

## Talented 851

### Chapter 851

The reporters at the scene were all in a daze, they all knew that Samuel and Patricia had three children, Eleanor, Simon and Kieran.

Above Simon, there is only one sister, where is the elder brother?

After hearing Kieran's words, Regina's face however became increasingly white.

Her lips were trembling. Other people might not understand what Kieran meant by his words, but as the person who had designed everything, she knew the meaning of his words most clearly.

It's true that Simon doesn't have an elder brother, but Kieran does!

Sure enough, just as this thought flashed through her mind, Kieran's voice without any semblance of emotion rang out in the air again, "I am Kieran!"

"What?! Isn't Kieran already dead? How could Simon say he was Kieran?"

"Simon shouldn't be schizophrenic, right? How could he say he's Kieran?"

"Yes, this is too strange! What's wrong with Simon today?"

.....

"Simon, what did you say?" Although she had already realized that Kieran had recovered his memory, Regina's heart still held a trace of luck, "Simon, it's not funny at all."

She scrambled to grab his hand, "Simon, let's not get a license today, let's go home, let's go home, okay? Simon, what's wrong with you? Don't scare me, okay?"

"Regina, I am Kieran!"

Kieran didn't have the slightest intention of taking Regina's hand, he icily repeated what he had just said, "I've recovered my memory!"

The journalists at the scene were completely dumbfounded, they couldn't understand what Kieran was talking about.

Scared of the aura he carried, they did not dare to go up and ask the questions they had in mind, but could only wait quietly for the next development.

The journalists were thrilled beyond belief, their keen sense of journalism enabling them to make it generally clear that today, they would definitely unearth a shocking story!

The smile that froze at the corner of Regina's mouth when she heard Kieran's words, and her soul couldn't help but tremble when she met his eyes that were like a life-threatening razorback.

She shivered, and it took almost a lifetime of strength for her to regain her voice.

“Simon, I don’t understand what you’re talking about. Can you really stop joking around? You really make me worry. Simon, are you not feeling well somewhere? Let’s go see a doctor, let’s go see a doctor right now!”

Kieran shrugged off Regina’s hand without pity, he lazily raised his eyelids, his face clearly without any expression, but it was able to make people feel the piercing cold and chill.

“Regina, you know what I am talking about! I would lose my memory and my brother died in a tragic car accident, all thanks to you!”

“Regina, you owe my brother a life, how do you repay that?!”

Kieran did not step forward, but Regina was forced backwards by him, and eventually, her back hit the pillar behind her so hard that it hurt a lot.

She steadied herself and tried to justify it by telling Kieran that she knew nothing, that she hadn’t hurt anyone.

But before she could say those words, Simon’s bloodshot eyes full of hatred appeared in her mind again like a magic spell.

It seemed to hate to devour her soul, to make her sink into hell for the rest of her life, unable to turn back!

Regina stumbled so violently that if she hadn’t clung so hard to a nearby pillar, she would have fallen to the ground in a heap.

A young reporter boldly took the microphone and went forward, “Simon, why did you say such strange things just now?”

“I’m not Simon, I’m Kieran!”

As soon as Kieran’s words left his mouth, Bradley walked up to the crowd of reporters with a copy of the genetic comparison report.

The genes of everyone in the Fitzgerald family are stored in the gene bank, and Kieran has compared his own genes with his and Simon’s, and the results show that he is not Simon, he is Kieran!

Even though they were prepared, the journalists were still shocked when they saw the genetic match report.

Who would have thought that a person who had been presumed dead for so long would suddenly appear to be alive, while the one who was presumed to be well and alive had become dead!

“How is that possible?! This is too amazing!”

“Yes, it’s really amazing! I didn’t expect that the one standing in front of us was not Simon, but Kieran!”

“What was that car accident all about? Why is it that the person who was obviously in the accident was Kieran, but the person who ended up dying became Simon?!”

“Yes, this is too unbelievable! I heard at the time that Simon was on the verge of waking up, how could he have somehow died in that car accident?!”

.....

Kieran heard the chatter of these reporters, the corners of his lips hooked into a cruel arc with inseparable bitter hatred.

His eyes, eerily cold, fell on Regina’s face, “You want to know how my brother died, you should ask her!”

“No! Not me!”

Without waiting for the reporter to ask, Regina shook her head vigorously, “It’s not me! It really wasn’t me! I don’t know anything! I love Simon so much, how could I have killed him!”

“I’ve been kept in the dark too, I really don’t know what that car accident was all about! Yes, I still have Simon’s baby in my belly, how could I possibly hurt my baby’s real father! You have to believe me, I’m really innocent, I’ve never harmed anyone! I’m innocent!”

After she said this to the reporter, Regina grabbed Kieran’s arm again in a panic, “Simon ..... Kieran, you misunderstood me, I really didn’t do anything! I love Simon, I want to be with him for the rest of my life, how could I hurt him! Kieran, you must believe me!”

“You love my brother?”

Kieran smiled coldly, obviously, it was such a good-looking face, that smile was chill.

“Regina, I don’t believe a word you say!”

As soon as Kieran’s words left his mouth, Fabian walked out of the car with Vanessa.

Seeing Vanessa, Regina instantly turned pale as she scrambled to grab something, but her legs were too weak and she still fell to the ground.

Since she was a child, Regina has learned the best manners, and she is most conscious of her image and grooming.

No matter how difficult the moments were, she tried to make herself shine like a graceful and noble princess.

Even if, at such an embarrassing moment, she could not be like a bereaved dog, ridiculed by all.

So, after a brief moment of panic, she quickly steadied herself, especially when she thought that she still had her cards up her sleeve, and the corners of her lips, instantly, curled back into a subdued and elegant smile.

“Vanessa, tell Regina exactly how she got Simon killed!” Fabian gave Regina a vicious glare, then ordered Vanessa.

“I’m sorry to Kieran, I’m even more sorry to Simon!”

Tears of remorse rolled down Vanessa’s face, uncontrollably.

Money, really, is the root of all evil; it makes people lose their heart, it makes them doom.

Vanessa took a deep breath before she regained her voice.

“Miss Wells approached me the day of Kieran’s car accident.”

Vanessa raised her face, she gave Regina a glance, then quickly lowered her face again, “Miss Wells transferred five million to me and asked me to drug Kieran’s coffee.”

“She said that the drug was capable of causing deep coma, but it would not damage one’s body. I was so mesmerised by so much money, plus I thought it wouldn’t cause any real damage to Kieran, so I agreed to help Miss Wells.”

“I thought that Miss Wells didn’t want Mr. Kieran Fitzgerald and Freya Ye to get married and wanted something to happen with Mr. Kieran Fitzgerald before their wedding, so I didn’t think much of it.”

“It’s just that I never imagined that Mr. Kieran Fitzgerald would inexplicably get into a car accident that day and die on the spot!”

“I always thought that the person who passed away was Mr. Kieran Fitzgerald, and it’s only now that I know that the person who passed away in the first place was actually Simon! Miss Wells is really ruthless!”

