Chapter 541

Regina had also seen the news this afternoon. She was naturally proud and happy that Kieran was able to find out the truth and turn the tide.

But what depressed her was that she saw a video.

The video was a live broadcast of the victim's family making a scene outside Fitzgerald's Crop building last night, and she clearly saw Kieran rubbing Freya's head with that kind of doting that he had never shown her before.

Regina hates it!

She hated to cut off Freya's head that had been stroked by Kieran!

She doesn't want Kieran and Freya to get back together, but she knows that even if she cries, she can't stop Kieran.

But she can't stop them from being together, but Patricia can!

Moreover, she believed that Patricia would never allow Freya and Kieran to be together!

In Patricia's eyes, the current Kieran is Simon, so how could she possibly allow her second son to get involved with her youngest son's wife!

The Fitzgerald family cannot afford to lose disgrace!

With this in mind, Regina dialed Patricia's number.

"Mom." Regina's voice had a distinct choke in it, sounding extraordinarily aggrieved, "Mom, did you watch the video on the internet? It's the full video of so many people causing trouble outside Fitzgerald's Crop building last night."

"Yes!" Because Kieran's troubles had been solved, Patricia's voice sounded indescribably light, "What's wrong?"

"Mom, I watched the video too, I also saw that Simon touched Freya's head." Regina paused and then said, "Mom, I'm not being petty or distrustful of Simon, I really think that Freya is getting too close to Simon."

"Simon is her husband's elder brother, how can she have an affair with Simon! What will others think of our Fitzgerald family if she does that?!"

Patricia is still watching the video from last night, she has watched it three or four times.

She really didn't see anything wrong with that head touch in the video, Freya's head was so cute, not to mention her son wanted to touch her, she wanted to touch her!

What's more, last night, Freya had done Fitzgerald's Crop a great favour!

If Leon's mother had really died outside Fitzgerald's Crop building, even if it was proven that the bridge collapse had nothing to do with Fitzgerald's Crop, Fitzgerald's Crop would not be able to completely turn around public opinion.

But Freya, with her superb medical skills, let Leon's mother leave the scene safe and sound. She helped the Fitzgerald family so much, what's wrong with her son touching her head to show his gratitude?

Thinking of Regina repeatedly destroying Freya's image in front of her, Patricia's voice, instantly, went cold.

"Regina, you've gone too far!"

When she was reprimanded by Patricia, Regina felt that her heart had been badly hurt, and she couldn't help but speak up to defend herself, "Mom, how am I going too far? I'm not the one who is having an affair with someone else's man, and I'm not the one who is always trying to steal someone else's man, so how am I going too far? Mum, you can't always help Freya, it's not fair to me!"

"You're just going too far with your words!"

Patricia's voice became increasingly stern, "It's fine for you to say such things to Simon! But your words are not fair to Freya! If your words were to reach the ears of outsiders, what would others think of Freya?"

"Although Freya usually doesn't talk much, I know that she wants to save face the most! You let people look down on her, you let people laugh at her, don't you think it will make her embarrassed?"

"Mom"

Regina had never thought that her saying this would make Patricia so angry, and for a moment, she didn't really know what to say.

Her image, in front of everyone, had always been noble and perfect, and she didn't want to ruin her wonderful image in Patricia's eyes, but she was even more reluctant!

Why, when Freya could easily gain the favor of others, she had worked so hard, could not compete with Freya for anything! She was not happy!

Regina softened her voice and cried, "Mom, I really didn't mean to slander Freya, but it's really hard for me! I love Simon so much that I can't tolerate that, and when I see other women getting close to him, my heart is twisting!"

Regina actually wanted to tell Patricia, Freya, she's shameless, she's already snatched my Simon away.

But she didn't want Patricia to know that Kieran had broken up with her, so she could only say politely, "Mom, do you know that Simon and I have had several fights recently because of Freya! Mum, can you help me persuade Freya to stop ruining my relationship with Simon?"

"I know Freya loves Kieran, she can't let go of Kieran, when she sees Simon, it's like she sees Kieran, she wants to find some comfort from Simon, but Mom, that's not fair to Simon, and it's not fair to me either!"

Regina's words said with sincerity, but Patricia really was heartily fed up, "Regina, I really don't believe that Simon can start a fight with someone!"

She lowered her voice and said softly, "Regina, if you really quarreled with Simon, it must be because you were too suspicious! Regina, I have told you before that men don't like women who are too suspicious, and if you keep suspecting him of having an affair with Freya, he'll be unhappy!"

"Regina, you are the daughter-in-law that I have decided, Freya is likewise my daughter-in-law, so I don't want you to get upset with Freya again because of some trivial matters!"

Regina was still a bit upset, but she couldn't continue to talk about Freya's faults now that Patricia had said so much.

She gritted her teeth and forced herself to calm down, "Mom, I know, I won't do it again. Mum, I'm sorry, I'm the one who was too impulsive, seeing Simon touch Freya's head made me so jealous."

Patricia felt a lot more comfortable, "Regina, it's normal for you young people to get jealous together, but even if you are jealous, you shouldn't spread your anger to Freya."

"Kieran is dead, so it is not easy for Freya to take care of two children by herself. Simon is the children's uncle, it is only right for him to take more care of them. Could it be that you want Simon to be cold and not have any human feelings at all?"

Regina wanted to say, "The problem is, Simon is only warm to Freya," but she couldn't say that out loud.

She could only force a smile, "Mum, I won't do it again, don't be angry with me!"

After hanging up the phone, Regina was so hateful.

What the hell was she supposed to do to make everyone hate Freya?

Regina was gnashing her teeth in hatred when she suddenly received a phone call.

"Bradley will go to the Blues tonight, I have already prepared the medicine, and everything is arranged for Freya's side. I guarantee that tonight, Bradley and Freya would be got in bed!"

Chapter 542

The corners of Regina's lips couldn't help but rise as she listened to the voice on the other end of the phone, but she was still a little uneasy, "Are you sure Bradley will really have sex with Freya? What if he's not willing to go after Freya?"

"Miss Wells, you can rest assured of that! The kind of medicine I asked someone to get, even a eunuch would have to be a man for a while! Bradley is a normal man, after drinking that kind of medicine, he won't even be able to tell if he's a man or a beast, so how could he possibly let Freya go!"

"Miss Wells, tonight, just wait and enjoy the show, it is so exciting, you don't want to miss it!"

After saying this, the man simply hung up the phone.

Regina looked at the phone screen that was fading to black in her hand, the corners of her lips raised in an arc.

It's so nice, the woman he loves most and the subordinate he trusts most will be got in bed. Regina can't wait to see the look on Kieran's face!

Freya was in an extraordinarily bright mood after seeing the news online this afternoon.

She felt her mood still drifting until she went to the set.

Well, Mr. Fitzgerald is indeed very powerful, in this world, there is nothing that Mr. Fitzgerald cannot do.

