Chapter 371

Kiki's heart trembled, and her body sifted and trembled as she thought of what had happened in the wedding shop during the day.

She was already unable to hold her head up in the bridal shop, and now, if Christ raped her here, and was viewed by the people inside the living room together, she would be even worse than dead!

Kiki regretted it so much. She should have answered the phone outside Quinn's flat, at least there, even if Christ wanted to bully her, she could have shouted for help, and Freya and Quinn could have rushed out to help her pull Christ away.

But now, she was inside the building.

The door of the building had been closed by Christ, plus the building was a bit far from Quinn's flat, so even if she shouted for help, she was afraid that Freya and the others would not be able to hear her.

Her mobile phone, on the other hand, had already been snatched away by Christ.

Kiki's body was terribly stiff, but at the corners of her lip still wore an impeccable smile.

"Christ, you really think you're a breeder, you can't control yourself anytime, anywhere! Do you think if Penny saw us doing it here, she'd be so angry that she'd jump straight down from upstairs?!"

Kiki smiled more and more charmingly, "Christ, what exactly do you think you're pestering me for? Is it just to prove once and for all that you are no match for Quinn?"

"Christ, in the future, it's better for you to stop pestering me, I'll tell you the truth, no matter what aspect you're in, you can't compete with Quinn!"

"Kiki!"

Christ pressed Kiki's shoulder roughly, his force so strong that it almost crushed Kiki's shoulder.

He was now so angry that he no longer knew what to say to Kiki, how dare she say that nothing about him was better than Quinn?

"What, you're angry with me for telling the truth, Mr. Birkin?"

Kiki's shoulder hurt so badly that the smile at the corner of her lips couldn't help but stiffen a little, "But Mr. Birkin, you give me the feeling that this is how it is! Are you going to force me to lie?!"

"Kiki!" Christ once again bellowed out violently.

Where is he inferior to Quinn!

Kiki is simply blind!

"What, annoyed?"

"Heh! Mr. Birkin, what else can you do but get angry? You shouldn't appear in front of me in the future! Get out!"

“Kiki, how dare you tell me to get lost?!”

Christ gritted his teeth and roared, “Do you believe I will kill you!”

With that, he wanted to break her neck.

But the moment his hand actually fell on her neck, he found that he couldn't bring himself to kill her.

He could only lean down grumpily to kiss her.

But as his lips had only just touched hers, Kiki jerked her face aside, unable to control her dry heaves.

Christ was so angry that the veins on his forehead bulged out!

Not only does she think he's no match for Quinn, she's sickened and vomited by him again!

But even if she thinks he's disgusting, he'll prove to her that he's a hundred times better than Quinn!

Christ was desperately trying to prove his true strength so that this woman would not belittle him in the future, when his mobile phone rang.

Christ's face was pale, he really wanted to know who was desperate enough to call him at this time.

Seeing that it was his special assistant calling, Christ coldly picked up the phone, his voice gloomy.

“What is it?!”

“Get lost!”

The senior assistant on the other end of the phone couldn't help but shake his body. Why did it feel like a volcano had erupted?

He was quite afraid that Christ would get angry, but the matter he had to report today was really urgent, so he still spoke with a stiff upper lip, “Boss, I found out the mastermind behind having someone do something to Miss Hartsell at the prison in the past five years!”

Christ glanced at Kiki, and just where his eyes reached was Kiki's broken little finger.

“Who was it?!”

“It's Miss Wallace!”

“What?!”

“Boss, the person who ordered someone to do something to Miss Hartsell is Miss Wallace!” The special assistant mustered up the courage to continue, “Boss, in fact, a few days ago I already found out that the person who ordered someone to hurt Miss Hartsell was Miss Wallace, but because of Miss Wallace's special status, I didn't dare to draw a conclusion easily, so I looked for some further evidence.”

“Boss, it's now established beyond doubt that the person who ordered someone to do something to Miss Hartsell in the prison is Miss Wallace!”

“It was also Miss Wallace who had the baby in Miss Hartsell's stomach killed in the name of you, and Miss Wallace also had Miss Hartsell's little thumb chopped off!”

Christ is ruthless and unpredictable, so working for him as a special assistant is really something scary.

However, when he thought that Kiki had once helped him, Christ's special assistant Dave risked being abused to death by Christ and still expressed his discontent to Christ.

"Boss, not to mention that Miss Hartsell's so-called killing of Miss Wallace's child was only Miss Wallace's side of the story, even if Miss Hartsell did kill Miss Wallace's child, what Miss Wallace did to Miss Hartsell was still too much!"

"Boss, Miss Hartsell doesn't owe you and Miss Wallace anything anymore, she has already paid back what she owes you and Miss Wallace twice over with the lives of her children and with her five years of living in prison worse than dead!"

Christ's face was horribly pale, his most reliable special assistant was speaking for Kiki?

Dave's voice continued, "Boss, it's you and Miss Wallace who have wronged Miss Hartsell, Miss Hartsell has never wronged you guys!"

"That's enough!"

Christ couldn't listen to any more of this, and he hung up the phone with a bellow.

Even after he hung up Dave's phone, Dave's voice still echoed in his mind like a magic spell.

Miss Hartselle has never wronged you guys.

It was Penny who ordered Kiki to be tortured in prison!

The tragic death of Kiki's child, Kiki's broken little finger, Kiki's bruises all over her body are all the work of Penny!

How could it be Penny?!

Chapter 372

Christ's other hand, which was ravaging Kiki's body, slid down in a disheveled manner, he didn't know exactly what expression he was wearing now, he just moved away from Kiki's body a little bit, fleeing away.

Once, he thought Penny was too simple and kind to lie, let alone harm anyone.

Yes, the girl who saved him from the fire despite her life was supposed to be the kindest girl in the world, how could she possibly harm anyone!

But then, one thing after another told him that Penny could lie and Penny could harm people.

Even more, she killed people.

She had someone brutally kill the child inside Kiki's belly, isn't that murder?

Christ couldn't help but think, since Penny could lie and harm people, six years ago, when she said she was pushed down the stairs by Kiki, resulting in the tragic death of the child in her womb, was Penny lying too?

No!

Kiki must have killed Penny's baby!

If Kiki hadn't killed Penny's child, what he had done to Kiki was really worse than a beast!

He was so proud and wise, he wouldn't make such a stupid mistake, yes, he didn't do anything wrong, Kiki had killed his child, he couldn't do wrong by torturing Kiki!

The door to the staircase was violently opened from the outside, Freya and Quinn rushed over anxiously. Seeing Kiki's clothes in disarray, Freya clutched her hand nervously, "Kiki, that bastard Christ bullied you again, didn't he?"

"No."

Kiki didn't want to worry Freya, she smiled, "Freya, I'm fine, that psycho Christ has been pissed off by me. I don't think he will appear in front of me again."

Indeed, in such a short period of time, it was impossible for Christ to really do anything to Kiki, and only when he was sure that Kiki was not injured did Freya's heart in peace.

