

Talented 231

Chapter 231

Freya was quite speechless at the clerk's behaviour. She knew that the clerk was treating her so badly because the clothes she was wearing did not look like she was rich.

However, when one buys clothes, it is enough to be comfortable in them, there is no need to buy a brand that is as high as it is in order to cater to the snobbery of others.

The clerk stopped in front of Freya, so she couldn't go and get the bag she had her eye on. She turned around and went for a shoulder bag with a longer strap behind her.

The bag that Freya had taken had a long strap, and Freya took one look at it and adjusted the strap to its longest length; she carried it on her shoulder and the bag was almost up to her knees.

Ignoring the disdain in the clerk's eyes, Freya glanced at the bag she was wearing in the mirror and then asked the clerk as if for advice, "How do you think of this one?"

The clerk looked at Freya with a look of disdain.

What a rustic, how could a shoulder bag be carried so low! How dare she come to their shop to buy bags?

The clerk rolled her eyes at Freya with her chin held high and said reluctantly to Freya, "It's too low!"

Freya was not angry at the clerk's attitude, but smiled elegantly and graciously, "Well, it turns out that the dog's eye is not only low on people, but also on bags! I won't buy it!"

After saying this, Freya put the bag back on the shelf, stepped on her sneakers, and took off.

"Well, she's indeed looking down on people, I won't buy it either!" A lady wearing a Chanel's latest model noticed the situation, and she put down the bag worthy more than half a million and walked out of the shop arrogantly.

The clerk had never imagined that not only had she failed to embarrass Freya, but she had also been taunted by her, and now, with such a big customer gone from the shop, she was so regretted.

Elisa and Nelly did not expect that they would not only fail to humiliate Freya, but also let her put on a show, so naturally they were not willing to let Freya leave just like that.

Elisa and Nelly glanced at each other, and the two of them immediately discussed the plan quite tacitly.

Elisa pointed to the bag that Freya had first seen when she entered the shop and could not stop exclaiming, "What's going on? Why is there such a big slit on this bag?"

Nelly was afraid that everyone wouldn't notice the movement on their side, she exclaimed with a shocked expression, "Isn't this the bag that Freya was just looking at? It is okay she can't afford the bag, why did she put such a big slit on it?"

Hearing Elisa and Nelly's voices, the clerk rushed over and when she saw the ten-centimetre-long slit on the bag, she immediately paled.

This bag, a limited edition model in the shop, was priced at 888,800. Now that something had gone so wrong with this bag, she could not afford to pay for it even if she was sold!

“Yeah, this seems to be the same bag Freya took! It’s so shameless, she can’t afford the bag so she ruined it, how can she do that!” Elisa took a glance at the cut on that bag and looked regretful, “What a pity, such a nice looking bag, it’s so heartbreaking to have it ruined!”

“That’s right, not only does my heart hurt, my liver hurts!” Nelly said exaggeratedly, clutching her clothes.

“Are you guys sure this bag was cut by that woman just now?” The clerk asked with a pale face and a trembling voice towards Elisa and Nelly.

“Of course I’m sure!” Elisa paused and then said, “She was the only one who took the bag just now, if she didn’t cut it, who did? She broke such an expensive bag, you can’t just let her go! You have to make her pay double!”

“Yes, pay double!” Nelly chimed in.

The clerk pondered for a moment and then made her decision.

She couldn’t afford to pay for this bag. Moreover, the shop’s surveillance was broken today, and it would be difficult to find out who had ruined this bag. So, whether it was Freya who broke it or not, she would put the blame on Freya.

She knew that Freya must not be able to afford to pay for it either, but it was better to make others feel bad than to make herself feel bad, wasn’t it?

That clerk told the manager about this matter, because the price of this bag was very high, the manager also attached great importance to it. The manager made a phone call to have the mall’s security guards arrested Freya.

Freya did not expect that she would be caught back in this shop.

Looking at Elisa holding the ruined bag with righteous indignation, Freya had the feeling that he could get slandered.

Sometimes, Freya really felt that some people in this world were really quite boring, she didn’t want to deal with them at all, but they still had to be demons in her life. Not to give her some trouble, they were not happy at heart.

Freya withdrew her eyes from that bag, having been set up time and time again, she felt she was now okay with that.

Compared to that clerk Yanis’s arrogance, the manager of this shop, Ada’s attitude was still mild, however, after listening to Elisa, Nelly and Yanis, she had already decided that it was Freya who had ruined this limited edition bag.

Ada looked at Freya and felt she was good looking, but with this outfit, she did not look like he could afford to buy a bag from their shop.

However, in the spirit of customer is God, Ada still said rather politely to Freya, “Miss Stahler, right?”

Seeing Freya nod, Ada then said, “Miss Stahler, just now our shop staff and customers saw you destroy our shop’s bag, I think, next, we should discuss compensation matters.”

Ada nodded to Yanis, who was standing behind her, and Yanis understood and brought the ruined bag over.

Yanis raised her eyebrows, looking at Freya with distain, “Ada, this bag was fine just now! After she touched this bag, something went wrong with it! This bag must have been ruined by her!”

“Yes, we can testify that this bag was deliberately cut by Freya!” Nelly said as she stepped forward and looked at Freya rather smugly.

“Well, I can testify to that too.” Elisa took off her sunglasses, and at the thought of Freya making a public spectacle of herself later and being forced to pay back the money, she hurriedly sent a message to Alisha as if offering her treasure.

“They look a bit familiar. Are they stars?”

“Yes, I recognise them, the one in front, I think her name is Elisa, she’s been in quite a few dramas. The one in the back, she’s also been in dramas!”

“Surely a star can’t lie! This person is so shameless! If she can’t afford a bag, then don’t buy it, why ruin the bag in someone’s shop!”

.....

When Ada saw that the people around her were on the side of their shop, she felt more confident.

She glanced at the price tag on the bag, “Miss Stahler, the original price of this bag is 888,800, I’ll give you the change off and make it 880,000, if you promise to pay for it, we’ll settle privately, otherwise, I’ll call the police now!”

Chapter 232

Ada had wanted to save face for Freya and negotiate the matter properly, but just now, she received a message from Alisha.

Alisha said that she would take this opportunity to teach Freya a good lesson and hoped that she would help her.

Ada and Alisha were really not that close, they had only crossed paths before and left contact information with each other!

But Alisha was Mr. Fitzgerald’s woman!

Many of the staff below the Fitzgerald Group felt that Alisha would be their future boss’ wife, and Ada also firmly believed so. Since she needed help, Ada would surely offer help.

Ada had been in the workplace for so many years, and based on Elisa, Nelly, and Yanis’ words, she concluded that Freya destroyed the bag, it was arbitrary, and it was not fair to Freya.

But there was no fairness in this world!

Freya had offended Alisha, and today she could only admit her own bad luck!

She was stupid to help prove Freya's innocence and offend their future boss' wife!

Thinking so, Ada's voice became colder, "Miss Stahler, have you decided to pay compensation or hand it over to the police for disposal?"

"Call the police!" On Freya's face, there was no hint of panic, "If I explain anyway, you won't believe my innocence, so why not leave it to the police!"

Ada did not expect Freya to be so crisp and decisive in choosing to call the police in any way.

In fact, she wanted to help Alisha give Freya some hard time, if she really reported to the police, they couldn't get any solid evidence, and they couldn't continue to accuse Freya.

"Miss Stahler, think carefully, if this matter is left to the police, this will not be good for your reputation!" Ada paused and then said, "If you can't afford this money, you can take out a loan, or pay it back in installments, there's no need to lose your future because of this money!"

