

## Tamer Family 181

### Chapter 181: The True Secret

"Movies? What's that?" Ling You asked in puzzlement.

"Honorable Guest Ling, do you know Chen Cheng's play?" Yang Chen asked with a smile."

"I know. Chen Cheng's play is famous far and wide. Even the descendants of the royal family of Da Qian have come to watch it."Ling You nodded.

"This so-called film and television drama is to record the drama with a photographic stone and watch it anytime and anywhere."

"With the Photostone, we don't have to worry about any unexpected situations. We can show the perfect performance to the people of Chen City."Yang Chen explained.

Hearing Yang Chen's explanation, Ling You nodded." I see. I have some clues.""

"How about this, Honorable Guest Ling, you can relax and focus on producing the first movie."Yang Chen smiled.

Ling You took a deep breath and nodded." I understand.""

Then, Ling You stood up and left, leaving the Photostone in Yang Chen's hands.

Looking at the Photostone in his hand, Yang Chen said to the door,""Ask the First Elder to come over."

"Yes."

Not long after, Chen Xuan came to the meeting hall."

“Grand Elder, Ling You has joined our Chen Clan.” Yang Chen said lightly.

“Ling You, that formation master Ling You?” “Really?” Chen Xuan said excitedly. “If Ling You really joins our Chen family, then our Chen family will not be inferior to a Rank-7 force in some aspects!”

Seeing that Chen Xuan was so happy, Chen Yang took a deep breath and activated the video stone. “First Elder, take a look at the scene inside first.”

Chen Xuan looked at the screen in confusion. After watching it, Chen Xuan said angrily, “Sorcerers! Master, who is this person? We must get rid of him as soon as possible!”

“This is Master Ling You.”

“Master Ling You?” Chen Xuan frowned and said, “Patriarch, what’s going on?”

Immediately, Chen Yang told Chen Xuan everything.

After Chen Xuan heard this, he frowned and said, “Patriarch, how much of what Ling You said do you think is true?”

“I don’t have a girlfriend,” Yang Chen shook his head. “But I know that Master Ling You is indeed a heretic practitioner. After all, there are records of him using the Image Crystal. If he fakes it, others will be able to tell at a glance.”

This world was unlike his previous life where he could rely on editing to spread rumors.

Once the video was recorded down, it was a sure thing.

After hearing Chen Yang’s words, Chen Xuan was silent for a moment before asking, “Patriarch, what do you plan to do?”

“I plan to tell Master about this and ask him to handle it.” Yang Chen said.

“This is the safest way to deal with it at the moment. However, since Ling You found out that his master was a heretic practitioner, why didn’t his master eliminate him by the roots?” Chen Xuan asked.

“This is also something I suspect.” Yang Chen looked outside the door. “Sorcerers are heartless beings. How could they let Ling You off because of the relationship between master and disciple?”

“But the video crystal also says that his master is definitely a heretic practitioner. This can’t be faked.”

Chen Xuan thought for a moment and guessed, “Could it be that Ling You has something that belongs to his master? This thing is so important that his master would rather expose himself than kill Ling You.”

“It’s not that there’s no such possibility, but I’m afraid our Honorable Guest Ling is unwilling to tell us.” Yang Chen narrowed his eyes.

Chen Yang was thinking about what could make Ling You’s master willing to bear the risk of exposing himself to let Ling You go.

“Could it be a restriction from the Heaven and Earth Oath? If Ling You’s master had made a Heaven and Earth Oath that he would not harm Ling You, then he naturally could not kill Ling You.” Chen Xuan guessed.

“Probably not.” Yang Chen explained, “Even if he made a Heaven and Earth Oath, he could still order others to kill Ling You.”

“If it really is a restriction of the Great Oath of Heaven and Earth, it should be to protect Ling You.”

“Protect Ling You? From the looks of it, this was indeed a more convincing guess.” Chen Xuan said.

The two of them were silent for a moment. Then, Yang Chen took a deep breath.” Forget it, why are you thinking so much? We’ll find out sooner or later anyway.””

“The most important thing now is to give this video crystal to master and ask him to deal with it.”

“But is Honored Guest Ling willing?” Chen Xuan looked at Chen Yang.

“If he wasn’t willing, he wouldn’t have told me about it, much less left the Photographic Crystal here.” Yang Chen smiled.”

“Since that’s the case, let’s do as the clan head says.”

Immediately, Yang Chen rode the winged tiger and flew towards Yi City.

Looking at Yang Chen’s gradually disappearing back, Ling You sighed faintly,” Master, don’t blame me. I also want to protect you, but you just want to be stubborn.””

“In order to protect the Ling Family’s legacy, please forgive this disciple for being unfilial.”

Ling You had always had a secret in his heart. This secret was that his master’s inheritance came from Ling You’s grandfather.

Ling You’s grandfather was an array master outside the Endless Mountain Range. He brought Ling You and fled to Da Qian.

In order to ensure Ling You’s safety, Ling You’s grandfather, who was already heavily injured and did not have much time left, passed his inheritance to a seventh grade array master.

He also requested that the array master swear an oath to ensure Ling You’s safety in the future.

That grade seven array master did not even think before he made this Heaven and Earth Oath.

After Ling You's grandfather passed away, that grade seven formation master treated Ling You as his own and would definitely impart all his abilities to Ling You.

Looking at the sky, Ling You could not help but sigh. "Master, oh Master, why did you join the evil cultivators?"

"The Ling Family's inheritance is one of the best in the Eastern Sun Region. Why can't it satisfy you?"

What Ling You did not know was that in a mysterious place in the Great Chu Dynasty between Great Qian and Great Kun, his master was coldly looking at the black-robed man before him.

"I've said it before, I've sworn a Heaven and Earth Oath to ensure Ling You's safety. You can't touch him."

"Can't touch him? Then do you know that our secret might be leaked because of him!"

"If it leaks out, I can still live, but once the oath is made, I'll definitely die!"

When the black-robed man saw this, a Ghost King appeared behind him. "Zheng Qiu, don't forget who saved your life back then!"

"Humph! Sorcerers still need to care about friendship? I'm telling you, as long as I'm still alive, you can't touch Ling You."

When the black-robed man heard this, he put away the evil spirit behind him. "Forget it. It wasn't easy for the sect to nurture a sixth-grade array master like you. If you're exposed, so be it. We won't touch Ling You."

"However, I also hope that you can consider the good of the sect and hand over your inheritance."

"Don't worry, when the time comes, I will naturally hand it over." Zheng Qiu sneered.

The man in black turned around and left.

Zheng Qiu sighed faintly." My dear disciple, you have to quickly tell everyone about this. Don't think about the relationship between master and disciple."

"Whether I can take revenge or not depends on you."

"Ruthless evil cultivators? Hahaha... That might not be the case." At this point, a tear fell from the corner of Zheng Qiu's eyes..

Chapter 182: The Story of Zheng Qiu, the Underworld Dragon Becomes a Demon Venerable

Yi City, Deshun County Prince's Mansion.

After looking at the Photographic Crystal that Chen Yang handed over, the Deshun Commandery Prince was silent for a moment before saying,""Who knows about this?"

"Other than Ling You, me, and my Grand Elder, no one else knows.'Yang Chen said.

"That's good." The Deshun Commandery Prince breathed a sigh of relief." I'm just afraid that this matter will be known by everyone. At that time, we won't be able to launch a sneak attack on them."

"Sneak attack? Since the Sorcerers had already discovered that they had been exposed, how could they nor make use of the time to retreat and give us time to launch a sneak attack?"Yang Chen asked.

Seeing this, the Deshun Commandery Prince patted Chen Yang's shoulder." Disciple, let me ask you. You killed a disciple of the royal family and might be exposed. But are you willing to give up Chen City and leave immediately?"

Yang Chen thought for a moment. To be fair, unless a knife was placed on his neck, it would be difficult for him to part with this family business.

“Right? You can’t bear to do it either. And the evil cultivators were even more arrogant, so it was certain that they had made preparations. But as long as the knife was not on their necks, they would not retreat. “Deshun Commandery Prince said.

Seeing this, Yang Chen took a deep breath.” In that case, I’ll leave this matter to Master.””

Yang Chen didn’t plan to get involved at all. Who knew if there would be any danger? It was better to hide and wait until he became stronger.

“Mm, you should go back and prepare for the martial arts competition.”

“Yes, I’ll take my leave.”

Five months later, in Chen City.

“Extra! Extra! Chen Cheng’s first movie,” Chen Chengren”, was officially released. The ticket price was only three thousand gold coins. Hurry up and take a look.”

“Extra, extra...”

Listening to the screams of the paperboy on the street, the Chen City citizens were interested. Movies? What new thing was this?

