

Talented 581

Chapter 581

Freya obviously felt Kieran's displeasure, she smiled flatteringly while shaking her head, "How could it be! Brother, you're so handsome, how could you possibly be unseemly!"

Well, complimenting him on his good looks, this woman is discerning!

Kieran's heart was slightly relieved, but his face did not ease up in the slightest.

When Freya saw that the ass kissing tactic didn't seem to be working, she hurriedly smiled at Kieran, "Brother, you must not have eaten yet, right? Can I treat you to dinner?"

"No!" Kieran coolly swept the table in front of him, he wouldn't eat anything that that Joshua had eaten!

Freya saw through Kieran's thoughts with a single glance, and she turned her face, smiling more and more brightly to please him, "Brother, you don't like the food here, do you? Why don't we go home and I'll cook something delicious for you?"

Seeing that Kieran was still unmoved, Freya directly opened up the pampering mode, "Brother, just come back with me and eat my cooking, okay?"

After saying this, Freya was almost disgusted with herself!

"Freya, you're taking my words for granted, aren't you?"

Freya was so confused, it seemed like she had made a terrible mistake again, but she really didn't know what she had done wrong again, okay?

"Freya, I said no more cooking for you in the future!"

After hearing Kieran's cold words, Freya's heart warmed up, so, he was referring to this matter, Mr. Fitzgerald was so kind to her.

Freya's heart was soft, and the words he spoke were also soft and intoxicating, "Brother, don't be angry. You're the most handsome man in the world! I don't disclose our relationship in front of Joshua, not because I don't like you enough, but people's words can be fearful, I don't want you to be talked about too badly because of me."

"Freya, I'm not as weak as you think!" Kieran's face eased up quite a bit as he hugged Freya onto his lap, "Freya, I don't care all that gossip!"

"But Brother, I care! I don't want the man I love to be besieged by the world, and I don't want to make things difficult for you." Freya's eyes were red, she was afraid of being seen by others, she pressed her head directly against Kieran's heart.

"Brother, I really like you and I want to be with you for a long time, so let's think about it in the long run, okay?"

There is no doubt that the phrase from Freya's mouth deeply pleased Kieran, whose gloomy handsome face was instantly sprinkled with sunshine, but, thinking of Joshua and Freya's intimacy, his heart was a bit twisted with displeasure again.

"Freya, you like that man?"

She continued to shake her head, "Brother, I only like you!"

Afraid that Kieran might think she was not sincere enough, Freya paused and hurriedly continued, "Brother, I really only think of Mr. Jenkins as a very general friend, and it was really a misunderstanding that I would have dinner with him today."

"Mum has been trying to set me up with Mr. Jenkins, and I would come over today because I thought the person I was having dinner with was Mum."

When Freya's words had reached this point, Kieran naturally understood that it was Patricia who had tricked Freya into coming over.

Kieran frowned, he had to find a way to completely break Patricia's mind that always wanted to marry Freya to someone else!

"By the way, I have something for you."

Freya jumped off Kieran's lap, and as she grabbed her bag, she reached for a delicate gift box.

"Brother, see if you like it."

Kieran did not expect Freya to suddenly give him a gift, and his heart was moved with an indescribable softness.

He took the gift box in Freya's hand with inscrutable eyes and, meeting Freya's expectant gaze, unwrapped it and found, inside, a pair of finely crafted four-leaf clover bracelets.

Seeing this bracelet, an uncomfortable blush surfaced on Freya's pretty face, "Brother, I heard from my colleagues that four-leaf clover means luck, and if a couple can wear this kind of bracelet together, they will be lucky until they grow old and never leave each other. Brother, I want to grow old with you."

Not getting any response from Kieran, Freya couldn't help but feel apprehensive in her heart, "Brother, do you not like the gift I gave you?"

Kieran savoured the words, and then, the corners of his lips rose uncontrollably.

"Yes, I love it."

Hearing Kieran say that he liked the gift, Freya was happy. She took the man's bracelet inside the box and carefully put it on Kieran's hand.

Seeing that the lady's bracelet was still lying in the gift box, Freya blushed and stretched out her hand, "Brother, would you help me put it on, please?"

"Okay."

Kieran had never thought that one day he would personally put jewellery on a woman, but putting a bracelet on Freya was something he did with unparalleled ease.

The silver four-leaf clover bracelet quietly wraps around Freya's slender wrist, setting off her wrist.

Seeing Kieran keep staring at her wrist, Freya couldn't help but be embarrassed, "Brother, why do you keep staring at my wrist? Is it because it doesn't look good on me?"

"It's good." Kieran said in a husky voice.

Thinking of something, Kieran clutched Freya's hand, "Freya, I'll take you to a place!"

Kieran took Freya directly to the mall. Freya was just about to ask Kieran where he was taking her but Kieran's mobile phone rang.

"Freya, you stroll around first, I'll come right after I take the call."

"Ok." Freya knew that Kieran must be taking care of some business matters, and seeing that there was a branded men's clothing shop in front of her, she planned to go inside first to browse around and choose a set of clothes for him by the way.

It seems that she has never even bought clothes for Mr. Fitzgerald. It is really a blessing to see the man she likes wearing the clothes she has chosen.

Freya felt that she and Regina really had some kind of sinful relationship. She had just entered that men's clothing shop when she saw Regina and Olivia.

What happened at the last party had made Olivia hate Freya, and now that she saw Freya, she certainly wouldn't let go of the opportunity to diss Freya.

"It is our Freya who thinks about hooking up with men all the time!"

Freya really didn't want to pay any attention to this psycho Olivia. She saw the nice light pink men's shirt in front of her, so she went up and picked up that shirt.

But Olivia snatched up the shirt.

"You are buying clothes for men! You hooked up with Mr. Jenkins, who do you want to hook up with this time?"

Chapter 582

Olivia's words were really mean, but if a dog bites you, can you bite it back?

Freya didn't intend to pounce and bite back, she swept Olivia and Regina a cool glance before turning around and heading outside the men's clothing shop.

Mr. Fitzgerald should be coming over soon after his phone call, and she didn't want him to see her and Olivia arguing.

Olivia was unwilling to let Freya go just like that, she grabbed Freya's wrist, "Widow, don't run away! Are you in a hurry to hook up with a man!"

“Olivia, let go of me!” Freya really felt that this Olivia had a problem with her mind, and with the force in her hand, she unceremoniously threw Olivia off.

Olivia did not expect Freya to be so strong. If Regina had not held her up, she would have fallen to the ground.

Olivia had never suffered such a big loss, especially when she saw the meaningful eyes of the shop assistants, she was so angry that her eyes turned red straight away.

She let go of Regina’s hand and quickly rushed to Freya, “Widow, do you think I don’t know how you hooked up with Mr. Jenkins?!”

“A Widow like you, how would Mr. Jenkins have a crush on you?!”

“Heh!”

“Olivia, stop it, this is a public place, you will make Freya ashamed.” Regina put on the appearance of a peacemaker and gently advised Olivia.

