to negotiate with them so that he could seize more of a head start, and he was only afraid that a head start might not be a chance of survival.

The door suddenly pushed open, and Talia barged in somewhat hastily, her face, with obvious excitement, intertwined with the malevolence in her eyes, indescribably scary.

“No need to wait for Freya to come over! Kill them now!”

Chapter 213

Talia had been on the phone with Quinn for nearly twenty minutes. During the phone call just now, Quinn had already made a decision, setting her to be the female number one of “Love Ring”, and tonight, he would sign the contract with her.

Everything was going in the best direction, as long as she unknowingly got Freya and Jaden and Jayla killed, no one would be able to block her way forward!

Talia was afraid it would go wrong, she was not willing to delay any longer, now, she had to let these two brats go to hell first!

As for Freya, when she came later, she would not be able to escape!

Talia had already put a deposit of 500,000 into Noel’s account. She thought that, after listening to her words, Noel and the others would immediately break Jaden and Jayla’s necks, but unexpectedly, as if Noel and the others had not heard her command, they still stood in place and did not move.

Talia couldn’t help but be irritable, “You don’t understand human language, do you? I said, we don’t have to wait for Freya to come over, we’ll kill them now!”

The last word was almost roared out by Talia, but Noel and the others remained motionless as if they hadn’t heard.

“You guys!” Talia was so angry that she stomped her foot, at this time, she also noticed that Noel and the others did not roughly press Jaden and Jayla to the ground like they did before she went out, Jaden and Jayla, who were now sitting next to each other on the only chair inside the room.

What was this all about?

Talia was baffled for a moment.

After glaring at Jaden and Jayla for a moment, Talia became even more annoyed, "Who told you to let go of them? You don't want the rest of the money, do you?!"

"Bring them to me now and I'll break their necks myself!"

When Talia saw that the fruit knife she was holding just now had fallen onto a worn table, she quickly stepped forward and tried to grab it off the table.

Noel was quick on his feet and grabbed the fruit knife before Talia could touch it.

"Noel, you want to rebel, don't you?" Talia shouted in anger, "Give me the fruit knife quickly! Otherwise, I'll make it impossible for you to stay in the circle!"

"Bitch, if you want to make me lose my way in the circle, then you have to see if you have the ability to do so!" Noel glared and yelled at Talia without good grace.

If it wasn't for her, how could they have captured Mr. Fitzgerald's children? They didn't dare to ask for the 10 million that Jaden had promised, they just wanted to make up for their mistakes now and not let Mr. Fitzgerald settle the score with them.

Talia stared round in disbelief, how dare this Noel call her a bitch?!

"Who are you calling a bitch?!" Talia raised her hand and threw a slap viciously towards Noel's face, before her hand could hit Noel's face, her wrist was already fiercely grabbed by Noel. Talia only felt that her wrist was almost going to be broken, a layer of cold sweat instantly emerged on her forehead.

"You! You"

Talia was trembling with pain, "What the hell do you want to do?! You are the ones I hired, and you dare to do this to me! You guys"

Before Talia could finish her sentence, Noel directly shoved a smelly sock into Talia's mouth.

"Shut the fucking up, bitch!"

Talia was so anxious that she couldn't figure out what was going on until now.

Noel and the others took her deposit and said they would do everything they told, and now, how could they be against her?

After Talia's mouth was stuffed with something, Jaden instantly felt that the whole world was cleared.

Jaden jumped down from the chair, he walked slowly to Talia. Talia thought this must be the work of Jaden. She jumped up and tried to punch Jaden, but before she could hit Jaden, Noel kicked her over to the ground.

Jaden swept Talia coolly for a moment, then turned his face to Noel and instructed, "Uncle, please help me tie her up!"

"Yes, Little Mr. Fitzgerald, I'll tie this bitch up right now!"

Like a trick, Noel took out a bundle of rope and tied Talia in a knot to a stake inside the room.

Talia, of course, did not want to be tied up here, so she tried to break the grip of the rope, but it was too strong and she could not break it with her little strength.

Now that this was the case, even if Talia was slow to react. She knew that Noel and the others had been turned by Jaden.

Talia was so anxious that she whimpered, just as the stinky sock was not tightly stuffed, she opened her mouth and the stinky sock actually fell out of her mouth.

With her mouth finally free, Talia angrily yelled at Noel, “Noel, you’re fooling me, aren’t you? You’ve already taken my five hundred thousand deposit, and now you’re bribed by this little brat, do you have any moral righteousness left?!”

“Moral righteousness?” Noel sneered, his scarred face looking extra fierce, “Talia, you dare to kidnap even Mr. Fitzgerald’s children, you got us fooled, and do you have moral righteousness?!”

“Mr. Fitzgerald’s children?” Talia was dumbfounded, in the large Arkpool City, there was only one person who could be called Mr. Fitzgerald.

But Jaden and Jayla were Freya and Seth’s children, how could they possibly be Mr. Fitzgerald’s children?!

Realizing something, Talia immediately gained her strength again, and she hurriedly shouted at Noel, “Noel, you’ve been tricked by these two little kids! They’re not Mr. Fitzgerald’s children at all! Their father’s name is Seth Levin!”

Seemingly worried that Noel and the others might not believe her, Talia continued, “Noel, I’m not lying to you! If I had lied to you, I would have been struck by thunder and lightning and would have died miserably! Noel, think about it, who is Mr. Fitzgerald? I am an actress, how dare I kidnap Mr. Fitzgerald’s children! Besides, look at the way these two kids are dressed, how could they possibly be the children of a rich family?”

Talia’s heart was tense to the extreme, if Noel didn’t side with her, not to mention becoming the lead actress in ‘Love Ring’, she would have difficulty even walking out of this gate today!

She had got a chance to turn it around, and she could not afford to lose it!

“Noel, I’m not lying to you, I know Mr. Fitzgerald’s girlfriend, Alisha is Mr. Fitzgerald’s girlfriend! They haven’t even gotten married yet, how could they have children! There are many people who look alike under the sky, they really aren’t Mr. Fitzgerald’s children! Two million! You guys help me kill them and I’ll add another two million!”

