

## Talented 481

### Chapter 481

No one expected Kiki to suddenly take off her clothes and everyone was stunned.

The netizens frantically typed on their keyboards, trying to express their disdain for Kiki's shameless behaviour.

"Kiki is so damn disgusting to do something like this in public, she wouldn't want to dance something in front of everyone, would she?"

"What a crazy desire to be famous! It's the first time in my life that I've seen such a shameless woman!"

"Quinn, polish your eyes, you can't trample yourself like that!!!"

"Quinn, you should learn from Mr. Birkin!"

.....

After typing frantically, the netizens were incredulous to find that their fancy words cursing Kiki could not be displayed!

Before the journalists on the scene could react, Nina had already laughed out loud in a sneer.

"What did I say? You are shameless. How dare you do such a shameless thing in front of the public! Kiki, are you still not satisfied after seducing my husband and want to seduce a man in public? This is the first time I've seen such a shameless woman!"

After saying this, Nina hurriedly said to Quinn, "Quinn, if you haven't married this vixen Kiki, it's best, if you do get married to Kiki, I advise you to get a divorce! If you marry this kind of wife, you might as well marry a hooker!"

Quinn wanted to tear Nina's foul mouth apart, but right now, he had to remain calm because, he could not disrupt Kiki's plan.

He knew that this was the best way for Kiki to prove her innocence, but looking at Kiki's obviously fragile but stubborn face, his heart ached!

In response to Nina's sneering, Kiki acted as if she hadn't heard it, she just raised her left hand and said word for word to everyone at the scene, "The woman in the video is not me!"

"If you have seen that video or the photos, you can see that the hand of the woman in the video is intact, but I, years ago, had no pinky finger."

Even if she had been in jail, even if her family was bankrupt, she never lowered her head.

The more proud people are, the more sensitive and fragile they are sometimes, and they will be more concerned about their physical disabilities. Although Kiki usually always looks as if nothing has anything to do with her, in fact, her physical disabilities make her somewhat inferior.

Therefore, she always habitually wore clothes with long sleeves to cover her stumpy little finger.

Now, with her jacket removed and without the cover of her overly long sleeves, her severed finger, uncovered, was on display for all to see.

Looking at the way Kiki stubbornly raised her left hand, Quinn's heart was so distressed that her eyes were red.

Looking at Kiki's broken finger, looking at the wounds crisscrossing her wrist, Quinn wanted to cry.

Everyone on the scene was also frozen in their tracks.

The journalists were so shocked that they forgot to press the shutter.

A young male reporter was the first to speak up, "Kiki's left hand really doesn't have a little finger! That video was captured very clearly, and the woman's finger in it is intact!"

As the male reporter's voice fell, a number of people began to speak out in agreement.

"Yeah, the pinky of the woman's left hand, and a close-up of it!"

"I saw it too, that woman's hand is intact! Is that the woman in the video really not Kiki?!"

"I can't that woman is not Kiki! But Kiki's broken finger can't be faked! What the hell is going on here?"

"But in the video, the woman herself admitted that she was Kiki! And her voice, too, is quite similar to Kiki's!"

"The world is so big, it's normal for two people to look alike, and as for the voice, it's so messy in the video, I really didn't hear the resemblance clearly! But why did that woman admit in public that she was Kiki?"

The reporters and onlookers at the scene all acted as Sherlock Holmes, "Could it be that someone deliberately tried to frame Kiki?!"

As soon as this reporter opened his mouth, he instantly got the approval of many people, "I think so! Quinn is right, Kiki has his back-up, why would she need to hook up with anyone else?!"

"Kiki is so pathetic, always being set up! Suddenly I feel so hateful myself, always publishing false reports about Kiki! Now that I think about it, I'm simply aiding and abetting the enemy!"

"Me too! Suddenly I think it's quite unethical to write stories that are thought-provoking before we get to the bottom of it sometimes!"

"When I first chose to become a journalist, I wanted to speak with facts, and now, I don't know if I've changed, or if the world has changed, I've forgotten the original purpose of doing journalism!"

.....

Cayden and Nina looked at each other, and both of them paled.

In fact, Cayden really didn't know that the woman last night was not Kiki.

He had seen Kiki's previous music videos and listened to the songs Kiki sang.

He has always prided himself on being a suave and artistic young man. Even though he has almost reached retirement age, the flirtatious spirit in his bones still burns brightly.

On the surface, he always looks like a serious and cool man, but in fact, his life style is particularly chaotic, and he likes to sleep with actresses.

His wife, Nina, is typically protective of her husband's chaotic style, and she justifiably believes that it is the actress who loses out after the relationship anyway, as long as her husband doesn't lose out.

Cayden first told the actress an hour-long lecture on the Vajra Sutra, before went to bed.

An old literary man like him would certainly not let go of a beautiful singer with experience, substance and talent like Kiki.

He secretly asked someone to ask Kiki out and wanted to discuss the Vajra Sutra with Kiki. His connection was very helpful and sent Kiki to him within a few days.

He didn't take it to heart when he bumped into Nina and at best would just thrash that woman, which is unlikely to harm him, except that he didn't expect so many reporters to suddenly show up and the video of the night to be posted online.

When the scandal was revealed, he could not damage his image. Nina also knew what was right and joined her husband in denigrating Kiki.

They just didn't expect that after half a day of slander, they would identify the wrong person and get themselves in trouble.

Before Cayden could discuss his response with Nina, the excited voices of the journalists rang out in front of them.

"Cayden, the woman last night was not Kiki, so why are you and Nina still desperately trying to smear Kiki?!"

## **Chapter 482**

"Cayden, Nina, you said Kiki drugged Cayden, did you see her drugging Cayden with your own eyes, or did you take a video of her doing it?!"

"Cayden, Nina, without any evidence, you are framing Kiki like this, doesn't your conscience hurt?"

.....

"We, I ....."

Even though Nina and Cayden are both shrewd and eloquent enough, for a moment they were blocked from speaking by the sharp words of the journalists.

However, Cayden was a veteran who had seen the world, and after a few moments of dumbfoundedness, he quickly came back to his senses.

"Fellow journalists, listen to me, I really didn't know that the woman last night was not Kiki, I was also deceived by her, I was a victim just like Kiki!"

“Yes, my husband is the victim! It was really that woman who misled us last night, she made us think wrongly that she was Kiki!” Nina also hurried to help her husband, “It’s all her! Drugging my husband and framing Miss Hartsell! How can there be such a shameless woman under the heavens!”

Cayden and Nina said this with righteous indignation, but the journalists on the scene didn’t buy it. In particular, many of them, who were always keeping an eye on the Internet, suddenly noticed that several indescribable videos and audio clips had appeared on the Internet.

The female lead in the video is coded, and the male lead is instantly recognisable to everyone as none other than the man in the limelight, Cayden.

Cayden cornered the coded female lead in the wall, his moralistic face with a clear threat, “You don’t want to come to my room tonight, do you? Do you believe I’ll make it impossible for you to stay in the circle?!”

The female protagonists in the other videos could not be seen their faces, but without exception, they were all threatened by Cayden, who did not look like an elegant man, but was clearly a clothed beast!

