

## Talented 611

### Chapter 611

After a violent struggle of the mind, Kieran could not do an indirect kiss with Regina after all.

Lorenzo was the best at reading people's mind and could see that Kieran's face was unpleasant, and he suddenly remembered a rumour about Simon.

Simon has a serious cleanliness problem.

He can't stand it when someone else touches him, let alone drink from a glass that someone else has used.

Lorenzo was afraid that the atmosphere that had just eased down would become too stiff again, so he hastily smiled and took the glass from Kieran's hand.

"Blame me for not thinking it through! Ladies don't need to drink! Men drink, the ladies drink juice."

Saying that, he hastily changed the glass and diligently poured juice for Freya, Kiki and Regina.

Freya had drunk quite a few times, but her drinking capacity had not grown in the slightest. With one glass of wine down, she felt the whole compartment start to spin.

Blues' private rooms are particularly well equipped with entertainment facilities and Lorenzo was particularly excited this evening. After finishing his drinks, he turned on his Karaoke equipment, intending to sing.

"Joshua, do you want to sing a song with Miss Stahler?" Lorenzo asked Joshua rather thoughtfully after he had finished singing "Love in Death" at the top of his lungs.

After asking Joshua, Lorenzo hurriedly asked Kieran, "Mr. Simon, would you like to sing a song with Miss Wells?"

"No need!" Kieran spoke indifferently.

Funny, who wants to sing a song with Regina? He doesn't have that particular hobby.

Joshua was supportive of that advice. He turned his face and looked at Freya with a light smile and asked, "Freya, how about we sing a song together?"

Freya's head was dizzy. She suddenly heard a very nice voice ringing in her ears, and she couldn't help but turn her face to look at Joshua.

Freya has always had little resistance to beautiful things, at this time, under the light, Joshua looks soft, smiles.

Freya grinned and gave a smile to Joshua, and then, with one hand, she grabbed Joshua's arm.

"Joshua, let me tell your fortune!"

Kiki and Freddie glanced at each other, both of them was stunned!

Kiki didn't want Freya to embarrass herself in front of so many people, so she hastily pulled her, "Freya, you're drunk! Stop fooling around!"

Seeing that Freya did not react to her words at all, Kiki hurriedly said to Joshua again, "Joshua, Freya is a particularly bad drinker, and when she is drunk, she likes to tell people's fortunes."

Not only does she like to tell people's fortunes, but she also likes to undress them and lay hands on them.

Of course Kiki couldn't say the latter to Joshua, Freya was particularly fond of flirting with people when she was drunk, what she was most worried about now was that Freya would lay his hands on Joshua in front of Mr. Fitzgerald!

Even if Kiki wants to stimulate Mr. Fitzgerald, but she is afraid that if she stimulates too much, Freya and Mr. Fitzgerald will be separated more completely!

"It's okay." Joshua smiled gently as if he could encompass everything, he half lowered his eyelids and looked at Freya, "It just so happens that I especially like it when people tell my fortune."

Kiki, "....."

All right, Joshua, you win.

When Freya hears that Joshua likes people to tell his fortune, she instantly got joyful.

She rambled on and on, with a serious look on her face.

"Joshua, I see ....."

Freya's voice stopped abruptly, and the smile on the corners of Joshua's lips became more and more gentle, "What did you see?"

Freya continued to pinch her fingers as she lifted her face and said solemnly, "Joshua, I see, you're very handsome!"

Freddie, who had just taken a sip of ice water, almost choked to death on the water.

Joshua was already very handsome, does that need her to tell!

Kiki silently covered her face. Freya should be humiliated!

Lorenzo was quite pleased with this scene, he was really right to organize this party tonight. Freya thought Joshua was handsome, she must be interested in Joshua!

Lorenzo smiled silently.

The person with an unpleasant face inside the box was Kieran.

Just now, when Freya grabbed Joshua's hand, the temperature of his body suddenly dropped several degrees, and his pair of cold eyes, like a knife quenched with poison, could make people die of poison just by looking at them.

Especially when Freya said that Joshua was very handsome.

Kieran's eyes were so cold and harsh that he could not poke a few holes in Freya and Joshua.

Very handsome?

What a look in this woman's eyes! What's so handsome about this man!

Last night, she was obsessively lying on top of him, holding his face and telling him he looked good!

And she said he was the best looking man in the world!

What about now?

Heh!

Now she thinks this man is good looking! Did she want to hold his face tonight and say that he was the best looking man under the sky?

When he thought of that image, Kieran was so angry. The cup in his hand was crushed, and the sharp shards pierced into his palm without him even noticing.

"What else did you see?" Joshua's voice was gentle, so good it was compelling, "Freya, you can continue to tell my fortune."

"I also see ....." Freya's face scrunched up in distress, as if it hurt her brain cells to be telling fortunes.

"I can see that, you're a good man."

Kiki continued to cover her face!

Who reads people's fortunes and tells them that they are handsome and a good person!

The smile on Joshua's face became more and more gentle, and his eyes were even more dotting, "Freya, you are very good at telling fortunes! Then would you like to sing a song with a good man?"

"Singing? Yes!" Freya clapped her hands joyfully, "I sing best!"

This time, Kiki didn't even want to listen to Freya directly.

Is Freya singing well?

It is true that Freya has a high IQ and is a genius girl in the eyes of her teachers and classmates, she is great at everything else but singing.

Thinking of her sad experience of being tortured by Freya's magical voice, Kiki really wanted to cover her mouth, but Freya was in the middle of something, so she couldn't stop Freya even if she wanted to!

Lorenzo is really a super attentive elder. He saw that Freya was willing to sing with Joshua, he had already ordered the song for them quickly.

'Today You Will Marry Me'.

Seeing the name of the song displayed on the big screen, Kieran's handsome face turned directly black.

If she dares to sing with that man, he'll break her legs!

## Chapter 612

“Joshua, sing this song!” Lorenzo was incomparably satisfied with his intelligence, he handed the microphone in his hand to Joshua, and also patted Joshua’s back rather lovingly, “Sing it well!”

Lorenzo was still satisfied with Joshua’s voice. Although his nephew hardly sang, by accident, he did hear him sing once.

His nephew’s singing voice was pleasing to ears.

Charming girls? Not a problem at all!

“Spring’s blooming flowers take away winter’s sentimentality .....

As soon as Joshua opened his mouth, Lorenzo enjoyed it. Not only Lorenzo, but also Kiki and Freddie were impressed by Joshua.

