Chapter 1581: Heavy Snow

Heavy snow swirled about, and everything was white.

The mountains in the distance seemed to be lonely while all living things remained deathly silent. A lone boat floated on a boundlessly vast lake while an old man who wore a straw hat was fishing in the cold lake by himself, and he seemed like an extraordinary figure.

Suddenly, the space above the lake suddenly exploded apart, and then a figure fell down from within it.

Thump!

The figure fell into the depths of the lake.

This scene instantly destroyed the beauty of this scene, and it shocked the old man on the lone boat to the point his entire body trembled while his fishing rod almost fell into the lake.

Swish!

The lone boat tore through the waves. The old man didn't rescue this figure, and he fled hastily instead and vanished in an instant.

This obviously showed that this old man who seemed like an extraordinary figure might have not been a real extraordinary figure.

However, the old man didn't flee for no reason because a ferocious beast resided within this lake all year round, and others could get along harmoniously with it so long as they didn't disturb it. But once someone lost their footing and fell into the lake, then it would jolt the ferocious beast awake, and the consequences were extremely terrifying.

Roar!!

Sure enough, it wasn't long before a beast roar resounded from the bottom of the lake, and it surged through the surroundings, causing the snowflakes that covered the sky to be blasted away.

After that, an extremely enormous beast that seemed like a cow yet wasn't a cow, was completely covered in scales, had eyes the size of lanterns, and had a horn that was suffused with a dark blue glow tore through the waves, and it stood up from within the lake while emanating a stand of monstrous ferocious might.

At this moment, all the living beings in an area of 5,000km were terrified to the point of trembling on the ground, and they were filled with terror and uneasiness from the imposing aura of the horned ferocious beast.

"Which Bastard actually dared to disturb my peaceful cultivation?" The horned ferocious beast roared loudly, and it shook space to the point of shattering inch by inch into pieces and caused a myriad of tempestuous waves to arise as it swept towards the distance.

Swoosh!

Right at this moment, a wisp of red shadow appeared out of thin air. She had light golden long hair, snow white skin, and peerless natural charm, causing her to seem like a matchless beauty.

“Hmm? Where did that kid go?” Her clear eyes swept the surroundings, and her brows couldn’t help but knit together. In the end, she shot her gaze towards that horned ferocious beast in the lake.

“What a charming little woman!” The horned ferocious beast was stunned, and his eyes actually revealed a wisp of burning greed.

Bang!

However, before his voice could finish resounding through the air, the red clothed woman had suddenly stretched out her hand and grabbed at it from afar. She actually forcefully lifted up the enormous figure of the horned ferocious beast, and it was useless no matter how it struggled.

This caused the horned beast to be astounded, and the greed in its eyes instantly vanished while only deep terror and awe remained. “Almighty god, spare my life! Almighty god, spare my life!”

“Did you see a man appear here just now?” The red clothed woman asked in a light voice.

The horned beast shook its head with a confused expression to display it knew nothing.

Crack!

In the next moment, its throat was crushed, and its extremely enormous figure rumbled and crashed into the lake like a collapsing mountain, and it caused enormous waves to arise.

The red clothed woman remained indifferent towards this. She seemed as if she’d crushed an ant to death and didn’t take it seriously at all. She frowned while her formidable will swept out, and it instantly covered an area of 500,000km.

She carefully searched the mountains, rivers, wilderness, hills, the heavens, and the earth, yet she came back empty handed.

This caused her brows to knit together even more tightly, and she muttered. “That kid is already heavily injured and on the verge of death. It’s absolutely impossible for him to flee and vanish so swiftly. Could it be that an expert lent him a hand?”

Heavy snow swirled in the sky while the world was covered in white. She wore a red dress as she stood all alone in this snow white world, and she seemed to be especially striking.

“In Jaderock Universe, Violethell Divine Sect has the largest forces. Perhaps I can rely on their forces to help me search for this kid....” After a short while, the red clothed woman took a deep breath and decided.

This time, she intended to kill Chen Xi no matter what. It wasn’t just because he’d successfully passed through the barriers and arrived at Snow Ink Region, the crux was that his name was Chen Xi!

He was an heir of Oracle Mountain, and he carried River Diagram fragments in his possession. This was the thing that the red clothed woman attached most importance to. If it wasn’t for that, then with her status, she would utterly disdain to personally make a move to annihilate a World Enlightened True God.

Swoosh!

In the next moment, her figure flashed and vanished amidst the boundless snow.

...

At the depths of the lake.

I've finally escaped this calamity.... Chen Xi's countenance was ghastly pale while his entire body was covered in injuries. Moreover, the vital energy in his body was in disorder, and his injuries were severe to the limit.

While he was in the spatial tunnel earlier, he'd secretly utilized the might of the Terminus Dao Insight to forcefully break open a rift in the spatial tunnel, and then he utilized the Copper Coin of Treasurefall to protect himself and avoid being crushed into powder by the spatial storms.

However, before he could heave a sigh of relief, Chen Xi was surprised to notice that red clothed woman had actually chased him here. It caused him to disregard everything and hurriedly utilize the Daoseal Mark to conceal his vital energy, and this allowed him to escape danger.

This string of actions had already arrived at the limits of his body. At this moment, the injuries on his entire body caused him to almost fall unconscious.

At this moment, he could be considered as lucky to be able to maintain the clarity of his consciousness.

Huff~ Huff~

Chen Xi hurriedly took a few deep breaths before taking out some Divine Crystals to gradually cultivate and repair his injuries. However, its effects were extremely bad.

According to this sort of speed, he would definitely be unable to recover completely without three to five years of time.

The reason for this was that Chen Xi hadn't just been heavily injured, he'd even utilized the Godslaughter Burst, causing his entire body to instantly arrive at an unprecedentedly weak state.

The only thing that allowed Chen Xi to rest at ease was that the lake was rather hidden, and coupled with that horned ferocious beast being killed by the red clothed woman, then it would be absolutely impossible to notice any traces of him unless it was an expert that arrived here.

However, Chen Xi still intended to leave immediately once he recovered some physical strength.

After all, this was the first area he'd entered after falling out of the spatial tunnel, so if that red clothed woman was unable to find him for a long time, then she would probably turn back, and the consequences of that were unimaginable.

I've really troubled A'Liang.... Chen Xi sighed endlessly in his heart while he cultivated.

At this moment, A'Liang was coiled up within the auricle of his ear. Her beautiful face was ghastly pale while her eyes were closed tightly, and the vital energy in her entire body was weak like gossamers. She'd fallen into a severe unconscious state, and Chen Xi didn't know when she would be able to wake up.

This caused Chen Xi's heart to hurt and be filled with resentment. He truly hated that red clothed woman to the bone, and he'd decided since a long time ago that he would definitely return all of this tenfold in the future!

After that, Chen Xi stopped thinking about it. He restrained his thoughts and maintained an empty state in his sea of consciousness, and then he fell into deep levels of meditation.

...

Snowflakes swirled down like a carpet, and they covered everything in the world.

It the blink of an eye, a month had passed by.

Since the horned ferocious beast within the lake had been killed, this lake started to bustle with activity. Figures frequently arrived in groups with the intention of fishing out that horned beast's corpse. Unfortunately, all of them failed in the end. It couldn't be helped, that ferocious beast's figure was too enormous, and it was like a mountain. So, they were helpless against it.

Something worthy of mention was that these people were people that lived in the nearby mountain range. They possessed great physical strength and courage, yet they hadn't cultivated.

In other words, besides their physical attributed being extremely strong, they were no different from the commoners in the three dimensions.

At dusk today, a tall and a short figure appeared by the lake.

It was two young men. The tall young man was around the age of 15 or 16, whereas, the short young man was around 11 or 12 years old. Even though their appearances were immature, their exposed skin bulged up like rocks, and they moved about nimbly and vigorously. They seemed to be filled with energy.

"Big Brother Mutou, will we really be able to succeed?"

"Zai'zi, don't ask if we can succeed or not. Just tell me one thing, do you want to practice the Divine Dao?"

"I do!"

"Then dig out that ferocious beast's horn with me! We'll take it and leave the village, and we'll exchange it for some Divine Crystals in the city. I've already planned everything. So long as we possess Divine Crystals, we'll be able to take a master and learn. One day, we'll be able to command the wind and clouds, overturn oceans, and allow everyone within our village to live a happy life!"

"Yes, I'll listen to Big Brother Mutou about everything!"

The two young men bolstered their morale as they arrived by the side of the lake.

"Zai'zi, we'll leap in together. Remember that you must follow closely by my side because only then would I be able to help you if any mishaps occur." Mutou took a deep breath and spoke solemnly.

"Big Brother Mutou, I've already grown up. Don't underestimate me!" Zai'zi gritted his teeth and actually leaped into the lake before Mutou.

Mutou was stunned, and then he shook his head and laughed bitterly. "This fellow is truly eager to excel."

However, to Mutou's astonishment, in the next moment, Zai'zi actually seemed as if he'd been lifted up by a strand of invisible force, and he returned from within the water.

Swish!

Before Mutou could react from his shock, a tall figure walked out from within the water. This person had a pale countenance, deep eyes, and long hair that hung loosely and in a disorderly manner above his shoulder.

"A monster!!" Zai'zi was terrified to the point of crying out loudly, and he'd utterly not noticed that his figure was already standing safely on the bank of the lake.

Mutou was comparatively composed, and he took a deep breath before he said, "Who're you?"

That figure was naturally Chen Xi. Chen Xi couldn't help but grin as he gazed at this young man that was trying hard to maintain his composure, and he said, "I'm definitely not a monster."

As he spoke, he patted Mutou on the shoulder and said, "I heard the two of you want to enter the city? Do you want to take me there with you? As compensation, I'll give the both of you that ferocious beast's horn and 10 Divine Crystals."

"Really?" Mutou was stunned. Never had he imagined that there was actually such a good incident in the world. Zai'zi was stunned from hearing this as well, and he stopped crying out loudly.

Chen Xi smiled and passed five Divine Crystals over to Mutou. "This is half of your compensation. Don't worry, it's only until we arrive in the city. At that time, both of you can leave as you please."

Mutou was stunned. As he gazed at the Divine Crystals before him, he couldn't help but take a deep breath and forcefully restrain the excitement in his heart before he said, "Alright! I agree!"

"Big Brother Mutou, aren't you worried that he's a bad person?" Zai'zi frowned as he spoke from the side.

"Firstly, we have no wealth. Secondly, we have no value to be used. If this senior is a bad person, then why would he utilize Divine Crystals to harm us?" Mutou spoke calmly.

Chen Xi couldn't help but smiled when he heard this, and he praised in his heart. This young man is pretty meticulous in his thoughts.

"Let's go. I know nothing about this place, and I have some questions to ask the both of you while we're on the way." Chen Xi flicked his sleeve and brought the two young men along as he teleported, and they instantly left this place.

Swoosh! Swoosh! Swoosh!

Not long after Chen Xi left, an entire 1,000 plus blazing streaks of light tore through the sky and arrived here. It was like a myriad of divine rays that formed a dense and magnificent sight, and they appeared above this lake.

“According to the Sect Master’s orders, that bastard had once made an appearance here. Start searching now! It’s better to dig a meter into the ground than allow any corners to slip by!” A grey clothed old man shouted loudly in a deep voice. “If anyone is able to find any valuable information, then our Violethell Divine Sect will absolutely not treat that person unfairly!”

“Yes!” All the others agreed simultaneously.

Talisman Emperor

Chapter 1582: Voidsky City

Chen Xi was utterly unaware that just not long after he left, a group of experts from Violethell Divine Sect had arrived at the lake, and they launched an extremely tight search for him.

At this moment, he was bringing along the two young men from the mountains, Mutou and Zai’zi, as he flew in a neither slow nor fast pace beneath the sky and above the land.

This was Snow Ink Region! It was the Ancient God Domain of legend!

As he flew here, Chen Xi was able to clearly sense that this expanse of the heavens and the earth was filled with extremely thick Divine Energy, and compared to this, the Last Days Domain was simply a desolate place that was devoid of vitality.

He was able to clearly sense Divine Energy surging ceaselessly into his body with every single breath he took here, and it nurtured his body and filled the universe within his body. The feeling of comfort from this simply felt as if he was in paradise, and it was like he’d a ginseng, causing every single inch of pores on his body to be calm and clear.

This is the Ancient God Domain. No wonder it’s called the eternal kingdom where gods reside. Merely the Divine Energy suffused in the heavens and the earth here is absolutely not something any other plane can compare to.... Chen Xi sighed with emotion in his heart. At the same time, he noticed that the Laws of the Heaven Dao that enveloped the area above the sky was practically perfect, flawless, and boundless. The Laws of the Heaven Dao couldn’t compare to it at all, nor could the Last Days Domain.

While residing beneath it, Chen Xi even faintly had the feeling that he would only be able to find the true path towards the Divine Dao at the Ancient God Domain!

The difference in the Ancient God Domain wasn’t just reflected by the Divine Energy and Laws of the Heaven Dao here, Chen Xi had also noticed that the mountains, lakes, rivers, and everything else in this expanse of the heavens and the earth possessed an aura of order and divinity.

Even the space, time landscape, geography.... Everything here seemed to be extremely stable, miraculous, and grand. Moreover, they emanated a boundless and eternal aura.

It was even to the extent that no matter if it was lifespan or intelligence, all the living beings in this expanse of the heavens and the earth had attained an inconceivable height in these aspects.

Just like Mutou and Zai’zi that were following by his side. Even though they were young and hadn’t cultivated, the energy, essence, and spirit within their entire bodies were exuberant and vigorous while their physique was extraordinary. If they were in the three dimensions, then they would absolutely be top-rate geniuses in cultivation.

However, young men like them were extremely common in the Ancient God Domain, and they became the most ordinary type of people instead.

Chen Xi couldn't help but sigh with emotion because of this. Different worlds create different living beings, and the loftier a plane is, it usually means that the physical characteristics of the living beings here are even more extraordinary and outstanding.

This was an innate difference, and it was predetermined. It was utterly not something the might of man could change.

