

Tamer Family 131

Chapter 131: Puppet Repair Completed, Chen Ying

Officially Farewell to the Chen Family

“Although the Chu Clan is far away from our two sides, they have no brothers or relatives. It won’t be of any help even if we fight.”

Hearing Chen Guang’s words, Xu Yingli understood and said, “Eighth Elder, please help me tell Patriarch Chen that on the 15th of this month, my Xu family’s ancestor will be waiting for Patriarch Chen’s arrival at Chu City’s Guest Welcoming Residence.”

“I will.” Chen Guang nodded.

After finishing the business, Xu Yingli also had a meal at Xu Qiu’s house. This made Xu Qiu extremely proud. He ate at the same table as the family head. It was extremely prestigious.

After the meal, Chen Guang left Xu Ningyun at home and returned to the Chen family alone to report to the family head about his gains.

Chen Clan, in the meeting hall.

“Eighth Elder, it’s been hard on you.” Yang Chen served a cup of tea to Chen Guang.

Chen Guang took the tea in fear and trepidation, and immediately said with some excitement, “Guang is willing to serve the clan and go through fire and water.”

“Hey, why are you talking about the two families?”

This time, the Eighth Elder will take a break for the time being. Then, he will go to the Xu family for a period of time to prevent others from saying that our Chen family does not know etiquette.”

“I understand.”

After Chen Guang left, Chen Xuan went forward.” Patriarch, our Chen family doesn’t have a Core Formation Realm master. How can we act together with the Xu family?”

“If it’s just the Xu family, I’m afraid it’ll be very difficult for us to get back our share of the dark iron mine.”

“Great Elder, don’t worry. Senior King of Weapons ‘disciple told me that the puppet will be delivered to the Chen Family in two days.”

“Doesn’t our Chen family also have the combat strength of a Core Formation cultivator?”

“The puppets were repaired so quickly?” Chen Xuan was stunned. Although he did not pay attention to this, he had also understood that puppets, especially puppets at the grade six Spirit Weapon level, were extremely difficult to repair.

The Weapon King, Zhao Mingyuan, was only a Rank-6. How could he repair it so quickly?

“This Senior Weapon King is called the Weapon King by a group of Weapon Refinement Masters, so he must be quite capable. You should know that there is more than one Grade Six Weapon Refinement Master in the Great Qian Dynasty.” Yang Chen explained.

Chen Xuan understood.

Things developed as Chen Yang had said. Two days later, Zhao Mingyuan personally handed the repaired puppet to Chen Yang.

Looking at the puppet that was emitting a cold light, Yang Chen couldn’t help but laugh.”Thank you, Senior Weapon King.”

"Sigh, there's no need for formalities, Chen Clan Leader." Zhao Mingyuan waved his hand. "I have to thank you, Master Chen, for allowing me to find a new puppet blueprint."

"If you need anything in the future, you can come to the capital to find me. I will definitely help you."

"Then I'll have to trouble Senior Weapon King in the future." Yang Chen cupped his hands and smiled.

"You're welcome." Zhao Mingyuan smiled. Then, he thought of something and said, "Right. Patriarch Chen, this golem consumed quite a bit of energy."

"Normally, if you want the puppet to function normally, you need to pay a hundred spirit stones every year."

"And if you want the puppet to unleash the full power of Core Formation, you'll have to pay a hundred spirit stones a day. If the puppet is needed, please place the spirit stones in advance so as not to delay the Chen Clan Leader's important matters."

"Thank you for your reminder, senior. Yang Chen cupped his hands in gratitude again.

"Yes, I've stayed in the Chen family for so long. It's time to leave. Chen Clan Leader, this old man will take his leave."

"Senior, have a safe journey."

After sending the King of Refiners out of Chen City, Yang Chen hurried back to his house and started to examine the puppet.

After familiarizing himself with the puppet, Yang Chen pressed an inconspicuous button on its back.

As Chen Yang pressed down on the neck of the puppet, a dent the size of a spirit stone appeared.

Seeing this, Yang Chen placed a spirit stone into the depression.

As the spirit stone was placed in, the puppet's eyes flashed with a red light. Then, the spirit stone quickly disappeared and was absorbed into the puppet's body.

Seeing this, Yang Chen continued to place the spirit stones. He only stopped after placing 1,000 spirit stones.

"Right. In that case, the puppet can guarantee ten days of Core Formation battle prowess. It can also increase our chances of success in our next plan."

After placing the spirit stones, Chen Yang injected his spiritual energy into the puppet and signed a master-servant contract with it.

The reason why puppets were so difficult to refine was because they had the ability to sign a master-servant contract with humans, just like demon beasts.

After signing the contract, the puppet would not change its master unless the master died.

It could be said that every puppet was a life-bound subdued beast, and one that could be passed down.

After signing the contract, Chen Yang put away the puppet and immediately dealt with the family matters. He also prepared for the trip to the Chu family on the 15th.

At this moment, Chen Ying knocked on the door of the meeting hall.

Yang Chen looked up and smiled, "Chen Ying, come in quickly. What's the matter?"

After Chen Ying entered, he pondered for a moment before kneeling on one knee." Chen Ying is willing to pledge allegiance to the Chen family."

When Chen Yang heard this, he and Chen Ying looked at each other with a tacit understanding and immediately said, "Get up."

Hearing this, Chen Ying quickly got up and took out a dozen Dragon Blood Jade Pendants from his body, placing them on the table to Yang Chen's right.

Chen Yang looked at the dragon blood jade pendants in shock. "Chen Ying, did you dig out the dragon tomb?" You got so many dragon blood jade pendants?"

Seeing this, Chen Ying smiled and scratched the back of his head. "Family Head, this isn't the Dragon Blood Jade Pendant. It's just that it's somewhat similar to the Dragon Blood Jade Pendant and can also cancel out the Heaven and Earth Oath."

"Oh?" Yang Chen's interest was piqued. "Tell me, what exactly is this thing?"

"I don't know what it is exactly. I only know that I picked it from a tree." Chen Ying said honestly.

"Plucked from a tree?" Yang Chen frowned, then picked up one of the items and sniffed it.

"You mean, this is a leaf?"

"You can say that." Chen Ying nodded and took out a map from his chest. He half-knelt on the ground and spread the map open.

Then, he pointed at a certain spot on the map. "Please take a look, Family Head. The tree I mentioned was found here."

"This thing is actually in the Endless Mountain Range?" Yang Chen looked over and said thoughtfully. That's right. Only in the Endless Mountain Range would there be such a divine item."

"Chen Ying, do you remember what that tree looked like?" Yang Chen asked again."

“Of course.” Chen Ying nodded his head and spoke with confidence, “The tree is emerald green in color. I estimate that it is at least a hundred meters tall.”

“And that tree looks no different from an ordinary tree. It doesn’t look like a demon plant at all, but when I approached this ancient tree, I felt a terrifying aura.”

“I, Supremacy Zifu, have never felt such an aura before.”

“I was fortunate enough to meet the Great Kun’s mighty figure, but the aura of the mighty figure can’t compare to the aura of the ancient tree.”

Yang Chen took a deep breath. “You must be bragging. According to what you said, that ancient tree is an existence above the stage?”

“Then why didn’t they kill you when you plucked the leaves from them?”

Chapter 132: The Two Families Come Together and Promise an Alliance with the Chu Family

“Patriarch, everything I said is true. As for why the ancient tree didn’t attack me, perhaps it was too lazy to move?” Chen Ying guessed.

“Too lazy to move?” Yang Chen was stunned for a moment before nodding. “It’s not impossible.”

“To an existence of that level, we are just slightly bigger ants. They would feel that it was a waste of their strength to pinch us to death.”

“By the way, are all the leaves there this color?”

“No, only a few of them are this color. The rest are all emerald green.

Moreover, the ancient tree seemed to dislike this thing very much. The leaves that fell were all like this.”

“I saw that it was falling a little slow, so I helped.” Chen Ying said.

“Do you dislike this kind of leaf?” Yang Chen noted this feature down and said, “I understand. When the time is right, I’ll go there and take a look.”

“In a while, go visit Venerable Dao Xuan and ask him to undo the seal for you.”

“As for this leaf...”

Seeing this, Chen Ying hurriedly said, “Please accept this leaf, Clan Head. With this, Clan Head will be able to carry out some plans.”

“Am I the kind of clan leader who covets the treasures of his clan? Take it first.

I’ll buy it from you when I need it.” Yang Chen smiled.

Since he intended to break the seal on Chen Ying, Yang Chen had to treat Chen Ying like a normal servant.

No matter how good this treasure was, they couldn’t take it for themselves. Otherwise, as time passed, these families would definitely be separated from each other.

At that time, even if he didn’t betray the family, he probably wouldn’t devote himself wholeheartedly to the family.

When Chen Ying saw this, he accepted the leaves without saying a word and nodded his head vigorously. “Clan Head, I, Chen Ying, will never betray the clan!”

Hearing this, Chen Yang patted Chen Ying’s shoulder, “You may leave. As long as you can help me train the Piercing Guard, I will not treat you unfairly.”

“Yes.”

After Chen Ying left, Chen Yang continued to deal with the family matters.

Not long after, Chen Xuan walked in with the Dragon Blood Leaf in his hand and a puzzled expression.” Family Head, Chen Ying gave this to me. He said that if you see this, you will understand his intentions.”

Yang Chen looked at the leaves and shook his head with a smile.” This Chen Ying is a meticulous person.””

