

Tamer Family 101

Chapter 101: Earning the Royal Family's Money Together

"My status?"

"That's right, your position." Zhou Mingxiao smiled at Chen Yang. "Deshun Prince's bloodline is not as numerous as the other princes."

"In the entire De Shun County Prince family, including my cousin's wife, there are only four people. Not to mention the royal family, even in your Chen family, you can be considered to have very few people."

Chen Yang nodded his head, Chen family's direct line, married, if counted, female relatives, at least also want five people.

"And you're the only disciple of the Deshun Commandery Prince, and you have a bloodline equivalent to a sixth-grade aptitude. There's a high chance that you'll become a Zifu Disciple in the future."

"Your status is really not any weaker than an ordinary descendant of the royal family."

"How could the royal family force you to hand over the treasure?" Zhou Mingxiao smiled.

Yang Chen understood that this wave was the result of the combined effect of the earth's potential.

"Then how does the royal family plan to deal with my treasure?" Yang Chen asked with a smile.

"The royal family wants to buy your treasure with spirit stones. After all, Great Gan's army was a big eater."

"According to the usual supply of food in the Great Gan, it is not enough for the daily consumption of the Great Gan soldiers. The royal family has no choice but to buy large amounts of demon beast meat to maintain their food supply."

“Now that I have your treasure, I can relieve a lot of pressure. It could also save spirit stones and nurture more experts.” Zhou Mingxiao said.

“What is the price for the royal family?” Yang Chen asked.”

“We’re not selling.”

Yang Chen:

Seeing the confusion on Yang Chen’s face, Zhou Mingxiao smiled and said, “Chen Clan Leader, think about it. If we sell them food, not only will it be a small stream of water that will last for a long time, but we can also strangle their lifeline.

At that time, no matter what happens in Da Qian, they won’t be able to leave us.”

Yang Chen was stunned. Good heavens, this was the rhythm of rebellion.

Moreover, who was talking about us? It was fine if he led a wolf into the house, but he wanted to become a wolf himself?

“Cough cough, Brother Clear Sky, this plan looks very good, but the Chen family’s size is not enough to support such a big deal.” Yang Chen said seriously.

“It’s not enough for the Chen family, but with my Zhou’s Trading Company and Deshun Commandery Prince, it’s enough.” Zhou Mingxiao smiled.

“Brother Clear Sky’s meaning is that you intend to participate in my Chen family’s business?” Yang Chen picked up his cup of tea and blew on it.

When Zhou Mingxiao saw this, he smiled awkwardly. “My old man is called Prince Qian. He’s been a money-grubber since he was young. No matter what, he wants to get involved this time.”

“But don’t worry, Master Chen.” “My Zhou Trading Company will never let the Chen Family suffer a loss,” Zhou Mingxiao said seriously.”

When Chen Yang saw this, he went straight to the point, “What can the Zhou Trading Company do?”

Zhou Mingxiao knew that Yang Chen was tempted and quickly said, “First, my Zhou Trading Company can be fully responsible for the planting and transportation. The Chen Clan only needs to provide the treasures.”

“Secondly, our Zhou Trading Company can block external pressure and allow the Chen Family to develop steadily.”

“Thirdly, our Zhou Trading Company can dispatch experts to guard the fertile fields to ensure the safety of the fields.”

“Fourth, my Zhou Trading Company can step in and rent the entire Jiang Prefecture’s land to avoid trouble with the Chen family.”

Yang Chen had to admit that the Zhou Trading Company was sincere. According to the Zhou Trading Company, the Chen Family only needed to provide the fertilizer and they would be able to collect the spirit stones.

However, whether or not he wanted to cooperate with the Zhou Trading Company, he still needed to examine it again.

“Then how much profit does the Zhou Trading Company want?”

Hearing that they were going to split the profits, Zhou Mingxiao’s eyes shone brightly. “If we sell it to the outside world, my Zhou Trading Company will take 40% of the profits. Your Chen Family will also get 40% of the profits, and De Shun Commandery Prince will get 20%.”

“However, you have to secretly give the De Shun Commandery Prince. Nominally, your Chen Family will get 60% of the profits. After all, Deshun Prince.

As he said this, Zhou Mingxiao seemed to have thought of something. He quickly swallowed the words at the corner of his mouth and smiled. “How is it? My Zhou Trading Company’s distribution is fairly fair, right?”

Yang Chen was tempted. If this business was successful, it would be a huge profit.

Moreover, to be honest, if one really wanted to do such a large scale business, they really could not do without the Zhou Trading Company and De Shun Commandery Prince.

However, there was one thing. Would the royal family really be willing to use spirit stones to buy food?

Zhou Mingxiao’s explanation was, “If the royal family doesn’t offer spirit stones, we won’t sell them either. If he has the ability, why don’t he buy them from other places?”

How ruthless.

After praising in his heart, Yang Chen raised his teacup and said, “Happy cooperation.”

“Happy cooperation.” Zhou Mingxiao held a teacup and ran to Yang Chen, clinking their teacups.

“By the way, does the Zhou Trading Company want to participate in the current business in Jiang Prefecture?”

Since they had become business partners, Yang Chen couldn’t hide anything. Some things still had to be shared with the Zhou Trading Company.

Zhou Mingxiao smiled when he heard this. “If that’s the case, that would be great.”

“What can the Zhou Trading Company do?”

“Firstly, our Zhou Trading Company will be responsible for the planting. Secondly, our Zhou Trading Company will send a Core Formation Venerable and ten Pulse Awakening experts to guard every county.”

“Profits.”

“My Zhou Consortium wants 20%.”

“Happy cooperation.”

“Pleasure.”

Immediately, sinister laughter came from the reception hall, causing the guards outside the door to tremble.

After smiling kindly for a while, the two of them started chatting.

“Brother Clear Sky, there are still four months before the next sowing. Would the Zhou Trading Company be able to rent the land in Jiang Prefecture in such a short time?” Yang Chen asked.

Zhou Mingxiao patted his chest. “Brother Chen, don’t worry. Our Zhou Trading Company will definitely succeed.””

“That’s good.” Yang Chen nodded and asked, “”Isn’t this cutting off the flesh of the royal family? Would the other members of the royal family be willing?”

“They can’t be unwilling.” Zhou Mingxiao snorted coldly. “My trading company holds the economic lifeline of the royal family, while the Duke of De Shun is the number one person in the Purple Prefecture.”

“Do they dare to object?”

“As for cutting off the royal family’s meat, originally, a large number of spirit stones would be released from the national treasury every year to buy demon beast meat. Now that the demon beast meat has been exchanged for food, we can save a lot of spirit stones.”

“And even if we really give them the treasure, the first thing they’ll do after taking it isn’t to grow food.

Instead, he planned to study and understand what this thing was so that he could benefit from it.”

“By the time they finished their research, who knows how long it would have been.

Now that the battlefield was so tight, the daily expenditure of spirit stones was not a small amount. How could there be spirit stones for them to be so excited?”

“His Majesty is well aware of this, or else he wouldn’t have hinted at my old man.”

“Hint?” Yang Chen understood. So he was acting according to the imperial edict. I was wondering why he was so bold.

“Then what benefits does this bring to the Zhou Trading Company? Aren’t the Zhou Trading Company’s spirit stones supposed to be given to the royal family?” Yang Chen was like a curious baby as he continued to ask.

“Brother Chen, you might not know this, but our trading company pays spirit stones according to a certain ratio.” The more money the trading company makes, the more spirit stones my family will obtain..”

Chapter 102: Mo Xiao’s Auction

“From what Brother Clear Sky means, this Zhou Trading Company is really yours. “Chen Yang originally thought that Zhou Mingxiao and his son were only the ones in control on the surface.

Now, it seemed that the father and son were quite capable. To be able to leave behind such an estate in the royal family was not something that could be done just by having a high status.

Zhou Mingxiao laughed.”

“Since the Zhou Trading Company is yours, then if my Chen Family buys anything, the price...”

“Brother Chen, don’t worry. No matter what it is, I’ll sell it to you at 80% of the price.”

Seeing this, Yang Chen held his teacup and said with a smile, “In that case, thank you, Brother Clear Sky.”

After the matter was settled, Zhou Mingxiao and Zhou Yingzhao left, while Chen Yang was transferred back in batches to guard the farmland.

At this stage, the Chen family only needed to send the fertilizer to the fields and the rest was to wait for the spirit stones.

When the Zhou Trading Company saw that Chen Yang was so assured in handing it over to them, they also made a great oath in tacit understanding that they would not research the fertilizer.

Time flew by, and in the blink of an eye, four months had passed.

In these four months, the Zhou Trading Company had successfully reared the entire Jiang Prefecture’s farmland just as Zhou Mingxiao had said.

Moreover, he had also joined forces with Deshun Commandery Prince to help the Chen Family block the external pressure.

In this big business, the Chen family was left idle.

