

## Talented 291

### Chapter 291

Fitz, you are awesome .....

Fitz, don't .....

Mmm ..... Ah .....

As soon as he saw Kieran and Regina walking in together, so many discordant voices rang out in Freya's ears.

Freya's eyes couldn't control wetness, Mr. Fitzgerald didn't contact her for a day and a night, he now was with Regina!

"Fairy Freya, now that you've come over, why are you in a hurry to leave! Let's drink! Let's drink together! Let's get drunk tonight!"

When Stephen saw that Kieran had Regina beside him, he thought that Kieran had abandoned his fairy Freya. In his heart, his fighting spirit rose up and he reached out his hand to grab Freya's hand.

Before Stephen could grab Freya's hand, his hand was already taken by Fabian, "Coleman, what are you doing?! How can you grab Mrs. Fitzgerald's hand?!"

"It's obvious that Fitz cheated on her first! Can't you see that my fairy Freya has been abandoned by this bastard Fitz?!"

Seeing that Fabian was still holding his hand, Stephen hurriedly shook it off in disgust, "Pryce, stay away, don't hold my hand! I want to hold hands with my fairy Freya!"

"Fairy Freya, this bastard Fitz has broken your heart, hasn't he? Don't be sad, my arms are always open for you!"

Stephen looked like a lover and his eyes kept winking at Freya. Freya was oblivious to Stephen's masculine charm, and now she only wanted to ask Kieran why he was with Regina.

Wasn't he, all this day and night, with Regina?

"Fairy Freya, I know you're sad now, but sadness is really only temporary! Old ones don't go, new ones don't come. It's Fitz's loss that this bastard doesn't know how to cherish you! Don't worry, as long as you are willing to accept me, I will definitely not let you suffer a single bit of aggravation!"

Stephen's words were really heartfelt. Since he fell in love with Freya at first sight, he, who used to hang out at night, had recently switched to a routine guy during this period.

Now, as soon as he thought of Freya's face, he felt that those beauties with big boobs could not tickle his fancy at all.

He seemed to be allergic to women, and he had a condition that only his fairy could cure.

"Mr. Fitzgerald, why did you come with Regina?"

Freya knew that because of Regina, there were indeed some problems with the relationship between her and Mr. Fitzgerald, but she was not someone who liked to blame others. No matter how many facts proved that there was an unclear relationship between Mr. Fitzgerald and Regina, she would give Mr. Fitzgerald a chance to explain.

As long as Mr. Fitzgerald explained to her that there was nothing between him and Regina, even if everyone in the world thought that Mr. Fitzgerald and Regina were a couple, she would still be convinced of Mr. Fitzgerald.

Before Kieran could say anything, Stephen had already said with righteous indignation, "How could they come together? It goes without saying, they must be together!"

Stephen was actually quite afraid of Kieran's fist, but in order to show his heroic spirit as a man in front of Freya, he still protected Freya's front in a heroic manner.

"Fitz, I've said that as long as you treat Fairy Freya badly, I will snatch her away regardless of everything! Now, I, Stephen, am here to officially declare war on you!"

"Coleman, don't make a mess! This is between Fitz and Mrs. Fitzgerald, it's none of your business!"

Fabian yanked Stephen away, but Stephen stubbornly rushed to Kieran again and glared at him rather valiantly.

Stephen felt that if he provoked Kieran in such an open and honest manner tonight, it was very likely that he would be beaten up by him in the next second, but to stand up for the woman he loved, even if he was beaten up and crippled, it was still not a shame!

Stephen wiped the tip of his handsome nose, and at this moment, he was quite a bit heroic.

Seeing that Fabian was coming over to pull him again, Stephen got grumpy even if he was good-tempered, "Pryce, don't make trouble either! This is a matter between me and Fairy Freya! Tonight, Fitz must give me a statement!"

"Fitz, I'm telling you, relationship is all about single-mindedness, you can have two women at the same time!"

"Tonight, you must tell me clearly, what is your relationship with Regina. If you decide to be with Regina, then fine, you have my blessing! I just hope that in the future you don't pester my fairy Freya again!"

"Fitz, don't think you're the only one who's in demand! Yes, I admit it, there are quite a few women clamoring to be with you, and you've even been rated as the number one national husband, but I'm telling you, my fairy Freya is not unwanted either! You treat her badly, and I won't give you the chance to bully her again!"

With that, Stephen clutched Freya's hand, "Fairy Freya, don't be afraid, with me around, no one will try to bully you!"

Freya pulled her hand out of Stephen's hand, she did not expect Stephen to stand up for her tonight.

She actually didn't hate Stephen, but she already had Mr. Fitzgerald in her heart, and she would not have an affair with another man, so she would not give Stephen any unnecessary hope.

Tonight, she only wanted to ask Kieran for an explanation!

“Mr. Fitzgerald, how come you came here with Regina?” Kieran was slow to answer, so Freya couldn’t help but ask the words he had just said again.

Kieran’s eyes were locked on Stephen’s hand, just now he had grabbed Freya’s hand, and he hated that he could not dismantle his hand with his eyes.

Hearing Freya’s words, Kieran couldn’t help but frown, as he was just about to say something, Regina was the first to open her mouth.

“Freya, don’t misunderstand, there’s nothing between Kieran and me, he just happened to come with me.”

She said it was a coincidence made people think that there was some kind of illicit relationship between her and Kieran.

The temperature inside the compartment was obviously quite a bit warmer than outside, and Regina was hot with her scarf around her, so she took it off her neck as she spoke.

There was a distinctive red mark in the middle of her neck, looked like a ..... hickey.

“Regina, what’s that on your neck? It couldn’t be a hickey left by Fitz, could it?” Stephen also noticed the red marks on Regina’s neck, and he asked.

He gave a low laugh and continued, “It seems that you and Fitz are developing quite fast! Fitz, look at you, you already had sex with Regina. Shouldn’t you stop pestering my fairy Freya?”

## **Chapter 292**

“Coleman, what are you talking about, how could there be any hickeys on my neck!”

Regina touched the red marks on her neck with a lustful look, “This ..... is clearly a mosquito bite!”

Mosquito bite?

Neither Freya nor Stephen believed it, and even Fabian, who had always felt that there could not be anything between Kieran and Regina, did not believe it either.

The red marks on Regina’s neck didn’t look like mosquito bites, not to mention the fact that it was hard to find a mosquito in this cold weather.

Regina said so deliberately that it was a mosquito bite, and even more so that people could not help but think of it in an impure way.

Freya stared deadly at the red mark on Regina’s neck, the voice of Regina on the phone last night echoing like a magic spell.

Freya kept telling herself in her heart, “Mr. Fitzgerald, you can’t let me down, you can’t let me down, but her heart still couldn’t help but feel the pain.

When Kieran and Regina came to the box together, he didn’t really think anything of it.

The Wells family had helped him out. Tonight Regina had something to come over to Quinn, and he happened to come over as well, so he dropped her off, and he really didn't feel anything.