“Forget it, I’ll accept it for now. If I reject it again, I’m afraid Chen Ying will panic.”

Time flew by, and in the blink of an eye, it was the fifteenth of the month.

Jiangyou County, Chucheng, welcoming guests.

As the largest inn in Chu City, the number of customers in the Guest Welcoming Residence was naturally not to be underestimated. However, there was an additional pair of guests in the Guest Welcoming Residence, which was usually full.

The two of them sat by the window, their eyes glancing out from time to time as if they were waiting for someone.

If that was the case, it wouldn’t be a big deal. However, these two people were dressed in black robes. Even their heads were covered in black robes. It was difficult for them not to be noticed.

Of course, it was just attention.

As the capital of Jiangyou Prefecture, Chu City had seen all kinds of people. Two men in black were not a big deal. How could they overturn the sky? “Patriarch, when will the Chen family arrive?”The Xu family’s ancestor glanced out the window and said weakly.

“This...” Xu Yingli was also a little anxious, but he still controlled his temper. “I think they should be here.””

At this moment, a handsome young man in brocade clothes sat opposite the two of them.

When Xu Yingli saw this, he said excitedly, “Chen Clan Leader, you’re finally here.”

“Sorry, I’m late.” Yang Chen picked up a cup of wine and downed it in one gulp.

When Xu Yingli saw this, he said repeatedly, “No need...” There’s no need for you to do this, Chen Clan Leader. We just arrived.”

“However...” Xu Yingli looked around Chen Yang and asked, “Where’s the Chen

Clan’s Reverend Ning Dan? Why didn’t I see it?”

When Chen Yang heard this, he poured a cup of wine for the Xu family’s ancestor. “How could this Venerable Ning Dan appear so easily? Isn’t this a reminder to the Chu family?”

“Don’t worry. When the time comes, our Chen Clan’s Reverend Core Formation will appear.”

Hearing this, Xu Yingli’s heart calmed down a little. “That’s good, that’s good.” Then when do we take action?”

“It’s better to act sooner rather than later.”

At the main entrance of the Chu Clan.

Xu Yingli glanced at the guard and said calmly, “Go and inform them that Xu Yingli of the Xu family wishes to see Master Chu.”

When the guards saw this, they looked at each other." Wait a moment, I'll report it immediately.'"

"Aiyaya, why didn't Brother Xu inform us in advance that you were coming? I can prepare in advance to welcome Brother Xu."

After the time it took to brew a cup of tea, the head of the Chu Clan hurried over with a smile.

"I came in a hurry and didn't inform Brother Chu. I hope Brother Chu can forgive me." Xu Yingli smiled.

"You're welcome." The Chu Family Head smiled and shook his head. Then, he looked at Chen Yang and said with a surprised expression, "The Chen Clan Head is also here?"

Chen Yang cupped his hands and bowed." Chen Yang came without informing us. Please forgive me, Master Chu.'"

"What are you talking about? It is my honor for the Chen Clan Head to come to my place. Quick, rest in the hall." The Chu Clan Master called the two of them in.

As for the ancestor of the Xu family who was following behind the two of them, because he was wearing a black robe that covered his face, the Chu family's master did not pay much attention to him. He only thought that he was the guard brought by the two of them.

After all, every family had quite a number of guards hidden under the shadows.

If there was anything, he could act as a guard. If there was nothing, he could act as a spy.

This kind of guard would definitely not show his true face to others, and the Chu family head would not seek to be snubbed by forcing himself to know this person's true face.

In the reception hall of the Chu family

Chapter 133: The Two Families Come Together and Promise an Alliance with the Chu Family

After the tea was served, the Chu Family Head smiled and said, "I'm afraid that the two of you didn't come here just to see me, right?"

"Brother Chu is right." Family Head Xu put down the teacup in his hand. "Family Head Chen and I are here for the Darksteel Mine."

As expected.

The Chu Family Head's mind moved, but his expression did not change. "I wonder how Patriarch Xu plans to split the shares of this Darksteel Mine?"

"My Xu family is not greedy. As long as we keep our original share, it's fine. As for the Song family's share, the Song family was destroyed by the Chen family, so the share should be transferred to the Chen family." Xu Yingli said.

"Master Xu, you're wrong."

The Chu Family Head picked up the tea and leisurely took a sip. He then smiled and said, "Let's talk about the Song family first. Everyone knows that the Song family was destroyed by the royal family and not the Chen family."

"How can we give the Song family's share to the Chen family?"

"As for the Xu family's share, Brother Xu, it's not that I'm being rude, but with the Xu family's strength, is it worthy of so many shares?"

"Of course, my Chu Clan also wants to keep the Xu Clan's share, but Brother Xu, you also know that my Chu Clan can't make the decision."

"Zuo Ling and You Ling are two families that are brothers."

“The matter of splitting up the Song family and occupying the Xu family’s share was also proposed by these two families. Even if my Chu family wanted to, we couldn’t refute it.”

After hearing Master Chu’s words, Xu Yingli smiled and said, “Hahaha, Brother Chu, I thank you for your heartfelt words.”

“But today, my two families are not here to beg Brother Chu!”

As Xu Yingli finished speaking, the Xu family’s ancestor behind him removed his black robe and revealed his true appearance.

At the same time, it gave off a powerful aura that belonged only to Venerable Ning Dan.

“Old Ancestor Xu!”

The Chu Family Head’s eyes widened in shock, but he quickly calmed down. “Old Ancestor Xu is here. Please take a seat. My family’s old ancestor will be here soon. Please wait a moment.”

When Old Ancestor Xu heard this, he snorted coldly. “I’m not in a hurry. Call Chu Zhaotian over. I still want to ask him to explain the matter of him taking over my Xu family’s share.”

Then, Old Ancestor Xu sat on the chair and closed his eyes to rest. He looked like he didn’t want to talk to anyone.

Seeing this, the Chu Family Head hurriedly waved his hand. Immediately, the Chu Clan’s First Elder rushed over and listened for a moment before hurriedly leaving.

Not long after, the ancestor of the Chu Family arrived.

“Hahaha, Ancestor Xu, please forgive me for my rudeness.” The ancestor of the Chu Family, Chu Zhaotian, cupped his hands and bowed to the ancestor of the Xu Family.

Old Ancestor Xu opened his eyes and glanced at Chu Zhaotian." Old Ancestor Zhaotian is here.""

When Chu Zhaotian heard this, he waved his hand repeatedly." Aiyo, you call me Old Ancestor. It's so embarrassing.""

Old Ancestor Xu was someone who competed with Chu Zhaotian's grandfather's generation. Although Chu Zhaotian was not young anymore, he still did not dare to call himself Old Ancestor Xu.

"You? I don't dare. I'm just an old and withered tree. Half of my body is buried in the ground. Otherwise, how dare you encroach on my Xu family's share?" Old Ancestor Xu's expression was unfriendly.

Chu Zhaotian narrowed his eyes. It was indeed about the quota.

Immediately, Chu Zhaotian poured a cup of tea for Old Ancestor Xu and brought it to Old Ancestor Xu." Old Ancestor Xu, this matter is not something our Chu family can control."

Old Ancestor Xu looked up at Chu Zhaotian and took the tea from him.

"Zhao Tian, this old man is here for my Xu family's share. Is your Chu family willing to help?"

When Chu Zhaotian heard this, his eyes flashed with evasiveness.

In the end, the Chu Clan would benefit from splitting the Xu Clan's share. Chu Zhaotian was naturally unwilling to give away so many spirit stones.

" Hmph!" Old Ancestor Xu harrumphed." It seems that Old Ancestor Zhao Tian is unwilling to give me face.""

Cold sweat broke out on Chu Zhaotian's forehead.

The Xu family's ancestor was about to die. If he didn't listen to him at this time, he would really be forced into a desperate fight with him. Who could bear that?

Forget it, forget it. 1'11 put up with the Xu family for a few years. After that old fart of the Xu family dies, 1'11 take over the Xu family's share.

In any case, there were still quite a lot of these mineral veins. The five great clans had only mined half of them for hundreds of years.

He could still afford to wait for more than ten years.

Chu Zhaotian laughed and said, "Alright, since Ancestor Xu is begging, then my Chu Clan will give you face."

"My Chu Clan doesn't agree to splitting the Xu Clan's shares. As for the remaining two, I'm afraid you'll have to personally talk to them."

"You don't have to worry about this. I will handle it myself." Old Ancestor Xu said.

"Yes, my Chu Clan agrees." Chu Zhaotian nodded.

Old Ancestor Xu smiled in satisfaction and continued, "As for the Song family's share, logically speaking, it should belong to the Chen family. The Chu family doesn't have any objections, right?"

"This..."

Chu Zhaotian was a little hesitant. It would be a lie to say that he had no objections. After all, who would want to spit out the meat that was in their mouths?

"Why? Is there a problem?" Old Ancestor Xu looked at Chu Zhaotian.

When Chu Zhaotian heard this, he braced himself and said, "Of course there is a problem. I can give face to Old Ancestor Xu and not encroach on the Xu family's share."

"As for the matters of the Song family, it's best if Ancestor Xu doesn't interfere."

"After all, compared to the Song family's share, invading the Xu family is nothing. However, if they were to give up the Song family's share, the three aristocratic families would probably not be willing."

"I'm afraid I can't give this face to Old Ancestor Xu."

Hearing Chu Zhaotian's words, Old Ancestor Xu was immediately furious. However, just as he was about to say something, he saw Chen Yang stand up and walk in front of Chu Zhaotian.

