

Talented 331

Chapter 331

Bradley's voice carried uncontainable excitement, "Boss, Jaden and Jayla are your children!"

This result was expected by Kieran, but the excitement in his heart when he got the exact conclusion was only more than Bradley's.

The woman from five years ago is really Freya!

Their destiny, it turns out, was sealed five years ago.

Unfortunately, he was too blind and recognised the wrong person. Had he recognised Freya then and kept her, she would not have had those five years of upheaval.

Kieran's hand, which was clutching his mobile phone, could not help but tremble. He felt that the heavens were really too kind to him, that he had gotten what he wanted, that he was inseparable from the woman he loved, and that she had given birth to such two smart and lovely children for him.

Bradley's voice, which was so excited that it trembled, continued, "Boss, you have children! I'm so happy! Boss, you're amazing! You've got children at this age!"

The more Bradley spoke, the more emotional he became. If he wasn't a man who was arrogant, he would have wanted to cry a few tears of excitement.

Ever since Kieran pulled him out of the mire many years ago, he has followed him with all his heart and soul. The happiest thing in his life is to see Kieran happy and prosperous.

Once Kieran, who was not close to women, regarded women as flooded beasts. The worst time, a female celebrity wore special clothes to seduce Kieran, who actually vomited directly on the spot.

In Bradley's opinion, when it comes to women, Kieran is psychologically challenged and even allergic to women. He thought that such a Kieran would have to be single, but he did not expect that Kieran would not only meet Freya, but also had children as early as five years ago.

"Boss, you're amazing!" The more Bradley spoke, the more excited he became.

Fabian was right next to Bradley, and after learning that Jaden and Jayla were Kieran's children, Fabian was so excited that he kept bouncing back and forth.

After seeing Bradley call Kieran, he jumped in front of Bradley again after he had done all the fun and grabbed the phone from his hand.

"Fitz, I thought you'd still be single by the time my kid is big, I didn't expect your kids would be this big now!"

Fabian couldn't help but feel his heart swell with joy at the thought that the two cute little ones would have to call him uncle in the future.

When Fabian complimented Kieran, he didn't forget to compliment himself.

He tossed his short hair in a self-consciously dashing manner and said rather smugly, “Fitz, I’ve taught you well, haven’t I? Under my guidance, you not only got a girlfriend, but also became a father! Fitz, you have to give me a big red packet! Don’t worry, as long as you give me a big enough red packet, I will continue to teach you in the future!”

Kieran was in a really good mood right now, but no matter how good he was, he would never forget to give a blow to Fabian.

“You taught me?” Kieran raised his eyebrows, obviously disagreeing strongly with Fabian’s words.

Fabian nodded vigorously, “Of course! If it wasn’t for that I taught you, how could you have gotten your wife!”

“Heh!” Kieran laughed indifferently, “You’re single, what can you teach me? Teach me to be a bachelor?”

After saying this, Kieran hung up the phone straight away.

Fabian was so angry!

Who can he hug when he has to watch other people show their love and hug their children? Can he hug Bradley? He doesn’t have that kind of taste!

Fabian silently reflected on Kieran’s words, thinking of what Kieran said.

Seeing Fabian sneering and gnashing his teeth at the phone screen, Bradley was afraid that Fabian was so excited that his brain had gone out of control, so he quickly said, “Mr. Pryce, I know that you are looking forward to Boss getting married and having children, and now that Boss finally has children, you must be very excited, but you should not get too excited, and if you get a problem, it will be more than worth it!”

“You’re saying I have a problem?! You’re the one with a problem! You’ve got problems all over your body!” Fabian took out all the unhappiness he had received from Kieran on Bradley.

Bradley flattened his mouth, “I’m just concerned about you, how insensitive!”

“I don’t want your concern. Why do you care about me? Go and a woman and show your concern. Tell me, what do you want?”

“Bah! I’m telling you, don’t you dare think of plotting against me, you single dog! I don’t have such strong tastes!”

Bradley twitched the corner of his mouth, “I don’t have such heavy tastes either! Also, I won’t be a single dog any more, so don’t worry, no one would dare to steal such an honorable title as single dog from you!”

After saying this, Bradley pushed the gold-rimmed glasses on the bridge of his nose and arrogantly and provocatively raised his eyebrows at Fabian.

Fabian stood in a daze as he stated that he had been struck again.

The bachelor, Bradley, is gonna have a girlfriend too!

Why is it that nowadays, people are either in love and have children or are on their way to fall in love?

Originally, when Kieran was in love, there was still Bradley to keep him company, but now it seems that the poor single dog is the only one left.

Nope, there's Quinn.

When he thought of Quinn, Fabian's eyebrows flew up and he hurriedly dialed Quinn's number, "Quinn, are you free tonight? We're both single dogs, let's have a drink together!"

"Single dog?" Quinn frowned, obviously extremely disgusted by this name, "I'm not free tonight, I have to make a love dinner for Kiki."

Quinn was afraid that the ribs fried in the pan would be mushy, and hung up directly without waiting for him to speak again.

The ingredients in Freya's flat were limited and Kieran didn't cook much, so he quickly turned back to Freya's bedroom and called her to join him in the living room for dinner.

When he pushed open the door of the room and saw Freya inside the room, he was directly frozen.

Freya also did not expect Kieran to come in so soon, she took a look at herself inside the mirror and was also directly frozen.

Chapter 332

A few days ago, Freya's close friend abroad sent her a courier, and she didn't have time to open it because she was in the hospital taking care of Kiki.

When she suddenly remembered about the courier today, she opened it.

This close friend of hers abroad, who was really enthusiastic and spontaneous, went so far as to give her a uniform that was unmistakably impure at first glance.

Freya was thin-skinned, and she was really embarrassed to wear such clothes on herself.

But today, she couldn't say exactly what her mentality was, and she suddenly wanted to try it out.

Perhaps the deep love that Mr. Fitzgerald has for her is too shocking and warm, and she wants, too, to do everything she can to please Mr. Fitzgerald.

With the shyness of a woman and a wave of indescribable apprehension, Freya took advantage of the time when Kieran was cooking to put the uniform on herself.

The uniform, which is nurse style, is a bit indescribable in terms of its economy of fabric, as it really responds to the current call for environmental protection.

The more Freya looked at herself in the mirror, the more she blushed. She was torn for a while, but she still didn't have the courage to wear this outfit to face Mr. Fitzgerald.

