

## Tamer Family 171

### Chapter 171: The Adventures of Chen Tao

Walking on the path in the forest, Chen Tao couldn't help but sigh." Nanyang hasn't changed in more than ten years."

"Oh, I still remember this place. Back then, I beat up those two grandsons of the Gongsun family by myself."

"I wonder if the Gongsun family has bullied my Chen family in my absence all these years."

"However, even if you bully me, it shouldn't be a big problem. Otherwise, you wouldn't have used the Rank-7 reward to exchange for my return."

"However, Yang Chen still acts emotionally. A seventh-grade treasure can definitely help the Chen family gain a foothold in Nanyang. He actually exchanged me back. I have to criticize him when I go back."

Although he was criticizing, Chen Tao could not hide the smile on his face.

His clansmen were worried about his safety and were willing to use treasures to exchange for his return. Naturally, Chen Tao felt warm in his heart.

Of course, there was also a worst-case scenario, which was that the Chen family was forced into a dangerous situation by the Gongsun family. They had no choice but to use the reward to exchange for the return of the ancestor to help them out.

"No, it can't be like this.

"I guess the Chens have become a famous ninth-rank family in Nanyang. They miss me so much that they offered me a reward."

The closer he got to Chen City, the more homesick Chen Tao felt.

“No, I can’t care so much. I have to go back quickly!”

Chen Tao was a cautious person. He would usually try his best to come and go when he was on his way. This way, he could hide himself well.

But now, his homesickness had overshadowed his cautiousness. He had Chen Tao release his natal subdued beast and ride it towards Chen Cheng.

Half a day later, looking at Chen Cheng who was just inches away from him, Chen Tao stopped where he was and suppressed the excitement in his heart, panting heavily.

“Feng City, I’m back.”

Immediately, Chen Tao rode his subdued beast and prepared to enter Chen City.

“Stop! The Chen family had stipulated that no one was allowed to ride a demonic beast into Chen City.” At this moment, the guard stopped Chen Tao.

Chen Tao was about to fly into a rage. As the ancestor of the Chen family, he was going back to his own home, and he still had to tell him that he couldn’t ride his subdued beast in?

However, just as Chen Tao was about to flare up, he suddenly remembered the guard’s words.

Chen Cheng? Wasn’t this Feng City?

Chen Tao looked up and saw the words “Chen City” written on the plaque.

As a native of Da Qian, Chen Tao naturally knew what kind of conditions were needed to name a city with the family name.

Could it be that the Chen Family had given birth to two Meridian Opening Realm experts under the leadership of Chen Yang?

However, on second thought, that didn't seem right. With the mess he had left behind when he left, not to mention ten years, it would already be pretty good if two Meridian Opening experts could be born in thirty years.

How could Yang Chen do it?

Could it be that another Chen family had occupied this place? Yang Chen had no choice but to invite her back?

The more Chen Tao thought about it, the more he felt that this was the case.

When the guard saw that Chen Tao did not come down, he immediately scolded him, "I don't care who you are, you have to follow the rules of Chen City!"

"This is set by the Chen family of Nanyang's Eighth Rank. If you dare to violate it, don't blame the Chen family for being ruthless!"

When Chen Tao heard that, his heart turned cold.

It was over. An Eighth-rank Aristocratic Family. It was even more impossible for this to be the Chen Family that he was in.

If it was possible to produce two Meridian Unsealing Masters in ten years, Chen Tao could not believe that he had advanced to the Eighth Stage in ten years.

In the entire Da Qian, was there any family that could advance so quickly?

It seemed that there really was an aristocratic family that had taken over Chen City, and it was an eighth-rank aristocratic family.

Humph! Although I, Chen Tao, am not your match, I will definitely take revenge for you occupying my city!

Immediately, Chen Tao got off the back of the monster and suppressed the anger in his heart. He asked kindly, "I want to ask, where does the Chen family here come from?"

The guard looked at Chen Tao as if he was a fool. "What are you talking about? Ever since the Chen family was born, they had always been in Chen City."

Seeing that Chen Tao had yet to react, the guard said unhappily, "This is the Chen Clan led by Lord Chen Yang. It was established by Patriarch Chen Tao thirty years ago."

"Do you understand what I'm saying?"

Chen Tao:

This... This is the Chen family that I established?

I remember that the Chen family that I established was only a ninth-rank aristocratic family that had yet to stabilize its foundation.

With doubts in his heart, Chen Tao smiled and asked, "Lord guard, I have left Feng City since I was young and have only just returned. Can you tell me why Feng City has become Chen City?"

"How did the Chen Family rise from a ninth rank family to an eighth rank family?"

The guard glanced at Chen Tao and said indifferently, "So you left home when you were young. That's not strange. After all, you don't have Chen Bao there, so you can't understand the world's major events."

“However, my current task is very heavy. I don’t have time to answer your doubts.”

“Go in, find a tea stall, and ask the waiter inside.”

Seeing this, Chen Tao led his subdued beast away and found a place with no one around, putting his subdued beast into his subdued beast bag.

He then passed through the city gate and entered Chen City.

Right now, Chen Tao really wanted to know what had happened between Chen Cheng and the Chen family.

The Chen Family, which had been drifting in the wind and rain, had become an eighth-rank aristocratic family in one leap!

Chen City, in a tea stall.

Holding the teacup and looking at the spotless street, Chen Tao could not help but praise, “Not to mention anything else, just based on this street, Yang Chen’s family head has done a good job.”

“Puchi!”

The shop assistant couldn’t help but laugh. “It’s not just not bad. In my opinion, there’s no family head in the world who can compare to Lord Chen Yang..”

Chapter 172: The Adventures of Chen Tao

“And guest, when you speak in Chen City, when you talk about Lord Chen Yang, you must use the honorific title, or you will be beaten.”

“Beaten?” Chen Tao was furious. “Did the Chen family order you to do this?”

“Of course not.”

The shop assistant’s eyes were filled with yearning. “This is our own initiative. Under the rule of Lord Chen Yang, life in Chen City has changed with each passing day.”

“Our standard of living is constantly improving. I dare say that even the capital is not necessarily better than Chen City.”

“Now, when we Chen Cheng people go out, we are existences that are admired and envied by others. All of this credit is attributed to Lord Chen Yang.”

“Now, Lord Chen Yang is no different from a god in our hearts.”

“If you don’t respect Lord Chen Yang in Chen City, someone will definitely teach you a lesson.”

Chen Tao’s heart ached. It has only been a few years, and you’ve already forgotten that I’m the person you respect the most.

“Buddy, can you tell me how the Chen family rose to power? I left Feng City...No, he had left Chen City for too long and did not understand the situation there.”

When the waiter heard this, he placed the rag on his shoulder and sat beside Chen Tao. He patted Chen Tao’s shoulder and said, “The rise of the Chen family is truly an epic.”

“I remember that when Lord Chen Yang took over the Chen family, the Chen family had nothing. The Meridian Opening Ancestor, the Demon General, and the subdued beasts were all thoughts that could only be felt in a dream.”

“I was still young at that time. I heard from my father that the Chen family was bullied by the Gongsun family.”

When Chen Tao heard this, his heart tightened. He seemed to have seen the Chen family’s most difficult time.” What happened after that?”

“After that?”

“Later, when Lord Chen Yang took over the Chen family, he first found a Howling Moon Wolf and offered it to the Beast Tamer Sect to resolve the Chen family’s siege.”

“In less than two years, the Gongsun family suppressed the Chen family and planned to trap the Chen family in Chen City.”

“I remember back then, many people were panicking, thinking that Chen City would soon be divided up by the three aristocratic families.”

“Then, Lord Chen Yang used the strategy of alliance to resist Lian Heng, contacted the Li family and the Mo family, instigated the Feng family to rebel, and successfully destroyed the Gongsun family in the Endless Mountain Range!”

“Good!”

Listening to the waiter’s description, Chen Tao felt his blood boil and could not help but slam the table.

After a while, Chen Tao reacted and wiped away the tea that had spilled out of the teacup in embarrassment.

The waiter didn’t feel anything about this. After all, this wasn’t the first time.

This incident was even filmed into a play. Which performance did not make the audience’s blood boil?

It was a pity that the actor could never act like Chen Yang.

This was understandable. After all, Lord Chen Yang was an immortal who had descended to the mortal world. Naturally, he was not someone ordinary people could act out.

After wiping the tea, Chen Tao continued to ask, "Then, what happened?"

"After that, it was even more exciting. The demon tide was in chaos, and Lord Chen Yang led the people of Chen City to resist the demon tide."

"Using the treasures found in the demon tide, I nurtured Lord Chen Yang's natal subdued beast, Lord Winged Tiger, to the late-stage demon general realm and successfully repelled the demon tide."

"When the Deshun Commandery Prince was giving out rewards in Yi City, he discovered that Lord Chen Yang had a bloodline and his aptitude was equivalent to a Sixth Stage. He immediately accepted Lord Chen Yang as his disciple."

