Chapter 351

Freya half crouched down, she tried hard to help Seth up, but Seth was just too stubborn, she used all her strength, but she couldn't get him up.

Such a humble Seth, such a careful Seth made Freya's heart ache from the bottom of his heart.

Seth she remembered was always sniffing and dropping tears, but his eyes reflected the sunshine, but Seth now only had sadness in his eyes that could not be melted.

Freya's heart sank, and the words she uttered involuntarily also carried some choking, "Seth, get up! Don't do this!"

"Boss, I won't get up, if you don't promise to marry me, I won't get up!" Seth's eyes burned as he looked at Freya, every word he said was like an engraved promise, "Boss, you carry all the joy and happiness in my life, if you don't want to marry me, in my life, there will really be no sunshine!"

Eleanor's tears fell harder and harder, how could her son be so demented, so stupid!

Her lips moved gently in a silent plea, "Freya, marry Seth!"

"Marry him! Marry him!"

The internet was flooded with messages in support of Freya saying yes to Seth's proposal, and the chorus of journalists on the scene almost drowned out Seth's voice, "Marry him! Freya, marry Mr. Levin! Marry Mr. Levin!"

"Boss, look, everyone thinks you should marry me, shouldn't you go along with the people's wishes?" Seth took a breath and said to Freya in a pretend light-hearted manner.

"Seth, I'm sorry, I really just have to let you down."

Freya tried to pull her hand out of Seth's hand and she managed to do so, but she hadn't even left Seth's hand for two seconds before Seth clutched her hand again with force.

"Boss, don't you want to give the babies a complete home? Boss, the babies want their mummy and they want their daddy too! Boss, for the sake of the babies, please give me a chance, okay?"

"Seth"

Before Freya could say another word of refusal, Seth had already cut her words off, "Boss, children who grow up in single-parent families will always have flaws in their lives, boss, let's not leave a lifetime of flaws for our babies, okay?"

"Seth, don't push me, there's no way I can promise you." The words of rejection are always extraordinarily cruel, but unnecessary expectations are even crueler to Seth.

"Boss, do you think that I don't love you enough? Boss, there is no one in this world who loves you more than me! I love you with all my heart and soul! Boss, can't you really consider me?"

“Boss, I know, I’m not good enough for you, but I’m the best person for you, I’m the real father of my babies! Boss, please, please marry me!”

“Freya, hurry up and say yes to Mr. Levin! He is so sincere, if it were me, I would have jumped into Mr. Levin’s arms long ago!”

“Yes Freya, just nod your head! Do you really want him to stay on his knees? Freya, it’s good for a woman to be reserved, but if she’s too reserved, she’s bit of a fool!”

“Freya, what the hell are you pretending to be? You have children, do you still need to reject Mr. Levin? He has been on his knees for so long.”

“Freya, stop whetting Mr. Levin’s appetite, just say yes to him!”

“Marry him! Marry him!”

.....

The reporters at the scene were all crying out for Seth, and Freya actually felt that she didn’t deserve such a waste of affection from Seth, but whether to say she was hard-hearted, she still couldn’t clutch Seth’s hand tightly.

Freya was silent for a long time and still decided to say sorry to Seth again.

Before she could say these words, Kieran’s voice coldly floated over.

“Freya, don’t you dare marry him!”

Kieran had a cold face as he walked step by step in the direction of Freya and Seth.

When they saw Kieran, the reporters consciously left a lane for him. His body, like carrying frost, instantly lowered the temperature by several degrees wherever he passed.

His eyes narrowed dangerously, he stared at Freya’s face for an instant, repeating his words from earlier, “Freya, don’t you dare marry him!”

Freya was slightly confused, wasn’t Mr. Fitzgerald and Regina in the middle of love, why was he free to come over now?

The first thing she wanted to do was to jump into Kieran’s arms and hug him tightly, but when she thought of the image of him and Regina tangling and kissing, her soft, trembling heart turned colder.

She turned her face to the side and said coldly, “Mr. Fitzgerald, my affairs are none of your business!”

The journalists on the scene were not expecting Kieran to suddenly come over and they were all taken aback.

“Why did Mr. Fitzgerald come over? Didn’t Mr. Levin make it clear just now that Freya has nothing to do with Mr. Fitzgerald, and that he and Freya are the pair?”

“Could it be that Freya is really the mistress of Mr. Fitzgerald and Miss Wells? But that’s not right either, if she was a mistress, how could she have two children that big with Mr. Levin?”

“Is it that Mr. Fitzgerald is the mistress of Mr. Levin and Freya?!” A reporter on the scene said in a brainstorming manner.

“Move aside! What are you talking about? How could Mr. Fitzgerald be a mistress! That’s Mr. Fitzgerald!” An old reporter pushed the reporter just now with disgust, he was a bit excited to see Kieran in person for the first time, he wanted to interview him, but feeling the invisible lowered air pressure around him, he didn’t have the guts to go forward.

“Freya, you’re my wife! I don’t care about your affairs, who do you want to care about you?!” Kieran pulled Freya into his arms, seeing Freya’s miserable white and trembling lips, his voice involuntarily softened a lot, “Freya, I won’t leave you alone.”

“Mr. Fitzgerald, let go of Boss!” Seth suddenly stood up from the ground, he stared at Kieran with unparalleled valour, “Mr. Fitzgerald, you’re already engaged to Regina, I’ve received your wedding invitation! Why are you still coming to pester Boss?!”

“Do you really think that even if you got married, Boss would still want to be with you? Mr. Fitzgerald, your behaviour is a bit shameful! Please don’t mess with Boss again, okay?”

“Seth, whether I will marry Regina or not, you know better than anyone!” Kieran’s sight grew colder and colder, “Five years ago, I was already married to Freya. Freya and I are a legally protected couple, I really don’t have the guts to break the law and have a bigamous marriage!”

Chapter 352

Hearing these words from Kieran, the reporters on the scene got confused.

“What?! Mr. Fitzgerald was already married to Freya five years ago? What the hell is going on here?”

“Yes, it’s really messy, Mr. Fitzgerald and Freya are married, but Freya has children with Mr. Levin This relationship is really a bit complicated!”

“One is Freya’s husband and the other is the father of Freya’s children, who is the mistress anyway?!”

“Freya is really something, married to Mr. Fitzgerald and still able to have children with his nephew!”

.....

“Mr. Fitzgerald, we’ve been divorced for a long time.”

Freya was silent for a moment, then said, “Mr. Fitzgerald, it was you who had someone give me the divorce agreement, we, long ago, had nothing to do with each other.”

“Mr. Fitzgerald, you are now single! Whether you are engaged, or married, it has nothing to do with me!”

“Freya, I won’t get engaged to Regina, let alone marry her!” Kieran clutched Freya’s hand, “Freya, I only want you!”

“Mr. Fitzgerald!” Seth boldly yelled at Kieran, “Who doesn’t know that you’ve already got engaged to Regina today, and on the eighth day of next month, you’ll get married! What do you mean by this now?!”

“My point is simply that I am not engaged to Regina, and the marriage is even more of a non-starter.”

The reporters who were still chattering were instantly silenced after being swept by Kieran’s eyes, not daring to breathe a single breath.