Last night, Kieran said he would give her a reward, but at that time things had not yet been resolved and she was too embarrassed to ask for a reward from him.

Tonight, she'll have to think about what she wants as a reward.

Letting Mr. Fitzgerald offer himself to accompany her to unlock new positions?

Freya shook her head vigorously, this idea was too vulgar! Mr. Fitzgerald would definitely dislike her lack of reserve! After all, in his opinion, they had only just established their relationship and unlocked new positions was too fast!

Freya was racking her brains to think of what reward she should ask for, and the screenwriter Spencer suddenly reached out his hand and tapped her on the shoulder.

Freya was startled and subconsciously turned around to see Spencer looking at her with a difficult face.

The scriptwriter of "The Mythical Doctor" was Spencer, Freya had worked with her before and she had even helped her with her words, so their relationship had always been good. "Are you uncomfortable somewhere? Do you need me to take your pulse?" Freya asked.

"Freya, I want to ask you to do me a favour." Spencer and Freya's relationship was getting better and better, and her name for Freya changed from the initial Dr. Stahler to Freya.

"What's the favor? Just let me know if you need anything, I'll do my best as long as I can do something!"

A quick flash of guilt passed through Spencer's eyes, and in a flash she was back to the unbearably embarrassed look she had just had.

"Freya, my daughter is sick and tonight, I have to go home early."

Spencer paused and then said to Freya, "But Jason's part of the script is still waiting for me to deliver it to him tonight. My assistant is on leave and Jason is at the Blues, I have to take a long detour to get there. Can you help me give the script to him?"

"Freya, I know it's a lot of trouble, but I'm really worried about my daughter and I want to go back and see her sooner rather than later."

Freya is a mother, she naturally understands Spencer's feelings. In the past, when she was abroad alone and Jaden or Jayla was sick, she was as anxious as an ant on a hot pot.

"Spencer, what kind of trouble is this? You don't have to be so polite! I happen to be on my way anyway, I'll just drop the script off to Jason!"

Freya knew Jason, he was the male first in the new drama, and was said to be a particularly big name, and hadn't even entered the cast yet. He wanted the script tonight, and if she didn't send it to him, he would definitely have to get in trouble with Spencer.

"Freya, thank you." Spencer's eyes looked deeply at Freya, she moved her lips, as if she still wanted to say something to Freya, but in the end, she didn't say anything.

She quickly wrote down the box number where Jason was on a piece of paper, put it together with the printed out script and put it into Freya's hand, and the moment she turned around, she moved her lips silently.

Freya, I'm sorry.

It's usual to drop off a script, so Freya hasn't given it much thought, plus she and Spencer are so close that she can't deliberately think too darkly of people's hearts.

In fact, Freya wanted to ask Spencer at that time, just send the electronic version of the script to Jason and let his team print it!

However, thinking of the fact that many stars like to play big and demand that the crew must respectfully deliver the script to them, this was something that Freya did not ask.

After finishing the crew's business, Freya drove her car straight to the Blues.

Just now, she took a call from Kieran, who said he was now at Blues and told her to take an early rest. Freya did not tell Kieran that she would also go to Blues later, and after she finished delivering the script to Jason, she sneaked off to Kieran's box to give him a surprise.

After glancing at the box number on the sticky note in her hand to make sure the box in front of her was the one Jason was in, Freya knocked on the door, intending to give him the script quickly so she could go find her man.

No one responded.

The sound inside such boxes is usually so chaotic, with friends meeting and mingling, that you can't hear the knock on the door outside.

Freya didn't waste any more energy knocking on the door either, as she pushed it open directly and headed inside the box.

After pushing it open, Freya noticed something was not normal.

There are no lights on inside the box.

It was dark inside, not at all like a party.

Realising something, Freya quickly exited the door and intended to leave, but before she could close the compartment door behind her, a large hand tightly clutched her wrist.

Of course, Freya would not be foolish enough to wait to be dragged into the box. She tried to break the hand with force, but the hand was so strong that she could not break it even though she had used almost all her strength.

“Let go of me!”

She tried to attack the weakest part of the man’s body, but the man’s body was too agile, so her attacks could not succeed.

“Help!”

When Freya cried out for help, the man quickly reached out his other hand and just covered her mouth and nose with a deadly grip.

Freya shook her head vigorously, she found that all those skills she had learnt to defend herself before had turned into a pose in front of this man.

No matter how much she struggled, she was eventually dragged inside the compartment by force, and in the next second, the door of the compartment was fastened shut by him.

And in the midst of this darkness, Freya gradually saw the outline of the man in front of her clearly.

It was Bradley.

Chapter 543

Kieran was forcibly dragged to the Blues party by Fabian.

He didn’t want to talk to Fabian.

But he did not follow Fabian out, Fabian stuck to his office.

Kieran was tormented by Fabian’s winks until his stomach and intestines were a little upset. Finally, he decided to go to Blues and dunk Fabian until his stomach and intestines were upset to see if he would dare to throw winks at him in the future!

Fabian originally wanted to pull Kieran out to cultivate a relationship with him and help him recover his memories by the way. He thought very well and vocally recalled the past, making his empty memories suddenly filled up.

As it turned out, the ideal was very rich and the reality was very skeletal. Before he could give a vocal speech, he had already been forced by Kieran to drink two large bottles of red wine.

With two large bottles of red wine in his stomach, Fabian’s tongue was not sharp enough, let alone reminiscing vividly about the past.

He grabbed Kieran’s arm, revealing his smile, “Kieran, have you really forgotten me? Have you forgotten the trousers we wore together, the trees we climbed together?”

Fabian gave a vocal hiccup, “Pants and trees will be sad if you forget all about it.”

“No, it’s not the trousers and the tree that are sad, who would be sad?”

Fabian grabbed Kieran’s arm and shook it vigorously, “Kieran, tell me, who would be sad?”

“You!” Kieran’s lips twitched, his voice cold, “You’ll be sad when I break your legs.”

Fabian was delirious, but still couldn't control a shiver, he stammered, "Break my leg? Hey, hey, break my my legs"

Kieran shrugged Fabian away in disgust, he didn't bother to bother with him about him identifying him as his brother.

Kieran was in no mood to waste time with a drunk, he turned around and was about to leave the Blues, but Fabian crawled over again unrelentingly.

He was lying on all fours with Kieran at his feet, and kept wiggling his two long legs.

"Don't go! Don't go! I can't move with my broken leg, you can't leave me! If you want to go, take me with you!"

The corners of Kieran's lips continued to twitch. If he had known he was this drunk, he would not have come to Blues to drink with him.

"Get out!"

Kieran ripped Fabian away from him and headed for the outside of the box. Fabian chased after him with aggression, and this time, he directly hugged Kieran's leg.

"My leg is really broken! I've had my leg broken by Kieran! Help! Bradley, help me!"

Kieran knew that if he didn't help Fabian sober up, he wouldn't be able to get rid of the drunkard tonight.