"After the famine, Lord Chen Yang cultivated fertilizer and saved the lives of the people of Jiang Prefecture."

"During this period of time, the Song Clan was in chaos. Lord Chen Yang found evidence of treason and brought the Deshun Commandery Prince to destroy the Song Clan."

"From this moment on, the rise of the Chen family has become the consensus of everyone."

"After ten years of stable development, the Chen family finally advanced to Rank-8 more than a month ago! Lord Chen Yang had also become a Core Formation cultivator and was known as the number one monster in Da Qian."

After listening to the waiter's explanation, Chen Tao only had one thought in his mind.

Was the legendary founder of the Chen family, Chen Tao, really himself?

Was this Chen family really the Chen family he knew?

Yang Chen, was it really Yang Chen?

With doubts in his mind, Chen Tao did not choose to return to the Chen family. Instead, he continued to stroll around Chen City.

I want to see how far Chen Cheng has developed under your leadership.

This stroll took half a day.

However, Chen Tao was a little disappointed. Although the development was not bad, it was not as strong as the rumors said.

“The New town area is just ahead. I hope you can give me a surprise.”

After stepping into the New town area, Chen Tao suddenly heard a tiger roar. Immediately, Chen Tao circulated his spiritual energy and rushed toward the place where the tiger roar sounded.

“Stop, you didn’t buy a ticket. Why are you going in?”

Chen Tao frowned as he looked at the person who stopped him.” A demon beast has barged in. Why are you talking about tickets? Hurry up and save them.””

Chen Tao’s heartfelt words drew a burst of laughter.

“Pfft, where did this country bumpkin come from? He hasn’t even seen a demon beast zoo.”

“You can’t say that. In this world, besides me, Chen Cheng, who else has a demonic beast zoo?”

Even the ticket seller couldn’t help but laugh.” This is your first time in Chen City, right? This is our Chen City’s demonic beast zoo.””

“The demon beasts inside are raised by the Chen family for us to visit and have fun.”

It was over. He had lost face.

“How much is the ticket?” Chen Tao’s face turned red.”

“Not much. Ten great Qian Gold.”

Chen Tao quickly paid the ten Great Qian Gold and entered the zoo.

He was afraid that if he stayed outside, he would be laughed at to death.

Entering the zoo, Chen Tao looked at the demonic beasts that were surrounded by the crowd and felt a myriad of emotions.

He remembered that when the clan was founded, their expressions would change when they talked about demonic beasts. Now, even ordinary people could watch demonic beasts.

Times had changed.

Chen Tao sighed and then left the Demon Beast zoo to continue visiting the New town area.

Looking at the fake mountain furnishings and the wine glasses in the tavern, Chen Tao felt that his decision to hand over the position of the family head to Chen Yang before he left was the best thing he had done in his life.

As he walked, Chen Tao arrived outside the theater. Legend had it that this place recorded the entire process of the Chen family's rise. Chen Tao wanted to see how the Chen family rose to power.

After paying the Da Qian gold, he entered the drama Academy and started the drama.

Time passed in a flash, and in the blink of an eye, the sky was already dark.

After watching the play for half a day, Chen Tao still left the theater.

It had to be said that the actors in the movie were really good. Chen Tao wished he could step forward and help the Chen family resolve their difficulties.

At the same time, Chen Tao finally understood how much killing intent the Chen family had encountered was hidden in the waiter's short words.

"We've done enough shopping. It's time to go back."

Outside Chen City.

Looking at the two words "Chen Manor" on the plaque, Chen Tao suppressed the excitement in his heart and slowly walked forward.

"Stop. This is the Chen family's land. No one is allowed to enter without permission."

As expected, the family's chieftain stopped Chen Tao.

After a day of adventures, Chen Tao was no longer angry. He smiled kindly and said, "Please inform them that Chen Tao is back."

“Chen Tao?” The guard frowned. “What Chen Tao?”

“It’s the Chen family’s branch opening ancestor, Chen Tao.” Chen Tao kindly reminded him.

When the guard heard this, he glared at him. “How dare you! How dare you impersonate my ancestor!”

“Don’t be anxious, don’t be anxious.”

Chen Tao smiled and released the aura of a peak Meridian Unsealing cultivator. He patted the guard’s shoulder. “I think that instead of being angry with me here, you might as well go and report it.”

The guard felt that Chen Tao’s words made sense. He immediately glanced at his teammate at the side and went to report.

That’s right, what he said made sense. It was not the aura of the peak of Meridian Unsealing.

In the meeting hall.

Chen Yang and Chen Xuan were dealing with family matters when the guard suddenly ran in. “Reporting to the family head, there’s a middle-aged man outside who claims to be our Chen family’s ancestor, Chen Tao.”

“Ancestor?”

Chen Yang and Chen Xuan stood up together. After looking at each other, they jumped out of the meeting hall together.

At the entrance of the manor, after seeing the appearance of the person standing outside the manor, Chen Yang and Chen Xuan ran over together.

Not far away from Chen Tao, he knelt on both knees..”Unfilial descendant Chen Yang (Chen Xuan) greets the ancestor!”

Chapter 173: Fourth Uncle, I Found a Fourth Aunt for Me

Looking at Chen Yang and Chen Xuan in front of him, Chen Tao could not hide the excitement in his heart. Tears gathered in his eyes.

Chen Tao helped the two of them up and wiped away the tears at the corners of his eyes. Then, he smiled and said,”It’s been hard on you all these years.”

As he spoke, Chen Tao patted Yang Chen’s shoulder.” Not bad. That little brat who followed me back then has already become the pillar of support for my Chen Family.”

When Chen Yang heard this, he was filled with emotions.” Ancestor, don’t talk at the door. Hurry up and come in.””

“Alright.”

Immediately, Chen Tao walked into the Chen family with his head held high and his chest puffed out. He did not notice the look Chen Yang gave Chen Xuan.

Chen Xuan understood and secretly left to ask his father, Chen De, to go in.

As for the purpose, it was self-evident.

In the meeting hail.

Chen Tao sat in the main seat and looked at the meeting hall that he was very familiar with. Chen Tao could not help but say, "I heard that our Chen family has already advanced to Rank-8. Why don't we expand the meeting hall?"

"There are still nine elders at the moment, so there's no need to expand the meeting hall." Yang Chen explained.

Chen Tao slapped his forehead. "I forgot. It's only been more than ten years."

"I heard that you broke through to the Core Formation realm. How did you solve the problem of your cultivation technique?"

"It's like this. A few months ago, there was a demon emperor riot in Jiang Prefecture..." Yang Chen immediately told Tao Chen about the Rebellion of the Demon Emperor and the referee.

After hearing Yang Chen's words, Tao Chen couldn't help but sigh, "It's really hard on you. Any one of these major disasters is a disaster."

"For you to be able to persist until now and lead the Chen family to this point, you are stronger than me."

"Ancestor, you must be joking. How can this kid catch up to you?" Yang Chen smiled.

Chen Tao waved his hand. "We're a family, so there's no need to be so polite. Now that the Chen family has you leading them, I can rest assured and retire to the second line to enjoy my old age."

"Ancestor, you must be joking. With the Core Formation Technique, it's only a matter of time before you break through to Core Formation. At that time, you'll have another 200 years of lifespan."

"I still want to arrange a marriage for the ancestor and resolve his marriage." Yang Chen smiled.

Sometimes, the truth was often said in a joking tone.

Hearing Yang Chen's words, Tao Chen laughed and scolded, "Brat, you still dare to make up stories about my marriage? Do you believe that I'll spank you in public?"

Yang Chen smiled awkwardly.

Fortunately, I pushed the blame to the Great Elder. Otherwise, my dignity as the head of the family would be completely swept away.

Not long after, Chen Xuan walked in with Chen De.

When Chen De saw Chen Tao, tears flowed down the corners of his eyes. He knelt down with a thud. "Fourth Uncle!"

Chen Tao quickly helped Chen De up. "You're not young anymore. Why are you still in this state?"

"Hey, your cultivation?"

Chen Tao sensed it seriously for a moment before he smiled and said, "You broke through to Meridian Opening?"

"That's right!" "Yes." Chen De nodded his head vigorously. "The family head searched for a Grade Seven Elixirs for me. After I took it, my aptitude reached Grade Eight."

"With the help of the Meridian Unlocking Pill, I'll break through to the Meridian Unlocking realm naturally."

Chen Tao was speechless.

Why did it feel so uncomfortable?

Chen Tao felt bitter in his heart. When he first broke through to the Meridian Unsealing realm, he did not have any medicinal pills to assist him. That was a bitter experience.

If it wasn't for the fact that his talent was decent and slightly stronger than ordinary people, it would probably be difficult for him to break through to Meridian Opening.

"The Chen family is really powerful. They still have spirit stones to buy aptitude pills.

Yang 'er, choosing you to be the head of the family was the best decision I've ever made in my life." Chen Tao sighed.

"You're welcome."

Yang Chen said as he moved out of the hall.