"I'm not the one who destroyed the bag! Even if it is reported to the police, what does it have to do with my future?"

Freya glanced at Elisa and Nelly next to her, "The one who should really be worried is the one who did the work to destroy this bag!"

Seeing that Freya was staring at her with intent, Elisa's face could not help but look bad, "Freya, what do you mean by that? Are you trying to deny it? We all saw it just now, you used a knife to cut this bag!"

"Yes, we all saw it! Freya, we can all testify to what happened today, don't you dare try to cheat!" Nelly put on her sunglasses and had a superior look.

Being so accused, Freya's face had not the slightest bit of panic, "Elisa, Nelly, are you guys kidding? If I really wanted to ruin this bag, would I be stupid enough to let you guys see it?"

Freya's words blocked Nelly and Elisa from speaking for a moment, and Yanis was the first to react, she looked at Freya with contempt, "Of course you don't want us to see it! It's just that you're unlucky enough to be seen by us anyway!"

Ada came back to her senses and hurriedly said to Freya, "Miss Stahler, if only one person saw you destroying our bag, there is still the possibility that it was a mistake, now there are three people who saw it, is that still a mistake?"

"Miss Stahler, I don't want to embarrass you, and I hope you won't embarrass us either, let's negotiate about compensation, shall we?"

Freya sneered, "Sorry, I'm not in the habit of being taking blame, I really won't agree with the compensation."

“Leave it to the police! To be honest, I didn’t even touch the bag, how could I have destroyed it? The police aren’t stupid, the bag doesn’t even have my fingerprints on it, and there’s no way they could have framed me. Call the police now, I’m still expecting them to prove my innocence!”

Hearing Freya’s words, Elisa and Nelly’s faces became white. Indeed, the shop’s surveillance was broken today, and if the police really wanted to investigate this matter, the fingerprints on the bag were the key to solving the case.

The bag was the latest model in the shop and had just arrived in the afternoon. Not many people had touched it and it wasn’t really difficult to use the fingerprint to identify the person who had destroyed it.

Elisa’s fingertips shook uncontrollably, there were no Freya’s fingerprints on this bag, but there were hers! If the police really found her out, she would be a disgrace!

Elisa really wanted to wipe the bag with a wet wipe, but there were so many people around now, so if she rushed to wipe the bag, wouldn’t it just confirm that she had framed Freya!

Elisa’s brain was spinning fast, “Freya, fingerprints don’t mean anything! Who knows if you were wearing gloves when you just destroyed the bag! Freya, please stop your sophistry, when you do something wrong, you should remedy it! We all hope that you will pay for the damage to the shop!”

“Excuse me, everyone!”

As soon as Elisa’s words left her mouth, Alisha pushed her way through the crowd and walked up to Ada.

She looked at Ada with an apologetic face, “Ada, I’m really sorry. Did my sister Freya destroy the bag in the shop? How much is it? I’ll pay you back now!”

The poisonous snake incident a while ago had many people questioning Alisha’s so-called sisterly love for Freya, which was just for show. Alisha wanted to take advantage of this incident to beautify her image and step on Freya, killing two birds with one stone.

Hearing Alisha’s words, Freya was amused.

When people are shameless, they really are invincible.

She and Alisha had already fallen off, how could Alisha still have the cheek to call her sister!

While Alisha was saying this, her assistant started recording the video, waiting for it to be edited and posted online later so that everyone could see what a great sister Alisha was!

Alisha’s national popularity was so high that the scene exploded when she appeared.

“Movie Queen Alisha! It’s really Movie Queen Alisha! Movie Queen Alisha looks even better in person than on TV!”

“Movie Queen Alisha is so nice to her sister! If I could have a sister as nice as Movie Queen Alisha, I could wake up laughing in my dreams!”

“But her sister is a disgrace, deliberately destroying the shop’s merchandise, no sense of public decency at all!”

“Yeah, it’s a disgrace! If I had a sister like that, I would have slapped her to death! Help her pay for it? Dream on!”

.....

“Please stop accusing my sister! She is not feeling well, that’s why she did such a thing!” Alisha clutched Freya’s hand and shielded her behind her, “She really didn’t mean it, please give her a chance to correct herself!”

Being clutched by Alisha like this, Freya’s heart was in a panic, and with the force of her hand, she flung Alisha away.

This was just as Alisha wanted it to be. Alisha stumbled and would have fallen to the ground if Elisa had not held her up.

Elisa looked distressed, “Alisha, she doesn’t appreciate it, so stop defending her! Yes, she was unwell before she destroyed the shop’s bags, would she be unwell if she wasn’t high on drugs all day?!”

High on drugs?

Hearing Elisa’s words, many people at the scene instantly turned pale.

Not only did Freya deliberately destroy the shop’s bags, but she also took drugs! Movie Queen Alisha WAS so outstanding, how could she have such a sister!

Chapter 233

Freya felt that she was even more shocked than this group of viewers at Elisa’s words.

She was Freya, how come she didn’t know when she was high?

Nelly chimed in, “Yes, Freya is high on drugs! Once she secretly took drugs on the set, and we saw her!”

“Stop it!” Alisha looked like she was afraid that others would know about the scandalous things Freya had done, “You guys have exposed all these things, how should my sister behave in the future?!”

With these words, Alisha was clearly admitting that Freya was high on drugs. She was Freya’s sister, and with the fact that she had been putting on a good sisterly face in public, the crowd at the scene took her words at face value.

Just now, when Freya was falsely accused of destroying the shop’s bags, the crowd was already quite contemptuous of her character, and now, with the addition of the drug addiction, everyone almost decided that she was a girl with serious deficiencies in character and morality.

Freya felt that the behaviour of Alisha, Elisa and Nelly was really quite boring.

Was it so much fun to ruin her reputation?

Freya didn’t want to deal with these boring people, but she glanced at Alisha’s assistant, who was still quite dedicated to video recording. Apparently, Alisha was planning to post this video online, now that the internet was spreading so fast, she didn’t want people to really think she was a drugged girl.

Freya was just about to say something so that she could hit back at Alisha, but Claudia hurried over from somewhere on her high heels.

Claudia took a look at Freya and couldn't stop exclaiming, "Freya, aren't you in the hospital? Why did you run to the mall?"

"The hospital? What hospital?" Alisha asked subconsciously.

"Alisha, don't you know yet?" Claudia put on an astonished look, "Freya slept with my big brother Kyle a few days ago, and she's now infected with a disease, and she's been in the hospital for treatment lately! So just now when I saw her at the mall, I was stunned!"

Kyle and Emmanuel were really quite famous in Arkpool City, especially Kyle, many people on the scene know that Kyle had that disease.

In modern society, everyone is equal and people with AIDS should not be discriminated against, but nowadays most people still like to look at people with that disease with despise.

No sooner had Claudia's words fallen than many people in the scene couldn't help but take a breath of cold air backwards. The few onlookers who were standing closer to Freya could not help but take a step back.

Apparently, everyone had decided that Freya was suffering from that disease and treated her like a monster.

"Claudia, are you kidding me? How could Freya she get involved with your big brother?!" Alisha was in shock, she shook her head vigorously, "No, I don't believe that Freya would have a relationship with Kyle! I don't believe that Freya would have contracted that disease!"

"Alisha, I'm not lying to you! It was Freya who approached my brother the other day, saying that she was short of money. It must be for the money!" Claudia sighed sorrowfully, "I didn't expect Freya to sell her body for money either, I tried to stop her, but unfortunately I couldn't."

"I've heard of Kyle, and he does have that disease!"