Seeing this, Old Ancestor Xu remained silent, planning to see how Yang Chen would deal with it.

"Chen Yang greets Venerable Ning Dan." Arriving beside Chu Zhaotian, Chen Yang cupped his hands and bowed.

Chu Zhaotian quickly helped Chen Yang up. "You must be Chen Yang. There's no need to be so polite." "I wonder if the Chen clan leader has any brilliant ideas?"

"I don't dare to be so wise." Yang Chen smiled, "I just have some humble opinions. Please give me some suggestions, Ancestor Chu."

"Please speak, Chen Clan Leader."

"Since that's the case, then I'll say it for the time being.

Zuo Ling and You Ling had always been in cahoots with each other. However, could the Chu Clan withstand the pressure from the two clans?"

“If the Chu Clan agrees to give the Song Clan’s share to the Chen Clan, then the Chen, Xu, and Chu Clans will form an alliance. At that time, it won’t be the other two clans that will take over the Chu Clan’s share, but us.”Yang Chen smiled.

Chu Zhaotian thought for a moment and smiled.””What the Chen Clan Leader said is true, but why didn’t I form an alliance with those two clans? Why did I form an alliance with the exhausted Xu Clan and the Rank-9 Chen Clan?”

“Because it’s easy to add flowers to the flowers, but it’s difficult to send charcoal in the snow. With the current situation of those two clans, wouldn’t the Chu Clan feel that it was a little too much to curry favor with them by forming an alliance?”

“Even if others don’t say it, won’t the other two think the same?”Yang Chen smiled at Chu Zhaotian.

Hearing Yang Chen’s words, Chu Zhaotian was tempted.

If he were in his shoes, Chu Zhaotian wouldn’t care about this kind of family fawning over him.

“But with just Ancestor Xu and me, I’m afraid we can’t make those two bow their heads.

After all, if a conflict broke out, he might be able to stall Yi Ningdan.

However, in Patriarch Xu’s current state, if he didn’t fight with his life, it would probably be very difficult for him to hold back the other Exalted Core Formation cultivator.”Chu Zhaotian sighed.

Chu Zhaotian’s words were true, and even Old Ancestor Xu tacitly agreed.

Now, it was time to see if the Chen family could bring out experts to help Ancestor Xu fight against another Core Formation cultivator.

Seeing this, Yang Chen released the puppet.

Following Yang Chen's order, the puppet took a step forward and emitted the aura of an early stage Core Formation cultivator.

"This... This was a Core Formation realm puppet! It's equivalent to a grade six spirit weapon!" Chu Zhaotian was shocked.

Old Ancestor Xu and Xu Yingli were also stunned on the spot. They had thought that the Chen family might have hidden a Core Formation realm combat strength. After all, with the support of the Deshun Commandery Prince, it would not be a problem for them to send a Core Formation realm cultivator.

However, no one would have thought that the hidden Core Formation realm combat strength of the Chen family was actually a puppet!

Even Chen Yang's master, the number one person in the Great Qian Purple Mansion, the Deshun Commandery Prince, might not have a puppet.

"Ancestor Chu, can you stop a Core Formation cultivator?" Yang Chen smiled at Chu Zhaotian.

Chu Zhaotian woke up from his shock and looked at Chen Yang with a complicated expression.. He then smiled and said,"With the help of this puppet, we can accomplish great things!"

Chapter 134: The Five Clans Agreed, and the Split of the Clan War

The Hidden Dragon Ridge was the name of a mountain range in the Jiang Province of the Great Qian Dynasty.

Legend had it that a red dragon stopped here, hence the name of the Hidden Dragon Ridge. It was also famous in Da Qian.

Although the Red Dragon was the weakest dragon among the True Dragons, it was still above the Demon Emperor.

With the strength of one beast, it was not a problem for him to fight against the entire Da Qian.

This True Dragon was no different from the Eastern Dragon in Chen Yang's previous life.

As for the Western Dragons from his previous life, there were similar ones in this world, known as the Pseudo Dragons.

Legend had it that the True Dragon Tribe and the Pseudo Dragon Tribe were of the same origin. They were both descendants of the Dragon Ancestor. As for the Dragon Ancestor, he was the first dragon born in the world.

This was an existence on the same level as the Azure Dragon!

As for the Azure Dragon, although it was also called a dragon, it was considered a sacred beast. It was the most top-notch existence among the Heaven and Earth Spirits that condensed the essence of the Heaven and Earth.

Back to the main topic.

The Hidden Dragon Ridge was divided into two counties. The left was Zuoling County, and the right was Youling County.

The eighth rank aristocratic families of these two counties belonged to a ninth rank aristocratic family called the Sun family 400 years ago.

At that time, the ninth-rank aristocratic family had two genius brothers with ninth-rank aptitudes.

What happened next was very cliché. For the position of the family head, the two brothers fell out. His younger brother took his clansmen who supported him and split off, rebuilding the Sun family.

A hundred years later, these two Sun Families would both become eighth-rank aristocratic families.

Coincidentally, the Darksteel Mine was discovered, and the county was divided into two counties. These two families became the rulers of their respective counties.

Now that the conflict between the two families had been resolved, the two families were like one family. When faced with some matters, they would also step forward together.

For example, the share of the dark iron mine.

The Song Clan had been exterminated, and because of these two clans, the three clans had been able to divide the portion of the land that had been left behind.

The matter of suppressing the Xu family and encroaching on the Xu family's share was also jointly decided by these two families.

Zuoling County, Sun family, reception hall.

"What's the matter?" Sun Dianxiu, the head of the Sun family of Zuo Ling, looked at the two elders in front of him with some fear.

"Call Sun Chuanwu out. You're not worthy of talking to the two of us." Chu Zhaotian said rudely.

When Sun Dianxiu heard this, although he was dissatisfied, he still obediently called out the Sun family's Core Formation Patriarch, Sun Chuanwu.

Not long after, Sun Chuanwu arrived.

As soon as he entered, Sun Chuanwu cupped his hands and said with a smile, "I didn't know that the two ancestors would come. I hope you can forgive me."

Chu Zhaotian glanced at Sun Chuanwu and said sarcastically, "Yo, isn't this my Sun Chuanwu? What a busy man. Even when Old Ancestor Xu came, he had to wait for you to finish your work before he could meet you."

“I remember that when Big Brother Mingcheng broke through to the Meridian Opening realm, my father and I protected him.”

“Since big brother Mingcheng has passed away, this friendship will probably go with big brother Mingcheng.”

Hearing Old Ancestor Xu’s words, Sun Chuanwu’s face was filled with embarrassment.

To talk to this old man from the previous era, one had to bow down to him.

Moreover, what Old Ancestor Xu said was true. Old Ancestor Xu and his father had helped the Sun family of Zuo Ling to advance to Rank-8.

Sun Chuanwu immediately cupped his hands and bowed respectfully to Old Ancestor Xu.” Old Ancestor Xu’s kindness is unforgettable.””

Sun Chuanwu had also learned a lesson and deliberately pulled out the Xu and Sun families to shut up the Xu family’s ancestor.

Old Ancestor Xu also understood Sun Wu’s meaning and snorted coldly.” There’s no need. It’s just a friendship of Dao protection. It’s not a big deal. There’s no need to trouble Old Ancestor Sun to remember.””

When Sun Chuanwu saw this, he gritted his teeth.” I know the purpose of Old Ancestor Xu’s visit. Forget it, I’ll give Old Ancestor Xu a promise. We will definitely not encroach on the Xu family’s share.”

“Chengruo? Chengruo is the most worthless.” Chu Zhaotian continued.

“Oh? Does Ancestor Chu mean that he wants me to make a Heaven and Earth Oath?”Sun Chuanwu revealed an unhappy expression. How could the oath of heaven and earth be made so easily?

"I wouldn't dare." Chu Zhaotian cupped his hands at Sun Chuanwu and said, "In my opinion, we should invite the Prefecture Overseer or the Deshun Commandery Prince to be the witness. The five families should just decide on their respective shares."

"Five?" Sun Chuanwu smiled. "Brother Chu, I'm afraid you've forgotten that the Song Clan colluded with the Great Kun and has already been destroyed. How did the five clans come about?"

"The Sun family is destroyed, but isn't there still the Chen family? The Chen family was also a well-known family in Nanyang County, so it was suitable for them to inherit the Sun family's share." Old Ancestor Xu continued.

"Chen family?"

Sun Chuanwu looked at the young man who sat beside the two ancestors without saying a word.

At first, Sun Chuanwu thought that this person was a disciple of the Xu or Chu family. Now, it seemed that this person should be the famous Chen family head of Jiangzhou, Chen Yang.

Thinking of this, Sun Chuanwu cupped his hands at Chen Yang. "You must be the head of the Chen Yang family. You are indeed a talented man."

Seeing this, Chen Yang stood up and bowed. "Greetings, Patriarch Sun Chuanwu."

"Patriarch Chen, there's no need to be so polite. I heard from Brother Chu and Old Ancestor Xu that your Chen family intends to inherit the Sun family's share?" Sun Chuanwu asked.

"That's right. I hope Old Ancestor Sun will agree." Yang Chen smiled.

"I'm afraid my Sun family can't agree to this." Sun Chuanwu shook his head. "Your Chen family and the Sun family are not related. You want to inherit the Sun family's share just because you are in Nanyang County?"