When Chen Xuan saw this, he also moved out of the hall, leaving the meeting hall for Chen De and Chen Tao to chat about their relationship as uncle and nephew.

Seeing that Chen Xuan and Chen Yang had already left the meeting hall, Chen De swallowed his saliva, gritted his teeth, and braced himself. "Fourth Uncle, let me tell you something."

"Please speak." Chen Tao held the teacup and took a sip.

This tea is really not bad. It's much better than when I was in the past. I have to drink more.

"Fourth Uncle, I found a fourth aunt for me." Chen De said with a smile.

"Puff!"

Spitting out the tea in his mouth, Chen Tao said in disbelief, "Cough cough, what did you say? What did you find for you?"

“I found a fourth aunt for me.” Chen De repeated kindly.

Looking at the bulging veins on Chen Tao’s forehead, Chen De felt that he should tell Chen Tao in detail.

“Fourth Uncle, don’t worry. This Fourth Aunt of mine is not an outsider. She’s my Aunt Xue. Didn’t you always like my Aunt Shea? It’s just nice that you can marry her and get rid of the thoughts in your heart.”

“Fourth Uncle, what are you doing?”

“Fourth Uncle, let me explain.”

“All!”

This scream silenced those who heard it, and those who heard it cried.

Outside the meeting hall, Yang Chen heard Chen De’s screams and couldn’t help but say, “Fortunately, I didn’t tell the ancestor. I have to say, I’m a little happy.”

Chen Xuan echoed, “Although I shouldn’t have said that, I’m indeed a little happy.””

After Chen De’s screams in the hall dissipated, Chen Yang looked at Chen Xuan. “Let’s go. Now that the ancestor’s anger has subsided, let’s go and talk about serious matters.”

Chen Xuan nodded and followed Chen Yang into the hall.

In the meeting hall, Chen Tao looked at Chen Yang and Chen Xuan with a gloomy expression.

As for Chen De, he stood at the side with a swollen face and kept winking at the two of them.

Looking at Chen De's miserable state, Yang Chen gasped. Good lord, as expected of Fourth Uncle, who loved his grandfather the most. This time, he was really good at fighting.

"I want an explanation." Chen Tao said coldly.

Yang Chen sorted out his thoughts and said, "Ancestor, you might not know this, but the Gongsun family forced us too much. We had no choice but to ally with the Li family."

"But you also know that because of the matter between you and Ancestor Xue, it's almost impossible for the two sides to form an alliance."

"For the safety of the Chen family, I can only do this. Because only then will the Li family ally with us."

After listening to Yang Chen's explanation, Tao Chen suppressed his anger.

You did well. If it were me, I would have done the same."

"It's just that this marriage..."

"Why? Fourth Uncle, you've changed your mind and don't like my Aunt Shea anymore?" Chen De said with a smile.

Chen Tao glared at Chen De. "Nonsense! I'm loyal to your Aunt Xue!"

Chen Tao blushed and glared at Chen De.

Yang Chen sighed. He had to admit that the older one was, the more shrewd they became. Chen De's short joke eased the atmosphere in the hall.

“Ancestor, I see that you don’t approve of this marriage. Why is that? Now that the Chen family had become powerful, it would not be a problem for them to protect the Li family.”

“Now, there shouldn’t be a problem for you to marry Ancestor Xue.” Yang Chen said.

Chen Tao said with some hesitation, “Yes...” There was no problem. It’s just that I’m already so old, yet I’m still doing such a thing in front of the younger generation. This is ultimately a little uncomfortable.”

“Oh, are you afraid that we will delay your love? That’s fine. Recently, the Chen family built a new town to protect the ling fields.”

“Why don’t you two go over and help take care of her?”

Chapter 174: The Old Ancestor Marries, and the Chen Family Members Want to Enter the Sect

“This...”

Chen Tao was still a little hesitant, but when he saw that Chen Yang and Chen Xuan had grown into pillars of the family, Chen Tao nodded. “Alright, I’ll guard the spiritual fields on behalf of our Chen family.”

When Chen Yang heard this, he quickly smiled and said, “Great Elder, I’m going to the Li family to propose marriage.”

Our Chen family is going to hold a grand wedding banquet.”

“Yes, sir!” Chen Xuan smiled and left.

The news of Chen Tao's return swept across Nanyang like the autumn wind sweeping away the fallen leaves.

At the same time, another piece of news erupted. Patriarch Chen Tao was going to marry Patriarch Li Xue of the Li Clan.

All of a sudden, the aristocratic families of Nanyang looked at the Li family with envy.

From the moment Chen Tao married Li Xue, the Li family had been completely tied to the Chen family.

In order to cling to the Chen family's thigh, the Li family was actually willing to marry off their ancestor. How ruthless!

In the blink of an eye, it was time for the wedding.

On this day, in Li Xue's room at the Li family's residence.

Looking at her reflection in the mirror, Li Xue said worriedly, "Little Ke, do you think I've aged?"

"What are you talking about?" Li Ke, the head of the Li family, laughed. "I see that your elegance has not diminished."

"That's good, that's good." Li Xue sighed. "It's been decades. Brother Tao is finally willing to marry me."

Li Ke still wanted to say something, but he suddenly heard a burst of welcoming music. He immediately smiled and said, "Forefather, the bridal escort team is here. I'll go and welcome them first."

"Okay, you can go."

Outside the Li Residence, Chen Tao looked at the Li Residence nervously.

He was about to marry what he wanted, so even Chen Tao couldn't help but feel a little nervous.

Yang Chen saw through Tao Chen's nervousness and came to Tao Chen's side,"Forefather, now that you've gotten what you wanted, what's there to be nervous about?"

Hearing Yang Chen's words, Tao Chen nodded and stepped into the Li Residence.

"Li Ke greets Ancestor Chen, greets Patriarch Chen."In the Li Residence, Li Ke smiled and cupped his hands in greeting.

"Patriarch Li, there's no need to be so polite." Yang Chen reached out and helped Li Ke up. He smiled and said,"! wonder how the bride's preparations are going?"

"Our ancestor is naturally prepared, but according to the rules, it won't be so easy for Ancestor Chen to marry a bride."Li Ke laughed.

This was an old rule in Da Qian. When one married a bride, they had to pass some small tests.

To prove that he could protect the bride and bring her happiness.

The commoners had to abide by this rule, and so did the members of the aristocratic families.

Seeing this, Chen Tao took a deep breath and slowly said,"Alright, if you have any tests, just bring it on."

"Ancestor Chen, you're great!" Li Ke clapped his hands, and a member of the Li family brought over a wooden table.

On the wooden table, there were three small bowls.

Li Ke came to the table and pointed at the small bowl on the table."Ancestor Chen, Chen Clan Leader, these three bowls don't look like much. However, one of the bowls was different from the other two bowls."

"If the groom wants to protect the bride, he must have good observation skills. Only by being able to identify danger in time can he ensure that the bride will not step into danger."

"Therefore, the first test is to find the different bowls. Take note, you can't make a move. You can only stand there and observe."

Chen Tao glanced at the three bowls and pointed at the porcelain bowl in the center." There's a crack in the lower right corner of this bowl."

Seeing this, Li Ke couldn't help but clap his hands." Not bad. As expected of the famous Ancestor Chen, you passed this stage.""

Yang Chen, who was standing at the side, tried his best to hold back his laughter. What kind of assessment was this? As long as one cultivated to the Meridian Opening stage, they would be able to sense the difference.

This Li Ke was obviously going through a process to tell the Chen family that the Li family valued their bride very much.

"A groom not only needs to have keen observation skills, but also the strength to protect the bride. The second test was to lift the giant rock in front of him."Li Ke pointed to the west.

Following Li Ke's finger, Yang Chen and Yang Ming saw a huge rock that weighed about 500 pounds.

Seeing this, black lines appeared on Yang Chen's head.

Good heavens, how much do you want your ancestor to be married off?

This 500 jin boulder was indeed a test for ordinary people. It was even an impossible test.

However, for Chen Tao, who was at the peak of Pulse Unsealing, it was as easy as taking something out of his pocket.

Immediately, Chen Tao moved to the front of the huge rock, mobilized his spiritual energy to his right hand, grabbed the exposed part of the huge rock, and lifted it up without any effort.

“Not bad, not bad.” Li Ke smiled and clapped as he walked to Chen Tao’s side.” It seems that the groom is not only observant, but his protection is also outstanding.”

“Next is the final test. After passing it, Ancestor Chen will be able to bring the beauty home.”

“The third test is to test the groom’s temper and patience.

The bride would throw a tantrum at times, and at this time, the groom would have to coax the bride to make her happy.”

“I’ve found two clansmen who don’t like to laugh for the groom. I’ll ask the groom to make the two of them laugh for the time it takes for an incense stick to burn.”

As Li Ke’s voice fell, two expressionless members of the Li family walked up to Chen Tao.

Chen Tao looked at the two of them and said, “Smile.”

“Hahahaha, this is too funny.”

“That’s right, that’s right. I can’t hold it in anymore, hahaha.”

