Chapter 1461: Drawing Down The Eye Of Heavenly Tribulation

Hiss! Hiss!

The four Grand Exuberant Light Swords soared into the sky and emanated boundless sword qi of light. Their might was monstrous, and it completely destroyed and incinerated the black divine chains in an area of 500km.

As it was said, where there is light, all evil flees!

Under the control of Yuan Che, Kong Lin, Yuchi Wan, and Yun Su, these four world crushing divine weapons erupted with divine might that was capable of incinerating the world.

Swish!

A blood colored scripture swept through the sky while numerous obscure and blood colored ancient words charged out from within it — Kill, Slash, Crush, Slaughter, Annihilate, Defy, Destroy... Every single blood colored ancient word was filled with the energy of divinity, the aura of slaughter, and the might to destroy the world!

As soon as it appeared, every single word emanated killing intent while a bloody glow shot into the sky. Everywhere it passed, everything was annihilated while time and space was destroyed and fell into a state of lifelessness!

This was the Dao Emperor World Destruction Scripture, and it possessed the Heaven Defying World Destruction Dao!

Rumble!

Under the lead of Meng Xinghe, Yuan Che, and the others, everyone charged out, and the divine might they erupted with caused the entire Sovereign God Eradication Formation to shake and sway violently without end.

This sort of force even swept throughout the entire Iris Desert, and numerous thick and large black divine chains that could reach the sky and were filled with boundless destructive energy of divinity were collapsed, destroyed, and turned into powder. Divine light shattered into pieces while a rain of light poured down, and it seemed to be extremely intense and chaotic.

Fortunately, all of this occurred within the Sovereign God Eradication Formation, otherwise, merely such an attack would probably instantly destroy the entire Iris Continent!

This wasn't exaggerated. After all, it was existences at the World Enlightened True God Realm that were attacking. They were supreme gods that surpassed the three dimensions, and every single one of them possessed might that could destroy the world.

Presently, they were utilizing peerless Divine Artifacts like the Grand Exuberant Light Swords and Dao Emperor World Destruction Scripture, and they were attacking together. Such might couldn't just be described as extraordinary and terrifying!

Because the might of the Sovereign God Eradication Formation had weakened for some unknown reason, it just happened to have given Chen Xi and the others an opportunity. So, in merely the time of a few breaths, they'd already shaken the foundation of this formation, and they were on the verge of breaking out of this formation!

...

At this moment, outside the Sovereign God Eradication Formation, the atmosphere had become heavy.

"Martial Uncle Chi Lian, what exactly happened?" Suiren Ting was surprised and bewildered, and he had a heavy expression. At the instant that unexpected change had occurred within the formation, it had been noticed by him, yet he was unable to distinguish the reason behind it.

Coupled with the fact that Li Yang and the others had seized this opportunity to start breaking through the formation, it caused a trace of a bad feeling to instantly arise in his heart.

"The restrictions in Iris Immortal Prison were destroyed earlier." Chi Lian had an indifferent expression while his eyes surged with a terrifying cold glow. "You ought to be clearly aware that the Iris Immortal Prison is the core foundation of the formation. Now that it has been destroyed, it's equivalent to the link between it and the Last Days Vortex and Sovereign God Eradication Formation being cut off, causing the might of the formation to be affected."

Even if it was at this moment, he was actually still calm and composed. However, a wisp of a ruthless aura was emanated from his tone.

"Hmph! Someone actually dared to cause trouble right beneath our noses. If I find out who did this, then I'll definitely burn his bones and scatter his ashes so that he can never be reincarnated!" Suiren Ting's expression instantly sank when he found out about this, and he gritted his teeth as he cursed without end.

"There's no need to be impatient. Qing Mo and Huang Zhong have already gone to investigate, so we just have to wait calmly." Chi Lian gazed indifferently at the formation in the distance. "They won't be able to escape. This calamity was predestined, and no one can stop it!"

Swoosh! Swoosh!

Right at this moment, a wave of fluctuation arose in space before two figures appeared. Shockingly, they were Divine General Qing Mo and Divine General Huang Zhong. However, their expressions revealed a wisp of gloominess at this moment.

"What? You failed?" Chi Lian frowned as he asked.

"That person had already fled when we arrived, and he didn't leave any traces behind. Most importantly, all the restrictions within Iris Immortal Prison were destroyed, and it's impossible to repair in a short period of time." Qing Mo took a deep breath before he spoke. He wore a black robe and wore a bronze mask that only revealed a pair of extremely gorgeous dark blue eyes, causing him to seem extraordinarily terrifying.

As soon as these words were spoken, it caused the expressions of the others to turn slightly grim.

After all, every single one of them seven Godslaughter Generals possessed supreme divine strength, and every single one of them were existences that could roam freely through the three dimensions and look down upon all living beings!

Yet now, not only had someone destroyed the Iris Immortal Prison right beneath their noses, they weren't even able to notice it at all. Such ability was slightly terrifying!

Who exactly was it?

At this moment, a trace of surprise and wonder even arose in Chi Lian's heart. He stretched out his will to sweep through an area of a few tens of millions of kilometers and even utilized secret techniques of the gods to investigate, yet it actually came back empty handed as well!

"Martial Uncle, could that person be hiding in the vicinity?" Suiren Ting spoke solemnly while Zuoqiu Lenghua and Zuoqiu Beiyong that stood at the side felt slightly terrified in their hearts. When such a strange incident occurred at this moment, it was impossible to prevent suspicions from arising.

"No, he has left already." Qing Mo shook his head. "If it wasn't like that, then even if Fuxi or Nuwa arrive themselves, they would definitely be unable to avoid being detected by us brothers."

"He has left? Could it be that person isn't an ally of Oracle Mountain and Nuwa's Dao Palace? Then why did he destroy Iris Immortal Prison?" Suiren Ting frowned.

This was precisely the question in the hearts of the others.

"Now isn't the time to pay attention to all of this. Li Yang and the others are on the verge of breaking out of the formation. The important matter at hand is that we must annihilate them within the formation." Chi Lian spoke with an icy cold tone, and his eyes were filled with an indisputable force.

"How could this be possible? That's the Sovereign God Eradication Formation assisted by the might of the Last Days Vortex. How could it possibly be destroyed by them?" Suiren Ting cried out with surprise. Even if he was an Immortal King, he was very clearly aware of how terrifying this formation was. At this moment, when he heard that Li Yang and the others were about to break out of the formation, how could he possibly not be shocked?

"A set of Grand Exuberant Light Swords passed down within Nuwa's Dao Palace coupled with a Dao Emperor World Destruction Scripture left behind by that criminal of the three dimensions. Coupled with their own strengths, do you think they wouldn't be able to accomplish this?" Chi Lian frowned as he glanced at Suiren Ting. "Remember, never underestimate the ability of Oracle Mountain and Nuwa's Dao Palace. Otherwise, the Sect Master wouldn't have set all of this up a long time ago and sent the seven of us to personally preside over everything."

Suiren Ting instantly became silent like a cicada in the winter when he was berated by Chi Lian.

"Now, we seemed to have no choice but to utilize some bloody methods and draw down the Eye of Heavenly Tribulation in advance in order to completely annihilate them within the formation." Qing Mo spoke indifferently from the side.

The other generals didn't say anything, and they seemed to have tacitly approved of this.

“Since it’s like that, then let’s do it.” Chi Lian spoke with a voice that carried a trace of a strange tone, and he seemed to be rather secretive.

Suiren Ting was still bewildered when he heard this, yet a trace of coldness and terror arose without any rhyme or reason within the hearts of Zuoqiu Beiyong and Zuoqiu Lenghua.

Both of them raised their eyes and looked over in unison, and they saw that all the Godslaughter Generals had shot their gazes over towards the two of them at this moment.

At the instant their gazes met, the hearts of Zuoqiu Beiyong and Zuoqiu Lenghua jerked abruptly, and they cried out in their hearts. Shit!

Bang!

Their bodies practically instinctively erupted with vast energy of divinity, and they both withdrew their best treasures while looking vigilantly at the seven Godslaughter Generals.

“Senior Brothers, what’s the meaning of this? Could it be that you intend to sacrifice the two of us? All those years ago, the Sect Master himself promised that if we worked wholeheartedly for the Sovereign Sect, then he guaranteed that we would be able to enter the ancient God Domain and be eternally devoid of the hardships of tribulation!” Zuoqiu Beiyong spoke coldly.

This sudden and unexpected event caused Suiren Ting to be slightly stunned, and then he understood everything in his heart before he moved imperceptibly to hide behind the seven Godslaughter Generals.

“As elders of the Sovereign Sect, both of you ought to be clearly aware that according to the rules of the sect, everyone must be prepared to be sacrificed at all times for the sake of the benefit of the sect.” Chi Lian and the others remained completely indifferent towards the vigilant and confrontational attitudes of Zuoqiu Beiyong and Zuoqiu Lenghua, and they were indifferent and emotionless. “The trap this time has extraordinarily great implications. Once it succeeds, then the Sovereign Sect will be able to smoothly take over a ruling position in the three dimensions, and once it fails, the consequences aren’t something that any one of us can bear.”

“But why are the two of us being sacrificed?” The expressions of Zuoqiu Beiyong and Zuoqiu Lenghua grew even colder while their entire bodies felt cold as if they’d fallen into a pit of ice. They’d joined the Sovereign Sect a very long time ago, so they were naturally clearly aware of the methods and conduct of the Sovereign Sect. It was even to the extent that they’d seen numerous disciples and pawns being sacrificed over the years.

For example, Wei Xing, the nine Core Pawns at the Immortal King Realm, and the sixty nine Major Pawns at the Half-step Immortal King Realm. Both Zuoqiu Lenghua and Zuoqiu Beiyong didn’t care about it at all.

However, never had they imagined that they who were existences at the Godrank Realm that had surpassed the three dimensions and even assumed the position of elders in the Sovereign Sect would actually suffer such a fate as well!

“Because only the energy of your God Blood is capable of drawing down the Eye of Heavenly Tribulation. Of course, both of you can take it as your status being inferior to the seven of us. So we can only

sacrifice the both of you. Even if the Sect Master finds out about this, he would definitely agree to it.” Chi Lian spoke indifferently and emotionlessly.

The expressions of Zuoqiu Beiyong and Zuoqiu Lenghua changed indeterminately once more. In the end, their figures suddenly flashed, and they teleported away.

“Since you’re going to be sacrificed, then why struggle?” Chi Lian still remained unmoved when facing such a scene, and he seemed to be very calm.

However, before his voice finished resounding through the air, the other six generals by his side had moved out in unison, and they pursued Zuoqiu Beiyong and Zuoqiu Lenghua.

In merely the time of a few breaths, two miserable and shrill cries resounded through the heavens and the earth in the distance!

Suiren Ting’s entire body shivered when he heard this, and he felt fortunate in his heart. He felt fortunate that he was at the Immortal King Realm, otherwise, it would probably be him that was sacrificed today...

“I’ve got their God Blood.” Qing Mo flashed over through the sky, and when he returned, there was a jade bottle in his hand.

“Do it.” Chi Lian waved his hand, and then his gaze looked towards the Last Days Vortex in the distance. “The God Blood of two experts at the Godrank Realm is sufficient to sweep through all obstructions...”

Swish!

Qing Mo received his orders, and then a strand of God Blood that was suffused with an ethereal color surged out from within the jade bottle. It was like a surging blood red torrent that swiftly charged into the Last Days Vortex that was revolving silently.

Rumble!

Suddenly, strands of obscure light that was visible to the eye lit up from within the Last Days Vortex, and then it suddenly started trembling violently as if something was about to surge out from within the depths of the vortex.

Every single time it trembled, it shook the heavens and the earth while terrifying thunderclaps resounded. In the end, the thunderclaps grew more and more frequent while its impetus grew more and more terrifying. It was even to the extent that it caused the sky to start shattering and collapsing inch by inch, and the entire heavens and the earth fell into great unrest!

Chapter 1462: Roc Divine Technique

Within the Sovereign God Eradication Formation.

Under the lead of Meng Xinghe, Yuan Che, and the others, Chen Xi and the others seemed as if they were sweeping through dry leaves all along the way and were on the verge of breaking out of the formation.

When escape was within vision, all of their spirits were refreshed at this moment, and their battle intent grew exuberant.

Even with Hua Jiankong's silent and aloof disposition, he couldn't help but reveal a wisp of a smile at this moment.

However, right at this moment, Li Yang's beautiful brows suddenly raised while her expression suddenly changed. "Watch out!"

Om!

As soon as she finished speaking, an extremely terrifying aura suddenly effused out from the surroundings. The aura was emotionless, indifferent, supreme, and filled with horrifying heavenly might.

After that, under the shocked gazes of everyone, an eye suddenly surged out into appearance from within the Last Days Vortex in the sky above the formation!

It was pitch black, deep, icy cold, and seemed as if boundless symbols were flickering within it. It seemed as if the rise and fall of the world, the movement of the stars, the passage of time, the changes in the universe... Everything was reflected within it.

As soon as it appeared, it fused completely with the Sovereign God Eradication Formation, and it emanated a terrifying and crushing force, causing numerous black divine chains to surge out explosively once more from the surroundings. Moreover, the might of every single black divine chain had more than doubled when compared to before!

Rumble!

The myriad of black chains were connected to the heavens and the earth. They were thick like millstones and emanated violent divine might as they smashed down fiercely at Chen Xi and the others.

Bang! Bang! Bang! Bang!

The four Grand Exuberant Light Swords seemed as if they'd been struck by lightning and trembled without end. Moreover, the force that surged on it shook Yuan Che, Kong Lin, Yuchi Wan, and Yun Su to the point their faces turned pale and they staggered back without end.

Bang!

The most severe was Meng Xinghe, the Dao Emperor World Destruction Scripture he utilized suffered a terrifying attack, and its surface seemed to be on the verge of bleeding while it trembled violently without end.

This caused Meng Xinghe to be affected by it as well, and a mouthful of blood suddenly sprayed out from his mouth!

In merely an instant, the advantage their group had gained was completely wiped away, and it was even to the extent they suffered a great deal of injuries and could only dodge endlessly.

“The Eye of Heavenly Tribulation!” Li Yang’s expression was extraordinarily heavy while she suddenly withdrew a black colored beast skin that emanated dark light. It revolved as it floated above everyone, and only then were they able to barely resist such terrifying attacks.

This beast skin was an ancient divine treasure, and it was branded with Chaotic Secret Markings and possessed monstrous divine might.

At this point, everyone finally heaved a slight sigh of relief. However, their expressions had become extremely unsightly because they were only a step away from breaking out of the formation, and no one had expected that such a world shocking turn of events would actually occur. It instantly caused them to once again fall into a dangerous situation that was even more severe than it was before this.

