

Talented 451

Chapter 451

“So, her name is Freya Stahler.” A touch of tenderness that even he didn’t notice was tinted in Jacob’s voice.

Listening to Jacob’s voice, Regina was directly frozen, it was the first time she had heard her cold-blooded and ruthless elder brother speak in such a gentle voice since she was a child.

Regina’s heart thumped violently, and a thought that she herself found unbelievable flashed through her mind.

She was just about to say something else when she heard Jacob say again, “Freya will not be torn apart by the wolves.”

“Brother, what do you mean? You promised me, you said you’d help me kill Freya and you’d send her to the wolves! Brother, you should keep your word!”

“Regina, are you questioning me?” Jacob’s voice was not loud, but every word he said carried a gut-wrenching gloom that made people shudder in control.

Even Regina, a young lady of the Wells family who was used to seeing a lot of things, was shocked by Jacob’s aura, and she could not help but speak with a trembling voice when she thought of the coldness of her brother.

“Brother, I didn’t, I just

“Shut up if you don’t have one!”

Jacob spoke without any mercy, he paused slightly and then said, “In the future, leave Freya alone.”

There was a clear warning in Jacob’s words, and Regina’s brow jumped uncontrollably as her face twisted almost to distortion in anger.

Was her brother bewitched by that bitch Freya?

How long has it been? Freya have conquered her ruthless and cold-blooded elder brother!

Freya, you’ve got some talent!

Regina gritted his teeth with hatred. She did not use the man power of her mother. Her mother had unwittingly killed a woman surnamed Turner many years ago, and it was said that the woman was very close to her father. Now her father had doubted her mother, so her mother dare not do anything but to seek help from Regina.

But Jacob has fallen back on Freya!

Now, she cannot kill Freya, but as long as she is alive, Freya will not have an easy time!

After hanging up the phone, Jacob carried Freya and sprinted quickly in the direction of the villa. Without waiting for Jacob’s instructions, Abel had already thoughtfully called his personal doctor.

Before he could reach the entrance of the villa, Jacob met Kieran, Bradley, Fabian and Jaden and Jayla, who had arrived in a hurry.

“Let her go!” Kieran spoke in a chilling manner, he didn’t know why he was so angry when he saw another man hugging Freya, moreover, it hurt him so much to see that she was hurt.

When she saw Freya in Jacob’s arms, Jayla burst into tears, she jumped in front of Jacob and hugged Freya’s arms tightly, “Mommy, wake up! Mummy, who hurt you like this? I am going to fight him!”

“Bad man! You’re the one who hurt my mummy, aren’t you?” Jayla huffed and glared at Jacob, she originally wanted to pounce on him and bite him, but when she got a good look at Jacob’s cool face that resembled Josiah, she couldn’t bite down.

“Uncle, you’re awake?” Jayla shook her head vigorously, at the first glance she did feel that the person in front of her was Josiah, but almost immediately, she had already determined that this person was definitely not Josiah, who was lying on her hospital bed.

“Why do you want to arrest my mummy?!” Jaden, however, recognized the face of Jacob, the new head of the European Wells family, Regina’s own elder brother, and he didn’t need to hear the answer.

Mum?

Hearing Jaden and Jayla’s name for Freya, Jacob could not help but frown.

He didn’t realize that she, who still looked a bit like a pre-teen, already had children.

Jacob had never liked children, but for some reason, he couldn’t get cold and hard with the pair of kids in front of him.

In a rare moment, he explained, “A misunderstanding, the wrong person was arrested.”

“Misunderstanding?!” Jayla’s eyes were red as she spoke, “My mommy was bullied like this by you guys, and you can clear everything up with a misunderstanding?!”

“Mr. Wells, I think you should give us an explanation for what happened today!” Jaden stepped forward and spoke without being condescending.

Jaden was almost half as tall as Jacob, but the aura on the tiny body was surprisingly not much less than the aura on Jacob.

“Yes, you must give us an explanation! Why is my mummy hurt?! What the hell did you bad people do to my mummy?!”

Jacob thought he was not a good person, but hearing Jayla calling him a bad person, he was inexplicably a little uncomfortable in his heart, as if he did not want to be treated by these two little kids as monsters.

He didn’t want these two kids to hate him, but he couldn’t be bothered to explain everything to people like a ninny.

He could only speak with a sullen face, “She saved my life, I won’t hurt her!”

Jaden and Jayla looked at each other, Freya was hurt and they were really heartbroken, but they couldn't really be cold and hard to this face of Jacob!

"Let her go!" Kieran, who had been standing by the side, became more and more uncomfortable in his heart the more he looked at Jacob's big hands that landed on Freya, and he couldn't bear it any longer, so he directly went forward and snatched Freya from Jacob's arms.

Jaden, who was pl Penny to go up and snatch his mommy from Jacob's arms, silently gave Kieran a thumbs up in his heart. Daddy is so handsome, even with his memory loss, he is still protective!

Jacob frowned, he was also upset that Kieran was holding Freya, he subconsciously wanted to snatch Freya from Kieran's arms, but when he thought of what his men had done to Freya today, he withdrew his hand.

A man like him naturally did not care what others thought of him, but he, surprisingly, cared somewhat about the way Freya looked at him.

He didn't want to be treated like a murderous demon by Freya.

If she knew that he was behind the attempt to feed her to the wolves today, she would hate him, he was afraid she would hate him.

So now, he could only have Freya taken away, clumsily covering up the fact that he had hurt her.

After Kieran carried Freya to the car, Jaden and Jayla felt that they should give Mommy and Daddy more personal space so that they could nurture their relationship or something.

So, after leaving their driver Bradley behind, they decisively grabbed Fabian and borrowed Jacob's car.

Bradley sat in the driver's seat and couldn't help but sob. It wasn't that he was heartbroken that Freya was injured, he just felt that he had failed to protect Freya and was ashamed of his dead boss.

Kieran keenly heard Bradley's sobbing, and he blushed, "What are you crying for!"

"Miss Stahler is injured, I am sad." Bradley wiped his tears, fortunately Freya was only injured and unconscious, if anything happened to her, he would really have to die.

Hearing Bradley's words, Kieran's face was so dark, "You care about her a lot?"

"Yes!" Bradley nodded vigorously.

Kieran's handsome face was dark, "You're having an affair with her?"

Chapter 452

Bradley almost choked to death on his own saliva If he dared to have an affair with Miss Stahler, Boss would jump out of his grave and bite him to death!

Bradley had wanted to explain to Kieran, but he coughed so hard he couldn't find his voice for a while.

Hearing Bradley's coughing, Kieran was even more sure of what he had deduced in his mind, that this special assistant of his was really having an affair with this woman!

Originally, looking at Freya's injury, Kieran's heart still hurt, but now, all that was left was anger.

Now she even have an affair with his special assistant, this woman is really capable!

"You guys impress me!"

Kieran said these words almost through clenched teeth, he did not know how much effort he had put into suppressing the urge to kill in his heart.

Bradley saw that this misunderstanding was really big, and after he coughed hard, he hurriedly explained to Kieran, "Mr. Simon, you misunderstood, between me and Miss Stahler, how could there be any unclear relationship! She's Boss' woman! I wouldn't dare to even think about it!"