And what was wrong with a red mark on Regina's neck!

Whether it was a mosquito bite or a cockroach bite, what did it matter to him?

It was this Coleman who was too noisy and, obviously, had bad intentions, and every word he said was intended to destroy the relationship between him and Freya.

Well, Coleman needed a punch.

Coleman looked at the red marks on Regina's neck and then at Kieran, he smiled with an ambiguous smile, "The mosquito bite? Who are you kidding! Fitz, Regina still has hickeys on her neck, did you two have a day and night of sex?"

"Tsk, what a wild day!"

Stephen saw that Freya's face was becoming increasingly pale, he hurriedly offered his courtesy to Freya, "Fairy Freya, you really shouldn't feel bad, a man like Fitz who is unfaithful in his love doesn't deserve your sadness at all!"

"But Fairy Freya, don't blame all of us men because of one scum! I'm really different from Fitz! At the very least, there's no way I'd sleep with another woman behind the back of the woman I've decided to be with!"

"Coleman, you've had enough!" Fabian couldn't help but speak up.

Although he didn't know what was going on between Kieran and Regina, he knew better than anyone else what Kieran's heart was for Freya.

If Freya believed Stephen's words and dumped Kieran in a fit of anger, wouldn't Kieran be single all his life?

"Pryce, what's wrong with me I? I am telling the truth! Do you think it's glorious that when Fitz is already with my Fairy Freya, he is still entangled with Miss Wells?"

Stephen's words blocked Fabian from speaking for an instant.

A man of Fabian's origin was surrounded by many girls, but he never felt that it was glorious for a man to be surrounded by countless women; what he aspired to was the love of a lifetime.

So, Fabian had never been in a relationship until now, for he did not want to waste each other's time and feelings.

Moreover, he felt that until he met a woman he truly loved, all his relationships with other women would turn into black history.

He did not want the day to come when the girl he loved, would be unhappy because of his dark history.

Fabian, who was cynical on the outside and innocent on the inside, naturally could not see such behaviour of having two women.

Seeing that Fabian no longer spoke, Stephen became even more confident, he grunted through his nose at Kieran, and then tried to grab Freya's hand again.

"Fairy Freya, don't be afraid, I will protect you from now on, with me around, no one will try to bully you!"

This time, before Stephen could touch Freya's hand, he received a solid punch to the face from Kieran.

Stephen's eyes suddenly widened, he looked at Kieran incredulously, Fitz had hit him again?

It was obviously Fitz who bullied his Fairy Freya, and this Fitz still beat him.

Unbearable!

Stephen clenched his fist and swung a fist fiercely at Kieran's face, "Fitz, you bully my Fairy Freya and hit me! I'll fight with you today!"

"I bully Freya?!" Kieran caught Stephen's swung fist with precision, and Stephen felt like his fingers were about to be broken by him.

Stephen bared his teeth in pain, and as he was just about to say something, he heard Kieran's voice again, "What's between me and Freya is none of your business!"

Originally, Stephen was still twitching with pain, and after hearing Kieran's words, his violent temper instantly rose up again.

He forcefully broke away from Kieran's grip, "What do you mean?! You bully her so much, what right do you have to dominate her?!"

"Fitz, it's true that we are good buddies, but so what? Just because you're my buddy, you can just bully the woman I like?!"

"Coleman, I said I didn't bully Freya!" Kieran frowned unhappily, one was his own nephew, the other was his best buddy who grew up together as a child, this feeling of having love rivals all over the place really irritated him!

"Mr. Fitzgerald, you bullied me!" Freya, who had been standing quietly on the side, suddenly spoke up, and after a moment of silence, she repeated, "Mr. Fitzgerald, you're bullying me!"

Hearing Freya's hoarse voice, which was clearly tinged with aggression, Kieran could not help but feel distressed.

He didn't actually know why Freya would somehow say that he had bullied her, but even if she was being unreasonable, he would still find a way to make her happy.

Because he liked her so much!

"Freya, I won't bully you." Kieran stepped forward, grabbed Freya's hand with force and said with unparalleled certainty.

With the force of her hand, Freya wrenched her hand out of Kieran's grasp.

“Mr. Fitzgerald, you’re making my heart ache.” Freya turned her face to the side, she did not want to show her vulnerability in front of Kieran and Regina.

“Mr. Fitzgerald, you haven’t explained to me how you came to be here with Regina! No matter what you have done before, as long as you are willing to explain, I am willing to listen.”

Kieran’s thin lips involuntarily pursed, what did she mean no matter what he and Regina had done?

What could he have done with Regina?

As if she would be afraid that Kieran would be embarrassed, Regina hurriedly said beforehand, “Freya, you have misunderstood me and Kieran. I’m not lying to you, there’s really nothing between me and Kieran.”

After a pause, Regina went on to say, “Freya, Kieran treats you so well, you should trust him instead of being so unreasonable and giving him a hard time.”

Regina said this in a generous and decent manner, but with every word she said, she described Freya as a woman who was full of suspicion, which really was a stark contrast to her atmospheric nobility.

Freya sneered in her heart. Regina’s mean was really better than Alisha’s.

Freya did not speak immediately, she looked coldly at Regina and only after a few seconds did she slowly speak.

“Regina, did I really misunderstand you and Mr. Fitzgerald? If there was nothing between you and Mr. Fitzgerald, how could you ..... how could you shout Mr. Fitzgerald’s name in bed?! And said he was good, let him ..... let him .....”

### **Chapter 293**

Freya could not really say the latter words.

Hearing Freya’s words, Regina’s face changed slightly, but soon, she regained her composure.

There was no proof in words, and Freya was unreasonable and unjustified no matter what she said!

Regina lifted her face to look at Freya, “Freya, you have indeed misunderstood me and Kieran. I don’t even know what you’re talking about, how could I possibly be shouting Kieran’s name in bed?”

“In my mind, Kieran is indeed the good man, but I’ve never said that in bed.”

Regina was reasonable and innocent. And it sounded like Freya was slandering her.

Freya did not pay attention to Regina, she just looked at Kieran in front of her and said word by word, “Mr. Fitzgerald, if there was nothing between you and Regina, why would you go looking for her in the middle of the night? When I called, why I heard her voice?”

“You called me?” Kieran looked confused, not like he was faking it, “Freya, I didn’t get a call from you.”

Regina hurriedly spoke up for Kieran, “Freya, are you mistaken? If you called Fitz, how could he not know?”

“Freya, it’s valuable for two people to get along with each other with sincerity and conviction. To be honest, I quite envy you for being able to stay by Kieran’s side, and I hope that you will also cherish Kieran and not always wrong him.”

Hearing Regina’s words, Kieran’s eyes darkened. It was not that he hated Freya because of Regina’s few words.

Truly, he did not like people standing on the so-called moral high ground and accusing his woman.

What was wrong with his Kieran’s woman liking to be unreasonable? What was wrong with her being suspicious?