Those few voices on the internet are also all of Cayden’s voice. Initially, the voices are all of Cayden telling the actress about the Vajra Sutra, but later, it turns into enticing or threatening the actress to sleep with her.

Cayden and Nina were racking their brains on how to excuse themselves, neither of them noticing that the internet had already created an uproar.

Cayden cleared his throat with an inviolable look of righteousness, “I’ve been in the circle for so many years, and it’s obvious to everyone what kind of person I really am. In my life, my only pursuit is to devote myself to art, so how could I possibly do something as dirty as sleeping with an actress!”

“Last night, if I hadn’t been drugged, I would never have let that woman have her way! Here, I sincerely apologise to Miss Kiki, I misunderstood you, I admit my mistake and hope Miss Kiki can forgive me!”

If a number of journalists hadn’t already appreciated those videos and voices online, they would have been fooled by Cayden’s look of seriousness.

The journalists looked at each other in disbelief, they now felt more and more that they can’t look at a person just by their appearance, let alone their so-called persona.

The number of celebrity couples in the entertainment industry who are in love with each other, and the number of idols who are abstinent and cool, whose private lives are indescribably messy!

Cayden is disgustingly pretentious!

Unable to watch Cayden’s fake look, a young reporter close to him could not resist sending his mobile phone to him.

“Cayden, I really didn’t see clearly before what you really are, but thanks to these videos and voices on the internet, I can now roughly see what you are!”

“What video? What voice?”

When he met the mocking eyes of the reporters, a very bad feeling came over Cayden's heart. He fumbled for his mobile phone, went online, and when he saw those videos circulating wildly on the Internet, he hastily swallowed another quick-acting heart pill.

But even with the quick-acting heart pills, his body, still, could not control the trembling.

His mobile phone rang suddenly and his hand shook, the phone in his hand sliding straight to the floor.

Seeing that it was the biggest investor in his new film calling, he forced himself to calm down and shivered as he picked up the phone that had fallen to the floor.

The investor called, only to divest.

He had just hung up the phone and he received several more withdrawal calls in quick succession.

Cayden pressed his chest hard, he wanted to say something to explain himself, but before he could say the words of explanation, his eyes rolled and he simply fainted.

"Honey!"

Nina hugged Cayden hard, "Honey, wake up! Don't scare me! Honey, who the hell would want to hurt you? Honey, you're so pathetic! Call the hospital! Someone help my husband!"

The reporters all rolled their eyes in unison as they listened to Nina's voice, it was obvious that he had done this to himself, but she was still shouting that others were trying to harm him!

Although they were speechless at the couple in front of them, the journalists couldn't just leave them to die, could they?

Some of them still dialed the emergency number.

Cayden's image is in tatters, and no investor will dare to approach him for a film in the future.

Kiki, on the other hand, was completely cleared of any wrongdoing.

Originally, many netizens said that Quinn was wrong to hit people, but now everyone agrees that Quinn is so impressive!

Kiki's broken finger is actually quite a big news point, but the reporters dare not make a scene with Kiki's broken finger.

They, all of them, owe Kiki an apology!

They all know how much female celebrities care about their bodies, many of them even have to put on face masks on their backs every day, how much courage it should take for Kiki to reveal her handicap in front of everyone!

It was they who forced Kiki to reveal her most wretched and embarrassing side in front of everyone!

"Miss Hartselle, I'm sorry."

Someone said it first, but there were so many apologies that the reporters had forgotten to stop Kiki and Quinn to dig more news from them, so Kiki and Quinn were able to leave the scene without any hindrance.

The netizens also saw Kiki's broken finger and they all fell into a brief silence.

Apologies, reflections, as if they could be contagious, after the journalists apologized to Kiki on the spot, netizens also started to apologize frantically to Kiki.

Those loyal fans of Kiki were as excited as the New Year when they saw that the person in the video was really not their idol.

After the happiness, their heart aches for Kiki.

Kiki's finger, at a glance, is an old injury, this finger of hers could have been broken in prison, right?

What did she experience in five years in prison?

Amidst the overwhelming apologies on the internet, a very discordant voice suddenly emerged.

"The woman in the video is Kiki! A broken finger doesn't mean anything! Who knows if this broken finger of hers is a fake?"

### **Chapter 483**

This message was left by Penny in exasperation.

She's been working on a good show, and in the end, it's made Kiki even more popular, so it's a wonder she's willing to do it!

She thought that by posting this comment, she would be able to incite the emotionally volatile netizens to launch a new round of siege against Kiki, but who knew that the next moment she would become the target of all the netizens' siege.

"Kiki's broken finger is being faked? You go make a fake."

"Where did that brainless woman come from! Does she think that cutting a finger is like cutting a turnip?"

"Shit, I scolded Kiki before and I thought I had a problem with my mind, how come there is such a brainless person?"

"Yes! It's too much! People like that should have her fingers chopped off so she can taste what it's like to have them broken too!"

.....

Penny was so angry that her face turned into a pale shade, she was a high achiever with a master's degree, who dared to say she had no brain?

Penny was already so angry that she was about to go crazy, and now she was besieged by so many netizens, she couldn't bear it.

Tapping on the keyboard, Penny typed a few more quick lines.

“Have you all been brainwashed by that bitch Kiki? Have you all forgotten how she shamelessly sought death on the day of Mr. Birkin’s wedding, only to be mercilessly swept away by Mr. Birkin? Such a shameless woman, and you still apologise to her, you have a problem with your mind.”

This statement posted by Penny has once again angered the netizen.

In an instant, hundreds of follow up comments poured out below this comment from Penny.

“I’m really impressed by the severely brain-dead!”

“We weren’t brainwashed by Kiki, but we can tell right from wrong! Unlike some people who can’t even tell right from wrong!”

“At least pigs have pig brains, where are some people’s brains? I advise some people to eat more pig brains in the future!”

.....

Pigs?

Penny was so angry that she almost vomited blood. She was just about to post some more comments in anger when she refreshed and suddenly found that several more messages had appeared below her comment.

“Move over, everyone, let me check this Miss Piggy’s ID!”

“Crap, Miss Piggy is amazing! Miss Piggy lives at No. 18 Repulse Sea Garden? There’s a wealthy area! Is Miss Piggy really a rich kid who grew up eating pig food?”

“No. 18 Repulse Sea Garden? Seems to ring a bell.”

“I know that place! I think there’s a family surnamed Wallace living there!”

“Would Miss Piggy be Penny?”

“I think it’s eight or nine!”

“Penny is so shameless, it’s not enough to put Kiki in jail? Now she’s talking about this stunt, what a joke!”

.....

Penny was directly surprised by the speed of the netizens, and she scrambled to exit her small number, fearing that people would confirm her identity.

Penny felt really unlucky today, she had just tossed her phone aside when she received a call from her father.

Ever since the day of her and Christ’s wedding, when her scandalous story was exposed in public, Christ has cut off all cooperation with the Wallace family. The situation now was difficult.

The only chance they have of restoring to its former glory is to be able to take on one of Fitzgerald's big projects.

Penny's father had spent a lot of manpower and resources to get through a lot of connections, and finally the final bidding stage was reached.