“Today, I am here to solemnly declare that there is no relationship between me and Regina. My wife will only be Freya!”

A reporter had so many doubts in his mind that he was afraid of Kieran, but in order to understand and open the doubts in his mind, he still took a bold step forward and asked Kieran, “Mr. Fitzgerald, you said that there was nothing between you and Miss Wells, but your mother has issued a handwritten statement, as well as the Fitzgerald’s official blog has also issued a voice, how could you and Miss Wells have nothing to do with each other?”

“Fitzgerald’s official blog, which my mother had sent out with her handwritten statement, is none of my business.”

After a pause, Kieran said again word by word, “My mother does like Regina very much, since she wants her so much to enter my family, she can marry Regina, I can’t do anything about it!”

“So the affair between Mr. Fitzgerald and Regina was a misunderstanding! Mr. Fitzgerald doesn’t show any mercy to Regina!”

“I do think that Mr. Fitzgerald is domineering, the man who has two women is the most hateful!”

“But Freya is the mother of Mr. Levin’s children, and Mr. Fitzgerald and Freya don’t seem to match.”

.....

Seth did not expect Kieran to clarify the relationship between him and Regina in public, and at that moment, his face was unpleasant.

He could vaguely feel that today, he was destined to return home with a miserable defeat. After all, he was still resigned to it, and he said to Kieran, “Mr. Fitzgerald, no matter what, your wedding date with Regina has been set, you can’t be so irresponsible!”

“Boss is the mother of my children, and I forbid you to continue to haunt her in the future!”

“Seth, today, you’ve gone too far!”

Kieran’s voice was not heavy, but it carried a breathless authority; he had been close to Seth since he was a child and genuinely liked this nephew, who was close to his age.

He didn’t want to embarrass Seth in public, but how could his children be considered by everyone to be Seth’s children!

Seth’s heart thudded, he was inexplicably uneasy, but thinking that no one else could possibly know the true identities of the two little ones, he still gritted his teeth and said, “Mr. Fitzgerald, I don’t want you to continue to interfere between me and Boss and affect our family reunion of four! Mr. Fitzgerald, please allow us together!”

“Seth, are they really your children?!”

“My wife has only had me in her life, yet you have to steal the children from me. You are fooling around.”

Kieran’s words caused Seth’s eyebrows to jut out wildly, but he still said word for word, “Mr. Fitzgerald, the one who is fooling around is you! I’ve done a paternity test with the babies and they are

“Seth, you are their cousin!”

Kieran cut Seth’s words short as he glanced forward to Bradley, who had his left arm in a sling, and handed over two paternity tests with his intact right arm.

“Jaden and Jayla, are my children! Freya is my wife, who should I give the mother of my children to someone else?!”

The reporters did not expect to reveal the shocking news that Kieran had children, and they took a frenzy of photos of the two paternity reports.

Freya looked at the two paternity reports in front of her with disbelief, was this a forgery by Mr. Fitzgerald?

In order to stimulate Seth, Mr. Fitzgerald was really doing whatever he could, even doing things like faking paternity tests!

Stunned, Seth looked at the report in Kieran’s hand, as if he was petrified, he couldn’t even imagine that Kieran had actually taken a paternity test with Jaden and Jayla!

Jaden and Jayla are indeed his children, the paternity test will only have one result – they are indeed father and son!

“Mr. Fitzgerald, these two paternity reports of yours are forgeries, right?” It was as if a century had passed before Seth found his voice, and after saying this, he instantly gained a lot of strength.

“Yes, Mr. Fitzgerald, these two paternity reports of yours must have been forged! With your status, it’s easy to forge a few paternity reports! Mr. Fitzgerald, five years ago, the woman you were with was Alisha, and the woman I was with was Boss! Jaden and Jayla can only be my children!”

Although it was impossible for Freya to fall in love with Seth, she didn’t want to see Kieran babbling about Jaden and Jayla’s identities in public like this.

No matter who she was with, the fact that Jaden and Jayla were Seth’s children could not be changed, and since it had now come to light in front of the media, she would not deliberately try to hide it.

“Mr. Fitzgerald, I also think that these two paternity reports of yours are forgeries. Jaden and Jayla are my and Seth’s children.”

Hearing Freya’s words, Kieran really wanted to smash her buttocks. She wanted Jaden and Jayla to be hers and Seth’s children so badly! How dare she!

Seeing that Freya was so supportive of him, Seth also hurriedly said, “Yes, the babies are the love children of me and Boss! No one will try to separate our family of four!”

Chapter 353

Kieran's handsome face was black with clouds.

No! Freya was his wife!

"I didn't have to fake it."

Kieran's eyes slowly fell on Seth's face, and when he met Kieran's dark eyes, Seth's heart drummed even harder.

"Seth, the woman you met five years ago when you were drunk was not Freya, it was Mindy, and Freya saved me five years ago! I have found out everything!"

"Uncle, I don't know any Mindy at all! Don't you deliberately ruin my image in Boss's mind!" Seth gritted his teeth and insisted, "Boss, don't believe him, the babies are really our children!"

Freya's mind was confused, and she also thought it couldn't be that coincidental that the person she ran into five years ago happened to be Mr. Fitzgerald.

Kieran didn't put Seth's dying struggle in his eyes in the slightest, he spoke in a calm manner, "Seth, did I have to get Mindy to come over and confront us face to face before you would admit that there was nothing between you and Freya back then?"

Let Mindy come over? Seth's face turned pale and he was about to say something else. Karida pushed away the reporters who were in front of her, she ran to Seth holding her belly that was as flat as it could be, "Seth, don't be confused by Freya anymore, okay? She doesn't love you at all! Look at me, I'm the one who loves you the most under the sky!"

"Freya's children need a mother and they need a father, they need a complete home, and our child needs a complete home too!"

"Seth, can we go home? Our child doesn't want to be a child without a father!"

The reporters at the scene were dumbfounded at the sudden appearance of Karida, was this Karida pregnant with Mr. Levin's child?

The plot was faster than a movie reversal! Even more exciting!

Seth never expected Karida to come, he gave her a cold glance, his eyes were full of hostility, "Karida, get the hell out of my sight! Who knows where you got the baby from! What does it have to do with me?!"

Fearing that Freya would believe Karida, Seth hurriedly explained to her, "Boss, don't listen to Karida's nonsense! How could she possibly be pregnant with my child! Boss, believe me, there's no way Karida could be pregnant with my child!"

Even if it was, indeed, his child, he wouldn't want it!

In his life, he only wanted his and Freya's child, no, even if Freya's child was not his, he would treat it as if it were his own!

Karida was nothing!

“Seth, I’m not talking nonsense! Inside my belly is really your child! Seth, you have to be responsible for me and the baby! Please don’t be so cruel to me and the baby! We can’t live without you!” Karida stepped forward, clutching Seth’s hand tightly as she cried with tears.

His eyes were so furious that they almost burst into flames, “Karida, I repeat, the bastard in your belly has nothing to do with me! Get out! Don’t appear in front of me again, or I’ll beat you up once I see you!”

“Seth, you can’t say that about our child! He’s our child, how can he be a bastard! Please, please, don’t kick me out, okay? I love you so much, without you, my life would have no meaning!”