“From the day that car accident happened, I knew that the car accident was definitely not a coincidence, but someone deliberately did it, but, I have never been able to figure out why Miss Wells, who likes Mr. Kieran Fitzgerald so much, would want to put him to death.”

“Now, I think I should have figured it out. Miss Wells never wanted to kill Mr. Kieran Fitzgerald, her ultimate goal was actually to wash away Mr. Kieran Fitzgerald’s memories and turn him into Simon so she could stop him from being with Freya!”

“Recently, everyone has been focusing on the marriage between Miss Wells and the so-called Simon, and everyone seems to have forgotten that once upon a time, the person Miss Wells has been chasing is Mr. Kieran Fitzgerald! Since the beginning, the person she wanted was always Mr. Kieran Fitzgerald! That’s why, in order to break up Mr. Kieran Fitzgerald and Freya, she has resorted to such insidious tactics!”

Vanessa turned her face, her eyes glittering as she stared at Regina, her words sobbing, “Miss Wells, I know you like Kieran! But have you ever thought about how innocent Simon is! Miss Wells, how can you be so cruel!”

“Shut up! You shut up!”

Vanessa’s every word captured Regina’s sore point with such precision that she wanted to rip her mouth off and not let her continue with her nonsense.

But Bradley had her wrists in an untraceable chokehold, and she was unable to lunge to stop Vanessa.

“Vanessa, don’t talk nonsense here! I love Simon, and I admit that I did look for his shadow in Kieran, but the only person I love most is Simon! I love him so much that I want him to live a long, healthy and happy life, how could I possibly hurt him! I would rather kill myself than hurt Simon!”

Regina turned her face, she looked at Kieran with teary eyes, "Kieran, please believe me, okay? I know that in your mind, I'm the villain who hurt Simon! But even so, I still want to defend myself, I'm innocent, I'm really innocent!"

Thinking of something, she hurriedly stroked her stomach, "I'm still carrying Simon's child in my stomach! Kieran, you know better than anyone how the child inside my belly came to be!"

"I am innocent between you and me. The child in my belly was conceived by artificial insemination, I used Simon's frozen up sperm. Simon is the father!"

"I love Simon so much, I'm willing to bear and raise children for him, how could I possibly do anything to get him killed! How could I possibly get my child's real father killed!"

Regina's words once again refreshed the journalists' view. They had never thought that the child inside her belly was conceived that way.

At first glance, Regina's willingness to bear and raise children for Simon is indeed a sign of deep love and loyalty, but on reflection, it is extremely frightening.

By the time Regina was artificially inseminated, Simon had long since passed away and the person who was taken by everyone as Simon was Kieran.

If it was really Regina who led all this, what was the purpose of her using that means to get pregnant?

Nothing but using her and Simon's child to act as her and Mr. Kieran Fitzgerald's child!

She killed Simon, and she even dared to carry a dead man's child, this woman is so horrible, she will do anything to achieve her own goals!

"Regina, you don't want to admit that you harmed Simon, do you?! I have proof!"

With that, Vanessa showed her phone in front of the reporters, "Everyone, look carefully, this is Regina's phone number, and these are the text messages she sent me! Yes, I still have the transfer records she sent me!"

"Regina, it's too fishy that Mr. Kieran Fitzgerald had a car accident after I gave him the drug, I don't believe it has nothing to do with you! Fine, you can say that the matter of Mr. Kieran Fitzgerald's car accident was an accident, but how do you explain the matter of Mr. Kieran Fitzgerald thought himself as Simon?!"

"Regina, I don't believe that a simple accident would swap the two of them! Fine, you can say that it was Simon himself who had the accident, but everyone knows that Simon has been a vegetable for so many years, even if he woke up, how can he drive by himself?!"

"So, there is only one possibility! It was you who killed Simon in order to achieve your own unseemly goals! Regina, you should pay the price for what you have done!"

"You should pay for the life of Simon!"

"No! I didn't!" Regina shook her head vigorously, "I really haven't harmed anyone! Kieran, why don't you want to believe me! Someone is setting me up!"

When Regina wanted to say something else, the cold handcuffs were already cuffed on her wrists, and Keegan, who was wearing a uniform, spoke coldly, "Miss Wells, please come back to the police station with us and cooperate with the investigation!"

## **Chapter 852**

When Regina wanted to say something else, the cold handcuffs were already cuffed on her wrists, and Keegan, who was wearing a uniform, spoke coldly, "Miss Wells, please come back to the police station with us and cooperate with the investigation!"

### **Chapter 853**

Of course Regina didn't want to go to the police station, she was a young lady of the rich family, she always felt that if she went to the police station, she would have a stain on her life that could not be washed away.

There is always a price to pay for making a mistake, and the police are too iron-faced to condone any criminal!

When Freya opened her eyes, it was already sunrise.

Kieran had obviously left the ward long ago.

She felt really twisted. When he was around, she pretended to have amnesia and disliked him in all sorts of ways, and now that he was out, she actually started to miss him already.

When she saw a note on the bedside table, Freya thought it was left by Kieran, but she didn't expect it to be placed there by the two little ones.

"Mummy, keep trying to pretend to have amnesia! We're dying to see Daddy's wife chase!"

Looking at the note, Freya couldn't help but laugh out loud. Well, she thought she was quite a good actress, but she didn't expect these two kids to see it.

Freya rubbed the note over and over again, although Jaden and Jayla didn't say anything on it, she still felt so warm and fuzzy.

She actually felt that God had really treated her well, she had indeed suffered a lot and been misunderstood, but God had given her the most understanding and lovely kids, and now she had a cute little baby inside her belly, and she was getting closer and closer to her goal of giving Kieran a basketball team!

Freya did not know when Kieran would return, and fearing that he would see the note and find out about her pretending to have selective amnesia, she hastily tucked the note inside her pillow.

Kiki is making millet porridge for Freya in the kitchen. Recently, Kieran has been staying here every day, and when he has to go out, Kiki will come over.

Kiki is really good at cooking, the simplest millet porridge she made is extraordinarily delicious.

Kiki was just about to feed Freya, the door of the ward was suddenly pushed open and Joanna, with her lawyer, walked in aggressively.

As soon as she saw Joanna's appearance, Kiki knew that the visitor was not good, she shielded herself in front of Freya and spoke without being condescending, "Joanna, may I ask what you want to do here today?"

"Freya, sign!"

Without even looking at Kiki, Joanna walked over to Freya's bedside.

She winked at the lawyer and he handed the document in his hand to Freya.

"Freya, please sign this."

When he saw the words "relinquish custody" on the agreement, Freya's eyes suddenly went cold.

She had always respected Joanna, and she could never have imagined that Joanna would ask her to give up custody of the two kids.

The two little ones were born after all her hard work, so why should she give up custody of them?

Is Regina's rhetoric the only way to please Joanna?

Suppressing the anger in her heart, Freya spoke without shock, "Grandma, I don't understand what you mean."

"Freya, don't pretend!" Joanna's voice carried obvious dissatisfaction and an irresistible majesty, "Fine, since you're pretending not to understand, then I'll make it clear to you!"