Looking at the two’s clumsy performance, Chen Tao couldn’t help but feel that even if it was just a formality, there was no need to be so perfunctory..

## Chapter 175: Patriarch's Marriage, Members of the Chen

### Family Want to Enter the Sect

Forget it, why bother? As long as he could marry the bride.

"Not bad, not bad. It seems that the groom is perfect. Hurry up and marry the bride." Li Ke laughed.

When Chen Tao heard this, he took a deep breath. After which, he waved the red embroidery on his chest and walked towards Li Xue's room.

Standing outside Li Xue's room, Chen Tao took a deep breath and knocked on Li Xue's door, "Sister Xue, I'm here."

When Li Xue heard this, she quickly opened the door. Looking at the man in front of her, Li Xue could no longer endure it.

Ignoring the people around him, she pounced on Chen Tao. "Brother Tao, you're finally here."

Hearing this, Chen Tao held back his tears and patted Li Xue's back. "I've let you down all these years."

Seeing that the two ancestors were about to cry on this joyous day, Chen Yang quickly said, "Time to bring the bride home!"

With Chen Yang's order, the Li Residence and the streets were filled with the joy of the wedding.

Immediately, Chen Tao pulled Li Xue's hand and sat on the large carriage that was pulled by the winged tiger.

"Roar!"

The Winged Tiger let out a furious roar, then pulled the chariot unhurriedly and walked towards Chen Cheng.

The Demon Venerable pulled the carriage and played music along the street. The Chen family married Li Xue on the highest scale.

When some of the elders who were slightly younger than Li Xue saw this, they trembled and said, "Li Xue, you really married into a good family."

Time flew by, and in the blink of an eye, another month had passed.

During this month, other than marrying Li Xue, nothing major happened to the Chen Family.

After Chen Tao married Li Xue, he also moved to a small town north of Chen City to guard the ling fields for the Chen family, ensuring that nothing would happen to the ling fields.

With Chen Tao at the peak of Pulse Unsealing, Yang Chen was at ease and focused on developing the Chen Family.

In the meeting hall, after all the elders had arrived, Chen Xuan was the first to ask, "Patriarch, why did you call all of us here?"

"One is the development of the ruins. Now that my Chen family has been developing steadily for many years, the talents of some of the clansmen have also been developed. Now, it was time to receive the other inheritances."

“Grand Elder, I’ll leave this matter to you to arrange. Choose the clansmen suitable for each inheritance.” Chen Yang looked at Chen Xuan.

“Yes, sir!” Chen Xuan nodded.

“The second thing is what I said earlier. We will send our clansmen to participate in the various sects.”

“Now, it’s time to put this matter on the agenda.”

“Since you’re going to participate in other sects, then you’re representing the face of my Chen family. I suggest that only geniuses can go out.” The Second Elder said.

“I agree. I think the ones who are suitable to go out now are Chen Mingde and Chen Ke. After all, only the two of them are Bloodline Warriors in our Chen Family. They won’t lose face if they go out.”

“But Chen Ke is already a senior. Will those Rank-7 forces really accept him?”

“In my opinion, we’re originally going to scout for information. It’s fine as long as our talents are about the same.”

“Alright, stop talking.” Seeing that no one could convince anyone, Chen Xuan stopped them and looked at Chen Yang.

Chen Yang thought for a moment, “I think Fourth Elder is right. We are going to scout for information. We don’t have to be too talented.”

“As for whether the other factions will look down on us.

“I don’t care about that. Our Chen family is an eighth-rank aristocratic family. It’s normal for our clansmen’s talent to be inferior to that of a seventh-rank force.”

“Everyone, the benefits you get are far better than those verbal praises.”

All the elders nodded their heads and immediately said, “Patriarch, tell us what to do. We’ll listen to you.”

“How about this, Second Elder, take the aptitude stone and test your aptitude once. Then, gather the clansmen with aptitude above the eighth grade.”

“After joining the sect, the task of gathering intelligence will be handed over to them.” Yang Chen said.

“Yes, sir!”

After the meeting ended, Second Elder quickly gathered the young disciples in the clan together and tested their aptitude again.

Then, he called all the disciples of the Eighth Stage together to wait for Yang Chen.

When Yang Chen came over and saw the clansmen in front of him, he couldn’t help but say, “D \* mn, when did our Chen family give birth to so many clansmen with eighth grade aptitude?”

There were twelve clansmen with Eighth Stage aptitudes here. Among them, there were seven direct descendants and five collateral relatives.

This was much better than ten years ago.

Seeing this, Chen Meng explained, “In the past ten years, our Chen family has produced many clansmen.”

“With a large population, the number of Rank-8 clansmen naturally increased.”

“Moreover, some of the clansmen have good qualifications, so it’s normal for their descendants to be of the eighth rank.”

After hearing Chen Meng’s words, Chen Yang looked at the clansmen who were no older than twenty and the youngest was only thirteen.

“Do you know what your next mission is?”

“I know. I’ll join another sect and help the family keep an eye on the news in the sect.” Everyone replied in unison.

“Hmm, not bad.”

Yang Chen smiled in satisfaction and continued to ask, “Then which sect do you want to join?”

“It’s all up to the Patriarch.” Everyone said in unison.

“No, this is all up to you. You can join whichever sect you want.”

“Ming De, you are the boss of the Ming generation.”

When Chen Mingde heard this, he took a deep breath and thought of the beautiful figure in his dream. He immediately said, “Seventh Uncle, I wish to join the Spirit Sword Pavilion.”

“Spirit Sword Pavilion...” Yang Chen held his chin and said, “The Spirit Sword Pavilion is located in Yuzhou, which is next to the Jiang Prefecture. It’s not far from the Jiang Prefecture. You can go home and visit from time to time.”

“Next.”

Seventh Uncle, I want to go to the Hundred-Flower Palace.” Second Elder’s eldest granddaughter, Chen Mingya, said charmingly.

Looking at Chen Mingya who was only eighteen years old and had already reached the fifth level of Qi Disciple, Chen Yang smiled and said, “Little Ya, why did you choose to go to the Hundred-Flower Palace?

Qing Province, where the Hundred Flower Palace is located, is in the south and north of Jiang Province. With such a long distance, you probably won’t be able to return home for a few years.”

“They all say that the Hundred-Flower Palace is a holy land for female warriors. I want to see which holy land is better than our Chen family.” Chen Mingya said, unwilling to admit defeat.

“Alright, let’s go to the Hundred-Flower Palace.” Yang Chen smiled and nodded.

“Master, I’m going to the Hundred-Flower Palace with Sister Mingya. “Chen Xuan’s second granddaughter, Chen Mingxuan, the third son of the Ming generation, quickly said.

“Good, let’s go together”

Yang Chen could tell that all the daughters of this family wanted to visit the Hundred Flower Palace.

Immediately, Chen Yang looked at the fourteen-year-old, third-level Qi Refinement realm, the daughter of his fifth brother, Chen Mingru, who was ranked fifth in the Chen family.

“Mingru, do you also want to go to the Hundred-Flower Palace?”

“No, I want to join the Equipment Refining Sect.” Chen Mingru shook her head.

“Join the Equipment Refining Sect?” “Although the Equipment Refining Sect is also a seventh-grade force, its strength is not strong. It doesn’t even have a Purple Mansion,” Yang Chen said with some doubt.”

“Being able to be ranked at the seventh grade is just a special status of a craftsman. Do you really want to go to the Equipment Refining Sect?”

“That’s right, I want to go.” Chen Mingru nodded, “I want to prove that I am more suitable for forging than my father.”

“The future number one blacksmith of the Chen Clan will definitely be me!”

“Good, good, good. Our future number one Armament Master.” Yang Chen smiled and patted Chen Mingru’s head. “I agree. You can go to the Equipment Refining Sect.”

“Seventh Uncle, Seventh Uncle, I want to go to the Beast Tamer Sect.” Chen Mingyan, the fourth brother of the Ming generation and the grandson of the Second Elder, said.

“Alright, let’s go to the Beast Tamer Sect.”

“What about you guys?” Yang Chen looked at his youngest brother and sister.

They were the son and daughter of the ninth elder of the Chen family. Now, one was fourteen and the other was fifteen. Their cultivation levels were both at the third level of Qi Refinement.

Chen Ren and Chen Rui hesitated for a moment before saying, “We want to join the Beast Tamer Sect.”

“That’s good. You can take care of him if you go together.”

After arranging the direct descendants, Chen Yang looked at the five members of the collateral family. “What about you guys? Where do you plan to go?”

Following that, the five of them stated their choices.

After counting, Chen Yang realized that more people chose to go to the Beast Tamer Sect.

After all, the Chen family was a beastmaster aristocratic family. With the influence of their ears and eyes, they naturally wanted to participate in the Beast Tamer Sect.

After deciding on the sects they wanted to go to, Chen Yang would send them to the sects..

Chapter 176: Heading to the Beast Tamer Sect

Jiang Prefecture, Beast City.