"Yeah, I heard that he infected quite a few girls with that disease, and I didn't expect Movie Queen Alisha's sister to be one of them."

"Young girls nowadays are so indiscreet! Really, for the sake of money, they can even leave their lives behind!"

"Poor Movie Queen Alisha, how could she have such a shameless sister! What a disgrace!"

.....

Listening to the chatter around her, Freya's small face was icy cold.

This society was often like that. There are some things that are obviously false, and the more people who say so, the more people will believe them.

Freya saw the assistants Alisha had brought with her dividing up the work, some taking photos and videos, others uploading videos to the internet. She couldn't help but swipe open her phone screen and go browsing around the internet.

True enough, there were now quite a lot of people on the internet already calling her out, saying she was a carrier of dirty diseases and a bitch, many of them shouting for her to die.

However, she did have followers online, and for once, her fans were arguing for her online, saying they didn't believe the young lady they fan was that kind of person.

Freya's heart was warm, no matter how many people slandered her, as long as there were still people willing to believe her, she felt that she was not alone in the battle.

"Please can everyone stop talking about my sister? My sister is still young and she can be excused for doing something wrong, I hope everyone will give her a chance to correct herself!"

Alisha handed her bank card to Ada, "Ada, I'll swipe my card, and I'll pay you for the damage my sister caused to your shop, no matter how much it is!"

"Alisha, can I trouble you to stop pretending?" Freya sneered as she walked up to Alisha, she took Alisha's bank card from Ada's hand and threw it at Alisha's face, "I said, go to the police station, just so you can find out who the person who destroyed the bag today really is!"

"Oh, I can also do a urine test, a blood test or something in the meantime. I'd actually like to know how I somehow got high and infected when I didn't do any of those things you guys mentioned."

"Freya, you're really shameless! Alisha is so nice to you, and you still have to go against her. You're a dirty sick person, what are you pretending!" Thinking of what happened at the Ward Residence last time, Claudia was so angry that her body trembled, she gritted her teeth and yelled at Freya in no good mood.

"Dirty sick person?" Freya laughed, "Claudia, do you dare to go with me to have a blood test to see which one of us, in the end, is infected with that kind of disease?!"

Hearing Freya's words, Claudia's body couldn't help but shake.

Claudia really didn't dare to go for a blood test now. After Kieran took Freya away from the Ward family last time, Kyle and Emmanuel hated her to the bone.

Kyle drew a tube of his own blood and stabbed it hard into her.

It was all because of Freya that she was so miserable! She would definitely return that tube of blood to Freya!

"Freya, I'm not that boring!" Claudia glared at Freya with hatred, "You'd better go get your own blood test! No, you should hurry back to the hospital, otherwise, the gods won't be able to save you when it takes too long!"

Freya felt that she really needed to go for a check-up so that she could post the results online and convince everyone of her innocence.

It didn't matter if she was just one person now, if she was misunderstood, but she didn't want others to look down on Jaden and Jayla, nor did she want everyone to think that Mr. Fitzgerald's girlfriend was not clean.

She was now Mr. Fitzgerald's girlfriend, she couldn't disgrace him!

As she was lost in her own thoughts, Kyle's voice suddenly rang out from outside the crowd, "What's all the fuss about?"

When she saw Kyle, Elisa burst into smiles, "Mr. Kyle is here! Mr. Kyle, can I ask you a question, what is your relationship with Freya?"

Chapter 234

Elisa felt that at this time, Kyle could come over, it must have been arranged by Alisha.

Elisa's heart couldn't help but have more respect for Alisha. Alisha was so powerful, if Kyle had admitted in public today that he and Freya had had sex, and then it was posted on the internet, Freya would never be able to turn her fate around!

Kyle didn't even look at Elisa as he pushed aside the people in his way and walked slowly to the front, seeing Freya, he instantly smiled with a pleasing face, "Miss Stahler, what a coincidence, we meet again!"

The crowd at the scene was suddenly filled with reverie, Freya was really having an affair with Kyle. Many of those took out their mobile phones and started recording, as they waited for Kyle to put his relationship with Freya into practice!

When she was ignored by Kyle just now, Elisa was upset, but when she heard Kyle's words, her mood suddenly became sunny again.

If there hadn't been any "deep" communication between him and Freya, how could he have said so ambiguously that they had met again?

The words that Kyle had just said to Freya had been uploaded onto the internet.

There were already many netizens online who were concerned, and many of them despised Freya to the extreme.

"Just now Kyle said that he and Freya have met again! Does anyone else think that statement has deep meaning?"

"There must be a deeper meaning! The last time they met, they must be in bed!"

"Freya couldn't have really contracted that disease, could she?"

"Sure! They were already deep in bed and communicating, how can she not be affected?!"

.....

Elisa silently exited the webpage, her face already smiling with joy. She cleared her throat and asked Kyle again, "Mr. Kyle, what is your relationship?"

As long as Kyle said that he and Freya were in that kind of relationship, even if Freya went to the hospital for a check-up and proved that she did not have that kind of disease, her reputation would have to go down in flames.

It was easy to fake certain test reports, and if Kyle really bit the bullet and Freya had an affair, netizens would be even more convinced that the report that Freya didn't have that disease was a forgery.

When the time came, Freya could not even clean her name!

The corners of Elisa's lips curled up into a sinister smile, since Freya was involved with someone like Kyle, her life was completely ruined!

"What is my relationship with Miss Stahler?"

Kyle smiled quietly as he didn't immediately answer Elisa's words, "What kind of relationship do you think Miss Stahler and I could be?"

"Mr. Kyle, I don't know about your relationship with Freya, that's why I'm asking you! Many people say that you and Freya had sex!"

"Had sex?!" Hearing Elisa's words, Kyle couldn't stop exclaiming in shock, "Don't you dare frame me! Miss Stahler is my good friend's woman, how could I have slept with her!"

Kyle talked big, with his virtue, he really didn't not deserve to be Kieran's friend.

Elisa didn't expect Kyle to say this, so she couldn't help but be stunned. She was just about to say something else so that she could frame Freya, but Kyle grabbed her hand violently.

"Elisa, right?" Without waiting for Elisa to answer, Kyle continued, "What are you doing here? Is it because you spent out the five million I gave you after you had sex with me last time, and you are short of money again?!"

Hearing Kyle's words, Elisa's face suddenly turned pale.

With this statement, Kyle was clearly saying that the two of them had sex!

Being in the entertainment industry, her private life was not exactly clean, but for people like Kyle, she still stayed away from him.

"What are you talking about! Between me and you, there's nothing! Don't you dare talk nonsense!" Elisa saw all the people around her judging at her, and she couldn't help but yell with a red face.

"Nothing?" Kyle sneered, "We've been in bed, and now you're telling me that there's no relationship at all? Fine, just spit out the five million and give it back to me, then we have nothing to do with each other!"

Elisa glared at Kyle in anger, she had never had any dealings with him before, how could she have taken his five million!

But Kyle's words clearly dug a trap for her. No matter how she answered, everyone would decide that she and Kyle had an affair.

“It’s a lively day!”

Kyle’s eyes, crossing over Elisa and Claudia, slowly fell on Alisha and Nelly’s faces.

“You are all here. Last time you two served me well together, so tonight, why don’t we play together again?”

“Kyle, shut up!”

Hearing Kyle’s words, Alisha and Nelly roared out in anger at the same time.

Alisha hasn’t been in touch with Kyle recently, but before that, their relationship was quite good, and even, Kyle had worked with her on quite a few businesses.

How could she have imagined that today Kyle would suddenly slander her?

The looks of the surrounding crowd were all subtle. They couldn’t have imagined that Kyle would expose such a big bombshell.