"Freya, the purpose of my coming over to you today is simple, I want you to give up the custody of Jaden and Jayla!"

“Jaden and Jayla are the children of our Fitzgerald family, our Fitzgerald family’s children should have the best upbringing and receive the best education! I definitely won’t allow a woman with a wrong heart to bring them up badly!”

Kiki was still quite good-tempered, but after hearing these words from Joanna, she couldn’t bear it either.

Joanna was clearly saying that Freya was the woman with the wrong heart!

“Joanna, I would like to ask you a question, what does it mean to be a woman with a wrong heart?!”

Kiki’s face was respectful, but there was a clear dissatisfaction in her voice, “I really don’t know how Freya’s heart is not right! Joanna, please enlighten me!”

Joanna had already despised a woman like Kiki who had been abandoned and then married for the second time, and when she saw Kiki questioning her like that, her expression grew colder.

“Freya, I’ll talk to you properly about how you’re not right-minded!”

Joanna sat gracefully in a chair beside the bed, her chin slightly raised with a lofty pomp and circumstance.

“First, you presume to seduce your husband’s brother!”

“Second, Regina is pregnant with Simon’s child, they’re about to get married and you’re trying to sabotage them in every way possible!”

“Third, in the wedding of Regina and Simon, you used unseemly means to force Simon to run away from the wedding!”

“Freya, how can you be so shameless, especially a mother should set an example for her children. If you are so wrong-minded, how can Jaden and Jayla grow up to be upright when they follow you?”

Hearing these words of Joanna, Kiki snorted, she found that Joanna could really put any kind of crime on Freya.

Freya had not gone to Kieran and Regina’s wedding. Even if she had done so, what was wrong with her? Why should she stand by and watch her husband marry another woman?

“Joanna, I don’t think you know Mr. Kieran Fitzgerald has regained his memory! He’s not Simon at all, he’s Kieran, Freya’s husband! Freya is right to be with him, and Regina is the mistress who has tried to ruin their relationship time and time again!”

“What a load of nonsense!”

Joanna’s patience with Kiki had worn out completely, she swept her a cold glance, her eyes then fell on Freya’s face with disdainful contempt.

“It’s really true that things are divided by their own kind! Freya, you have such uncouth friend, how good can your character be? Freya, you must give up your custody of Jaden and Jayla! I absolutely will not allow you to bring down the bloodline of our Fitzgerald family!”

Freya could put up with Joanna scolding her, but she couldn't put up with her belittling Kiki in such a way.

In her heart, Kiki is self-sufficient, self-improvement, the proudest and noblest girl, how can she be a uncouth friend?

She lifted her chin slightly, and on her exquisite face, there was indifferent mockery, "Grandma, you can't say that about Kiki! We have a clear conscience! Do we have to be flattered with words to be honest and noble?"

"Grandma, I won't give up custody of Jaden and Jayla, ever!"

"Freya, do you think I'm discussing with you?" Joanna's voice was strong and pale, with a superior feeling of superiority, "I am ordering you! Freya, today, you have to sign this letter!"

#### **Chapter 854**

Without waiting for Freya to speak, Joanna ordered again in that condescending voice, "Freya, leave the country today! I have arranged the best hospital for you abroad, and from now on, don't even come back!"

She was banishing her to a foreign country so that she would never set foot in this familiar land again.

Freya knew if Joanna forced her to leave the country, it would be without Regina's help. If she acceded to Joanna's request today, she would be killed by Regina's people just before she set foot outside the country.

She knew that if Kieran was here, he would protect her, he would not let anyone bully her, but now that he was not here, she could only protect herself.

"Grandma, I won't sign it, let alone leave the country." Freya met Joanna's gaze and said word for word, "Jaden and Jayla are my kids, and I won't give them up to anyone!"

"Grandma, I respect you and I don't want to upset you, but honestly, your behaviour today is indeed unreasonable! Every child needs a mother, and you have no right to deprive Jaden and Jayla of their right to enjoy their mother's love!"

"Freya, who are you calling unreasonable?!" Seeing that Freya disagree, Joanna's face instantly turned white, she heaved the cane in her hand, and her gleaming eyes carried an undisguised disgust.

"Freya, if you still consider yourself a mother, you shouldn't have done what you did to deliberately injure yourself and ruin Simon and Regina's wedding! You are the one who did not set an example, you are the one who is not qualified to take Jaden and Jayla!"

"Freya, our Fitzgerald family's daughter-in-law can only be the Wells family's daughter. You want to ruin Regina and Simon's relationship? Dream on!"

"Sign it!"

"Joanna, you are indeed unbelievable! I have already said that the person who is alive now is not Simon, but Kieran! He is Freya's husband, why would she give him up to another woman!"

Joanna stood up slowly, she was not as tall as Kiki, but the aura on her body was still towering over her.

Seeing that Freya was so insensitive, she no longer had any semblance of patience and she ordered the bodyguards she had brought with her in a cold voice, "Send Freya to the plane!"

The private jet has been prepared long ago, and Joanna is coming over today so that the marriage between the two families will be free from any further worries!

At Joanna's order, the bodyguards came in and they were about to move Freya out of bed, despite the fact that she was still receiving an infusion.

Kiki was so anxious, if Freya had been put on a private jet and exiled abroad, it would be as hard as hell for them to find her!

She wanted to call Quinn, but even if she did, she was afraid that by the time he brought someone over, Freya would have already been escorted to Joanna's private jet.

She shielded herself in front of Freya and coldly shouted at the bodyguards, "Let go of Freya! Freya is still injured, if you make her hurt more, I will make you pay for it!"

The bodyguards only obeyed Joanna's orders, and they were oblivious to Kiki's words, as they directly ripped off Freya's infusion needle and carried her from the bed.

"Let go! Let go of Freya!"

Kiki tried to push the man away, but she couldn't use much strength on her wrists and she couldn't snatch Freya away from her.

"Joanna, tell them to let go of Freya! What you are doing is against the law! If you take Freya abroad by force, I will definitely call the police! I'll see how you'll explain to the police!"

The old lady didn't take Kiki's threat seriously, she had been through a lot of hardships to get to where she was today, she didn't care to sacrifice a junior of bad character that she didn't like in order to achieve her goals!

Kiki shouted for help, but the doctors and nurses were away, and she shouted for a long time, but no one came to help.

She rushed to the door and closed the door of the ward with deadly force, blocking it to prevent the bodyguards from taking Freya out.

Seeing Kiki so insensitive, Joanna's face was impatient to the extreme, she gave a wink to her bodyguard, and someone went to pull Kiki.

"Let go of Kiki!" Freya saw a bodyguard ruthlessly catching Kiki's wrist, and she couldn't help but exclaim anxiously.

She was really angry with Joanna for being so unreasonable and with some people with bad intentions for turning right and wrong in front of Joanna.

She wanted to beat up the bodyguards who were helping her, but she was too wrapped up like a mummy to move, so she couldn't beat up these angry bodyguards.