She took a deep breath and intended to change out of this dress, but as she was about to untie the straps on her back, the door of the bedroom was suddenly pushed open and Mr. Fitzgerald was standing in the doorway as if he was petrified, not moving at all.

Freya was not brave enough to wear such clothes in front of Mr. Fitzgerald, but a woman's mind is complicated, even if she was embarrassed to wear such clothes of her own accord, but when she wore such clothes on her body for some reason, she still wanted to get compliments from her beloved.

But Mr. Fitzgerald did not praise her.

He stared at her so blankly, as if he was frightened.

Freya's heart was a bit hurt, Mr. Fitzgerald shouldn't he think that her current appearance was so ugly that it was frightening to him?

With this in mind, Freya became upset.

Her close foreign friend had told her that she often wore such clothes in front of her boyfriend, and that each time, her boyfriend was almost mad with fascination.

However, Mr. Fitzgerald was not charmed by her, but almost scared to death by her.

With this, Freya grabbed something haphazardly and tried to cover herself up.

"Mr. Fitzgerald, you go out first! I want to change my clothes!"

Kieran's voice was hoarse, "No need to change"

"I'd better change, I'm afraid I'll scare you!"

Freya quietly glanced at herself inside the mirror, in fact, she thought she wasn't ugly. Kiki had said even if she wore a sack on her body, it looked good, now, how did she cause a shock to Mr. Fitzgerald?!

Freya did not want Kieran to misunderstand her as a spirited woman, while covering her body, she whispered to Kieran, "Mr. Fitzgerald, don't misunderstand! I really didn't mean to wear such clothes, and I didn't buy it."

"I I don't have this particular hobby. It was sent to me by a female friend of mine abroad and I was a bit curious and tried it out"

"Mr. Fitzgerald, can you step outside for a moment? Turning around is fine, I don't want to scare you in this outfit."

If she were to change, she would inevitably have to take the covering clothes aside first, so that her uniform would definitely have to be exposed to Kieran and cause him another shock, so she thoughtfully asked him out first.

"Freya, you look good in this."

Kieran's voice is as mellow and melodious, and carries a certain haunting eroticism that one cannot help but indulge in.

"What?" Freya froze for a few seconds before she reacted to what Kieran meant by this.

Mr. Fitzgerald actually said that she looked good in this outfit?

In other words, Mr. Fitzgerald likes this kind of tone?

She didn't scare Mr. Fitzgerald, but charmed him?

Before she could think clearly, her lips were gagged.

Chapter 333

Having been tossed around by Kieran, Freya really didn't even have the strength to eat.

Kieran did feel that he had gone too far, and he hugged her and fed her rather thoughtfully.

Freya was lying breathlessly in Kieran's arms, she secretly gritted her teeth, she really wanted to bite this man who always bullied her, but unfortunately, she couldn't.

"Freya, all these years, you have been taking care of Jaden and Jayla all by yourself, is it very hard?"

Freya was stunned, how could she have not expected Kieran to suddenly ask her this question?

"Mr. Fitzgerald, why are you asking me this all of a sudden?"

"I just want to get to know you better." Get to know our children better by the way.

In fact, when Kieran learned of the paternity test results, he wanted to tell Freya immediately, but his grand proposal was almost ready, and he wanted to, at the proposal site, tell Freya all the surprises.

With such a romantic proposal scene and such an exciting surprise, he is sure to give his beloved girl a night she will never forget.

Freya smiled at Kieran and said, "In fact, there is no such thing as taking care of a child that is not tiring, especially if you are taking care of two children at once, even the most well-behaved child can make the parents confused and dizzy."

It was only because, Freya took all the pain and suffering as sweetness that she did not feel bitter.

These two little ones are just the most precious gifts that God has given her. God knows how grateful she is to be pregnant with these two little ones and she would not possibly feel bitter and tired when taking care of them!

"Jaden and Jayla behave well, they rarely cry and I am a lot less worried than other mothers,"

"When I went into labour, I went into premature labour and had a difficult birth, it was quite scary, but in the end I got through it."

Freya's words were spoken lightly, but Kieran was able to imagine how thrilling the scene, at that time, was.

At that time, she was alone in a foreign country, with no one to turn to, and had to face so many unknown fears, surely it must be a tough life for her.

Kieran couldn't help but hug Freya tighter, he once again hated himself why didn't he find her earlier and let her suffer so much alone!

"Freya, I'm sorry, I'm sorry"

Kieran hugged her tightly and murmured over and over again.

Freya pinched Kieran's chin and she laughed lowly, "Mr. Fitzgerald, why are you saying sorry to me all of a sudden?"

Freya suddenly stopped laughing and her expression became serious, "Mr. Fitzgerald, it should be me say sorry to you. Although Jaden and Jayla are the best babies that God has given me, I always feel that I am sorry for you."

"Look at you, you're capable, rich, good-looking and haven't had any children with other women, but I've given birth to two children for other man. Mr. Fitzgerald, you should feel aggrieved, right?"

Kieran looked at Freya heartily and affectionately, he did not speak, but bent his face down and kissed Freya deeply on the lips.

He really didn't know how to love her anymore!

Clearly, she was the one who suffered the most, and she still felt sorry for him!

He wanted to love her, kiss her like this for the rest of his life

Shortly after Kieran learned the results of the paternity test, Jaden and Jayla also learned the results of the paternity test.

Kieran directly asked Bradley to take photos of the paternity test report and send them to Jaden's mobile phone.

Jaden and Jayla were at Seth's villa tonight, both of them could not take their eyes off Jaden's mobile phone screen.

Seth felt that he had been too engaged at work and had neglected the two little ones, and wanted to spend more time with them in the evening.

As soon as he entered the two little ones' room, he saw them both staring wide-eyed at their phone screens.

Seth was incredibly curious as he rushed over, "What are you looking at?"

Chapter 334

"Nothing!" Jayla hurriedly grabbed Jaden's phone and smiled somewhat stiffly at Seth.

Having called Seth a daddy for so long, Jayla still had deep feelings for him. Although she knew that it was wrong to lie, she was still reluctant to let Seth know that they already knew the true when the paternity test results came out.

"What's wrong? Why do you look unhappy?" Seth was curious about what the two little ones were looking at, but that curiosity was no match for his concern for them.