In the end, there were only two bidders left, and the chances of the Wallace's winning the project were very high. After all, the money spent on connections was not spent for nothing.

But just now, Penny's father said on the phone that Wallace's name, directly, had been removed from Fitzgerald's.

A bolt from the blue!

If they don't get this project from Fitzgerald, they won't make it to mid-year, the Wallace will have to declare bankruptcy!

Penny felt that someone must have deliberately tripped the Wallace's up behind her back, and she was so angry that she trembled, having the thought of bruising the person behind her.

She was abandoned by Christ at the wedding, and she had lost count of the number of blank stares she had suffered.

She was chosen by her father as the next generation heir to the Wallace family, and her status as the heir to the Wallace family made many people scornful, and people did not dare to mock her openly, but if there was no more Wallace family, her status as the heir to the Wallace family would no longer exist, and then she would have to suffer the blank stares of the whole world!

No!

Penny could never live such a shameful life! She wants the Wallace back on top, she wants to stand beside Christ again, so that all people can see how glorious she is!

Penny gritted her teeth and thought hard about how to turn the tide, and before she could come up with a better response, her phone rang again.

It was an unfamiliar mobile number, but Penny picked it up anyway.

As soon as the call was answered, Jaden's cold voice came from the other end of the line, "Penny, long time no see."

As soon as Jaden's words fell, Jayla's brittle voice also rang out on the other end of the phone, "Penny, I miss you!"

Penny had suffered so many losses under Jaden and Jayla that she knew both of their voices.

Penny wasn't stupid, she knew that Jaden and Jayla wouldn't be so coincidental, it just so happened that the Wallace was kicked out of Fitzgerald Crop and they called, they must have been behind it!

"It's you guys right?! Jaden, Jayla, it was you guys who deliberately harmed me right?!" Penny gritted her teeth and roared at Jaden and Jayla, "What the hell do you want to do? The Wallace's has no enmity with you, what good does it do you to harm the Wallace's?!"

“Penny, you’re not hopelessly stupid.” Jaden said unhurriedly, quite like his father, “We were the ones who approached Uncle and asked him to kick the Wallace’s out of the game. However, you are wrong about one thing. Penny, we are enemies!”

“Penny, you deserve to be kicked out by my uncle!” Jayla said, “You always bully our Auntie Kiki! My brother has found out clearly that the person who released the video this time is your brother Dylan. Since you have harmed my Auntie Kiki so much, how can we be considered Auntie Kiki’s favourite babies if we don’t teach you a lesson?”

“You guys .....”

Penny was so angry that she was gasping for breath, and before she could finish her sentence, Jaden spoke again coldly, “Penny, let’s meet.”

#### **Chapter 484**

How dare these two brats meet with her?

They were tripping her up behind her back like that, and if they ever met, she’d have to kick their asses!

Penny wanted to teach Jaden and Jayla a good lesson, but she wanted to take that project of Fitzgerald’s even more, and now, these two little kids were the biggest breakthrough for them to take that project of Wallace’s. Even if she wanted to skin them, she had to grovel for once for that project.

Penny gritted her teeth hard, “Okay!”

Jaden and Jayla asked Penny to meet them at a newly opened cafe near Kelsington Bay.

It was quiet inside the cafe, with no other customers except for Jaden, Jayla and Penny.

When Penny saw Jaden and Jayla, she really wanted to kick them, but when she thought of that project, she forced down the fire in her heart and said to them in as gentle a voice as she could, “Jaden and Jayla, I came over today to apologise to you.”

“I know that I have done a lot of bad things to Kiki in the past, and I deserve to die, but I really know that I am wrong now. Kiki is my best friend after all, I want to get along well with Kiki in the future, and I also hope that you can stop targeting me and we can all get along in harmony, okay?”

“Penny, how do you want to get along with us?” Jaden lifted his eyes and said to Penny in an unhurried manner.

Seeing that there was a turnaround, Penny hurriedly said, “Jaden and Jayla, I am a person who learns from my mistakes, I will apologize to Kiki and ask Kiki to forgive me, I also apologize to you all, I shouldn’t have been so mean to you before, from now on, I will love you all as if you were my own children.”

“Penny, are you really willing to apologise to Auntie Kiki?” Jayla looked at Penny with an innocent face, “If you are willing to apologize to Auntie Kiki, my brother and I will both forgive you.”

“Really?!” Penny looked at Jaden and Jayla incredulously and asked, “Then that project .....”

Jaden spoke slowly, “I will talk to Uncle and ask him to give that project directly to you.”

Penny was so happy that she almost jumped up and down, her voice trembling with excitement, "Jaden, is what you said true? Are you really willing to let Simon give us the project to Wallace's?!"

Jaden nodded gently, "But you have to show us your sincerity."

Seeing Penny's dumbfounded face, seemingly unsure of how to express her sincerity, Jayla hastened to remind her kindly, "Penny, didn't you just say that you wanted to apologise to Auntie Kiki? If you really apologise to Auntie Kiki sincerely, both my brother and I are willing to help you."

The person Penny hated most in her life was Kiki, and asking her to apologize to Kiki was like asking her to die.

But she was more afraid that Wallace's would go bankrupt, that she would have nothing and be ridiculed by the world.

After taking a few deep breaths, Penny dialed Kiki's number and apologized to her through clenched teeth.

Almost immediately, Kiki picked up the phone, "May I ask which one you are? What do you want from me?"

Penny was really unwilling to bow down to Kiki ah, however, thinking of her next plan, Penny still spoke with a fake smile, "Kiki, I'm Penny!"

Anyway, Kiki was about to be treated as a murderer by the whole world, and she would never be able to turn over a new leaf, so it didn't matter if she just bowed her head and apologized to Kiki!

"Penny?" Kiki's voice instantly went cold, "What do you want from me?"

"Kiki, I sincerely apologize to you." The smile on the corners of Penny's lips were about to stiffen, but she still said in a gentle tone, "Kiki, I was wrong, I shouldn't have framed you for jail before, let alone finding someone to bully you in jail, Kiki, I really know I was wrong, please forgive me, okay?"

Seeing that Jaden and Jayla kept staring at her, Penny even squeezed a tear quite sincerely, "Kiki, do you still remember when we were little? We used to be the best of friends, I can never forget the happy times we spent together when we were little."

"Kiki, all these years, I've been regretting all the harm I've done to you. Kiki, tell me, how could I have done something so inferior to a pig or a dog! Kiki, I'm shameless, I'm worse than a fowl, will you forgive me?"

Kiki, "..... " what was wrong with Penny today?

Penny was still piously confessing to Kiki, "Kiki, I really, really regret it, I really want to cut myself to pieces! I was wrong, I confess my mistake, you can make me kneel down and beg you for forgiveness, can you give me a chance to change my ways?"

"You are sick!" Kiki was too lazy to pay attention to Penny and simply hung up the phone.

Listening to Penny's confession to Kiki, Jaden and Jayla laughed so hard.

Seeing Kiki hanging up the phone, the two of them hurriedly stopped laughing and looked at Penny with a straight face.

It was as if Penny had gone through a vicious battle, she slumped back to her seat breathlessly, "Jaden, Jayla, you all heard me just now, I sincerely apologized to Kiki, now, can we just laugh off our grudges?"