Quinn looked deeply at Kiki, he knew that Kiki was not injured on her body this time, but what about her heart?

He regretted it, having regard for what brotherhood!

When Christ and Penny came over this evening, he should have thrown those two annoying guys out!

After Christ left, Penny was completely unable to stand alone in Quinn's flat, and she grabbed her bag and left without even saying a word of farewell.

Fabian looked at Penny's back and couldn't help but raise his eyebrows, "Christ is really blind. Why did he have to marry Penny?"

"Maybe Christ has a heavier taste." Stephen added.

Diego, who had not spoken, looked at Penny's disappearing figure outside the door and finally opened his mouth.

"It's better to find a man than a woman like this!"

Fabian and the others didn't think much about what Diego said, but Quinn, who felt he knew some great secret from Diego's reply to him during the day, couldn't help but shudder.

Was it true that Diego like men?

Seeing Diego eyes fall on him, Quinn hurriedly looked away, Diego insight was terrifyingly strong, and he deliberately said to Quinn, "Quinn, you want to find a man?"

Quinn shook his head vigorously, he was afraid that Kiki would misunderstand, he hurriedly explained, "My taste is not that heavy, I still like women."

Quinn, who liked women, looked at Kiki, he was filled with joy. He rubbed himself next to Kiki and Stephen's startled cry rang out in the air.

"Shit! It's raining red from the sky!"

Red Rain?

Rain is not unusual; red rain from the sky is a bit of a rarity.

Hearing Stephen's words, all the people inside the living room looked out of the window in unison.

But the bright red rose petals, like raindrops, rustled down from mid-air and in the blink of an eye, a thick layer of rose petals had fallen on the ground outside.

She had heard of red rain falling from the sky, but it was the first time she had seen it raining roses in the middle of the night.

Fabian realized something, he hurriedly ran to the window and opened it. Once this window was opened, the roses could be seen a little more truly, and faintly, the sound of what seemed to be a helicopter hovering on the roof could be heard.

"Is this artificial rainfall?" Originally Kiki was still in a depressed mood, and seeing this rose and rain, her mood couldn't help but cheer up a lot.

"How amazing! Now artificial rainfall is raining rose petals!"

"Yeah, it's really quite amazing." Freya couldn't help but echo the sentiment.

As soon as Freya's words left her mouth, she saw that the window, which had been dark and silent, was instantly lit up with lights.

Countless lanterns of different colours rose outside the window, and as Freya ran to the window, she was able to see clearly that on this lantern, there were also a few big words written on it.

Freya didn't think much of it at first, but these few big words were so clear that it was hard for her to ignore them.

Amidst the bright lights and starry sky, Freya clearly saw thousands of lanterns with the words, Freya, I love you.

Freya's eyes widened abruptly, was this, Mr. Fitzgerald confessing his love to her?

Everything around gradually became less clear, as if there are only five words left.

Freya, I love you.

Kiki also saw the words on the lantern, a lantern just flew to the window, Kiki quickly reached out her hand and grabbed the lantern with precision.

Her mouth opened wide in surprise, "Look, it's really someone confessing his love to you!"

"Freya, I love you." The smile on Kiki's lips was rosy from the bottom of her heart, and she made a face at Freya, "Freya, I love you too!"

Stephen, who had just stolen a piece of sweet and sour pork from Christ's plate, put down his chopsticks in frustration, "Shit! Fitz is so shameless! How dare he come up with such a shameless confession! My Fairy Freya must not be fooled by him!"

As soon as Stephen's words left his mouth, Kieran's voice rang out from downstairs.

"Freya, I love you!"

Kieran's voice was really quite loud, as if he had a loud speaker in his hand.

It was as if, back in the student days, under the dormitory building, boys did their best to create a lifetime romance for the girl they loved, and then took a loud speaker, like a big fool, and confessed their love to the sky and to the ground.

"Freya, I love you!"

The sound of Kieran's voice rushed into Freya's ears again, and thinking of the way Kieran looked with his loud speaker, Freya instantly smiled with her eyebrows arched.

He was so noble and cool, ascetic and reserved, how can a man like him do something like confessing his love to a girl with a loud speaker?

Freya poked her head out of the window and saw Kieran standing downstairs shouting something with a loud speaker. She could not suppress her excitement, and rushed downstairs.

"Mr. Fitzgerald, why did you suddenly think of confessing your love to me?"

Freya looked at Kieran with a dimpled smile, but instead of answering her words, Kieran suddenly knelt down on one knee, devout and affectionate, "Freya, will you marry me?"

As soon as Kieran's words left his mouth, a hand reached into his hand.

"I do."

Only, the owner of the hand and the voice was not Freya.

Chapter 373

How could she not want to marry him!

She knew that when a man proposed to a woman, the woman should be reserved before saying yes, but that man was Mr. Fitzgerald!

She liked Mr. Fitzgerald so much that she didn't even want to be reserved.

"Mr. Fitzgerald, I do."

As Freya had just tried to grab Kieran's hand, she noticed that, in Kieran's hand, there was already a hand.

Stephen said to Kieran, "Fitz, I am willing to marry you, so you should quickly put a ring on my finger."

"Get out!"

Kieran shrugged off Stephen's hand in disgust!

Fabian and Bradley, who also did not expect Stephen to dare to come forward and cause trouble, both of them stepped forward and, with one left and one right working perfectly together, they dragged Stephen to the side.

Stephen wailed, but had no intention of going on to wreak havoc.

The woman he has been longing for has finally gotten the most perfect happiness, and he, the male counterpart, could only bless her!

Little Fairy Viva, may you and that bastard Fitz grow old together!

I've forced my presence on you for such a happy moment, and I must have made it a satisfaction for me to make you remember it for the rest of your life.

The super male counterpart Stephen finally got away magnificently, and Kieran's face finally turned cloudy and clear.

He grabbed Freya's hand, afraid that he would grab the wrong person again in a moment, "Freya, I love you, are you willing to marry me and be my bride?"

"Mr. Fitzgerald, I've just said I'm willing!"

Seeing Kieran staring at her in fascination, Freya was shy and sweet at the same time, she gently pushed him, "Mr. Fitzgerald, what are you still standing there for? Why don't you put on the ring for me?"

Seeing that Kieran was still motionless on one knee, Freya couldn't help but say, "Mr. Fitzgerald, you didn't forget to prepare the ring, did you?"

This helicopter is already out there, and it would be a bit embarrassing if he did not get a ring!

But even without the ring, she would have jumped into his arms.

She liked him so much!

Only after hearing Freya's words did Kieran come back from his ecstasy, he quickly took out the ring from his pocket and carefully put it on Freya's ring finger.

"Freya, you are already tied up by me, in this life, you will never be able to escape!"

Can't he say something romantic?

However, she was happy to be tied to him.

"Mr. Fitzgerald, my heart is already bolted to you, I can't escape!"

Kieran's heart trembled violently, he suddenly embraced Freya into his arms, and his thin lips fell on hers.