“The Eye of Heavenly Tribulation! Dammit! It carried the aura of a blood sacrifice. Could it be that the Sovereign Sect actually sacrificed experts at the Godrank Realm in order to kill us?” Meng Xinghe had a livid expression as he put the Dao Emperor World Destruction Scripture away. This treasure defied the heavens and destroyed the Dao, so it suffered the greatest blow from the energy of Heavenly Tribulation. Otherwise, he wouldn’t have been injured earlier.

“It was definitely Zuoqiu Beiyong and Zuoqiu Lenghua who were killed.” Li Yang had an icy cold expression while a wisp of ridicule appeared on the corners of her mouth. “Since the ancient times until now, the Sovereign Sect has done something like this on more than one occasion.”

Everyone felt shock and cold in their hearts when they heard this.

Merely for the sake of annihilating us, the Sovereign Sect actually didn’t hesitate to annihilate two experts at the Godrank Realm and utilize their blood to draw down the Eye of Heavenly Tribulation? Those were existences at the Godrank Realm! “This is the consequences of betraying the clan and siding with the Sovereign Sect!” When they found out about all of this, the reactions of Zuoqiu Feiming and the others seemed to be extremely strange. They were delighted, sorrowful, and seemed to be crying yet laughing. Their emotions were complicated and conflicted to the extreme.

The Eye of Heavenly Tribulation... A wisp of detest, madness, and viciousness couldn’t help but arise once more within Chen Xi’s heart when he saw this thing once more, and the River Diagram fragments within his sea of consciousness seemed to have awakened once more from its deep slumber.

That day at the God Attainment Region, Chen Xi was affected by the River Diagram fragment and fought the Eye of Heavenly Tribulation head-on by himself. In the end, he defeated it and won over a trace of the chance to survive for Shi Yu and the others.

However, the River Diagram fragments maintained silence this time, and in merely an instant, it fell once more into deep slumber. Chen Xi couldn’t help but be stunned by this.

He faintly felt that the River Diagram fragments seemed to have noticed that the might of the Eye of Heavenly Tribulation was too formidable this time, and it was unable to go against it. Thus, it chose to lay dormant!

This was a very subtle feeling, yet it caused Chen Xi’s heart to sink. Even the River Diagram fragments have chosen to lay dormant, so what other force in the world is capable of going against the Eye of Heavenly Tribulation?

Rumble!

The Eye of Heavenly Tribulation displayed its might and smashed down without end. It shook the best skin to the point of trembling violently without end, and the Chaotic Secret Markings on it flickered repeatedly. It was obviously resisting it violently.

“This won’t do! If this continues, then this Chaotic Beastskin won’t be able to resist the attacks of the Eye of Heavenly Tribulation either!” Yuan Che’s expression changed once more and became extremely anxious.

The others were even slightly at a loss for what to do, and dense worry floated up into appearance on their faces.

This move from the Sovereign Sect could be said to be extremely ruthless, and it directly trapped them into a hopeless situation. If they were unable to find a method to deal with this situation, then perhaps they might really perish here today...

Shi Yu and Xiangliu Li both looked at Chen Xi because they were clearly aware that Chen Xi had once gone against the Eye of Heavenly Tribulation in the God Attainment Region that day.

Chen Xi couldn’t help but smile bitterly and shake his head without end when facing this.

This caused the hearts of Shi Yu and Xiangliu Li to feel even heavier.

The things prepared by the Sovereign Sect were numerous, its actions were so ruthless, and its schemes were so meticulous that it was simply flawless and endlessly connected to each other. It caused them to still be unable to avoid falling into the Sovereign Sect’s trap even if they’d made all sorts of preparations beforehand.

This sort of feeling that was like being a trapped beast was absolutely not nice.

Right at this moment, Li Yang seemed to have noticed something, and she suddenly raised her head and looked towards the Eye of Heavenly Tribulation in the distance. Her eyes glistened while a wisp of a confident and happy arc arose on the corners of her mouth before she said, “Everyone, our favorable turn in the situation has arrived.”

Everyone was stunned. Favorable turn in the situation?

...

Outside the Sovereign God Eradication Formation.

“Based on the current situation, they’ll definitely perish in less than ten minutes. Get everything prepared. Once they perish, we’ll execute the secret technique to sacrifice their God Blood and completely draw down this calamity that’ll sweep through the three dimensions. If everything goes smoothly, then these three dimensions will belong to the Sovereign Sect from tomorrow onwards!” Chi Lian withdrew his gaze from the formation, and a wisp of arrogance surged abruptly on his face. It was bearing of having victory within his grasp, and a wisp of wild arrogance that intended to sweep throughout the world!

The other six Godslaughter Generals revealed solemn expressions, and a wisp of fervor surged within their eyes. Controlling the three dimensions had always been the objective the Sovereign Sect had diligently strived to accomplish since it was established. Now, after countless years had passed, it was finally about to be realized!

Even if it was Suiren Ting, he was extremely excited at this moment, and he felt pleased because of this as well. He'd completely forgotten the terror he felt when Zuoqiu Beiyong and Zuoqiu Lenghua were sacrificed earlier.

"The Sect Master is brilliant!" Suiren Ting muttered while he looked up at the Eye of Divine Truth, and he didn't conceal his adoration at all.

Chi Lian and the others couldn't help but smile when they heard this. Indeed, if they didn't have a man of great talent and bold vision like the Sect Master leading them all along the way, how could their Sovereign Sect possibly possess the status it had today?

"Everyone, prepare yourselves!" Chi Lian took a deep breath and discarded the distracting thoughts in his mind before he looked up into the sky. At the end of his vision, the Eye of Heavenly Tribulation was glowing dimly, and it was indifferent and emotionless.

The hearts of the others shook, and the gazes they shot at the Sovereign God Eradication Formation was filled with killing intent.

However, right at this moment, an elegant voice resounded through the heavens and the earth in an extremely sudden manner. "If man is without emotion, then it's like being a rotten piece of wood. If Immortals are without emotion, then they're like inanimate objects. If gods are without emotion, then they're inferior to dogs and pigs. Even animals know filial piety and their duty to their elders, yet your Sect Master frequently and mercilessly brings chaos to the world by frequently causing calamities that plunge all living beings into misery and suffering. How could he be considered as brilliant? In my opinion, he's no different to a dog or pig."

This voice was unhurried and rhythmic, and every single word resounded like a bell and shook the heart and minds of all!

Along with this voice, an extremely vast aura of divinity rumbled and whistled over from the distant sky like a warm summer breeze.

Everywhere it passed, the heavens and the earth became clear, chaos was calmed, and all things came back to life. In an instant, it actually weakened the aura of calamity that filled the heavens and the earth by more than half!

"Who is it!?"

"Oracle Mountain's Old Scholar?"

The expressions of Chi Lian and the others suddenly sank while they looked towards the distance in unison. However, in their field of vision, they only saw a Roc that carried the might of the heavens and the earth and an aura that could swallow the world as it charged over!

It was a Roc indeed, a Roc that was said to be the number one ferocious beast in the heavens and the earth of the primeval times after the chaos had been split apart. Its body stretched continuously and lay across the universe, and its wings were like drooping clouds that swept down like rivers of stars.

As soon as it appeared, the entire heavens and the earth was filled by its figure, and it seemed to be on the verge of causing the heavens and the earth to explode from it!

“The Roc Divine Technique! Oracle Mountain’s Third Lord!?” In an instant, the expressions of Chi Lian and the others turned gloomy. This Roc Divine Technique was too terrifying, and they didn’t dare hesitate at all to fully exert their entire cultivations, causing divine radiance to rumble as they went head-on against the Roc.

Rumble!

The Roc arrived from the north. Its enormous tail swept out and slapped down, and it forcefully struck the seven Godslaughter Generals to the point of moving back without end! The might of a single strike threw the heavens and the earth into chaos, and neither time nor space could obstruct it while all things were crushed into powder!

Amidst the dust and dirt that was dissipating, the figures of Chi Lian and the others appeared. Even though they hadn’t suffered any injury, their expressions were covered in a mix of terror, fury, and an unusual strand of solemnness.

Swoosh! Swoosh!

At the same time, a wave of fluctuation arose in space, and then two figures appeared.

One of them was a robust and tall bearded middle aged man with bronze skin, and he was mighty like an iron pagoda. The other wore a scholar’s robe, had white hair, and held an ancient book in his hand.

“Tie Yunhai, Old Scholar! It really is the two of you!” When they saw the appearance of these two figures clearly, the expressions of the seven Godslaughter Generals was extremely icy cold, and the space between their brows was covered in a solemn expression. Obviously, the arrival of these two people had brought a great deal of pressure onto them.

“It really is Third Senior Brother and Fourth Senior Brother than came together.” Within the formation, even though she was unable to see everything that was occurring in the outside world, Li Yang had instantly determined the identities of the people who’d come based on the voices that resounded without end from the outside.

His eyes instantly lit up, and she said with a smile, “Even Third Senior Brother has come, then he was definitely instructed to do this by Eldest Senior Brother. Perhaps, this is the favorable turn that Eldest Senior Brother spoke of.”

The spirits of the others were refreshed when they heard this because the news of Oracle Mountain’s Third Lord and Fourth Lord arriving together was absolutely something that raised their spirits.

“Fourth Brother, you go deal with the formation and rescue Little Junior Sister and Little Junior Brother from within it. As for these bastards, leave them to me!” Tie Yunhai swept the surroundings with his

gaze and directly instructed the white haired old man in scholar's robes by his side, and he couldn't even be bothered to pay any attention to the seven Godslaughter Generals.

Talisman Emperor

Chapter 1463: Confucianist Sword Decree

As he spoke, an iron hammer appeared in Tie Yunhai's hand.

The iron hammer was over 1m long, completely pitch black, and had a rather rough outline. It seemed to be extremely ordinary, yet it gave others a very heavy and condensed feeling as if it had returned to simplicity.

When it was held within Tie Yunhai's hand that was large like a cattail leaf fan, it caused his imposing aura to change completely. His bronze skin that seemed to have been casted from copper was suffused with a strand of thick energy of divinity and coupled with his figure that was robust like an iron pagoda, he emanated an extremely imposing aura.

When he decided to make a move, Tie Yunhai didn't hesitate at all. He moved through space before smashing his hammer down at Chi Lian's head.

Bang!

The heavens and the earth dimmed down when he swung his hammer, and then a Roc whistled out. It was coiled with a myriad of strands of divine light that seemed like dark water, and it rumbled as it smashed down while causing space to be shattered into powder. It was an extremely shocking sight.

"You're going too far!" Chi Lian's face turned gloomy. Since Tie Yunhai and the Old Scholar made an appearance, the both of them had always been disregarding all of them in a lofty manner, and now, Tie Yunhai had actually attacked without saying a single word. This had completely infuriated Chi Lian.

As he spoke, his figure flashed while the crimson colored divine chains that enveloped his entire body fluttered wildly, and it suddenly transformed into a crimson red axe that collided directly with Tie Yunhai's hammer.

Bang!

A wave of rumbling resounded throughout the heavens and the earth while the energy of divinity swept out like a gale, and it faintly revealed the scenes of Fiendgods wailing, the blood of gods pouring down, the Grand Dao wailing, and so on and so forth. It threw the surroundings into chaos.

Chi Lian's figure staggered back, and he took a few tens of steps back while his face was livid and ashen.

"Hahaha! I'm a fucking boorish fellow that doesn't know how to conduct himself. I only believe in the hammer within my hand. Chi Lian, just you alone aren't sufficient at all. All of you come at me together." After attaining success with a single strike, Tie Yunhai roared heroically with laughter, and the bronze skin that covered his body surged with the energy of the gods while he swung his hammer once more. He was ferocious and fierce to the extreme.

"Let's fight him together! We must absolutely not allow them to destroy the formation!" Chi Lian gritted his teeth as he shouted in a grim and gloomy voice, and then he swiftly soared into the sky and clashed once more with Tie Yunhai.

Tie Yunhai's strength was too formidable. He was a renowned titan of Oracle Mountain. He was skilled in numerous supreme divine techniques, and Chi Lian was indeed unable to go against Tie Yunhai by himself.

The other six Godslaughter Generals had been accumulating strength since the beginning while they waited, and they immediately didn't hesitate to move out in unison when they heard this.

Qing Mo, Huang Zhong, and Jin Guang moved out in unison to join forces with Chi Lian and deal with Tie Yunhai, whereas, Hei Ling, Bai Ku, and Lan Cai tacitly charged towards the fourth disciple of Oracle Mountain, the Old Scholar.

"Hmph! Thinking of splitting up to deal with us? All of you get the fuck over here!" Tie Yunhai suddenly waved his iron hammer to force Chi Lian back, and then his figure flashed while his enormous hammer was smashed out a myriad of times in an instant. He actually forcefully enveloped all six of the other Godslaughter Generals beneath his attack!

This sort of great courage to fight numerous enemies by himself and bearing that looked down upon all experts in the world carried an aura of supremacy that was extremely astounding.

"You're courting death!"

"You damnable bastard! You're simply overestimating your ability!"

Tie Yunhai's extremely arrogant actions completely infuriated the seven Godslaughter Generals, and they met his attacks head on. Moreover, all of them didn't hold back at all and utilized their trump cards.

For a time, the entire heavens and the earth were filled with the figures of gods. They flashed about in the surroundings while fighting intensely above the nine heavens, and they fought to the point the heavens, earth, sun, and moon were cast into a shade.

This was a battle between gods, and it had long time surpassed the scope of the three dimensions. Every single ability they utilized were supreme inheritances of the gods, and it was obvious how heaven defying such a battle was.

At this moment, the entire Iris Continent was affected. No matter the cultivation they possessed, everyone was terrified to the point their entire bodies went limp, and all of them fled in succession. They truly wished for nothing more than to escape this chaotic and turbulent place as soon as possible.

Some cowardly fellows were even shocked out of their wits, and they wet themselves in terror before fainting directly. The scenes of calamity and chaos filled the entire continent.

All of this was caused by the battle between gods!

.....

"Rough, rude, boorish.... The moral degeneration of the world is getting worse day by day, it's morally bankrupt. They only know how to fight and kill; they simply have no manners!" There were some people that weren't affected by this battle between the gods. For example, the white haired old man in a scholar's robes, and he was even sighed with emotion in a slightly angry manner.

He was the fourth disciple of Oracle Mountain, and he was nicknamed the Old Scholar while his true name had long since been forgotten by the world. Because he read carefully through all the books since the primeval times until now and liked to impart deep meaning with only a few words, thus he obtained the nickname, the Old Scholar.

But right after that, he shut his mouth and placed his hands behind his back before arriving slowly outside the Sovereign God Eradication Formation. He raised his head to look at the Eye of Heavenly Tribulation in the sky, and his snow white brows couldn't help but raise up before he muttered. "If I don't exhaust some strength, it'll probably be very difficult to break open this formation. Looks like I can only be boorish for once today."

As he spoke, he rolled up his sleeve and put the book in his hand at his waist. After that, he took a deep breath and actually started chanting loudly!