With curiosity, many people walked into the cinema and then...

“Oh my god! What kind of yao art was this? How could it put a person into this small rock!”

“Don’t talk nonsense, that’s a photographic crystal, it can record everything that happened.”

“Record it down? You mean that this was recorded by the Chen family when the demon wave attacked the city more than ten years ago.”

“Even if you think about it, you know that’s impossible. I think it should be similar to a play, with actors acting it out for us to see.”

“It’s just that the play is performed live for us to watch, while this movie should be shown to us after the performance.”

“That makes sense, that makes sense.”

Ling You, who was standing at the side, saw the happy smiles of the citizens of Chen City because of the movie he had made. Even Ling You himself could not help but laugh.

The five months he had spent in Chen City were probably the happiest five months since he was expelled from the sect.

“I don’t know how Master is doing. It’s been five months.”Ling You muttered.

Five months ago, after Yang Chen had returned from Yi City, Ling You had specifically gone to look for Yang Chen.

Chen Yang’s answer was that he would leave the matter to Deshun Commandery Prince to handle. He did not know the exact situation.

In response, Ling You could only suppress the throbbing in his heart and temporarily shift his attention to the movie.

Now that the production of the movie was over, Ling You’s thoughts naturally became active.

“Honored Guest Ling, the family head invites you over.”Right at this moment, a guard came to Ling You’s side and said respectfully.

Seeing this, Ling You nodded.” I understand. I’ll go over immediately.””

Immediately, Ling You glanced at the smile on Chen Chengren's face, then turned around and left, heading to the Chen Clan's meeting hall.

Chen Clan, in the meeting hall.

"Patriarch, are you looking for a great being?" After entering the meeting hall, Ling You asked.

Yang Chen nodded and gestured for Ling You to sit down. After Ling You sat down, Yang Chen explained the reason, "The operation against your master has come to an end."

"How's the situation?" Ling You instantly became nervous.

"We will severely injure the Evil Ghost Sect that your master is in. As for your master... You should see for yourself."

Then, Yang Chen handed Ling You a Photostone.

Ling You took the video stone in confusion and injected spiritual energy into it. A black and white screen of light appeared in front of Ling You.

On the screen, Zheng Qiu's figure slowly appeared.

"Disciple, by the time you see this video, I should be dead."

"You might be wondering why Master would want to join Evil Sect for no reason? Actually, this was because of a mistake that his master had made 300 years ago."

"I was also a genius back then. I was young and frivolous, and I liked to uphold justice. I remember back then, I saw a disciple of a family chasing after a weak woman."

“At that time, I was so angry that I killed that disciple.”

“But I didn’t know that it was all a misunderstanding. That weak girl was a disciple of Evil Sect’s Ghost Fiend Sect. Her hands were stained with the blood of countless people.”

“Because I killed the disciples of the aristocratic families, I was chased by them. I knew that I had made a big mistake, so I planned to commit suicide by jumping off the cliff.”

“But who would have thought that when I fell off the cliff, I didn’t fall to my death. Instead, I was saved by someone. That person was your master’s wife.”

“At that time, I thought that I should just live in seclusion in the mountains and roam freely for the rest of my life.”

“However, I only found out later that your master’s wife was from the Ghost Fiend Sect. The reason why she saved me was because I saved her compatriots.”

At this point, a bitter smile appeared on Zheng Qiu’s face, as if he was mocking his own stupidity.

“You should have guessed what happened next. Because my talent is not bad and I am a Grade Nine Array Master, the Ghost Fiend Sect invited me to join them.”

Chapter 183: The Story of Zheng Qiu, the Underworld

Dragon Becomes a Demon Venerable

“Of course I wasn’t willing, but I couldn’t do anything about your master’s wife’s death, so I had no choice but to join the evil cultivators.”

Ling You understood. It turned out that his master had long joined the evil cultivators, and he did not join voluntarily.

“After joining the Ghost Fiend Sect, I didn’t cultivate any evil cultivation techniques. After all, I still had some chivalrous spirit at that time.”

“My aptitude for array formations is even higher than my aptitude for martial arts. When those evil cultivators saw this, they did not force me.”

“I originally thought that my life would end just like this. However, I did not expect...” At this point, Zheng Ming clenched his fists tightly as a tear rolled down from the corner of his eye.

When Ling You saw this, his heart tensed up. Looks like there must be a reason why his master became like this.

“Three years after I joined the Ghost Fiend Sect, my daughter was born. I still remember the smile on her face at that time.”

“At that time, I thought that no matter what, I had to send my daughter out. I definitely couldn’t let her have anything to do with the Sorcerers.”

“I originally thought that with my status as an eighth grade formation master, it would be easy for me to send a child out.”

“But I didn’t expect that my daughter had a bloodline that the evil cultivators called the Holy Maiden Bloodline.”

“You probably haven’t heard of this bloodline before. However, if you put it another way, you’ll know that this saintess bloodline is also known as the Nine Yin Mystic Body.”

“Nine Yin Profound Body!” Ling You widened his eyes.

This was a low-grade spirit vein bloodline, equivalent to a fifth-grade aptitude existence. As long as he did not die in the future, it was only a matter of time before he became a mighty figure.

Moreover, unlike ordinary bloodlines, the Nine Yin Profound Body was extremely difficult to produce. It couldn't even be inherited. It could only be given by a specific method.

This method was to surround the mother with Yin Qi at all times when she was pregnant with the child.

And in this world, there was nothing more powerful than the blood essence and Yin Qi of a seventeen-year-old girl.

This also meant that the heretic practitioners could theoretically mass-produce the Nine Yin Profound Body.

However, this was only in theory. In reality, there were very few Nine Yin Mysterious Bodies created by evil cultivators.

This was because the birth method of the Nine Yin Profound Body was too harsh. It was constantly surrounded by Yin Qi, and the chances of a child surviving was one in a hundred thousand.

If he survived, the probability of successfully obtaining the Nine Yin Profound Body was still one in a hundred thousand.

Just based on the difficulty of birth, the Nine Yin Profound Body was probably the most difficult existence among the spirit meridians.

Ling You had some guesses. Could it be that Master's daughter had become Evil Sect's Holy Maiden and Master had no other choice, which was why he had become like this?

"After knowing that my daughter has the Nine Yin Profound Body, the Malevolent Ghost Sect will definitely not let my daughter leave."

“In the end, I compromised. I originally thought that my daughter’s aptitude was so good that she would definitely be treated as the legendary saintess.”

“In this way, even if they are evil cultivators, they can live a few hundred years longer than ordinary people.”

“And that’s exactly what the Sinister Ghost Sect did. They didn’t let my daughter learn the Sinister Ghost Sect’s cultivation method, but instead let her learn that Yin attribute cultivation method.”

“From the looks of it, it looks like they are training experts for the Ghost Fiend Sect.”

“But after my daughter turned eighteen, I realized how childish I was. That day, my daughter was taken away by the Ghost Fiend Sect and never came back.”

“The sect master of the Malevolent Ghost Sect now has a Nine Yin Ghost King, and his strength has increased by another level.”

“It was only then that I realized that the Grandmaster of the Malevolent Ghost Sect had already planned to do so. He had been secretly cultivating the Nine Yin Profound Body for hundreds of years.”

“My daughter, unfortunately, has the Nine Yin Profound Body.”

” The funniest thing is that your master’s wife, the mother of my daughter, felt very honored by this. Because of this, she was rewarded by the Ghost Ghost Sect and became one of the big shots of the Ghost Ghost Sect.”

“Tell me, isn’t this ironic? Hahahaha...”

At this point, Zheng Qiu was already on the verge of breaking down. She said nonsense, “I’m just a good-for-nothing who only knows how to compromise!” “If I had been ruthless and killed your master’s wife, this wouldn’t have happened.”

“Perhaps when I committed suicide, I chose a more direct method, and this wouldn’t have happened!”

“I don’t blame your master’s wife, because I know that the instigator of all this is this damned Ghost Fiend Sect!”

“From that day onwards, I began to plan to destroy the Ghost Fiend Sect. “For this, I didn’t hesitate to be criticized by thousands of people and joined the Ghost Fiend Sect.”

“You should know what happened after that. I met your grandfather and received the inheritance from him.”

“My strength and array formation skills soared, and I became the number one array master of the Ghost Fiend Sect.”

“Even the sect master of the Guyfiend Sect, in order to protect me, set up a base next to my mansion.”

“A year ago, something went wrong with the Ghost Fiend Sect’s Sect Master’s cultivation. I knew that it was time to carry out the plan, so I deliberately let you know that I was a heretic cultivator so that you could tell everyone.”

“I believe that with me holding back the Ghost Fiend Sect, this plan will definitely succeed.”