He was happy to spoil her!

“Regina, you’re really saying that in a grand way!” Stephen couldn’t sit still, “I don’t believe that my Fairy Freya would wrongly accuse Fitz! Fitz, don’t pretend, if you slept with Regina, just say so! Come out like a man!”

My Fairy Fairy .....

That was a harsh name!

How did his woman become Coleman’s fairy? This Coleman was really getting fond of looking for trouble!

If he didn’t want to scare Freya, he really wanted to go up and give Stephen another beating.

“Coleman, how can you say that about Kieran!” Regina looked like she was holding out for Kieran, “Freya wronged me and Kieran, you can’t help her wrong us like that!”

“We all grew up together, would you not be clear what kind of people are Fitz and I?! I don’t want to explain much, I’m here today to say one thing, Fitz and I are clear of anything!”

Because of what happened about Kiki just now, Quinn’s wickedly handsome face was still gloomy, but Regina had mentioned their friendship, so he had to say something anyway.

“Coleman, I believe that Regina and Fitz are not such people, there must be a misunderstanding here.”

Fabian was afraid that Kieran would be dumped by Freya, he hurriedly said, “Yes, Mrs. Fitzgerald, I think you should give Fitz a chance.”

“Give a chance?!” Stephen was afraid that Freya would fall back into Kieran’s embrace, and was instantly anxious, “If he is unfaithful once, you don’t have to be with him for the rest of your life. There are only zero and countless times for a man to cheat on his wife, Fitz can be with Regina behind the back of Fairy Freya today, who knows if he’ll be with others tomorrow?”

“Fairy Freya, listen to me, you can’t have a man with an unloyal heart! Come to me! I promise I won’t break your heart for a single moment in my life!”

“Coleman, you shut up!” Kieran’s handsome face was so dark that it almost turned into charcoal.

Coleman started picking up his woman in front of him again, he really thought Kieran was dead, didn't he!

Kieran didn't bother to pay any more attention to Stephen and his eyes looked deeply at Freya, "Freya, you've wronged me."

In Kieran's voice, there was no resentment, but rather a few moments of pouting aggression.

He was really wronged by Freya. He was in desperate need of Freya's comfort.

Hearing Kieran's voice, everyone in the audience was stunned, only Fabian was still calm, after all, it was not the first time Kieran had spilled his guts in front of Freya or something.

As for Quinn and Stephen and the man sitting in the shadows, their jaws almost dropped.

The towering and unbeatable Fitz, a man who was decisive, he even pampered a woman?!

Regina's face was incomparably pale, and although she was still able to maintain her usual grace and elegance, she could not hide the ghastly whiteness on her face.

This should have been her man, all his favours should have belonged to her, but now, they were all taken away by this woman called Freya, and she was not happy about it!

People, once they are discontented, are prone to do things that make them lose their minds.

At this point, Regina had some desire to make Freya have a hard time.

She secretly bit her lip, and then spoke at length, "Freya, it doesn't matter if you wronged me, but please don't wrong Kieran, okay? He is such a proud person, how can he be wronged so easily!"

"Wrongly accused?" Freya said, "Regina, between me and Mr. Fitzgerald, there is no need for others to pretend to be good people. I don't know if I have wronged Mr. Fitzgerald, but I can be sure that I have definitely not wronged you!"

Hearing Freya's words, Regina's face went white again, but she still spoke in that high and rippling tone, "Freya, I'm not pretending to be a good person. I just can't see Kieran suffer like this!"

After a pause, Regina's voice, too, carried some aggravation, "I admit that I have loved Kieran since I was young, but I also respect Kieran, I won't do what I shouldn't do. Freya, I also have dignity, how can you talk about me like that?"

"You said I was shouting Nine's name in bed, and that I said that kind of shameless words, and I was really hard on my heart."

"There are only a few people here who we know well, if such words were heard by others, my reputation, really, would be ruined. Freya, I hope that when you speak in the future, you can leave some room for others, don't always ..... don't always just make yourself feel better."

Freya looked coolly at Regina's impeccably beautiful face, she also knew that Regina dared to say such things because she was certain that she had no proof of her words, but unfortunately, she really had proof.

Freya didn't say anything, she just tapped her phone.

When she placed her mobile phone on the coffee table, inside her phone, Regina's voice came out.

"Kieran ..... Ah ..... Kieran ..... mmm ..... Kieran, you're so good! Fitz, I can't! I ..... Ah ..... um ..... um ....."

## **Chapter 294**

Last night, Freya called Kieran twice, and the first time she heard Regina's voice coming from inside the phone, she was really going to have a hard time.

She couldn't figure out why Mr. Fitzgerald had to do such a thing with Regina when he claimed to love her.

She couldn't even help but think, "Are all men in the world not good?"

But inside her head, there was a different voice that kept telling her that Mr. Fitzgerald was not this kind of person.

Yes, Mr. Fitzgerald had defied life several times to save her, she could really feel his deep love for her, so she did not believe that he would run to Regina's bed for no reason.

Besides, inside the phone, she only heard Regina's voice and not Mr. Fitzgerald's voice.

She felt that there must be something fishy about this.

After calming down, Freya called Kieran again, and this time, she took the extra precaution of recording a voice.

If it was still Regina's voice coming out of the phone, she could just record it.

It was best that Mr. Fitzgerald did not have sex with Regina. With this recording, when she went to Mr. Fitzgerald to question him, she would at least be able to prove that she was not being unreasonable.

In a relationship, when two people had conflicts, the most taboo was hiding anything, and if they wanted to go on for a long time, the heart of the doubt must be settled.

She didn't want to have a knot in her heart forever about Mr. Fitzgerald.

Freya originally wanted to take this recording and question Mr. Fitzgerald in private, but she just didn't expect to happen to run into Regina tonight, and every word of Regina's also pushed her towards an unreasonable persona, so naturally she wanted to show Kieran who was more unreasonable.

Regina's face was still wearing an elegant and perfect smile, when she heard the voice coming from Freya's mobile phone, her face instantly changed.

She was so uncomfortable that she wanted to scream, but the etiquette of a famous lady instilled in her since childhood prevented her from screaming out.

She just lifted her foot and tried to rush over and turn off Freya's phone.

After lifting her foot, Regina's body, again, instantly froze in place.

Now, even if she went to turn off Freya's mobile phone, it would be useless, everyone had heard her voice, clearly, and she dared not think what Kieran would think of her.

Hearing the voice coming out of Freya's mobile phone, the rest of the people in the box were also taken aback.

Fabian was so shocked that he rolled straight off his high chair, Quinn had just taken a sip of white wine and instantly spewed it out, and the man sitting in the corner, choking on his saliva, coughed so hard that he almost lost his breath.

Stephen was also shocked, his legs stirred and he held onto the bar to one side before he could steady himself.

He was worried that there was nothing between Fitz and Regina, but now that the evidence was clear, Fitz would not be able to steal his Fairy Freya from him!