"Jaden, Jayla, my favourite babies, now that we're friends, can you guys talk to Simon and ask him to give us Wallace's that project?"

Penny's eyes were full of expectation, she was already sure that Jaden and Jayla would speak for her.

She knew that these two kids were quite clever, but even if they were a bit more clever than normal kids, they could not outplay her as an adult?

It is estimated that today, they are just deliberately scaring her, so that she can give Kiki an apology, and they will not bother with her.

"No!"

Jaden and Jayla spoke at the same time, without any room for negotiation in their voices.

Penny froze in place incredulously, and only after a long, long time did she find her voice, "What?! Didn't you guys just say that if I apologised to Kiki, you would be willing to help me? What do you mean by that? Let me tell you, a child's mouth will rot if he lies!"

"Penny, when did we lie? We just said that you have to show us your sincerity before we are willing to help you, but I haven't seen your sincerity with both eyes!" Jayla helplessly stretched out her hands, looking pure and innocent.

When Penny came over today, she was already suppressing her anger, and after hearing Jayla's words, she was outright furious.

"You're fooling me, aren't you?!"

"Yeah, we are fooling you!" Jayla blinked her big eyes.

"How dare you trick me! See how I'll teach you all a lesson!" With that, Penny directly picked up the coffee in front of her and viciously threw it at Jayla's face.

## **Chapter 485**

"Penny, what are you doing?!"

Jayla put on a frightened look as she hurriedly backed away, but the coffee in Penny's hand still splashed her face hard.

Jayla secretly praised herself for her wit, and then covered her face and cried out loudly.

"It hurts! It hurts!"

Jayla covered her face while backing up, "Penny, what exactly did I do to piss you off? Why did you splash me with coffee? My face hurts! Help, my face hurts!"

The coffee shop was very large, plus there were not many customers in the coffee shop, the waiters were all resting over in the kitchen and did not seem to notice the commotion over here, no one came over to check the situation for a while.

“Jayla, how are you? I’ll take you to the hospital!”

Before Jaden could grab Jayla’s small hand, Penny grabbed Jaden’s collar.

“And you!” Penny stared at Jaden viciously, with a look that seemed like she wanted to eat Jaden alive.

“You and your shit-talking sister are no good! See how I’ll teach you a lesson today!”

Between the words, Penny gave a hard shake and Jaden’s body, unable to control it, fell to the ground.

In fact, Penny’s shake of him wasn’t really enough to make Jaden fall, but under the tutelage of the playwright Jayla, Jaden’s acting skills had also improved, and he fell to the ground in the same manner, with no trace of acting visible at all.

Seeing Penny step forward, Jaden put on an unbelievably frightened look, “Don’t you come over! What are you going to do?”

“Bastard, you trick me, you harm me! See if I don’t rip your face off today!”

Saying that, Penny raised her hand and threw a slap at Jaden’s face viciously.

Jaden made a show of trying to dodge, but in the end he deliberately did not dodge Penny’s slap.

The slap hit Jaden’s face with a crisp ringing sound that hurt to hear.

Jaden moved back again in shock, “Penny, I don’t know what you’re talking about! I didn’t trick you, let alone harm you! I really don’t know how I’ve offended you!”

“Jaden, don’t pretend!” Penny was already so angry that she wanted to kill someone, and now that Jaden was still pretending to be innocent, she was even more furious.

“Jaden, Jayla, if it weren’t for your secret shenanigans, would Fitzgerald’s have kicked us out?! If you don’t let me have an easy time, you won’t have an easy time either!”

With that, Penny lifted her foot and kicked it directly at Jaden.

Jaden rolled nimbly and finally avoided Penny’s kick.

Jayla was still crying hoarsely, she was covering her face, Penny could not see the extent of her injuries, but from the sound of crying she could tell that Jayla’s face must have been horribly scalded by the coffee.

The coffee cup was well insulated, she did not test whether the temperature of the coffee was high or low.

But how can the temperature be any lower when the coffee in such cafes is freshly brewed!

It was probably more painful than boiling hot water poured over face.

Jayla’s face must have been burned to the point of peeling off a layer of skin!

Thinking that Jaden and Jayla were the Fitzgerald family's children after all, Penny couldn't help but feel scared, but having splashed and beaten, she might as well take out her anger completely.

Maybe if she beats them up, they'll learn their lesson and won't dare to go against her again, or even dare not say she had beaten them up!

With this in mind, Penny stepped forward, intending to give Jaden and Jayla another beating.

Jaden defended Jayla quite valiantly, "Bad guy, my uncle is not willing to cooperate with you, so you tricked me and Jayla out to bully us? Bad guy, if you have the guts, you can beat me to death! I won't allow you to bully my sister!"

"You think I'm really afraid to beat you to death?!"

Penny narrowed her eyes, and her voice was full of threats, "Jaden, anyone who stands in the way of mine will not have a good end! I want to see how long you two little brats, who don't even have a father, can go on!"

"Don't be ridiculous! Who says we don't have a daddy? Me and Jayla have a daddy! Our daddy loves us the most! He will always be our favourite daddy!" Jayla's eyes were red and she said emotionally to Penny.

Penny laughed coldly, "Oh, I forgot, you did have a daddy, but your daddy has long been killed! You guys just said that your daddy loved you the most, right? Since he loved you guys so much, he must miss you guys a lot when he's in hell, so don't worry, you guys will be there for him soon!"

Penny's eyes slowly moved from Jaden to Jayla's face, the smile on the corner of her lips became even more hideous and malicious, "I just don't know if Mr. Fitzgerald will still be able to recognize his precious daughter when your sister breaks her face!"

"Jayla, how are you? Don't be afraid, I will take you to the hospital now!"

"Brother, I'm in pain." Jayla closed her eyes in pain, "I'm scared! Brother, do you think I will really break my face? I don't want to become an ugly monster ....."

"Jayla, you will always be the prettiest little girl in brother's heart." Jaden put on a distraught look, "Bad guy, get out of the way! My sister is hurt! I want to take her to the hospital!"

"Help! The bad guy hurt my sister! Help!"

Only when they heard Jaden's voice did the waiters rush over, and when Penny saw the waiters coming, she gave Jaden a vicious glare, let out a harsh word, and ran quickly outside the cafe.

"If you go back and dare say I hurt you, I'll get you all killed!"

"That hurts, that hurts ....."

Jayla was still acting hard, when Jaden saw that Penny had already left, he couldn't stand Jayla continuing to act, he took away Jayla's little fleshy hand and said helplessly and dotingly, "Jayla, stop acting, Penny has already left."

Jayla blinked her big, innocent eyes, and her delicate face was not even half as hot as it looked.

Noticing the clear slap marks on Jaden's face, Jayla was immediately distressed to the core, "Brother, is it hurt? Penny is so cruel, she really hit you! She dares to abuse children in a public place, she is going to be doomed!"

"It's alright." Jaden wiped away blood from the corner of his lips, and then instructed the few waiters disguised as bodyguards who were standing by, "You guys go see how the video of today turned out, edit it and post it on the internet! Doesn't Penny like to set people up? I'll give her a good taste of the bliss of being besieged by the whole internet today!"

