

Tamer Family 211

Chapter 211: Wang Shuo Was Banished, The Final

Infighting in the Beast Tamer Sect

After agreeing on the first batch of funding plans, Shen Qiyu instantly heaved a sigh of relief. He picked up the Chen family's hot tea and took a sip as if he had been relieved of a heavy burden.

"Elder Chen, i estimate that the first batch of funding will arrive in five years. At that time, our bet will officially begin in five years."

"Now that we're done with our work, we should go back and prepare. By the way, does Elder Chen know where your family head took our ancestor?" Shen Qiyu smiled.

Chen Xuan pondered for a moment and then smiled. "My Chen City isn't big, but i know all the places to play. Let me bring Senior Shen over to look for it."

"Then I'll have to trouble Elder Chen."

"It's no trouble. This is what i should do."

Under Chen Xuan's lead, they successfully found Ancestor Shen Renxu in the cinema and Ancestor Shen Chongde in the theater.

When the two ancestors learned that they were leaving Chen City, they revealed reluctant expressions.

Shen Qiyu was somewhat confused as to what kind of magic this Chen City had that even the two old ancestors were somewhat lost in it.

Of course, the two old ancestors were not people who did not know the big picture. They knew that after the matter was done, it was time to leave this place and go to the Shen family to guard.

However, before they left, the two ancestors had something to say to Yang Chen.

“Yang Er, after the first batch of our Shen family sponsors the Chen family, can you help me train a batch of actors? Don’t worry, my Shen family is willing to pay spirit stones.” Shen Chongde said.

“By the way, sell some scripts to the Shen family too.” Shen Renxu echoed.

The two ancestors knew that the Chen family had worked hard to create this. Even as elders, they were embarrassed to ask for it for free.

Yang Chen patted his chest and said, “Don’t worry, ancestors. Leave this matter to me.”

Hearing this, the two ancestors left with satisfaction and brought Shen Wendao and his sister back to the Shen family.

After leaving the Shen family, the Chen family continued to develop steadily. Of course, Yang Chen planned to develop steadily.

Unfortunately, things did not go as he wished.

A day later, a person arrived and broke the peace of the Chen family.

In the guest hall, Yang Chen looked at Wang Shuo and smiled, “Young Sect Master came to my Chen Clan for no reason, isn’t he afraid of being suspected?”

“I’ve already been dismissed,” Wang Shuo said self-mockingly. “Now that I’ve come to the Chen family to relax, do you think I’ll still be suspected?”

Yang Chen frowned." Oh, when did that happen?"

"A month ago, my father officially removed me from the position of Young Sect Master and passed this position to my cheap little brother." Wang Shuo said.

Chen Yang was a little puzzled," Why would he remove you from your position as the Young Sect Master? You must know that the fight between your uncle and your father is reaching its climax. How can your father still be in the mood to dismiss you?"

Hearing Yang Chen's question, Wang Shuo placed his teacup on the chair and stretched." It's because our war with Great Kun has officially ended and the ancestor is coming back."

"Before the forefather returns, he must settle everything. If Old Ancestor was here, he definitely wouldn't let my father remove me from the position of Young Sect Master."

"Oh? Why?" "Young Sect Master, please forgive me for saying something unpleasant. Even if it's your ancestor, he would choose someone with better talent to inherit the position of Sect Master, right?"

"Your younger brother consumed the grade-6 aptitude pill that your father bought, and his aptitude has already reached grade-6.

Even if according to the rules, you should be the next sect master, but if your father chooses your brother based on his aptitude, your ancestor shouldn't reject it, right?"

When Wang Shuo heard this, a cold smile appeared on his face." If my brother's identity is clean, my family's ancestor naturally won't reject him."

"But speaking of which, if my younger brother's identity was clean and he was just an ordinary illegitimate child, my father wouldn't touch my position as Young Sect Master."

"Oh, what do you mean?" Yang Chen heard this and realized that there seemed to be some hidden story behind it.

“Brother Chen, do you know who my father had that illegitimate child with?” Wang Shuo asked.

Yang Chen shook his head.

The Chen family had also investigated, but the Piercing Guard’s level was not high enough, so they had not been able to detect it.

Seeing Yang Chen shake his head, Wang Shuo continued, “My younger brother was born from my father and a woman from the Li family.”

“The Li family?”

Yang Chen suddenly stood up and said in disbelief, “It’s not the Li family that I’m thinking of, right?”

“It’s the Li family that you’re thinking of, the only ruler of the Endless Mountains.” “My father wanted my brother to be the sect master because he wanted to build a relationship with the Li family.”

“But that’s a fool’s dream.”

“Didn’t he think about it? This so-called Li family woman is just a branch family member. How can he rely on a branch family woman to build a relationship with the Li family?”

“Since we can’t build a relationship, why would Sect Master Wang do this?” Yang Chen asked again.

Yang Chen didn’t believe that Hu Wang would do something that he knew was impossible.

Otherwise, he would not have been able to become the sect master.

Wang Shuo calmed down after hearing Yang Chen's question." It's not that we can't get close to the Li family, but we need a prerequisite."

"The prerequisite for this is that my cheap little brother will break through to the Zifu level. If that's the case, the Li clan will still acknowledge my little brother as a descendant of their Li clan."

"Then this Beast Tamer Sect will also be taken care of by the Li family."

"There are precedents in other sects. Let's not talk about the distant ones.

The ancestor of the sect was the son of the former Sect Master of the Xiu Yun

Sect and a woman from the Li family's branch family.."

Chapter 212: Wang Shuo Was Banished, The Final

Infighting in the Beast Tamer Sect

"Because he broke through to the Zifu Disciple level, the Li Clan acknowledged him as a descendant of the bloodline.

They would usually take care of the Xiuyun Sect and make it the sect that was not to be trifled with in the Great Kun.

Even the Great Kun royal family had to consider the opinions of the Xiu Yun Sect."

Hearing Wang Shuo's explanation, Yang Chen finally understood what Wang Hu was planning.

He let his son, who was born from a woman from the Li family's branch family, take over the sect master's position. At the same time, he gave him a grade-6 aptitude pill.

The goal of all of this was to let that illegitimate child break through to the Zifu Disciple realm, so that he could have a connection with the Li clan.

With the help of the Li family, even if the Li family looked down on them, they could make the Beast Tamer Sect the number one sect in Da Qian.

“Then your ancestor isn’t willing for your Beast Tamer Sect to have a relationship with the Li family and let the Beast Tamer Sect become the number one sect in Da Qian?” Yang Chen asked again.

“My ancestor has always dreamed of making the Beast Tamer Sect the number one sect in Da Qian.”

Wang Shuo paused for a moment, and his eyes flashed with longing. “But my ancestor disdains using other people’s strength to boost his reputation the most.”

“No matter how strong others are, they are ultimately not mine.”

“My family’s ancestor has witnessed the glory of the Beast Tamer Sect. Even though he has moved here, he still has the arrogance from back then.”

“How could such a proud Patriarch allow my father to remove me from my position as the Young Sect Master in order to curry favor with the Li Clan?” “That’s why my father wanted to remove me from my position before my ancestor returned and replace my cheap brother.”

“After that, I’ll get rid of my second uncle and unify the entire Beast Tamer Sect. At that time, even if the ancestor is unwilling, he’ll have no choice but to lower his head in the face of the entire sect.”

“After all, he is already old. Compared to before, there is a trace of kindness and compromise in his heart.”

“Wait!” Yang Chen found a blind spot in Wang Shuo’s words.

“What did you just say? Your father is going to attack your second uncle?”

“That’s right. The time is set to be a month later, and the location is set to be in the Endless Mountains. The two sides will kill each other in the Endless Mountains in the name of hunting demon beasts to worship their ancestors.” “This is also the reason why i called you here. i want to discuss with you that this plan of driving the tiger to swallow the wolf should also end.” Wang Shuo said.

Yang Chen looked at Wang Shuo in confusion.” How did you know about such a secret?”