A cold movie queen and a showbiz nobody together with Kyle, that was too much!

What a messy circle!

Alisha pressed her chest hard, thinking that she still had to maintain her image as a noble and elegant goddess in front of the public, so she took a deep breath and suppressed the urge to swear at Kyle.

She said to Kyle in as calm a tone as she could, “Kyle, I don’t know why you’re slandering me, between me and you, there really isn’t any relationship, and I don’t know where exactly I’ve offended you, why do you want to slander me so much?!”

“Kyle?” Kyle didn’t answer Alisha’s words, but laughed, “Well, that’s not how you called me when you were in my bed! At that time, you always called me sweet heart! What, you asked for resources from me and now you want to clear your relationship with me?”

“I didn’t!”

Alisha hastily denied it, she could no longer maintain her usual poise, “Kyle, don’t say bullshit!”

“Fine, you are ungrateful! You dare to say that you didn’t get the female number one in ‘The Long Ballad’ because of me?” Kyle said with a bad smile as he looked at Alisha.

“I …..”

Alisha was speechless for a moment, although she and Kyle really didn’t have that kind of relationship, the female number one of “The Long Ballad” was really Kyle who helped her get it.

Elisa firmly believed that she and Alisha were grasshoppers on a rope, and when Kyle said this about Alisha, of course she had to speak up for Alisha.

“Kyle, shame on you! How could Alisha ask you for a role! Alisha is the girlfriend of Mr. Fitzgerald, what roles can she not get from Mr. Fitzgerald? Why would she need to ask you for a role?!”

Hearing Elisa's words, some people in the crowd started to agree, "Yes, Movie Queen Alisha and Mr. Fitzgerald are a pair, with Mr. Fitzgerald around, why would she need to look for Kyle? Mr. Fitzgerald? Mr. Fitzgerald, someone is bullying your girlfriend!"

Chapter 235

Hearing the voices from the crowd, Freya couldn't help but turn around and look towards the entrance of the mall.

As expected, Kieran and Fabian were walking in their direction.

Today, Kieran wore a black handmade suit, with a simple and decent cut, which made him even more upright and graceful. Freya moved her sight away from him after staring at him for a while.

Well, she admitted that Mr. Fitzgerald was really handsome, and she still got amazed by him when she saw him almost every day recently.

Alisha obviously didn't expect Kieran to come over, her face became even paler as she hurriedly waved her hand, signalling her assistant not to continue with the video.

The crowd knew that Mr. Fitzgerald had always kept a low profile and he hated being exposed to the media, so they didn't dare to take photos and post them online.

When Elisa saw Kieran, she was also instantly energised.

She straightened her blonde hair, stepped forward and said to Kieran in her warmest and most melodious voice, "Mr. Fitzgerald, someone is bullying Alisha, you have to do something for her!"

After saying this, Elisa even gave Kyle a smug glance, with Mr. Fitzgerald backing them up, she wanted to see how Kyle could still act like a demon!

Alisha gave Elisa a fierce glare and cursed in her heart for being stupid. She really wanted to pull Elisa back and stop her from talking nonsense, but with so many people around now, she couldn't stop Elisa.

She was really afraid that Kieran would deny the relationship between them in public, otherwise, she would be embarrassed.

But Alisha still had a slight hope in her heart, after all, Kieran thought that she had saved his life, and she expected that he would not deny that in public.

Kieran didn't even look at Elisa, his eyes fell straight on Freya's blushed face, his eyes were only on her.

Being directly ignored by Kieran, Elisa was embarrassed. Alisha quietly pulled Elisa, gesturing to her with her eyes to stop talking nonsense.

Elisa, however, completely misunderstood Alisha's intention, and she took all of Alisha's eyes as encouragement.

She raised her chin in righteous indignation and said to Kieran, "Mr. Fitzgerald, Kyle has gone too far! How dare he slander Alisha! Alisha is your girlfriend, you must help her get justice!"

Nelly was afraid that Kieran would ignore her, she also hurriedly echoed, “Yes, Mr. Fitzgerald, you must help your girlfriend get justice! Also, we are good friends of Alisha, you must help us get justice too!”

Nelly turned her face and saw Kyle staring at her with a mocking smile on his face, she was furious and with a black face, she gave a “hum” to Kyle and then turned her face away with her chin up.

Seeing that Kieran did not even look at her, and that in his pupils there was only Freya’s reflection, Alisha’s heart abruptly went cold.

She knew that this time, it was impossible for Kieran to cooperate with her.

Or rather, Kieran had never cooperated with her, and the reason he hadn’t denied that they were boyfriend and girlfriend before was simply because, well, he was too lazy to care.

Now that he had fallen in love with Freya, he was definitely going to show his loyalty in front of Freya!

Alisha didn’t want to embarrass herself in public, she hurriedly smiled at Kieran, “Kieran, you are here! What happened today was just a misunderstanding, you’re so busy with work, so don’t waste time here, why don’t I take you back to the office?”

After saying this, Alisha’s heart was suddenly in her throat: Kieran should go now, even if he doesn’t, he must not say anything, otherwise, she is really going to be humiliated and disgraced today!

What broke Alisha’s heart was that Kieran not only didn’t leave, but also spoke up, “How can it be considered a waste of time when I come to see my girlfriend?”

Girlfriend?

Hearing Kieran’s words, the scene exploded.

In the past, although the media had speculated that Kieran and Alisha were boyfriend and girlfriend, Kieran had never admitted it himself, but unexpectedly today, Kieran had admitted it in public!

Could it be that Movie Queen Alisha and Mr. Fitzgerald were getting married?

Kyle was really a clown. Movie Queen Alisha had Mr. Fitzgerald’s support, did she still need to sleep with him to ask for a role!

“Mr. Fitzgerald is so good to Movie Queen Alisha.”

“Yes, it’s like the dominant president is in love with her, so spoiled and enviable!”

“Movie Queen Alisha and Mr. Fitzgerald is a natural pair.”

.....

As she listened to the chatter around her, Alisha’s face turned white, Kieran really did not intend to give her any respect!

Alisha still wanted to make a dying struggle, she stretched out her hand and clutched Kieran’s hand hard, “Kieran, can you go back first? Let’s have a talk when we get back, okay?”

Kieran shrugged Alisha's hand away, he gave Alisha a disgusted look and then clutched Freya's hand tightly.

Seeing that Kieran had actually clutched Freya's hand in public, Alisha's face turned white.

She reached out her hand, trying hard to salvage something, but because of the extreme embarrassment, at this point, her mind went blank and for a moment, she didn't know what to say.

All this time, she had been able to be so high in the entertainment industry, being ingratiated and sought after by so many people, because people thought that she was Mr. Fitzgerald's girlfriend.

Without the huge aura of Mr. Fitzgerald's girlfriend, all the preferential treatment she received in the entertainment industry, the privilege of being above others, and even the envy of countless others, would not belong to her!

Looking at Kieran's big hand that landed on Freya's small hand, Elisa and Nelly were also confused.

Last time at the hotel, Mr. Fitzgerald and Alisha quarreled and deliberately used Freya to stimulate Alisha, could it be that Mr. Fitzgerald had quarreled with Alisha again? Was this his old trick?

At this thought, Elisa and Nelly were both a bit anxious, they knew that between lovers, it was really quite normal to have a quarrel.

But now the situation was special! If this time, Mr. Fitzgerald didn't help them, they would really be framed by Kyle!