Master Long looked at the densely packed streets and could not help but say, "Every time the Beast Tamer Sect accepts disciples, this Beast Tamer City will be full."

"There's nothing we can do about that. After all, the Beast Tamer Sect is a seventh-rank force. Who knows how many geniuses want to join the Beast Tamer Sect." The Meng family head chimed in.

At the mention of the Beast Tamer Sect taking in disciples, Patriarch Long's interest was piqued. "Who do you think will be the Rookie King this time?"

"Who dares to say? There might be a hidden genius among this group of people. I don't want to be slapped in the face." The Meng family head smiled.

"Sigh, tell me, no one else heard it." Patriarch Long used his elbow to push Patriarch Meng's head.

When the Meng family's head saw this, he looked at the Beast Tamer Sect. "Then tell me. I feel that the Rookie King this time should be born among the four of us."

"After all, the four of us haven't won the Rookie King title for more than ten years."

“That makes sense.” Master Long nodded and looked at Master Meng.” I heard that your Meng family has a seventh-grade talent and plans to nurture him as a Core Formation Seed.”

“Presumably, this person is one of the members of your Meng family who went to compete for the Rookie King.”

When the Meng family’s head heard this, a smile unconsciously appeared on his lips.” Fei ‘er’s talent is not bad. Our ancestor has already bestowed the descendant of our ancestor’s natal subdued beast to Fei’ er.”

“Fei ‘er will definitely fight for the title of the new king.”

“Then I have to congratulate the Meng family in advance for winning the

Rookie King title.” Master Long smiled.

“That’s all uncertain.” Master Meng shook his head and smiled.””Let’s not talk about others. Your family definitely has a genius hidden in it, preparing to compete for the Rookie King.”

Master Long’s pupils constricted when he heard this. He then smiled and said/”Haha, that’s not true. It’s not that easy for a seventh grade talent to be born.”

Seeing Master Long’s expression, Master Meng knew that the Long Family must be hiding something.

Since the other party was unwilling to say it, the Meng family head would not pursue the matter. Who cared if he hid it or not? It would not affect the Meng family’s victory over the Rookie King.

“Roar!”

Patriarch Meng was about to say something else to Patriarch of the Dragon Clan when he suddenly heard a tiger roar.

The Meng Clan's head immediately said with an unfriendly expression, "Beast City doesn't allow the release of subdued beasts. Who exactly dares to violate our rules?"

"No matter who he is, as long as he dares to violate our rules, he will definitely pay the price."

"Brother Meng, let's go and take a look."

"Alright."

In the southern part of the Imperial Beast City, everyone looked at the flying demon beasts in the sky with pity.

"Who's the unlucky one again? I don't know if anyone is allowed to release their subdued beasts in Beast City, let alone fly on them."

"Hehe, this person is in trouble. I remember that back then, the disciples of the Beast Tamer Sect violated the rules of the Beast Tamer City and were all taught a good lesson."

"In the end, it was the Beast Tamer Sect's elder who personally came to pick her up before the Beast Tamer City released her."

"No matter how high this person's status is, can he compare to the disciples of the Beast Tamer Sect? Just wait and see. There would be another good show in a while."

Not long after, the Long family's head and the Meng family's head brought their guards to the southern part of the Imperial Beast City.

Seeing this, everyone hurriedly made way and looked at the sky with schadenfreude.

Patriarch Long looked at the flying demonic beast in the sky with a cold expression. He wanted to see who was so bold as to dare to violate the rules of his Beast City.

However, when he looked up, Master Long's pupils constricted. Then, he pretended not to see anything and hurriedly ran north with his guards.

When Master Meng saw this, he quickly stopped Master Long. "Brother Long, why are you doing this?"

Master Long didn't stay for long. He only said, "Winged tiger." Then, he broke free from Master Meng's hand and quickly flew north.

"Winged Tiger!"

Master Meng sucked in a breath of cold air and looked at the sky.

Oh my god! It was really a winged tiger! I'm tired of living. I actually planned to stop this person.

At this moment, the Meng family head could only pray that the person on the winged tiger did not discover them. Otherwise, they would definitely be in deep trouble.

On the back of the winged tiger, Yang Chen couldn't help but say, "What are the Long family and the Meng family doing?"

"Forget it, what does this have to do with me? Hurry up and send the clansmen into the Beast Tamer Sect. I still have to go to the next sect."

Immediately, Chen Yang drove the Winged Tiger and sped in the direction of the Beast Tamer Sect.

The repeated actions of the Long and Meng families stunned everyone who was preparing to participate in the Beast Tamer Sect. What was going on? Since when was the Beast Tamer City so easy to talk to?

Or could it be that there was some great figure standing on that flying demonic beast that even the Beast Trainer City did not dare to offend?

All kinds of rumors were spreading among the crowd.

Beast Tamer Sect.

After landing at the Beast Tamer Sect's mountain gate, Chen Yang looked at the gatekeeping disciple." Please inform them that Chen Yang of the Chen family of Nanyang is here to visit the Beast Tamer Sect."

"Who did you say you were? Are you Nanyang Chen Yang?" The gatekeeping disciple laughed.

" Why? Is there a problem?"

"This is a big problem. We have caught many people who impersonated Chen Yang these past few days. Do you have any evidence to prove that you are Chen Yang?"

"If you don't have any evidence, then I will tell you the price of impersonating Lord Chen Yang!"The disciple's eyes revealed a trace of killing intent.

When Chen Yang heard this, he smiled and pointed at the Winged Tiger behind him." I think I'm the only one in the entire Da Qian who has a Demon Venerable Winged Tiger.""

When the winged tiger saw its master pointing at it, it let out an angry roar and emitted the aura of a Demon Venerable.

When the gatekeeping disciple saw this, he was completely stunned. Are you really Lord Chen Yang?"

"I'm a fake and I'm a fake." Yang Chen smiled.

Seeing this, the gatekeeping disciple said excitedly,"!... I've finally met you.

You're the pride of us Humble Class disciples!"

“Good, good, good,” Yang Chen smiled and comforted his little fan, then said, “Now, can we go and report?”

“No problem. I’ll report it immediately.”

Seeing the disciples rush up the mountain excitedly, not long after, Beast

Tamer Sect’s sect master, Wang Hu, brought Young Sect Master, Wang Shuo, to the mountain gate.

“Chen Clan Leader, how have you been? This is the first time you’ve come to my Beast Tamer Sect in more than ten years.” Wang Hu laughed.

When Yang Chen saw Wang Hu, he cupped his hands and bowed. “Greetings, Sect Master Wang.”

“There’s no need to be so polite.” Wang Hu helped Chen Yang up. “Let’s go in and talk.”

Immediately, Wang Hu held Yang Chen’s hand and led Yang Chen and the others into the Beast Tamer Sect.

When the gatekeeping disciple saw this, his eyes were filled with stars. “As expected of Lord Chen Yang. Even the sect master has to personally welcome him.”

In the Beast Tamer Sect’s reception hall, Wang Hu smiled at Chen Yang. “Clan Leader Chen, why have you come to my Beast Tamer Sect this time?”

“Sect Master, it’s like this. My clansmen especially worship the Beast Tamer Sect, so they begged me to bring them here to see if they could join the Beast Tamer Sect.” Yang Chen smiled..

Chapter 177: The Great Martial Arts Competition in the 540th Year of Da Qian

“Oh, the Chen family wants to join our Beast Tamer Sect?”

Wang Hu smiled and said, “That’s a good thing. The Chen family must be talented. It’s also our Beast Tamer Sect’s honor to be able to accept the Chen family as disciples.””

“As long as Sect Master Wang doesn’t mind.” Chen Yang looked at the Chen family members behind him.” Come here. Greetings, Sect Master Wang.”” “Greetings, Sect Master!”

Wang Hu smiled and helped everyone up. Then, he patted his chest and said, “Don’t worry, Family Head Chen. Since the Chen family has handed over their clansmen to our Beast Tamer Sect, our Beast Tamer Sect will definitely not let you down.”

“Thank you, Sect Master Wang. If there was nothing else, Yang Chen took his leave.”

“Take care, Chen Clan Leader!”

After leaving the Beast Tamer Sect, Chen Yang brought the other clansmen and sent them to the sect of his choice.

These seventh-rank forces all showed great importance to Yang Chen’s visit. Even the sect’s First Elder went out to welcome him.

After all, Chen Yang’s identity as the number one monster of the Great Gan was slowly being established. No one wanted to offend this future Zifu Disciple.

After dealing with the clan’s worship, Yang Chen returned to the Chen family and continued to be an otaku.

Other than dealing with family affairs, he would cultivate. This cycle continued until the 540th year of Da Qian.

Great Gan 540 years.

This year could be considered a relatively important year for the Chen family.

This was because his Patriarch, Chen Tao, was planning to break through the shackles of meridian opening this year and officially break through to Core Formation.

In the northern part of Nanyang, the town in charge of guarding the Chen family's spiritual fields.

Most of the important figures of the Chen family had arrived in the town. At this moment, they were all gathered outside Chen Tao's courtyard.