Freya's heart was panicked. She didn't know where Kieran had gone, the private plane didn't have a certain standby time like a passenger plane, after she was sent up, she would immediately leave the country, and she would really never be able to see him and the two little ones again!

"Grandma, you can't force me to leave the country! If Jaden and Jayla knew that you forced me to leave the country, they wouldn't forgive you!"

Joanna's expression froze as she thought of Jaden and Jayla's two lovely faces with their undisguised hatred for her written all over them, her chest seized up tightly, but in a flash, Joanna regained her previous cool composure.

Her chin was slightly raised, with the superiority of matriarch, "Freya, you're thinking too much, Jaden and Jayla will only think it's you who don't want them and quietly leave the country alone!"

"Get her out of here!"

Kiki's strength was limited, and with a sudden push, the bodyguard pushed her body hard to the ground, and with no longer the slightest hindrance in front of him, the bodyguard stepped forward and opened the door.

Seemingly afraid that Kieran would return, the bodyguard carried Freya and directly trotted all the way to the lift.

"Put down Freya! Put down Freya!"

Having just fallen to the ground, Kiki's ankle was twisted and she couldn't care less about the pain on her ankle, she gritted her teeth and got up from the ground before continuing to go after Freya.

"Joanna, tell them to put down Freya! You're forcing Freya away, what's the difference between you and robbers!"

Freya tried to get off the bodyguard's back, but she tried several times and failed.

Kiki thought the best thing to do was to call the hospital reception desk for help, but she called several times in quick succession, but no one answered the phone.

As she was just about to call the police, the door to the lift was already open. If Freya was taken into the lift by them, it would really be irreversible!

## **Chapter 855**

"Put down Freya! You can't take Freya away!"

Kiki tried to snatch Freya away, but two bodyguards held her up left and right, so she couldn't move.

As the lift door slowly opened, Kiki's and Freya's hearts sagged fast, but in a flash, their eyes rose again with lights.

The people walking out of the lift were Patricia and Samuel!

"What are you guys trying to do?!" Patricia couldn't help but frown when she saw the bodyguards forcibly carrying Freya on their shoulders.

Epecially when she saw Joanna standing coldly at the side, Patricia's brows knitted even more, "Mom, did you get these people here? Freya is still in hospital, what are you doing?!"

Joanna did not expect that Patricia and Samuel would suddenly come over, and she could not help but feel weak in her heart.

But thinking of all the things Freya had done, she instantly calmed down.

She lifted her eyelids and coldly glanced Freya, then she spoke to Patricia with a heavy sense of dissatisfaction, "Patricia, don't tell me that you came to the hospital to visit Freya! She has done such a shameful thing, corrupting the family spirit of our Fitzgerald family, why do you come over to see her!"

Patricia had always been a good daughter-in-law, and she obeyed her mother-in-law, but after hearing these words from Joanna, her face could not help but look pale.

For the first time in her life, she contradicted her, "Mom, Freya is the best daughter-in-law in our Fitzgerald family, how can you say that about her? Freya has only been wronged in our Fitzgerald family, how has she corrupted the family spirit of our Fitzgerald family?!"

When Freya was so insensitive, Joanna was already angry enough, but now that Patricia dared to contradict her, she was even more furious, and she took a few hard breaths to make her chest heave less.

"Patricia, she seduced her husband's brother, ruined Regina and Simon's wedding, and even deliberately injured herself in order to make Simon escape the marriage, how could our Fitzgerald family have such a shameless daughter-in-law!"

"This kind of daughter-in-law who has no shame is not allowed to enter our family!"

Patricia really loves Freya as her daughter, and after Kieran's memory loss, she feels ashamed of Freya, so naturally she cannot bear to have Joanna say such things about her.

In her eyes, there was a clear dissatisfaction, "Mom, I really don't know where you heard these words from! All I know is that Freya was injured to save me and Kieran, and if it wasn't for Freya pushing us out of the way despite life, by now, Kieran and I would probably already be dead!"

"What?!" Joanna couldn't control her exclaim, "How is that possible! It's obvious that she deliberately faked her injury to ruin Simon and Regina's wedding!"

"Mum, how could Freya have faked it on purpose when she was so badly injured! Who would be stupid enough to joke with their own lives!"

When Patricia saw those bodyguards treating Freya so unreasonably, the flame of anger in her heart burned brighter and brighter, "Mom, Freya is the savior of me and Kieran, if anything happens to her, I will never forgive myself!"

Thinking of something she just learned from the news, Patricia continued, "Mom, also, in the future, please don't say that Freya is shameless! Kieran has recovered his memory, he is Freya's husband, I really don't know what shamelessness Freya has in wanting to be with her husband!"

It was only after watching the news that Patricia learned about Kieran's recovered memory. She was furious at the thought that her son might have recovered his memory a long time ago, yet he had kept it from her.

But now is not the time to get angry with Kieran, the most important thing is not to let Freya's body get hurt twice.

Seeing that the bodyguards were still holding Freya, Patricia was so angry that she slapped her hand on it, "Send Freya back to the ward! If there is anything wrong with Freya's body, I will not let you off the hook!"

Those few bodyguards all knew Patricia, and they were quite afraid of Patricia's angry appearance, but they were all from Joanna, and they didn't dare to act rashly if Joanna didn't speak up.

When Patricia saw that the bodyguards were still frozen in place, she was even more furious, "You didn't hear me? Put Freya back!"

The bodyguards looked at Joanna with a difficult face, they didn't dare to do anything if the big boss didn't say a word!

"My wife said for you to put Freya back in the ward! You guys can't hear her, can you?!" Samuel, who had been silent on the side was afraid that his own wife would be furious, so he hurriedly spoke up.

When Patricia spoke, they could have disobeyed, but when Samuel had spoken, they dared not disobey.

Seeing that there seemed to be some misunderstanding with Freya, Joanna did not insist on sending Freya to the private jet, she waved her hand at the bodyguards and they sent Freya back to the ward.

Patricia hurriedly followed her, fearing that something might happen to Freya's body, and was relieved to see that she was not hurt again.

Because several people looked bad, the atmosphere in the ward was depressing.

It was Joanna who spoke up first, breaking the unbearable silence. Her eyes were like torchlight as she stared at Patricia, "Patricia, what did you say? What do you mean Kieran has regained his memory? These kids are fooling around and you want to follow suit, don't you!"

"Mum, the person who died in the car accident, it was Simon."

When she thought of Simon, Patricia's eyes could not control the wetness, she took a deep breath before she could continue to speak, "Mom, just now Kieran held a press conference, he has done a genetic comparison, he is not Simon. He had his memories maliciously washed away and was hypnotised before, which is why he mistook himself for Simon."

"Mum, our Simon can't come back!"

Patricia had already known about Simon's tragic death for a long time, but every time she thought of his death, she would still burst into tears.

In this world, there is no greater sorrow than to see one's child die, especially when one's child died in such a tragic and unexplained way.

“What?!”

Joanna stumbled violently, and even when Samuel held her up, she was still a little unsteady on her feet.