Stephen raised his seductive eyes, with an unrestrained look, "Kieran, you're so good! Kieran, be gentle! Kieran, do you still want to say now that you have nothing to do with Regina?!"

Kieran coldly swept Stephen a glance, his handsome face cold.

Coleman needed to be dealt with!

Inside the entire box, the calm person was Kieran. Kieran was sure that he hadn't done anything to make Regina think he was good, but his heart couldn't be that calm.

Whether he had done it or not, his beloved girl was angry, what could he do to make his beloved girl calm down?

Fabian propped himself up on the coffee table and got up from the floor, he patted the dust on his clothes, "Fitz, you are unethical! I thought how faithful you were to Mrs. Fitzgerald! How can you ....."

"I didn't!" Kieran didn't want Freya to continue to misunderstand, he clutched Freya's hand hard, not giving her a chance to break free, "Freya, I didn't, believe me!"

"Believe you?!" Stephen emotionally rushed over and tried to separate Kieran and Freya, but he couldn't beat Kieran, "Fitz, you are philandering, I forbid you to bully my Fairy Freya!"

After saying this, Stephen turned his face to Freya and said, "Fairy Freya, you can't continue to be fooled by him!"

"Coleman, shut up!"

Kieran suppressed the urge to beat Stephen, seeing Freya trying to break away from his hand again, he stubbornly clutched Freya's hand tightly, "Freya, believe me, if I lie to you, god will....."

Freya stretched out her hand and covered Kieran's mouth with force to prevent him from making such a poisonous oath.

Last night, she would have dialed him a second time and recorded the call; in fact, deep down, she believed him.

Now that she saw how open and certain he was, she was even more convinced of him.

She would not fall out with Kieran and make a mess of things because of a deliberate trap designed by someone else, it would only please the woman who had mischief in mind for Mr. Fitzgerald.

“Mr. Fitzgerald, I believe you.”

Freya felt that she should declare her ownership of Mr. Fitzgerald in the face of Regina, who was leering at him.

She ignored the fact that there were so many other people in the box, and she cheekily stood on tiptoe and took the initiative to kiss Kieran’s lips.

Kieran thought that he would need to rack his brains to explain such a big misunderstanding, but he had ever imagined that his beloved girl would believe him so easily and take the initiative to throw herself at him?

The girl he loved had offered him a kiss, and he reacted for sure!

At that moment, Kieran forcefully hoisted Freya into his arms, tossing and turning in repeated kisses, the people inside the compartment were treated like air by him.

Looking at the two people who were kissing each other indissolubly, Fabian and the others were directly frozen.

Fabian had just sat back in his high chair and he dropped to the floor again.

Mrs. Fitzgerald forgave Fitz so easily?!

Shouldn’t she first let Fitz kneel on durian and keyboard, kneel until his legs were weak, and then teach him a hard lesson with a whip and wax oil?

Although Fabian was relieved that Fitz didn’t have to be a bachelor, he couldn’t get over the fact that he didn’t get to watch Fitz being abused by his wife.

Stephen was even more shocked than Fabian, he raised his hand, shivering and pointed at Kieran, and then, looked at Freya with grief.

“Fairy Freya, you really can’t be fooled by Fitz! He’s philandering, he’s promiscuous, he betrayed you, do you want to be cheated by him?!”

Stephen had never actually liked Regina very much, he always felt that she was a bit of a pretender, but at this moment, he felt that he had formed a solid alliance with her.

He gave Regina a firm shove, “Regina, say something! You were screaming so much in bed and now your man has come to hook up with my Fairy Freya, why don’t you say something and steal him back?!”

## **Chapter 295**

Say something?

What to say?

Regina's face was already white enough, and after hearing Stephen's words, her face became paler.

Last night, she took the opportunity to answer Freya's call to Kieran and disguised that voice, originally wanting to deal Freya a fatal blow and make her leave Kieran disoriented. She never expected that Freya would record the second call and play the recording in front of so many people.

What was more, Kieran also heard the recording.

Regina had never been so humiliated, and it felt as if she was now naked and being viewed by all.

But she knew in her heart that she could blame no one for being in such a mess.

It was she who set up Freya first, and it was only right that Freya should recoil. She only blamed herself for not pl Penny perfectly enough and not being able to completely crush Freya's heart for Kieran.

"Regina, you and Fitz have gone that far, you still don't want Fitz to be responsible for you?" Stephen saw that Regina still didn't make a move and became even more anxious, "Regina, you are Fitz's fiancée, your fiancé had sex with you, and you intend to let go of him?!"

Stephen was really noisy, Regina was already upset, and he kept yakking in her ear, she really wanted to slap Stephen to death.

But Kieran was still here, and she had already lost her image in his heart. If she lectured Stephen like a shrew again, he would definitely hate her even more.

With this in mind, Regina forcefully suppressed the urge to teach Stephen a lesson, she tried to pull out a smile that was even worse than crying and said to Kieran, "Kieran, it was all a misunderstanding. Kieran, I don't know why I got carried away last night and answered your call and made that sound."

"Fitz, I'm wrong, can you forgive me for once?"

Freya did not expect Regina to admit so openly to the tricks she had played behind her back, and she could not help but be impressed by her.

Freya's eyes slowly swept over Regina's face, Regina was really beautiful, her face, no matter which angle she looked from, was impeccably perfect.

If Alisha was a self-proclaimed noble chrysanthemum, then Regina was a national peony.

The gracefulness and elegance of her, and the natural elegance of her body, were captivating.

What was more, her inner qualities were stronger than Alisha's, and they were destined to become love rivals. Regina, the love rival, was a bit hard to deal with!

But no matter how difficult Regina was, it didn't matter so much. As long as she was the only one in Mr. Fitzgerald's heart, she would be satisfied.

"Regina, these little tricks of yours are boring." Kieran looked at Regina without a trace of warmth in his eyes, causing Regina's heart to instantly cool.

She was just about to say something else, but she heard Kieran say again in a cold voice, "Regina, behave yourself!"

After saying this, Kieran didn't stop for a moment as he pulled Freya into his arms, clutching her hand tightly before heading outside the box.

Regina stood in a daze, as if she had just suffered a lightning strike.

Over and over again, she recalled what Kieran had just said, recalled the look in his eyes when he looked at her, and her heart went cold.

It turned out that all she had done was to get a word from him, "Behave yourself!"

How could she resign to it!

Regina and Kieran grew up together as childhood friends, and Kieran was cold to her. She also always thought that Kieran's character was like this, he might be cold on the outside, but in fact, had a fiery heart.

It was not until she met Freya that she understood that Kieran was not really indifferent, he was just gentle to the woman he loved, and to those he did not care about, it was really a cold face and a cold heart.

Regina pressed her chest hard, her heart hysterically aching, she could barely stand, she went limp and fell uncontrollably onto the sofa to one side.