"Where the blade of a god goes, all evil is annihilated. When a sharp blade flies out, ghosts and spirits are terrified. Only my name resounds clearly through the heavens and the earth, and the Immortals and gods perish into graves." Along with his voice, numerous beautiful and exquisite words transformed into talismans that emanated divine radiance, and they transformed into numerous peerless divine blades that swiftly shot into the formation.

In an instant, this supreme divine formation that came from the ancient God Domain actually started to suddenly tremble violently after suffering this attack! This obviously showed exactly how shocking this chant of the Old Scholar's was!

When Li Yang saw this scene, she couldn't help but roll her eyes and said angrily, "Everyone, don't laugh at him. This Fourth Senior Brother of mine is a bookworm, and he normally likes to study ancient books. He's madly infatuated with them."

How could all of them dare to laugh at him? A casual chant already possessed such world shocking might. How many people in the three dimensions were capable of accomplishing this?

"Utilizing words to form talismans, and then utilizing talismans to attain the Dao before utilizing the Dao to become a god. The Fourth Lord really deserves his reputation. We're ashamed of our own inferiority." Yuan Che from Nuwa's Dao Palace sighed in praise, and she felt heartfelt admiration.

The others nodded in succession.

Chen Xi couldn't help but feel a wisp of pride surge out from his heart when he saw this. That's my Fourth Senior Brother!

"Everyone, don't be careless. We should make preparations and search for an opportunity to escape." Li Yang reminded. At this moment, they were still trapped within the formation. However, the might of the Eye of Heavenly Tribulation had been dealt with by the Old Scholar outside the formation, and it resolved a great deal of the pressure they faced.

The hearts of everyone shook, and they didn't dare hesitate or slack off.

"This won't do. The killing intent of these words are insufficient, and its aura is slightly insufficient in the end." Outside the formation, the Old Scholar couldn't help but frown when he noticed that the might of his strike was actually unable to break open the formation, and he started chanting once more.

“A light barrier appears as the blade flutters, and it makes an ever triumphant sweep of the surroundings. It dares to flash through the sky like a shooting star, and once illuminated the world like the bright moon.” Along with his voice, strands of terrifying and vast energy of divinity transformed into a row of talismans. Every single one of them were like swords that were suffused with a supreme aura of slaughter, and it actually created the grand scene of swords shooting into the nine heavens and illuminating the world.

All of this charged towards the Sovereign God Eradication Formation!

Rumble!

The formation rumbled violently while the heavens and the earth shook. Countless black divine chains were slashed into half and were destroyed into nothingness. However, the formation was still not destroyed.

However, right at this moment, a strand of terrifying destructive force suddenly surged out from the Eye of Heavenly Tribulation in the sky, and it struck down at the Old Scholar.

“Aiyaya! The might of the heavens is unfathomable! Why make things difficult for a scholar like me? Go away! Go away!” The Old Scholar bawled before suddenly flicking his sleeve, causing a strand of supreme energy of divinity to sweep out. It was like a world was contained within his sleeve, and it actually silently and soundlessly dealt with the destructive force!

The Old Scholar seized this opportunity to suddenly shout loudly. “Sword! Come here!”

As soon as his words left his mouth, a shapeless sword that was coiled with divine radiance appeared out of thin air. In an instant, the heavens and the earth dimmed while boundless and powerful energy of divinity swarmed and charged into the shapeless sword.

In this dark and indistinct expanse of space, numerous words of swords were actually created. Some were golden words that twisted about like earthworms, some were ancient and strange inscriptions, some were obscure and mysterious words of the Fiendgods, some were Chaotic Secret Markings that carried boundless meaning....

These ancient and varied words represented the word ‘sword’ that carried varying meanings and came from different times. They were branded with the energy of history and contained the might of time. As soon as they appeared, all of them coiled around the shapeless sword.

In merely an instant, this shapeless sword actually seemed as if it had obtained intelligence, and it erupted with a boundless divine aura before it shot outside the nine heavens and shook the starry sky!

Such an impetus could be said to be matchlessly rare!

It was even to the extent that at this moment, all the living beings in the Immortal Dimension acutely noticed a strand of vast and supreme energy of the sword suffusing the area boundlessly high up in the sky!

However, this strike obviously caused the Old Scholar to suffer great backlash. In an instant, his countenance turned ghastly pale while even his eyes dimmed down, and he seemed as if all his strength had been extracted.

“It has been so many years since I’ve left the sect. A rare moment of madness, a rare moment of silliness...” The Old Scholar didn’t care at all, and he coughed intensely as he held the shapeless sword.

“Shit! That old bastard actually sacrificed 10,000 years of his lifespan and utilized the Confucianist Sword Decree! Quickly stop him!” High above in the sky, Chi Lian’s extremely furious voice resounded.

In the next instant, three figures that carried monstrous divine might tore through the sky, and they shoot towards the Old Scholar. It was Qing Mo, Lan Cai, and Bai Ku.

At practically the exact same moment, the Eye of Heavenly Tribulation in the sky seemed to have been infuriated as well, and it emanated a terrifying black wheel. It was completely round, dark, and terrifying, and it smashed down towards the Old Scholar.

The Heaven Dao Fate Wheel!

It was a supreme destructive restriction, and it represented the awe-inspiring divine might of the three dimensions’ Heaven Dao!

“Fourth Brother, you’ve gone mad!” Tie Yunhai’s loud shout resounded from the clouds, and when his voice resounded out, an iron hammer had already torn through the sky and arrived with the intention of stopping Qing Mo, Lan Cai, and Bai Ku.

“Not at all, not at all. I was just unable to control my intentions to deal with this, so how can it be considered as madness? Watch me annihilate these demons and return peace to the world!” The Old Scholar wasn’t nervous at all, and he seemed pleased as he spoke. Moreover, he suddenly raised the shapeless sword as he spoke, and then swept forward horizontally.

Swoosh!

In an instant, the heavens collapsed, the earth split apart, and everything was obliterated!

Qing Mo, Lan Cai, and Bai Ku didn’t even have the chance to obstruct it before they were slashed into half at the waist, and then they were silently and soundlessly obliterated by the might of this sword strike!

They actually didn’t have the slightest strength to resist it at all!

Bang!

The Heaven Dao Fate Wheel was shattered into pieces and transformed into powder.

Bang!

Another wave of violent rumbling resounded, and then the Sovereign God Eradication Formation was destroyed completely!

The might of a single sword strike was actually so terrifying!

Chapter 1464: The Blood Of Gods Pour

A single sword light shocked and terrified the whole world!

This sword strike from the Old Scholar annihilated three Godslaughter Generals of the Sovereign Sect, destroyed the Heaven Dao Fate Wheel, and obliterated the Sovereign God Eradication Formation. It destroyed everything before it, and its might was so formidable that it was sufficient to leave behind a thick and heavy mark in the annals of history!

This was the might of Oracle Mountain's Fourth Lord. He researched books throughout his life like a pedant scholar, and he hadn't left the sect for many years. However, as soon as he did, he willfully sought revenge, and he didn't hesitate to sacrifice 10,000 years of his lifespan merely for the sake of destroying evil and returning peace to the world. It was a rare moment of madness for him!

At this moment, the Sovereign God Eradication Formation was destroyed, allowing Chen Xi and the others to be rescued, and when they witnessed this scene, all of them were shocked speechless and were unable to calm themselves for a long time.

This was imposing might, imposing might that terrified all!

But some didn't think so. For example, Li Yang couldn't help but be worried and furious when she saw the Old Scholar seemed like a dying old man who had a ghastly pale countenance, was in low spirits, was still coughing violently without end, and had strands of God Blood seeping out from the corners of his mouth.

"You old bastard! You don't care for your own life at all! Eldest Senior Brother wouldn't have allowed you to come here if he knew this would happen!" Li Yang moved forward and hurriedly supported the Old Scholar.

She was very clearly aware of how formidable the might of the Confucianist Sword Decree was, and she was even more clearly aware that the Old Scholar had injured his foundation by executing this strike, causing him to be powerless to fight another battle.

It was even to the extent that it was utterly impossible to recover from such injuries without a thousand years of rest. As for the lifespan he sacrificed, it was impossible to reclaim at all unless he was able to advance a step further on the path of godhood.

"I'm fine, I'm fine. It's a rare opportunity that I get to enjoy myself, so I should naturally go all out!" The Old Scholar waved his hand and acted heroic as he lifted up a wine gourd and swallowed down the wine within it.

Li Yang didn't stop him when she saw this, and she just gazed towards the sky.

"You actually dared to kill three of my brothers! Damnable Old Scholar! I'll fucking kill your whole family!" At practically the exact same moment, Chi Lian's howl resounded above the sky, and it was filled with boundless sorrow and rage.

"Hmph! All of you forced my fucking Fourth Junior Brother to sacrifice his own lifespan and execute the Confucianist Sword Decree! Let's get even for this first!" At practically the exact same moment, Tie Yunhai's furious voice resounded. He was similarly furious, and the Old Scholar's lifespan seemed to be more important than everything in his heart.

Rumble!

In the sky, the battle between gods was intense. Light shattered in the sky while void and chaos filled the surroundings. It was utterly impossible to pry into the situation of the battle. At this moment, even Immortal Kings wouldn't dare rashly enter the battlefield because they were bound to lose their lives there.

"Should we go and help?" Yuan Che spoke abruptly, and the others shot their gazes towards Li Yang in succession.

"There's no need for that. Third Brother has an inflexible and fiery nature. If all of you go to help him, then you'll be cursed by him instead, and he'll think all of you look down upon him. That's bad." The Old Scholar spoke before Li Yang and directly refused the good intentions of the others.

He wasn't looking down on the others, and it was just that he was extremely familiar with Tie Yunhai. He was very clearly aware that Tie Yunhai's strength was sufficient to deal with Tie Yunhai's opponents.

"Logically speaking, the Eye of Heavenly Tribulation should vanish once the Sovereign God Eradication Formation was destroyed. Why is it still floating there?" Li Yang muttered abruptly while her expression was enveloped in a trace of bewilderment.

The others noticed this scene as well, and all of them frowned slightly while they felt extremely bewildered in their hearts.

"Because this calamity... can't be stopped in the end." The Old Scholar sighed in a dispirited manner.

"What do you mean?" Li Yang's eyes focused as she asked.

"It's something that's predetermined. It'll happen sooner or later, so there's not much difference." The Old Scholar scratched his head and seemed to hesitate to speak any further. In the end, he gave her a vague answer.

The mood of the others couldn't help but feel heavy when they heard this.

Chen Xi didn't mind because so long as he was alive, then even if the calamity arrived, he would just have to go all out, and it was none other than a matter of surviving or perishing. However, his heart was unable to calm down when he recalled everything that had occurred today.

First, he'd fought with Zuoqiu Feng, Wei Xing, and the others, causing Midnight Immortal King, Xuanyuan Shao, Xuanyuan Fengchen, Xuanyuan Tabei, Zhao Taici, Ao Jiuwei, and Chi Cangsheng to come lend him a hand.

All of this ended with the deaths of Zuoqiu Feng, Wei Xing, and the others, and Chen Xi originally thought that everything ended after he finished taking revenge. Yet who would have imagined that the Last Days Vortex would suddenly appear, and then Sui Ren Ting, Zuoqiu Beiyong, and Zuoqiu Lenghua appeared right after that.

At that time, Chen Xi suddenly realized that this was a scheme that the Sovereign Sect had meticulously prepared a long time ago!

It was even to the extent that this scheme had even included everyone from Oracle Mountain and Nuwa's Dao Palace, and the Sovereign Sect intended to utilize the Sovereign God Eradication Formation to kill gods, sacrifice their God Blood, and cause the calamity to descend!

Fortunately, all of this had been seen through by Oracle Mountain and Nuwa's Dao Palace, and then a favorable turn appeared in the end. The Oracle Mountain's Third Lord Tie Yunhai and Fourth Lord the Old Scholar arrived together, and they fought the Godslaughter Generals, destroyed the formation, resisted the Eye of Heavenly Tribulation, and finally turned the situation around.

All of this seemed to be extremely simple, but it was actually terrifying and could be said to be filled with killing intent. It couldn't just be described with the word dangerous!

For example, such an encounter was simply like lingering at the edge of life and death, dancing on the tip of a blade. A single moment of carelessness would cause one to perish on the spot.

With Zhao Taici, Ao Jiuhui, and Chi Cangsheng's ability, they could only be reduced to taking a supporting role at that time, and this obviously showed how terrifying this tribulation was.

As for Chen Xi, he'd entirely assumed the role of a spectator. However, it was precisely because he'd experienced all of this that he'd deeply understood how terrifying the battles between the three supreme sects was, and he'd obtained a completely new understanding towards the hierarchy of the three dimensions, the strength of Immortal Kings, the might of the Godrank Realm....

Such precious experience wasn't something that just anyone could possess!

With the assistance of this experience, Chen Xi would only advance in an even more stable and composed manner in his future path towards the Dao.

Swish!

In the sky, the blood of gods suddenly poured down like a torrent, and it dyed the entire sky red.

"Hei Ling! Huang Zhong!!!" Chi Lian's shocked and furious howl resounded once more, and he was grievous and furious to the limit. It was the furious howl of a god, and it resounded through the world and terrified the hearts of all.

Obviously, another two Godslaughter Generals had fallen, and they'd lost their lives at Tie Yunhai's hands!

"Shout! Continue shouting! It's useless even if you tear your throat apart from shouting. In the boundless years of the past, you seven wolfhounds have always been following closely by the side of the Sovereign Sect's Master, and that was why all of you were able to avoid death on numerous occasions and survive until now. It isn't because all of your abilities are really extraordinary! Now that the Sovereign Sect's Master isn't here, could it be that all of you think you'll be able to survive?" Tie Yunhai's disdainful voice resounded right after Chi Lian's voice. "If it was those three Sect Priests of your Sovereign Sect that were here, then perhaps they would be able to fight me, yet all of you... are truly too weak! Is the World Enlightened True God Realm very extraordinary? It's only the lowest trash amongst the gods!"

"You're... going too far!" Chi Lian roared furiously.

"You're right, I'm bullying all of you dogs that keep watch for the Heaven Dao!" Tie Yunhai roared with laughter.

After that, all sound was drowned out by a wave of violent and terrifying rumbling.

“The Third Lord really is extraordinary!” Yuan Che and the others exclaimed with admiration in their hearts, and the others deeply agreed as well. Because such style, courage, and ferocity were impossible to describe with words.

Li Yang on the other hand had always been paying attention to the changes in the Eye of Heavenly Tribulation, and she said casually when she heard this, “All those years ago, my Third Senior Brother was just a boorish blacksmith that couldn’t read at all. Later on, he entered the sect by master’s side.”

“Right, Third Brother is the most boorish. He doesn’t have any manners, isn’t civilized at all, and he isn’t warm, kind, respectful, thrifty, or knows how to give way. He’s simply impossible to educate.” The Old Scholar shook his head and seemed deeply distressed.