He looked at Jayla with a worried expression, "Baby, is there someone who has bullied you? Tell me, I will go help you teach him a good lesson!"

Jayla's eyes were sore, see, how good Daddy was to her!

But unfortunately, he was her first cousin.

Jayla blinked her eyes and tried to smile naturally, "Daddy, don't worry, how could anyone bully me! I'm the little devil girl in our class, only I can bully others, they wouldn't dare to bully me!"

"But I'm a good baby, and I don't just bully kids, so daddy, you don't have to worry about me!"

"Then why are you unhappy?" The worry on Seth's face didn't diminish one bit, "Could it be that Jaden bullied you? Did he steal your chocolate?"

Jaden gave Seth a disgusted glance, but deep in his eyes, there was more lingering and reluctance.

"Who cares about grabbing stupid Jalay's chocolate! I don't want to become big and fat like her in the future!"

"I don't want to be a big fatty!" Jayla looked at Jaden incomparably aggrieved, "Brother, you're bullying me!"

"You won't become a big fatty! My baby is the most beautiful little princess!" Seth pulled out a Peppa Pig chocolate from inside his pocket, "Don't be sad, baby, I will give you chocolate for life! No one is going to steal my baby's chocolate!"

"Wow, Peppa Pig!" Jayla smiled with a sunny face as she took the chocolate from Seth's hand, "I like Peppa Pig the most! Daddy, you are so nice, I really love you!"

Jaden continued, "Jayla, you really don't have any principles at all! A piece of chocolate has bought you off!"

Jayla hugged Seth's arm, smiling like a flower and pouting, "I already like daddy! Daddy is handsome and sunny, unlike some people who look like little old men all day long!"

Jayla made a face at Jaden, "Little old man, be careful you won't be able to get a wife in the future!"

Jayla's compliment was very flattering to Seth, who instantly smiled brightly.

He pinched Jayla's fleshy face, "It's still Jayla knows how to appreciate me the most! Baby, do you think I have become handsome again recently?"

"Daddy, you're already the most handsome in the universe, there's no more room for you to rise!" Jayla continued to flatter Seth without principle, making Seth laugh with joy.

Jayla looked at Seth's handsome face that smiled warmly, and she was slightly lost in thought.

Even if they don't talk to Daddy now, Uncle Kieran will still look for him, and when the time comes, Daddy will be very sad.

Daddy is really going to be a loner.

With this in mind, Jayla became more and more heartbroken for her daddy, and she nestled in Seth's arms, saying, "Daddy, if one day, my brother and I leave you, will you be sad?"

Hearing Jayla's words, Seth's back couldn't help but stiffen.

He told a big lie to Kieran about the paternity test, and he knew that the truth would be discovered by Kieran one day. Every day he spends with the two little ones now is stolen from Kieran.

But even then, he never thought that the two little ones would leave him.

He had gotten used to thinking of them as his babies, and if they never called him Daddy again, his heart would be empty.

Seth knows that the person Freya likes is Mr. Fitzgerald, but he has been trying hard to seek presence in front of Freya, and he has been expecting a miracle from heaven that Freya will suddenly see how good he is and love him just a millionth of what Mr. Fitzgerald does.

The only thing he wanted was for the two little ones, and Freya, to be by his side, how could they possibly leave him!

Seth pulled the corners of his mouth stiffly, he tried hard to speak to Jayla in a calm tone, but the sound he made was still tinged with an uncontrollable tremor.

“Baby, we’re not going to be separated! We’ll never be apart! Baby, you don’t like Daddy anymore, do you? If you don’t like daddy, daddy will try to do better, but baby, you can’t think of leaving daddy!”

Hearing the obvious tremble in Seth’s words, Jayla almost burst into tears.

Daddy is such a worrying situation!

Such a daddy makes them, really, more and more reluctant to say goodbye to him.

Jayla hugged Seth hard, “Daddy, I will never leave you! Just now, I just asked randomly, daddy, you must not feel bad!”

“I know! I know that baby loves me the most!” Seth said with a smile, and he was just about to say something else when his phone rang.

When he saw that the caller ID was Karida, he frowned slightly and hurriedly let go of Jaden and went downstairs to answer Karida’s call.

After Seth left, Jayla’s tears could no longer be controlled and rolled down like broken beads.

“Jayla, don’t cry.” Jaden glanced at the closed door of the room, he was not feeling well either.

People have feelings, let alone for Seth who is so good to them, and Jaden can’t let Seth be alone.

“Brother, do we really have to leave daddy? I really can’t let go of daddy!” Jayla’s eyes were teary as she sobbed hard, “Brother, let’s not leave daddy, okay?”

“Jayla, we always have to face the truth!” Jaden sighed softly, “The only thing we can do is to drag it out a few more days, or, wait and let Uncle Kieran tell Daddy the truth!”

Jayla also sighed fervently, as if, there was really no better way, she and daddy always had to say goodbye

Seth didn’t pick up the phone until he reached the living room downstairs, there was a clear impatience in his voice, “Karida, what’s up?!”

“Seth, I I’m pregnant.” Karida’s voice had a distinct shyness in it, “Seth, you’re about to become a father!”

Chapter 335

Seth's hand froze and the phone in his hand almost slipped to the floor.

Between him and Freya, there was already a mountain and an ocean between them, and now, Karida was even pregnant! God, this was a joke to him!

Seth's fingers suddenly tightened, his pupils, too, involuntarily tightened, "Karida, what the fuck are you saying?!"

As if not hearing Seth's anger, Karida slightly lowered her eyelids and said shyly and timidly, "Seth, I'm pregnant with your child, we're having a baby!"

"Karida, where are you now?!" Seth almost roared out these words, "Say it! Where are you now?!"

"Seth, I'm at my flat, do you want to come over now? I'm telling you, my apartment building number is"

Right now, Seth just wanted to hurry over and get Karida to get rid of this child, he was in no mood to talk nonsense to her, after listening to her address, he just hung up the phone.

When Seth went to Karida's flat, Karida had already been waiting for him inside the living room.

This evening, Karida was specially dressed up. She wore a dress that she had asked someone to bring back from France, a big red silk material, meticulously cut, flirtatious but elegant.

She usually likes to wear heavy make-up, and in order to create the illusion of innocence in front of Seth, tonight she has gone to a lot of trouble to draw make-up, and the perfume she used is her favourite one, and the pair of diamond earrings she wears on her ears are a coming-of-age gift from Aleksandra.