## **Chapter 486**

Looking at Jaden with a clear and cold brow, the few bodyguards standing beside him couldn't help but shiver, they realized that the young master was really becoming more and more like the Mr. Fitzgerald back then when he coldened his face.

No, when the young master grows up, he will be even more ferocious and terrifying than Mr. Fitzgerald!

These bodyguards under Jaden are all-rounders, and soon a flawlessly edited video was posted online.

Combined with the workings of computer genius Jaden, in the blink of an eye, the video became the hit of the day.

Children are the future of the country, and any news related to children always gets a lot of attention.

"How dare you trick me! See how I'll teach you all a lesson!"

The edited video starts with Penny splashing Jayla's face with coffee. Jayla's face is full of panic and she seems to be trying to escape, but she is a small child, how can she avoid the attack of a strong adult? Even though she takes several steps back, Penny still splashes her face with coffee.

"Crap! Isn't that Penny in this video! What's she trying to do?"

"These two little kids in the video look a bit familiar! Why does that boy look so much like Mr. Fitzgerald back then?!"

"My son and they are classmates, they are Mr. Fitzgerald's children!"

.....

Once the video was posted online, it had already attracted a wave of attention with Jaden and Jayla's superb facial features, and when Penny was seen grimacing as she poured a large cup of coffee all over Jayla's face, the entire internet was immediately abuzz.

Child abuse!

What kind of a pervert is this Penny? She's not afraid of being struck by lightning for blatantly abusing a child in public!

Although they can't touch the temperature of the coffee through the screen, but people who have drunk coffee know that coffee in cafes is freshly brewed, even if the coffee on the table has been there for some time, the temperature will not be low, splashing on the face of adults, adults can't stand it, and children's skin is so delicate, it will lose a layer of skin of them!

In a flash, the internet was overwhelmed with voices of heartache for Jayla, especially when Jayla covered her face and cried out, "It hurts!" The netizens were even more furious, wishing to kill Penny, the child abuser.

"Don't cry, baby! Sooner or later this pervert will get what she deserves!"

"I'm a mother and if someone did that to my child, I'm afraid I wouldn't be able to control it and kill her!"

"Me too! I'm so scared that my kids will meet this child abuser! This kind of person should be put in jail and never let out, so that she doesn't have to harm our children!"

"So heartbroken for the poor little baby! And I wonder what her face will look like!"

.....

After seeing Jaden being slapped by Penny, the netizens' anger reached its peak.

The sound of the slap landing on the face in the video hurt to hear, the baby was beaten and bled, how cruel and twisted this Penny should be! After watching the full video, netizens also generally figured out the causes and consequences of Penny's child abuse.

When the Fitzgerald's did not give a very big project to the Wallace's, Penny harboured a grudge. She dare not settle the score with Simon, so she could only vent all her anger on the innocent Jaden and Jayla.

"Shit! What a shame, the bid failed, and it is normal, for Wallace's is not strong enough, why should Fitzgerald's choose them! Does the Fitzgerald's have to pay for Wallace's incompetence?!"

"That's right, since you open a company you have to be able to afford to lose, they can't afford to lose so much, they might as well go home and farm!"

"This Penny is so shameless, she doesn't even spare two innocent children, this kind of person should be run over by a car, choked to death by water and suffocated by urine!"

"The two babies are so pitiful! Does it mean that they deserve to be bullied because Mr. Fitzgerald is no longer alive? We are big fans of Mr. Fitzgerald, even if Mr. Fitzgerald is no longer alive, we still want to do justice to the babies!"

"As a mother, I sincerely ask the police to investigate what happened today and give us all an explanation! I'm scared, I'm scared that Penny, a psychologically twisted and vicious woman, will one day lay her clutches on my daughter!"

.....

As soon as this comment was published, many netizens who are already parents were calling on the police to conduct an in-depth investigation.

Surprisingly, the police also followed the video and spoke out on the official blog.

"Children are the future of our country, not to be infringed upon! Don't worry, we will give an explanation for the child abuse incident in Penny!"

Back in the year Penny framed Kiki to go to jail, the Wallace family spent a lot of money to suppress the matter.

This time, the child abuse incident was so bad that netizens were so furious that they couldn't uncover all of Penny's past, and her framing of Kiki for imprisonment was brought out and dissed again by netizens.

After the diss, netizens realized that it was unfair that Penny had framed Kiki and caused her to spend the best five years of her life in prison without seeing the light of day, while Penny, the culprit, did not have to pay a single penny!

After the crusade against Penny's child abuse, netizens have again called on the police department to give justice to Kiki.

After Penny had taught Jaden and Jayla a lesson, there was some uneasiness in her heart.

But she had been home for nearly an hour and hadn't received any messages or calls from the Fitzgerald family, so Penny's heart gradually settled down again.

The two kids, Jaden and Jayla, were really frightened by her. It had been so long and the Fitzgerald family hadn't even come after her, so they certainly didn't dare to talk nonsense when they got back.

Penny was so pleased with herself that she couldn't help but laugh out loud, she wanted to see if these two kids would dare to fight against her again!

As Penny was about to put on a mask and have a beauty nap, her mobile phone rang sharply.

It was her father who called.

Once the call was answered, her father scolded Penny, who was directly confused by the scolding.

After hanging up the phone, she fumbled to open her phone and found the internet overwhelmed with messages cursing her.

Child-abusing old hag, evil woman with twisted heart, pervert .....

There were also countless netizens who brought up her malicious frame-up of Kiki again, yelling for the police to severely punish her as a social scum.

Social Scum .....

Penny was angry, and before she could recover from the shocking, another piece of news appeared on the internet that shocked everyone.

## **Chapter 487**

During the five years Kiki was in prison, Penny bribed the prison staff to commit violence against Kiki.

An officer who once worked in the prison, of course, has now been removed from her position and is under investigation. She spoke out in her real name, piece by piece, counting out the crimes Penny committed against Kiki when she was in prison.

Seeing that prison staff list out Penny's crimes, the general public was still stunned.

Is what Penny had someone do to Kiki in prison something that a human being could do?

No, Penny is inhuman!

Brutally killing Kiki's child, breaking Kiki's ribs and chopping off Kiki's pinky finger .....

For five years, more than 1,800 days and nights, Kiki had to face the vicious attacks of the people in the prison every day!

Punching, kicking and even breaking a few ribs were all light. Netizens shuddered to think how Kiki had survived all those days and nights!

"Penny is so horrible, I can't think of anything bad that she can't do!"

"A person who can even kill her child in order to frame others, what bad things can she not do! Poor Kiki, tortured by Penny for so many years and had to suffer the misunderstanding of the world again and again after she was released from prison!"

"I want to apologise to Miss Kiki, I even scolded her when the video first broke out, now it's proven that I was the one who was blind!"

"Did you guys notice the wound on Miss Kiki's wrist? That must have been left behind when she slit her wrists to kill herself! Poor Miss Kiki, it's not easy for her to survive under Penny's clutches until now!"

"I really hope that Quinn can treat Miss Kiki well and spend the rest of his life warming her heart!"