After exchanging a glance with Nelly, Elisa rushed to Kieran, "Mr. Fitzgerald, did you have a fight with Alisha again? Even if you've had a fight with her, you can't just let others bully her! Mr. Fitzgerald, girlfriends are for loving, not for fighting, you can't break Alisha's heart like that!"

Hearing the word girlfriend, Freya was unpleasant in her heart, she glanced at Kieran with a wry smile, "Mr. Fitzgerald, your girlfriend is being bullied, do you want to go and comfort her?"

Chapter 236

Mr. Fitzgerald? Girlfriend?

Listening to Freya's voice, Kieran knew that this woman was jealous.

Kieran was in a good mood, he felt that sometimes he was really quite twisted, seeing Freya jealous for him would make his heart sweeter than eating honey.

"Kieran" Alisha softly called Kieran's name, and in her voice, there was a clear plea.

Freya was already upset enough in her heart, and listening to Alisha's voice, which was clearly tinged with petulance, the sourness in her heart became more obvious.

She knew that she was jealous inexplicably, and since Mr. Fitzgerald only had her in his heart, she should have trusted him, but seeing the whole world treat Mr. Fitzgerald as if he were Alisha's boyfriend, her heart was just sour and unbearable.

The more upset she was, the more she smiled, she looked at Kieran with a smile on her face, the corners of her lips were about to twitch, "Kieran, your girlfriend is calling you!"

Kieran?

But she called him that, and it was such a beautiful voice, it made his heart flutter!

"Mrs. Fitzgerald, you've got it wrong! There's no girlfriend! Even if there really is a girlfriend, it should only be you!"

Fabian was afraid that Kieran, the uncomprehending one, would be disliked by Freya and become a million year old bachelor again, so he hurriedly explained to Freya.

"Mrs. Fitzgerald?!"

In the crowd, someone was the first to exclaim.

"Did he refer to Freya?"

"I think so, but isn't Mr. Fitzgerald Alisha's boyfriend, how come Mr. Pryce is calling Freya Mrs. Fitzgerald?!"

"What do you mean Mr. Fitzgerald is Alisha's boyfriend? From the very beginning, Mr. Fitzgerald has never acknowledged Alisha, okay? All along, it was Alisha who deliberately misled the public!"

"So Mr. Fitzgerald's real girlfriend is not Alisha, but Freya?!"

.....

As she listened to the chatter of the crowd, Alisha could barely stand up. She looked at Kieran pitifully, "Kieran, stop it, can you not humiliate me?"

"Alisha, for so many years, you've been claiming to be my girlfriend and I haven't even revealed it, isn't that enough?!"

With these words, Kieran was clearly telling everyone that he and Alisha never had a relationship, it was all Alisha who was making up the story.

Alisha's lips could not control the trembling, she made several breaths before she found her voice, "Kieran, I"

Not waiting for Alisha to finish her sentence, Elisa and Nelly anxiously grabbed her arm, "Alisha, what the hell is going on here? Mr. Fitzgerald is really not your boyfriend?"

"I"

Alisha stood stiffly in place, if Kieran wasn't here, she could still explain, but now that Kieran was right in front of her, whatever she said would only be ruthlessly demolished by him.

Alisha hated herself, why was she so excited to come over and humiliate Freya today?

"What? Have you become addicted to make up the story? Fabian had always disliked Alisha, and when he caught the opportunity to diss Alisha, of course he would not let it go.

“Fitz has a girlfriend, even if you like to make up a story, please change your candidate, or, you are trying to be a mistress?!”

“No, no, no! You are more pathetic and shameful than a mistress, Fitz is not interested in you at all. Even you want to be a mistress, you don’t deserve it!”

“Movie Queen Alisha, if I were you, I’d get the hell out of here and stop making a fool of myself! What, you’re not leaving yet? Movie Queen Alisha, you’re really shameless, I’m impressed!”

Fabian was quite good-tempered with those he liked, but mean to those he didn’t like.

Hearing Fabian’s words, Alisha’s face turned ashen, she had never been so humiliated in all her years of life!

But Fabian was the only heir of the Pryce family in Arkpool City, one of the four young master of Arkpool City, even if she was so angry with Fabian that she almost exploded, Alisha could only dare not speak out in anger.

“Movie Queen Alisha and Mr. Fitzgerald don’t seem to be a couple!”

“What seems to be! They weren’t a couple in the first place! Mr. Pryce just said that Alisha wanted to be a mistress, but unfortunately, Mr. Fitzgerald didn’t even give her the chance!”

“What a shame!”

“That’s right, why does she want to approach her sister’s boyfriend! And she still pretended to be a good sister just now, how disgusting!”

“Freya is so unlucky, how can he have such a sister!”

.....

Alisha was so angry at the chatter around her that her body trembled, her long nails piercing the tender flesh of her palm, but she didn’t feel pain.

She hated Freya to death! If Freya hadn’t snatched Kieran, she wouldn’t have been so embarrassed!

Alisha was unwilling to stay here for one more second. She secretly gritted her teeth, stepped on her high heels and left with hatred.

Freya, the only reason you can be so arrogant is because Kieran is backing you up. You think Kieran will always stand by your side? No way! Kieran will soon be by my side!

Looking at Alisha’s back, Kyle grinned and called out, “Alisha, don’t go, you haven’t said if you want to play with me tonight!”

Alisha gritted her teeth, she really wanted to tear Kyle’s mouth apart. Only, the more she did now, the more she was wrong, she could only suppress the anger in her heart and speed up her steps to rush outside the mall.

Claudia was really scared of Kyle. Seeing that no one was around to notice her, she wanted to follow Alisha and leave, but before she could take a step, she was grabbed by Kyle.

“Claudia, what’s the hurry?!”

Claudia was so fearful that her body shivered at Kyle’s threatening voice. She knew that when she went back tonight, Kyle and Emmanuel would definitely teach her a lesson together, and when she thought of the pain that would tear her heart out, Claudia was trembling

Ada and Yanis were also shocked, for they have ever thought that Freya was Kieran’s real girlfriend!

Ada, in particular, regretted the thought that she had gone so far as to make things difficult for Mr. Fitzgerald’s real girlfriend for the sake of Alisha.

Desperate to do something to remedy the situation, she tried to pull out a smile, “Miss Stahler, I’m sorry, it was a misunderstanding just now, I hope you won’t take it to heart.”

At this instant, many thoughts flashed through Elisa’s mind. She never expected that Freya and Kieran were a pair!

She was afraid of Kieran, and she wanted to please Freya, but when she thought that she had almost killed Freya last time, she and Freya were not destined to get along, so she gritted her teeth and had to fight Freya to the end.

Elisa looked up at Kieran, “It was not a misunderstanding! Mr. Fitzgerald, Freya has destroyed the shop’s bag and is pretending to be innocent, you can’t be fooled by her!”

Chapter 237

Freya knew that there was no way Kieran would believe Elisa’s nonsense, but she still didn’t want to be smeared like this in front of Kieran.

She turned her face away and subconsciously explained to Kieran, “I didn’t destroy the bag in the shop! There are no fingerprints of mine on the bag and I can prove my innocence

Without waiting for Freya to finish, Kieran pulled her directly into his arms, “I believe you.”

Undoubtedly, this was the most beautiful words of love under the sky. Freya’s heart was warm, knowing that he trusted her, hearing him say it so personally still made her heart flutter uncontrollably.

If it weren’t for the fact that there were so many people around and she was thin-skinned, she would have wanted to stand on tiptoe and give Kieran a kiss on the cheek.

Freya glanced at Kieran with blush, it was better to go back and kiss him at night.

However, just as this thought flashed through her mind, Kieran’s voice sounded above her head, “If you want to kiss me, I don’t mind.”