None of them expected the famous Joshua to sing so well.

It is said that no one is perfect, but Joshua is impeccably perfect!

“Kiki, my ears seem to be pregnant.” Freddie said with an enchanted look at Kiki.

“Well, don’t worry, you’ll be miscarrying soon.” Kiki coolly glanced at Freddie.

Freddie was dumbfounded by Kiki’s words, but when Freya’s voice started, he instantly understood the deeper meaning of Kiki’s words.

Freddie covered his stomach, his handsome face was twisted up, he seemed to have literally miscarried!

This was the first time he had heard Freya sing. He did not know that his good friend sings so badly!

It doesn’t matter if she is not in tune, how does she manage to be completely out of tune with every lyric?

Seeing Freddie’s look, Kiki couldn’t help but laugh, well, Freya’s singing voice is so impressive!

Lorenzo frowned, he did not expect Freya, such a pretty little girl, to sing so badly.

Her voice is soft, how come when she sings, it turns into a disaster scene!

As soon as Lorenzo turned his face, he met Kieran’s eyes that were so gloomy.

Could it be that Freya’s singing voice was so unpleasant that it had tortured Simon?

Lorenzo quietly wiped the cold sweat off his forehead, he wanted to stop Freya from continuing to sing, but when he saw his nephew singing to his heart’s content, he couldn’t bear to.

After thinking it over, he planned to flee the battlefield first.

Anyway, his main objective today was to set up his nephew and Freya, and his purpose had been fulfilled, and he could now retire with his work done.

Lorenzo glanced with complicated eyes at Freya who was still singing, said goodbye to Kieran, Kiki and Freddie, and left the box with quick steps.

He wouldn't dare to ask Freya to sing in the future!

The moment he left the door, Lorenzo suddenly noticed that Kieran's hand was a little red, his pupils suddenly tightened, and only then did he see that the cup in Simon's hand had broken.

Was Simon forced to crush the cup in his hand by Freya's disaster voice?

Crap!

How awful!

Singing can really kill!

Lorenzo dared not meddle as he quickened his pace and moved away from.

Kieran didn't find Freya's singing difficult. To like someone is to say that no matter how many flaws she has, she is impeccably good in his heart.

What Kieran couldn't stand was Freya singing such a love song with Joshua.

Is that how much she likes this man?

She said she wanted to cuckold him, and she really worked tirelessly for that goal!

Kieran ended up being exasperated by Freya.

Regina looked towards him, "Simon, do you think that Freya and Joshua really make a good match?"

"Simon, I know that you had a crush on Freya, but since she doesn't have you in her heart, why do you need to waste your heart on her! Simon, can we start afresh? I really like you, and I will love you more than everyone."

"Regina, you're overthinking it."

Kieran's eyebrows were light, the coldness that invisibly emanated from his body made people shudder, "Even if I broke up with Freya, me and you would be impossible!"

Regina's expression froze and her tears nearly rolled down her face.

Regina was upset to hear that. The only thing she was glad of was that Kieran spoke in a low voice and no one else in the box heard him.

Regina moved her lips, was just about to say something else, but she suddenly noticed that Kieran's hand was bleeding.

She screamed out, "Simon, your hand is bleeding! Let's go to the hospital!"

"No need!"

He subconsciously glanced in Freya's direction. Just now Regina had shouted so loudly that he was bleeding, but Freya, that heartless woman, was completely indifferent.

With this thought, Kieran suddenly laughed to himself.

What was he expecting! He was the one who was going to make a decisive break!

That woman has never had him in her heart.

After Joshua and Freya finished singing, it was already late, plus Freya was so drunk that Joshua offered to take her home for fear that she would feel uncomfortable.

Although Kiki felt that Joshua was a decent man, he was after all interested in Freya, and she was afraid that Joshua would take advantage of Freya on the way, so she decided that she would be the escort for Joshua.

Kiki was just about to open her mouth, but Kieran's voice already sounded in the air, "Joshua, I'm not driving tonight, you just happen to give me a lift."

Joshua didn't expect Kieran to take the initiative to ask him to give him a lift, so he couldn't help but be flattered, "Where do you live?"

Kieran's face was unruffled, "Kelsington Bay."

Joshua didn't think much of it, there were quite a few villas in Kelsington Bay, it was normal that Simon would live there.

Even if it wasn't on his way, he would definitely have to send Simon home when he offered to let him, and now that it was on his way, he was more than happy to do so. The only thing he regretted was that he couldn't spend time alone with Freya.

However, it was good for him to spend time with his future Brother.

With this in mind, Joshua opened the car door with pleasure and invited Kieran to get in.

Kieran sat down directly next to Freya. He even shook his injured hand at Freya.

### **Chapter 613**

In fact, Kieran's hand was not badly injured, it just bled a lot and looked a bit frightening.

Freya was now so drunk and confused that when she saw the somewhat red hand in front of her, she couldn't tell if it was an intact hand or a wounded one.

She just thought that someone had reached out a hand to her, surely he wanted to get his fortune told!

But she is a very principled person, and she does not read people's fortunes casually.

She is very selective!

First of all, she has to look at the face.

Freya lifted her face, and her eyes, which were tinged with a bit of ecstasy and a bit of daze, slowly fell on Kieran's face.

This face was better than Joshua, this is, in her heart, the best looking one.

Here it is, the face of Mr. Fitzgerald.

But now, she was angry at Mr. Fitzgerald.

Mr. Fitzgerald and Regina were holding hands, and if Lorenzo hadn't stopped them in time, he would have wanted to kiss Regina indirectly.

She knew that he was angry with her, that he didn't want her anymore, but even so, he couldn't just throw himself into Regina's arms!

Does he know how bad and annoying Regina is!

Regina killed the real Simon, and Regina caused Kieran to lose his memory, and it's all thanks to Regina that they are both in this state now!

Even if Mr. Fitzgerald likes a piece of poo, he can't like the black-hearted Regina!

Freya proudly lifted her face and slapped it directly onto Kieran's big hand.

"Do you want me to tell your fortune? I'm not going to!"

If it was in normal times, Freya would not dare to be so arrogant in front of Kieran, but now she was drunk and bold!

Kieran's face sank, it was fine that she didn't notice that his hand was injured, but now, she dared to say that she wouldn't tell his fortune!

She didn't tell his fortune, but she was so active in telling the fortune of Joshua. How is he inferior to that man?