Chen Xi couldn’t help but chuckled from this scene. This Fourth Senior Brother really is as Senior Sister said, he’s a pedant scholar that constantly tries to speak in a profound manner, yet he just happens to not be dislikeable and is filled with an amiable aura instead.

“Somethings not right! Even though the Eye of Heavenly Tribulation isn’t moving, its aura is changing.... Wait! It’s actually absorbing the aura of divinity from the fallen gods in the heavens and the earth!” Li Yang’s expression changed abruptly. “The blood of those fallen gods have actually been completely sacrificed to the Eye of Heavenly Tribulation!”

The others were shocked in their hearts when they heard this, and they faintly felt incomprehensible coldness in their hearts. Their hearts felt rather uncomfortable, yet they were just unable to determine the exact reason.

Bang!

In the sky, the blood of gods rained down once more.

This time, it was Jin Guang that fell, and at practically the exact same moment, Chi Lian’s extremely furious howl resounded. “Tie Yunhai, I’ll fight you to the death!”

“Dog, you intend to bring me down with you? You’re unworthy of that!” Tie Yunhai grunted coldly.

“Third Senior Brother, please stop!” Li Yang suddenly spoke loudly, yet it was unfortunately a step too late.

Rumble!

Along with Tie Yunhai’s voice resounding through the air, Chi Lian’s voice stopped abruptly. In the next moment, the surging blood of a god poured down once more from the sky, and it dyed the heavens and the earth red.

Swoosh!

At practically the exact same moment, Tie Yunhai’s robust figure appeared out of thin air. At this moment, his hair was dyed red with blood, and his gaze was like a bolt of lightning. His bronze skin that seemed to have been casted from copper still carried numerous marks from the battle, and his imposing might was extremely shocking.

He was like a god of battle that looked down upon the world, and he caused the hearts of others to tremble.

“Oh, Little Junior Sister, you should have said so sooner. You know it as well, I’m utterly unable to take back an attack I’ve executed.” Tie Yunhai chuckled when facing Li Yang, and he revealed an honest smile.

“It’s over now. We’ve fallen for the Sovereign Sect’s Master’s trap in the end....” Li Yang sighed faintly, and the gaze she shot at the Eye of Heavenly Tribulation was covered in a complicated expression.

We’ve fallen for the Sovereign Sect’s Master’s trap!

Everyone was shocked in their hearts and felt disbelief. The Sovereign God Eradication Formation was destroyed, the seven Godslaughter Generals were annihilated, everything has ended with our victory. So, how could he have still fallen for the Sovereign Sect’s Master’s trap?

Om!

Right at this moment, the Eye of Heavenly Tribulation in the sky that had originally fallen into deathly silence suddenly emanated an enormous and mysterious jet black glow.

At that instant, the blood of gods that suffused the heavens and the earth, the Divine Artifacts, the corpses of the gods.... So long as it contained the energy of divinity, all of them were instantly absorbed and swallowed by the Eye of Heavenly Tribulation!

Everyone was able to clearly sense that the Eye of Heavenly Tribulation’s aura had started to rise madly without end. In merely an instant, the aura of heavenly tribulation it emanated caused everyone present in the surroundings to feel suffocated!

“It really is as Eldest Senior Brother expected. In the end, this calamity that’s about to sweep through the three dimensions was predestined to descend today....” At this moment, Tie Yunhai’s expression became solemn as well. A light barrier of divinity arose from his entire body to envelop everyone, and it resisted the terrifying pressure that was ceaselessly emanated from the Eye of Heavenly Tribulation.

Chapter 1465: The Calamity Arrives

After it absorbed the energy of divinity, the might of the Eye of Heavenly Tribulation rose without end, and the might of the Heaven Dao it emanated seemed as if the end of the world was coming.

The sky had already collapsed and transformed into a chaotic flow of fragments, and the time, space, and laws within it were all within a state of great collapse.

All of this had been caused by the Eye of Heavenly Tribulation.

When one looked up from the ground, the deep, icy cold, indifferent, and emotionless eye had become the only overlord above the sky that was collapsing chaotically!

Besides Chen Xi’s group, there wasn’t another trace of life in this entire expanse of the heavens and the earth!

“Is it impossible to turn around any longer?” Li Yang spoke with a heavy mood, and the others were all like this as well. They revealed rare heavy expressions because they’d sensed an aura that omened the arrival of the calamity from within the Eye of Heavenly Tribulation.

“Eldest Senior Brother said that this is an irredeemable situation set up by the Sovereign Sect, and it’s predestined. No one in the three dimensions can undo it.” Tie Yunhai spoke with a booming voice. His entire body emanated thick energy of divinity that firmly defended everyone, allowing them to avoid being crushed by the pressure emanated by the Eye of Heavenly Tribulation.

“The Grand Dao always leaves a trace of a chance to survive in the heavens and the earth, and everything within the three dimensions is the same. So how can it be considered as an irredeemable situation?” Li Yang frowned and was extremely bewildered.

“Little Junior Sister, you don’t understand. That trace that’s left behind refers to the chaos at the absolute beginning of the world. The chaos gave birth to the Heaven Dao. The Dao begets one, one begets two, two begets three, and three begets all things.” It was the Old Scholar that spoke. His countenance was dim and ghastly pale, yet he was in high spirits and radiated energy when speaking about the principles and secrets of the universe. “All things live and die, and it’s their fortune. All living beings either suffer from greed, murder, sorrow, or happiness, and it causes them to be entangled by karma while their fates intersect. Thus, tribulations arise as the times require, and these tribulations are immeasurable and take all living beings to be ants...”

Li Yang lost her patience as she listened to this, and she interrupted him before he could finish. “Fourth Senior Brother, go directly to the end.”

The face of the Old Scholar froze, and he puckered his lips before he said in a slightly helpless tone, “In other words, this trace of a chance at survival was left behind for the myriad of living beings in the world and not us cultivators.”

When he noticed that everyone still didn’t understand the relationship between all of this and the irredeemable situation of today, Tie Yunhai immediately said frankly, “Little Junior Sister, take a look at this tribulation of today. No matter if all of you were trapped and killed within the formation or the seven Godslaughter Generals were annihilated, the outcome was the same. The God Blood, soul, and aura within would be devoured by the Eye of Heavenly Tribulation to become the fuse that caused the calamity to erupt.”

Tie Yunhai paused for a moment before he continued. “This is the irredeemable situation that the Sovereign Sect’s Master set up, and his final objective was to draw down the calamity in advance. Only in this way would the Sovereign Sect be able to gain the greatest benefit from this calamity. As for the fate of the seven Godslaughter Generals, it’s utterly unable to affect the will of the Sovereign Sect’s Master.”

Everyone finally came to a sudden understanding, and then a wisp of coldness couldn’t help but instantly arise in their hearts, causing them to feel as if they’d fallen into an icy pity!

Isn’t this Master of the Sovereign Sect too ruthless!? Even the seven Godslaughter Generals that fought by his side for countless years were reduced to pawns in his plans. Such schemes really are terrifying! At

this moment, the last trace of happiness in their hearts had completely vanished, and they felt slightly oppressed instead.

Indeed, they'd obtained victory in this battle and survived it. Yet after all is said and done, they were still firmly schemed against by the Sovereign Sect's Master, and they were utterly powerless to turn the situation around!

It was even to the extent that they'd played the role of pawns in the Sovereign Sect's Master's schemes this time!

This sort of feeling of being imperceptibly controlled by others was the true reason their hearts felt cold.

"Everyone, I intend to make a trip to Iris Immortal Prison." Right when everyone's hearts felt heavy, Chen Xi spoke abruptly. Only now did they notice that Chen Xi's expression was actually extremely gloomy at this moment, and it was filled with anxiousness.

Yes, once Chen Xi who'd experienced this tribulation and survived it calmed down, he suddenly realized a problem — his mother, Zuoqiu Xue, was still being confined with Iris Immortal Prison!

It wasn't his fault that he only realized now. Too many horrifying changes in the situation had occurred earlier. Every single step they took could be said to be on the border between life and death, so his heart and mind were utterly unable to calm down at all.

At this moment, Chen Xi suddenly returned to his senses and realized this problem. Thus, his expression was naturally extremely unsightly while he felt extraordinarily guilty and uneasy in his heart.

"Little Junior Brother, I'm sorry. This calamity was too severe, so my heart and mind couldn't help but overlook some things." Li Yang came to an understanding as well, and a wisp of an apologetic expression appeared on her face. As she spoke, she grabbed Chen Xi's hand before she said, "Come, let's go together."

"Wait!" Tie Yunhai suddenly stopped them.

Li Yang and Chen Xi were stunned, and then they turned around to look at Tie Yunhai.

Tie Yunhai's face carried a trace of a strange expression, and he pondered deeply for a moment before he said, "Iris Immortal Prison was destroyed by someone a long time ago before Fourth Brother and I arrived. However, you don't have to worry, Little Junior Brother, your mother is still alive. I'll tell you everything in a while."

Chen Xi's brows raised, and he went silent for a long time before he agreed in the end.

He didn't understand why his Third Senior Brother, Tie Yunhai, wanted to stop him, but since his Third Senior Brother said so, then it definitely carried deep meaning of its own, and he could trust his Third Senior Brother.

However, a trace of a bad premonition arose for no rhyme or reason within his heart. It seemed as if that even if his mother was alive, he would probably be unable to be reunited with her this time...

This was a feeling that was very hard to describe.

Li Yang raised her head and glanced at Tie Yunhai, and she restrained herself from asking in the end. She just said in a low voice to Chen Xi, "Don't worry. So long as Third Senior Brother said your mother is still alive, then he definitely isn't lying."

Chen Xi nodded and said with a smile, "I understand. Senior Sister, you don't have to worry about me."

"Little Junior Brother, drink with me!" Suddenly, a wine gourd was passed over. It was the Old Scholar. He grinned as he gazed at Chen Xi, and he had a gratified expression as he said, "Our Oracle Mountain finally has another disciple. Even though it's the first time we're meeting each other, Senior Brother still hopes that you'll be able to stay true to your heart and comprehend the Heaven's Dao. Moreover, you should read some books of the sages when you're free. The profundities within them lay in the heart and can't be described. If you're willing, you can borrow and study the books that I've collected and commented on over the years. You can even read through a primeval divine technique like the Confucianist Sword Decree..."

He babbled on in a long-winded fashion, and it caused Chen Xi to have no choice but to receive the wine gourd before Chen Xi said with a smile, "Thank you, Fourth Senior Brother!"

As soon as he finished speaking, he raised his head and gulped the wine down.

The wine was strong and sweet, causing a trace of fiery heat to surge throughout his body. Chen Xi's mind was refreshed from this, and quite a bit of the expanse of gloominess in his chest was washed away.

...

While they chatted, the Eye of Heavenly Tribulation in the sky suddenly stopped, and then an unexpected event arose abruptly!

An ethereal and blurry figure suddenly floated up into appearance within the Eye of Heavenly Tribulation. The figure had a tall and slender figure, crimson hair that hung loosely down his shoulders, a handsome appearance, and he held a violet decree in his hand. It was actually Suiren Ting!

"This fellow is actually still alive?" The pupils of everyone constricted when they noticed this scene.

"This fellow is already dead. If I'm not wrong, he has probably been taken over by a strand of the Sovereign Sect's Master's will. In other words, the person we're looking at now is the Sovereign Sect's Master!" Tie Yunhai revealed a solemn expression for the first time.

The Sovereign Sect's Master! As soon as these words were spoken, everyone felt shocked in their hearts and felt their scalps go numb.

Chen Xi's eyes narrowed slightly. When he looked over carefully, he really noticed that even though the figure within the Eye of Heavenly Tribulation belonged to Suiren Ting, his aura was completely different.

Suiren Ting was arrogant, unrestrained, domineering, and haughty like a king of flames, yet at this moment, the aura emanated from his body was an expanse of emptiness!

It was an empty, indistinct, shapeless, and colorless imposing aura. When looked at from afar, it seemed as if Chen Xi wasn't looking at a person but the supreme might of the heavens!

With merely a single glance, Chen Xi's heart trembled from no reason, and the hairs on his entire body stood on end.

He suddenly recalled the moment he was affected by the River Diagram fragments in the God Attainment Region and defeated the Eye of Heavenly Tribulation. He'd once seen a blurry figure then.

The inadvertent glance of that figure at that time caused the aura of the River Diagram fragments that enveloped Chen Xi's entire body to suffer a severe blow, and it instantly collapsed completely!

At this moment, when he saw the imposing aura revealed by 'Suiren Ting' and compared it to the blurry figure from that day, Chen Xi suddenly noticed that their imposing auras actually seemed similar as if they were the same person!

Could it be that the blurry figure on that day was the Sovereign Sect's Master? Chen Xi roughly determined something, and then tempestuous waves couldn't help but arise in his heart. He clearly remembered that he'd seen a chaotic space in the Eye of Heavenly Tribulation on that day, and within it was a dense expanse of cages that was seemingly boundless.

Every single cage confined an existence that was suffused with monstrous auras of divinity. Some were emanating furious howls that shook the heavens, some were standing silently, some were sighing sorrowfully on the ground, some had gone mad... It formed a scene that caused one's heart to shudder.

Cages, gods, the Sovereign Sect's Master, the Eye of Heavenly Tribulation... What sort of shocking secret is hidden behind all of this? Chen Xi seemed to have faintly grasped something, yet he wasn't able to figure it out at all.

"Watch out! The calamity is about to begin!" Third Senior Brother, Tie Yunhai's, voice suddenly resounded by Chen Xi's ears, causing him to swiftly return to his senses.

When he looked over carefully once more, he noticed that 'Suiren Ting' who stood within the Eye of Heavenly Tribulation had suddenly activated the violet decree in his hand. It erupted with numerous strands of mysterious and obscure glows that swept into the depths of the Eye of Heavenly Tribulation.

After that, the violet decree burned violently while even 'Suiren Ting's' entire body seemed to have been devoured by a shapeless force and vanished...

"The change of eras is the destiny of the Heavens. The Heaven Dao is like a cage, and the calamity should descend!"

Bang!

At this instant, this supremely dignified, indifferent, and completely emotionless voice resounded at the same time within the Mortal Dimension, Netherworld, Immortal Dimension, Dragon Dimension, Phoenix Dimension, and even all the numerous Secret Realms and spaces in the three dimensions

At this instant, all the myriad of living beings in the three dimensions, the countless beings, cultivators, spirits, immortals, demons, gods... All of them sensed it in their hearts, causing their expressions to change abruptly, and then they swiftly raised their heads and looked up into the sky.

“The calamity has arrived!” At this instant, numerous similar voices resounded in various different areas of the three dimensions. There were those that were shocked and furious, those that were sorrowful and grievous, those that felt despair, those that went mad...