It's not that she is biased towards Simon, it's just that she has taken a lot of effort to accept the death of one of her grandsons, and now that the person who died is suddenly Simon, she still can't bear it.

Patricia wiped away the tears at the corner of her eyes and said word for word, “Mom, the person who died in the car accident was Simon. The one who survived was Kieran. So, there's no problem for Freya to be with him!”

Even though she tried to hold back, Patricia's teeth were still chattering with hatred, and she really hated that she could not kill the person who killed her Simon!

“How could this be! How could this happen .....” Joanna seemed to have aged several years in an instant. Suddenly, something occurred to her and she eagerly opened her mouth to ask, “Patricia, you said that someone had washed away Kieran's memory, who exactly designed all this?! Who on earth would want to harm our Fitzgerald family?!”

## **Chapter 856**

“Mom, the biggest suspect is Regina.”

Patricia watched the whole farce in front of the Civil Affairs Bureau, but because Regina was the child she watched grow up, until now, she still didn't want to believe that she would do something like that.

So, instead of saying that Regina was the culprit who set it all up, she said Regina was just the biggest suspect.

Patricia hoped from the bottom of her heart that it was a misunderstanding and that someone else had done all this evil, after all, Regina was still carrying Simon's child in her belly.

She hadn't expected Regina to get pregnant that way, which she really thought was ridiculous, but no matter how ridiculous it was, it was the only bloodline Simon had left in the world, and she hoped the baby would be okay.

And Regina is the child's real mother. If she really killed Simon, how will the child live in the world?

She hoped that Regina could really be innocent!

“What?!” Joanna was shocked, she grabbed Patricia's hand in disbelief, “Patricia, what are you talking about?! The person who killed Simon is Regina?! Regina likes Simon so much, she .....”

Thinking of something, Joanna closed her mouth abruptly.

Seeming to see through what she was thinking, Patricia sighed softly, “Mom, we were confused by Regina, but now, I've sort of figured it out, Regina has liked Kieran since the beginning. She did all this, most likely, just to break up Freya and Kieran.”

“Mum, Regina was going to be engaged to Kieran, it was only later, when we found out that Jaden and Jayla were Kieran's children, that we made it possible for Kieran and Freya to be married.”

The shock on Joanna's face still could not dissipate, and she sat back stiffly in her chair, her mouth open in disbelief.

Her eyes were complicated as she looked at Freya. She was not unreasonable, she had misunderstood Freya time and again, it was indeed her fault.

There was regret in Joanna's heart that she could not join the Wells family in marriage, but even if there was regret, now that the one who had proved to be alive was Freya's husband, she could not forcefully break them up.

Her eyelids were half lowered before Joanna slowly opened her eyes.

"Freya, I'm sorry, it was I misunderstood you and made you suffer."

Freya is not a person who is unforgiving, Joanna is an elder, even if there are some things that she has done a little too much, now, Joanna took the initiative to apologize to her, she can't stick to it.

She spoke without condescension, "Grandma, it's okay, it's just a misunderstanding."

The anger in Kiki's heart still could not be completely relieved, what the hell misunderstanding! It's obvious that this old lady is unreasonable, bullying Freya with her power!

However, even if she was still upset, she would not continue to be angry with Joanna, for she did not want to make things difficult for Freya.

"Get some rest and I will come back to see you some other time."

The more Joanna thought about what she had just done, the more she felt that she had gone a little too far, she had no nerve to continue to stay in Freya's ward, and with a heavy sigh, she walked outside the ward with her crutch.

When Patricia saw how many bandages were wrapped around Freya's body, her heart ached, and she clutched Freya's hand, dropping tears.

"Freya, I'm sorry, it's all my fault, I should not have been to Hunt County! If it wasn't for me, you wouldn't have been so badly injured!"

"Mom, I'm fine, you don't have to feel bad. I will be fine soon." Freya did not want Patricia to feel guilty and said softly to comfort her.

It was lucky that she and the baby in her belly were okay, if anything had happened to them, Patricia would never have forgiven herself.

It was really hard for Patricia when Freya was injured, but this time, it was a blessing in disguise that Kieran had actually recovered his memory.

Thinking about Freya's selective memory loss, Patricia couldn't help but sigh again.

But it's what Kieran deserved, who forgot about Freya for so long! Now, let that brat have a taste of oblivion too!

Freya knew that Patricia actually had injuries on her body, so by definition, she should be in another hospital right now, so why would she suddenly come over today?

With that in mind, she couldn't help but ask, "Mom, why did you come over today? How is your recovery going?"

"I just got a slight scratch, it's fine!" Patricia thought of the reason she had come over today, and her beautiful and noble face wore an undisguised pride.

"It was Jaden who asked me to come over today! He said he was unsure of himself when he saw that Joanna had had a private jet transferred over this morning and asked me to come over to have a check."

The more Patricia thought about it, the more she felt that her precious grandson was smart. She had just heard Freya tell her the story of the incident, and if her grandson hadn't asked her to come over, Freya might really have been sent abroad by Joanna.

Patricia was smiling from ear to ear that her precious grandson was so cute. He must have inherited her good genes that make him so adorable!

Freya's body needed to recuperate properly. After chatting with her for a while, Patricia didn't want to disturb her for too long, so she left the ward proudly holding the hand of Samuel.

Freya felt that her ward was really quite lively, Patricia had just left and Jacob had even come over.

Jacob had just returned from Europe, and when he saw Freya, who was wrapped up like a mummy, his face, which was full of fury, showed his murderous aura.

He looked as if he would rush over to whoever had done Freya in, and cut that person to death by a thousand cuts.

It was probably the thought that Freya was injured, that it was the earthquake, and that he could not go and fight it, that the fury on his face was not so heavy.

Seeing Regina, Freya was also quite surprised, she had heard about his return to Europe, she really didn't expect that he would come back so soon.

However, since he had come over, she could not throw him out.

"Freya, how is it? Does it still hurt?"

Jacob's voice had always been cool and somewhat murderously cold, and he was not used to caring for others, so the words came out in an indescribably awkward way.

"Mr. Wells, thank you for your concern, I'm fine."

Freya's phone rang, and she saw that it was a text message from Kieran, saying that he would be right back.

Freya felt that it would definitely be awkward if Jacob and Kieran bumped into each other, and she was just about to say that she should let Jacob go back first, but he actually picked up an apple and peeled it.

Freya swallowed back the words that were on her lips.

Jacob was peeling an apple and definitely wanted an apple. She couldn't be so petty that she wouldn't even let him eat an apple.

### **Chapter 857**

Besides, the way Jacob peeled the apple was really scary!

Freya had to admit that Jacob was really exceptionally good looking, with sharp angles and an aristocratic air.

But such a good-looking man, peeling an apple, did not look half as pleasing to the eye. Perhaps it was because he had too much murderous aura about him, as he peeled the apple in this way, it did not look like an apple, but rather like a bloody human head.

She was afraid that if she said something inappropriate, he would grab her head and use it as an apple, peeling it for fun.

