

## Talented 901

### Chapter 901

As Joanna's voice fell, the stick with barbs was fiercely slapped towards Freya's body.

Of course, Freya was not willing to be beaten up inexplicably, so she scrambled to dodge, but the strength of the servants holding her down was too strong for her to escape their grip.

The expected pain, however, did not come either, and in the nick of time, Bradley used his body to shield her tightly.

Bradley's back, which was already wounded, was in blood now.

"Bradley!" Freya was desperate, she didn't want to be beaten, but she didn't want Bradley to suffer on her behalf either.

Bradley is in a bad, situation, and if he suffers another beating, he might be dead.

"Freya, I'm fine, I can carry it!"

Bradley stubbornly shielded Freya, his svelte face bearing an irrevocable determination.

He and Freya really don't have any romantic feelings for each other, but she is the woman Boss loves the most, and Boss is in a coma, so even if he has to risk his life, he has to protect Freya well.

He could take more strokes, but Freya was still pregnant and her body was already weak, she could not withstand the cruelty of beating.

The cold, hard stick hit Bradley's body so hard.

Her heart was pounding. With Bradley behind her, Freya couldn't see what was happening to his back at the moment, but she could guess how terrible the wounds on his body were at that moment.

This is a society governed by the rule of law, and no matter how powerful the Fitzgerald family is, Joanna is not in a position to abuse Bradley.

Freya thought of calling the police, but just after she arrived at the ancestral hall, her mobile phone had been taken away by the maid.

"Stop it! Stop it, you guys!"

Seeing Bradley's head droop helplessly, Freya became anxious to the extreme, she didn't want Bradley to continue to suffer on her behalf, if this continued, he would really die!

However, even though Bradley's consciousness was already blurred, his strength was still so terribly strong that she was unable to push him away.

"Bradley, leave me alone! You get off me now!"

"Freya, I won't let anything happen to you! If anything happens to you, Boss will be very upset!"

The bright red blood like a red flower smashed down on the ground, Freya's eyes couldn't help but commit witness.

If she was hurt, Kieran would be very upset. In fact, Kieran would be very upset if he was beaten up in this way.

The family law is fifty strokes, if a hundred strokes fell on the body, Bradley can not support it.

After receiving the last of stroke, his body collapsed to the ground.

Freya turned backwards in a panic, wanting to check his injuries, but the servants were still holding her shoulders in a death grip and she couldn't take his pulse.

"Grandma, Bradley is badly hurt, let go of me! I'll help him heal! Otherwise, he'll surely die!"

Joanna's face was already unpleasant, and seeing the scene where Bradley had just defied life for Freya, her face turned pale.

Seeing those two tickets, she was already convinced of Bradley and Freya's improper relationship, and that scene just now made her abhor their improper relationship even more.

"He deserved to die for betraying Kieran and the Fitzgerald family!"

Joanna got up, walked step by step to Freya, her wrinkled face was filled with majesty, "Freya, what else do you have to say now? This traitor doesn't even want his life for you! Now, you still want to say that there is nothing between you, that you are innocent?"

"Yes, Grandma, I'd like to say that there's nothing between me and Bradley! Grandma, I respect you, but even if you are an elder, you can't wrongly accuse someone indiscriminately!"

"Bradley and I didn't do anything wrong! Even if we have made a mistake, there is still the law to deal with it. What is this you are doing now? Is this an abuse of lynching?! Who are you to abuse lynching me and Bradley!"

Freya really didn't want to speak to Kieran's grandmother in such a disrespectful tone, but what Joanna had done really made her unable to respect her.

She had never wronged the Fitzgerald family, and Bradley had worked tirelessly for the Fitzgerald family, so who was Joanna to torment them as much as she wanted!

Is it just because Regina and Tomas are in cahoots and framing them?!

"Freya, say it again!" Joanna never expected Freya to dare to contradict her, she was so angry that her heart was heaving violently. She took a moment to calm down before she coldly shouted at Freya, "Freya, since you are so ungrateful, don't blame me for being so cruel!"

Freya was so angry at Joanna's words. What she had just done was not heartless enough?

"Grandma, let me and Bradley out of here! It's against the law for you to treat us like this!"

"Freya, are you threatening me?" Joanna's eyes were as cold as a layer of ice, "Freya, what I am most unafraid of is the threats of others!"

"Freya, you've gone too far! How dare you talk to my mother in that manner?!"

Tomas spoke up, "You really have my mother and the Fitzgerald family in your eyes for the sake of this traitor Bradley!"

"Tomas, it's true that there are traitors in Fitzgerald's, but not Bradley! You will pay for what you have done sooner or later!"

"Mom, she still doesn't repent! Why is Kieran so unlucky to have married such an unscrupulous woman? Mum, you must do something for Kieran!"

Thinking of something, Tomas said, "Mom, our Fitzgerald's never treats traitors, especially men who seduce our ladies, with mercy. I remember in the past, those men who seduced our family's women were all unable to be men!"

Hearing Tomas' words, Freya's face changed greatly, his meaning was obviously to make Bradley a eunuch!

Bradley didn't do anything wrong, so who are they to make him a eunuch!

Where do they put the law? And where do they put Bradley's selfless devotion to Fitzgerald's for so many years?

The most chilling thing for Freya was that Joanna even nodded gently after hearing Tomas' words, "Tomas, I'll leave it to you!"

## **Chapter 902**

Freya's heart thudded violently, even though she knew that Joanna was old and knew that she was unreasonable, she still had a glimmer of expectation of humanity in her heart.

As it turned out, Joanna was far more cruel than she had imagined, and she actually agreed to Tomas' proposal to torture Bradley and turn him into a eunuch!

Freya knew that with Bradley's ability and means, he would not have come to the ancestral hall to be meekly slaughtered by others. The biggest reason he came here was his loyalty to the Fitzgerald family and his respect for Joanna.

But what did he get in return for his loyalty?

It was worse than death, not even the last bit of manly dignity could be preserved!

"Grandma, you can't do this to Bradley! You can't do this to him!"

Freya took a few deep breaths and then said, "Bradley has been with Kieran for so many years and is dedicated to Fitzgerald's, for the sake of his hard work over the years, Grandma, can you give him a chance to prove his innocence?"

"And me, I'm innocent too, Grandma, it's really easy to prove we're innocent. You take our IDs and go check the airline tickets! We didn't book any airline tickets at all! All that so-called evidence was forged by Tomas!"

Now, Freya didn't even want to call Tomas Uncle anymore, such a disgusting old man was not worthy to be her elder at all!

“Freya, you’ve really let me down! I always thought that you had sincerity for Kieran, but I never thought that you cared so much about this traitor!”

Joanna’s cloudy eyes were tinted with heavy disappointment, “Freya, the thing I regret most in my life is not stopping you from entering our Fitzgerald family! If I had known that you would do this to Kieran and betray him again and again, I would not have let you into my Fitzgerald family even if I had to risk my life!”

Hearing these words from Joanna, Freya was filled with a heavy sense of powerlessness.