Seeing that Kieran still didn't seem to believe him, Bradley continued, "Mr. Simon, I felt bad just now, just because I felt ashamed of Boss. Miss Stahler is Boss' most beloved woman, he loves Miss Stahler more than his own life, if anything happens to Miss Stahler, I will be ashamed to face him!"

Kieran did not speak again, his eyes were complicated as he looked at Freya lying on the rear car seat. His twin brother loved her more than his life, but this woman had an affair with other man.

The more he thought about it, the angrier he became. Originally, Kieran was holding Freya's shoulders, but later on, he was so angry that he wanted to throw Freya out of the window.

Bradley had already called Dr. Coleman on the way and when they returned to Kelsington Bay with Freya, Dr. Coleman had already been waiting inside.

Along with Dr. Coleman, there was Stephen.

As soon as Stephen saw Freya, who was covered in blood, his grief instantly flowed. He rushed to the bedside and clutched Freya's hand, "Fairy Freya, what's wrong with you? Why are you bleeding so much? Why bullied you?"

When he said this, Stephen even raised his face to glance at Kieran, as if, Kieran was the one who had hurt Freya.

"Mr. Coleman, let go of Miss Stahler! She is your friend's wife, aren't you afraid that Boss will come after you tonight!" Seeing Stephen grabbing Freya's hand, Bradley couldn't help but speak up and remind him.

Mr. Coleman really did not give up. It was agreed that he would give up Freya, but when Boss died, he came again.

Stephen's back was chilled, but he still said valiantly, "Let Fitz come find me at night! He left Fairy Freya behind, what's wrong with me being nice to Fairy Freya? Tell him jump out of the grave and take me away!"

Kieran's face was dark.

Dr. Coleman had always liked Freya, and she was happy to see Stephen and Freya together.

While taking Freya's pulse, she rushed Kieran and Bradley outside, "Bradley, Simon, you guys go out first, I'll check Freya's injuries."

“What about Mr. Coleman?”

Bradley asked the question in Kieran’s mind as well. This Stephen, who was an eyesore, coveted his brother’s woman all day long and was even more of an eyesore.

Dr. Coleman naturally spoke for her nephew, she glanced at Stephen, “Stephen is chasing after Freya, he doesn’t need to go out.”

Kieran coldly laughed.

“Yes, I’m chasing after Fairy Freya, we’re going to get married in the future, so I don’t need to go out!” Stephen raised his chin arrogantly, “Mr. Simon, Bradley, you guys get out of here, don’t interfere with my aunt treating Fairy Freya’s wounds.”

“Get out!” Kieran spoke coldly, without the slightest tone of negotiation, so cold was his voice that it instantly froze Stephen.

Stephen used to be very afraid of Kieran, but now that Kieran was dead, he thought he should not be afraid of Simon standing in front of him, but for some reason, hearing this voice, his sturdy body couldn’t help but tremble and shiver from the bottom of his heart.

How come the aura on this Simon’s body is in the same as the terrifying level of Fitz!

“I’m not going out!”

Stephen opened his mouth arrogantly while subconsciously moving, and when he finished the sentence with his chin held high and his voice trailing off, he found that he was already outside Freya’s room.

Dr. Coleman gave his nephew a hateful look. Didn’t he say he would not go out?

He should be single all this life!

Dr. Coleman was so angry that he locked the door to the room directly from the inside.

Stephen realised that he had been frightened out of his room by the aura on Kieran’s body, and he felt a little ashamed of himself as an afterthought. He arrogantly gave Kieran a glance and wanted to go back, but as he pushed the door, he found that it had been locked.

Bradley was still not sure whether the person in front of him was Kieran or Simon, but when he heard his words “get out” just now, he was suddenly certain that the person in front of him was his boss, who had died in a car accident.

In this world, apart from Boss, there will never be another person who would be jealous in such a subdued manner.

For a moment, Bradley was so excited that he burst into tears at the thought that his boss might really still be alive.

When he saw Bradley’s tears, Stephen felt that the time had come to turn the tide and he could laugh at Bradley.

“Bradley, you are crying! You’re crying so hard!” Stephen spoke grimly.

Bradley stopped his tears and pushed the frame of his glasses on the bridge of his nose sagely, "Yes, because you are stupid, Mr. Coleman!"

"Bradley!"

Stephen gritted his teeth and growled, but Bradley didn't put his threat in his eyes in the slightest, he continued to smile, "Mr. Coleman, in order to avoid continuing to cry by your stupidity in the future, I would like to remind you kindly that you should not do such a thing as stealing a woman in the future! With your IQ, you will fail!"

Stephen continued to roar, "Fairy Freya is mine! No one is going to steal Fairy Freya from me!"

Bradley rolled his eyes coldly, he didn't even bother to continue to talk to Stephen, if Simon was his boss, Stephen wouldn't be able to steal Freya away!

Bradley was just about to say something to test whether the person in front of him was Kieran or Simon, but his mobile phone suddenly rang.

He frowned when he saw that it was a call from the psychiatric hospital.

"Bradley, Alisha is missing!"

Chapter 453

"What?" Bradley pressed his brow hard, "When did this happen?"

"I think it should have been a long time ago." The man on the other end of the phone stammered.

"It was a long time ago and you are just now noticing?!"

"Bradley, we always thought that the person in the ward was Alisha, but in fact, the person inside the ward was not her."

"Who is it if not her?!"

"It's Karida."

After he hung up the phone, a very ominous feeling arose in Bradley's heart, he did not expect that he and Fabian had already gotten Alisha to that mental hospital, but Alisha still had the ability to escape.

And, in all likelihood, she had escaped not for a short time.

It is reasonable to say that Alisha hates Freya to the core, if she gets her freedom, she will definitely find a way to take revenge on Freya, but after such a long time, she has delayed her action, why?

Bradley's mind raced, and a very frightening thought suddenly appeared in his mind.

If Alisha is still the same as before, it is not difficult to find her.

But what if Alisha had changed her face?

Alisha has been in the mental hospital for more than a hundred days, in case she has escaped from the beginning, such a long time is enough for her to change her face. If Alisha has really changed her face, finding her would be difficult!

And, defensible!

With Alisha's strength alone, she would not have been able to escape from that heavily guarded mental hospital... who, exactly, helped Alisha?

Bradley couldn't uncover Alisha in one go, so he could only send extra men to protect Freya to avoid a repeat of today's situation and to prevent Alisha from hurting her!

Freya had lost a lot of blood, but fortunately, the injuries she sustained were all superficial and Dr. Coleman said that as long as she took care, there would be no major problems.

Both Jaden and Jayla breathed a sigh of relief when they were sure that Freya was not seriously injured.

Jaden and Jayla quietly noticed that although Kieran had stayed at Kelsington Bay, he did not want to take care of Freya, but was just inside the living room with Bradley.

Stephen had something going on at his company and had already made his leave. Jaden and Jayla agreed that now, again, it was time for the second male to make a magnificent entrance.

When Harry received a call from Jaden, he was excited, and drove his flashy pink sports car to Kelsington Bay.

As soon as he entered the living room, Harry shouted anxiously, "Where is Freya? I heard that Freya was injured, how is Freya doing now?"

