

Talented 361

Chapter 361

Christ was stunned, how could he have thought that a woman as proud as Kiki would speak to him in such a low and soft tone.

His heart was trembling with pain.

But thinking of the box of oversized condoms in the shopping cart, all the pain and pity in Christ's heart was instantly swallowed up by monstrous anger.

Kiki gave in, not because she cared for him and wanted to compromise with him, but because she wanted to keep her body for Quinn!

Christ smiled viciously and sadistically like a devil, "Kiki, Quinn made you feel good, didn't he? Do you like Quinn's oversize a lot?!"

"Christ, you're sick! You let go of me! Let go of me!"

Kiki couldn't exert much strength, but she still punched Christ hard, he had tossed her clothes, how could she leave later?

Christ wickedly imprisoned Kiki once again, "Kiki, you like oversized, don't you? You should be able to feel that I'm also oversized!"

With that, Christ barged in without pity.

It was as if she had died before he let her go.

Kiki's fists involuntarily clenched, her not-so-long nails having long ago pierced viciously into the tender flesh of her palm, which was bright red.

She didn't feel pain, she just felt sick!

The man she once loved the most turned out that all he could bring her now was disgust!

Kiki wanted to cry, but crying was a sign of weakness, how could she cry in front of this man who had bullied her time and time again!

Kiki was biting her lip so hard that she was unaware of the blood dripping from it.

Kiki hated Christ for bullying her over and over again, and she hated herself even more, knowing that she hated Christ so much, but her body still involuntarily under his possession.

From inside the mirror in front of her, Kiki could clearly see how wretched and unpleasant she looked at that moment, she was trembling with hatred, and she took several hard breaths before she could find her hoarse and bitter voice.

"Christ, why won't you leave me alone!" She really didn't want to repeat the pain she had experienced.

But what can she do to have sunshine in her life again?

What the hell should she do to get rid of this demon Christ once and for all?

“Kiki, I told you, trying to get me to let you go, you’re dreaming!”

When he glanced at the wedding dress on a shelf, Christ’s eyes instantly became bloodshot, “Kiki, you and Quinn are getting married, aren’t you? Heh, trying on wedding dresses? I just don’t know if you, a second-hand, can successfully marry Quinn!”

Kiki’s wedding dress fitting was not for Quinn, it was just a job for her, but it was something she didn’t bother to explain to Christ. Right now, her mind was clogged up with just one word.

Second-hand.

The man, whom she had loved with all her strength, said she was second-hand.

She had been used by him and thrown away like rubbish, so she was a second-hand!

Kiki wanted to cry, but in the end, she giggled softly.

Kiki’s voice was beautiful, and her laughter even more so, as if, the purest wine in the world spilled drop by drop on the drum kit.

“Yes, Christ, I’m a second hand! It’s a pity that your Penny had many men! Well, after touching me, and then marrying Penny, Christ, you’re having fun picking up trash!”

“Kiki, I forbid you to say that about Penny!”

Christ fiercely choked Kiki’s neck with such great force that it almost crushed her neck.

Kiki drew a cold breath in pain, and eventually, all the pain in her body was again overwhelmed by the pain in her heart.

Thinking of how Christ had defended Penny unreservedly no matter six years ago or now, the sick feeling in Kiki’s heart intensified more violently.

“Christ, since you like Penny so much, go find Penny! Don’t you touch me! Get the hell out of here!”

Kiki stretched out her hand and she rapped hard on the door, even though Christ’s claim on her had ended, she still didn’t feel the slightest bit safe living with him in such a small space.

Her hand had just rapped on the door twice, but it was grabbed back by Christ.

Christ bent his face down as he looked at her, and laughed coldly, viciously and brutally, “Kiki, shout harder! Better call all the people in the wedding shop over, all of them will see how sultry you are now!”

Kiki’s raised hand froze, and all the strength in her body drained away in a flash.

She didn’t really have the courage to let everyone inside the bridal shop see her in such a mess.

After Freya defied life for her at the beach house, Kiki figured out that even for Freya’s sake, she had to live well.

She was living proudly and nobly, but Christ was always trying to kill her over and over again!

Kiki huddled soundlessly in the corner behind her, she was really afraid that in a moment the door of the fitting room would push open and all her wretchedness would be displayed in the sunlight.

No one likes gloom; she longed for sunlight, she wanted, away from that gloom-strewn hell, to embrace sunshine again.

“Christ, what exactly will it take for you to let me go?”

Every time she thought of her child’s tragic death, Kiki’s heart twisted, but in order to have a new life and to get Christ to let her go, she could only repeatedly expose herself to the pain over and over again.

“Christ, you personally ordered my first child to be killed, and although my second child died at the hands of Dylan, that tragedy was also due to you. I have lost two children for you, and I was tortured by you in prison for five years, what are you still not satisfied with? Why won’t you leave me alone?!”

“Two lives! Two living human lives! Are these two lives not enough to make you let me go!”

Thinking of Kiki’s two children who died tragically, Christ’s chest ached to the point of almost choking.

That was also his child.

He didn’t expect Kiki to suffer so much in prison, and although he wasn’t the one who ordered the violence against her, it was, indeed, all because of him.

He actually, from the bottom of his heart, loved Kiki, and countless times, he couldn’t help but want to hug Kiki properly, but he hated even more that Kiki didn’t give a damn about him for Quinn!

Christ laughed coldly, and every word was heartbreaking, “Not enough! Kiki, it’s not enough! You killed Penny’s and my child, you deserve to die! For the rest of your life, I will never let you go!”

Chapter 362

In this life, he would never let her go.

Kiki smiled astringently, she was obviously so innocent, yet she was stamped with the mark of a lifetime of sin, how ridiculous!

The force in Christ’s hand became increasingly fierce and Kiki felt like her neck was really going to break, but she still said word for word to Christ, “Christ, I didn’t kill Penny’s child!”

“Christ, all the hate you have for me is because you think I killed Penny’s child, what if one day you find out that I didn’t kill Penny’s child?”

“If you find out that I am not guilty at all, that I did not harm anyone. What about the child who died horribly in prison, what about those five years I lived in prison! Who deserves to die? And who should I not spare?!”

Christ’s body stiffened, he had always been convinced that Kiki was the culprit for the death of Penny’s child, he had never thought about what he would do if Kiki was innocent!

Yes, if Kiki had not killed Penny’s child, what would Kiki’s broken pinky finger, the wounds she could not erase, her tragically dead child, be considered!

When the time came, how should he pay for it?

He could not even afford to pay for it with his death!

Since, he could not afford to pay for it, Kiki could not be innocent!

“Kiki, it’s impossible! The evidence is overwhelming, you’re the one who killed my child! Kiki, you deserve to die! ”

Christ said Kiki deserved to die, and with all his strength, he was strangling Kiki’s neck.