Kieran was so upset in his mind that he forgot to take his hand away from Freya's face.

When Freya saw that Kieran's big hand was still in front of her, she was even more furious, and she pushed his big hand away directly with force.

After all this, she suddenly smiled, "Do you know why I don't tell your fortune?"

Not waiting for Kieran to speak, Freya said again, "Because ..... you're ugly!"

Joshua, who was concentrating on driving, coughed violently and almost burst out laughing.

From childhood to adulthood, Joshua's nature was overly calm, but Freya's words were so cute that even if he was calm, he could not hold it back.

In his heart, there was also a touch of indescribable joy, it turned out that she could not tell fortunes for anyone. She was willing to tell his fortune and said that he was good looking, did it prove that even if she still could not forget Mr. Fitzgerald, he was different from other men in her heart?

Joshua was rejoiced, but he did not dare to show too much, after all, Kieran was still in the car, in case he laughed out loud, what if Kieran thought he was laughing at him?

He still wants to get on good terms with his future Brother!

Joshua knows that Freya and the Stahler family have broken up, from now on the Fitzgerald family is her mother's family, for Freya's sake, he will be very good to the Fitzgerald family.

"Freya, say it again!"

Kieran's handsome face was terribly dark, and those dark eyes were laced with a heart-pounding storm that seemed to erupt in a minute and swallow people up completely.

Freya did not notice the danger in front of her. She said to Kieran in anger, "What, you still have a problem with me not giving you a fortune telling?"

"Ugly man! No more fortune telling for you in this life!"

Kieran couldn't bear it.

Joshua, who was driving, couldn't help himself.

He tried to stifle his laughter, but the corners of his lips still twitched uncontrollably. He admitted that he was joyful, hearing Freya call other men ugly!

However, despite the joy, Joshua still clearly felt the low pressure in the car, afraid that Freya would accidentally annoy Simon, so Joshua cleared his throat and said, "Simon, Freya is drunk, don't bother with her."

Kieran's eyes fell coolly on the back of Joshua's head, and Joshua instantly felt as if there was an ice blade slicing towards the back of his head.

Joshua's expression did not change. He just paid more serious attention to the situation in the rear-view mirror.

Simon was now in a very bad mood, and he was worried that Simon would go into a demonic rage and throw Freya out of the car.

Kieran really wanted to throw Freya out of the window, but he couldn't. In the end, he could only lean on the back seat and sulk.

Kieran had seen Freya when she was drunk, she especially liked to molest men. That time she was drunk in front of him, she kept touching his body.

He took Joshua's car tonight because he didn't want Freya to molest Joshua in the car.

When he thought that Freya would also be pestering other men, Kieran was angry.

He told himself that he would be so angry, not because he couldn't get over Freya, but because he couldn't stand to see this woman being such a slut!

Luckily, Freya drifted off to sleep after saying this, otherwise, if she had continued with her nonsense, Kieran would have had to cut her into pieces.

When Joshua saw that Freya had fallen asleep, he hastily parked his car at the roadside, got out and carefully covered Freya's body with his suit jacket.

When he lifted his face, Joshua saw that Kieran's eyes were locked on his suit jacket for an instant.

Mr. Fitzgerald's eyes were so scary! Why did he look as if he had a grudge against his suit jacket?

Could it be that Simon also felt cold and he was angry that he had only given Freya his suit jacket?

Joshua smiled good-naturedly at Kieran, "I have a spare jacket in the trunk, should I give you one?"

Kieran swept a cool glance at Joshua, who cares about his jacket!

Looking away, Kieran said coldly, "No need!"

Kieran didn't want his jacket, and Joshua didn't continue to argue with him, perhaps, just now he was overthinking, Simon might just be habitually putting on an iceberg face.

Joshua felt that if he wanted to be with Freya, of course he had to get on good terms with her family.

After stepping on the accelerator, he said rather sincerely to Kieran, "Simon, I know that all of you are very kind to Freya and hope that she will find a man who will truly treat her well. Don't worry, I will definitely be very good to Freya."

"I know that words are not proof and you may not be willing to believe me, I will prove with practical actions that I am the best man for Freya in this world! I hope you will bless me and Freya!"

#### **Chapter 614**

Kieran sneered in his heart until it was all twisted, this man still wanted him to bless him and Freya?

He hasn't even gone to bed yet and he's already dreaming!

Kieran raised his eyes, he didn't answer Joshua's words, but said to him unhurriedly, "You think Freya will like you?"

Even if Freya had a few good feelings for this man, the person she loved most in her heart was still his dead brother, so how could she possibly be devoted to this man!

"She will."

Joshua said with a smile, his eyes were gentle, "Now Freya may not like me, but I believe that one day she will love me."

Joshua has never been a man of many words, but perhaps he was in such a good mood tonight that he actually opened his mouth to the unsmiling Kieran.

"I know all about Freya's past, and I am clear that her feelings for Mr. Fitzgerald are deep and profound. I understand that it's impossible to make her forget Mr. Fitzgerald immediately, but I will always be good to her and let her heart have me inside."

"You may think that a person like me would not be devoted to a woman. I also always thought that I wouldn't care too much about a woman, but after I met Freya, I realized that I was wrong and that I could also love one for a lifetime."

"Freya and I respect you very much, and Freya truly considers you as her own brother, so Freya will be very happy to have your blessing!"

Kieran laughed even more freely in his heart, this man is really confident, he's even trying to replace Kieran's position in Freya's heart!

When Freya was having sex with him, all she could think about was Kieran. It's strange that she could forget about Kieran!

Kieran knew that Freya did not forget his own brother so easily, but Joshua's deep love for Freya still made his heart incomparably unhappy.

Well, he admits, he'd be upset inside either way.

He was upset that Freya had forgotten his brother and was with Joshua, and he was upset that Freya couldn't get his brother out of his mind.

He may, for the rest of his life, not be happy about it!

Joshua didn't get a response from Kieran, and as the contact deepened, he became more and more accustomed to Kieran's unapproachable appearance.

Joshua silently glanced at Kieran in the rear view mirror. Simon must treat his family with a cold face and a warm heart, as long as he is truly good to Freya, Simon will definitely support and bless them!

Kelsington Bay is not far from Blues, and it didn't take long for Joshua to drive to Kelsington Bay.

He originally wanted to carry Freya back to her room, but when he went over, Jaden and Jayla were already waiting at the door, and Freya had already opened her eyes in a daze, so it was a bit abrupt for him to carry her through the door.