“I just want her to be ashamed!”

This time, she directly pulled the hem of Freya’s skirt, in a way that clearly meant that if Freya dared to run outside again, she would directly rip Freya’s skirt and make Freya embarrassed in public.

If Freya had gone naked in public, people would only think that Freya was shameless and would not care who actually ripped her dress.

She wanted to trample Freya’s dignity under her feet so that she could regain some of the dignity she had lost at the party.

Thinking of the crowd disdainfully pointing at her after Joshua took Freya away that night, Olivia could not wait to kill Freya with a thousand cuts.

She gritted her teeth with hatred, “Widow, what improper means have you used on Joshua?”

Seeing that the shop assistants were all curious and sticking their heads out, Olivia’s voice got louder, “Don’t be so stingy, share your experience and let us learn how to get close to the rich!”

After saying this, Olivia exaggeratedly laughed out loud.

Listening to Olivia’s laughter, the shop assistants around her couldn’t help but laugh out loud too.

When Regina saw Freya being dissed like this, she actually wanted to laugh, but she didn’t.

She continued to be kind, “Olivia, stop it, Freya is our Fitzgerald family’s daughter-in-law after all, I don’t want to see her look too bad.”

“A daughter-in-law of the Fitzgerald family?” Olivia almost shouted at the top of her voice, “She is a widow. Who doesn’t know that she has been expelled from the Fitzgerald family?”

Olivia sneered at Freya, “Widow, don’t think you can enter the gentry again! I’m telling you, the gentry is not that easy to enter! For you, a vixen known throughout the city, it’s strange that the Jenkins family would let you in!”

“A man with you is at best an act, do you really think that there will be men who will want to be with you openly?!”

“Widow, I advise you to stop dreaming! A vixen like you will only be a mistress for a rich man at best!”

“Widow, how does it feel to be Mr. Jenkins’s mistress? When Mr. Jenkins has a fiancée, you’ll be the mistress everyone is shouting at!”

“Olivia, stop it!” Regina made a move to cover Olivia’s mouth, but Olivia pulled away Regina’s hand, “Regina, you let me finish!”

Olivia looked at Regina and then at Freya, “Regina, you and the widow are both daughters-in-law of the Fitzgerald family, how come the difference is so great?”

“Simon has been so good to you, you are the treasure of the Fitzgerald family, but the widow has been swept away by the Fitzgerald family!”

“I know why the widow is so unpopular! It’s because she’s shameless! Who knows if it was the widow who killed Mr. Fitzgerald in order to live with her mistress after he died!”

“Olivia, you’re sick!” This comment from Olivia really refreshed Freya’s three views, in this world, there are always people who can say nonsense blindly!

Which one of Olivia’s eyes saw her kill Mr. Fitzgerald?

How shameless should Olivia be to say something so justifiable without any evidence!

“The Widow is getting annoyed!” Olivia was still smiling brightly, “Can’t hold it in anymore since you’ve been poked by me, can you?”

Freya wasn’t angry, she had a smile on her face, “Yes, it’s a bit unbearable to see brain-dead people!”

“Widow, who are you calling brain-dead?” Olivia could scold others, but she couldn’t stand others scolding her, she growled at Freya with a black face, “Widow, you’re the one who’s brain-dead, your whole family is brain-dead!”

“Don’t worry, our whole family is less brain-dead than you.” Freya said coolly.

Olivia was so angry with Freya that her eyes were bloodshot. She was just about to scold Freya some more, but she saw Kieran walk in.

Olivia hurriedly waved her hand excitedly to Kieran, “Simon, this way! Regina is over here! Regina has bought you lots of clothes!”

Seeing Kieran, Regina’s expression stiffened, but thinking that it was a public place and that Kieran could not possibly be close to Freya in public, she added to her strength.

Regina carried a shirt and walked towards Kieran with a coquettish smile, “Simon, I bought you some clothes, see if you like them.”

“Regina, you and Simon are close! How could Simon not like what you bought!”

Olivia swept her eyes at Freya and continued, "You're so happy, Regina! Unlike some shameless widows who only know how to suck up to men all day long, but they won't even look at her!"

"Who are you calling shameless?" A cool, faint male voice rang out in the air.

Chapter 583

Olivia jolted and instantly got a little weak in the legs, the aura on Simon was so scary!

But when she thought that Simon was Regina's man and Freya had been swept away by the Fitzgerald family, he must have hated Freya too, so Olivia instantly gained a lot more strength.

"Simon, don't misunderstand, I'm certainly not saying you're shameless, I'm saying she's shameless!"

Olivia gave Freya a sidelong glance, "Simon, let me tell you, Freya is so shameless! She wants to marry into a rich family all the time, and now that your Fitzgerald family has kicked her out, she's not willing to be lonely anymore, so she's buying clothes to hook up with men!"

"Olivia, don't be ridiculous. Freya wasn't kicked out by the Fitzgerald family, those are all rumors!" Regina bit her lip and continued to say to Kieran, "Simon, I didn't drive out tonight, can you take me back?"

Regina smiled shyly and said the following sentence ambiguously, "You stop by my place to try on the clothes to see if they fit."

After saying this, Regina shyly and timidly put her arm around Kieran's.

Freya knew that her relationship with Kieran could not be announced yet, and in a public place, Kieran would definitely not reject Regina, but now, looking at Regina hugging Kieran's arm and snuggling beside him, her heart was uncomfortable.

It was like a piece of flesh had been plucked out of a heart.

"I don't wear clothes that people give me."

Kieran shrugged off Regina's hand, his eyes locked on Freya's face for an instant, "If I want to wear it, it should be the clothes my woman gave me!"

Hearing Kieran's words, Regina's face instantly turned as white as paper, but Olivia was oblivious to all this.

She smartly teased and laughed, "Simon is really loyal to Regina! I envy Regina for having a good-looking and devoted boyfriend!"

"Simon, take Regina home! Go try on the loving clothes your girlfriend bought for you!"

Seeing Freya's eyes fall on Kieran and Regina, Olivia's face became even more smug, "What are you looking at? You can't envy our Regina and Simon's relationship! A quality man like Simon, only Regina can be worthy of him!"

"No one wants you even if you give them a hundred million!"

After she said this, she made herself laugh directly. Seeing her laughing so exaggeratedly, several shop assistants at the side laughed dryly together.

Since Mr. Fitzgerald's car accident, Freya had already heard numb about such unpleasant words, but now that Olivia said such unpleasant words in front of Mr. Fitzgerald, Freya's heart was still a bit indescribably upset.

She gave Olivia a cold sweeping glance, trying to tell her to shut her mouth, and before she could say those words, a cold voice rang through the air.

"What, I am not a man?"

Hearing these words from Kieran, Regina's face was pale, she could almost guess what Kieran would say next.

She dared not think that Kieran was going to announce the relationship between him and Freya in public.

Didn't he know what a bad influence it would have on him if everyone knew his relationship was with Freya!

Did he love Freya so much that he would not even care about his own glorious future for Freya's sake?