“I’m afraid it doesn’t make sense no matter where we go.”

“So, Old Ancestor Sun is not giving face to the Chen family?” Yang Chen narrowed his eyes as a murderous intent flashed in them..

Chapter 135: The Five Clans Have Agreed on the Split of the Clan War

When Master Sun saw this, he quickly went forward and said, “What are you talking about, Chen Clan Head? My Sun Clan naturally has to give you and Chen Clan face.”

“How about this? Let me discuss this with my ancestor. I’ll definitely give the Chen Clan Lord an answer within an hour.”

“Everyone, please have a taste of my Sun family’s tea here.”

With that, Master Sun pulled Sun Chuanwu to the side hall.

After arriving at the side hall, Sun Chuanwu broke free from the Sun family head’s hand and said with an unfriendly expression, “He, Chen Yang, has only taken Deshun Commandery Prince as his master. What’s so great about him?” “The Song family’s share has nothing to do with the Chen family. Why should the Chen family inherit the Song family’s share? Just because he was the disciple of Deshun Commandery Prince?”

“Even if it’s De Shun, you should be reasonable.”

“Elder Ancestor, you might not know this, but the destruction of the Song Family is related to the Chen Family.” Patriarch Sun smiled bitterly.

“Oh? Wasn’t the Song Family colluding with Da Kun? What did this have to do with the Chen Family?” Sun Chuanwu asked.

“Ancestor, why is the Song Clan colluding with Great Kun? Isn’t it because the Chen Clan doesn’t want to sell him food?”

“Now that we are still in famine, whether our Sun family can continue depends on the Chen family’s food.

If we don’t give face to the Chen family now, even if the Chen family doesn’t give us any food, we can’t take it.”

“Moreover, the power of the Chen Clan is not limited to this. Let’s not talk about anything else. Just the first transaction between the Song Clan and the Great Kun was blocked by the Chen Clan and the Deshun Commandery Prince.” “If there’s no connection between them, who would believe it?”

“If we go against this person, our Sun family might be killed by him at any time.” Master Sun said worriedly.

When Sun Chuanwu heard this, he was silent for a moment before saying, “Alright, then we’ll give some to the Chen family.”

“That’s good.” Master Sun smiled and nodded.

Immediately, the two of them returned to the reception hall.

After arriving at the reception hall, Master Sun smiled and said, “I’ve discussed it with my ancestor. I think what Ancestor Chu said is true. The Chen family should get some share.”

“How about this, the Song family’s share will be divided into five parts. The Chen family will take two shares, and the remaining one will be divided among the three of us.”

“As for the Xu family, Old Ancestor Xu, don’t blame me for being rude.

It was already not easy for the Xu family to keep their current share. As for the Song family’s share, they probably could not give it to the Xu family.”

After Master Sun finished his distribution plan, he smiled and looked at Chen Yang, "Master Chen, I wonder if you're satisfied with my distribution method?" "Master Sun might not understand the meaning of this inheritance. The so-called inheritance is to keep even a single spirit stone." Yang Chen said.

When Master Sun heard this, he took a deep breath and slowly said, "If that's what the Chen Clan Master says, please forgive me for not agreeing."

"Oh?" Yang Chen narrowed his eyes and looked at Family Head Sun. "Family Head Sun, I'm asking a question. Why can't the Sun Family agree?"

"Since the Chen Clan Leader has asked for the status of a block, then please forgive this one for being rude. The Chen family's business is very big, but they are still a ninth-rank aristocratic family, so..."

"So my Chen family is not worthy, right?" Yang Chen smiled.

When Master Sun saw this, he mustered his courage and said, "That's not what I meant, but the Chen family's strength is indeed a little lacking."

"Let's not talk about anything else. Once something happens to the dark iron mine, does the Chen family have the strength to protect their own property?" "You can't ask us to help every time something happens, right?"

Master Sun was already very polite and realistic.

If not for the fact that the Chen family was indeed different from ordinary ninth-rank aristocratic families, Master Sun would probably not have said anything more.

Yang Chen nodded. "I understand what you mean."

Then can I understand it this way? If my Chen family has enough power, can I inherit the Song family's share?"

“That’s right.” Patriarch Sun said, “If the Chen Clan can produce a Zifu Disciple, it won’t be a problem for them to take over this Darksteel mine.”

“Understood.”

Yang Chen stood up and released the puppet from his storage pouch.

The moment the puppet appeared in the hall, it released a terrifying aura of the early Core Formation stage.

Faced with this aura, Sun Chuanwu hurriedly released his aura to stop it. At the same time, he said with a shocked expression, “Puppet!”

Family Head Sun and Sun Chuanwu had the same shocked expression, and they could not even speak.

A puppet? How could this thing appear in Jiang Prefecture? Even if it appeared in the capital, it would be enough to cause a sensation.

Yang Chen didn’t care about how surprised and surprised the two were. Instead, he smiled and patted the puppet’s shoulder.” In this case, does my Chen family have the ability to inherit the Song family’s share?”

When Sun Chuanwu heard this, he put away the shock on his face.”Yes, but only 80%.“”

“Don’t be anxious, Chen Clan Leader. Listen to my explanation. This is most likely because the Chen Clan has Core Formation battle prowess, so they gave it to the Chen Clan.”

“Core Formation experts usually have a deterrent effect. The ones who really guard the Darksteel Mine are the Meridian Opening experts.”

“The number of meridians opened by the Chen family is not enough, so they naturally have to take a smaller share.”

“Of course, if the Chen family doesn’t agree to my distribution, we can also follow the ancient system and carry out a clan battle to distribute the spots.”Sun Chuanwu said with a smile.

When Chu Zhao tian saw this, he quickly pulled Chen Yang and whispered,””Chen Clan Leader, no matter what, you can’t agree to the clan war.”

“Once the clan war begins, both sides will be competing with the core combat strength. The Chen family is the weakest in this aspect.”

Yang Chen listened to Chu Zhaotian’s words and gave him a reassuring look. He then smiled and said,””Alright, let’s fight.”

Sun Chuanwu heard this and quickly smiled,”Chen Clan Leader is straightforward. What about the time and place?””

“The time is set to be a month later, and the location is set to be Yi City. My master and the Prefecture Overseer are witnesses!”

“Deal!”

Outside Sun City, Chu Zhaotian grumbled,””Lord Chen, you are too impulsive. Your Chen Clan has no chance of winning this clan war.”

The so-called clan war was a method of distribution set by the aristocratic families in ancient times to fight for something without hurting the family.

According to the ancient system, the eight families would send out three people to open their meridians to fight in the arena. The final victory would be determined according to the final victory.

The Chen Clan’s foundation was still shallow, and whether they could take out three Meridian Opening Supremacies was still a problem.

And external help was not allowed, so Chu Zhaotian had a look of resentment on his face.

Yang Chen knew that Chu Zhaotian was concerned about him, so he didn't blame him. Instead, he smiled and said, "Ancestor Chu, don't worry. Since we've agreed to the clan war, we naturally have the confidence to win."

Seeing how confident Yang Chen was, Chu Zhaotian sighed, "Forget it, things have come to this. I don't want to say anything more. Whether you win or lose, it's up to you."

"My Chu Family can only guarantee that your Chen Family will get a small share in the end, but it will definitely not be as much as the Sun Family proposed."

The news that the five great clans were going to have a clan war quickly spread throughout Jiang Prefecture.

Countless people gathered in Yi City, intending to witness this grand scene.

In the Chen family's meeting hall, Chen Xuan looked at Chen Yang. "Family head, has the family head decided on the candidate for the family war?"

"Is there a need to confirm?" "You, me, and Chen Ying." Yang Chen smiled. "Patriarch is in a good mood." "Can we win against an old eighth-rank family?" Chen Xuan smiled bitterly.

"There's no need for Great Elder to worry. Chen Ying will definitely win. Who else can defeat an assassin at the peak of Meridian Unsealing besides Core Formation?"

"As for the two of us, let's leave it to fate. We've already won one round anyway, so we have a guaranteed share." Yang Chen smiled.

Hearing Chen Yang's words, Chen Xuan felt a little relieved. He was definitely defeated, but Chen Yang might not be.

With a winged tiger, Yang Chen might be able to win.

After all, beastmasters' beasts were allowed to participate in the clan battle.

Time passed in a flash, and in the blink of an eye, it was time for the clan battle.

Before this, Chen Yang had brought Chen Xuan and Chen Ying to Yi City in advance. They found an inn to stay in and waited for the clan battle to begin.

On the day of the clan battle, the three of them came out of the inn and headed straight for the clan battle arena.

At the same time, An Ning's Xu family, Jiangyou's Chu family, Zuo Ling's Sun family, and You Ling's Sun family headed to the clan battle venue under the lead of their respective ancestors.

A clan war for the Darksteel Mine had just begun!

Chapter 136: The Beginning of the Clan War

Yi City Martial Arts Practice.

As Yi City's largest Martial Arts Practice Grounds, it was naturally the place that would take on the responsibility of this clan battle.

Ever since the Yi City Martial Arts Practice Field was established, it was a profitable arena that used martial artists' duels as a selling point.

There were close to 100,000 seats around the martial arts arena, which was also a chance for the people of Jiang Prefecture who were here to watch the clan battle.

In the martial arts practice field, the five great clans had arrived early. At this moment, they were resting in the resting area with their eyes closed. They were only waiting for the arrival of Deshun Commandery Prince and Prefecture Overseer to start the clan battle.