“Karida, are you having trouble with your ears! I told you to get lost! Get out! Get out of here!” Seth was so angry that he wanted to punch her. Originally, after Kieran appeared, he was already at a disadvantage in this game, and now that Karida had come, he was even more unable to get close to Freya’s heart.

“Seth, I’m not leaving, I’m not leaving!” Karida gritted her teeth and directly hugged Seth, “Seth, you deceive yourself and others, you don’t want our child, do you? It was you who claimed my body, if my child is not yours, whose is it?!”

Karida had a good plan, as the Levin family was a powerful family, they want disgrace.

Seth rudely pushed Karida away, and Karida didn’t cry anymore, she pulled her handbag open with force, and a large pile of photos was thrown onto the floor by her.

“Seth, now, are you still unwilling to admit that what’s inside my belly is your child?”

Seeing the photos on the floor, the journalists were in a frenzy.

These photos were of Seth and Karida together!

In the photo, the two were covered with a quilt and could not be seen underneath it, but both their faces could be clearly seen.

The more obscured the photos are, the easier it is to draw people’s imagination. Looking at these photos, people knew what really happened between Karida and Seth.

Seth didn’t say a word as he stiffly bent down and picked up a photo on the floor.

He had, now, only one thought in mind.

Between him and Freya, it was completely finished.

What he feared most was that his relationship with Karida would be exposed in front of Freya. Now, Freya not only knew that Karida had done that with him, but also saw their photos together, Freya, could not accept him anymore!

Seth squeezed the photo in his hand with a deadly grip, he wanted to say to Freya, Boss, this isn’t real, none of this is real.

But it was something he couldn’t say.

The evidence was overwhelming and he really didn't have the strength to continue.

These photos were all real! He couldn't blame anyone else, he was to blame he wasn't strong-willed enough, and was given his way by this nasty mind of Karida!

Seth's eyes were scarlet red, his eyes looked deeply at Freya.

In the end, a thousand words came together in one sentence, "Boss, I'm sorry."

Karida exposed her and Seth's photo, Freya was also a bit surprised. She hoped that Seth could find a good girl, have a happy life, but that person should not be Karida.

But, no matter whom Seth went to, he really didn't have to say sorry to her.

It was she who had failed Seth, who was so sincere to her, and she should have been the one to say sorry to him.

When Karida saw that the reporters were frantically taking pictures of her and Seth, the corners of her lips couldn't help but curl up in a smug curve.

"I'm sorry. Don't worry, everyone, when Seth and I get married, I'll definitely treat you all to a wedding as a way of making amends!"

Chapter 354

As soon as Karida's voice fell, Eleanor's angry voice rang out from the crowd, "Karida, you want to marry into my Levin family? You're dreaming!"

Karida's face turned white, she thought that all of these luxury family's matriarchs were looking forward to holding their grandchildren, she didn't expect that she was pregnant and Eleanor still treated her so badly.

She suppressed the discontent in her heart and put on an aggrieved look, "How can you say that! What I'm carrying in my belly is Seth's child!"

"Seth's child?!" Eleanor sneered, although she had a relatively bright personality, she was not a silly, her eyes coolly swept over Karida's flat belly, "Karida, you think, with just a few photos, you can say the child in your belly is Seth's?!"

"Heh! If you were really in love with our Seth, would you still be so scheming that you have to take pictures of you in a bed?!"

Eleanor bent down and picked up the few photos on the ground, the smile on her lips couldn't help but get colder.

"Karida, Seth was unconscious, right? You didn't do such a shameless act as drugging Seth in order to climb up to his bed, did you? Karida, how can you be so despicable!"

If Eleanor didn't say it, these reporters hadn't noticed it, but now that they heard her say it, the reporters all noticed that in the photos Seth's eyes were all closed.

It was as if, asleep, at the mercy of Karida.

The reporters looked at each other, "Mr. Levin, is this a set-up by Karida?"

"I didn't!" Karida subconsciously retorted, "It's that Seth was drunk, he he raped me, I I"

"Karida, if my Seth really raped you, you go to the police! You call the police and let them arrest him!"

Eleanor gasped and continued, "You don't call the police, but you want to marry a man who raped you? Karida, you think we are all brain-damaged!"

Karida's face was miserable, how could she have not expected Eleanor to be so difficult to fool, "I"

"Shut up!" Eleanor didn't even give Karida a chance to speak, "Karida, although my Seth is kind-hearted, you don't want to blame him for everything!"

"I don't! It's really Seth's baby in my belly, if you don't believe me, when the baby is born, you can ask Seth to have a paternity test done with it! No, we can do the paternity test in a few months, I hope you can give me and my child a chance."

"Why? Give you a chance to deceive our Levin family? Karida, your plan is good, but what we detest most is a liar!" Eleanor coldly withdrew her eyes from Karida's stomach, "Karida, just give up!"

After saying this, Eleanor ignored Karida again as she tugged on Seth's arm and headed outside the press.

The moment she turned around, Eleanor's tears almost fell down.

She was in such a hurry to take Seth away, not because she was afraid of being pestered by Karida, but because she didn't want to put Seth through more embarrassment.

Mother and son are linked, and no one knows better than her how much Seth's heart hurts at this moment.

She did not blame Freya, who Freya fell in love with was Freya's freedom, but she could not see that her own precious son, who had tried with all his might to love someone, in the end, only got a heart full of desolation.

She knew that the paternity test that Kieran had just taken could not be a fake, and that her brother, who was so proud, did not care to fake such things.

In other words, Seth had lied earlier.

Her son, truly in love, would rather have someone else's child to seek a way out for his love with Freya.

She thought she finally had her children, but to her surprise, they were her nephew and niece!

"Seth, don't feel bad, move on."

As a mother, that was all Eleanor could say to Seth.

In the nanny car, Seth lying in Eleanor's arms, crying like a child, "Mom, I know I did wrong, I shouldn't have hidden the babies' true identities, but, I'm afraid I'll never have a chance again! I can't move on....."

Patricia had come with Eleanor, and she hadn't expected in any way that Kieran would deny his marriage to Regina in front of so many reporters.

Her son had always been concerned about the greater picture, but now it was a disgrace for his family.

Her body trembled with anger as she walked step by step in front of Kieran, seeing Kieran and Freya's hands intertwined, her face hardened to the extreme.

"Don't mess around and tell the press that you will have your wedding as scheduled!"

"Mom, you're the one who's messing around!"

Kieran has always respected and loved Patricia, but when it came to matters of principle, he would not back down.

He gave a wink to Bradley, who then handed him his and Freya's marriage certificate.

He carefully took the marriage certificate and brought the paternity test report along with it to Patricia.

"Mom, you're forcing my wife and my kids to run off with someone else!"

"Kieran, what do you mean by that?!" Patricia hastily took the paternity test report and the marriage certificate, and when she read the contents on it clearly, Patricia, who was such an elegant and noble person, was so shocked that she almost jumped up.

"Kieran, is this this paternity test true?!" Patricia looked at Kieran incredulously, "Jayden and Jayla are really your children?! How can this be! Jaden and Jayla are clearly Seth's children!"