Karida is most satisfied with the diamond necklace around her neck, which is a delicate little pink diamond, hanging down on her chest, innocent and confusing, men like this kind most.

Karida looked at herself in the mirror for a long time, she knew that Seth had Freya in mind, but she was in such a good position, it was strange that Seth could reject her!

She hasn't heard from Alisha yet, only that, now, something had happened to Alisha.

Alisha can't approach the Fitzgerald family and make their family soar, she can only, by all means, approach the Levin family as soon as possible!

Karida had already opened the door in advance, as soon as she saw Seth, she greeted him, "Seth, you've come over!"

"Karida, what the hell are you up to?!" Seth's voice was so cold, "I said I wanted you to take your pills! Who told you to fool around behind my back!"

"Seth, I really took the pills, I might have bought fake ones and I'm still pregnant."

Karida looked at Seth with eyes full of light, "Seth, this is perhaps destiny, even God wants me to carry your child! This is our child! He has your blood and mine in his body, I feel so happy and blessed!"

"Karida, I won't have this child!"

Seeing Karida clutching his hand, Seth shrugged her hand away without pity, he looked at Karida, On that sunny and handsome face, at this moment, there was only a gloom that devoured one's soul.

"Karida, abort this child!"

"What did you say?!"

Karida's face was as white as paper, how could she have ever expected Seth to say such words?

She knows that Seth doesn't like her now, but in this world of gentry, the most that can be said is that a mother is blessed with a son.

How many women rely on the child in their bellies to rise to the top! She was pregnant with Seth's child, how could she knock off the biggest bargaining chip to get herself to the top!

"I said, abort this child!"

"No! I won't abort this child!" Karida shouted excitedly, "Seth, this is your child! How can you be so cruel as to let me abort this child! Please don't be so cruel to me, okay?"

"Look at me, I love you so much, I love you more than anyone! I'll do anything for you! Seth, can't you just see my heart? I know you love Freya, but she doesn't love you! No one will ever love you more than me!"

The smile on the corner of Seth's lips became even colder, "You said that you would do anything for me, I don't need you to do much, I just need you to abort this child!"

Karida stood in a daze, her face as white as paper, and only after a long, long time did she find her voice, "Seth, you can't force me to abort the child! He's your own child!"

"Seth, why can you be so nice to the children Freya gave to another man, but you have to be so cruel to our child?! It's not fair!"

"Shut up!" Seeing that Karida had the audacity to say that Freya's child was someone else's, Seth became even more irritable, "Jaden and Jayla are my children!"

"Jaden and Jayla are your children?" Karida smiled mockingly, "Seth, stop deceiving yourself and others, I know all about what happened five years ago! That night, the person who met brother-in-law was Freya! There's no way they're your children!"

"Seth, wake up! Freya loves my brother-in-law, and her children's father is my brother-in-law, so why are you chasing after her?! She can't even see you!"

Karida jumped into Seth's arms regardless, "Seth, only I love you with my whole heart! Can't you turn around and look at my heart?"

Seth's body was so stiff that it almost turned to stone, he didn't expect that Karida would know about what happened back then too.

Yes, Alisha took credit for Freya's work, Karida is Alisha's own sister, how could she not know the truth about what happened back then!

But, one more person knowing the truth of that year,, between him and Freya would be one more layer of obstacle!

He forbids it, so many obstacles stand between him and Freya!

Karida's voice continued, "Seth, let go! Let go of Freya and be with me and our child, okay? Our child needs a mother and a father, Seth, he wants a complete family!"

"Seth, forget about Freya, take pity on our child"

Karida's voice came to an abrupt end as, without pity, Seth strangled her neck.

Karida's body trembled abruptly, she lifted her chin and looked at Seth with difficulty and disbelief, "Seth, you what are you doing?! Seth, you you can't do this to me....."

"Karida, if you dare to talk nonsense about what happened five years ago, I will definitely kill you!"

After a pause, Seth then said word for word, "Jaden and Jayla are my children! As for the child in your belly, even if you insist on giving birth to it, it has nothing to do with me!"

"Nothing to do with you?!" Karida's body trembled with hatred as she clawed at her belly so hard that she almost scratched a hole in her clothes.

She took several strong breaths before she regained her voice, "Seth, touch it, he is your child, he is a living life, how can he be irrelevant to you? Can you feel his presence?!"

Chapter 336

"Seth, would you care more about our child?"

Saying that, Karida stretched out her hand and went to grab Seth's hand.

Before she could touch his hand, all she felt was a sharp pain in her wrist, and he grabbed her wrist without mercy, and then, viciously, flung her hand away.

"Karida, this so-called love of yours only makes me sick! If you have to keep this child, it has nothing to do with me!"

"You can't do this to me!"

Seeing that Seth wanted to leave, Karida hugged Seth tightly, "Seth, it was you who took the initiative! I gave you my body to you and even carried a child for you, you can't be so cruel to me!"

"I took the initiative? Heh!"

Seth's face, which resembles Kieran's, is cold, and really has a bit of the cold and austere aura of Kieran's body.

"Karida, you really think I'm stupid, don't you?! That night, if you hadn't shouted at me like Freya, if you hadn't made me believe that you were her, would I have let you disgust me?!"

Karida's lips trembled, she was also a popular figure in school, a goddess in the hearts of countless men, but he would be disgusted by her?

If this kind of insult had been given to her by another man, she would have to go crazy, but the person who gave her the insult was Seth, and she could only grit her teeth and tremble.

“Seth, you can’t say that!” Karida’s tears rolled down in big drops, “I admit, that night, I was the one who took the initiative! But that night, it was my first night! Seth, I gave you the most precious thing a girl can have, I love you without reservation, can’t you have more pity on me?”

“The most precious thing a girl can have

Seth’s lips were smiling, but his eyes were cold, “Don’t say that it is your first night, even if it is what does it matter to me!”

Seth never intended to be responsible for Karida.

It was not that he was irresponsible by nature, but, as he only had Freya in his heart, forcing himself to be responsible for another woman would be truly irresponsible.

Karida likes to pretend to be pure, but she can’t really fool him.

Once he was drinking with a friend, who was drunk and could talk nonsense about anything.

He said that Karida had slept with his brothers many times and still liked to pretend to be pure.