“I’m sorry, old sir. I can’t protect you anymore. I left the old sir’s inheritance in the jade slip. You should know how to open it.”

“I hope that when I die, the entire Ghost Fiend Sect will be buried with me. Hahaha...”

After reading the contents of the screen, Ling You remained silent for a long time before asking, “Patriarch, has the Ghost Fiend Sect been destroyed?”

“No, the sect leader of the Ghost Sect left half a year ago. On the other hand, the other forces of the Ghost Fiend Sect were all left behind due to Zheng Qiu’s delay and were all eliminated by the experts.”Yang Chen said.

When Ling You heard this, his eyes turned scarlet as he looked at Chen Yang,” You mean, the main culprit, the sect master of the Ghost Fiend Sect, has escaped?”

“There’s nothing we can do about it. After all, that sect master doesn’t look like a heretic practitioner at all. He’s very cautious in his actions.”Yang Chen explained.

Hearing this, Ling You took a deep breath and slowly said,”Patriarch, I can serve the Chen family for life and do my best for the Chen family.”

“I only hope that one day, when the Chen clan becomes powerful, they will be able to help me destroy the Guimo Sect.”

“Don’t worry, everyone has the right to kill evil cultivators!”Yang Chen said seriously.

Hearing this, Ling You nodded his head in relief. After which, he left the meeting hall with a sonorous sound.

After Ling You left, Chen Xuan walked to Chen Yang’s side.” Family Head, I have a question. Why didn’t Zheng Qiu contact the other experts directly? Instead, he went around in such a big circle?”

“Because Zheng Qiu is a sixth-grade array master, his every move will definitely be under the surveillance of the Ghost Fiend Sect. If we want to complete his plan, we will definitely have to use other methods.”Yang Chen said.

Chen Xuan sighed.” Sigh, in the end, Zheng Qiu has a tough life. In order to take revenge, he was willing to submit to the Ghost Fiend Sect.”

“Although he killed many people, he still managed to hold back a large number of experts from the Ghost Fiend Sect before he died and severely injured the sect.”

“Consider it a slight forgiveness of your sins. Right and wrong, merits and demerits, leave it to future generations to judge.”

Yang Chen nodded.” In the end, this is all the evil cultivators’ fault. When our Chen family becomes strong, we will definitely eliminate all evil cultivators!” “Right, Grand Elder, give this jade slip to Ling You. This was left behind by his master, so it’s not good for others to take it.”

After settling Ling You’s affairs, Yang Chen went to his own courtyard.

After dispersing the people around him, Yang Chen released the Underworld Dragon.

Now that the energy in the Dao Integration Pearl had accumulated to 10,000, it was time to push the Underworld Dragon to the Demon Venerable realm.

Chen Yang stroked the Earth Dragon’s mane as he mobilized the energy in the Dao Integration Pearl. Following Yang Chen’s command, a surge of pure energy surged into the Earth Dragon’s body, rapidly strengthening its cultivation.

“Roar!”

The Underworld Dragon let out a low growl and endured the pain as it accepted the transformation of the Dao Integration Pearl.

After about ten minutes, the transformation was completed. The Underworld Dragon’s body had also grown to ten meters long, and its strength had also reached the Demon Venerable realm.

Looking at the majestic Underworld Dragon, Yang Chen couldn’t help but say, “After my underworld dragon is exposed, I can ride it and hurry on my way.”

“Isn’t this ride more domineering than a winged tiger?”

Putting this change of heart aside, after the Underworld Dragon advanced to the Demon Venerable realm, it was time to head to the ruins and receive all the inheritance..

Chapter 184: Rules in the Ruins, Everyone Heading to the Capital

Endless Mountain Range, inside the Paradise.

Glancing at Chen Yang, who was walking into the beastmaster assessment courtyard, the giant moth pondered, "Strange, this guy is so steady, he doesn't have any enemies?"

"Oh no, if he doesn't have any enemies, how can he ask me for help? If he doesn't ask for my help, when will I be able to leave with his family?"

"Dammit, why didn't I swear a Heaven-Earth Oath? I could've just washed myself with dragon blood. Why did I have to swear a Bloodline Oath?"

"Yes, I won't die even if I break my oath. It seems like it's for my own good. In fact, once the bloodline oath was made, my strength would instantly disappear. I might as well die."

"This Old Man Li even hypocritically told me that he could let me move around within 10,000 miles of the remains, saying that I could relax."

"Pah! How could he relax in this godforsaken place?"

"Forget it, forget it. Be patient. We have waited for so many years. It is not a big deal to wait for another one to two thousand years..."

In the courtyard of the beastmaster inheritance, Chen Yang walked to the main room and said, "I've nurtured the Underworld Dragon to the Demon Venerable realm and specially came to receive all the inheritances."

“Please release the underworld dragon.” The mechanical female voice entered Yang Chen’s ears.

Hearing this, Yang Chen opened his Beast Taming Bag and released the Hell Dragon into the courtyard.

“Congratulations, you’ve passed all of Liu Zheng’s beastmaster tests. Please accept your reward.”

As soon as he finished speaking, the wall of the main room was pulled open, and two jade slips and a jade pendant fell onto the table.

Yang Chen picked up the jade slip and the jade pendant in confusion. He knew that the jade slip should contain some knowledge and training methods about demon beasts, but what was the jade pendant for?

The doubts did not last long before the mechanical voice gave an answer.

“This jade slip records Beastmaster Liu Zheng’s lifetime comprehension of demonic beasts and nurturing methods. As for the jade pendant, you can check the rewards for all the beastmaster assessments in the first stage.”

“At the same time, this jade pendant is also one of the keys to the inheritance of the highest beastmaster.”

“Check the rewards? The key?” Yang Chen frowned and asked, “How do I check the rewards of the other inheritances? Then where is the highest inheritance?”

“Inject your spiritual energy into the jade pendant and you can see the rewards of the first level. As for the highest inheritance, one had to pass all the tests before they could check the location.” The mechanical female voice said.

Following the robotic female voice’s instructions, Yang Chen injected his spiritual energy into the jade pendant.

Not long after, the jade pendant emitted a blue light, forming a blue light screen in front of Yang Chen.

On the screen, the location of the first round of beastmaster inheritances was marked. Below it was written the reward for clearing the round.

Yang Chen glanced over and realized that the subdued beasts rewarded by these legacies were much worse than Liu Zheng's.

Alright, the final round would only reward a Demon Venerable.

Basically, they were all demon beasts at the peak of the demon general realm. Some of them were even demon beasts that could only grow to the intermediate demon general realm.

Seeing this, Chen Yang had a guess in his heart, 'Could it be that Liu Zheng is the most valuable beastmaster in this circle of beastmaster inheritances, so he was rewarded with this jade pendant?'

"According to the mechanical female voice, this jade pendant is related to a supreme inheritance.

Could it be said that only by passing through the beastmaster inheritance with the best inheritance in each circle could one obtain the jade pendant and know the highest inheritance?"

The more Yang Chen thought about it, the more he felt that this was the case.

Moreover, if he thought about it, could it be that other inheritances also had such a jade pendant that was related to the highest reward?

"If that's the case, then how do we know in advance which inheritance is the best? After all, his energy was limited, and he couldn't try them one by one."

Just as Yang Chen had this thought, the jade pendant suddenly flashed with a red light. At the same time, in the second circle of inheritance, a courtyard also emitted a red light.

Seeing this, Chen Yang was delighted, 'Could it be that the courtyard is the best beastmaster legacy in the second circle?'

"Unfortunately, I haven't finished receiving the first round, so I can't go to the second round."

"However, it's not like I've gained nothing. At the very least, after knowing this rule, I can be more daring in developing the inheritance."

Yang Chen had always thought that all inheritances were as difficult as his own. That was why he had acted cautiously and strived to select the best clansmen to receive the inheritance.

After all, if they failed to complete the mission, the Chen family would not be able to find such a precious demon beast.

But now, it seemed that there was no need to be nervous.

After all, the reward was weak, which meant that the requirements for clearing the level were low. In addition, the Chen family had a lot of resources, so it was difficult to fail.

Immediately, Chen Yang put away the Underworld Dragon and rode the winged tiger towards Chen Cheng.

Chen Clan, in the meeting hall.

Yang Chen told the elders about what had happened in the relic and said, "Elders, it seems that we can develop the ruins without worry."

"I suggest that all the direct disciples receive a beastmaster legacy. As for the difficulty, choose one with the highest reward of a peak-stage demon general demonic beast."

“As for the weaker ones, they can be handed over to the genius disciples of the branch families. Even better, he could only choose to accept them after the Chen family was confident that they could complete the assessment.”