To put it simply, some people could only live in poor and remote villages when they were born, whereas, some had already arrived at the peak of the pyramid in the world when they were just born!

How could this be changed?

This was fate!

It was precisely because of Mutou and Zai'zi's appearance that Chen Xi was able to understand this fact. The Ancient God Domain wasn't filled completely with gods, and there were all sorts of living beings here as well.

The only difference between them was whether they cultivated or not!

...

"You said that this is Jaderock Universe?" On the way, when Chen Xi found out from Mutou that this expanse of the heavens and the earth he resided in was situated in Jaderock Universe, he couldn't help but be slightly surprised.

The Jaderock Universe was amongst the 3,000 known universes in Snow Ink Region, and the number one power that controlled this universe was the renowned Violethell Divine Sect.

This truly is a coincidence. Chen Xi sighed with emotion in his heart. While he was in the Last Days Domain, Tie Kun had once entrusted something to him, and it was for him to pass a storage pouch to Tie Kun's granddaughter, Tie Yunping. The place she resided was exactly the Violethell Divine Sect in Jaderock Universe.

However, never had he imagined that after he entered Snow Ink Region, he would actually arrive at Jaderock Universe first by chance.

This isn't bad as well. It just happens that I can seize this opportunity to accomplish what Tie Kun entrusted me with and resolve the chains of karma between us.

After that, Chen Xi started to ask about Jaderock Universe.

Unfortunately, to Chen Xi's disappointment, Mutou and Zai'zi were only youths in the mountains, and this was the first time they'd left the village and the mountains, so they didn't know much about Jaderock Universe.

However, Chen Xi was still able to find out from them that they were currently on a star called Eastwood Star.

There were no less than 100,000 stars like Eastwood Star that living beings could reside on within the entire Jaderock Universe!

This was absolutely an enormous figure that surprised Chen Xi.

According to his understanding from before, there were around 1,000 known regions in the entire Ancient God Domain, and every region had a few hundred to a few thousands of universes.

For example, Snow Ink Region had 3,000 universes, and Jaderock Universe was only one of them.

Yet now, this Jaderock Universe had no less than 100,000 stars that living beings could reside on. When such numbers were compiled together, Chen Xi couldn't help but sigh with emotion. The Ancient God Domain is so large and vast... that it's simply beyond my imagination!

It felt like the Ancient God Domain was an ocean, the myriad of universes were the waves on the ocean, and the stars scattered all around these universes were the spoon-drifts from these waves....

The Ancient God Domain is so huge. I wonder exactly where mother and father are now, and what about my senior brothers and senior sisters from Oracle Mountain? Where have they gone upon arriving at the Ancient God Domain? After pondering by himself for a long time, Chen Xi couldn't help but take a deep breath and restrain the various distracting thoughts in his heart, and he stopped thinking about it.

Presently, his injuries had only recovered by 30%, and his cultivation was barely able to support him to fight a single battle. Moreover, he would absolutely be unable to win if his opponent exceeded the World Enlightened True God Realm.

Under such circumstances, Chen Xi could only choose to go into hiding and recover from his injuries. Once his strength recovered to its peak state, then perhaps he would choose to make a trip to Violethell Divine Sect and pass what Tie Kun entrusted to him to Tie Kun's granddaughter, Tie Yunping.

...

After the time for an incense stick to burn, the outline of a magnificent city gradually floated up into appearance from the distant horizon. When looked at from afar, it seemed like a primeval ferocious beast that resided in the heavens and the earth, and it emanated an ancient and solemn aura.

"Voidsky City!"

"That's definitely Voidsky City!"

Mutou and Zai'zi cried out with excitement, and both these young men revealed boundless anticipation on their faces.

Chen Xi was clearly aware that it was the first time that the two of them had left their village. Their objective was to enter Voidsky City and exchange for some Divine Crystals, and then find a master to learn from and cultivate in the Divine Dao.

Suddenly, Chen Xi's brows raised, and he stopped moving before handing a storage pouch to Mutou as he said, "There are five Divine Crystals and that ferocious beast's horn here. We'll bid our farewells here."

The two young men were obviously stunned. We're splitting up before we've even entered the city. It's a bit too early, right?

"Take it quickly or it'll be too late." Chen Xi's gaze was constantly looked towards the distance. At the moment, he seemed as if he'd encountered a trouble matter, and he hastily pushed the storage pouch into Mutou's hand before he flicked his sleeve and place the two young men on the ground.

"Both of you be careful." As he spoke, Chen Xi's figure flashed and tore through the sky.

"Big Brother Mutou, what's going on? Why would that senior leave so hastily?" Zai'zi spoke with wonder.

"He definitely noticed something." Mutou took a deep breath and recovered his calm. He carefully placed the storage pouch in his pocket before his gaze swept vigilantly towards the surroundings, and he said, "Let's leave quickly as well."

As he spoke, he grabbed ahold of Zai'zi's hand, and then he charged into the forest like a cat.

10 minutes later, the two young men arrived safely outside Voidsy City. However, they noticed to their astonishment that the atmosphere around the city was murderous. All the restrictions on the city wall were activated while numerous well-armed figures were patrolling the surroundings, and all of their faces carried terrifying expressions.

On the other hand, a screen of light floated in midair at the center of the entrance to the city, and a tall figure was displayed on it.

"All of you fellows that're entering the city, take a fucking good look for me. If you recognize this person and provide information about him, you'll be rewarded with 100 Divine crystals!" A robust and fierce man shouted loudly before the entrance to the city.

"Who's that person? How did he offend the Violethell Divine Sect?"

"So, all of these forces were set-up here for the sake of capturing this young man. Tsk, tsk, I wonder who he is and what sort of crimes he committed to actually make the Violethell Divine Sect take action."

Many people were queued up to enter the city, and they couldn't help but discuss when they noticed all of this.

Mutou and Zai'zi were amongst the group waiting to enter the city as well. When they saw that tall figure on the screen of light, they were instantly astounded. Isn't that... the Senior from before?

Zai'zi opened his mouth and was about to speak when he was imperceptibly knocked by Mutou from the side, and then Mutou shook his head lightly and used his gaze to indicate that Zai'zi shouldn't speak about it.

Zai'zi was stunned, and then he instantly came to an understanding. He puckered his lips and kept quiet.

In next to no time, the figures of the two young men vanished behind the entrance along with the others in the queue.

These two little fellows weren't bad. I didn't give them some Divine Crystals in vain. Within a forest extremely far away from the city, Chen Xi stood on a luxuriant branch while looked towards the distance.

Earlier, it was precisely because he'd noticed everything outside the city gate that he stopped moving forward, otherwise, if he went over rashly, then the consequences would be unimaginable.

Why would the Violethell Divine Sect interfere in this matter. Could it be because they were instructed by the red clothed woman? In this way, it'll be slightly troublesome.... Chen Xi frowned while an expression of deep contemplation surged into his eyes.

This won't do. I must enter the city as soon as possible. Only by entering the city would I be able to utilize the dense flow of people within it to deceive others. Moreover, I can obtain even more information I need. Otherwise, if I stay in this desolate wilderness, the aura I emanate while cultivating would definitely draw the notice of others. That would be too dangerous. Chen Xi took a deep breath, and then he flipped his hand, causing the Treeheart with 36 petals to float up into appearance.

Swish!

Divine light flashed.

In the next moment, Chen Xi had already transformed into a young man with an ordinary appearance, and his aura was flat and ordinary. He was like an existence that others would be unable to recall at all after they took a glance at him.

After that, his figure flashed, and he walked slowly towards the heavily guarded entrance to the city.

Talisman Emperor

Chapter 1583: Paradise

Swoosh!

A formidable strand of will swept past Chen Xi's figure.

His expression remained unchanged, and he just glanced at an expert at the Godrank Realm in the distance who was guarding the city gate, and then he continued to walk calmly towards the city.

The appearance he transformed into with the Shapeless Skin was something that even Universe Enlightened Ancestral Gods were unable to distinguish, so Chen Xi was naturally not worry that the disciple from Violethell Divine Sect who was only at the World Enlightened True God Realm would be able to recognize him.

The only think that caused Chen Xi to feel regretful was that the Shapeless Skin could only be utilized three times. Now, he'd wasted one of those uses merely for the sake of entering the city, and he felt that he was wasting its ability.

However, the only benefit was that Chen Xi had finally entered smoothly into Voidsy City, and this was the first city he'd stepped foot in upon arriving at the Ancient God Domain!

...

Unlike the murderous atmosphere outside the city, the area within the city itself was extraordinarily bustling and clamorous.

The buildings, the ground, and even the air of the city was suffused with a strand of an ancient, eternal, and experienced aura. It seemed as if it had stood towering for countless years, and it carried a heavy aura of history.

All along the way, Chen Xi followed along the street with his hands behind his back, and he revealed a calm and indifferent bearing. He seemed like a passerby that taking a brief look at everything, and he admired everything he encountered with interest.

Within the city, there were endless streams of people and carriages, and there were all sorts of races here. Clam women that had shells on their backs, the Tigerman Race that possessed terrifying appearances, the graceful Adonis Race.... It was even to the extent that members of numerous primeval barbaric races maintained their original forms as they moved through the streets.

Most of these races had become extinct in the three dimensions since a long time ago. However, they were a common sight in Voidsky City, and it caused Chen Xi to be lost in wonder. Every time he encountered a strange living being, he would recall all sorts of ancient legends.

For example, the legend of the Leiz Race's Ancestor, Saint Huaxu, the legend of the God of Wood Gou Mang, the legend of the Wu Zhiqi who possessed golden pupils, the legend of Panhu the Unidog, Sheng Qi the Darkbird, Kuafu chasing the sun, and so on and so forth.

When he saw those living beings, he'd automatically recalled their ancestors, and he recalled those numerous legends that were preserved through the boundless years. Some were touching and deserved praise, some were brilliant and splendid, some incurred indignation of all, and some caused one's hot blood to surge.

Only now did Chen Xi notice that those legends weren't fabricated, and the descendants of those legendary gods hadn't gone completely extinct.

The reason was that he'd always been in the three dimensions, yet they were in the Ancient God Domain instead!

This was the Ancient God Domain. All the mysteries that had vanished in the annals of history and all the ancient legends of the past could be witnessed here.

...

After walking for a long time in the city, Chen Xi finally stopped before a building.

"Fellow Daoist, do you need an abode to cultivate at?" An old man walked over slowly to greet Chen Xi.

"I do." Chen Xi nodded. The abode the old man spoke of was a paradise for cultivation that was specially prepared for cultivators.

The old man's eyes lit up, and his smile grew warmer. "What sort of abode does Fellow Daoist require? Our Jade Drop Paradise has 36 first-rate abodes that only require 800 Divine Crystals a year, 72 second-rate abodes that only require 500 Divine Crystals, and 108 third-rate abodes that only require 300 Divine Crystals."

“I’ll get a first-rate abode.” Chen Xi tossed a storage pouch to the old man with a raise of his hand, and it had 800 Divine Crystals within it.

“Fellow Daoist really is resolute. You seemed extraordinary at first glance.” The old man’s eyes grew brighter, and he led Chen Xi warmly into the building. “Don’t worry Fellow Daoist, it’s extremely safe while you cultivate here, and no one will dare to disturb Fellow Daoist’s cultivation.”

Chen Xi sized up the surroundings and he said casually, “Will there really be no one that dares to disturb me?”

The old man smiled proudly. “Looks like Fellow Daoist isn’t well informed. Our Jade Drop Paradise’s forces aren’t just scattered around Jaderock Universe, and it can be found all over the 3,000 universes of Snow Ink Region.”

When he spoke up to here, the old man smiled mysteriously and suppressed his voice as he said, “Fellow Daoist, you haven’t heard of Jade Drop Paradise, but you’ve heard of Jade Drop Sword Sect, right?”

Chen Xi’s eyes narrowed as he instantly recalled from within the introduction Tie Kun gave him, there were at most five powers in the 3,000 universes of Snow Ink Region that could be considered as top-rate powers, and the Jade Drop Sword Sect was one of them.

Something worthy of mentioning was that the Dayi Clan was similarly ranked amongst these top-rate powers.

When he saw Chen Xi’s expression, the old man understood in his heart and roared with laughter. “Now, Fellow Daoist can rest at ease, right? With such a background, would anyone dare to cause trouble in my Jade Drop Paradise?”

Chen Xi nodded. Obviously, the Jade Drop Paradise was established by the Jade Drop Sword Sect. Based on this, even the Violethell Divine Sect that was considered to be the number one sect in Jaderock Universe would probably not dare cause trouble here.

When he realized this, Chen Xi felt much more at ease.

In next to no time, the old man led Chen Xi to an abode.

The landscape here was picturesque. Mist rose into the sky while divine light enshrouded the surroundings, and the air flowed with the dense aura of divinity. Moreover, the Divine Energy here was pure and dense to the point of seeming to be material.

“Fellow Daoist, this is the command token for abode No.36 amongst the first-rate abodes. From today onwards, you’re the master of this place, and you can feel free to come look for me if you need anything.” The old man passed a black command token to Chen Xi before he told Chen Xi his name, Han Zhen.

Rumble!

The door to the abode closed. Chen Xi instantly heaved a long sigh of relief, and he put the command token away before he started sizing up the surroundings.

Instead of calling this a paradise for cultivation, it could be said to be similar to a space that was like a small world. It was covered in mountains and rivers, and the scenery here was picturesque and rather pleasing to the eyes.

There wasn't just a cultivation ground for cultivation here, there was even a pill refinement room, an equipment refinement room, fields to plant divine herbs, and so on and so forth. Moreover, all of them revealed a profound aura of the Divine Dao.

Chen Xi glanced over them briefly before he sat cross-legged at the cultivation ground. He observed A'Liang's state for a while, and he couldn't help but sigh in his heart when he noticed that she was still unconscious. This little girl risked her life to save me. If anything happens to her, then I'll be absolutely unable to forgive myself.

He's decided in his heart that if A'Liang's injuries still showed no signs of taking a favorable turn once his strength had recovered, then he would do everything he could to heal her.