He already felt disgusted by Karida, and when he learned that he had touched a woman who was so indiscreet, Seth was even more disgusted.

“Karida, disappear from my life completely, don’t make a fool of yourself in front of me again!”

Hearing Seth’s words, Karida’s body stumbled violently and almost fell to the ground.

She is so proud, how could she possibly make a fool of herself!

Karida hugged him regardless, “Seth, don’t go! Don’t go, okay? I really gave you my clean body, why don’t you want to believe me! Seth, I

Seth broke away Karida’s hand, his eyes, sneeringly, fell on Karida.

“Karida, you’ve tossed and turned! Any more tossing and turning you do will only make me sick to my stomach!”

After saying this, Seth no longer had a single moment to stay and left coldly.

Karida crumpled to the ground, and inside her head, over and over again, were the words.

Any more tossing and turning you do will only make me sick to my stomach!

How could she make a man turn his stomach!

Karida gritted her teeth and got up from the ground, she stumbled and ran towards the front, she tugged hard on Seth’s hand, almost breaking into a scream at him, “Seth, you despise me, you think Freya is noble, don’t you?!”

The corners of Karida’s lips were thick with hate, and every word she said seemed like it was squeezed out from between her teeth.

“You say I turn your stomach, but at least I’m clean and disease free. But what about Freya? Freya, she’s not clean, she’s sick! She’s sick!”

“Karida, who are you saying is sick? Seth’s eyes were gloomy, and his voice was heavy with warning, “Karida, if you dare to give me any more nonsense, believe it or not, I’ll tear your mouth apart!”

“Even if you tear my mouth apart, it won’t change the fact that Freya has AIDS! I’ll tell you the truth, my sister injected Freya with HIV blood, and Freya is now completely and utterly incapable of turning over a new leaf!”

Karida was incredibly sure that Alisha had injected that tube of blood into Freya’s body, because, there were cameras inside Alisha’s villa, and the computer in Karida’s flat was able to see everything that happened that day.

She saw that later, Alisha was forced by Quinn to flee the villa in disarray, and she knew that she would harm Alisha by telling Seth about it, but there was nothing, more important than ruining Freya.

Besides, there is a good chance that Alisha will not be able to come back, and someone who can’t come back is more important than getting what you want!

Seth suddenly turned his face, he stared deadly at Karida and said word by word, “Karida, shut your stinking mouth! There’s no way Boss could have this disease!”

Karida put on a gloomy, almost eerie smile, “Seth, you don’t believe me, do you? But I have a video! I have a video of Freya being injected!”

Karida stopped laughing, her fists clenched as she took a step in front of Seth, “Seth, marry me! Otherwise, I will post the video on the internet, so that everyone in the world will know that Freya was injected with HIV!”

Chapter 337

With that, Karida turned around slowly, then from her bedroom, she carried out a laptop.

“Seth, if you still don’t believe me, you can see this video with your own eyes! Freya was really injected with the virus, she’s dirty, why do you have to be obsessed with a dirty woman?!”

Seemingly worried that Seth would be completely disgusted with her, Karida softened her tone again after placing her computer on the coffee table, “I know, you must be very angry right now, you think I’m threatening you. But I really like you too much, I can’t live without you!”

“Seth, forget about Freya and stay with me, okay? Me and our baby, we don’t want to be separated from you.”

“Karida, you’re really capable in order to be the so-called Mrs. Levin!”

Seth laughed coldly, he fiercely grabbed the computer on the coffee table and slammed it on the ground, “Karida, you’re dreaming! What I hate most in my life is when people threaten me!”

Karida did not expect Seth to drop the computer, her heart could not help but stutter, but almost immediately, her heart stabilized.

“Even if you drop the computer to pieces, it won’t destroy the video! Because, I have a backup! Marry me, or I’ll make sure Freya loses her reputation!”

“Seth, you like Freya so much, you must not want her to become a street rat that everyone shouts at, right?!”

“Karida, you’re a fucking bitch! Even if Boss was injected with the virus, even if she had AIDS, she’s still a thousand times cleaner than you, ten thousand times cleaner!”

“No! You’re not even qualified to compare with Boss! Even if you go back to your mother’s womb and remake yourself, you are not qualified to compare with Boss! I’ll put my words here today, if you want to marry me, dream on!”

“If I were to get married in this life, my bride would only be Boss! You threaten me, you think I won’t threaten you, don’t you?!”

“If you fucking post this video on the internet, I’ll get your whole family killed!”

After saying such desperate words to Karida, Seth still felt that he was not relieved, he lifted his foot and kicked the computer on the ground viciously.

“Seth, you can’t do this to me, you

Karida couldn’t have imagined that Seth wasn’t afraid of her threats, and in the end, she was threatened by Seth.

She is not as bold as Alisha, nor is she as calm and smart as Alisha, and she is truly afraid of Seth’s threats.

She knew that Seth was not talking to her for fun, and if she really pissed him off, he would destroy her family!

Karida pounced on him, she hugged Seth’s legs hard, “Seth, I’m really not threatening you! I just want to be with you, I’ve been dreaming of being with you!”

Seth bent his face down as he roughly pinched Karida’s chin, “You’re dreaming of being with me? Fine, just keep dreaming!”

“Get lost!”

Seth got up, he threw Karida away without pity, he was so strong that he directly threw Karida to the ground.

Looking at Karida’s wretched fall to the ground, Seth’s eyes without a trace of heartache, he coldly patted the corner of his clothes that had just been scratched by Karida, as if, how dirty it had been stained.

Seeing Karida’s face getting whiter and whiter, the smile at the corner of Seth’s lips was getting crueler and crueler.

In front of Freya, Seth has always been a sunny boy, but everyone has a dark side, and when Seth is cold and brutal, he can be outrageous.

He gave a low, sardonic laugh, and every word he uttered was like a poisoned knife, “Karida, I guess, you are afraid of death, right?”

“Karida, don’t force me, if you fucking dare to keep acting like a demon, even if you’re carrying my child in your belly, I’ll definitely get you killed!”

“Today, I am here to give you a word of advice, from now on, when you see me, go around and get as far away as you can, otherwise, I will definitely make you repent!”

After saying this, Seth kicked away Karida’s grasping hand and left Karida’s flat in a morose chill.

Karida’s hands hurt, her stomach hurt, and her heart hurt even more.