At this instant, the entire three dimensions were stirred, and all living beings within it were shocked. This supreme calamity that had been deduced numerous years ago had finally started to sweep down and arrive!

Talisman Emperor

Chapter 1466: The Divine Chains Of Order

When that dignified voice that was supreme and indifferent resounded through the entire three dimensions, all the cultivators in the world were astounded, and they understood that this supreme calamity would be sweeping over at this moment!

Bang!

At the end of the distant horizon a muffled bang resounded, and it shook the boundless heavens and the earth and resounded throughout every single inch of sky in the three dimensions.

“It’s coming?” Chen Xi was terrified in his heart.

This rumbling bang wasn’t limited to the Immortal Dimension, and even all the ordinary cultivators of all the worlds in the universe sensed it at this moment.

“It’s about to!” A wisp of a sharp glow arose in the space above Third Senior Brother, Tie Yunhai’s, thick brows, and then he raised the enormous hammer in his hand before swinging it a myriad of times in an instant.

Layer upon layer of hammer images drew upon the energy in the heavens and the earth and linked up with the stellar bodies, and it emanated boundless energy of divinity. Profundities of the gods floated up into appearance within space, and then it transformed into dense talismans that formed into a grand formation.

This formation was a marvelous creation that excelled the work of nature. It was suffused with chaotic divine energy, and it revealed the images of chanting gods. It could be considered as supreme and boundless, and it enveloped everyone within it.

This is actually a Divine Formation formed by numerous Divine Talismans filled with the energy of divinity! Chen Xi saw through the profundities of this formation with a single glance, and he couldn’t help but be shocked. With this ability to instantly set up such a supreme divine formation, Third Senior Brother’s cultivation is so formidable that it’s simply unimaginable.

“Everyone, calm yourselves and wait calmly. Even though this calamity has erupted in advance because of the Sovereign Sect’s Master and is impossible to stop, yet once it descends now, it’ll escape the control of the Sovereign Sect. There’s still a trace of fortune to find amongst the lethal tribulations within it.” Tie Yunhai instructed in a low voice.

“What fortune?” Chen Xi was stunned.

“It’s naturally the path towards the ancient God Domain.” Li Yang muttered in a light voice.

As soon as these words were spoken, everyone else was fiercely shocked in their hearts. The path towards the ancient God Domain! That's an extraordinarily enormous fortuitous encounter! Especially Zhao Taici, Ao Jiuhui, Chi Cangsheng, and the other existences at the Godrank Realm. When they heard these words, all of their eyes lit up while they felt excited in their hearts.

"Even though fortune is great, you have to be alive to vie for it. In this calamity, there's only a trace of fortune, and it's extremely tiny. It's mostly filled with lethal tribulations, so it's difficult to say if we'll be able to survive." Li Yang sighed lightly.

A single sentence of hers was like a bucket of cold water poured on everyone, and it completely extinguished the hope in their hearts, causing their expressions to become solemn once more.

"Little Junior Brother, there's no need to worry. This calamity will at least continue for a very long period of time. Existences like commoners and ants are innocent, thus they won't be affected by the calamity. Even though this calamity is impossible to avoid for us cultivators, existences at the Godrank Realm will be the first to suffer misfortune." When she noticed Chen Xi's heavy expression, Li Yang couldn't help but smile and console him. "Unless all the experts at the Godrank Realm within the three dimensions completely vanished beneath this calamity, otherwise it won't affect existences beneath the Godrank Realm."

"So in this way, this calamity is targeted at existences at the Godrank Realm?" Chen Xi felt slightly at ease in his heart.

"No. In the end, the day will come when all existences at the Godrank Realm vanish. At that time, this calamity will descend onto cultivators at the Immortal King Realm, Half-step Immortal King Realm, Saint Immortal Realm, and so on and so forth." Li Yang shook her head and spoke in a serious manner. "This is the most terrifying calamity since the three dimensions were established. The aura of the Five Signs of Death has descended, and the heavens intend to establish a new era. Thus, no cultivators can escape it."

At this moment, Chen Xi finally understood how terrifying this calamity was.

It was existences at the Godrank Realm that would first suffer misfortune from it, then it would be the Immortal King Realm, the Half-step Immortal King Realm, Saint Immortal Realm, Golden Immortal Realm, and so on and so forth.

Unless this calamity ended, otherwise no cultivator would be able to escape it!

Crack!

While they conversed with each other, a spatial rift suddenly split open in the sky, and it flowed and stretched on without end. After that, all the worlds in the entire universe seemed to shake with extreme intensity. It was like a hole had been broken open in the Heaven Dao of the three dimensions, and all living beings were shaken.

At this moment, all the cultivators of the three dimensions shuddered with terror in their hearts, the demon beasts deep within the mountains howled, and various flying beasts were extremely anxious. All of them were restless, terrified, and uneasy.

In practically an instant, the skies of all the worlds in the entire universe were densely covered with spatial rifts that crisscrossed like spiderwebs, and it was on the verge of shattering into pieces. It seemed as if the sky was about to collapse and cease to exist!

Bang!

After a short moment, an enormous bang rumbled through every single corner of the three dimensions. It seemed like a new world had been established, and the Order of the Heaven Dao that maintained the operation of the three dimensions had actually been shaken at this moment, causing it to become chaotic and violent.

After that, a strange fluctuation arose on the shattered skies, and then a door was faintly being condensed and created there!

It was a door indeed, it was like the door of the sky, and it forcefully appeared within the Order of the Heaven Dao. It seemed to be extremely far away, yet it was reflected in all the worlds within the universe. Every single cultivator saw it clearly, and coldness arose from their hearts.

What's that door? Is it the door that leads to the calamity?

All living beings were full of panic, uneasiness, and anxiousness. They felt an unprecedented strand of a terrifying and oppressive aura, causing them to be on the verge of losing their minds.

Bang!

When the door in the sky condensed completely into form, the heavens and the earth suddenly shook, and all the worlds in the universe trembled!

"It's going to open!" Tie Yunhai took a deep breath and accumulated strength as he waited.

Chen Xi stared nervously at it. That door had been established in the sky, and it was reflected in all the worlds within the universe. Moreover, it was enveloped by an obscure fluctuation, and he was unable to discern exactly what it was.

However, merely looking at it caused the hairs on his entire body to stand on end while he felt terrified in his heart. It seemed as if the source of the calamity was within the depths of that door.

The sky shattered while a door stood towering within it, and it caused the heavens and the earth in all the worlds within the universe to dim down as if it was about to fall into eternal darkness and destruction...

Swish! Swish! Swish!

The door in the sky suddenly shook lightly, and then countless obscure raindrops of light poured down and swept towards the surroundings. This was the energy of the Heaven Dao that maintained the operation of the three dimensions. In the end, it actually transformed into numerous thick and large Divine Chains of Order!

When looked at from afar, the Divine Chains of Order seemed to be boundless. They enveloped the entire universe as if a cage that covered the three dimensions had suddenly appeared!

Rumble!

Along with the appearance of these Divine Chains of Order, all the worlds in the universe shook and were confined by a terrifying and obscure force. It gave others the terrifying feeling that it was impossible to escape or avoid.

“The Heaven Dao’s Cage!”

“The Last Days Domain is finally about to arrive!”

At this moment, Tie Yunhai and the Old Scholar spoke simultaneously, and they had solemn expressions.

The expressions of the others changed abruptly, and they felt anxious and fearful because such imposing might made it seem like the end of the world was really arriving!

All of the cultivators in the universe felt despair. Can any eggs survive when the nest is totally ruined? Was this the end of the world? Would anyone be able to escape such a calamity?

The boundless Divine Chains of Order swept out without end, and it was like a cage enveloping down. It covered every single area within the three dimensions beneath a shadow, and it was like a merciless shackle that intended to restrain all the living beings in the universe!

...

The Immortal Dimension.

Within a boundless and mysterious space.

An old man suddenly stood up and looked towards the sky while revealing a sorrowful and furious expression.

“After I attained the Godrank Realm, I laid dormant for countless years, and I didn’t even covet the fortuitous encounters in the ancient God Domain. Yet now, I’m going to be annihilated beneath this calamity. This damnable heaven really deserves death!” He roared furiously before charging out of the space he resided in, and he intended to flee from the three dimensions. However, before he could flee, over a thousand thick and large Divine Chains of Order appeared out of thin air, and they imprisoned him on the spot!

“I won’t fucking take this lying down!!” The old man struggled with all his might, yet it was in vain. His entire body was confined into a ball within an instant, and he was taken into the door within the sky.

...

In the Mortal Dimension.

At a vast river of stars in the universe was a boundless floating piece of land.

However, right at this moment, this boundless piece of land actually ‘stood up’, and then it shook lightly. Rocks fell down from it while dust and dirt suffused the surroundings, and then a mighty figure that could hold up the sky was revealed.

He stepped through the starry sky while holding stars in his hand, and his eyes were even brighter than the sun and erupted with boundless divine radiance.

At practically the instant he made an appearance, numerous Divine Chains of Order suddenly surged over violently within this expanse of the universe, and they imprisoned him from all directions.

“The Last Days Domain has finally arrived! My bitter wait of a million years wasn’t done in vain. This time, I can’t miss this fortuitous encounter no matter what!” His rumbling voice surged through the universe while that might figure roared with laughter, and he actually didn’t dodge and took the initiative to allow those Divine Chains of order to restrain him. After that, he took a stride forward and charged towards the door that stood towering in the sky above all the worlds in the universe.

...

Rumble!

The Netherworld.

A myriad of Divine Chains of Order surged into the depths of the Blood River, and it firmly bound a bloody figure before instantly taking it into the door in the sky.

...

Scenes like these occurred in every area of the three dimensions. The Divine Chains of Order seemed to exist everywhere, and they restrained god after god.

None of them could avoid it, none of them could escape. No matter how hidden their hidden spot was, or if they possessed supreme and world shocking might, they were unable to avoid suffering this tribulation in the end!

Simply speaking, when this calamity swept through the three dimensions, all existences at the Godrank Realm were like grass, and they were mercilessly shackled and taken away!

Even though all the living beings in the hadn’t witnessed these scenes, they were able to clearly see numerous figures with vast divine might being restrained by the Divine Chains of Order and brought into the door in the sky.

This caused all of them to shudder with terror and feel as if they’d fallen into an icy pit. In this calamity, even the gods are like ants and are utterly unable to escape at all. Can anyone in this world survive it?

Chen Xi had witnessed this scene as well, and besides feeling cold in his heart, he’d once again recalled the scene he witnessed within the Eye of Heavenly Tribulation. Within countless cages of the Grand Dao were numerous gods!

Could it be that the gods who’re being restrained during this calamity will be captured to a place outside the three dimensions as well? Chen Xi’s heart felt cold, and he didn’t dare continue on this train of thought.

“It’s coming!” Suddenly, Zhao Taici’s terrified and furious voice resounded by his ears.

When Chen Xi returned to his senses, he noticed numerous thick and large Divine Chains of Order enveloping down from the sky. They formed a dense and boundless mass as they surged towards them.

At this instant, everyone in the surroundings felt suffocated, and it felt as if they were on the verge of death!

Rumble!

Right at this moment, the divine formation that enveloped their surroundings was activated. It emanated an expanse of Divine Talismans that transformed into an expanse of brilliant clouds, and it clashed head-on with the Divine Chains of Order and erupted with strands of terrifying energy fluctuations.

In the end, the divine formation shook violently, yet it wasn't destroyed. On the other hand, the Divine Chains of Order had been obstructed outside it and weren't able to enter at all!

All of this was naturally done by Chen Xi's Third Senior Brother, Tie Yunhai!

All the others couldn't help but heave a sigh of relief in unison when they saw this, yet their faces were already covered in astonishment while they felt a lingering fear in their hearts.

"Everyone, this formation can only obstruct it temporarily. However, it's sufficient for us to prepare ourselves. In a moment, all existences at the Godrank Rank will follow behind me, and we'll break through the Grand Dao's Cage and fight our way into the Last Days Domain together!" Tie Yunhai spoke in a low voice, and the space between his brows was filled with an arrogant expression.

Talisman Emperor

Chapter 1467: Defying The Heavens

Amongst the people present here, besides Tie Yunhai and the Old Scholar, Meng Xinghe, Li Yang, Zhao Taici, Ao Jiuhui, Chi Cangsheng, Yuan Che, Kong Lin, Yuchi Wan, Yun Su, Shi Yu, and Xiangliu Li had attained the Godrank Realm.

There was a total of thirteen of them.

The others were all beneath the Godrank Realm.

According to Li Yang, when this calamity erupted, the existences at the Godrank Realm would be the first to bear the brunt of it. Moreover, unless all the existences at the Godrank Realm within the three dimensions were annihilated, otherwise this calamity would temporarily not affect existences below the Godrank Realm.

So as soon as Tie Yunhai finished speaking, the expressions of the existences at the Godrank Realm turned solemn. They circulated their cultivations, withdrew their respective Divine Artifacts, and then accumulated strength as they waited.

"The Last Days Domain is behind that door in the sky. If we're able to pass through it, then we'll have a chance to enter the ancient God Domain, whereas if we're unable to pass through it, then we'll either perish or be eternally imprisoned within it." Tie Yunhai controlled the divine formation to resist the Divine Chains of Order that smashed down without end while he swiftly spoke via voice transmission and warned everyone that they had to be careful.

“As for you, Little Junior Brother, you don’t have to be nervous. The Divine Chains of Order won’t affect you for now.” As he spoke, Tie Yunhai seemed to have realized something, and he sent a voice transmission to Chen Xi alone. “Little Junior Brother, even though the Iris Immortal Prison has been destroyed, there’s a safe place within it. You can head over there once this calamity falls still. At that time, you’ll understand everything.”

Chen Xi’s heart shook, and he nodded.

“Little Junior Brother, this is our Oracle Mountain’s Star Spirit Jade Disk. You’ll be able to arrive at the area where the sect resides by relying on this treasure. After we part ways this time, I don’t know when we’ll be able to meet again, so you have to take good care of yourself.” Suddenly, Li Yang spoke as she passed a jade disk that was suffused with piercingly cold starlight to Chen Xi, and then she revealed an expression that showed her sorrow and reluctance to part with Chen Xi.

Chen Xi’s heart shook. “Senior Sister, you’re leaving as well?”

“It isn’t just me. All the Senior Brothers and Senior Sisters of our Oracle Mountain are leaving. No one is able to escape this calamity in the end...” Li Yang sighed lightly and was slightly dejected.

A wisp of complicated feelings suddenly arose in Chen Xi’s heart, and he took a deep breath and put the Star Spirit Jade Disk away in the end. After that, he said in a serious and solemn manner, “Don’t worry Senior Sister, I’ll take care of everything in the sect.”

Li Yang said with a smile, “All of these are only external belongings, and there’s no need to attach too much importance to them. One day, this calamity will affect you in the end. Perhaps, we’ll be able to meet once more in the ancient God Domain.”