Somehow, many media reporters had already poured into the district, snapping away at her and Kieran.

The media in Arkpool City are all scornful of Kieran, and without his permission, no media would dare to take pictures of the scene of his marriage proposal.

Now so many journalists are running over to film the event, they must have been authorized by him.

Freya loved being kissed by Kieran, but she was so thin-skinned and surrounded by so many people that she was embarrassed to kiss him.

As she was just about to push him away, his low, melodious voice fell into her ears.

“Honey, I love you.”

Freya completely surrendered, well, for the sake of this honey, she will be shameless with this shameless man for once.

When Kieran proposed to Freya, many reporters turned on the live broadcast and this proposal of the century was immediately topped on the hot search.

Seth had also seen the news about the proposal.

Watching the video, the image of Kieran and Freya kissing deeply, Seth’s eyes were sore.

Now, everyone in the world knows that Freya is Kieran’s wife, and she has given birth to his children. Because of Kieran’s unabashed defence of Freya, the netizens’ attitude towards Kieran’s love affair has gone from initial rejection to one-sided support.

There are even many netizens on the internet shouting for Freya and Kieran to have their third child.

What a pity not to have more children since they have such good genes!

The photos of the two little ones have not been revealed online yet, and if people see the photos of the two little ones, they will definitely not only hope that Freya and Kieran will have three children, but probably hope that Freya will give Kieran a litter of cute babies.

Seth forced himself to look away from his phone screen, his heart was full of bitterness and loss.

In the past, when the true identities of the two little ones were not revealed, he always felt that he still had a chance, but now, he has no chance at all.

Jaden and Jayla did not go to Kieran’s side, they were just worried that Seth was too difficult and stayed together at Seth’s villa to keep him company.

Seeing Seth turn off his phone and hold his face in his hands as he whimpered silently, Jaden and Jayla were heartbroken to the core.

Jayla walked up to Seth, she stretched out her little hand and rubbed Seth’s yellow hair like a little adult, “Daddy, don’t be sad! Even if Mommy ran away with Uncle Kieran, you still have me and my brother!”

Hearing Jayla’s voice, Seth lifted his face violently, his handsome face, which resembled Kieran’s, still carried the traces of undried tears, and he couldn’t be bothered to dry the tears at the corners of his own eyes, he forcefully embraced Jayla into his arms, “Baby, you and Jadeb won’t leave me, will you?”

” I don’t have Boss anymore, will you and Jadeb not leave me?”

Seeing Seth's uncomfortable look, Jayla was so heartbroken that she almost shed tears, she didn't want to make the atmosphere too sad, so she pulled out a smile pretending to be light-hearted, "Yes daddy, neither me nor brother will leave you!"

Even if Seth is not their daddy in the future, he is still their first cousin, since they are family, how could they leave him!

"Daddy, will you give me a smile?" Jayla took out a chocolate lollipop from her pocket, "Daddy, smile, and I will treat you to half a chocolate!"

Seeing that Seth's eyes were still red, Jayla gritted her teeth and seemed to have made up her mind, "Forget it, daddy, I'll give you all this chocolate! Daddy, can you be happy? From now on, I will buy you the most delicious chocolate every day!"

"Baby"

Seth hugged Jayla tighter, such a cute and sweet little darling, how could she not be his daughter!

He really liked these two little kids, and his heart twisted at the thought that not only would he not be able to be with Boss, but he would also not be able to continue being a daddy to these two little kids.

Chapter 374

Seth once thought that he would never have the chance to be with Freya again in this life, but to his surprise, God took pity on him and gave him a chance to be with Freya.

However, all this is an afterthought.

Seth hadn't eaten anything all day, and he didn't even move his chopsticks when the maids prepared meals for him.

Comforting people is something that Jaden is really not good at, but he was really worried about Seth's stomach.

Seeing that under Jayla's comfort, Seth's mood had finally improved a little. Jaden silently walked out of the room and went to the kitchen, intending to cook some dinner for Seth.

Jaden is indeed wise, but not everything is perfect.

For example, Jaden wanted to help Freya lighten her load by cooking before, but after many attempts, the only thing he tried that didn't burn was the egg fried rice.

So, tonight, Jaden made Seth a loving dinner of a large plate of fried rice with eggs.

In order to highlight the love filled in this egg fried rice, Jaden fried two whole eggs and trimmed them to look like hearts by the way.

But both of which were charred.

Jaden returned to Seth's room with the fried rice that he had made with all his strength, and gently patted Seth's shoulder, "Daddy, you should eat something! If you get hungry, Jayla and I will both be heartbroken!"

“Baby, thank you for your concern, but I really don’t have an appetite.”

“But daddy, I cooked this egg fried rice myself, can’t you have some?”

Hearing Jaden’s words, Seth’s eyes involuntarily fell on the plate of fried rice with egg in Jaden’s hand.

Seth felt that he was really quite useless, and looking at this plate of fried rice with egg, he was surprised that his nose was sore.

Jayla was afraid that Seth would continue to abuse his stomach, so she hurriedly said, “Daddy, just hurry up and eat something!”

After a pause, she added with a clear conscience, “My brother makes the best food! Especially fried rice with egg.....”

Jayla glanced at the black heart-shaped omelette and continued to pretend to be blind, “My brother’s love omelette is the best, fragrant but not greasy, daddy, just try a bite, okay?”

“Daddy, if you don’t eat, I won’t eat either!”

Jayla cupped her fleshy little face, “Daddy, it hurts my heart when you’re hungry and thin, so to be fair, I should be hungry and thin, so that your heart hurts too!”

After saying this, Jayla turned his face to indicate that Jaden should also follow suit.

For such a girlish action of holding his face with both hands, Jaden really didn’t want to do it, but in order to make Seth not continue his hunger strike, Jaden still held his face.

“Daddy, if you still don’t eat, I will be starving and thin, so that your heart hurts too!”

On the rare occasion that she sees her brother being cute, Jayla can’t help but giggle out loud.

The corners of Seth’s lips, which were still incredibly sad, also carried a light smile as he hugged Jaden with one hand and Jayla with the other, “Okay, I’ll eat!”

With that, Seth carried over the egg fried rice that Jaden had placed on the table.

Seth thought that this was really a fragrant love egg fried rice, looking at the black fried egg, he suddenly had a little doubt about life, isn’t this dark cuisine?

Despite this thought, Seth picked up his chopsticks and took a bite of the omelette.

The fried egg is a little bitter in the mouth, but because it is a love omelette, his heart is sweet.

Seth eats his fried eggs with great pleasure. With such a lovely pair of babies who will never leave him, even if Daddy turns into a cousin, he will be satisfied

Instead of returning to the Villa, Christ went straight to a newly opened clubhouse.

The manager of the clubhouse greeted him respectfully as soon as Christ entered.

As a manager in this kind of place, he recognised Christ.

“Mr. Birkin, may I ask what your orders are?”

“Send a clean woman to my room!” After saying this, Christ went straight to the vip box upstairs.