After all, they were partners who grew up together, and seeing Regina in this state, Fabian and the others were a bit dismayed.

Fabian weighed his words and said to Regina rather helplessly, "Regina, why are you doing this! You know full well that Fitz only has Mrs. Fitzgerald in his heart, so you're only embarrassing yourself more!"

Quinn glanced at the door of the slowly closing compartment and echoed, "Yes, I can also see that Fitz really likes Freya. Regina, you don't stand a chance! Let go, don't make a fool of yourself!"

After persuading Regina, Quinn suddenly laughed to himself.

He urged Regina to let go, but how could he do so!

He knew full well that Kiki did not have him in her heart and did not care for him, but he still wanted to keep her by his side as if he was crazy.

When he first reunited with Kiki, he thought that he was just begging for revenge, that he was fighting back against the humiliation and taunting he had received years ago, but after a few encounters, he realised that his treatment of Kiki was not revenge, not predation, but love!

It was enchanted love!

Suddenly thinking that Freya was Kiki's best friend, Quinn drained the wine inside his cup in one go, then pushed open the door of the compartment and quickly chased after her.

He wanted to know who had chopped off Kiki's finger, and since Freya was Kiki's best friend, she must know the truth!

Sitting in the corner, Diego shook the red wine glass in his hand, he stared ahead with a smirk, unable to say whether he was looking at the wine in the glass or at Regina.

Tonight, it was fun!

He had only just returned home and was surprised to see such a wonderful scene.

Well, his apprentice's mommy was indeed good looking, his apprentice's words were not exaggerated at all, and well, the fighting was good too, and Regina had no hope.

After all, he and Regina were childhood friends, he leaned back lazily and symbolically spoke, "Regina, you'd better not waste your time on Fitz, be careful that you won't be able to get married if you spend too long!"

"Each and every one of you has advised me to let go, but I love Fitz so much, how can you make me let go? I can't let go! I can't let go of my love for Fitz unless I die!" Regina's eyes were firm as she said one word at a time.

Seeing that his fairy was snatched away, Stephen, irritated, scratched his hair, "Regina, since you can't let go, snatch Fitz back! So that I can also live with my fairy!"

Regina gave Stephen a vicious glance, if she could snatch Kieran back, why would she need to be here to grieve?

Stephen wanted to go and snatch Freya back, but he felt that he would definitely not be able to beat Kieran and would have to return home with a disastrous defeat.

Stephen poured a glass of wine into his stomach sadly, he could only pray that Fitz would soon dump Freya so that he could succeed in his position!

Just as she reached the staircase, Freya burst out of Kieran's arms, "Mr. Fitzgerald, you can now explain why last night you went to Regina."

## **Chapter 296**

"Also, why did she answer the phone when I called you? And there was almost an hour between, which means she held the phone for you for a long time... If there was no half-assed relationship between the two of you, why could she answer the phone for you?!"

Kieran thought he had an open and honest relationship with Regina, and there was really nothing he needed to explain to Freya about Regina.

However, since Freya was uncomfortable in her heart, he certainly had to make his beloved girl feel better in her heart.

He rubbed Freya's head, "Freya, I went out last night because Regina called and told me that my second brother was conscious."

"Seven years ago, my second brother became a vegetable to save me. Regina has a cousin who is the best brain doctor and my second brother has been treated by him."

“I went over there last night, not for Regina, but for my second brother. I went to stay with my second brother at the lab Regina’s cousin, I was in a hurry and left my phone outside, I didn’t expect Regina to answer the phone.”

“A vegetable?” Freya subconsciously asked, “How is second brother doing now?”

Freya really didn’t know that Kieran’s second brother had become a vegetable, she had always thought that Kieran only had one sister, Eleanor.

The media was naturally inordinately curious about a powerful family like the Fitzgerald family, but their coverage of the Fitzgerald family was only about Kieran and Eleanor, as if, Kieran’s second brother had never existed.

“He is not awake yet, but I saw his fingers move and I’m sure he will wake up soon.”

Hearing these words from Kieran, Freya did not speak again, but clutched Kieran’s hand tightly.

Her younger brother, Josiah, was also a vegetable, and she knew how hard it was to have a vegetable loved one in your heart, and she empathised with Mr. Fitzgerald’s feelings.

Originally, as soon as Regina called Kieran went out, Freya’s heart was still weirdly uncomfortable, but now for Kieran, only heartache remains.

Yes, she was heartbroken for Kieran.

She had always thought that a man as high and mighty as Kieran would not have sorrow, but she had never imagined that he also had regrets in his heart that could not be healed.

From Kieran’s mouth, Freya knew a lot about Simon Fitzgerald, Kieran’s second brother.

If Simon was well now, then the person who looked most like Kieran in this world must not be Seth and Jaden, but Simon.

Kieran and Simon were identical twin brothers, Simon was only a few seconds older than Kieran, yet he played the role of older brother to the fullest.

Simon liked business and the Fitzgerald’s was flourishing in his hands, while Kieran preferred the military life, where Simon took on the heavy responsibility of the family and he could put on the uniform and protect his country.

Only, he had never imagined that seven years ago, Mike wanted to take control of Fitzgerald’s.

That night, Kieran and Simon experienced a thrilling shooting, because they were defenceless, they were forced by Mike and almost had no way to escape, at the critical moment, Simon used his body to block the fatal shot for Kieran.

The shot hit him just in the head, saved his life, but only plunged him into a boundless slumber.

After Simon became a vegetable, Kieran took over the Fitzgerald’s, and his means were harsher than Mile. Five years ago, during the civil unrest in Fitzgerald’s family, he used a thunderbolt to expel Mike from Fitzgerald’s family and put an end to the civil unrest, putting Fitzgerald’s family under his control.

In fact, the wealth that could be invincible did not mean much to Kieran, he just wanted to take good care of the Fitzgerald's that his elder brother had spent so much effort on, and wait until his elder brother woke up to return the Fitzgerald's to his elder brother.

Many, many times we think that our loved ones who are seriously ill will one day be healthy enough to be with us in our old age, but the truth is that once a person is seriously ill, it only gets worse and worse, and there is no way they will ever look young and vibrant again!

At this time, Kieran could not have imagined that, at the time when he was sure that Simon could wake up, the love-hate relationship he had caused would cause Simon to fall into a completely long sleep.

After getting on the lift, Freya called Kiki again. Fortunately, this time Kiki's mobile phone picked up and Kiki said that she was fine now and that she was a bit tired and had gone back to Swedayle Garden first, asking Freya to say sorry to Catherine.

After hearing Kiki's words, Freya remembered that she had been so abducted by Kieran that she had also forgotten to tell Catherine. As she was just about to call Catherine, Kieran's hot lips kissed down.

Well, she was compelled by Mr. Fitzgerald again, and her passions were uncontrollable.

Such a nice Mr. Fitzgerald was hers.

No other woman could even get him.

Kiki really wasn't lying when she told Freya that she was fine now.