Swish! Swish!

After that, Chen Xi stopped thinking about it and sat cross-legged before starting to cultivate in meditation. The vital energy in his body circulated, and the Divine Energy in the surroundings seemed as if they'd been pulled over. The surged over like tidewater and ceaselessly replenished and nourished Chen Xi's body.

...

When Chen Xi entered into closed door cultivation within Jade Drop Paradise, a grey clothed middle aged man flicked his sleeve outside Voidsy City, and then two young men fell to the ground with two loud thumps.

Shockingly, they were Mutou and Zai'zi.

"Junior Brother Liao, what's going on?" A group of disciples from Violethell Divine Sect approached, and the white robed young man in the lead frowned as he spoke.

That grey clothed middle aged man called Junior Brother Liao beamed with happiness and said, "I obtained information earlier that these two little fellows sold the horn of an Icy Pupil Kui Ox within the city. They're two little ants that don't have any cultivations at all, so how could they have possibly killed an Icy Pupil Kui Ox? Coupled with the fact that an Icy Pupil Kui Ox had similarly perished at the lake where the target we're searching for had made an appearance a few days ago, I investigated briefly and really made a great discovery within their memories!"

As he spoke, he formed a seal with his hand.

Om!

Divine radiance flowed before numerous lifelike scenes appeared in the air.

Shockingly, it was the scenes of Mutou and Zai'zi meeting Chen Xi for the first time and heading all the way to Voidsy City with Chen Xi.

"It really is him!"

“So he has already arrived at Voidsky City....”

When all of them saw Chen Xi’s figure in that screen of light, all of their eyes lit up and revealed a wisp of excitement.

“Unfortunately, we can’t determine if he went around Voidsky City or had already entered the city.” Junior Brother Lian spoke regretfully.

“This is already sufficient. Our assignment is to search for the target’s tracks and not to hunt and kill the target.” The white robed man in the lead waved his hand and said, “Send the news immediately. Notify the sect that the target has appeared in the vicinity of Voidsky City and request that the great figures of the sect make a decision on this matter.”

“Yes!” A disciple cupped his hands, received his orders, and left.

“Senior Brother Yun Cheng, what should we do next?” asked Junior Brother Liao.

“Stand our ground and continue the lock down on Voidsky City. Remember that all of you mustn’t slip up at all so as to avoid alarming the target and causing the target to become vigilant.” The white robed man pondered deeply before he spoke.

“What about those two young me?”

“Eliminate their memories about being captured and then return them to the city. If there’s any relationship between them and our target, then they might be of great use.”

“That’s a very good plan!”

...

Chen Xi was completely unaware of everything that occurred in the outside world, and even if he knew all of it, he wouldn’t choose to leave Jade Drop Paradise.

Time flowed swiftly, and more than half a year swiftly passed by, and Chen Xi was only less than three months away from having cultivated behind closed doors for a year.

On this day, Chen Xi was suddenly jolted awake from his cultivation by a wave of fluctuation, and he swiftly opened his eyes before a wisp of piercing cold divine radiance surged in his black eyes.

“Who is it?” Chen Xi withdrew the command token and opened up the abode’s restrictions before transmitting his voice out of the abode.

“Fellow Daoist Chen Xun, I’m sorry for disturbing you. I have absolutely no intention to disturb your cultivation in coming here, and I’ve merely come for the sake of confirming something.” Han Zhen’s voice sounded out from outside the abode.

Chen Xun was the alias Chen Xi had given himself. After all, his appearance had changed greatly now, and he needed a completely new identity to deceive others.

“Oh, so it’s Fellow Daoist Han Zhen. May I ask what you came to confirm?” Chen Xi spoke calmly.

At this moment, a sharp voice suddenly resounded. “Cut the crap. My Young Master needs an abode to cultivate in, so quickly hand it over, and we’ll return you 10 times the Divine Crystals you lost.” The voice revealed an ordering and supreme tone.

Chen Xi’s brows raised while a wisp of coldness flashed between his brows because he finally understood what it was. It was none other than the time he’d paid for to reside in the abode was almost up, and someone else desired this abode and intended to pay a high price to make him move.

Even though this person’s voice was unpleasant, it wasn’t sufficient to enrage Chen Xi. The thing that truly displeased Chen Xi was that Jade Drop Paradise had an entire 36 first-rate abodes, yet that fellow outside his abode didn’t choose the other abodes and just happened to have chosen his abode. Could it be that he thinks I’m like a ‘ripe persimmon’ that he can squash at will?

“Sorry, I don’t intend to give this abode away.” Chen Xi took a deep breath, and he didn’t intend to argue with this person because he was in a safe situation for now, and it wasn’t suitable to cause any trouble.

“Bastard! My Young Master has already displayed sufficient sincerity, yet you don’t know what’s good for you! Could it be that you really think you’re a great figure?” That sharp voice seemed to have become enraged, and its owned cursed loudly.

Chapter 1584: Reaching For A Yard After Taking An Inch

Chen Xi’s expression instantly turned cold when he heard that person’s curses.

“Fellow Daoist Han Zhen, didn’t you guarantee to me that I wouldn’t be disturbed while I cultivate? So, why is a bastard barking outside my abode?”

“Err, calm your rage, Fellow Daoist. I brought Young Master Zhu here merely for the sake of discussing this matter with you. After all, less than three months of your rental period remains....”

Before Han Zhen could finish speaking, Chen Xi interrupted him and said, “Doesn’t that mean that my time isn’t up? Not to mention that I might intend to rent this abode for a while longer.”

“Little Bastard!! You....” That sharp voice resounded once more.

Chen Xi couldn’t be bothered to listen to that fellow curse at him, so Chen Xi directly activated the restrictions that enveloped the surroundings of the abode.

I’ve only recovered almost 60 of my cultivation in almost a year of time. A short period of three months would probably be insufficient for me to recover to be peak state. Chen Xi took a deep breath, and he couldn’t help but frown as he sensed the vital energy in his body. Nevermind. If I really can’t recover in that period of time, then I’ll stay here for some time longer.

...

Outside the abode.

The smile on Han Zhen’s face lightened as he said, “Young Master Zhu, this Godslave of yours has gone a bit too far. Not just anyone can break the rules of my Jade Drop Paradise!”

A young man that wore a green robe and an old man that had a pair of extremely long arms, a vicious appearance, and red fur on his head stood before Han Zhen.

A wisp of displeasure flashed on the green robed young man's face when he heard this, but in next to no time, he recovered his calm and said with a smile, "I understand. A'Chou, restrain yourself."

The old man with a vicious expression glanced coldly at Han Zhen, and then he lowered his head and said, "Yes, Young Master."

Han Zhen revealed a trace of a smile when he saw this, and he said, "Young Master Zhu, why don't you allow me to help you arrange for an abode?"

This Young Master Zhu was called Dongting, and he was only a World Enlightened True God. However, his origins were extremely lofty, he was the direct line descendant of Violethell Divine Sect's Grand Elder Zhu Gangshan. He was a renowned profligate disciple of the Violethell Divine Sect, and he had an arrogant and domineering disposition.

The old man by Zhu Dongting's side wasn't ordinary as well. He was from a 'Red Devil Vulture' called Moli Chou. He had a bloodthirsty disposition, was peerlessly ferocious, and possessed a strength at the Domain Enlightened Spirit God Realm. Moreover, he was even a servant by the side of Violethell Divine Sect's Grand Master Zhu Gangshan.

"There's no need for that. Isn't it just three months of time? This Young Master can wait. At that time, let me see who exactly this Chen Xun is." Zhu Dongting spoke indifferently before he left Moli Chou away.

Han Zhen frowned, and he stood on the spot for a long time. He was naturally able to discern that this fellow, Zhu Dongting, intended to deal with Chen Xun after Chen Xun left Jade Drop Paradise.

"Alas. My Jade Drop Paradise can't interfere in these matters." Han Zhen shook his head after a short while, and he sighed without end in his heart.

During this period of time, numerous disciples of Violethell Divine Sect had arrived in Voidsy City. It seemed as if nothing unusual was going on, yet it allowed Han Zhen to feel as if a storm was brewing.

Could it be that all of this is related to that Chen Xi? I wonder who exactly that fellow. He actually made the Violethell Divine Sect mobilize so many forces.... Han Zhen pondered for a moment before he intended to leave. At this moment, the entrance to Chen Xi's abode opened abruptly, and then a voice sounded out from within it. "Fellow Daoist Han Zhen, can you come in for a moment?"

Han Zhen was stunned, and he hesitated for a moment before he said with a smile, "Of course." As he spoke, he raised his legs and walked in.

...

Jade Drop Paradise occupied an extremely vast area, and numerous independent secret realms that contained abodes were established in a portion of the space here, whereas, various other areas were established in the other portion.

Amongst these areas were places that sold divine materials and precious treasures, places that sold medicinal pills, and even a colosseum, beast arena, auction house, and various other places for the guests of Jade Drop Paradise to enjoy themselves. It could be said to contain everything.

At this moment, Zu Dongting was sitting in a VIP room while drinking wine and sipping tea, and there were two female Heavenly Fragrance Foxes by his side that were serving him.

“Young Master, do you really intend to waste time with that kid like this?” Moli Chou asked in a low voice from the side.

“Of course!” Zhu Dongting finished the wine in his cup before he gritted his teeth and said, “I originally intended to book an abode and give it to Miss Ye Yan to rest at. Who would have expected that kid would actually not know what’s good for him, then he can’t blame me for showing no mercy!”

When he heard the words Ye Yang, Moli Chou’s pupils constricted imperceptibly, and then he lowered his voice and said via voice transmission, “Young Master, that Ye Yan is from the Sovereign Sect, and she herself is a Universe Enlightened Ancestral God. Even the Sect Master doesn’t dare be disrespectful when facing her. In my opinion, you shouldn’t place your attention on her because even though a woman like this is beautiful, she’s too dangerous.”

Unexpectedly, Zhu Dongting roared with laughter when he heard this. “A gentle and graceful young woman’s is the best companion of a man. Haven’t you noticed that the way Young Miss Ye Yan treats me is unlike how she treats everyone else?”

As he finished speaking, a red clothed woman that was like a peerless beauty couldn’t help but float up into appearance within his mind, and his heart couldn’t help but burn with desire while a wisp of burning desire arose in his eyes.

When Moli Chou saw this, he hesitated for a moment, yet he didn’t offer any further advice in the end. He was very clearly aware that a figure like Ye Yan was utterly not someone that a person like Zhu Dongting could subdue.

Forget it, I’m only a servant, and I just have to make this Young Master happy.

...

The door to abode No.36 was opened once more.

“Haha! Fellow Daoist, please don’t bother to see me out.” Han Zhen walked out while beaming from ear to ear. When he saw the door to the abode was closed once more, the smile on his face was instantly replaced by a wisp of wonder, and he was even slightly terrified.

He produced so many Divine Artifacts and divine materials at once.... Exactly what sort of identity does this kid possess!? Han Zhen took deep breaths repeatedly, and he tried hard to make himself maintain his calm.

Just moments ago, after he walked into Chen Xi’s abode, he was told that Chen Xi intended to sell some Divine Artifacts and divine materials, and Chen Xi asked him if the Jade Drop Paradise would buy it. He naturally agreed to such a request without any hesitate because if he was able to complete such a transaction, then he would be able to obtain a good percentage of the profits.

However, never had Han Zhen imagined that Chen Xi actually produced a superb collection of all sorts of Divine Artifacts and divine materials that were piled up like a mountain. At the instant he witnessed this scene, his jaw almost dropped to the ground from shock.

Moreover, when he calculated the value of all these treasures, he was even extremely astounded in his heart, and he was almost unable to control himself from roaring loudly.

It was an entire 19,000 Divine Crystals!

What sort of amount was this? At the very least, he wouldn't necessarily be able to earn such an enormous amount of Divine Crystals even if he painstakingly at Jade Drop Paradise for 10 years!

As expected, the truly capable don't show off their ability. Who would have imagined that a young man with an ordinary appearance and an ordinary bearing would actually be able to possess such abundant wealth? If I'm able to complete this transaction, then I'll at least be able to obtain 3,000 Divine Crystals as my reward! When he thought up to here, Han Zhen's heart burned with anticipation, and his entire body was filled with motivation, causing his footsteps to be cheerful and light as he left swiftly.

...

On the next day, Chen Xi received 19,000 Divine Crystals, and it instantly filled his extremely dried up wealth.

Not bad, it really isn't bad that those useless Divine Artifacts and divine materials could be sold for such a price.... A wisp of a satisfied smile appeared on the corners of Chen Xi's mouth.

So long as they were of no use to him, Chen Xi had sold off all the useless Divine Artifacts and divine materials he obtained from the Last Days Domain to Jade Drop Paradise yesterday.

Even though he was clearly aware that he would definitely be able to obtain even more Divine Crystals from these treasures if he shopped around, he still needed to rely on the abode in Jade Drop Paradise to cultivate. So, he naturally wouldn't care about this tiny difference.

Moreover, Chen Xi's actions brought him unexpected gains as well. For example, he's smoothly obtained information about everything that had occurred within Voidsky City lately from Han Zhen.

Including Zhu Dongting and Moli Chou's background, and even the strength of Violethell Divine Sect. Chen Xi had obtained explicit information about all of them.

However, to Chen Xi's surprise, while he'd originally intended to make a trip to Violethell Divine Sect in order to search for Tie Kun's granddaughter, Tie Yunping, he'd never expected that the disciples of Violethell Divine Sect would launch an operation to find and kill him before he'd even found her....

The matters of the world were so strange that they were really slightly inconceivable sometimes.

Of course, Chen Xi was clearly aware that the reason the Violethell Divine Sect was searching for him on such a large scale was definitely because of that red clothed woman from the Sovereign Sect, Ye Yan!

On the other hand, Ye Yan's ability to mobilize the forces of the Violethell Divine Sect to deal with him allowed Chen Xi to realize how terrifying the influence of the Sovereign Sect within Snow Ink Region was.