Freya suddenly stared round. She quickly looked around, Mr. Fitzgerald actually said such things to her in front of so many people?

It was sweet, but also really embarrassing.

Freya’s face was so blushed, she certainly didn’t have the guts to kiss Kieran in front of so many people, so she quietly pinched his palm and almost buried her head in her chest.

The surrounding crowd was even more shocked than Freya.

What did Mr. Fitzgerald just say?

Did they hear wrongly, how did they hear that Mr. Fitzgerald had just openly shown his love to a woman with a bit of flirtatious doting?

Was this really the legendary murderous, living hell of Arkpool City, Mr. Fitzgerald?

Mr. Fitzgerald was really in love with this woman called Freya!

After listening to Kieran's words, Fabian couldn't help but hammer his chest hard, he felt that he, a single dog, had received another 10,000 points of blows!

Elisa and Nelly were also shocked, they had just held on to a bit of luck, thinking that Kieran was just playing around with Freya, but now it seemed that Kieran really cared about Freya!

What made Freya so lucky!

Seeing that her words just now had been directly ignored, Elisa stepped forward and continued, "Mr. Fitzgerald, I'm genuinely doing this for your own good! Freya is really a woman who is not what she appears to be, you can't be fooled by her!"

Thinking of something, Elisa then said excitedly, "Yes, Mr. Fitzgerald, you must have been cheated by Freya! Do you know that Freya already has a baby! She's already had a baby with another man"

"Are you done?!" Not waiting for Elisa to finish, Fabian had already interrupted her words, "With such a big mouth, you're not afraid of bursting your head!"

"Mr. Pryce, I"

"What!" Fabian gave Elisa a disgusted look, "Freya is really a woman who is not what she appears to be? Tell me about it!"

After Fabian said this, he gave a wink to Kyle.

There were some things that he and Kieran were not fit to do personally, but Kyle was!

Fabian and Kieran already knew a general idea about what happened today, it was just that someone had deliberately destroyed Shadow's bag and framed Freya.

Both he and Kieran had also noticed the scratches on that bag.

The material of this limited edition bag was of the finest quality and the silk thread used for embroidery, mostly gold, was not something that could be broken by scratching it with a fingernail.

To scratch this bag, he had to resort to a sharp object, and he bet that it was Elisa who broke it and had the sharp object in her bag!

Kyle had come over, originally at Fabian's behest, and he was more than aware of this look from Fabian.

With a single step, he snatched the bag from Elisa's hand, then unzipped it and dumped the contents of Elisa's bag, by all means, on the ground.

When he saw what was on the ground, Fabian burst into laughter, but his eyes were cold and austere.

He slowly crouched down and picked up an eyebrow trimmer that had landed in the middle of a bottle or jar, because Elisa had destroyed the bag so hastily that the trimmer, with the silk threads ripped from it, was still there.

Fabian deliberately displayed the section of silk thread stained on the eyebrow trimmer in front of everyone, and then he got up and almost pressed the knife to Elisa's face.

"Elisa, right? Now that the truth has come out, I'd like to ask, who is not what she appears to be?"

"I"

Elisa's face was miserably white, she had not imagined that Kyle would have snatched her bag in public.

This was typical of Kyle's hooliganism, but now, looking at the eyebrow trimmer in Fabian's hand, no one would blame Kyle. Everyone would only feel that Elisa was too disgusting to frame the innocent Freya when it was obvious that she had ruined the bag.

"Elisa, what else do you have to say? You can't say that someone slipped the eyebrow trimmer into your bag and deliberately set you up! Everyone is not stupid, no one wants to take this blame!"

Fabian paused and then said, "Elisa, you set up Mrs. Fitzgerald so much, shouldn't you say sorry to Mrs. Fitzgerald?"

"Yes, apologize!"

"This is outrageous, to ruin the shop's bags and then frame someone else for it! What kind of star is this! How can she still have the cheek to make a movie!"

"That's right! People like that should get the hell out of show business!"

"Not only does she have to get out of show business, she has to pay for it! How much is this bag, 888,800, right? I think the compensation should be doubled!"

"Pay for it! Apologize! Get out of show business!"

.....

Elisa stumbled violently and almost fell to the ground.

Until now, she still felt that everything today was like a dream.

Clearly, she was winning, clearly, Freya had been trampled under her feet, how come all of a sudden, she had become the one everyone was shouting at?

"I didn't! It's Freya who's setting me up!" Elisa shouted at the top of her lungs, "Yes, she's the one who's setting me up! She's the one who put the eyebrow trimmer in my bag! She's the one who cut the bag! She's shameless, she set me up on purpose!"

Elisa had never been so panicked before, she had completely lost her mind, she could only act like a mad dog and bite desperately at Freya.

“Elisa, you’re thinking too much, I’m not that bored!” Freya coolly swept Elisa, “Everyone can see clearly today, you’re the one setting me up! I won’t force you to apologize to me. If you are still unrepentant after making a mistake, you naturally don’t need to apologize to me!”

“I

Elisa was speechless for a moment, Freya’s words directly left her with no way out, if she didn’t apologize, she was saying to everyone that she was unrepentant.

This made her face look even paler.

But she wasn’t willing to apologize to Freya!

Elisa was thinking of what to say, but Kieran’s condensed voice, like that from the top of a cold mountain, rang out in the air, “Apologize!”

Chapter 238

“Mr. Fitzgerald

Kieran’s words made Elisa’s heart embarrassed and aggrieved, as well as a touch of indescribable fear, and after all, she was still a bit reluctant, and with tears in her eyes, Elisa said pitifully to Kieran, “Mr. Fitzgerald, you can’t be so partial to Freya! It’s not fair to me!”

“Fair?! Heh!”

The corners of Kieran’s lips were slightly hooked, and in those eyes, which were even colder than the deep springs of the cold mountains, there was not a trace of temperature.

“If I am not partial to my wife, should I be partial to you?!”

Hearing Kieran’s words, there was a lot of laughter, and it was obvious that the person everyone was laughing at was Elisa.

The laughter was mixed with seemingly exclamations, and the young women in the audience were almost envious of Freya.

To be able to get such an outstanding man’s devotion, did she save the galaxy in her last life?

“I

Elisa stood in a daze with a red face, her lips trembling for a while, still not finding her voice.

Kieran was not a patient person, Elisa hesitated to apologize, and the coldness in his eyes became heavier and heavier, at this, Elisa trembled with fear.

“Apologize!”

Elisa’s face turned even redder as she bit her lip hard, still reluctant.

But so what?

If she wanted to fight with Kieran, it was like an ant trying to shake a big tree. In front of absolute strength, she could only bow her head.

“Freya, I’m sorry, I didn’t mean to do it, I hope you can forgive me.”

Elisa paused and then said, “Freya, I was wrong, I apologize to you, will you forgive me?”

“Mr. Fitzgerald, let’s go back.” Freya held Kieran’s hand back and said softly.

Freya was not that saintly. Since Elisa set her up, even if Elisa apologized, she would not be able to forgive.

Moreover, no matter this time whether she forgave Elisa or not, Elisa, Alisha and others would not be kind enough to rest, and next, it seemed, she had even harder tricks to take.

Freya took the initiative to clutch his hand, Kieran’s heart was soothed beyond measure. He coldly swept a glance at Elisa, and then instructed Bradley who was waiting at the side, “Send her to the police station.”

After saying this, Kieran took Freya’s hand and headed outside the mall.

After Yanis knew that Freya was Kieran’s girlfriend, her legs went weak. She wanted to go after her and ask Freya for forgiveness and not to let Mr. Fitzgerald resign her, but before she could take a step, she was stopped by Bradley, who was obviously not going to give her a way back.