Kiki’s heart was filled with humiliation and sadness, and she could no longer say a complete sentence.

Talking to some people was to waste her breath.

She just found it ridiculous that Christ had told her time and time again, that the evidence was overwhelming that she had killed Penny’s child, when the so-called evidence was nothing but Penny’s side of the story!

Kiki’s back was turned to Christ, but from the mirror, Christ could clearly see Kiki’s face.

A moment ago, her face, which was still full of anger, was suddenly devoid of life.

It was as if, her heart was dead, and she was now just a soulless shell.

The hand around Kiki’s neck tightened involuntarily. Clearly, he was holding her so tightly, her life was in his hands, but he still felt as if he couldn’t hold on to her, as if she was slipping away from his life, little by little.

How could he not hold on to Kiki! He must hold on to Kiki!

A man who is not emotionally enlightened will only use his body to conquer a woman, and Christ is now, clumsily, trying to conquer Kiki with his body.

He shook Kiki’s neck violently and continued a conquest.

He thought that once he had conquered her physically, perhaps, she would feel that he was better than Quinn, that she would see how good he was, look back at him, and not be able to leave him, and that between them, there would still be a chance to be together.

The man who is emotionally unenlightened really likes to dig his own grave for his love, he simply does not understand, no matter what he has in mind, he practice for Kiki was a force, she will not rejoice, will not be satisfied, but will only feel humiliated, will only be farther and farther away from him.

There was a sudden knock at the door.

“Christ, aren’t you in there?”

Hearing Penny’s voice, Kiki’s body, uncontrollably, trembled.

She didn’t mind that it would hurt Penny if she and Christ did something like this, she was just afraid that it wasn’t just Penny who was standing outside the door.

Penny had heard the voices inside the fitting room, the staff of the bridal shop must have heard it too, Kiki didn’t know how she was going to face the mockery and disdain of others.

No, there’s no more sunlight, she won’t see the light anymore

The spokesperson of the bridal shop and the fiancé of Penny had sex in the fitting room, people wouldn't think that it was Christ who forced her, they would only think that she was shameless and wanted to seduce the famous Mr. Birkin!

"Christ, who are you in there with?"

Penny bit her lip dead, her voice sounded soft and gentle, but in her heart, sores were already all over.

After she met Kiki at the wedding shop, she noticed that Christ's eyes had been glued tightly to Kiki's body.

So, when Christ followed Kiki into the fitting room, she noticed it.

She was, at that moment, so hateful that she almost gnashed her mouth, especially, when, after she followed over, she heard the voices inside the fitting room, she wanted to kill someone.

She already hated it to the extreme, and what was even more tragic was that she could not, yet, bring Kiki's unpleasant side to light.

The man inside the fitting room was her fiancé, in a few days, was her husband. She could not let others know that before their new marriage, her fiancé had sex with another woman in the fitting room of the wedding dress shop!

Even, for the sake of her so-called dignity, she had to detach all the staff and guard the outside of the fitting room alone, in case the nastiness inside was noticed by others.

Kiki's face was ashen as she lowered her voice and pleaded lowly, "Christ, Penny is here, will you leave?"

Chapter 363

Of course Christ heard Penny's voice, he knew that after Penny saw him and Kiki together, she would definitely have to cry again, he had a headache when Penny made such a scene.

Can he let go of Kiki?

No!

When a man is having sex, when he is excited but suddenly interrupted, it is really killing him. Christ was now on the edge of an arrow and had to send it, he couldn't stop.

It was only when Penny was about to gnash her mouth that the sound inside slowly subsided.

Christ unmercifully slammed Kiki onto the floor, and after he had slightly tidied up his own clothes, he opened the door of the fitting room and headed outside.

Now Kiki, all in a mess, can't see anyone, but Christ only needs tidying up, and he is still well-dressed.

Kiki knew that she must be in a special mess if she fell to the ground like this, but the fall she received from Christ really hurt, and for a while, she couldn't really get up.

Christ was worried that Kiki's unclothed appearance would be seen by others.

As he walked out of the fitting room, he quickly took off his own suit jacket and threw it over Kiki's body, just enough to cover the skin she was showing, tightly.

"Kiki, you're to blame for today! You deserved it!"

After saying these words, Christ intended to throw the door of the fitting room open in a dashing and cold manner. But before that, Kiki smashed his suit at his face.

Christ was unprepared and was smashed squarely by Kiki. He never thought that his face would hurt so much when he was smashed by a suit.

Christ was so angry, and he was just about to have a fit, Penny's boneless hands tightened around his arm.

Penny deceived herself and generally ignored Kiki as she pressed her head into his arms, "Christ, why are you here? Do you know that I've been looking for you for a long time?"

Penny closed the door of the fitting room without a trace, the moment she closed the door, she clearly saw the obvious marks on Kiki's body. She hated it so much that her fingertips were trembling, but she still pretended that she didn't see anything and stiffly turned her face away from the eyes.

"Christ, do you think I look good in this wedding dress?" Penny let go of Christ's arm and daintily spun around in front of him.

She had now, changed into another wedding dress, this one, pink and white, subtly embellished with a few pearls, as if a fluttering pink butterfly had fallen to earth, clear and beautiful, yet graceful and elegant.

"Yes." Christ responded absentmindedly, his eyes, involuntarily, drifting towards the fitting room where Kiki was.

The clothes on Kiki's body had been ruined by him, in a moment how did this woman come out?

She was not really going to let people see her in this state, was she?

Shit!

He was furious and kicked on the iron hanger. The iron hanger was so strong and sturdy that his kick did not break the hanger, but made his own foot hurt.

With his feet hurting so much, Christ became even more cranky.

He was unable to express the rage in his heart, but Kiki, wearing a black wedding dress, had already walked out from inside the fitting room.

Nowadays, there are really quite few people wearing black wedding dresses. Many people feel that a white wedding dress is more likely to show off a woman's beauty and holiness.

Kiki actually didn't like this black wedding dress much when she first saw it.

Although this wedding dress looks exquisite and flamboyant, she still prefers a white wedding dress, like walking on the clouds, step by step towards the man she loves most.

Surprisingly, this black wedding dress looked so good on her, like a mysterious and noble black swan, walking through the crowd with her head held slightly high.

Looking at Kiki, who was dressed in a black wedding gown, Christ looked directly dumbfounded.

He had always known that Kiki was beautiful, but he had never imagined that Kiki could be so stunningly beautiful.

The hem of this black wedding dress, made of feathers, is delicate, and with every step she takes, it is as if countless birds of prey take off with her, and Kiki is the most noble and holy.

Penny stared indignantly at Kiki, who was so beautiful. She felt that she was already beautiful enough in this outfit, but she didn't expect that once Kiki appeared, her gorgeous wedding dress would instantly be dulled to nothing.