Some people only believe only the word of people with malicious intent.

She closed her eyes heavily and slowly opened them again, the tiredness in her eyes still unmistakable.

She now also finally understood that no matter how much she argued or reasoned with Joanna, it was just a waste of words and she would not let her and Bradley off the hook!

“Tomas, do it!”

After hearing Joanna’s command, the corners of Tomas’ lips rose. He gave a wink to the black-suited bodyguard standing beside him, who understood and took a sharp Swiss army knife, and then walked step by step towards Bradley.

If the person Tomas hates the most is Kieran, in second place, it is Bradley.

He thought he had good tactics and was shrewd and ruthless enough, but all those things he had carefully laid out were found out by Bradley.

Because of Bradley, how much less money he has embezzled and how much dignity he has lost over the years!

Now that Bradley had finally fallen into his hands, he certainly had to treat him well!

“No! You can’t do this to Bradley!”

As he watched the bodyguard approaching, despair grew in Freya’s heart for a moment.

What should we do? If Bradley becomes an eunuch, his life will be completely ruined!

She had always believed religiously that good and evil would be rewarded, and if a person as good as Bradley ended up this miserable, then she really did not understand why one should be a good person when living in this world.

“Let go of me! Let go of me!” Freya struggled anxiously, “Grandma, you tell him to stop! You’ll regret it for the rest of your life if you do this to Bradley!”

Joanna did not say anything, she looked at Freya with a deeper dewy disgust in her eyes.

“No need to be merciful!” Tomas saw that his bodyguards were already standing in front of Bradley, and he ordered with a fierce smile.

Tomas had already instructed him to do so, so of course the bodyguard could not be merciful to Bradley, and with all his strength, he raised the knife and was to stab Bradley viciously.

“No!”

Freya shouted as she closed her eyes, not even daring to look at the gruesome scene before her.

The only thing she was thankful for was that after receiving another beating, Bradley had passed out and he didn't have to face such a desperate scene with his eyes open.

But what about when he wakes up?

It was the deepest despair that came with the discovery of the changes in his body.

The knife in the bodyguard's hand fell heavily to the ground, and Winnie rushed into the ancestral hall. She grabbed the bodyguard by the collar and greeted him with a fist to the face.

“What do you want to do to him?!”

Winnie looked like an enraged lion, she punched that bodyguard hard.

If she had come one step later, the sharp knife would have been stuck in Bradley's body.

He was trying to make her Bradley a eunuch!

The more she thought about it, the angrier she became, Winnie kicked that bodyguard hard to the ground.

Still not feeling relieved, she grabbed the knife on the floor and tried to stab in the bodyguard's body.

Well, better to torture him into a eunuch on the spot!

Seeing Winnie arrive in time, Freya could not help but breathe a heavy sigh of relief.

The thing she was most grateful for was she had quietly sent a text message to Winnie before her phone was snatched away by the maid.

She actually didn't hold much hope for Winnie, after all, people nowadays rarely pay attention to the text messages on their mobile phones, and she didn't expect Winnie to still come over so quickly.

Seeing that Winnie was actually going to stab him with a knife, the bodyguard was about to cry in fear as he threw himself in front of Tomas and begged for help, “Tomas, save me! Save me! Winnie is going to kill me! I'm working for you, you must save me!”

Although Winnie was impatient, she was not stupid, she accurately caught the point of the bodyguard's words. She raised her face and looked coldly at Tomas, “Uncle Tomas, you were the one who had someone hurt Bradley?!”

Although Tomas was not a good man, he was a daring man, plus he really didn't feel he had done anything wrong, so he still said with a straight face, “Yes, I was the one who had this traitor made into a eunuch!”

“Eunuch?!”

Winnie was so angry that her delicate face twisted, “Uncle Tomas, what is wrong with your brain? How dare you try to turn my Bradley into a eunuch? How come you've been twisted in your heart!”

“Also, who said that Bradley is a traitor? Bradley is loyal to Fitzgerald’s family, how is he a traitor? You are talking nonsense.”

### **Chapter 903**

“You .....” Tomas was so angry that he couldn’t breathe, although in the Fitzgerald family, his status was not as good as the other brothers, he did not allow a junior to point at his nose and scold him like that!

He is a wise man, how can Winnie say he had a problem with his brain?

Tomas took a while to ease up before he regained his voice.

“Winnie, I’m your elder, I don’t care about your rudeness to me! But today, Bradley, the traitor, must be dealt with ruthlessly!”

“He colluded with enemy forces and appropriated our Fitzgerald’s property, he also hooked up with Freya, even the child in Freya’s belly is his!”

“I think that the reason Kieran is in a coma now has something to do with him! Bradley betrayed our Fitzgerald family, betrayed Kieran, he is guilty of a great crime. Not to mention just making him a eunuch, even if he died, it would not be too much!”

Winnie was really exasperated by nonsense from Tomas, “Uncle Tomas, you really do have a problem with your brain!”

“You!” Tomas was so angry that he glared, “Winnie, what do you mean?!”

“What else could it mean?! Literally!”

Winnie coldly stared at Tomas, her nature was already cold, and now she was staring at a person so sharply, it was unspeakably compelling.

When he met Winnie’s cold eyes, Tomas couldn’t help but think of the majestic eyes of Winnie’s father, Logan, and he couldn’t help but cower back.

When he thought of how he had been intimidated by the aura she carried after being told by a junior that there was a problem in his brain, Tomas was instantly annoyed again.

“Winnie, I said girls shouldn’t fool around all day, and you father always spoils you. Look at you now, you are so rude, you’re simply a disgrace to our Fitzgerald family!”

“Uncle Tomas, the one who is truly a disgrace to our Fitzgerald family is you!”

Although Winnie had disliked Tomas since she was a child, she had never confronted him head-on.

But now it was different, Tomas had bullied the man she fancied, how could she possibly put up with this!

Winnie, her eyelids half lowered, looked at the frighteningly bloody wounds on her Bradley’s back, and the coldness on her face intensified.

Today, they are determined to kill her Bradley!

“What did you say?!” Tomas was so angry that he wanted to slap the table, “Winnie, say it again!”

“Uncle Tomas, even if you asked me to say it a hundred times, I would still say the same, the one who is truly a disgrace to our Fitzgerald family is you!”

“You!”

Ignoring Tomas’ pale face, Winnie asked, “Uncle Tomas, you did whatever it took to achieve his goal, designed the Bayswater Bridge incident, and killed so many innocent citizens. It was you and Mike!”

“You used improper means to appropriate Fitzgerald’s property time and time again and was eventually caught in the act! Uncle Tomas, I’m ashamed for you!”

“Winnie, you shut up!” Winnie’s words precisely hit the most embarrassing point on Tomas’ body, and he almost jumped up in anxiety, “Mike and I were framed! The people who really tried to usurp Fitzgerald’s property were Bradley and Freya!”