He gave Fabian a dark look, grabbed him by the shoulders and led him in the direction of the bathroom.

"Wash your face!"

Fabian was quite well behaved when he was drunk. After receiving Kieran's order, he giggled and turned on the tap in front of him and started washing his face.

After a few cold water were poured on his face, Fabian's consciousness instantly sobered up, coupled with his gut churning and a bout of wild vomiting, he instantly woke up most of his alcohol.

Kieran was about to leave Fabian alone in the washroom while he went to the Kelsington Bay to give Freya a surprise, but he suddenly heard two unfamiliar male voices coming from inside the washroom cubicle.

"What a surprise, Freya is actually with Bradley!"

Freya?

Kieran's eyebrows twisted, and that lifted footstep, couldn't help but freeze in place.

"Yes, it's unbelievable! It's only been a few days since Mr. Fitzgerald died, and his woman can't stand her loneliness and has fallen out of love!"

"It wouldn't have mattered if she has an affair, but how could she have gotten involved with Mr. Fitzgerald's most trusted subordinate? The woman Mr. Fitzgerald loved cuckolded him in the blink of an eye, how can all tragedies catch up with him!"

“Mr. Fitzgerald treated Bradley well back then, once Mr. Fitzgerald died, he took over Mr. Fitzgerald’s woman, he is ungrateful!”

It was as if the two men had not noticed Kieran’s presence, and the two of them were still discussing what had just happened when they walked up to the sink.

“These two are really eager, the door of the compartment is not even closed yet, they hugged together, they are not afraid of being seen!”

“If they’d shut the door, would you still have seen that scene just now?”

The man chuckled, “You’re right! So jealous of Bradley, if only I could touch

A fist slammed hard on the man’s face, Kieran was like the king from the eighteenth level of hell, “Who do you want to touch?”

Without waiting for the man to speak, Kieran greeted him again with a fist, “Shut your mouth if you don’t want to die!”

The two men shuddered with fear and they both looked at each other before walking quickly outside the bathroom.

Fabian, who had just sobered up, was not about to let these two men off the hook. He stumbled in front of them, and his fists and feet went up unceremoniously.

“How are you talk nonsense!”

Fabian was still a bit drunk, so he fought without any rules, but his moves were so ruthless that the two men fell to the ground, clutching their heads and scurrying about.

“Mr. Pryce, stop it! If you keep this up, you’ll kill us!”

“Mr. Pryce, stop it! We’re not talking nonsense, we’re really not talking nonsense! We really saw Freya and Bradley together! They’re in 3306 right now, if you don’t believe us you can go over and see for yourselves!”

“Yeah, the door to their box was unlocked and lots of people saw them, we really weren’t lying!”

Feeling the coldness of Kieran’s body inching up, Fabian’s hand suddenly froze.

He turned his face to look at Kieran, not knowing for a moment what to say.

He did believe Freya, but suddenly became a little worried that he would push open the door of 3306 and see the scene he feared most.

“Simon, it’s not good!”

Regina stumbled and ran over, she hugged Kieran’s arm hard, “Just now I heard everyone saying that they saw Bradley and Freya betraying Kieran together! Simon, if word of this gets out, it will be disgrace for Freya!”

Chapter 544

“Regina, shut the hell up!”

As soon as Fabian took a look at Regina, he knew that she definitely did not have any good intentions.

He was so angry that he wanted to tear Regina’s mouth apart, but he resisted the urge because he thought that it would be a disgrace for a man to hit a woman.

Fabian was still drunk, but his brain, too, could roughly think through the whole thing.

He was only afraid that this incident was deliberately designed by Regina.

Freya and Bradley were framed by Regina, but even if they were framed, things have developed to the point where it is irreversible and this is a dead end.

No man can tolerate his beloved woman doing that kind of thing with his most trusted buddy.

And it’s the one who started it all, Regina, who ultimately benefits!

“Fabian, I don’t know why you’re so hostile towards me, but I really don’t mean any harm!”

Regina looked sincerely at Fabian and then at Kieran, “I’m really worried for Freya! Simon, Fabian, you guys quickly think, how can we suppress this matter and save Freya’s reputation!”

“Regina, the hell will believe you’re so kind!”

Fabian’s words were completely unforgiving, which made Regina’s heart a little embarrassed, but when she thought that the ones who would be embarrassed immediately were Freya and Bradley, Regina’s mood, again, was splendid.

Her acting skills, which had reached the point of perfection, were so good that her heart was clearly on the verge of going mad with joy, but her face still managed to have anxiety written all over it.

“Simon, you have to believe me, I really do care about Freya! Simon, I admit that I am indeed a bit jealous of Freya that she can easily get your heart, but after all, she is the daughter-in-law of the Fitzgerald family, we are family, and I don’t want her reputation to go down the drain!”

“Regina, I don’t believe Freya would do such a thing!” Kieran said word for word, with unparalleled certainty.

Once, he thought she was a slut, but when everyone said she was having an affair with his subordinate, he still chose to stand by her side without hesitation.

He was really finished, he thought, and for the first time in his life, he could even forget his principles for the sake of a woman.

Even, he couldn’t help thinking that even if Freya really had something going on with Bradley, he wouldn’t be able to do anything to let go of her hand.

Anyway, she had been his brother’s woman before, she had never been a chaste and virtuous woman, and even if she was a little dirtier, he could take it!

Hearing this from Kieran, Fabian also hurriedly expressed his support for Freya, “Regina, I don’t believe that Mrs. Fitzgerald would do such a thing either!”

Looking at the certainty flowing in Regina's eyes, Fabian's dangling face instantly floated up with a compelling cold awe, "Even if something really happened between Mrs. Fitzgerald and Bradley tonight, I still believe that Mrs. Fitzgerald was framed by someone! I have no doubts about her character! Regina, you don't want to harm Mrs. Fitzgerald!"

"Fabian, I don't know why you have such a deep prejudice against me! We grew up together as children, can't you still not be clear about what kind of person I am?"

Regina's eyes burst into tears, looks sincere, "Fabian, Simon, I also want to believe Freya, I also hope that between her and Bradley clean, but just just when I passed by the door of their box, I saw with my own eyes, she and Bradley"

Regina looked like she couldn't say it, obviously, she meant that, the image she saw, unpleasant to look at.

As soon as Regina's words left her mouth, two rather greasy looking men came back together in the direction of the men's washroom, as if the two of them hadn't noticed Kieran.

The man in the burgundy jacket looked like he had been struck by lightning, "I still can't believe it until now, that Mr. Fitzgerald's wife has gotten together with his assistant!"

"It's so impressive! Mr. Fitzgerald has suffered this double betrayal, do you think he'll be so angry that he'll jump out of his grave?"

"Bradley is really a svelte scum who doesn't match his appearance! Mr. Fitzgerald has only been gone for a few days, and he's already done something like this!"