"It's true, Jaden and Jayla are my children!" Kieran didn't like to waste words, but in order to make Patricia believe him, he added, "Five years ago, the person who saved me was Freya! She was conceived Jaden and Jayla then! Freya is also the woman that Grandpa asked me to marry five years ago!"

"But didn't you already divorce that woman?"

"There is no divorce! In this life, there is no divorce!"

Patricia was in a bit of a mixed mood and thought of something, she said in a hurry, "No, you and Freya must get a divorce, she's got"

Kieran knew what Patricia wanted to say, only that if she hadn't gotten that wrong information, she wouldn't have spent so much money and made such a big deal out of her engagement and marriage.

He said, "Freya is healthier than anyone else." Kieran clutched Freya's hand and headed outside the crowd.

As soon as they arrived at Kelsington Bay, Freya shook off Kieran's hand, "Mr. Fitzgerald, shouldn't you now explain why you faked the paternity test report and lied to everyone that we weren't divorced?"

"Oh, and you and Regina, I saw you kissing with my own eyes, shouldn't you explain that to me too? You can't say that Regina forced you. I don't believe you!"

Chapter 355

Kieran, “.....”

He would kiss Regina, it was really Regina who took advantage of the situation, he was so innocent, okay!

Seeing that Kieran did not say anything, the smile on the corner of Freya’s lips became even colder, she sneered and took several steps back, “Mr. Fitzgerald, you have nothing more to say, do you?”

In fact, Freya has always been willing to believe in Kieran’s feelings for her, but what happened between him and Regina in the living room was also something she saw with her own eyes, and she could not deceive herself.

Seeing Freya’s growing misunderstanding of him, Kieran knew that he could no longer remain silent.

When Freya stepped back, he stepped forward, and he hoisted her hard into his arms so that she could no longer keep a distant from him.

“Freya, it’s true that Regina she didn’t force me”

“Heh!” Freya laughed so coldly that the corners of his mouth were about to cramp, “Mr. Fitzgerald, then in that case, the two of you kissed and were in love and couldn’t help it? If you were so uncontrollably in love, why did you deny the relationship between you and Regina just now?!”

“Freya, there was no love, let alone love that we couldn’t help.” Kieran paused and then said with unparalleled sincerity, “Freya, just now I fell asleep on the sofa and Regina kissed me while I was asleep.”

“Mr. Fitzgerald, who are you fooling!” Freya obviously didn’t believe Kieran’s words, “You’ve always been alert, Regina has been kissing you for so long, and you wouldn’t feel it!”

“I think you’re pretending to be asleep on purpose! Did you just have a good time being kissed by Regina?!”

Thinking that Kieran might have really been kissed by Regina made Freya’s heart feel even more unhappy.

She clenched her fist and hammered Kieran’s heart like a vent to express her displeasure.

If it were normal, Freya’s fists would not really hurt Kieran, but now, he was wounded in the heart.

With such heavy injuries, he had already exerted extraordinary fortitude to hold on for so long without collapsing, and he couldn’t control a muffled grunt when Freya hammered him with such a punch.

Hearing Kieran’s muffled grunt, Freya’s heart couldn’t help but ache, but thinking that she hadn’t exerted much force at all just now, her heartache instantly turned into disgust again.

“Mr. Fitzgerald, it’s useless for you to use bitter tricks on me! It’s useless for you to pester me!” Freya tried to make her voice sound clear and cold, “Since you like Regina so much you can go find her! Don’t pester me in the future!”

“Freya, I only want you!”

Without waiting for Freya to say anything, Kieran hugged her tightly. The more she thought about what he had just done with Regina, the angrier she became, and she pushed him away with force in her hands.

“Mr. Fitzgerald, don’t you touch me! If you want a woman, you go to”

Before Freya could finish the words that followed, she felt her palm stained with a sticky liquid.

Blood!

Kieran was wearing a black suit today, and Freya didn’t even notice that blood was already seeping out of his chest.

“Mr. Fitzgerald, you’re injured!”

Freya took a look at her blood-stained palm, she lifted her face and saw Kieran’s tragic white face, she couldn’t care less about being angry with him, she hurriedly broke out of his arms and tried to check his wounds.

“Mr. Fitzgerald, stop talking, I’ll go and treat your wound now!”

If in normal times, Mr. Fitzgerald was so alert, when Regina tried to steal a kiss from him while he was asleep, she would definitely not be able to succeed, but now, Mr. Fitzgerald was injured. He said he fell asleep just now, but in fact, he passed out, right?

Mr. Fitzgerald had not contacted her in the past few days, he must have something very important to do.

Seeing the white shirt on Kieran stained with blood, Freya’s heart, torn with pain, could no longer sulk with him.

“Freya, I have to talk, you misunderstood me, I have to explain myself to you.”

Kieran’s wound really hurt and he was now struggling to speak, but he didn’t want his beloved girl to misunderstand him!

He steadied himself, his other hand gently over his heart, “Freya, my heart for you, it won’t change, even if I die, it won’t change! I don’t love Regina, and I’m not going to marry her, Freya, I just want to grow old with you.”

“Mr. Fitzgerald, I trust you.” Freya suppressed the lump in her throat and said softly.

“Mr. Fitzgerald, I understand your heart, and I also believe that you won’t fall in love with Regina, but you can’t lie to me! Jayden and Jayla are Seth’s and Mmy children, why did you say that they are your children?”

“Also, have you forgotten that we’ve already signed the divorce papers, how can you still say we’re married!”

“Freya, Jaden and Jayla are really our children! Five years ago, on the night of June 8, the person who saved me was you!”

“As for the divorce papers, I tore them up and we are, for now, still married in name only!”

Originally, these were the words that Kieran wanted to say to Freya when he proposed tomorrow, but he, really, couldn't wait.

Hearing Kieran's words, Freya had a brief moment of bewilderment, she also wished that the man on that night five years ago was Mr. Fitzgerald, but under the sky, how could there be such a coincidence!

“Mr. Fitzgerald, don't tease me! Seth has already done a paternity test with Jaden and Jayla, and he's the man from five years ago!”

“Mr. Fitzgerald, let me help you with your wounds first!”

When she saw Kieran's wounds, Freya's tears couldn't be controlled and rolled down.

How much more painful a wound that deep! He was in so much pain and he was still holding himself together to coax her here!

Her lips trembled, “Mr. Fitzgerald, how did you get so badly injured? Who hurt you!”

Kieran now only wanted to set himself right, he didn't even care about his own painful, heart-breaking wounds, he forced Freya into his arms, gently and compassionately wiped away the tears at the corners of her eyes.

“Freya, I really am the real father of Jaden and Jayla! Freya, I won't lie to you.”

“Mr. Fitzgerald, you are injured now, you are still in the mood to talk nonsense here!” Freya huffed and glared at Kieran, but more than that, she was still heartbroken. As she was just about to stop the bleeding, Kieran clutched her hand once again.

“Freya, I'm not talking nonsense! Jaden and Jayla are indeed my children!” Seeing that Freya still looked unconvinced, Kieran continued, “Freya, that night, we did it four times.”

Hearing Kieran's words, Freya's face instantly turned blushed, she pushed Kieran away, “Mr. Fitzgerald, you're shameless!”