“Little Junior Brother, I left the sect hastily this time, and there are numerous books of mine still within the sect. If you have the free time, then please keep them safe and don’t allow them to be destroyed in this calamity.” The Old Scholar instructed.

“Don’t worry Senior Brother, leave it to me.” Chen Xi nodded and agreed without the slightest hesitation.

“Little Junior Brother, there are still numerous Innate Bone Markings I gathered from all over the three dimensions in the recent years within the sect, and there are many formidable Divine Techniques amongst them. Little Junior Brother, take all of them and study them. Hahaha!” Tie Yunhai roared with laughter as he instructed.

“Junior Brother Chen Xi, you have to take good care of Dao Emperor Academy after I leave. It’s something the Dao Emperor established painstakingly, and you must not allow others to encroach on it. When you head to the Last Days Domain, you should find a reliable candidate to take over the academy as well. In this way, it would be passed down forever, and we wouldn’t let down the Dao Emperor’s kindness of founding the academy.” At this moment, Meng Xinghe spoke as well, and he passed an extremely old bronze jade seal to Chen Xi.

This jade seal was only the size of a fist, and it was branded with grand diagrams of the sun, moon, stars, the land, and so on and so forth. It emanated boundless energy of Karmic Luck that assaulted the face.

This was the Ultimate Treasure of Dao Emperor Academy, the Nineflow Jade Seal. It was a vital treasure that held down Karmic Luck, and it was passed down for boundless years. Moreover, this jade seal had long since been nurtured by the Karmic Luck of the Heaven Dao into a Divine Artifact, and it was unfathomably profound.

Only the Dean of Dao Emperor Academy could possess this jade seal.

When they saw this scene, Hua Jiankong, Zuoqiu Feiming, Xuanyuan Shao, and the others were shocked in their hearts, and the gazes they shot at Chen Xi couldn't help but become slightly complicated. Because Meng Xinghe's actions of passing this jade seal to Chen Xi was equivalent to telling the entire Immortal Dimension that Chen Xi would succeed his position as Dean of Dao Emperor Academy!

Chen Xi didn't know what the Nineflow Jade Seal meant. However, even if Meng Xinghe didn't do this, he would still do all of this for Meng Xinghe because the Dao Emperor, Ji Yu, was his own Martial Uncle.

"Chen Xi, now that you've already stepped foot into the Half-step Immortal King Realm, these are all the experiences and comprehensions I obtained over the years after advancing into the Immortal King Realm. I haven't taken any disciples, so it's useless if I keep it. So why not give it to you." Midnight Immortal King spoke at this moment as well, and she passed over a light violet colored jade slip to Chen Xi.

"You're...leaving as well?" This time, Chen Xi was stunned instead because he was clearly aware that Midnight Immortal King hadn't advanced into the Godrank Realm.

"I'm only a trace away from advancing, and I'm able to sense that the Last Days Vortex is where my fortuitous encounter resides." Midnight Immortal King Grinned as she spoke.

Chen Xi couldn't help but glance at his Third Senior Brother, Tie Yunhai.

Tie Yunhai pondered deeply for a moment before he said, "If one enters the Last Days Domain by one's self, then all living beings in the world can arrive there. However, the tribulations one would encounter while entering at this moment with all the experts at the Godrank Realm isn't something that just anyone can endure."

As he spoke, he briefly sized up Midnight Immortal King, and then he nodded and said, "You already possess the foundation to become a god. If you're determined to take this path, then come along with me."

"Thank you, Daoist Brother, for helping me achieve this wish of mine!" Midnight Immortal King bowed with delight as she spoke.

At this moment, even Hua Jiankong, Xuanyuan Shao, Xuanyuan Fengchen, Xuanyuan Tabei, and Zuoqiu Feiming were extremely tempted as well.

Even though this calamity was extremely terrifying, and there was only a slim chance of survival while there was only a trace of fortuitous encounter to be found. However, if they were able to follow by the side of Oracle Mountain's Third Lord, Tie Yunhai, and the others, then they would undoubtedly be much safer, and their chances of obtaining fortune would improve greatly!

Even if they were existences at the Immortal King Realm, but what if they advanced into the Godrank Realm within the Last Days Domain? What if they entered the ancient God Domain?

Sometimes, even if one was clearly aware that the path ahead was covered in brambles and death, but for the sake of obtaining that trace of fortune to attain the Dao, no one would be able to refuse the temptation of such fortune.

Tie Yunhai swept Hua Jiankong and the others with his gaze, and then he said, "All of you have to consider this carefully."

All of their eyes lit up. He didn't refuse?

They practically didn't hesitate to agree, and their expressions were extremely firm. The calamity was extremely terrifying while the Last Days Domain was extremely terrifying as well, but for the sake of going even further on their path towards the Grand Dao, they intended to fight for it this time!

Beneath the calamity, all gods fought for supremacy, and they set out to vie for that trace of fortuitous encounter. If one didn't vie, then one was bound to have no choice but to stop on one's path towards the Grand Dao, feel powerless and frustrated, and then accomplish nothing from then onwards!

All the Immortal Kings present here were figures that possessed great determination and willpower, so they would naturally not miss such an opportunity.

"You can't. Your own Immortal King Foundation has been exhausted too greatly, so you'll only be courting death if you followed us." Suddenly, Tie Yunhai spoke as he gazed at Zuoqiu Feiming, and he wasn't tactful with his words at all.

In an instant, Zuoqiu Feiming's countenance turned dim and ghastly pale. He'd tried to detonate himself twice during the violent battles earlier, and even though he didn't succeed in the end, it had damaged his foundation.

He himself understood this, but when he thought about how he was about to miss the opportunity to obtain that trace of a fortuitous encounter, he couldn't help but feel an extreme sense of loss."

"Senior, you'll still have a chance in the future." Chen Xi consoled.

Zuoqiu Feiming nodded and forced out a smile, yet he was still grievous in his heart. I will indeed have a chance in the future. But at that time, how could I possibly have the chance to follow Oracle Mountain's Third Lord all along the way?

While they spoke with each other, Tie Yunhai had been constantly resisting the Divine Chains of Order that attacked without end. Up until the moment, the strength of the Divine Chains of Order had become more and more terrifying, and they fluttered throughout the sky and drowned the heavens and the earth!

Bang! Bang! Bang!

The divine formation fluctuated violently, and it was on the verge of collapse.

This caused Tie Yunhai's expression to instantly become murderous and solemn, and it was filled with an awe-inspiring aura, "Fourth Brother, Little Junior Sister, are both of you prepared?"

It's finally time! The hearts of everyone shook, and they didn't dare let their thoughts run wild any longer while they accumulated strength and waited.

"Wait!" Li Yang seemed to have thought of something, and she withdrew a folded net. This treasure was crystalline, translucent, and emanated strands of piercingly cold starlight. It seemed ethereal and dreamlike, and it was light to the point it seemed as if it didn't exist. Moreover, it was covered in an aura that enchanted the mind.

"Little Junior Brother, take this Overarching Heaven Net. In a moment, when we head to the Last Days Domain, utilize this treasure to capture the shattered Divine Chains of Order..." Li Yang passed the treasure over to Chen Xi as she said via voice transmission, "Remember, you must grasp this opportunity. This is an unprecedented calamity in the three dimensions, and it's similarly an unprecedentedly great Karmic Luck. Perhaps you'll be able to rely on this opportunity to establish your Immortal King Foundation, otherwise once you miss this opportunity, you'll have to wait bitterly for great Karmic Luck to descend again, and who knows how long that will take."

Chen Xi was shocked in his heart, and he was both moved and pleasantly surprised.

He recognized this treasure. It was refined from Starsoul Sand and Chaotic Five-colored Rocks, and it was a Natural Spirit Treasure left behind by the Master of Oracle Mountain, Fuxi. As it was said, the net of the heavens captures all. Even the Dao Insight, Laws, Karmic Luck, and other ethereal things in the heavens and the earth could be captured by this treasure!

All those years ago when a great and unexpected change occurred in the heavens and the earth while he was in the Dark Reverie, Li Yang had relied on this net to help him capture a strand of the shattered energy of the Heaven Dao, allowing him to completely establish his foundation to ascend into the Heavenly Immortal Realm.

Now, Li Yang obviously intended to make Chen Xi rely on this treasure to capture the Divine Chains of Order in order to seize the Karmic Luck within them and establish his foundation to advance into the Immortal King Realm!

How could Chen Xi not be moved and pleasantly surprised by such a present and her concern?

"Little Junior Sister really is thoughtful. Everyone, let's begin!" Tie Yunhai roared with laughter and didn't hesitate any longer to suddenly remove the divine formation, and then he held the enormous hammer in his hand while soaring up into the sky.

Rumble!

When the divine formation vanished, countless thick and large Divine Chains of Orders instantly enveloped down, and they seemed like a myriad of iron cages that intended to restrain everyone.

"Get the fuck away!" Tie Yunhai roared loudly while his gaze was like a bolt of lightning. He emanated monstrous divine might while a terrifying aura of divinity rumbled on his bronze skin, and he seemed like a god that was defying the heavens as he fought.

With a single smash of his hammer, the myriad of Divine Chains of Order that surged and rumble over were actually shattered inch by inch!

This scene was simply mighty and ferocious to the limit.

All of the others that wholeheartedly desired to enter the Last Days Domain were shocked in their hearts. They didn't dare hesitate to follow closely behind Tie Yunhai, and they were deeply afraid that they would lose this chance if they were a bit too slow.

"Little Junior Brother, make your move!" At practically the exact same moment, Li Yang cried out in a clear voice. She reminded Chen Xi to make a move and gather the shattered fragments of the Divine Chains of Order.

[Talisman Emperor](#)

Chapter 1468: Seizing The Luck Of The Heavens

The Divine Chains of Order rained down like a storm. Every single one of them was extremely thick and large, and they danced about wildly in the entire sky and were suffused with monstrous and supreme heavenly might as they descended into all the worlds in the universe.

At this moment, all the existences at the Godrank Realm within the three dimensions were like grass. They were powerless to struggle, and no matter where they hid, they were restrained and swept into the door in the sky, and the Last Days Domain was behind that door!

However, when Oracle Mountain's Third Lord, Tie Yunhai, soared into the sky, he destroyed everything before him with the enormous hammer in his hand, and he crushed the Divine Chains of Order like they were dry leaves. He revealed peerlessly formidable and heaven defying imposing might.

Bang!

The Divine Chains of Order exploded into pieces, and they transformed into an obscure rain of light that covered the sky.

Tie Yunhai led everyone upwards into the sky, and they charged up directly towards the door in the sky above all the worlds in the universe.

Rumble!

The Heaven Dao seemed to have been infuriated by this scene, and it ceaselessly smashed down with numerous Divine Chains of Order. They were like a cage that confined the heavens and the earth, and they formed a boundless dense mass that seemed to intend to completely restrain and annihilate Tie Yunhai's group.

"Hmph!" Tie Yunhai grunted coldly while his robust figure that as like an iron pagoda emanated boundless talismans. It formed into an enormous Godly Avatar that stood towering in the world, was boundlessly vast, and emanated a supremely dignified aura.

He held the enormous hammer in hand while he swung it without end, and he forcefully smashed open a path amongst the myriad of Divine Chains of Order and moved up against the heavens. His peerlessly ferocious bearing simply seemed like that possessed by a peerless god that was supreme in the world!

According to the current situation, their group would definitely not be restrained before they were able to safely charge into the door in the sky.

At this moment, only Chen Xi, Zuoqiu Feiming, and the Half-step Immortal Kings from the Zuoqiu Clan remained, and they weren't affected by this calamity.

This proved what Li Yang said earlier. The first to suffer the calamity would be the existences at the Godrank Realm, and only when all the gods of the three dimensions were completely annihilated would it be the turn of the others beneath the Godrank Realm to suffer the calamity.

Li Yang didn't have to remind Chen Xi again. Chen Xi seized this opportunity to utilize the Overarching Heaven Net, and it swiftly transformed into a wisp of piercingly cold flowing light that charged into the sky.

Swish!

The crystalline and translucent net swiftly swept out, and it emanated strands of dreamlike and illusory starlight while seeming capable of taking all things in the world within it.

Chen Xi could clearly notice that the Divine Chains of Order that ceaselessly smashed down from the sky actually seemed to not notice this net at all, and they allowed the Overarching Heaven Net to pass through without causing any trouble.

Chen Xi was shocked and amazed in his heart when he witnessed this. This Overarching Heaven Net really deserves to be a Natural Spirit Treasure. It was actually able to disregard all obstruction and move at will. It can really be said to possess unfathomable profundities.

"Gather!" In next to no time, some shattered pieces of Divine Chains of Order were captured, and they were taken into the Overarching Heaven Net.

However, right at this moment, the Overarching Heaven Net suddenly started shaking violently. The pieces of the Divine Chains of Order that were captured within it had started to struggle violently, and they rampaged about and seemed to intend to escape as if they possessed a consciousness of their own.

Pu!

Chen Xi coughed up a mouthful of blood and suffered from backlash.

On the other hand, those captured pieces of the Divine Chains of Order seized this opportunity to swiftly charge out of the Overarching Heaven Net.

Dammit! The strength of these shattered Divine Chains of Order is too terrifying. Even though I'm able to capture them with the Overarching Heaven Net, I'm utterly unable to subdue them.... Chen Xi's face sank, and he finally realized how terrifying the might of the Divine Chains of Order was.

This caused him to feel even more admiration towards his Third Senior Brother Tie Yunhai. Because he was powerless to subdue mere shattered pieces of the Divine Chains of Order, whereas, Tie Yunhai was moving up step by step amidst a myriad of Divine Chains of Order. This obviously showed how terrifying Tie Yunhai's strength was.

However, Chen Xi didn't give up because this was an unprecedentedly great Karmic Luck. Since his Senior Sister Li Yang gave the Overarching Heaven Net to him, then she obviously felt that his current ability was sufficient to accomplish this.

He discarded all distracting thoughts and took a deep breath before utilizing the Overarching Heaven Net for the second time.

Swish!

The translucent and crystalline net shot out like a dreamlike glow and entered into the sky.

This time, Chen Xi was much more careful. He didn't spread out the net like he did earlier, and he chose a small shattered piece of the Divine Chains of Order and captured it!

Bang! Bang! Bang!

Even then, the strength revealed by this small piece of the Divine Chains of Order as it struggled was extraordinarily great, and it shook the Overarching Heaven Net to the point of trembling intensely and being almost on the verge of allowing it to escape.

Chen Xi suddenly gritted his teeth and circulated his entire cultivation. A myriad of strands of immortal glows arose from his entire body, and he forcefully endured the terrifying impact as he brought the net back!

I've succeeded!

Right when this thought flashed within Chen Xi's mind, a bang resounded as a strand of a blazing and obscure torrent suddenly surged into his body. This energy was vast and supreme. It contained the energy of the Heaven Dao and was filled with the aura of a myriad Daos. It represented the dignity of the Heavens, the order of the heavens!