Feeling the fluctuation of spiritual energy inside, Yang Chen couldn't help but feel a little anxious.

Breaking through to the Solidifying Core was not like breaking through to the Meridian Unlocking Pill. With the protection of the Meridian Unlocking Pill, even if the breakthrough failed, it would not be a problem.

There were no pills in Da Qian that could protect warriors from breaking through to the Core Formation realm. If the warriors of Da Qian wanted to break through to the Core Formation realm, they would have to take a life-threatening risk.

"It's been three days. Why hasn't the ancestor succeeded in breaking through?" Chen Xuan said anxiously.

Chen Yang patted Chen Xuan's shoulder." Don't worry. When I broke through back then, it took me nearly three days. The ancestor will definitely break through to the Core Formation realm."

Hearing Chen Yang's words, Chen Xuan felt a little relieved, but he still looked into the courtyard worriedly.

All of a sudden, Chen Tao's courtyard erupted with an aura that made one's heart palpitate.

This aura came and went quickly, but Chen Yang still looked happy." Patriarch, you succeeded.""

Hearing this, the elders who had followed Chen Tao all looked at the door of Chen Tao's courtyard. Under everyone's gaze, Chen Tao slowly opened the door and looked at everyone with a smile." 1 succeeded.""

These short words caused everyone to boil.

From today onwards, the Chen family had three Core Formation experts!

That's right, three Core Formation experts.

Other than Chen Yang and Chen Tao, Chen Ying, who was in charge of training the Piercing Guard, had also successfully broken through to the Core Formation realm three years ago.

At that time, the Chen family promoted Chen Ying from a family general to a guest elder and enjoyed the treatment of a direct line elder.

The only thing that made Chen Yang feel a little pity was that Chen Ying was not a member of the Chen family. In the judgment of the Dao Integration Pearl, Chen Ying only increased his clan luck by 500 points.

Back to the main topic.

Yang Chen walked up to Chen Tao and cupped his hands,""Congratulations, Patriarch Yang, for successfully breaking through to Core Formation and enjoying a lifespan of 400 years."

Chen Tao couldn't hide the smile on his face. This was a condensed core, the condensed core that he had dreamed of!

“I have to thank you for my breakthrough. If it weren’t for the fact that you obtained the Myriad Beast Technique, I’m afraid I wouldn’t have been able to break through to the Core Formation realm until I died.” Chen Tao laughed.

Chen Yang waved his hands, “I only played a small role. The real reason for the breakthrough is your talent.”

“Brat, stop teasing me. My aptitude is far inferior to yours. Your current cultivation has already reached the third level of the Core Formation realm, right?”

“Reaching the third level of Core Formation from the first level of Core Formation in six years, if this cultivation speed were to spread, who knows how many geniuses would be ashamed.” Chen Tao scolded with a smile.

Yang Chen smiled and touched his nose. He didn’t expect that after he broke through to the Core Formation realm, his cultivation speed would increase by a little bit.

It seemed that the bloodline that his mother had inherited was more powerful than he had thought.

When the Chen family became strong in the future, he would have to go after his mother’s aristocratic family no matter what.

Seeing that Chen Tao had successfully broken through to the Meridian Opening realm, everyone felt at ease and left. After all, there were many things that they needed to deal with in Chen Cheng. They could not stay in this small town forever.

Chen Cheng, Chen Family, Chen Yang’s courtyard.

After returning to the Chen Family, Yang Chen was not in a hurry to deal with the family matters. Instead, he returned to his courtyard and checked the energy that the Dao Integration Pearl could absorb in a week.

In the past few years, the strength of the Chen family had improved quite a bit.

First was Yang Chen's cultivation. Yang Chen, who was at the third level of Core Formation, was undoubtedly the strongest expert in the Chen Clan.

Below Chen Yang were Ancestor Chen Tao and Honored Guest Chen Ying, both of whom were at the first level of Core Formation.

These three people had provided the Chen family with 2,500 points of clan luck. In other words, these three people could provide 25 points of energy to the Dao Integration Pearl every week.

This was already quite a lot. One had to know that more than ten years ago, the Dao Integration Pearl could only obtain seven energy points per week.

As for Yang Chen's Natal Familiar, it had also grown to a certain extent.

The Winged Tiger was still the strongest and was in the early stage of the Demon Venerable Realm. Following closely behind the Winged Tiger was the Light Plucking Eagle. After a few years of cultivation, the Light Plucking Eagle successfully broke through to the intermediate stage of the Demon General Realm..

Chapter 178: The Great Martial Arts Competition in the 540th Year of Da Qian

As for the Underworld Dragon and Fire Raven, why else would they be said to have the bloodline of a Daemon King?

In just a few years, he had relied on his own ability to cultivate to the early-stage Demon General and provided the Chen family with 200 points of clan luck.

Oh right, there was also the Darkwind Wolf, the natal subdued beast that had followed Yang Chen the longest.

Because of his bloodline, he had gradually left Yang Chen's battle sequence and became the clan's mascot. Every day, he would make the new members of the Chen clan happy.

Yang Chen would never give up on the Mythical Wind Wolf.

After all, this was the first Intrinsic Beast that had followed him. In the future, he had to use the Dao Integration Pearl to improve the Darkwind Wolf's bloodline no matter what.

However, now wasn't the time. There was still the beastmaster assessment. The energy of the Dao Integration Pearl had to be used on the Underworld Dragon.

After the Heli Earthwurm broke through to the Demon Venerable realm, the remaining energy should be used by the Darkwind Wolf and the others.

Other than Yang Chen's own strength, the rest of the clan had also improved significantly.

First of all, all the elders had cultivated to the peak of Qi Refinement. However, due to the limitations of their aptitude, they were unable to break through to Meridian Opening.

In response, the Chen Family also started to look for Grade 7 Elixirs. However, Da Qian had almost used up all of them and was unable to supply the Chen Family.

As for letting alchemists to refine a grade-7 aptitude pill, the Chen family currently did not have the face to do so.

It was not realistic to ask Deshun Commandery Prince for help. One or two pills were fine, but if he asked for more, Deshun Commandery Prince would not be able to do anything.

In this regard, the Chen family could only hope that Chen Die would be able to refine the Blood Absorption Pill as soon as possible. This way, the Chen family would not need to sell their smiles.

Speaking of which, this Chen Die was indeed impressive. In just seven years, she had already become a senior eighth grade alchemist.

He had also tried to refine the Blood Na Pill. Although he had failed, his understanding of the Blood Na Pill had increased.

It would probably not take long for Chen Die to refine the Blood Absorption Pill.

Compared to Chen Die, Chen Shou was a little weaker. Currently, he was only stabilizing his grade as a Primary Eighth Grade Weapons Craftsman.

He could only refine a low grade eighth grade spirit weapon. It was still somewhat difficult for a middle grade spirit weapon.

However, this was enough. The beast collar refined by Chen Shou was currently the most popular spirit weapon in Da Qian, earning the Chen Family a lot of spirit stones every year.

In addition, due to Yang Chen's plan to develop the remains, the Chen family had also produced many alchemy and refining apprentices in the past two years.

Among them, there were direct descendants and collateral descendants.

However, the branch family was in the majority. After all, there were many more people in the branch family than in the direct line.

Although the branch family disciples who became apothecary and artifact forging apprentices were still branch family disciples, they enjoyed the treatment of the direct line disciples and lived together with them.

This was also a necessary measure to ensure their loyalty.

Moreover, from the day they entered the ruins, the Chen family would not let them return to the Collateral Branch.

As for martial arts, the younger members of the Chen family had also improved.

Among them, Chen Yang's elder brother, Chen Dao, had improved the most because of the Blood Elixir bestowed by the Chen family a few years ago. He had successfully refined his bloodline and become a bloodline warrior.

At the same time, he had also successfully broken through to Meridian Opening three years ago, giving the Chen family an additional 100 points of clan luck.

As for the other martial artists of the same generation, they had also cultivated to the late stage of Qi Refinement. And the Dragon Cavalry Guards had two more demon generals on their fiery mane horses.

Overall, the Chen Family's combat strength was already comparable to the other Eighth-rank aristocratic families.

The only thing they lacked was the number of clansmen.

Yang Chen wasn't in a hurry. The Chen family had been established a long time ago, so it was normal for them to have a small number of people. After a hundred years, the number of people would definitely not be as large as it was now.

Back to the main topic.

After sorting out the clan's current improvements, the Dao Integration Pearl also provided the energy that could be absorbed every week.

"50 points of energy every week, not bad. "I've accumulated nearly 9,000 energy points so far. In a few months, I'll be able to nurture the Underworld Dragon to the Demon Venerable realm."

Putting away the Dao Integration Pearl, Yang Chen was still looking forward to the future.

With the Dao Integration Pearl, it would probably not take long for Chen Yang's subdued beasts to all advance to Demon Venerable.

At that time, the Chen Family could be called the number one eighth-rank family in Jiang Prefecture and even compete for the number one eighth-rank family in Da Qian.