Winnie had a face of contempt and disdain, “Freya is Kieran’s legal wife, Kieran now controls most of Fitzgerald’s property, so those properties belong to her too, does she still need to embezzle our Fitzgerald’s property?!”

Tomas was speechless for a moment, and she didn’t give him a chance to speak, she just instructed in a cold voice to the door, “Bring the man in!”

With an order from Winnie, two bodyguards outside brought in a woman dressed in a black suit.

When he saw this woman, Tomas’ face suddenly changed.

The person Winnie to be brought in was an employee of Fitzgerald’s finance department, Paisley, and this time Bradley’s so-called evidence of embezzlement of Fitzgerald’s property was all forged by Tomas with her help.

She was with Tomas when she was in college and was able to enter Fitzgerald’s through his connection. As his lover on the outside, she got a lot of benefits and facilities from him and her position in the finance department also provided Tomas with many facilities.

After Freya called Fabian, he was far away, but he was not idle either.

He is actually really good at his job.

Moreover, in front of people outside, he was actually quite imposing, it was only because he was on good terms with Kieran and he liked being bullied by Kieran that he always seemed so weak.

After learning the reason why Bradley was taken to the ancestral hall, he had Paisley taken directly and sent to Winnie.

He had already known about the illicit relationship between Paisley and Tomas for a long time, only that Paisley had been at peace lately and they didn’t bother to lay hands on her, but he didn’t expect that she had helped Tomas to make such a big mistake.

Looking at Tomas’ pale face, Winnie asked with a malicious smile, “Uncle Tomas, what else do you have to say now?!”

“Winnie, don’t mess around here! Send her back! The matter has been clearly investigated today, and it is clear that Freya and Bradley had already hooked up with each other. They harmed Kieran and wanted to flee with money.” Tomas was afraid that his deeds would be revealed, so he hurried to slander Freya and Bradley.

“Also, Winnie, what are you doing helping Bradley and Freya? They are the best at fooling people, you are so young, don’t be fooled by them!”

“Uncle Tomas, you still bite around like a mad dog, you really impress you!”

“Winnie, how can you talk to your Uncle Tomas like that?!” Joanna had always favoured Winnie, her granddaughter, but no matter how much she favoured her, she would not allow her juniors to be so rude.

“And what the hell did you bring this woman in for?! Winnie, what the hell are you up to today?!”

“Grandma, for all the good things Uncle Tomas has done, it’s really polite of me to speak to him like that! I just want to reveal the truth and give justice to Freya and Bradley!”

With that, Winnie turned to Paisley, who was pinned to the ground, asking, “Say it! What is your relationship with Uncle Tomas? And what unseemly deeds have you done!”

#### **Chapter 904**

“I .....

Paisley’s lips kept mumbling, although Tomas is not young and not in great shape, he has money. She does not want to lose him, but Fabian has the evidence of her wrong doing, and, there are photos of her like that.

These years, she got a lot of money from Tomas. Even if she left him now, she would have no worries for the rest of her life, but if Fabian posted those photos on the Internet, her life would be ruined.

It is true that many people in the company knew about the illicit relationship between her and Tomas, but gossip is one thing and being exposed to photos is another.

Gossip can be denied, but if she is exposed to that kind of unpleasant photo, she doesn’t know how to face her family and friends.

After weighing her options again and again, she decided to work with Fabian to make it impossible for Tomas to turn a new leaf, so that even if he held a grudge against her, he would not be able to take revenge on her.

She and Tomas had no love between them, and she naturally chose to give him up for her own benefit without hesitation!

“Paisley, what are you doing over here?! This is not the place for you to come!” Tomas stepped forward, he grabbed Paisley’s hand and anxiously dragged her right outside the ancestral hall.

Originally, Paisley still had a slight struggle in her eyes, after being clutched by Tomas, her eyes became more determined than ever.

Tomas was almost seventy years old, his skin is horribly saggy.

Paisley has money, a house, a car and talent, she deserves a better life, how can she spend all her good years on such an old man!

“Tomas, I can’t go back!”

Paisley said word for word, “Because today, I want to return justice to Bradley and Freya!”

After saying this, Paisley directly threw herself on her knees, “Joanna, I was wrong, everything was my fault, please don’t misunderstand Freya and Bradley anymore!”

Joanna’s brow wrinkled, she had not expected that such a woman would somehow appear.

“Who are you?! What are you doing in our Fitzgerald family’s Ancestral Hall!”

“Joanna, I am Paisley, Fitzgerald’s staff in the finance department and the woman that Tomas keeps outside.”

“Paisley, shut the hell up!” Tomas was so anxious that he jumped to his feet, he raised his hand and threw a slap at Paisley’s face viciously.

What Joanna hated most was a man keeping a woman outside the house. Originally her favourite son was not him, and now Paisley was trying to get him killed by saying this!

Joanna hates it when men keep women outside, and she hates it even more when men hit women. Seeing that Tomas had hit Paisley in front of her, her solemn face grew darker and darker.

“Let her speak!” Joanna’s voice was loud and clear, carrying an irresistible majesty. Even if Tomas wanted to shut Paisley up, he could no longer make a move against Paisley in public now that Joanna had spoken.

He could only glare at Paisley with those beady eyes to make her understand that offending him would not end well, and he hoped she would stop in moderation.

As if Paisley did not understand the deep meaning in Tomas’ eyes, she raised her face with teary eyes. She was already of a delicate look, and this look of crying with tears was even more pitiful.

“I don’t like Tomas, and I don’t want to work for him, I have a boyfriend who I love very much, I just want to work in peace, get married and have children. But Tomas forced me again and again, not only did he want me to be his woman, but he also made me help him make false accounts, falsify some inexplicable evidence.”

“When I didn’t agree, he beat me, and he threatened me with my family. I was afraid that something would happen to my family because of me, so, under his coercion, I could only commit myself to him, and I helped him do so many things against my conscience!”

“Joanna, I know that a woman like me is not something you can look up to, you think I am dirty and unpleasant, but my soul is clean, every word I say is from the bottom of my heart. I have never wanted to harm anyone, all the bad things I have done was forced by Tomas!”

Tomas was dumbfounded, he felt that he was already shameless enough, he did not expect that the seemingly gentle Paisley would bullshit without even blinking an eye.

“Joanna, the evidence that framed Freya and Bradley was all forged by me! The tickets for the two of them to Provence were also fake!”

With that, Paisley handed a tablet to Joanna, and she tapped on a video, which was all about her faking evidence.

Looking at that video, Tomas’ face was pale, he had not expected that Paisley would do that.

With this video, he would not be able to successfully frame Bradley and Freya, but with the many evidences in Paisley’s hands of his embezzlement of Fitzgerald’s finances, he would only have to go to jail!

Joanna looked at Freya and then at Bradley, who had fallen unconscious on the ground, and for a moment did not know what to say.

“Uncle Tomas, what else do you have to say now?” Winnie put on a sweet and gentle smile, but her eyes were bitter cold.

Winnie has forgotten when she first fell in love with Bradley, but anyway, she just did, religiously and passionately.