Hearing Talia’s words, Noel could not help but hesitate. Indeed, there were many people who looked alike under the sky, what if these two little kids were lying to them?

Noel secretly squeezed the fruit knife in his hand, as long as he killed these two brats, two million would be in his hand!

Chapter 214

Seeing that Noel was wavering, Talia said, "Noel, don't hesitate! I guarantee you with the lives of our whole family that these two kids really have nothing to do with Mr. Fitzgerald!"

"Bad woman, you're lying again!" Jayla pouted slightly with a discontented look on her face, "You obviously know that Mr. Fitzgerald is our daddy! You like our daddy and want to take our Mommy's place, that's why you had someone kidnap us!"

After saying this, Jayla turned her face to Noel and said, "Uncle, you can't be fooled by a bad woman! My daddy is so fierce, he will really eat people! If you guys dare to bully me and brother, daddy will really eat you!"

At a young age, Jayla already knew what it meant to be both soft and hard, after she had said this in a hard and firm manner, she returned to her soft and cute appearance, "But my daddy is not a person who can't distinguish between right and wrong, if you help us, he will definitely repay you properly!"

Hearing Jayla's words, Jaden shouted at Talia with a cold face, "Talia, give up this heart! Our daddy loves our Mommy very much, even if you kill Jayla and me, my daddy will not marry you, a bad woman!"

Originally, Noel had already believed in Talia's words, but now, after hearing Jaden and Jayla saying the Kierane thing, he was a bit confused as to who to believe.

Talia was even more confused, when did she want Mr. Fitzgerald to marry her? Mr. Fitzgerald was Alisha's man, how dare she covet him!

"Boss, it seems like there are really quite a few women who want to marry Mr. Fitzgerald, does Talia want to kill Mr. Fitzgerald's children so she can bring down the mother of the two to replace her position?"

Noel was hesitating when one of his men suddenly whispered in his ear.

Another man said, "I heard my girlfriend say a while ago that Mr. Fitzgerald has been popular among the women for years. And my girlfriend even wanted to have children with him. I think this Talia must also want to have children with Mr. Fitzgerald!"

A man who had been standing silently on the side also spoke up, "I think Little Mr. Fitzgerald and Little Miss Fitzgerald are Mr. Fitzgerald's children, nowadays so many rich people like to keep a low profile for fear of being robbed, Little Mr. Fitzgerald and Little Miss Fitzgerald must have worn the cheap clothes on purpose!" "

Hearing these words, Noel no longer had the slightest hesitation, he fiercely picked up the knife and put it against Talia's neck, "Talia, if you are unkind to me, don't blame me for being unrighteous! Today, you don't want me to help you harm Little Mr. Fitzgerald and Little Miss Fitzgerald again! Not only that, I will also help Little Mr. Fitzgerald and Little Miss Fitzgerald to get justice!"

Seeing that Noel was completely on his side, Jaden was relieved.

As if there was some kind of tacit understanding, Jayla knew that the phone call just now must have been made by Kieran to Talia, so that he could have time to think of a way to save himself and Jayla.

Fortunately, he did not fail his uncle's arrangement.

In his heart, Jaden was happy, he felt that he and his uncle were getting more and more tacit.

“Noel, shame on you! You let me go! Kill these two brats! They’re not Mr. Fitzgerald’s children! I’m really not lying to you!”

Without being able to stand the noisy woman, Noel gave a slap on her gave. She was just about to say something else, but the door to the room was violently pushed open.

Freya rushed in carrying a bag, and when she saw Jaden and Jayla standing peacefully in front of her, Freya’s eyes were sore and tears dripped down.

Seeing Freya, a ray of hope rose in Talia’s heart, and she shouted sternly at Freya, “Freya, who is the father of Jaden and Jayla?”

Talia’s palms were sweating, as long as Freya said that Jaden and Jayla were not Mr. Fitzgerald’s children, Noel and the others would still have to side with her, and then she would still be able to get Freya and Jaden and Jayla killed!

“Jaden, Jayla!”

Right now, Freya was not in the mood to pay attention to Talia. She took Jaden and Jayla into her arms tightly with one left and one right, “I’m sorry, I am late, you must be very scared! I’m sorry, it’s my fault for not protecting you guys!”

“Mommy, we’re fine.” Jaden and Jayla said in unison.

Jaden looked at Talia with some regret. He had, after all, wanted to abuse Talia, but he didn’t want Mommy to think he wasn’t a good boy, and now that Mommy had come over, he couldn’t abuse Talia to his heart’s content.

“Freya, tell Noel that Jaden and Jayla aren’t Mr. Fitzgerald’s kids!” Talia shouted, “Noel, you bunch of fools, you’ve been fooled by these two little kids!”

“Get Freya and these two brats! Kill them! If you kill them, I’ll give you everything I have!”

This time, Talia was really going out of her way. ‘Love Ring’ was her only chance to turn her life around, if Noel and the others insisted on siding with Jaden and the others, after Freya and the others left, they would definitely report her for kidnapping, and by then, she would definitely have to go to jail! She didn’t want to miss her big chance to play the female lead in Love Ring!

“Who do you want to get killed?!”

As Talia was just about to say something else, a cold voice rang out at the door of the room.

Noel and the others turned around sharply, only to see the reserved and peerless man, who was walking in through the doorway step by step.

The office in the abandoned factory was really shabby, and on the floor, there was a lot of dirty mud, and he stepped in through it, but it was like walking among the stars.

That kind of exaltation, that kind of nobility, made them look up.

“Mr. Fitzgerald?!”

Several disbelieving voices rang out in the air at the Kierane time. One of Noel’s men, who was influenced by his girlfriend and also admired Kieran in particular, couldn’t help but mutter excitedly, “This is really Mr. Fitzgerald! I can’t believe I’ve seen Mr. Fitzgerald!”

Talia’s pupils were also filled with shock as a thought quickly flashed through her mind, Jaden and Jayla couldn’t really be Mr. Fitzgerald’s children, could they?