Penny gently clutched Christ's hand, "Christ, this wedding dress is so beautiful! I love it so much! Can I try on this wedding dress?"

The meaning of Penny's words was obvious, since she wanted to try this wedding dress, naturally Kiki would have to take off this wedding dress for her to try.

Chapter 364

Penny didn't know that Kiki had come over here just to shoot an advertisement, she thought Kiki might be getting married to some man and had come over alone to try on wedding dresses.

Penny didn't care who Kiki married, anyway, she felt that it was impossible for Kiki to find a good man.

She felt that Kiki's visit to this bridal shop, which is known for its luxury, to try on wedding dresses would only be an eye-opener, and she certainly could not afford to buy any of the wedding dresses in this shop.

This black wedding dress was indeed beautiful, but if it was just on display in the shop, Penny wasn't at the point where she had to have it.

But now, this wedding dress was worn on Kiki.

Ever since she was little, Penny had always liked to grab Kiki's things, whether it was men or clothes, whatever Kiki wanted, she would grab it.

This wedding dress that Kiki had taken a fancy to, Penny naturally wanted to take it over in a dignified manner.

She also wanted Kiki to see that no matter how shamelessly Kiki seduced Christ, Christ was still on her side.

Christ knew what was in Penny's mind. Penny's greediness bored him, but the moment he thought that Kiki wore her wedding dress for Quinn, he instantly wanted to help Penny along to give Kiki a hard time.

"Kiki, take off your wedding dress!" Christ ordered in a cold voice.

The manager of the bridal shop, Jemima noticed the situation over here and she rushed over to coordinate, "Mr. Birkin, may I ask if you have any orders?"

"My woman has her eye on this wedding dress!" Christ was speaking to Jemima, but his eyes kept falling on Kiki, "Kiki, take it off!"

Jemima didn't dare to offend him, but this wedding dress would be used for the advertisement, so she couldn't sell it to him now, so she could only say politely, "Mr. Birkin, why don't you take a look at another wedding dress? This wedding dress"

"My woman wants this wedding dress!" Christ coldly cut off Jemima's words, he raised his eyebrows and said to Kiki almost provocatively, "Kiki, are you trying to grab something from my woman?!"

"Since Miss Wallace likes the dress I've worn, I'll change it now and let Miss Wallace have it." Kiki did not say a word, her lips curved, turned around and took another wedding dress that she needed to try on, and headed for the fitting room.

The dress she came in was no longer wearable and she had to change into her wedding dress so that she wouldn't go naked.

Kiki said calmly, but in Penny's ears, it changed completely.

Kiki says she likes to wear clothes she has worn, is she being sarcastic that Penny likes the man she has used too?!

Penny looked at Christ with resignation, "Christ, Kiki doesn't seem to be sincere in giving me the dress, so let's forget it, I'd better go try on another wedding dress, I don't want to impose on others."

"Kiki, stand still!" Christ took forward, he grabbed Kiki's shoulder and forced Kiki to look at him.

"Take it off! Take off your wedding dress right now! Wearing a wedding dress? You are not worthy yet!"

Kiki's face was instantly as white as paper. With these words, Christ was obviously asking her to take off her wedding dress in front of everyone.

The number of onlookers was increasing, so many people were staring at her!

Jemima felt that Christ was a bit too bullying, but she didn't dare to offend Christ, so she could only smile and say, "Mr. Birkin, you are kidding, right? Kiki, go to the fitting room and change your wedding dress!"

"Take it off right here!"

Christ didn't know what was wrong with him, he just had a twisted psychological desire to make things difficult for Kiki, the better to make her so difficult that she would have no choice but to fling herself into his arms and seek his blessing, instead of nestling beside Quinn.

"Kiki, don't you like to take it off, don't you like to be bitchy?! Now, just take off your wedding dress in front of everyone and let everyone see how bitchy you are!"

"Mr. Birkin, don't you think that forcing a woman to undress in public is rude?"

Although there was not a trace of blood on her face, the smile on Kiki's lips was still flawless.

Like a heartless masquerade, all the pain, turned into sorrow, can only become a brighter smile.

Jemima smelled the gunpowder between Christ and Kiki. She actually thought that Kiki's words were quite good and wanted to give her a compliment in her heart, but due to Christ's authority, she could only continue to be a peacemaker.

"Mr. Birkin, Kiki is just a girl, so please don't give her a hard time, okay?"

Christ narrowed his eyes dangerously, "Kiki, tell me, are you being bitchy or am I making things difficult for you!"

"Take it off! I'll count to three, if you don't take it off yourself, fine, I'll have someone take it off for you!"

Kiki smiled coldly.

This time, Christ was really not going to give her a chance to live.

This man is disgusting, he hurts her to the bone over and over again and he doesn't feel guilty, he just gets worse.

But even if she were to die, she would not let Christ trample her dignity underfoot in front of so many people!

She is still proud after all, she is not a prostitute, she can't strip herself naked in front of the public!

Just now, when she found out that Christ and Kiki were having sex in the fitting room, Penny hated it so much that she wanted to destroy Kiki, but now that she saw Christ teaching Kiki a lesson in public, her heart soared with joy instantly.

She also wanted to see Kiki undress in public, preferably, to show the whole world just how wanky Kiki was!

Kiki is infamous, Kiki is worse than a prostitute, what qualifications does that kind of Kiki have to compete with her for Christ?

"One"

"Two"

Christ laughed coldly, disdainfully and mockingly, "Kiki, do you like it so much when other men help you undress? Fine, I will do as you wish!"

With that, Christ started calling for his bodyguards to come up and help Kiki undress.

Hearing Christ's cold order to his bodyguard, the last bit of light in Kiki's eyes shattered to the point where it could no longer be put back together.

She tried so hard to stand up, but with a single blow from Christ, all her efforts fell apart

But who was he to destroy all the light and joy in her life! He is not worthy!

Penny wanted Kiki to be tortured as badly as possible, but she still put on a good face and said to Kiki, "Kiki, why don't you just take off your wedding dress? You know how Christ is, do you have to go against him and make things unmanageable?"

Chapter 365

Jemima was quite afraid of Christ, but after hearing Penny's words, she still couldn't help but roll her eyes.

When Penny first entered their bridal shop, she thought Penny was an educated and famous lady, but now she seemed to be scheming!

She is saying that she is thinking of Kiki, but she is urging her to take off her clothes, can this be for the good of others?

"Christ, Penny, I'm afraid I'll have to let you down today. Today, even if you take my life, I won't take off my wedding dress in public!"

After finishing these words without being condescending, Kiki ignored Christ again as she turned around and headed downstairs.

Christ was furious, he was not willing to let Kiki go just like that, he roughly grabbed her wrist, "Kiki, you think I don't dare to take your life, don't you?"