She loved him and had him under her protection, and now that he was being victimised like this, how could she possibly rest on her laurels!

Facing Winnie’s face, Tomas’ body couldn’t help but tremble, but he wasn’t willing to be defeated just like that, he still wanted to make a dying struggle, “Winnie, even if Bradley and Freya didn’t embezzle our Fitzgerald’s finances, their collusion is still a disgrace to our Fitzgerald family!”

“Our Fitzgerald family treats Bradley well, yet he got involved with Kieran’s woman and knocked her up, he should pay the price for doing such a shameful thing!”

Joanna was upset that Tomas had set up Freya and Bradley to misappropriate Fitzgerald’s property, but as a mother, she was partial to her son.

She withdrew her eyes from Freya and Bradley and nodded gently, “Yes, even if there was no embezzlement of the finances, Bradley and Freya still deserve to die for the good they did!”

“Uncle Tomas, what makes you say that the child inside Freya’s belly is Bradley’s? If I said that Bradley had knocked up your belly, and that inside this big belly of yours is Bradley’s child?!”

“You!”

Tomas was so angry that he glared at Winnie, “Winnie, stop talking nonsense here! I am a man, how can I be pregnant! I have solid evidence that Bradley and Freya are hooking up!”

## **Chapter 905**

Winnie had already seen the photos scattered all over the ground, she bent down and picked up a photo from the ground. Seeing the situation in the photo, she was amused.

She was aware of this incident, when Freya hurt her foot and Bradley carried her on his back.

She sometimes twisted her foot and her male colleagues would carry her to the hospital, so what's the big deal!

Tomas and the others are really funny, they have the nerve to use such photos to frame Freya and Bradley!

Seeing that Winnie was holding the photo and not saying anything, Tomas thought that she also believed that there was some kind of illicit relationship between Freya and Bradley, and he spoke with confidence, "Winnie, you should believe it this time, right? Freya and Bradley are indeed in an illicit relationship!"

"They were coming out of a hotel together, cuddling, there must be something between them!"

"Cuddle my ass!" If Tomas wasn't the eldest, Winnie would have wanted to slap the photo in his face.

She couldn't understand how he could misinterpret carrying as hugging!

Winnie didn't bother to pay attention to the incomprehensible Tomas, she turned her face to look at Joanna, "Grandma, who secretly filmed Freya and Bradley? I'm going to find him! That person is really bad at taking pictures. I was right next to them and they didn't even get me in the picture!"

"He can't see such a beautiful woman like me standing by, he only shoot Freya and Bradley, she's blind, isn't she?!"

"What did you say? You were there too?! Freya and Bradley entered the hotel right in front of you, they ....."

Not waiting for Joanna to finish her sentence, Winnie and cut her off, "Grandma, Bradley is my boyfriend and the father of the baby inside my belly, the two of us went on a date at the hotel, of course I had to be there!"

"What?!" Joanna's eyes rounded with shock, "Winnie, you said you ..... you ....."

Winnie nodded gently, and she fervently stroked her belly, "Grandma, you heard right, Bradley is my boyfriend, the father of the baby inside my belly!"

Thinking of the shocking scene just now, Winnie's eyes chilled, but she still pouted to Joanna like a little girl, "Grandma, just now you almost turned my baby's father into a eunuch! Grandma, you are trying to ruin the happiness of my life!"

Joanna stood in shock, still in disbelief at the complex relationship between Bradley, Freya, Winnie and Kieran.

"But ..... but Bradley and Freya are known for what they did at Blues, they ....."

"Blues?!" As soon as Winnie heard this from Joanna, she knew that Regina had made up a story to Joanna, so she secretly gritted her teeth, her smile on her face did not diminish, "Grandma, Bradley and Freya were set up once in Blues."

"I was playing cards in the box with Bradley, Freya and Patricia, but I don't know who was so bad as to frame Freya for having an affair with Bradley in the box! Oh! Oh, yes, Regina even brought Kieran over that night. What, can't we play cards? This world has become so scary!"

Winnie did not blame explicitly Regina, but her remark was clearly saying that Regina was creating rumours.

Joanna did not say anything, except that her face turned stiff as she thought of what Regina had said in front of her earlier.

However, she liked Regina from the bottom of her heart. People are so strange, when they like someone, they think she is good at everything, and while Regina was so obviously deliberately smearing Freya, Joanna still thought that she might also be misguided and had no bad intentions.

"Don't turn wrong into right, Bradley and Freya has an affair and the child inside Freya's belly is the proof!" Tomas was afraid that Joanna would let Bradley and Freya off the hook today, so he shouted sternly.

"Yes, the baby inside Freya's belly is indeed proof! It's proof that you set her up! Bradley is my man, I keep a close eye on him, how could he be cheating on me? Freya and Kieran are very close, it's even more unlikely that she would do something wrong to Kieran. Uncle Tomas, your charade of framing someone else is a bit too poor, isn't it?"

"Winnie, you ....."

Winnie coldly cut off Tomas' words, "On the contrary, it is you, Uncle Tomas, who has appropriated Fitzgerald's property, committed economic crimes, framed Freya and Bradley, and caused Bradley to receive beating. Do you think that you should go with me to the police station?!"

"Winnie, Tomas is your uncle, how can you let him go to the police station!" Joanna gently scolded Winnie.

"It's Freya and Bradley who should go to the police station! They've put Kieran in a coma already, Kieran is almost dead because of them!" Tomas defended himself.

"Uncle Tomas, I don't know who framed Kieran, but there is one thing I have solid evidence. Eight years ago, it was you and Mike who tried to shoot Simon and Kieran, and Simon was shot in the head and turned into a vegetable thanks to you!"

"Winnie, what did you say?!" Joanna sat down in a disheveled manner on the chair. She had never imagined that Simon becoming a vegetable would be thanks to her families!

"Grandma, it was Uncle Tomas and Mike who killed Simon! If Simon hadn't been turned into a vegetable by them, Simon wouldn't have died at Steven's hands later on!" With that, Winnie placed the pile of information that Kieran and Fabian had just gotten not long ago in front of Joanna.

Turning page by page through the information in front of her, Joanna rubbed her temples several times in exhaustion.

She knew it was Tomas who was at fault today, and she wanted to protect him, but he had caused her grandson to die! She couldn't be that indiscriminate!

“Winnie, I’ll leave it to you to deal with!” With her crutches, Joanna then walked stiffly step by step towards the outside of ancestral hall, her back visibly hunched much more.

Tomas tried to ask for help from Joanna, but Winnie was prepared for this. Several police officers rushed forward, handcuffed him, and then forcibly dragged him to the police car.

Tomas and Mike would both pay for the evil they have done!

Winnie did not follow her colleague back to the police station. She crouched anxiously in front of Bradley, trying to rouse him.

“Bradley, wake up! Wake up!”

Winnie slapped Bradley’s face several times in quick succession, but he remained motionless.

Looking at the bloody wound on his back, Winnie shed tears.