Regina subconsciously refused to allow Kieran to say the latter words, and she pulled Olivia's arm hard, signalling her not to say any more.

Olivia was a simple-minded person, she completely failed to hear the deep meaning in Kieran's words, she smiled with a pleasing face, "Simon, are you kidding? How could you not be a man!"

"Since I am a man, then Freya will not be unwanted!" Kieran's voice was not very loud, but in every one's heart, it set off a huge wave.

Olivia, in particular, took a while to ease her mind.

Olivia glanced at Regina, "Regina, what does Simon mean by this?"

After asking this question, Olivia suddenly dawned on her, Simon's words meant

Olivia's eyes widened abruptly, how is this possible?

Olivia looked at Regina incredulously, and then at Kieran and Freya, especially when Kieran pulled Freya into his arms with a domineering grip, Olivia was so shocked that she could not speak.

"Regina, Simon how he"

The shop assistants watching from the side were also shocked by the situation. They wanted to take a picture of Kieran putting Freya in his arms, but the aura on Kieran's body was so frightening that they didn't dare to take pictures casually.

When she met the inquisitive eyes of the shop assistants, Regina was so embarrassed that she wanted to run away.

Regina didn't want to stay a minute longer, she coldly glanced at Olivia, "Olivia, let's go!"

“I’m not going!”

Olivia has always prided herself on being righteous, and seeing her best friend’s man being snatched away by the person she hates the most, of course she can’t stand it!

As soon as she shook off Regina’s hand, she took a step forward with a huff, “You stole Regina’s man, didn’t you?!”

Seeing that Freya was silent, Olivia was even more furious as she pointed at Freya’s nose and scolded, “How can you be so shameless! You can’t even spare your own husband’s brother! Do you know that Regina and Simon are going to get married? Now you’re hooking up with Simon, what are you doing!”

If it wasn’t for the fact that there were so many people guarding her, Freya was afraid that her relationship with Kieran would become known to the world, and with Olivia having such a foul mouth, she would have beaten Olivia. But now, she just wanted to stay out of the limelight and not expose her relationship with Kieran.

“Brother, let’s go.” Freya quietly nudged Kieran and whispered.

“Make it clear!” Olivia unrelentingly grabbed Freya’s arm, “Let go of Simon! Apologize to Regina!”

Apologise to Regina?

Freya was really amused by Olivia’s brain-deadness, she could never apologize to Regina in her life even if she apologized to a dog or a cat!

Seeing that Freya did not have the slightest intention to apologize to Regina, Olivia sneered and raised her hand to slap toward Freya fiercely in the face.

“You’re shameless stealing Regina’s man! Today, I’ll help Regina teach you a good lesson, you shameless vixen! And let Simon see what a slut you really are!”

Chapter 584

Olivia’s slap did not land on Freya’s face, instead her wrist was tightly grabbed by Kieran.

“Simon, let go! Let go!”

She looked at Kieran pitifully, “Simon, it hurts! Can you let go? I’m really in pain.”

Although Regina had a headache for Olivia’s behavior, she still needed Olivia’s help in the future, so she couldn’t just sit back and do nothing about it.

She took a step forward and said to Kieran, “Simon, Olivia really didn’t mean to make you angry, can you spare her this time?”

Kieran had no intention of letting go of Olivia, his cold, austere eyes locked on Olivia’s face coolly, “Say it! Who is a vixen! Who’s a slut!”

Subconsciously, Olivia wanted to say that it was Freya, the shameless widow, but when she met Kieran’s eyes, which were not even half warm, she did not dare to say that out loud.

She could only stammer and say to Kieran, “Simon, I was wrong, I won’t dare to make you angry again, It really hurts, will you let me go?”

Seeing that the commotion on their side had attracted the attention of many people outside, Freya did not want to make a big deal out of it, she hastily hugged Kieran’s arm and said with a light smile, “Brother, let her go! I’m afraid of getting your hands dirty!”

Olivia’s face instantly turned unpleasant, but after hearing Freya’s words, Kieran’s handsome face was instantly tinted with a few warm feelings.

He coldly shook off Olivia’s hand, and every word he said carried a chilling warning, “Freya is my woman! I hold her like a treasure, I don’t even want to bully her myself, whoever dares to bully her, I will never spare him!”

After saying this, Kieran did not stop for a moment longer, he clutched Freya’s hand and headed outside the men’s clothing shop.

Olivia stood stiffly in place, her face as white as paper, and she did not look back for a long time.

It seemed as if a century had passed before she found her senses.

She shivered and clutched Regina’s hand, stammering, “Regina, what does Simon mean? What does he mean Freya is his woman? Isn’t he your fiancé?!”

“Regina, Freya is so shameless, how can she steal your Simon?!”

It was already humiliating enough for Regina when Kieran blatantly led Freya away, she was in no mood to answer Olivia’s words, she forced herself to hold on to that elegant and noble look, and with a dark face, she also walked out of the men’s clothing shop with quick steps.

“Regina, tell me! What the hell is going on here!”

Olivia relentlessly chased after her, “Regina, tell me, what shameless tricks did the widow play! Regina, I must help you get justice

It was only when Regina and Olivia walked away that a few shop assistants on the sidelines came back from this great drama.

“Is it true that Simon is with Kieran’s wife? What a confusing relationship!”

“I think it is interesting! Think about it, a married woman who has lost her husband can still make a man like Mr. Jenkins and Simon fall into with her, how charming is she? I seem to admire Freya a little bit!”

A shop assistant who is always fascinated by domineering CEO novels couldn’t help but speak up, “Yes, yes, yes, I also think the relationship between Simon and Freya is so interesting! I’m a fan of this couple of Simon and Freya!”

“To be fair, I think Freya deserves the best love. I’ve been following Freya since the Hospital medical incident last year, and I don’t think she’d do something like steal someone’s fiancé! It must have been Simon who took the initiative to pursue her!”

“Yeah, I went to the party that night and Freya didn’t hook up with Mr. Jenkins! It was Mr. Jenkins who kept pestering Freya! Don’t you guys think that Freya looks much more comfortable than Regina? If I were a man, I would definitely like Freya more too.”

.....

Regina was already so angry about what happened tonight, if she were to hear the comments of these shop assistants, she would have been so angry that she would have vomited blood and died

Kieran took Freya to a branded ladies’ shoe shop owned by Fitzgerald’s.

Freya didn’t think Kieran was going to buy her shoes. She didn’t have a lot of shoes but she had enough to wear, she didn’t want Kieran to spend money for her.

She subconsciously had to refuse to buy new shoes, but Kieran was so stubborn that he insisted on buying her a pair of shoes.

Freya could not resist him, so she could only go into the shop to choose a pair of shoes. She originally wanted to choose a pair of leather shoes, but as soon as he entered the shop, Kieran said to the shop assistant, “I want a pair of ladies’ shoes with laces!”

Shoes with laces?

Freya subconsciously glanced at her shoes, she wore a pair of white leather shoes in order to match her dress today, without no laces.