"You killed my child, not to mention taking your life, even if you have to bury your family with you, you deserve it!"

When she was bullied by Christ just now, Kiki could still maintain an impeccable smile, but when she heard Christ mention her family, Kiki could no longer keep the smile on her face.

Her voice was hoarse, "Christ, haven't you already gotten what you wanted? My parents died in a car accident for no apparent reason, and now, only I am left in the family, so you kill me and let me bury your and Penny's child!"

The hand that was clutching Kiki was stiff. Indeed, Kiki's parents had died in a car accident six years ago, and Kiki was the only one had been left.

He used to hate Kiki for forcing him to marry her, but why, now, when he thought of the suffering Kiki had endured, he only felt pain in his heart!

In a flash, Kiki had already fiercely shook his hand away, "Christ, if you don't kill me today, sooner or later, I will make you and Penny bury with my child! I curse that you and Penny will never be happy and will be worse than dead!"

"Kiki!" When Christ saw that Kiki was still so insensitive, all the pain and pity in his heart turned into anger again.

Seeing that his bodyguards had come over, he ordered without the slightest emotion, "Take the wedding dress off her and strip it off!"

Christ wrinkled his brow as he stared grimly at Kiki as he waited for her to beg for mercy from him.

As long as she threw herself into his arms and said to him that she was willing to leave Quinn and that she was wrong, he would forgive her!

Kiki didn't beg for mercy from Christ, but those few bodyguards didn't manage to strip off Kiki either.

Before they could touch Kiki's body, Quinn's fists and feet had already landed hard on the bodyguards.

Although Quinn's skills were not as good as Christ's, it was still a piece of cake to deal with a few bodyguards.

Looking at Kiki's reddened eyes, Quinn's heart ached to the core as he carefully embraced Kiki into his arms, "Kiki, how are you?"

Quinn didn't know clearly what exactly happened in the bridal shop, but when he went upstairs, he heard the words of Christ, he heard them clearly.

Christ said, take the wedding dress off her and strip it off!

Quinn could not wait to cut Christ into pieces, how could he still have the nerve to torment Kiki like this when he had already bullied her so much!

With so many people gathered here, he had people strip off Kiki!

Quinn wanted to kill him!

Kiki's body was shaking uncontrollably, just now, she really thought that she was going to lose all her dignity today, but unexpectedly, Quinn appeared in front of her like a heavenly god.

He held her tightly in his arms.

Originally, Kiki's body was really, really cold, it was a kind of bone-chilling coldness, but after being embraced into Quinn's arms, her body suddenly wasn't so cold anymore.

It was as if, in the midst of a cold, icy cave, sunlight was reflected and the coldest, hardest places were melting.

"Quinn, thank you, I'm fine."

As soon as Kiki turned her face, she met with the undisguised sympathy in the eyes of Jemima and several bridal shop clerks.

Although Kiki's tears did not fall, Quinn could see the tears in her eyes.

At that moment, Quinn's heart hurt so much. He only wanted to hold tightly in his arms the woman he loved and cherished from the bottom of his heart, to soothe all the pain and sorrow in her heart.

Of course, he wanted, more than anything, to bury those who had bullied her to the ground!

"Quinn, let go of Kiki!"

Christ wrinkled his eyebrows, he could not care less if Quinn beat up his men, but he would not allow Quinn to hug Kiki.

Seeing that Quinn had not the slightest intention of letting go of Kiki, Christ no longer had an ounce of patience, he stepped forward and tried to snatch Kiki over.

Quinn's movements were even faster than Christ's, and before Christ's big hand landed on Kiki's wrist, he had already greeted Christ's handsome face with a fist without ceremony.

At this moment, Christ only wanted to snatch Kiki over, and did not notice Quinn's movements, and was struck by Quinn.

Christ wiped the blood from the corner of his lips, and his eyes turned bright red.

Sometimes, violence is the best channel to vent one's frustrations, and Christ had already wanted to fight Quinn fiercely for a long time.

Christ narrowed his eyes dangerously, and his fist went towards Quinn's body with quick precision and fierceness.

It's not that Kiki feels sorry for Quinn, it's because this is all because of her and she doesn't want to drag Quinn down.

Fearing that Quinn might be injured by Christ, Kiki hurriedly stepped forward and shielded Quinn tightly.

Christ did not expect that. He was so angry that he was about to vomit blood, but even if he was so angry that he vomited blood, he could not spare Kiki.

The fist, which had been swung out with such vigour, could only be withdrawn again in a limp manner.

"Kiki!" Christ was so angry that his handsome face turned out of shape, and he yelled over and over again, "Kiki, you're good! You're good!"

Christ had never been so frustrated before, how could he have met such a woman as Kiki in his life? If he didn't beat her, but he was angry with her!

Even if he had to die of anger, he wouldn't want to die in front of Kiki!

Christ turned around with a grim face and went on his way furiously.

When Penny saw that Christ had gone, she hurriedly chased after him. Before they could go downstairs, Penny heard Quinn's cold voice, "Penny, stop! Take off the clothes you're wearing, take them off!"

Chapter 366

Penny turned her face rather confused as she looked at Quinn in disbelief, how could she not dare to think that in front of Christ, Quinn would dare to ask her to undress.

Was this, like, open molestation?

She subconsciously gathered the wedding dress she was wearing, "What do you mean by that?!"

Penny looked around the room and saw the wedding shop staff staring at her, she felt embarrassed and her voice rose, "Quinn, show some respect! This is a public place, who are you to make me take off my clothes?"

Penny held onto Christ's arm, "Christ, Quinn is such a bully, he even asked me to take off my clothes."

"Christ, you're still here, and he's bullying me! I know he's doing this to help Kiki out, but they can't bully your fiancée! We are one now, if I take off my clothes, what will everyone think of you?!"

"Quinn, don't go too far!" Christ certainly wouldn't let Quinn bully Penny in front of him, and he shouted sternly.

Quinn put on a dashing and unrestrained smile, he gave Penny a contemptuous glance, full of ill will.

"I let Penny undress and I go too far, just now you guys forced Kiki to undress in public, you think you don't go far?!"

"Penny, didn't you just say who am I to let you take off your clothes? On the basis that Kiki is the woman I want to protect for the rest of my life! Anyone who bullies Kiki is an enemy of me, and if you upset me, who am I to let you wear my shop's clothes?!"

"Penny, take it off! Take off the wedding dress on your body! This wedding dress, I won't sell it to you!"

Penny was shocked, she had always loved Rose's wedding dresses, how could she have never imagined that Rose's big boss behind it was Quinn!

Quinn won't sell her wedding dress to her

Rose's wedding dress was a status symbol, everyone was proud to wear Rose's wedding dress for their wedding, she had already bragged to many of her girlfriends that she and Christ got married and chose Rose's private custom-made wedding dress, which was worth a fortune, now, Quinn wouldn't let her buy Rose's wedding dress!