She fell to the ground trembling, she couldn’t even think about it, she was carrying Seth’s baby in her belly and Seth was saying he wanted to kill her!

Karida took a deep breath as she gripped her stomach hard, but the pain in her stomach was unabated.

“Son, stop it! You must fight, you must fight!”

Karida was in pain and anger, she wanted to yell and scream, but in the end she gritted her teeth and endured it.

The road ahead is not easy, if she can’t even overcome this difficulty, how can she become the rightful Mrs. Levin!

Karida recited these words over and over again, and suddenly, something came to her mind and her eyes lit up.

Just because Seth doesn’t want the child inside her belly doesn’t mean the Levin family doesn’t want it either!

If it was known that she was pregnant with Seth’s child, and the Levin family was so proud, they would have to let Seth marry her even if they had to tie him up!

The corners of Karida’s lips could not help but curl up.

She was so confused that she had told Seth about her pregnancy first. Seth was heartless, but there was a shortcut for her to marry into Seth’s family, she didn’t have to make a fool of herself!

Perhaps it is because a good mood will make the body comfortable as well. After her heart was enlightened, Karida’s stomach, surprisingly, did not hurt anymore.

She was just about to go back to her bedroom and plan out what was going to happen next when her phone rang.

Seeing that it was an unfamiliar number, Karida couldn’t help but frown, but after thinking about it, she picked up the phone.

“Who is there?!”

There was distinct coldness in Karida’s voice, as well as detachment and wariness.

“Karida, it’s me.” What came from the other end of the phone was obviously Alisha’s voice.

Hearing Alisha’s voice, Karida was immediately overjoyed, “Sister, you’re still alive! Sister, it’s wonderful, you’re still alive! I watched the surveillance video, and I thought that you had been killed by that bitch Freya!”

“Karida, I’m not that easy to die! Freya is still alive, if I go to hell, the king of hell won’t even accept me!” Alisha was obviously seriously injured, her voice, although sounding sinister, was weak to the extreme, “I need you to do me a favour.”

“Sister, just tell me, whatever it is, I’ll help you!”

“Give me a sum of money, I need it now and”

Karida’s relationship with Alisha is extremely good, moreover, she has relied on Alisha since she was a child, and she has always done what Alisha asked her to do, and she has always done it in a disciplined manner.

But this time, after hanging up the phone, she suddenly hesitated.

Chapter 338

Her sister is unwilling to let everyone know that Freya’s child is Kieran’s, while she wants to reveal the true identity of those two children so that she can successfully marry into the Levin family.

For the first time, there was a conflict between her and her sister.

Karida’s fingertips couldn’t control the trembling, she actually wished that her sister could just die and never come back, then she could do what she wanted to do!

Karida suddenly clenched her fists, she was shocked by her own thoughts, how could she want her sister to die!

How could she wish that her sister would never come back for her own selfish reasons?

Karida kept telling herself that this thought of hers was something she shouldn’t have, that it was wrong.

But some thoughts once sprouted are like wild weeds that can’t be contained.

Karida clutched her coat with a deadly grip. She was selfish, but her sister was too selfish!

She asked her to keep the secret of Jaden and Jayla’s birth, but if the people of the Levin family keep thinking that the two little ones are only the children of the Levin family, she will never be able to marry into the Levin family in her lifetime!

The person her sister cares most about is still herself after all!

Karida violently let go of the corner of her coat in her hand, her long nails, piercing viciously into the tender flesh of her palm, but she felt no pain.

There is only the firmness that no one can stop.

Don’t blame me, sister! You’re the one who got in my way!

In this life, I am destined to become Mrs. Levin. Those who stand in my way will die!

Seth stepped hard on the accelerator as he drove the sports car into the wind along the way.

He didn't know exactly where he wanted to go, but he didn't want to stop.

In the beginning, it was a mistake for him to touch Karida, and it was even more of a mistake for him to let Karida conceive a child.

Boss will be even more reluctant to accept him when she finds out about all this.

Seth pressed the accelerator to the bottom, some mistakes, in this life, could not be undone.

All he could do was to treat Boss better and hope that he would be able to disregard the mistakes he had made in a night of absurdity.

A truck in front of him suddenly lurched out, and Seth slammed on the brakes to keep from crashing into it.

He slumped over the steering wheel in some dismay, not caring that he was blocking traffic by just leaving the car in the middle of the road.

He was oblivious to the cursing and swearing of the drivers around him, he just felt uncomfortable in his body and even more uncomfortable in his heart, so uncomfortable that he couldn't breathe.

Seth felt really quite despicable. After learning that Freya had been injected with that virus, he was initially heartbroken, and then, he was actually a bit indescribably joyful.

Shamefully joy.

Boss only has Kieran in his heart, it's much harder for him to get Boss's heart, but it's different now, Boss might be infected with AIDS!

The hopes of the entire Fitzgerald family are carried on the body of Kieran, and with such a great responsibility on his shoulders, it is naturally impossible for him to be with a woman who is infected with AIDS.

He also knew that Kieran was fond of Boss, but a man as powerful as him must have put his duty as well as his own safety first.

In this world, there can be no him, Seth, but not without his uncle. If his uncle is gone, the economy of the city will have to be shaken.

So, his uncle would not put his life on the line for Boss.

But he, Seth, can!

He knows that AIDS can be blocked, but people are always worried that there will be a chance of infection, he Seth is not afraid, he is happy to get sick together with Boss, together with the fight against the disease. This kind of feeling made his heart warm.

With unspeakable heartache as well as humble elation, Seth sent a message to Freya.

“Boss, I know all about what Alisha did to you.”

Seth felt that the message he sent was not enough to express his heart. He was silent for a moment and sent several more messages to Freya in quick succession.

“Boss, I know it must be hard for you right now, don’t be afraid boss, I will always be by your side all the time.”

“Boss, when I was little I was the one hiding behind you and you protected me, now that I’m a big man, I’ll protect you.”

“Boss, when uncle finds out about this, he will definitely break up with you, I know you like uncle, if uncle dumps you, you will definitely feel bad, but boss, you still have me! No matter what happens, I will never leave you.”

After thinking about it, Seth sent another message to Freya, “Boss, you shouldn’t blame Uncle, his is the head of the company, the responsibility he carries on his shoulders is too heavy, and his health is not allowed to have any slip-ups.”