Mr. Fitzgerald stood with Jaden, they were much alike.

Almost immediately, Talia dismissed the idea for Jaden looked like Seth as well, and Seth had already admitted that Jaden and Jayla were his children.

Thinking of something, Talia’s eyes suddenly shone brightly.

Mr. Fitzgerald loved Alisha deeply, he appeared here with Freya, it must be because Mr. Fitzgerald thought Freya was Alisha’s sister, so he would do Freya a favour.

If Kieran knew that she had kidnapped Jaden and Jayla because Alisha had given her the idea, and that Alisha was actually at odds with Freya, he would have sided with her and helped her deal with Freya and her children!

With that in mind, Talia said, “Mr. Fitzgerald, save me! I’m Alisha’s best friend! I arrested these two kids today because Alisha wanted me to!”

Chapter 215

Talia’s eyes turned, yes, she couldn’t ruin Alisha’s good image in Kieran’s mind.

“Mr. Fitzgerald, don’t misunderstand, Alisha would let me arrest these two brats, not because Alisha is ruthless, on the contrary, Alisha is the kindest person in this world! It’s Freya, it’s Freya who has harmed Alisha time and time again, Alisha was really forced to put up with it, and only then did she take action against Freya!”

“Mr. Fitzgerald, Freya is really too scary, she almost took Alisha’s life on several occasions, if it wasn’t for her life, Alisha would have been killed by Freya!”

“Mr. Fitzgerald, you really can’t help Freya bully me! You’re Alisha’s boyfriend and I’m Alisha’s best friend, we’re the ones who are on the Kierane boat!”

Hearing Talia’s words, Kieran’s eyebrows couldn’t help but frown.

His body already carried a cold aura of being above people and unattainable, and he frowned like adding to the cold and distant look of rejecting people.

Little did he know that the person who instructed Talia to kidnap the two little ones was Alisha.

Alisha, she was really getting restless!

Kieran’s eyes were as cold as sharp knives. Five years ago Alisha saved his life, otherwise, since Alisha had harmed Freya time and again, by now, Alisha would have been a cold corpse.

Because Alisha had saved his life, he would personally break Alisha's neck, but if Freya stomped Alisha to death, he would condone it.

"Mr. Fitzgerald, will you help me teach Freya and these two brats a lesson? If you teach Freya a lesson, Alisha will love you even more! You must want Alisha to love you even more too!" Talia glared fiercely at Freya and then said to Kieran.

Kieran's brows knitted even more, Talia had asked him to teach Freya a lesson? Even the brain-dead were smarter than her!

Before Kieran could have a fit, Freya only slapped Talia hard in the face.

Talia stared round in disbelief, "Freya, how dare you hit me?!"

Freya moved his wrist and threw another slap hard at the other side of Talia's face, "Talia, it's you I'm hitting!"

Talia kidnapped her children, and she just beat her, if anything really happened to the two little ones, she would have Talia killed by a thousand cuts!

"Freya, who are you to beat me up? You think that Mr. Fitzgerald will back you up?! Let me tell you, Mr. Fitzgerald will accompany you here only because of Alisha! Unfortunately, what Alisha hates most is this so-called sister!"

Talia's face trembled with pain as she gritted her teeth and turned her face to Kieran, "Mr. Fitzgerald, you have to help me get justice! I'm really Alisha's best friend, you can't condone Freya's bullying of me!"

Faced with Talia's aggrieved complaint, Kieran didn't even look at her, he carefully picked up Freya's hand and seeing the redness of her palm, he asked softly, "Does it hurt?"

Talia was so shocked that she almost stared her eyes out, given Mr. Fitzgerald's relationship with Alisha, shouldn't Mr. Fitzgerald help her out in this situation? How could he ask Freya if she was in pain?

At this moment, Mr. Fitzgerald seemed to care a lot about Freya, although Mr. Fitzgerald was Alisha's man, but she had never seen, Mr. Fitzgerald treat Alisha so tenderly.

In Talia's mind, an unbelievable thought suddenly popped up, could it be that the person that Mr. Fitzgerald really liked was actually Freya?

But how was this possible!

Freya was not even worthy to carry Alisha's shoes! Even if Mr. Fitzgerald was blind, he wouldn't like her!

Noel and a few of his men were no less shocked than Talia, they had never seen Kieran in person before, but the name of Mr. Fitzgerald was as loud as thunder.

In their opinion, Kieran must be a tyrant, treating women with all sorts of abuse, but they would never dare to think that underneath Mr. Fitzgerald's murderous determination, there was still such tenderness hidden.

Mr. Fitzgerald was so good to this woman, these two little kids were this woman's children, so they must be Mr. Fitzgerald's children too.

Noel and the others were incomparably grateful that Jaden had given them a chance to choose again, and they, too, had seized the opportunity with precision, otherwise, they would, by now, have been abused to death by Mr. Fitzgerald!

Kieran ignored the shock of the crowd, his voice continuing, "If your hand hurts, you can have Bradley do it for you."

As soon as Kieran's words left his mouth, Fabian rushed in with several black-clad bodyguards in tow, "Fitz, don't you need my help abusing her? My hands have been itching so badly lately!"

"If you want, this woman is yours." Kieran raised his eyelids and said in an unperturbed manner.

"Really?" Fabian was full of surprise as he walked up to Talia with a grim smile, "Not a bad body, just a bit ugly!"

What does it mean to be a bit ugly?

The most annoying thing to women was when people call them ugly. Talia forgot to be afraid, she was so angry that she simply wanted to question Fabian on what basis he called her ugly, but Fabian pinched her chin.

"Tsk, this face is so deformed from the hyaluronic acid! And this chin, it's cut like a cone, does it want to poke people to death? With such an ugly face, I can't really do anything else to her, so I can only play the Ten Great Tortures with her!"

Fabian shrugged Talia's face away in disgust, "Well, when you play with her, you have to cover your face first, or you will have nightmares at night!"