“This is not considered a secret.” “Both sides are well aware of this.” Wang Shuo laughed.”

“My father plans to get rid of my second uncle in advance. When has my second uncle not wanted to get rid of my father in advance?”

“Compared to clinging to outsiders, my ancestor can’t stand it even more. If you want to get the position of the sect Master, you have to do it before our Patriarch returns.”

“Doesn’t your Old Ancestor Luo Rong care?”Yang Chen asked.

“Of course not.” “Ancestor Luo Rong only needs to guarantee that the person who is the sect master of the Beast Tamer Sect has the surname Wang, no matter who this person is.”

“Then what does Young Sect Master plan to do?”

“Nothing much. When the time comes, I’ll teach my father and my second uncle a lesson and let them enjoy their old age.”Wang Shuo laughed.

When Chen Yang heard this, he looked straight into Wang Shuo’s eyes,” Young Sect Master, are you confident?”

“Of course there is.” “I’ve been following your plan for the past ten years,” Wang Shuo said with a smile. “Adding on my father and second uncle’s perverse actions, I’ve already won over ninety percent of the elders.””

“On the surface, my father and my second uncle are evenly matched, but in fact, their confidants are all my people.”

“At that time, I only need to deal with those elders who are unwilling to obey me.”

When Chen Yang heard this, he stood up and walked in front of Wang Shuo. He cupped his hands and bowed to Wang Shuo. “Greetings, Sect Master Wang.” “Brother Chen, you’re killing me.” Wang Shuo quickly helped Chen Yang up and brought him to the main seat.

After sitting down, Yang Chen smiled and asked, “Then what does Sect Master Wang need the Chen Clan for?”

When Wang Shuo saw this, he hurriedly said, “I want the Li family, or more accurately, Brother Chen, to ask your master, the Deshun Commandery Prince, to kill a Zifu Disciple.”

“Kill a Zifu Disciple? Who is it?” Yang Chen asked.

“The external help that my cheap brother and mother invited.” Wang Shuo said. “External aid?” Yang Chen frowned. “I’m afraid it’s not the Li family. If it’s the Li family, I can’t help you.””

“Of course not.”

Wang Shuo said disdainfully, “She’s not the Li family’s direct daughter. How can she ask the Li family’s Zifu Supremacy to do it for her?”

“Of course, speaking of which, the Li family’s legitimate daughter will not marry an outsider. Usually, they will recruit a genius of the Sixth Stage and above to marry into the Li family.”

“However, in recent years, the Li family’s direct daughter has stopped recruiting geniuses to marry into her family. It seems that she has a marriage alliance with a fifth-rank dynasty outside the Endless Mountain Range.”

“I heard that it’s to compensate the dynasty. The two parties had also set up an engagement in the past. However, the Li family’s woman who accepted the engagement had an affair with the outside world, so the engagement was called off.”

“Now that the engagement has been renewed with great difficulty, the Li family naturally has to compensate us well.”

“Why are you talking about this? This has nothing to do with us. I want to ask the Deshun Commandery Prince to kill the Supremacy. The De shun Commandery Prince is also familiar with him. He is the Great Kun’s Wuming Commandery Prince.’

“Wuming Commandery Prince?”

Chen Yang looked at Wang Shuo.” Wuming Commandery Prince? Brother Chen, didn’t you say that the woman isn’t the Li family’s Di daughter? If she isn’t, how can she invite the Martial Ming Commandery Prince?”

” Brother Chen, don’t overestimate the power of the Wuming Commandery Prince in front of the Li family,” Wang Shuo explained.

He was the Commandery Prince of Zifu, and if he could work for the Li family, even if it was a woman from a branch family, he would be extremely willing to do so. After all, this would also create some relationship with the Li family.” “In addition, once we succeed, the Beast Trainer Sect will owe us a favor. A favor from a seventh-rank force is very important to the Wuming Commandery Prince.”

“But what if your cheap Second Mother is valued by the Li Family? That’s why the Wuming Commandery Prince agreed to help.”

Yang Chen smiled as he picked up his teacup.” Sect Master Wang, don’t think that I’m asking too much.”

I still have to be cautious. After all, the Li family is too powerful. Even my Chen family can't withstand a sneeze."

"I should."

Wang Shuo smiled and explained,""If what Brother Chen said is true and my cheap Second Mother is valued by the Li family, then she will not be able to marry my father."

"The women of the branch family that are valued by the Li family usually have a skill, but not only is my Second Mother not talented, but she also doesn't have any special abilities.

"Moreover, the Wuming Commandery Prince was involved in this matter for the Spiritual Stones."

"If my Second Mother was really valued by the Li Family, why would the Wuming Commandery Prince help her for free just because of the Spiritual Stones?"

"There's also the most important evidence. If my Second Mother is really valued by the Li family, why didn't she ask my family's Zifu Disciple for help?" "Why do you have to do something unnecessary and let outsiders get involved and know some scandals?"

The Li family cared a lot about their reputation. Even if the direct descendants tarnished the Li family's reputation, the Li family would not forgive them, let alone the collateral relatives."

"Of course, i won't let Brother Chen take the risk for nothing. i have my own thanks for Deshun Prince.

"As for the Chen family, I will also give my sect's Ten Thousand Beast Technique's Purple Prefecture Realm cultivation technique as a token of gratitude.""

Yang Chen's eyes lit up.

You should have said so earlier. Why did I have to think so much?

With the Zifu Cultivation Method of Ten Thousand Beasts Scroll, I would kill even the real Li Family, let alone the Wuming Commandery Prince.

To put it bluntly, as long as there were sufficient benefits, no matter how high the risk was, it was nothing.

“Since that’s the case, my Chen family has received orders. “However, there’s no need to trouble my master. My Chen family will settle it ourselves.”Yang Chen smiled.

“The Chen family will settle it themselves?”“ Brother Chen, this is not the time to be stubborn,” Wang Shuo said nervously. “ If the Chen family wants more gifts, I can add them.”“

Yang Chen shook his head and released the puppet that Shen Chongde had given him.

As the puppet emitted a terrifying aura, Wang Shuo froze on the spot and said in fear,“This is..A puppet with the strength to go on stage! “

Chapter 213: The Final Preparing (1)

As an outsider, the Beast Tamer Sect naturally had more knowledge than the other factions. Wang Shuo had also seen this grade four spirit weapon-level puppet in the sect’s ancient books.

However, Wang Shuo didn’t expect the Chen family to have such a puppet.

And from the looks of it, it was a puppet that had been charged with Spiritual Crystals!

Regardless of how the Chen family obtained the puppet, the Li family strictly controlled the spiritual crystals that were used to power the puppet. Other than the sixth-rank forces, other aristocratic families were strictly prohibited from obtaining them.

Even if those grade-6 forces wanted to use these spirit crystals, they would have to pay a large number of spirit stones every year.

So how did the Chen family get the Spiritual Crystals?

Questions popped up in Wang Shuo's mind.

Wang Shuo had thought that he understood the Chen Family very well, but now it seemed that he knew nothing.

The entire Chen Family was like a fog that shrouded Wang Shuo.

Even if there was a fifth-rank force behind the Chen family, Wang Shuo would not doubt it.

"Sect Master Wang, can you hand over full authority to my Chen Clan now?" Yang Chen smiled.

When Wang Shuo saw this, he recovered from his shock and said, "Brother Chen, your Chen family is really mysterious. If any force were to look down on your Chen family, even a sixth rank force would probably be defeated by your Chen family."

Wang Shuo said excitedly, "With this puppet here, we can accomplish great things! Don't worry, Brother Chen. After this matter is over, I'll hand over the Myriad Beast Technique."

"Other than Winning Commandery Prince, is there anything else you need my help with? Your father and second uncle are both seventh level Core Formation experts. They won't be easy to deal with." Yang Chen said.

Wang Shuo remained silent.