Last time, I disguised myself as Yin Huaikong, and I was seen through by that wicked woman. This time, I've disguised myself with a completely unknown identity, so let me see if she'd still be able to see through my disguise! Chen Xi knew that the only reason she'd seen through his disguise that day was entirely because Ye Yan knew Yin Huaikong, and she hadn't seen through his disguise in terms of outer appearance.

After all, he'd utilized the Shapeless Skin that only a king of the Woodskin Mask Race could possess, and even a Universe Enlightened Ancestral God would find it impossible to see through. He didn't believe that Ye Yang was able to accomplish this.

I'll leave immediately once I've recovered to my peak state, and then I'll head to Violethell Divine Sect to find Tie Yunping and complete what Tie Kun entrusted me with as soon as possible. After that, I'll leave Jaderock Universe immediately. Based on my current strength, unless I advance into the Domain Enlightened Spirit God Realm, otherwise, the consequences of encountering that Ye Yan are bound to not be good.... Chen Xi took a deep breath and closed his eyes before falling once more into a state of meditative cultivation.

Three months later.

A wave of fluctuation suddenly arose from the entrance to Chen Xi's abode, and it instantly jolted Chen Xi awake from his cultivation. He swiftly stood up while he became extremely vigilant in his heart.

"Fellow Daoist, the time you rented this abode is already up. Please leave." An unfamiliar middle aged man walked in with an emotionless expression.

"Where's Fellow Daoist Han Zhen? I've already instructed him that I would be continuing my rental period. Could it be that he hasn't told you about it?" Chen Xi frowned and spoke in a cold and indifferent tone.

"I'm sorry. Han Zhen isn't in-charge of this place any longer. So, please leave for now. This abode has already been booked." The middle aged man spoke with an expressionless face.

Chen Xi's gaze glanced over. Sure enough, he saw Zhu Dongting and Moli Chou standing outside the abode, and they had their arms crossed before their chests while they gazed at him with cold smiles on their lips.

In an instant, Chen Xi came to a complete understanding, and even with his extremely firm Dao Heart, he couldn't help but arouse a trace of anger at this moment.

Chapter 1585: Buy! Buy! Buy!

Han Zhen was gone, yet an unknown middle aged man had appeared, and he'd brought Zhu Dongting and Moli Chou along while seeming to be extremely confident in dealing with Chen Xi.

When facing all of this, Chen Xi was naturally clearly aware that Han Zhen's disappearance was probably related to Zhu Dongting and Moli Chou.

When he thought about how this profligate disciple of the Violethell Divine Sect refused to leave him alone just for the sake of a mere abode, even with Chen Xi's good temper, he couldn't help but be infuriated at this moment.

"Looks like no matter what I say today, I'll be unable to rent this abode any longer?" Chen Xi's gaze was piercingly cold as he gazed at the middle aged man.

"These are the rules, and I'm just acting according to the rules. Fellow Daoist, don't think too much about it." The middle aged man spoke with an emotionless expression.

"Bastard! Cut the crap and get the fuck out of here!" Moli Chou berated coldly, and his expression was icy cold and vicious.

He could restrain his arrogance when facing Zhu Dongting, but he couldn't be bothered to restrain his temper when facing a little fellow at the World Enlightened True God Realm.

Their Violethell Divine Sect was the number one power in Jaderock Universe, and as the servant of the Violethell Divine Sect's Grand Elder, there were very few people in Jaderock Universe that Moli Chou feared. However, it didn't include this young man who stood before him.

Chen Xi's gaze swept over and glanced deeply at Moli Choi before he said, "Fellow Daoist, if you continue acting arrogantly like this, you'll suffer an accident sooner or later."

As he spoke, he placed his hands behind his back and walked swiftly out of the abode.

Since he couldn't stay here, then he would naturally not continue disputing it. Because even though Chen Xi wasn't afraid of becoming enemies with Jade Drop Paradise because of this, it was too troublesome in the end.

On the other hand, Chen Xi's style was to try his best not to cause trouble if he could.

Of course, all of this depended on the situation he was in. Presently, he was all alone, new here, and was suffering the pursuit of the Sovereign Sect's Ye Yang, so it was truly inadvisable for him to incur enmity with others.

"What an arrogant kid! If you don't kneel down and apologize to me today, then don't even think of leaving!" Moli Chou exploded with rage because a little fellow at the World Enlightened True God Realm had actually dared to insult him, and this kid was simply courting death.

As he spoke, he suddenly stepped forward and obstructed Chen Xi's path, and he seemed as if he would attack on the slightest sign of disagreement.

"Haha! A'Chou, you did well. This kid is truly too damnable, and he must be taught a proper lesson so that he'll wake up!" Zhu Dongting clapped and roared with laughter at the side.

Chen Xi's deep and black eyes narrowed slightly, and he suddenly started laughing lightly. He said to the unfamiliar middle aged man. "This is the Jade Drop Paradise. I'd like to ask if there still are any rules here? If there aren't then allow these two bastards to make a move against me, and I'll have nothing to say about it. However, if there are, then do as you see fit!"

His expression was calm, carefree, and composed, and he seemed to be completely indifferent towards all threats. In actuality, he'd already discerned that Zhu Dongting and Moli Chou would absolutely not dare make a move in Jade Drop Paradise. Because no matter how great their background was, Jade Drop Paradise's background was no joke.

Moreover, even if a member of Jade Drop Paradise has come forward with the intention of driving Chen Xi out, but Chen Xi still hadn't left Jade Drop Paradise, right?

Even though Chen Xi wasn't willing to become enemies with Jade Drop Paradise, he would absolutely not mind or miss the chance to annoy Jade Drop Paradise.

Two bastards? Zhu Dongting and Moli Chou's faces turned grim, and they revealed furious expressions while killing intent had arisen in their hearts.

"Please give me some face. Breaking the rules of Jade Drop Paradise won't be tolerated." The middle aged man's face sank while he glanced coldly at Chen Xi, and then he spoke to Zhu Dongting and Moli Chou. "Perhaps once this Fellow Daoist leaves, the all of you can spar with each other."

"Alright! Then this Young Master will exercise forbearance for now." Zhu Dongting's face sank, and his voice seemed as if it was squeezed out from the cracks between his teeth.

On the other hand, Moli Chou glanced coldly at Chen Xi while a wisp of undisguised ridicule arose on the corners of his mouth. He seemed as if he was looking at a dead man.

Chen Xi just smiled when facing thing, and he gazed at the middle aged man and said, "I heard that besides providing abodes, the Jade Drop Paradise has many places for its guests to amuse themselves. I'm free and have nothing to do, so why don't you accompany me around? Don't worry, you'll be given the benefits you deserve."

As he spoke, he flicked the tip of his finger and tossed out a Divine Crystal as if he was dismissing a beggar.

The middle aged man's face froze while the corners of his mouth couldn't help but twitch. Dammit! This kid is intentionally humiliating me!

But in the end, he still received the Divine Crystal with stiff movements, and he pulled up a trace of a stiff smile on the corners of his mouth before he said, "Thank you for your kindness, Fellow Daoist."

After all was said and done, he was only an attendant, and he didn't dare to make a move against Chen Xi because of this.

Zhu Dongting and Moli Chou who stood at the side were even dumbstruck. They'd seen shameless people, yet they'd never seen someone so shameless. Could it be that this bastard kid is utterly shameless?

After that, a strand of extreme rage arose in their hearts. If this bastard does this, then when would we be able to teach him a lesson?

After all, they'd already been waiting bitterly for three months of time, and it was all for the sake of waiting for Chen Xi to leave before trampling on him to vent the rage in their hearts!

“What? You feel a single Divine Crystal isn’t sufficient?” Chen Xi looked at the middle aged man and frowned as he spoke.

“How could I dare? It’s just that this lowly one is only in-charge of providing abodes to guests, and there are others in-charge of the other areas.” The middle aged man was furious to the point his chest almost exploded, yet he had no choice but to explain patiently.

“Oh? Then forget it. I thought you’d be of help, yet it turns out that you’re completely useless. Then give me back that Divine Crystal I rewarded you with,” said Chen Xi with a smile.

“You....” The middle aged man was utterly unable to restrain his rage, and he spoke in a grim voice while being on the very of exploding with rage.

Even Zhu Dongting and Moli Chou were stunned when they heard this. He actually intends to get back a single Divine Crystal he gave as a tip!? My god! Where exactly did this shameless freak come from?

“What? Fellow Daoist, do you have some sort of opinion of me?” Chen Xi was still calm and indifferent as before, yet he was sneering in his heart. I just like to watch your aggrieved appearance from detesting me yet not daring to make a move against me. Everyone knows how to sicken another!

In the end, the middle aged man gritted his teeth and suddenly withdrew another 10 Divine Crystals before handing them over to Chen Xi, and he said, “Fellow Daoist, take it. Since you still refuse to feel regret when you’re facing imminent death, then take these Divine Crystals as me paying for your funeral expenses.”

Chen Xi smiled even more brilliantly, and he received the Divine Crystals and said, “Fellow Daoist really is considerate and warmhearted. Thank you, thank you. If I have the opportunity, I truly wish to treat you to some food and drink. Perhaps you’d give me even more funeral expenses then. As for who’ll be buried in the end, that’s something that needs to be discussed.”

When he spoke up to here, he placed his hands behind his back and left slowly, and he paid no attention to that middle aged man’s gloomy and livid expression.

“A’Chou, follow him!” Zhu Dongting spoke in a ghastly tone when he saw this.

“Don’t worry Young Master. No matter who comes this time, it’s impossible for them to save this bastard!” Moli Chou spoke gloomily before leaving as well.

...

“Young Master this Exquisite Five Qi Divine Pill is the best medicinal pill in my Jade Drop Paradise. Its effects are capable of bringing the dead back to life, benefitting the soul, and replenishing Divine Energy.... Its price is 300 Divine Crystals each.”

“I’ll take 10.”

“Young Master, this Jadelight Divine Armor was refined from Chaotic Jadelight Iron, Cold Spirit Golden Silkworm Thread, Divine Hardcloud Sand, and another 75 precious divine materials. Moreover, 108 layers of restrictions were set-up on it be a Talisman Formation Grandmaster of Jade Drop Sword Sect. When it’s worn, its defensive ability is so formidable that it’ll absolutely be able to add an impregnable layer of protection to you. Its price is 3,900 Divine Crystals. If you think it’s expensive....”

“Cut the crap, I’ll take it!”

“Young Master, my Jade Drop Paradise sells all the 99 divine materials that you need, and their total price is 4,800 Divine Crystals.”

“Young Master....”

“I’ll take it.”

“I’ll take it.”

“I’ll take it.”

At the medicinal pill area, divine treasure area, divine artifact area... and various other areas in Jade Drop Paradise, the sounds of conversation between Chen Xi and the attendants there frequently resounded, and in less than 10 minutes of time, Chen Xi had already spent over 15,000 Divine Crystals.

The way he spent money like flowing water caused many nearby guests to feel extremely astounded and envious. It was even to the extent that the eyes of some female guests glowed while they were almost intoxicated by him.

In their hearts, Chen Xi seemed to have become that sort of wealthy young master, and they truly wished for nothing more than to curry favor with him and beg him to bring them along with him.

During this entire process, Moli Chou had always been following behind Chen Xi, and he noticed all of this down to the slightest detail.

As he continued watching, even a Domain Enlightened Spirit God like him couldn’t help but be slightly envious. That was 10,000 Divine Crystals! Even an existence like him didn’t dare spend lavishly like that!

I never expected that this bastard kid is really rich. Unfortunately, no matter how many divine pills and divine artifacts he buys, it’s impossible for him to escape death! Moli Chou gritted his teeth while killing intent seethed in his heart. On one hand, it was out of hatred, and on the other hand, it was because he coveted the wealth in Chen Xi’s possession.

Moreover, as far as he was concerned, everything Chen Xi was buying now was for the sake of self-protection. Then, why did Chen Xi act in this way? Obviously, Chen Xi was worried about the safety of his own life, and Chen Xi was worried about being killed by him, Moli Chou!

Hmph! Laughable, truly laughable! Could it be that he thinks the gap in cultivation realms can be closed up with external forces? He truly is an idiotic bastard! Moli Chou sneered without end, and he was thinking about how the wealth in Chen Xi’s possession should be shared once he killed Chen Xi.

Hmm? Right at this moment, he suddenly noticed that Chen Xi had glanced at him while a wisp of a spurious and ridiculing smile hung on the corners of Chen Xi’s mouth.

This caused Moli Chou’s face to instantly turn grim because being silently ridiculed by a fellow he felt was an idiot was extremely upsetting to him.

Fortunately, this sort of feeling didn't continue for long, and his spirits were refreshed because he shockingly noticed Chen Xi's figure within his field of vision had turned towards the entrance of Jade Drop Paradise.

Our opportunity has finally arrived! The blood in Moli Chou's entire body seethed, and he'd never felt such an urgent desire to kill someone.

He started to send a voice transmission to Zhu Dongting.

At practically the exact same time, Chen Xi muttered in his heart as well. After a year of closed door cultivation, my cultivation has already almost recovered to its peak state. Now that I've prepared so many things, even if I encounter Ye Yang once more, I would at least be able to flee....

If Moli Chou knew that everything Chen Xi had purchased in Jade Drop Paradise was purchased for the sake of dealing with the threat of a Universe Enlightened Ancestral God and not for himself, one could only wonder how Moli Chou would feel.

Talisman Emperor

Chapter 1586: Coincidence

A year of closed door cultivation allowed Chen Xi's injuries to finally be recovered to a great extent, and he was merely a trace away from recovering to his peak state.

It wasn't just that, he even had the feeling that after he experienced this tempering between life and death, his strength would definitely improve once more when he recovered completely!

As it was said, it was impossible to construct before destroying. The comprehensions one obtained through the tempering of life and death was always superior in promoting the transformation of one's strength when compared to closed door cultivation.

Up until this moment, the only thing Chen Xi felt regretful towards was that little lady, A'Liang, was still unable to awaken from her unconscious state.