Yanis and Ada’s faces became white.

One wrong step and she lost everything.

They thought that by helping Elisa, Alisha and the others to frame Freya, they would be able to gain some benefits, but they did not expect that they would end up like this.

However, even if they were sacked by the Fitzgerald Group, they had no one to blame, their job requires them to have the most basic qualities of integrity and enthusiasm, but they were snobbish, if the Fitzgerald Group continued to use them, only to make the Fitzgerald Group’s brand ruined!

Elisa had already been embarrassed enough, and when she saw that Freya and Kieran had left, she wanted to slink away too, but Bradley would not give her the chance to leave.

Bradley gently but irresistibly grabbed her arm, “Elisa, next, it’s time for us to talk about compensation!”

Elisa’s face became pale, it was 888,800, with her price, she couldn’t earn it with several dramas!

Today, she lost a lot of money!

As soon as he reached the car, Kieran took Freya into his arms.

Fabian, who was acting as a driver for Kieran and Freya tonight, hastily covered his face!

“Do you like Shadow’s bag?”

Kieran’s voice was low and melodious, like the most beautiful tune played by a cello.

“No, it’s Kiki who likes it.”

Freya lifted her face to look at Kieran and then said, “This weekend is Kiki’s birthday, I want to choose a birthday present for her.”

Originally, Kieran's handsome face was still tender, but after hearing Freya's words, his handsome face directly darkened.

It turned out that this evening, Freya went out to choose a birthday present for Kiki.

Kiki had a birthday on weekend and she had already thought of choosing a birthday present for her, while he had a birthday the day after tomorrow and she didn't even know to choose a birthday present for him.

Kieran found out that he was actually jealous of Kiki!

"Mr. Fitzgerald, Shadow's bag is really quite nice! Kiki has always liked Shadow's bags, I'll buy her a bag for her birthday, and she'll be so happy!"

When she thought of Kiki's happy face, Freya's face also shone brightly.

Although Kiki smiled every day, the smile was far-fetched, like wearing a human skin mask with the corners of the lips facing upwards. So she would give her a gift on her birthday, so that she could smile from the bottom of her heart.

"Okay!"

Kieran turned his face away, even more upset in his mind.

She thought of making Kiki happy, why didn't she know how to cheer him up!

When he thought that his status in her heart was not as good as that of Kiki, Kieran's handsome face was so dark.

Freya realised that something was wrong with Kieran, her brain spinning fast. Mr. Fitzgerald was fine just now, why was he suddenly unhappy?

Did Mr. Fitzgerald think that she only cared about Kiki's birthday and not his and that he was jealous?

Freya thought that if Mr. Fitzgerald was even jealous of such a thing, he was really so childish and naive, but after she carefully observed Kieran's face, she was beyond sure that Mr. Fitzgerald was really jealous.

Freya laughed lightly in her heart, she couldn't help but turn her face and glance at the gift box that she had hidden so tightly, she had, in fact, already chosen a birthday present for Mr. Fitzgerald.

But it was definitely a surprise, and if she took out the present now, it wouldn't be a surprise when Mr. Fitzgerald had his birthday!

With that in mind, Freya decided to do something else first to smooth this angry man.

Freya nestled into Kieran's arms and she boldly cupped his face, "Mr. Fitzgerald, I've found a problem."

Without waiting for Kieran to speak, Freya continued, "I find that you're getting more and more handsome!"

Freya used to be, in fact, quite a thin-skinned person, but human potential was infinite, and sometimes she could be thick-skinned.

In order to make him happy, she decided to cheekily add, "I also find that I like you more and more!"

This sentence had reached the limit of Freya, and after finishing it, she wanted to bury her head under her seat.

However Kieran didn't intend to let her go, he leaned down his face, his eyes burning at her, "So?"

Chapter 239

So? What so?

Freya had a dumbfounded face, she had already made a flood of efforts to please him, what did he want?

Seeing Freya's unteachable look, Kieran decided to continue to give her nudge.

"You think I'm getting handsome and you like me more and more, shouldn't you do something to me?"

Fabian almost choked to death on her own saliva, was Fitz enticing his wife to seduce him?

Fitz has a cold and ascetic face, how come he was not at all reserved in front of his wife?

Freya flushed. He couldn't be asking her to do indescribable things in the villa these past few nights, could he?

There was another person there, how can Mr. Fitzgerald be so spontaneous!

Freya coughed vigorously before finding her voice, "Mr. Fitzgerald, somebody is watching!"

After hearing Freya's words, Kieran instantly understood that she had misunderstood, and that he actually only wanted her to kiss him. But seeing her shyness, he suddenly wanted to tease her.

"You can pretend Pryce doesn't exist!"

"Yes, Mrs. Fitzgerald, just pretend I don't exist! I have bad eyes and bad ears, so I can't see or hear anything you do to Fitz!"

Hearing Fabian's words, Freya's face turned more flushed!

"Mr. Fitzgerald, let's go back first."

Freya's face flushed red, and it took her a lot of effort to say the words.

A light smile spread in Kieran's dark eyes, his heart so warm and soft. Now, he only wanted to press Freya into his arms and kiss her fiercely.

"Freya, I think, you should be thinking wrong. I just asked you to kiss me."

Kieran laughed pleasantly low, "However, if you want to do something else to me, I won't mind."

Saying that, Kieran leaned down his face and then kissed Freya's lips deeply.

From the rear-view mirror, Fabian was able to clearly see the two people kissing in the back seat, Fabian silently withdrew his eyes from the rear-view mirror, felt himself being blowed once again.

Fabian also felt surprised.

He had always thought that Kieran was a man who cherished words and did not have seven passions, but just now, this man was clearly flirting with his wife.

Fabian gripped the steering wheel hard, as if struck by lightning.

An uncomprehending man like Fitz could even flirt with women?

Truly, the power of love was great.

With Fabian around, Kieran kissed Freya shallowly for a while before letting her go.

As soon as he returned to Kelsington Bay, Kieran started calling Bradley, asking him to remind Freya about his birthday.

Only after Bradley repeatedly assured him that he would not fail him did Kieran hang up the phone.

Looking at the fading black mobile phone screen, Kieran was dumbfounded. He felt that his current self was like a childish child who wanted to attract other people's attention, so idiotic that he couldn't stand it himself.

But what to do? When you genuinely like a girl, even the most mature man can turn into a childish child.

What was more, it was the first time he fell in love!

The first thing Freya did in Kieran's room was to take out her mobile phone and surf the internet.

Today's development had fermented quite a lot on the internet, and quite a few netizens have started to scold her online, especially Alisha's fans, with that look of righteous indignation, as if they want to tear her apart.

But later, as the video of Kyle saying he had an in-depth exchange with Alisha and others reached the internet, many netizens also voiced their doubts about Alisha.

After Kieran appeared, although no one dared to record a video for him, the official Weibo of the Fitzgerald Group, however, sent out a notice to clear the relationship between Alisha and Kieran.

This message had undoubtedly pushed Alisha into an extremely awkward situation. Her fans were firmly convinced that there could not be anything between her and Kyle, just because, Alisha had always presented herself as Kieran's girlfriend.

Their goddess, with a backer as powerful as Mr. Fitzgerald, still needed to sell her body to please Kyle?

But what was happening now was clearly that the goddess high in their hearts was framing Mr. Fitzgerald! Mr. Fitzgerald simply wouldn't acknowledge their relationship!