"I think it's Freya's fault! I've had a few contacts with Bradley, and I think his loyalty to Mr. Fitzgerald is obvious! Freya is so shameless!"

"Mr. Fitzgerald is really unlucky to have married a dirty person like Freya."

Before the man could finish his sentence, his rather fat body was kicked out like a football by Kieran.

The other man looked like he had been scared to pee, he was just about to scream, but Fabian sent him straight into the men's washroom with a kick to make him pee.

Regina covered her mouth and looked as if she was in a state of anxiety. She reached out her hand and gently pulled down Kieran's sleeve, "Simon, what should we do? Now that everyone knows about Freya and Bradley, if word of this gets back to Mom, she'll be furious!"

"Simon, how about we go and separate Freya and Bradley and then find a way to keep the news under wraps?"

Before she came to Kieran, Regina had already sent a message to Patricia.

"Mum, come to the Blues, Bradley and Freya are together, and now the whole world is watching them, I really don't know what to do!"

The more Fabian looked at Regina the more upset he became in his heart, he really wanted to slap her, but he had to admit that what Regina said, in this current situation, was the best way.

Fabian cast a cold glance at Regina, and then said to Kieran, "Let's go find Mrs. Fitzgerald now!"

Fabian thought about it, and then he thought that Freya had only managed to chase after Kieran again with great difficulty, and if Kieran saw her with Bradley, Kieran would definitely have to break up with her.

Fabian thought about it again and again, but still said, "Forget it, you can wait here! I'll go and find Mrs. Fitzgerald!"

"I'll go with you!" The unforgiving voice made Fabian not even know how to refuse.

"Kieran, I'm afraid you'll break down when you see that image!" Fabian thoughtfully said to Kieran.

"I'm Simon."

"Well, Simon, I'm not letting you go over there for your own good! You and Mrs. Fitzgerald have only just gotten together and this is happening, I'm afraid"

"No matter what happens, my heart will never change!"

Without waiting for Fabian to finish, Kieran took the lead and walked towards Bradley's box.

Regina almost spurted blood with hatred!

She doesn't believe that after seeing Freya and Bradley together with his own eyes, Kieran will say the same words!

Chapter 545

Seeing Kieran walking in the direction of Bradley and Freya's box, Fabian coldly swept a glance at Regina and also hurriedly chased after him.

Regina certainly did not want to miss such a good show, she quietly sent a text message, explained a few words to her men, and then followed Kieran closely forward.

The door to the box was locked from the inside.

In fact, after Bradley dragged Freya into the box, he locked the door of the box from the inside, and what those people supposedly saw just now was all nonsense in compliance with Regina's explanation.

"Why is the door locked?" Fabian pushed the door of the compartment hard and found that he couldn't push it at all.

He gave a glance at Kieran, who was gloomy, and his heart couldn't help but stutter as he reached out his hand and hastily rapped hard on the compartment door, "Bradley, open the door!"

"How come the door is locked?" Fabian was rapping hard on the door and a voice full of regret sounded behind him, "Ugh, I was planning to enjoy the image of Bradley and that little bitch Freya making love, but I won't have the chance to see it tonight, what a pity!"

"Me too! I couldn't get enough of it just now! This is so much better than watching a porn! Unfortunately, they locked the door! We couldn't even see it if we wanted to!"

When the two men finished, they shook their heads and headed off to the next room.

Although Regina hadn't seen Bradley and Freya were inside the box, she was beyond sure that the image of the two of them now entwined together was unbearable.

Her men had drugged Bradley so hard that even if they had been in the box for less than an hour now, Bradley would not have been able to stop even if they had been in there all night.

She knew that Freya didn't like Bradley and must have had to resist frantically at first, but where was her strength to be a match for Bradley!

Now, at this time, it was just right, only that Freya had been tortured by Bradley to the point where she couldn't even use her strength to resist!

Regina put on an anxious look, "They've locked the door, so what are we going to do?"

"Regina, you shut up!" As soon as he heard Regina speak, Fabian became angry, he turned his face to look at Kieran, "Simon, are you really not going back? Why don't I call Bradley first"

With that, Fabian began to call Bradley, but after he had called for a while, the phone remained unanswered.

In fact, even though so many people said that they had seen Bradley and Freya sleeping together with their own eyes, he still had a slight chance in his heart, hoping that it was just nonsense from people with a heart.

But Bradley doesn't answer his phone!

The nature of Bradley's work has made it a habit for him to answer the phone in a particularly timely manner; after all, to be someone's special assistant, he has to be on call.

Fabian couldn't get through to Bradley on the phone plus this time, only three times, and the first two times, there were life-threatening events.

And this time, what happened was certainly no small feat.

"Simon, don't worry, I'll try calling Mrs. Fitzgerald."

Fabian's chest was beating furiously, his fingertips were shaking uncontrollably, and he had just dialed Freya's number but the phone was already hung up.

Apparently, the other side was busy and would not take his call.

How could it be such a coincidence that neither of the two would not answer his calls?

"Simon, why don't we go to Kelsington Bay and see if maybe Mrs. Fitzgerald has gone back to Kelsington Bay! Yes, I'll call Jaden and Jayla! I'll ask them if Mrs. Fitzgerald has already gone back!"

With that, Fabian was about to call Jaden.

Kieran's eyes coldly swept past Fabian's face, his pair of profound eyes were cold and silent. Looking at Kieran, Fabian's heart inexplicably panicked, as he just wanted to say something else, Kieran kicked open the door of the box.

“Simon, don’t look!”

Fabian was still upset, he stepped forward and hurriedly tried to cover Kieran’s eyes, but when he looked clearly at the situation inside the box, he instantly froze in place and forgot to continue covering Kieran’s eyes.

Regina also froze.

She looked incredulously at the four people gathered around the mahjong table inside the box, her eyes widened, she thought she was mistaken, she rubbed her eyes hard. The situation inside the box remained the same, Freya, Bradley, Patricia, and Logan’s youngest daughter, Winnie, were gathered around the mahjong table playing mahjong.

“I win!” Patricia exclaimed excitedly, “I’m so lucky today, I think I can even go straight to being the King of Gamblers!”

Hearing Patricia’s voice, Regina was so shocked that she almost screamed out loud.

How did this happen!

Her men had clearly reported to her that Bradley had been drugged and Freya had been dragged into the box by him, so the two of them were, by definition, in the middle of a sex. How could they be sitting so leisurely together playing mahjong?

Kieran was actually mentally prepared to see Freya and Bradley tangled up together, he even found countless reasons to forgive Freya and give Freya another chance, but he did not expect to see this scene.

There was no doubt that Kieran was relieved, his heart trembling, fortunately, this woman did not let him down.

The first person to react was Fabian, who was so excited that he jumped up and down.

He hugged Kieran hard, “Simon, I told you, Mrs. Fitzgerald wouldn’t do something like that! Simon, I’m so happy that Mrs. Fitzgerald and Bradley have nothing between them!”

