

Talented 401

Chapter 401

Listening to Dave's voice, Christ's heart was terribly calm. He found that the thought that for the rest of his life after this, his wife was going to become a woman called Penny, he suddenly felt his heart was empty.

But whether his heart is empty or dead, this wedding must go on.

This is what he owes to Penny.

Thinking that he was going to hold a wedding with Penny, Christ suddenly didn't dare to look at Kiki, he turned around sharply and said, "Kiki, even if I get married, you can only be fucked by me every day!" And he rushed towards the outside of the presidential suite.

However, if he looks at Kiki one more time, he will definitely not leave this presidential suite today.

For, if he looked at Kiki, he would find that her pale face was lifelessly dead.

It was the calmness of a man bent on death.

After Christ left, Kiki began to put water in the bathtub.

She felt particularly dirty and couldn't get it clean.

She scrubbed herself so hard she was on the verge of breaking her skin, but the disgusting, dirty feeling continued unabated.

Why is it that dirty?

It wouldn't even be this dirty if it fell inside a muddy slush.

Kiki rubbed the skin of her body even harder, and then, as she discovered, it was the heart that was dirty.

How can this heart, soiled and dusty, be restored to its former clean state!

The words that Christ had just said suddenly resounded in her mind again.

Kiki, even if I get married, you can only be fucked by me every day.

These words, echoing over and over again, in the end, made Kiki laugh miserably.

Even if he married Penny and he became someone else's husband, she still couldn't get rid of him?

What right does he have to do that?

Why should she not be given a chance to live well!

She would not let him deny her a way out, she would rather deny herself a way out than let Christ have the opportunity to continue to trample on her!

Kiki wiped away the tears at the corner of her eyes, before her eyes were dry, she gave the most impeccable smile.

Kiki got up, she smiled lightly and stepped out of the bathtub. Luckily, there were brand new clothes in this presidential suite, so she could save some decency and not die in this bathtub with her clothes in tatters.

After getting dressed, Kiki lay back down inside the bathtub. She was once again grateful for the complete amenities of this presidential suite, and she found a fruit knife with ease.

The moment she closed her eyes, Kiki suddenly resounded with a phrase her mother and father used to say to her when she was a child.

They said, "Kiki, we don't want you to get famous, we just want you to be happy and well in life.

Kiki's tears, which she had managed to stop, could not be controlled, she had failed her mother and father after all.

Mum and Dad, I am coming to see you

Without the slightest hesitation, with a force, the sharp fruit knife slashed viciously through her left wrist.

She had slit her wrists so many times before, and the only reason she had survived was because she had been found in time. This time, she had unlocked the bathroom door, and everyone outside was congratulating Christ and Penny on this splendid wedding, and she was finally able to end her life once and for all.

Freya, I am sorry that I have failed you too.

I am too cowardly, I don't have the courage after all to live.

Jaden, Jayla, I love you all, I will not be able to be happy and well in this life, you must be happy and carefree.

Quinn, I am sorry, I know how good you are to me, I fail your deep love, if there is an afterlife, let me meet you first, I will definitely clutch your hand tightly

This wedding between Christ and Penny is arguably the grandest wedding of the century in Arkpool City in the last decade.

Although Christ was not at all interested in the wedding, the status and wealth of the two families were there, and the marriage between the two families could not be small.

Evie, Christ's mother, looked at Penny standing at the end of the red carpet from afar, and she couldn't help but sigh heavily.

It's been six years since Christ divorced Kiki, and she still can't forget the way Kiki standing on the red carpet at that wedding.

At that time, Kiki was like a budding flower, as if, the world's colours were all gathered in her, it was a kind of joy and beauty from the inside out, but when she saw Kiki a few days ago, she felt that Kiki, the flower, had withered.

And the culprit who put Kiki in this position was her precious son.

She still did not believe that Kiki would kill Penny's child.

She cried and made a fuss, but her son was too tough and she couldn't get Kiki out of jail.

Thinking of Kiki's current appearance, Evie couldn't help but wipe her tears away. Christ's father, Frank, gently patted her shoulder, "Why are you crying!"

"I miss Kiki." The more Evie said, the more tears fell, "If Kiki hadn't divorced Christ back then, how great it would have been! By now we'd probably be holding several grandchildren!"

Frank glanced at Penny in the distance and couldn't help but sigh, "It's Christ that's not blessed."

"Maybe I'm too biased, Penny and Kiki both grew up around us, but I always disliked Penny." Evie sighed again, "Kiki is a good girl!"

"Evie, don't feel bad, it's our son's bad eyesight, maybe Kiki will find a better husband." Frank didn't feel much for Penny and Kiki, he just felt that what his wife liked was naturally good.

"I heard that Quinn has been chasing Kiki, Kiki shouldn't really be with him, right?" Evie thought of how Quinn's mother Paige Jones had already taken Kiki as her daughter-in-law, her heart couldn't help but sour, "If Kiki and Quinn got together, what would I do!"

Without waiting for Frank to comfort her, Evie said with a sobbing face again, "Frank, do you think Christ is really getting married to Penny today?"

Seeing Evie in this state, Frank's heart felt unbearable, but still said truthfully, "Evie, the wedding has already begun."

No sooner had Frank's words left his lips than Evie saw Christ slowly walk into the wedding venue, with terrifyingly dark eyebrows, not like he was attending a wedding, but rather like he was attending a funeral.

Originally, Penny still had an anxious and angry look on her face, after seeing Christ, all the anger on her face turned into sweetness.

He chose her after all.

Chapter 402

The wedding had indeed already started, but because Christ was in a bad mood, Dave coordinated to postpone the ceremony for almost half an hour.

Because Christ was completely indifferent to today's wedding, he did not forbid reporters from covering the event on site.

Christ and Penny's wedding was such big news that reporters certainly didn't miss it.

Seeing that the wedding ceremony was delayed, they finally had a chance to make it big. They surrounded Penny and scrambled to ask questions, fearing that they would miss out on any important information.

“Miss Wallace, today is the most important day for you and Mr. Birkin, can I ask what you are feeling right now?”

“Miss Wallace, I heard that you used to be good girlfriend with Kiki, the ex-wife of Mr. Birkin, may I ask if you have sent Kiki a wedding invitation?”

“Miss Wallace, may I ask if Kiki has sent her wedding wishes to you and Mr. Birkin?”

“Miss Wallace, have you really forgiven Kiki? After all, she killed your and Mr. Birkin’s first child with her own hands!”

.....

The reporters who asked the main questions were all found by Penny, and she certainly wouldn’t let go of the opportunity to belittle Kiki and elevate herself today.

She put on a difficult face, but she still replied politely, “Yes, Kiki and I are good girlfriends, and she naturally sent her blessings when Christ and I got married.”

“As for what happened six years ago what’s past is past, I don’t blame Kiki and I wish Kiki all the best in the future.”

“Miss Wallace, the revenge of killing your son is unforgivable, can you really forgive Kiki?”

“Yes, you are too generous to let go of such a big grudge.”

“Six years ago, I was indeed devastated by the loss of my child with Christ. I was, at the time, resentful of Kiki, but the child who died can never come back, and I don’t want the living to live in pain for the rest of their lives because of these things.”