She thought very well, choose Lawrence master design wedding dress, and on wedding day, wear a new designer design wedding dress. With so many sets of Rose's wedding dress change, she would have many women envious of her!

No! She absolutely had to wear Rose's wedding dress!

"Quinn, the two wedding dresses I tried on before were specially tailored for me by Master Lawrence, I have paid the deposit, you have to sell me the wedding dress, you"

"Penny, I don't care about the deposit you paid! I'll return the deposit to you tenfold, now, take off your wedding dress!"

Seeing Penny standing in place with a stunned look on her face, Quinn smiled wickedly and the words he said were even more infuriating, "What, you don't want to take it off yourself and want me to get someone else to do it for you?"

"I could have helped you take it off, but I'm a clean person and you're covered in smelly oil and I'm afraid I'd get my hands dirty!"

After a pause, Quinn seemed to have come up with some excellent idea as he said in a pretend light-hearted manner, "How about this, I'll have the security guards come up and help you take it off! Well,

although they also dislike you, I can give them compensation! I'll give them half a day off, so they can take a good shower!"

"Quinn!" Penny was so angry that she was panting hard, she cared about her image in front of Christ, and she could not stand what Quinn said in front of Christ!

"Quinn, don't go too far! I'll put my words here today, I want all these wedding dresses! If you have to be unreasonable, you are making an enemy of our Birkin Family!"

Quinn laughed out in a low and disdainful voice, "Your Birkin Family? I'd like to ask when did this Birkin Family become yours!"

Quinn's words instantly choked Penny speechless.

Indeed, it was not her family.

Even Christ's parents disliked her so much, were it not for Christ's insistence on marrying her, she would never have been able to enter the Birkin family in her next life.

It was clear that everyone knew that Kiki had killed her child, but she couldn't understand why Christ's parents were still partial to Kiki! Even now, they were still thinking of Kiki's good deeds, hoping for a reunion between Christ and Kiki.

Heh! What makes Kiki, such a lousy bitch, so desirable to Christ's parents?

With this thought, Penny was even more upset.

Penny could only seek help from Christ, "Christ, I'm so scared, Quinn won't really force me to take off my clothes in public, right?"

"Christ, if I was really forced to take off my clothes in public, I couldn't live!"

The fact that Penny is looking for death really annoys Christ from the bottom of his heart.

He really wanted to say to her, "If you can't live, go die."

But when he said that, Kiki must have been very pleased.

He doesn't want Kiki to be so pleased!

Christ cast a cold glance at Quinn, "Quinn, stop when appropriate!"

"I'm sorry, but in my dictionary, I don't have the words "stop when appropriate"! Quinn's eyes slowly fell on Penny's face, "I only know that if someone bullies my woman, I will return it a thousand times over! Penny, take off!"

Jemima and the others didn't say anything, but it was obvious in their eyes that they were waiting to see Penny make a fool of herself.

After all, people love it when they make a fool of themselves!

Penny glared at Quinn with hatred and forgot to even change out of her wedding dress before rushing downstairs as if to escape.

Seeing Penny fleeing in such a mess, Quinn didn't bother to chase after her. The dress was covered in Penny's smelly oil, he didn't want to chase her back.

He slowly walked up to Christ, "Christ, this wedding dress hasn't even been paid for yet, and Penny ran away with it on, this needs to be compensated! For the sake of our brotherhood, I'll be generous and you will only need to pay ten times the price of the wedding dress."

Ten times the compensation, this was straightforward robbery on Quinn's part.

Christ is a businessman, only he can rob others, how can he be robbed!

But now Kiki was still here, and he hated to lose dignity in front of Kiki. He gave Quinn a gloomy look and threw a card without a password directly in front of him and Kiki.

Christ had wanted to leave in style after throwing away his bank card, but Quinn and Kiki were an eyesore.

His psyche was dark and twisted, and finally, evil came from his heart as he sneered and said, "Kiki, for the extra money in this card, take it as the money for your prostitute just now!"

Chapter 367

Christ was nasty!

Kiki's body trembled violently, she almost couldn't stand up, but her heart was obviously so hard, her pale face was actually tinged with a smile again.

Only this time her smile was different from her usual one that was either mocking or careless, her lips, filled with nothing but pallor.

Kiki looked around mechanically, and Christ, in front of so many people, revealed everything that happened in the fitting room without mercy, he really did not let her live!

Quinn hadn't expected Christ to suddenly say such a phrase either, and seeing the faint redness on Kiki's shoulder, he instantly understood.

When his beloved girl had an affair with another man, it would be a lie to say that Quinn's heart was not at all uncomfortable.

But more than that, he was still heartbroken for Kiki.

The closer he gets to Kiki, the more Quinn understands Kiki. How could the proud Kiki be willing to give herself again to Christ, who has left her bruised and battered?

There was only one possibility, and that was that Christ had raped her!

"Christ, you bastard!"

Quinn really wanted to punch Christ's cold face, but now Kiki was like a glazed doll that could be crushed at the drop of a hat, and the bigger this matter became, the more desolate Kiki's heart became.

He, on the other hand, wanted to see Kiki laugh from his heart.

So he had to pretend that he hadn't heard anything.

The reason why Christ said such twisted words was that he wanted to see Quinn's undisguised dislike for Kiki, Kiki would find out that Quinn was not true to her, and she might still see the good in him.

Christ was disappointed.

Quinn looked at Kiki's eyes, there was no disgust, no contempt, only heartfelt affection.

Christ found that seeing the undisguised deep love for Kiki in Quinn's eyes, his heart was flustered like never before.

It was as if, what little he had struggled to hold onto in his hands had been snatched away by Quinn.

How could Quinn not be disgusted with Kiki! Kiki was a slut!

Were Quinn's eyes blind?

No longer wanting to see Quinn play the lover in front of Kiki, Christ ran away for the first time.

"Quinn, thank you." Kiki said to Quinn from the bottom of her heart.

No matter how much embarrassment Christ had given her, she was grateful for what Quinn had done for her.

She knew that he and Christ were good friends, but just now, he had offended Christ by teaching Penny a lesson for her sake.

She also thanked Quinn for giving her a chance to endorse Rose. She was really surprised when she just found out that Quinn was the big boss behind Rose.

But she couldn't possibly take this endorsement, for she didn't want to owe Quinn too much, and she didn't know how to face the shop assistants.

"Kiki, there's no need to always thank me. Have you forgotten, at the supermarket, we said that we are friends? Between friends, there is no need to be so polite."

"Quinn, thank you for the endorsement, but I can't take it." Kiki wanted to change the wedding dress on her body, but just now she had sent a message to Freya to send her clothes over, and Freya had not come over yet, so she could not take off the wedding dress on her body yet.