Talia was angry and aggrieved, and she complained to Kieran, "Mr. Fitzgerald, you can't just let others bully me! You are Alisha's boyfriend! You love Alisha so much and I'm her best friend, you can't leave me alone!"

Alisha's boyfriend again

Freya found this, in particular, harsh and she did not like to hear it.

Perhaps people are particularly bold when they are jealous. At this moment, she was even bold enough to wrap her arms around Kieran's neck, and kissed on his lips.

"Mr. Fitzgerald, she said you're Alisha's boyfriend! You tell her whose boyfriend you really are!"

Chapter 216

Freya's lips were really soft, when she took the initiative to kiss him, Kieran only felt like a feather swept from his lips, tickling, that kind of shallow taste let him want more.

He really wanted more.

But when he thought of others nearby, Kieran suppressed the urge.

Freya raised her face and looked at him, her face with a palpating aura, her look, obviously saying, Mr. Fitzgerald, if you dare to say you are not my boyfriend, I will fight with you.

He smiled and a soft fluttering in his chest; he actually, more than she, wanted to make their relationship public.

He was still upset that she had been hiding their relationship, but now, she had taken the initiative to admit his boyfriend status in front of so many people, how could he not admit it!

Kieran felt that he was truly possessed. Hearing Freya, he actually felt a sense of happiness.

“Of course I’m your boyfriend!”

Kieran’s eyebrows were smiling and his deep eyes were overflowing with inexorable doting, causing Freya’s chest to be like rattled with deer.

Freya’s face reddened and she hurriedly lowered her head to ease her abnormal heartbeat.

Before Freya could ease up from her shyness and excitement, she heard Jayla’s voice, “Mommy actually kissed Uncle

When Jayla thought of the fact that they had just lied to Noel that Kieran was their daddy, she hastily changed her words, “Mommy actually kissed daddy by force! Mommy is so brave!”

Freya did not hear others words of Jayla, the only words that echoed in her ears were ‘kissed by force’.

Was she being laughed at by Jayla, a little kid?

Freya swallowed, in the future, she must take the lead in front of Jaden and Jayla, and absolutely must not be compelled by Mr. Fitzgerald’s beauty to do something irrational again.

After hearing Jayla’s words, Kieran’s mood, however, was more soothing, and he looked deeply at Freya with his eyes and said, “Well, your mommy is indeed very brave!”

In fact, just now Jayla’s words were pure praise, and when Freya heard them, she was just a little bit unpleasant, but maybe her brain was too impure, from Kieran’s “brave”, she actually heard the taste of impurity.

It felt as if he was saying that she would be brave enough to have him.

Freya shook her head off that nonsense. She was afraid that Jaden and Jayla would be led astray by Kieran, so she gave him a fierce glare.

Well, the little wildcat was pissed off.

The smile in Kieran’s eyes deepened.

Noel and his men froze in place with their eyes wide open, was Mr. Fitzgerald smiling?

How could a man like Mr. Fitzgerald smile?

Noel and the others felt that everything today was a bit of a mystery.

Talia was directly dumbfounded after hearing Kieran's words, she couldn't believe that Kieran would admit that he was Freya's boyfriend.

Talia glared at Freya with hatred, yes, it must be Freya who had compelled Mr. Fitzgerald, the person Mr. Fitzgerald really loved was Alisha! As long as she could contact Alisha, she would be saved!

This thought had just flashed through Talia's mind and her mobile phone rang.

The caller ID was obviously Alisha.

It was just a pity that her body was tied up in knots and she could not answer Alisha's call.

"Put her on the phone!" Kieran ordered indifferently to his men.

At his command, a black-clad bodyguard hurriedly took Talia's mobile phone and put it to her ear, turning on speaker.

As soon as the call was answered, Alisha's voice, with obvious excitement and anxiety, rang through the air, "Talia, has Freya gone over yet? Don't wait, get rid of Jaden and Jayla first, later when Freya goes over, just get rid of her directly!"

"Alisha, I've been kidnapped! You have to come and save me!" Talia was so anxious that she was on the verge of tears, "Alisha, Mr. Fitzgerald is here, and he said he is Freya's boyfriend! What the hell is going on here? Did you have a fight with Mr. Fitzgerald?"

"Alisha, tell Mr. Fitzgerald that I did all this because you wanted me to, and you told Mr. Fitzgerald to let me go!"

After Talia said this, there was a brief silence on the other end of the phone.

It was a long, long time before Talia heard Alisha's voice again, "Talia, is Kieran at your place now?"

Talia was about to say that Kieran was right in front of her, but a bodyguard held a chilling Swiss Army knife to her throat and she could only change her story.

"Mr. Fitzgerald I don't know where Mr. Fitzgerald is now. But I know that it was Mr. Fitzgerald who had me arrested."

"Alisha, come and save me! You know what Mr. Fitzgerald will do, he won't spare me if I'm caught by him! Alisha, I don't want to die, please, please save me!" Not only did she not want to die, she also wanted to play the female number one in Quinn's film.

"Alisha, Mr. Fitzgerald has done so much for you, he is willing to help you, please beg him, for your sake, he will definitely let me go!"

Talia naively thought that she and Alisha were grasshoppers on a rope, that she had made things difficult for Freya time and again, and even this kidnapping was all at Alisha's behest, and that now that she was in distress, Alisha would do her utmost to save her.

Surprisingly, she waited for a long time, only to receive the words from Alisha, "Talia, I can't save you!"

"Alisha, what do you mean by that? You don't care about me, do you?!"

Hearing Alisha's words, Talia directly became anxious, "Alisha, you can't do this! Alisha, you must save me!"

"Talia, don't blame me, just blame, you're too stupid!" After saying this, Alisha directly hung up the phone.

"Alisha! Alisha!"

Talia was as lost as if she had lost her soul. She thought that Alisha truly treated her as a good friend, but now it seemed that Alisha was just using her.

She thought she was shrewd, but to her surprise, in the end, she was being used by Alisha!

Talia was trembling with hatred, she knew that Kieran would not let her go this time.

But if she could still get out in one piece, she must go and settle the score with Alisha.