When Fabian was happy, he wanted to do something indescribable, and if it wasn’t for Kieran’s terrifyingly cold face, he would have had to kiss him with excitement.

Only after Patricia had happily put a note on Freya’s, Bradley’s and Winnie’s faces did she realise, as an afterthought, that someone had come in and, moreover, had kicked in the door.

Patricia tends to get addicted to mahjong as soon as she plays it, and she is upset to the extreme when she is inexplicably disturbed while playing mahjong.

As soon as she turned her face and saw that it was Kieran, Regina and Fabian, her tightly furrowed brows spread and she waved at Kieran, “Simon, come over and teach Freya! Freya is so stupid, she keeps losing, I can’t even stand watching!”

At Patricia’s command, Kieran sat beside Freya and began to instruct her in mahjong.

Fabian, not willing to be lonely, also sat beside Bradley, "Bradley, do you know how to play mahjong? I'll teach you if you don't know! You are stupid and, you can't even set a tile properly!"

Bradley was just about to say something, but Patricia's mobile phone suddenly rang, an message coming in.

She subconsciously pressed her phone and realised there was an unread message from earlier.

"Mum, come to the Blues, Bradley and Freya are in bed and now the whole world is watching them, I really don't know what to do!"

Patricia was directly frozen after reading this message, she looked at Regina with a confused expression, "Regina, you just sent me a message saying that Freya and Bradley had sex? Why would you suddenly send me such a message?"

Chapter 546

When Patricia first read the message, she subconsciously thought it was a prank, and she was about to scold her back when she suddenly noticed that the person who sent her the message was Regina.

Regina's temperament has always been calm and collected, and Patricia felt that it was impossible for Regina to be that bored to pull any pranks, but it could only be, deliberately.

Patricia's eyes became dark and cold, when she saw that Regina did not speak, her voice suddenly became a few minutes harsher, "Regina, I think you should give me an explanation as to why you sent me such a message!"

"Mom, I"

Even if Regina was calm and collected, she didn't know what to say for a moment.

When she entered the box and saw Patricia, she had really forgotten that she had ever sent such a message to Patricia.

Now, this message was suddenly put on the table by Patricia, and Freya and Bradley did not have sex, no matter how she explained it, Patricia would think she had bad intentions.

"Bradley and sister-in-law doing that kind of thing being watched by the whole world?" Winnie deliberately put on a shocked look, "What a joke! When I came over, my sister-in-law hadn't come yet! Can't it be that Bradley and sister-in-law still do something in front of me?!"

Freya also looked at Regina with a dumbfounded expression, "Regina, I also don't understand why you would send such inexplicable messages to mum, you're not dreaming, right?"

"I"

Regina's face was becoming increasingly unpleasant, she did not know why things had developed like this, but she knew in her heart beyond doubt that this time. She had exhausted all her effort and spent so much manpower and resources, and had failed to push Freya into eternity.

“What!” Winnie had been arrogant since she was a child, and after becoming a police officer, she still couldn’t change her fiery temper, “I think you are deliberately sowing discord, trying to ruin the relationship between Aunt Patricia and Sister-in-law!”

“I didn’t!”

Regina hurriedly explained to Patricia, “Mom, don’t misunderstand, I really didn’t mean to ruin your relationship with Freya! I was also misled just now!”

“I came to Blues tonight and met many people on the way, they all said that Freya and Bradley were doing that kind of thing inside the box just now. I was too thin-skinned and too embarrassed to push open the compartment door to come in and see, so I mistook what they said for the truth!”

“Mom, I really didn’t mean to denigrate Freya by sending you this message! I’m really anxious! Freya is the Fitzgerald family’s daughter-in-law after all, and I’m afraid that the Fitzgerald family will be ridiculed when people outside say such harsh things about her!”

“Mom, I admit that I was too hasty and did a bad thing with good intentions, but I really never meant to harm Freya!”

“Regina, you really think you don’t have to take any responsibility for talking nonsense, don’t you? Which of your eyes saw me and Miss Stahler being surrounded by people?”

Bradley was also furious, “Regina, I am a man, I don’t care about being talked about and pointed at, but Miss Stahler is a woman. You are talking nonsense like this, it is a disgrace for her”

Seeing Bradley helping Freya, Regina was furious, but now that Kieran and Patricia were there, she couldn’t get angry, so she could only suppress her anger and said to Patricia pitifully, “Mom, I really know I’m wrong. Mum, I’m sorry, I shouldn’t have sent you this kind of message. In the future, I won’t jump to conclusions without facts. Mum, can you forgive me this time?”

“Regina, you shouldn’t apologise to me, it’s Freya that you should apologise to!”

Patricia rubbed her temples a little tiredly. Originally, she was quite excited when Winnie asked her to come over to play mahjong, but she never thought that she would suddenly receive such a bad text message when she was in the middle of playing.

Patricia looked at Freya, whose eyelids were quietly half-lidded, and then at Regina, whose face was anxious, and couldn’t help but fall into contemplation.

She used to, really, think that Regina was the best candidate for their Fitzgerald family’s daughter-in-law.

Beautiful, understanding, elegant, generous, and a good family background.

There was no doubt that she was also extremely fond of Regina, but recently, one thing after another had made her less and less patient with her.

She did not blame Regina for what happened to Jayla last time, but she had a problem in her heart with Regina after all, plus Regina had bad-mouthed Freya in front of her time and time again, and even today, she sent her this kind of text message, she really could hardly continue to appreciate Regina.

When she chooses her daughter-in-law, what she values most is character, followed by talent and family history.

Their family is already illustrious enough, so finding the right match is the icing on the cake, and even if she is from a poor background, will not damage the glory of their family. So she wants a kind-hearted daughter-in-law instead of a vicious rich lady.

For the first time, Patricia had the thought that she did not want to be associated with the Wells family.

“Regina, apologize to Freya!” Seeing that Regina did not have the slightest intention to apologize to Freya, Patricia coldly said it again.

“Mom, I

Regina really didn’t want to apologise to Freya, the person she despised the most in her life, how could she bow down to Freya!

But when she met Patricia’s eyes, in which she could not see any warmth, Regina decided to give in for the time being.

Patricia had an opinion about her, now.

And she was to be the daughter-in-law of the Fitzgerald family, so how could she let her future mother-in-law have a go at her!

With this in mind, Regina said softly to Freya, “Freya, I’m sorry, I really didn’t know that you and Bradley were innocent! I shouldn’t have believed all those gossips out there, I apologise to you! Freya, I’m really sorry, can you forgive me?”

Freya sneered in her heart, Regina’s words were really not sincere at all!

Even if she and Bradley hadn’t been caught in bed together tonight, her affair with Bradley was already widely known.

And if she and Bradley really had a clean slate, how could there be so much gossip?

However, no matter how much she disliked Regina, Regina had apologised to her in front of Patricia, so if she continued to take it up with her, it would seem like she was being aggressive.