Seth had always felt that he was no match for Kieran, but when he sent this message, he suddenly felt a little self-conscious, and was glad that he wasn’t as good as Kieran.

The world is like this, with as much power as you have, you have to take on as much responsibility as you can, and he is fortunately not as indispensable as Kieran.

“But boss, I don’t mind, I don’t want the so-called responsibility on me! Boss, if you’re sick, I’ll stay with you when you’re sick, if you’re happy, I’ll laugh with you, if you cry, I’ll coax you, boss, let me stay by your side from now on, okay?”

After sending a series of messages, Seth’s heart was more apprehensive than ever. He was really worried that Freya would reply with a “no”.

However, he felt that it was more likely that Freya would still give him a chance. Women’s hearts are warm and soft, and it would be strange for Freya not to be moved by what he had said.

If Freya really saw these messages, she would indeed be touched for a moment, but being touched is not the same as having her heart moved, and it is unlikely that she would give her life to Seth as soon as she was moved.

Most importantly, the person who saw these messages was not Freya, but Kieran.

Freya was exhausted last night and she fell into a deep on her bed.

Kieran was stillunfulfilled, but seeing Freya’s exhausted look, he still couldn’t bear to bully her too much.

Kieran kissed the tip of Freya’s nose lovingly, and he was just about to help Freya clean her body when he heard Freya’s mobile phone ring.

This was followed by several more rings in quick succession.

Kieran was afraid that the sound would disturb Freya, so he was about to turn the phone on silent.

His hand had just landed on his phone when he noticed that the person who had sent this series of messages to Freya was Seth.

He will definitely break up with Freya

Kieran looked at the message over and over again, watching with an eerie sneer.

Very well, his nephew, again, blatantly wanted to steal his woman.

Kieran snorted, his nephew really think he would abandon Freya!

Kieran clutched Freya's mobile phone, his nephew was doing everything he could to tarnish his image, so he should do something about it.

Chapter 339

Kieran had no interest in prying into other people's privacy. He feels that when two people are together, they need to trust each other and leave some space for each other.

But when faced with this series of messages sent by Seth, he couldn't help but unlock Freya's phone and look at it carefully.

After reading it, Kieran's handsome face was so dark, and he sent a message back to Seth.

"I'm Kieran."

Seth waited with unbridled excitement, and as soon as he heard the message beep, he busily went to check his phone.

He thought that Freya might push back, or say something to reject him first.

But then his cheekiness could come into play, and he could haunt her with deadly reluctance, rejoicing with her and sharing her misery.

How could he not have imagined that he would receive such a text message?

I am Kieran.

Shit!

Seth was so angry that he wanted to smash his phone, what could be more infuriating than Stealing a woman.

But Seth is thick-skinned. Although he felt that what he did was a bit unorthodox, he still sent another message to Kieran.

"Uncle, you also know about Boss being injected with blood, don't you? Have you broken up with Boss now? How come Boss's mobile phone is here with you? Did you make Boss so sad that she forgot her phone?"

Kieran looked at the message displayed on the phone screen and he couldn't help but narrow his eyes dangerously.

Unfortunately, even if the heavens were to fall apart, he wouldn't break up with Freya!

“Well, I know about this matter. However, I didn’t break up with Freya, she was the one who brought up the breakup with me.”

“What?! Boss really mentioned breaking up with you? In other words, you’ve broken up now! That’s great, Boss is finally back to being single!”

When he thought that Freya would soon be in his arms, Seth was so excited that he almost jumped up and down, but he was still a bit uneasy and hurriedly sent another message to Kieran, “You can’t go back on your word!!

Kieran sneered so hard that his lips twitched at the corners.

He decisively typed out, “Who said I broke up with Freya?”

Seth was confused, “What do you mean by that? Didn’t you just say that Boss had broken up with you? You don’t have a mental problem, do you?”

“Freya did ask me to break up, but I didn’t say yes.”

“You didn’t say yes? How can you not say yes! Boss has asked for a break up, you have to respect Boss!”

Seth was so anxious that he wanted to say that Kieran was shameless. Boss wants to break up with him, but he is still stubbornly refusing to agree, so he is shameless! However, he didn’t have the guts to say that.

“Break up with Boss, okay? So many women like you, there is no shortage of Boss, besides, Boss may even get you should stop stealing Boss from me!”

“Seth, I will not break up with Freya. I only want her.”

Kieran thought about it, and he typed to Seth again like a childish child, “I won’t let go, so Seth, just give up on this!”

Seth looked at Kieran’s reply in a daze, and he didn’t look back for a long time.

He wanted Freya too!

Unfortunately, it’s so hard to get her!

Still, sooner or later, his uncle will have to separate from Boss.

If he were to fall ill, the civil strife of the the family many years ago would have to be replayed. After learning of Boss’s illness, Grandma would stop him from being with Boss, even if she cried and hung herself.

Seth clenched his fist, thinking secretly that he now needed a chance, and with that chance, he would definitely be able to get Boss!

After sending this text message, Kieran decisively deleted his chat with Seth. He originally wanted to directly black out Seth who was addicted to stealing his woman, but after thinking about it, he dismissed the idea.

There are some lovers that cannot be snatched away, and Seth would fail.

Only, there was still a little flame of crisis pulsing in Kieran's heart in a dying struggle as he took the sleeping woman into his arms.

"Freya, if you dare to run away with another man, I'll break your legs!"

Although she was asleep, Freya could feel someone moving her and she grunted to express her displeasure.

Seeing that Freya still dared to resist, Kieran gave her another gentle pat, "Freya, say you wouldn't dare to run away with another man!"

Freya flattened her mouth sadly, half asleep and half awake, frowning, "My waist is about to be broken by you, how can I run!"

After saying this, Freya rolled over and found a more comfortable position in Kieran's arms and continued to sleep with her head covered.

Kieran smiled, "It seems that more exercise is still good, at least it gives you no strength to run away with other men! Well, I'll have to keep trying hard from now on!"

If Freya had known that what she said in her confusion was in return for Kieran's continued efforts, she wouldn't have said it if she had been beaten to death.

Unfortunately, she, sleeping soundly, had no sense of crisis at all, and she dreamed of food beckoning to her, which made her drool.

Keiran didn't let her fill her stomach, she could only feast on her dreams.

Freya smashed her mouth, "So delicious, still want to eat"

Kieran's eyes became deeper, "Still want to eat? Okay, as you wish."