Freya was so shocked by this thought in her mind that she shook her head hard, but the bloody head inside her mind still lingered.

The moment she was lost in thought, a piece of apple, cut into small pieces, was handed to her mouth, "Eat apple, it's good for your health."

Freya subconsciously shook her head.

But before she could refuse, the piece of apple was already in her mouth. Suddenly, she only felt a chill on her body, and when she raised her head, she just met Kieran's dark and inscrutable eyes.

"Mr. Fitzgerald, why are here again?" After thinking about it, Freya still decided to swallow the piece of apple first, but, not knowing whether she was too excited to face Kieran, or too weak, or something else was going on, the piece of apple unexpectedly choked in her throat, unable to get up or down, which was indescribably uncomfortable.

"Ahem ....."

Freya coughed hard and the apple remained stubbornly blocked in her throat. Jacob could see the difference and patted her back thoughtfully to help her smooth her breath.

Originally, Kieran's face was already unpleasant enough when he saw Jacob feeding Freya an apple, but now that Jacob had the audacity to pat her on the back, his face grew darker.

"Mr. Wells, I will take care of my wife, you can go back."

Kieran declared ownership and generally sat on the edge of the bed, gently helping Freya to smooth out her breath, and when he gave his expulsion order, Jacob's face was not half embarrassed.

He got up, a cheetah-like light surging in his eyes, "Mr. Fitzgerald, please move aside, I have to feed Freya an apple."

Hearing this from Jacob, Freya coughed even harder.

Moreover, the look in Mr. Fitzgerald's eyes was so terrible and frightening, although he didn't speak, it was as if she could hear the sound of his sneering.

Freya, if you dare to eat the apples fed by Jacob, I'll break your legs!

The cold wind swished in Freya's heart, the Mr. Fitzgerald who had recovered his memory was so unlovely, he was always talking about breaking her legs at every turn, he didn't know how to be considerate of the patients at all!

Although her heart was incomparably sorrowful, in order not to have her legs broken, Freya still said to Jacob with a light smile, "Mr. Wells, you are so busy..."

Before she could finish those words, she had already been cut off by Jacob, "I am not busy!"

Freya had the sense to keep quiet, well, he had said he was not busy, if she kept kicking him out, it would look like she was being pretentious.

Freya cleared her throat, since Mr. Wells wouldn't leave, then she would drive Mr. Fitzgerald away. Mr. Fitzgerald kept looking at her with eyes like he wanted to break her legs, she was bitter in her heart.

"Mr. Fitzgerald, why don't you go back first, you're so busy ....."

Kieran did not say anything, he threw a look full of threats, Freya then had the sense to shut her mouth.

Well, since they were all going to be stuck here, then be silent!

Jacob's apple peeling looks oddly intimidating, but he's pretty good at it.

In the blink of an eye, he had cut the peeled apple and he forked a piece of apple to Freya's mouth, "Freya, have you ever heard of a saying?"

"What?" Freya asked subconsciously.

"An apple a day keeps the doctor away." Jacob said, "So you need to eat more apples, it's good for you and the baby in your belly."

Naturally, Freya knew that eating apples was quite good for her body, plus this apple was already in her mouth and it was rude for her to spit it out, so she could only swallow it.

Jacob was obviously addicted to feeding her apples, shoving one piece after another into her mouth, and she chewed and swallowed them so hard that she couldn't even stop him from continuing to feed her apples.

Kieran's handsome face was so dark. He was his husband, but Freya ignored him, which upset him.

Are apples that good?

She used to say that he was better than all the delicacies in the world!

Now she is just eating an apple and leaving him behind!

Realising that he was less important than an apple, Kieran was even more depressed. He felt that he had to do something to let this woman know whether he or this apple was more important!

The arrogant man was about to have a fit, but he only felt a chill on his lips and a piece of apple, which had been brought to his mouth.

“Mr. Fitzgerald, you try a piece of apple too.”

He didn't want the apple peeled by Jacob!

The arrogant man grunted through clenched teeth, unwilling to eat the apple peeled by his love interest, but seeing Freya's hands, he swallowed the piece of apple in one bite.

He had to say, the apples his woman feeds him are just delicious!

Freya had just picked up the fork to feed Kieran an apple, really with the intention of pleasing him, mainly because his face was really horrible and she didn't want her poor leg to suffer.

Seeing that his face instantly eased up after eating the apple, Freya couldn't help but give herself credit for her intelligence.

See, Kieran is just craving for apples, and he happy now after having the apple!

Jacob came to the hospital this time just to show his presence in front of Freya. After all, Freya had selective amnesia and this was the best opportunity for him to take advantage of the situation.

He was just about to make a big move to get Freya to kick Kieran out, but his mobile phone rang.

It was Walter who called, telling him to go back immediately, that he had something important to discuss.

Jacob had already watched the morning news and he had a general idea of what was going on. He felt that Regina deserved it, but he had always respected Walter and still rushed to the villa.

With his number one love interest gone, Kieran was instantly in a much more relaxed mood. The corners of his lips lifted cheerfully, but Joshua walked in with a large bouquet of red roses in her hands.

## **Chapter 858**

Kieran pulled long his face..

Although he could already tell that Freya was pretending to forget about him, the love interest still gave him a strong sense of crisis.

One by one, they are all waiting to steal his woman!

What made Kieran's mood even more unpleasant was that when Joshua reached the door, he realized that this time he was not the only one who came over, there was also Stephen who was holding an even more exaggerated bouquet of red roses.

He was sadly allergic to pollen!

Even though he was allergic to pollen, Kieran was still able to sit by the bed without moving. He raised his face coldly, and his cold, austere eyesight was like a thorn in Joshua and Stephen's bodies.

Joshua and Stephen rather tacitly felt that the temperature in this ward was a bit low, but both of them were focused on Freya and did not notice Kieran's murderous eyes.

Joshua had not yet seen the morning news, he put the roses aside and looked at Freya with undisguised heartache in his eyes, "Freya, how do you feel now? Does it still hurt? I'm sorry, I should have gone with you to Hunt County, don't worry, I'll protect you well from now on."

Freya, "....."

She seems to have made it clear to Joshua, okay? When did she need his protection? Joshua is really overflowing with heroism.

Freya smiled somewhat awkwardly, "Joshua, thank you for your concern, I'm fine now, you don't need to worry about it."

"Fairy Freya, get well soon! When you get better, I'll treat you and Jaden and Jayla to a big meal together!" Stephen is now treating Freya with pure friendship. Kieran has recovered his memory, how dare he plot against Freya again!

But he is a man who like to piss Kieran off..

"Fairy Freya, do you like the flowers I gave you? My Fairy Freya is even better than the most beautiful roses!"

Stephen had wanted to say a few more words, but when Kieran's stern gaze swept over him, he had the sense to shut his mouth for a moment.

He glanced sadly at Kieran and silently cursed Kieran in his mind.

Kieran forbade him to praise Violet, so he praised himself.

With this in mind, Stephen said with a smile, "Fairy Freya, take a look at me! How about my new hairstyle? Isn't it more handsome?"