Freya did not look at Regina, but smiled shallowly at Patricia, “Mom, don’t worry, I won’t bother with Regina. I did nothing wrong, and I am unafraid of the so-called gossip.”

Patricia nodded gently, Freya was so sensible, and she liked Freya more and more.

However, thinking that Freya would have to get married after all, Patricia said softly again, “Freya, although the text message from Regina just now was a bit harsh, however, Bradley is really nice, why don’t you two try to get along? I’ll make the decision for you!”

Chapter 547

“Ahem

Freya almost choked to death on her own saliva, and she coughed for a while before she could get over it.

It's not a good thing that her mother-in-law is too open-minded, she has to worry all the time that she will have a heart attack.

Bradley was also shocked by Patricia's words, and he too coughed so hard that his svelte face turned red.

He quietly glanced at Kieran, if he dared to be with Miss Stahler, he would have drowned him with vinegar!

As expected, Kieran's handsome face was already so dark that he stared coldly at Freya, as if if Freya dared to say yes, in the next second, he would simply break her neck.

Patricia looked completely puzzled, when she saw how odd the expressions of the people in this room were, she couldn't help but ask, "What, am I wrong? Freya is a good girl and Bradley is handsome, he is a good match for Freya!"

Bradley silently wiped his cold sweat, unable to stop wailing in his heart, "How much of a grudge you have against me! Can't you see that I'm about to be gouged to death by Boss with his eyes?!"

Freya was racking her brain on how to refuse Patricia's kindness, but Winnie had already spoken excitedly.

"Aunt Patricia, you mustn't make a mess of things! Bradley is my man, if he gets together with sister-in-law, who will my child find as a father?!"

Bradley was really frightened this time and choked straight to death on his own saliva, how could he not know when did Winnie have his child?!

"What?!" Having suffered so much shock tonight, it took a moment for Patricia to ease up from Winnie's words, "You child?"

Patricia looked Winnie up and down, and finally, her eyes fell on Winnie's belly without a moment's hesitation, "Are you having a baby? The baby's father is Bradley?"

"Yes!" Winnie justifiably said, "So, my child's father can't run off with someone else! Besides, my sister-in-law doesn't like Bradley, so you can't set them up!"

Patricia has some regrets in her heart that she didn't succeed in setting up Freya and Bradley together tonight, but she thinks it's not bad for Winnie and Bradley to be together. Bradley is a good boy!

With this thought, Patricia's mood became sunny again.

She stretched out her hand, as if to touch Winnie's belly, but was a bit uncomfortable, so she could only clear her throat and take the posture of an elder and ask, "May I ask how many months is the baby in your belly? Do your parents know it? When are you and Bradley going to get married?"

“It’s been almost a month, I haven’t told my parents yet, Aunt Patricia, please help me keep it a secret first, I want to tell my parents in a few days.” Winnie said with a smile as she touched her still squishy stomach.

Bradley was already too stunned to speak, he had at best been forcefully kissed a few times by this young lady and

But that doesn’t make him a father!

Patricia was quite happy, “Okay, I’ll help you keep it a secret, wait until you want to tell your parents.”

Once she turned her face and saw Freya sitting quietly beside her, Patricia again felt some indescribable regret, “Freya, it’s been a while since Kieran was gone, you should really think about your marriage.”

“Right, Mr. Jenkins’ grandson is back, why don’t I arrange for you to meet tomorrow and if you feel good, you can try to get along with him. Young people should make more friends.”

A blind date?

Freya was stunned that her own mother-in-law wanted to set her up on a blind date?

Isn’t it a bit inhumane for her to refuse outright when her own mother-in-law is so enthusiastic?

Freya swallowed and whispered, “I heard that Mr. Jenkins’s grandson is quite outstanding”

In fact, Freya wanted to say that Mr. Jenkins’s grandson was so outstanding, and she was the one with the two children, so he would definitely not like her.

But before she could finish her sentence, Patricia had already cut her words off excitedly, “Yes, Joshua Jenkins is really quite good, he graduated from Harvard with high academic qualifications, I heard he can also play the piano, and now he has taken over Shen’s. He has a lot of promise!”

“That’s really quite good.” Freya continued trying to finish her sentence, “He’s so nice” how could he possibly like me! So the matchmaking thing, let’s just forget about it!”

Patricia still didn’t give Freya a chance to finish her sentence, she was so happy to see Freya complimenting Joshua.

“Freya, you also think Joshua is very good? Do you have a crush on him? I’m telling you, I showed your picture to Joshua the other day and he said he fell in love with you at first sight!”

Freya doesn’t believe it!

She didn’t believe that such a talented person would like a married woman like her!

“Mom, I don’t think I’m good enough for him, so you shouldn’t”

Freya was about to continue her sentence, but she felt someone was watching her from behind.

Without having to look, Freya knew that the eyes of Mr. Fitzgerald must be so terrifying.

Regina was eager to see Freya being with another man, so she quickly helped out, "Freya, you're too modest! You are so pretty and have good medical skills, how can you not be good enough for Joshua? I think you and Joshua are a match!"

"Yes, yes, that's what they say, a talented man and a beautiful woman!" Patricia smiled lightly and grabbed Freya's hand, thinking Freya was pretty, and naturally her heart was sad when she thought of her son who had died so young.

But one must always look ahead, and she hopes that everyone who lives will get better and better.

She thought that her precious son, too, must have hoped that Freya would find someone to rely on, rather than grow old alone.

"Freya, since Joshua is interested in you and you also like Joshua, how about we have a meal together tomorrow?"

She likes Joshua?

Since when did she like Joshua?

Suddenly, Freya didn't know what to say to her mother-in-law, because she found that no matter what she said, Patricia always had the ability to misinterpret her meaning.

"Mom, there's no need to let Freya have dinner with Joshua." Without waiting for Freya to say anything, Kieran said in a cold voice, "Freya and Joshua are not suitable!"

"How come?" Patricia objected to Kieran's words, "Joshua has a crush on Freya, and Freya also likes Joshua, such a good couple, how could they be inappropriate?"

Of course Kieran couldn't tell Patricia about him and Freya being together now, he just said it again with a cold face, "Freya and Joshua just don't fit!"

"Who do you think Freya is suitable with?" Patricia huffed and glared at Kieran, "If you can't name a suitable person, I'll call Joshua to come over right now!"

Chapter 548

Freya's heart was in her throat, she was afraid that Kieran would make their relationship public.

She wanted to be with Kieran for a long time, so that the whole world would know that he was her man.

But, not now.

Now everyone in the world thinks he is Simon, and if everyone knows they are together, everyone will only think that they are incestuous.

She doesn't care, but the reputation of the Fitzgerald family cannot be ruined by her. Moreover, Kieran is carrying the entire Fitzgerald family on his shoulders, and such a scandal would completely ruin him.

Only when he remembers everything and he regains Kieran's identity, will their relationship see the light.