Of course, he knew that it was difficult to deal with, but he did not ask the Chen family for help for nothing. Now that the Beast Tamer Sect was already in his pocket, he would feel heartache if he wasted even a little.

Seeing that Wang Shuo was silent, Chen Yang bewitched him, "Sect Master Wang, you have to know that if you really become the sect master, the Beast Tamer Sect will be yours."

"If you can't be the young sect master, then the Beast Tamer Sect has nothing to do with you at all, because your position as the young sect master has already been removed by your father."

Wang Shuo's eyes flashed with determination. "Alright, I need your Winged

Tiger and Underworld Dragon's help."

"Very straightforward." Yang Chen clapped his hands and smiled, "I'm sure that Brother Wang will not regret this deal."

"I hope so." Wang Shuo sighed and asked, "What do I have to pay?"

"That will depend on how useful my subdued beasts are. We're good brothers, so I won't cheat you. If it doesn't work, I don't want a single spirit stone."

"If it works, I hope Sect Master Wang can give me a reward based on the facts." Yang Chen smiled.

The reason why Yang Chen didn't mention the reward in advance was because he had fed the Underworld Dragon the Dragon Blood Fruit yesterday.

According to Patriarch Shen Renxu, the dragon-type demonic beasts in the early stage of the Demon Venerable Realm would usually completely digest the Dragon Blood Fruit in half a month to twenty days.

In other words, in 20 days, the Hell Earth Dragon would become a late-stage Demon Venerable. Such strength would definitely play a vital role in this battle.

At that time, the price the Beast Tamer Sect would pay would be much higher than now.

Wang Shuo said gratefully, "Brother Chen is benevolent and I admire you."

Wang Shuo wasn't being sold off and paid for the number of people. Wang Shuo had his own considerations. He controlled 90% of the elders, so logically speaking, there shouldn't be any major problems.

He had rented the Winged Tiger and the Underworld Dragon for a rainy day.

Now that Yang Chen said this, it gave Wang Shuo a guarantee that he didn't need to use the Winged Tiger and the Underworld Dragon, so he naturally didn't need to return the gift.

However, if he used it, he would definitely be in danger. Using spirit stones to resolve the danger, in Wang Shuo's eyes, this was a sure win.

After all, he was already dead, so it was useless to have more spirit stones.

In other words, both parties felt that they had profited from this deal.

After discussing the next plan, the two of them heaved a sigh of relief and began to chat.

"Speaking of which, my son is almost an adult. See if your Chen family has a suitable Di daughter. I want to find a wife for my son." Wang Shuo laughed.

Yang Chen sighed faintly. "When we first met, Brother Wang had just become an adult. Now, even your son is an adult."

"Unlike me, I don't even have a wife."

"All." Wang Shuo laughed. "Everyone knows that you, Chen Yang, are a banished immortal. How can an ordinary person be worthy of you?"

“Believe it or not, if you let out the word that you’re willing to marry these ordinary people, even the royal family will rush to marry the most talented daughter to you.”

“Forget it, let’s not talk about this. Do you have a legitimate daughter of the right age?”

Yang Chen pondered for a moment. There really was. Although they were of different ages, there was not much difference.

“Yes, but it depends on your son’s ability.” Yang Chen smiled.

“Oh?” “What do you mean?” Wang Shuo asked.”

Hearing this, Chen Yang took a sip of tea and smiled, “Our Chen family pursues the principle of marriage. The family will not interfere with the decisions of our clansmen, nor will we use our clansmen to marry other forces.”

Wang Shuo was stunned for a moment before he smiled and said, “Hahaha, with such open clan rules and your talent, the Chen Clan should rise!”

“I’ll get my brat to come over tomorrow. Whether or not he can bring the beauty home will depend on that brat’s ability.”

“Alright, it’s about time. I should go. Brother Chen, farewell.” Wang Shuo stood up and cupped his hands, then prepared to leave.

Seeing this, Yang Chen tried to persuade him to stay.” Sect Master Wang, you’re already here. Why don’t you stay for a few more days?”

“Although I really want to see how wonderful the drama in the drama sacred land is, it’s a pity that I have to prepare in advance.”

“Brother Chen, we have met again.”

After bidding farewell to Wang Shuo, Yang Chen started to prepare for the big event in a month.

After all, the Endless Mountains were so big. If they didn't make preparations in advance and allowed the Winning Commandery Prince to arrive at the battlefield, it would be a great sin.

After half a month of investigation, Yang Chen had some clues about the route of the Winning Commandery Prince.

“Master, after investigation, we can conclude that the Winning Commandery Prince lives in Ke City of the Great Kun. This route was the shortest route from Ke City to the battlefield.”

Yang Chen looked at the route on the map and pointed at one of the valleys.

“We'll ambush them here. Although the Winning Commandery Prince is arrogant and conceited, he will definitely choose the shortest route.”

“But there is always a possibility. If the Winning Commandery Prince takes a detour, this valley is closer to the battle site.”

“If the Winning Commandery Prince didn't take a detour, then this valley is undoubtedly the best place for an ambush.”

“Of course, I want to be lenient. To be safe, I'll call my master and let him go to the battle site to ambush.”

“If there's really a chance, I'll bring my master to earn some spirit stones..”

Chapter 214: Father, Second Uncle, Times Have Changed

Yi City, Deshun County Prince's Mansion.

After deciding on the location of the ambush with the Great Elder, Chen Yang went to look for the Duke of Deshun.

In the reception hall, the Deshun Commandery Prince looked at his disciple with a smile. "Yang 'er, why are you looking for me out of the blue? Is there something you need?"

Yang Chen put down his teacup and said respectfully, "Master, I came here to help you earn some spirit stones?"

"Earn spirit stones? What do you mean?" The Duke of De Shun asked.

Immediately, Chen Yang informed Deshun Commandery Prince of the news that the Beast Tamer Sect was going to have an internal conflict. At the same time, he also informed Deshun Commandery Prince of the news that the Wuming Commandery Prince was going to attack.

After hearing Chen Yang's words, Deshun Commandery Prince said worriedly, "Yang 'er, are you sure you can kill the Wuming Commandery Prince?"

"Why don't we switch? I'll kill the Wuming Commandery Prince, and you'll cover for Wang Shuo."

"Master, don't worry. Since I dare to kill the Wuming Commandery Prince, I'm confident that I can succeed. When have you ever seen me act rashly?" Yang Chen smiled.

Deshun Commandery Prince nodded. Since Chen Yang was confident, he would believe him.

As for why Chen Yang had the confidence to kill the Wuming Commandery Prince, the Deshun Commandery Prince didn't probe further. Firstly, everyone had their own secrets. Secondly, Chen Yang's

innate talent prevented the Deshun Commandery Prince from probing further into Chen Yang's confidence.

Deshun Commandery Prince believed that no secrets were important compared to Chen Yang's own potential.

"Okay, i promise you. i will be careful. If the Wuming Commandery Prince comes, i will definitely let him stay here."

"As for the spirit stones, it doesn't matter. As long as i can give them to Li... If i can take care of the Wuming Commandery Prince, I'll do it for free." Deshun Commandery Prince said.

Yang Chen smiled and waved his hand." No, even if we're master and disciple, we'll do whatever we want.""

"Don't worry. It's the Beast Tamer Sect who's paying the spirit stones anyway. Master, just accept it. If the Wuming Commandery Prince doesn't come, you can take less. If you come, take more."

"No, no, no." The Deshun Commandery Prince smiled and waved his hand." i understand your intentions, but you still have to do as I say."

"Forget it. How about this? If the Wuming Commandery Prince really goes around you and comes to the battlefield, I'll take the Spiritual Stones."

"If you don't come, just treat it as me relaxing. Don't argue. I'm your master. Listen to me."

Seeing this, Chen Yang remembered the friendship between Deshun Prince and nodded with a smile." Alright, I'll listen to you, Master.""

After discussing with Deshun Commandery Prince, Deshun Commandery Prince followed Chen Yang back to the Chen family and waited for the internal strife in Beast Tamer Sect to begin.