That night, Freya was really too wretched, at that time, she forgot how many times she was tossed by that man, later, after she calmed down, she remembered that that night, there should be four times.

Mr. Fitzgerald could really be the same man from five years ago, could he?

Chapter 356

“Freya, you have to face the facts.”

Kieran's voice continued, “Freya, I remember, that night, the first time, we were on the doorstep, the second time, by the bed, the third time, in front of the window, and the fourth time”

“Mr. Fitzgerald, stop it!” Freya really couldn't listen to it anymore, she covered her ears hard, not wanting to hear these humiliating words, but the memories of that night that she had tried so hard to forget came rushing into her mind like a tidal wave.

Her face was burning horribly, it was humiliating enough the first three times, the fourth was even more indescribable.

Thinking of the fourth time she went crazy, Freya really wanted to dig a hole in the ground, why couldn't she just lose her memory!

How embarrassing!

"For the fourth time, you"

"Mr. Fitzgerald, shut the hell up!"

She accidentally hit the wound on Kieran's chest again, and Kieran's handsome face instantly distorted in pain.

Seeing Kieran in such pain, Freya's heart ached, but she still spoke stiffly to Kieran and said, "Mr. Fitzgerald, you deserve it, who let you talk nonsense here!"

Freya gave Kieran a fierce white look, afraid that more blood would seep out of his wound, but she still nimbly took the special medicine left by the doctor to treat Kieran's wound.

"Freya, that night, I put this ring on your finger." Kieran's eyes were dark as he looked at Freya, he took off the ring on his thumb and put it on top of Freya's thumb which was obviously quite slimmer than his, "However, you threw this ring away."

Alisha, on the other hand, took this ring, which Freya had thrown away, and impersonated Freya to claim the credit.

"Mr. Fitzgerald, is it really the one you put it on my finger? I always thought that it was left by the cowboy from that night. I thought it was quite funny at the time, but I didn't expect that the cowboy Alisha found would present a token of affection after picking up a client."

Freya heatedly laughed, "So it's because you like to give tokens of affection, Mr. Fitzgerald!"

When they reunited later, she also saw Kieran wearing this ring, and she thought that it was very ordinary, and Seth might have it too, so she didn't think deeply about it.

"Freya, I'm not a cowboy!" Kieran's handsome face sank slightly. How dare she compare him to a cowboy!

"I know you're not a cowboy." After Freya treated Kieran's wound, she nestled in Kieran's arms like a small cat, she touched the ring on her thumb that had been put on by Kieran and said in a petulant way, "But in the future, you can't just give a token of affection to girl, Mr. Fitzgerald, I'll be jealous."

Seemingly afraid that her words were not intimidating enough, Freya thought for a moment and then continued, "I'm horrible when I'm jealous and will beat people up!"

"Mr. Fitzgerald, you've been talking about breaking my legs all day, and when I get angry, I'll break your legs too! I'm not kidding!"

To prove that she was really vicious, Freya even glared at him menacingly.

“You want to break my legs?!” Kieran’s voice was not loud but carried a clear threat, Freya instantly became timid, her small body shivered indisputably, she then hugged Kieran’s waist and laughed, “Mr. Fitzgerald, I was kidding. I like you so much, how could I break your legs!”

“I wouldn’t break your legs even if I broke my own!”

Hearing Freya’s words, the corners of Kieran’s lips rose uncontrollably.

He could not, in fact, break Freya’s legs.

He couldn’t love her enough, how could he bully her like that!

When he thought of Freya five years ago with a big belly struggling alone in a foreign country, Kieran’s heart hurt so much that he couldn’t breathe.

He gently rubbed Freya’s face, “Freya, I’m sorry, five years ago, you saved me, but I made you suffer so much.”

“You must have been scared and helpless being alone abroad at the time.”

Freya’s thoughts were drifting away, how could she not be afraid! She suddenly went into premature labour, without her family and friends by her side, she was in so much pain in the delivery room that she thought she would die.

Not wanting to make Kieran feel guilty, Freya smiled and tilted her face up, “Mr. Fitzgerald, I was not scared! Jaden and Jayla are so cute, I can’t be thankful enough to be pregnant with them.”

The smile on Freya’s lips became more and more tender, “Mr. Fitzgerald, I’m glad that the man five years ago was you, this is heaven’s destiny!”

Kieran thought that in the face of the hardship and pain at the beginning, Freya would complain, but to his surprise, she said that she was glad.

That heart, always cold and hard, was so soft and sweet like candyfloss, his beloved girl was so good that he wanted to kiss her.

A lifetime of kissing was not enough.

With this thought, Kieran bent his face down and kissed Freya’s lips deeply, entwining with his beloved girl with a lifetime of passion.

Kiki had been a bit upset lately, being pestered by Quinn all day long!

Quinn saved her and Freya from Alisha and she was grateful to him, but she couldn’t forget that he had tried to rape her twice.

She righteously told Quinn countless times that it was impossible between them and asked him not to appear in front of her again, but Quinn’s cheek was thicker than the ground, no matter how cold and hard she made her words, the next moment, he could come to make her happy.

He was so bad at cooking, but he still had the guts to show off. Kiki felt that Quinn was not courting her, but trying to poison her to death!

Kiki couldn't stand the poison of Quinn's love meals, so she took advantage of the fact that Quinn had gone to take care of some business today, she packed up and planned to go to the supermarket outside the hospital to buy some food for her hunger.

Even eating bubble noodles was much tastier than eating Quinn's love meal.

Recently, Catherine also took a job for her to take promotional photos for a bridal shop, and she still had to eat and build up her strength to go to the bridal shop for a dress fitting in the afternoon.

Kiki felt really unlucky that she could accidentally twist her foot when she was getting off the lift at the supermarket.

She was already in poor health, and the twist was so severe that she couldn't stand up from the pain.

Kiki was about to sit in the corner to ease up a bit when Quinn's voice rang out above her head, "Kiki, you twisted your foot, didn't you? Why are you stupid? How can you twist your foot even when you get off the lift!"

After saying this, Quinn carried Kiki onto his back without a second thought.

Seeing Christ was walking over, he glanced at the condoms on the shelf, took a box of it and threw it into the shopping cart.

Chapter 357

"Quinn, put me down! I don't need you to take care of my business!"

Kiki was already upset when she twisted her foot, and was scolded by Quinn for being stupid, so she was even more depressed.

She struggled to jump off Quinn's back, and when she raised her face, she just happened to see Christ not far away.

Kiki's body stiffened, and the images of her two children's tragic deaths began to play in her mind again, and eventually, all the images gradually became blurred, leaving only a blood-red patch over the sky.

Kiki hated so much that her body trembled, she didn't want to see Christ, she didn't want to see this culprit who had killed her two children!

Kiki forgot to break free from Quinn's back, she buried her head tightly on Quinn's back, she only wanted to, get as far away from Christ as possible.

Christ didn't expect to meet Kiki and Quinn here, and he didn't expect that Kiki would be lying on Quinn's back, looking like a couple who were deeply in love.

Christ had heard Fabian say a few days ago that Quinn had been particularly busy recently, and he had asked Quinn out several times, but had been stood up.