About an hour later, the Deshun Commandery Prince and the Prefecture Overseer arrived.

“Greetings to the Deshun Commandery Prince and Prefecture Overseer!”

Everyone in the Martial Arts Practice Field bowed to the Duke of Deshun.

The Duke of Deshun smiled and nodded. His voice, which was mixed with spiritual energy, reached everyone’s ears.

“It’s fortunate that everyone regards this king and the Prefecture Overseer as witnesses of this clan battle.”

“Since you want me to be the witness of this clan battle, then I have to put the ugly words first. If any clan is unhappy after the clan battle and secretly uses other methods, don’t blame me for turning hostile.”

“Alright, I won’t waste any more time. May the Prefecture Overseer explain the rules of the clan war to everyone.”

When the Prefecture Overseer heard this, he stepped forward.” Everyone, the aristocratic families participating in this clan battle are the Chen Family of Nanyang, the Chu Family of Jiangyou, the Xu Family of Aiming, the Sun Family of Zuo Ling, and the Sun Family of You Ling.”

“The goal of the clan war is the share of the dark iron mine.”

“The five great clans have discussed this matter and decided to split the Darksteel mine into a hundred shares. Each clan will have twenty shares at the start.”

“The clan war follows the challenge method. Each clan has a chance to challenge.”

“Each challenge requires three arena battles. After each arena battle, the loser has to pay five shares to the winner.”

“According to the drawing of lots, the Zuo Ling Sun family will challenge first. The remaining challenge order will be the An Ning Xu family, the You Ling Sun family, the Jiang You Chu family, and the Nan Yang Chen family.”

“Aristocratic families can give up on the challenge. There is no punishment for giving up the challenge.”

“In the arena battle, external help is not allowed. If a general is to fight, someone must prove his identity as a general, and only one general can fight.

Other than beastmasters, subdued beasts were not allowed to be used. Puppets were not allowed to be used for spirit weapons.”

“A beastmaster can’t use more than two subdued beasts.”

“In addition, in the arena battle, you are not allowed to use medicinal pills, poison weapons, or kill people. Does anyone have any objections?”

“We don’t have any.” The five clans replied in unison.

Seeing this, the Prefecture Overseer nodded.” Since there are no objections, I hereby announce that the clan battle has officially begun!”

“For the first battle, the Sun family of Zuo Ling will go first. Which family do you want to challenge?”

The Sun Family Head of Zuo Ling’s Sun Family swept his gaze across the crowd and finally stopped at Chen Yang.” Chen Family Head, I’m sorry.””

Yang Chen smiled. "It's okay. Just follow the rules."

Master Sun nodded and looked at the Prefecture Overseer. "Lord Prefecture Overseer, the Sun Family of Zuo Ling challenges the Chen Family of Nanyang." "Alright, please send out your clansmen to fight."

As soon as the Prefecture Overseer finished speaking, the two sides began to discuss who would fight.

At the Sun family's side.

Patriarch Sun looked at Sun Chuanwu. "Old ancestor, who will be sent for the first battle?"

Sun Chuanwu stroked his beard and thought for a moment. Then, he looked at a disciple of the Sun family dressed in blue.

"The Chen family is too strange. They might be hiding something. Let Sun Tianming fight in the first battle."

"This way, even though Sun Tianming is the weakest among the three of you, he is still at the fifth level of Pulse Unsealing."

"If the Chen family doesn't plan to send out their hidden experts, then Sun Tianming has a high chance of winning."

"Secondly, even if the other side sends out hidden experts, our weakest one will be able to deal with the other side's strongest one."

Master Sun nodded and looked at Sun Tianming. "Thirteenth Brother, I'll leave the first battle to you."

Seeing this, Sun Tianming stepped forward and said, "Don't worry, Patriarch. I'll definitely make the first move!"

At the same time, on the Chen family's side, Chen Yang was discussing with Chen Xuan who would fight.

"Patriarch, my suggestion is to let Chen Ying fight. No matter who the other side sends, we should win the first round. Then, when we fight later, the other side's mentality will change." Chen Xuan suggested.

Yang Chen pondered for a moment and realized that this was indeed the case.

Immediately, Chen Yang looked at Chen Ying. "Chen Ying, you're going up in the first round?"

When Chen Ying saw this, he nodded his head. Immediately, he glanced at the Sun family of Zuo Ling and a cruel smile appeared on the corner of his mouth, "Family Head, don't worry. I will definitely win this battle.""

As Chen Ying and Sun Tianming entered the arena, the atmosphere at the scene was pushed to its peak.

"Who do you think will win?"

"Who knows? We have to win."

"Who cares who wins? I only know that we will definitely feast our eyes."

On the arena, Sun Tianming looked at the person dressed as a family guard in front of him. He felt his terrifying aura and was delighted.

As expected, the ancestor's guess was correct. This person should be a hidden expert of the Chen family. Perhaps he was secretly supported by the Deshun Commandery Prince.

With the power under Deshun Commandery Prince's command, their Sun family would not be able to resist any one of them.

Now that he, a low-grade horse, had defeated the opponent's special grade horse, wasn't victory a certainty?

Thinking of this, Sun Tianming looked at Chen Ying proudly.

Chen Ying was stunned. He seemed to be emitting his own aura, but why was this person still so happy? Did he think that he was pretending?

Good heavens, you are the first person who dares to look down on assassins. I will definitely serve you well.

As the Prefecture Overseer announced the start of the battle, Chen Ying's figure suddenly disappeared. Before Sun Tianming could react, he suddenly appeared behind Sun Tianming.

Then, Chen Ying threw a punch.

Puff!

Sun Tianming felt a sweetness in his mouth, and he spat out a mouthful of blood. His entire body flew out like a bird with broken wings, and he fell heavily on the ground.

Chen Ying followed him and came in front of Sun Tianming. He said condescendingly, "Are you still looking down on me now?"

Sun Tianming was stunned. When did I look down on you?

Forget it. If he lost, whatever he said would be wrong. He could say whatever he wanted.

"The Chen Clan wins this battle!"

Looking at Sun Tianming's expression, the Prefecture Overseer knew that he couldn't fight anymore. He immediately announced the final result.

"Oh my god, did I sense it wrong? That's a martial artist at the peak of Meridian Unsealing."

"The Chen Clan has hidden themselves so deeply that they actually have an expert at the peak of Pulse Unsealing."

"After all, Chen Yang is the disciple of the Deshun Commandery Prince. The Chen Clan is fighting, and the Deshun Commandery Prince has to support the Chen Clan as much as possible under the rules."

"That's true. However, the Chen family won't be having a good time next. Even if they win this round, there are still two more. Could the Chen family win one of these two matches?"

Sun Chuanwu patted Sun Tianming's shoulder." Not bad. You were able to force out the Chen family's hidden strength. You didn't lose out this time.""

"Next, it's up to your two brothers to help you seize the Chen family's share!"

Chapter 137: The Heaven's Favorite Chen Yang, Indeed, His Reputation Is Well-deserved

"Patriarch, who will be sent out next?" Chen Xuan asked.

Yang Chen looked at the Sun family of Zuo Ling and said,""The Sun family has just lost. They will definitely send their strongest in the next round to stabilize the situation."

"In that case, First Elder, you go."

Yang Chen knew how to pick a pair.

Chen Xuan also knew what Chen Yang meant by this and immediately nodded." Alright, I'll go next.""

“Grand Elder, don’t fight. Go up and admit defeat.”

“I understand.”

Sun family of Zuo Ling.

Sun Chuanwu looked at Master Sun.” Tianke, you take over. Let’s stabilize the situation first.””

“Me first?” Family Head Sun nodded.” Alright, I’ll take a victory first to stabilize the situation.”

The two sides immediately stepped forward and bowed to each other before waiting for the Prefecture Overseer to announce the start.

“The Sun family of Zuo Ling versus the Chen family of Nan Yang, the battle begins!”

Following the Prefecture Overseer’s order, Chen Xuan quickly said,”I admit defeat.””

Chen Xuan conceding so easily stunned Sun Tianke. Then, Sun Tianke reacted. The Chen family had the same plan as the Sun family.

However, Sun Tianke didn’t understand. Was the Chen family sure that they would win the next round?

No matter what, the Sun family won this round. The two sides were temporarily tied, so there was no need to worry. They were only waiting for the final battle.

In the Sun family of Zuo Ling, Sun Chuanwu patted the shoulder of the remaining person.” Tianzhao, I’ll be depending on you from now on.””

“Don’t worry, Patriarch. Tianzhao will definitely win!”

Now, only Yang Chen was left on the Chen Family's side. Sun Tianzhao was confident that he would win against this young man.

If he couldn't even defeat a grandchild, what was the point of cultivating and cultivating martial arts?

On the Chen family's side, Chen Xuan looked at Chen Yang with some worry." Master, you must be careful. At most, we will lose these five shares.""

"Don't worry, Great Elder," Yang Chen comforted,"! won't joke around with my life.""

Immediately, Yang Chen jumped onto the arena and prepared for battle.

On the other side, Sun Tianzhao also jumped onto the stage and cupped his hands at Chen Yang." I've long heard of the famous Chen Clan Leader, but unfortunately, I haven't seen him.""

"Now that I've seen it, I know that there's no false reputation."

"Senior, you flatter me. Chen Yang hopes that Senior will give way to him in this clan war."Yang Chen cupped his hands and smiled.

After exchanging a few pleasantries, the two of them waited for the battle to begin.