"Why?" Quinn nervously clutched Kiki's hand, "Kiki, are you not doing this endorsement because I'm Rose's boss? I chose you to endorse Rose, not because of favouritism, I really feel that your temperament, your voice, can take Rose to a new level."

"It is the highest international wedding dress brand, do you need any new heights? Quinn, I'm grateful for your help, but I don't want to owe you too much." With that, Kiki broke Quinn's hand away.

Quinn stubbornly ran to Kiki, "Kiki, don't misunderstand, I'm asking you to endorse, it is because you're really suitable for Rose."

"Quinn, I know, I just can't accept your kind offer."

When she met the undisguised worry and heartache in Quinn's eyes, Kiki's heart trembled softly.

In fact, when Christ said those words just now, she also thought that Quinn would despise her, but to her surprise, Quinn did not despise her for it.

She also thanked Quinn for not belittling her.

"Kiki, I"

Quinn was just about to say something else, but Freya came anxiously with a shopping bag, "Kiki, I just saw Christ! How are you? Have you been bullied by him"

Thinking about what the shopping bag in her hand contained, Freya's voice came to an abrupt halt.

Kiki had asked her to come over to deliver her clothes, and how could her clothes somehow be ruined when she was going out properly!

It was Christ who tore Kiki's clothes and forcibly

Freya was so angry that she gritted her teeth, "That bastard Christ! I should have broken his third leg down there just now!"

"I'm fine." Kiki was afraid that Freya would worry about her, but in turn, she comforted Freya first.

"I'm going to the fitting room to change my clothes." After saying this, Kiki took the shopping bag and quickly walked in the direction of the fitting room.

Jemima and the bridal shop clerks looked at Kiki with some subtlety, a woman who was entangled with Mr. Birkin, yet Quinn loved her to death.

What can they, the onlookers, say?

Having been turned away by Kiki time and again, Quinn has doubts about his own masculinity.

However, Quinn is a person who is always braver the more frustrated he is. Kiki's rejection will not deter him, he will only rise to the occasion.

Quinn felt that there was always a limit to one person's wisdom, and he felt that he could seek wisdom assistance from his group of close friends.

Quinn first sent a message to Kieran. After all, Kieran was the one with the most harmonious love life among their group of good friend, and he must have a lot of experience to talk about.

"Fitz, what method did you use to make Freya fall in love with you?"

Almost immediately, Kieran replied arrogantly, "What other methods are needed for such a simple matter? Freya and I are a natural pair."

Quinn wanted to seek experience, how come he was somehow got a blow?

When Kieran replied to Quinn, Bradley was standing next to him, it really wasn't that Bradley wanted to peek, he accidentally saw it.

Bradley silently rolled his eyes. He was the one who wrote a “Secret Book of Wife Chasing” in the middle of night.

Chapter 368

After thinking about it, Quinn sent another message to Fabian, the most active thinker, “Pryce, how can you make a woman fall in love with you?”

“That is easy! Oh! Push her, conquer her, make her tremble in your masculinity!”

Quinn frowned, thinking this single man was so damned unreliable!

As Quinn was just about to tell Fabian to get lost, he received another message from Fabian, “If you can’t get the gist of the moves, I can send you a copy of my collection of sexplorers!”

“Get lost!” Quinn could not stand it anymore and decisively told Fabian to get lost.

Quinn felt that, compared to Fabian, it was more reliable to go to Stephen.

He sent a message to Stephen, who replied quickly, only with words full of sorrow.

“If I had a way to make women fall in love with me, I would have snatched my Freya long ago.”

The corners of Quinn’s lips twitched as he continued to send it to Diego, who was the slowest one to reply, “What made you want to fall in love with a woman?”

Quinn looked at the phone screen in a daze, he seemed to have discovered some great secret, could it be that Diego liked men?

Quinn felt that it was not necessary to ask Bradley for advice, because he was single, but he had been with Kieran, so he might have learned how to chase women.

So, Quinn still secretly sent this message to Bradley.

Bradley’s reply was well organized, “First, identify the target, second, formulate a plan. For the specific battle plan, you can refer to the ‘Secret Book of Wife Chasing’ I compiled for Boss.”

Fitz’s charm isn’t that great, he’s chasing after Freya with this “Secret Book of Wife Chasing”! He seems to have learned something else!

When Kieran saw that Bradley kept laughing strangely, he couldn’t help but glance at Bradley’s face. Bradley hurriedly pressed the screen of his mobile phone, but Kieran still saw the words “Secret Book of Wife Chasing”.

Kieran’s handsome face was instantly black. It was true that his pursuit of Freya was difficult, but what was wrong with him bragging about it? What’s the point of exposing him like this?

Kieran elegantly picked up his proposal ring for the evening, well, seeing as it was a good day, he wouldn’t bother with this lonely single Bradley!

On New Year’s Day, all homes were lit up and happy.

According to the 109th principle of “The Secret of Wife Chasing” provided by Bradley, Quinn has done a great job.

He bought the flat opposite Freya and Kiki, moving in the same day.

At the wedding shop, Quinn’s appearance did help Kiki a lot, and now that they had become neighbours. Since Quinn asked her to visit, so of course she could not refuse.

But Kiki didn’t want to spend time alone with Quinn, so she decisively dragged Freya over.

Quinn said he would cook a meal himself tonight to thank them for coming over.

When she thought of Quinn’s cooking skills, every cell in Kiki’s body was filled with resistance, especially since she had dragged Freya along tonight, she could not bear to see Freya’s stomach being poisoned, so she decided to cook for them.

Quinn was conflicted in his heart, he couldn’t let Kiki’s warm and soft hands get covered in grease, but he also felt that it was too warm for Kiki to cook for him.

It was so warm that he couldn’t control his giggles.

Quinn was especially happy to see Kiki tying on his newly bought apron.

The feeling is like a virtuous wife cooking a good meal for her beloved husband, with the inexhaustible love in every dish.

The matter of Quinn moving from a large villa of several thousand square feet to a small flat was also known to Fabian, who was particularly keen to see how the gentry Quinn abused himself in the small flat and came over too.

When Fabian, Bradley, Stephen and Diego came over, Quinn was all very happy, except that did not expect that Christ would have brought Penny along with him.

Christ and Quinn had recently been at loggerheads, but with several close friends present, the two of them did not flare up in front of everyone.

As soon as he entered Quinn’s small flat, his eyes were glued to Kiki, who was busy in the kitchen. No matter how much Penny snuggled up to him, he could not withdraw his eyes from Kiki.

Looking at Kiki, who was carefully chopping vegetables on the kitchen counter, Christ could not help but remember that during the time when they were first married, he went home earlier in the evening and she was busy in the kitchen like this every night.