She always thought that all her tragedies were due to Freya, but now she realized that it was Alisha who, step by step, pushed her to the brink of extinction.

After dealing with Talia, Kieran was just about to take Freya and the two little ones to his villa in Kelsington Bay, and Seth rushed in in a blaze of glory.

He hugged Freya so hard and so tightly that he almost wanted to merge his body inside Freya's.

"Boss, you're okay! It's great that you're okay! Boss, I was really scared that something might happen to you and the children. Boss, can you move in with me? I will take good care of you and the children, and from now on, our family will never be separated again!"

Chapter 217

It was from Eleanor's mouth that Seth learned about the two little ones being kidnapped. Later he asked Bradley, and he knew that Freya had rushed over to save the two little ones.

He didn't dare delay at all and raced all the way over here as well.

He had never been so scared before. Along the way, he thought of many possibilities, whether something happened to Freya, or Jaden or Jayla, he could not bear it.

Although Jaden and Jayla were not his own children, he truly loved them as if they were his own son and daughter. After some time of getting along with them, he cared much about the kids.

Outside the factory, he dare not move forward. He was afraid that if he pushed open the door in front of him, he would be confronted by a cold corpse. Luckily, they were all fine.

Hugging Freya with all his might, Seth had an urge to cry with joy, not wanting to let go, he just wanted to hold her so hard and never let go again.

He was careless before, he didn't protect the two little ones properly, from now on, he would keep Freya and the two little ones under his nose, no one would dare to bully his beloved.

"Boss, let's take the children home, shall we?"

Seth looked at the beloved girl in his arms.

His eyes, hot, and his heart, hot, how he loved her so much!

He liked her more than he liked his own life.

Looking at Freya's slightly open lips, Seth suddenly especially wanted to kiss her, he seemed, never had the courage to kiss the boss once, this time, he wanted, in the most passionate way, to kiss her, to transmit his fiery love to her heart.

Seth bent his face down. As he was just about to gather the courage to give the girl he loved so much a heartfelt kiss, his body, uncontrollably, fell backwards.

Kieran clapped his hands as he gave Seth a cool look, then declared ownership and tightly embraced Freya into his arms.

"Freya, let's go back."

Of course Seth was not willing to just watch the girl he loved most being snatched away by Kieran. He couldn't care less about the pain in his body as he struggled to get up from the ground and rushed to Kieran and Freya.

When he was a child, he was afraid of Kieran, and now that he had grown up, he was still very, very afraid of Kieran.

But it was only manly to be brave in front of the girl he loved.

Seth raised his head incomparably bravely and said word for word to Kieran, "Uncle, I won't let you take boss away!"

After saying this, he turned his face to look at Freya again and said, "Boss, can you come with me? My uncle is not suitable for you, the babies want a complete family, can't you give me another chance for the sake of the babies?"

"Sethy, I'm sorry, I"

Some words really hurt when spoken, but if left unsaid, they would make him suffer even more.

Freya did not like the idea of being in love with Kieran on one side and greedily enjoying the love and warmth of another man.

She gave Seth an apologetic look, "Sethy, I'm really sorry, I just think of you as a good friend."

"Boss, I told you, I don't want your sorry!"

Seth excitedly grabbed Freya's hand, "Boss, the fact that you're willing to treat me as a good friend proves that you actually don't reject me, since you don't reject me, you should try to accept me, okay?"

"Boss, anything you don't like about me, I can change. Really, I can change them all. Boss, I also know that there are many, many flaws in me, but I promise you that I will try to become better and better, as good as my uncle."

Seth's voice, with an almost humble begging, "Boss, can't you just like me for once?"

“Sethy, I’m sorry.” Freya paused and then said, “I actually like you too, but it’s not the Kierane as the likes between men and women, I

“There’s nothing different!” Without waiting for Freya to finish, Seth had already cut her voice off in excitement.

“Boss, believe me, I like you more than my uncle, boss, give me a chance, okay?”

“Sethy, I’m already with Mr. Fitzgerald.” Freya was silent for a moment before finally saying the words.

Seth stood still, he looked at Freya in a daze, he felt ridiculous to the extreme, he was like a willful child who kept coveting toys that did not belong to him.

No, not a toy, but the most precious of treasures.

The two little ones were children of his uncle, who was married to Freya five years ago.

Now, Freya had fallen in love with her uncle again.

All this was destined to happen.

If such a destiny were to happen to him, it would be a supreme joy, but if it were to happen to the woman you love most and to another man, it would be a pain and grief that would be engraved in his bones.

Seth knew that what he should do now was to tell Freya and Kieran the truth about their identities and let go of them, but he couldn’t do it.

He was now, as if a poisonous snake had crawled into his heart, making his heart hideously twisted and disfigured.

The thought of him no longer being able to hold Freya’s hand, the thought of him having to call the woman he loved most his aunt, hurt so much that he couldn’t breathe.

Since he could do it with a straight face and let go, let him continue to be a bad-hearted thief.

Continue to hog the identity of the biological father of the two little ones, to steal that happiness that should never have belonged to him in the first place.

“Boss, even if you’ve been with my uncle, I don’t care!”

Seth stubbornly clutched Freya’s hand, his eyes, covered in desperate red blood, he looked at Freya with a lone voice, “Boss, I don’t care!”

“Sethy, let go!”

Seeing that Seth was still clutching Freya’s hand in a deadly grip, Kieran ordered in a cold voice.

Seth was like a paranoid child, he roared with red eyes, “I won’t let go! Uncle, you promised me, you said that you wouldn’t steal boss from me! Uncle, you didn’t keep your word!”

“Seth, let go!”

Kieran ordered once more, “Let go!”

Seth still murmured and repeated the words, “You promised me not to steal her from me, you promised me

“Seth, I didn’t steal her from you, Freya was already mine!”

Hearing these words from Kieran, Seth couldn’t help but think of that red-colored marriage certificate again, and for a moment, Seth lost all his strength.

He let go of Freya’s hand in dismay, and would have fallen to the ground if the two little ones had not held him together.