Christ thought that Quinn was busy directing a certain action blockbuster, but to his surprise, he was busy paying court to his ex-wife!

Immediately, Christ laughed out coldly.

“Quinn, you really have nothing to do, chasing after women I don’t want every day!”

Christ actually didn’t want to make his words so mean, but seeing Kiki lying so obediently on Quinn’s back, he couldn’t control the anger in his heart.

Kiki was always full of thorns in front of him, but she was as good as a kitten in front of Quinn!

She was just a woman he abandoned.

Kiki’s face went pale, and the corners of her lips curved upwards with a misanthropic coolness, yet she was beautiful and captivating.

“Christ, I’m the woman you don’t want? Do you think you are the man I want?!”

“You don’t look up to me, and I don’t look up to you!”

“Say it again!” Christ’s eyes were stained with blood, and he ferociously roared at Kiki word for word.

This woman had the nerve to say that she didn’t want him? How dare she say that she didn’t look up at him?

It could only be that he didn’t like her and threw her away like a piece of rubbish. On what ground she despised him?

Didn’t she still love him? Now that she has fallen in love with Quinn, she now despised him?

“Christ, I say, I don’t look up to you! In my eyes, you’re a piece of shit!” Kiki always had this ability to be hysterical with pain in her heart, but at the corners of her lips still hook up a perfect and mocking curve.

Kiki had a miscarriage and Christ was heartbroken. He had previously thought that when he saw Kiki again, he would say a few warm and soft words to her.

But this woman always managed to anger him.

His eyes, locked gloomily on Kiki’s face, his eyes scarlet, as if he could tear her into pieces in the next second, “Kiki, what are you saying I am? Kiki, today, you must say it clearly!”

With that, Christ stepped forward and tried to rip Kiki off Quinn’s back.

The image of Kiki lying on Quinn’s back was so damn harsh that he didn’t want to look at it more than once.

“What are you doing!” Quinn tightly shielded Kiki behind him, Kiki had relied on him so easily for once, how could he let her down!

Christ was already so angry that he was on the verge of going crazy, and now that he saw Quinn protecting Kiki as if he was guarding all his belongings, he was even more furious.

“Quinn, put down Kiki!”

“Kiki doesn’t want to see you, please don’t appear in front of her again!” Quinn did not budge and said word for word.

After saying this, Quinn did not bother to pay attention to the furious Christ, he turned his face and said to Kiki incomparably tenderly, "Kiki, what do you want to eat today? I'll go buy the ingredients and cook something delicious for you."

Kiki's expression froze, she wanted to tell Quinn, "You're such a bad cook, don't poison my stomach," but when she saw that Christ was still here, the words that were on her lips turned into, "Anything you cook is good!"

Quinn knew that Kiki did not mean what she said, but in his heart, he still could not control his joy.

His arrogant and unrestrained handsome face rippled with watery tenderness, as if the sunlight was hitting the surface of the water, sparkling with delight, which deeply pierced Christ's eyes.

Looking at Kiki's pale lips, Quinn only felt his heart fluttering, he knew that this was very abrupt, but he just wanted to kiss Kiki.

When Quinn wanted to kiss Kiki, he really kissed her. Kiki was stunned, she never thought Quinn would take the initiative to kiss her in front of Christ, and the corner of her lips turned up in an arc.

Kiki wanted to push Quinn away and jump off his back, but she knew in her heart that if she did that, Christ would still be very pleased!

After repeatedly struggling, Kiki finally did not push Quinn away.

Christ clenched his fist and stared at Quinn and Kiki, their lips were so closely pressed together, and Kiki's lips should have belonged to him.

No longer able to control the sourness and anger in his heart, Christ raised his hand and punched Quinn's face with a fist.

This was a very hard punch from Christ, and blood seeped out of the corner of Quinn's lip instantly. Kiki was shocked by this sudden situation, and she felt even more guilty when she thought that she had kind of used Quinn just now, "Quinn, how are you? Does it hurt? Let's go to the hospital now!"

Seeing Kiki's worried look, Christ was so sour that he wanted to kill someone.

Quinn was a man, what was wrong with taking a punch? Was he that petulant?

Did she care that much about Quinn?

"Kiki, I'm fine. No need to go to the hospital, just give me a kiss and I'll be fine." Quinn smiled, he really didn't feel any pain, on his lips, there was still the taste left by Kiki now, even if he took a few more punches, he was rejoiced.

Give him a kiss?

Christ's body tensed up, if Kiki dared to take the initiative to kiss Quinn

If she dared to take the initiative to kiss Quinn, blood would have to flow here today!

Chapter 358

The expression on Kiki's face was instantly fixed, just now Quinn took the initiative to kiss her and she didn't dodge, she already couldn't get past the hurdle in her own heart, she really couldn't take the initiative to kiss Quinn,.

Indeed, she wanted to make Christ unhappy, she wanted to act as if she didn't care about Christ at all.

However, she didn't want to use Quinn anymore.

What's more, deep down, she really didn't want to care too much about what Christ thought. The more she couldn't face Christ and the more she tried to make him unhappy, the more she couldn't completely let go of this unpleasant relationship and start anew.

"Quinn"

Kiki was just about to ask Quinn to put her down, Christ's grumpy voice rang out in the air, "Kiki, get down!"

"Kiki, if you dare to kiss Quinn, I I will make you regret it!"

"What's wrong with you! What does my business with Kiki have to do with you! I won't bother with you for punching me today, but in the future, don't appear in front of Kiki again, or else I won't have you as a friend!" Quinn subconsciously exerted his force and hoisted Kiki even tighter onto his back, Kiki couldn't even jump down.

When Quinn provoked him, Christ became even more furious, "Quinn, you are the one who shouldn't appear in front of Kiki in the future! Kiki is my woman, if you still treat me as a friend, stay away from Kiki!"

"Your woman?" Quinn laughed, debauched, full of mockery, "You wouldn't have forgotten to take your medicine when you went out, would you? Six years ago, when Kiki was in jail, you had already divorced her!"

"You're about to get married to Penny and you still want to pester your ex-wife? I've known you for so many years, how come I've never seen you being so shameless!"

Christ's face was already unpleasnt, but now, Quinn even dared to call him shameless in front of Kiki, his profoundly handsome face was even darker and sunken.

His eyes narrowed dangerously, and the majestic anger in his body made it almost impossible to breathe.

He looked at Quinn and said in a word full of threat, "Quinn, who are you calling shameless?!"

"Christ, not only is your brain not good, it seems that your ears are not good either!" Kiki's lips were slightly hooked, on such a beautiful face, there were no an ounce of life, "Christ, what Quinn said, naturally, is that you are shameless!"

"If you haven't heard me clearly, I don't mind saying it again. Christ, you are shameless! I have never seen such a shameless man like you in my life!"

"Kiki!" Christ's eyes grew red, he really wanted to rush over and tear Kiki's angry face to shreds.

But he couldn't lay a hand on her.

Christ was depressed to find that he was so angry with this woman that he couldn't bear to hit her hard!

He was angry with Kiki, and now he was angry with himself.

"Christ, you can shut up now! I don't need you to remind me over and over again that my name is Kiki, I'm not so brain-dead that I can't even remember my own name. I don't know if you're brain-dead or blind, but you can't even see that you're an eyesore!"