He was furious when Penny had someone commit violence against Kiki in prison, but what made him even more furious was the woman Kiki who was so angry with him.

She said his skills were not as good as Quinn’s!

How could he not be furious!

Moreover, after he learned that Penny was behind the violence inflicted on Kiki, he couldn’t do anything to Kiki, so he had to find another woman.

Soon, an innocently dressed woman pushed open the door of the compartment and walked in.

But he had only just come across this woman when Kiki’s face, always with a fake smile, rushed into his mind.

His body was drenched with a bucket of ice, and all the fire was doused in a flash as he violently pushed the woman away and ordered coldly, “Get out!”

The woman felt that it was really quite schizophrenic for Christ to ask her to come and then somehow tell her to get lost, but she didn’t dare to mess with him after all, so she steadied herself and nimbly ran outside the box.

Christ was lying on the sofa like a puddle of mud, a man in a suit would also have such a fragile and sad side!

Many men, strong and intelligent, are seemingly invulnerable, but they also have weaknesses and sadnesses that they cannot overcome.

Christ’s eyes were rounded, staring at the ceiling for an instant, and he felt that he had really gone off the deep end.

The ceiling above her head, surprisingly, also turned into Kiki’s face.

Only this time, Kiki’s face no longer wore the fake smile of an exasperated man, but the light smile of a wife pleasing her husband.

She looked at him with an adoration and affection in her eyes that could not be concealed.

She took step towards him.

She said, “Christ, why do I love you so much! So much so that I want you to look at me more, knowing that you only have Penny in your heart.

Christ, can’t you just like me for a second?

Yes, six years ago, Kiki said, “Christ, can’t you like me?”

Kiki, I seem to really like you, but do your words back then count?

Christ covered his face, suddenly, he let go of his face, he grabbed his mobile phone, he then sent a message to Kiki, "Kiki, I seem to like you, even if you have been with Quinn, I could still care less. Kiki, come back to me! I will learn to love you."

Chapter 375

After Christ sent this message, his heart was apprehensive to the extreme, and there was a wave of indescribable anticipation.

Perhaps Kiki still thinks of him in her heart?

But this message was like a stone sinking into the sea, he did not get a reply from Kiki.

He watched as the screen faded to black again, and press the phone to light it up again.

There was still not a single reply.

Suddenly, there was a flash of light in Christ's head, yes, this was Kiki's mobile phone number six years ago.

Six years, how much the world has changed, Kiki must have gotten a new mobile number!

With this thought, his dark, silent heart instantly shone brightly again.

He called Dave and asked him to find out Kiki's mobile phone number and send it to him quickly.

Dave's efficiency was first-class, and within five minutes, he had sent Kiki's mobile phone number over.

Looking at the mobile phone number displayed on the screen of his mobile phone, Christ's fingertips shook. He didn't know how he, who was always calm and collected, saw Kiki's mobile phone number and his fingertips shook like this.

Sending a message is the easiest thing to do, but if your hands are shaking too much, sending a message can be a real challenge.

It took almost all of Christ's strength to send another message to Kiki.

In fact, he originally wanted to directly send that message he had just sent to Kiki's mobile phone number again, but he always felt that the way he had just worded it, was too humble and a bit humiliating.

So, after thinking about it, he compiled and edited this message.

"Kiki, return to me! If you dare to be with Quinn again, I won't spare you!"

There was still no reply.

Christ was staring at the screen of his mobile phone, he had never been so eager for his phone to ring, but he had been waiting for more than half an hour, but he still had not received any reply from Kiki.

Christ's brow was knitted in a deadly frown.

Could it be that Kiki disliked his poor attitude and she was so angry that she didn't even bother to talk to him?

How can Kiki ignore him!

Pride, still at work in Christ's heart, but at this moment, he found that he wanted Kiki more than the so-called pride.

Struggling again and again, he sent another text message to Kiki.

"Kiki, I'm sorry, I got too excited just now. Kiki, leave Quinn and come back to me, okay? Kiki, I have you in my heart, as long as you come back to me, I am willing to do whatever you ask me to do."

Although he despised the text message he had compiled, Christ still sent it out.

He was sweating on his palms, anxiously waiting for Kiki's reply, he thought he was being so nice, so Kiki had to pay attention to him at any rate.

Kiki ignored him.

He could not wait any longer and directly grabbed his mobile phone and dialed Kiki's mobile number.

This time the call was answered, and Christ said to the other end of the line, "Kiki, this is Christ. Kiki, you're my woman, no matter who you've been with, you're still my woman!"

"Kiki, leave Quinn, I'm not marrying Penny, let's remarry, okay?"

At the end of the sentence, there was a tremble in Christ's voice.

He still spoke with the same overbearing pomp and circumstance, but only he knew in his own heart how nervous he was right now.

He was nervous.

Instead of Kiki's voice coming from the other end of the phone, Quinn's voice came.

In Quinn's voice, there was a deep emotion that caused him deep hatred, "Kiki, don't feel bad for those two children anymore. In the future, you will still have our children, and we will have many, many children."

"Kiki, tonight, we'll take measures first, and when you're well, we'll struggle hard to raise our children!"

It was as if Quinn had accidentally picked up the phone on his end, and after he had said this, as if noticing that the phone had been pressed through, he hung up the phone in a hurry.

Christ stood in place with red eyes, his mind going back and forth with just one phrase.

We will have many, many children.

Kiki actually wanted to give birth to Quinn's child!

How could Kiki have a child with Quinn! How dare she!

Christ was instantly mad into a demon, and now, what were Kiki and Quinn doing? They were all about to take measures, what else could they be doing!

He just called over and disturbed the lovebirds on their business, didn't he?

Kiki, how dare you do this to me!

He was practically brain-damaged just now to confess his love to Kiki and beg for her to come back to him!

Kiki is probably even more in love with Quinn now! No wonder she didn't reply to the two texts he sent in quick succession!

Christ crouched on the ground in a wretched state, he was such a proud man, at this moment, he almost covered his face and cried.

When he thought of Quinn's words just now, Christ wanted to smash his phone, but the quality of his phone was really too good, he had just dropped it so hard and it wasn't even broken!

Moreover, just now, he didn't know what he had accidentally tapped, and on his mobile phone screen, Kiki's six-year-old mobile phone number appeared again.

Looking at this number, which was so familiar, Christ suddenly laughed to himself.

This is his personal mobile phone, on this phone, not many numbers are stored, but it has been so many years, he has never bothered to delete Kiki's number.

Why can't he just delete her number?

It's just nostalgia!

Christ had been reluctant to admit it before, but at this moment, it was incomparably clear in his mind that he had, in fact, all along been attracted to Kiki.

Unfortunately, it's just a nostalgia for him alone!

Christ ordered several cases of wine, which he poured into his mouth, bottle by bottle.

Consciousness was already muddled, but that dull pain in the heart was clearer.