A'Liang's vital signs were extremely special. It had shrunken into a ball that was covered by strands of jade green divine light. She was like a butterfly that had been protected by a silkworm, and she seemed to have lost all senses towards the outside world.

Fortunately, Chen Xi was able to sense that along with the passage of time, A'Liang's vital energy was gradually stabilizing from its weak state.

It's time to leave.... Chen Xi took a deep breath, and a wisp of a cold arc couldn't help but appear on the corners of his mouth when he sensed Zhu Dongting and Moli Chou following him from afar. After that, he walked gradually towards the entrance of Jade Drop Paradise.

The streets of Voidsky City were bustling as always, and streams of people bustling about on it. Chen Xi moved along the streets and seemed to be walking aimlessly through it.

All along the way, he sometimes stood still and observed the bustling stores in the surroundings, he sped up sometimes, and he even bought a few fine and small things from some stalls sometimes. He was like a tourist, and he seemed to be utterly unaware that he was being pursued with the intention to kill.

“That bastard kid! Could it be that he intends to bring us around in circles within the city?” Zhu Dongting gnashed his teeth from behind, and he felt like he was a cow that Chen Xi was guiding by the nose. The more relaxed Chen Xi was, the more Zhu Dongting felt aggrieved and furious in his heart.

“Young Master, calm yourself. There are numerous people here, and it’s inadvisable to make a move immediately. Once this kid is all alone, it would be the moment of his death.” Moli Chou seemed to be extremely patient instead, and he was like an experienced hunter as he spoke in a neither fast nor slow manner.

“According to my plans, we can just make a move directly. Why do we have to go to such much trouble?” Zhu Dongting frowned, and he truly didn’t want to continue wasting time.

“In that way, it would probably cause a great deal of panic, and it would be easy for that kid to seize the opportunity present to him by the confused environment and escape us...” Moli Chou spoke, and then his eyes suddenly lit up. “Young Master, look! That kid is heading out of the city!”

“Oh?” Zhu Dongting’s spirits were instantly refreshed. “Looks like this kid is aware that he’s unable to escape our pursuit, and he intends to fight desperately against us. This couldn’t be any better. Let’s quickly chase up to him!”

...

When he was another 50m away from the city gate, Chen Xi’s eyes suddenly narrowed slightly, and he turned imperceptibly to move towards another street.

Hmm? Right when Chen Xi’s figure had just vanished, a fiery red figure on the distance city gate seemed to have noticed something, and she swiftly turned around while her clear eyes that were like lakes surged with strands of terrifying divine radiance as they swept through the heavens and the earth.

In an instant, the scenes within the entirety of Voidsky City was reflected down to the slightest detail within her ind. The streets, the pedestrians, the buildings, the voices, the auras, the movements.... Everything was unable to escape her senses.

But in the end, it came back empty handed.

Could it be that little fellow isn’t in Voidsky City? Or perhaps he’d fled without a sound in this year of time? This red clothed woman was naturally the disciple of the Sovereign Sect, Ye Yang. A formidable existence that possessed the outward appearance of a peerlessly beautiful girl, yet actually possessed a strength that had attained the Universe Enlightened Ancestral God Realm.

At this moment, her beautiful brows were knit together while she lightly bit her moist and plump red lips. She seemed to be in deep thought, and the beauty she revealed inadvertently caused the hearts of all the disciples of Violethell Divine Sect in the vicinity to thump while their mouths felt parched.

“Eh, isn’t that Senior Brother Zhu?” Suddenly, a disciple spoke when he noticed Zhu Dongting and Moli Chou who were on the distant street.

“It looks like Senior Brother Zhu is pursuing someone.” The other disciples spoke successively as well.

Ye Yan frowned instead, and she couldn’t be bothered to raise her eyes and glance over. Since the day she’d started to rely on the forces of the Violethell Divine Sect to search for Chen Xi, Zhu Dongting had

constantly annoyed her, and if it wasn't out of consideration for the great figure from the Violet Hell Divine Set that stood behind Zhu Dongting, she would have annihilated this profligate disciple that had wishful thoughts about her.

If she'd turned around and taken a glance, then perhaps she would have noticed something from the target that Zhu Dongting was pursuing. Unfortunately, out of a sort of feeling of detest, she hadn't turned around, and she's missed this trace of an opportunity.

...

That woman really is difficult to deal with! Chen Xi's expression was slightly gloomy, and he wasn't worried that she would see through his disguise because he'd utilized the Shapeless Skin.

However, Chen Xi didn't dare confirm whether he would be recognized or not when he appeared within her field of vision. So, he'd resolutely turned around and chosen a different direction.

Hmm? Suddenly, Chen Xi stopped once more. He noticed to his shock that two young men who were clothed in rags were standing at the distant corner of the street with vacant expressions.

Shockingly, it was Mutou and Zai'zi. However, after a year, these two immature young men that had left the mountains for the first time weren't filled with high spirits any longer. Their faces were haggard, their eyes were dim and dazed, and they had lost their anticipation towards the future and their firm and extraordinary aspirations. They seemed like beggars that were wandering through the streets instead.

"How were they reduced to such an extent?" Chen Xi was stunned. He clearly remembered that when he bid farewell to them a year ago, he'd given them some extra Divine Crystals within the storage pouch and coupled with the compensation from selling that ferocious beast's horn, it ought to be sufficient for them to live in Voidsky City.

But obviously, some sort of mishap had definitely occurred to them during this year of time.

No matter what sort of mishap it was, it caused Chen Xi to be unable to help but arouse a trace of guilt in his heart. Because if it wasn't for him, they would probably still be within that primitive and simple mountain village, and they would still possess the will, hot blood, and anticipation towards the future that young men possessed....

"Mutou, Zai'zi, don't say a word. Walk forward along this street, and I'll bring the both of you with me once you walk out of the city. In the future, I'll definitely find an opportunity for the both of you to gain a master and learn to cultivate in the Divine Dao!" A warm voice that carried a comforting force amidst its indifferent suddenly resounded by the side of Mutou and Zai'zi's ears, and it caused their bodies to stiffen.

After that, the dazed expressions in their eyes gradually vanished, and their originally dim eyes gradually brightened.

It's that senior!

The two young man exchanged a glance, and they tacitly understood each other. The hardships they'd encountered in this year of time had already grinded off their immaturity, and it allowed them to start understanding how the world and the hearts of man were filled with danger.

However, they still firmly believed Chen Xi because it was precisely Chen Xi who'd brought them out of the mountains for the first time, brought them to this ancient and prosperous city for the first time, and allowed them to witness how strange and dazzling this world was for the first time.

So, they believe Chen Xi, even if they hadn't seen him for a year.

This was what it meant to be a young man. After suffering hardships, their hearts still carried their own persistence and kindness.

The two of them didn't hesitate to move hastily side by side towards the city gate.

Just like other cities, Voidsky City had four city gates, and they were respectively situated at the north, south, east, and west.

Ye Yang resided at the east city gate while Zhu Dongting and Moli Chou were following him from the west. So, Chen Xi could only choose the north or south city gates.

Presently, he was approaching the city gate in the north, and he moved northwards all along the way without hesitating any longer.

Because there was another trace of a concern in Chen Xi's heart now, and it was Mutou and Zai'zi. He felt slightly guilty towards them, so he intended to give them a beautiful path towards the Dao. This was the way he did things, and it had never changed.

...

"If that kid changes directions once more and refuses to leave, then I won't continue exercising forbearance!" Zhu Dongting's expression was extremely gloomy, and his chest was filled with a ball of surging and blazing flames of rage.

Earlier, Chen Xi had suddenly changed directions, and it caused his originally excited mood to be completely destroyed, and he was both infuriated and aggrieved.

He was the dignified direct line descendant of the Violethell Divine Sect's Grand Elder, Zhu Gangshan, and his status was extremely lofty. Yet now, someone was playing tricks on him while he could only exercise forbearance like a resentful wife, and it was obvious how furious he was.

"Don't worry Young Master. This time, even if you didn't say anything, I would still kill him myself!" Moli Chou bit his teeth without end as well. This bastard is simply infuriating. He frequently acts in a way that goes against convention, and he's despicable and shameless as well!

As they spoke, the two of them noticed that Chen Xi's figure didn't turn around this time and headed directly towards the city gate.

This caused their eyes to instantly light up, and the killing intent that was suppressed in their hearts for a long time had sprayed out like a volcano and surged through their entire bodies.

“Let’s go!”

“This time, this Young Master will let you experience what true suffering feels like!”

...

“Hmm? Why have these two ants left the city today? This is slightly unusual. I have to quickly report this to Senior Brother Yun Cheng!” At practically the exact same moment, a disciple from Violethell Sword Sect hastily walked out from the street, and he gazed from afar at Mutou and Zai’zi who’d just vanished behind the city gate.

This disciple was precisely that Junior Brother Liao who’d captured Zai’zi and Mutou before locating Chen Xi’s tracks from within their memories.

Later on, under the instructions of his Senior Brother Yun Cheng, he’d eliminated a portion of Mutou and Zai’zi’s memories before placing them back into the city. At the same time, Mutou and Zai’zi were closely watched from the shadows, and it was because they hoped to obtain even more clues towards Chen Xi’s whereabouts from these two young men.

Now, Mutou and Zai’zi’s unusual actions instantly caused Junior Brother Liao’s spirits to be refreshed. Because bitterly exhausting a year of time on two fledging young men caused him to feel rather aggrieved and helpless in his heart. Fortunately, it seemed like it was time to reap the gains!

Swoosh! Swoosh!

However, before Junior Brother Liao could take action, two figures swiftly flashed past in his vision, and they instantly vanished behind the city gate.

Even though all of this occurred extremely quickly, Junior Brother Liao was still able to recognize their identities, and he couldn’t help but be dumbstruck. “Senior Brother Zhu and Senior Moli Chou? Could it be that they’d noticed something is off already? Then should I still report this matter to Senior Brother Yun Cheng?”

He was very clearly aware that Zhu Dongting craved success and achievement. If the latter knew that he’d notified Yun Cheng about this matter, then Zhu Dongting would definitely make him suffer.

“What should I do?” Junior Brother Liao fell into hesitation, and he sighed in the end and said, “Nevermind, I’ll wait for a moment, and I’ll report it to Senior Brother Yun Cheng after that. This period of time would already be sufficient for Senior Brother Zhu to seize all the achievements and merits. In this way, he would naturally not blame me for notifying Senior Brother Yun Cheng.”

Unfortunately, Junior Brother Liao wasn’t clearly aware that a great deal of things would occur during this period of time that he’d delayed, and the outcome of these matters could have actually been changed. But in the end, because of this amount of time that he’d delayed, this opportunity to change things was missed as well....

Chapter 1587: The Slaughter Begins

Outside the northern city gate was a vast mountainous forest.

Because of the difference in the Laws of the Heaven Dao and the nurturing of Divine Energy, the landscape, rivers, plants, and trees within the Ancient God Domain were extremely strong. In the three dimensions, all of these common plants and trees could be considered as rare divine treasures.

However, they were extremely ordinary in the Ancient God Domain. Not to mention cultivators, even ordinary people that hadn't cultivated wouldn't spare them a glance.

Swish!

After he walked out of the city gate, Chen Xi didn't hesitate at all to flick his sleeve, and he hid Mutou and Zai'zi within a Divine Artifact in his possession.

After that, his gaze focused towards the mountainous forest in the distance, and then his figure flashed and swiftly vanished on the spot.

...

"Why would that kid take those two ordinary young men?" After a short moment, Zhu Dongting and Moli Chou appeared where Chen Xi stood just now.

"A'Chou, why care about all that now?" Zhu Dongting's eyes were filled with excitement and killing intent. "This kid actually entered a thick forest on his own, and this is a rare opportunity. Let's go, I can't wait for a moment longer!" As he spoke, his figure flashed towards the distant forest. Moreover, a beautiful and blazing divine sword revolved and floated in his hand, and it flowed with dazzling golden radiance. It was very extraordinary.

"Be careful Young Master, just in case he's playing tricks!" Moli Chou hurriedly caught up to Zhu Dongting when he saw this.

As a Domain Enlightened Spirit God that had experienced all sorts of bloody storms, even if Moli Chou felt extreme disdain towards Chen Xi in his heart, once he was really about to make a move against Chen Xi, he wouldn't underestimate Chen Xi at all.

This was the instinct tempered by experts. Only by not underestimating their opponents when planning a battle would they be able to live longer on the bloody path of cultivation that was filled with deceit and unexpected events.

Presently, Chen Xi had entered the mountains by himself. It seemed like Chen Xi had done this because he'd randomly chosen a path in panic in order to flee, but Moli Chou didn't dare think like that.

Fortunately, he'd already determined that Chen Xi was only a World Enlightened True God. So, no matter what schemes and tricks Chen Xi played, it wouldn't be to the extent of making Moli Chou feel hesitant to take action.

The only thing he wasn't able to stop worrying about was Zhu Dongting. Zhu Dongting was domineering and boastful, and it was very easy for the enemy to seize an opportunity to deal with Zhu Dongting.

So, as soon as they took action, Moli Chou had decided that he would stay by Zhu Dongting's side at all times. Even though killing the enemy was important, protecting Zhu Dongting's life was even more important than that.

Otherwise, if any mishaps occurred, then he would be unable to give the Grand Elder of Violet Hell Divine Sect, Zhu Gangshan, an explanation.

...

However, the development of the situation would still exceed Moli Zhou's expectations.

10 minutes later. Chen Xi's clothes and long hair fluttered as he stood by himself at the side of a lone precipice that was covered in rocks of various sizes and had a waterfall flowing down from it.

After he utilized the Shapeless Skin, even though it had made his appearance seem slightly ordinary, the vital energy that surged around his body and the deep divine radiance in his eyes at this moment caused him to naturally reveal an extraordinary and indifferent disposition.

Rumble! Beneath the precipice was a surging river. The surging torrent pushed the snow away and caused a thousand waves to arise, and they roared like surging thunderclaps.

To Moli Chou's surprise, Chen Xi actually didn't hide when they chased him all the way here, and he seemed as if he was waiting for them.