However, Yang Chen was also enjoying his leisure time. When the large-scale planting of rice in Jiangzhou officially started, Yang Chen was visiting the New town area that had begun to take shape.

“Master, look, this is the demon beast zoo. According to your instructions, there is a tavern in the zoo for tourists to spend.”

“This tavern not only sells ordinary wine, but also the Qing family’s spiritual wine. At that time, whether it was an ordinary person or a martial artist, as long as he came, he would definitely be emptied.”

New town area, Second Elder Chen Meng was introducing the Monster Bear Zoological Garden to Chen Yang.

After a quick glance, Chen Yang picked up a bowl and looked at Chen Meng. “Second Elder, are you going to use this to hold the wine?”

“Is there a problem?” The Second Elder was stunned. If he didn’t use a bowl, what should he use?

Seeing this, Yang Chen knew that the Second Elder couldn’t think of any good ideas. He immediately said, “How about this, I’ll design a few cups for you. You can get Fifth Brother to refine them with the transparent wall as the material.”

“This is only the most basic. In the future, if you find any precious Mystical Materials such as Dragon Blood Stone or Parasol Tree Wood, you can use them to replace the translucent wall.”

“In short, we have to give the tourists the illusion that the wine sold in the Chen family’s tavern is better than the wine sold outside.”

“How about this? We’ll sell the wine in our tavern at a higher price so that the tourists can accept it.”

Chen Meng nodded. It turned out that there were so many twists and turns in a wine container.

Yang Chen continued, "Also, I've instructed you to train the attendants well. Make sure that every visitor feels at home."

"Understood."

Just as Chen Yang was about to give Chen Meng some advice, Chen Xuan suddenly rushed over.

"What's the big deal?" This was the first time Chen Yang had seen Chen Xuan so excited, so he immediately asked.

Chen Xuan quickly calmed himself down. "Pill King Mo Xiao plans to hold an auction in Eastwood Town."

"Pill King Mo Xiao? Why would he come to Eastwood Town?" Yang Chen asked.

With Pill King Mo Xiao's status, if he were to hold an auction, he would at least find a large merchant association in the capital to hold the auction.

"It was Pei Hao who requested Pill King Mo Xiao to come to Eastwood Town to auction his pills. The ticket was food. Pei Hao planned to store more than ten years of food for Eastwood Town to survive the famine." Chen Xuan said.

Hearing this, Yang Chen smiled, "This Alchemist Pei Hao is a person who values relationships." Oh right, when will the auction begin? What medicinal pills will be auctioned?"

"The time is set to be three months later. As for the pill, it's still in the confidential stage. However, according to rumors, there is the existence of the aptitude pill." Chen Xuan said.

"Aptitude Pill?" "Great Eider, do you know what grade the aptitude pill is?" Yang Chen asked excitedly.

"There are seventh and sixth grades."

Hiss!

Yang Chen gasped in the air of the New town area. There were actually Grade-6 aptitude pills for sale!

As the name suggested, the aptitude pill could increase a martial artist's aptitude. Among them, the Grade-7 Aptitude Pill could increase the aptitude of those below Grade-7 by one grade.

A Grade-6 aptitude pill could increase the aptitude of those below Grade-6 by one grade.

Most importantly, the efficacy of this aptitude pill would not be weakened by repeated consumption.

In other words, as long as there were enough Grade Seven Elixirs, an ordinary person without martial talent could become a genius with Grade Seven aptitude.

It was the same for sixth-grade aptitude pills. As long as one had sufficient aptitude pills, they would be able to become a monstrous genius who had a chance of stepping into the Zifu Disciple realm in the future.

Such precious medicinal pills would often be fought over by various large factions as soon as they appeared.

After all, who would complain about having too many geniuses?

With such powerful effects, the price was naturally much higher.

For example, the Meridian Unlocking Pill, which was also a grade-7 pill, was sold for about 3,000 spirit stones. As for a Grade 7 aptitude pill, it would cost at least 8,000 spirit stones.

One had to know that the cheapest grade-6 medicinal pill was only 10,000 spirit stones. From this, it could be seen how expensive this aptitude pill was.

As for the Rank-6 Aptitude Pills, there was no need to mention them. Every transaction was an astronomical figure.

Back to the main topic, after hearing that Pill King Mo Xiao would be auctioning the aptitude pill, Chen Yang's thoughts became active, "Great Elder, do you think we can get this aptitude pill?"

Chapter 103: Mo Xiao's Auction (2)

"With the Chen family's financial resources, they should be able to get a seventh-grade pill. As for the sixth-grade pill, it's tough." Chen Xuan said.

"Rank-7 is fine too. We're not picky." Yang Chen was very content. With the current size of the Chen family, it was already good enough to get a seventh-grade aptitude pill.

"Oh right, other than the aptitude pill, is there anything else that our Chen family needs?"

"I'm not sure. It won't be long before the information about this pill should be revealed." Chen Xuan said.

Yang Chen nodded. "Alright, keep an eye on the auction."

"Understood."

Time flew by, and in the blink of an eye, two months had passed.

In these two months, Pill King Mo Xiao's auction was undoubtedly the focus of all the forces in Da Qian.

This was Mo Xiao's first time auctioning pills in the past 50 years. The things he had accumulated would definitely satisfy the various factions.

Eastwood Town had already become the center of Da Qian. Countless people had swarmed into Eastwood Town and were doing things that no one knew about.

In order to ensure the safety of Eastwood Town, Pei Hao specially invited the Deshun Commandery Prince to take charge.

The Deshun Commandery Prince had to go to Eastwood Town. Now that Pei Hao had specially requested it, he naturally would not refuse.

Only with the Deshun Commandery Prince overseeing the town did Eastwood Town maintain its peace on the surface.

Chen family, in the guest hall.

“Brother Chen, this is the list of food purchased by the various great clans in the Jiang Prefecture.” Zhou Mingxiao handed Yang Chen a book, then picked up the teacup and took a sip after blowing away the steam.

Yang Chen took the book and asked as he flipped through it, “Brother Clear

Sky, how much food did you sell this time?”

“On average, each ninth rank family bought 200 million catties of grain and earned a total of 23,200 spirit stones.”

“Eighth-rank aristocratic families, on the other hand, bought an average of two billion catties of grain, which is also twenty-three thousand two hundred spirit stones.”

“That’s a total of 46,400 spirit stones. According to the split, the Chen family will take half of the spirit stones. As for Ying Zhao’s share, I’ve also sent it over.” Zhou Mingxiao said.

Looking at the account book that Zhou Mingxiao handed over, Yang Chen was amazed. As expected of a big trading company, this account book was more beautiful than others.

They were also bookkeepers, but they even remembered when they bought it, when it was shipped away, and how many people were dispatched.

It also reflected the sincerity of the Zhou Trading Company and Yang Chen in doing business together.

After all, once such a detailed account book was checked, it was very easy for loopholes to appear. Only people who didn't have any ulterior motives would dare to keep such accounts.

"Alright, I can rest assured about the Zhou Trading Company." Yang Chen placed the account book on the tea table and looked at Zhou Mingxiao.

"Brother Clear Sky, what pill does the Zhou Trading Company intend to buy for this Pill King Auction?"

"Well, I won't hide this from Brother Chen. Our Zhou Trading Company's number one goal is the Aptitude Pill." Zhou Mingxiao smiled.

Yang Chen understood. It was normal, no different from what he had guessed.

"Then what about other than the aptitude pill? I heard that among the medicinal pills this time, there are also sixth-grade medicinal pills that can help you open your meridians and break through to the Core Formation realm. Are you not interested?"

"If the spirit stones allow it, then I'll naturally buy it."

Yang Chen realized that Zhou Mingxiao's words were flawless.

Yang Chen didn't plan to ask any more questions and said, "Since the sale of the rice is over, how about we go to Eastwood Town together and wait for the auction to begin?"

"That's how it should be." Zhou Mingxiao nodded.

Then, the two of them headed to Eastwood Town together. As for Chen Xuan, he was left behind by Chen Yang to deal with the Chen family's matters.

East wood Town.

"Brother Chen, I'm afraid I won't be able to accompany you for the rest of the time. "Zhou Mingxiao cupped his hands.

"Brother Clear Sky, go do your own things. Don't worry about me, we'll meet again."

After Zhou Mingxiao left, Yang Chen looked for an inn to stay in. But after a while, Yang Chen found that all the inns were full.

"Good heavens, is this the rallying power of pill king Mo Xiao?"

Chen Yang clicked his tongue and immediately headed to the Guardian's Residence. Since his master was in Eastwood Town, there was no need for him to look for an inn. He could just stay at his master's place.

Time passed in a flash. In the blink of an eye, Pill King Mo Xiao's pill auction officially began.

"Brother Chen, I want to attend the auction with my grandfather, so I can't accompany you." In the Guardian's Residence, Zhou Yingzhao said apologetically.