The door of the compartment was suddenly pushed open, and when Penny saw so many empty bottles on the coffee table, she ran to Christ in distress, "Christ, what's wrong with you? Don't drink any more, okay?"

Penny tried to grab the bottle from Christ's hand with force, but Christ threw the bottle to the ground with his hand.

The next second, his big hand, like an iron grip, strangled on Penny's shoulder, "Kiki, I want you!"

Chapter 376

Penny blushed white, she was also a proud woman, how could she stand to be treated as Kiki she hated the most!

At that moment, she tried to push Christ away.

"Christ, I'm not Kiki! I'm Penny!"

"Christ, you're drunk! Let me help you back to rest!"

“Kiki, you’re mine! You’re mine!”

Christ did not have the slightest intention of letting go of Penny, he hooped her up very tightly and tightly.

Thinking about what Christ had just said, Penny’s heart was like a knife twist.

However, Christ had never been this close to her before, his warmth, his scent, made her fond of him from the bottom of her heart.

She did have her own pride, but she wanted this man more than anything, completely and utterly, for his body and mind.

No matter who he thought she was, she could pretend to be pregnant with his child as long as she managed to have sex with him tonight, whether she managed to conceive a child or not.

As long as she has the child in her belly, no one can take away the position as Mrs. Birkin!

“Christ, I’m not leaving, I’m yours.”

Christ’s chaotic brain suddenly woke up, the focus in his eyes, inch by inch, closed back in, he stared at Penny’s face with gloomy eyes, indeed, the woman in the room, was not Kiki, it was Penny!

“Get out!”

Christ jerked up, and his eyes looked at Penny with undisguised disgust and dislike.

The look in his eyes pierced Penny’s heart deeply, she never thought that one day her beloved Christ would look at her with such a look.

Penny stumbled up from the sofa, she hugged him hard, “Christ, I am not leaving! Christ, I love you so much, why can’t you see that?”

She stood in front of Christ with crystal teardrops in her eyes.

“Christ, look at me! Look at me! How am I not as good as Kiki! Christ, let me stay tonight, okay?”

With that, she stepped forward and just hugged him hard.

She had loved Christ for so many years, and she had done everything she could for this man, but up until now, she had never really become his woman, so how could she be willing to do give up?

Penny thought that since Christ had drunk so much wine and she had taken the initiative, she would become his woman tonight, but he would push her to the ground without pity.

“Get out! Penny, get out!”

Penny lifted her face incredulously, she have never imagined that her beloved Christ would be so rude and cold to her.

She struggled to get up from the ground, completely oblivious to the fact that she was in a mess.

She hugged him hard, her tears instantly wetting the shirt on his chest, “Christ, what’s wrong with you? I love you so much, I only have you in my heart, why are you being so cruel to me?”

“Christ, can you open your eyes and take a good look? I love you a thousand times more than Kiki does, why is it that you can only see Kiki!”

When Penny saw that Christ was standing in place like a stone statue without saying a word, she thought that he was moved by her words.

She boldly lifted her face, stood on tiptoe and pressed her lips just a little towards his.

Before Penny could kiss Christ, he had already thrown a slap at her face hard.

Penny looked at Christ incomparably hurt, her Christ had actually hit her?

What had she done wrong for him to hit her?

Penny’s tears flowed down like broken beads, her lips, incessantly trembling, even the eyes she looked at Christ took on a trembling pain.

Her words came out shivering, “Christ, you hit me! Christ, how can you hit me!”

“Christ, you said that you would be good to me for the rest of your life. Have you forgotten how good we used to be? How could you hit me!”

Looking at Penny, who was crying, there was not a hint of pain in Christ’s heart.

Years ago, when Penny was aggrieved and cried to him about how Kiki had bullied her, he always felt that a woman as vicious as Kiki deserved to die, and he didn’t want to see the girl who had saved him from the fire despite her life so sad, so he would always be patient and coax Penny a few times.

But now, when he saw Penny crying, he just felt that she deserved it!

Even, he couldn’t help but think that Penny could cry like a flood after he slapped her so lightly, and that during those five years in prison, Kiki had suffered so much and received so many beatings, who would she find to cry to!

Who did she turn to when her child was brutally killed! Who did she turn to when her little finger is cut off so cruelly!

Penny felt aggrieved, but didn’t Kiki feel aggrieved!

Penny thought that when Christ had just hit her, it was something he had done when he was drunk, and that he would still coax her when she cried like this.

Surprisingly, Christ still stared at her coldly, his eyes making her chill from the bottom of her heart.

That undisguised disgust made the cold hairs on her back stand up.

Penny was so frightened that she stopped crying, her lips trembling as she turned towards Christ and asked, “Christ, what is wrong with you? Are you uncomfortable somewhere?”

“Christ, you’re having a hard time drinking, aren’t you? I’ll go out and buy you some sobriety pills now!”

Before Penny could pick up the clothes on the floor and put them on, Christ rushed forward and strangled her neck fiercely.

He kept going all the way up and kept pressing Penny against the wall without letting go.

His eyes were cold and his voice was even colder as he asked Penny word for word, "Penny, why did you let someone beat Kiki in prison! Say it! Why did you let someone beat Kiki!"

Chapter 377

Penny's heart thumped violently and her body shuddered.

How could she have ever imagined that Christ would ask her this?

Everything she did to Kiki in prison, she asked herself to be secretive and thoughtful, how could Christ know about it?

It must have been Kiki who was talking nonsense in front of him!

Penny suppressed her wildly beating heart and spoke to him pitifully, "Christ, I don't know what you're talking about! You have to believe me, I can't even stand to trample an ant to death, so how could I possibly harm Kiki! You can't just believe Kiki's side of the story!"

"Can't even bear to trample on an ant? Heh!"

Christ sneered cynically, "Penny, this is the most ridiculous joke I've ever heard! You can even kill Kiki's child, a living human being, you would not even have the heart to trample an ant to death?"

Christ's eyes were locked on Penny's face for an instant, he sized her up as if he didn't know her, "Penny, I've known you for so many years, how could I not see that you were so inconsistent!"

Penny's eyebrows jumped, but she gritted her teeth and said, "Christ, you've misunderstood me! You've really misunderstood me! I didn't hurt Kiki's baby! I've been pregnant too, I know how painful it is to lose a child, losing our child hurts like hell, even if I hated Kiki, I couldn't possibly kill an innocent little life!"

"Christ, will you stop it? It's really scary! I'm so scared! Christ, can you believe me? I really haven't harmed Kiki!"

"Penny, I don't believe a word you say!" Christ paused, then said in a cold voice, "Penny, stop defending yourself, you let someone commit violence against Kiki, the evidence is overwhelming, if you defend yourself again, it will only make me more disgusted!"

The evidence is overwhelming?

Penny's heart sank, is he having someone investigate what happened in prison back then?

Did he still care about Kiki?

Also, he called her disgusting!

How could she, Penny, make a man sick!

Penny opened her mouth, she was just about to say something else, but Christ's hand on her neck steeply pushed harder and she was unable to hold her breath for an instant.