While the Chen family and Deshun Commandery Prince were waiting quietly, waves of undercurrents surged in the Beast Tamer Sect.

In Vice Sect Leader Wang Xiao's courtyard, Wang Xiao looked at Wang Shuo and asked, "Aren't you afraid of being suspected for coming to my place at such a critical moment?"

"Suspected?" "I have nothing now, so who would care about me?" Wang Shuo mocked himself.

"I only hope that you won't forget your promise. You have to know that I've roped in nearly 40% of the elders under your control."

Wang Xiao smiled and patted Wang Shuo's shoulder. "Don't worry, nephew. I'm not a heartless person like your father."

"Putting aside the fact that I'm your second uncle, I'm supposed to take care of you. I don't owe you anything for your contributions."

"Don't worry, the position of Vice Sect Master will definitely be yours."

Hearing this, Wang Shuo smiled in relief. "I hope Second Uncle will keep his word."

Then, Wang Shuo stood up and left.

Looking at Wang Shuo's back, Wang Xiao smiled and said, "Wang Hu, oh Wang Hu, even your own son doesn't support you. Are you even worthy of being the sect leader?"

After leaving Wang Xiao's courtyard, he returned to Wang Shuo's courtyard. In Wang Shuo's courtyard, Beast Tamer Sect's sect master, Wang Hu, was sitting inside.

Beside Wang Hu were two elders who were pouring tea for him.

Seeing Wang Shuo enter, Wang Hu stood up and smiled, "Shuo 'er, is there any news from the other side?"

"What news can there be?" Both sides were ready for the decisive battle. At this moment, there were no more secrets."

Wang Shuo sat down on the stone chair, picked up a cup of tea, and drank it in one gulp.

Seeing this, Wang Hu was not angry. Instead, he was very pleased and said, "Shuo 'er, I'm very satisfied that you're able to see the big picture." "Know the big picture?" Wang Shuo smiled and shook his head. "I only hope that you won't forget your promise."

Wang Hu patted his chest and said, "Don't worry, you're my son too. I definitely won't owe you anything."

"The position of Vice Sect Master will definitely be yours. In addition, once your younger brother reaches the Zifu level and has a good relationship with the Li clan, he will definitely find you a grade-6 aptitude pill."

"Moreover, after the Beast Tamer Sect becomes the number one sect in the Great Qian Dynasty, they will give your lineage resources and nurture a Zifu Disciple."

Hearing Wang Hu's flatbread, Wang Shuo nodded with satisfaction on the surface, but he was disdainful in his heart.

Who could guarantee this kind of promise in the future? He had not made a Heaven and Earth Oath.

Moreover, even if I made a Heaven and Earth Oath, why couldn't these promises be made by myself?

Time passed bit by bit. In the blink of an eye, it was the day of hunting and worshipping the ancestors that the Beast Tamer Sect had mentioned.

Everyone with discerning eyes knew that this was the final competition between the two great factions of the Beast Tamer Sect.

However, in order to preserve the Beast Tamer Sect's influence, neither Wang Hu nor Wang Xiao touched the sect disciples. They only brought the elders with them.

Firstly, no matter who was the sect master, they did not want their sect to be in a situation where there was a lack of succession.

Secondly, in a battle of this level, Qi Refining and Meridian Opening disciples were completely useless.

In the Beast Tamer Sect, after Wang Hu said some words of worship to his ancestors in a dignified manner, the group of people officially set off for the Endless Mountain Range.

At the same time, the Chen Clan, Deshun Commandery Prince, Chen Yang, and Chen Xuan headed to the agreed location.

According to the speed of the flying subdued beasts in the Beast Tamer Sect, it would take at least two days to reach the hunting site.

Two days was enough for the Chen family to make sufficient arrangements.

Two days later, at the hunting site.

After the group of elders alighted from the flying chariot, they automatically divided into two camps without Wang Hu and Wang Xiao saying anything.

"That's great!" Wang Hu grinned when he saw this. "I originally thought that there wouldn't be so many elders who would rebel against their superiors. I didn't expect that..."

Hearing Wang Hu's sarcastic tone, Wang Xiao said disdainfully, "Wang Hu, why are you saying so much? Back then, you used a conspiracy to seize my position."

“Now, it’s time to return this position to me!”

Then, Wang Xiao released a terrifying aura that swept out, making Wang Hu’s camp feel as if they were facing a great enemy.

Seeing this, Wang Hu released his aura to resist.

At this moment, Wang Shuo stepped forward and said with a smile, “Don’t be anxious. Listen to me. This sect master position is mine.”

“Father, Second Uncle, times have changed!”

Chapter 215: Changes in the Wind and Cloud of Jiangzhou, the Chen Family Walking Up to the Stage

“Shuo ‘er, what do you mean?” Wang Hu immediately felt that something was wrong and quickly asked.

“What do you mean? It meant that the era that belonged to them had passed. Next, it was his era.”

“Come over.”

As soon as Wang Shuo’s voice fell, eighty percent of the elders who had followed him rushed to Wang Shuo’s side and stared coldly at Wang Hu and Wang Xiao.

“Good!” Wang Xiao sneered. Good! Good!”

“As expected of my son. As expected, he’s not willing to fail like this.

But have you ever thought that the reason I can stand up to your second uncle is because your second uncle is a seventh level Core Formation expert?"

"Right now, your side has quite a number of elders, but you don't even have a single seventh level Core Formation expert. What confidence do you have to overthrow me?"

"Wang Xiao, you and I should join forces now. After we take care of this unfilial son of mine, we can compete again."

Wang Xiao was already furious that Wang Shuo had played him like a monkey. Now that he heard that Wang Hu wanted to join forces with him, he immediately replied without even thinking, "Good!"

Immediately, the two Core Formation Stage Level 7 experts charged toward Wang Shuo.

Faced with the joint attack of two seventh-stage Core Formation experts, Wang Shuo would be lying if he said he wasn't nervous. However, he still remained unmoved on the surface and calmly commanded, "Go!"

Hearing this, all the elders rushed forward and surrounded Wang Hu and Wang Xiao.

When Wang Hu saw this, he slapped the elder who was approaching him back and sneered, "I told you, without a late stage Core Formation expert, you won't be able to resist us."

"The elder who is still willing to be loyal to me, capture that unfilial son for me. Whoever can capture him, I promise to push him to the late stage of Core Formation!"

As soon as he said that, the elders who were loyal to Wang Hu and Wang Xiao charged at Wang Shuo.

At this moment, the roar of a tiger and a dragon suddenly sounded in the dense forest.

Then, the Underworld Dragon and the Winged Tiger arrived together, landing on Wang Shuo's left and right.

The beast eyes stared at the intruding elders, and a hint of killing intent unconsciously leaked out.

“Late-stage Demon Venerable!” Sensing the Earth Dragon’s aura, Wang Shuo’s face flashed with excitement.” Brother Chen didn’t disappoint me. Father, I now have the battle prowess of a late stage Core Formation cultivator!”

The appearance of the Underworld Dragon was undoubtedly a great encouragement to Wang Shuo’s side. However, it was not a good thing for Wang Hu and Wang Shuo.

Wang Hu’s expression changed as he said coldly,””Chen Yang’s Underworld Dragon? Wang Shuo, you dare to collude with outsiders. You are indeed my good son.”

“Are you elders going to let Wang Shuo collude with outsiders?”

“Now that you’ve abandoned the dark and joined the light, I can let bygones be bygones!”

“Colluding with outsiders?” Wang Shuo sneered. The Chen family was a vassal family of the Beast Tamer Sect. How could they be outsiders?”

“On the contrary, you ignored the interests of the sect and forcefully bought a Tier 6 aptitude pill for your illegitimate son, pushing him to the position of Young Sect Master.”

“Isn’t the goal to get close to the Li family? Compared to me, you’re the one who’s colluding with outsiders?”