Harry, with these words, was originally just seeking to make his presence felt and didn't need anyone to answer, so without waiting for Kieran and Bradley to speak, he had already rushed upstairs in a whirlwind.

Jaden was already waiting at the entrance of the stairs, he glanced at Kieran downstairs and then said to Harry, "Uncle Harry, you've come over! My mummy is injured, she's so weak, you have to take good care of her."

Jayla's eyes were also locked on Kieran's face, "Uncle Harry, girls are most vulnerable when they're hurt! You must warm my mommy's heart!"

"Babes, don't worry, I will take good care of Freya!" Harry patted his chest and promised, "I will definitely use my fire-like passion to warm Freya's frozen heart!"

Jaden and Jayla couldn't control the corners of their lips twitching, what an extraordinary pomposity!

In the future, when they invite the second male to make an appearance, shouldn't they first write lines for Harry in advance?

Kieran was irritated by Harry's fiery enthusiasm. Seeing him come in with a huge bouquet of lilies in his arms, Kieran was already in a bad mood, and now hearing him talk about his fiery enthusiasm made him feel even more uncomfortable.

Stimulated by the fire-like passion, Kieran got up and headed for Freya's room. He wanted to see what kind of fire-like passion a sick man could bring out!

Seeing Kieran make a move, the corners of Jaden and Jayla's lips both lifted into smug smiles.

But in order to make the second male's appearance better, the two of them decided to pretend to block Kieran.

"Uncle, why did you come upstairs?" Jaden blocked in front of Kieran with the look of a curious baby.

Of course Kieran would not say that he was going to stop someone's fire-like enthusiasm, he spoke indifferently, "The living room is too stuffy, I go upstairs for a walk."

Jaden did not speak, he was afraid that if he opened his mouth, he would not be able to control his burst of laughter.

It was Jayla, the little drama queen, who eased up in time, and she said to Kieran in a naive and well-behaved manner, "Uncle Simon, the living room is indeed too stuffy, and upstairs is indeed a good place to take a walk. But Uncle Simon, when you're walking upstairs, don't go to mummy's room!"

"Uncle Harry is here, he and Mummy might have a whisper, and I'm afraid if you go over there, you might disturb them!"

Kieran sneered and hooked his lips.

Seeing Kieran's dark and sullen face, Jayla tried to withdraw the winning smile from the corner of her lips, and she spoke quite seriously, "It's impolite for us to disturb Uncle Harry and Mummy!"

Jaden deliberately pretended to cover his eyes, "Yes, seeing impure images will grow something in eyes!"

Kieran was so angry that he was about to spurt blood.

He didn't really know what he could do about it!

"Freya, how did you get hurt so badly? I'm so heartbroken!"

Jaden still wanted to show his innocence, but an exaggerated yell from Harry suddenly came from inside the room.

Jaden and Jayla both kept their mouths shut and let Harry's exaggerated acting skills shine through.

"Freya, your arm is bleeding! Your leg is bleeding! Your stomach is bleeding too! Let me check you out, Freya, where else you're hurt!"

He even looked at her stomach where he shouldn't have, and he wanted to check her out somewhere!

Kieran can't stand it!

"Yes, lift the covers and I'll give you a good check"

Jayla pretended to be surprised and shy, she hurriedly stretched out her fleshy little hands and forcefully covered Kieran's ears, "Uncle Simon, don't listen to it!"

Chapter 454

Kieran directly took away Jayla's little fleshy hand. Harry had seen what he shouldn't have seen, but he could not even listen to it?

This makes no sense!

Kieran rushed straight to the inside of Freya's room.

Harry hadn't really looked at Freya's arms and legs or stomach, let alone thought of lifting Freya's blanket, and his exaggerated voice just now was purely an act.

However, hearing Kieran's footsteps, Harry still bluffed and lifted a corner of Freya's quilt.

"Get out!"

Before Freya's little hand was even exposed, the corner of the quilt that had been raised was already being pressed down hard by Kieran.

Jaden and Jayla had been quietly listening to the sounds inside Freya's room, and when they heard Kieran's violent shout, Jayla couldn't help but wince, "Brother, Daddy is so ferocious, do you think he will beat up Uncle Harry? Should we go over and protect Uncle Harry from being beaten up and maimed?"

"No need!" Jaden said in a serious manner, "We are just five year old children, we children cannot interfere in the affairs of adults."

Jayla nodded knowingly, "Yes, we are just innocent little kids who can't meddle in things."

With an innocent glance at each other, Jaden and Jayla went back to their rooms with innocent smiles.

Listening to Jaden and Jayla, Bradley couldn't help but twitch at the corners of his mouth.

But he envied Boss for having such a spooky couple of kids! Poor him, he's single, he can't even find someone to have kids with!

Harry inside Freya's room was frightened by this cry from Kieran.

But almost immediately, he reacted that he was playing the second male character of a domineering president and could never be such a wimp.

He leaned back and almost fell to the ground, but fortunately he was nimble and still managed to cross his legs in the bully's standard way.

He looked at Kieran in a wickedly domineering manner, "Are you talking to me? I'm Freya's real boyfriend, why should I go out? You should go out!"

Harry grabbed Freya's hand, instantly warmed up, "Freya, look into my eyes, meet my deep love, your heart is beating for me, right?"

Freya swallowed weakly, she had only just woken up and had to go through the shock of Harry's acting skills.

"Harry, thank you for coming to see me." Freya said to Harry with affection.

"Freya, no need to thank me!" Harry tossed his head dominantly, "What I want, is not your thanks, but, your love!"

Freya, “.....”

How was she supposed to respond to this performance?

Luckily, Harry was well-prepared with his lines, and without waiting for Freya to say anything, he went on to say with the kind of tenderness that is filled with dominance, “Freya, do you know how anxious I was when I heard the news that you were injured! I wished that I was the one who got hurt! I would rather have been killed by a thousand cuts and thrown into the frying pan than have you suffer a single bit of grievance!”

“Freya, feel my heart, my heart is aching for you, it hurts so much that it is worse than death!”

Freya, “.....”

But with her acting skills, she really can’t perform as the weak girls in dramas.

Freya was unable to act at this point and could only allow Harry to grab her hand, which was stiff to the point of rigidity, and press it to his chest.

Before her hand could land on Harry’s chest, Harry’s lean body was unceremoniously lifted up from the chair by Kieran.

With that, he fell violently to the ground.

“Get out!”

Hearing the sound of Harry’s body landing heavily on the ground, and seeing the way he was being destroyed by Kieran, Freya’s heart felt unbearable.

She was afraid that if she continued to act, Harry would be destroyed even more by Kieran, so she hurriedly said, “Harry, I’m fine, you go back first.”

Harry got up from the ground, he felt that it was a bit disgraceful to withdraw from the stage like this, for it was especially damaging his temperament of a domineering CEO, but the aura on Kieran was so damn scary that it seriously affected his acting performance, so he could only grit his teeth and withdraw from the stage in silence.

After all, he was unwilling to waste his good acting skills, and when he reached the door, Harry threw a domineering glance at Freya, “Freya, you rest well! When I get back on my feet, I will let the world know how much I love you!”

“Harry, you too rest well.” Looking at Harry’s slightly red nose stained with a crushed lily, Freya said rather sincerely.