"The third battle between the Sun family of Zuo Ling and the Chen family of Nan Yang begins!"

Following the Prefecture Overseer's order, Chen Yang leaped back and pulled away from Sun Tianzhao.

At the same time, his right hand touched the beast pouch and released the Winged Tiger and the Light Plucking Eagle.

"Roar!"

As soon as the Winged Tiger was released, it immediately let out a furious roar. The aura of a late-stage Demon General swept out, causing the entire martial arts practice field to be stunned.

“Late Demon General! Chen Yang actually had a late-stage Demon General subdued beast!”

“I originally thought that the Sun Family would definitely win if they sent this person. After all, this person is an expert at the seventh level of Pulse Unsealing, and he can even become the head of an eighth-rank aristocratic family.

He didn’t expect the Chen Family to be so secretive. The Chen Family of Nanyang was indeed different from the other ninth-rank families.”

“You’re so ignorant. Chen Yang has a late-stage Demon General subdued beast. This news has long spread. Look at the Sun family’s faces.”

Just like what he said, the Sun family had long known that Chen Yang had a late-stage Demon General subdued beast.

After all, the Winged Tiger had appeared in front of everyone more than once. As long as the Sun family wasn’t blind, they would definitely find out.

Yang Chen’s strength had always been a mystery.

After all, the number of times Yang Chen had attacked could be counted on one hand, and no one could judge what realm he was in.

On the arena, Sun Tianzhao glanced at Chen Yang, who was behind the Winged Tiger. He adjusted his spiritual energy and prepared to deal with the Winged Tiger first.

As long as the Winged Tiger was not destroyed, he would not be able to attack Yang Chen.

As for the Winged Tiger, Sun Tianzhao was confident that he could deal with it. After all, he had been in the seventh layer of Meridian Unsealing for many years. Naturally, he was not comparable to ordinary seventh layer Meridian Unsealing beasts or demon beasts that had just entered the late stage of Demon General.

The only ones he was worried about were Flashing Light Eagle and Yang Chen.

If Yang Chen and the Light Plucking Eagle were to assist the Winged Tiger, Sun Tianzhao wasn't sure if he could take down the Winged Tiger.

"Forget it. At most, I'll take down the winged tiger at the risk of being injured.

In any case, the flying demonic beast and Yang Chen weren't strong, so it wouldn't be a problem for them to take a few hits."

After thinking about it for a while, Sun Tianzhao made up his mind. He immediately dashed out, ignoring his back and fighting the winged tiger with all his might.

Seeing the door behind Sun Tianzhao open, Chen Yang didn't hold back and jumped onto the back of the Light Plucking Eagle. He then commanded the Light Plucking Eagle to rush behind Sun Tianzhao.

Sun Tianzhao was naturally aware of Chen Yang's plan, but he still didn't care. He mobilized the pure and vigorous spiritual energy within his dantian, and the grade eight spirit weapon spirit sword in his hand flickered with a cold light.

"Rain Transformation Sword!"

As Sun Tianzhao shouted, the Spiritual Sword in his hand shot out beams of Sword Qi. These beams of Sword Qi were like raindrops that bombarded the Winged Tiger.

"This is a rank 8 martial art, Rain Transformation Sword. If Sun Tianzhao uses it, it will be even more powerful. He just didn't know if Chen Yang's subdued beast could withstand it."The Prefecture Overseer smiled.

The Deshun Prince looked at the Prefecture Overseer." Do you think Yang Chen's familiars can't block the monsters?"

"I can't block it."

"Then let's continue watching."

On the arena.

The Winged Tiger let out a pained roar as it was struck by the rain of sword Qi. It then swung its claws at Sun Tianzhao..

Chapter 138: The Heaven's Favorite Chen Yang, Indeed, His Reputation Is Well-deserved

Seeing this, Sun Tianzhao held his spiritual sword horizontally and circulated his spiritual energy to block the Winged Tiger's tiger claw.

Chen Yang, who had already rushed behind Sun Tianzhao, narrowed his eyes when he saw this." Good fellow, you really look down on me.""

Immediately, Yang Chen transferred the Spiritual Qi in his Dantian to his right fist and used the Sun Opening Fist, punching his back.

Sun Tianzhao's expression changed when he felt the heart-urging force behind him.

This...

How could Yang Chen be so powerful?

How old was he? How could he have reached the third level of Pulse Unsealing!

A bloodline that was equivalent to a sixth-grade talent was actually so powerful!

Yang Chen didn't know what Sun Tianzhao was thinking, nor did he want to know. When he saw that his first attack had succeeded, he immediately launched his second punch.

At the same time, the Light Flashing Eagle's attack also arrived. Yu Yang's second Sun Opening Fist struck Sun Tianzhao's back.

"Puff!"

Sun Tianzhao was already feeling extremely uncomfortable, and after being attacked by Yang Chen, he couldn't take it anymore and spat out a mouthful of blood.

The spiritual sword in his hand could not help but tremble, no longer able to resist the sharp claws of the winged tiger.

Thrust!

The tiger claw swung down, starting from Sun Tianzhao's left shoulder and extending all the way to his right hip. Three shocking wounds appeared.

Sun Tianzhao knew that he had underestimated Yang Chen's winged tiger.

However, it was impossible for him to admit defeat.

Immediately, Sun Tianzhao made up his mind and used the Rain Sword again, disregarding his injuries.

At this moment, Sun Chuanwu jumped onto the arena and stopped Sun Tianzhao. At the same time, he said to the Prefecture Overseer, "In this battle, my Sun family admits defeat."

“Ancestor, I...”

Sun Tianzhao wanted to say something but was stopped by Sun Chuanwu.” Zhao ‘er, you’re already injured. You can’t fight anymore.””

Without waiting for Sun Tianzhao to say anything, Sun Chuanwu brought him back to the resting area.

“In this battle, the Chen family of Nanyang won and took 50% of the shares of the Sun family of Zuo Ling.” Seeing Sun Chuanwu admit defeat, the Prefecture Overseer announced the result of the battle.

“The Chen family actually won.”

“Five shares is equivalent to 2,500 spirit stones a year. The Sun family lost just like that.”

In the audience, nearly 100,000 people clicked their tongues and sighed.

In this battle, the Song family paid 2,500 spirit stones a year. These spirit stones could completely cultivate two ninth-rank families.

Sun family of Zuo Ling.

Sun Tianzhao had a look of remorse on his face.” Ancestor, it’s my fault for this battle. I dragged down the Sun family.”

“This is not your fault.” Sun Chuanwu waved his hand.” I underestimated Chen Yang. Who would have thought that not only did he have a late-stage Demon General subdued beast, but his strength had also reached the third level of Pulse Unsealing.”

“With such strength, you can totally compare to the Patriarch of an Eighth-rank Aristocratic Family.”

At this point, Sun Chuanwu looked at the handsome figure from the Chen family and praised, "Chosen Chen Yang, you live up to your reputation."

"If my Sun family has such a son, Rank-7 is just around the corner."

The battle between the two families came to an end for the time being. Next was the Aiming Xu family.

The Prefecture Overseer looked at the Xu Family Patriarch. "Patriarch Xu, who is your Xu Family challenging?"

The ancestor of the Xu family looked at the Sun family of Zuo Ling and said, "My Xu family wants to challenge the Sun family of Zuo Ling."

The Sun family's second strongest fighter was injured, so the Xu family naturally had to seize this opportunity.

Sun Chuanwu's expression was a little ugly, but he did not say anything. When Sun Tianzhao was injured and defeated, Sun Chuanwu knew that the Xu family would definitely challenge him.

At this moment, the ancestor of the Sun family of the Right Ridge, Sun Chuanwen, found Sun Chuanwu. "Brother Chuanwu, my Sun family will lend you one person to deal with the Xu family. How about it?"

According to the rules, every family had to send a foreign aid or family general. Sun Chuanwen had this plan, which was why he found Sun Chuanwu.

When Sun Chuanwu heard this, he looked at the Xu family's ancestor and cupped his hands. "Brother Chuanwen, if you lend me your expert, then the Xu Clan can also borrow the peak Meridian Unsealing expert from the Chen Clan."

"Could it be that Brother Chuanwen's expert can block that peak Meridian Unsealing expert?"

“Why don’t my Zuo Ling Sun family fight with all our strength and drag down the Xu family? At that time, you guys will strive to win all three battles.”

Sun Chuanwen nodded and immediately said, “Alright, our two families are originally one family. When the time comes, our two families will split the shares equally.”

Seeing that Sun Chuanwen had agreed, Sun Chuanwu went to the Xu family and cupped his hands at Old Ancestor Xu with a smile. “Progenitor Xu, let’s use our families in this battle.”

“If we rely on external help to win, we won’t be at ease even if we get a share.”

Old Ancestor Xu glanced at Old Ancestor Sun and snorted coldly. “I know what your Sun family wants to do. You want to smooth out the path for the Sun family of the Right Ridge.”

“Fine, since you won’t look for external help, my Xu Clan won’t either.”

When Sun Chuanwu saw this, he bowed. “If that’s the case, Chuanwu will take his leave.”

After Sun Chuanwu left, Xu Yingli, the head of the Xu family, asked curiously, “Ancestor, why don’t we borrow people from the Chen family?”

Based on the strength of the Chen family’s experts, they would definitely win this match.”

Old Ancestor Xu patted Xu Yingli’s shoulder. “Do you think that you can borrow people for free? We and the Chen family are brothers.”