She took a moment to calm down before finding her voice, "Christ, I didn't! I really didn't! It was Kiki! It was Kiki who deliberately set me up! It was Kiki who deliberately set me up! She's been hurting me all along, she doesn't want me to get better! Christ, you can't fall for Kiki's trick!"

"Yes, Kiki wants to divide our relationship, she wants to be Mrs. Birkin! Christ, Kiki is trying to break us up! You can't let her get away with it! You can't let her win!"

"Kiki wants to break us up?" Christ laughed to himself, "I wish Kiki wanted to break us up!"

If Kiki wanted to break up him and Penny, it would prove that she still had him in her heart, but Kiki didn't care who he would be with, she only had Quinn in her heart!

She still wanted to have a baby with Quinn, and in the future, she would have her and Quinn's baby in her heart, but not him!

How could Penny not understand what Christ meant by this, she bit her lip so hard that she almost bit through the skin.

"Penny, say it, why did you let someone inflict violence on Kiki! Even if Kiki killed your child, five years in prison is enough punishment for her, why did you let someone torture her like that?!"

Christ viciously dropped Penny to the ground, he stared deadly at the little finger on Penny's left hand, suddenly, he half crouched down and violently grabbed her little finger.

"Penny, you had her little finger chopped off! Are you happy about it? I'd like to see if you'd still be so happy if I chopped off your little finger too!"

"No!" Penny screamed, the current Christ was really a full-blown demon, and she panicked from the bottom of her heart.

She tried to take her left hand back, she was afraid that Christ would really chop off her pinky finger, she was so scared that she almost shouted, "Christ, you can't do this to me! You can't do this to me!"

The moment she shouted, Christ's hand had already a cold, shiny Swiss Army knife, and Penny was so frightened by the cold aura of the Swiss Army knife that she almost peed.

She kept wriggling and struggling, begging for mercy, "Christ, forgive me, forgive me! Christ, I admit it, I have Kiki beaten, will you forgive me?"

Seeing the Swiss Army knife in Christ's hand getting closer and closer to her little finger, Penny shrieked in fear.

She forced herself to calm down as she cried out, "Christ, don't chop off my finger! If you chop off my finger, I'll be crippled! Christ, I don't want to be crippled!"

"Penny, you don't want to be crippled, aren't you afraid that what you've done will ruin Kiki?!"

Christ had never wanted to kill someone as much as he did now. He hadn't even landed the knife in Penny's hand yet, and Penny was already scared like this. In prison, the cold knife ruthlessly chopped off Kiki's little finger, how scared she should be!

No, the knife didn't chop off Kiki's pinky finger in one go!

On his way, Dave gave him another phone call, in which he gave some details of the violence inflicted on Kiki.

Those men chopped off Kiki's little finger with a blunt knife, and, moreover, not directly at the root of the finger.

Inch by inch, the perpetrator of the original violence had forgotten whether it was a dozen or two dozen stabs on Kiki's fingers.

With each stroke, Kiki was in great pain.

How has Kiki survived these five years!

Christ heaved the knife in his hand onto the ground as if venting, and Penny was so frightened that she couldn't help but close her eyes; fortunately, her finger didn't get chopped off.

Penny opened her eyes with trepidation. She was emboldened by the fact that Christ hadn't chopped off her finger, and she roared at Christ with her chin up, "Christ, I didn't do anything wrong! I didn't do anything wrong! Yes! Yes, I did have Kiki abused in prison! But what's wrong with that?"

"Kiki killed our child and I wanted to cut her to pieces, I just gave her back what she put on me, what's wrong with that!"

Penny wiped away the tears from the corners of her eyes, her face was filled with determination, "Christ, do you know how much it hurt in my heart the moment I lost my child? I hated Kiki, I was only willing to let her taste the pain I had suffered!"

Christ looked at Penny who was gnashing her teeth, and suddenly a sentence came out, "Penny, did Kiki really kill your child?!"

Chapter 378

Penny's heart shook greatly, "Christ, why are you suddenly asking this?"

He couldn't have found out that she had fallen down the stairs on purpose six years ago, could he?

No!

Penny shook her head vigorously, there was no way he was going to find out!

There was no surveillance at Christ's villa, there was only her and Kiki at the scene of the incident, and as long as she didn't admit it, Kiki would have to carry the blame for killing her child for the rest of her life!

With this in mind, Penny gradually calmed down and she stepped forward to grab Christ's hand, "Christ, I don't know why you're asking me this question, but I can tell you plainly that it was Kiki who killed our child!"

"If Kiki hadn't pushed me down the stairs, would I have fallen down on purpose myself? That was our child! Christ, I wanted to give you a child so badly, how could I possibly kill our child!"

Christ stood up. He smiled to himself. Yes, even if Penny was ruthless, she couldn't have killed her own child!

What, exactly, was he trying to ask!

“Penny, don’t appear in front of me again.” After a long, long time, Christ spoke coldly.

Penny suddenly rounded her eyes, “Christ, what do you mean by that? Do you mean that you don’t want to marry me?”

“Christ, our wedding invitations have been sent out, if you don’t want to marry me, how will I behave in the future? Christ, do you want to force me to death so badly?”

“That’s your business.”

Hearing Christ’s words without the slightest hint of emotion, Penny was struck by lightning.

Does he not care about her?

Penny had never been so panic-stricken and powerless before. In the past, no matter how much she made Christ angry, he would definitely give in as long as she cried, but now, she couldn’t even threaten him with death!

For Kiki, he was so cruel to her! Kiki! It’s all because of that vixen Kiki!

Penny flung herself at Christ’s feet, she hugged his legs hard, she lifted her face and gazed at him with teary eyes, “Christ, it is true that it is my business to seek death. But Christ, have you forgotten? Have you forgotten how I rescued you from the fire?”

Penny held out her right arm, which had obvious burn marks, “Christ, look, this is what I left behind to save you! This scar will never go away!”

“I’ve left a lifetime of scars for you, but what about the lifetime you once promised me? It turns out that the promise I gave up my life to get is not as long as this scar!”

The not-so-small scar on Penny’s right arm was not really left to save Christ.

When that fire broke out, after Christ was rescued by Kiki, she took advantage of Kiki’s unpreparedness and knocked her out.

The scar was left when she dragged Kiki inside the fire.

Only, halfway through the delay, Christ’s parents arrived and she could only pretend that she had to save Kiki again after saving Christ.

Christ did not say anything, his eyes gazed inexplicably at the wound on Penny’s right arm, it was really disgusting that Penny always used the so-called saving grace to blackmail him.

But he always repays favours, and the fact that Penny had saved his life could never be erased, no matter how much he loathed Penny, he could not really watch her die.

Seeing that Christ had wavered, Penny said again, “Christ, I’m not trying to ask for your kindness, I really love you, and I’m afraid I’ll lose you! Everyone knows I’m going to marry you, and if you suddenly don’t want me, I’ll be the laughing stock of the circle!”