"Have you guys watched the video of Penny and Mr. Birkin getting married carefully? I watched the video all over again and I found that when the vows were being taken, Mr. Birkin was shouting Kiki's name. Could it be that it wasn't actually Kiki who was stalking Mr. Birkin, but Mr. Birkin who was nostalgic about Kiki?"

"I just found that too! Mr. Birkin shouted out Kiki's name at his and Penny's wedding, he must be in love with Kiki! I really hope Mr. Birkin can reunite with Kiki!"

"I do hope that Kiki never goes back to him! It was Mr. Birkin himself who sent Kiki to prison, and although he was kept in the dark about some of the truth, the damage has been done and there's no going back! I only hope that Quinn can give Miss Kiki life and she can be happy for the rest of her life!"

.....

Looking at the prison staff's list of her crimes, Penny almost broke down and went mad.

Why should everyone think it's her fault, but Kiki is the most innocent?

She deserves to die!

If Kiki hadn't stolen Christ from her, how could she have tried to put her to death again and again!

Kiki is the one who started all the sins!

It's hard to get over it!

Penny frantically pressed the keypad on her phone, she just couldn't believe that all the people would be confused by Kiki!

"Penny is innocent! Kiki is shameless! Kiki steals man from Penny and harms her again and again, she's shameless!"

Once Penny posted this comment, the netizens went crazy.

"Why does this ID look so familiar? Isn't this the same ID that was suspected to be Penny's last time!"

"What suspicion! This is clearly Penny's account! Penny is refreshing my mind every second! Where does she get the nerve to say she's innocent? Innocent of a demon who abused a child and cut off someone's little finger?"

"Penny, you say Kiki has harmed you over and over again, but you should show us the proof! We haven't seen any evidence that Kiki has harmed you, but it's you who has harmed Kiki that everyone knows about! Penny, I hope you read my comment and choke to death on your breath!"

"Penny, I'm kinder, I wish you a disgusting death by yourself!"

"I'm the kind one! I wish you stinky to death by your fart!"

.....

Penny thought that if she incited the netizens' emotions so much, some of them must have fallen in line and sided with her, helping her to say a few words. But what she got was the vicious abuse from the netizens

No!

She would never sit still!

Her plan will be implemented soon, and when her plan is successfully implemented, Christ will definitely kill Kiki with his own hands!

Before Kiki dies, she will definitely not go to hell first!

With that thought, Penny gritted her teeth and dialed a number.

"Find a way to get Evie and Kiki to meet and plan ahead!"

Penny had just hung up the phone and the doorbell of her villa rang.

The people who came were the police.

"Penny Wallace, right? Someone reported that you abused children and bribed public officials to commit violence against people in prison, please come with us and cooperate with the investigation!"

"I didn't!"

Penny didn't expect the police to come over so quickly, so she backed up in a panic, "I didn't abuse a child, and I didn't bribe a public official! I was framed! You can't fall into the trap of helping others frame me! I'm innocent, I'm really innocent!"

The police officers had all watched the video of Penny's child abuse before they arrived, and they naturally did not believe that Penny was innocent.

"Are you innocent or are you guilty as charged, the truth will come out after you return to the station to assist in the investigation!" With that, the policeman put the handcuffs on Penny's hands and forcibly dragged her to the police car.

Freya was at the hospital and followed the big events that were going on online. She was happy from the bottom of her heart that Kiki had been cleared of any wrongdoing.

She just didn't expect the two little ones to make another stunt when it was almost noon.

At first, she was really worried when she saw from the video that Penny had splashed coffee all over Jayla's face, but fortunately, the coffee was cold.

In fact, Freya had been thinking of ways to teach Penny a lesson, but she didn't expect the two little ones to strike even faster than her. Seeing Jaden being beaten, Freya was heartbroken, but she was also proud.

Her son is all set to help his Auntie Kiki out.

Penny was just about to go back to Kelsington Bay to make sure how the two little ones were injured, but she received a call from Patricia.

"Freya, Simon and Regina are getting engaged the day after tomorrow, how about you go with Regina tomorrow to pick out a dress?"

## **Chapter 488**

The day after tomorrow Regina and Mr. Fitzgerald are getting engaged?

And, Patricia wants her to accompany Regina to choose a dress?!

It's just as well she didn't burn Regina's dress!

Patricia's voice continued, "Freya, recently Simon has been particularly busy, he doesn't even have time to go over to accompany Regina to choose a dress. I originally wanted to go over to accompany her, but my eyes are no longer able to keep up with the trends of you youth, so it's better for you to go over and choose together!"

"Freya, I know that you and Regina have had bad blood in the past, but that was all a misunderstanding. In the future, we are all family, you and Regina should get along well."

Patricia's voice was suddenly tinged with a choke, "Freya, although Kieran is no longer alive, you will always be my daughter-in-law! Freya, I hope that you and Regina will both be well."

Ever since Patricia knew that Freya was the woman who saved Kieran's life back then, the two of them had untied and opened their hearts. Patricia was really good to Freya, and Freya knew that these words of Patricia were genuinely for her good, but she could not get along with Regina properly.

Not to mention the fact that Regina deliberately caused the car accident that turned Kieran into Simon, just the fact that Regina wanted to kill her is something she can never forgive.

She learns from Bradley that it was the Wells family who kidnapped her and fed her to the wolves, though they eventually released her and said that they had kidnapped the wrong person, and she would believe all this nonsense!

“Mom, do you ever think that Brother and Kieran are very much alike? Like as if they were the same person?”

Not expecting Freya to suddenly ask this question, Patricia could not help but be stunned.

She said truthfully to Freya, “Kieran and Simon have been alike since they were little. They grew up with their grandparents since they were young, and sometimes when I see them, I can’t tell them apart.”

“Freya, I know that when you saw Simon, you remembered Kieran again, but Freya, there is no way that Simon is Kieran. Simon has said that he is almost forgetting what happened before, but he is sure that he is Simon.”

“Freya, I know that it’s hard for you that Kieran is gone and you can’t accept it. It’s hard for me too, I don’t want to lose him. But no matter how hard it is for me, I hope you can forget about Kieran. Freya, forget about Kieran, you deserve a better life, I hope you can meet someone more suitable. Even if you are no longer my daughter-in-law, you are still my daughter for life.”

“Mom .....

Hearing Patricia’s heartfelt words, Freya almost cried out. She thought that after Bernice’s death, she would never have a mother again, but she never thought that she could still receive the same kind of love and care from Patricia.

“Freya, go and help Regina choose a dress tomorrow, and when you get married, I will go with you to choose your dress!”

Freya’s eyes were moist, Patricia had said so, so she certainly couldn’t refuse any more.

“Mom, don’t worry, I’ll accompany Regina to choose a dress tomorrow and I’ll definitely get along with her properly!”

No way!

Only after receiving Freya’s affirmative answer did Patricia hang up the phone in relief.

She had always hoped that one day she would be able to wear a wedding dress and marry the man she loved most, but the man she loved, in this life, would only be Mr. Fitzgerald.

The man she loves most is getting engaged to Regina the day after tomorrow! She’s not so generous as to wish him and Regina well, she can only, by all means, sabotage them!

Freya knew that Patricia had asked her to accompany Regina to choose a dress, which must have been suggested by Regina.