When Joshua was about to help Freya out of the car, Kieran had already clutched Freya's hand and led her out of the car.

Looking at Kieran's hand on Freya's wrist, Joshua was stunned, but thinking that Patricia truly sees Freya as her daughter, and that Mr. Simon must also truly see her as his sister, Joshua felt that this physical contact was nothing.

However, after all, Freya was his future girlfriend, and it was only right that he should be the one to do such a thoughtful gesture.

With this in mind, Joshua hurriedly held Freya's other arm, and he politely said to Kieran, "I'll walk Freya in."

Heh! He walked Freya in?

What else did he want to do?

Kieran's eyes were so cold.

Seeing her daddy's displeasure, Jayla hurriedly stepped forward and separated Joshua and Freya, "Uncle, thank you for sending my mommy back! But my brother and I will help my mommy back to her room."

"Uncle, you should go home early, Jayla and I will take good care of Mummy." Jaden also said politely to Joshua.

Joshua didn't want to go back so soon, but he couldn't continue to stick around when the children had said so.

Joshua half squatted down and gently rubbed Jayla's head, "Okay, I'll go back now. Don't forget to let your mommy drink the sober soup, otherwise she might get a headache tomorrow."

Jayla had a good impression of Joshua, and she nodded with a light smile, "Uncle, don't worry! My brother and I will definitely take good care of Mummy!"

Jayla noticed with the corner of her eyes that Kieran's face was dark and dreadful, she smiled and asked at Joshua, "Uncle, are you courting my mommy?"

Kieran's face was already horrible enough, and after hearing Jayla's words, his face became more unpleasant.

The smile on Joshua's tired lips grew softer, "Yes, I'm courting your mommy!"

Jaden and Jayla both knew that Kieran had broken up with Freya again. Jaden's eyes were obscure, he swept a quick glance at Kieran's black face and then said to Joshua, "Well, as long as you treat our mommy well, Jayla and I will always support you!"

"Uncle, I support you too!" Jayla made a cheering gesture at Joshua, "Go for it! Uncle, my mommy is actually very easy to chase!"

With the support of Jaden and Jayla, Joshua was in a better mood and he said some goodbye to Jaden and Jayla before he was reluctant to leave.

When Kieran saw that Jaden and Jayla were so supportive of Joshua and Freya being together, he was angry.

These two little brats changed their minds so quickly!

A few days ago, they were supporting him to be with Freya, but now they were supporting that man!

But what does it matter to him who they support Freya to be with!

Freya was no one but his sister-in-law!

"Mommy, why are you drunk again?" Jayla rubbed Freya's forehead thoughtfully, "Mommy, are you having a hard time right now?"

Jaden looked at Freya incomparably worried, "Mommy, can I help you go back to your room? I'll have someone cook you a sober soup."

"Babies, you're really my sweethearts!" Freya smiled and pinched the faces of Jayla and Jaden.

She suddenly let go of Jaden's and Jayla's hands and turned around in place, seeing Kieran still standing by, she wrinkled her face and said, "Why haven't you left yet? You still want me to tell your fortune, don't you? I've told you many times that I don't tell the fortunes of ugly people!"

"Yes, I don't tell the fortunes of ugly people!"

"I only tell the fortunes of good-looking people! Yes, I want to tell Joshua's fortune!" Freya turned around but couldn't find Joshua, "Where is Joshua? I haven't finished telling his fortune yet! Ugly, don't get in my way, I want to find Joshua!"

## **Chapter 615**

Ugly?

And she's going to go after that man?!

The expression on Kieran's face was stiff.

Looking at this furious face of Kieran, Jaden and Jayla are secretly worried about Freya.

Daddy looks so scary, more scary than a tiger trying to eat a man!

Fearing that her mommy would be affected by her daddy's anger, Jayla hurriedly stepped forward and tried to ease the disharmonious atmosphere between them.

She was just about to speak, but Jaden took her hand.

"Jayla, let's go back first."

"So we're just going to leave Mummy alone? Daddy seems angry! Daddy looks so scary now."

"Jayla, let them sort out things themselves." Jaden was actually quite worried for Freya, but he also knew in his heart that no matter whether Daddy was before or after his memory loss, it was impossible for him to really hurt Freya.

He and Jayla appeared at the entrance of the villa after receiving a call from Kiki, their main task was to separate Mummy and Joshua, now that Mummy and Daddy were together, space should of course be left for the two of them.

Jayla nodded as she gave a worried glance at the drunken and dazed Freya before following Jaden inside the villa.

"Freya, who are you calling ugly!"

The cool sound rang in Freya's ears, and instead of being scared, Freya became even angrier.

See, he's always so mean to her, but so gentle to Regina!

Mr. Fitzgerald wouldn't have been willing to be mean to her!

Freya's eyes were sore and her heart was so aggravated that she yelled at Kieran with a strained neck, "I said you're ugly! Ugly, I hate you!"

I hate it when you break up with me, I hate it when you accept Regina's throwing herself at him, I hate it when you don't think of me at all.

"Freya, you're really capable!"

Kieran was so angry, "Freya, you hate me, but you don't hate that man, do you?!"

“Yes, I don’t hate Joshua! Joshua is a good man, at least he doesn’t make me feel so bad!”

“Fine, since you like that man so much, I’ll support you!”

Kieran felt that if he continued to stay with Freya, he would definitely be infuriated, so he simply turned a blind eye to it.

He had just turned around, but a pair of soft hands wrapped themselves around him behind his back.

“Don’t leave .....

There was a distinct choke in Freya’s voice, and an indescribable sense of distress, as she wrapped her arms around his waist even harder, her head pressed pitifully against his back, and he could almost feel her tears.

“Don’t leave .....

Freya said it again, and this time, she cried out.

He is not the same as Mr. Fitzgerald who used to dote on her unconditionally. She is sad, but he is not willing to coax her, so she can only bow her head first and submit to him.

“I was wrong, I shouldn’t have told Joshua’s fortune, and I should have told your fortune. I admit my mistake, don’t leave me, okay?”

Kieran’s heart fluttered uncontrollably, the softness he had tried so hard to hide seemed to be reviving again, and he tried his best to suppress it, but the effect was minimal.

“Freya, who am I? Why won’t you let me leave you?”

Kieran took a deep breath, he had never been so apprehensive.

He kept telling himself in his mind to give her one last chance.