“Don’t worry, Freya, I won’t keep you waiting! I’m going home now to get my ID card and we’ll get married on Monday!”

“Yeah, I’ll wait for you.”

Receiving Freya’s affirmative answer, Harry domineeringly raised his eyes at Kieran in demonstration before taking steps back towards the stairs.

As soon as Harry went out, Kieran's snort reached Freya's ears.

"Brother, you have a bad throat? If you have a bad throat, there's medicine in the medicine chest, you can take it!"

"Freya, you really impress me!"

Kieran's voice was so cold that it seemed to come from the top of a snowy mountain, "Are you in such a hurry to get married again?"

"Yes, I am lonely, so I have to remarry." Freya said pretending to be light-hearted to Kieran.

"Kieran was really blind to fall in love with a promiscuous woman like you!"

Freya had still wanted to try to recapture Kieran's heart, but his words were harsh to ears.

Add to this the fact that when she was taken by Abel, he said on the phone that she deserved to die, and Freya's mind became even more wretched.

She laughed at herself, "Yes, he was blind!"

He was blind to treat Regina as if she was the apple of his eye, he was blind to say that she deserved to die!

"Freya, say that again?!"

Kieran was so furious that he could not vent his anger, and his fingers were so close together that he wished he could break Freya's neck, only, as soon as he looked down, he saw the red marks on Freya's neck, and his furious heart suddenly softened.

She was injured.

It seemed a bit inhumane for him to be so irritable with a patient.

Kieran was just about to say something warm and soft, but Seth rushed in and grabbed Freya's hand with force, "Boss, who bullied you? I'll go and destroy him!"

"Seth, why did you come over?" Looking at Seth clutching Freya's hand, Kieran couldn't help but frown as he subconsciously asked, "What's your relationship?"

"I'm her ex-boyfriend!" Seth said with a straight face.

Chapter 455

Freya almost choked to death on his own saliva. How could Seth say that?

The two of them have long since regained their pure friendship, and now he suddenly comes out with the phrase ex-boyfriend, what is he trying to do here!

Seth's back was getting straighter and straighter, "Uncle Simon, although I'm only Boss's ex-boyfriend now, but the future is promising, who knows what I'll become in the future!"

"Uncle Simon, you're a man and it's not convenient for you to take care of Boss here, why don't you go back first!"

Kieran's handsome face was so black that he stared coldly at Freya who was lying on the bed, Freya only felt numerous knives scraping past her face. Freya subconsciously pulled the covers towards her face.

Kieran didn't say anything, but his taut, handsome face highlighted his anger.

Yes, he was angry now, so angry that he wanted to tear apart this ungrateful woman on the bed.

He thought that she was having an affair with some Mr. Coleman, while she was preparing to get a license with some Harry, while still trying to seduce him, which is already the limit, but he didn't expect that now she had an ex-boyfriend!

And, this ex-boyfriend of hers is his nephew!

Being stared at by Kieran, Freya's heart felt weak, but when she thought that he only had Regina in mind, the little bit of weakness she had disappeared.

She removed the quilt covering her chin and tried to look cool, "Yes, Brother, go back first, it is indeed inconvenient for you to stay here."

The corners of Kieran's lips were slightly hooked, but there was no half-hearted smile in his eyes, and the bone-chilling coldness was unsettling.

"I'm a man, but Seth isn't?!"

Seth growled inwardly, who says I'm not a man! I'm a man! A man!

Even though he thought so, Seth did not dare to shout at his Uncle Simon, who was as scary as Mr. Fitzgerald back then, and he spoke in a good-natured manner, "Uncle Simon, you can't say that! Of course I'm a man! It's just that I'm not like you"

I'm Boss' ex-boyfriend, you're just Boss' Uncle Simon

"Different?" Without waiting for Seth to finish his sentence, Kieran had already cut him off, "Where are you different from me? Are you missing something, or, are you missing a leg?!"

Missing a leg?

Was Uncle Simon trying to break his legs?

Seth suddenly winced, how come his two uncles, had a special penchant for breaking people's legs?

Also, something is missing

As if he is missing something very important down there!

Seth was just about to say something to prove to Freya that he really wasn't short of manly things but Jayla's brittle voice rang out from the doorway, "Daddy, you're here!"

Jaden and Jayla both call Seth cousin in private, but in front of Seth, they still used to call him daddy like before, after all, Seth is really good to them and they can't bear to hurt his heart.

Freya and Seth had become accustomed to hearing this daddy, but to Kieran's ears, it was a different story.

His eyebrows knitted tightly, he stared morosely at Freya's face. Her daughter called Seth Daddy, she and Seth really had a great relationship!

She's preparing to get a license with that Harry while making Seth a father, how can she be so capable!

Kieran snorted with disdain!

"Baby, did you miss me?" Seth held Jayla in his arms, with the loving look of a good daddy.

"Of course I miss you! My brother and I both miss daddy so much!" Jayla said while squeezing her eyes vigorously at Jaden who was standing in the doorway.

The two of them, who were constantly watching the battle on Freya's side, felt that after being stimulated by Harry, Kieran and Freya's relationship would definitely develop further, but Seth, would appear halfway.

As daddy and mummy's helpers, they are of course responsible for taking away Seth.

"Daddy, I miss you so much too." Jaden, with an iceberg face, said with some squirm, "Daddy, can you play the game with me?"

"I want to." Look after Boss

Seth didn't want to part with Freya, but it was rare for Jaden to be so affectionate to him, and he couldn't bear to refuse.

Anyway, after the game, it wouldn't stop him from taking care of his boss, so he'd go and spend time with his babies!

"Daddy, I love to watch you play games with my brother! Daddy, just play the game with brother!" Jayla turned on her pampering mode, Seth completely surrendered, "Okay, I will play the game with you first!"

Seth was holding Jayla in one hand and Jaden in the other, as he walked up to Kieran, he proudly pushed up his back. He could not compete with Kieran, Kieran was the father of the two little ones!

But he was the man the babies liked the most apart from Kieran, and if Uncle Simon wanted to steal Boss from him, no way!

Seth had just walked out of the room with the two little ones and Kieran snorted.

Originally, Freya was quite angry with Kieran, but when she heard his jealous humming, she suddenly wanted to laugh.

And she just, really, didn't hold back and laughed.

"You're still giggling? Freya, why are you so shameless!"

Freya grimaced helplessly, she smiled, not really because of Seth, but because she was happy to see Kieran getting jealous.

Seeing that Freya did not say anything, Kieran's heart became more gloomy, his eyes coldly locked on Freya's face, "Freya, your children call Seth Daddy, you don't mind incest!"

Freya continued to snicker, see, Mr. Fitzgerald is angry when he is jealous, but it means he cares about her.

Seeing that Freya still dared to laugh, Kieran's heart grew more and more irritated. He stepped forward, really wanting to tear this ungrateful woman's smiling face apart.

"Freya, you're happy with incest with Seth, aren't you?! Are you that shameless?!"

The fact that Kieran said this is really mean, but Freya is not angry, not at all, she lifted her face, her watery eyes stared at Kieran for a moment.

"Brother, there's no way out if you don't want Jaden and Jayla to call Seth Daddy."

Freya sat up from the bed with some effort, and she grabbed Kieran's hand hard, smiling with her eyebrows arched.