“Kiki is my best friend. I am willing to forgive Kiki, and I hope Kiki can have a better life. I also hope that everyone will give Kiki a chance to change her ways and not hold on to the stain she had back then for the rest of her life.”

“No one is a saint, no one is without fault, as long as they are willing to correct themselves, they are good people.”

“Miss Wallace, you are so kind! It’s a blessing for Mr. Birkin to have a wife as kind as you.”

“Yes, if I were Mr. Birkin, I would definitely want to marry you too!”

“Mr. Birkin is really out of the sea of misery for being able to divorce Kiki! I just hope that in the future Kiki won’t be a demon and ruin Miss Wallace and Mr. Birkin’s relationship!”

.....

Listening to the reporters flattering her and denigrating Kiki, Penny couldn’t stop the smile on her lips.

But she still put on an appearance of pure goodness and generosity as she said modestly and sincerely to the reporter, “No, it is my good fortune to be married to Christ.”

“I understand how good Christ has been to me, and I will never marry anyone other than Christ in my life.”

“As for Kiki, I believe that she won’t ruin my relationship with Christ anymore. Kiki is a good girl, she will meet someone more suitable, and both Christ and I sincerely wish Kiki the best of luck to meet her prince charming soon.”

Penny’s words were so hypocritical and disgusting that Freya really didn’t want to listen to a single one of them. But she couldn’t help it, her seat was at the front and she was too close to Penny, so it was hard for her not to listen.

“Mummy, Penny is so cheeky.”

Jayla, who was sitting next to Freya, couldn’t help herself, “She still has the nerve to say that she and Kiki are good friends, fortunately Kiki didn’t come, otherwise she would have been disgusted!”

Jayla knew that her brother would make a big move today, but she still couldn’t wait a bit, “Brother, when exactly are you going to teach Penny a lesson? Penny is pretending to be a good lady, I don’t want to continue to see that!”

“There’s no rush, it’ll be more interesting when the recording is released later.” Jaden, quite like his father, said unhurriedly.

“Recording? What recording?” Fabian, who was sitting next to Kieran, accurately captured the important information in Jaden’s words, and he used his astronomical imagination, “Can’t it be that Penny stole a man and you recorded it?!”

“Oh, come onCome on, baby! Oh, Ah”

Kieran was worried that Fabian would pollute the pure hearts of underage children, so he spoke coldly, “Shut up!”

Fabian was having a great time performing, of course he was not willing to just shut up, but thinking of someone’s terrible force, he only dared to mutter in a small voice, “What a tyrant!”

Jayla has now recognized Kieran as her daddy, and when her daddy is scolded, of course she has to firmly protect him.

She pouted slightly, her face with obvious disgust, “Uncle Fabian, why are you scolding my daddy? My daddy is telling you to shut up for your own good!”

“He’s obviously bullying me, how is that for my own good?” Fabian completely disagreed with Jayla’s words and couldn’t help but speak up.

Jayla rolled her eyes, “You just performed too pompously and your expression was too lewd, my daddy didn’t let you continue to embarrass yourself, was it for your own good?”

Fabian, “.....”

It took long for Fabian to find his voice, “I how am I lewd?! Jayla, I’m handsom, how can I be lewd?!”

Without waiting for Jayla to open her mouth, Jaden had already made his conclusion in a concise manner, “You have no self-aware, no wonder he can’t get a wife.”

This time, Fabian was directly hurt by Jaden.

Fabian was not willing to be bullied so badly, he knew that if he asked Kieran for help, he would only be bullied even worse, so he wisely asked Freya for help, "Mrs. Fitzgerald, they are all bullying me."

Freya rubbed Jaden's head, and then rubbed Jayla's head, "Be good, don't bully the vulnerable."

Fabian was in tears, how did he become a vulnerable?

Fabian still wanted to argue his case, but the wedding had already begun, and the host's voice poured out like water to everyone's ears, but no one paid any attention to him.

"Miss Penny, today, here, in the presence of all the guests and the sunny earth, do you take Mr. Birkin to be your husband? Whether poor or rich, in adversity or in good times, in sickness and in health, will you stand by him and never leave him?" "

"I do!" Penny replied.

"Mr. Birkin, may I ask, are you willing to take Miss Wallace as your wife? Whether poor or rich, in adversity or in good times, in sickness or in health, are you willing to love and care for her and shelter her from the elements?"

Chapter 403

"I do! I do!"

Without waiting for Christ to answer, Penny's family and friends had already started to get up and shouted.

After hearing the host's words, Christ's eyes could not help but drift away.

He couldn't help but remember, when he and Kiki got married, the host had asked him a similar question.

At that time, the host asked, "Mr. Birkin, are you willing to marry Miss Hartsell? Are you willing to hold her hand and grow old with her, no matter whether you are rich or poor, whether you are healthy or sick?"

At that time, he did not answer, the atmosphere was a little stiff, and the host pretended to lighten the atmosphere, said, the groom married a beautiful woman have been happy silly, that we all say together for him – I do.

Is it because he didn't say "I do" himself that he and Kiki didn't go through with it?

He wanted to grow old with Kiki, and he was willing to say a thousand times I do with his own mouth, but Kiki didn't want to listen anymore.

At that time when the host asked the same question to Kiki, Kiki smiled and said I do.

At that time, Kiki was so vivid that every look in her eyes seemed to have been scorched by the sun.

After answering this question, Kiki continued to say, "I love you, Christ, no matter how many obstacles there are between us, I love you for the rest of my life without regret."

I love you, Christ, not only for your handsome when you were young, but also for every wrinkle on your face when you are old.

So, Christ, we will grow old together!

Kiki, you haven't even seen the wrinkles on my face and you already don't want me.

Kiki, you owe me!

"Mr. Birkin, may I ask if you are willing to marry Miss Wallace? In poverty or wealth, in adversity or in good times, in sickness or in health, are you willing to love and care for her and shelter her from the elements?"

After a delay in getting an answer from Christ, the host couldn't help but ask again.

Penny was ready for this perfect wedding today, but looking at such a Christ, an indescribable panic suddenly arose in her heart.

With so many people watching them, their wedding being broadcast live by the media, if Christ said a word of no, then she would really be ashamed to meet anyone in the future.

Penny spoke in a small voice, "Christ, don't embarrass me, okay?"

To Penny's words, Christ seemed oblivious, his ears were filled with Kiki's voice, and all his eyes could see was Kiki's face.

Everything between heaven and earth has disappeared and only one Kiki is left.

Because, in his heart and eyes, he only had Kiki!

"Mr. Birkin must be so in love with Miss Wallace, he's so overjoyed he's speechless with excitement! Mr. Birkin gives Miss Wallace such a sensational wedding, so naturally he loves Miss Wallace miserably, so how could he not want to marry her!"

Fearing that the wedding would be unexpected, the host hastened to said with a smile on his face as he turned the microphone towards the direction of the guests, "Let's help Mr. Birkin to shout out together, I do!"

"I do!"

As soon as the host's words left his lips, Christ had already shouted out.

Listening to Christ's voice, Penny couldn't help but let out a long breath of relief, he was, after all, willing to take her as his wife, moreover, his voice was so loud and excited.