As long as she knew that the person she was holding now was him, Simon, and the person she wanted to keep was him, he could give her one last chance, no matter how much her previous behaviour had broken his heart.

“Mr. Fitzgerald, I love you! I can’t live without you, I forbid you to leave me!”

Kieran hooked his lips, the smile that spilled from his lips was cold and pale.

He kept saying that she should stop making a fool of herself.

It turns out that it was him who made a fool of himself all along!

Kieran turned around, he fiercely stretched out his hand and roughly strangled Freya’s chin, his eyes cold, “Freya, look clearly, I am Simon! Even if I had the same face as Kieran, I am not him! I am Simon! I’m not anyone’s double, I’m just Simon!”

“Mr. Fitzgerald, the one who can’t see clearly is you! You’re not Simon, you’re my Mr. Fitzgerald! You’re my man!”

Freya's head was getting dizzy, but what was left of her sanity still told her that the man in front of her was the man she loved the most!

How could he have become someone else!

"Freya, you really are incorrigible!"

Coldly shaking off Freya's chin, Kieran turned around, and then walked quickly towards the outside of Kelsington Bay.

"Mr. Fitzgerald, come back!" Freya chased after him in a panic, she went to hug his arms, "Mr. Fitzgerald, I forbid you to go to Regina! You're my husband, I forbid you to be with Regina!"

"Freya, get lost!"

"No!" Freya clung to his arm with a desperate fear of being abandoned, "Don't you ever get rid of me in your life! Mr. Fitzgerald, I really like you so much, don't go to Regina, let's start over, okay?"

Saying that, Freya stood on her tiptoes and she tried to kiss Kieran's lips, with obvious ingratiating and indescribable pity.

Kieran forced to calm down, he stood still in place, sneered and stared at Freya's face, "Freya, don't diabolize me, you only makes me sick!"

Yes, he couldn't have any more interest in her, either physically or mentally!

He has always been a calm and self-possessed man. Many women have tried to flirt with him, but his heart is still unruffled!

He could do it with other women without a ripple in his heart, and if he wanted to, he could do it with Freya too!

With that thought, he coldly and ruthlessly threw her away, "Get lost! Don't ever appear before me again, or I will kill you!"

## **Chapter 616**

Seeing that because of his own force Freya could not control slipping on the ground, Kieran subconsciously reached out his hand and wanted to pull her up, but in the end, he held back.

Forcing his heart to be cold, he quickly withdrew his eyes from her and sprinted outside Kelsington Bay without looking back.

He was walking in such a hurry, afraid that if he walked a little slower, all his pretensions would collapse.

Instead of going back to his villa, Kieran went back to his office.

His mind was in turmoil and only by working non-stop could his troubled heart be soothed a little.

The door to his office was not locked and he habitually pushed it open to turn on the light, but a fragrant breeze came towards him.

Kieran was always quick to react, he moved faster than the person who lunged at him, and by the time he pressed the light on, his large hand already unceremoniously strangled around that person's neck.

Diana couldn't breathe from the pain, so she quickly begged him for mercy, "Simon, it hurts! Be gentle!"

Kieran made sure he didn't know the woman in front of him, and he frowned in disgust, "Get out!"

Diana had managed to overcome all the difficulties to enter Kieran's office, so of course she would not leave easily.

Everyone in this world is different. Some people, resigned to the status quo, spend their lives in mediocrity until they are old, while others have big ideals and spend their lives struggling disdainfully to achieve them.

But there is also a large part of the world that dreams of getting something for nothing and wants to take some kind of shortcut.

Diana is clearly one of the latter.

She is an ordinary 18th-tier star in the entertainment industry. Instead of thinking about acting well and constantly honing her acting skills, she spends her time thinking about how to become a hit and marry into a rich family.

She inadvertently learns about the breakup between Simon and Regina, and an unquenchable fire instantly burns in her heart.

She wants to be close to Simon.

If she is lucky enough to be with Simon, even if she cannot really become his woman, her popularity will increase greatly and her value will rise if she is rumoured to be with him.

Kieran's office is not that easy to enter. Diana bribed the receptionist who is on duty at night, plus it is night time and it happens that the president's office is not locked, so she managed to get into Kieran's office.

Almost immediately, Diana adjusted herself, she looked at Kieran with a big smile, "Simon, I am Diana, I have admired you for a long time."

With that, Diana tried to grab Kieran's hand.

Kieran's brow knitted even more, now that other women are taking the initiative to seduce him, he really can't get the slightest bit of interest, but a whiff of indescribable nausea.

Kieran could no longer bear Diana's proximity, and he directly dropped Diana without mercy.

Diana was frustrated, her motivation not being dampened in the slightest, she gritted her teeth and continued up.

"Simon, I know you just broke up, you must be lacking a woman by your side now, I am willing to be your woman!"

Before Diana came to Kieran, she had read many inspirational stories of celebrities. Many women were able to become the top, all of them seized the moment and took the initiative, and she, Diana, would certainly be able to make her way too!

“Get out! Don’t make me say it again!”

Kieran wanted to throw Diana out, but when he grabbed Diana and threw her just now, that feeling diaphragmatically made him uncomfortable, and he didn’t want to handle her himself.

Seeing that Diana still did not have the slightest intention of leaving, he took out his mobile phone and called Bradley to deal with this woman who turned his stomach.

Diana did not expect Kieran to be so difficult to deal with. She was worried that the security guards would come up later and throw her out by force, so her brain worked fast and she planned to take a risk.

Diana tossed her long hair and swayed to walk in front of Kieran.

Her hands pressed gently on the back of his hand, her voice was sweet.

“Mr. Simon, you’re not cute with this ruthlessness! It’ll make me think you are impotent!”

As Diana’s words fell, Kieran’s body rushed out like an arrow off the string, and in a flash of lightning, she was already pressed hard against the wall by him.

Looking at Kieran’s handsome face close at hand, Diana smiled lightly, see, you can’t just be nice to a man, sometimes you have to use the method of provocation, now, she has succeeded!

## **Chapter 617**

Of course, when you make a provocative move, you should not just provoke the man, but you should use both soft and hard tactics.

Diana has been in the circle for so many years, and is most familiar with the art of pleasing men. Now it’s time to exert her feminine charm.

Diana waited for a long time, but did not wait for Kieran’s lips to fall, she opened her eyes suspiciously and saw Kieran staring at her with inscrutable eyes.