Eleanor, who came in afterwards, witnessed almost the entire process, and she looked at Kieran incredulously, “Kieran, you’re really with Freya?”

Chapter 218

When he met Eleanor’s shocked eyes, Freya had the embarrassment of a schoolboy caught in early love by his parents.

Eleanor, who was not only Seth’s mother, but also Kieran’s sister.

She must have thought that she was a woman with an incredibly messy private life, having children with her son and hooking up with her brother.

“Kieran, Freya is the mother of Jaden and Jayla, how can you be with Freya! Freya and Seth are going to get married!”

In Eleanor’s view, Freya and Seth had already had a pair of children, and their family, for sure, was going to be together, so she could not understand her brother’s behaviour.

Eleanor was not an ill-informed person, and she would not censure her brother for the sake of her son, but she just felt that it was immoral for Kieran to be with Freya.

Kieran had already known that Jaden and Jayla were Freya and Seth’s children. He shouldn’t have gotten entangled with Freya, how could her brother, who was always sensible and calm, do such a thing!

Eleanor’s voice continued, “Kieran, you can’t do such a thing! You’re explicitly stealing woman from Seth! You’re breaking up Seth’s family, this is no different from a paramour! How can my brother, be a paramour!”

And to top it all off, being her own son’s mistress!

Paramour?

Freya only froze, Eleanor actually said that Mr. Fitzgerald was the paramour?

She didn’t want him to be misunderstood, let alone to bear the name of paramour.

Freya cleared her throat, intending to explain for Kieran.

When she opened her mouth, Freya did not know whether to call Eleanor aunt or sister.

It was true that she and Kieran were in a messy relationship together, but so what! Since she had decided to hold his hand, she would not let go of it easily.

It was she who took the initiative to confess her love to Mr. Fitzgerald, she would not give up.

After a moment of contemplation, Freya still intended to call Eleanor's sister, after all, it was impossible for her to call her boyfriend's sister an aunt.

"Sister, you misunderstood Mr. Fitzgerald, Mr. Fitzgerald didn't steal me from Sethy, it was me who liked Mr. Fitzgerald and I took the initiative to confess my love to Mr. Fitzgerald."

Eleanor still had some difficulty accepting the relationship between Freya and Kieran, "How can you be with your own elder generation! Freya, I like you, but I hope you can think clearly, Kieran is not someone you can join hands with for the rest of your life, he is your uncle!"

"Sister, I'm sorry, I'm just afraid I'm going to let you down, I want to be with Mr. Fitzgerald forever." Freya met Eleanor's gaze and said word by word.

Kieran clutched Freya's hand tighter. Was this woman trying to protect him? She was always able to surprise him.

Eleanor didn't blame Freya, she just couldn't understand Freya's choice. She admitted that Kieran was really good, but her precious son was not bad either! She didn't understand why Freya didn't want to be with her own son!

Wasn't it good to have a family reunion?

"Freya, have you been brainwashed by Kieran! Jaden and Jayla surely both want to have a complete family." Eleanor rubbed her head and said somewhat helplessly.

"Sister, Mr. Fitzgerald didn't brainwash me, I really like him, I really have decided that I want to be with him." Freya said word by word, firmly.

When she didn't accept Kieran, she would run away from her own feelings, but now that she had decided to accept them, she would not give herself any reason to back out.

Hearing Freya's words, Eleanor's head hurt more, and she gave Kieran a reproachful look, "Kieran, how on earth did you lie to Freya?"

"Sis, I didn't lie to her, every promise I made to her came from the bottom of my heart." After a pause, Kieran then said with unparalleled certainty to Eleanor, "Sis, I will not let go."

Eleanor knew her brother's temperament best, and since he had said he would not let go, no matter what she said, there was nothing to stop him from being with Freya.

Eleanor gave Seth a worried glance, she originally thought that, by mistake, Freya had given birth to her son's children, and her son's years of crush could finally come to fruition, but to her surprise, among the three, it was still her son who had to be the most despondent.

Eleanor loved her son, and she loved her brother even more.

If Kieran and Freya truly loved each other, she would have given her blessing even if Freya had given birth with Seth.

She was not an old-fashioned person, on the contrary, she was new-minded and open-minded, and she was able to accept many feelings.

However, the relationship between Freya and Kieran was something she could accept, but her mother would not understand.

Not to mention that Freya had children with Seth, even if Freya was childless, there was no way her mother, Patricia, would accept Freya as her daughter-in-law.

There was only one person that Patricia could accept as her daughter-in-law, Regina.

In fact, Eleanor didn't understand why her mother was so determined. Maybe everyone had some obsessions in their hearts, just like, Seth's obsession was Freya, and her mother's obsession was that she must have Regina as her daughter-in-law.

The more she thought about it, the more headache she got. Eleanor didn't want to continue to interfere in the matters between Freya, Kieran and Seth, she hugged Jaden and Jayla, "Jaden, Jayla, you're all fine! I was scared to death, I thought I had lost you!"

When she thought of what happened today, Eleanor was still scared. After she woke up in the hospital, she really felt like the sky was falling, but fortunately, her precious grandchildren were still fine.

Eleanor kissed Jaden's little face and then Jayla's. For The love-hate tangle between those three, she didn't want to worry about it! As long as her precious grandchildren were well, she would be satisfied.

Seth was still unwilling to let go of her, but he could not snatch her from Kieran, and Freya was eventually taken away by Kieran.

Freya almost lost the two little ones. She had wanted to take the day off to spend more time with them, but Eleanor wouldn't let go of them and insisted on spending time with her precious grandchildren, so Freya couldn't bear to break Eleanor's heart and had to let Jaden and Jayla go to stay with Eleanor for another day.

After this incident, Kieran arranged several bodyguards to secretly protect Jaden and Jayla. If it were before, Freya would not have wanted to bother Kieran in this way, but after this incident, she had no objection to Kieran's arrangement.

There was nothing more important than the safety of her two little ones and she should not have to go through the panic of almost losing them like she did today.