"Brother, you marry me! In that way, Jaden and Jayla will only call you Daddy from now on!"

Chapter 456

Freya knew that the current Kieran could not possibly agree to her request, but in her heart, she still held a hint of humble expectation.

She stubbornly clutched Kieran's hand, "Brother, break up with Regina, marry me, and I, and Jaden and Jayla, will never leave you!"

Listening to Freya's words and feeling the softness of his palm, Kieran's expression, for a moment, was in a trance, as if he could see, Freya wearing a white wedding dress, standing in front of him, smiling coquettishly.

Almost immediately, Kieran's handsome face returned to its cold and rigid appearance.

He shook off Freya's hand violently, "You're dreaming!"

He couldn't be with his own brother's woman, let alone with Regina, who treated him with sincerity!

After saying this, Kieran didn't stay any longer and turned around and left Freya's room.

Kieran's mind was in a mess, so messy that he couldn't even sort out what he was thinking.

And in the midst of this overwhelming chaos was a rage that made him unable to breathe.

Freya has seduced him again!

How could she have done such a thing!

Kieran was already in a bad enough mood, when he passed by Jaden and Jayla's room, he happened to see through the open door that Jaden and Jayla were nestled in Seth's arms, one on each side, and that look of joy and happiness made his eyes sore.

He was their own Uncle Simon, with whom they were not even this close, but with his nephew was close to them.

It's hard to get over it!

Kieran coolly withdrew his eyes from Jaden and Jayla's room, as if, as soon as he saw something about this woman, his heart couldn't help but be filled with gloom, and he could only, out of sight, out of mind!

When Kieran walked into the living room, Bradley, who was eating melon seeds, hurriedly got up and greeted him, "Mr. Simon, are you going back? We're not eating here?"

Kieran snorted coldly.

When he met Kieran's cold gaze, Bradley's heart shivered and he hurriedly threw the last melon seeds in his hand aside, "Mr. Simon, why don't we go out for dinner?"

Kieran gave Bradley a cool sweeping glance before taking the lead and heading outside the living room, "No need!"

Bradley's body shook and he hurriedly caught up with Kieran. This jealous look is just like Boss back then!

Bradley burst out, "Mr. Simon, jealousy hurts your health"

Bradley hastily covered his mouth, and indeed, as soon as he raised his face, he met Kieran's murderous gaze.

Bradley let out a dry laugh, "Mr. Simon, I am sorry, I"

"You don't have your bonus this month!"

He was fierce as Boss back then. A month's bonus of him is enough for an ordinary person to buy a suite

But no matter how fierce Kieran was, Bradley was happy.

He surreptitiously wiped the corners of his eyes, the familiar boss was really back!

Being shaken off by Kieran so viciously, Freya felt lost in her heart.

But in the twinkling of an eye, she was back to being the tough girl.

For once, he didn't immediately shake off her hand!

A little progress is worth many days of rejoicing.

She knew that right now, in his heart, he still couldn't let go of Regina, but everything was moving in a better and better direction, wasn't it?

After all, he subconsciously thought that he was Simon, that he was good to Regina and she didn't blame him.

She believed that if she kept trying, he would one day fall in love with her all over again!

Mr. Fitzgerald, even if you say that I deserve to die, I won't give up on you!

For, you are the man I love most in my life!

Before the wedding day of Christ and Penny, there was an overwhelming amount of scorn for Kiki on the internet.

Since the scene of their wedding, Penny's recording was revealed, the situation online completely reversed.

Kiki sings in a bar, just to make a living, but Penny's brother, Dylan went to make a scene!

What's more, Kiki also did five years of wrongful imprisonment.

Five years, the most beautiful time of youth, buried in the darkness of the prison!

The netizens who had previously hurled all kinds of abuse at Kiki on the Internet began to apologize to Kiki, but Penny, on the contrary, became a street rat that everyone shouted at.

It's just that even if Kiki's grievances are already known to the world, this doesn't help Kiki's acting career much.

For, Kiki slept for nearly a hundred days.

The entertainment industry is a place where old people are easily forgotten, it is renewed so quickly. Kiki has been away from the centre of public opinion for so long, there are already many people who have forgotten her aggression and talent.

So, with this comeback, she has to start a lot of things all over again.

What's more, at some point, another piece of news appeared in the circle, saying that on the day Penny and Christ got married, Kiki made a big fuss about their wedding, and even, threatened Christ with death, before they were forced to cancel that grand wedding.

Clear photos of Kiki slitting her wrists and being wheeled to hospital for resuscitation have also appeared online.

Moreover, a wave of news appeared on the internet to whitewash Penny. In short, it was to glorify Penny as a contemporary love saint who is crazy about love, and the mistakes she made were all because Kiki interfered in her relationship with Christ, and she was forced to fight back against Kiki.

However, most netizens are still more willing to stand on the side of Kiki, now people have tended to rational, the so-called love is not an excuse to make mistakes, and she was not qualified to have others suffer five years in prison for no reason.

Netizens sympathize with Kiki, but it doesn't mean that they are willing to do justice for Kiki. Kiki is now in a situation where she no longer has to endure the overwhelming abuse, but has to suffer the cold eyes of many people.

After all, being an ex-wife disliked by Christ is really not an honorable title.

Penny and Christ's wedding was a big deal, everyone was saying that Mr. Birkin was disgusted with Kiki after all, if he really liked Kiki, Kiki had slit her wrists and committed suicide to her death, how could the Birkin family not release the news of his re-marriage to Kiki after such a long time!

Kiki, after all, is just an abandoned wife of a powerful family!

The entertainment industry treats the so-called luxury family outcasts a bit cruelly, and those who are slightly famous are reluctant to work with Kiki for fear of offending the Birkin family and being ferociously blocked by Christ.

So, even if Kiki makes a comeback, it's not good to get work.

Kiki is so proud, of course she will not take these cold words to heart, she only wants to, try to get back on her feet, in order to take back the Hartsell Corp swallowed by the Wallace family, and also to avenge her parents!

Kiki thought she would have to work harder to get the job, but to her surprise, she received a call from the manager of singer-songwriter Khan, inviting her to sing with him on the title track of his new album.

She simply packed up and went to the recording studio, but before she could enter, a slap was already thrown at her face.

Chapter 457

Kiki really didn't expect to be slapped somehow. Although she was cool and aloof, she didn't have a special taste for being abused, and after she looked clearly at the person who slapped her, she raised her hand and slapped back hard.

The person who slapped Kiki was the new singer Anna Doyle, who is known for her dolphin voice and is quite famous.

She had always wanted to collaborate with Khan on the title track of his new album, and she had made a lot of efforts in secret to get this opportunity. She thought that this opportunity was destined to fall into her hands, but to her surprise, it was snatched away by Kiki, an outcast from a wealthy family!

How could she resign herself to this!

What made her even more devastated was that Kiki dared to hit her!

Anna covered her face as she stared at Kiki with hatred, "Kiki, how dare you hit me! Who gave you the guts!"

Saying that, Anna raised her hand and tried to hit Kiki again.

Kiki was quicker than Anna, and although she couldn't exert much force in her hands, she still threw Anna another slap.