Her voice trembled as she looked at Freya and asked, “Freya, Bradley isn’t dead, is he?”

## **Chapter 906**

In fact, if she wants to know whether Bradley is dead or not, it is enough for her to feel his breath.

But she was afraid that she would not be able to feel his breath.

She had always been bold and had never backed down in the face of vicious thugs, but at this moment, she was afraid that she would not feel Bradley’s breath.

Freya was also worried about Bradley’s condition and she scrambled to check his breath, fortunately, he was still breathing.

She quickly put her finger on Bradley’s pulse. Bradley’s current condition was very bad, but he was in relatively good health, even if his back was wounded, it still wouldn’t kill him.

The Fitzgerald family’s family law was truly terrifying, the wooden planks were full of barbs, each blow tickled a large piece of blood, at this moment Bradley’s back looked truly miserable.

Seeing that Freya did not say anything, Winnie asked, “Freya, say something! How is Bradley doing?”

“Winnie, he’ll be fine.” Freya said with unshakable certainty to Winnie.

Winnie knew that Freya’s medical skills were good, and she felt relieved at Freya’s answer.

She gritted her teeth and carried Bradley directly on her back, “Freya, I’ll take him to my room, please help him with his wounds.”

Winnie was after a girl, and when she carried Bradley, it looked like a child carrying an adult.

Looking at the petite Winnie carrying such a large man as Bradley, especially when they thought of her pregnancy, the maids on the side were shocked.

They rushed forward, “Miss, let’s carry Bradley over.”

“No!” Winnie stubbornly carried Bradley on her back, this was her Bradley, she wanted to carry him herself!

These servants are now pretending to be nice, they didn’t show mercy when they beat Bradley just now!

“But .....

The maids looked at each other and the one standing at the front finally spoke up as a representative, “But you are pregnant now.....”

“Even if I’m pregnant now, I don’t need your help!” With that, Winnie stubbornly carried Bradley on her back and headed outside the Fitzgerald family’s Ancestral Hall.

The sunlight sprinkled on Winnie’s body. She looked so small and so tiny, but inside that tiny body, it seemed to contain endless energy.

She doesn’t know how to like someone, she doesn’t know how to be nice to someone, she just chases after Bradley in her own way, pushing him every step of the way, even if he doesn’t accept her, doesn’t like her, she will never let go in her life.

Freya went to her room and got her medicine box before going to Winnie’s room.

In fact, Freya was really helpless about the fact that Winnie always wanted Bradley to be a father.

Why can’t she make Bradley a real father!

She could see that Bradley liked Winnie, but he always preferred to avoid her because of the incompatibility between the two.

In this world, it is important to be a good match, but there is nothing that is more valuable than true love.

Two people who love each other sincerely should not be too concerned about these worldly prejudices. Bradley always thinks that he is not worthy of Winnie, but in Winnie’s eyes, he is unique in this world.

Freya sincerely hopes that Bradley will soon get over the hurdle in his heart, and that he and Winnie will live together, so that Winnie won’t have to pretend to be pregnant!

Bradley’s injuries were all concentrated on his back. Freya first cleaned his wounds, disinfected them and performed simple stitches before applying medicine.

Winnie had been standing nearby staring, and she couldn’t help but frown every time the tool in Freya’s hand landed on Bradley’s back.

“Freya, will Bradley hurt a lot? Can you be gentler?” Winnie asked seeing the wound on Bradley’s back.

Seeing Freya sewing the wound on Bradley’s back like a piece of cloth, Winnie was so anxious that she could not treat the wound for him.

“Freya, you’re so ungentle! Bradley is so cute, can’t you have a little pity on him!”

Bradley did not say it hurt, but Winnie screamed out.

Freya put another stitch in Bradley's back and Winnie couldn't control her huffing, "Be gentle, be gentle, it hurts like hell."

Finally, Freya couldn't stand Winnie's startled look anymore, so she helplessly spoke, "Winnie, Bradley won't be in pain. I've given him anesthetic in advance, and he's not awake yet, so he won't feel any pain!"

"I hurt!" Winnie said with red eyes, "Freya, do you know how hard it is for me to see him hurt like this!"

"I'm pissed off! No, I don't feel hard inside. Bradley is an ungrateful man, I'm not uncomfortable!"

Winnie glared angrily at Bradley, then suddenly she turned her face to look at Freya, "Freya, look, I am pretty, but Bradley is so blind that he can't see how good I am! All my colleagues say that I am pretty!"

"You are indeed very good looking." Freya said truthfully, "Bradley really doesn't have a good eye, but one day, he will see how good you are!"

As soon as she heard Freya's words, Winnie instantly became happy, she looked at Bradley half shyly and half smugly, "That's right, I'm so good, one day, he'll see how good I am!"

The wound on Bradley's back was quite troublesome to deal with, and by the time she was done with it, Freya was already sweating profusely.

Freya was completely inconsiderate of her as a pregnant woman, she asked her about the precautions and started to drive her away, "Freya, you can go back, don't disturb me and Bradley!"

Freya didn't want to be a third party here either, so she packed up her medicine box and left Winnie's room.

Without a third party inside the room, Winnie instantly became much more comfortable, she half squatted on the side of the bed and clutched Bradley's hand hard, "Bradley, I'm so cute and charming, but you don't like me, are you blind?!"

"Bradley, is it possible that if I gouge your eyes out, you'll like me?"

Winnie said this purely in jest, however, she stretched out her fingers and made the shape of scissors, "Come on, Bradley, let me gouge out your eyes!"

When Bradley opened his eyes, he saw that Winnie was going to gouge out his eyes.

At that moment, he slapped Winnie's hand aside, "Winnie, you're sick!"

"Bradley, you're finally awake!" Winnie, however, was so excited that she directly wrapped her arms around his neck, and her warm and soft lips directly pressed on his.

## **Chapter 907**

Bradley was directly dumbfounded by Winnie's kiss, after he reacted, he hurriedly pushed her away, he coughed lightly, "Winnie, don't do this again, you will easily make others misunderstand you, it is not good for your reputation."

"Others have long since misunderstood!"

If it were any other girl, she would have been disgusted by such an unsolicited kiss.

But Winnie had long since got used to the countless rejections she had received from Bradley, and she stubbornly kissed him again before she was content to let him go.

“Bradley, let me tell you, everyone in the world now knows that I am pregnant with your child! You’d better get married with me!”

“Winnie, stop this nonsense! I don’t fit with you!”

The residual warmth was still there, making Bradley covet it, but thinking of the difference in their status, he reverted to that polite but detached cold look.

Thinking of what had happened at the ancestral hall, he hurriedly asked, “Winnie, where is Freya? How is she now?”

“Bradley, it’s not hard to find out about Freya’s situation, kiss me! If you kiss me, I’ll tell you!”

Bradley pushed the gold-rimmed glasses on the bridge of his nose elegantly and sagely, when he heard Winnie’s words, he knew, without further deep questioning, that Freya was safe and sound, otherwise Winnie would not be talking nonsense here in such a cheerful tone.