After hearing Chen Yang’s words, the elders looked at Chen Xuan. According to tradition, Chen Xuan had to speak on behalf of the elders.

Chen Xuan saw that the elders were looking at him, so he stood up and said, “Patriarch, I agree with you.”

“We also agree.” The elders stood up and agreed..

Chapter 185: Rules in the Ruins, Everyone Heading to the

Capital

“Alright, since that’s the case, let’s receive the inheritance in batches.”

In the following period of time, the Chen family accepted the inheritance in an orderly manner. Just as Yang Chen had guessed, the requirements were much lower than Yang Chen’s.

For example, in the first round, everyone trained their demonic beasts to become demon generals.

However, these ordinary inheritances required 20 years, while Chen Yang only needed 10 years.

When the Chen family received the inheritance in batches, the Jiangzhou qualifiers for the National Martial Arts Competition officially began.

After all, it was impossible for all the participants to go to the capital to compete. That would squeeze the capital to the point of bursting.

Before the start of the competition, every state would have to first select twenty martial arts geniuses to head to the capital to participate in the final selection.

Although it was a preliminary selection, there were still rewards.

As long as they passed the selection, everyone would be rewarded with a bottle of Meridian Invigorating Pills.

This reward was nothing to the Chen family, a large family with a large business. However, it was extremely precious to individual cultivators and ordinary sect disciples.

The royal family wanted to tell the hidden geniuses of Da Qian that as long as they were willing to fight for Da Qian, Da Qian would not owe them anything.

Yi City.

For the sake of this selection, Da Qian had mobilized all of Yi City's Martial Arts Practice Grounds to hold the arena battle.

In order to save time and increase the difficulty, each arena was only ten meters wide. If one was not careful, they would fall off the arena.

There were benefits to doing so. At the very least, each training field could build nearly a hundred arenas.

Apart from the strong ones, most of the geniuses who were selected at the same time had their own unique skills.

Yi City Martial Arts Practice Field, on a certain arena.

The Meng family disciple looked at the handsome figure in front of him, and the corners of his mouth twitched." Chen Clan Leader, with your status, aren't you bullying the weak by competing with us for this spot?"

"You're welcome." Yang Chen smiled and shook his head." I'm only in my thirties, younger than you."

When the Meng family disciple heard this, the corners of his mouth twitched.

Yes, thank you for your reminder.

If you hadn't mentioned it, I would have forgotten. You're only in your thirties, but you're still young. But can you explain how you reached the Core Formation realm in your thirties?

Also, is the winged tiger behind you serious? Do you really need such a big formation to deal with a small character like me?

Knowing that they could not win, the Meng family disciple bowed to Chen Yang and said to the referee,"I admit defeat."

"Sigh, another victory without a fight."Yang Chen sighed.

In fact, this wasn't a coincidence. When the contestants saw that their opponent was Yang Chen, they didn't even want to fight.

Setting aside his age and subdued beasts, Yang Chen's strength alone was not something they could deal with.

Six years ago, he had already broken through to the Core Formation stage. Now, six years had passed. With Yang Chen's talent, who knew how far he had cultivated.

This situation of admitting defeat continued until the moment the other party heard Yang Chen's name, he didn't even go on stage and directly admitted defeat.

It was called not wasting time and making room for others.

Just like that, Yang Chen successfully stayed in the list of twenty players and became the first player to rest.

In the VIP seats, Sect Master Wang Hu first glanced at Wang Xiao beside him, then smiled at Chen Yang." Clan Master Chen, do you think my Beast Tamer Sect's disciple will win, or do you think your tenth brother will win?"

"Needless to say, the Chen family head naturally supports his family." Chen Yang didn't even have the chance to speak before Wang Xiao, who was standing at the side, spoke up.

When Wang Hu heard this, his expression turned cold. Then, he pretended to communicate normally." That's not necessarily true. After all, the Chen Clan Leader is a demon of the current era. Naturally, he would not be bothered to protect his own family."

Seeing this, Yang Chen was delighted. It seemed that the two brothers had already reached a stalemate and didn't even bother to put on a show.

From the looks of it, it was only a matter of time before they went all out.

Once the two sides went all out, the Chen family would definitely be able to obtain a lot of benefits from it.

However, no matter how happy he was in his heart, Yang Chen pretended to protect the friendship between the two brothers on the surface." This result has not appeared yet, so I don't dare to make a rash judgment in front of the two of you."

"Since the Chen Clan Leader is unwilling to express his opinion, I won't force him. We'll know once we continue watching." Wang Hu laughed.

On the stage, Chen Xiao's figure flashed, and the spirit sword in his hand flashed, dodging the opponent's subdued beast's attack and heading straight for him.

In just a few moves, the spiritual sword was placed on the opponent's neck.

The Beast Tamer Sect disciple saw this and said in confusion, "Aren't you from the Chen family? Wasn't the Chen family a beastmaster family? How can you do this yourself?"

Chen Xiao didn't answer this person's question. Instead, he cupped his hands and smiled. "Thank you for letting me win."

Chen Xiao then turned around and left. The referee also hurriedly announced the results of the competition.

In the VIP seats, after watching the results of the competition, Wang Xiao smiled and said, "You said that the cultivation techniques we learn are the same, and our Beast Tamer Sect's resources are better than theirs, but we can't beat them."

"Sect Master, you have to properly train your disciples when you return."

Although Wang Xiao said that he was giving ideas for the sect, his meaning was self-evident.

Meanwhile, Wang Hu pretended not to hear anything and continued to chat with Yang Chen about the upcoming battle.

The two brothers were at loggerheads, and Yang Chen felt that it was better for him to leave as soon as possible.

Immediately, Chen Yang found a random excuse and went to the place where the Prince of Deshun was.

The selection did not last long. In just seven days, 20 contestants were selected.

Then, under the leadership of the Deshun Commandery Prince, the contestants who passed the test officially headed to the capital.

As the capital of Great Gan, Chu City was far more prosperous than any city in Great Gan, be it in terms of construction or prosperity.

When the contestants from other states saw this magnificent city, they subconsciously stopped to watch.

After entering, he looked around like a curious baby.

After all, most of them had never been to the capital before.

“Is this the capital? It’s indeed much better than our place.”

“Of course. After all, the capital is the center of Da Qian. If it can’t even compare to ours, how can it be the capital?”

“Alright, alright. Don’t act like you’ve never seen the world. We’re disciples of the Spirit Sword Pavilion. We represent the Spirit Sword Pavilion.”

“Remember, this trip is to cheer for the senior brothers and sisters who have been selected for the national competition. As for the rest, we’ll talk about it after the competition.”

In the southern district of the capital, the Great Elder of the Spirit Sword Pavilion was bringing his disciples into the capital.

In this selection, ten disciples from the Spirit Sword Pavilion had been selected for the capital city’s finals. The Spirit Sword Pavilion was proud of this, so they would naturally send out their disciples to cheer for them.

It was not just the Lingjian Pavilion. The other Rank-7 factions had also sent their disciples to the capital to cheer for their disciples.

Looking at the disciples behind him who were looking at everything with curiosity, the Great Elder of the Spirit Sword Pavilion shook his head with a smile.

The Great Elder of the Spirit Sword Pavilion did not blame them. Back then, when he first came to the Imperial City, wasn't he also like this?

In other words, any disciple from any force in Da Qian would feel admiration when they saw the capital.

"Eh? Was that the Beast Tamer Sect's uniform? Attention, the Beast Tamer Sect disciples are here. Everyone, cheer up!"

After instructing his disciples, the First Elder of the Spirit Sword Pavilion tidied his clothes and walked towards the Beast Tamer Sect with a smile.

"Hahaha, Elder Zhong, long time no see."" Greetings!" The First Elder of the Spirit Sword Pavilion greeted as they approached.

When the Beast Tamer Sect's First Elder, Elder Zhong, saw this, he also smiled and said,"Elder Yu, long time no see."

When the two elders greeted each other, the disciples who followed them naturally looked at each other.

"Brother Ye, that's the disciple of the Beast Tamer Sect. It's said that the Beast Tamer Sect is the weakest among the seventh-grade forces in our Great Qian Dynasty."A disciple asked softly.

This disciple's question naturally could not escape the ears of the two great elders.

Elder Yu did not care about this at all, but Elder Zhong had an embarrassed look on his face.

There was no other way. What he said was the truth. Even if you didn't want to hear it, you had to listen.

After all, the two forces were neighbors and had a subtle relationship with each other. Naturally, they would not care about the other party's face..

Chapter 186: Spirit Sword Pavilion: Oh No, I've become a country bumpkin

The person called Senior Brother Ye was smiling as he looked at the people from the Beast Tamer Sect." It's just a rumor. It can't be taken as true. Only by seeing it with your own eyes can you make a judgment."