“It’s a little too much to call them in-laws. If that’s the case, why would the Chen family lend their experts to us for no reason?”

“However, if the Sun clan fights to the death with us, won’t our Xu clan’s share...” Xu Yingli was a little hesitant.

Seeing this, Old Ancestor Xu smiled and said, "If the Sun family of Zuo Ling can do this, my Xu family can also help the Chu and Chen families to pave the way."

"When the time comes, it won't be us giving them a share, but they giving us a share."

"Then would the Chu Clan be willing?" Xu Yingli frowned. He spat out the meat in his mouth. Xu Yingli was not that generous, but how could the Chu family be so generous?

When Ancestor Xu saw this, he turned to the Chu family, the Chu family turned to the Chu family, the Chu family turned to the Chu family, and the Chu family turned to the Chu family."

Old Ancestor Xu went to the Chu Clan and told Chu Zhaotian about his plan.

When Chu Zhaotian heard this, he said to Old Ancestor Xu, "Ancestor Xu, don't worry. The Chu, Xu, and Chen Families have already formed an alliance."

"This time, the Xu clan has helped the Chu and Chen clans clear the way. Our two clans will definitely not let the Xu clan bear the losses alone."

Next, the two sides fought. Although the Sun family fought with all their might, they still lost two rounds. Only the Sun family head won by a narrow margin.

Although the Xu family won and obtained 50% of the Sun family's shares, it was also a miserable victory. They almost had no strength to fight anymore.

After that, the Sun family of Youling challenged the Xu family and won all three battles, occupying 15% of the Xu family's shares.

Although the Xu family was defeated, the Sun family of the Right Ridge also suffered a lot. The three of them were more or less injured.

Next was the Chu Clan's challenge.

Before the challenge, Chu Zhaotian looked for Chen Yang," Chen Clan Leader, who should my Chu Clan challenge next?"

"The Sun family of Zuo Ling." Yang Chen said.

"Sun family of Zuo Ling? That was good too, Zuo Ling Sun family had already lost a lot of strength to help You Ling Sun family remove the obstacles. Although the Sun family of the Right Ridge was also injured, they still had the strength to fight."

"Moreover, if my Chu Clan challenges the Sun Clan of Zuo Ling, then the Sun Clan of Zuo Ling will have no power to resist. At that time, if the Chen Clan challenges the Sun Clan again, they might even be able to occupy a large portion of the shares."Chu Zhaotian said.

Then, Chu Zhaotian left.

Looking at Chu Zhaotian's departing figure, a trace of worry appeared on Yang Chen's face.

When Chen Xuan saw this, he asked in puzzlement,"Master, our Chen family has obtained a great profit this time. Why are you worried?"

"I'm thinking whether my Chen family should take this benefit."Yang Chen said.

"If there are benefits, why not take them? It's always good to have more benefits." Chen Xuan said with a smile.

"It's good to have more benefits, but First Elder, don't you think that our Chen Family has been in the limelight recently?"

"I'm sure that both Sect Leader Wang Hu and Vice Sect Leader Wang Xiao will cast their gazes here."

"No matter how fiercely the two of them fight, they don't want to see a rapidly rising Chen family."

“You have to know that drinking poison to quench thirst can be tolerated, but if you burn yourself in fire, those two brothers will work together to put out the fire.”

“The cultivation technique that my Chen family cultivates comes from the Beast Tamer Sect.”

“With the current speed of the Chen family’s rise, it’s no longer easy to ask for the next cultivation technique. If it’s any faster, it’s even more impossible to give it to them.” Chen Yang looked in the direction of the Beast Tamer Sect with a deep gaze.

After Chen Xuan heard Chen Yang’s words, he patted Chen Yang’s shoulder. “Family head, don’t worry. Even if the Beast Tamer Sect has already noticed us, it’s not a big deal to have a few thousand spirit stones.”

“At most, we can just lay low and continue to strengthen ourselves in secret. Anyway, with the mineral veins and the spirit stones from selling grain, our Chen family doesn’t lack cultivation resources..”

Chapter 139: Nearly Ten Years

“I announce that the Chen family of Nanyang challenges the Sun family of Zuo Ling. The Chen family wins! A total of five shares of the Sun family of Zuo Ling were obtained.”

After the Prefecture Overseer announced the final result, the curtains finally fell on the battle.

Although the Sun family of Zuo Ling was not weak, the successive battles had already made the Sun family unable to resist, and they had lost fifteen shares to the Chu family.

On the Chen family’s side, other than Chen Xuan’s defeat, Chen Yang and Chen Ying both won easily.

In this battle, the Chen, Xu, and Chu families had lost 15 shares and won 25 shares. In total, they had earned 10 shares from the Sun family.

These ten shares were equivalent to 5,000 spiritual stones per year.

Even if the Sun family of the two counties were to bear the burden together, each family would lose 2,500 spirit stones every year.

After learning of this result, Sun Chuanwu felt as if he had eaten a fly. If he had known earlier, he would have agreed to let the Chen family inherit the Song family's share.

This was great. Not only did the Song family lose their share, but even their own share had been reduced by so much.

It was 2,500 spirit stones. It would be a lie if he didn't say that his heart ached. However, no matter how much his heart ached, Sun Chuanwu could only grit his teeth and swallow it down.

The Chen Clan decided to divide the 5,000 Spiritual Stones into three portions.

The Xu Clan would receive 1,000 Spiritual Stones each year, while the Chen Clan and the Chu Clan would receive 2,000 Spiritual Stones each year.

This result satisfied all three parties.

The Xu family had originally planned to keep their share, so they were naturally happy to receive an additional 1,000 spirit stones every year.

As for the Chu Clan, although they had lost 1,500 spirit stones compared to the Song Clan's share, they still had a good relationship with the Chen Clan.

Chu Zhaotian felt that spending 1,500 spiritual stones a year to build a good relationship with this family with unlimited potential was worth it.

Moreover, the lost spirit stones were not his to begin with, so he could not be said to be very reluctant.

In short, this was a distribution plan that the three families thought they had profited from.

As for who would pay, that was not clear...

"I've lost a lot!"

Looking at the Chen, Chu, and Xu families chatting happily, Sun Chuanwu felt very uncomfortable.

Immediately, he didn't care about congratulating the other party. He brought the Sun family members and hurriedly left Yi City's martial arts practice field.

After the clan war ended, Chen Yang had a chat with Deshun Commandery Prince before returning to the Chen family with the Chen family.

After arriving at the Chen Family, Chen Yang asked the Great Elder to take charge of the Darksteel Mine to ensure the Chen Family's interests in the Darksteel Mine.

As for the Chen family, Chen Yang would be in charge of the Chen family to ensure the stable development of Chen City.

After ten years of this.

The 3532nd year of the Da Qian calendar was nothing compared to the 3000 years of rule of the Da Qian Empire.

But for the Chen family and Yang Chen, this year was a bit special.

The Dao Integration Pearl, which had helped the Chen family defeat the Gongsun family, had finally accumulated 4,015 points of energy after 11 years of accumulation.

With these 4,000 points of energy, Yang Chen could push the Winged Tiger, who was in the late stage of the Demon General Realm, to the Demon Venerable Realm!

It was just that he was at a slight disadvantage.

After more than ten years of cultivation, the Winged Tiger's current realm had already reached the peak of Demon General.

In terms of the human realm, it was about the ninth level of Meridian Unsealing.

To be honest, in just ten years, the Winged Tiger could reach the peak of the Demon General. This cultivation speed surprised Yang Chen.

After all, the Winged Tiger's bloodline was only a Demon Venerable, and its talent was limited.

The Light Flashing Eagle, which also had the bloodline of a Demon Venerable, was still at the peak of the early-stage Demon General.

The cultivation speed in the early stages was much faster than the later stages. The Flashing Light Eagle had yet to break through to the intermediate stage of the demon general.

From this, it could be seen that the Winged Tiger's cultivation speed was very fast.

The energy required for a Winged Tiger at the peak of Demon General to break through to the Demon Venerable realm was no different from the energy required for a Demon General at the late stage to break through to the Demon Venerable realm. How could it not be a loss?

However, Chen Yang still decided to push the winged tiger to the Demon Venerable first.

Firstly, the Winged Tiger had made great contributions to the Chen family. No matter what, he had to give a reward.

Secondly, after the Winged Tiger broke through to the Demon Venerable realm, the Dao Integration Pearl would accumulate energy faster, which would also be beneficial for the future.

In Yang Chen's courtyard.

Looking at the shiny and fat winged tiger, Yang Chen smiled and said, "Good fellow, you've been living a good life for the past ten years."

"Usually, when you sit at the pass and shout a few times, a large group of people will rush up to give you demon beast meat to eat. Aren't you afraid that you can't fly?"

When the winged tiger heard this, it flapped its wings, indicating that it could still fly.

"Alright, alright. You don't have to prove to me that you can fly. Anyway, after you advance to the Demon Venerable realm, these fats will naturally fall off."

Then, Yang Chen opened his right hand and the Dao Integration Pearl appeared.

The Winged Tiger's eyes widened as it looked at the glowing pearl. It knew that this pearl was the one that allowed it to break through from a Tier 1 demonic beast to a Demon General.

Could it be that Master was going to...

For a moment, tiger saliva could not stop flowing from the corner of the winged tiger's mouth.

"Alright, alright, stop drooling. No matter what, you're still the guardian demon beast of my Chen family. You have to have the style you should have."