Penny's heart fluttered, her Christ still cared for her in his heart.

Penny hadn't been happy for three seconds before Christ's voice, again, rang out in the air.

He said, "I do, Kiki!"

The whole room was amazed.

The reporters were even so shocked that they forgot to take pictures.

This was Christ and Penny's grand wedding, how could he, in such an important part of the ceremony, call out his ex-wife's name?

It was also at this moment that she suddenly realized that Christ, unknowingly, had fallen in love with Kiki.

Perhaps, more than she thought, she loved Kiki.

The so-called love is not an excuse that can be justifiably used to hurt others. No matter how much Christ loves Kiki, it cannot make up for the hurt he once inflicted on Kiki.

There is no turning back, the sins Kiki has suffered, the damage she has done, can never be erased in this life!

"Kiki, I do!"

Christ's voice, still continuing, was so shocked by his sudden outburst just now that no one took a breath and the scene was silent.

Now that everyone had come back to their sense, there was a lot of chatter.

"What's wrong with Mr. Birkin? Why is he suddenly shouting his ex-wife's name?"

"Can't it be that Mr. Birkin is actually nostalgic for Kiki?"

"How could that be! Six years ago, it was Mr. Birkin himself who sent Kiki to prison!"

"Can't it be that Mr. Birkin is, in fact, possessed by an evil spirit?"

.....

Listening to the chatter of the scene, Penny's tears fell, she has never been so wretched. This is the wedding she has been looking forward to for years, the happiest and most joyful moment in her life, but the man she loves the most, in front of the whole world, shouted out the name of Kiki!

How can she not hate this!

"Christ, I am Penny! The person you're married to now is me, Penny!"

Penny cried and flung herself into the arms of Christ, "Christ, don't let everyone see me as a joke, okay? I don't want to be the laughing stock of the world!"

Listening to Penny's cries, Christ's consciousness regained, he stiffly patted Penny's back, he looked at the crowd of guests at the scene with cold eyebrows, as if to explain his earlier outburst.

"Sorry for the slip of the tongue."

Slip of the tongue?

Who would have believed that at such an important moment, Christ would make a slip of the tongue! The reason why he called out Kiki's name was because he couldn't stop thinking about her!

However, due to Christ's status, no one dared to say anything.

The host continued to say, "The groom is so excited that he made a slip of the tongue! The groom is so excited, he must be in love with our beautiful Miss Wallace! It's true, Miss Wallace is such a beautiful woman, he must be so happy to be married to her."

The host was afraid of any further slip-ups and hastily skipped the question and moved on to the next stage, "Next, please exchange the wedding rings!"

Christ was gloomy, not the least bit cheerful as a groom, but he still put the ring on Penny.

Before the ring could be placed on Penny's hand, the music, which was playing the wedding march, suddenly changed.

From inside, it was clearly the voice of Penny.

"Diego, the child I had in my belly at the time was not Christ's."

Chapter 404

At the sound of this voice, Penny's face changed dramatically, and she turned her face suddenly, as if she had seen a ghost, and stared deadly at the stereo behind her.

How can it make such a sound?!

Who on earth would want to do this to her?

It's Kiki, the bitch, isn't it?

She should have killed her earlier, she shouldn't have let her live this long!

Just now, when Christ suddenly shouted out Kiki's name, the guests were shocked, and now, when such a voice suddenly came out from the stereo, there were even more shocked.

Even Christ, whose expression did not fluctuate, could not stop his eyebrows from beating wildly a few times, and his heart seized up uncontrollably.

Christ's heart would seize so hard, not because he was jealous of Penny's indiscretion with another man, but in fear.

Yes, Mr. Birkin of Arkpool City, who had always been so high and mighty, was now afraid. He was afraid that, next, he would hear more truths than he was willing to admit.

He was afraid to know that Kiki was in fact innocent.

"What the hell is going on here? How did such a phrase suddenly appear inside the audio? How does this sound like how does it sound like Miss Wallace's voice?"

In reaction, the guests could not control their shouts of surprise.

"This is clearly Miss Wallace's voice! How could Miss Wallace say that the child in her belly is not Mr. Birkin's? Could it be that Miss Wallace has been with another man behind Mr. Birkin's back?"

"But I heard before that Miss Wallace was pregnant with Mr. Birkin's child. So it was not the truth?"

"If that's true, Mr. Birkin has really been cuckolded by Miss Wallace!"

“Poor Kiki, because of this child, she was personally sent to prison for five years by Mr. Birkin!”

.....

The voice in the stereo continued, “Christ never touched me, even when he was drunk and I climbed into his bed.”

Penny was so shocked that she frantically rushed over to the stereo and sternly ordered the staff aside, “Turn off the stereo! Turn it off!”

Her family hadn’t expected such a sudden turn of events either, and Dylan and Penny’s parents couldn’t care less about their status image and yelled at the staff as well, “Who told you to play this stuff! Turn it off!”

Seeing that the staff remained indifferent, Dylan was so angry that he jumped to his feet, “Turn it off! Turn it off now! If you don’t turn it off, I’ll kill you all!”

Those few staff members completely ignored Dylan, they had the backing of Mr. Fitzgerald, they would still be afraid of Dylan?

Although they didn’t turn off the sound, there was a brief pause in the sound. Thinking that the sound wouldn’t come back on, Penny hurriedly grabbed the microphone in the host’s hand to cleanse herself.

“Don’t misunderstand, someone must have played a prank to ruin my wedding with Christ.”

If Penny had not spoken, everyone might not have been so sure that the owner of the voice was Penny, but as soon as she opened her mouth, no one doubted who the owner of the voice really was anymore.

Just as Penny said this, her voice rang out again on the stereo, “The next night, I went to the bar to get drunk, I got drunk and unconscious, and when I woke up, I found”

Penny suddenly turned her face, she could no longer control the panic and rage in her heart, she viciously threatened the staff, “I said turn off the sound! Believe it or not, I’ll have Christ sack you now!”

Penny saw that they were completely indifferent, she hurriedly had to unplug the stereo, Dylan and his parents also came forward to help, the stereo was unplugged, but the sound still continued to ring in the air.

“I was bullied by a strange man. Can you imagine what a bolt from the blue that was for me, Diego? And to add to my pain, I found out that I was pregnant.”

Penny looked around in bewilderment as she tried to find the culprit making the noise, but she couldn’t.

That voice, still like a magic sound, penetrated everyone’s ears.

With such a large venue, there must be a lot of sound on site, but where are they all hidden away? Why couldn’t she find them!

“Stop that! Stop that!” Penny covered her ears hard, the sound would ruin her! Why was this voice, it just wouldn’t stop!

“I really love Christ and I’m afraid I’ll lose him, I can only pretend that what’s in my belly is his child.”

“I told Christ that I was pregnant, but I was afraid to have that child because I was worried that Christ would find out that it wasn’t his child. So, I had to take a risk and kill the child in my belly with my own hands and frame Kiki in the process.”

“Diego, wasn’t I despicable? But I really felt bad at that time, Kiki was shameless, she stole my Christ, I was really obsessed, I just wanted to snatch my Christ back.”