Chen Yang patted Zhou Ying Zhao on the shoulder. "Brother Ying Zhao, go and accompany Master. I'm fine here."

"Okay, see you at the auction."

After leaving the Guardian's Residence, Chen Yang went straight to the auction.

The auction hall had already been set up. It was divided into two floors. The upper floor was the VIP seats, which were used to entertain forces above Rank-7.

The lower level was for ordinary seats, used to entertain Rank-8 and 9 forces.

However, even if it was an ordinary seat, it was also considered good. A mahogany chair and a mahogany tea table also had a different flavor.

At this moment, the ordinary seats were already filled with Rank-8 and 9 forces.

In this place, the Rank-8 forces did not dare to put on airs and could only chat and laugh with the leaders of the Rank-9 forces to show their friendliness.

“Prince De has arrived!”

As a Core Formation cultivator shouted, all the family heads below gathered their gazes at the door.

Prince De brought his most proud descendant and entered the VIP seat number one expressionlessly with the attendant.

“Is this Prince De? His face was really big, even Venerable Core Formation was calling for him.”

“Heh, after all, he is the only First Prince in Da Qian. No matter where he goes, he will be treated well.”

“You’re wrong. Not only Prince De, but all the distinguished guests on the second floor will also enjoy the honor of being able to condense a core.”

“After all, they’re all seventh-rank forces. They’re different from us, a group of small families.”

“Is that so? Thank you for your explanation.”

As if to verify his words, Reverend Core Condensation continued to call on the door.

“Deshun Commandery Prince has arrived!”

“The Duke of De an has arrived!”

“Prince Degong has arrived!”

“Prince Demu has arrived...”

As Venerable Ningdan called the door, the seventh-rank forces in Da Qian entered the auction one after another. They entered the VIP seats according to their strength, starting from number two.

Looking at the seventh-rank forces enjoying endless honor, an eight-rank family head said enviously, “When will we be able to enjoy such honor?”

“Endure it. As long as we become Rank-7, we will naturally enjoy this treatment.”

“Hehe, how good would it be if he could also call for us?”

“Stop fooling around. You’re the head of an eighth-rank aristocratic family, how can you receive such honor?”

Just as this group of people was chatting, Venerable Ning Dan’s call sounded again.

“Jiang Prefecture Nanyang, the head of the ninth-rank Chen family, Chen Yang, has arrived!”

For a moment, everything was silent.

The entire first floor of the auction house instantly fell silent. The leaders of the various forces stared at each other and then looked at the handsome figure at the door.

Yang Chen was also stunned. What was going on? Why was everyone looking at him like that? And that voice just now, was it welcoming me?

Just as Yang Chen was in a daze, the waiter came forward and said with a smile, "Chen Clan Leader, please follow me."

"Oh, oh."

Yang Chen nodded and followed the waiter to the second floor. They arrived at the last VIP seat, VIP Room 21.

After Yang Chen entered the VIP seats, the eight-rank family head who had been daydreaming said, "Didn't you say that only Rank-7 can enjoy such honor?"

When the leader of the faction beside him heard this, he said awkwardly, "This... I don't know why either."

"Hey, you guys don't know, right? This person is the disciple of Deshun Commandery Prince, and is equivalent to a bloodline martial artist of the sixth rank aptitude."

"Oh? Was this the legendary Yang Chen? There's nothing special about it."

"What? Does it have to have three heads and six arms to be different? Just based on his aptitude, he can already surpass us, let alone the disciple of the number one Zifu Disciple."

Immediately, pairs of eyes gathered on the 21st VIP seat. The auction hadn't even started yet, but Yang Chen had already stirred up a storm.

Although he did not do it willingly..

Chapter 104: Purchasing a Grade Seven Aptitude Pill

Mo Xiao Auction, VIP Room 1.

King De's favorite great-grandson, Zhou Yinglan, peeked through the glass at VIP room 21 and said in a low voice, "Chen Yang, the future Zifu Disciple?"

King De could hear the disdain in his great-grandson's tone. He immediately patted Zhou Ying Lan's shoulder. "Lan er, you must remember that if you want to become a Human King, you must build a good relationship with Chen Yang."

"Build a good relationship with him?" Zhou Yinglan's eyes were filled with doubt. "Do I need to build a good relationship with him? He was just Deshun Commandery Prince's disciple, so what was the big deal?"

"Lan er!" King De looked at Zhou Yinglan. "You have to understand that you have competitors. Moreover, the Duke of De Shun was the number one person in the Great Qian Purple Mansion.

His opinion is crucial to whether you can become a Human King or not."

"But wasn't Deshun Prince..."

"Silence! These words could not be said! No matter what, anyone who wanted to become a Human King would need the approval of the Deshun Commandery Prince." King De interrupted Zhou Yinglan.

Hearing this, Zhou Yinglan nodded her head. She once again looked at the 21st VIP seat. Although there was still some disdain, there was also some other meaning.

in the 21st VIP seat, Yang Chen looked at the waiter. "You can leave first. I don't need anyone to serve me."

Hearing this, the attendant nodded obediently and turned to leave.

After the attendant left, Yang Chen took a deep breath. "My God, I'm in the limelight this time. I'm afraid it's not appropriate."

Yang Chen knew that when the strength of the family had not reached a certain level, this kind of honor could only be envied.

However, Yang Chen was also confident that sooner or later, when people talked about Yang Chen, they would not say that Yang Chen was Deshun Prince's disciple, but that Deshun Prince was Yang Chen's master.

Time ticked by. In the blink of an eye, it was time for the auction to begin.

"Everyone, please be quiet."

With a loud shout, a white-haired old man dressed in black walked up to the stage.

Although this old man was old, no one dared to underestimate him.

From the faint aura that he emitted, one could sense how terrifying this person was.

"Greetings, Elder Bai."

"Greetings, Elder Bai!"

As a sound rang out from the VIP seats, the entire auction hall greeted the white-haired old man.

"Everyone, there's no need to be so polite." The old man grinned and spread his hands, indicating that there was no need for everyone to do so.

Some of the leaders of the small forces who didn't know who this person was asked, "Brother, may I ask who this old man is? Why was everyone so afraid of him?"

Immediately, someone explained, "Brother, you might not know this, but this person is Lord Mo Xiao's follower. When Lord Mo Xiao was a ninth grade alchemist, he had been following Lord Mo Xiao."

"Now that Lord Mo Xiao has become a Pill King, this old man has also become a Zifu Disciple."

Hearing the explanation of the person beside him, the person nodded.

He hadn't expected that this ordinary-looking old man was actually a Zifu Disciple!

"Everyone, this auction of Lord Mo Xiao will be organized by this old man. Please strictly abide by the rules of the auction and do not cause trouble for Lord Mo Xiao."

At this point, Elder Bai quietly released an aura. When this aura swept past, the leaders of the first level all trembled.

Zifu Disciples truly lived up to their reputation!

"Alright, let's not talk about idle talk. The auction officially begins! The first pill was a seventh-grade Meridian Unlocking Pill. The starting bid was 1,000 spirit stones!"

As Elder Bai's voice fell, the sound of bidding rose and fell in the auction hall.

Yang Chen smacked his tongue. As expected of Pill King Mo Xiao, he actually used the Meridian Unlocking Pill to start the match.

One had to know that when Pei Hao held the auction, this Meridian Unlocking Pill couldn't be said to be the finale pill. It was also a cornerstone that attracted many aristocratic families to fight for it.

Although he was surprised, Yang Chen was not prepared to buy the Meridian Unlocking Elixir. Firstly, he still had several Meridian Unlocking Elixirs at home, so he did not really need it for the time being.

Secondly, there was a time limit to the Meridian Unlocking Pills. If he bought too many of them, he would not be able to use them. Wouldn't it be a waste?

Chen Yang didn't need it, but that didn't mean that the other eighth and ninth-rank forces didn't need it. In just a few seconds, the price of the Meridian Unlocking Elixir had risen to 3,000 Spirit Stones.

After 3,000 spirit stones, the bids were much lower. In the end, an eighth rank sect bought it for 3,200 spirit stones.

The pills were auctioned at a premium price at the beginning of the auction. A smile appeared on Elder Bai's wrinkled face as he took out another jade bottle." The next item to be auctioned is the eighth-grade Meridian Charging Pill. There are a total of ten pills."

"These ten pills will be sold together. The starting price is 1,000 spirit stones."

Hearing the old man call out the name of the pill, Yang Chen stood up slightly, intending to bid for the Meridian Opening Pill.

This Meridian Charging Pill was one of Yang Chen's goals.

The Meridian Charging Pill was an eighth-grade medicinal pill. Its effect was to assist Meridian Unsealing Experts in their cultivation.

Its auxiliary effect on opening meridians was similar to the help of the ninth-grade medicinal pill, Spirit Origin Powder, on qi cultivation.