"Dao Integration Pearl, increase the Winged Tiger's cultivation level."

As soon as he finished speaking, the Dao Integration Pearl flashed with a dazzling golden light. Accompanied by the golden light, a sacred and supreme energy intertwined with the golden light and infused into the Winged Tiger.

“Roar!”

The winged tiger let out a low growl, and its entire body trembled in pain.

Yes, this was the feeling. This was the feeling of becoming stronger!

As the energy poured in, the Winged Tiger’s strength rapidly increased. Not long after, it was only a step away from the Demon Venerable..

Chapter 140: Ten Years

The Winged Tiger’s body also continued to expand.

Fifteen minutes later, the Winged Tiger’s transformation was complete.

Apart from its strength reaching the Demon Venerable realm, its body had also expanded a lot. Its body had grown to ten meters long and eight meters tall. Its back was nearly three meters wide, and its wings were 16 meters long when spread out.

With such a body, even if he did not reveal his aura, it was enough to make people tremble in fear.

“Roar!”

After letting out an angry roar, the Winged Tiger could not help but fly into the sky and release its aura without any restraint.

Seeing this, Yang Chen did not stop him.

Yang Chen had planned to wait until the Winged Tiger broke through to the Demon Venerable Realm before advancing to the Eighth Stage.

In this way, there was no need to stop or hide.

As for whether it would arouse suspicion, Yang Chen didn't care. The fact that the Chen family had a secret was already known by everyone. Otherwise, how could the Chen family rise so quickly?

Now there were more lice, no itch, more debts, no worries.

As long as the Chen family's secret was still within an acceptable range, it would not attract the covetous eyes of others.

Moreover, Deshun Commandery Prince was still around, and ordinary people would not dare to reach out to Chen Yang.

Those who could reach this far did not care about the secrets that the Chen family had leaked.

Looking at the flying Winged Tiger, Chen Yang thought to himself, 'Now that the Winged Tiger has reached the Demon Venerable Realm, it's time to buy cultivation techniques from the Beast Tamer Sect.'

After nearly ten years of cultivation, Yang Chen's cultivation had already reached the peak of Meridian Unsealing. Currently, the only thing that could stop Yang Chen from breaking through to the Core Formation realm was his cultivation technique.

To be honest, Yang Chen did not expect his cultivation speed to be so fast.

For others, the further they cultivated, the slower their cultivation speed became.

After all, the amount of spiritual energy accumulated was different, and the aptitude did not change. The speed of cultivation would naturally slow down.

On Yang Chen's side, the further he cultivated, the faster his speed became.

In the end, he only used a year to break through from the eighth level of Meridian Unsealing to the peak of Meridian Unsealing.

No one would believe this.

The only explanation was that with the advancement of his cultivation, a portion of his bloodline had awakened, and his aptitude had naturally increased.

Otherwise, there was no way to explain why Yang Chen's cultivation speed became faster and faster as he cultivated.

With such a mystical power, Chen Yang was naturally more and more curious about the origins of his bloodline.

However, his mother didn't know about it, and his maternal clan was gone. He could only suppress his curiosity and cultivate in peace.

Back to the main topic.

After calling Winged Tiger down, Yang Chen let him continue to guard the pass while he went to the meeting hall to deal with the family affairs.

After the great elder Chen Xuan was transferred to the dark iron mine, Chen Yang had more things to deal with.

Fortunately, the cultivation of the elders in the family had improved. The Fourth Elder and the Sixth Elder had broken through to Pulse Unsealing seven years ago and five years ago respectively. Now, their cultivation had also reached the third level of Pulse Unsealing. They could completely replace the First Elder.

This way, when the Great Elder returned, he could help Yang Chen handle many things.

“Master, Miss Chen Die requests an audience.”

Just as Yang Chen was dealing with the matter, the family came to report that Chen Die wanted to see him.

When Yang Chen heard this, he put down what he was doing and said to the guard, “Let Sixth Sister in.”

Not long after, Chen Die took small steps and entered the meeting hall.

Ten years had passed, and Chen Die was no longer the little girl from before.

Now, he was wearing a purple robe and an ice-blue phoenix hairpin, showing his noble appearance. Coupled with Chen Die’s outstanding appearance, she now had a mature charm and became the target of countless people.

Unfortunately, Chen Die was too focused on pills to talk about love.

Yang Chen didn’t say anything.

He never asked about the marriage of the family members and made all the decisions himself.

After all, Yang Chen himself was single, so he was naturally embarrassed to force others.

The Chen Clan members were naturally very willing to do so. After all, they didn’t want to become tools for the marriage alliance.

As for Yang Chen’s marriage, they did not advise him. After all, the family head was a true dragon. How could ordinary people be worthy of him?

No matter what, she had to be a fairy who had descended to the mortal world to be worthy of her family's head.

Back to the main topic.

When Chen Die came in, Chen Yang smiled and asked, "Sixth Sister, what brings you here?"

"Patriarch, I feel like I can refine the Primary Spirit Pill now." Chen Die said gently.

"It's true!" Yang Chen glared at her, unable to hide the smile on his face. "Sixth Sister, if you successfully refine the Spirit Essence Pill, you'll be an eighth-grade alchemist."

"Not only that, Sixth Sister, you will also be able to grasp all the legacies of a Seventh Grade Alchemist!"

When Chen Die heard this, a smile also appeared in her beautiful eyes, but it was quickly covered by a trace of worry.

Seeing this, Yang Chen asked in confusion, "Sixth sister, why are you so worried? Being able to refine the Primary Spirit Pill is a good thing for sixth sister and the clan."

"Patriarch, I've tried to refine the Primary Spirit Pill, but I failed before I reached the last step." Chen Die said.

"Oh?" Chen Yang looked at Chen Die. "Sixth Sister, why is this? Could it be that this Spirit Essence Pill had a requirement on the cultivation of the alchemist?"

Grade 8 spirit pills and grade 8 spirit weapons already had their own requirements for the martial realm of the alchemist.

Some medicinal pills could be refined by Qi Refinement, but some medicinal pills could be refined by opening meridians.

However, the pill formula of the Spirit Essence Pill did not say that there was a requirement for the martial realm of the alchemist.

Chen Die thought for a moment and then said, "According to my speculation, only those in the Pulse Unsealing Realm can refine this Spirit Essence Pill." "I've investigated. The alchemists in Da Qian who can concoct the Primary Spirit Pill are all Meridian Unsealing experts."

"Although they didn't reveal this information, I feel that the Spirit Essence Pill still has a requirement for the martial realm of the alchemist."

After hearing Chen Die's words, Yang Chen knocked on the table and thought for a moment. He then looked at Chen Die, "Don't worry, Sixth Sister. The family will do their best to nurture you."

"The Chen family is already extraordinary. If they were to nurture a Rank-8 martial artist with full strength, it would be relatively easy for them to push a Rank-8 martial artist into Meridian Unsealing."

"Sixth sister, don't worry. Don't refine pills anymore, focus on cultivation.

You're already at the peak of the Qi Refinement realm now. It's very fast for you to break through and open your meridians."

"Yes." Chen Die nodded and turned to leave.

Looking at Chen Die's back, Chen Yang thought for a moment. Since the Spirit Essence Pill had such a restriction, what if the Spirit Tool also had one?

"It seems that I still have to find a grade seven aptitude pill for fifth brother and quickly push fifth brother's cultivation to the Meridian Unsealing realm." Immediately, Yang Chen rode the Light Plucking Eagle and rushed to Yi City.

In Yi City, in the Deshun Commandery Prince's Mansion, the Deshun Commandery Prince smiled and patted Chen Yang's shoulder. "Brat, you haven't come to see me for five or six years, right?"

Yang Chen grinned and said, "The family is busy, so I didn't pay my respects to Master."

"The clan is busy. Come, tell me, just how strong is your Chen clan?"

The strength of your Chen family is a mystery to the outside world. I'm very curious.' The Deshun Commandery Prince laughed.

Seeing this, Yang Chen organized his words and said, "Master, my Chen family's strength is as follows. We have two Core Formation realm experts, one of which is a puppet, and the other is my subdued beast."

"My own cultivation is currently at the peak of Meridian Unsealing. Unfortunately, I don't have a follow-up cultivation technique, so I've been unable to break through."

"As for the others, First Elder Chen Xuan's cultivation level has reached the fifth level of Meridian Unsealing. Fourth Elder and Sixth Elder were at the third level of Pulse Unsealing."

"As for the others, the elders are all at the peak of the Qi Refining realm. Other than the young clan members and the new clan members, the rest of the direct descendants have all cultivated to the late stage of Meridian Unsealing."

After hearing Chen Yang's words, the Deshun Commandery Prince was stunned. He immediately held Chen Yang's hand and after sensing for a moment, he said with a shocked expression, "You've really reached the peak of Meridian Unsealing. I remember the last time I saw you, you were only at Level 4 Meridian Unsealing."

"I was just lucky." Yang Chen smiled.

"Go to hell." The Commandery Prince of Deshun laughed and scolded, "Your cultivation speed is faster than mine back then. If you're lucky, then what about me? Is it God's gift?"

"However, your Chen family's strength is indeed not bad. You're also close to Rank-8."

“Yes.” Yang Chen nodded. “I’m ready to advance to Rank-8.””

“Advancing to the Eighth Stage? “Alright, after advancing to Rank-8, your Chen family will also be qualified to participate in some matters in Da Qian. Your Chen family will also get some benefits..”