The sound in the audio came to a screeching halt.

Penny dropped to the floor in dismay, it was over, it was all over!

Now, everyone knew that she was shameless, that she was pregnant with someone else’s child, and she wanted to blame it on Christ, and that she had viciously killed her own child and framed Kiki! She was completely ruined!

She’s never going to turn over again!

No!

She was not resigned to it!

Today, she had married her beloved Christ as she wished, and she was just one step away from becoming the rightful Mrs. Birkin. How could it be ruined?

Penny wiped away the tears at the corners of her eyes, ignoring the scornful or mocking or disgusted looks from the crowd on stage, she straightened her chest and said word for word, “I was framed!”

“I am innocent and have never done anything wrong to Christ, someone deliberately set me up!”

“It’s Kiki! She can’t see me well! She can’t see me and Christ in love! She’s deliberately trying to break me up with Christ, she’s trying to hurt me! You can’t be fooled by Kiki! You can’t be fooled by Kiki! Yes, you can’t be fooled by Kiki!”

After saying this, Penny turned around again in a hurry, and she clutched Christ’s hand hard, “Christ, you can’t be fooled by Kiki! Kiki is trying to divide our relationship! Christ, you have to believe me! I only have you in my heart, how could I possibly betray you!”

“Christ, Kiki killed our child and she tried to ruin our wedding, she’s so vicious, you mustn’t let her get away with it!”

Chapter 405

Penny wanted to say something else, but when she met Christ’s eyes that were so cold that she suddenly couldn’t find her voice.

She could only look at Christ in a daze, shaking her head vigorously with tears in her eyes.

He was like a lion on the brink of madness, seemingly ready to bite off a person’s throat and bruise them to death in the next moment.

In particular, the disgust in his eyes was like a knife carved into the eyes inch by inch and stabbed into one’s heart, leaving one breathless.

Finally, he opened his mouth, his voice as cold as if it came from the iceberg of tens of degrees below zero, "Penny, Kiki didn't kill your child, did she? Say it! Why did you set Kiki up? Tell me! Why?"

He was so strong that he squeezed Penny's neck to the point where she couldn't breathe, she was about to spit out her tongue, but he still didn't have the slightest intention of letting her go.

When Penny did not speak, Christ asked again, word by word, "Why did you set Kiki up like that! Why!"

"Christ, let go of Penny! You'll kill Penny!" Penny's mother was afraid that her daughter would die, so she hurriedly stepped forward and tried to pull Christ away, but her strength was no match for Christ's, and Christ's iron-clamp-like hands continued to choke Penny unceremoniously.

"Let my sister go!" Dylan was also frightened by Christ's action, "Uncle, sister loves you so much, she has given so much for you, you can't do this to her!"

"Yes Christ, can't you see Penny's heart for you? Christ, stop it!" Penny's father also said with a panicked look on his face.

"Yes, Penny, you've given so much for me!" Christ spat out these words, almost word by word through clenched teeth.

"You made me think I touched you, you made me think Kiki killed your child, and I also, gave you the opportunity to be violent to Kiki for five years, you gave a lot for me, a lot!"

"Christ, let go!" Evie rushed to the stage, she grabbed Christ's arm hard, her eyes were teary, the corners of her eyes were still wet, only these tears were for Kiki, not for Penny.

She knew that the Kiki she had grown up with would not do such a heartless thing, and indeed, it was Penny who had set Kiki up!

Evie had also heard about Kiki being brutalized in prison. She had, in fact, bribed someone in the prison to take care of Kiki at the time, not realizing that Penny had even bribed her people, making it impossible for her to learn about Kiki's true condition in prison.

Thinking of what Dave had told her about all the abuse Kiki had received in prison, Evie wanted to kill Penny even more than Christ did.

But now, Christ could not kill Penny.

In full view of everyone, if Christ had killed Penny, something that clearly broke the law, even if their family was so powerful, they would not be able to completely suppress such a scandal.

It's not worth losing her son's life's future for Penny!

"Christ, stop it!" Frank also yelled at Christ in a cold voice.

Christ did not want to stop, when he thought of Kiki's child who died tragically in prison, when he thought of all the suffering Kiki had endured, he hated that he could not kill Penny with a thousand cuts.

"You can't kill my sister! Have you forgotten who saved you from the fire in spite of her life? My sister saved your life, you can't kill her!" Thinking of this matter, Dylan could not help but have a little more strength in his heart, "You cannot do that!"

Christ heaved Penny to the ground without pity, his eyes were red, now he did not look like a living human being, but rather like a ferocious beast that drank blood.

Penny had saved his life back then, otherwise, Penny would have been a corpse by now!

Seeing that Christ had finally let go of Penny, Evie finally let out a sigh of relief as she pulled Christ closer, "Christ, calm down! We'll settle Penny's score with her later! Now, the most important thing is that you should apologise to Kiki!"

Thinking of these deeds done by his own son, Frank felt ashamed of Kiki and could not help but speak up, "Yes, Kiki is indeed very innocent!"

Christ's body was shaking so much that he could barely stand.

How could he not know that Kiki was really innocent!

Kiki didn't hurt Penny's child at all, she did nothing wrong, yet she had to endure his anger over and over again, and spent five years in jail for wrongdoing, she suffered so much, how could she not be innocent!

Christ, if one day you find out that I didn't kill your and Penny's children at all, for my five years in prison, my two children who died tragically, how should you compensate!

Christ covered his face, such a strong man, such a towering man, suddenly wanted to cry in the midst of all the attention.

What should he do? He had driven Kiki to a dead end step by step, but in the end, he found out that Kiki owed him nothing, and how should he pay for his sins!

Six years ago, Kiki said that she was innocent, that she was wronged by Penny, but he didn't believe her, he only believed Penny's side of the story, but if he could have believed her one bit, between them, they wouldn't have come to this point.

Kiki, I always said that you were sorry for me, but it turns out that it was me who was sorry for you.

He wanted to rush to Kiki, hug her hard, repent to her and say to her, "Kiki, I was wrong, I misunderstood you, I'm sorry, Kiki, forgive me, I really know I was wrong, I regret it.

But he did not have the courage to appear in front of Kiki.

He tortured Kiki time and again, he trampled Kiki's dignity under his feet, he made Kiki's life worse than death, what face does he have to appear in front of Kiki!

Christ, if you touch me again, I will die! I will die!

Kiki's voice suddenly rushed into Christ's mind, and his body trembled.

He had, at the time, always felt that Kiki was trying to say that out of anger, but now, he suddenly felt that Kiki would really die.

Thinking of Kiki's determined tone and the misanthropic, thin smile on her lips, Christ's heart was filled with unspeakable panic.

In case, Kiki dies, what should he do?

He, too, doesn't have to live!

"Kiki!"

Christ couldn't care less about the crying Penny, or the astonished eyes of the thousands of guests, and with his long straight legs, he sprinted at a speed of 100 metres towards the presidential suite on the top floor.

"Christ, where are you going?!" Penny stepped forward, she fell to the ground and hugged Christ's legs, "Christ, please! I know I'm wrong, for the sake of saving your life, don't leave me behind, okay?"