Yet now, this energy had been absorbed by Chen Xi. In an instant, it created a terrifying warm current that surged through his body. It caused the tendons, bones, skin, blood, meridians, internal organs, Immortal Force... everything within his body seemed to be immersed in a vast ocean at this moment, and the ocean water was the energy of the Order of the Heaven Dao.

The Order of the Heaven Dao was the energy that operated and maintained the three dimensions!

During this calamity, the Divine Chains of Order that Tie Yunhai shattered even represented the supreme and paramount might of the heavens, so it was obvious how terrifying the energy contained within it was.

Just as Li Yang had said, there was great Karmic Luck and great fortune within the calamity, and it was naturally an extraordinary fortuitous encounter that was boundlessly beneficial to one's cultivation in the future if one was able to capture this Karmic Luck and fortune.

Now, Chen Xi was lucky enough to absorb a piece of the shattered Divine Chains of Order, and it was equivalent to capture the Karmic Luck of the Heavens and obtaining great fortune. It was sufficient to provide extraordinary benefits towards the establishment of Chen Xi's Eternal Immortal King Foundation.

Rumble!

The tune of the Dao that sounded like the roar of a dragon resounded from Chen Xi's body, and it surged out in waves. Moreover, the universe within his body had even suddenly started to circulate madly and

emanate a myriad of strands of vast divine radiance that surged throughout every corner of the universe within his body.

At this moment, a strand of the energy of Karmic Luck circulated around Chen Xi's body, and it carried the aura of the Dao as it cleansed him, allowing him to seem ethereal like a god and otherworldly.

On the other hand, within his body, boundless dark gold Immortal Force, his essence, energy, and spirit... Everything was seething and circulating at an unprecedented rate, and they circulated without end while surging with an indescribable aura of the Dao.

He was establishing his Immortal King Foundation with great Karmic Luck!

As it was said, it was impossible to become an Immortal King without Karmic Luck!

How much great Karmic Luck had descended into the world since the ancient times? Just look at the number of Immortal Kings within the three dimensions and one could find out how difficult it was to attain the Immortal King Realm.

Amongst over 10,000 Half-step Immortal Kings, there were probably only a mere few that were able to step foot into the Immortal King Realm.

However, all of these difficulties were unable to pose a barrier for Chen Xi any longer. He'd already started to absorb 'great Karmic Luck', and he'd started to rely on the might of the Divine Chains of Order to establish his foundation to attain the Immortal King Realm. Once he succeeded, his might would definitely be extraordinary.

After all, this was an unprecedentedly great Karmic Luck. How many people in the three dimensions were able to utilize the Overarching Heaven Net to capture the pieces of the Divine Chains of Order like Chen Xi had?

Not to mention that even if other Half-step Immortal Kings possessed the Overarching Heaven Net, it would probably be of no use. Because how many people could shatter the Divine Chains of Order into pieces like the Third Lord of Oracle Mountain?

As for a complete Divine Chain of Order, even most experts at the Godrank Realm were unable to go against it, let alone capture it.

It could be said that this extraordinarily great Karmic Luck that Chen Xi obtained today was absolutely unique in the entire world, and all of this couldn't do without the help of his Third Senior Brother Tie Yunhai and the Overarching Heaven Net given to him by his Senior Sister Li Yang....

"This won't do, it isn't enough! The opportunity this time is difficult to come by in a million years. I absolutely can't waste it like this!" Suddenly, Chen Xi opened his eyes once more, and he disregarded the various energies that were circulating madly within his body while he utilized the Overarching Heaven Net once more, causing it to surge into the sky.

At this moment, Tie Yunhai had already charged extremely high up into the heavens, and they were about to charge into the door that led to the Last Days Domain.

If he waited for them to enter it completely, then Chen Xi could dream of capturing any more shattered pieces of the Divine Chains of Order. The reason was extremely simple, if Tie Yunhai was gone, then there would be no more shattered pieces of the Divine Chains of Order.

So, at this moment, if he wanted to obtain the most Karmic Luck he could obtain, then he naturally had to make the best use of every second. Otherwise, once he missed this opportunity, he wouldn't have another similar opportunity in the future.

Swish! Swish!

In the short moment, the Overarching Heaven Net ceaselessly swept out, retracted, and captured piece after piece of shattered Divine Chains of Order. They were all absorbed by Chen Xi, and they transformed into surging torrents that surged throughout his body.

During this entire process, the universe within his body rumbled without end and expands endlessly. Strand after strand of blazing torrents surged within it, and it covered every single corner of the universe within his body in a thick layer of the aura of the Dao.

Moreover, this energy was ceaselessly expanding and improving....

Rumble!

Right when Chen Xi intended to act once more, he felt his entire body shake. Every single pore on his body emanated strands of a pure aura of the Dao, and it was suffused with a myriad of strands of obscure glows that were about to vanish in the heavens and the earth. He showed signs of overflowing.

This allowed Chen Xi to instantly understand that the energy of the Divine Chains of Order that he'd absorbed had already arrived at the limits that his own foundation could endure. If he continued absorbing, then he would just waste this great Karmic Luck.

"Seniors, this fortuitous encounter can't be missed just like that. Please prepare yourselves to receive the Karmic Luck of the Heavens. I'll help all of you to capture this fortuitous encounter." Suddenly, Chen Xi turned around and instructed Zuoqiu Feiming and the others, and then he didn't stop at all before utilizing the Overarching Heaven Net again.

Zuoqiu Feiming was the senior of his mother, Zuoqiu Xue, while the other elders of the Zuoqiu Clan by his side that were at the Half-step Immortal King Realm had always been supporting his mother as well.

At this opportune moment, Chen Xi would naturally not be biased towards them. Since he was unable to absorb the pieces of the Divine Chains of Order any longer, then he intended to capture them and give them to Zuoqiu Feiming and the others. He took it to be repaying them for their protection and support towards his mother throughout all these years.

Zuoqiu Feiming and the others were shocked in their hearts when they heard this, and they revealed joyful expressions while feeling extremely grateful.

They'd witnessed everything earlier, and they'd felt extremely envious in their hearts since a long time ago. After all, this was extraordinarily great Karmic Luck that was difficult to come by in a million years. Could anyone in the entire three dimensions overlook such an extraordinary temptation?

Now, Chen Xi actually intended to share some of this Karmic Luck with them, so it naturally caused them to feel overjoyed, and they were extremely moved by this.

“Chen Xi...” Zuoqiu Feiming took a deep breath and spoke with gratitude.

Swish!

However, before he could finish speaking, a piece of the shattered Divine Chains of order had descended down towards him and surged into his body, causing his entire body to instantly stiffen. He didn't dare hesitate at all and hurriedly sat down cross-legged before starting to concentrate on absorbing it.

“Seniors, all of you have to be prepared as well.” Chen Xi smiled before he took action once more.

Chapter 1469: Tempering His Dao Foundation

Swish!

Chen Xi acted once more, and he was able to accomplish it easily from the previous experience he obtained.

The crystalline Overarching Heaven Net that was suffused with piercingly cold starlight spread out without end, and it captured piece after piece of the shattered Divine Chains of Order in the sky, and then he gave it respectively to those elders of the Zuoqiu Clan at the Half-step Immortal King Realm.

All of those elders were overjoyed from receiving such extraordinarily great Karmic Luck, and they didn't dare hesitate to sit down cross-legged successively and start to absorb it with all their strength. Moreover, they didn't dare be careless at all as they were deeply afraid of wasting such a fortune.

“Little Junior Brother, we'll be waiting for you at the ancient God Domain. Take care of yourself!”

“Hahaha! Little Junior Brother, goodbye!”

“Little Junior Brother, remember that reading is to read the truth, yet where's the truth of the Dao? It's none other than in your own heart. It's to stay true to your heart. Kill when you should kill, retreat when you should retreat. In this way, the gods of the heavens and the earth and the evil in the universe would be nothing worth mentioning!”

Suddenly, a wave of farewells resounded down from the sky, and it was his Senior Sister Li Yang, Third Senior Brother Tie Yunhai, and Fourth Senior Brother the Old Scholar that were bidding their farewells to him.

Chen Xi suddenly stopped everything he was doing and swiftly raised his head, and his gaze was like a bolt of cold lightning as it looked over from afar. He saw Tie Yunhai and the others had already charged through the myriad of Divine Chains of Order, and they'd entered into the door in the sky.

Their voices still resounded by his ears, yet they'd already vanished.

Chen Xi stood with his hands behind his back. His clothes fluttered while he stared blankly, and a complicated and reluctant feeling surged out from his heart. He only took a deep breath after a long time, and then stopped thinking about it.

He sat down cross-legged, and then started to meditate and absorb the energy from the Divine Chains of Order that were rumbling without end in his body.

...

Chen Xi was clearly aware that no matter if it was for the sake of taking revenge for the Nine Radiance Sword Sect or to go against this supreme calamity that had swept through the three dimensions, he was bound to step foot into the Last Days Domain one day.

Because the Sovereign Sect hadn't been annihilated!

Moreover, it was because a trace of a chance to enter the ancient God Domain resided within the Last Days Domain. The path towards the Grand Dao was never ending so long as one was alive. His path was bound to not stop here!

...

Within a mysterious Secret Realm in the three dimensions. The land was densely covered by numerous mountains, and these mountains were either tall, aloof, or imposing. They were scattered all over like the stars in the sky and emanated five colored divine qi. Moreover, they were enshrouded by multicolored divine light that illuminated the heavens and the earth in a dreamlike and illusory manner.

This was the place where one of the three supreme sects of the three dimensions, Nuwa's Dao Palace, resided — Skandha World!

Worldmend.

This was the place where the Founding Ancestor of Nuwa's Dao Palace, Nuwa herself cultivated. According to legend, it was refined from a true Chaotic Five-Colored Rock, and it was densely covered with supreme Divine Restrictions that contained the myriad of profundities in the universe. It was said to be the number one paradise in the three dimensions.

At this moment, a group of sage-like men and women were gathered on the platform outside Worldmend, and all of them had solemn and respectful expressions while they seemed as if they were waiting for something.

If one looked carefully, the auras of these men and women were like an abyss, like a void. Their entire bodies were suffused with strands of the aura of divinity, and they seemed like numerous gods standing towering there with imposing might that shook the hearts of all.

Obviously, this was a group of existences at the Godrank Realm!

"Everyone, the Sect Master has given the order. You can take action right now, and there's no need to wait any longer." Suddenly, a white deer whose entire body flowed with five colored divine radiance appeared out of thin air and stood upright in midair. Its voice was like the sound of the morning bell, and it was magical and extraordinary.

"Lu'er, the Masters of the Four Spirit Palace, Shi Yu, and Xiangliu Li still haven't returned. Why don't we wait a while longer for them?" asked a violet haired woman in the lead who wore a celestial dress, a crimson red divine crown, and had calm expression.

The others nodded in succession as well.

“Everyone, there’s something all of you are unaware of. The Masters of the Four Spirit Palaces, Shi Yu, and Xiangliu Li have already headed to the Last Days Domain with Oracle Mountain’s Third Lord and the others,” replied the white deer.

“Then...once we leave, what about those disciples in the sect?” The violet haired woman frowned and was slightly worried.

“The Sect Master has already decided to execute a supreme divine technique and seal the Skandha World within a tiny mustard seed. In this way, it’ll be sufficient to avoid the descent of the calamity.” The white deer spoke calmly, and it seemed to have prepared everything a long time ago.

When they heard this, everyone including the violet haired woman felt at ease, and they didn’t hesitate to bid their farewells and leave.

“Lu’er, do you still remember the path towards the ancient God Domain?” Right after everyone had left, an indistinct voice suddenly sounded out from the depths of Worldmend.

“Sect Master, disciple has never dared to forget it. However, according to disciple’s knowledge, this path is currently under the control of the Sovereign Sect’s Master. Now, it seems like only that path within the Last Days Domain remains.”

“The Sovereign Sect’s Master... Nevermind, come with me. All those years ago, since Fuxi and the others used it as their path, then there’s definitely extraordinary secrets within it.”

“Sect Master, do you intend to enter into battle with the Sovereign Sect’s Master?”

“No, the path can be taken under control, yet it’s unable to obstruct my footsteps. Lu’er, go seal the Skandha World right away, and then leave with me. The karma within the three dimensions has to be put to an end to in the ancient God Domain after all...”

“Yes!”

...

The Sovereign Realm.

Above the 33 levels of the Sovereign Realm.

“The calamity has already descended. Sect Priests, how are the preparations?” A voice that was filled with supreme dignity rumbled as it swept through the entire Sovereign Realm.

At this moment, the hearts of all the elders, disciples, and followers of the Sovereign Sect shook, and they knelt on the ground.

“Sect Master, all the elders at the Godrank Realm have already arrived at the Last Days Domain.”

“Sect Master, all the disciples at the Immortal King Realm within the Sect have taken action and headed to the Immortal Dimension.”

“Sect Master, the numerous followers in the Sect have already headed to the Netherworld and Mortal Dimension.”

At practically the exact same moment, three voices that were either firm, feminine, or gloomy swiftly resounded in the Sovereign Realm, and they represented the three Sect Priests of the Sovereign Sect.

The three of them didn't just possess unfathomable strength, their status and authority in the Sovereign Sect was so great that they were only inferior to the Sect Master, and they could be said to be beneath one and above all.

“What action have Oracle Mountain and Nuwa's Dao Palace taken?” The Sect Master's supreme and dignified voice resounded once more, and it was like the emotionless tune of the Heaven Dao was resounding. It was filled with a mighty force instilled terror in the hearts of all.

“Sect Master, besides Oracle Mountain's Second Disciple, Daoist Sheng Ji, that's still missing and the Fourteenth Disciple, Chen Xi, all the other disciples of Oracle Mountain have already headed to the Last Days Domain.”

“Nuwa's Dao Palace sealed up the Skandha World today. According to my inference, all the existences at the Godrank Realm including the Sect Master Nuwa have already started to take action.”

After they finished answering, the entire Sovereign Realm fell into deathly silence.

“She sealed up the Skandha World... Such resolution. For the sake of allowing her disciples to avoid the calamity, Nuwa didn't hesitate to sacrifice her God Quintessence and execute such a forbidden secret technique. Unfortunately, all of this was done in vain in the end.” The Sovereign Sect's Master seemed to have fallen into silence, and he spoke after staying silent for a long time. Moreover, his voice revealed an emotionless tone that caused one's heart to palpitate.

“The calamity has arrived. From today onwards, there'll be no more existences at the Godrank Realm within the entire three dimensions! This is the best opportunity for my Sovereign Sect to take control of the three dimensions! I hope that when I return from the ancient God Domain, all of this will end with the utter victory of my Sovereign Sect!”

“Sect Master is brilliant!” As soon as he finished speaking, a wave of orderly praise resounded throughout the entire Sovereign Realm.