"Junior Brother Chen, aren't you from Jiang Prefecture? Tell me, who is stronger between this Beast Tamer Sect and our Spirit Sword Pavilion?"

Everyone turned to look at Junior Brother Chen.

This Junior Brother Chen was none other than Chen Mingde, the eldest son of the Chen Family.

When Chen Mingde saw everyone looking at him, he smiled and scratched the back of his head." I'm just an outer sect disciple. How can I know the strength of both sides?"

When Senior Brother Ye heard this, the corner of his mouth twitched." Here we go again. Can you stop mentioning the matter of your outer sect disciples? It's as if our Spirit Sword Pavilion is suppressing genius disciples."

"Didn't you reject the Pavilion Master's offer to take you in as his disciple?"

Chen Mingde smiled awkwardly and did not reply.

Good heavens, if the Pavilion Master's disciple was a spy, wouldn't your mentality be jumping?

I still want to marry my Senior Sister. I can't afford to offend the Spirit Sword Pavilion too much.

"Alright, alright. Junior Martial Brother Ye, you don't have to ask Junior Martial Brother Chen.

His Chen family belonged to the Beast Tamer Sect. Even if he knew the strength of the two sides, he would not say anything." In the end, it was the leading senior brother among the crowd who helped Chen Mingde out.

When Chen Mingde heard this, he looked at the leading senior brother gratefully.

When the leading senior brother saw this, he also smiled at Chen Mingde.

The leading senior brother still valued Chen Mingde, this junior brother.

At the age of 25, he had already reached the third level of Pulse Unsealing. This talent was already not weak.

In the eyes of the leading senior brother, Chen Mingde's talent was only slightly weaker than his seventh uncle.

There was nothing he could do about it. How was his seventh uncle human? He was simply a pervert.

Breaking through to the Core Formation realm at the age of 30. Look, is this something that humans can do?

Shaking his head with a smile, the leading senior brother looked at the Beast Tamer Sect disciples with disdain in his eyes.

Chen Mingde needed to consider the Chen family's feelings, but he would not. From his point of view, the Taming Beast Sect was inferior to the Spirit Sword Pavilion.

It wouldn't be long before the Spirit Sword Pavilion would be able to swallow the Jiang Prefecture and become the ruler of the two prefectures.

The disciples of the Spirit Sword Sect did not hide their contempt at all. This made the disciples of the Beast Tamer Sect furious, but they could not do anything about it.

There was no other way. Their strength was inferior to others. In addition, they did not say anything. Even if you were angry, you could not vent your anger.

Fortunately, as the Beast Tamer Sect's First Elder, Elder Zhong saw that the situation was not right and changed the topic. "Haha, Elder Yu, this encounter must be fate."

"Why don't we travel together and watch the disciples of our two sects together?"

"I'm willing to do as you say." Elder Yu smiled. Then, he led the disciples of the Spirit Sword Pavilion and the disciples of the Beast Tamer Sect to the finals of the Da Qian Martial Arts Competition.

On the way, the disciples of the Lingjian Sect were once again amazed by the power of the capital city of Da Qian. They had only heard of many of the buildings.

However, what puzzled the disciples of the Spirit Sword Pavilion was why the disciples of the Beast Tamer Sect were so calm.

In fact, there was even some disdain?

Immediately, Senior Brother Ye asked with a smile, "Disciples of the Beast Tamer Sect, what do you think of the capital? Compared to the cities of Jiang Prefecture, how was it stronger?"

When the Beast Tamer Sect disciples heard that, they saw a smile in each other's eyes.

After a while, among the Beast Tamer Sect disciples, a female disciple smiled and said, "The Imperial City is indeed extraordinary. It's much stronger than the Beast Tamer City under my Beast Tamer Sect."

Hearing this, Brother Ye nodded in satisfaction.

It's good that you're stronger than the Imperial Beast City. If you've really seen a city that's better than the Imperial City, then wouldn't we, the disciples of the Spirit Sword Pavilion, be a little too bumpkin?

Immediately, both parties continued to move forward.

Before long, everyone left the southern city area and entered the central city area of the capital.

This was the largest and most prosperous district among the five Urban area of the capital.

The Great Gan Royal Family was also located here.

As soon as they entered the middle Urban area, Brother Ye couldn't help but praise, "As expected of the capital. Putting aside everything else, just the cleanliness of the streets is better than any city I've ever seen."

When the Beast Tamer Sect disciples heard this, they could not help but laugh out loud.

Seeing this, Brother Ye frowned and asked coldly, "Why are all the talented disciples of the Beast Tamer Sect laughing? Why, have you all seen a city cleaner than the capital?"

"Of course we have. Otherwise, we wouldn't be laughing."

"Speaking of Lian, the talented disciples of the Spirit Sword Pavilion should not only focus on cultivation, but also pay more attention to external information." "Look, aren't you ignorant now?"

When Brother Ye heard this, he snorted coldly. I would like to ask which city in Da Qian can be compared to the capital in terms of cleanliness.”

“The capital is indeed not bad, but to say that it is the best in Da Qian is not worthy of its name. Putting everything else aside, just in terms of cleanliness, Chen City was better than the capital.”

“Look, there are still puddles of water on the streets when it rains. This is not the case in Chen Cheng.”The Beast Tamer Sect disciple said with a smile.

“Chen Cheng?”

Brother Ye frowned,” Which city is this Chen City? There was no city in the world that did not have water.”

“That’s because you’re not knowledgeable. With the sewers, there won’t be any water.”

“Oh, I forgot. You must have never heard of sewers. You only need to know that they can discharge street water and daily waste water.”

Hearing the Beast Tamer Sect disciple’s words, Brother Ye’s mind was filled with doubts.

Sewers? What was that?

“Alright, you guys will know when you go to Chen City. Anyway, you don’t need to spend spirit stones to come to my Jiang Prefecture.”

“Oh right, the drama that swept Da Qian was created by Chen Cheng. However, although the plays in other places were not bad, they were far inferior to Chen Cheng’s.”

“The creator of this thing is still a little more powerful.”

The tone of the Beast Tamer Sect disciple made the Spirit Sword Pavilion disciple very uncomfortable.

This Beast Tamer Sect was obviously treating the Spirit Sword Sect as a country bumpkin who had never seen the world.

However, the people from the Spirit Sword Pavilion did not refute him. They only remembered Chen City deeply in their hearts so that they could visit it when they had the time.

Elder Zhong, who was walking at the front, was extremely happy.” Elder Yu, it seems like the disciples of the Spirit Sword Pavilion lack some travel.”

When Elder Yu heard this, he smiled awkwardly.” Yes, thank you, Elder Zhong. After we return, we will definitely organize people to visit Chen City and increase our knowledge.”

For the rest of the journey, the disciples from both sides did not communicate.

The Beast Tamer Sect did not speak because the Spirit Sword Pavilion did not speak. Naturally, they would not speak either.

As for the Lingjian Sect, they were silent because they were afraid that the so-called Chen Cheng was hiding something new that would embarrass them in front of the Beast Tamer Sect.

Chen Mingde felt a little panicked. They probably didn’t expect that Chen Cheng was the Chen Cheng that he was in.

Unknowingly, everyone had arrived at the northern city region of the National Tournament.

Seeing this, the disciples of the Spirit Sword Pavilion heaved a sigh of relief. They couldn’t be arrogant anymore, right?

The Spirit Sword Pavilion isn’t afraid of you when it comes to comparing the strength of our disciples..

Chapter 187: The Royal Family’s Favor

There was such a building in the northern city regions of the Great Qian Imperial City.

This building was a martial arts arena. It looked old and somewhat outdated. Moreover, it occupied a large area and greatly hindered the traffic in the northern city region.

But even with so many flaws, the royal family still did not demolish the martial arts arena. They even spent a lot of money to repair it every year.

In order to repair this martial arts field, the royal family had spent so many spirit stones over the years that it would not be a problem for them to build an eighth-rank aristocratic family.

The reason why they placed so much importance on this training ground was because this training ground was the foundation of the rise of the Zhou Consortium. It had earned the Zhou Consortium countless spirit stones.

Perhaps the martial practice field could no longer earn spirit stones for the Zhou Consortium, but the status of the martial practice field had not changed at all.

After every member of the Zhou Clan learned how to read, the first thing they came into contact with was the martial arts arena.

At that time, there would be adults lecturing them on the difficulties of their ancestors' business, hoping that they could cherish everything they had now and not let their ancestors' efforts turn into a pile of scattered sand.

Because of this, in the eyes of the Zhou clan, this martial arts arena was no different from the ancestral shrine. Even if they had to spend a large amount of money to repair it every year, they would not hesitate.