Chapter 406

Hearing Penny's words, Christ suddenly laughed.

But when he smiled like that, it was more frightening than when he had a dark, sullen face.

It was as if, with such a smile, he could produce countless knives, inch by inch, to lynch you.

"Penny, you saved my life, otherwise, I would have already taken your life!"

Penny trembled, she looked at Christ incredulously, was the kindness that saved his life back then no longer good enough?

No! The only thing she can rely on now is her saving grace to Christ, she can't lose her only trump card!

"Christ, you can't be so cruel to me! I've really been set up! You can't be fooled by that vixen Kiki! She doesn't want me to be good! She doesn't want me to marry you happily!"

"Christ, please, please don't leave me behind, okay? Christ, I really love you!"

"Cruel?" Christ smiled, "Penny, my two children both died because of you, I didn't ask you to pay for that, that's already merciful enough!"

"Christ, I didn't! It was really all Kiki who set me up! I didn't do anything! I was set up!"

Christ's smile became colder and colder as he roughly lifted Penny's chin, every word was heartbreaking, "Penny, tell me, for those five years, when you had someone inflict violence on Kiki, did someone force you, or, did you deliberately roll down the stairs and frame Kiki?!"

Seeing that Penny was blocked from speaking by his words, Christ continued, "Don't tell me that Kiki forced you to commit violence against her, and she forced you to deliberately frame her!"

"I"

Penny was biting her lip to death, and she was still trying to defend herself but Christ had already thrown her to the ground like a piece of rubbish.

"Since you have nothing to say, then, get out!"

After saying this, Christ didn't make any more stops and rushed towards the VIP lift with quick steps.

The reporters naturally wanted to interview Christ and dig deeper into the love-hate relationship between the three of them, but the aura of Christ was so terrifying that they did not dare, so they could only suppress the urge to interview him and go to interview Penny instead.

Penny still didn't want to believe that she had a good blooming wedding and that Christ had just left her behind.

She stumbled and ran in front of Evie and Frank, begging pitifully, "Dad, Mom, you have to do something for me! I was really framed for the recording! It's Kiki who is in cahoots with Diego to harm me, she and Diego are having an affair! Dad, mum, you can't just stand by and watch someone else do this to me!"

Evie sneered, "The person who caused my son to divorce Kiki is the enemy, the person who killed my grandson is the enemy, the culprit who let someone do violence to Kiki in prison is the enemy! Penny, you say who is my enemy!"

"Mom"

Penny's face was miserably white, and she didn't know what to say for a moment.

After a moment of reprieve, she said with a choked voice, "Mom, why don't you want to believe me! I really haven't harmed anyone! This recording is a fake!"

"Fake?" Evie looked at Penny as if she was looking at an idiot, "Penny, are you trying to tell me that these words were forced you to say them, or, someone faked your voice?!"

"Mom, I"

Evie's eyebrows were filled with disgust, "Don't call me mom! I wouldn't dare to have a daughter-in-law with a snake's heart like yours!"

Penny's mother couldn't bear to see her precious daughter suffer so much, so she couldn't help but say to Evie, "Don't be so harsh, even if it's Penny's fault, it's because she likes Christ too much! Can't you forgive her?!"

"What, because Penny likes Christ, she deserves to harm people? Is it true that even killing and setting fire to people can be justified in your eyes as long as it is done in the name of so-called liking?!"

Once she thought of the grievances Kiki had suffered, Evie didn't even want to pretend to be superficially peaceful, "Also, I don't have an in-laws like you who is an enabler!"

"You can't say that, Penny and Christ are both married, we"

"Married?!" Evie's eyes coldly cut Penny's father's words off, "It's just a wedding with a lot of laughs, what kind of marriage is it?! You are not legally blind, they haven't registered at the Civil Affairs Bureau yet, their current relationship is not even a fart!"

Evie's words made Penny's father speechless, but Evie felt that this was not enough relief, she stepped forward and looked at them angrily, "I give you a word of advice, in the future, do not appear in front of me again to disturb me, otherwise, I will beat you up!"

Penny's father did not expect Evie to put it this way, she wouldn't let them appear in front of her, which means that the cooperation between the two families

Although the Wallace family is also considered a wealthy family in Arkpool City, the level of wealth is simply not comparable to that of the Birkin family. Over the years, the Wallace family has been able to develop well, and a large part of the reason is that they rely on some of the orders given to them by the Birkin family.

If the Birkin family terminated their cooperation with them, their family wouldn't be able to last.

"The cooperation between our two families"

"What cooperation?!" Evie cut Penny's father's words off with a cold face, "A bunch of ungrateful people, who dares to cooperate with you?!"

Penny was still trying to salvage something in front of Evie when several reporters had surrounded her, making it difficult for her to take a step closer to Evie.

"Miss Wallace, may I ask if it was really you who set up Kiki six years ago by directing yourself?"

"Miss Wallace, there are many people on the internet saying that you are actually the mistress of Mr. Birkin and Kiki, is this true?"

"Miss Wallace, just now I saw a post that said that Mr. Birkin would treat you well because he thought the person who saved him from the fire as a child was you, but the person who actually saved him was Kiki, is this true?"

"Miss Wallace, you stole the credit for Kiki's desperate attempts to save Mr. Birkin, and set Kiki up again and again, how can you do that?!"

"Miss Wallace, I heard that you also got someone to commit violence against Kiki in prison, even chopping off her little finger and killing her child, is this all true?"

.....

The reporters' questions, one sharper than the other, made Penny cover her ears hard, "I didn't! I didn't! I didn't do anything! Why are you guys helping Kiki to harm me like this?!"

Chapter 407

"Miss Wallace, is it that no matter what mistake you make, you can always put it on others?" An old reporter really couldn't stand to see this look of Penny that always likes to pretend to be pitiful, "Miss Wallace, we didn't see Kiki harming you, but you, no matter what happens, you like to blame Kiki!"

"Kiki didn't make a mistake, sitting in jail for five years is already a great injustice, you still let people do violence to her in prison, you are so ruthless!"

The reporter's unrelenting accusation blocked Penny from saying anything in defence for a moment.

Without waiting for her to say anything, another young female reporter couldn't help but say, "Who could do something like killing their own child if they had some humanity! From the moment she killed her own child, she was inhuman!"

“You guys helped Kiki harm me, you’re the ones who are inhuman!” Penny was also anxious, “I didn’t make a mistake at all, who are you to accuse me? You guys took advantage of Kiki, didn’t you?!”

“Penny, you are incorrigible!” That old reporter had been in the business of journalism for so many years, but this was the first time he had seen someone so shameless as Penny.

He continued to verbally bash Penny, “Penny, we don’t have to take benefits from Kiki, for what you did, anyone with a bit of conscience would want to slap you to death!”

“If you guys dare to bully my sister again, do you believe I’ll get you killed?!” Dylan shielded Penny behind him and arrogantly threatened the reporters.

Dylan was so used to being arrogant that he didn’t give a damn about the reporters. He wiped his nose and punched the front-most female reporter hard in the face.

Dylan’s punch was so hard that blood oozed from the corner of the female reporter’s lip at once.