“Sect Priests, come with me!” At this point, the Sovereign Sect's Master didn't speak any further.

Everyone within the Sovereign Sect was clearly aware that the Sect Master had left and headed to the ancient God Domain, and he intended to put an end to this struggle between the supreme sects within the three dimensions that had continued for countless years!

...

The door in the sky stood towering above all the worlds in the universe, and Divine Chains of Order still surged out from within it like a dense mass of tidewater. Moreover, it disregarded the barriers of space and time as it charged into every single area of the three dimensions.

This indicated that this calamity that swept through the three dimensions was still going on, and it didn't show any signs of stopping.

On this day, all cultivators in the universe felt terrified and uneasy in their hearts. Even gods were like grass beneath the calamity, let alone them that hadn't become gods. So their hearts had been drowned by great terror since a long time ago.

Only the commoners actually didn't witness these scenes of the calamity at all. Their lives continued as normal, and they were completely unaware of what sort of terrifying calamity was erupting within the three dimensions.

This sort of ability could be considered as terrifying. It only targeted cultivators and isolated commoners. To a certain extent, this calamity was specially targeted at cultivators.

It was just as Oracle Mountain's Fourth Lord, the Old Scholar, had said. The Grand Dao always leaves a trace of a chance to survive in the heavens and the earth, and this trace of a chance at survival was left behind for the myriad of living beings in the world and not for cultivators.

Thus, no matter the cultivation a cultivator possessed, all cultivators were unable to escape the calamity!

Chen Xi didn't notice all of this at all.

He was sitting cross-legged in the Iris Desert that had transformed into ruins a long time ago, and he was cultivating with great concentration. He was ceaselessly refining and absorbing the pieces of the Divine Chains of Order within his body and seizing his own fortune while prying into the profundities of the Order of the Heaven Dao.

Wu~ Wu~ Wu~

The wind was extremely strong. This expanse of the heavens of the earth was dyed red with blood, shattered, and filled with chaos. Divine Chains of Order ceaselessly whistled through the surroundings while god after god was ceaselessly restrained and swept away while they let out extremely sorrowful and miserable howls.

However, Chen Xi remained unmoved beneath such a calamity. His entire body was glistening brightly while he'd entered into deep levels of meditation, and he utilized his heart to comprehend and mind to temper. The vital energy in his body seethed even more violently, and he seemed as if he'd transformed into a furnace of the Grand Dao.

This wasn't an improvement in cultivation, and it was an expansion and remodeling of the universe within his body.

Presently, Chen Xi had absorbed numerous pieces of the Divine Chains of Order, and they contained the Quintessence Dao Energy that operated and maintained the three dimensions. Now, it was refined and absorbed by him instead, and he utilized it to refine the universe in his body and temper his Dao Foundation for the Immortal King Realm. His gains were so great that it could be considered an extraordinary fortune.

At this moment, his heart and mind were clear as he comprehended the Order of the Heaven Dao and explored the Quintessence Dao Energy. It seemed as if everything within the three dimensions was floating within his heart, and he felt an indescribable feeling of enlightenment.

Rumble!

Within Chen Xi's body, strands of vast Dao Energy surged, and the universe within his body that was only forming before had started to ceaselessly expand at this moment.

His internal organs, meridians, and apertures were like the stars, constellations, and river of stars in the universe...

His blood, vital essence, soul, Dao Insights, Laws... All of them had become a quintessence energy that operated the universe in his body.

Forming a universe within the body was the most prominent characteristic of the Half-step Immortal King Realm. However, this universe was merely forming, and when the universe within the body had completely expanded into form and stabilized, it would be the sign that one possessed the Dao Foundation to advance into the Immortal King Realm.

At this moment, Chen Xi had seized the great Karmic Luck of the Heavens and utilized the energy of the Order of the Heaven Dao to ceaselessly temper and expand the universe within his body. This was like building a foundation, and it was building an Eternal Immortal King Foundation with the most solid divine rocks!

At the same time, this was a type of transformation and improvement towards one's self and the Grand Dao, and it was for the sake of rising rapidly in the future and establishing an Immortal King Grand Dao of his own!

Chapter 1470: The River Diagram's Summons

This calamity that swept through the three dimensions had already been going on for three days.

Chen Xi was seated cross-legged within the ruins of Iris Desert, and he was covered by an expanse of blazing dark golden immortal light. It completely enveloped his body from both the inside and out.

At this moment, a myriad of stars and a boundless starry sky had already been formed within the universe in his body. Moreover, all of them were covered in a dark golden aura of the Dao. It was like a dark golden universe that was solid, crystalline, and translucent.

At the core of this universe, a star that emanated the energy of a King in the Saint Dao floated there. It was gigantic, eminent, bright, and dazzling, and it illuminated the entire universe.

This star was formed from Chen Xi's Talisman Saint Dao, and one could clearly notice that three Immortal King Daos were coiled around the star.

They were respectively the supreme Laws of time, space, and life and death.

Compared to the past, these three supreme Laws had obviously transformed greatly. No matter if it was their might or the aura they emanated, it faintly showed signs of perfection.

All of this came from the energy of the Divine Chains of Order. It contained the Quintessence Order that operated and maintained the three dimensions. Now that it was completely absorbed by him, it had greatly improved Chen Xi's comprehensions of the three supreme Laws.

Bang!

On the seventh day since the calamity had arrived, Chen Xi that had been meditating in deathly silence had suddenly opened his eyes. In an instant, his entire body rumbled with thick divine radiance that was dazzling like gold, and it caused him to seem as if he was born from the Grand Dao.

A strand of the aura of the Dao effused from inside out like a blooming flower. This was a manifestation of one's attainments in the supreme Grand Daos and conforming to all things in the world.

Under normal circumstances, only existences at the Immortal King Realm were capable of possessing such attainments. However, Chen Xi hadn't stepped into the Immortal King Realm yet.

It was impossible to become an Immortal King without Karmic Luck.

Now, Chen Xi had already seized 'great Karmic Luck,' and he'd even tempered his body and expanded the universe within his body to attain an unprecedented extreme in the Half-step Immortal King Realm.

According to convention, under such circumstances, it was sufficient for him to rise rapidly and step into the Immortal King Realm.

Yet reality wasn't so. The reason was that even though his comprehensions of the three supreme Laws already showed signs of attaining perfection, there was still a trace of flaw in it.

Chen Xi was clearly aware of this as well. He knew that he could mend this trace of flaw at any time, yet it wasn't the right time now. Because he'd obtained sudden enlightenment during these seven days of meditative cultivation, and he'd found a type of perfect method to attain the Dao. Thus, he'd forcefully restrained the impulse within him to advance into the Immortal King Realm and left this trace of flaw behind.

This so-called perfect method to attain the Dao was to perfectly fuse the three supreme Laws with the Talisman Saint Dao he'd established in order to establish the most perfect Immortal King Grand Dao!

Once a Grand Dao like this was condensed successfully, it would transform into a Primeval Dao Quintessence in the universe within his body. It would fuse with the chaos and assimilate the void, and its might was absolutely unbelievably formidable.

At the very least, according to Chen Xi's knowledge, amongst the myriad of Immortal Kings within the three dimensions in the past, there was probably not a single one that was capable of condensing a Primeval Dao Quintessence.

This obviously showed how shocking and difficult this path towards the Dao was.

However, it was unable to pose any difficulty to Chen Xi now. He'd seized unprecedented Karmic Luck of the heavens and obtained great Karmic Luck to become an Immortal King from the calamity. Moreover, he'd tempered an extremely deep Immortal King Foundation. Now, he only lacked the step of fusing the three supreme Laws with his Talisman Saint Dao before he could accomplish his wish!

...

"I'm just slightly lacking in attainment. There's no point in staying here any longer." Chen Xi didn't hesitate any longer and stood up immediately. The dazzling golden glow that suffused his entire body

was restrained and surged into his body, causing his entire body to instantly recover its original appearance.

However, unlike the past, his eyes were even deeper. They revealed the changes in the order of the universe, and they seemed capable of seeing through the secrets of the operation of the entire three dimensions. As he stood there casually, he emanated a shapeless and supreme imposing aura that struck directly at the heart and terrified the soul!

This was the benefits he'd obtained after his transformation. As his cultivation grew greater and comprehension of the order of the three dimensions grew deeper, Chen Xi had an extra strand of a peerlessly dignified aura.

In the heavens and the earth, the calamity was still going on, yet compared to a few days ago, it had obviously calmed down greatly.

The door that stood towering in the sky above all the worlds in the universe still emanated numerous thick and large Divine Chains of Order, yet it was very difficult for them to find and restrain another god.

Obviously, almost all of the gods in the three dimensions had been restrained and taken away in the past seven days.

But even then, the door in the sky hadn't vanished while the Divine Chains of Order were still there. They seemed to have noticed something and were silently accumulating strength while making sure there were no gods that had escaped.

This situation caused one's heart to go cold and body to feel icy cold. Because it obviously intended to spare none, and this clearly showed how terrifying this calamity was. It could be said to be an unprecedented and supreme calamity since the ancient times until now!

This calamity takes the gods of the three dimensions to be its prey, and vividly displays the essence of mercilessness. Chen Xi gazed up into the sky while there was a trace of discontent and resentment in his heart. He knew that when all the gods that were restrained and brought into the Last Days Domain had vanished, this calamity would descend onto the cultivators at the Immortal King Realm...

After that, Chen Xi stopped thinking about this and looked towards the side.

Zuoqiu Feiming and the other elders at the Half-step Immortal King Realm were still in meditative cultivation. Every single one of their bodies surged with strands of vast auras of the Dao, and they temporarily showed no signs of waking up.

Chen Xi thought about it for a moment, and then decided to not disturb them. He set up a formation with a wave of his hand to protect all of them within it, and then his figure flashed and vanished into the ground.

...

In an area 500m deep beneath Iris Desert.

This was originally where Iris Immortal Prison resided. Now, it had transformed into ruins and was covered in a scene of desolation and death. Moreover, collapsed spatial rifts and chaotic gales covered the surroundings.

On one hand, it was because the destruction caused by the world shocking and violent battle from a few days ago was too great and had affected it.

On the other hand, it was because both the Last Days Vortex and Eye of Heavenly Tribulation had appeared here, causing Iris Immortal Prison to become a part of the Sovereign God Eradication Formation and the place where this calamity of the three dimensions had started.

Om!

Space fluctuated before Chen Xi's figure appeared here out of thin air.

Before his Third Senior Brother Tie Yunhai left, he'd told Chen Xi that even though Iris Immortal Prison had been destroyed, there was a safe place within it, and he asked Chen Xi to go there once the calamity calmed down in order to gain an understanding of everything.

Understand what?

It was naturally everything related to his mother, Zuoqiu Xue!

Mother...wouldn't have left already, right? As he gazed at the shattered time and space before him, the scene of desolation that filled his field of vision, and the chaos that filled the surroundings, a wisp of complicated emotions arose in Chen Xi's heart.

He stood here for a long time and stayed silent for a long time. In the end, he took a deep breath and walked towards the depths of the area.

Iris Immortal Prison covered an extremely large area, yet it had all transformed into ruins now. Spatial storms and rifts frequently flowed through space, and it seemed extremely shocking.

However, all of this was nothing to Chen Xi now. He kept his hands behind his back all along the way, and he carefully sensed everything in the surroundings.

After a short moment, Chen Xi suddenly stopped moving, and then a wisp of a strange expression flashed within his eyes.

In his sea of consciousness, the River Diagram fragments that had always remained silent had actually suddenly awoken at this moment, and they emanated an obscure fluctuation that swept out.

It felt as if something was summoning the River Diagram fragments, causing it to actually start trembling and droning at this moment. It seemed to be slightly impatient.

Chen Xi had experienced such a situation on more than one occasion, and it caused his heart to instantly shake as he guessed a possibility. He didn't hesitate any longer, and he moved along that strong feeling and headed towards the depths of the ruins.

Om! Om!

As he got deeper, the trembling of the River Diagram fragments in his sea of consciousness grew stronger and stronger, and when he arrived before a damaged stone wall, the River Diagram fragments even seemed to show signs of intending to struggle out of his sea of consciousness!

Chen Xi hurriedly took a deep breath and forcefully restrained it before he waved his sleeve.

Rumble!

The stone wall was shattered into pieces. Amidst the dust and dirt that effused out, a shapeless spatial wall was revealed before him. It was suffused with an obscure fluctuation of energy, and it seemed to be extremely mysterious.

No wonder, if it wasn't for the guidance of the River Diagram fragments, even the Eye of Divine Truth wouldn't be able to detect that such a place actually existed. Could it be that everything Third Senior Brother spoke of is behind this wall? Before Chen Xi could think it over for long, the River Diagram fragments fluctuated intensely, causing him to have no choice but to act. Otherwise, if this continued, then the River Diagram fragments would definitely abandon him!

Swoosh!

Chen Xi's figure flashed, and in the next moment, he vanished behind the shapeless wall.

Verdant mountains, a clear stream, a cottage, a small courtyard that had a bamboo fence, an azure blue sky, white clouds that seemed like cotton. It was a very simple scene, yet it formed an environment that was like a paradise away from the world.

Compared to the chaos and ruins outside, this place could indeed be considered a paradise away from the world. It was secluded, tranquil, and calmed the heart.

When Chen Xi saw such a scene, he couldn't help but be slightly surprised in his heart. The entire Iris Immortal Prison has been destroyed, yet this place was actually able to remain so intact. It really is extraordinary.

Om! Om!

After he arrived here, the River Diagram fragments within his sea of consciousness had become utterly impatient and trembled madly as if it was filled with yearning. It caused Chen Xi to not dare think about anything else at all, and his figure flashed to appear out of thin air within the small courtyard.

There was only a single stone table within the small courtyard, and there was only an ancient and shattered tortoise shell and a light green colored jade slip on the stone table. There was nothing else besides these two things.

As expected, it's a River Diagram fragment... What's this light green jade slip? Could it be related to mother? A strand of a bad premonition suddenly surged out from Chen Xi's heart when he saw this scene. Mother...wouldn't have really left already, right? He couldn't help but have the impulse to charge into the cottage and take a look.

But right at this moment and before Chen Xi could react at all, a swoosh resounded, and then the shattered tortoise shell on the stone table had suddenly transformed into a jet black ray of light that charged into his sea of consciousness!

Bang!

In an instant, Chen Xi seemed as if he was struck by lightning. His sea of consciousness was tossing and turning while strands of ancient and powerful energy fluctuations arose from it, causing him to be stunned on the spot.

Familiar fluctuations and familiar ancient diagrams spread throughout his heart like a ripple, and it felt as if he'd once again gone back in time to the absolute beginning of the world.

This sort of feeling was so familiar!

He didn't have to think about it at all before Chen Xi knew that the River Diagram in his sea of consciousness was fusing with the 8th fragment!