Later, he came home later and later, and the exquisite meals on the table were never broken, the same way she did when he was out of sight, in the kitchen carefully cooking a good meal for him.

Kiki, who had loved him so carefully and humbly, waiting for him to give her some response, had now washed her hands and made soup for another man?

Christ closed his eyes hard and when he opened them again, it was as if he saw the Kiki of six years ago.

Six years ago, Kiki's face was not like now, always with a fake smile that made him want to tear it apart; she looked at him with devout love and joy on her face.

She could rejoice for days when he looked at her one more time.

So many times, even if he had eaten out in the evenings, and she still cooked four dishes and one soup every night, each one was his favourite meal.

Unfortunately, the warmth he once discarded was too short-lived, and it wasn't until it was lost that he realised how precious the person waiting under the eaves was.

Christ's eyes were red. He had forgotten how many times in the past six years that he used to look at the table in the living room every night when he returned home.

But even in his dreams, he could not see the table, with meal full of love.

The chef at Villa is much better than Kiki's cooking skills, but even a great chef cannot make the taste of home that once made him almost unable to hold on to his promise to Penny.

Christ's hand trembled. Once, he had a home, but he had shattered it with his own hands!

Originally, the atmosphere in Quinn's living room was still harmonious, and after Christ and Penny came over, all that was left was awkwardness.

The atmosphere in the living room became more awkward when Kiki came out of the kitchen.

Penny looked at Kiki and Quinn with a smile on her face, "Kiki, I didn't expect you and Quinn to be a couple. Christ and I are getting married and we still need bridesmaid and groomsman, so why don't you and Quinn be our bridesmaid and groomsman?"

Chapter 369

After Penny said this, the faces of the people inside the living room looked more or less pale.

The intricate relationship between Kiki, Christ and Penny is well known to everyone, so to have Christ's ex-wife as their bridesmaid, they thought Penny was brain dead?

Tonight, Freya didn't want to make things difficult for Kiki, she had intended to ignore Christ and Penny, but this Penny was desperately trying to find a presence!

When Penny provoked Kiki like that, Freya really couldn't stand it!

At that moment, Freya put down the chopsticks in her hand, and she planned to teach Penny a lesson!

Before Freya could say anything, Quinn had already laughed sarcastically, his dark blue eyes falling on Penny's face with disgust, "Penny, do you have any problem with your brain?"

"When other women get married, they find a bridesmaid who is uglier than they are, but when you get married, you have to find one who is hundreds of times better looking than you to be your bridesmaid, are you out of your mind?"

Fabian couldn't hold it in and couldn't control his burst of laughter. He didn't like Penny either, but usually for the sake of Christ, he didn't bother to pay attention to Penny, but now that Penny had provoked Freya's best friend, of course he was going to stand firmly on Kiki's side.

What's more, he felt from the bottom of his heart that Quinn had quite a point in saying this.

Fabian's eyes, slowly sweeping past Kiki's face, then fell back on Penny's face.

He nodded as if drawing a conclusion, "Well, this is the first time that Quinn has spoken so sensibly! A woman with self-awareness would not get married with a bridesmaid who is better-looking than her! Miss Wallace, your intelligence needs to be improved!"

Fabian got a walnut out of nowhere, he rather thoughtfully handed it to Penny, "Miss Wallace, eat more walnuts in the future to nourish your brain!"

Fabian's sequence of actions was so fluid that Freya almost burst out laughing when he looked at Penny's reddened face.

Even Kiki, whose face seemed to always have a mask on it, couldn't help but hook the corners of her lips.

Penny was so angry that her body trembled, but since Christ was still here, she couldn't have a shrewish fit.

What's more, whether it's Quinn or Fabian, they are both people in the circle who are not to be messed with, so she can only eat her words in a dumb way.

Christ did not say anything immediately, he was as bewitched as a devil, after listening to Quinn's words, he actually could not help but gaze at Kiki and Penny for a moment.

Moreover, he concluded that in terms of the figure and temperament or the face, Kiki was better looking than Penny.

After coming to the conclusion, Christ couldn't help but look at Kiki a few more times, and with this look, he felt that Kiki looked even better.

This charming face, obviously so reticent, still managed to be stunning.

Ugh!

Even the scars on her wrists were proud.

She was indeed beautiful.

"Christ"

It was only when Penny's aggrieved voice rang out in Christ's ears that Christ snapped out of his obsession with his ex-wife.

But Christ's aim has always been that no matter how annoyed he is with Penny, upsetting Kiki is the most important thing.

Christ raised his thin, glanced coldly at Fabian, "Pryce, stop that!"

Fabian actually wanted to play more, but thinking that his force value was too different from that of Christ, he put the walnuts in front of Penny and then began to maintain an inexplicable smile without saying anything.

Quinn bought a bounty of ingredients for the afternoon and Kiki cooked a table full of good food.

In fact, Freya started to cook a few dishes, but the gap between Freya's and Kiki's cooking skills was so great that it was eventually left to Kiki to cook.

The dishes that Kiki cooked were the most homely and ordinary meals, but looking at the meals on the table, Christ couldn't control his red eyes again.

These are his favourite dishes. After Kiki inquired about his taste from his mother, she tried to cook delicious food to please him, but he never had half a word of praise for Kiki's elaborate meals, and he only had cold dislike for her.

The taste of the fish was very light, and when Christ picked up a piece of the fish, the tender and light taste almost brought tears to his eyes.

He hated to eat anything too salty, so Kiki would always deliberately make her meals lighter. After all these years, she would still maintain the habit of cooking with less salt.

What, exactly, has he lost!

Christ felt that he would definitely go crazy if he continued to eat the fish, and he hastily picked up a piece of sweet and sour pork from the plate next to him.

These sweet and sour pork ribs taste sweeter than those made by restaurants outside, and by the chef at home.

Yes, Christ has a sweet tooth.

Kiki found out that he likes to eat sweet, and when she made sweet and sour pork, she would always put a lot more sugar in it.

So, six years ago, although Christ hated Kiki, he also loved her cooking.

How could a woman like Kiki, who had been pampered by her parents since she was born, be able to cook?

It's just a matter of loving him too much and being humble enough to please him!

He came home early one evening and saw Kiki killing a fish inside the kitchen.

She was obviously terrified of the fish, her eyes closed and a thin layer of sweat oozing from the tip of her nose before she mustered the courage to slash down.

When frying the fish, the back of her hand was even splashed by the boiling oil and got a large blister, she deliberately hid her hand, but in fact, he saw it.

He just didn't want to care about Kiki, so he could only pretend not to see it, not to care about how good she was.

But now, all of Kiki's goodness was going to Quinn.

How could she give all her goodness to Quinn! Then what should he do!