It was good to be free from the clutches of that perverted man Christ!

Kiki's body was sore from the rough fall by Christ just now, and she gritted her teeth to steady herself before she climbed out of the bathtub.

She didn't want to stay here a minute longer.

She knew that Penny had stayed here for a while after she had been imprisoned.

With such a large bathtub, who knows if Penny had ever taken a bath in it with Christ?

The thought of Christ and Penny tangling in the most loving way in their once new room made Kiki sick to her stomach.

She wanted to get out of here, but she was throwing up so much that she couldn't gather the strength to leave smoothly after several moments of reprieve.

Kiki was so weak from throwing up that at this time, she especially wanted to find a warm and soft place to lie down.

Was it the king-size bed in Christ's room?

Kiki did not lie on it after all.

She felt it dirty.

After crouching in the corner with her knees for a while, Kiki felt better. She tidied up her clothes and planned to go back to the Swedayle Garden, but no sooner had she reached the entrance of Christ's villa than she saw Christ, whose eyes were red as if he was a rabbit.

Now, Christ looked really scary. Kiki thinks that Christ would turn out like this because he should be crazy from the heartache of Penny's suicide.

Kiki smiled coldly, she had no intention of meeting the deep love between Christ and Penny, she half lowered her eyelids and walked quickly outside.

Right now, she just wanted to stay away from Christ.

"Kiki, why?!"

Christ, however, did not give Kiki the chance to leave at all, he pressed her hard against the wall, "Kiki, what exactly did Penny do wrong that you have to harm her like this time and time again?!"

"Say it! Why did you let someone rape Penny? Kiki, tell me the truth! Otherwise, I'll definitely kill you!"

## **Chapter 297**

### **Rape Penny?**

Kiki felt that Christ's words were really particularly ridiculous and nonsensical, tonight, she had almost been raped, how else could she have the leisure to let someone rape Penny?!

Christ's body pressed Kiki out of breath, and when he got angry, he liked to pinch her neck with his hands, which made it even more impossible for her to breathe.

Kiki's forehead was so uncomfortable that beads of sweat oozed out from her forehead, and she tried hard to push Christ away, but Christ squeezed her even tighter.

"Kiki, say it! Why won't you leave Penny alone! What exactly has Penny done wrong that you want to harm her like this?!"

"You've already killed Penny's baby, why are you letting someone destroy Penny now?! Do you know that if the police hadn't arrived in time, Penny would have been ....."

Kiki strained to move her lips, "Christ, let go of me! I didn't let anyone rape Penny! I didn't kill Penny's child either!"

When Kiki hired someone to almost kill Penny tonight, Christ was already angry enough, but now that Kiki was even denying that she had killed Penny's child six years ago, he was even more furious.

He stared deadly at Kiki, the flames leaping in his eyes, a little bit of which turned into knives, slash by slash, wanting to kill Kiki by a thousand cuts.

"Kiki, you're still unrepentant!"

Christ's hands tightened as he narrowed his eyes and said with hatred, "Kiki, just letting you serve five years in jail is really too mercy for you! A woman with a heart of a snake like yours should be put through jail!"

Kiki didn't like being wronged over and over again, so she continued to struggle to speak, "Christ, whether you want to believe it or not, I have to say that I didn't harm Penny! Not six years ago, and not now!"

"From the very beginning, it was you and Penny who harmed me! You and Penny are the real snakes and scorpions!"

"Kiki!" When Kiki was so insensitive, Christ couldn't control himself and shouted out, "Kiki, the evidence is overwhelming, how shameless should you be to deny it?"

"Kiki, I'm warning you, if you dare to hurt Penny one more bit, I will make your life worse than death!"

"Christ, not to mention that life is worse than death, even if I were to die, I would still say that it is Penny who is harming me, I have not harmed Penny!"

"Shut up!" Christ ruthlessly let go of Kiki's neck, "Don't tell me that it was Penny who found someone to use rape her and deliberately set you up! Penny isn't stupid, how could she possibly joke with her life!"

Kiki laughed hysterically.

Yes, Penny was not stupid, she was not likely to play with her own life.

So, the so-called being raped and slitting wrists to commit suicide were all falsehoods!

Unfortunately, while Penny was not stupid, Christ was a big fool who was as stupid as he appeared.

Or perhaps it was not that Christ was stupid, but that he loved Penny so much that he could not distinguish between right and wrong.

Kiki really wanted to say that it was Penny who deliberately found someone to use rape her and deliberately set her up, but Kiki did not say it after all.

What could she do if she told him? Christ wouldn't believe her, she'd just be wasting her breath!

"Don't play dumb, speak to me! Who are you to hurt Penny again and again? What gives you the right!"

Hearing what Christ said, Kiki laughed harder, just now he had told her to shut up, now that she had shut up, he resented her for playing dumb again.

Christ, what a temperamental man!

Seeing Kiki laughing, Christ was so angry that he almost went mad. What he hated most was seeing Kiki laughing with a sarcastic look on her face, as if, in her eyes, he was just an unimportant clown.

Christ's eyes were getting redder and redder, he really wanted to tear the smile on Kiki's face, completely!

"You like to find people to rape her, don't you? Well, since you like it so much, tonight, I'll let you have a taste of what it's like to be raped other several men too!"

Saying that, with a fierce force in his hand, Christ rudely dragged Kiki in the direction of his car.

Kiki's face was horribly white, Christ, this madman, actually wanted to make her .....

She knew that Christ would definitely not take her to any nice place, and she certainly did not want to get into Christ's car.

She held on to the car door, unwilling to go in, but the strength she had in her hands was no match for Christ!

With a fierce force in his hand, Kiki's body had fallen heavily onto the back seat of the car.

"Christ, I want to get off!"

Kiki slapped the window hard, but right now, she didn't dare to jump out of the car.

Last time she jumped from Quinn's car, it was a fluke that her baby was intact; this time, she might not be so lucky.

Unable to jump out of the car, Kiki could only try to reason with Christ and get him to let her go.

"Christ, I really didn't ask anyone to harm Penny! Can you let me out of the car? I know you hate me, I will never appear in front of you and Penny again, will you let me get off?"

Christ's grip on the steering wheel stiffened abruptly, this woman was so eager to draw a line under him?

She dared!

Yes, what would she not dare! She could even remove their child cruelly, what would she not dare to do!

The more he thought about it, the more irritable he became, and Christ stepped on the accelerator, and the speed of the sports car was as fast as a bolt of lightning.

Kiki had been throwing up a lot in the last few days, and when Christ drove the sports car so fast, her stomach couldn't control the gushing.

She slapped Christ's seat hard, "Christ, stop the car! It's really hard for me, can you stop the car?"

"Kiki, don't pretend!" There was not a trace of warmth in Christ's voice, "You did the sins, you suffered them yourself! Everything tonight is because you asked for it!"

Kiki's stomach became more and more uncomfortable, her brain became more and more chaotic, that kind of taste was too torturous, she really did not have the strength to talk to Christ.