Originally, Freya hadn't really noticed Stephen's new hairstyle, and it was only after hearing this from him that she noticed the so-called new hairstyle he had changed.

It was half red and half purple, is he here for a laugh?!

The corners of Freya's lips twitched hard, to be honest, she really couldn't appreciate Stephen's fashion, she still found black hair more pleasant.

Having not received any compliments from Freya, Stephen couldn't help but feel anxious, "Fairy Freya, is my new hairstyle particularly handsome?"

Freya looked at Stephen, speechless.

Freya was a kind person, she couldn't bear to hurt Stephen's heart, after being slightly torn for a moment, she still spoke, "I think you are quite handsome!"

Being praised by the fairy he had been thinking about, Stephen was so happy.

He dashed off his red and purple hair and felt he was handsome.

Stephen was happy, but after hearing Freya's words, Kieran's handsome face was completely darkened.

What she likes is this red with purple hue? What a bad taste!

Kieran's heart was upset, but he could not vent on his beloved girl, so he could only abuse Stephen.

Stephen felt that he had reached a new height of handsomeness, and even had the guts to provoke Kieran, "Kieran, did you hear that? My Fairy Freya said that I am so handsome! Haha, I am the most handsome man in my Fairy Freya's heart!"

"Stephen!" The corners of Kieran's lips were slightly curled up.

Stephen's heart skipped a beat, and he subconsciously grabbed his heart to avoid it from jumping out of his chest in shock.

"Kieran, why are you calling my name?!"

Kieran spoke coolly, "I just thought that you could be more handsome."

Stephen was just about to ask how he could be more handsome, but Kieran's cold voice came into his ears again, "Well, breaking your legs will make you more handsome!"

Stephen's heart thumped, hell, after Kieran regained his memory, his ferocity level went up a notch, he couldn't let his legs be broken by the tyrant!

When Stephen saw that Kieran had moved his muscles and was not joking with him, he rushed outside the ward.

Funny, the most handsome thing on his body is his long legs, how can he cheat on little girls when they are broken!

"Fairy Freya, I'll come back to see you some other day!" After saying these words, Stephen had completely disappeared into the corridor.

After Stephen left, Kieran's face looked slightly better, while Joshua's face, however, instantly sank.

He hadn't watched the morning news and didn't know about the fact that the man in front of him wasn't actually Simon.

He just felt pity for Freya. He had not believed her when she had rejected him on the pretext that she liked Simon, and now, seeing Kieran's threats against Stephen, he felt even more that she must have been deeply persecuted by him, trapped in the palm of the devil and unable to escape.

Even the child in her womb was forced by the devil to be conceived.

Simon wants to marry and have children with Regina while forcing Freya. How inhuman!

Men, by nature, are prone to heroism, and when faced with the woman they love, they are even more prone to heroism.

Joshua decided that no matter what, he would save the girl he liked from the clutches of the devil!

Joshua stepped forward, clutched Freya's hand hard, "Freya, don't worry, when you get better, I will take you out of here, all those who have bad intentions will be unable to bully you again!"

## Chapter 859

Kieran's biting gaze fell on Joshua's large hand.

What did he mean by all those with bad intentions?!

Was Joshua trying to steal his wife right in front of him?

As far as he was concerned, Joshua was the one with the real bad intentions! He's always trying to steal his Wife?

His hand pressed coldly against Joshua's wrist, and he spoke without a trace of warmth, "Let go!"

Kieran actually wanted to break Joshua's wrist directly, but he was afraid that Freya would dislike him for being cruel, so he suppressed this impulse.

The aura on Kieran's body made it a bit difficult for Joshua to breathe, but he still spoke with a clear and awe-inspiring voice, without being condescending, "No!

"Simon, the one who should let go is you!" Joshua lifted his face, and his warm eyes were tinted with a strong sharpness, "If it wasn't for you hurting Freya again and again, could she have been injured?!"

"Simon, some media reports said that she got injured because she went to save you, I really don't believe it!"

"I'm afraid, Freya's bruises are all caused by you, right? How can you beat a woman!"

Freya looked at Joshua with a dumbfounded face, how could she not know that Joshua had such a rich imagination?

Even if Mr. Fitzgerald had crippled Joshua, he couldn't have touched a little finger of hers! This, she still believed in Mr. Fitzgerald.

Although Freya is still quite angry with Kieran, she is a protective person by nature, and she really can't let her man be described as a psychologically twisted demon who abuses women.

She cleared her throat and was just about to speak to explain, but she heard Joshua say again, "Forcing Freya over and over again, even though she is pregnant with your child, you are still violent towards her.

Freya looked at Joshua worriedly, she was really afraid that Joshua would be beaten up by the ferocious Mr. Fitzgerald!

"Ahem, Joshua ....."

"Freya, you don't need to be afraid! I'm a man, I deserve to protect the woman I love, don't worry, I won't let this demon continue to bully you!"

Joshua's sense of justice was overwhelming, he met Kieran's gaze without fear, and said word by word, "Simon, in the future, I won't give you the chance to bully Freya again, unless you step over my dead body!"

Joshua, aren't you afraid that if you piss off Mr. Fitzgerald, you'll really turn into a corpse?

Unfortunately, Freya's words did not have a chance to be spoken, Joshua said to her, "Freya, it's my fault for letting this demon bully you before, but from now on, I will never let go of your hand again!"

"Freya, I don't believe that you will sincerely be with a demon that has been violent to you time and time again, Freya, trust me, with me, the demon won't be able to hurt you again!"

"Joshua, you misunderstand, I got injured because ....."

"Freya, I know you will say that the injuries you have had have nothing to do with this demon, I know he has threatened you time and time again and you are afraid of him, but with me, you can stop being afraid of him."

"I will protect you, with my life!"

Freya's mouth was slightly open, now, she really didn't know what to say to Joshua, she couldn't figure out why Joshua was so stubborn.

She admitted that when Mr. Fitzgerald was black-faced, he was really scary, like he wanted to eat people, but she had known Mr. Fitzgerald for so long, she had never seen him eat people, but Joshua was like saying Mr. Fitzgerald was a beast!

Kieran's face was unpleasant, he stared at Joshua sharply.

He hooked his lips and laughed coldly, the air around him condensed into ice in an instant, "Joshua, you are thinking too much, there is really no need for you to worry about my wife's affairs!"

Seeing that Joshua was still stubbornly holding onto Freya's hand, he ordered coldly once more, "Let go!"

Of course Joshua was not willing to let go, especially when he heard the word wife in Kieran's mouth, the smile at the corner of his lips was full of sarcasm.

"Simon, your wife should be Regina, between Freya and you, there is no half relationship!"

"Simon, although you and I are both men, I can't stand this kind of behavior of yours of marrying Regina and having children while still hogging Freya! I'm ashamed of you!"

The more Joshua spoke, the more Kieran wanted to break his legs, Freya deliberately pretended to forget him, just to be angry with him and Regina, and Joshua did his best to destroy his and Freya's relationship!