“A real man stands between heaven and earth. There are things he should do and things he shouldn’t. Father, your intentions are good, but if you bow and scrape like this, ask these elders.”

” Don’t forget that I, the Beast Tamer Sect, am of noble birth. The reason why i moved here was because i didn’t want to yield.”

“Now that you’ve submitted to the Li family, aren’t you making our ancestors and our Beast Tamer Sect’s past a joke?”

Hearing Wang Shuo’s accusations, Wang Hu’s face turned red.

Half of it was due to Wang Shuo’s anger, and the other half was due to Wang Shuo’s embarrassment.

Colluding with outsiders and groveling, no matter how noble the reason was, it was ultimately despised by others.

Moreover, that reason was not very noble. He wanted to make the sect strong, but he did not want to develop the sect, but instead took a shortcut. How could he be convinced?

“Unfilial son! How dare you speak to me like this? Don’t forget that I’m your father!” Wang Hu said angrily.

“Hmph, hehe.” Wang Shuo laughed coldly and shook his head. “Father, why are you saying such useless words? The winner takes all. You should just accept your defeat.”

“Attack!”

With Wang Shuo’s order, the Hell Dragon roared and pounced on the elders who were loyal to Wang Hu and Wang Xiao.

The other elders focused on attacking Wang Hu and Wang Xiao.

Not long after, the elder who had submitted to Wang Hu and Wang Xiao was knocked to the ground by the Underworld Dragon.

If Wang Shuo hadn’t stopped him, he would have died under the claws of the Underworld.

Wang Shuo's reason for stopping the fight was simple. Even for a seventh-rank force, it was not easy to cultivate a Core Formation cultivator.

Wang Shuo didn't want the Beast Tamer Sect he took over to be a sect with an empty reputation.

Besides, this would also show his benevolence. If these people refused to obey and Wang Shuo executed them, then he wouldn't be blamed.

After getting rid of the elders, the Underworld Dragon joined the group that surrounded Wang Hu. Not long after, Wang Hu was captured alive by the elders.

Wang Hu was defeated, and Wang Xiao did not last long either. He was also captured by the elders and brought to Wang Shuo.

Looking at Wang Shuo, Wang Xiao heaved a sigh of relief. He smiled and said, "I've never been impressed by anyone in my life. You're the first one."

"I don't know when you managed to win over so many elders, but I know that there must be many schemes hidden within."

"To be able to come up with so many schemes, I believe that under your leadership, the Beast Tamer Sect will do better and better."

In the end, he would be able to kill his way back and complete the ancestor's last wish. Unfortunately, I won't be able to see it.."

Chapter 216: The Wind and Cloud Change in Jiang Prefecture, and the Chen Family Walks onto the Stage

"No, Second Uncle, you can still see it." Wang Shuo laughed.

Wang Xiao looked at Wang Shuo in surprise. "You don't plan to kill me?"

"Kill you? No, no, no, why should I kill you? You have the combat strength of the seventh level Core Formation Realm. The Beast Tamer Sect can't afford to lose you."

"Second uncle, as long as you swear a great oath to the heavens and swear allegiance to me, I can spare your life. In fact, when I have enough resources in the future, it won't be impossible for me to nurture you to the Zifu level."

When Wang Xiao heard this, he burst into laughter. "Hahaha..."

After laughing, Wang Xiao looked at Wang Hu. "Big brother, even now, I still can't accept you. No matter what, you're inferior to me."

"But you're still better than me when it comes to having a son."

After laughing, Wang Xiao circulated all the spiritual energy in his body and said with a serious expression, "My Beast Tamer Sect's sect master, Wang Xiao, has sworn an oath to the heavens and earth to be loyal to Wang Shuo for the rest of his life."

"I will obey Wang Shuo's orders without hesitation. If he went against this oath, he would die in vain under the great tribulation!"

Seeing Wang Xiao swear his loyalty to him, Wang Shuo smiled and untied Wang Xiao. "Second Uncle, I remember you promised me that the position of Vice Sect Master would forever belong to my bloodline."

"Now, I'm returning this Cheng Ruo Yuan to you. This vice sect leader position will forever belong to your lineage."

Hearing this, Wang Xiao quickly lowered his head and thanked him. "Thank you for your kindness, Sect Master."

After dealing with Wang Xiao, Wang Shuo looked at Wang Hu." Father, if I make you swear loyalty to me, that would be unfilial. After all, you are still my father."

"I won't kill my father either. From today onwards, you'll stay in the Beast Tamer Sect and enjoy your old age. Watch how I lead the Beast Tamer Sect to the peak."

"Toward the peak?" "Your path to the peak is to collude with the Chen family?" Wang Hu said disdainfully."

"I really don't know what you're thinking. On one side is the Chen family, and on the other is the Li family. Even a fool would know which one to choose, but you chose the Chen family."

"I don't believe that you and the Chen family can bring the Beast Tamer Sect back."

"And you elders, you're also colluding with outsiders. Why did you choose the Chen Clan instead of the stronger Li Clan?"

"Former Sect Master, let me tell you the answer."

Without waiting for Wang Shuo to reply, Daoist Priest Dao Xuan stepped forward and answered for Wang Shuo,""From the looks of it, my Beast Tamer Sect is still stronger than the Chen family. If we cooperate with the Chen family, my Beast Tamer Sect will still be in the lead."

"Even if the Chen family becomes stronger than the Beast Tamer Sect one day, our Beast Tamer Sect will still not suffer a loss."

"If you don't believe me, look. The Mo Clan, Li Clan, and Feng Clan, who were the first to follow the Chen Clan, are now earning a lot of money behind the Chen Clan. They seem to be on the verge of breaking through to Rank-8."

"As for the other ninth-rank aristocratic families in Nanyang County, they are still doing well. Their overall strength is at the top of the ninth-rank."

“What about the Li family? Not to mention the vassals who were trying to break through to Rank-5, the Li family would even try to suppress those who were trying to break through to Rank-6, fearing that there would be forces beyond their control.”

“To put it bluntly, the Chen family pursues a win-win cooperation. This is also what the Chen family leader has always said.”

“What the Li family pursues is to use the blood of the vassal forces to stabilize the rule of the Li family.”

“Only someone like you, the former sect master, who is blinded by oil, will believe that the Li family can help our Beast Tamer Sect rise.”

“If you don’t believe me, you can take a look at what the Chen family did during the disaster. They treated ordinary people so well, let alone us!”

The elder at the side also seemed to agree. Seeing this, Wang Hu took a deep breath.” i admit that the Chen family is indeed better than the Li family in dealing with the affiliated families and cooperating forces.”

“But don’t forget that the Li family is stronger than the Chen family. In this world, strength speaks for itself.”

“Let’s talk about this battle. Did you really think that i wasn’t prepared at all?”

“Let me tell you, the Winning Commandery Prince of the Great Kun will be here soon. This is all because my wife is a daughter of the Li family!”

“Now, do you still think that cooperating with the Chen family is better than submitting to the Li family?”

When the elders heard this, their expressions changed drastically.

Winning Commandery Prince! Among the older generation, he was a Nightmare.

She did not expect him to actually come!

When Daoist Dao Xuan saw this, he quickly walked to Wang Shuo's side." Sect Master, let's leave quickly. We'll be safe once we return to Jiang Prefecture.""

"That's right, Sect Master. With our current strength, we can't resist the Winning Commandery Prince."

When Wang Shuo heard this, he didn't look anxious at all.

He didn't answer the elder's question. Instead, he smiled at Wang Hu and said," Father, since you trust the Li Family and the Winning Commandery Prince so much, I'm afraid you'll be disappointed."

"Let's see if the Li family and the Winning Commandery Prince can change the current situation!"

"Humph!" Wang Hu sneered." i don't know why you're so confident. Do you think that the Chen family, a mere Level Eight, can help you stop the Winning Commandery Prince?"

"Dream on!"

"Dream on? Sect Leader Wang Hu, please take a look at whose corpse this is!"