However, why did Mr. Fitzgerald have to buy her shoes with laces, could it be that Mr. Fitzgerald is a shoelace person?

Freya knew that everyone had more or less special fetishes, but when she thought of the noble and cold Mr. Fitzgerald holding two shoelaces with a look of intoxication, Freya was still messed up.

The shop assistant was also flabbergasted by Kieran’s request, after all, the dress on Freya’s body went better with the ladylike leather shoes.

But the shop assistant knows the big boss, so she did what she was told.

Shoes with laces are more common in sports shoes, but their shoe shop specialises in leather shoes from top international brands, so it’s hard to find a pair with laces.

The shop assistant, under Kieran’s expectant and cold gaze, finally found a pair of leather shoes with laces with trepidation.

Seeing the leather shoes, Kieran smiled in satisfaction and took off the shoes on Freya’s feet.

Freya did not expect that Mr. Fitzgerald would take the initiative to take off her shoes, she was directly confused.

The shop assistant who was serving Kieran wholeheartedly was also confused, they all said that their big boss was cold and ascetic, but he changed a woman’s shoes so gently!

Kieran carefully put the new shoes on Freya’s feet, he half squatted in front of Freya.

Being served so attentively by Kieran, Freya was really quite uncomfortable. Seeing that Kieran was still tying her shoelaces after he had changed her shoes, she was even more squirming.

With a flushing face, she whispered, "Brother, I'll just tie my own shoelace."

Kieran did not want to stop in the slightest, after tying her shoelaces, he raised his face, his eyes burning at Freya, with unprecedented seriousness.

"Freya, that man tied your shoelaces, I'm tying your shoelaces too. I'll treat you better than him, in the future, you like me a little more, okay?"

Chapter 585

Freya had never expected Kieran to say such words to her, and her heart was so soft.

Her eyes were crystal clear as she looked at Kieran, she was so moved that she wanted to cry, but in the end, she just looked at him and giggled with arched eyebrows.

"Okay, Brother."

The soft tone of voice, with a faint hoarseness, sounding indescribably endearing.

Freya's eyes were obsessively tracing Kieran's eyebrows, how could she not like him! Even if he treats her badly, she loves him so much that she wants to give him her life, and when he gives her something sweet, she is even more willing to do anything for him.

"Freya, that's what you said! You can only like me from now on!"

Kieran's words were domineering, but the movements of his hands were extraordinarily gentle.

Freya didn't want others to know about her relationship with Kieran, but now, her heart was too warm and soft, she didn't want to care about the eyes of the shop assistants for a moment, she just wanted to hug the man in front of her so hard.

"Brother, as I said, from now on, you are the only one in my heart."

Freya flung herself into Kieran's arms, "Brother, I really like you so much! I'm willing to give you my life!"

Kieran's heart stirred as he realised that he too was willing to give his life to this woman.

They had only known each other for a few days!

But that deep love was rooted to the marrow of his bones and he could never leave it behind.

In this world, many people like to change their mind and may love many people in their lifetime, but Kieran is the kind of person who can only love one person in his lifetime. He thinks that in this life, and in the next, he will have to fall for this woman.

Just now, when Kieran took the initiative to put on Freya's shoes and tie her laces, the shop assistants were already looking on in awe.

Now when they heard that their big boss, like an insecure silly boy, had asked Freya to like him a little more, they were even more shocked that they almost stared out of their eyes.

It was only when Kieran left the shop with Freya in his arms that the few shop assistants snapped out of their shock.

“Is Simon in a relationship?”

“Are you stupid! They’re both acting so obviously, what are they doing if they’re not in a relationship!”

“But I heard that Simon is going to marry Regina! And Freya is Mr. Fitzgerald’s wife, Simon’s sister-in-law!”

“Isn’t Simon still unmarried to Regina! Besides, it’s not like they’re related by blood! I see that Simon is really in love with Freya. I unconditionally support Simon to be with the person he truly loves!”

“Freya is really lucky to have met such a nice man as Simon! If I were Freya, I would be happy!”

“Just dream on you! But again, Mr. Jenkins is also pursuing Freya! I’m so curious to know who Freya will end up with.”

.....

Freya was completely immersed in Kieran’s tenderness for her and did not hear the whispers of the shop assistants.

Quietly nestled in Kieran’s arms, Freya kept grinning and giggling.

She wished this moment was the end of time!

Freya hugged Kieran in a good manner!

Freya arched her eyebrows as she looked at the upright and handsome man..

Freya is a year younger than Kiki, but they both have the same birthday, and she used to talk to Kiki about spending their birthdays together in the future.

This year, she’ll have to renege on her promise!

However, now that Kiki has Quinn, she definitely wants to spend it with Quinn even more.

Kieran has always been very alert, but because he was so intent on pleasing Freya this evening, he didn’t notice that the image of him half-crouching down to tie Freya’s shoelaces just now was caught on camera.

It was a private detective hired by Regina who took this photo.

After the photo was taken, the private detective sent this photo directly to Regina.

Regina stared at the screen of her phone with a deadly gaze, and she clutched the phone in her hand so hard that she almost crushed it.

She stared at the phone for several minutes, and she still couldn’t believe that the man who was so high and mighty would condescend to half-crouch down and change Freya’s shoes and tie her laces.

How could he be so good to Freya!

What makes him so good to Freya!

Regina hates it!

If, for once, he could tie her shoelaces, she would have no regrets, even if she had to die in an instant.

But he would not be so gentle with her; in her presence, no matter how much she tried to please him, he was always aloof and indifferent; even when she had designed to take a bullet for him, he was grateful to her, but he had no half-hearted affection for her.

Regina certainly won't let Freya's relationship with Kieran become public, but she will tell Patricia.

Patricia is really good to Freya, and Freya cares about Patricia, if she makes Patricia completely disgusted with Freya, Freya can't continue to be with Kieran anymore!

Moreover, no matter how much Patricia liked Freya, in her heart, her son was the most important, and she would never let Freya and her son be together, damaging the Fitzgerald family's reputation and hindering her precious son's future!

With this in mind, Regina dialed Patricia's number.

"Regina, what do you want?" Ever since the last incident, Patricia had not been as warm towards Regina and spoke with a bit of detachment.

Feeling Patricia's coldness towards her, Regina's hatred towards Freya intensified a bit.

"Mom, I have something I want to tell you."

"Just say it."

"Mom, do you know why Simon doesn't want to marry me anymore? It's Freya! I'm not lying to you, it was Freya who seduced Simon, she ruined my relationship with Simon! You must help me!"

Listening to Regina's voice, Patricia couldn't help but rub her temples tiredly.

"Regina, you're really thinking too much, Freya is on a blind date with Joshua right now, how could she possibly go with Simon! And Simon is Kieran's brother! I know you don't like Freya, but there are some things you can't say! I won't allow anyone to damage Freya's reputation!"

"Mum, I'm not talking nonsense!" Regina realised that her voice was too high, she hurriedly softened her tone, "If you don't believe me, you can take a look at the pictures I sent you."