If Alisha didn't have Mr. Fitzgerald as her backer at all, then it was very likely that she was able to get so many good resources and was, most likely, under unspoken rules, and Kyle, was one of the people who carried out the rules!

And Kyle had that kind of disease, if Alisha really had sex with him, Alisha must also

Alisha's fans, of course, did not want to believe that their goddess could have contracted that disease, but with Alisha now being slammed all over the internet, their voices in defence of their goddess seemed too insignificant.

The truth about the destruction of Shadow's bag was also published online by the Fitzgerald Group, and Elisa was slammed even worse than Alisha.

In a flash, keywords such as Alisha, Kyle, Elisa getting out of the entertainment industry and hugging Miss Freya were all topping the hot search.

Nelly was also scolded by netizens, but because her reputation was so small and netizens paid relatively little attention to her, she was instead the least blackballed of the three.

Alisha, Nelly and Elisa were certainly not going to sit back and wait.

Soon, the women dumped their medical reports on their health.

When Alisha's fans saw this medical report, they started to speak up for their idol again, only that most netizens didn't buy it.

In this world, as long as there was money, it was particularly easy to fake many things. Who knows if this medical report is true or not?

"Alisha is shameless! How dare she make up a story between her and Mr. Fitzgerald! People like her should get the hell out of the entertainment industry!"

"Yes, take Elisa and Nelly and get out of the entertainment industry together!"

"Alisha is a movie queen in life too! Pretend to be a good sister, but she set her sister up!"

"Freya is so unlucky to have a sister like Alisha!"

.....

Looking at the online comments, Freya could not control a soft laugh.

Alisha, I, who have watched you raise, will one day laugh as your image collapse!

Alisha, if there is one of us who is destined to be scorned by all, then that person can only be you!

Freya knew that Alisha had been in the entertainment industry for so many years, her roots were deep and she could not be brought down that easily, but Alisha was going to fight her to the death, she still had two little ones to protect, she could not afford to lose!

So, in this fight, she could only give it her all!

Freya clutched the phone in her hand hard, something that could come in handy.

With this in mind, Freya dialed a phone number.

Chapter 240

Freya dialed the number of one of her high school classmates, with whom she had a good relationship, and who was now working as a journalist in an influential media in Arkpool City. It would be better if he sent the picture in their website than she sent it herself.

After sending that photo over, Freya couldn't help but take another look at it.

There it was the photo that Alisha had sent her five years ago.

In the photo, Alisha and Remy were tangled up together without any clothes on.

Five years ago, this photo was Freya's nightmare. When she first saw it, Freya's chest hurt so much that she could barely breathe, and at that time, she felt that her whole world had collapsed.

Now, remembering how her heart felt like a knife five years ago, she just found it hilarious and thankful.

She was glad that Alisha had hooked up with Remy, so that she could get rid of the scum and get her life back soon.

Moreover, she did not expect that one day, this photo would become a sharp weapon for her to attack Alisha.

In the information society, news ferments incredibly quickly on the internet.

The photo had just been posted by that friend of Freya's and it caused a huge stir online.

Many bloggers retweeted that photo, and in less than half an hour, the news was almost overwhelming, all reporting on the photo.

There were even a number of reporters who dug up that old affair between Alisha and Remy.

Not to be outdone, the almighty netizens also went so far as to reveal the complex triangle relationship between Freya, Alisha and Remy.

A person who called herself Alisha's college classmate said conclusively that at first Freya and Remy were a couple and Alisha had climbed into Remy's bed behind her sister's back and was pregnant with a child, being a shameless mistress.

As soon as this big story was exposed, several people chimed in below, saying that they also knew about it, and some even said that they had come across Remy accompanying Alisha to have an abortion in the hospital.

Earlier, those indecent photos of Alisha that Jaden had his master post online were posted again, with netizens scrambling to comment in the message section that Alisha's shamelessness was habitual, not accidental.

This evening, countless Alisha's fans unfollowed her, of course, there was also a part of Alisha's loyal fans supported their idol, saying that they did not believe their idol was this kind of person.

In order to clear her name, her fans had picked up the photos of a netizen whose appearance was similar to Alisha's. Her fans were convinced that the indecent photos on the internet were not of their goddess, but of this influencer who liked make a name for herself.

As for Alisha's miscarriage, her fans were even more convinced that it was because someone was jealous of their Movie Queen Alisha's radiant glow and deliberately discredited her.

However, even with Alisha's group of fans desperately trying to speak up for Alisha, Alisha's image, too, had suffered an irreparable blow.

But if Alisha was really pure, would there be so many people catching her in the act and attacking her?

What was more, Kyle had said conclusively that he had sex with Alisha.

As for the part between Alisha and Remy, it was fine if it was not true, but if it was, Alisha was really shameless to the point of hooking up with even her own sister's man and getting on top with her pregnancy.

Alisha had to attend an award ceremony at nine o'clock this evening. Freya thought that now that she was almost scolded by the whole internet, Alisha would not attend that award ceremony, but surprisingly, Alisha attended that award ceremony and even sang as a guest at the award ceremony.

Freya was bored and clicked on the live stream of that award ceremony.

Alisha's face with exquisite make-up looked elegant and generous as her lips hooked in an impeccable smile.

A pair of beautiful eyes was looking around, as if, she was not at all the heroine in this series of events.

Freya looked at the confident and calm Alisha in the video. Although she really quite hated Alisha, she had to admit that Alisha's heart was much stronger than she had imagined it to be.

But Alisha, you've done so many wrongdoings, sooner or later, you will suffer!

Alisha's voice was really good, and the audience was mesmerised by the song.

Freya was completely indifferent to Alisha's voice, not that she didn't appreciate it, but it was just that Alisha's voice, compared to Kiki's, was not worth mentioning.

After listening to Kiki's heavenly voice, Freya felt that it was a bit polluting to her ears to hear such an ordinary level of voice.

Thinking of Kiki, Freya's heart inexplicably felt sad again.

A person of Alisha's calibre could shine in the entertainment industry, and a woman of Kiki's calibre should have been able to shine with a good voice, but Kiki had been in prison, and with the suppression of Christ, Kiki had been cut off from the entertainment industry.

After singing the song, Alisha bowed deeply to the audience, "Today, I would like to take this opportunity to say a few words for myself."

"I know that the internet is really scolding me out right now, but I want to say that I really didn't do any of those things."

"The actress in the indecent photos is really not me, as I have clarified before, the actress in the photos just looks like me."

“Also, there’s no such thing as stealing my sister’s boyfriend or getting an abortion or anything.”

When she said this, big tears rolled down Alisha’s face, “I really didn’t have an abortion! I don’t know why people want to blacken me so much, I really haven’t done those shameless things!”

“In my life, I’ve only ever had one man, Kieran, and I know that because of the recent events on the internet, Kieran also has a lot of misconceptions about me, but I’m really innocent!”

Alisha took a strong, deep breath as she tilted her face up and tried to keep her tears from rolling down again, but that stubborn look of strength to keep from shedding tears made her fans’ hearts ache even more.

“I may, still, not be good enough, so that make some people hate me so much and slander me, but I will try to become better and better, to live up to the trust of all those who like me and to be stronger to face all the unkindness.”

“Alisha, we’re with you!”

“You will always be our goddess!”

“Alisha, you are the only one I love in this life!”

.....

Listening to the shouts of her fans on stage, Alisha kept saying thank you in a touching way. There was no doubt that Alisha’s words saved the hearts of many fans and won the goodwill of some passers-by.

Freya didn’t want to see Alisha’s drama on, and as she was just about to exit the video, she saw, in the video, an unkempt man, storming into the award scene.