Although it wasn't strong, it was better than nothing.

The price of the Meridian Charging Pills was around 200 Spirit Stones, so ten pills could be sold for around 2,000 Spirit Stones.

Obviously, there were many people who knew about the effects of the Meridian-breaking Pill. Before long, the price had risen to 1,900 spirit stones.

Seeing this, Yang Chen knew that it was time to make a move. He immediately shouted, "Two thousand spirit stones."

Hearing someone bid in the VIP seats, the leaders of the forces on the first floor were stunned.

No one had expected that someone in the VIP seats would actually need a Meridian Invigorating Pill..

Chapter 105: Buying a Grade 7 Aptitude Pill

When he found out that the bidder was Chen Yang, he felt relieved." I was wondering why a seventh-rank force would come to the auction to buy the Meridian Charging Pill. So it's the Chen family.""

Heh, the Chen family is also in the VIP seats. It makes people forget that their aristocratic family is only a ninth rank."

After confirming that it was not a seventh-rank force, a family head continued to bid," 2,010 spirit stones."

"2,300!" Yang Chen frowned and didn't want to continue arguing. He directly raised the price to 2,300.

When the leaders of the first level saw this, they all chose to retreat.

"Forget it, since the Chen family is determined to win, then we will give them face."

"That's right. It's not worth it to become enemies with Chen Yang for the Meridian Charging Pill."

After a moment of silence, Elder Bai knocked down his wooden hammer.” Congratulations to the Chen family for winning the Meridian Charging Pill.

ii

After successfully bidding, Yang Chen heaved a sigh of relief. After the attendant came in to collect the spirit stones, he brought the Meridian Opening Pill to Yang Chen.

After wiping the jade bottle with his sleeve, Yang Chen put it into his storage bag.

In the next half a day, Elder Bai auctioned off one pill after another, including several bottles of Meridian Invigorating Pills.

Yang Chen also successfully bought two of the bottles at the price of 4,200 Spiritual Stones.

Other than that, he had been observing. After all, some pills were good, but the Chen family did not need them.

On the auction stage, Elder Bai cleared his throat and smiled.

“Everyone, please rest for the time it takes for an incense stick to burn. Allow this old man to rest for a while.”

Then, Elder Bai turned around and left.

The leaders of the various forces also heaved a sigh of relief. They leaned back in their chairs and sipped the tea that the auction house had sent over to recover their spirits.

After the time it takes for an incense stick to burn, Elder Bai returned to the stage, and the auction began once again.

“Everyone, the next pill to be auctioned is a tier 7 aptitude pill. I don’t need to explain the effects of the aptitude pill. The starting price is 1,000 spirit stones.”

Aptitude Pill!

When Elder Bai took out the pill, everyone, be it the VIP seats or the first floor, was moved.

A large part of the reason for the VIP seats was for this aptitude pill. On the first floor, they were trying to see if they could pick up anything.

No matter what, this was definitely a fight.

“1,500!”

Two thousand spirit stones!

“Why are you being so petty? Four thousand spirit stones!”

Faced with such an aggressive bid, Chen Yang could only say that the aptitude pill was indeed worthy of being called the aptitude pill. In just a few breaths, it had already been raised to 4,000 spirit stones.

Moreover, based on this situation, he was probably far from reaching his peak.

“Beast Tamer Sect, 7,000 spirit stones.”

At this moment, the first seventh-rank force made a bid.

Seeing the VIP seats make their move, the leaders of the forces on the first floor understood that the following competition had nothing to do with them.

As expected, as soon as Sect Master Wang Hu's voice fell, another seventh-rank force made a bid.

"Qing Zhou Qian Clan, 8,000 spirit stones."

H

Loyalty Marquis Residence, nine thousand spirit stones."

"Spirit Sword Pavilion, 10,000!"

In just a few breaths, the price of the first aptitude pill was raised to 10,000 spirit stones, which was already a premium of 2,000 spirit stones.

Perhaps it was because the price was really too high, or perhaps the other factions had their own goals, but no one continued to compete with the Spirit Sword Pavilion and asked them to buy the aptitude pill for 10,000 spirit stones.

After sending away the aptitude pill in his hand, Elder Bai took out another aptitude pill. "It's also a grade-7 aptitude pill. The starting bid is 1,000 spirit stones."

Yang Chen saw this and before the other forces could bid, he shouted, "I bid eight thousand spirit stones."

The moment this price was announced, everyone fell silent.

After a while, a leader of a force said, "Good fellow, as expected of a grain seller. He's really rich."

"Forget it, forget it. He's the Regional King's disciple. Give him face and don't fight."

"Good fellow, you say it as if you can win. Whether or not they could compete, it still depended on the Rank-7 forces."

As if to confirm this person's words, after a while, the Zhongyi Marquis Fu slowly said, "I bid 8,500... Forget it, I'll give you some face and give up."

This was not giving face to Chen Yang, but to Deshun Commandery Prince.

However, no matter what, Yang Chen had to take responsibility for his actions. He immediately said, "This one thanks Lord Marquis."

As for the remaining seventh-rank forces, no one continued to bid. Seeing this, Yang Chen heaved a sigh of relief.

Elder Bai also announced the ownership with a smile. "This grade-7 aptitude pill belongs to the Chen family."

After taking this aptitude pill, Yang Chen began to think about who to give it to.

It was obviously a waste to use it for himself. He was afraid that the other elders would be unwilling to give it to the First Elder. After thinking about it, it was better for everyone to discuss it when they returned.

After the start of the competition with the aptitude pill, it was time for Chen Yang to run away with the greedy pill.

Looking at the medicinal pills that could be used to condense the core and even the Purple Mansion, Chen Yang was envious. At the same time, his desire for the rise of the Chen family deepened.

Two hours later.

Master Bai cleared his throat and took out a jade bottle with a serious expression.

"The next pill is a grade-6 aptitude pill. The starting price is 10,000 spirit stones!"

Grade-6 aptitude pill!

Yang Chen clicked his tongue. Good heavens, he could watch a fierce battle.

As Elder Bai's voice fell, Wang Hu quickly shouted, "Beast Tamer Sect, fifty thousand spirit stones."

When Chen Yang heard this, he looked at the Beast Tamer Sect's VIP seats.

Who was Wang Hu buying the aptitude pill for? If it was for himself, it would be different, but if it was for his illegitimate son...

Immediately, Yang Chen decided that he would send someone to find out who was going to use the aptitude pill.

After all, this was related to the Chen family's next move.

Of course, whether the Beast Tamer Sect could bid for this medicinal pill was still a different story.

While Yang Chen was still in a daze, the price of the Tier 6 Aptitude Pill had already risen to 80,000 Spirit Stones, reaching the theoretical price.

However, the bidding did not slow down.

As if to show his determination to live for a level six aptitude pill, Wang Hu shouted again, "Beast Tamer Sect, 100,000 spirit stones!"

Wang Hu's actions persuaded many people to leave.

After a while, someone continued to shout, "Wei Clan, 110,000."

“Beast Tamer Sect, 120,000!”

Seeing that it had exceeded the normal price of 40,000, the Rank-7 forces began to hesitate.

They were here for that pill. As for this Tier 6 aptitude pill, they would take it if they could. If they couldn't, they would just forget about it.

“The Rank-6 aptitude pill belongs to the Beast Tamer Sect.”

As Elder Bai finished speaking, everything was settled. Wang Hu heaved a sigh of relief.

“It was really won by the Beast Tamer Sect. Then the ownership of this aptitude pill will be interesting, and there will be some research.” Yang Chen's eyes sparkled.

He naturally had to make good use of this opportunity to see how he could benefit the Chen family.

In the following period of time, precious medicinal pills were auctioned off one by one, and the auction officially entered its climax.

The pill that the seventh-rank forces were looking forward to finally revealed its true colors.

“The next pill is a pill that Pill King Mo Xiao has successfully refined after ten years of seclusion.”

“Next up for auction is the tier 6 medicinal pill, the Flaming Tiger Pill.”

“Everyone, don't be too long-winded. This old man will explain the effects of the Flaming Tiger Pill to everyone. Although the Flaming Tiger Pill was a top-notch Tier 6 medicinal pill, its value was even higher than an ordinary Tier 5 medicinal pill.”

“The reason is that the effect of this pill can add the bloodline of a high-grade beast, the Flame Tiger bloodline.”

“As for the rest, I won’t say much. The starting price of the Flaming Tiger Pill is

10,000 spirit stones.”

Yang Chen was engrossed in listening, but Elder Bai stopped talking.

Don’t say that. Since he had mentioned the classification of bloodlines, he would explain it to everyone.

Unfortunately, all the forces had already made their bids, so Elder Bai would definitely not explain further.

Yang Chen had also decided to ask his master about the specific rankings after the auction ended.

Now, he would just watch a good show.

“Fifty thousand!”