This sort of sudden behavior caused Moli Chou to be unable to help but frown, and he faintly felt that this kid seemed to intend to play some sort of trick.

However, Zhu Dongting didn't possess such awareness. When he saw Chen Xi stop fleeing, he couldn't help but roar complacently with laughter. "Bastard! Go on! Flee! Why aren't you fleeing anymore? It wouldn't be that you've chosen to jump off the precipice and take your own life?"

At this moment, he was enormously proud of his success and in high spirits, and the flames of rage that were accumulated within his heart seemed as if they'd found a place to be vented at. He was indescribably complacent.

Chen Xi laughed as well and said, "Young Master Zhu really does deserve to be surnamed Zhu." These words were simply a direct insult that said Zhu Dongting was no different from a pig.

Zhu Dongting's face instantly sank. He'd never imagined that even at such a moment, this damnable bastard would actually dare to insult and humiliate him. He's truly courting death!

"Very good! Just because of these words, this Young Master will let you know what being unable to live or die is like!"

Bang! As he spoke, his figure flashed, and his body suddenly surged with a strand of terrifying fluctuations of Divine Energy. His imposing aura had changed completely, and it was violent and domineering.

He was infuriated indeed. He wished for nothing more than to swallow Chen Xi's bones, suck out Chen Xi's marrow, and cause Chen Xi to be unable to be reincarnated forever.

However, before Zhu Dongting could make a move, Moli Chou had flashed out before he said gloomily, "He's just a tiny ant. There's no need for Young Master to make a move against him. Allow this old slave to take care of him."

As his sharp voice resounded, Moli Chou suddenly blasted through space like a large bird, and his palm was coiled by circles of mysterious and obscure crimson divine glows as he assaulted Chen Xi.

Soulsplit Devil Vulture Claw!

This was the Innate Divine Technique of the Red Devil Vultures. Their hands could tear the heavens and the earth apart, sever the soul, and split the spirit, and it possessed monstrous might.

Swish! Swish!Space was easily clawed into pieces like paper, and numerous terrifying spatial rifts were split open. They spread extremely far into the distance, causing the heavens and the earth to be enveloped by a layer of ghastly, terrifying, chaotic, and destructive atmosphere at this instant.

This was the might of a Domain Enlightened Spirit God. A single strike could alter the world, turn the landscape around, and cause the Grand Dao to become unstable and uneasy!

...

Clang!

At practically the exact same time, Chen Xi moved as well. With the Talisman Armament in hand, a stand of an indescribably terrifying Sword Insight effused out from his body, and it threw the surroundings into disorder.

In an instant, it was like a divine sword that was deeply hidden within the annals of time had been unsheathed, and it shook the universe while its sword howl resounded through the world.

Moreover, Chen Xi seemed as if he'd become a completely different person. His eyes, brows, and even the skin on his body were enveloped by a strand of fierce and murderous Sword Insight. He was like an emperor of the sword that was filled with the great spirit to look down upon the world and command all swords.

This imposing aura was too terrifying. As soon as it appeared, it completely dispersed the ghastly and terrifying atmosphere that Moli Chou had created, and it had done so with ease as if it was sweeping through dry leaves in an all-powerful manner.

It was even to the extent that the nearby precipice, rocks, sand.... Everything in the world was covered in a layer of oppressive killing intent of Sword Insight!

The Sword Emperor Realm!

Moli Chou's expression changed abruptly, and he was unable to maintain his composure any longer. He felt astounded in his heart. Never had he imagined that an extremely ordinary young man at the World Enlightened True God Realm would suddenly transform into a Sword Emperor.

A Sword Emperor!That was a supreme state in the Sword Dao, and it was rare in the entire world. Not to mention Violethell Divine Sect, it was practically impossible to find a single Sword Emperor amongst all the World Enlightened True Gods in the 3,000 universes of Snow Ink Region!

Because such a cultivation realm practically only existed amongst Universe Enlightened Ancestral Gods. Moreover, according to Moli Chou's knowledge, there was absolutely no more than 10 people in the entire 3,000 universes of Snow Ink Region that possessed a cultivation at the Sword Emperor Realm in

the Sword Dao. However, there wasn't a single one of them that was at the World Enlightened True God Realm!

Where exactly did this kid come from? Could it be that he isn't a cultivator from Snow Ink Region?

Swoosh! Before Moli Chou could figure it out, a wisp of sword qi that was coiled by a myriad of blazing talismans slashed down towards him like a ray of light.

Moli Chou's entire body trembled. It really is the might of the Sword Emperor Realm.

He didn't dare hesitate, and he instinctively changed the move he was about to execute and intended to temporarily avoid the blunt of Chen Xi's attacks.

As soon as the battle began and before they'd even collided for real, Che Xi was able to force a Domain Enlightened Spirit God to the point of dodging. This scene caused the eyeballs of Zhu Dongting who was originally arrogant and complacent to almost fall out from their sockets, and he was filled with disbelief.

It took a long time to describe, yet it was only an instant. From Chen Xi's attack to Moli Chou realizing the situation was bad and dodging, all of this had been completed in an instant.

Om! However, before Moli Chou could dodge successfully, three bright golden copper coins tore through the sky, and they formed the shape of the '品' character and completely confined his body.

"The Copper Coin of Treasurefall! Dammit! You're...." Moli Chou's expression changed once more, and it terrified him to the point of losing his composure. However, time didn't allow him to react to it any longer, and he could only go head on against it.

He clawed with both hands, and a copper wheel that was filled with a blood red color tore through the sky and swept over fiercely.

Bang!

The sword qi and copper wheel collided, and an enormous bang that shook the heavens and the earth erupted while terrifying fluctuations crushed the mountains and trees in the surroundings into powder.

Pu! Moli Chou coughed up a mouthful of blood, and his figure staggered back.

He's been injured!

In a single strike, he'd actually been injured at the hands of a little fellow at the World Enlightened True God Realm!?

All of this almost caused Moli Chou's Dao Heart to collapse, and he found it impossible to accept.

On the other hand, Zhu Dongting who stood in the distance was even shocked to the point his entire body trembled, and his eyes bulged out from their sockets. He was similarly unable to believe that such a scene would actually occur.

"How could this be possible? How could this be possible? When has a World Enlightened True God been able to surmount a realm and go head on against a Domain Enlightened Spirit God?" He was roaring furiously in his heart, and he felt that his view of life was on the verge of being overturned.

Om!

Before Moli Chou could stabilize himself, the three bright and golden copper coins revolved and droned before they shot once more towards him.

From the beginning until the end, they didn't waste even a shred of time.

"Bastard!" Moli Chou roared furiously and stopped dodging. He intended to go head-on against Chen Xi because he similarly didn't believe that a World Enlightened True God could defeat him while relying on a Natural Spirit Treasure.

Most importantly, in his understanding of Chen Xi, Chen Xi had always been cowardly, and he didn't seem like those extraordinary disciples of legend from the supreme divine sect. So, he was utterly unable to accept the possibility of him being defeated by Chen Xi.

Swoosh!The second time they attacked each other, Chen Xi collide head-on with Moli Chou, and he executed the Vorpel Strike instead. A wisp of sword qi appeared extremely suddenly in the space by Moli Chou's side, and then it slashed down.

Pu!

After that, it easily chopped off Moli Chou's right arm!

Moli Chou howled endlessly with pain, and a wisp of uncontrollable terror even surged into his heart. This young man is absolutely not an ordinary figure!

He possesses a cultivation in the Sword Dao at the Sword Emperor Realm, a heaven-defying combat strength, the Copper Coin of Treasurefall that's passed down in the Sovereign Sect.... How could such a figure possibly be an ordinary person?

"Young Master, Flee! Quickly! We've been tricked by this kid!" Moli Chou roared loudly with a savage and warped appearance, and he seemed like he'd gone mad.

Swoosh!However, before his voice could finish resounding, a wisp of sword qi attacked him once more. At practically the exact same time, the Copper Coin of Treasurefall tore through the sky and completely confined the space around Moli Chou as well.

"I'll fight you to the death!" Moli Chou shouted explosively while his entire body seemed as if it was burning. Moreover, a Divine Dao Altar floated out from his forehead, and it emanated boundless divine light.

"A'Chou!!!!" Zhu Dongting roared loudly in the distance. He was already shocked to the point of being stupefied, and his mind was droning violently. However, when he witnessed this scene, he instantly understood that A'Chou intended to fight desperately in order to win him a chance to escape.

Chapter 1588: Star Orbit Command Token

Zhu Dongting's eyes almost split open while he stood stunned on the spot.

The battle had just begun....

The opponent was merely a World Enlightened True God....

Who could have imagined that such a shocking turn of events would occur?

Who would have expected that a World Enlightened True God that seemed extremely ordinary would actually suddenly reveal a cultivation in the Sword Dao at the Sword Emperor Realm, combat strength that was sufficient to surmount a realm and go head-on against a Domain Enlightened Spirit God, and a Natural Spirit Treasure, the Copper Coin of Treasurefall?

It was precisely because all of this was unexpected that Zhu Dongting would feel perplexed and disbelief when all of this occurred.

He was clearly aware that he'd really bit off more than he could chew!

Since a young age, he'd been growing up under the protection of the seniors in the sect, and his status was respected. Up until now, his path of cultivation had always been smooth and ever-successful, so when had he suffered such a setback?

He was disgruntled, yet the terror in his heart caused his entire body to tremble. Not to mention a will to fight, he didn't even have the slightest courage to make a move.

This sort of feeling caused him to feel embarrassed and uneasy. For the first time, he realized that once he lost all protection and truly faced terror, he was actually so contemptible.

Bang!

Before he could extricate himself from these feelings of frustration, a terrifying fluctuation swept out, and it collapsed the sky and crushed all things into powder.

When this fluctuation impacted him, Zhu Dongting seemed as if he was struck by a sledgehammer, and his entire body was blasted flying uncontrollable, and he fell 500km away in a sorry state. His countenance was pale while blood gurgled out of his mouth and nose, and it caused him to seem extremely terrifying and hideous.

"Am I going to die? No, how can I die? I haven't lived enough!!" Zhu Dongting shouted in his heart, and he was completely and utterly terrified.

This spoiled and domineering profligate disciple of the Violethell Divine Sect was even on the verge of crying!

"Young Master, flee! Quickly!!" Moli Chou's extremely miserable, grim, and sharp cry sounded out from within the surging dust and dirt.

"Right, how could I have forgotten to flee? I have to flee! I have to return to the Violethell Divine Sect and get Ancestor to take revenge for me! I'll cut this kid up into a thousand pieces, burn his bones, and scatter his ashes! At this moment, Zhu Dongting seemed as if he'd found his pillar of support. His entire body suddenly shuddered while the distracting thoughts in his mind were completely dispersed, and he swiftly crawled up from the ground and fled.

Pu!

A muffled bang suddenly resounded behind him, and then Moli Chou's shrill and miserable cries stopped abruptly.

Zhu Dongting didn't pay any attention to this at all. At this moment, there was only a single thought in his mind — flee! So long as he was able to flee into Voidsky City, then he would be safe.

Because numerous disciples from Violethell Divine Sect were stationed there, and there was even a Universe Enlightened Ancestral God from the Sovereign Sect there!

But right after that, Zhu Dongting suddenly stopped moving and revealed an astounded expression, and then he let out a practically despaired wail. His entire body went limp, and he almost fell to the ground.

Because a figure had appeared before him. That figure had a sword in his right hand, and he held a bloody head in his left.

That head belonged to Moli Chou! And that figure was naturally Chen Xi!

When he saw this scene, Zhu Dongting's mind almost collapsed while his vital energy fell into disorder, and he was terrified to the point his face warped.

Moli Chou who was at the Domain Enlightened Spirit God Realm had actually been annihilated so easily! Moreover, the person who did it was merely a World Enlightened True God....

How could he accept this?

Actually, Zhu Dongting wasn't aware that Chen Xi already possessed the might to annihilate the Dayi Clan's Ninth Uncle while he was at the Last Days Domain a long time ago. That was a top-rate existence amongst Domain Enlightened Spirit Gods, and Ninth Uncle was countless times more formidable than Moli Chou.

If Chen Xi was still unable to kill Moli Chou under such circumstances, then it would truly be strange.

"Please... please... please don't kill me.... I can give you everything you want if you don't kill me. My grandfather is the Grand Elder of Violethell Divine Sect, Zhu Gangshan, and it'll be extremely troublesome for you if you kill me. Please, I beg you...." Zhu Dongting actually knelt on the ground with a thump, and he howled and begged.

In these years of cultivation, Chen Xi had seen many people that were afraid of death, yet it was the first time he'd encountered someone that was afraid of death to such an extent.

However, this was unable to change Chen Xi's mind, and it was even to the extent that he didn't waste his breath at all.

His hand rose up.

His sword descended.

A head shot into the sky while blood sprayed.

After that, Chen Xi started to clean up the battlefield with a calm expression. From the beginning until the end, he didn't reveal even a trace of pity, and it was even to the extent that there wasn't even a shred of fluctuation in his emotions.

Since the moment they'd pursued him with the intention to kill, Chen Xi had aroused killing intent towards them.

There wasn't any deep enmity between them, yet it just so happened that the two of them had repeatedly come looking for trouble with him and intended to kill him. So, this had already exceeded the limits Chen Xi was willing to endure.

He wasn't someone that slaughtered indiscriminately, yet if his enemies came looking for trouble with him, then he wouldn't mind sending them on their way as soon as possible.

...

The wealth these fellows carried along with them is pretty abundant. In total, there's an entire 16,000 Divine Crystal, five Artificial Spirit Treasures.... After he cleaned up the battlefield, a trace of a satisfied expression couldn't help but suffuse the corners of Chen Xi's mouth. After that, his gaze descended onto a command token in his hand.

This command token was around the size of his palm, and it was empty and translucent. A complicated spatial talisman formation diagram was branded within it, and it was called the Star Orbit Command Token. It was a treasure needed to move through Interstellar Teleportation Formations.