His eyes were not half as smitten as she thought they would be, and the corners of his lips were curled with a chilling mockery.

Diana was baffled by Kieran’s stare, and she couldn’t help but speak, “Simon .....

The next second, he flung away her body without mercy.

His force was so strong that Diana failed to hold on and her body fell heavily onto the edge of the coffee table, bumping into the bin next to her.

Kieran looked at her from above, and suddenly, his lips moved slightly, and the coolness emanating from his body was even more unnerving.

“Well, I am really impotent to you!”

The smile on Kieran's lips became increasingly cruel as he pondered for a moment and continued word for word, "Because, you're too ugly, I'm disgusted and uninterested just by looking at you!"

Diana's face was instantly as white as paper, her body couldn't control the trembling, until now, she still couldn't believe what Kieran had just said.

How dare he say that she was too ugly?

She's not exactly a stunning beauty, but she's been praised by many for her face, so how can she be considered ugly!

But now, Simon even said that she was too ugly, was he blind?

The most taboo thing for a woman is to be called ugly or fat. Diana is very afraid of Kieran, but being poked at her most sensitive nerve, she still can't stand it.

She held onto the coffee table and got up from the floor. She asked him incredulously, "What did you say? I was ugly? How did I look ugly?"

When she said this, she even straightened her back, the subtext she didn't say was, "Look at me, I have such a great body and a beautiful face, and you think I'm ugly, are you blind!"

Diana really felt that Kieran was quite blind, but she didn't dare to say such treacherous words out loud.

"You should know that yourself."

The powerful aura that emanated from his body was so invisible that it took one's breath away, his face was devoid of the warmth, but even so, his face was still good-looking.

Only, at this moment, when Diana looked at this handsome face that was so good that it drove women crazy, she just felt chills all over her body.

How can a man, who humiliates people, really, not show any mercy?

Kieran's cold eyes swept over Diana's body like a piece of dead meat, "From top to bottom, you're all ugly!"

Hearing Kieran's words, Diana was so angry.

Does he mean that she is ugly all over?

He's really blind!

Diana gnashed her teeth in hatred, but she did not dare to take offence, she could only leave in shame and anger.

After Diana left, Kieran frowned and opened the window inside his office. He was used to the light and faint scent of Freya's shower gel, and this heavy perfume made him feel diarrhea from the bottom of his heart.

Being mocked by Kieran like that, Diana was upset. But Kieran really wasn't lying, in his opinion, Diana was really ugly.

At the very least, she was really ugly compared to Freya.

In fact, Kieran did not have much idea about the beauty or ugliness of a woman's face, he just found Freya's face pleasing to the eye, so no matter how beautiful other women were, in his eyes, they were all ugly compared to Freya.

Kieran was already in a bad enough mood, and now that his mind was filled with Freya's figure, his mood got a little worse.

He didn't believe that he could only have his eyes on this woman in his life!

He even thought with some exasperation that he couldn't develop a single interest in any woman other than Freya. Who knew if it was because of his sexual orientation?

Perhaps it was because he liked men that he couldn't show the slightest interest in those women?

He's not going to like that heartless Freya!

After receiving Kieran's call, Bradley rushed over.

He pushed open the door of Kieran's office, "Simon, where is she? Don't worry, I'll help you throw her out now!"

Bradley looked around inside Kieran's office for a week and didn't find any suspicious woman's figure, so he couldn't help but be confused, "Simon, why don't I see anyone?"

Kieran didn't say anything, just stood at the window with his back to Bradley, all dark and gloomy.

Seeing that Kieran was silent, Bradley did not dare to continue and make his boss unhappy.

Bradley could guess in the blink of an eye that the person must have been thrown out by his boss.

Bradley was about to ask his boss what else he wanted, but before he could ask, he only felt pain in his back, and his body was already pressed against the wall by Kieran.

Bradley suddenly stared round. What did his boss want?

## **Chapter 618**

Don't play so exciting, okay!

Although Bradley thinks that his boss is handsome, but he likes woman!

Bradley wants to cry .....

In business, his emotional intelligence is beyond the reach of countless others, but when it comes to relationships, he is truly unenlightened.

By pressing Bradley against the wall like that, he really wanted to prove that he wasn't interested in other women, not because he had a crush on Freya, but because he liked men.

However, looking at Bradley's face made him gutted.

Kieran violently removed his hand from Bradley's shoulder, and he rushed to the coffee table, dry-heaving into the bin.

Bradley, confused, reached out his hand and pressed his shoulder, which had been freed, and instantly felt a sense of escape from his clutches.

Bradley's brain was spinning fast, seeing the way Kieran kept dry-heaving next to the bin, he instantly had understood what his boss was thinking.

His boss probably couldn't lay his hands on that woman just now and didn't want to admit that he was in love with Miss Stahler and wanted to use him to prove that he might have a sexual orientation problem.

Unfortunately, his boss really has no problem with his sexuality and can't lay a finger on him, and makes himself sick to his stomach.

Bradley sighed sorrowfully. If his boss is in love with Miss Stahler, how happy it is!

What is the point of having to torment him like this now!

He can't figure it out what was in a man in love!

Looking at his aloof and ascetic boss still frantically dry heaving next to the bin, Bradley was aggravated.

Does he disgust his boss that much?

It was clearly his boss who took the initiative to attack him just now!

Besides, he's good-looking, does his boss need to throw up for so long!

Bradley was sad.

After the sorrow, Bradley still thoughtfully said to Kieran, "Mr. Simon, are you trying to prove that you might be a gay? I can't help you, why don't I ask Mr. Pryce to come over and you try against Mr. Pryce?"

Fabian?

When Kieran thought of Fabian's face, which always had a tart smile, his intestinal discomfort got worse.

He cast a cold glance at Bradley, whose eyelids fluttered and he was instantly silenced.

Bradley actually wanted to say, "Boss, just stop pretending, you obviously like Miss Stahler very much, just hurry up and make up with Miss Stahler."

But when he thought of Kieran's desperate and frantic appearance this morning, Bradley did not dare to say this.

He could only pray in his heart that his boss would regain his memory soon.

In that way, he wouldn't have to be insanely jealous of himself, he could fall in love with Miss Stahler.

Diana has always been good at taking advantage of opportunities to create gossip and raise her profile.

Although she didn't manage to climb into Kieran's bed last night, she took quite a few selfies while she was alone in Kieran's office.