At this moment, a loud shout came from the sky. Immediately after, the Light Plucking Eagle arrived with Chen Yang on its back.

Before it landed, Yang Chen threw down a corpse.

When Wang Hu saw the face of the corpse, his expression changed drastically. He said in shock,"No, I can't! This was impossible! How could you kill the Commandery Prince? This must be fake!"

“Fake? Since you think it’s fake, then it’s fake.”

Chen Yang sneered and walked to Wang Shuo’s side, cupped his hands and smiled, “Sect Master Wang, I didn’t fail you.”

Seeing this, Wang Shuo quickly grabbed Chen Yang’s shoulders. “Hahaha, Brother Chen, I was right about you. You really killed the Wuming Commandery Prince!”

“A mere Wuming Commandery Prince is nothing in front of the Chen Family.” Yang Chen smiled.

Chen Yang’s words shocked the elders even more. Could it be that the Chen clan was already so powerful that they could easily kill Supremacies of the Purple Prefecture?

Didn’t that mean that as long as the Chen family wanted to, they could completely destroy the Beast Tamer Sect?

All the elders were glad that they were on Wang Shuo’s side. If they were on Wang Hu’s side, they would have angered the Chen family.

Then the one lying here was not the Wuming Commandery Prince, but the Beast Trainer Sect.

Wang Shuo saw the gazes of the elders and said excitedly, “Hahaha, the Chen family is indeed worthy of being the brother of my Beast Tamer Sect. They’re really powerful.”

“Brother Chen, I have a presumptuous request. Can we form an alliance of brothers and develop together?”

“I’m happy to do so.” Yang Chen smiled.

When the group of elders heard this, not only did they not feel that it was inappropriate, but they were also very happy.

On the surface, the Chen family had changed from a vassal family to a brother family.

However, in reality, anyone who still treated the Chen family as a vassal family at this time would be courting death.

If the Chen family did not treat the Beast Tamer Sect as a vassal sect, the Beast Tamer Sect would be extremely lucky.

As expected, Sect Leader Wang Shuo's choice was the best.

Seeing the death of the Wuming Commandery Prince, Wang Hu no longer had any thoughts of turning the tables.

Without any resistance, he followed Wang Shuo and the others out of the Endless Mountain Range.

On the back of the beast, Wang Shuo couldn't help but ask, "Brother Chen, how did you deal with the Wuming Commandery Prince?"

"How? Just solve the problem normally." With that puppet," Yang Chen said with a smile, "it'll be easy to deal with the Wuming Commandery Prince."

"That's true." Wang Shuo smacked his tongue. "To be honest, I really want to see the face of the Wuming Commandery Prince when he sees this puppet."

"I promise you, you definitely don't want to see it. Because the Wuming Commandery Prince didn't even notice the enemy and was killed by my puppet. Before he died, he still had a look of disbelief on his face."

"I see." You should have shown yourself first," Wang Shuo said with a hint of pity. "When Wuming is at his peak, you can give him despair."

“Good fellow, you want to kill someone and kill their heart?” Yang Chen smiled and shook his head. “I don’t want to do things that would cause more trouble.” Since he could kill him with a sneak attack, he didn’t want to cause trouble for himself.”

“Brother Chen, you’re getting old.”

“I have no choice. I cherish my life, so I naturally have to be cautious. Only then

can I safely lead the Chen family to develop..”

Chapter 217: The Wise Ancestor of the Beast Tamer Sect, the Two Families Form an Alliance

In the 544th year of Da Qian, a piece of news blew up Jiang Prefecture and even the entire Da Qian.

One of the seventh-rank sects in the Great Qian Dynasty, the dominant sect in the Jiang Prefecture, the Beast Trainer Sect, had an internal strife this year.

The sect master and the vice sect master didn’t care about the friendship and brotherhood of the sect and started an intense battle in the Endless Mountain Range.

The perverse actions of this battle had completely angered the Beast Tamer Sect elders.

Immediately, these elders joined forces and took down the sect master and vice sect master together. At the same time, they supported the young sect master, Wang Shuo, who had just been dismissed, as the sect master. Only then did they understand the chaos.

According to Chen Bao, the reason for this internal strife was because the sect master, Wang Hu, actually planned to collude with outsiders.

And because of this, the Vice Sect Leader could not take it anymore and started a rebellion.

Now that the rebellion had been quelled, the new sect master, Wang Shuo, was grateful for the deputy sect master's starting point. It was also for the sake of the sect that he exempted the deputy sect master from his crimes and allowed him to continue to hold the position of deputy sect master.

When the news leaked out, countless people praised the new sect master's righteousness.

At the same time, he believed that under Wang Shuo's leadership, the Beast Tamer Sect would definitely regain its glory.

Under the witness of the other seventh-rank factions, Wang Shuo officially took over the position of sect master and became the controller of the seventh-rank faction, Beast Tamer Sect.

According to Chen Bao's description, many of the leaders of the factions expressed their admiration for Wang Shuo that day, thinking that Wang Shuo would definitely be the sect master who would lead the Beast Tamer Sect to prosperity.

This made everyone even more convinced that the position of Beast Tamer Sect's sect master should belong to Wang Shuo.

His father had removed Wang Shuo from his position because Wang Shuo's intelligence was far-reaching and would influence him to collude with outsiders.

"Ironic, how ironic!

The sect master who was praised as the most intelligent was actually a bastard who used his own cultivation technique as a price to collude with outsiders to overthrow his father for the sake of the sect master's position!"

In the Beast Tamer Sect, the Wang family's ancestor stared coldly at Wang Shuo." I didn't expect that you would cause so much trouble after I left for more than ten years!"

“I don’t blame you for overthrowing your father. After all, your father did something wrong!

“But you should never have used our cultivation technique as a reward to invite outsiders to interfere!”

“Since I’m back, your position as sect master is over. Wang Xiao, you will be the sect master from now on.”

“As for how to punish you, wait until i get the cultivation technique back!”

With that, the Wang family’s ancestor left on his flying subdued beast aggressively.

After the Wang Family Patriarch had completely disappeared, Wang Xiao walked to Wang Shuo’s side.”
Sect Master, why did you tell the Patriarch about this secret?”

“Only you and the Chen Clan Leader know about this matter. There’s no need for that.”

Wang Shuo glanced at Wang Xiao.” How long do you think we can keep this a secret? Sooner or later, the Chen Clan would give birth to a Zifu Disciple. At that time, wouldn’t the Patriarch still know?”

“It’s better to tell the ancestor as soon as possible and solve it quickly to save trouble in the future.”

“At that time, not only will we collude with outsiders, but we will also be suspected of hiding from the ancestor.”

“Why? Second Uncle, could it be that you want our Beast Tamer Sect to abandon such a Supremacy?”

“But...” Wang Xiao stammered, then gritted his teeth and said,”In the future, what’s done is done, and the Chen family has already risen to power. Even if the ancestor is unwilling, there’s nothing we can do.”

“What are you saying? Is the Chen family not in power now? Second Uncle, do you know how the Chen Family killed the Wuming Commandery Prince?”Wang Shuo laughed.

Hearing this, Wang Xiao looked at Wang Shuo in confusion." Didn't you say that you would rely on the Deshun Commandery Prince?"

"The Deshun Commandery Prince has always been by my side to protect me. Otherwise, why wouldn't I be worried at all?" Wang Shuo said.

Of course, this was what Chen Yang told Wang Shuo, but it didn't affect Wang Shuo's ability to improve his style.

As expected, Wang Xiao continued to ask,"How did the Chen Family kill the Wuming Commandery Prince?"

"To tell you the truth, the Chen family is not as simple as you and I think.

i think there is a terrifying force behind the Chen family. This force is not comparable to the Li family, but even stronger than the Li family."

"Because this is the only way to explain why the Chen family has so many trump cards."

"Including the secret of killing Wu Ming. That was a puppet with the strength to ascend the stage! How could the Li family produce such a puppet?" Wang Shuo asked.