Heavy rain poured down.

Alisha was dripping wet, and she rang the doorbell of Regina's flat as hard as a stern ghost.

She rushed into the living room as soon as Regina opened the door, "Regina, help me get out of the country! I know you have a way! As long as you get me out of the country safely, I'll give you a secret! A secret that will completely ruin Freya!"

Chapter 340

"Alisha, you take me for a fool!"

Regina said unhurriedly, her noble and elegant face, setting off Alisha's more and more dowdy and wretched body.

"Sending you out of the country as a tax evader is not that easy, Alisha, wanting me to help you out of the country, I have to see if the secret in your mouth is worth it!"

"I"

Alisha gritted her teeth, she didn't want to reveal her cards so quickly, but she knew in her heart that she didn't have the capital to bargain with Regina now.

She really didn't know who else she could get to help her get out of the country other than Regina!

Although she hated Regina for taking advantage of the situation, Alisha said word for word, "Regina, Freya is infected with AIDS! I have a video that proves that Freya is infected with AIDS! As long as you help me get out of the country safely, I'll send the video to you right away!"

"Alisha, is this true?" Regina narrowed her eyes, obviously, she was very interested in this secret from Alisha's mouth.

"I guarantee with the lives of my whole family, it's true!" Alisha's eyes were heavy with hatred, "I personally injected the blood with HIV into Freya!"

"Okay, Alisha, I'll trust you for once." Regina turned around slowly and headed for the bedroom, "You go back and get ready, tomorrow morning, I'll have someone send you out of the country."

Seeing that Regina had no intention to continue to talk to her, Alisha left Regina's flat despite her dissatisfaction.

When she is in the country, Kieran will definitely not be able to spare her.

There is a long way to go, and as long as she goes abroad in good health, she has a chance to make a comeback!

Instead of going back to her flat outside, Alisha planned to make a trip back to her family's villa.

She has a safe inside the villa, and in there, she has stored a lot of valuable jewellery.

Plus the cash she used for emergencies

She can take that and go abroad and make a good living.

Alisha thought very well, but man's plan was not as good as God's. As she had just walked outside the villa, a sack was tightly placed on her.

The heavy blackness instantly engulfed Alisha's vision, and her heart was disturbed to the extreme, "Who is it?! Hurry up and let go of me! Let go of me!"

"Let go of you? Alisha, you think we're stupid! We've been guarding here just to wait for you, and we've caught you now, how could we possibly let you go!"

Fabian's voice had a distinctly unsympathetic tone in it, "I heard that you like to give people injections! What kind of shot do you think I should give you? Rabies vaccine? Or tetanus?"

Freya had already told Kieran about Alisha's fall into the sea, that falling into the sea from that kind of place was indeed dead.

But what if Alisha is not dead?

Freya and Kieran agreed that if Alisha was still alive, she would definitely go back to the villa, so Kieran sent someone to keep watch outside the villa.

In fact, this kind of work really does not need Fabian personally to do it, but Fabian psychologically twisted and he liked to abuse someone, especially to Alisha who was so disgusting. He wanted to abuse her a thousand times, the best to make her next life do not want to reincarnation.

Alisha heard Fabian's voice and she screamed, "Mr. Pryce? Why are you doing this to me! Let go of me!"

"Mr. Pryce, between us, is there some misunderstanding? Let me go! As long as you let me go tonight, I'm willing to do whatever you want me to do!"

"You're willing to do whatever I ask you to do?" Fabian put on a cold smile, and Alisha was scared.

She was terribly frightened in her heart, but she still said stiffly, "Yes, I'll do anything you want me to do! Mr. Pryce, as long as you let me go, I will repay your kindness!"

After a moment of silence, Alisha then loudly expressed her loyalty, "Mr. Pryce, I am willing to serve you well! I'm willing to serve you in any way you want me to! Mr. Pryce, please let me go!"

"Serve me?" Fabian laughed, "Alisha, you think I have masochistic tendencies?! Looking at you makes me want to vomit, so if I let you serve me again, I'll die!"

The thought of her taking the initiative to play a beauty ploy on Fabian once was disliked by him, and Alisha's heart was so wretched that she couldn't breathe.

Why, Freya was treated like a treasure by each and every one of them, but she, on the other hand, was reduced to nothing!

It's not fair!

Alisha took a few deep breaths before she found her voice, "Mr. Pryce, you can't bully me like this! I've never offended you, and I've even less hurt you, I've been left with nothing now by Freya, please, for the sake of me being so pitiful, can you spare me?"

"Alisha, I've seen shameless people, but I've never seen you so shameless! It's obvious that you are the one who has harmed Mrs. Fitzgerald time and again, and you always slander her!"

Bradley, who was standing at the side, saw that Fabian had been wasting his words with Alisha and was a bit impatient to wait, "Mr. Pryce, the needle is ready, why don't you start?"

Needle?

Hearing this word, Alisha's body shuddered uncontrollably.

Before, Bradley had set her up, but thinking that Bradley had been infatuated with her back then, she still wanted to make a dying struggle.

She could not believe that this man, who had been so deeply in love with her, would really be so heartless towards her!

"Bradley, you're there too, right?" Alisha's voice was gentle, "Bradley, there are really quite a few misunderstandings between us, I really haven't harmed anyone, I'm innocent, can you help me persuade Mr. Pryce to let me off this time?"

“Bradley, I can never forget how good you were to me, if you are willing to help me this time, I will definitely repay you!”

Listening to Alisha’s soft voice, Bradley couldn’t help but get goose bumps.

“Alisha, you’re overthinking it, I haven’t really been nice to you! I have similar tastes to Mr. Pryce, I’m afraid I’ll throw up at your repayment!”

“Bradley!” Alisha was so angry that she almost vomited blood, this, the man who had once looked at her with infatuated eyes, had said that she would make him vomit!

Fabian was really hateful, listening to Alisha’s loud gasping for air, he even asked with a smile, “Alisha, do you especially want to vomit blood now? Don’t! Save some blood, you’ll have to spit it out later! Don’t empty your blood tank so early in the morning!”

Alisha knew that Fabian would not let her go, and she no longer pretended to look virtuous and pitiful.

She yelled at Fabian with hatred, “Fabian, let me go! I saved Kieran’s life five years ago! If Kieran knew what you did to me, he would never forgive you!”