Kieran actually wanted to let the whole world know that Freya was his woman, but Freya had told her not to expose their relationship, and seeing her nervous look, the words that were on his lips were turned into, "Mom, do you think the Jenkins family will help us raise the children for the Fitzgerald family?"

Patricia naturally knew that Kieran was referring to the fact that Freya had brought Jaden and Jayla and that the Jenkins family could not accept them, but she disagreed with Kieran's words.

"Joshua knows about Jaden and Jayla, he said he doesn't mind! Besides, our children are so cute, how could the Jenkins family not like them! It's not like our children need to steal their Jenkins family's property, everything we have in the Fitzgerald family will be theirs in the future anyway!"

"Mum, I don't believe that Jenkins family will accept Jaden and Jayla without any hard feelings!" Kieran coldly lowered his face and said one word at a time.

"Simon, why do you care so much?!" Kieran rarely talked, Patricia disliked him for not being able to let out a few of words all day, "I don't need you to care about my matchmaking for Freya! Now, mind your own business first!"

"Regina's grandfather has just passed away, so you won't be able to have a wedding for a while, so why don't you get your license first?"

"Simon" Regina looked at Kieran with a hopeful face, although Kieran had already broken up with her, she still had a chance if Kieran promised Patricia to get a license with her.

"Mom, I'm not getting a license with Regina!"

"What?! Simon, what do you mean by that?!" Patricia couldn't control her shocked voice, in her opinion, he and Regina got married, it was decided, and he had always tacitly approved of it, how could she expect him to speak up against it?

"Simon, calm down! Don't make mum angry, okay?" Regina gently pulled down Kieran's sleeve, afraid that Kieran would say something about them having broken up.

"Mom, Regina and I have broken up!"

Freya does not agree to make their relationship public, but that does not mean he cannot make his breakup with Regina public.

Ignoring the shock on Patricia's face and the pain in Regina's eyes, Kieran then said word for word, "Mom, I don't love Regina, I won't marry someone I don't love, so it's impossible for us to get married!"

"Simon, what did you just say? Did I mishear?" Patricia couldn't help but ask towards Kieran.

"Mom, I have someone I like, I can't hold Regina back."

"Simon"

Kieran didn't even show her any mercy, and Regina was so upset that tears were falling out of her eyes.

But when men don't love someone, they are the cruelest. Not to mention the tears, even if she were to shed blood all over her face, Kieran would not come back to her.

Fabian, however, was more excited than the person concerned, and he secretly threw a winks at Kieran, "Simon, well done!"

Patricia raised her face just in time to see this enchanting wink from Fabian, her eyelids twitched uncontrollably and she instantly sensed something unusual.

She hoped that it was her keen sixth sense that was wrong, but the next second she would see that her son, who had always been unsmiling, gave Fabian a doting smile.

Patricia jerked up from her chair, could it be that the person her precious son liked was Fabian?

She stared at Kieran and Fabian, but the two of them were oblivious to her gaze. Fabian continued to make small gestures and wink at Kieran, while Kieran was completely indulgent and doting towards him.

Recently Patricia was deeply poisoned by novels, and seeing her own son and Fabian's interaction, she flung herself back into her chair with a thud.

This is clearly the sweet and sadistic daily life of the gays!

Could it be that her precious son was with Regina at first because he didn't discover his true heart? Now realising that Fabian was his true love, he didn't hesitate to kick Regina away?

Patricia's heart was full of sorrow and she was in no mood to continue playing mahjong, she couldn't make this clear, what if, after she made it clear that the two of them were only having a little bit of trouble, it would turn into a wildfire?

The more she thought about it, the harder she felt, she punched her chest hard and said breathlessly, "Forget it, we'll talk about this later, let me be alone."

"Mum, you don't look good, shall I take you home?" Regina said with concern as she thoughtfully held Patricia.

Patricia nodded gently, she had just held onto Regina's arm and she heard Fabian say sweetly to Kieran, "Simon, I'll take you home."

Patricia's legs went weak and she almost fell to the ground.

See, she knew these two were not in a pure relationship!

Patricia felt upset, and as she walked out of the box, she said to Regina over and over again, "Regina, you mustn't give up on Simon! You must pull him back onto the right path!"

Regina solemnly promised, "Mom, don't worry, I won't let go just because Simon was confused for a moment!"

Kieran did not go back with Fabian because, he wanted to settle the score with Freya afterwards.

Bradley was afraid of continuing to be pestered by Winnie, and after Patricia left, he rushed out of the Blues nimbly.

Winnie had not yet achieved her ambition of pouncing on Bradley, so of course she was not willing to be left behind by him and chased after him in a fiery manner.

Inside the box, only Freya and Kieran were left, and Freya inexplicably felt that the air around her was a little cold.

She stiffened and gave a smile at him, "What's wrong with you, Brother? Why are you staring at me with that look?"

"You like that Joshua? Huh? You still want to go on a blind date with that Joshua?!"

Chapter 549

See, he's really here to settle a score with her!

Seeing that he was so angry and Freya still dared to giggle at him, Kieran's handsome face grew darker and darker, "Freya, are you so happy at the mention of that Joshua?"

"Brother, I am quite happy."

"Freya!"

Kieran's handsome face was directly covered with dark clouds, "Freya, if you dare to like that Joshua, I'll break your legs!"

"Brother, I haven't finished my sentence yet, what's your hurry!"

Freya was not afraid of Kieran's black face, she stepped forward and smiled like a little fox as she hugged his arm, "Brother, I am happy that you are jealous for me."

With that, Freya gave Kieran a light peck on the corner of his lips.

"Brother, you look really handsome when you're jealous!"

Kieran still had a dark face, but in his eyes, there was a clear glow.

Handsome?

Well, count this woman as having an eye!

However, she said he looked handsome when he was jealous, but was he not handsome when he was not jealous?

With this in mind, Kieran's eyes sank again, and he ordered coldly, "Freya, don't go on a blind date with that Joshua! And don't like him!"

Freya knew Kieran's temper best, of course she wouldn't go against him at this time, she nodded her head, "Brother, don't worry, I won't go on a blind date with that Joshua! I will not like him!"

"Brother, you're the only one in my heart, how could I possibly like anyone else!"

Freya's words greatly pleased Kieran, who grunted arrogantly, but the dotting between his eyebrows could not be concealed.

Freya saw that he had already been coaxed by her, so she added, "Brother, can you smile more in the future? Do you know that when you're black-faced, you're really scary!!"

“Freya!”

Freya secretly spit out her tongue, she is also really quite innocent, she just asked him to smile more, and he was angry?

“Brother, look at you, you’re black-faced again! You have such a bad temper and you blackface at every turn, be careful of scaring young girls away and not being able to find a wife for the rest of your life!”

This time, Kieran’s handsome face was directly blackened, does she mean that she is going to be scared away by him?

Don’t she dare run!

Now that he’s decided on her, if she dares to run away, he’ll break her legs so she can’t!