The Wallace family’s siblings’ evil behaviour was already outrageous, but now that Dylan had even hit someone, especially a woman, the reporters were even more outraged.

“Who are you to beat people up?! You can beat up people just because your Wallace family has a few stinking money?!”

“Yes, it’s too much! What’s even more annoying is that initially I really believed that Kiki was dancing striptease to seduce him, I even scolded Kiki, only to find out later that it was actually Dylan who forced to bully Kiki, this two siblings are really disgusting!”

“It’s not terrible to look disgusting, but it’s disgusting to be annoyed! Everyone should see for what they are!”

“Penny, Dylan, you disgusting siblings both owe Kiki an apology!”

“Apologize to Kiki! Apologize to Kiki!”

.....

Listening to the reporters all clamouring for them to apologise to Kiki, Penny and Dylan were so angry that they almost vomited blood.

From a distance, Penny saw Diego smiling in the guest gallery, her heart was filled with hatred and she didn’t know where she got the strength to push away the reporters blocking her and rush in the direction of Diego.

Penny’s eyes were bloodshot as she stared fiercely at Diego, “Diego, you put on the recording, didn’t you? Didn’t you say that you would treat me well for the rest of your life and that you would protect me well, why did you help Kiki to harm me like this?!”

“Excuse me, did I really say those words?” Diego had an innocent look on his face, “I’ve always had a discerning taste, Miss Wallace, you really are not my type.”

“As for treating you well for the rest of your life and protecting you well sorry, I really don’t have such heavy tastes! Also, by releasing this recording, I’m not doing it to help Kiki, but, rather, to do justice to God!”

“Diego!”

Penny stared indignantly at Diego, she could not dare to think that Diego, who had been all kinds of ingratiating and affectionate to her some time ago, would suddenly be so desperate towards her?

“I don’t think Diego has such heavy tastes either!”

“Yes, Diego is glorious and high-minded, how could his taste be so heavy!”

“This act by Diego is really something to praise about!”

.....

Many of the guests wanted to get in touch with Diego, so they took the opportunity to flutter him.

Diego was happy, but Penny was angry.

Penny gasped hard before she spoke with hatred, “Good, Diego, you’re great! You’re great! You think you’re doing justice for heaven, don’t you? I’m telling you, you’re a liar!”

“Liar?” The smile on Diego’s face did not diminish, “A liar is better than a murderer, at least, even if I were to lie, I would not kill my child with my own hands!”

“You!”

When Penny was about to say something else, several policemen came over in a righteous manner.

“Miss Wallace, please come back to the police station with us and cooperate with the investigation, we suspect that you have threatened and bribed public officials by improper means.”

“I didn’t!” Annin screamed out of breath, “I’m not going to the police! I’m not going!”

“Who told you to arrest my sister? Who are you to arrest my sister? Let go of my sister!”

In the past, when Dylan e was getting into trouble, he had the Birkin family to lean on and no one dared to do anything to him, but now that he has lost the harboring of the Birkin family, he cannot afford to make a scene.

However, he was so smug that he couldn’t see the situation.

Dylan tried to give these policemen a beating. As a result, naturally, after hurting one of them, he was taken back to the police station by the policemen together with Penny.

Penny’s mother, who was a bit more timid, saw that both Penny and Dylan had been taken away by the police and simply fainted in her anxiety.

Penny’s father was in tears, but there was nothing he could do to help.

For the first time, Christ felt that the lift was running so slowly, and he felt as if a century had passed before the lift ran to the top floor.

As soon as he got off the lift, he made a whirlwind dash to the same presidential suite he had just been in.

He took the door card, but the door would not open at all. Apparently, it had been unlocked from the inside.

Christ's eyebrows jumped, and the bad feeling in his heart grew stronger and stronger.

He rapped hard on the door of the room, he shouted Kiki's name, but he could not get a single response from Kiki.

He took out his mobile phone and called Kiki, but there was no answer.

When Christ picked up the phone, he glanced at the time in passing; an hour and a half had passed since he left this presidential suite.

If Kiki had really sought death, the gods would not have been able to save her after such a long period of time.

"Kiki, open the door!"

He could not wait any longer and asked the hotel attendants to bring tools and pick the lock.

The door to the room was finally opened and Christ ran straight to the bathroom. Before he reached the bathroom door, he saw that there was bright red blood seeping out from underneath the bathroom door, and the heavy blood smell stung every pore on his body so much that he couldn't breathe.

Chapter 408

Christ had never been so scared before, so scared that the cold hairs on his body trembled along with his body.

He was really scared. He was afraid that, when he opened the door to the bathroom, what he would see would be a cold corpse.

He had never been a good man in all his years in the mall, and he had stepped on other people's corpses to climb up step by step without changing his face, but he was afraid of seeing Kiki's corpse.

"Boss"

Dave, who had hurried up, also realised what had happened and it was hard for him to think that it might be Kiki, who had been so kind to him, inside.

Dave felt that his boss had gone too far by bullying Kiki time and again, but when he saw how soulless Christ looked, he felt sorry for his cold, hard, ruthless and decisive boss.

Christ did not say anything, he decided to open the door after all, what if, Kiki was still alive? If he delayed one more minute, Kiki's chance of survival would be one less.

The door to the bathroom was also locked from the inside by Kiki. Christ couldn't wait a second, he lifted his foot and kicked the door in front of him open fiercely.

The blood pervaded.

It stung so much that even Christ's eyes were tinged with a diffuse bloodstain, so painful that it took all his strength to open his eyes.

Kiki, lying in the bathtub like that, was motionless, showing only a lifeless face.

The water was not turned off, the water inside the bathtub, mixed with Kiki's blood, was still flowing out non-stop, inside the bathtub was also scarlet, set off Kiki's bloodless face more miserable white as paper.

Her left wrist, dangling casually in the bathtub, was washed by the water, bringing out traces of blood.

From the direction of Christ, he could clearly see the bone-deep gash on Kiki's left wrist.

Christ, if you touch me again, I will die! I will die!

Christ stumbled so violently that he would have fallen to the ground if Dave, who was standing behind him, had not held him up so hard.

He knew that Kiki was severely depressed, and he also knew that Kiki had committed suicide many times in prison, and even after her release.

But because he had not seen it with his own eyes, he always felt that a woman like Kiki would not easily joke about her body.

So, after Kiki said that if he touched her again, she would die, he didn't take it too seriously at that time and still rape her.

But, she wasn't scaring him when she said she was going to die, she was really going to die!

"Kiki!"

Christ's eyes were red with desire, and Dave, who was standing by, didn't know what words to use to describe Christ's voice at this moment.

He had never thought that a man so cold could have a voice that hurt so much.

Suddenly, he didn't dare to hug Kiki, why did she not even move?

He desperately wanted to see her move, even if it was a slight movement.

"Kiki!"

The pain in Quinn's voice was no less than that of Christ. Recently, because he and Christ had become love rivals, their relationship had become somewhat frosty, but the friendship of many years was there after all, and he still came over to attend Christ's wedding.

Just now at Christ's wedding, he sent several messages to Kiki, but Kiki did not reply.

He called Kiki, but there was no answer.