“100,000!”

H

H

In the end, this highly anticipated Flaming Tiger Pill was bought by the Zhou Trading Company at the price of 200,000 spirit stones.

This price completely shocked Yang Chen.

One had to know that the price of a sixth-grade pill was usually between ten thousand to one hundred thousand spirit stones. Two hundred thousand spirit stones was the price that only fifth-grade pills could sell for.

From this, it could be seen how precious this Flaming Tiger Pill was.

Fortunately, the auction was over, and Chen Yang could go to Deshun Prince to ask about the classification of bloodlines and why the Flaming Tiger Pill was so expensive.

“Ladies and gentlemen, this auction is over. Thank you again for coming.”

“Farewell, Elder Bai!”

Chapter 106: The Levels of Bloodline Warriors

Eastwoods Town, Guardian’s Manor.

“Disciple, sit.”

Pointing at the chair, the Deshun Commandery Prince picked up his tea and took a sip. “Why have you come to find me?”

“Master, I’m here to ask you about bloodline warriors.” Yang Chen went straight to the point.

“Bloodline warriors.” Deshun Commandery Prince put down his teacup and glanced at Chen Yang. “You’re asking about bloodline warriors because of the Flaming Tiger Pill, right?”

“I can’t hide anything from Master.” Yang Chen smiled and scratched the back of his head.

“Alright, I’ll tell you about it.”

Chen Yang straightened his body slightly and listened carefully to the words of Deshun Commandery Prince.

“Before we talk about the preciousness of the Flaming Tiger Pill, let me tell you about the classification of bloodline warriors. As far as I know, bloodlines are divided into two categories.”

“The first type is the beast vein, mainly with the Flaming Tiger Bloodline. It is divided into two grades. The lower grade and the seventh grade are equal, and the upper grade and the sixth grade are equal.”

“The second type is the spirit vein, mainly with the precious spirit bloodline like the Gengjin bloodline, divided into three grades.”

“Low-grade corresponds to fifth-grade aptitude, middle-grade corresponds to fourth-grade aptitude, and high-grade corresponds to third-grade aptitude.”

“This Flaming Tiger Pill can bestow a high-grade bloodline to a beast vein. As long as it doesn’t die in the future, becoming a Zifu Disciple is only a matter of time.”

“In addition to the characteristics of the Flaming Tiger Bloodline, experts with the Flaming Tiger Bloodline have always been outstanding in the same realm.”

“It’s normal for such a precious pill to be sold for 200,000 spirit stones. Of course, it was also related to the fact that such a pill had never appeared in Da Qian.”The Deshun Commandery Prince explained.

Yang Chen understood. So this bloodline was divided into beast veins and spirit veins.

Then his bloodline was equivalent to a sixth-grade aptitude. Wasn’t that a high-grade beast bloodline?

“Master, my bloodline is equivalent to a sixth-grade talent. Does that mean that I have some kind of high-grade beast bloodline?” Yang Chen asked immediately.”

“No, no.” De Shun Commandery Prince smiled and shook his head.

“No?” Chen Yang looked at Deshun Commandery Prince in confusion. Didn’t you say that my bloodline is equivalent to a sixth-grade aptitude? Why isn’t it a high-grade beast bloodline?

Seemingly noticing Chen Yang’s confusion, the Deshun Commandery Prince continued, “There’s a prerequisite to determine the level of a bloodline.”

“The bloodline must be awakened.”

“Right now, your bloodline is still hidden and hasn’t been awakened. I can’t determine the specific type.”

“Some bloodlines have the same aptitude when they are hidden and when they are awakened. Some bloodlines have lower aptitude when they are hidden than when they are awakened.”

“Therefore, although your current aptitude is equivalent to that of the Sixth Stage, as for whether it is a beast vein or a spirit vein, we will have to wait until the bloodline awakens before we can determine.”

Yang Chen understood. It seemed that he really couldn’t determine his bloodline at this moment.

While Chen Yang and Deshun Commandery Prince were discussing the Bloodline Warriors, in the Song Family in Song City.

Master Song pinched his trembling thigh and looked at the black-robed man in front of him with a flattering smile. “Sir, I agree to all your requests, but...”

“A mere ninth rank aristocratic family. Destroying him is just a matter of moving a finger. As long as you listen to my orders, your Song family’s future will be limitless.”

“But if you don’t listen to my orders...” The black-robed man said in a hoarse voice, “Your Song family will not be spared.”

"I understand, I understand." Master Song nodded and continued, "Then what does Milord need the Song family to do?"

"There's no hurry. You should lay low for now. When I need your Song Clan, I'll let you know." The black-robed man said.

"As a token of my sincerity, Yang Chen's head will be delivered to you within three months."

"Thank you, sir. Thank you, sir." There was a hint of hatred and viciousness hidden in Master Song's flattering smile.

Yang Chen, let's see how you're going to escape this time!

Chen City.

It had been half a month since Mo Xiao's auction.

After Yang Chen and Deshun Commandery Prince asked about the Bloodline Warriors, they went straight back to the Chen Family.

Now that he had bought so many medicinal pills, he naturally had to distribute them properly.

Chen family, meeting hall.

"Everyone, in this auction, I'll be auctioning off a total of thirty Meridian Charging Pills and one Tier 7 Aptitude Pill. Tell me how to distribute them." Yang Chen looked at the elders.

As soon as Chen Yang finished speaking, Chen Xuan suggested, "I'll leave this Meridian Invigorating Pill to the Patriarch. The clan head's aptitude was extraordinary. With the help of the Meridian Charging Pill, his cultivation would definitely advance by a lot."

Seeing that the elders had made a decision, Yang Chen asked again, "It's fine to give it to the younger generation, but who should give it to?"

"Why don't we give it to the one with the strongest aptitude?" Second Elder Chen Meng suggested.

"It's inappropriate." Before Chen Yang could speak, Chen Xuan raised a different opinion. "If it's given to the person with the highest aptitude, then wouldn't the Sequence Plan proposed by the family head be a joke?"

"What does Great Elder think?" Chen Meng looked at Chen Xuan.

Chen Xuan looked at Chen Yang. "For such a major matter, we still need the family head Qian Gang to make a decision."

Seeing the pressure on his side, Yang Chen remained silent and said, "How about this, whoever creates a thousand spirit stones for the clan first will be rewarded with this aptitude pill."

"Of course, this is only limited to the younger generation."

The group of elders nodded. This was a good idea.

"In this case, this aptitude pill will be given to Chen Die." Chen Meng laughed.

"It is only right to give it to Chen Die. She is the alchemist of our Chen family. I don't know how much profit she has created for the family." Chen Xuan said with a smile.

"That's right." Yang Chen nodded. "Moreover, some pills require a certain amount of strength to refine. Only when Sixth Sister is strong can she create more profits for the Chen family."

"That makes sense."

“I agree.”

“However, I suspect that with Sixth Sister’s personality, she might reject this grade seven aptitude pill.”

Chen Yang smiled and looked at Fifth Elder Chen Ke.” Fifth Elder, I’ll leave the matter of enlightening him to you.””

“I understand.”

Seeing that the family was willing to give the pill to Chen Die, Chen Ke was naturally very happy. As parents, who wouldn’t want their children to have a better future?

While the Chen family was distributing the pills, at the northern gate of Chen City, a figure dressed in ordinary clothes with a gloomy expression looked up at the city gate plaque and slowly entered Chen City..

Chapter 107: Unexpected Visitor

Chen Clan, Chen Shou’s courtyard.

“Fifth Brother, are you ready?” Yang Chen asked.

Chen Shou looked at the crafting furnace and the Mystical Materials beside him. He took a deep breath and slowly closed his eyes.

After about three breaths, Chen Shou suddenly opened his eyes. A stream of light flowed in his eyes.” I’m ready!””

Immediately, Chen Shou extended his right hand, and a ball of flames bloomed in his palm.

At the same time, spiritual materials were thrown into the furnace one by one. As the flames swept through, they emitted waves of light.

It had been nearly three years since Chen Shou obtained the legacy of the Weapon Refinement Master.

In the past three years, Chen Shou had been studying spirit weapons at all times. Now, he finally began to try refining spirit weapons.

Naturally, the Chen family had to take good care of this.

This was related to the future of the Chen family. They could not be careless at all.

Time trickled by. After Chen Shou threw all the Mystical Materials into the crafting furnace, he extended his left hand, and a ball of flame whistled out and surged into the furnace.

Chen Shou's right hand held a sledgehammer as he rhythmically hammered the Mystical Materials in the furnace.

Ding! Ding! Ding! Ding! Ding dong...

As Chen Shou hammered the Mystical Materials together, they gradually formed a spear.

Although it was only a prototype, Yang Chen and the others could still feel a soul-stirring aura from the spear.

"Soon... Next is Consonant Spirit." Seeing this, Yang Chen's heart skipped a beat and he stared at the furnace with a serious expression.