When Wang Xiao heard that, he sucked in a breath of air in the Beast Tamer Sect's meeting hall.

Good heavens, a puppet at the level of a mighty figure.

Regardless of whether the Chen family had developed the relic or the power behind it, it didn't affect the puppet's strength.

With this puppet, destroying the Beast Tamer Sect was as easy as taking it out of his pocket.

Now, Wang Xiao was starting to worry about his old ancestor. If his old ancestor went over so aggressively, would he be killed by the Chen Clan Head's puppet?

Wang Shuo saw what Wang Xiao was thinking and immediately smiled, "Don't worry, Brother Chen knows his limits, and our ancestor isn't someone who doesn't know how to appreciate favors."

"I reckon that once the Chen Clan Leader takes out the puppet, the ancestor will obediently return. Not only will he return, but he will also support me as the sect leader on the surface. At most, he will ignore me in private."

Hearing Wang Shuo's words, Wang Xiao felt a little more at ease.

However, he was still worried that something would happen to his ancestor in the Chen family.

Chen family, in the guest hall.

With the speed of the Wang family's ancestor's demon king subdued beast, they arrived at the Chen family in less than half a day.

When they arrived at the Chen Family, they seemed to have guessed that Chen Yang was the disciple of Deshun Commandery Prince, so they did not make any rude moves.

Instead, he entered the reception hall and waited for Yang Chen's arrival.

"I didn't know that Venerable Wang would come. I hope you can forgive me." Yang Chen smiled as he walked into the reception hall.

Chapter 218: The Wise Ancestor of the Beast Tamer Sect, the Two Families Form an Alliance

The Wang family's ancestor glanced at Chen Yang and said indifferently, "You must be Yang Chen. You're indeed a talented person and live up to your reputation as a prodigy."

"You're too polite."

Chen Yang smiled and walked to the main seat. Then, he looked at the Wang family's ancestor, "I wonder if there's anything you need my Chen family to do for you?"

When the Wang family's ancestor heard this, he said indifferently, "I don't dare to help. I came to the Chen family just to ask for something from the Chen family."

"Something? What is it?" Yang Chen pretended not to know.

When the Wang family's ancestor saw this, he snorted coldly. "Why do you have to pretend to be ignorant, Chen family head? I'm already giving your Chen family enough face by sitting here and talking to you."

"I hope your Chen family won't be ungrateful and return my Beast Tamer Sect's cultivation technique to me."

"I know that this cultivation technique was exchanged for by your Chen family with merit.

I won't let your Chen family waste their efforts. 100,000 spirit stones is already very generous, right?"

When Chen Yang heard this, he smiled and shook his head. "Supremacy Wang, you really know how to do business. The life of a Zifu Disciple is only worth 100,000 spirit stones?"

"Or should I say that a Sixth Stage cultivation technique is only worth a hundred thousand spirit stones?"

“Everyone knows that among treasures of the same grade, cultivation techniques are the most valuable. On the other hand, Venerable Wang used the top price of ordinary treasures to buy cultivation techniques.”

“He looks generous on the surface, but in reality, isn’t he just taking things by force?”

” How many spirit stones do you want?” The Wang family’s ancestor frowned.” “I’m sorry, but my Chen family doesn’t lack spirit stones.”

“Humph!” The Wang Family’s ancestor slammed the table, and a terrifying aura swept out.” Chen Yang, you have to take responsibility for what I’ve done to you. Do you understand?”

“Take responsibility?” Chen Yang endured the terrifying aura of a Zifu Supremacy and said word by word,”You have to be stronger than me before I’ll take responsibility. As for you, Supremacy Wang, you’re not enough to use your strength to suppress me!”

Then, Yang Chen released the puppet.

The terrifying aura instantly suppressed the aura of the Wang Clan’s Patriarch’s Zifu Disciple.

Sensing this aura, the Wang family’s ancestor’s expression changed drastically. His pupils constricted as he said in disbelief,”A puppet at the level of a grade four spirit weapon, how could you possibly possess it!”

“Why do you care how I got it? i still say the same thing. You’re not strong enough to suppress me.”

When the Wang family’s ancestor heard this, a wave of anger rose in his chest, but he still suppressed it aggrievedly.

Dammit, how could there possibly be a grade four spirit weapon level puppet here?

Even in the sect, a puppet of this level was extremely rare and could be called a treasure!

Puzzled, the Wang Clan Patriarch glanced at the puppet, and then froze in place.

“This is...This is the symbol of the Shen family. This puppet belongs to the Shen family. Are you related to the Shen family?”

“Oh, it seems like Honored Sir Wang still knows about the Shen family. I’m a little curious about this.”Yang Chen looked at the Wang Family Patriarch with interest.

The ancestor of the Wangjia family took a deep breath and slowly said,”I remember that when the ancestor and I escaped from the sect, we were chased by the enemy. It was the Shen family who saved my life.”

“I am naturally very familiar with the Shen family’s symbol! Tell me, who gave you this puppet?”

“Shen Chongde, have you heard of this name?”Yang Chen smiled.

“Shen Chongde?” The Wang Clan’s ancestor’s eyes widened.” You’re saying that this was given to you by Shen Chongde’s ancestor? Then what’s your relationship with the Shen Clan?”

“It doesn’t have much to do with it. My mother is the Di daughter of the Shen family.”Yang Chen said lightly.

“Shen family’s Di daughter? How could this be possible, how could the Di daughter of the Shen family marry someone from this remote place?”The Wang family’s ancestor shook his head violently, looking as if he did not believe it. “It’s up to you whether you believe me or not. I don’t have to explain too much to you.”Seeing that the Wang family’s ancestor did not believe him, Chen Yang did not want to explain anymore.

In any case, Chen Yang would definitely not return this cultivation technique. At most, he would kill the Wang family’s ancestor.

Hearing Yang Chen’s words, the Wang Family’s ancestor believed him.

After all, only the Shen family's ancestor and the head of the Shen family had a puppet of this level. There was no possibility of losing it.

The appearance of the puppet here meant that Yang Chen was really a descendant of the Shen family.

The Shen family valued Chen Yang's talent, so they left the puppet here to protect him.

The Wang family's ancestor took a deep breath and slowly said, "Since you're a descendant of the Shen family's bloodline, and the Shen family is the benefactor of my Beast Tamer Sect, then it's not impossible to give this cultivation technique to you."

When Chen Yang heard this, he smiled and cupped his hands at the Wang family's ancestor. "Thank you, Venerable Wang."

"No need to thank me. You deserve it.

"Chen clan leader, now that my Beast Tamer Sect has even given you the cultivation technique, I hope that one day, when your Chen clan becomes stronger, you can bring my Beast Tamer Sect back to fight." The Wang family's ancestor said slowly.

The fact that Chen Yang was valued by the Shen family's ancestor meant that Chen Yang's talent was extremely outstanding. It was only a matter of time before the Chen family rose to power.

After they rose up, such a small place would not be able to satisfy the Chen family.

At that time, the Chen family would definitely walk out of the Endless Mountain Range. In addition to their relationship with the Shen family, the Beast Tamer Sect might also follow them back and return to their sect.

This was the dream of the Beast Tamer Sect's ancestors, as well as the Wang family's ancestor.

Wang Xiao was really worried. With his Patriarch's temper, there was a high chance that he would anger the Chen family head. If Chen Yang really killed his Patriarch, the Beast Tamer Sect would suffer a huge loss.

Hearing this, Wang Shuo stood up from the seat of the Sect Leader and walked to Wang Xiao's side. He patted Wang Xiao's shoulder and said, "Don't worry. I think the Patriarch will be back soon."

As soon as Wang Shuo finished speaking, he heard the roar of a beast. Immediately after, a huge demon beast landed on the Beast Tamer Sect, and the Wang family's ancestor rushed in.

"From today onwards, Wang Shuo will be the sect master of the Beast Tamer Sect. Everyone in the Beast Tamer Sect, including me, will have to listen to Wang Shuo."