Alisha had been having trouble with her, and Freya was not about to just sit back and wait for it to happen. Before she could start fighting back, something unexpected happened on the set this afternoon.

Chapter 219

As the crew still had quite a lot of work to do in the afternoon, after leaving this abandoned factory, Freya went straight back to the set.

In the morning, Nelly and Elisa failed to trap Freya, the two of them stopped for the afternoon, Freya had a rare moment of leisure and was so productive that she herself was a bit shocked.

When Freya went to the set in the afternoon, she was late. She thought that she would have to work overtime tonight to finish the work at hand, but she didn't expect that she would have almost finished the rest of her work before the end of the afternoon.

Catherine had always taken quite good care of her, and when she saw that Freya had finished the work at hand, she said Freya could go back first.

Freya packed up her things and as she was just about to leave, Talia rushed into the set with a pair of red eyes.

Freya only froze, wasn't Talia sent to the police station by Kieran's men, how could she still run out?

Seeing that Talia was getting closer and closer to her, Freya was instantly on her guard. She felt that Talia must have come to the set because she had not succeeded in killing Freya and was upset and wanted to fight with her.

"Freya, get your ass out here!"

In Talia's eyes, there was an inexorable hatred that could not be dissolved, and the look on her face seemed to be that she could not eat Freya alive.

In Talia's hand, she was holding a beer bottle, but Freya knew that inside this beer bottle, it was definitely not beer.

Thinking about the last time she was in the hospital, she was almost poured with acid by a strange man, Freya's heart trembled violently, her instinct told her that the liquid inside Talia's beer bottle was most likely acid!

"Talia, you've been fired from our crew, who allowed you in!"

Seeing Talia's aggressive look, Catherine was incomparably upset, and without waiting for Freya to say anything, she had already given her expulsion order, "Talia, please leave here immediately, otherwise, I will call the police now!"

"Catherine, calm down, what if Talia really wants something from Freya?" Alisha said to Catherine as she got out of the car with a smile on her face after finishing her make-up.

Just now, Talia took the initiative to give her a call. Talia said that someone had bailed her out from inside the police station, but her acting career might be completely ruined.

And it is all thanked to Freya that she had become so miserable.

Talia said that she would go to the set in the afternoon and throw acid on Freya's face to turn her into a disgusting and ugly monster, and she hoped that Alisha would help her out then so that she could get her revenge without any problems.

Alisha glanced at the beer bottle in Talia's hand, she smiled with arched eyebrows, how could she not help with such a beautiful thing!

Catherine really didn't believe what Alisha said, but since Alisha had the highest status in the crew, Catherine couldn't disrespect her, so she gave Talia a wary look, "Talia, if you have anything to say, say it quickly! Dr. Stahler is very busy and didn't have time to fool around with you here!"

Seeing that Catherine was no longer stopping, Talia took the beer bottle in her hand and rushed straight towards Freya's direction.

Freya had wanted to stay away from Talia, the madman, but Talia had found her, and she couldn't completely treat her as if she were air.

Elisa and Nelly seemed to know the purpose of Talia's visit today, as they looked at Freya with a smile and a gloating look.

Freya withdrew her eyes from the beer bottle in Talia's hand, "Talia, what do you want from me?"

"Freya, you've put me through hell!"

Talia's eyes were streaked with red blood, looking extraordinarily horrible, "Although I wasn't much hot in the entertainment industry, I had a great future, but after I met you, everything I had was ruined! Freya, I'm completely ruined!"

"Originally, I could have been the leading lady in Quinn's film, but just now, Quinn told me that what happened to me today was known to him and he didn't need me anymore. He kicked me out! I've been kicked out!"

Speaking of this, Talia's tears rolled down uncontrollably, "Freya, do you know how hard I feel inside! The viper incident, coupled with the indecent photos, my career has completely fallen to the bottom, the leading role in Love Ring was my only chance to turn around, but now, I have no chance at all!"

"Freya, I can't turn over, I can't turn over anymore!" Talia's tears were flowing more and more, "And I will become like this, all because of you!"

"Talia, the fact that you have become like this has nothing to do with me." Freya looked at Talia and said word by word, "Talia, if from the beginning, you had been able to get along with me and not to offend me, instead of harming me time and time again, you wouldn't have come to this point."

"Talia, wake up, you're still young, even if you can't act in the future, you can still live well."

"Freya, shut up! I can only act! My dream is to act! If I can't act anymore, I can't live!" Talia roared at the top of her lungs, "Freya, I can't live!"

Seeing that Talia was becoming more and more agitated, Catherine couldn't help but feel worried. She had experienced so many things in the entertainment industry and naturally knew that what was inside the beer bottle in Talia's hand was definitely not something good.

After thinking about it, she decided to ask the security guards to blow Talia out.

Seeing the security guards coming over, Talia became even more agitated as she waved the beer bottle in her hand and shouted at Alisha, "Alisha, save me! Save me! You told me to come here today, you promised to help me, you must help me!"

Alisha was stunned, how could she have ever imagined that Talia, this fool, would pull her down in front of so many people?

Alisha was now conflicted to the core in her mind, she wanted to make Talia disappear quickly to save herself from continuing to say some inexplicable things.

But on the other hand, she didn't want Talia to disappear because she wanted to see Talia pouring Freya face acid.

Alisha thought for a moment, she still put on a righteous face, "Talia, what are you talking about! You've already been fired from the production, how could I possibly let you come here! Talia, calm down, once something has happened, it can never be undone."

"I can't calm down!"

Talia violently broke away from the security guards who tried to stop her. The bottle in her hand contained an unknown liquid, and the guards did not dare to act rashly and risk their own lives, they just watched Talia vigilantly and tried not to make a big deal out of it.

"Freya, you've caused me to lose everything, you've caused me to never live in the sunlight again, and I'm going to make you a street rat that everyone will shout at!"

"Freya, you've ruined my life, I'll ruin your face! I'll ruin you!"

After saying this, Talia, with all her strength, viciously poured the acid at Freya's face.

Chapter 220

Kyle once thought that Freya was his favoured masochistic physique, but in fact, it was not truth.