At the same time, Spirit Qi gathered in his hand, preparing to save Chen Shou if anything unexpected happened.

The so-called Consonant Spirit was to completely fuse these Mystical Materials together and not simply put them together.

Only after reaching Consonant Spirit could a Spirit Weapon be able to contain Spirit Qi and unleash its full potential. Otherwise, it would only be a slightly sharper mortal artifact.

Chen Shou naturally knew what to do next, so he immediately threw away the hammer in his hand. Then, he slapped the armament furnace and took out the spear.

After the spear flew up, Chen Shou held the spear with his right hand and endured the burning pain as he poured Spirit Qi into the spear to perform the Spirit Consonance.

There was nothing he could do about it. Chen Shou was only at the Qi Refinement Realm, so he couldn't release Spirit Qi. Naturally, he could only use this method.

Fortunately, he was refining a ninth-grade spiritual artifact, so the temperature of the flame required wasn't too high. If it was a high-grade spiritual artifact, the residual temperature of the spiritual artifact would probably be enough to melt Chen Shou.

As streams of Spirit Qi flowed into the spear, the spear was filled with Spirit Qi and gradually emitted spirit light.

When the spiritual light reached its peak, Chen Shou withdrew his right hand and allowed the spear to fall into the furnace.

Then, Chen Shou ignored the injury on his right hand and continued to hold the hammer, repeating the hammering from before.

Two hours later, the hammering stopped.

Bang!

Chen Shou patted the Weapon Refining Furnace and shook the spear out. At this moment, he leaped up and slapped the spear with his palm, throwing it into the prepared ice water.

Slash la la!

As the spear emitted a sound of quenching, Chen Shou nodded in satisfaction. He picked up a piece of silk and wiped his hands.

“Fifth Brother, are you alright?”

Seeing Chen Shou stop, Chen Yang hurriedly went forward and swept his gaze toward Chen Shou’s right hand.

When Chen Shou saw this, he spread out his right hand.” Family Head, I have Spirit Qi protecting my body, so I didn’t suffer too serious of an injury.”

“Look at my right hand, it’s just red. Other than the burning pain, there was nothing else.”

After Yang Chen confirmed that his right hand was fine, he heaved a sigh of relief.” That’s good. However, when you refine weapons in the future, you still have to prepare healing pills.”

“Yes, I understand.”

The quenching process quickly ended. At this moment, Chen Shou came to the water vat and picked up the spear. He took out a piece of silk and started wiping it.

As Chen Shou wiped it, the black stains on the spear faded away, revealing its true appearance.

Looking at the silver-white spear, Chen Shou nodded. He then held the spear and walked in front of Chen Yang.”

Yang Chen grabbed the spear and waved it twice. He smiled in satisfaction and said,””Alright, Fifth Brother, you’ve refined a good spirit weapon for the Dragon Cavalry Guard.”

“It’s just a pity that the clan doesn’t have any extra grade seven aptitude pills. Otherwise, we would have rewarded you with one.”

“No, no, no.” Chen Shou waved his hand and said clumsily, “!... The family has already nurtured me enough. I don’t expect too much.”

“Fifth brother, you don’t have to be like this. When our Chen family becomes strong, everyone will have one of these aptitude pills.”

“Oh right, now that Fifth Brother has become an Armament Master, we should find time to go to the remains and participate in the second stage of the Armament Master assessment.”

“Yes, I can do it anytime.”

Seeing this, Chen Yang handed the family matters to Chen Xuan while he brought Chen Shou and rode the winged tiger to the ruins.

Inside the Paradise.

After watching Chen Shou enter the courtyard of the Craftsman Legacy, Chen Yang waited patiently.

The giant moth on the dome closed its eyes and rested as usual, as if everything that happened below had nothing to do with it.

Four hours later, the door to the courtyard opened. Chen Shou stepped out with a smile on his face.

When Chen Yang saw this, he knew that Chen Shou had definitely passed the test. He immediately went forward and smiled. “Congratulations, fifth brother.

I wonder what the second stage of the assessment is?”

“Patriarch, my reward is a grade eight spirit weapon blueprint, and it’s also the second phase of the test.”

“This grade eight spirit weapon is called the Beast Taming Ring, and it can control demonic beasts below the middle stage of Demon General.”Chen Shou said..

Chapter 108: Unexpected Guest (2)

“Beast collar?” Yang Chen’s eyes lit up.” This is a good thing. I can imagine how popular it will be after it is refined.””

Who wouldn’t be tempted to have a subdued beast of their own without using a beast-taming technique?

Not to mention anything else, the big families and forces would definitely buy this beast collar to give their Qi Refinement juniors some trump cards.

Without a beast-taming technique, a martial artist could only tame one natal subdued beast in their lifetime, and they couldn’t tame ordinary subdued beasts.

If he wanted to replace his natal familiar, he could only wait until his natal familiar died before finding a new one.

With the beast collar, even if he didn’t have a beast taming technique, he could still become a beastmaster.

Well...

Let’s just count it for now.

Back to the main topic.

Since Chen Shou had passed the test, there was no use for him to stay here.

Then, under Yang Chen's lead, the two of them returned to Chen City.

Chen City.

Looking at the citizens of Chen City who lived and worked in peace and contentment, Chen Shou couldn't help but say, "With such chaos, the people of Chen City can still enjoy peace."

"Patriarch, you have contributed greatly."

"Sigh, it's nothing." Yang Chen smiled and looked at Chen Cheng. The smiles on the faces of the people of Chen Cheng made Yang Chen happy.

"Eh?"

Suddenly, Yang Chen felt a killing intent. However, he did not find anything when he followed the killing intent.

"Patriarch, what's wrong?" Chen Shou saw that Chen Yang's expression was not right and thought that something had happened. He immediately asked nervously.

"It's nothing." Chen Yang shook his head and suppressed his palpitations. He pretended that nothing had happened and brought Chen Shou back to the Chen Family.

In the Chen family's meeting hall.

"Chen Xuan, I have a mission for you. Keep a close watch on the entire Chen City, especially the area around the Chen family mansion."

Chen Yang looked at Chen Xuan. If he wanted to find out what that killing intent was, only Chen Xuan could do it.

“Understood!” Chen Xuan nodded and turned to leave.

Yang Chen looked at Chen Xuan’s back with a deep gaze.” I hope there won’t be any accidents.””

Chen City, in a teahouse in the north of the city.

Ying Shisan picked up a cup of tea as if nothing had happened, his eyes constantly scanning the surroundings.

After making sure that there were no experts around, Shadow Thirteen drank the hot tea and thought to himself,”Yang Chen is indeed a famous monster in Jiang Prefecture. He is indeed extraordinary.”

“I have merely emitted a trace of killing intent, yet it has already sensed it.

Looks like this assassination cannot be rushed...”

A month later.

“Sixth Brother, I just don’t understand. Since we are going to visit the Deshun Commandery Prince, why do we have to make a detour to Chen City?”

In the sky of Jiang Prefecture, a flying demon beast at the Demon Venerable Realm was pulling a carriage and flying in the sky.

This carriage was engraved with a seventh-grade formation, the Floating Formation. That was why it could float in the air and be pulled away by demonic beasts.

Inside the carriage, a man and a woman sat facing each other. The man was handsome, slender, and heroic.

The clothes on his body looked simple, but they were all precious treasures.

The woman had an extraordinary appearance. Her two pairs of watery eyes revealed a strange aura.

The one who spoke just now was this woman.

When the man she called Sixth Brother heard this, he glanced outside the carriage." Ying Min, we're here to win Seventh Granduncle's support."

"Right now, Your Majesty's cultivation is getting deeper and deeper. I reckon that it won't be long before he reaches the fifth level of the Zifu Disciple realm."

"According to the rules, when the time comes, Your Majesty will have to step down from his position as a Human King and focus on cultivating in order to seek the Great Dao."

"We have to take advantage of grandfather's position as the Human King to try our best to rope in more power for big brother.

As the number one Zifu Disciple, his seventh granduncle naturally had to be roped in as well."

"But there's no need to go to Chen City."Zhou Yingmin pouted.

"Ying Min, you're wrong. There are only four people in Seventh Granduncle's family, and Uncle Ming Jing is a general in the army, so we can't contact him."

"Now, the only person who can influence Seventh Granduncle's opinion is his grandson Zhou Yingzhao and this disciple."

“In order to increase the possibility of recruiting Seventh Granduncle, we must also recruit his disciples.” Zhou Yingde laughed.

Hearing Zhou Yingde’s reasoning, Zhou Yingmin felt a headache coming on.” Alright, alright, alright. Let’s go to Chen City. Let’s go to Chen City.”

“You.” Seeing Zhou Yingmin’s expression, Zhou Yingde smiled and shook his head.