At that time, a very bad feeling was born in his heart, and he called the staff member responsible for helping Kiki record the song, only to find out that Kiki was staying at the Hotel.

After making this call, the ominous feeling in his heart became even stronger, especially when he saw that Christ had just rushed upstairs like a madman, he could not wait a minute longer.

He had to wait for the next lift as he could not catch up with him.

He didn't know which room Christ or Kiki were staying in, and he went back to ask the hotel staff for this information, wasting a lot of time. Unexpectedly, by the time he caught up, he just happened to see this scene.

"Kiki!"

Quinn felt his whole heart was dripping blood as he hugged Kiki into his arms with all his might. The water inside the bathtub was obviously still warm, but her body was so cold.

Also, her chest was pressed against the front of his chest, but, he couldn't feel her heartbeat.

Kiki, where's your heartbeat!

"Quinn, give me back Kiki! Give her back to me!" Christ went crazy and lunged at Quinn, Kiki was his, he wanted to snatch his Kiki from him!

He had accidentally lost his wife, and now that he had, with difficulty, found her, he could not, again, let her disappear from his sight!

"Christ, who are you to ask me to return Kiki to you! Christ, get out of my sight! Don't force me to kill you!"

Quinn was not blind, and as soon as he looked down, he clearly saw the obvious red marks on Kiki's neck, as well as, the traces that were hidden elsewhere on her body.

Her neck, which should have been strangled, and her lower lip, which she had bitten through herself, the blood having dried, was still frightening.

Apparently, just now, she was raped by Christ.

He knew how much Kiki hated Christ, and he also knew how desperate Kiki was in her heart when she was bullied by Christ time and again.

Raped by the man she hated most, she had no way to escape, so she chose to die.

It was as if she had said that time when she was bullied in prison and she would rather die than submit and bite her tongue.

It was Christ who forced Kiki out of her way! He has no right to touch Kiki again!

"Quinn, give Kiki back to me!"

But Christ at this moment only had one thought, and that was he would not let Kiki be snatched away by anyone else!

When Freya, who arrived afterwards, saw Christ jumping up and trying to grab Kiki, she pushed him away with all her strength, "Christ, are you sick! Who told you to bully Kiki over and over again! What gives you the right!"

“Give me back Kiki!”

Christ said in one word, “Give her back to me!”

“Christ, if you want Kiki to die, you can keep making trouble!”

Freya’s words instantly calmed Christ down, and she told Quinn to quickly place Kiki outside on the big bed as she stepped forward and gave Kiki an emergency pressure to stop the bleeding.

It hadn’t really been an hour and a half since Kiki slit her wrists, she had just spent over an hour in the bathtub just soaking.

She still, for now, had a trace of breath, but Freya was not sure if Kiki would survive.

Kiki’s suicide by slitting her wrists this time was more serious than each of the previous ones, and it was likely that Kiki would be out of breath.

Chapter 409

“Freya, Kiki can still be saved, can’t she? She can still come back to life, right?!”

When Christ saw that Freya had given Kiki emergency treatment, his heart, again, rose with hope, “Freya, tell me, Kiki can still live!”

“Christ, shut up!”

Freya was so annoyed by Christ, if it wasn’t for him, Kiki wouldn’t have become like this, what right does he have now to wail and scream here!

If anyone else had dared to yell at him like that in the past, Christ would have already broken her neck.

But this time, being rebuked by Freya like this, he actually shut his mouth.

He knew that Freya was a doctor and she was saving Kiki, and he was afraid that he would disturb Freya’s treatment of Kiki.

After doing the emergency compression treatment, Freya forcefully wrapped another piece of cotton cloth around Kiki’s wound, she turned her face to look at Quinn, “Quinn, let’s quickly take Kiki to the hospital!”

Hearing Freya’s words, Quinn did not dare to delay in the slightest, he picked Kiki up in his arms and rushed towards the outside of the room with quick steps.

Freya looked at Kiki, who was lifeless in Quinn’s arms, she could not control the redness in her eyes. She was extremely glad that she did not let Jaden and Jayla follow her just now, if she had let them see this scene, they would have cried.

Kieran pulled Freya into his arms. He was not good at comforting others, but to his girl, he always had inexhaustible patience, “Freya, don’t worry, Kiki will be fine.”

“Mr. Fitzgerald, I’m not sure, I’m really not sure, I’m afraid, Kiki will never wake up again

Freya whimpered lowly, and as she wiped away the tears at the corners of her eyes, she caught up with Quinn.

She wanted to stay with Kiki, even if this time, Kiki's chance of survival was slim, she still wanted to, from the hands of death, snatch Kiki back.

As he watched Kiki being carried away by Quinn, Christ was so anxious, but he did not go up to grab Kiki again.

He knew that now was not the time to fight for it, nothing was more important than Kiki's life.

Quinn carried Kiki directly to the underground car park. Christ wanted to follow Quinn's car to the hospital, but after Freya and Kieran got into the car, Quinn slammed on the accelerator and took off, without any intention of waiting for him.

As soon as she arrived at the hospital, Kiki was admitted to the resuscitation room.

After the door to the emergency room was shut, Christ felt as if he and Kiki were cut off from each other in two worlds.

He raised his hand and landed on the door of the emergency room, he really wanted to smash this door open and go inside to stay with Kiki to stay with Kiki.

However, he couldn't get in.

Christ regretted it, he really regretted it.

He regretted divorcing Kiki, he regretted sending Kiki to prison, and he regretted, even more, hurting Kiki again and again.

During Kiki's five years in prison, it was true that Penny had ordered people to torture her, but if he, the culprit, had not sent her to prison, those people would not have been able to torture her with impunity!

Before, Christ felt that he deserved to hurt Kiki because, Kiki killed his and Penny's child, now, he just felt that what he had done was like a joke, a most ridiculous joke.

Only this joke, instead of making people laugh, knocked Kiki into the abyss of doom and gloom.

"Kiki, nothing can happen to you"

Christ murmured lowly, "You will be fine as long as you get better, I'm willing to do whatever you want me to do."

"You said that you wanted to grow old with me, and that as long as you got well, for life and for generations, I would stay with you until you were old"

The door to the emergency room was suddenly pushed open and Christ and Quinn rushed over in unison, "Doctor, how is she?"

"Patient lost a lot of blood"

When the doctor said these words, Christ and Quinn felt their heartbeats were about to stop.

Can't she be saved?

Fortunately, the doctor said, "The patient needs an emergency blood transfusion, but the patient is RH negative and the hospital blood bank is low on stock, so....."

"Draw my blood!"

"Drain my blood as long as she comes back to life!"

Two voices sounded at the same time, Quinn smiled and glanced coldly at Christ who wanted to drain his blood for Kiki, "Christ, you're not RH negative blood, what's the use of draining your blood?!"

Christ stood frozen in place, yes, he was really mad and had forgotten even the most basic common sense.

He is blood type A and is unable to give Kiki a blood transfusion.

He can't save Kiki

Quinn didn't bother to pay attention to Christ who was so stunned that he wanted to cry, his handsome mixed-race face was marked with obvious anxiety and worry, "Doctor, take my blood! I'm RH negative blood! As long as she can get better, it doesn't matter how much blood you take from me!"