Regina just couldn’t see her well and wanted to take the opportunity to show off so as to irritate her severely.

Unfortunately, Regina had made a mistake, she was not that easily defeated, she would like to see who would be unhappy tomorrow!

Jayla did not lie to her, the coffee was indeed cold, and on Jayla's face, there was no sign of any difference.

It was Jaden, on the contrary, whose handsome face bore a distinct redness.

Looking at Jaden's highly swollen face, Kiki was so distressed that she cried.

Jaden sweetly comforted her, "Auntie Kiki, don't cry, I'm not in pain, not at all!"

"Yes, Auntie Kiki, brother is a man, he won't be afraid of pain!" Although Jayla was also quite distressed by Jaden, she still said in an understanding manner in order not to make it difficult for Kiki.

"Kiki, don't feel bad, I checked Jaden just now, he's fine, use ice on his face, the swelling will go down soon." Freya also didn't want Kiki to feel too guilty and gently comforted her.

"Jaden, Jayla, I know you are doing me a favour and want to help me out, but you are children after all, you have to learn to protect yourselves first."

Kiki wiped away her tears and said to Jaden and Jayla incomparably serious, "This time, the coffee was cold and Jayla wasn't hurt, what if the coffee was hot? Besides, your strength is no match for Penny's, in the future, I won't allow you to risk your lives for me again!"

"Auntie Kiki, we know we're wrong, we won't do it again." Jaden and Jayla looked at each other and said in unison.

"Penny has been taken away by the police!" Freya suddenly noticed the big news and couldn't help but speak up excitedly.

Because Christ had always protected Penny before, even when Penny framed Kiki for imprisonment back then, she was not sanctioned by the law.

This time, Penny's child abuse was known to the whole world, plus Quinn found the prison staff and criminals who abused Kiki back then, and coerced them into identifying Penny's crimes. Even if Christ wanted to protect Penny, Penny would not be able to escape the law!

"Uncle Quinn is awesome!" Seeing that several more prison staff who were violent to Kiki back then had admitted their crimes online, Jayla couldn't help but speak up.

"I think Uncle Quinn is awesome too!" Jaden glanced at the computer aside, "Auntie Kiki, Uncle Quinn has already said in public that you're his wife, when are you getting married?"

Kiki blushed slightly as she turned her face away uncomfortably, "Children are not allowed to meddle in the affairs of adults!"

Jaden and Jayla glanced at each other in silence, Auntie Kiki was shy!

They're going to be flower girls!

After making sure the two little ones were okay, Freya drove straight to the outside of Kieran's villa.

Coincidentally, Kieran happened to be driving back, and Freya got out of the car and quickly stopped in front of his sports car.

“Brother, get out of the car, I want to talk to you!”

Kieran did not get out of the car, but slowly pulled down the window, his dark eyes with a clear impatience.

“What is it?”

When she thought that he had agreed to be engaged to Regina, Freya was so angry that she wanted to kick him in the car door and say to him, “Who gave you permission to get engaged to Regina?”

She was afraid that if she said that she would push him further away, she was going to go soft first, “Brother, can you not get engaged to Regina? I am begging you.”

### **Chapter 489**

Kieran didn't expect Freya to suddenly beg him, so he couldn't help but be stunned.

In his impression, Freya had always been godlike and also incredibly cunning, like a fox. He did not expect that this woman, who moved to turn his brother green into a green meadow and always liked to attract butterflies, would suddenly open her mouth and beg him.

Kieran knew that Freya must be faking, but his heart still couldn't control softening.

After his heart softened, he began to despise himself again, and he suppressed the waves that swept through his chest, deliberately misinterpreting Freya's meaning, and spoke without shock, “What, you want Regina and I to skip the engagement stage and get married directly?”

“Of course not!” Freya was so angry.

Realizing that her voice was too irritable, Freya hastily lowered her voice and said pitifully, “Brother, I don't mean that, I don't want you to get engaged to Regina, and I don't want you to get married to Regina. Brother, can you break up with Regina?”

“Break up?” Kieran sneered, “Freya, who are you to tell me to break up with Regina?!”

“Just because .....” Freya gritted her teeth, “just because I like you! Brother, I like you, I like you so much, can't you consider me?”

Kieran was once again shocked. He could not expect that this woman would have the nerve to justify saying she liked him!

“Heh!” Kieran smiled coolly, “Freya, how many men have you said that to?!”

On the one hand, she is pretending to be affectionate in front of outsiders, acting as if she will never marry for his dead brother, but on the other hand, she is hooking up with his nephew, and is preparing to get a license with that Harry, and now, she has come to confess her love to him. and there is also a certain Mr. Coleman!

Freya wants to say, “Mr. Fitzgerald, this is something that, in this life, I have said to you alone.”

Even back then when she was in a relationship with Remy, she had never said such a thing.

But that was something she couldn't say to the man in front of her, because, he simply didn't believe he was her Mr. Fitzgerald.

Suppressing the bitterness in his heart, Freya tried to smile sincerely and brightly, "Brother, in the future, this is something I will only say to you. Brother, I can feel that you don't have no feelings for me at all, can we be together?"

Seemingly afraid that she would be rejected by Kieran, Freya hurriedly said, "Brother, I promise, if you agree to be with me, I will treat you very, very well."

"My cooking is not much good now, but I will try to learn to cook, and every day I will make you delicious food. I know that two people together need surprises, and I will prepare surprises for you every day."

"Brother, I've got my driving licence now and I've bought a car, you're so busy every day, I know you must be tired of driving yourself to and from work, I can pick you up and take you to and from work every day from now on!"

"I'm a doctor, and I've also learnt massage, so I can even help you when your brain is tired at work. Brother, as long as you're willing to stay with me, I'll do anything you want me to do!"

Freya looked at Kieran with a hopeful face, hoping that he would suddenly change his mind, give up Regina and stay with her.

She has, in fact, always been proud.

Even when she was schemed by Remy and Alisha like that back then, her heart hurt, but she was still able to hold her chin up high and break up with Remy in a stubborn and decent manner.

But now, in order to get Kieran to look at her one more time, she said words in a low tone that she had never said in life.

After waiting for a long time, she did not get an affirmative reply from Kieran, Freya was so anxious that she was about to cry.

There was indescribable embarrassment.

Proud as she is, if another man had dared to embarrass her like that, she would have slapped him right in the face, but because it was him, she was able to put her dignity down a little more.

"Brother, give me a chance, okay? I am begging you."

Before coming here, Freya discussed with Kiki about the countermeasures. Kiki said that although both she and Freya did not like to play the trick of crying, but men like this, and if Freya really wanted to get Kieran back, she would have to mess with him.

Freya felt that what Kiki said was very reasonable. She had lived for so many years and had seen too many break-ups, and in relationships, men were always used to being on the weaker side.

For example, Christ always helped Penny, who liked to play the pity game, and the former Kieran, who had also been fooled by Alisha's soft fake face for years.

Freya does not like to pretend to be pathetic, but she is willing to do everything she does not like in order to get Mr. Fitzgerald to come back.

Today was just for acting, but at this moment, looking at Kieran's cold face, Freya really wanted to cry.

Now she was acting as pathetic as ever, and he was still as cold as ever.