"Kiki!" Christ was so angry that he shouted furiously, the current Christ was like a wild beast in a frenzy, but he had nowhere to vent and release the anger in his heart, he could only make himself more furious and upset.

When Christ saw that Kiki was still lying on Quinn's back, his fists clenched, "Kiki, get your ass over here!"

"Christ, is your brain really bad? Kiki is my woman, why should I listen to your nonsense?"

Christ couldn't believe that Kiki was really with Quinn, he couldn't forget that Quinn had tried to rape Kiki several times before, there was no way Kiki would accept Quinn!

He was just about to declare his sovereignty over Kiki to Quinn again when he saw the box of condom in the shopping cart at the side.

Christ's eyes instantly turned so red, the two of them even bought condom!

Were they really together?

Heh!

And oversized?

Quinn made Kiki very happy, didn't he?

Christ was staring at Kiki like a madman, how could this woman be so cheap! She had just lost their child, and she already couldn't wait to climb into Quinn's bed!

Seeing the look in Christ's eyes, Quinn naturally knew what he had seen.

Quinn was inexplicably vain, he felt that he had been mean in doing so, but when he thought of what Christ had done to Kiki, there was no longer any guilt in his heart.

Whether Kiki was willing to accept him or not, Christ had no chance of hurting Kiki again!

It was as if a century had passed before Christ found his voice, he was like a child who was afraid of being robbed of his beloved toy, his voice was hoarse as he asked Quinn Kiki, "Are you really together?!"

Without waiting for Kiki to speak, Quinn hurriedly said, "Don't you think your question is funny? Kiki and I have done everything we need to do and we're still not together? Didn't you also see that Kiki and I kissed just now?"

Kiki, "....."

Kiki did not explain, having already decided to ignore Christ, there was really no need for her to waste words with him.

Christ's handsome face, for a moment, was much bleaker, yet also darker, he found that even though he was sure that Kiki was with Quinn, he still could not let go of Kiki.

Seeing Quinn's smug hybrid face, Christ could no longer control the anger in his chest, he was just about to rush up and snatch Kiki over like a vicious beast, but his mobile phone rang.

"Christ, don't forget to accompany me to the wedding dress fitting later."

Christ closed his eyes before opened them again. But as if he was possessed, the image of Kiki in her wedding gown was still lingering in his mind.

Six years ago, Kiki wore a wedding dress and became his bride.

She said, "Christ, thank you for being willing to marry me. I love you, and for the rest of my life, I will never leave you!"

And now she had fallen into the arms of another man!

Christ suddenly raised his face, he looked at Kiki, saying, "Kiki, you lied to me!"

Chapter 359

Looking at Christ's furious face, Kiki suddenly laughed.

He was psychotic, wasn't he?

She didn't really know how she'd lied to him!

"Christ, go to the hospital if you're sick, don't go crazy in front of me!" Kiki suppressed all the bitterness in her heart and smiled with a heartless smile, "Also, in the future, really don't appear in front of me to disgust me!"

Christ glared at Kiki fiercely, how dare she make him go to the doctor?!

How dare she!

"Kiki?" Penny on the other end of the phone couldn't control her shocked voice, "Christ, how come you're with Kiki?"

"Ah! It hurts, my chest hurts so much" Penny put on a soft face and said pitifully to Christ.

In fact, Penny's chest really didn't hurt that much. She stabbed herself that day, although the blood flow was a bit scary, it really didn't hurt anywhere vital, it wasn't a deep cut, it was just a small piece of flesh that was penetrated. If it was not that she had insisted in staying in the hospital, she would have been discharged.

When Christ heard Penny's pretend soft voice, he was so annoyed that he wanted to throw Penny out.

Even if he kept reminding himself that Penny had saved him, he couldn't endure it.

"Since your chest hurts so much, don't go to the wedding dress fitting!"

Penny was shocked, she thought she could make Christ's heart ache by pretending to be so pitiful, but she didn't expect Christ to directly say that she shouldn't go to the wedding dress fitting!

Her biggest dream in her life was to become the bride of Christ, and she could not wait until the day of her wedding dress fitting, how could she not go!

Penny was afraid that Christ would really not let her go to the wedding dress fitting, so she hurriedly said, "Christ, I really want to be your bride. Christ, for you, I can endure any pain."

After a moment of silence, she tentatively asked Christ again, "Christ, can't you accompany me to the wedding dress fitting?"

"I see other women trying on wedding dresses with their husbands along, Christ, I don't want to be a laughing stock in everyone's eyes."

Penny was so noisy that Christ was really annoyed, and he spoke in an unpleasant manner, "If you want me to go with you to the wedding dress fitting, don't talk so much nonsense!"

After saying this, Christ directly hung up Penny's phone.

Christ had wanted to grab Kiki off Quinn's back, but only after he had made the call did he realise that there was no trace of Quinn or Kiki in front of him long ago.

That box of condom was repeated in Christ's mind like a magic spell, and Christ was instantly mad and possessed.

They were going home with that box of condoms?

Kiki was such a fucking bitch!

Kiki and Quinn hadn't really gone back to use the box of condoms, and as soon as they were out of Christ's sight, Kiki wrenched herself off Quinn's back.

Quinn was afraid that Kiki would see the box of condoms and get angry with him, so he took advantage of Kiki's unpreparedness and hurriedly put the box on a shelf to the side.

"Kiki, what exactly do you want to eat later? I just learnt a dish from the internet today, I can cook for you."

"Quinn, don't waste your time on me."

Kiki didn't delay him, she still decided to talk to Quinn, "Quinn, I'm sorry, just now, when you kissed me, I should have pushed you away, and I shouldn't have let you carry me for so long."

"Kiki, I don't need you to say sorry to me! Kissing you and carrying you are the happiest things for me!" Quinn knew what Kiki wanted to say to him, and he cut Kiki's words off at the right time, not allowing her to continue.

"Kiki, don't tell me that it's impossible between us, don't let me appear in front of you in the future or anything like that, because I won't listen."

Quinn stubbornly pulled Kiki into his arms, “Kiki, even if you don’t like me, even if you only have Christ in your heart, I will continue to appear in front of you!”

“How come you can’t see the good in me? What exactly is it about me that is not as good as that jerk?!”

“But Kiki, even if you can’t see the good in me now, it doesn’t mean that I’m not good. Take your time to discover the good in me, okay? I am really different from Christ, he will hurt you for other women, but Kiki, you are my world!”

Quinn’s confession shocked Kiki, she didn’t expect Quinn to think so highly of her, but no matter how much he thought of her, between them, it would not work out.

“Quinn, I’m sorry, I know you’re nice, but I can’t forget our initial unpleasantness. Quinn, I will try to forget about Christ and find a man to start over, but that man won’t be you.”

Hearing Kiki’s words, Quinn really wanted to slap himself.

If he had known that the two times he had initially bullied Kiki would have caused Kiki to sweep him off his feet, he would not have dared to take advantage of Kiki.

But even if Kiki were to sweep him off his feet, he would not agree.

“Kiki, I admit it, I’ve bullied you, I apologize to you. Kiki, give me a chance to woo you, don’t sweep me off my feet so quickly, okay?”