Then, Zhou Yingde shouted outside the carriage, ”Uncle Yu, how long is it before we reach Chen City?”

“Young master, we will reach Chen City in about half a day.” Outside the carriage, the man in charge of driving the carriage laughed.

“Then just wait.”

Half a day later, outside Chen City.

Zhou Yingde put away the carriage. At the same time, Uncle Yu put the demonic beast into his demonic beast pouch.

After doing all this, the three of them headed straight for Chen City.

In Chen City, after Zhou Ying Min found out where the Chen Family was, she pretended to be heading to the Chen Family.

However, before he could take two steps, he was stopped by Zhou Yingde.

Zhou Yingmin was puzzled and looked at Zhou Yingde in confusion.” Sixth Brother, aren’t we going to the Chen Family?”

“Don’t worry, the Chen family will go sooner or later. But before that, we need to take a look around Chen City.” Zhou Yingde glanced at Chen Cheng with interest.

“Strolling around Chen City?” Zhou Yingmin looked at the buildings around her and pursed her lips. “What’s there to visit in such a small place?!”

Not to mention the capital, even the state capital and county city were stronger than this place.”

“I naturally know that there’s nothing much to explore here, but we still have to explore.”

“Because only in this way can we have some understanding of Chen Cheng. When we win over Chen Yang, we can have more topics to talk about.” Zhou Yingde laughed.

Hearing Zhou Yingde’s words, Zhou Yingmin nodded.” So that’s what Sixth Brother is planning. Since that’s the case, let’s go shopping.””

Zhou Yingmin pulled a man from Chen City.” Fellow townsman, we are merchants who came to Chen City to do business. Now, we want to take a stroll in Chen City. May I ask where is the most fun place in Chen City?””

This person sized up Zhou Yingmin and smiled.”The most fun place in Chen City is the New town area.”

“Where is the New town area?” Zhou Yingmin asked.

“South City.”

“Thank you.”

Immediately, the three of them quickly headed to the south city.

An hour later, Zhou Yingde and the other two finally arrived at the New town area.

As soon as he entered, Zhou Yingde noticed the fake mountains in the various districts. His pupils immediately constricted. "There's actually such an expert here?"

"What?" Zhou Yingmin blinked her big eyes. "Sixth Brother, what are you talking about? What strong person?"

"Ying Min, where are you looking?" Zhou Yingde pointed at the fake mountain.

Zhou Yingmin looked at the fake mountain for a moment, then said, "There's nothing special about it. Don't we have many such mountains in our house? Moreover, they're even bigger than this one."

"This isn't about whether it's big or not."

Zhou Yingde took a deep breath and slowly said, "Look at these strange mountains. They are extremely exquisite. The thinnest part is only an inch."

"Let's not talk about how much effort is needed to find these strange mountains, just cutting off these parts is not something that ordinary experts can do."

"If you don't believe me, you can ask Uncle Yu. When he cuts the mountain, can he guarantee that he won't damage other parts?"

When Zhou Yingmin heard this, he looked at Uncle Yu.

Uncle Yu had just recovered from his shock and said bitterly, "No matter how careful I am, I can't preserve this one-inch-long branch."

"After all, I'm only at the Core Formation stage. My control over spiritual energy is far inferior to that of a Zifu Disciple."

"You mean that Chen City has a Zifu Disciple guarding it?" Zhou Yingmin exclaimed.

This exclamation attracted the attention of quite a few people, but Zhou Yingmin couldn't care less about that at this moment. She continued, "If Chen City has a Zifu Disciple guarding it, then why is the Chen Clan holed up here?"

"I don't know." Zhou Yingde shook his head. "However, I reckon that the Chen family is after something big."

"Pfft! Everyone, I've been listening for a while now. I have to say, you guys really have an imagination."

At this moment, the young man at the side could not help but laugh out loud.

When the three of them heard this, they all looked at this person. Zhou Yingde asked, "The three of us have just arrived here. Brother, may I ask why you say we have imagination?"

"So you are from the outer city." "That's not strange," the young man said proudly. "It's normal that you don't understand." Let me tell you, this mountain is fake.."

Chapter 109: What the Zhou Siblings Saw and Heard

Hearing the young man's words, Zhou Yingmin was immediately enraged.

As a member of the royal family and the granddaughter of the current king, she was actually looked down upon in this small county today?

Looking at the young man's appearance, it was as if the three of them were savages from the deep mountains and forests, as if they had never seen anything before.

Immediately, Zhou Yingmin decided to reveal her identity and let this lowly commoner of this small city see what it meant to be a royal descendant!

However, just as Zhou Yingmin was about to flare up, she was stopped by Zhou Yingde. "This brother, the three of us came from a small city, so we really don't know the situation in Chen City. Could you

please explain it to us?”” Seeing that Zhou Yingde was so tactful, the young man nodded in satisfaction.”
Alright, I’ll explain to you all the new things in the New town area.””

“First of all, this fake mountain. Why was it called a rockery? It was because it was carved by many skilled craftsmen.”

“Sculpture?” Zhou Yingde frowned.” Is it the sculpture that I understand?” “Could there be other carvings?” The young man glanced at Zhou Yingde and continued,”This fake mountain has been designed by the Chen Clan Head. In terms of exquisiteness, it is not inferior to other strange mountains and strange stones.”

“By staying here, you can enjoy the luxury that only top-notch experts can enjoy.”

The young man’s words revealed deep envy. Unfortunately, he was not a tenant of the Chen family and could not be allocated a courtyard.

He didn’t have that many spirit stones to buy it himself.

That’s right, the courtyard here was traded with spirit stones.

After listening to the young man’s explanation, Zhou Yingde was not disappointed. Instead, he became even more interested.

Of course, he was not interested in the fake mountain. Instead, he was interested in Yang Chen, whom he had never met but had heard of.

To be able to think of using a fake mountain to replace the strange mountain as a decoration, Yang Chen was quite creative.

“Brother, is there anything new in this new city besides the fake mountains?”Zhou Yingde continued to ask.

“Of course there are. For example, the demon beast zoo and the opera theater. These are all holy places that make people forget to leave.”The young man had a yearning look on his face.

There really was!

Zhou Yingde’s eyes lit up and he asked,“Brother, please show us the way. We want to visit and worship.”

“Do you see the biggest rockery? Where is the demonic beast zoo and the theater ar the south side of the zoo, you can go to the zoo first, then go to the theater.”

“But let me remind you that you have to pay to enter.”

“Yes, I understand. Thank you for your explanation, brother.”

After the young man left, Zhou Yingde looked at Zhou Yingmin.” Let’s go and take a look at this demonic beast zoo and theater.””

Immediately, the three of them moved toward the largest rockery in the New town area.

When they got close to the zoo, the three of them followed the signs that Yang Chen had specially set up and came to the main entrance.

“Hello, the entrance fee is three catties of food.”

“The tickets require food?” Zhou Yingde was stunned for a moment before he reacted. This place was in famine, so food was naturally a hard currency.

“I don’t have any food here, can I use Da Qian gold?”Zhou Yingde asked.

When the guard saw this, he frowned and said, "The three of you are from the outer city. In that case, you can pay with the Great Qian Gold. But remember to prepare food before you come next time."

After paying the Da Qian Gold, the three of them could not wait to enter the demonic beast zoo.

"Roar!"

As soon as they entered the zoo, Zhou Yingde and the other two heard a wolf roar. Looking in the direction of the wolf's roar, the three of them found that in a large habitat on the right front, there were many first-tier demon beasts baring their teeth at the people of Chen City who were watching.

The people of Chen City were shocked by the wolf's roar, but they also surrounded the side excitedly and commented on the demon beasts inside. "Sixth brother, why aren't these demonic beasts charging out? Just this iron fence could not stop the demon beasts at all." Zhou Yingmin was puzzled.

"I don't know either."

Now, Zhou Yingde didn't dare to say that there was an expert overseeing this place. If he made a fool of himself again, he would lose face as a direct descendant of the Human King.

"My fellow countrymen, why aren't you afraid of these demonic beasts charging out? Could it be that there's some kind of mechanism that restrains these demonic beasts?"

Zhou Yingde came to the side of a middle-aged man from Chen City and asked with a smile.

The middle-aged man glanced at Zhou Yingde and said, "What are you thinking? There's not a single ripple of a formation here. How can there be a formation?"

"As for why we are not afraid of the demon beasts rushing out, it is because there are strong people in the zoo. When these demon beasts entered, they had already been beaten up. How could they dare to move?"

“In addition, there’s no need to worry about food and drink here. These beasts are also very smart. How could they escape?”

Zhou Yingde was speechless.

Just... Was it that simple?

Zhou Yingde returned to Zhou Yingmin and Uncle Yu’s side, feeling somewhat defeated.” I’m back.””

Seeing Zhou Yingde’s expression, Zhou Yingmin said nervously,”Could it be that this place has used some unimown method to restrict these demon beasts?”