Anna was already in pain after being hit so lightly, she covered her face and stomped her feet, "Kiki, you you even dare to hit me, do you believe I will make you unable to get along!"

Kiki's face did not change in the slightest, she lazily raised her eyelids, her eyes cold, "What, you are allowed to hit me, but I can't hit you?"

"You" Anna was so gagged by Kiki that she couldn't breathe, and she pressed her chest hard before her breathing smoothed out a little.

She stepped heavily on her high heels, and that innocent-looking face was heavy with anger, “Kiki, do you know who my backer is? If you dare to mess with me, I guarantee that there will be no place for you in the entertainment industry!”

“Who are you scaring!” Kiki didn’t take Anna’s threat into consideration in the slightest, “If your backer was really powerful, how could your plan to cooperate with Khan still fall through?”

“You!” Anna was instantly annoyed, indeed, the backer she had been trying to lean on was not so enthusiastic about her, but she had been in the entertainment industry for so many years and it was still easy to make a newcomer unsuccessful.

What’s more, Kiki is also disliked by the famous Mr. Birkin, and it’s just a matter of lifting a finger if she wants to block her!

“Kiki, I’m going to sing Khan’s hit song! If you’re sensible, get your ass back to me now! Otherwise, I’ll make sure you can’t even cry!” Anna gritted her teeth and said word for word to Kiki.

Kiki laughed so mockingly, on her face that she was still able to be captivate.

If it were anyone else, there is a real possibility that she would be intimidated by Anna’s brutal and overbearing look, but she, Kiki, is not really intimidated by anyone.

By choosing to enter the entertainment industry, she already knows how cruel it is, this place of entertainment.

But if she wants to stand up and trample underfoot those who have hurt her, she cannot cower. She must try to become strong enough to protect those she wants to protect and make those who have hurt her pay the price they deserve.

Seeing that Kiki even dared to laugh at this time, Anna became even more furious, “Kiki, you mock me, don’t you? Fine, since you are so insensitive, don’t blame me for being ungracious!”

With that, Anna raised her slap and threw it hard at Kiki’s face once again.

Of course Kiki would not meekly wait to be punched by Anna, she raised her hand and grabbed Anna’s wrist with force.

Only, she had too little strength in her hands, and with a little force, Anna flung her hands away and slapped them down harshly.

Kiki thought that this time, she would have to receive a slap, but unexpectedly, the expected pain did not come, as Khan clutched Anna’s wrist, he threw her aside without mercy.

“Khan!” Seeing Khan, Anna also forgot to get angry, she had some fame in the singing world, but compared to a figure like Khan, she was still too worthless.

If she could work with Khan, her fame would definitely go up a notch, and she would certainly not let this opportunity go.

The greatest skill that people in the entertainment industry have is to change their faces.

One second ago, Anna was so angry, and in this instant, she was smiling.

She curtly walked up to Khan, “Khan, I’m Anna, we’ve met before. I’ve always admired you, and I especially want to work with you. I heard that you want to find a female singer to collaborate with on the song ‘Tipping City’, what do you think about me? I promise, I will cooperate with you properly, and I will shoot the music video properly, I will definitely not let you down.”

“Anna?” Khan held his chin up in a domineering manner, “Is that the Anna who only stares eyes open?”

Apart from her famous dolphin voice in the entertainment industry, one thing that Anna is particularly famous for is that she only uses stares to show off her acting skills in her scenes.

It’s not often that stars in the entertainment industry focus solely on singing or acting. It’s more common to act and sing at the same time.

When she was in her prime, Anna acted in a number of dramas, but her staring and keying acting skills scared off a whole bunch of directors who wanted to work with her, and the only selling point of her music videos was her staring.

Anna couldn’t help but feel a bit embarrassed by Khan’s words, but thinking of her purpose today, she still patiently smiled at Khan and said, “Khan, don’t make jokes like that, okay? My acting skills are much better now, and my singing ability is obvious to everyone.”

“I’m sorry, I haven’t really seen your strength,.”

Khan’s words made Anna speechless, and what made Anna even more furious was that after he said this, his attention was all focused on Kiki.

He looked at Kiki with obvious appreciation in his eyes, “Kiki, I’ve heard your song before, it’s very good.”

With that, Khan held out his hand to Kiki.

Seeing that the opportunity she had gained by pleasing the upper echelons of the entertainment company was going to be snatched away by Kiki, how could Anna be willing to resign to it!

She gritted her teeth and rushed to Khan, “Khan, you can’t use Kiki! She is a woman who is disliked by Mr. Birkin, if you work with her, you are working against Mr. Birkin!”

Seeing Quinn walking over from afar, Anna suddenly gained a lot of strength, and with a smile on her lips, she continued, “Khan, I’m Quinn’s woman! Even if you don’t give respect to me, you have to give respect to Quinn, right? The phrase “happy cooperation” is something you should say to me.”

Chapter 458

Kiki does not allow Quinn to meddle in her affairs in the entertainment industry, so Quinn does not dare to declare his relationship with Kiki in a big way, so he can only come over to visit her quietly. He did not expect to hear a woman, whose face he cannot even remember, proclaiming to be his woman from a great distance.

And, still, in front of Kiki.

With a thud in his heart, Quinn rushed to Kiki.

As he was just about to explain to Kiki, Anna had run into his arms.

“Quinn, you’ve finally come over to see me, I thought you’d forgotten about me!” Anna shyly snuggled into Quinn’s arms, looking at the unfamiliar woman’s face in front of her, Quinn’s body stiffened straight away.

He doesn’t even remember who she is, who cares to come and see her!

Quinn kept some distance from Anna, but she stuck to him like glue and would not let go.

While hugging Quinn’s arm, Anna turned her face and said to Khan with a light smile, “Khan, I know you and Quinn are close, we’re all on the same side, shouldn’t you give me a chance?”

Khan did not say anything, he just gave Quinn a gloating look.

Quinn has promised Kiki not to interfere with her development in the entertainment industry, but there are still some resources that he will quietly help her obtain, for example, having his good friend, Khan, give a hand to Kiki.

The fact that Quinn’s feelings for Kiki are clear to Khan, who is a bit of a villain, likes to see his friend being abused, well, he is already looking forward to it now that Quinn was kneeling on his keyboard and durian.

Seeing that Khan didn’t say anything, Anna thought he was hesitating, she raised her eyebrows again and proudly said to Kiki, “Kiki, Quinn has already come over, I advise you to get lost! I’ll tell you the truth, the man behind me is Quinn, with Quinn backing me up, who are you to fight with me!”

After saying this, Anna was too lazy to waste her words with Kiki, “Quinn, I heard that the big production you directed recently is still short of a female number two, for the sake of our deep relationship, can you give me the female number two?”

“Quinn, as long as you are willing to promote me, I promise that I will make you happy in the future.”

Anna winked at Quinn delicately, her words infinitely deeper, “Quinn, you’ve been satisfied with me before, I’ll work twice as hard to make you even more satisfied!”

Before Anna could finish her sentence, she had already been unceremoniously slammed to the ground by Quinn.

Quinn’s action was so fast that Anna did not even react for a moment.

She tilted her face up and looked at Quinn incredulously, “Quinn, why are you so rude to me! I’ve been hurt by your fall!”