“Winnie, go back first, I want to take a rest.” Bradley did not want to continue to be alone in the same room with Winnie, and faintly gave the order to expel her.

“You’re driving me away!” Winnie said in an exaggerated manner, “Bradley, you’ve got a problem in your head! This is my room, how can you kick me out? It is you should go”

“Okay, I’ll go!” Bradley said, struggling to get out of bed.

Winnie, seeing that he was so injured that he could barely move and had to leave her room in order to get away from her, was so angry that her eyes were red again.

She grabbed him by the shoulders, “Bradley, I’m telling you, you’re not going anywhere! Now, the whole world already knows that you are my man, and from now on, you must stay with me!”

“Winnie, I will explain to everyone, and I will not damage your reputation!”

She had deliberately spread the rumor that she was pregnant, just to have her reputation destroyed, okay?

She has chased Bradley, and after so many defeats, but she still doesn’t know much about chasing men. She just thinks, somewhat clumsily, that if everyone thinks there is something between them, he can’t get away with it, and he should be responsible for her.

So she couldn’t wait for the whole world to think that there was something between her and Bradley.

It took several breaths before Winnie resisted the urge to pry his head open, and she gritted her teeth, “Bradley, you can only stay with me! Grandma wanted to make you a eunuch, but she let you go because she thought you and I were a couple!”

“If you don’t, she would have had you made a eunuch again!”

“Then I’ll be a eunuch!” The expression on his svelte and handsome face did not change as he opened his mouth.

This time, Winnie was so angry, he would rather be a eunuch than be with her!

She really wanted to make him eunuch with her hands!

But she would be the one to lose out.

Winnie just gritted her teeth in anger..

When she saw the bandages wrapped around Bradley’s back, Winnie’s eyes lit up.

She was heartbroken that he was hurt, but the fact that he was hurt was also the best chance she had.

Normally, he always avoided her, and although she’s good, she still can’t beat him, so there’s no way to force him around her and be a bully girl or something.

Winnie sneered. Now he can’t even move, don’t try to escape from her!

When he met Winnie’s wry smile, a chill ran down Bradley’s back, “Winnie, don’t you mess around! I’m telling you .....

Before Bradley could finish his sentence, his lips had been sealed.

Winnie smiled like a big devil. Even if Bradley screamed his throat out, no one would bother them!

Even if Bradley was good-natured, he could not bear it.

His face went dark and he really wanted to throw this overbearing woman out.

But he couldn’t.

Bradley resignedly closed his eyes, forget it, he is now an injured person, it is normal to be bullied. When he gets well, he will not admit it.

When Freya returned to her and Kieran’s room, she was still lying quietly on the big soft bed, motionless.

During the three days he was in a coma, Freya gave him acupuncture and massage every day, but he was still losing weight rapidly at a rate visible to the eye.

Freya had not yet been able to develop an antidote with Sebastian, however, she has created her own set of acupuncture techniques that can slightly slow down the rate of Kieran’s internal organ failure.

In fact, if he could open his eyes and talk to her, she might not have felt so bad inside. The fact that he was lying in bed like this without any semblance of life made her really desperate.

No matter how hard it was on her heart, she would not give up easily.

She was trying to find a way to get the antidote from Regina while developing it with Sebastian; she wanted to keep him alive, well and healthy.

Freya clutched Kieran's big hand, "Mr. Fitzgerald, you used to stand in front of me to protect me, this time, it's my turn to protect you!

When she pressed her face gently against the back of his hand and felt the slightly cold temperature coming from his body, Freya's heart was only slightly more solid.

As long as he was breathing and had a heartbeat, there was still hope for everything.

She was just about to feel the warmth of his body and her mobile phone suddenly rang.

Only then did Freya notice that the mobile phone, which had just been taken away by the maid, had, at some point, been stuffed back inside her pocket.

Seeing that it was Regina calling, Freya couldn't help but frown, but after thinking about it, she picked up the phone.

"Regina, what is it?"

"Freya, you haven't made a decision, have you?"

Regina's voice was unkindly cold, "You can't let go of Jaden and Jayla, then fine, I'll destroy the antidote now and let you taste the pain of losing the love of your life!"

## **Chapter 908**

Hearing Regina's words, Freya's heart could not help but stutter, but in a flash, she calmed down again.

She knew in her heart that Regina only wanted to get rid of Jaden and Jayla, but she would never do what she wanted!

Moreover, she was certain that, right now, Regina could not really destroy the antidote, which was the biggest bargaining chip she had, and how could she possibly throw away such a valuable bargaining chip until the last moment!

"Regina, if you want to destroy that antidote, do so!" After saying this, Freya directly hung up the phone.

Regina looked incredulously at the fading black phone screen, what? Freya actually asked her to destroy this antidote?!

Does she know that this is a life-saving medicine for Kieran!

Freya is crazy!

Regina was so angry in her heart that she slammed her phone on the ground fiercely. She didn't want to let Freya be so arrogant, but she really couldn't bear to destroy the antidote.

The antidote was her biggest bargaining chip to clear the obstacles in front of her and get Kieran, so how could she be so stupid as to destroy her biggest dependency with her own hands!

It won't work on Freya's side, but it will definitely work on Joanna's side!

Of course she wouldn't be foolish enough to threaten Joanna with the antidote and ruin her good image in her mind, she had another brilliant plan!

And she would make a move on Jaden and Jayla.

Sooner or later, all those who stand in her way will have to live worse than death!

Freya had been busy recently. During the day, after giving Kieran an acupuncture and massage, she had to go to the hospital to give Josiah an acupuncture and massage, and she couldn't completely ignore the two little ones.

The time she spent delving into medical books and researching the preparation of antidotes was mostly concentrated at night, and there were several nights when she fell asleep on her desk while making notes.

Luckily, the baby inside her belly was good and while she was busy and slept very little, her belly was not in any discomfort.

Early in the morning, after Freya finished giving Kieran an acupuncture and massage, she took the car keys and quickly rushed to the hospital where Josiah was.

Josiah's condition is getting better and better lately. Yesterday, she clearly saw his eyelids move, but, he still didn't open his eyes.

However, his eyelids had all started to move and it was really just a matter of time before he woke up.

After Freya finished giving Josiah acupuncture and massage, he carefully covered him with the blanket. His face, which looked much better than before, was faintly glowing flushed.

For an ordinary vegetative person, lying in bed for five or six years, the muscles or whatever must have atrophied severely, but because Freya had to give him massage and acupuncture almost every day, the muscles on Josiah's body did not appear to have atrophied in this way.

When he woke up, it would not need much of a recovery period before he was able to walk on the ground as normal.

Freya clutched Josiah's hand hard, "Josiah, wake up! You're in a coma and now your brother-in-law has also been in coma, I really feel so bad inside!"

"Kieran, you have to wake up early! When you wake up, you'll be able to play with Jaden and Jayla! Then our family will never be apart again!"

Gently placing Josiah's hand back on the hospital bed, Freya was just about to leave, but the door to the ward was suddenly pushed open.