Moreover, the martial arts arena was not completely useless. For example, when the royal family held an ancestral worship ceremony or had any important events, they would all be held in the martial arts arena.

This allowed the Martial Arts Practice Field to show its potential, and at the same time, it also told everyone that the Zhou Consortium had not forgotten their roots.

At the same time, it also gave a message that the Zhou Consortium valued relationships. If you work for the Zhou Consortium, you will definitely not lose out.

This martial arts competition, which concerned the interests of the frontline, naturally had to be held in this martial arts practice field.

As time passes by, the audience and the contestants all come together, waiting for the start of the competition.

In the audience, looking at Yang Chen in the VIP seats, a family head could not help but ask, "Who is that force? Why haven't I seen it before?"

"I don't know him either. Do any of you know who that person is?"

"Hehe, you must be ignorant. That's the head of the eighth rank Chen family, Chen Yang. The person sitting next to him should be his clansman." "Eighth-rank aristocratic family? We're all eighth-rank forces. Why can the Chen family sit in the VIP seats with seventh-rank forces?"

"Why? Just because his family head was the disciple of Deshun Commandery Prince, and just because his family head was the number one monster in the Great Qian Dynasty."

"The number one monster in Da Qian? Are you talking about Chen Yang, who broke through to the Core Formation realm at the age of 30?"

"That's right, it's him."

Immediately, the aristocratic families were relieved. No wonder he could stay with a seventh-rank force. It was Chen Yang.

According to Yang Chen's current state of cultivation, it was only a matter of time before he broke through to the Purple Mansion Realm. Furthermore, he had the Deshun Commandery Prince, the number one Purple Mansion Master of the Great Qian Dynasty, as his master. It was not surprising that he was regarded as a seventh-rank force in advance.

"Do you think Chen Yang will participate in the tournament?"

"He definitely participated. With such a genius here, how could the royal family not use him?"

"Then if Chen Yang is a contestant, why isn't he in the contestant area, but in the VIP area?"

"Hey, what are you saying? How can a genius not have some special treatment?"

In the VIP seats, Yang Chen noticed the gazes from nearby. He pretended to be indifferent, but he was still a little nervous.

'It's over. I knew this would be the result. It's impossible to survive and develop now.'

However, it did not matter. The Chen family was not weak at the moment, so they were not afraid of attracting attention.

After thinking it through, Yang Chen continued to chat with Sect Leader Wang Hu as if there was no one else around.

"Sect Master Wang, I wonder when your disciples will come over. The competition is about to start." Yang Chen asked with a smile.

"I think they should have arrived long ago. It's just that they can't come to the VIP seats, so the Chen family head can't see them." Wang Hu said.

“Can’t come to the VIP seats?” Yang Chen looked at the many VIP seats and asked in confusion, “There are so many seats. Why don’t you let the sect disciples come and sit?”

When Wang Hu heard this, he looked at Chen Yang with some resentment. “Clan Leader Chen, in the many years since the founding of the Great Gan, only the Chen Clan has been allowed by the royal family to bring ordinary clansmen into the VIP seats.”

Yang Chen touched his nose. Was the Chen Family that special?

Fortunately, the two of them did not say anything more about this question. Otherwise, Yang Chen really did not know how to answer.

As for the Beast Tamer Sect disciples that Chen Yang had been eyeing, they were led by Elder Zhong to sit in the audience with the disciples of the Spirit Sword Pavilion.

Looking at the high and mighty VIP seats, the disciple of the Spirit Sword Pavilion could not help but say enviously, “I really want to go to the VIP seats. The experience there is definitely better than here.”

“Don’t even think about it. The VIP seats are only used to accommodate important people. Didn’t you see our Great Elder sitting in the ordinary seats as well?”

“Besides, as a seventh-rank force, our seats are still relatively close to the front. Although the viewing experience is not as good as the VIP seats, it’s not bad.”

“Actually, we’ve dragged Great Elder down. If we hadn’t come, Great Elder might have followed us into the VIP seats.”

When Elder Yu heard the disciples’ discussion, he turned his head and said with a smile, “What burden? The reason I came is to bring you guys to see the world.”

When the disciples heard this, their hearts warmed.

With the Great Elder accompanying him, why would he go to the VIP seats?

Just as the disciples in the VIP seats were feeling touched, a handsome disciple suddenly appeared at the place where the disciples of the Spirit Sword Pavilion were.

“Ming De, you’re here to watch the match.”

Chen Mingde looked over and said happily, “Tenth Uncle!”

Chen Xiao smiled and patted Chen Mingde’s shoulder. “I haven’t seen you for a few years. Mingde has also become a Pulse Unsealing Expert.”

When Chen Mingde heard this, he smiled and touched the back of his head. “Luck, coupled with the cultivation of the sect, I broke through by luck.”

The disciples of the Spirit Sword Pavilion were speechless.

What a fluke, what are we?

“By the way, Tenth Uncle, you’re here to watch the competition too?”

“Not only did I come to watch the competition, but I also came to participate in the competition.” Chen Xiao laughed.

When Chen Mingde heard this, his eyes lit up. Then, he asked curiously, “Tenth Uncle, what is your current cultivation level?”

“Guess?”

“My guess?” Chen Mingde was stunned. You can just tell me directly.

“Alright, let’s not talk about this anymore. Come, follow me to the VIP seats.” Chen Xiao said.

“What?”

Chen Mingde looked at Chen Xiao in surprise. “I can go to the VIP seats?”

“The royal family has graciously allowed our Chen family to bring ordinary clansmen into the VIP seats. Of course, there is a limit to the number.”

“I thought I’d bring you over when I saw you.” Chen Xiao explained.

“This...” Chen Mingde looked at Elder Wei. Would it not be good for him to leave the Spirit Sword Pavilion alone?

When Elder Yu saw this, he first smiled at Chen Xiao and then looked at Chen Mingde. “Mingde, since the royal family is showing you kindness, then you should go and receive it.”

Seeing this, Chen Mingde took a deep breath. “Alright, Mingde will take his leave.”

Seeing Chen Mingde and Chen Xiao enter the VIP seats together, the disciples of the Spirit Sword Pavilion cast envious looks at them..

Chapter 188: The Grand Competition Ends, and the Reward Is in Hand

“Do you think the Chen City that the Beast Tamer Sect mentioned is the Chen City that Junior Brother Ming De is in?”

“It’s very possible. After all, Jiang Prefecture already has another Chen Cheng. If there was such a powerful Chen Cheng, Jiang Prefecture would have become the number one prefecture in Da Qian.”

“In that case, the so-called play also belongs to the Ming De family?”

Good heavens, this kid has hidden it from us deeply. He has such a fun thing, but he doesn’t even know to share it with us.”

“When he comes back, let him invite us to Chen City to have some fun.”

“That’s right, that’s right.”

The disciples of the Spirit Sword Pavilion made up their minds. Just because you abandoned us, we’ll have to pay for our expenses in Chen City.

Time passed by bit by bit. Just as everyone was getting a little impatient, a loud bell sounded in the sky.

“Everyone, please be quiet. The competition is about to begin.”

Immediately, the audience fell silent as they looked at the expert in the air.

Standing in the air, this was the symbol of a Zifu Disciple. For the royal family to use such an expert as the host of the opening ceremony, one could imagine how rich their foundation was.

After the surroundings were silent, the expert in the air nodded in satisfaction. Then, he used spiritual energy to spread his voice throughout the entire martial arts field.

“The rules of this competition are a one-on-one arena battle until the last twenty geniuses are selected to represent our Great Qian Dynasty in the battle against Great Kun.”

“Alright, let’s not talk about idle talk. I announce that the competition has begun! The first battle, Jiang Prefecture’s Beast Tamer Sect’s Chu He versus Qing Prefecture’s Hundred Flower Palace’s Zong Die. The competition began!”

Following the referee’s order, Zong Die of the Hundred Flower Palace and Chu He of the Beast Tamer Sect entered the competition venue together.

Both of them were experts at the seventh layer of Pulse Unsealing, so it was hard to judge who would win.

In the end, the results of the competition appeared. It was still Chu He of the Beast Tamer Sect who relied on his natal subdued beast to win by luck.

This first match had aroused everyone’s interest.

The sounds of idle chatter gradually faded away, replaced by cheers for their own disciples.

Time passed in a flash, and in the blink of an eye, more than ten matches had already been carried out.

The atmosphere of the audience was also pushed to the peak.

“Next, Chen Yang of the Chen family of Jiang Prefecture will fight Zhou Yingdi of the Duke of De ‘an Prefecture.”

As soon as the referee announced the next round of the match, the audience began to discuss enthusiastically.