"Dong dong dong..."

At this moment, someone knocked on Yang Chen's door.

"He's here."

Chen Yang put away the Dao Integration Pearl and opened the courtyard door. He found Chen Xuan looking at him anxiously.

"Great Elder, what happened?"

"Patriarch, Deshun Commandery Prince is here." Chen Xuan said.

"Who is it?" Chen Yang was surprised. "Master is here?"

Immediately, Chen Yang could not care less. He left Chen Xuan behind and headed to the reception hall.

In the reception hall, seeing the Deshun Commandery Prince leisurely drinking tea, Chen Yang quickly came to the side of the Deshun Commandery Prince. After the Deshun Commandery Prince put down the teacup, he poured a cup of tea for him.

After doing all this, Yang Chen asked, "I wonder if there's anything you need me to do in Chen City?"

“It’s nothing serious. I just wanted to inform you.

Half a year later, Da Qian will hold a national martial arts competition. Your Chen family must also pay attention and not miss it.”Deshun Commandery Prince said.

“National Martial Arts Competition?”” Why is there a National Martial Arts Competition?” Yang Chen asked.” I don’t remember Da Qian having such a competition before.””

H

It’s like this. The battle at the front has been going on for too long. It’s really delaying the development of both sides.”

“The Human Kings of both sides have decided to fight according to the cities and spirit stone mines that the two sides are fighting for.”

“This National Martial Arts Competition is for the purpose of selecting talents for this martial arts competition.”

“I see.” Chen Yang nodded.” It’s a pity. If it wasn’t for the flood, the Great Gan would have won this battle.”

Yang Chen was right. Da Qian was stronger than Da Kun.

Otherwise, the Da Qian king would not have taken the initiative to attack.

However, who would have thought that the flood that spread to the entire Jiang Prefecture would greatly delay the reinforcements from the Great Gan to the frontline?

One wrong step, one wrong step.

This caused the stronger Qian to be dragged into a prolonged battle by Great

Kun.

This was extremely disadvantageous to the development of both sides.

Because of this, the Human Kings of both sides decided to use the martial arts competition to decide who would be the winner.

However, Yang Chen didn't want to get involved. Couldn't he just stay in Chen City?

Seemingly able to read Chen Yang's mind, the Deshun Commandery Prince smiled and said, "Let me tell you, there are many benefits in this competition."

Yang Chen's interest was piqued. "What benefits?"

"As long as you enter the final list, you will be rewarded with three grade-7 aptitude pills."

"In the duel with Da Kun, as long as you win one round, you will be rewarded with ten Grade 7 Elixirs. If you win two rounds, you will be rewarded with a Grade 6 Elixirs."

"If you can win three rounds, then congratulations. The royal family will empty the national treasury and give you three Rank-6 Aptitude Pills." The Deshun Commandery Prince laughed.

Yang Chen's eyes widened. This was really someone giving him a pillow when he was dozing off.

"Master, do you have any requirements for the contestants?" Yang Chen asked.

"Both parties' requirement is that you must be under fifty years old." Deshun Commandery Prince said.

“Below fifty years old.” Yang Chen pondered for a moment and thought that he could go up. He immediately asked, “Are there any restrictions for beastmasters?”

Deshun Commandery Prince saw through Chen Yang’s thoughts and immediately said with a smile, “Beastmasters can only use their natal subdued beasts. But disciple, do you really plan to use them?”

“You should know that you are the Patriarch of an Eight-rank Aristocratic Family, and also a famous big shot. After all, participating in this kind of competition is a little embarrassing.”

Chen Yang heard this and held his chin. “There’s no other way. The Chen family is poor. They can’t afford a large number of Level Seven Elixirs.”

“Now that I finally have a chance to obtain a aptitude pill, I naturally have to seize it.”

“As for face, how many spirit stones can face be worth?”

Hearing Chen Yang’s words, the Deshun Commandery Prince patted Chen

Yang’s shoulder in satisfaction. “I’m glad that you think so.”

“You have to know how many geniuses and monstrous geniuses have lost their face in the end.”

“Alright, prepare well. The martial arts competition will begin in half a year. I still think highly of you.”

Then, the Deshun Prince left.

Yang Chen also had his own estimation.

With the temptation of the Aptitude Pill, he could not continue to hide even if he wanted to..

Chapter 179: Array Master Came to Submit and Received Secret News

Chen Cheng, Chen Family, in the meeting hall.

After listening to Chen Yang's explanation of the martial arts competition, Chen Xuan said worriedly, "Patriarch, wouldn't it be too eye-catching?"

If one had to say who knew Chen Yang the best, it could only be Chen Xuan.

Chen Xuan was afraid that Chen Yang would expose the secret that the two of them had always wanted to hide in order to pursue victory.

Chen Yang naturally knew Chen Xuan's worries. He smiled and shook his head. "Don't worry, First Elder. I know what I can and can't expose. I've already thought about it now."

Everyone was already familiar with this Mysterious Wind Wolf and Flashing Light Eagle, so it was naturally impossible for them to increase their strength.

The Fire Raven was sent over by Zhou Yingzhao, so it was naturally impossible to increase the Fire Raven's strength.

Then, the only thing left was...

"Is it an underworld dragon?" Chen Xuan tried to ask.

"That's right. Not many people in the clan know about the Underworld Dragon, let alone outsiders.

I told you that when I refined the Underworld Dragon, it was already a Demon Venerable. Others had to believe it even if they didn't want to."Yang Chen smiled.

When Chen Xuan saw this, he nodded in relief.

"Patriarch, who should we send out? It can't just be you, Patriarch."

"I've already thought it through. Let me and Old Ten fight in this competition."Yang Chen said.

Currently, only Chen Yang and Chen Xiao had a chance of winning the competition among those under the age of 50.

Chen Xuan nodded when he heard that." Chen Xiao is indeed more suitable. I can also take this opportunity to call Chen Xiao back to the family."

"He leaves his wife and children at home every day and goes to deal with the matters of the Demon-Slaying Hall. I even suspect that he is the only Mystique Rank Demon-Slaying Envoy in the Demon-Slaying Hall."

"Completing missions in the Demon Slaying Hall still has its benefits. Otherwise, how could Old Ten break through to the sixth level of Pulse Unsealing at the age of thirty-two?"

"This cultivation speed is considered one of the best even among the rank-7 forces."Yang Chen smiled.

Speaking of Chen Xiao, Chen Yang was quite satisfied.

The next person in the family to break through to the Core Formation realm would probably be this Chen Xiao, who was full of second-graders when he was young.

"Patriarch, do you think Chen Xiao can get a spot?"Chen Xuan asked again.

Yang Chen thought for a moment and said, "In the entire Da Qian Empire, including the members of the royal family, there are very few people who can break through to the Core Formation realm before the age of 50."

"The strength of the participants is basically concentrated between the seventh level of Meridian Unsealing to the peak of Meridian Unsealing. If they were lucky, they might be able to obtain a spot."

"That's good."

Since they had decided to participate in the competition half a year later, the Chen family naturally had to make preparations in advance.

Chen Xiao was transferred back home from the Demon Slaying Hall to search for some powerful cultivation techniques and demon beasts in the late stage of the Demon General Realm to make the final preparations.

Time flew by, and in the blink of an eye, a month had passed.

At the beginning of the next month, when Yang Chen was dealing with matters at home, Chen Ying suddenly came to the meeting hall.

"Shadow Guest, what's the matter?" Yang Chen looked at Chen Ying in confusion.

Chen Ying cupped his hands at Chen Yang, "Reporting to the family head, the Piercing Guard found a person in Chen City and came to report to you?"

"Found a person?" Yang Chen frowned slightly. Chen Ying was not someone who did not know his limits. Since he had specifically reported to him, this person must be extraordinary.

"Who did you find?" Yang Chen asked.

“Array Master Ling You.”

“Ling You?” Yang Chen suddenly stood up and took two steps before returning to his seat.” Order the Piercing Guard to secretly pay attention to Ling You’s movements.”

“Remember, you must hide well. Don’t pay too much attention to what Ling You is doing here.”

“Yes.” Chen Ying bowed slightly and disappeared.

After Chen Ying left, Chen Yang said leisurely,“”Why did Ling You come here?”

Chen City, the New town area. Looking at the smiles on the children’s faces, Ling You smiled in relief.” Only in Chen City can I comfort the wounds in my heart.”

At this point, Ling You laughed at himself.” No matter what, I, Ling You, am a famous array master in the Great Qian Dynasty. I didn’t expect to end up like this.”

“Fate is playing tricks on us, fate is playing tricks on us...”

As he spoke, Ling You entered the tavern and placed a few spirit stones on the table. The waiter immediately understood and brought a few glasses of spirit wine to Ling You.

At this moment, Ling You could not be bothered to taste it. He squatted down and shook the goblet slightly before drinking it in one gulp.

After drinking a few cups, Ling You became drunk.