Kieran snorted coldly and was about to physically break the legs of some insensitive woman, but Freya’s soft hand cupped his face ingratiatingly.

Freya grew up in the north, but her voice sounds somewhat southern, warm and soft, making people tingle from the bottom of their hearts.

“Brother, but I won’t be scared off by you, I’ll never leave you for the rest of my life! So you’re not allowed to like other girls either, in this life, you can only like me!”

The soft voice, scratching past Kieran’s ears, fell all the way to his heart, the anger in his body, no longer could find the slightest bit, only the drowning tenderness.

He didn’t speak again, he just leaned his face down and kissed Freya’s lips.

Although Kieran did not move on the surface, he still felt very hard in his heart when he heard so many people talking about Freya and Bradley’s affair.

He could not believe that after she had agreed to be with him, she was still having an affair with Bradley, and he knew that someone must have deliberately set her up.

And the first person he suspects is Regina.

Luckily, she was smart enough not to fall into Regina’s trap and even turned the tables on her. God knows how much he wanted to hug her hard when he saw her sitting unharmed in front of the mahjong table.

It took him almost a couple of lifetimes of determination to control himself in front of the crowd.

If it was really Regina who tried to set up Freya’s Bradley, then Regina had indeed gone too far, and he would not allow anyone to hurt the woman he cared about.

Only, when he thought of the scar left by the shot that Regina had blocked for him, he couldn’t drive it out on Regina.

Kieran actually wanted to ask Freya how she had detected the plot of others tonight, and whether she had been afraid of being set up in such a way, but he was not the kind of person who was used to melodrama, and he could not ask such delicate and tender words.

Freya was, in fact, a little scared tonight.

The moment she was pulled into the box by Bradley, she had, at that moment, a feeling like being struck by lightning, but the next second, she was not afraid.

Because she saw Winnie inside the box, and Winnie made a shushing gesture to her.

It was also at that time that Freya knew that Bradley had long since figured out the conspiracy, and that he had cleverly concealed it by making the man think that he had drunk the wine when, in fact, he was more sober than anyone else.

It was just a pity that he hadn't found any evidence pointing to Regina either. Even if he wished the idea of killing Regina, they could not do anything to help her now.

Winnie has been chasing Bradley for a long time, and tonight Bradley asked her to come over to help, so naturally she happily agreed.

To the surprise of Freya and Bradley, Winnie also called Patricia over, making the good show that Regina had painstakingly devised, completely fizzle out.

Although Regina didn't get her way, Freya still felt a bit bad inside.

She didn't expect that her friend Spencer, whom she had genuinely befriended, would help Regina along to harm her.

She is not going to lose her heart and take revenge on Spencer, but she can't really be friends anymore.

Whatever the reason for Spencer to help Regina to harm her, Freya would not forgive her..

Not wanting to continue to think about such a bad thing, Freya gently held Kieran's chin and smiled like a little fox that had eaten honey, "Brother, last night, you said you would reward me, now, I'm here to ask for a reward! Are you really willing to give me any reward?"

Freya said while tracing Kieran's eyebrows with her fingertips.

She had to keep an eye on such an attractive face, she couldn't let another woman take him away!

"What reward do you want?"

Chapter 550

Freya smiled and took his big hand, "Brother, let's go on a date, okay?"

Freya actually did not simply want to go out with Kieran.

Her senior, who specialises in psychology, said that using hypnosis to forcibly awaken Kieran's memory would not work, and that the only way for him to recover his memory was to remember it slowly on his own.

She wanted to take him to places they had been before, to walk the paths they had taken, to relive the sweet warmth of the journey.

She remembered that date in the grove of the University, and tonight she decided to take him back to the University, so that perhaps, by revisiting the past, he would suddenly remember the past!

How wonderful!

But Kieran was not in a wonderful mood at all, he only wanted to do bad things now. Who was going on a date with her!

But

Seeing her pitiful look, he couldn't even say no, so he could only go on the date with her with a dark and sullen face.

When Freya saw that she had succeeded in her evil plan, she smiled like a small fox that had succeeded in stealing a fishy thing. She curtly hugged Kieran's arm, "Brother, you are also a graduate of Arkpool City University, right? Let's go back to our alma mater tonight, okay? I used to always want to, with the man I like, stroll through the groves of Arkpool City University and talk about love."

"Brother, tonight, my wish will come true, my heart is really rejoicing!"

Looking at the woman smiling with arched eyebrows in front of him, the corners of Kieran's lips couldn't help but rise.

Everyone has wishes when they are young, and he did not expect that he would be among her wishes when she was young, and his heart rejoiced.

Kieran, clutched Freya's hand tightly. Tonight, he would help her realize the dream she had when she was young, so that she would have no regrets in her life.

The grove at Arkpool City University is still, as before, a dating destination for young lovers.

Taking the initiative to bring Kieran to such a place, Freya was actually a little embarrassed.

She was afraid that he would dislike her!

Sure enough, as soon as she entered the grove, Freya was disliked by Kieran, "Freya, is it your wish to talk about love in a place like this?"

Freya sat upright and said in a serious manner, "Brother, I think this place is quite good! There are trees, flowers and insects singing here, and it's so nice to sit here with someone you like!"

"Well, it does have a lot of meaning!" Kieran coolly withdrew his eyes from the couple next to him and said in a light manner.

Even if Freya was thick-skinned, she was embarrassed to be disliked by Kieran all the time.

She gave a dry laugh, "Brother, do you think I'm being impure in my thinking by bringing you to a place like this?"

"But Brother, between lovers, it's not that pure! When a man and a woman are together, how can two people stare at each other all day long!"

Kieran looked at Freya thoughtfully, "Then what do you think lovers should do when they are together?"

Freya answered truthfully, "Do happy things."

In fact, as long as she could be with him, no matter what she did, her heart rejoiced.

Even if she could only have a platonic relationship for the rest of her life, with a wide-eyed stare every day, she would never get bored.

Kieran glanced at the young couple next to him and couldn't help but frown, this is the happy thing she was talking about?

There was an arrogant little man living inside Kieran, who actually, wanted to do bad things even more than Freya, but on the other hand, he felt that it was too unimpressive for him to do bad things with a bunch of little kids in a place like this.

So, he has been sitting proudly beside Frey, but his mind was all about bad things.

Being stared at by Kieran like this all the time, the boy next to him couldn't stand it even though he was too thick-skinned.

The couples who come to the grove have a tacit agreement not to disturb each other. There is no one like Kieran who ignores the beautiful woman beside him and keeps saluting others!

The boy couldn't stand it anymore, he whistled provocatively at Kieran, "Bro, why do you keep staring at me? You don't even know how to do that, do you? What's the point of bringing your girlfriend here if you don't know how to play? Go back to your dormitory!"

Kieran raised his eyebrows, is there anything in this world that he wouldn't know how to do?

He was full of contempt!