Chapter 586

After listening to Regina's words, Patricia hung up the phone and then clicked on the photo Regina had sent her suspiciously.

The photo carries a date, obviously taken just today. In the photo, Kieran is half-crouched on the floor, his side face impeccably perfect, and Freya is sitting on the sofa, gazing lovingly at Kieran, who, in turn, is carefully tying her shoelaces.

Patricia's hand shook and the phone in her hand almost fell to the floor.

She couldn't have imagined that her second son had actually gone off with her daughter-in-law!

Patricia closed her eyes and opened them again slowly. She really liked Freya and was really good to her, she did not want to keep him trapped in the Fitzgerald family for the rest of his life, she wanted him to find happiness that really belonged to her.

But Freya's happiness should not be that of her second son!

She didn't want to say it, but in her opinion, Freya and her second son together was incest!

Patricia was weak, she knew that Tomas was now making things difficult for her second son at every turn, and if others knew about his relationship with Freya, she was afraid that Tomas could just hold the leverage and force him out of the boardroom!

Of course, after this matter is exposed, their Fitzgerald family will also become the laughing stock of high society. She doesn't care if the Fitzgerald family is shamed, anyway, even if those people laughed at their Fitzgerald family, they don't dare to show it, the only thing she is worried about is her second son's future.

She had already lost a son, her only son must have no slip-ups!

Besides, she didn't want Freya to be shouted at by everyone! She didn't want Freya to be described as a vixen who had seduced her husband's brother!

Freya had no blood ties to her, but she had long ago treated her as her own daughter.

The shock of this incident was so great for Patricia that she could not wait a minute.

She learned from Regina that Kieran would go to Freya's place during this recent period, and she directly asked her driver to drive her to Kelsington Bay.

Patricia is actually a very open-minded mother, and she doesn't like to be the evil person who beats up the lovebirds, but there are times she had to do something.

For the sake of her precious son and Freya, she had to be the bad guy for once.

Patricia's mind was in turmoil, but the general direction in her mind was unmistakable.

She had to break them up as a couple even if she had to do whatever it took.

Even if her second son doesn't stay with Regina, he can't continue to be entangled with Freya.

Time can wash away everything, and when he has another woman by his side and Freya and Joshua develop, they will understand that it was for their own good that she forced them apart.

Patricia sighed heavily, Freya, don't blame me, I have no other choice.

Coincidentally, when Patricia arrived at Kelsington Bay, Freya and Kieran had just arrived at the entrance of the villa.

When she saw Patricia's car, Freya froze straight away. Of course she didn't want Patricia to know that she was with Kieran, but now that Patricia was blocking the doorway, she couldn't help but get out of the car.

Freya thought about it and got out of the car with a stiff upper lip. The big deal was to lie and say that she had just happened to meet Simon, who had dropped her off on the way back.

“Mom, why did you come over?” Freya smiled politely at Patricia, “Mom, you haven’t eaten yet, right? We just happen to be having dinner together tonight.”

“Freya, I’m not in the mood to eat right now.” Patricia pursed her lips, and not a single smile could be found on her face.

“Mom, what’s wrong with you?” Freya could see that Patricia was in a bad mood, and she couldn’t help but ask with concern.

Seeing that Kieran also got out of the car, Freya was afraid that Patricia might misunderstand, she hurriedly explained to her, “Mom, don’t misunderstand, Brother just dropped me off, there is nothing between me and Brother.”

Freya was not good at lying, especially telling lies to lie to her respected elders. After saying this, her heart thumped so hard that her heart almost burst out of her chest.

Patricia did not speak immediately, she just stared at Freya for an instant, as if she wanted to see Freya’s soul through.

Suddenly, she hooked her lips, serious and compelling, “Freya, there is really nothing between you and Simon?”

Freya did not expect Patricia to suddenly ask this question, especially when she met Patricia’s sharp eyes, she instantly had a feeling of being caught.

Although her heart was tense as hell, Freya still managed to brace herself and said in a calm tone, “Mom, are you kidding me! How can there be anything between me and Brother!”

“Freya, it’s good that you know that Simon is your Brother!”

Patricia paused, then said word for word, “Freya, I don’t care how far you and Simon have developed before, but now, you must break up with Simon!”

Without waiting for Freya to explain, Patricia said in another stern voice, “Don’t tell me again that there’s nothing between you and Simon! I already know all about what happened between you! You’re his sister-in-law, you’re incestuous together! You must break up!”

Freya’s face turned white, she had thought that Patricia might suspect their relationship when she saw Mr. Fitzgerald appearing at Kelsington Bay, but she had never thought that Patricia would be so sure that the two of them were already together.

Freya is eloquent, but when faced with Patricia’s harsh words, she didn’t really know what to say for a while.

After a long silence, Freya decided to carry his denial to the end.

She took a deep breath, still unable to hide the tremble in her voice, “Mom, I don’t know why you assume I’m with Brother, but I have to explain, Brother and I really aren’t together, I

Without waiting for Freya to finish her sentence, Patricia had already slammed her phone in front of Freya.

On Patricia's mobile phone screen, there was a clear picture of Kieran half-crouching down to tie her shoelaces, the light was soft, without having to speak, there was an endless flow of affection.

Freya stiffly picked up Patricia's phone that had fallen to the ground, she stared at the photo in a daze, unable to say another word of explanation.

"Freya, I don't believe a man would tie a woman's shoes if there was nothing between them!"

When Patricia looked down, she just saw the pair of lace-up shoes on Freya's feet, she smiled to herself, "This photo was taken just tonight! What else do you have to say now, Freya?"

"I"

Seeing that Freya could not say anything to explain, the disappointment in Patricia's eyes intensified, her eyes slowly swept over Freya's and Kieran's faces, and then she said word for word, "Since you have nothing to say, then break up with Simon!"

Chapter 587

These words of Patricia pierced Freya's eyes and heart.

She was now, obviously, with her husband, so how could it seem incestuous to others!

In her heart, she was really aggrieved, but no one could understand this aggression.

She could only say in a bitter, hoarse voice to Patricia, "Mom, I'm not incestuous with Brother, I"

"Freya, you and Simon together is incestuous! I'll say it one last time now, break up with Simon!" Patricia didn't want to push Freya every step of the way, but she had to do this.

"Mom, I did get together with Freya."

Without waiting for Freya to speak, Kieran's condensing voice rang out in the air.

He looked at Patricia, and his handsome face carried an indestructible determination, "But I will never break up with Freya!"

"Simon, what did you say?" Patricia looked at Kieran incredulously and asked, "Simon, do you know what you're saying? Freya is your sister-in-law! She is the woman Kieran loves the most in his life!"

"Mom, I don't care who Freya has been with, I love her and I just want to grow old with her." Kieran's eyes were clear.

He had never wanted to hide his relationship with Freya, and since Patricia knew about it, he might as well make their relationship known to the public.