A sweet face rushed into Freya's eyes. Emily obviously didn't expect there to be anyone else inside the ward besides Josiah, she seemed to be taken aback by the situation.

"Sorry, I went to the wrong door!" With that, she scrambled to close the door to the ward and fled in the direction of the lift.

Looking at Emily's look of desperation, Freya's eyebrows could not be controlled to frown.

She had seen her outside Josiah's ward before, it seemed that it was because she had come to the ward last time that Josiah had become particularly strange, and yes, after she had come, Josiah seemed to have become angry.

She said she had gone to the wrong ward, so it must be an excuse, but what was she doing here to see Josiah?

Freya wasn't delusional, but there had been so many messy things happening lately, she didn't want anything to happen again when Josiah would wake up, she had to find out what this woman was up to!

If she was ill-intentioned and tried to hurt Josiah, Freya would naturally make her pay the price!

Freya thought for a moment, grabbed the car keys and followed Emily quietly.

After leaving the ward, Emily went straight to the underground garage, she had driven here, however, her car was particularly worn out, as if she had been driving it for a decade or two.

When Freya saw her drive away, she also hurriedly got into her car and followed closely behind her.

It was Freya's first time stalking someone, however, her stalking skills were quite good, at least she didn't lose the person.

It was only when she reached Heng Dien Town that Emily stopped.

She seemed to be a frequent visitor to Heng Dien Town and was particularly familiar with the situation. She said a few words to one of the staff outside Heng Dien Town and quickly ran inside.

Freya got out of the car, she took a glance at Emily's back, and then asked the staff member, "Do you know her?"

"You mean Emily? I know her! She works on our side as an understudy. She's so nice and everyone likes her."

When that staff member thought of the two sweet dimples on Emily's face and the delightful way she smiled with her eyebrows arched, the corners of his lips could not be controlled to rise.

So who wouldn't love a girl who is full of positive energy!

Freya chatted with that staff member. He had known Emily for some time and knew quite a lot about her, from his words, Freya got a general idea of some of her situation.

She is an optimistic and pleasant girl, kind and sincere. Such a good girl seems to have no reason to harm Josiah.

Suddenly, Freya remembered that before Josiah's car accident, he had a girlfriend, could it be that this girl was his girlfriend?

With such a thought, Freya became even more curious about Emily, and she couldn't help but also head inside Heng Dien Town.

When she entered, Emily had already changed into her costume.

Her job today was to act as a stand-in for the lead actress in the play, doing a set of scenes where she rolls down the stairs.

Actresses nowadays, with a little bit of fame, feel that they are noble, so naturally they won't take on such scenes of rolling down the stairs themselves.

As she watched Emily roll down the stairs in a solid manner, Freya couldn't help but feel worried about her.

Rolling down the stairs like that, Emily had obviously been in pain, and beads of sweat were oozing out from the tip of her nose.

No sooner had she eased up than a foot in red high heel stepped hard on the back of her hand.

### **Chapter 909**

The set, which Emily completed as a stand-in, included rolling down the stairs and the ensuing stomping on the back of the hand by the second female.

But for this shot of stepping on the back of her hand, the director had communicated with her and the second female character in the drama, Peyton Morgan, in advance that she did not need to use much force.

Emily thought that Peyton would not go too far in full view of everyone, but she underestimated her arrogance.

The heel of her shoe crushed hard against the back of her hand, with such force that it almost crushed the bones in her hand.

The director noticed Peyton's apparently excessive actions, but because her family is rich and her father is a major investor in the play, the director could only turn a blind eye.

Emily's face scrunched up in pain, she really wanted to push Peyton away immediately and slap her hard in the face in the process.

But when she thought of the thousand she would get for completing the stand-in scenes, Cassius who was crippled, her seriously ill father, and her congenitally weak and sickly child to feed, she resisted the urge to beat Peyton up.

Her eyes were uncontrollably wet, she stubbornly forced all the tears back, and she closed her eyes heavily, trying to make herself ignore the pain coming from the back of her hand.

Just bear with it, so she can go to the pharmacy and buy a bottle of medicine for her dad and some fish and meat to make a nice dinner for him and Cassius.

She has endured more torture and pain over the years, can't she stand this little bit of pain?

According to reason, Peyton should have removed her foot after stepping on the back of Emily's hand, but it was as if she had become addicted to stepping on it, and several dozen seconds had passed and she still had no intention of removing her foot.

There were quite a few people in the cast who couldn't stand to watch, but none of them dared to speak up for Emily.

Amongst the entertainment industry, it is all about the power. Although Peyton is a newcomer, she is the daughter of a big investor, who dares to offend her?

Peyton stared viciously at Emily, who is playing the role of the vicious female counterpart in the play. The hatred in her eyes at this moment does not look like an act, but rather like a genuine expression of emotion.

She really hated Emily, even if Josiah had become a vegetable, she still hated Emily!

Thinking of how Josiah had disdained her back then because of Emily, Peyton hated her so much that she gritted her teeth.

She put all her strength into her body and pressed hard into the back of Emily's hand, and from afar, Freya seemed to have heard the sound of bones cracking.

Freya doesn't like to meddle, but today Peyton's behaviour is really too much, if this goes on, Emily's hand will be ruined and she can't just sit back and watch!

Freya knew that it was impossible to reason with Peyton, so she stepped forward directly and pushed her away.

"Have you had enough?!"

"Who the hell are you?! It's none of your business!" Peyton looked like a shrew, with both hands on her waist.

"Today, I'm going to take care of this matter!" Freya didn't give in, seeing Peyton raise her hand to hit her, she grabbed her wrist with precision and threw her off hard.

"How dare you push me?!" Peyton looked at Freya incredulously. She relied on the fact that her family was rich, since she grew up, she had never suffered loss.

"You're trying to hit me, so what's wrong with me pushing you?"

Freya thought it was funny that Peyton looked as if she had been greatly aggrieved. Should she stand still waiting for Peyton to hit her?

"You!"

Peyton was angry. She thought she was unreasonable enough, but now she had met someone even more unreasonable than her.

Peyton could not swallow this anger, and after she eased up a bit, she raised her hand and slapped Freya hard in the face again.

With Freya's skills, it was still more than enough to deal with Peyton.

This time, not only did she catch her wrist, but she broke it so hard that Peyton's made-up face instantly twisted.

“How dare you hit me! You are looking for death, aren’t you!” Peyton roared through gritted teeth while saying hatefully, “Do you know who my father is? I’m telling you, offend me and my dad will definitely get you killed!”

“He doesn’t have the ability to do that!”

“You!”

Peyton was in pain and angry, and in the end, she was so angry that she couldn’t even breathe.

She clenched her teeth with hatred, if she didn’t kill this woman today, she would regret it!

“Don’t leave if you have the guts, wait here! I’ll have someone come over right now and teach you a hard lesson!”

With that, Peyton started calling her dad for manpower support.