"Good, then you come in with me and give Miss Hartsell a blood transfusion." After the doctor said this, he let Quinn put on a sterile suit and follow him inside the emergency room.

As he lay on the hospital bed next to Kiki, watching the blood in his body, little by little, enter Kiki's body, Quinn's heart was filled with unprecedented joy and relief.

His blood fused with Kiki's, and one day, he and Kiki, too, would be so close that they would never be separated again.

Quinn gazed smittenly at Kiki's face that was gradually tinged with vigor. Kiki, it was my fault, I was careless and failed to protect you, I, Quinn, hereby swear on my life, in the future, even if I am doomed to die, I want you to be safe and sound.

So Kiki, give me a chance to woo you, if you don't try, how will you know how good I am!

Seeing Quinn follow the doctor into the ward, Christ was so anxious.

Kiki was his woman, the one who went in to keep her company should be him, how could he let Quinn take the lead!

However, as long as Quinn's blood could save Kiki, he would let Quinn have his way for once!

After that, he must steal back Kiki's heart again!

Kiki's life had been saved.

But she never woke up.

The doctor said that Kiki did not have any sense of survival and that it was her own fault for not wanting to wake up.

Her body was alive, but her heart was dead.

This was a silent game between the two men for Quinn and Christ stayed 24 hours with Kiki.

On the ninth day of Kiki's coma, the night before Freya and Kieran's grand wedding, a big event happened on Freya's side.

Kieran was dead.

Truly dead.

Chapter 410

The night before Freya and Kieran's wedding, Kieran went back home after taking care of company business.

On his way back, he was involved in a car accident.

There were no cameras in the lot where he was involved in the accident to restore the exact circumstances of his crash at the time, but it could be roughly deduced from the marks at the scene.

His sports car collided with an oncoming heavy truck when it went over the guardrail on one side of the road.

He struck the back of his head just above a sharp stone and died instantly.

Because of the remote location of his accident and the hit-and-run driver, by the time his body was found, it was the next morning.

According to the custom of the city, the bride and groom not allowed to see each other the night before the wedding.

Although Freya and Kieran had been legally married for a long time, because Kieran really cared about the wedding and wanted to give her the best, he, a man who had never been superstitious, still followed the traditions and did not stay with Freya the night before the wedding.

Freya and the two little ones have both moved into Kieran's villa in Kelsington Bay. During this time, she has been used to sleeping in his arms, and suddenly Freya is still losing sleep.

But even if it is insomnia, this is sweet insomnia.

Tomorrow, the wedding will be held, Freya is not a person who attaches importance to formality, but every woman has a romantic dream in her heart, all want to wear a wedding dress, under the blessing of relatives and friends, step by step, walking towards the man they love.

Freya, too, wanted to wear a wedding dress and be Kieran's most beautiful bride.

The only regret is that Kiki hasn't woken up yet and she can't, for example, witness the most important moment of her life.

However, Kiki's body indicators have all returned to normal, and it is only a matter of time before she wakes up.

Freya waited with great joy to be Kieran's bride, while Jaden and Jayla also tried on their dresses and waited with great anticipation to be their daddy's and mommy's wedding tomorrow, but they never expected that the next morning, instead of Kieran coming to pick up Freya from the wedding venue in a heroic manner, they would wait for his dead body.

Kieran's body was first discovered by an old man who was scavenging.

The old man was so frightened at the sight of the tragic crash scene that he shivered and found a public phone and called the police.

Kieran was a celebrity in Arkpool City, his body was horribly bruised and his face, too, was visibly scuffed, but the police still recognised him at once.

The police were dealing with the accident of a big shot like Kieran for the first time, and they couldn't help but be a bit overwhelmed. After all, Kieran's death involved too much, and they didn't dare to conclude something rashly.

The police chief, who is Fabian's friend, rushed to the scene to ascertain Kieran's identity and called Fabian first.

When Fabian received the call, he instantly thought it was a prank.

He and Kieran had been in the special forces together. Back then, they had battled in the rain of bullets, in the drug dens and in the devil's caves, and there were times when they had to die. But whenever Kieran was there, they would be fine.

Kieran never drove drunk, his driving skills were comparable to those of a top racing driver, he was someone who could even drive a tank, Fabian did not believe that he would somehow be killed in a car accident.

Fabian scolded the chief, today was Fitz's wedding day, and he was to be the best man. Even if some boring people want to play pranks, they should pick a different day.

After cursing, Fabian simply hung up the phone in anger.

He was just about to put on his best man's outfit and go out, but he received a photo from his friend.

That was a picture of Kieran's body.

Fabian's first thought was that he had seen it wrong.

He rubbed his eyes hard, and on his phone screen, it was still Kieran's lifeless face.

Fabian was mad.

His eyes were bloodshot as he rushed to the accident scene, looking at Kieran's bloodied corpse and the Lamborghini that had crashed into the deformed one, Fabian cried like a child.

He had been on extremely dangerous missions with Kieran before, and he was more than familiar with corpses on those missions; he didn't even need to probe Kieran's breathing, he was sure that it was already a corpse.

The body was rigid, motionless, and even, with a face as perfect as a finely carved one, it had stiffened.

Fabian did not know how to handle the news, he himself could not accept the news, Freya and Patricia, Kieran's father Samuel and Jaden and Jayla could not accept the news even more.

He didn't dare tell them the news, but some things happen, and they can't be hidden for life.

In the end, he told Freya the news, as well as the Fitzgerald family members.

When Freya rushed over, Kieran's body had already been taken to the crematorium. Until she arrived at the crematorium by car, Freya still did not want to believe that the man, who said he would treat her well for the rest of his life and give her a grand wedding, had died just like that.

But even if she didn't believe it, she couldn't change the fact that Kieran had died in a car accident.

His body, treated by a professional make-up artist at the funeral home, no longer shows signs of the harrowing crash, but at a glance, it no longer looks like a living human being.

His face, an unnatural white, his body, so rigid that she grabbed his hand and tried to break his fingers to clench her hand but couldn't.

Freya did not want to cry, if she cried, it would prove that Mr. Fitzgerald was really dead, but looking at Kieran's corpse, her tears dropped.

Her body was still wearing the wedding dress she had just changed into, but what she was going to, was no longer their wedding, but the funeral of Mr. Fitzgerald.

"Mr. Fitzgerald, wake up! Will you wake up?"

Freya clutched his hand hard and wouldn't let go, "Mr. Fitzgerald, you're joking with me, aren't you? But today is not April Fool's Day, why are you playing such a joke with me! Mr. Fitzgerald, wake up, will you wake up?"

"Mr. Fitzgerald, today is our wedding, I put on a wedding dress, I put on a wedding dress to marry you, to be your bride, do you not want to marry me?"

"Mr. Fitzgerald, how can you not want to marry me! You said you wanted to grow old with me! I don't even have grey hairs on my head yet, so how can you ignore me!"

"Mr. Fitzgerald, can you open your eyes and look at me? I know you're deliberately scaring me, you're pretending to sleep, Mr. Fitzgerald, please don't pretend to sleep, wake up, will you talk to me? Mr. Fitzgerald, wake up"