"Simon, you you"

Patricia was so shocked by Kieran's words that she couldn't speak, and it took her a lot of effort to find her voice again, "Simon, I forbid you to be with Freya! You stole your brother's woman, how can you make Kieran feel at ease underground!"

"Mum, Kieran will also want Freya to find a man who is truly good to her, I love Freya and I will love her more than Kieran!"

Seeing that Patricia was so angry at Kieran's words that she couldn't breathe, Freya was afraid that she would have a heart attack, so she hurriedly went forward and said softly to Kieran, "Brother, you should stop saying that, you know mum's body, she can't stand the stimulation."

After saying this, Freya turned her face and hugged Patricia's arm, "Mom, I'm sorry for letting you down."

"Freya, you can't let me down! Break up with Simon! You're still my proudest child!"

Patricia grabbed Freya's hand with all her might, as if grabbing the last straw to save her life, "Freya, break up with Simon! I'm begging you! Freya, you'll ruin Simon!"

Freya knew that Patricia's words were not alarmist, and she did not want to ruin Mr. Fitzgerald's future, but what to do, she liked him too much and she could not say such words as break up.

"Mom, don't force Freya!" Kieran withdrew his eyes from Patricia's face as he looked at Freya with burning eyes, "Freya, don't try to break up with me! I can't possibly agree!"

She didn't want to make it difficult for Kieran, so she said in a soft but sure voice, "Brother, I won't break up with you. As long as I am still alive, I will not break up with you!"

Hearing Freya's words, the corners of Kieran's lips could not be controlled to rise.

Patricia's heart sank to the bottom inch by inch. In her heart, Freya had always been well-behaved and understanding, but on such a crucial issue, how could she be so obsessed!

Patricia gritted her teeth, she knew that if she wanted them to break up, she had to put in a tough move.

Patricia bent her legs and knelt down directly on the ground.

"Mom, what are you doing?" Freya was startled by Patricia's movement, "Mom, don't do that, get up!"

"Freya, break up with Freya! Otherwise, I will stay on knees here and never get up!" Patricia also hated the kind of people who would do anything to achieve their goals, and now, she had turned into the kind of person she hated the most, but she had no other choice.

"Mom, don't you do this....."

Freya half crouched down, she wanted to pull Patricia up, but Patricia was too stubborn, no matter how hard she tried, she could not pull Patricia up from the ground.

Seeing Patricia actually kneeling for Freya, Kieran couldn't help but frown.

Instead of trying to stop Patricia, he said to her, word for word, "Mom, don't waste your strength!"

“I won’t break up with Freya! You want me to break up with her unless I die!”

Patricia’s body trembled violently, she had never imagined that her own son would be so stubborn to such an extent?

How long had he only known Freya! It had only been less than a month, how could they already have such deep feelings for each other!

Patricia knew her son’s temperament best, and if he said he wouldn’t break up with Freya, there was really no way he would break up with Freya.

No matter what she said to him, it was unlikely to change his mind.

Unless, of course, Freya takes the initiative to break up with him.

Patricia knew that by going after Kieran, she would never achieve her goal, she could only find a way to go after Freya and make her leave her precious son of her own accord!

Patricia stood up stiffly and despondently from the floor, she murmured lowly in her heart, Freya, I’m sorry, but I can’t let Simon lose all the games.

Patricia’s eyes glanced deeply at Kieran, she did not continue to be stubborn with Freya, but turned around, got into her car, and ordered the driver to drive away.

As they watched Patricia’s car slowly leave, both Kieran and Freya knew that she would not just give up.

Freya secretly glanced at her phone, before she took advantage of Kieran’s inattention, she secretly plucked several of his hairs and sent them to Jaden and Jayla for paternity test.

Because Simon and Kieran are identical twins, to prove that he is Kieran, a more sophisticated paternity test must be done, and now that so much time has passed, the results should be almost ready.

When she got the results, even if Kieran still wouldn’t admit that he was her Mr. Fitzgerald, she was sure that Patricia wouldn’t continue to stand in their way of being together!

Freya was lost in her own thoughts when a strong arm tightly wrapped around her in an embrace.

“Freya, what’s on your mind?”

Without waiting for Freya to speak, Kieran said again, word for word, “Freya, don’t try to break up with me! I won’t allow it!”

She had just said that she would not break up with him, so how could he still have such worries!

“Freya, I know Mom won’t take it lying down, but no matter what she says, I won’t allow you to break up with me!”

Chapter 588

She used all her strength to hug him, and her lips were sent to him, “Brother, I won’t break up with you! Unless I die!”

Only after being promised this once again by Freya, did Kieran’s heart feel slightly more secure.

Kieran was upset in his heart, he obviously just wanted to simply be with her, between them, how come there were so many obstacles that were hard to cross!

But no matter how heavy the obstacles were between them, he would never let go of her hand!

As Freya expected, she received a message from Patricia early the next morning, asking her to join her for dinner tonight.

Freya knew that Patricia was trying to work on her to get her to break up with Kieran.

But there was no way she was going to let Patricia get what she wanted.

Freya only left work and headed for the place he had agreed with Patricia.

Patricia, who is more partial to French restaurants, asked her to meet her at a newly opened French restaurant.

When Freya went over, Patricia had already waited inside the box. Upon seeing Freya, Patricia said directly to the point, "Freya, you should have guessed the purpose of me finding you here today. I beg you, break up with Simon."

"I don't know if you genuinely like Simon or if you just see him as a stand-in for Kieran, but whichever it is, I hope you'll think about Simon. People's words can be fearful and I don't want you to ruin Simon's great future!"

"Freya, I know that this behaviour of mine is disgusting, I'm like a bad parent who beats up lovebirds, but I am really doing this for the good of you and Simon. Freya, I hope you can understand."

"Mom, I won't break up with Brother." Freya met Patricia's gaze and said word for word.

Seeing that Freya was so stubborn, a glint of obvious displeasure flashed across Patricia's face, but not waiting for Patricia to speak, Freya continued, "Because Brother no, he is not Brother, he is not Simon, he is my husband Kieran."

With that, Freya pushed all the several reports in her hands in front of Patricia.

"Mom, I guess Kieran should have been hypnotized by someone, he forgot who he was and just subconsciously identified him as Simon. But no matter who he thinks he is, it doesn't change the fact that he is my husband and the father of my children."

"Mom, I know that this may sound ridiculous and unbelievable, and it's hard for you to accept it for a while, but I must tell you that he is not Simon, he is really my husband Kieran!"

Seeing Patricia dazed at the paternity report in front of her, Freya then explained, "Mom, Kieran and Brother are identical twins, their genetic similarity is very high, but after further sophisticated paternity test results can be measured, he is indeed the biological father of Jaden and Jayla, so he cannot be Simon, he can only be my husband Kieran."

"Oh, right." Freya drew out the bottom copy of the report, "The genes of everyone in the Fitzgerald family are stored inside Fitzgerald's gene bank. I asked Fabian to help me take out Kieran's genes from there and compared them with the current him, and the results proved that they are the same person."