After the phone call, Peyton’s face instantly filled with confidence, “Don’t leave! If you have the guts, don’t leave! Aren’t you tough? I’ll make sure you cry later!”

The director felt that at this time, he had to show his loyalty to Peyton, so that they could get more benefits for the crew!

He was just about to reprimand Freya, but the man cameraman on his side pulled him back.

“Director, the beautiful woman fighting Miss Morgan looks so familiar! Do you think so? Ah! I remember now! Freya! The beautiful woman Miss Morgan is fighting is Freya!”

Freya?

The director’s body instantly shook at the cameraman’s words.

Freya and Kieran’s love has long since been in the hearts of countless people, and now her fame is even greater than that of many first-rate actresses.

The director pushed the frame of his glasses and upon closer inspection, he found that the woman in front of him was really Freya!

Cold sweat broke out on the director’s forehead, and he felt lucky that he hadn’t just gone up on an impulse and helped Peyton to abuse Freya.

Peyton’s family is rich, but it is no match for the Fitzgerald’s behind Freya.

The director patted his heart and took deep breath.

If he offended the Morgan family, he would only lose a little investment, but if he offended Freya, Kieran would get him killed!

When Peyton saw that her father’s bodyguards had arrived in no more than five minutes, she was instantly so proud, she raised her arms and shouted, “Beat her! Beat up this woman!”

## **Chapter 910**

Emily was afraid that she would get Freya involved, she quickly shielded in front of Freya, "Freya, Miss Stahler, leave me alone! You should leave now!"

"Thank you for today, but it's none of your business in the first place, you can't beat them! Get out of here!"

Freya keenly caught the key message in the way Emily addressed her, she should have just wanted to call her Freya, right?

She suddenly changed her address, naturally wanting to act a bit rusty with her, to hide something. Was this Emily the girlfriend Josiah had had before?

As soon as Emily's words left her mouth, those few bodyguards had already rushed to Freya in an aggressive manner.

The bodyguard at the front grabbed Emily and tossed her aside, and his fist was going to Freya's body.

"Stop it!"

The director was directly stunned by the situation, and he didn't know where he got the courage to rush up and stop the tall bodyguard.

"She's Freya! Mr. Fitzgerald's wife, you can't touch her!"

Thinking of the vicious fist that almost landed on Freya just now, the director was so frightened that his body is still trembling.

Freya is Mr. Fitzgerald's precious wife, if she gets hurt, Mr. Fitzgerald would abuse the whole crew!

"I don't care who she is! If she dares to offend me, I'll get her killed today!" Peyton flicked her bangs and roared viciously.

It was only after she finished yelling these words that Peyton realised the meaning of the director's words.

She stepped forward and slapped him on the shoulder, "Director, who did you say she was? Mr. Fitzgerald's wife?!"

"Freya, she is Mr. Fitzgerald's own wife!" The director looked at Peyton as if he was looking at a fool.

Peyton's eyes were round with a look of disbelief, and after she reacted, she hurriedly straightened her bangs again, coughed lightly and put on a quiet lady's appearance.

"So it's Freya! It's all a misunderstanding." When Peyton said this, even her voice became low.

She took the initiative to extend her hand and shook hands with Freya. At this moment, there was no trace of the shrewishness in her body, she was completely a gentle and lovely girl.

"Freya, let me introduce myself, I'm Peyton, Josiah's girlfriend."

Although Peyton's attitude became very nice and good, Freya really couldn't feel the slightest bit good about her.

Especially when she address herself as Josiah's girlfriend, Freya was so shocked that her jaw was about to drop.

She took a good look at Peyton, who had her exaggeratedly purple hair, punk outfit, and black nails.

Freya really couldn't have imagined that her brother would like such a girl.

She would have preferred his girlfriend to be Emily.

Hearing Peyton say that she was Josiah's girlfriend, Emily's expression couldn't help but stiff, and then she hooked the corners of her lips in self-deprecation.

Peyton was not Josiah's girlfriend's, his girlfriend was her, Emily.

Up until the day before Josiah's accident, she was his girlfriend, but she had to break up with him in a desperate attempt to keep Cassius alive.

When she thought of the light in that gentle boy's eyes shattering after she had said those desperate words, especially when she smashed the body of that child she had supposedly aborted into his face, his clear eyes instantly stained with bloodshot, her heart ached.

Over the years, she had told herself countless times that it was all behind her, but she knew in her heart that there were some aches and pains that could never be overcome.

"Freya, I'm really sorry for offending you today. In order to make amends to you, can I treat you to dinner?" Peyton enthusiastically grabbed Freya's hand and said with a smile.

"No need." Freya drew back her hand.

Being rejected by Freya, Peyton didn't get angry, she was afraid that she would be treated as a vicious woman by her favorite man's sister, instead, she hurriedly explained, "Freya, don't misunderstand! I really didn't mean to bully Emily today! It's her own shamelessness, willing to do anything for money!"

"Oh, Freya, you must not know why Josiah had a car accident, right? The reason Josiah got into the accident was because of this bitch Emily! She ruined Josiah's life and always likes to pretend to be a good person. Freya, you absolutely can't let her go!"

"I didn't!" Emily subconsciously defended herself, but it was lack of confidence.

In fact, in her heart, she also felt that Josiah would have a car accident, more or less because of her.

Josiah had called her when he was in a car accident. He was always proud, but begged her in the humblest of tones.

He said, "Emily, I could care less that you killed our child, and I don't care that the person you like is Cassius, let's not break up, okay?"

'Emily, I like you, come back to me, OK?'

Listening to Josiah's humble and begging voice, Emily could not control her tears, but thinking that Cassius's life was still being pinched in that man's hands, she could only force her heart to be as cold.

She loved Josiah, but Cassius had saved her life and she could not ignore his death.

She could only be at the expense of her love.

So, she said in that cold and determined voice, "Josiah, don't you understand now? I don't want your child because I don't love you, I don't want to be with you! I love Cassius, I just want to be with him! I'm going to be engaged to Cassius in a few days, you're welcome to come to our engagement party!"

She did not hear Josiah's voice again, but instead heard the loud sound of the vehicle crashing. Since then, he was unconscious and her world was bleak.

Especially after meeting the demon, she was worse than dead.

But no matter how hard life was, how desperate, she had to live!

Even for the sake of their child, she had to live.

Thoughts slowly returned, Emily thought that Freya would question her indiscriminately after hearing Peyton's words, but to her surprise, Freya only said coldly, "Enough!"

After saying this, Freya glanced at Emily with complicated eyes before turning to leave.

Peyton was uncomfortably stifled in her heart, but she couldn't snap at Freya, so she could only sulk alone.

She originally wanted to continue tormenting Emily, but was afraid that someone in the crew would tell Freya and ruin her good image in her future sister-in-law's mind, so she resisted the urge to torture Emily.

When Freya returned to the Fitzgerald's, she found Joanna, Regina and an old man sitting in the living room. As soon as Joanna saw her, her face, which had a smile on it, instantly turned cold.

"Master, you are referring to her, right?"