"Joshua, I repeat, Freya is my wife! I am Kieran!"

"Simon, I don't care if you're schizophrenic or hypochondriac, please don't pester Freya again!"

Joshua didn't believe a word of what he said. Of course, when he found out about the genetic matching he had done, he still didn't believe that the living one was Kieran.

Sometimes, preconceptions are really hard to change.

In his mind, Simon was a psychologically twisted demon who was incapable of doing anything, so naturally, he decided that this so-called genetic comparison was his way of doing whatever he could to dominate Freya!

Joshua tired of not wanting to talk to Kieran anymore, he suddenly knelt down on one knee and took out a ring from inside his pocket.

“Freya, I know, today’s proposal is too hasty, and you have also rejected me, but I still want to say , Freya, marry me! For the rest of your life, I will always and forever treat you well!”

Freya was really stunned by Joshua!

After being dumbfounded for a while, she came back to her senses, “Joshua, get up, between me and you, it’s really impossible, you .....

Joshua, however, did not have the slightest intention to get up, he stubbornly maintained the pious posture of kneeling on one knee, and his eyes were heart-thumpingly pious.

The sparkling diamond that glistens in the sunlight was like his crystalline, radiant eyes.

“Freya, marry me and give me a chance to take care of you, okay?”

## **Chapter 860**

As if afraid that Freya would refuse, without waiting for her answer, Joshua said in a hurry, “Freya, you don’t need to worry about the children, I will treat Jaden and Jayla very well, I will not be selfish to let you abort the child. Your children are my children, I will treat them as if they were my own.”

“So Freya, marry me and you don’t have to worry about anything, I will make you the happiest woman in the world.”

Joshua’s words are so moving, and coupled with this aura of his, he was like a prince who comes on a white horse, one can hardly refuse.

However, Joshua’s words were as harsh to Kieran’s ears.

Joshua really thinks he’s dead, doesn’t he?

How can his children call someone else’s father!

Freya did not hear clearly what Joshua said later, now, she could only see Kieran’s dark face.

Freya’s heart trembled vigorously, and after that, she instantly felt that she was useless, she was now pretending to have selective amnesia, why should she care about his face!

Since it is selective amnesia, she should now feel free to pursue her love.

But, it would not be Joshua.

Freya gave an uncomfortable dry laugh, seeing that Joshua was actually going to put the ring on her finger, she took her hand away, “Joshua, sorry, I really can’t accept your proposal.”

“Joshua, we are just friends now, this sudden proposal of yours, I .....

“Freya, I’m the one who should say I’m sorry, I was too hasty, we haven’t even have a relationship and I asked you to marry me, I was abrupt. Freya, I can’t wait, let’s take our time.”

Freya looked at Joshua in a daze, how could he always have the ability to misinterpret her meaning?

“Joshua, you misunderstood, I didn’t accept your proposal, not because I thought you were too eager, I just don’t like you.” Freya did not want to make Joshua misunderstand, and hurriedly explained to him.

Joshua is indeed quite good, but since she can not give him the equivalent return, she is not qualified to hang on to him.

Once again rejected by Freya in a straightforward manner, Joshua was lost.

He looked at Freya with compassion, “Freya, I know you are being forced to not dare to chase your true love, but believe me, I can guard my own beloved woman, and I will not let the devil bully you again!”

Subconsciously, Freya wanted to say that Mr. Fitzgerald was not a demon, he was the man she loved most in her life.

However, thinking that she was still pretending to have some kind of selective memory loss, she forced herself to swallow the words back.

If she said something like that, her pretending to have memory loss would be a complete bust!

How could she be so easily fooled when she had managed to play her acting so well!

“Joshua, you really think too much, I am not forced by anyone, I am doing very well now, I like my life now. Joshua, thank you for coming to see me today, I also hope that you will meet a better woman and live a happy life.”

Seeing Freya rejecting Joshua so decisively, Kieran’s face was instantly sprinkled with sunshine.

His woman, who only has him in her heart, certainly won’t accept Joshua!

“Freya, I don’t believe you don’t have any feelings for me!” Joshua stubbornly tried to grab Freya’s hand, but Kieran was quicker than he was, he shielded himself in front of Freya, blocking her from view in the slightest, so Joshua did not grab Freya’s hand, but grabbed Kieran’s hand instead.

“Freya, you .....

Joshua was about to say more, but he suddenly noticed that he was grasping a pair of men’s hands, and instantly his heart gave a bad chill, and his impression of Kieran got a little worse.

The devil! Murderous demons!

Not only did he bully her beloved little girl, he also blocked his beloved girl from pursuing her true love, how can such a person be so unethical?

Kieran didn’t notice the resentment in Joshua’s heart, and as soon as he wrapped Freya into his arms, he kissed her lips.

Only after kissing to his heart’s content did Kieran let go of Freya, “Joshua, my wife and I have a lot of important things to do, it’s not convenient for you to watch here.”

Why does this sound so impure?!

Freya covered her face, although she would not accept Joshua, but it was really humiliating that Kieran said such words in front of outsiders!

Freya coughed uncomfortably, "Joshua, go back first, you're so busy, don't waste time on me again in the future!"

Looking at Freya, who was urgently giving him the expulsion order, Joshua suddenly realized a very serious problem, as if, it was not because she was forced by the devil's threat that she was unwilling to accept him, but, rather, she really did not like him.

Even though the thought had vaguely flashed through his mind, Joshua was still reluctant to believe it.

So he preferred to delude himself by hypnotising himself that Freya had been forced by the devil and that he had to save her! If only he could help her escape the clutches of the devil, she would see the good in him!

"Joshua, I'm a bit tired, I'll rest first, so I won't see you off."

"Freya, I'll go back first, I'll come back to see you another day." Joshua was upset after repeatedly being given an expulsion order by Freya, he coldly swept a glance at Kieran, then quickly walked outside the ward.

As soon as Joshua left, Kieran no longer had any scruples and wanted to give his beloved girl a kiss.

Before he could touch Freya's lips, she had already covered her mouth, "Mr. Fitzgerald, please behave yourself, I don't know you!"

She stared at Kieran with a defensive face, as if, he was some kind of beast with bad intentions, "Mr. Fitzgerald, Joshua is not my cup of tea, and you are even less so. I think I've said it before, I like good-looking people, sorry, Mr. Fitzgerald, I really don't think you are good-looking!"

"Also, I'm not a fan of your short body, so please don't hang around in front of me in the future, you are so ugly that I have to wash my eyes!"

Freya's words were harsh, that Kiki can't even stand it.

Kiki silently rolled her eyes, if Mr. Fitzgerald was short, then all the men in the world would be short and ugly!

Kiki did not want to continue listening to Freya's nonsense, she put her lunch on the dining table and silently walked out of the ward, not forgetting to close the door for them as she left.

Being called a short body, Kieran was really a bit sad, "Freya, I'm sad that you dislike me so much."

With that, he half lowered his eyelids as if he was in real distress.

Freya looked at Kieran with a dumbfounded face, is he being pampered? He looked so heartbreaking, should she coax him?