“Zhou Yingdi, is he the strongest expert of the Great Qian royal family’s Ying generation, Zhou Yingdi?”

“It should be him, but the strongest one is a little too much. The royal family must have deliberately released him to confuse others.”

“So what if he’s confusing others? At the very least, he still has the strength. I think Zhou Yingdi should be able to win easily.”

“I don’t think so. The person he fought with was the number one monster in Da Qian, a core formation realm expert.”

“The number one monster in Da Qian? Have any of you seen Yang Chen fight?”

So what if he condensed his core? Zhou Yingdi was also at the Core Formation stage. Furthermore, Zhou Yingdi was older than Chen Yang, so he was definitely more experienced.

I believed in my own eyes. After all, I had the honor of witnessing Zhou Yingdi’s battles.”

“That’s right, Yang Chen’s cultivation speed is fast, but he hasn’t fought personally, so who knows what his actual strength is.”

After the heated discussion, Chen Yang and Zhou Yingdi entered the arena one after another.

The two of them looked at each other, and Zhou Yingdi spoke first, “Chen Clan Leader, right? I’ve long heard of your name.”

“Brother Chen, please show mercy in this battle.”

“Likewise. I need Brother Yingdi to show mercy.” Yang Chen smiled.

“Let the competition begin!”

With the referee’s order, the two of them simultaneously wiped away the smiles on their faces.

Zhou Yingdi dashed forward. The Spiritual Sword in his hand flickered with a cold light. The sharp aura it emitted seemed to be suffocating.

Yang Chen, on the other hand, rushed back and injected his spiritual energy into the Imperial Beast Bag, releasing the Winged Tiger.

“Roar!”

As the Winged Tiger let out a roar, Yang Chen stopped his retreat and rushed toward Zhou Yingdi with the Winged Tiger.

Bang!

The Winged Tiger’s sharp claws struck Zhou Yingdi’s Spiritual Sword, and the sound of something breaking through the air was heard.

Seeing this, Yang Chen floated behind Zhou Yingdi and gathered his spiritual energy into his right hand. He then unleashed the Sun Opening Fist.

Although the Mizar Fist was only an eighth-grade martial art, Chen Yang was a third-stage Core Formation expert. He could still use the Mizar Fist to deal a fatal blow to his enemy.

Zhou Yingdi’s expression changed when he felt the terrifying power behind him!

Damn it, third level Core Formation! How was this possible?

Zhou Yingdi’s mind was filled with question marks. Didn’t he just break through to the Core Formation Stage six years ago? How did he reach the third level of the Core Formation Stage so quickly?

It’s been almost ten years since I broke through to the Core Formation realm, and I’m only at the second level.

Just like that, my talent is still one of the best in the royal family. How terrifying is Chen Yang’s talent?

Unfortunately, Yang Chen didn't know about Zhou Yingdi's doubts. Even if he did, he wouldn't answer them.

Seeing that Zhou Yingdi was at a disadvantage from his punch, Chen Yang gathered his spiritual energy again and attacked Zhou Yingdi's back.

This time, Zhou Yingdi reacted. She struggled free from the Winged Tiger's claws and turned around to block Yang Chen's attack.

However, there was still no defense behind him. He forcefully took the Winged Tiger's full-powered attack.

"Puff!"

Zhou Yingdi spat out a mouthful of blood. This was too depressing. He had never fought such a depressing battle before..

Chapter 189: The Grand Competition Ends, and the Reward Is in Hand

If a beastmaster became strong, it really wasn't something ordinary martial artists could deal with.

Especially when the other party relied on his own strength to fight on par with you, you would feel even more uncomfortable.

That was because there was a subdued beast that was no weaker than its master, and it was staring at him like a tiger eyeing its prey.

Chen Yang saw that Zhou Yingdi was slightly distracted due to his injuries, so he immediately circulated his spiritual energy and found a flaw in Zhou Yingdi's body. He then punched Zhou Yingdi's chest with his Rising Sun Fist.

This punch sent Zhou Yingdi flying.

Zhou Yingdi flew backward like a bird with broken wings, leaving a 30-meter-long mark on the ground before coming to a stop.

Meanwhile, Chen Yang rushed out and quickly arrived in front of Zhou Yingdi. He gathered his spiritual energy and was about to launch another attack.

Zhou Yingdi was convinced. 'So what if I have a grudge against you? Can't you see that I don't even have the ability to resist? You still want to be ruthless?'

For her own safety, Zhou Yingdi immediately shouted, "'! admit defeat!"

As soon as he finished speaking, Chen Yingdi's fist that was about to reach Zhou Yingdi's chest stopped.

Then, he turned his fist into a palm and patted Zhou Yingdi's shoulder before pulling her up.

After getting up, Zhou Yingdi sighed at Chen Yang. "I'm impressed by the number one monster of Da Qian."

At the same time, the referee also announced the victory of the match. "I announce that Jiang Zhou's Chen Yang has obtained the final victory!"

"This... Yang Chen is so powerful!"

"Damn, I knew Yang Chen would win, but I didn't expect him to win so quickly!"

“Who says it isn’t? It seems like the number one monster of Da Qian was right.”

In the VIP seats, the royal family’s big shots shook their heads in pity when they saw this.

“What a pity. With Ying Di’s strength, it shouldn’t be a problem for her to enter the list of twenty people.”

“Which genius came up with the idea to let Zhou Yingdi and Yang Chen meet in advance? Great, Zhou Yingdi was no longer on the list.”

“So what if we lose? Zhou Yingdi is gone, but we still have an even stronger Chen Yang. What, you want all of them?”

“Do you guys think we should secretly bring Zhou Yingdi along? Da Kun didn’t say that we could only bring twenty people over anyway.”

“That’s good. This way, we can avoid some unexpected situations.”

Although everyone was shocked by how Chen Yang had dealt with Zhou Yingdi so cleanly, they were not too immersed in it.

With the start of the next match, the audience had long forgotten about the previous match and were cheering with all their might.

Time passed by bit by bit. In the blink of an eye, it was Chen Xiao’s first battle.

Seeing this, Chen Yang patted Chen Xiao’s shoulder.” Old Ten, don’t be nervous. Relax.” It doesn’t matter if you lose. You’re still young anyway.”

Chen Xiao nodded upon hearing this. Then, he leaped up and jumped from the VIP seats onto the martial arts arena.

Chen Yang told Chen Xiao not to be nervous, but Chen Xiao really wasn't nervous. He chose to admit defeat in a few moves.

It was so clean that Yang Chen wondered if this was still the tenth brother who was full of chuunibyou back then.

Of course, it was not Chen Xiao's fault. After all, Chen Xiao's opponent was the strongest expert of the Golden-sun Sect, the number one sect in Da Qian. He was at the first level of the Core Formation Realm.

After knowing who his opponent was, Chen Xiao had no intention of winning.

The other party seemed to know that Chen Xiao was from the Chen family. In order to give Chen Yang face, they only exchanged two simple moves and gave Chen Xiao the chance to admit defeat.

Otherwise, Chen Xiao would not even have the chance to admit defeat if he attacked with his full strength.

In the blink of an eye, the National Martial Arts Competition came to an end, and Yang Chen successfully squeezed into the top 20.

There was no need to describe the details. Yang Chen himself was very strong, and the contestants drawn by the judge were all at the seventh or eighth level of Pulse Unsealing. There was no challenge at all, so he just had to push his way through.

After the competition ended, the audience left in satisfaction, and the top 20 powerhouses were brought to a hall by the royal family.

After entering, Chen Yang discovered that the Duke of Deshun was waiting for everyone in the main hall.

Deshun Commandery Prince nodded at Chen Yang and smiled, "Everyone, congratulations on successfully entering the top 20. Each of you will receive three grade-7 aptitude pills."

Hearing this, everyone's eyes flashed with joy.

None of these people were itinerant cultivators. Even if they could not use the aptitude pill, they could still use it to subsidize their families and sects or exchange it for other benefits with their families and sects.

No sect or clan would complain about having too many grade-7 aptitude pills.

After the reward, Deshun Commandery Prince continued,""I believe you all know the purpose of Da Qian organizing this martial arts competition, so I won't explain further."

"I hope that you will be able to beat up the descendants of those traitors in the battle against Yu Da Kun."

"Of course, the royal family won't let your efforts go to waste. As long as you can win one round, the royal family will reward you with ten grade-7 aptitude pills."

"If you can win two rounds, you will be rewarded with a grade-6 aptitude pill on top of these ten grade-7 aptitude pills."

"In other words, as long as you can win two matches.

You will be able to obtain one grade-6 aptitude pill and ten grade-7 aptitude pills. There's no need for me to explain the value of these pills, right?"