“Mum, I’m sorry to make this difficult for you again, but the person who died in that car accident really wasn’t Kieran, it was Simon.”

Speaking of this, Freya burst into tears, along with indescribable helplessness and aggravation, “Mom, the Brother now is actually my husband, so why should I break up with him! Even if he forgot about me and he mistook him for Simon, I can’t let go of his hand!”

“Mum, please believe me, Kieran didn’t die, the person who died was Brother, Mum, please don’t make me break up with Kieran again, okay?”

“No, Freya, you’re crazy!” Patricia threw the few reports with force, “Kieran has already gone in the car accident, and now it’s Simon who is alive and well in front of us! He is my Simon! Freya, he is your husband’s Brother, you have to break up with him!”

After saying this, Patricia got up and intended to leave the French restaurant.

Those reports brought her a shock beyond description, but subconsciously she still did not want to believe that it was her second son, Simon, who had died.

After so many days and nights, it was hard for her to accept the news of her youngest son’s tragic death in a car accident, and if it turned out to be her second son, that pain would have to be experienced all over again.

She subconsciously tried to escape.

Freya also knew that the truth was sometimes really cruel, but she had to tell Patricia the truth, otherwise, Patricia would definitely continue to find ways to obstruct her from being with Mr. Fitzgerald.

Moreover, she could guess that the photo from last night had something to do with Regina, and she did not want Patricia to take Regina’s side, and she wanted to get Patricia’s support.

Freya grabbed Patricia’s hand hard as she said sincerely, “Mom, I really didn’t lie to you! The person who is alive is not Brother, is really Kieran! Mum, please believe me, okay?”

Freya panicked and brought those reports to Patricia, “Mom, take a good look at them, they are all true, there is no need for me to forge reports to deceive you, he really is Kieran!”

“Mom, I love Kieran, I only love him in this life, I have never thought of being with another man in this life. Even if someone looks exactly like him, there is no way I would go looking for any double. Mum, I am with Brother, not because he looks like Kieran, but because, he is my Kieran!”

“Mum, I know it’s hard for you that I’m suddenly saying this, but the truth is, Brother died in that car accident, and it’s Kieran who’s alive!”

Freya did not tell Patricia about her speculation that Regina had killed Simon and hypnotized Mr. Fitzgerald.

The Fitzgerald family and the Wells family are inextricably linked, Patricia is fond of Regina, and there is no way Patricia can believe speculation without evidence.

However, this trick was too fishy. If Patricia believed that it was Kieran who was alive, she would have found a way to find out the truth about the car accident.

There's no way for Regina to hide!

It's just that Regina hid the evidence of her crime so well that the evidence was a little hard to find! So much so that Fabian has not been able to find any trace of Regina's crime until now.

"Freya, is Simon really Kieran? How is that possible! Simon clearly said that he was very sure that he was Simon!" Patricia shook her head vigorously, she was still unwilling to accept the fact that Simon had died.

Freya did not speak immediately, she was silent for a moment before she said with unparalleled certainty, "Mom, I guarantee with my life that he is not Brother, he is Kieran."

"Mom, please believe me, okay? I'm really not lying to you."

Chapter 589

Patricia did not answer Freya's words.

Her thoughts drifted away.

Even though she had not lived with Kieran and Simon for a lot of time, there were some things that were fused in the bloodline that no one could ever part with.

In fact, just as she read these reports, she became somewhat convinced that the dead man was her second son, Simon.

Because Kieran had always identified himself as Simon, Patricia had never doubted his identity, but when she was with him, she could still clearly feel that he was very different from Simon.

Her suspicions were heightened especially on one occasion when she overheard the circular birthmark on his left shoulder.

She clearly remembered that both Simon and Kieran had the round birthmark on their shoulders, except that Simon's birthmark was on the top of his right shoulder.

The moment she saw the birthmark on his shoulder, many thoughts flashed through Patricia's mind, but for each one, she felt it was too ridiculous.

It was her youngest son who died in a car accident, but he is still alive now!

So Patricia would rather believe that she had misremembered the location of their birthmarks than believe something so unbelievable.

Only now, in the face of these reports and Freya's bitter pleas, Patricia could no longer deceive herself.

"Freya, Simon is really dead, isn't he?"

Patricia's tears slipped down.

Both of them were her sons, and her heart would be cut to pieces if either of them died.

“Mum, Brother has passed away.”

Feeling the trembling in Patricia’s body, Freya clutched her hand even harder.

“Mum, don’t feel bad, Brother wouldn’t want you to feel so bad.”

“I know Simon wouldn’t want me to feel bad, Simon is a good boy, the best of the best.”

Thinking of Simon, Patricia’s eyes took on a light, but the bitterness at the corners of her lips did not lessen a bit. Her Simon, who was really extraordinarily understanding and took up the burden of the family’s at a young age, and later became a vegetable to save Kieran, was the best son in the world, and the best brother.

But this best man is now dead.

Patricia was in so much pain that she couldn’t control the trembling of her lips, she didn’t like to cry out, but at this moment, she just couldn’t control her sobbing. She wiped away the tears from the corners of her eyes with all her might, but in the end, she still cried so hard that she couldn’t catch her breath.

“Freya, before the car accident, Simon was about to wake up. Steven said that he was recovering well and that when he woke up, he would still be able to live like a normal person. Simon used to have a great life, so how could he suddenly have a car accident?”

If the person who had the accident was Kieran, it could have been an accident, but at that time Simon was a vegetable, and it was too strange for a vegetable to drive himself into a car accident, so it certainly could not have been an accident.

Patricia bit her lip to death and said word by word, “Freya, I must find out the real cause of Simon’s car accident!”

In this instant, many thoughts flashed through Patricia’s mind. She was reluctant to suspect the Wells family, after all, she and Regina’s mother grew up together as children, but when Simon was involved in a car accident, the Wells family was the biggest suspect.

The relationship between the Fitzgerald family and the Wells family is so intertwined that it affects the whole situation. She will not jump to conclusions easily, but if she really finds evidence that the Wells family has killed Simon, no matter how close the relationship between the Wells family and the Fitzgerald family is, she will not let the murderer of her own son go!

After realizing that she had almost forced Freya to break up with Kieran, Patricia’s heart was filled with guilt.

She gently patted the back of Freya’s hand, “Freya, I’m sorry to ask you to break up with Kieran.”

“Freya, I know Kieran’s temper, as long as he identifies him as Simon, unless he recovers his memory, he won’t believe the truth, no matter which of us tells it.”

“Freya, it’s so hard for you when Kieran is still alive but he can’t recognise you.”

“Mom, even if he forgets about our past, as long as he’s well, I’m satisfied.” Freya smiled lightly at Patricia, “What’s more, even if he thinks he’s Simon now, he still likes me!”

“Mum, even if there are some memories he has forgotten, the love he has for me deep down is unchanged, and I feel so happy now.”