For example, there were a total of 3,000 universes in Snow Ink Region, and Jaderock Universe was densely covered with over 100,000 stars. If there were no fixed Interstellar Teleportation Formations, then it was extremely likely for one to lose one's way while teleporting through these places.

It was different if one possessed a Star Orbit Command Token. So long as the star one resided on possessed an Interstellar Teleportation Formation, then one could travel through it at will.

As for cultivators that didn't possess such a command token, they were naturally able to utilize these teleportation formations as well. However, they had to pay a huge price for every single teleportation, and it wasn't worth it at all.

Something worthy of mentioning was that the refinement of Star Orbit Command Tokens was controlling the hands of the number one power in every single universe. Moreover, the Star Orbit Command Tokens they refined could only be utilized within their own universe.

According to rumor, there was even a command token in the Ancient God Domain that allowed one to teleport between regions, and it was called the Region Vein Command Token. However, they were extremely scarce, and it was utterly impossible for ordinary people to come into contact with it.

With this Star Orbit Command Token, I wouldn't have to take great pains in order to head to Violethell Divine Sect.... Chen Xi carefully put the command token away. It was a precious treasure because at the very least, he could rely on it to move through the teleportation formations on all the stars in Jaderock Universe.

However, right at this moment, a feeling of vigilance arose in Chen Xi's heart, and his entire body stiffened. After that, his gaze suddenly shot towards the distance like a bolt of lightning.

“Since you’ve arrived, then why don’t you show yourself?” Amidst his calm and indifferent voice, Chen Xi silently clenched the Talisman Armament in his hand tightly, and his entire body was like a fully drawn bow that would loose an arrow at any moment.

“I never expected that you actually changed to another appearance, and it’s difficult for me to distinguish its authenticity. Looks like you definitely possess a Shapeless Skin from the Woodskin Mask Race?” A red shadow swiftly appeared, and with a shake of her waist, she lay lazily with her back resting on space itself. She had hazy eyes, snow white skin, an extraordinarily beautiful face, jet black hair that fluttered loosely behind her, ample and magnificent snow white heaps before her chest, and a slender and graceful figure. Her entire body emanated a strand of peerless charm, and she seemed like a drop dead gorgeous beauty.

It was the disciple of the Sovereign Sect, Ye Yan!

“It really is you.” Chen Xi seemed to be extremely calm, yet his deep eyes carried a wisp of icy cold killing intent. If he didn’t maintain his rationality now, then he would wish for nothing more than to kill her immediately.

Of course it’s me. If it isn’t me, then you’ll probably be able to escape again.” Ye Yang chuckled while her sexy red lips parted lightly, and her voice was gentle and pleasing.

“Are you so sure you’d be able to keep me here?” Chen Xi sneered.

“I’m not going to keep you here; I’m going to kill you. Otherwise, I would probably be unable to sleep in the future.” Ye Yan blinked as if she was flirting with a lover, yet the content of her words caused others to tremble in fear.

Bang!

Suddenly, a strand of terrifying fluctuation arose from all directions, and it formed into a myriad of talisman markings. In an instant, they instantly transformed into a peerlessly ghastly Divine Restriction that enveloped Ye Yan.

All of this had occurred too quickly. Moreover, from the beginning until the end, Chen Xi hadn’t done anything, yet the divine restriction had appeared abruptly, causing Ye Yang to have no time to react.

“Since the moment I left the city, I’d deduced that the fluctuations that arise here would definitely be unable to escape your detection. Thus, I set up this formation at the beginning. So please accept this small gift of mine.” Amidst his composed and indifferent voice, Chen Xi’s figure flashed, and he’d torn space apart and left at full speed.

The divine restriction was called the White Emperor Darklight Formation, and it was formed from the Whitemetal Divine Talisman. Chen Xi had set it up with all the numerous divine materials he’s purchased in Jade Drop Paradise, and its might was capable of annihilating all World Enlightened True Gods, and it was able to trap Domain Enlightened Spirit Gods yet was insufficient to be lethal to Domain Enlightened Spirit Gods.

Now, he’d utilized it to deal with a Universe Enlightened Ancestral God like Ye Yan instead, so it was naturally unable to restrain her for too long.

This was something that couldn't be helped, the wealth in Chen Xi's possession was utterly insufficient for him to purchase sufficient divine materials in order to set up an even more formidable divine restriction.

Most importantly, even if his wealth was sufficient, the Jade Drop Paradise didn't possess those required divine materials at all. After all, the stronger the might of a divine restriction, the more precious and rarer that divine materials required would be.

It was precisely because of these reasons that Chen Xi turned around and fled without the slightest hesitation.

Because he was very clearly aware that if he went against Ye Yang who was at the Universe Enlightened Ancestral God Realm with his current ability, then he would absolutely be courting death. He didn't want to experience the feeling of being suppressed and trampled on by another.

Bang!

Sure enough, merely a short moment after Chen Xi had left, the White Emperor Darklight Formation split apart amidst a wave of violent bangs, and it transformed into a rain of light that dispersed into the surroundings and reveal Ye Yang's slender red figure within it.

"That damnable little bastard really is extremely cunning. However, I've already left behind a strand of my will on him. Let me see if you're able to escape my grasp!" Ye Yan chuckled lightly, her features were tender while she revealed a composed bearing. She stretched out her fair and slender hands to lightly comb up the hair by her ears and tied up a ponytail that flowed down like a waterfall. It was extremely clean, and it caused her charming bearing to carry a trace of a ferocious and oppressive aura.

After that, her red dress shook as she swiftly vanished into space.

"Young Master! Senior Moli Chou!"

"Dead, Young Master and Senior Moli Chou have suffered calamity...."

"Dammit! Who exactly did it!?"

Not long after Ye Yan left, all the disciples of Violethell Divine Sect finally arrived, and for a time, wave after wave of shocked and furious howls resounded in this expanse of the forest that had been transformed into ruins.

Chapter 1589: Spatial Turbulence

Swoosh!

Swoosh!

Space warped and fluctuated before his eyes at extremely speed. It was like a multicolored ray of light, and it carried a lustrous and dazzling sense of beauty.

However, Chen Xi didn't have the time to admire this beauty. He was fleeing at full speed, and he was silently calculating all the methods he possessed to deal with this situation.

Exactly how terrifying were Universe Enlightened Ancestral Gods?

At the very least, no matter how strong and heaven defying a World Enlightened True God was, once a World Enlightened True God went head on against a Universe Enlightened Ancestral God, the outcome would definitely be death.

At this realm of cultivation, one's cultivation had already attained a state of returning to its ancestral path, and the Grand Dao returned to its source. A single thought of such an existence could create a myriad of phenomena while such an existence's strength could create a world, whereas, such an existence's rage could destroy a world. It wasn't just something that could be described by the word terrifying.

So, Chen Xi could only flee. Even if he wished for nothing more than to kill her, he had no choice but to accept the gap in their strengths.

This was reality!

Even if he was capable of surmounting a realm to do battle and annihilate Domain Enlightened Spirit Gods, the Universe Enlightened Ancestral God Realm was two realms above him after all. This sort of distance couldn't be made up for with any external forces.

Even if Chen Xi was given the number one precious treasure that was born within the Chaos of the three dimensions, Pangu's Axe, he would still be helpless against her.

The reason was extremely simple. With his current cultivation, it was utterly insufficient for him to bring forth the monstrous might possessed by Pangu's Axe. It was like a young child holding a peerless sword. No matter how peerlessly sharp it was, the child's strength was limited in the end, and the child wouldn't be able to resist the blows of a strong man.

Swoosh! Swoosh!

Strong sounds of spatial wings whistled by his ears as Chen Xi advanced, and he fled out of this star and entered the boundless starry sky.

At this moment, he was like a flowing ray of light that was moving through the boundless starry sky, and he teleported and traversed star after star aimlessly.

It was extremely dangerous to hide within a star because its area was too small, and it was extremely easy to be locked-onto. On the other hand, the universe was different, it was densely covered within countless stars, nebulas, galaxies, rivers of stars.... Moreover, spatial rifts, spatial black holes that whistled madly, and various baleful energies and profound lights of the universe that were terrifying to the point of being capable of reaping one's soul existed here. It was boundlessly dangerous and extremely complicated.

In the opinion of any cultivator, roaming freely within the universe was something that required extremely great courage. Because besides the dangerous natural environment in the universe, it was extremely easy to get lost and be unable to find a way back.

At this moment, this boundless universe had become a superb place to flee for Chen Xi. It was like a complicated and dangerous maze, and at the same time that it brought numerous dangers to him, it meant that it would be able to provide him with even more places to hide himself.

...

However, to Chen Xi's shock, he's underestimated how terrifying Ye Yan was.

Not long after he'd just entered Jaderock Universe, he suddenly noticed a strand of terrifying killing intent surging over, and it suffused his entire body like a cold torrent.

"Chen Xi, if you intend to continue playing, then I'll definitely accompany you until the end. However, your fate is completely controlled in my hands. So, do you think it's necessary to continue fleeing now?" That gentle, pleasing, and familiar voice resounded once more by his ears. Along with this voice, there was a pitch black copper ring that revolved as it tore through space towards him.

The copper ring tore through space like a dazzling shooting star, and it tore apart the darkness of the universe and burned with monstrous divine radiance that instilled terror in the hearts of all as it assaulted Chen Xi!

It was quick!

Truly too quick!

It was quick to the point that before Ye Yan's voice could finish resounding, the pitch black copper ring had already charged over to Chen Xi.

At this instant, Chen Xi's pupils suddenly constricted while the Divine Energy he'd been accumulating for a long time surged throughout his body. He suddenly let out a loud shout, and then utilized the Copper Coin of Treasurefall to collide head-on with the copper ring.

Bang!

The sound of a monstrous collision resounded in the starry sky, and a terrifying fluctuation swept towards the surroundings, causing over 10 desolate stars in the vicinity to tremble, and they seemed to be on the verge of falling and exploding into pieces!

This was the universe of the Ancient God Domain. Under the envelopment of the Divine Dao Laws here, every single star was extremely solid and far from something a star in the three dimensions could compare to. Yet now, the scene of these stars being on the verge of falling had arisen because of this collision!

Bang!

Chen Xi's figure shook while a light green barrier of light arose around his body, and then it rumbled and shattered.

This was an armor he'd purchased in Jade Drop Paradise. According to the attendant there, it was capable of resisting the full forced strike of a Domain Enlightened Spirit God. Yet now, it had shattered like a piece of paper beneath the attack of a Universe Enlightened Ancestral God, and it was extremely weak.

However, it was precisely this layer of defense that dealt with most of the impact that Chen Xi suffered, and he relied on this force to charge once more towards the distance.

“Hmm? Looks like you prepared a great deal of things to resist me during this year of time. Unfortunately, if you possessed the Primordial Spirit Armor ranked at the 6th in the three dimensions, then perhaps you’d be able to struggle for a while longer. However, relying on trash like these would be utterly unable to improve the situation you’re in.” Extremely far in the distance, Ye Yan was stunned, and then she spoke in a tender and melodious voice before continuing to pursue Chen Xi.

“There’s no need to speak any further. Come kill me if you have the ability, cut the crap if you don’t!”

Rumble!

Amidst his calm voice, Chen Xi’s figure flashed, and divine rays of light shot out from his entire body. He seemed to have suddenly transformed into an enormous Roc. Rumbling resounded as he flapped his wings that covered the sky, and his speed was actually forcefully doubled as he whistled off into the distance.

The Roc Divine Technique!

The innate technique grasped by the number one ferocious beast in the primeval times, the Roc! No matter if it was in terms of attack or movement, it could be considered as one of the most terrifying in the world.

After all, the Ancestors of the Rocs was said to be capable of transforming into a fish while in the ocean, and he could swallow all water in a single breath of time. On the other hand, he transformed into a bird when he left the ocean, soaring up into the sky and roaming the universe as if it was flat ground!

However, executing this technique had its flaw, and that was it consumed too much Divine Energy. If he didn’t have any other choice, Chen Xi wouldn’t execute it rashly at all.

“The Roc Divine Technique.... Hmph! All those years ago, you Third Senior Brother, Tie Yunhai, killed a descendant of the Rocs, and he offended the Roc Daolord. If it wasn’t for your Master, Fuxi, your Third Senior Brother would have paid with his life a long time ago. Now, you’re flaunting this ability? Could it be that you’re not afraid of being pursued by the Divine Roc Race?” Ye Yan’s voice swept over faintly, and it was clearly much more indistinct that it was before this. Obviously, Chen Xi’s execution of the Roc Divine Technique had caused her to be unable to maintain her advantage in speed, and she could only barely match Chen Xi’s speed.

“The Roc Daolord?” This caused Chen Xi to suddenly think of the Primeval Micro Race that he’d met in the Last Day Domain, and he found out about the death of the Roc Daolord from the white haired granny there.

Now, when Ye Yan mentioned that his Third Senior Brother, Tie Yunhai, had actually killed a descendant of the Roc Daolord and caused their Master, Fuxi, to no choice but to stand out and ensure Tie Yunhai’s safety, Chen Xi was shocked in his heart as well. He had a stronger feeling of how all the great figures in the Ancient God Domain were extremely terrifying, and dragons and tigers were hidden everywhere.

However, Chen Xi was already clearly aware that the Roc Daolord had perished a long time ago from entering the Last Days Dao Domain, and he'd transformed into the Last Days Domain. So, Chen Xi would naturally not be fearful because of this.

It was even to the extent that he'd obtain a strand of quintessence energy from the Roc Seal within the Last Days Domain, and it allowed his strength to improve. So, it could be considered as Karma as well.

Bang!

Another strand of terrifying fluctuation arose from behind him.

Even though Ye Yan was unable to catch up to Chen Xi, she'd utilized the pitch black copper ring in her possession to attack Chen Xi from afar. That treasure was obviously a Natural Spirit Treasure, and its offensive strength was shocking. It was absolutely not an ordinary Natural Spirit Treasure.

Bang!

Chen Xi had no choice but to collide head-on with it once more, and the enormous image of a Roc he'd transformed into suddenly trembled and was almost dispersed from the impact.