When he saw the tears in Freya's eyes, his cold, hard heart twitched uncontrollably.

However, almost immediately, Kieran's heart hardened coldly again.

He pulled open the door and got out of the car, looking at Freya from above, towering over her as if he were a god descending from the sky, only, with such a good-looking face, not a trace of warmth could be found.

"Give you a chance to do what? Disgust me? Freya, I seem to have said that I don't have such heavy tastes!"

Freya felt that she was really angry with Kieran, but more than anger, it was embarrassment and heartache.

With her chest pumping too hard, Freya gasped hard, but still couldn't find her voice.

Seeing Freya's miserable white face, Kieran's heart throbbed uncontrollably again, but thinking of his dead brother's deep love for her, she was busy looking for a man everywhere, his face grew a little darker.

"Freya, I won't bother you about your pestering of me for the sake of Kieran! But in future, if you dare to pester me again and try to ruin my relationship with Regina, I will not forgive you!"

When she was threatened by Kieran, Freya laughed outright, and she obviously laughed so freely, but in her voice, there was an indescribable choke.

"Brother, if you care so much about your brother, you must not be able to stand by and watch the woman he loved most in his life die in front of you!"

Freya gritted her teeth and decided to use the most desperate tricks.

"If you get engaged or married to Regina, I'll hang myself with a rope in front of your door!"

"Don't you want to be with Regina? If you have the guts, you'll step on my corpse before you are together!"

## **Chapter 490**

Kieran was indifferent.

Freya was so anxious, other women were so effective in pretending to be soft, but now she had said she was going to hang herself, how come he hadn't reacted?

Freya continued, "I'm not joking! If you don't cancel the engagement ceremony with Regina, I'll really kill myself!"

Freya felt that Kieran was so numb and cold that it should be too far away from what she said about the so-called hanging at his doorstep.

After all, she had no a rope in her hand, and this unseen and untouchable phrase would not be taken too seriously by him.

The strategy of crying and hanging can certainly not go wrong; the only thing that goes wrong is her behaviour, which makes him think that she is just joking and not really trying to commit suicide.

Freya continued to grit her teeth, if she didn't make the suicide look more realistic today, Kieran would not compromise!

"Brother, you think I'm just scaring you, don't you?!" Freya put on a stance like she was ready to die, "Fine, since you don't believe me, I'll bang myself against the wall now and make you regret it for the rest of your life!"

With that, Freya rushed towards the wall not far in front of her.

As she rushed towards the wall, she peeked at Kieran. She didn't believe that he would sit back and do nothing while she was looking for death in front of him!

And he really sat back and watched!

The head of Freya was about to hit the wall, but Kieran was still standing in front of the car in a cold way, as if, even if she died, he wouldn't frown.

At a centimetre from the wall, Freya's body, like a stone block, froze in place.

Kieran's lips hooked, this woman would not commit suicide!

"What, no more banging yourself against the wall?"

Kieran lit a cigarette, and in the smoke, she could actually see his expression surprisingly true.

There was no trace of pity on that handsome face, only a bone-chilling coldness and irony.

Especially his eyes, so cold and indifferent, as if she was just an insignificant stranger whose life or death did not affect his emotions in the slightest.

Looking at such Kieran, Freya's heart suddenly went cold.

The previous Mr. Fitzgerald was really not like this, even if, at first, he had not yet fallen in love with her, his protection of her made her warm from the bottom of her heart.

How, between them, there was not even the slightest warmth left!

Freya hastily turned her face to the side, fearing that her most vulnerable side was on display in front of him. Before she could gather herself and continue to fight, his voice without any semblance of emotion sounded in her ears again.

“What a pity, I was hoping to step on your corpse and before I am with Regina!”

Something, in Freya’s heart, shattered, and her tears, no longer controllable, rolled down without a sound.

No wonder he was indifferent even after she had used all her strength to cry and hang herself. So he was looking forward to her death.

Suddenly, Freya was at a loss as to how to continue the drama.

He doesn’t even care about her life, so what’s the point of her making a scene even if it turns the world upside down!

Freya wiped away the tears at the corners of her eyes and when she looked up, there was no longer any trace of vulnerability on her face.

She pulled her lips and put on a big smile at Kieran, “Brother, I’m afraid I’ll have to let you down, you really won’t have the chance to step on my corpse, I was just crying and hanging myself, but I was just teasing you!”

Since, all the weakness and pleading will not bring him back, she will leave with a proud smile, at least, when he recalls it some years later, it will be that she leaves with a smile on her face, not a woman who only cries.

Seeing that Kieran didn’t say anything and only stared at her coldly, the smile on Freya’s lips grew wider, “Brother, wasn’t my acting skills good? Did you just get tricked by me into thinking that I would be worse off than dead if you and Regina got engaged?”

“I also think I’m so good at acting that I think I could just debut and break into acting with Kiki!”

Kieran didn’t say anything, only his eyes grew darker and darker.

Just now, she had hit the wall in front of him, and for a moment, he was about to go soft, but thinking of what Harry, Mr. Coleman and his nephew were around her, he forced himself to calm down.

He was angry that she had sought death in front of him, but now he was even angrier when she said that her so-called attempt to kill herself by banging into the wall was just an act.

“Brother, don’t worry, from now on, I won’t bother you anymore, you can be with Regina, and I wish you happy together.”

Freya half dropped her eyelids, then, slowly opened her eyelids again, she looked at Kieran and put on a relieved smile.

“Brother, all this time, I have been pestering you and caused you no small amount of trouble. I am here sincerely apologizing to you! But Brother, the reason why I’ve been pestering you is not because I have ill intentions towards you, it’s just because, I think of you as Mr. Fitzgerald.”

Freya sucked in a strong breath, forcefully holding back her tears, “You are not my Mr. Fitzgerald, my Mr. Fitzgerald has died in that car accident three months ago, in my heart.”

Yes, the Mr. Fitzgerald in her heart was dead, and although she was incredibly sure that the man in front of her was her Mr. Fitzgerald, the Mr. Fitzgerald in her heart was no longer there.

She is now, in her heart, really tired and exhausted, so tired that she does not have the strength to let her Mr. Fitzgerald come back.

If, indeed, he feels that he can be only when he is with Regina, let him be!

After all, what was the point of chasing after someone who didn't even care if she lived or died!

Just think of him as Simon, in that way, her Mr. Fitzgerald, from the beginning to the end, was deeply in love with her!

“Brother, I wish you and Regina a happy engagement in advance!”

After saying this, Freya quickly turned around and rushed in the direction she parked her car, she was afraid that if she walked any slower, she would not be firm again, and even if Mr. Fitzgerald only had Regina in his heart, she would continue to stick to him like brainless.

“Bye, Brother!”

After saying this, she added another sentence in her own mind, goodbye, Mr. Fitzgerald!

Kieran felt that he was really exasperated by this woman, she was stalking him and he was cranky, now she suddenly said that she would never pester him again, in his heart, a feeling of being abandoned was surprisingly born.

“Freya, stop right there!”

Before Freya could get into the car, Kieran's bitterly cold voice rang out behind her, and in the next second, his large hand was already tightly wrapped around her wrist.