“I don’t care if I’m laughed at, but I don’t want my parents to be laughed at! Christ, I’m begging you, please don’t leave me alone, okay?”

“Penny, I’ll marry you.” Christ said, as if Penny was just an insignificant stranger to him, “But all I can give you is the position of Mrs. Birkin!”

After saying this, Christ did not even turn his head back as he turned away with cold emotion.

Penny couldn’t even be bothered to put on the clothes, and she fell to the floor in a heap, as if she had lost her soul.

What did he mean?

Even if he marries her, will he still be entangled with that bitch Kiki?

On what ground!

Penny clenched her hand into a fist, gnashing her teeth in hatred, was it only by completely destroying Kiki that he would be willing to look at her one more time?

Penny was racking her brain on how to make Kiki completely untouchable when she received a push message on her phone.

‘One Thought’ sets a new record for new songs on the chart again, Kiki may become the best newcomer?

Penny thought it was someone with the same name as Kiki, but after clicking on this news tweet she realized that the Kiki spoken of in this news was the same Kiki she knew.

After Kiki’s recording of “One Thought” was posted online, it was sought after by millions of people and hailed by countless netizens as a heavenly voice. Originally, people thought that Kiki was just a female singer with a modest appearance, but when Catherine released a music video of Kiki’s recording of the song, the whole net was abuzz.

She was so beautiful.

Kiki’s singing voice has already made countless people swoon, and with the addition of this captivating face, in an instant, her popularity is almost catching up with several veteran divas.

There is no shortage of overnight successes in the entertainment industry, but the speed with which Kiki has become popular is still astonishing.

A number of musicians who are important in the entertainment industry have praised Kiki’s singing voice, and a gold medal musician who has been on the block for many years, even tweeted that he would personally write a new song for Kiki, so it would be difficult for Kiki not to be popular.

After that gold medal musician posted his blog, the official blog of “The Mythical Doctor” made another statement, and the theme song of “The Mythical Doctor”, “No Dust”, fell to Kiki.

A number of song shows also wanted to cooperate with Kiki, and various big name endorsements came one after another, making Kiki’s fame unparalleled.

Penny clicked hard on the report about Kiki, her face contorted in a hideous grimace of anger.

She had someone break Kiki's little finger in prison back then because she hated Kiki's amazing talent.

Didn't everyone say that Kiki had hands that could play the piano and write poetry? Then she destroyed those hands!

She never thought that even if she ruined Kiki's hand, Kiki would still be able to shine with her great voice.

The goddess of countless hearts, isn't she?

Penny laughed, she wanted to see if everyone would still worship a murderer as a goddess when they knew that Kiki had been in jail!

Chapter 379

Freya was awakened by an itch.

Itch on the lips, followed by an itch on the nose and ears.

Thinking a bug had crawled on her face, she reached out and slapped it.

As soon as she opened her eyes, he was met with a handsome face that was enlarged with sorrow.

Seeing the slight red mark on Kieran's cheek, Freya hurriedly reached out her hand and rubbed it for him.

Who knew the bug would be Mr. Fitzgerald? If she had known, she would have been gentle!

"Mr. Fitzgerald, I really didn't mean to hit you, I accidentally took you for a bug." Freya said rather guiltily while rubbing Kieran's handsome face.

"Hmph!"

Kieran turned his face to the side arrogantly, he was already aggrieved enough to be beaten up for no reason, now he was being treated like a bug, it was strange that he could be happy!

Originally, Freya wanted to coax this increasingly childish man, but seeing him grunting at her so arrogantly, especially when she had just tried to get up, her back was as if broken and she had fallen straight back into bed, Freya was also angry.

She let go of Kieran's handsome face, collected the smile on her face.

"Mr. Fitzgerald, you're still justified, aren't you? If you hadn't kissed me, would I have hit you? I was sleeping soundly, who asked you to wake me up?"

Freya wanted to sit up and look at Kieran from above so that she could be more imposing, but as she moved around, her back hurt even more and she became even more angry in her heart, so she threw the pillow directly at Kieran's handsome face, "Humph! If you steal kisses from me again in the future and disturb my sleep, do you believe I'll bite you to death?!"

Freya thought that after she said this Kieran would realize his mistake and reflect on it, but Kieran leaned down his face and kissed her deeply on the lips.

Kissing her again!

Freya was just about to teach this seriously impure-minded man a lesson when Kieran's righteous voice rang in her ears, "You can come bite me now!"

Before Freya could react, he had already forced his lips onto hers, "Bite here."

Freya, "....."

What she just said couldn't deter Mr. Fitzgerald, so how come it encouraged him to take advantage of her?

"Mr. Fitzgerald, shame on you!"

After being taken advantage of, Freya couldn't help but speak with a red old face.

"Well, I will be shameless as you required!" Kieran, without blushing or panting, decisively misinterpreted Freya's meaning and continued to be diligent.

Freya no longer knew what to say to the shameless man, as if, no matter what she said, he had the means to take advantage of her.

In order not to continue to be taken advantage of by shameless men, Freya could only wisely remain silent.

"Honey, move in with me from now on." Kieran's voice rang in her ears again.

Being called like that, Freya couldn't help but feel bashful, her face flushed, "Mr. Fitzgerald, who is your honey!"

And, who's moving in with him!

They hadn't live together now, he wanted a lot in bed, and if she moved in with him, she wouldn't be able to get out of bed!

"Freya, the marriage certificate is right here, who do you think is my honey?"

Suddenly, Kieran's eyes deepened, and his voice was low as he said to Freya, "Freya, the marriage certificate is proof that I am not your Mr. Fitzgerald, I am your husband."

Freya, I am your husband.

She had already accepted the fact that she and Kieran were still married, but she had been calling him Mr. Fitzgerald for so long that it had become natural for her to get used to it, and suddenly she was asked to call him her husband, and she really couldn't do it.

"Mr. Fitzgerald, I'm not used to calling you that."

"Freya, there are some things that you have to get used to."

Kieran's eyes looked deeply at Freya, he followed the instructions like a compulsion, "For example, get used to sharing a bed with me, get used to calling me husband, get used to making love with me."

"Come on, say it."

Freya held her voice, but still couldn't shout out.

She wrinkled her face and said pitifully to Kieran, "Mr. Fitzgerald, let's forget it, I really can't."

"Well, it's fine." Kieran looked like a good negotiator, but the words that came out were completely bullying, "We'll continue to exercise!"

Freya subconsciously rubbed her waist, last night Mr. Fitzgerald proposed to her so sincerely that she was moved to take the initiative to accompany him in his exercise.

But after one exercise, she regretted it. The man was addicted to exercise, and he couldn't stop.

It was really humiliating to call him her husband, but compared to continuing to destroy her waist, Freya still decisively chose to call him her husband.

"I will say it, okay"

Kieran narrowed his eyes, the corners of his lips curved up, not like a cool and ascetic domineering president, but like a cunning fox who was addicted to bullying little rabbit.