“The ancients also say that if you know your mistakes and can correct them. Fearing that Kiki would still refuse, Quinn continued, “Forget it, I won’t force you, Kiki, we should be friends, right? You don’t have to pressure, just treat me as a friend, okay?”

Quinn really did not want to just be friends with Kiki, he was using a roundabout tactic, and later he could become boyfriend.

Quinn secretly thought, in order to be with Kiki, there was a plan should be implemented now.

Kiki felt that since Quinn had already said so, it would be a bit inappropriate if she continued to refuse.

Kiki swept a faint glance at Quinn, “Okay, just friends.”

Quinn smiled, it was really good! Finally, he could make his mark!

The bridal shop that Kiki went to is Rose, a high-end French couture brand.

She dreaded to think that a high-end brand like Rose would use an unknown newcomer like her as a spokesperson.

According to Catherine, after she helped her record that song, Rose’s boss inadvertently listened to “One Thought” and was deeply infected by her voice, and had the sudden idea to use her as an endorsement, and for publicity effect, to have her record a music commercial to promote Rose in depth.

Kiki naturally had to try to seize such a good opportunity. She was fond of singing, she used to worry that her imprisonment would affect her development in the entertainment industry, but she had done nothing wrong. She would not be cowering for the rest of her life because of Penny’s trap?

The appointment for the fitting was at 2pm. Kiki went there early in order to make a good impression on the brand, but she never expected to meet Penny and Christ at the wedding dress shop.

Chapter 360

Penny wore a white wedding dress, this wedding dress from the famous French wedding dress design master Laurence's handwriting. Laurence's design is the biggest characteristic is heavy luxury, this wedding dress embellished with diamonds, under the light, it was bright, so beautiful that people can not take their eyes away.

Kiki only felt her eyes stung by the wedding dress on Penny's body.

She had also worn a wedding dress for Christ, and the moment she put on the dress, the greatest wish in her heart was to grow old with Christ.

Unfortunately, she did not get to grow old with him after all.

Kiki tried hard to dismiss the effect Christ had on her, but she sadly found that the deep love she had felt six years ago had been burned deep into the marrow of her bones, and even though there was more pain and hate in this love affair. Seeing Christ and Penny standing together like a pair of jellyfish, she still felt upset.

Kiki hastily looked away, not wanting to let the embarrassment in her heart show in front of Christ and Penny.

She tried hard to calm herself down, today, she had a lot of shooting to do. The music commercial not only required her to perform as a model, but also to record a song, and she had so decided to get back on her feet that she couldn't be knocked down again by something inexplicable.

In fact, even if she could force herself to calm down, Kiki was still a bit worried that she would not be in good shape today. Fortunately, Rose's royal photographer was temporarily occupied and the wedding shop manager let her try on a few wedding dresses for the shoot first, so that she could modify them in time if they did not fit.

Rose's boss really loved Kiki. For this shoot, he prepared nearly 20 sets of wedding dresses in different styles for Kiki, each of which was from the masterpiece of the industry's top wedding dress masters, either fresh, noble or elegant, each of which was beautiful.

Even if Kiki was calm, seeing so many valuable and expensive wedding dresses, she had a feeling of being overwhelmed. Kiki was afraid that she might accidentally damage these wedding dresses, and was extra careful when she took them over.

The first Kiki had to try on was a black wedding dress that had become very popular in the last two years. She was not used to having others help her get dressed, so she held this wedding dress and walked into the fitting room alone.

She was just about to lock the door to the fitting room and she felt a pain in her body as the door to the fitting room slammed open and her body slammed uncontrollably into the mirror on the opposite side.

Kiki frowned, she thought someone had accidentally walked into the wrong fitting room, but as soon as she raised her face, she would come face to face with Christ's red-blooded eyes.

“Christ, get out!”

Kiki really found Christ unbelievable, wasn't he accompanying Penny to her wedding dress fitting? What was he doing following her into the dressing room?

“Kiki!” Christ gritted his teeth, and every word he spat out was so angry that it seemed like he wanted to eat people.

“Mr. Birkin, I told you, I know my own name, I don't need you to remind me of it over and over again!”

Kiki wanted to push Christ out of the fitting room, but after thinking that she could not exert much strength with her half-damaged hand, she withdrew her hand.

She sneered at Christ, “Mr. Birkin, you're really sick! Can you please stop making me throw up today? Get lost!”

Not only did Christ not go out, but he also took a step forward, forcing Kiki to press herself against the wall that was a mirror.

Christ narrowed his eyes dangerously, he stared at Kiki in a cold manner, he didn't say anything, but his eyes were sharp.

Kiki would not show weakness in front of Christ, she proudly raised her chin and disdainfully raised her eyebrows at Christ, “Mr. Birkin, please go out! You are not welcome here!”

“Want me to get out? Kiki, you're dreaming!”

Christ suddenly choked Kiki's shoulders, making her unable to move.

Meeting the unabashedly predatory gleam in his eyes, she realised what he wanted to do next and couldn't help but exclaim, “Christ, get the hell out of here!”

“Kiki, you had sex with Quinn, didn't you? Kiki, you just had a miscarriage and you can't wait to have sex with Quinn, you are such a bitch!”

“Kiki, you're a fucking bitch!”

“Christ, you're sick! Who I have sex with is my freedom, what does it have to do with you? It has nothing to do with you whether I'm a bitch! Christ, don't touch me, get out of here!”

“Christ, we've been divorced for a long time! You have Penny and I have my life, it's long over between us! You have no right to interfere in my affairs!”

“Christ, get the hell out of here!”

Kiki's words irritated Christ almost to collapse into a frenzy, he slammed the door shut, his profoundly cold and handsome face was hostile, “Kiki, you're dreaming!”

Seeing the closed door of the fitting room, Kiki's heart panicked to the extreme, this kind of small and closed place made her feel extra insecure. She tried to open the door, but before her hand could reach the lock, Christ had stopped her ruthlessly.

“Christ, don’t you touch me! Don’t you touch me!” Kiki struggled desperately, but her strength was no match for Christ’s, and now with her half-damaged wrist, she was even more powerless to resist.

Kiki was biting her lips to death, her heart was wretched to the extreme, Christ wouldn’t really want to rape her, here, would he?!

Kiki’s eyes were moist, she had managed to suppress her demons and wanted to get back on her feet, so why was it so hard to start again?

In the face of Christ’s aggressive steps, Kiki thought of calling the police, but even if she did, the police would not be able to arrest Christ, given Christ’s power in the city.

Kiki didn’t want to bother Freya again and again, but now, apart from Freya and Kieran, Kiki really didn’t know who else could help her. She fumbled for her mobile phone and wanted to call Freya, but before she could find out Freya’s mobile number, her mobile phone was snatched by Christ and slammed to the ground.

“Want Quinn to come and save you, do you? Kiki, you’re dreaming!”

Kiki was scared, she was really scared, she was here to work at Rose, if the staff outside knew that she and Christ had sex in the fitting room, she would be laughed at!

“Christ, let go of me! You’re even getting married to Penny, why aren’t you willing to let go of me?!”

“My two children both died because of you, I have nothing now, let me go, OK?!”