Freya had been prepared for this, and she certainly did not want to be splashed with the acid from the beer bottle in Talia's hand.

She backed up quickly, keeping a relatively safe distance from Talia.

But she knew in her heart that even if she was fast, she would not be able to match the speed of the liquid splashing around. Even her face could avoid it, her body would get it more or less.

Just when Freya thought that Talia would throw the acid on her, Talia suddenly and violently turned around and threw the acid towards the face of Alisha, who was standing opposite her.

No one was expecting such a sudden turn of events and they were all taken aback.

Alisha was also shocked by the situation, but Alisha's reaction speed was still quite fast, and almost immediately, she grabbed Linda violently, so that Linda was in front of her.

Linda and Alisha were indeed grasshoppers on the same rope. Because of the interests, Linda was considered loyal to Alisha, but this so-called loyalty has not yet reached the point where she would do anything for Alisha.

"Alisha, what are you doing! Get off me!"

Linda screamed out loud, "No! No!"

But no matter how loud she shouted, the acid from the beer bottle in Talia's hand still splashed Linda's face hard.

Although Linda was in front of Alisha, several drops of acid still splashed onto the back of Alisha's hand.

The feeling of her skin being corroded by the acid really hurt, but more than anything else, Alisha was glad that she had reacted quickly enough to push out Linda as a scapegoat.

A little medicine on her hands would hardly leave a scar, but if the acid had been thrown on her face, her future would have been ruined.

Yes, just now Talia yelled and screamed accusations at Freya, just to confuse Alisha, she splashed Alisha with acid with good precision.

She just didn't expect that she would still fail.

She had underestimated the ruthlessness of Alisha.

In fact, from the time she received the call from Alisha at that crappy factory, Talia didn't hate Freya that much anymore.

Initially at first, she did think that she owed all her tragedies to Freya, and after receiving that phone call from Alisha, she realized that she was being used by Alisha.

Alisha called her stupid, and she was. She had done so many things against her conscience for the so-called benefits that Alisha had promised her, but in the end, she was still discarded by Alisha as a pawn!

If that call from Alisha made Talia hate Alisha, then that call from Quinn later made Talia hate Alisha to death.

Kieran's men, on the way, let Talia go, and at that time, Talia received a call from Quinn.

Quinn said that she was not needed for the female lead in Love Ring.

Hearing Quinn's words, Talia was struck by lightning, and she subconsciously pursued the question of why Quinn had abandoned her.

Quinn laughed with mockery as he asked her rhetorically why he didn't use her, didn't she have an idea in her own mind?

Later, from Quinn's mouth, she learned that Quinn would abandon her because Alisha had told Quinn about her kidnapping of Freya and Jaden and Jayla.

Quinn said that he could use a tainted artist, but he would not use a kidnapper.

Quinn also told her that Alisha would be the female lead in Love Ring.

After hanging up the phone, Talia hated so much that her teeth were chattering. She thought that it was already the limit for Alisha to use her, but she did not expect that Alisha would do this behind her back.

This was her only chance to turn her life around!

Of course, what Talia would never know was that this call from Quinn was arranged by Kieran on purpose.

Kieran would not kill Alisha with his own hands, but it did not mean that he would simply indulge Alisha.

“Ahhhhhhh!!!”

Linda howled like a pig, “Help me! My face! My face!”

By this time, Talia had already been restrained by the security guards. Talia looked at Linda, whose face was miserable, and suddenly smiled.

She wore a bitter and self-deprecating smile. She knew that Linda had done a lot of shameless things for Alisha, and she thought that Linda was the person Alisha trusted the most, and could even be said to be her best friend, but she did not expect that Alisha would still push Linda out without hesitation as soon as she encountered danger.

Alisha was really mean!

She was glad that she was able to see through Alisha’s true colours, but regretted that she was played by Alisha.

As Talia was being forcibly escorted to the police station by the security guards, she couldn’t help but turn her face and look at Elisa and Nelly.

She knew that they were heartened by the benefits Alisha had promised them, they were still, now, working for Alisha.

Elisa, Nelly, do you think Alisha can give you benefits?

Elisa, Nelly, Alisha is not a good woman, she is a poisonous snake, sooner or later, you will be bitten to death by her!

The moment she closed the car door, Talia looked deeply at Freya as she whispered to her, “Freya, I’m sorry.”

Sorry she did so many shameful things for her own selfish reasons, and that she almost got her children killed.

Originally, Talia still felt that going to jail or something was a really scary thing, but at the moment when Alisha pushed Linda in front of her and blocked the acid for her, she suddenly felt that prison, all of them, was cleaner than the showbiz world of fame and fortune.

Talia’s tears slowly flowed down from the corners of her eyes. When she first stepped into the entertainment industry, it was really for her dream, she wanted to be a real actress like Audrey Hepburn, however later on, her dream was all gone.

Talia wiped away the tears at the corners of her eyes. If she could do it all over again, she would definitely not sleep with someone, nor would she try to please some people for the sake of fame, but rather hone her acting skills, even if she had been a minor supporting actor, it would be better than now that she was all dirty!

Unfortunately, there was never a chance to do it all over again. One wrong step and she lost everything!

Freya stood in a daze, listening to Linda's hysterical screams, and she did not come back to her senses for a long time.

How could she not have imagined that the person Talia really wanted to hurt was not her, but Alisha!

And Alisha, how cruel of her to introduce Linda as a scapegoat!

"My face! My face!" Linda was still crying out, "Help! I don't want to be disfigured, I don't want to be disfigured! Help me! Help me!"

When such an incident happened to the crew, Catherine, Perry and several other leaders of the crew were also worried. They rushed to call the emergency services. Catherine glanced at Linda's face with some regret, just afraid, even if the ambulance came, Linda's face was still ruined.

Lucy, who had been sitting on the sidelines watching coldly, took a look at Linda's face, and she suddenly spoke up, "If I'm not mistaken, Linda would get a faceful of acid thrown on her, and it was Alisha who pushed her out. Was Alisha doing that considered intentional injury?"
