

# The Rise Of The Tamer Family - Chapter 1

## Chapter 1

Maple City, Qian Dynasty, Chen family's meeting hall.

As Chen Yang slowly came back to his senses, he was stunned as he looked around.

At this moment, Chen Yang was sitting at the main seat of the ancient meeting hall. On both sides of him were people with different appearances.

What situation is this?

Chen Yang felt completely suspicious.

I didn't expect that I would actually transmigrate...

Memories flooded his mind.

Chen Yang was the head of a ninth-grade Beast Tamer family in the Maple City of the Great Qian Dynasty. The people sitting on both sides were elders of the Chen family.

"I didn't expect that I would become the head of an aristocratic family." Chen Yang's cheeks twitched.

I was originally picking out a construction set from an old man at the construction site. I was just holding a bead and looking at it when I went into a daze and came over.

"Family Head, have you thought of a solution? If not, do as I say and marry into the Mo family."

Just as Chen Yang was in a daze, an old man with a white beard on his right frowned.

What arranged marriage?

Chen Yang was a little stunned, but then he understood. So this family head was a hot potato.

This world was different from the technological world where Chen Yang had lived in his previous life. This world respected martial arts.

Aristocratic families and sects ruled this world together.

As for who ruled who among the aristocratic families and sects, it would depend on whose fist was bigger.

The Chen family that Chen Yang was from was a ninth-grade family in Maple City of Nanyang County, Great Qian Dynasty.

There were dozens of families and sects in the entire Maple City that were not ranked.

As for the ninth-grade family, there was only one. It could be said that the Chen family was the sky of Maple City.

However, the days in Maple City had been a little uncomfortable recently.

The reason was that the Great Qian Dynasty was preparing to give the neighboring dynasty some exercise. All the sects and families under the Great Qian Dynasty needed experts to participate in the battle.

As a ninth-grade family, the Chen family sent their only Genesis Patriarch in the family.

At this point, the foundation of the Chen family becoming a ninth-grade family had loosened a little.

Although it didn't seem like a big deal at the moment, after a while, it was hard to say.

Originally, this matter had nothing to do with Chen Yang. After all, if the sky collapsed, there would be a tall man to hold it up. He was just a child.

However, it was strange that before the Chen family's Genesis Patriarch left, he specially asked Chen Yang to take over the position of the family head.

As for the previous generation family head, Chen Yang's father, he voluntarily abdicated under the persuasion of the Genesis Patriarch.

Two days after Chen Yang took over the position of the family head, trouble came.

The enemy of the Chen family, the Gongsun family, a ninth-grade family in Gongsun City, officially attacked the Chen family.

Although they had only attacked the Chen family's convoy that was transporting silk at the beginning, anyone with a discerning eye could tell that this was a sign that the Gongsun family had taken action.

Speaking of the Gongsun family, the two families had been feuding for a long time.

The Gongsun family had two Genesis Patriarchs. They were a pair of biological brothers who joined the Beastmaster Sect, a seventh-grade sect, with the Chen family's Patriarch.

Ever since they entered the sect, these two brothers had been at odds with the Chen family's Genesis Patriarch. However, the Chen family's Patriarch was powerful and had always suppressed these two brothers.

After obtaining his natal beast, these two brothers were even less of a match for the Chen family's Genesis Patriarch.

In addition, these two brothers were really not good people. The Chen family's Genesis Patriarch was also someone who hated evil. He would go out every few days to fight injustices and find trouble with these two brothers.

After a while, the feud was formed.

As a result, the Chen family and the Gongsun family also disliked each other and often had conflicts.

However, because the Chen family's Genesis Patriarch was powerful, it was not a problem for him to suppress the two Gongsun family's Genesis Patriarchs alone. Hence the Gongsun family did not dare to be too arrogant.

This time, the Great Qian Dynasty was recruiting for the army. The ninth-grade families only needed to send out one Genesis Patriarch, and so the Gongsun family still had one left.

Needless to say, the Gongsun family would definitely take the opportunity to cause trouble for the Chen family.

“Family Head, why don’t you agree to the marriage with the Mo family? Firstly, Miss Mo is the eldest daughter of the family, so it’s not a disgrace to you.”

“Secondly, the Mo family still has one Genesis Patriarch left. He can completely protect our Chen family.”

Seeing that Chen Yang was silent, the First Elder tried to persuade him again.

Hearing the First Elder’s words, Chen Yang came back to his senses from his memories. “First Elder, it’s better to rely on yourself than on others. How about this? Give me three days and see if I can resolve it.”

“If it’s possible, then there’s no need to marry into the Mo family. If not, then we’ll act according to the First Elder’s instructions.”

With that, Chen Yang ignored the elders and walked out.

Watching Chen Yang leave, the First Elder couldn’t help but sigh. “Sigh, it’s been hard on our family head.”

“The Family Head is only 18 years old, but he has already broken through to the seventh level of Qi Refinement. He is the number one person in our Chen family.”

“If the Genesis Patriarch was still around, the Family Head would probably enter the Beastmaster Sect. With the Family Head’s talent, he will soar in the Great Qian Dynasty.”

“At that time, how can a mere daughter of a ninth-grade family marry our family head? She’s not even qualified to be a concubine.”

The other elders also nodded. In the end, it was the Chen family who had dragged Chen Yang down.

“Although that’s the case, we still have to be prepared. Although we have the Patriarch’s favor, the Mo family might not be willing to marry their daughter over.” Second Elder echoed.

Hearing the Second Elder's words, First Elder Chen Xuan stroked his beard. "That's right. We have to plan well and see how we can make the Mo family agree to the marriage."

"As for the head of the family, let him fool around for three days. Take it as a break."

After leaving the meeting hall, Chen Yang went straight to the place where the Chen family raised the Gale Wolves.

As a vassal family of the Beastmaster Sect, the Chen family was also responsible for raising demon beasts for the Beastmaster Sect.

This Gale Wolf that could grow to the late-stage of the first level could also bring the Chen family 1,000 spirit stones every year.

As for why Chen Yang came here, the bead was still circling in his mind.

Chen Yang recognized this bead. Before he transmigrated, Chen Yang had been playing with this bead.

The bead had probably contributed a lot to Chen Yang's transmigration.

According to the information given to Chen Yang by the bead, this bead was called the Dao Integration Bead.

It used clan fortune as energy and supplemented it with spiritual energy. It could strengthen the bloodline level, cultivation, defense, attack power, and speed of demon beasts.

Clan fortune was a symbol of the clan's destiny energy. The stronger the clan was, the higher the destiny energy.

Although consuming the family's fortune would weaken the family, the stronger the demon beasts under the Chen family, the stronger the family.

The clan's fortune would naturally increase.

Only Chen Yang could control the level of the energy.

According to the information given by the Dao Integration Bead, it still had some energy.

Chen Yang had already planned to use this bit of energy to nurture a powerful demon beast.

As a vassal family, if the Chen family contributed this demon beast to the Beastmaster Sect, the Beastmaster Sect would definitely stand up for the Chen family.

At that time, this predicament would naturally be resolved.