Quinn didn’t really care if Anna was hurt by the fall, right now, he just wanted to show his loyalty to Kiki.

He really couldn’t remember when he had ever been deeply attached to Anna. He had had quite a lot of women in those indulgent times, but the faces of those women, including the feelings they brought him, really didn’t leave any impression on him.

His heart and mind were filled with nothing but Kiki.

Like a child who has done something bad, Quinn looked at Kiki with some uneasiness, and for a moment, he did not know how to open his mouth to explain.

At this moment, Quinn was suddenly envious of Fabian.

They are in such a position and are so old that they have never even touched a woman, can they not be ashamed!

But now, he suddenly felt that Fabian, who had kept his body for the true love he had not yet met, was not ashamed at all.

Really, every woman you experience before you meet true love has the potential to become a shame history that you can't wash off.

Quinn was afraid that Kiki would know about his former dark history.

Before Quinn could think of how to salvage some of the impression he had in Kiki's mind, Anna pounced on him again without giving in and getting up from the ground.

She did not believe that Quinn, who had once had an affair with her, would suddenly change his attitude and push her away. She preferred to believe that Quinn was too emotional and could not hold himself together to act so out of character.

She hugged Quinn's arm hard, "Quinn, you don't want me to keep you company now, do you? There are other people watching here! Quinn, if you really miss me, I'll put off my schedule for this week and focus on keeping you company."

"Get lost!" When Quinn saw that Kiki was not looking well, he was so anxious that his voice could not help but take on a biting anger.

Anna's heart shivered, she was actually afraid of Quinn, but thinking that she had been Quinn's woman after all, she still had the guts to continue to pester him, "Quinn, what's wrong with you today? You wouldn't have told me to get lost before, you even complimented me on my big breasts!"

Shit!

What a brainless woman!

"Get out! Don't make me say it again!" Quinn violently slammed Anna to the ground, Anna looked at Quinn in confusion, she was just about to say something, but she saw Quinn hugging Kiki who had turned to leave with force.

Anna was shocked, followed by overwhelming anger. It turned out that Quinn didn't even look at her because he had been seduced by Kiki, the outcast of a luxurious family!

Of course she was not willing to let Kiki steal the man she had her eye on, but thinking of Quinn's methods, she did not dare to touch his scales.

She bit her lower lip with hatred, she didn't believe Kiki, the abandoned woman, could laugh till the end!

Kiki is sure that she is not in love with Quinn at the moment, but seeing Quinn's woman come to her door, she still feels a bit astringent inside.

After all, Quinn is now her boyfriend and she is with him and tries to be as one in body and mind, but it doesn't seem that easy for her to go on with Quinn.

"Kiki!"

Quinn hugged Kiki from behind, and his voice carried a clear sense of distress, "Kiki, you're angry, aren't you? I admit that I have been an asshole before, but Kiki, I promise you that I have never loved anyone else in my life except you, and that woman just now, I don't even remember her name! Kiki, don't be angry with me, okay?"

"Quinn, I'm not angry."

Kiki was silent for a moment and said truthfully, "Quinn, I'm just upset."

Hearing Kiki's words, Quinn was instantly ecstatic as he reverently cupped Kiki's face, "Kiki, you're jealous, aren't you?!"

Quinn was more jubilant than winning an Oscar, "Kiki, you're jealous! I'm so happy that you're jealous!"

Christ stood in the sunlight, but he felt more and more unable to see the light. He was as dumb as a fool, watching in a daze as Quinn kissed Kiki, and all he could think of was one voice over and over in his head.

Kiki is jealous over Quinn!

Kiki is really in love with Quinn!

Chapter 459

Christ did not want Quinn to kiss Kiki, but at this moment, he found that he did not have the strength to step forward and stop their piercing intimacy.

He could only, with this unseen thought of his own, flee away.

Quinn really couldn't let go of Kiki, but there were some things that he hadn't explained to Kiki yet, and he didn't dare to be too reckless.

He fondly left Kiki's lips. To avoid some other inexplicable woman from upsetting Kiki in the future, Quinn decided to confess to Kiki.

"Kiki, I had a ridiculous time back then when I pursued you but was ignored by you, and being high-minded and arrogant, I couldn't bear such a blow."

Quinn paused and mustered up the courage to continue, "Kiki, during that time, I had many women, I can no longer remember the names of those women, but I did do something wrong."

"Kiki, I might not be as clean as you think, can you not dislike me because of my past?"

Seeing that Kiki did not say anything, Quinn's heart became even more apprehensive as he grabbed Kiki's hand with force, "Kiki, don't dislike me, okay?"

Kiki's eyes were slightly dense, she dared not think that Quinn, who was so wild, would stoop to beg her not to dislike him.

Kiki had heard about Quinn's glorious history before, she did not love him, so when he had sex with other women, she naturally would not be heartbroken.

What's more, she is not clean either.

In prison, although the men didn't get their way, it was a dirty time that she could never forget.

After her release from prison, Christ raped her many times, and it was a stain that could not be washed away from her life.

Kiki gently clutched Quinn's hand, "Quinn, how could I possibly dislike you! It is you don't dislike me! After all, men like virgin, and I, having been divorced, having lost two children, and having been repeatedly raped by Christ."

"Kiki, don't say that!" Quinn forcefully embraced Kiki into his arms, "Let's not even talk about the past! We won't mention it!"

After a moment of contemplation, Quinn continued, "Kiki, I'm sorry, I'm the one who's sorry! My Kiki, how could I dislike you! I only hate myself for not protecting you properly, hate me for meeting you too late."

"But it's okay now, even if I'm late, we're still together, Kiki, let's be together forever, okay?"

Quinn's embrace was so warm, Kiki had a brief moment of indulgence, she rarely unloaded all her pride and stubbornness. She gently pressed her face against Quinn's heart, "Okay."

Even if she doesn't love him, she will not go back on her word as long as she has promised him.

After receiving Kiki's affirmative answer, Quinn could no longer restrain the excitement in his heart, he leaned down his face and his lips were once again printed on Kiki's lips, wishing that this moment stay forever.

Apart from working these days, Kiki is going to Kelsington Bay to keep Freya company.

The recording of Tipping City went much more smoothly than Kiki had imagined, and Khan was particularly pleased with her performance, saying over and over again that he wanted to work with her again.

Kiki was happy to get Khan's affirmation, as if her work had taken off and she had something to look forward to in life.

In the future, it will get better and better.

Life did not disappoint Kiki's expectations. After she finished changing Freya's medicine, she received a call from Catherine, asking her to join her for dinner and to talk about the theme song of her new film by the way.

Kiki certainly would not miss the job opportunity that came to her door, even if she does not like socializing, she still went to this party.

She just didn't expect that Anna was there.

Anna was originally trying hard to be close to Catherine, when she saw Kiki, her cold snort immediately filled the entire compartment.

“Kiki, welcome!” There was a distinctly mean-spirited tone in Anna’s voice, and because her voice was so loud, the attention of the box’s crowd was instantly drawn to her.

Seeing that everyone’s eyes had gathered, Anna became smug, “Let me introduce to you! This is our famous Kiki, who got kicked out or a gentry!”

Hearing this address, a certain unspeakably complex look appeared on the faces of many people in the box.