Borrowing his drunkenness, Ling You looked at the spiritual wine that was constantly swirling in his cup due to his shaking and couldn’t help but laugh.”I didn’t expect this cup to have the effect of relieving my worries.”

Immediately, Ling You downed it in one gulp and wanted to order a few more cups.

However, at this moment, the attendant stepped forward to support Ling You. "Sir, you can't drink anymore. Although the spirit wine is good, don't be greedy."

"Although the spirit wine is good, don't be greedy." Ling You looked at the attendant with slightly red eyes. "Who taught you this?"

"It's Lord Chen Yang from the United States." The attendant smiled.

"Lord Chen Yang?" Ling You sighed slightly, "I hope that Lord Chen Yang will take me in as a stray dog on account of my help to Chen Cheng."

Then, Ling You stood up and left.

Chen Clan, in the meeting hall.

"Report, a person who claims to be Ling You requests an audience with the clan head." The guard reported.

Yang Chen put down the things he was doing and tidied up his clothes. Then, he sat on the chair and said, "Please."

"Yes, sir!"

Not long after, Ling You followed the guard to the meeting hall.

Chapter 180: Array Master Came to Submit and Received Secret News

Seeing this, Yang Chen quickly stood up to welcome him," Hahaha, why didn't Senior Ling inform me in advance that you were coming to Chen City?"

Ling You shook his head with a bitter smile." I'm a stray dog. I don't dare to expect the Chen Clan Head to treat me well. I only hope that the Chen Clan Head can take me in."

"Oh?" Yang Chen helped Ling You to a chair and asked,""Senior Ling, why do you say that?"

"Why do you say that?" Ling You raised his head and looked at the roof." I have been expelled from the sect by my teacher. My teacher has also given me a lockdown order, forbidding any faction from taking me in."

"Teacher? Lockdown order?" Yang Chen returned to his seat and asked,""Senior Ling, can you elaborate?"

"Since the Chen Clan Leader has asked, I will naturally tell you everything I know."

Ling You immediately told Yang Chen about his experience.

Ling You's master was the only Grade Six Array Master in the three nearby Dynasties. His status was obvious.

Although Ling You was from Da Qian and not from the dynasty his master was from, his master did not despise him and planned to teach him everything he knew.

This was originally a good thing. Ling You also lived up to his expectations. His progress could be said to be the fastest among this group of senior and junior brothers.

However, half a year ago, Ling You's master suddenly announced that he had expelled Ling You from the school and issued a lockdown order, forbidding other forces from accepting Ling You.

In response, Ling You was dumbfounded. Why was he expelled from the sect for no reason?

Ling You naturally wanted to find his master to ask for an explanation. Unfortunately, he was beaten out before he could even see him.

From then on, Ling You was like a stray dog. The other factions were afraid of Ling You's master, so no one dared to take him in.

This time, he ended up in Nanyang.

Remembering the city walls that he had strengthened with his own hands, Ling You felt emotional. He came to Chen City to see if the Chen Family was willing to accept him.

After listening to Ling You's story, Yang Chen couldn't help but ask, "Senior Ling, please forgive my rudeness, but why did your master expel you from the sect?"

"You might not believe it, but my master has long wanted to expel me from the sect." Ling You laughed bitterly.

"Oh? Why do you say that?"

"Everyone says that my master doesn't have a single style when it comes to accepting disciples. Bullshit! He only values the disciples of his own dynasty. To outsiders like us, the only purpose is to motivate his disciples from his own hometown!"

At this point, Ling You was obviously a little excited. The hand holding the teacup trembled with anger. "If he hadn't taught me a skill, I would definitely have exposed his true colors!"

Catfish effect.

Yang Chen had this thought.

If what Ling You said was true, then this master was a little unorthodox. To outsiders, he only played the role of encouraging the disciples of his hometown.

This was a little unfair to disciples from other dynasties.

“Then Senior Ling, how did you find out? Why didn’t your master allow you to motivate your disciples in your hometown? You have to know that you are the most talented among them.”

“If I use you to motivate them, wouldn’t they be stronger than the disciples of other empires?” Yang Chen asked.

“These two questions have a common answer.”

At this point, Ling You took out a stone.

Seeing this stone, Yang Chen blurted out, “Photographic stone?”

“No, it’s not a Shadow Stone. It was just that it was more similar to the photographic stone. The real name of this stone was the photographic crystal.” Ling You explained.

“Shadow Crystal? It sounded even more advanced than a photographic stone.” Yang Chen smiled.

“It’s indeed of a higher grade than the Photostone.” “The images that can be recorded with this Photographic Crystal are much clearer than the Photographic Stone.”

“At the same time, the photographic stone can only record a short period of time, while the photographic crystal can record at least four hours.”

“In addition, the sound recorded by the photographic crystal is also clearer than the photographic stone.”

“The most important point is that the Photostone is naturally formed, while the Photocrystal is made by a formation master. Chen Clan Leader, do you know how to make a video crystal?”

“I’d like to hear the details,” said Chen Yang with a smile.

Ling You played with the Photographic Crystal and smiled, “The original name of the Shadow Crystal is called the Jade Spirit Crystal. It is a rather popular ornament.”

“If you carve a grade seven formation, the Spiritual Jade Crystal will transform into a Mirage Crystal, and its effect will be even stronger than the Mirage Stone.”

When he said this, Ling You laughed at himself and continued, “I was expelled from the sect, and the last array I learned was this Shadow Array Array.”

“Perhaps my master didn’t expect that I would be able to master this formation so quickly. In order to show off to master, I left the video crystal in master’s room and learned of this secret.”

After my master found out, he expelled me from the school.”

After hearing Ling You’s words, Yang Chen nodded.

It seemed that Ling You was a victim. However, no one knew the truth. After all, Ling You’s words were somewhat contradictory.

If he had known the reason why his master had expelled him, why would he have to barge in again?

According to Yang Chen’s estimation, Ling You might want to use this to blackmail his master.

In other words, the secret that Ling You discovered was not as simple as his master using them as catfish.

Of course, only Ling You and his master knew the exact truth.

Seeing that Yang Chen was silent for a long time, Ling You couldn't help but ask, "Master Chen, can't you take me in?"

"What are you talking about? Senior Ling has done a great favor to my Chen Clan. Now that he is in trouble, my Chen Clan naturally has to lend a helping hand."

"However..."

When Ling You saw this, he said somewhat dejectedly, "Is the Chen Clan Head afraid of my master's lockdown order?"

"Of course not, but Senior Ling, your words are contradictory, and I can't help but doubt the authenticity of your words."

Chen Yang looked straight at Ling You, "I want to know the real answer. Senior Ling, I hope you can tell me the truth."

When Ling You heard this, he revealed a struggling expression, as if he was fighting something.

Ling You couldn't help but think of the smiling faces of the people in the New town area. He gritted his teeth and said, "Chen Clan Leader, are you sure no one is eavesdropping on you?"

"Naturally." Yang Chen's expression turned serious. Ling You was probably going to tell the truth.

Seeing this, Ling You closed the door of the meeting hall and then activated the video crystal.

Immediately, a painting scroll was slowly pulled open.

In the painting, Ling You's master was refining the blood essence of a

17-year-old woman!

“Evil Practitioner!”

Yang Chen stood up abruptly and looked at Ling You in disbelief.

When Ling You saw this, his face turned pale as he smiled and said, “You didn’t expect it, did you? A dignified sixth-grade array master, the person who everyone calls Array King, is actually a heretic cultivator.”

“Master Chen, do you know how devastated I was when I found out about this result?”

“Why didn’t you tell everyone? Evil cultivators are the greatest enemies of the human race!” Yang Chen said with a cold expression.

“I was raised by my master since I was young. Master is no different from a father to me.” Ling You said dejectedly.

“Chen Clan Leader, will you report your father?”

Yang Chen was silent. He couldn’t answer this question. It was reasonable to put righteousness above family. However, no one could bear to part with it.

“I also wanted to persuade Master to repent and be saved. Unfortunately, in exchange, I was chased out of the sect like a stray dog.”

“On one side is a father-like master, and on the other side is the righteousness of the human race. I don’t know what I should do!”

Ling You was clearly on the verge of breaking down. He started to spout nonsense. “How I wish I didn’t know about this.”

“Or rather, my master has long pulled me into the evil cultivator camp. This way, I can die together, and I don’t have to be so conflicted!”

Yang Chen could tell that Ling You still had the righteousness of the Human Race in his heart. Otherwise, he would not have told Yang Chen about this matter.

On the other hand, Ling You did not want his master to be criticized by everyone. He would not be able to die in peace.

“Senior Ling, let’s take our time to deal with this matter. How about this, since Senior Ling has come to join our Chen Clan, our Chen Clan is naturally willing to receive him.”

“From today onwards, Senior Ling, you are a guest of my Chen Clan.” Yang Chen smiled.

“Thank you, Patriarch. Is there anything you need me to do?” Ling You asked.

Yang Chen thought for a moment, then smiled and said, “There’s really one thing. I plan to let Senior Ling produce a movie..”