She lay helplessly on the back seat of the car, thinking that, in this case, she would not be able to sleep, but, in the next moment, her world would be dark.

When Kiki woke up, she found that she was inside an abandoned factory building.

Her body, which was sore everywhere, had obviously been thrown to the ground by Christ.

She had just tried to get up from the ground but Christ's cold voice reached her ears.

"You're really playing dead!"

Without waiting for Kiki to speak, Christ said again in a cold voice, “the few people you found to bully Penny are all very strong! Well, tonight, if they serve you together, you must be ..... happy!”

## **Chapter 298**

“Christ, what did you say?!”

Kiki’s pupils suddenly tightened, she knew that Christ was not inhuman, but she could not have imagined that he would let another man.....

And, several of men!

“I say, tonight, the ones you’re looking for to hurt Penny will all come to serve you, and I promise you, today, you’ll never forget it!”

The words were almost said through the teeth of Christ.

Thinking of the layers of gauze wrapped around Penny’s wrist, Christ’s fingers couldn’t help but tighten, if he hadn’t wanted to let Kiki down so easily, her neck would have been broken by him long ago.

He didn’t know why he was so angry, couldn’t say whether he was hating Kiki for her viciousness or her unrepentant nature.

What he hated most was actually his own intolerance of Kiki’s heart.

Yes, even if Kiki had hurt Penny once again, it was surprising that he would still feel bad for her.

When he got out of the car just now, he saw Kiki’s miserable white face unconscious, his heart was in hysterical pain.

At that time, he was really anxious, he thought something was wrong with Kiki’s body, but he didn’t expect that just after throwing her to the ground of the abandoned factory, she opened her eyes.

So, just asleep!

He was so uncomfortable, his hatred burned, countless fires scorched his heart, the author of all the sins, this shameless woman, what right did she have to sleep with peace of mind!

Thinking of the pity and heartache that had flashed through his heart just now, Christ’s heart grew even more hateful, and even bruising Kiki was not enough to erase the hatred engraved in his heart!

“Christ, you mad dog! You let me out of here! You can’t do this to me! You can’t do this to me!”

Kiki pressed hard against her belly, rare panic written all over that charming face.

The men that Christ had found were definitely not good people, and if they tortured her together tonight, her baby would definitely not be saved!

Kiki didn’t want Christ to know that she hadn’t aborted the baby, but in this situation now, she couldn’t care less in order to keep her baby.

She gasped hard and lifted her chin to Christ and said, “Christ, you can’t do this to me! Let me out of here! I’m pregnant! If you let those men do this to me, my baby will surely die!”

Hearing Kiki's words, the hostility in Christ's eyes instantly spread out, and he looked at Kiki with a fierce smile, and his words were heartbreaking, "My child is already dead! You cruelly removed it! You killed my child, and now you want to use my child as a shield to save your life?"

"You bitch!!"

"Kiki, you have harmed Penny, you have made Penny's life worse than death, tonight I will also make sure that you will suffer!"

"Christ, I didn't! I didn't get rid of that baby! Christ, if you don't believe me, I can go to the hospital and get checked out, I'm really still pregnant, you can't let someone do this to me! You can't ....."

"Shut up!"

Not waiting for Kiki to finish her words, Christ violently cut her off, "Kiki, you were the one who didn't want my child in the first place, now, even if there is any child inside your belly, he deserves to die!"

Kiki's body stiffened violently, and she looked at Christ in a daze, tears rolling down her eyes, so unexpectedly.

Kiki really didn't want to cry, she didn't want to show the slightest bit of vulnerability in front of this devil, but thinking of her innocent child who died tragically six years ago, she couldn't control her tears just now.

Kiki's eyes were downcast as she stared at her belly in bewilderment, yes, how could a man like Christ care about the life of the child inside her belly!

Six years ago, he could brutally have her child killed, and now, he won't let that child live!

Originally, Kiki had wanted to abandon all her pride and ask Christ to let her go tonight for the sake of his blood in this child. But she figured out now he wanted her child die.

There was no need to beg for mercy from him, for a man with a heart of stone like Christ, even if she knelt down towards him and she knocked her head through, he would not be the least bit moved.

Since, she could not change his stony heart, why should she trample on herself and voluntarily throw her dignity at his feet for him to tread on?

Kiki cried.....

As Christ stared at Kiki's miserable face, his cold, hard heart gave a hard jerk that he couldn't control.

He had seen Penny's tears countless times and really didn't feel anything. He thought that he had long been immune to women's tears, but he didn't expect that when he saw Kiki in tears, his heart was aching.

Kiki, what right did she have to make him hurt!

All the pain in his heart instantly turned into boundless hatred and anger, he hooked his lips and smiled a cruel and bloodthirsty smile, he felt that if he continued to stand here and face Kiki, he would definitely go crazy.

So, he turned his face and yelled sternly at the door, "Tell them to get their asses in here!"

As soon as Christ's words left his mouth, four strong men walked in with drooping heads.

Before they came, they already knew what their mission was for tonight, and they felt that if they pretended to bully Penny, Christ would definitely not let them off easily, and the woman that Christ gave them tonight might be as ugly as she could be.

How could they not dare to think that the woman sitting on the ground at this moment was even more beautiful than Penny?

Where could Penny compare to a woman on the ground!

Penny was good looking, but that was tacky!

But the woman on the ground...

She was Elegant and cool, even with a face of anger and embarrassment, a mesmerising look flew between her brows.

The four pairs of originally dull and withered eyes instantly burned with the ghostly light of tigers and wolves, and if not for the fact that Christ was still standing here, they would have turned into fierce tigers.

The man at the head of the group was still unsure, he swallowed hard, "Mr. Birkin, is this woman really for us?"

"Serve her well!" Christ's voice had a distinctly evil tone in it, "This woman is notorious, I'm afraid that the four of you together won't be able to satisfy her tonight!"

When they were sure that such a good thing had fallen into their laps, the men were overjoyed and kept smiling at Christ, "Don't worry, we're very good! Tonight, we promise not to let her down!"

Christ didn't know what kind of anger he was having, but he was just angry anyway, so angry that he couldn't breathe.

He flung down his cuffs angrily, swept Kiki a cold glance, and threw down a sentence, "Go!" and walked out of the door.

## **Chapter 299**

Kiki didn't even bother wasting her strength to get up from the ground.

Christ was really good to her, finding her four men at once.

Shouldn't she be thanking Christ for letting her have the chance to experience four men that once in her lifetime?

When those men saw Kiki's face, their souls had long since flown to her, and when they saw Christ walking out, they couldn't wait.

Seeing those men getting closer and closer to her, Kiki frowned uncontrollably, she moved her lips, she had wanted to tell those men to get lost.

But as the words came out of her mouth, she felt that it was really futile to make these so-called struggles when the night was already like this!