Zhou Yingde glanced at Zhou Yingmin.” No, it’s just a pure powerhouse holding the fort.””

Zhou Yingmin was speechless.

Just... Was it that simple?

Seeing the same puzzled expression on Zhou Yingmin’s face, Zhou Yingde felt much better.

You see, she doesn’t know that I’m not the only country bumpkin, right?

After a simple tour of the demon beast zoo, Zhou Yingde and the other two saw a tavern. Zhou Yingde immediately looked at Uncle Yu.” Let’s rest here and try Chen Cheng’s wine.””

“Alright..”

Chapter 11o: The Zhou Siblings ‘Experiences

Immediately, the three of them headed to the tavern.

When the waiter in the tavern saw the three of them coming over, he quickly wiped the chairs and tables for the three of them. Then, he helped the three of them to the chairs with a smile.

After being served like this, Zhou Yingde only had one thought in his mind.

Awesome!

He, Zhou Yingde, had been pampered since he was young. He had been served even more than that, let alone this kind of service.

However, he did not feel anything in the past.

But now, he was enjoying such a little service in Chen City, which made him feel happy.

After thinking about it, Zhou Yingde felt that it was still because the people of Chen City served him. After all, they had all seen new things that even the children of the royal family had never heard of.

“Honorable guests, what do you need?”The attendant leaned slightly and pretended to listen.

“Give me three cups of spirit wine.” Zhou Yingde said subconsciously, but he regretted it the moment he said it.

There were many new things in Chen City, but it was just a small county. How could there be spiritual wine?

However, before Zhou Yingde could change his words, he heard the waiter say with a smile,“Please wait a moment.”

After the attendant left, Zhou Yingde smacked his tongue.” Looks like this Chen City has quite a good foundation. They even have spiritual wine. I just don’t know what grade of spiritual wine it is.””

“Chen City is small to begin with. It’s already not bad to have spiritual wine. I estimate that it’s within the ninth grade.” Uncle Yu laughed.

Hearing Uncle Yu’s words, Zhou Yingde subconsciously quivered. ‘Don’t say that. If a cup of spirit wine of the Eighth Stage or above is served, won’t we be slapped in the face again?’

In order not to embarrass himself, Zhou Yingde pulled a waiter over.” May I ask, what grade is the spirit wine here?”

“Hello, Young Master. The spirit wine here is provided by the Qing Family. It’s a ninth-grade spirit wine, Spirit Essence Wine.”

Spirit essence wine, that’s fine.

Zhou Yingde let go of the waiter in satisfaction. Then, he waited for the spirit essence wine to be served, intending to taste it.

As for the effects of the spirit essence wine, Zhou Yingde was not interested. The spirit wine he had used was at least at the eighth grade.

After a while, the waiter brought a plate forward. On the plate, there was a goblet and a jade bottle of spirit essence wine.

Zhou Yingde’s heart skipped a beat as he looked at the new cup.

Oh no, it was something new again.

No, in order not to be looked down upon, I have to make the first move.

Zhou Yingde immediately smiled.” Waiter, this cup is so novel. I’ve never seen it in the capital or the prefecture. Is it a specialty of Chen City?””

Hearing this, the attendant smiled and explained, "Young Master is right. This life was designed by the head of the Chen family, Lord Chen Yang."

It was Yang Chen again. What was wrong with this person's brain?

Zhou Yingde thought that it would be difficult to find an entry point. After all, Chen City was just a small place. However, in reality, there were as many entry points as turtles in the river.

"What's so special about this cup?" Zhou Yingmin played with the cup and looked at the waiter.

"It can improve the taste of wine."

"Style? What do you mean?" Zhou Yingmin asked.

"Miss, please take a look." Immediately, the waiter picked up the wine glass in front of Zhou Yingde according to the method that Chen Yang had taught them. Then, he turned his wrist.

"If you shake it like this before tasting it, the style will naturally increase. If you don't believe me, you can give it a try."

As he spoke, the waiter placed the goblet back in front of Zhou Yingde and poured some spirit essence wine for the three of them.

When Zhou Yingde saw this, he imitated the waiter and shook the cup. Then, he took a sip. The taste of this wine is not bad. As for the style, I don't think it has improved."

"Young Master, don't be anxious." The attendant smiled and moved away.

While Zhou Yingde was still in a daze, he heard people talking beside him.

“It’s actually a goblet. Looks like these three people’s origins aren’t simple. One had to know that this goblet would only be presented when buying spiritual wine.”

“I wonder if we have the chance to use this goblet.”

“Don’t even think about it. This kind of goblet is prepared for noble people.” Hearing the discussions around him, Zhou Yingde looked at the cup in his hand again. Then, he shook it again and took another sip.

“Don’t say it, this grade nine spirit wine is even more delicious than the grade seven spirit wine I’ve drunk before.”

Zhou Yingmin looked at Zhou Yingde in surprise. Then, she took a sip as well.” There’s nothing special about it. It feels like it’s not even as good as the spirit wine of the eighth grade.””

“You don’t understand.”

Zhou Yingde looked at the goblet with a deep gaze. As he shook it, the spirit wine in the goblet swirled back and forth.

Hey! These arrogant people of Chen City would still envy me.

Moreover, I didn’t reveal my identity. Just based on this point, this wine is more delicious than grade seven spirit wine.

After drinking the wine, Zhou Yingde reluctantly put down the goblet in his hand. He made up his mind that he would ask for one when he saw Yang Chen later.

“Let’s go and see what this play is about.”At this moment, Zhou Yingde was very interested in the play.

In the theater.

After finding a seat and sitting down, the three of them enjoyed Chen Cheng's first play," Chen Chengren ".

This play was a touching story based on the demon tide attacking the city.

From Yang Chen's point of view, this story was a little cliché, but for others who had never experienced a play before, this play was enough to make them cry for a whole time.

"Remember, as long as the Chen family is here, Chen Cheng cannot be destroyed!"

As the actor roared his last line, the entire theater fell into a round of applause.

Looking at the expressions in these people's eyes, Zhou Yingde took a deep breath. The loyalty of the people of Chen City to the Chen Family was probably beyond his imagination.

"Let's go to the Chen family."

Zhou Yingde had originally planned to head to the Chen family, but after he got up and took two steps, he saw that Zhou Yingmin had not followed him.

He turned his head and saw Zhou Yingmin sobbing on the chair.

"Ying Min, what's wrong?"

Zhou Yingmin looked at Zhou Yingde, her eyes glistening with tears." Sixth Brother, is the demon horde that dangerous to these small places?"

Hearing Zhou Yingmin's words, Zhou Yingde didn't know what to say.

The demon tide had always been synonymous with natural disasters. Under the demon tide, it was already very good to be able to retain half of the population.

Zhou Yingde didn't say anything, but Zhou Yingmin understood what he meant. She immediately made up her mind." I've decided. When I return, I'll ask Grandfather to reward the Chen Clan with some treasures to show the Chen Clan's contribution to the demon horde."

"Alright, I'll do as you say."

Zhou Yingde rubbed Zhou Yingmin's hair lovingly and then brought the two of them to the Chen family.

Chen Clan, in the meeting hall.

Yang Chen looked at the guards below and said in disbelief,""Are you sure that they are the king's grandchildren?"

"That's what they said." The guard nodded.

Chen Yang took a deep breath and said,""Grand Elder, follow me out to welcome them."

Immediately, the two of them quickly headed to the Chen family's gate.

Before he arrived, Yang Chen saw three people standing in front of the door. The man and woman in the front row could not hide their noble aura.

Although the person who acted as the guard had already restrained his aura, Yang Chen could still feel the terrifying strength contained in his body.

Seeing this, Chen Yang took a few steps forward and cupped his hands." I didn't know that you were here. Please forgive me for not welcoming you."

"Patriarch Chen, there's no need to be so polite." Zhou Yingde quickly stepped forward and helped Yang Chen up.

Zhou Yingde, who was holding Chen Yang's wrist, looked like an old friend whom he had not seen for a long time. His face was filled with a smile." Aiya, I've heard of the famous Chen Family Head before. It's just a pity that I didn't have the chance to meet him.""

"Now that we have gotten what we wanted, I hope that the Chen Clan Leader will not despise us."

"You're welcome. Your arrival has brought light to our humble Chen family! Please come in!"

After welcoming them to the reception hall, Yang Chen sat on the main seat and waited for the servant to bring the tea before smiling,"Why have you come to my Chen family?"

"Since the Chen Clan Leader is so straightforward, I won't hide anything. The two of us have come here to persuade him on behalf of my elder brother."Zhou Yingde said.

"Lobbyists?" Chen Yang looked at Zhou Yingde and the other two.

"That's right." Zhou Yingde nodded," I won't hide it from you, Chen Clan Leader. Now that the competition for the next Ruler has begun, I hope that you will stand on my big brother's side.."