“Freya, I am so glad that Kieran met such a good woman like you. It’s just that

Freya knew what Patricia was worried about, she smiled reassuringly at her and continued, “Mom, don’t worry, I will try my best to hide the relationship between me and him until Kieran regains his memory. As long as he’s well, I’ll be satisfied.”

“Mum, I can wait until he remembers everything and recovers who he once was, then I’ll stand by his side with honour!”

Patricia did not speak again, but only clutched Freya’s hand harder.

On her face, she looked calm, but inside she was already in turmoil. Who had brutally killed her youngest child?

No forgiveness for that grievous injury!

Without Patricia in the way, Freya and Kieran can fall sweetly in love again.

Kieran didn’t know what Freya and Patricia had agreed on, but he was quite happy that Patricia was no longer forcing Freya to break up with him.

Of course, even if Patricia continued to force him to break up with Freya, there was no way he would agree.

He respects Patricia, but he would not give up the love of his life that he wants to be with just because his mother is in the way.

Tonight is Freya’s birthday.

Freya didn’t tell Kieran what day her birthday was, but as a good boyfriend, how could Kieran not know Freya’s birthday!

He glanced at the crystal clear diamond ring inside the ring box and the curve of his lips rose uncontrollably.

Given how long he and Freya had known each other, it did seem a little urgent to propose so soon, but he just couldn’t wait to tie her to his side.

And, after the proposal, he wanted to ask for some benefits.

Just thinking about it now has made him a little unable to hold himself back.

Chapter 590

Kieran found that Fabian really has no eyesight, as soon as he got off work, Fabian surprisingly rushed to his office and insisted on asking him to go to Blue together.

Kieran did not even want to look at Fabian, took a deep look at his left wrist on the four-leaf clover silver bracelet, said to Fabian indifferently, “No time.”

“No time?” Fabian looked hurt, “Simon, Stephen went nowhere, Diego went back to Europe, Quinn only knows to surround Kiki now, Christ has become a perverted stalker, now only you are left to me. Simon, you can’t bear to see me alone in the Blues, lonely and cold, right?”

“I can.” Kieran spoke without mercy.

Fabian covered his chest hard, “Simon, you’re so heartless, you really can’t accompany me to Blues tonight?”

“I have an appointment.” Kieran said, while subconsciously stroking the silver bracelet on his wrist, as if, it was some kind of precious treasure.

As soon as he heard Kieran’s words, Fabian knew that he was definitely going to find Freya at night, and he couldn’t continue to ruin the two of them on their date, so he could only sigh at the loneliness and isolation of being a single man.

As Fabian was just about to leave Kieran’s office, he noticed the silver bracelets on Kieran’s left wrist.

He rushed to Kieran as if he had discovered a new world and excitedly grabbed his bracelet, “Simon, where did you get this bracelet?”

“I can’t believe you’re good at this, Simon!” The more Fabian looked at it, the more excited he got, “What a girly bracelet! Simon, aren’t you afraid of being taken as a pussy by Freya when you wear such a girly bracelet?”

Kieran had been touching the bracelet Freya had given him, actually showing off to Fabian in disguise, but Fabian dare to call his precious bracelet girly!

The four-leaf clover is a symbol of luck. Wearing this bracelets, he can still be with the girl he likes for the rest of his life. It is not girly!

The watch of five million he was wearing on his right wrist didn’t even look as good as this silver bracelet!

Fabian did not notice Kieran’s handsome face that suddenly darkened and sank.

When he saw Bradley pushing open the door, he even turned his face and smiled and said to Bradley, “Bradley, come and look! Simon is wearing a super girly bracelet!”

“Haha, wearing a Patek Philippe on your right hand and a 20-cent pussy bracelet on your left, this aesthetic of yours is really strange!”

Bradley glanced at the 20-cent pussy bracelet on Kieran’s left wrist, and then glanced at his boss’s black face, then gave Fabian with a disdainful look.

How could a man of his Boss’s stature wear such an ordinary bracelet on his own?!

It must be a gift from someone else!

Seeing how the boss treasured this bracelet so much, he could guess that this bracelet was a gift from Freya!

Seeing that Bradley didn't say anything, but only stared at him with a meaningful look, Fabian laughed a little more exaggeratedly, "Haha, Bradley, you also think that Simon's bracelet is super effeminate, right? What kind of man wears such a girly bracelet! Simon, this aesthetic of yours is really odd!"

As soon as Fabian's words left his mouth, Bradley was pitifully affected by him and also received a harsh look from Kieran.

Bradley's body jolted, his back straightened and he hurriedly showed his loyalty to Kieran.

"Mr. Simon, don't listen to Mr. Pryce's nonsense, this bracelet of yours is particularly nice!"

Bradley continued to talk nonsense, "Yes, this bracelet of yours is really nice! It's especially handsome, masculine and manly! Women love men like you!"

"You look so handsome in this bracelet, Freya must especially like it!"

The face of Kieran only looked slightly better after hearing Bradley's words. Fabian gave Bradley an incredulous look, "Bradley, are you addicted to boasting? How is this bracelet masculine?"

Bradley said righteously, "Other people may not be masculine when they wear this bracelet, like you. But when Simon wears this bracelet, it is particularly masculine!"

"You ass kisser, I"

Without waiting for Fabian to finish, Bradley gave Fabian's arm a fierce twist, and Fabian was about to cry out but he heard Bradley's deliberately low voice.

"The bracelet is from Freya."

No wonder it was treated like a treasure by Kieran!

Fabian giggled as he looked at Kieran, a man in love is really something. He usually wears a watch for a few million, but now wears such an affordable bracelet, amazing, amazing!

Not only did Fabian notice Kieran's silver bracelet, but many people in Fitzgerald's building noticed that their noble and cool president was wearing a very elegant silver bracelet on his left wrist.

Looking at the plain silver bracelet, and then looking at the watch of million on the right hand of the President, the staff had a strong feeling of schizophrenia.

When did their cold and ascetic president become so girly?

However, with this silver bracelet on, their President seemed to be down-to-earth.

He was like steeping in love.

After throwing Fabian out of his office, Kieran took the ring he had prepared and rushed majestically to Kelsington Bay.

Although he looked like he had it all together, he was actually nervous inside because it was the first time in memory that he had proposed.

He was apprehensive and excited.

For tonight's proposal, Kieran had asked Bradley to find him a number of proposal videos and after he had studied them carefully, he found that men who propose like to send flowers.

However, he was allergic to pollen and could not send real flowers, so he could only give Freya silk roses.

Hopefully the proposal will be successful tonight and he will get her body.

When Kieran went to the Kelsington Bay, Freya had long since gone back.

Tonight, not only did Kieran want to get her body, but Freya also wanted to get his body.

That's why Freya had dressed up. She, who hardly wears make-up on a regular basis, had put on a rather flirtatious make-up this evening.

When Kieran saw Freya, he directly froze in place, almost forgetting about the proposal and wanting only to turn into a wolf and pounce on her.

Only when he saw the large silk roses blooming in his hands did he think of the main thing, and he knelt down on one knee and piously asked Freya, "Freya, will you marry me?"