The door of this room was really worn out, with a large piece of the door panel missing, and from the missing panel on the door, Kiki was able to clearly see Christ standing just outside the door.

Was he trying to admire his ex-wife having sex with four men?

Anyway, she couldn't escape tonight, she was just going to be tortured to death, and since he wanted to see her have sex with another man so much, she would satisfy him!

Even if tonight she was destined to be trampled by the devil and doomed to perish, she still had to laugh!

So even when she couldn't hide from it, she was smiling at her most desperate time.

Christ was a devil, he didn't believe her, he would let her go, even the child in her belly, so tonight, there was no turning back for her.

Christ turned around stiffly so that he could just about see clearly what was happening inside the room.

He thought that he might be really mad that he was standing here, watching his ex-wife having sex with another man.

Or rather, he did not want Kiki to get close to those men.

He clenched his fist to death. He hated Kiki very much, but Kiki was his ex-wife after all, and he was the one who lost his dignity, wasn't he?

If word got out that Kiki was being bullied by four men, how big a cuckold would he be?

Yes, he was standing here so nervously, not because he cared about Kiki's death, but just because he didn't want to be cuckolded by his odious ex-wife!

In order not to be cuckolded, Christ even secretly excused Kiki in his heart.

As long as Kiki struggled, as long as Kiki shouted for help, as long as Kiki begged him for mercy, he would let her go today!

Just now Kiki was so frightened that she was crying, and he was certain that Kiki would beg for mercy from him, but he never expected that Kiki would not only not beg for mercy from him, but also smile flirtatiously at these men.

Christ was so angry at this!

This woman was simply hungry for that!

His fists clenched to a cackle, he really wanted to rush in and smash open Kiki's head to see what it contained.

These four men were so rude and ugly, and when she faced him, she always refused to obey in every way, but now, in the face of these four disgusting men, she laughed with such joy!

What a fucking bitch!

Christ's face was becoming increasingly pale, but the pride in his heart would not allow him to let Kiki go just like that, he narrowed his eyes dangerously, he wanted to see how long Kiki could hold out!

### **Chapter 300**

But the men were all on top of her, and Kiki was still smiling seductively.

How dare she!

Christ was so angry that he wanted to kill someone, but now, he didn't know who he should actually kill.

He stared fiercely at one of the men approaching Kiki's man, if eyes could kill, that man, long ago, would have been given death by a thousand cuts by him.

Although Kiki acted carelessly, being approached by these men like this, she was sick to her stomach.

But her pride would not allow her to show weakness to Christ any more.

She was now being bullied by four men, if she showed weakness, how miserable she would be!

She didn't want to live her life as a complete tragedy.

Kiki continued to laugh, even when she was so disgusted that she wanted to vomit, she still smiled with style.

"Come on! Haha, come on, all of you!"

Listening to Kiki's laughter, Christ only felt the anger that rushed all the way from his chest into his brain.

At this point, Christ had long forgotten that these four men were actually the ones he had gotten over to humiliate Kiki.

He just felt that he was now beyond endurance. He even forgot to open the door and lifted his foot straight up, kicking the wooden door in front of him viciously open and rushing inside the room.

Kiki heard the sound and could not help but raise her head and look in the direction of Christ.

Seeing the anger written all over Christ's face, as if he was a husband who caught his wife in an affair with another man, all the smiles on Kiki's lips turned into mockery.

"Mr. Birkin, why did you come in? Do you want to join us tonight?"

Kiki sneered and hooked her lips, "Unfortunately, I don't like your skills, and I'm not interested in your company tonight!"

After saying that, Kiki raised her arm and smiled lightly at the men, "Hurry up! Why are you so stupid! I can't wait any longer!"

Christ was so angry that his handsome face turned pale, and he roared through gritted teeth, "Kiki!"

Kiki, however, didn't even look at him, just looked at the few men in front of her with that seductive look in her eyes.

Thinking that Kiki really wanted to do it with these men, Christ could no longer control himself, he lifted his foot and kicked the man who was pressing on Kiki fiercely away.

“Get out!”

Those men did not understand why Christ had suddenly become so strange, and as they were just about to say something, Christ’s fists and feet had already landed hard on their bodies.

They were in fear of Christ and could only let him punch and kick them.

After Christ had punched them enough, he repeated what he had just said, “Get lost!”

Although they were very sad to let Kiki go, they were more afraid of being beaten to death by Christ. They gave Kiki a fond glance before rushing outside the room.

Kiki didn’t bother to straighten her clothes, she just lazily leaned against the wall and looked at Christ in an unperturbed manner.

“What, do you really want me to play with you? But I’ve just said that your skills are bad!”

“Kiki!”

Christ stared fiercely at Kiki, he really wanted to beat this woman to death, but he felt that if he beat her to death, he would definitely have to be even more angry, he could only continue to glare at Kiki fiercely.

Kiki completely ignored Christ’s anger as she held onto the wall and slowly got up from the floor, “Mr. Birkin, you know that your skills are bad, don’t you? If you still have some self-awareness, you should stop bothering me and get lost!”

Christ was already so angry that he was about to explode, and after hearing Kiki’s words, he became even angrier.

He could not beat Kiki, Christ was unable to vent his anger, in the end, he could only leave.

After Christ walked away, Kiki’s world was, at last, serene.

But soon, her heart, again, was in unspeakable panic.

She didn’t know exactly where this place was, but she could sense that it was desolate.

Sure enough, after Kiki walked out of this abandoned factory, she found that it was more than desolate.

With no village in front of her, no shop behind her, unknown animals barking everywhere, and the dark shadows of several large trees were next to her, she suspected she was turning into a horror movie heroine!

In such places, it was definitely impossible to meet a taxi. It was convenient to use taxi apps nowadays, but in such remote places, drivers would definitely not come at night.

Even if a driver was willing to come over, she just might not have to be the lead actress in a horror movie tonight, she would have to be the lead actress in the social news the next day.

After all, there had been so many stories recently of single women who had been killed using taxi apps to get a ride that it was scary to think about.

When she was in Christ's car earlier, Kiki had already sent a distress text to Freya, she hastily took out her phone and sent another location to Freya, but if Freya only came alone, she was definitely not at ease.

She would rather be the heroine of the social news than have Freya run off to such a shitty place alone in the middle of the night.

However, she knew in her heart that Freya would not come alone.

Mr. Fitzgerald would not let Freya come alone.

Freya was lucky to have Mr. Fitzgerald around!

She really envied Freya for her being able to meet Mr. Fitzgerald who treated her so well, but unfortunately, she was not as fortunate as Freya, in this life, she could not meet a lover who would live with her.

Kiki wiped the corners of her eyes, even if she was doomed to be alone for the rest of her life, she was happy that her best friend was happy!

The bright light from the car's headlights suddenly hit Kiki's face, Kiki thought it was Freya coming over, but on second thought, she had just sent Freya a location, Freya couldn't have come over so quickly.

As expected, the person who got out of the car was not Freya, but Dylan.