At the same time, Chen Xi suddenly crushed over 100 Divine Crystals and absorbed them within his body, and he utterly disregarded whether the energy within the Divine Crystals was too violent before he started absorbing it madly.

Doing this was extremely harmful to his meridians. It would cause one's foundation to become unstable, and it might even cause one to suffer from qi deviation. However, at this moment, Chen Xi couldn't be bothered about all of this.

With the assistance of these Divine Crystals, his figure was like a flash of light as it charged explosively once more. In an instant, he'd left Ye Yan far behind him.

"This damnable little bastard is actually so full of tricks." Ye Yan's beautiful brows rose, and a wisp of impatience flashed within her clear eyes.

She wasn't enraged, and she merely felt that it was troublesome.

However, right after that, she was slightly stunned because she was actually unable to lock onto Chen Xi's vital energy.

"Hmm?" Ye Yan's face changed slightly, and she suddenly executed a secret technique. Her red figure seemed as if it caught fire, and it rumbled as she charged forward.

After a short while, she stopped before an area that was densely covered in spatial turbulence. She frowned as she utilized her will to sweep forward, yet it came back empty handed in the end.

"Strange, his vital energy has actually vanished completely. Could it be that he has already perished within this spatial turbulence?" Ye Yan shot her gaze towards the spatial turbulence.

It was an expanse of shattered space that lay across an area of 500,000km in the universe. Countless shattered meteors flowed within it, and as they collapsed and whistling space surged without end, they formed numerous terrifying vortexes that were extremely astonishing.

“Hmph! I don’t believe you’ve perished just like that!” A wisp of a ruthless expression suddenly flashed past Ye Yan’s eyes, and she formed seals with her hands. The black copper ring droned as it emanated numerous images of the gods and a myriad of strands of black divine light, and then all of it smashed towards the spatial turbulence in the distance.

Rumble!

For a time, that expanse of spatial turbulence that covered an area of 500,000km started to explode and shatter violently. It was like a pool of muddy water that was in chaos, and it emanated strand of terrifying spatial waves that swept towards the surroundings.

On the other hand, the countless meteors within it were either shattered into power, or they were blasted to the point of descending forcefully in all directions.

It felt as if an extremely huge firework had erupted in the starry sky, and it was gorgeous and magnificent yet dangerous to the extreme as well.

In the end, the dust and dirt dispersed, yet it was still unable to allow Ye Yan to notice Chen Xi’s aura.

This caused her peerlessly beautiful face to be instantly enveloped by a layer of gloominess. “I clearly left behind a strand of will on him, so how could my ability to sense his presence be suddenly severed, and I’m even unable to lock onto his vital energy any longer?”

Ye Yan stood on the spot and pondered deeply for a long time. In the end, she stomped her foot forcefully onto space, and she was extremely annoyed.

She’d completely not noticed that after she blasted the spatial turbulence earlier, a shadow that was extremely difficult to notice was laying atop one of the meteors that were blasted off.

“Little Bastard! I’ll never forgive you! No matter where you hide, I’ll chase you until the end!” Ye Yan made her voice spread towards the distance, and she seemed to be putting on a show of strength, but it seemed even more like she was venting the rage in her heart.

But in the end, she didn’t receive any reply at all.

Chapter 1590: A Year Of Comprehending The Dao

The meteor whistled as it descended, and it was like a wisp of flames that fell into a starry sky that was filled with boundless darkness.

Chen Xi’s figure lay flat on the meteor, and he was enveloped by blazing light. Coupled with the fact that he’d utilized the Dao Seal Mark to conceal his vital energy, it was extremely difficult for others to notice his existences.

It was precisely because of this that he’d escaped the detection of Ye Yan’s will just moments ago.

Gurgle~ Gurgle~

A trace of blood seeped out from the corner of Chen Xi's mouth while his countenance gradually turned slightly pale. Earlier, while he hid within that expanse of spatial turbulence, the attack Ye Yan executed with the black copper ring had affected him, and he suffered a great deal of injury.

That damnable woman! One day, I'll definitely make her have a taste of this! Chen Xi gnashed his teeth. Since he'd started cultivating until now, it was still the first time that he'd been constantly pursued, and he'd practically been dancing on the edge of a blade and was in danger at any moment.

Bang!

It wasn't long before this meteor smashed forcefully onto a desolate star, and it smashed open a large hole that covered an area of an entire 50,000km.

The terrifying collision force caused this desolate star to tremble violently, and it broke away from its original pathway of circulation.

Swoosh!

Chen Xi's figure flashed, and he'd seized the moment before this collision occurred to dodge towards the distance.

I wonder which part of Jaderock Universe I'm at now.... He stood in space while his gaze swept towards the surroundings, yet he noticed that there was a myriad of stars in the surroundings but all of them were icy cold and without any fluctuations of vitality. In other words, all those stars were desolate existences, and there were no living beings residing on them.

Coupled with the fact that he didn't possess a star chart, Chen Xi was unable to determine his location.

Swish!

Right at this moment, a strand of terrifying fluctuations of 'will' swept over like ripples from the depths of the starry sky, and it was acutely captured by the Dao seal Mark.

Ye Yan!

Chen Xi's pupils constricted abruptly while his figure moved like an ethereal shadow and silently descended onto a desolate star at the side. His figure wriggled a few times before he vanished beneath the surface of the star.

Swoosh!

Right after Chen Xi had just hidden himself, a wisp of gorgeous red tore through the starry sky and flew over here, yet it didn't stop here. Obviously, because of the assistance of the Dao seal Mark, it caused her to be unable to notice Chen Xi's aura.

Huff~

After a long time, Chen Xi who was hiding deep beneath the surface heaved a sigh of relief, yet his expression changed indeterminately. He'd heard Ye Yan extremely clearly just now, so when he saw her swear to not give up until she accomplished her objective, Chen Xi understood that this malicious and ruthless bitch intended to go against him until the end.

This sort of situation was extremely terrible for him!

Even though Chen Xi was confident that he could avoid her detection by relying on the Daoseal Mark, as time passed, and once she went berserk and destroyed all the nearby stars, he would be bound to be unable to continue hiding.

The important matter at hand it to make the best use of my time and recover from my injuries. So that if I'm discovered by her, I would be able to go all out against her again.... Chen Xi couldn't help but sigh when he sensed his injuries. Since he entered Snow Ink Region, he'd never been completely healed and well. He'd been in a situation of constant pursuit at all times, and this sort of feeling caused him to be extremely aggrieved and infuriated.

Gulp~

Chen Xi withdrew a divine pill and swallowed it. A strand of a rich and cool yet warm flow instantly suffused his entire body, and it nourished and recovered the injuries in his entire body.

This pill was called the Exquisite Five Qi Divine Pill, and he'd purchased them from Jade Drop Paradise. He'd bought a total of 10 for 3,000 Divine Crystals, and they were comparable of seven or eight ordinary Artificial Spirit Treasures in value.

However, even though these pills were expensive, their medicinal effect was rather shocking. It was capable of bringing the dead back to life, nurturing the Dao Foundation, replenishing Divine Energy, and possessed unbelievably miraculous effects towards recovering injuries.

In next to no time, Chen Xi sensed the injuries in his body being recovered swiftly, and this sort of feeling allowed him to feel much more relaxed in his heart. According to this speed, it wouldn't take more than two days for his injuries to be completely recovered.

During this entire process, Chen Xi had constantly concealed his aura with the Daoseal Mark as he was deeply afraid of exposing even a trace of his aura and allowing Ye Yan to notice it.

However, doing this had a disadvantage, he was unable to cultivate any longer. Because cultivating would definitely cause the vital energy in his body to circulate and link up with the heavens and the earth. In this way, no matter how formidable the Daoseal Mark was, it would be impossible for it sever the link between his vital energy and the Grand Dao of the heavens and the earth.

Since I can't cultivate, then I'll comprehend the Dao. Chen Xi wouldn't allow himself to waste any time at all. He possessed numerous books from Oracle Mountain in his possession, and all of them were left behind by his Senior Brothers and Senior Sisters. For example, the Daoist Sword Decree, the Roc Divine Technique, and their various comprehensions and experiences in cultivation.

Since the moment he'd been pursued by Ye Yang, Chen Xi had fully realized that perhaps his cultivation could reign supreme in the three dimensions, yet he'd instantly been reduced into a god of the lowers level in the Ancient God Domain.

Even if he was already extremely outstanding in the eyes of others and was capable of surmounting a realm to slaughter Domain Enlightened Spirit Gods like Ninth Uncle and Moli Chou, but in Chen Xi's opinion, how could he possibly constantly linger on his accomplishments of the past?

Especially his experience of being pursued by a Universe Enlightened Ancestral God like Ye Yan had caused his yearning for strength to grow stronger, and he yearned even more to become strong!

...

Two days later, Chen Xi's injuries had healed completely.

However, he didn't leave just like that. His vital energy vanished while his mind was immersed into the various ancient books that were in his possession.

Those books covered and contained everything, and all of them were left behind by his senior brothers and senior sisters from Oracle Mountain. The experiences they left behind within these books were precious and thought provoking

Especially that Chen Xi had already stepped foot into the Godrank Realm now. With his current ability of perception, the comprehensions he obtained from these books were unlike those he'd obtained in the past.

Because most of the experiences and comprehensions in these books were unique forms of understanding related to controlling the energy of the Divine Dao, the condensation of Divine Dao Laws, and combat techniques.

All of these books and all of the profundities within them seemed to encompass a myriad of changes that were completely different, but in the end, they reached the same goal by different means and returned to the Talisman Dao. This allowed Chen Xi to comprehend them in an effortless manner. Moreover, by relying on the ability of deduction from his own Talisman Dao, he was frequently able to verify and expound on the profundities to comprehend an understanding of his own.

While he was at the Immortal King Realm, Chen Xi was definitely unable to comprehend these profundities, and it was like trying to gaze at a pool through a mountain or search for flowers within a mist.

As he comprehended more and more, Chen Xi even forgot the passage of time, and his entire body seemed to have transformed into a rock on the desolate star. He was deathly silent, yet his heart was experiencing the baptism and improvement from various profundities.

The Divine Dao!

The Grand Dao of Gods. It was supreme, profound, and indistinct. Since the ancient times until now, practically no one could provide a specific explanation and differentiation of this path towards the Dao.

In other words, amongst the gods that had been born since the ancient times until now, no matter how strong their strengths were, none of them dared to say that they'd really arrived at the end of the path towards the Divine Dao.

This seemed to be a boundless path, yet it drew over all the gods to explore it.

What was the end of the Grand Dao of Gods?

Was there an even further path towards the Dao above the Grand Dao of Gods?

This was what every god yearned for in their hearts.

Now, Chen Xi had already stepped foot on this path, and he'd laid eyes on an even vaster sky, a further path towards the Dao, and even stronger strength.

Moreover, he'd noticed his own insufficiencies.

Insufficiencies meant there was possibility for improvement. So, Chen Xi wouldn't, didn't dare, and had never stopped. He didn't do it for the Grand Dao, and he'd done it merely for the sake of the responsibilities on his shoulder.

...

Time flew by like a shuttle, and a year passed swiftly.

The lifespan of the gods was boundless and practically eternal. So, a year was nothing to them. It was like a flick of the finger, and it couldn't cause any great waves.

On this day, rustling rain suddenly descended from the sky.

In the next few months of time, a seed emerged from the desolate ground, and a verdant sapling arose. It was extremely delicate and swayed in the wind as it grew, and it gradually grew stronger before spraying seeds all over the ground.

After that, an expanse of green arose from the ground, and they became a wisp of light on this desolate star.

It was at this moment that Chen Xi who was comprehending techniques and the Dao beneath the surface had awoken, and he opened his eyes that were bright and deep.

Suddenly, he frowned. With a thought in his heart, the layer of green on the ground instantly withered and transformed into ash that vanished without a trace, causing the star to become desolate once more.

My vital energy was almost exposed, and it almost led to disaster. Fortunately, I wasn't noticed by Ye Yan.... Chen Xi heaved a sigh of relief.

During this year of comprehension, his understanding of the Divine Dao had progressed, and the Divine Dao Laws he possessed had been condensed a step further. Just a few months ago, he'd been seized by sudden inspiration and captured a trace of a critical factor to advance. However, he forcefully restrained himself from acting on it in the end.

It was precisely the circulation of his vital energy at that moment which caused a trace of vitality to grow on the ground and condense that expanse of green grass.

No bad! Even though I didn't cultivate, the progress I made in my Divine Dao Laws have allowed my cultivation to obtain extraordinary benefits instead. As he sensed the changed in the state of his body, a trace of a gratified feeling surged from Chen Xi's heart. He was clearly aware that so long as his vital energy circulated, then it wouldn't be long before he would be able to step foot into the Domain Enlightened Spirit God Realm!

This could be said to be fortune that came from misfortune. Under the pressure that Ye Yan imposed upon him, Chen Xi's potential was unearthed without end, and his cultivation had obtained a clear improvement as well.

But it was far from being sufficient!

Chen Xi was clearly aware that even though he'd improved, Ye Yan was a Universe Enlightened Ancestral God. The gap between them was still huge, and he was utterly unable to make up for it now.

This reality caused Chen Xi to be rather aggrieved. Needless to say, offending a terrifying existence that far surpassed one in cultivation and being ceaselessly pursued by that existence was an extremely unfortunate thing.

It was even to the extent that if it was any other World Enlightened True God in this situation, they would have probably given up a long time ago, whereas, it could be said to be a fortunate thing that Chen Xi was able to persist and survive until now.

Hmm? Right at this moment, a strand of extreme danger suddenly arose in Chen Xi's heart, and it caused the hairs on his entire body to stand on end while he felt extremely horrified.

Shit! He swiftly stood up, and then charged out of the ground with a swish and arrived in the sky.

Bang!

Right at the instant that he'd just moved away, the desolate star he was originally on suddenly rumbled before shattering into powder. The entire expanse of space it resided in had split open into an enormous rift, and it wriggled madly.

Chen Xi gasped. If I was slightly slower in fleeing just now, then wouldn't I have been crushed into powder along with that star?