She posted a photo of her lying on the sofa in Kieran's office to her Weibo page, and then sent several selfies that clearly showed the style of Kieran's office to a number of media outlets with whom she had a good relationship, asking them to help her create a gossip about her and Simon.

Even if a man's face does not appear in the photos, this is already shocking news.

After all, it was the first time in his life that Simon was rumoured to be with a female celebrity.

Moreover, the president's office of Simon cannot be entered by a random woman.

Diana was able to wear so little in Simon's office and take pictures casually, it proves that the two must have had an unusual relationship.

The reporters took advantage of the issue and tried their best to use their imagination in order to gain attention. The scandal between Simon and Diana became the headline of all major media early in the morning.

Freya woke up late in the morning and didn't even bother to brush up on the news as a matter of habit before driving to the hospital in a hurry.

These days, Freya is quite busy. The running of World takes a lot of her energy, but doing what she loves, no matter how busy she is, she is happy.

When Freya only entered the office, Cindy came over with a smile, "Director Stahler, you should be quite familiar with Simon, right?"

Freya did not expect that Cindy would suddenly ask her such a question, and she could not help but stare.

Without waiting for her to speak, she heard Cindy say again excitedly, "Director Stahler, is Simon really with that 18th-tier starlet?"

"What 18th tier starlet?" Freya only had a dumbfounded face, she really didn't know what exactly Cindy meant by that.

"You haven't even watched the news yet, have you?" Stephanie also came over with a gossipy face, "18th tier starlet Diana is sleeping in Simon's office at night. The news is all over the internet, you really don't know?"

Freya's face went white as she scrambled to tap her phone.

As soon as she opened the news app, many shocking headlines caught her eye.

The breakup between Simon and Regina is a foregone conclusion.

Simon is obsessed with Diana and can't stop himself from building a love nest in his office.

.....

Freya stared dumbfounded at the news and the photo of Diana in Kieran's office, what was all this?

Freya couldn't bear it, so she quit the app and sent a message to Kieran.

"What happened between you and Diana is something that the media wrote nonsense about, right?"

## **Chapter 619**

When she saw the news, Freya subconsciously did not want to believe it, but what if Mr. Fitzgerald really got together with another woman in a fit of anger?

Moreover, she had been to Mr. Fitzgerald's office, and these photos of Diana were indeed taken in his office.

A man like Mr. Fitzgerald would naturally not let a woman into his office casually, but Diana would appear in his office, this situation, indeed, is not ordinary.

The more Freya thought about it, the more unpleasant her face became, and even her fingertips couldn't help but tremble. It was as if she had waited for a century before Freya waited for Kieran's reply.

"No."

Looking at this brief and concise reply, Freya's heart sank to the bottom in an instant.

Last night, he was really with Diana!

No, even if he said no, she still didn't want to believe that he would casually touch another woman!

She doesn't believe it!

"Director Stahler, what's wrong with you?" Seeing Freya's face look abnormal, Cindy couldn't help but ask with concern.

"It's nothing, I've had a bad stomach, I'm going to the bathroom first."

Saying that, Freya took her phone and quickly rushed towards the bathroom.

Freya thought about it and dialed Bradley's phone number, she didn't talk nonsense and asked directly to the point, "Bradley, last night, did Mr. Fitzgerald really get together with Diana?"

Bradley was standing in front of his own boss and he actually wanted to tell Freya in particular that his boss had just received a message from her and asked him a question.

He asked who Diana was.

How could he be with Diana when he didn't even know which Diana was!

He showed his boss the news online and his boss realised which Diana really was.

He also wanted to tell Freya that the message her boss replied to her was completely intentional to piss her off, but he didn't dare to say that to his own boss' dark and frightening eyes.

He could only falter and ambiguously answer back to Freya in the midst of his own boss' sharp gaze, "Maybe, probably, yes."

After hanging up the phone, Bradley was afraid that it would be too hard for Freya, he took his mobile phone and wanted to send a message to Freya quietly to tell her that the matter of Diana was a complete falsehood, but before he could walk out of the office with his mobile phone, Kieran's voice rang out coldly behind him.

"Stand still!"

"What is it?" Bradley wiped the cold sweat off his forehead and laughed awkwardly.

"I'm with Diana." After a pause, he added, "Tell Freya that Diana and I are together!"

Bradley naturally understood the meaning of Kieran's words, he was obviously saying that even if there was really nothing between him and Diana, he had to let Freya think that he and Diana were in a relationship.

Bradley gave Kieran a complicated glance, "Boss, why do you have to do this!"

Now that you say you're with Diana, how are you going to explain to Miss Stahler when you've recovered your memory?

In the spirit of loyalty to his own boss, Bradley still asked, "Mr. Simon, are you sure you want me to say that to Miss Stahler? If one day you and Miss Stahler get back together, this will become a dark history that you can't wash off."

"I'm done with Freya."

Seemingly feeling that his words were not decisive enough, Kieran added, "I won't get back together with her in my next life!"

Bradley had the sense to shut up, well boss, that's what you said!

May you have no regret in this life or the next!

"Don't worry, I'll text Miss Stahler now to tell her that you were with Diana last night."

When Bradley said this, Kieran's eyes were falling on the computer screen in front of him.

The computer screen were showing all the big news of the day, he lifted his eyelids and he saw a news item that had just been sent out.

Simon and the 18th-string actress Diana having sex, and Diana lies on the sofa and exclaims, "Simon, you're great! Let's do it again!"

In this news, there is a selfie of Diana lying on the sofa, and that pose really looks like something.

Kieran almost choked to death on his own saliva.

He'd be sick to his stomach if he touched her in such an ugly position.

Suddenly, Kieran was reminded of Freya's body.

Kieran shamefully found that just thinking about it arouse him!

"Damn!"

Kieran let out a low curse. Why did he aroused by that woman!

Yes, he was reacting because of Diana! It must be because he saw Diana's selfie that he aroused!

Kieran deceived himself by glancing at the computer screen again, but looking at Diana's posture, he could not control his intestinal discomfort.

Hell no!

Kieran forced Bradley to send a message to Freya.

Bradley glanced at his boss and, with a shake of his fingertips, sent a message to Freya.

"Miss Stahler, last night, Simon and Diana did it many times, and Boss was so great that the whole office building heard Diana's screams."

After Bradley finished texting Freya, he gave Kieran a sympathetic look, "Boss, is this okay?"