"Honey"

Freya was afraid that Kieran would not be satisfied with her stuttering shout and would still have to pester her to continue the exercise, so she hastily assumed a generous pose and shouted, "Honey!"

For the first time Kieran found that a woman, just with her voice, could make his body tingle and then the blood in his whole body boil.

"Hmm."

Kieran grabbed Freya's lips with precision, "Honey, you're so good, as a reward, I can accompany you to exercise."

Freya wanted to cry, this was not a reward, it was clearly torture.

Sweet torture

Because of that little episode this morning, Freya was magnificently late for work today.

Previously, her colleagues at the hospital thought she and Seth were a couple, but now that her relationship with Kieran is out in the open, her colleagues at the hospital are looking at her with a bit of subtlety.

Freya did not want to let her personal matters interfere with her work, so she chose to ignore the eyes of her colleagues who were either inquisitive or envious.

When Preston thought that Freya was Seth's girlfriend, he was all kinds of ingratiating, and now that he knew that Freya was the wife of the famous Mr. Fitzgerald, he could not wait to dig out his fawning heart and send it to Freya.

Freya really couldn't stand Preston's look, so when Preston offered to treat her to dinner, she decisively chose to go with Kiki to the new restaurant.

When Freya left the hospital gates, she felt as if a pair of eyes were staring at her. She subconsciously turned her face to look for those eyes, and she saw a black Volkswagen without a license, rushing towards her like mad.

Chapter 380

The owner of those eyes was obviously Karida.

Even if Karida in the car was wearing a mask on her face, Freya could recognise her at a glance.

Karida was clearly trying to kill her, and Freya didn't want to somehow become the victim of her car, she tried to dodge, but the car was too fast for her to avoid.

In the nick of time, her body was pushed away by a force, and the black Volkswagen sped past her eyes, followed by the sound of something heavy hitting the ground.

Hearing this voice, Freya only felt her heart about to pop out of her chest.

She turned around in a hurry, only to see Seth, like a kite with a broken string, collapsed in a pool of blood, motionless.

"Seth!"

Freya rushed in the direction of Seth like a madman. She would rather be run over by Karida than have Seth take this blow for her.

So much blood, so pale a face

If Seth died for her today, if Seth never woke up for the rest of his life, she would never be able to repay what she owed Seth!

Karida in the black Volkswagen car covered her face with force, tears, seeping out from her fingers, she never thought that the person she had hit would be Seth.

This morning, she went to see Seth again. She approached him with a photo of Kieran proposing to Freya, who was destined to be with Kieran, and tried to persuade Seth to give up.

But Seth's attitude was even more resolute than the previous times.

He said that Freya could love others, but no one could stop him from loving Freya.

He also told her to give up. Even if all the women under the sky died, he would not be able to marry her.

Karida hated it so much that her whole heart was consumed by darkness, that is, a demon of the heart that she could not get rid of.

There is no need for all the women under the sky to die, with the child in her belly, Seth will definitely see the good in her as long as Freya is dead!

Freya, who stood in the way of her twinning with Seth, stood in the way of her wealth and glory, so Freya must die!

Karida lifted her face tremblingly, but she didn't want Seth to die!

Karida wanted to get out of the car to see how Seth was doing, but she was afraid that she would be arrested and taken to the police station. Seeing that the number of onlookers was increasing and she could not hit Freya, she stepped on the accelerator and rushed ahead like mad.

Karida's heart was in an unprecedented panic, and she had just wiped away the tears at the corners of her eyes when her eyes were instantly clouded with watery mist again.

What would she do if Seth died? What would she do?

Karida could no longer control the tears, she cried so hard that she was convulsed and couldn't even continue driving.

But how could she get home safely on the road if she didn't drive properly?

No, when walking to a certain intersection, Karida didn't even see the red light, so she rampaged on, and by a good coincidence, a van rushed from a side fork and ruthlessly ran into the black Volkswagen car.

Karida was drowning in uncontrollable pain, how could she have ever imagined that such a tragic event as a car accident would happen to her.

The moment the pain hit her, she couldn't control her cry, and the next second, her world was dark.

The moment before she lost consciousness, Karida clearly felt, from her lower abdomen, something was rapidly falling seeping out from between her legs, full of despair

"Seth!"

It was obviously such a short distance, and Freya felt that he had used all her strength to rush in front of Seth.

She wanted to hold Seth as hard as she could so that he would wake up quickly, but she was a doctor and she knew that moving an injured person in a serious car accident was most contraindicated.

She could only kneel in front of Seth and do a little emergency treatment to his wound.

Luckily, the hospital was nearby and someone in the crowd had already called the emergency services, so Seth could soon be taken to the emergency room for resuscitation.

"Seth, why are you so stupid!"

Tears snapped from Freya's eyes, and she scrambled to look away from Seth for fear they might fall on him.

Seth was still breathing, but he was really badly injured and there was also a patch of blood under his head. She didn't dare to move his body easily now, not yet sure if the patch of blood was seeping from his head or from the wounds in other parts and areas of his body.

Freya thought Seth had passed out from his serious injuries, but she heard his voice.

His voice was especially extraordinarily weak and breathless, "Boss"

The hoarse voice, like being run over by a wheel, was really not good, but this voice, to Freya's ears, was the most beautiful heavenly music.

"Seth, hang in there! You'll be fine! I'll save you, you'll be fine!"

"Boss"

Seth lifted his hand tremblingly, his hand covered in blood, , looking extraordinarily frightening.

Freya didn't want Seth to expend more energy, she hurriedly clutched his hand, "Seth, it hurts, doesn't it? Hang in there, you'll be fine!"

Freya actually wanted to say, "Seth, why are you so stupid! Who would want you to suffer like this for me!

But she could not say the words, before the words of reproach reached her lips, she sobbed.

"Boss, I might I might be dying."

Seth wanted to wipe away the tears at the corners of Freya's eyes, but he really didn't have the strength.

The moment he pushed Freya away, he thought he would die, but he did not regret it.

"Don't you talk nonsense!" Freya did not want to hear Seth say such unlucky words.

"Okay, Boss, I won't die." Seth's lips hung with a light smile.

"Boss, don't cry"

"Boss, if, if I can survive, can you, can you give me a chance?"

In front of death, many things are really not worth mentioning. Freya does not like Seth, but she is unable to say no simply and decisively.

Seth gave a light smile, he didn't want to make things difficult for Freya, "Boss, I'm teasing you, just be happy"

After saying this, Seth's other arm, which was raised, slid down in a disheveled manner.

Seth was badly injured, with multiple fractures and a concussion, but not enough to actually lose his life.

After resuscitation, Seth was in a coma for a day and a night before he opened his eyes.

Eleanor, Freya, Kieran, Patricia and Seth's father, Noah Levin, were all anxiously at his bedside.

Although Seth was a bit concussed, he was thinking normally before he passed out, so people didn't think that something could be wrong with his brain.

But life is always full of surprises. Seth woke up, only to become a fool!