Kiki genuinely found people like Anna particularly annoying, but she had come over tonight for Catherine, and she was too lazy to bother with Anna.

Lifting a glass of water in front of her, Kiki took a small sip, deciding that she would treat Anna like air.

She knows that the world of entertainment, the arena of fame and fortune, is not as easy as she imagines. Since she has chosen this path, she will calmly accept all the praise and denigration.

“So, she’s Kiki, who was abandoned by Mr. Birkin!”

“I heard that she even slit her wrists to kill herself and made a big fuss about the wedding of the Mr. Birkin, but unfortunately, Mr. Birkin hasn’t changed his mind.”

“If I were Mr. Birkin, I wouldn’t change my wife. Even she is a beautiful woman, she made a fuss, I will not have my eyes on her!”

.....

Listening to the chatter of the people in the compartment, Anna was smug. She took a sip of red wine and looked mysterious, “Do you know why Mr. Birkin hates Kiki so much?”

“Anna, what the hell do you know? Tell us!”

After receiving a response, Anna coughed hard before she spoke meaningfully, “The main reason why Mr. Birkin hates Kiki so much is because she is a slut! On the one hand, she’s pestering Mr. Birkin, but on the other hand, she’s also hooking up with men everywhere!”

“The other day I saw with my own eyes on the set, Kiki even tried to hook up with Quinn, and I heard Quinn righteously reject her, for he doesn’t look at divorced women! You guys also know how sharp Quinn’s words are, at that time Kiki was cursed by him.”

The people in the box couldn’t help but look at Kiki with more indescribable contempt, and a few of those couldn’t help but burst out laughing.

Kiki didn’t want to talk to Anna, but she couldn’t stand it when she turned it upside down in front of so many people!

Kiki slowly put down the glass of water in her hand, “Well, I was rejected by Quinn, I jumped on him, he dropped me on my ass, and he said that I have big breasts but no brain!”

Kiki's every word stepped on Anna's sore spot, Anna couldn't control her anger and roared out, "Kiki, who are you calling big-breasted and brainless?"

The people inside the box were not fools. Seeing that Anna was emotional, they could guess who was cured by Quinn..

Kiki was too lazy to listen to Anna's rant, she told Catherine to excuse herself and went to the washroom.

Just after turning on the tap, Kiki only felt a heat on her shoulder, and when she looked down, a big hand, surprisingly, grabbed her shoulder tightly.

Chapter 460

Looking at the big, fat hand, Kiki recoiled for a moment, and with a nimble movement, her body moved away from the hand.

She knew the owner of this hand, a director famous for directing films, Tommy.

Although Tommy is famous for directing that kind of movie, nowadays, he has also directed a number of well-received and popular movies, and has quite a status in the entertainment circle. If not as a last resort, Kiki does not want to offend this kind of big brother in the entertainment circle.

"Tommy." Kiki took another step back and said politely but distantly to Tommy.

Tommy stared at Kiki, not even blinking her eyes. He knew that Kiki, the outcast of the gentry, did not have a good reputation, but even if she was such a beautiful woman thrown out by the gentry, he did not want to miss her.

"Kiki, I admire your singing voice and even more your acting skills. If you are willing, the female lead in my next film is you."

Tommy's words were cryptic, but his movements were silently telling Kiki what he wanted.

And she, by agreeing to this unseen deal, was within reach if she wanted to take a step up to the top.

Kiki smiled coldly as she avoided Tommy's fat, disgusting hands.

She did want to act. In the entertainment industry, singing and acting is the norm, if she wanted to be stronger, she wanted to avenge her mother and father, she had to stand taller.

But she would not accept this ridiculous rule.

What's more, she found Tommy's comment ridiculous, she had only done a few music videos at most, she really didn't know how Tommy could see that she had acting skills.

"Tommy, I'm sorry, I have no plans to act in a film for the time being."

After saying this, Kiki turned around and intended to leave.

She didn't want to offend anyone, but she knew in her heart that tonight, Tommy must have hated her, but even so, she didn't expect that in such a public place, Tommy would be bold enough to press her against the sink.

“Tommy, what are you doing?! Let go of me!”

Kiki’s wanted to straighten up, but Tommy pressed her head inside the sink, this feeling especially insecure.

Those unpleasant memories of the past rushed back into her mind like a spell.

When she was in prison, after the men had punched and kicked her, she would often get a bloody face, and at that time, they liked to hold her down on the sink and rinse her face so hard that the cold water would pour into her bleeding nose, making her choke.

“Kiki, what are you pretending to be! You entered the entertainment industry, didn’t you just want to become famous?!” Tommy turned on the tap, and the cold water choked Kiki.

Kiki tried hard to push Tommy away, but the strength in her hands, compared to Tommy’s brute force, was simply nothing.

All she could do was choke and cough, almost coughing her guts out.

“Kiki, look at those women in the entertainment industry, they either accompany directors or investors, if you pretend to be a chaste and martyred woman, how can you become famous!”

“Kiki, don’t pretend to be noble in front of me! You went to hook up with Quinn, just to take a shortcut. I’ll give you the chance to take the shortcut, stay with me and I promise, you’ll become the brightest new star in the entertainment industry!”

“Let go of me!” Kiki opened her mouth and a gush of water rushed into her mouth, choking her to the point of tears.

But even if she was ill-fated, she couldn’t give up on herself!

Kiki gritted her teeth as she put all her strength into her body and kicked Tommy hard.

Tommy had underestimated the flexibility of Kiki’s body, he didn’t expect that she would still be able to kick him in the vitals when he was holding her down like this.

Tommy was in so much pain that he couldn’t control his growl, “Kiki, I’m giving you one last chance to keep me company! Otherwise, there’s no place for you in the entertainment industry!”

Kiki took a few steps back, her heart was obviously panicking like hell, but her lips still had a cool smile on the corner, “Keeping you company? Sorry, I don’t have such heavy tastes!”

“Kiki, what did you say?!”

Tommy has been in the entertainment industry for so many years, which actress didn’t take the initiative to stick to him for the role!

Kiki is a newcomer, an outcast, and she dares to talk about him like that! Who gave her the guts!

As soon as he grabbed Kiki’s long hair, he pressed her towards the sink again. Kiki shouted for help, but there was no one near the bathroom, so no one heard her shout.

Kiki really hated her hands, but if they had been a little stronger, Tommy would not have been able to run wild like this.

Just when she felt she was about to die, she only felt a lightness on her head and when she turned her face, she saw Tommy's body, like a sandbag, being thrown hard to the ground.

Christ kicked Tommy viciously in the face, his eyes interspersed with a furious storm that destroyed everything.

Before Tommy even had the chance to wail, Christ's fist had viciously shattered his incisors.

"Mr. Birkin?!"

Tommy looked incredulously at Christ, who was like a life-threatening shura in front of him, "Mr. Birkin, spare me!"

Christ smiled like a devil, would he spare Kiki if he hadn't happened to bump into this!

Looking at Kiki's miserable white face, Christ only wanted to make this place bleed into a river!

Christ punched Tommy directly onto the toilet. He originally wanted to punch Tommy, but when he saw Kiki leaving, he hurriedly chased after her.

He stubbornly clutched Kiki's hand, "Kiki, come home with me!"
