

The Rise Of The Tamer Family

Chapter 2

Outside Maple City, in the Chen family's breeding base, beside a courtyard.

"Family Head, why are you here?" Seeing Chen Yang come over, the Ninth Elder hurriedly opened the door and welcomed him in.

"Ninth Elder, I'm here to ask for a few Gale Wolves with stronger bloodlines," Chen Yang went straight to the point.

"Gale Wolf? That's easy. Coincidentally, a few more Gale Wolves with powerful bloodlines have been born recently. I'll bring you over now."

The Ninth Elder did not ask why Chen Yang wanted the Gale Wolf. Firstly, although Chen Yang was young, he was still the head of the family. It was not his place to question or criticize.

Secondly, sensing Chen Yang's aura, the Ninth Elder felt that it was better to shut up.

When they arrived at the habitat of the young Gale Wolves, Chen Yang asked Ninth Elder, "Where are the Gale Wolves?"

"Please wait a moment."

Immediately, the Ninth Elder placed his index finger in his hand and blew hard. A loud whistle sounded.

Immediately after, four young Gale Wolves staggered to Ninth Elder's side and wagged their tails at him.

"I'll commandeer these Gale Wolves first."

"Please be my guest, Master."

Immediately, the Ninth Elder left, leaving Chen Yang and the four Gale Wolf cubs alone.

There was no one around. Chen Yang opened his right hand, and a pearl flickering with rainbow-colored light floated in his right palm.

Through the Dao Integration Bead, Chen Yang could clearly know the data of these four Gale Wolves.

Immediately, Chen Yang chose his target.

“You’ll do.”

As the spiritual energy in Chen Yang’s body was activated, the energy of the Dao Integration Bead was quickly exhausted. A golden ray of light surged into the body of the demon beast that Chen Yang had chosen.

The moment the light entered its body, the Gale Wolf immediately erupted with a supreme aura.

This pressure that originated from its bloodline instantly made the other three little ones prostrate on the ground, not daring to look straight at him.

“Now, all that’s left is to wait.”

This wait lasted for two days.

On the third day, Chen Yang, who was already a little dispirited, suddenly became excited.

This was because the aura enveloping the Gale Wolf was gradually dissipating. This meant that the bloodline upgrade was about to end.

Perhaps to confirm Chen Yang’s guess, the Gale Wolf’s body kept changing.

In just a few seconds, it had already grown to a terrifying size of three meters long and 1.5 meters tall.

The green fur that represented the Gale Wolf symbol also transformed into purple.

There was now an obvious crescent moon engraved on the Demon Wolf’s forehead.

“Howling Moon Wolf!” Chen Yang’s eyes lit up. As a beast-taming family, Chen Yang knew many demon beasts.

After the baptism of the bloodline origin, the Gale Wolf in front of him had already evolved into a Howling Moon Wolf that contained the bloodline of a peak-level Demon Venerable.

Not only was the Howling Moon Wolf powerful after reaching adulthood, but it also had a chance of breaking through to the Demon King Realm.

It could be said that even the seventh-grade Beastmaster Sect could not calm down when facing the Howling Moon Wolf.

Chen Yang really did not expect that the remaining energy would create a demon beast with the bloodline of a Demon Venerable.

If there was enough energy, wouldn't his Chen family soon have a Demon Venerable army?

At that time, not to mention the Gongsun family, even the Beastmaster Sect would treat the Chen family with high regard.

“Howl!”

A wolf howl pulled Chen Yang back to reality.

“Oh, you dare to bare your teeth at me?” Seeing the Howling Moon Wolf baring its teeth at him, Chen Yang took a step forward.

A terrifying aura instantly enveloped the Howling Moon Wolf. Then, Chen Yang smiled and said, “Get over here and lie down.”

Chen Yang's voice was like a spring breeze, but it made the Howling Moon Wolf feel as if it had fallen into an ice cave. For a moment, it could not help but tremble.

“Why? Do I have to repeat myself?”

Seeing the hostility in Chen Yang's eyes, the Howling Moon Wolf instantly lay at Chen Yang's feet, not daring to move.

No matter how powerful the Moon Howling Wolf would be in the future, it was still far from being Chen Yang's match.

“Yes, you're so obedient.” After stroking the wolf's head fiercely, Chen Yang left in satisfaction.

The Howling Moon Wolf waited until Chen Yang's figure disappeared before it dared to stand up. Then, it walked proudly to the other Gale Wolves and accepted their kneeling.

In the meeting hall of the Chen family.

The elders sat on the chairs one after another and looked at Chen Yang.

After a while, the First Elder was the first to speak. "Family Head, three days have passed. Have you considered it?"

"I reject," Chen Yang said with a smile.

"Reject? Family Head, do you mean that you've found a way to deal with the Gongsun family?" The First Elder's eyes lit up. He did not expect Chen Yang to really find a solution.

"Naturally."

Chen Yang glanced at the elders. "Everyone, follow me."

Then, he took the lead and rushed towards Green Mountain. The other elders did not know what Chen Yang was doing, but they still followed him obediently.

After arriving at Green Mountain, the First Elder looked at Chen Yang in front of him and could not help but ask, "Family Head, what is the solution?"

"Don't be anxious." Chen Yang smiled at the First Elder and clapped his hands.

Immediately after, a group of people pulled the iron cage and appeared in front of the elders. Inside the iron cage was the Howling Moon Wolf.

"This... This is a Howling Moon Wolf, a Howling Moon Wolf that can grow up to the Demon Venerable peak level!"

The First Elder stumbled to the cage and gripped the railing with both hands, his face filled with shock.

"I was lucky to find this beast. If I offer the Howling Moon Wolf to the Beastmaster Sect, the Gongsun family will definitely not dare to make a move."

“As for the marriage, let’s wait. It’s better to rely on ourselves than on others. First Elder, it’s better to focus on developing the strength of the family.” Chen Yang walked to the First Elder’s side and stared at the Howling Moon Wolf.

Hearing Chen Yang’s words, First Elder Chen Xuan was first stunned, then he smiled bitterly and said, “I was indeed a little hasty.”

“Ever since the Patriarch left, I’ve been looking for a backer, but I’ve forgotten that we are truly powerful ourselves.”

“Thank you for reminding me, Family Head.” As he spoke, the First Elder made a move to bow to Chen Yang.

“First Elder, you don’t have to do this.” Chen Yang hurriedly stopped the First Elder’s actions. “You’re an elder. If you bow to me, it won’t sound good if word gets out.”

“Alright, I’ll have to trouble First Elder to give this to the Beastmaster Sect and deal with the corresponding matters.”

“As for me, I’ll go cultivate first.”

With that, Chen Yang turned around and left.

Looking at Chen Yang’s departing figure, the Third Elder couldn’t help but ask, “First Elder, do you really believe that the Family Head was lucky enough to find the Howling Moon Wolf?”

When the First Elder heard this, he quickly turned around and glared at the Third Elder. A wisp of murderous intent flowed out invisibly.

“Remember, all of you, that the head of the family is lucky. Do you understand?”

Sensing the terrifying aura emitted by the First Elder, the elders nodded and buried all the thoughts in their minds.