Everyone nodded. There was no need to say anything else. We all understood. It was just a pile of spirit stones.

"Of course, if you can really win all three matches, this won't be such a simple reward."

"As for what it is, I'll keep it a secret for the time being. All you need to know is that it's definitely not inferior to the value of ten grade-6 aptitude pills."

Everyone took a deep breath when they heard Deshun Commandery Prince's words.

It was no less than ten sixth-grade aptitude pills. Didn't that mean that its value was about 800,000 spirit stones?

Immediately, everyone's thoughts became active.

800,000 Spirit Stones! This was the amount of Spirit Stones that they would never be able to earn in their entire lives. Now that they had such an opportunity, they naturally had to make good use of it.

Of course, they also knew how difficult it was to win three matches.

However, no matter how difficult it was, he still had to have a dream.

Seeing that everyone's fighting spirit had been roused by the benefits, the Deshun Commandery Prince nodded in satisfaction and smiled. "Alright, you can leave now."

"You still have three days to relax. Three days later, we will gather at the west gate."

With that, everyone cupped their hands and bowed to the Duke of Deshun before turning to leave.

"Disciple, wait."

Chen Yang turned around. Seeing that the Deshun Commandery Prince had stopped him, he did not leave and waited for the Deshun Commandery Prince to continue.

Seeing that the Deshun Commandery Prince had something to discuss with Chen Yang, everyone sensibly left quickly. Soon, only Chen Yang and the Deshun Commandery Prince were left in the hall.

“Master, are you looking for me?” Yang Chen asked.

Deshun Commandery Prince Prince nodded and then came to Chen Yang’s side.” Disciple, you must grasp this battle well. After all, not everyone has the chance to fight.”

“Not everyone has a chance to play?” Yang Chen frowned slightly.” Master, you mean that some of us are just spectators?”

“Of course, we only have 15 matches with Da Kun. In addition, the royal family will also send people to fight. Naturally, it is impossible for everyone to have the chance to fight.”

“The reason for selecting twenty people is to confuse Great Kun’s spies. At the same time, it also gives us more choices in case of emergencies.”

“So, if you don’t get a good result in the first match, you might be stuck in the audience.” The Deshun Commandery Prince laughed.

Yang Chen nodded.” I understand. Don’t worry, Master. I won’t let you down.””

“Well, it’s good that you know. Go and relax.”

After leaving the main hall, Chen Yang asked Chen Xiao to return to the clan first while he stayed in the inn and waited for the battle with Da Kun.

Time flew by, and in the blink of an eye, three days had passed.

Three days later, at the east gate.

Yang Chen had long arrived at the eastern gate of the capital, waiting for the others to arrive.

Not long after, the other contestants also arrived. After nodding at Yang Chen, they waited quietly.

About an hour later, the Deshun Commandery Prince brought the royal family's disciples who had gone to participate in the battle with the Great Kun, as well as some of the royal family's powerhouses, to the eastern city gate.

Seeing that everyone had gathered, the Deshun Commandery Prince smiled and said, "Everyone is here, right? Alright, let's set off!"

Chapter 190: Arriving at the Dragon Valley, Great Gan's First Battle Defeated

The Dragon Valley was not a place where dragons lived. It was the name of a city.

The reason why it was called Dragon Valley was because there was a mountain range that looked like a true dragon in the south of the city.

What was even more surprising was that from above, the entire Dragon Valley City was captured by a true dragon.

It meant that this city was so important that even the True Dragon Race would fight for it.

Of course, there was another explanation.

Dragon Valley City was a dragon egg of the True Dragon Tribe, and it was currently being hatched by the True Dragon Tribe.

Regardless of the explanation, it was to highlight the importance of Dragon Valley City.

Dragon Valley City was not very important in terms of strategic position. The reason why it was valued by the two lord dynasties was because there was a mineral vein buried under Dragon Valley City.

It was not an ordinary mine, but a spirit stone mine.

Of course, it was not an ordinary Spiritual Stone Mine. It was a Spiritual Stone Mine that could produce Spiritual Crystals!

The so-called spirit crystal was a special spirit stone that was born when the spirit energy in the spirit stone mine reached a certain level.

In terms of the amount of spiritual energy, a spiritual crystal was equivalent to ten thousand spiritual stones.

Of course, the benefits of Spiritual Crystals were not limited to the amount of Spiritual Qi. The quality of Spiritual Qi was also better than that of ordinary Spiritual Stones.

If it was just the spiritual energy, it would be fine, but above the Zifu level, if the mighty figures wanted to advance their cultivation, they had to absorb the spiritual energy in the spirit crystals.

To put it bluntly, the quality of ordinary spiritual energy was no longer enough to satisfy the mighty figures on stage.

As a necessity for the cultivation of mighty figures, the value of these Spiritual Crystals was self-evident.

The reason why the two dynasties fought for the Dragon Valley was because of the Spiritual Stone mine under the Dragon Bone City that could produce Spiritual Crystals.

“So, the reason why Dragon Valley City was built is to protect the mineral veins under the city.” On the large flying chariot, Chen Yang looked at the Duke of Deshun.

After listening to Deshun Commandery Prince’s narration, Chen Yang finally understood the reason for the war between Great Qian and Great Kun.

With such a precious mineral vein, Yang Chen was the Human King, so he would also make such a decision.

After all, Great Gan was stronger than Great Kun, so why didn't they snatch the mine back?

However, Yang Chen did not understand one thing. How could Great Kun be weaker than Great Qian when it controlled such a mineral vein?

Seemingly noticing Chen Yang's confusion, the Deshun Commandery Prince looked into the distance, a trace of undetectable resentment in his eyes.

"Are you still wondering why Great Kun is weaker than our Great Qian Dynasty despite controlling the mineral vein?"

Yang Chen nodded his head. This was really hard to understand. Could it be that Great Kun had produced a fatuous ruler?

"In fact, it's not just the Great Kun. Any dynasty in the Endless Mountains will be weakened when they control a Spiritual Crystal mine." Deshun Commandery Prince said.

"Why?" Yang Chen asked.

"Do you know that all the dynasties in the Endless Mountain Range are under the command of one aristocratic family?"

This family was a legendary fifth-rank family. In terms of strength, it would not be a problem for them to destroy all the dynasties."

"It is also because of the rule of this family that any mineral vein that can produce Spiritual Crystals in the Endless Mountains belongs to this family." "If another dynasty wants to mine Spiritual Crystals, they have to pay a large number of Spiritual Stones to that family every year."

“Once there are fewer spirit stones, the strength of the dynasty will definitely decline. This is also why the Great Kun has occupied this mine, but its strength has weakened.”

“If the mighty figures want to maintain their cultivation level, they must use Spiritual Crystals to cultivate.”

“This is a poison, but we must swallow it.” The Deshun Commandery Prince smiled bitterly.

Yang Chen understood. It was like drinking poison to quench thirst.

Although he knew that this was a cup of poison, he would die after drinking it. But if you don't drink it, you'll die immediately.

“Master, what is this family called? Why haven't I heard of the rise of the family?” Yang Chen asked.

Deshun Commandery Prince took a deep breath and said slowly, “This family is called the Li family. As for the fact that you haven't heard of the Li family's deeds, the answer is simple.”

“Outside the Endless Mountains?”

“That's right, outside the Endless Mountains.” The Deshun Commandery Prince nodded. “A thousand years ago, a powerful aristocratic family suddenly appeared here.”

“The moment this aristocratic family appeared, they took control of all the mighty figures on stage. Forcing us to sign an agreement and become a vassal force of the Li family.”

“Under this agreement, all the treasures in the Endless Mountains will belong to the Li family.”

Of course, the Li family didn't care about ordinary treasures. This rule was mainly for treasures such as Spiritual Crystals that could help increase one's cultivation.”

Listening to Deshun Commandery Prince's narration, Chen Yang could guess the strength of the Li family.

However, Chen Yangyou couldn't understand." Master, why would such a powerful family come to such a remote place like ours?"

"Because the Li family is also a failure."The Deshun Commandery Prince laughed disdainfully.

"Loser?" Chen Yang looked at Deshun Prince in puzzlement. Where did his master hear such gossip from?

"I have a friend who told me this secret," the Prince of Deshun explained." "Legend has it that a thousand years ago, the Li family, as a branch family, angered the main branch and was exiled here by the main branch." "What?" Yang Chen's eyes widened." Such a powerful aristocratic family is only a branch family? How powerful was the main family?"

"I'm not sure." The Deshun Commandery Prince shook his head." I only know that the main family is called the Li Family of Mianyang. I don't know anything else."

Mianyang's Li family.

Yang Chen engraved this name into his mind. Such a powerful family would definitely have some interactions in the future..