The first time he bit into the sweet and sour pork, the sweet taste really made every pore of Christ's body become heat, but after biting into it again, it was bitter from the bottom of his heart.

Was it that he would have to take advantage of Quinn if he wanted to eat Kiki's cooking in the future?

Stephen was also very satisfied with Kiki's cooking skills, and he happily took another piece of sweet and sour pork, "I didn't expect that sweet and sour pork would be so delicious with more sugar! Quinn, it is said that to capture a man's heart, you must first capture his stomach, you like Kiki so much, is it because Kiki has captured your stomach?"

Chapter 370

To capture a man's heart, first capture his stomach

Christ's hand stopped in the mid-air. Back then, when Kiki cooked for him, did she also want to capture his stomach and then his heart?

Kiki, I want you to capture my heart, can you, again, come and capture my stomach like before?

Seeing Stephen eat several more pieces of sweet and sour pork, Christ's eyes were so red that he almost ate Stephen.

That was the sweet and sour pork that Kiki made for him, that was his sweet and sour pork, who was Stephen to eat his sweet and sour pork!

Christ felt mad that he wanted to snatch that plate of sweet and sour pork from Stephen to prevent him from continuing to eat it.

Quinn smiled and spoke leisurely, "Stephen, I loved Kiki when I was a teenager, my heart has long been full with Kiki. She has no need to grab my stomach, I can't run away from her!"

"Instead, I've been making loving meals for Kiki every day lately, trying to catch her stomach."

"Quinn, that's all you've got!" Stephen gave Quinn a disgusted look, but still asked Quinn for a teacher, "Quinn, why don't you also teach me how to make love meals, I also want to catch my Fairy Freya's stomach"

Before Stephen could finish his sentence, Fabian, who was sitting next to him, had already stepped on his foot fiercely.

"Stephen, Freya is Fitz's wife, don't take advantage of Fitz's absence to steal her! Believe it or not, I'll tell Fitz and have Fitz beat you up!"

"Pryce, we're all friends, can you not be so obvious in your favoritism towards Fitz? What's wrong with me pursuing my fairy Freya in an open manner? What's wrong with Fitz and Fairy Freya getting married and having children? Can't I be a male mistress?"

Freya almost choked to death on her saliva!

“Stephen, that’s enough!” Fabian saw that Stephen’s words were getting more and more outrageous, so he couldn’t help but open his mouth and say.

Bradley was also determined to defend his boss’s position, and he also spoke up quite righteously, “Even if you want to be a mistress, you have to have the opportunity to take advantage of it! Boss and Miss Freya are so close, do you think you have a chance?”

“Who said I didn’t have a chance!” Stephen said excitedly, “Fitz didn’t even come over to keep Fairy Freya company, I saw it just now, Fairy Freya called Fitz and he didn’t answer, who knows which goblin had seduced Fitz!”

Hearing this from Stephen, Fabian and Bradley, who knew the inside story, didn’t bother to talk to him.

There’s no such thing as a goblin! This is Kieran’s big move! When he makes his big move, all goblins will have to stand aside!

Quinn ate Kiki’s food for the first time, he was happy and kept helping Kiki with food, “Kiki, you’re too slim, eat more!”

Kiki looked at the food piled up in front of her, helpless to the extreme. Was Quinn feeding the pigs?

Despite this thought, Kiki nodded politely at Quinn.

Seeing that, Christ could not eat. He was so angry that he wanted to smash the table so that Quinn would not continue to court Kiki’s attentions.

“Christ, these sweet and sour pork is indeed quite delicious

Before Penny could finish her sentence, Christ pushed several pieces of sweet and sour pork onto the plate in front of her, “Eat more if it’s good!”

After giving Penny several pieces of sweet and sour pork, Christ regretted it. This was the sweet and sour pork that Kiki had made for him, why would he give it to Penny?

Christ clutched his chopsticks, he really wanted to snatch these sweet and sour pork from Penny’s plate, but he was a noble and cool domineering CEO, how could he do such a childish thing!

He could only quickly picked up the few pieces of sweet and sour pork left on the plate on the table into his bowl, even if he didn’t eat them, he didn’t want other men to eat the sweet and sour pork Kiki made for him.

“Hey hey! Christ, don’t go too far!” Stephen, who loved Kiki’s sweet and sour pork, was so angry that he almost jumped when he saw that the plates on the dining table were empty inside.

“Christ, shame on you! Why did you take away all the sweet and sour pork! Can’t you at least save a piece for me!”

Christ raised his eyebrows coldly, of course he wouldn’t say this is the sweet and sour pork that Kiki made for me, I forbid you to eat it.

He spoke coldly, “Penny likes sweet and sour pork.”

What he meant by this was obviously that he had chucked in so many sweet and sour pork ribs, all for Penny.

Penny didn't expect Christ to suddenly be so considerate towards her, she was so happy that she smiled, "Christ, thank you, I love the sweet and sour pork you plucked for me!"

Christ silently corrected Penny in his mind, he didn't want to give Penny sweet and sour pork! All the sweet and sour pork was his! Even the ones on Penny's plate were his!

Penny felt that since Christ was so sweet to her, of course she had to be nice too, she took a piece of fish and sent it towards Christ's mouth, "Christ, try it, this fish is also good."

Christ subconsciously frowned. These chopsticks had been used by Penny and were still covered with Penny's saliva, who would want to eat Penny's saliva!

When she saw Penny and Christ tonight, Kiki decided to treat them like air, but she, but she was still not calm and collected enough.

Christ and Penny show their love for each other in public, helping each other with food and it hurt Kiki's heart.

Kiki opened her mouth, still with a feeling of breathlessness. Fortunately, her mobile phone rang in time for her to leave with it openly, to answer the phone outside and get some air in the process.

It was from Catherine, who expressed her gratitude to Kiki. The song "One Thought", which Kiki had recorded for her TV series, had just been posted on the Internet and had reached number one on the Gold Songs Chart. Over a night, Kiki became heat, as well as the TV show she directed.

Kiki did not expect the response to 'One Thought' to be so good. After hanging up the phone, she was just about to go back and share her joy with Freya, but when she turned around, she met the gloomy eyes of Christ.

"Kiki, who told you to cook for Quinn! You're really doing everything to please Quinn! Kiki, why are you so"

"Christ, you want to say I'm a bitch, don't you?" Before Christ could finish his sentence, Kiki interrupted him, "At least I don't pester the person who hates me!"

"Kiki!" Christ's eyes were scarlet, he didn't know what was wrong with him, he originally wanted to talk to Kiki properly, but in front of her, he always was easy to be angry.

"Kiki, you've just been fucked by me and you're already busy pleasing Quinn, you're so fucking dirty!" Christ fiercely pressed Kiki against the wall, "Do you think that if Quinn were to see with his own eyes that you were so dirty under me, would he throw you away like trash?!"