Kieran nodded

He thought that by stimulating Freya in this way, he would feel better in his heart, but after Bradley received Freya's reply, he found that he was not happy, not at all.

Freya's reply, "Got it."

Got it?

Kieran was so angry that his psyche twisted a bit, he even said he had sex with another woman and she just said got it?

This woman is really heartless, she doesn't care about him!

What made Kieran even more furious was that at noon, Bradley even came over to report to him that Joshua had gone to the hospital with a huge bouquet of red roses to woo Freya!

She's in the mood to accept advances from other men after knowing his news.

Kieran coldly closed the file on his desk, straightened his long legs and walked straight outside the office.

Bradley rushed after him, "Boss, where are you going?"

Kieran gritted his teeth, "Go to the hospital and see a doctor!"

## **Chapter 620**

See a doctor?

His boss is a strong man, what kind of illness can he have?

Kieran and Bradley went to the hospital. When they went there, Freya had not yet left work, and Joshua held a large bouquet of roses and waited patiently outside Freya's office, such a graceful man standing there, instantly attracting the attention of many people.

There were also people who had read the online news and knew about the scandal between Joshua and Freya. Some of the more curious patients even went over to ask Joshua if he was waiting for Dr. Stahler, and at that time, he responded in a good-natured manner, saying, "Yes.

After treating the last patient, Freya intended to go for lunch. As she had just got up after taking off her mask, a dark shadow loomed over her.

Kieran.

Looking at the man standing in front of her, Freya's eyes could not control the soreness.

She knew that he was angry with her now, and that he might be lying to her when he admitted what happened between him and Diana, but there was no way Bradley was lying to her!

And the whole building heard Diana's shouting, Diana even took a megaphone last night, didn't she?

She couldn't breathe, and really didn't want to face Kieran right now.

Seeing Joshua walking over, Freya turned around, and went in Joshua's direction, "Joshua, why are you coming over?"

"Freya, it's for you." Joshua put a large bouquet of red roses into Freya's hands, "I wonder if I have the honour to invite you to lunch."

"I ....."

Freya wanted to say, "Joshua, I can't accept your flowers, I'll just have lunch with my colleagues."

But with so many people watching, if she were to reject Joshua's rose in public, it would be very embarrassing for him.

Freya is a kind girl who knows how hard it is to be rejected in public, so she can't bear to embarrass him so much.

She just politely said to Joshua, "Joshua, no need to be so troublesome, you are so busy and still come to me, it's too much of a waste of time ....."

"What a waste of time! How can chasing a girl he like be considered a waste of time!" Without waiting for Freya to finish her words, Cindy cut her off, she pushed Freya forward and even winked at Joshua, "Joshua, Director Stahler is in your hands! If you dare to bully her, our whole department will fight with you!"

"Right, the people in our department won't let you bully our Dr. Stahler!" Even Preston waved his fist at Joshua.

Looking at Preston waving his fist, Joshua still smiled warmly, "Don't worry, everyone, I won't let Freya be aggrieved."

Freya felt that she must make it clear to Joshua that between them, it was impossible.

In this life, she could never fall in love with anyone else but Mr. Fitzgerald!

It is true that Freya did not want to embarrass Joshua, but she did not want everyone to misunderstand the relationship between her and Joshua.

She thought about it and decided to return the rose to him.

Before Freya could return the flowers to Joshua, she snatched them from her arms.

“Director Stahler, just feel free to have lunch with Joshua, and I’ll put the flowers away for you!”

With that, Stephanie hugged the large bouquet of roses and cheerfully found a bottle and arranged the flowers.

Freya, “.....”

What a bunch of colleagues she has!

“Heh!”

Hearing Kieran’s cool laugh, Freya realised that he was still in their office.

Preston also heard Kieran’s voice, and he was so focused on joking about Freya and Joshua just now that he had forgotten about this big shot.

Preston hurriedly greeted him and smiled amiably as he asked Kieran, “Simon, what can I do for you?”

“I am here to see a doctor!” Kieran kept his eyes on Freya’s face as he said this.

Freya was so angry that he and Diana were tangled up, but when she heard that he was coming over to see a doctor, she couldn’t control her worry.

“Simon, let me check on you.” Preston said, extending his hand to take Kieran’s pulse.

Kieran had absolutely no intention of paying attention to Preston, he sat motionlessly in his chair, his eyes inexplicably sweeping over Freya’s face, “Let her do it!”

“Mr. Simon, Dr. Stahler has an appointment, so .....”

“Let her do it!” The unquestionable voice scared Preston into a controlled shiver, he no longer had the courage to argue with Kieran and hurriedly turned to Freya with his eyes for help, “Dr. Stahler, look at this .....”

As Freya was just about to say this was an oncology department and they couldn’t see Kieran’s condition, her phone suddenly rang.

It was Bradley who secretly sent her the message.

“Miss Stahler, the message I sent to you before was forced by my boss. Last night, there was nothing between boss and Diana. What exactly happened was that Diana tried to hook up with boss, but was eventually thrown out by him.”

Bradley actually wanted to tell Freya that his boss was not interested in Diana, his boss even suspected that he was gay and tested him.

As it turns out, his boss isn’t interested in him, he is only interested in Miss Stahler!

Originally, Freya was in a depressed mood, but now that she saw this text message, her mood suddenly became sunny.

Mr. Fitzgerald was not with Diana.

It was quite good.

In a better mood, Freya was also willing to see Kieran.

She sat down in front of Kieran and then put her fingers on his wrist.

“You have a strong pulse and are quite well, but your heart distress is a bit strong, just lower it more and you will be fine.”

Freya said while gauging Kieran’s expression, “Have you had something unpleasant recently? If something has upset you, you should solve it quickly, too much distress in your heart will hurt your body.”

She wanted to guide him and talk to him.

Kieran abruptly jerked his hand.

This woman had the nerve to ask her if she’d had something unpleasant recently?

He was so angry with her, and how could he be pleased?

Joshua used to think that Simon was Freya’s Brother and he should get on good terms with him.

Now, looking at the unspeakable atmosphere between him and Freya, he felt a keen sense of crisis.

Why, he thought, did they look like a young couple having a falling out or something?

But Simon is Mr. Fitzgerald’s brother.

How is this possible!

Although Joshua did not believe that there was anything between them, the way Kieran looked at Freya still made him feel uncomfortable.

With a faint smile, he stepped forward and put his hand on Freya’s shoulder, “Freya, go to my house tonight, okay?”