As soon as he entered, the Wang family's ancestor took the lead and said before anyone could greet him.

When everyone heard this, their faces revealed joy.

As for Wang Shuo, he patted his chest in relief. As expected, Brother Chen was still worried about him and didn't fear the ancestor.

"Ancestor, please take a seat."

Wang Shuo quickly ran to his own Patriarch's side and helped him to the main seat.

The Wang family ancestor looked pleased. After sitting down, he patted Wang Shuo's hand and said, "As expected of the descendant I value."

"Letting you be the sect master is the best decision I've made in my life." "What are you saying, ancestor? I would rather not be the sect master than serve you day and night." Wang Shuo was touched.

Wang Xiao pursed his lips in his heart as he looked at this warm scene. There were no outsiders here, so why would he act like this?

After enjoying the show, the Wang family's ancestor instructed, "Sect Master, I suggest that the most important thing for the Beast Tamer Sect now is to form an alliance with the Chen family."

"I can tell the sect master that the Chen family has a fourth-rank force behind them. If we form an alliance with the Chen family, our Beast Tamer Sect will definitely not lose out!"

Wang Shuo's pupils constricted when he heard that. Rank-4 force!

Wang Shuo had thought that it was already shocking enough that the Chen family had a rank five force behind them. He did not expect that the Chen family had a rank four force behind them!

"Don't worry, I'll immediately form an alliance with the Chen family..""

Chapter 219: The Shen Family's First Grant

Hearing Wang Shuo's words, the Wang family's ancestor nodded in satisfaction. "Alright, hurry up and form an alliance."

"I'm old too. The future of the sect is in your hands. I hope that you can carry out the wishes of the acting sect master and lead our Beast Tamer Sect to fight back."

"Yes, I will." Wang Shuo nodded.

Great Gan, Jiang Prefecture, Chen City, north of the city gate, a carriage slowly arrived.

Chen Mingde looked at the two words Chen Cheng on the plaque and felt a surge of emotion.

After leaving home for so long, I'm finally back."

According to the rules of the Chen family, Chen Mingde and the other clansmen who gathered information for the Chen family could return to the Chen family five years later and be replaced by a new batch of people.

Of course, if they were willing to stay in the sect and continue to carry out the clan's mission, the clan would not refuse.

Back then, Chen Mingde did not return in time. The reason was naturally because of what he was thinking.

Now that he had achieved what he wanted and his cultivation had also reached a certain level, it was time for him to return and contribute to the clan.

After sighing, Chen Mingde said through the curtain,""Madam, we're going home soon."

"Husband, I'm a little nervous. We haven't told anyone about our marriage. Will the Chen family accept me?"A soft voice came from behind the curtain.

Chen Mingde heard this and smiled." Madam, you don't have to worry. I've said it before. The Chen family is free to marry.""

"You are the wife that I, Chen Mingde, have chosen. The Chen family will definitely support me. How can I not accept you?"

"Don't worry, come in with me. My parents should be at home at this time."

"Yes." Hearing Chen Mingde's words, Chen Mingde's wife felt slightly relieved.

Immediately, Chen Mingde brought the carriage into Chen City and returned to the Chen Family.

In the Chen family, Chen Mingde looked at the courtyard where he grew up. He shook his wife's hand and took a deep breath." Come, let's go in.""

"Yes."

Chen Mingde pushed open the courtyard door and looked at the familiar grass and trees in the courtyard. He could not help but cry.

"Mother, I'm back."

As soon as he finished speaking, a person walked out of the main house.

Looking at this familiar face, Chen Mingde was stunned." Aunt Liu? Where's my mother?"

Aunt Liu was Chen Mingde's mother's personal maid. They were like sisters, so Chen Mingde was not surprised that Aunt Liu walked out of the main house.

However, after brewing his emotions for so long, shouldn't it be his mother who walked out?

When Aunt Liu saw Chen Mingde, she said excitedly,""Young Master, you're back."

"Yes, I'm back. Aunt Liu, where's my mother?"Chen Mingde asked again.

"Today is the day of the alliance between the Chen family and the Beast Tamer Sect. As Master's wife, Miss is qualified to participate in the alliance ceremony, so she went with him."

"I'm the only one in the courtyard now."

Chen Mingde was speechless.

The atmosphere that had been brewing was gone just like that.

A few days after Chen Mingde returned, a piece of news exploded in Jiang Zhou.

The Beast Tamer Sect, a seventh-rank force in Jiang Prefecture, had officially formed an alliance with an eighth-rank aristocratic family.

At this point, everyone knew that the situation in Jiang Prefecture had changed. From today onwards, the Beast Tamer Sect would no longer be the only sect to dominate. Instead, the two sects would jointly divide the Jiang Prefecture.

Of course, this only caused a commotion in Jiang Prefecture. To the entire Great Gan, it was just a topic of conversation. Other than that, it had no other impact.

This was the truth. After the two sides formed an alliance, they did not do anything. Instead, they developed steadily on their own, no different from before.

Just like that, four years passed peacefully.

Year 548 of Da Qian, Chen Clan, Martial Arts Practice Field.

After the Chen Family had advanced to Rank-8, the newly built martial arts arena had become the main training ground for the Chen Family.

On the side of the martial arts field, Chen Mingde looked at the Chen family's future who was sweating on the martial arts field and could not help but sigh, "They're much luckier than us. They've been enjoying many resources since they were born. As long as their aptitude meets the standard, it's only a matter of time before they break through to the Meridian Opening realm."

When Chen Ke heard this, he echoed, "That's right. I remember that back then, our Chen family had no choice but to offer the Howling Moon Wolf to the Beast Tamer Sect for the sake of our family's safety."

“Now that the Beast Tamer Sect has also formed an alliance with us, they still have to give us gifts during the holidays. If this was in the past, I wouldn’t even dare to think about it.”

“In the end, this is all thanks to the family head. Otherwise, let alone calling the Beast Tamer Sect brothers, it would be because they pity us that we could preserve our bloodline.”

The two of them sighed with emotion, which attracted the curiosity of the young members of the Chen family on the martial arts practice field.

Immediately, these young people surrounded him. One of them, a handsome seventeen-year-old youth, asked, “Father, Brother Mingde, can you tell us about the past?”

“Alright, then I’ll tell you about it. But after listening, you have to focus on practicing martial arts.”

“Hooray!”

“Back then...”

Just as Chen Mingde and Chen Ke were telling the story of the future of the family, the head of the Chen family, Chen Yang, and the first elder, Chen Xuan, appeared in the reception hall together.

Looking at Shen Qiyu in front of him, Chen Yang could not help but laugh. “Second Great-Grandpa, long time no see. I miss you so much.”

“Don’t say that.” Shen Qiyu smiled. I think you’re missing the Shen family’s financial support.”

“Second Great-Grandpa has wronged me. What kind of financial aid can compare to Second Great-Grandpa?” Yang Chen smiled.

When Shen Qiyu heard this, he waved his hand. “Alright, let’s not talk about these useless things. I’ve brought the Shen family’s financial aid this time. Let’s hand it over..”

Chapter 220: The Shen Family's First Grant

Hearing this, Chen Yang and Chen Xuan's eyes burst out with joy at the same time.

However, it was finally here. They had been counting on their fingers to calculate when the funding would arrive.

Seeing this, Shen Qiyu did not have a tacit understanding. He took off a ring from his hand and placed it on the tea table beside him.

"Chen Clan Leader, please count them."

Chen Yang looked at Shen Qiyu in confusion." Second Great Grandpa, you haven't given us the resources yet. How are we going to count them?"

When Shen Qiyu heard that, he looked puzzled." Didn't i put it on the table?" "Second Great-Grandpa, are you talking about this ring?" Chen Yang came to Shen Qiyu's side and picked up the ring on the table. He was a little confused." This is the Shen family's sponsorship?"

"Of course, the funding is in this ring. Oh, right, you guys don't have this kind of storage ring here."

"However, storage rings are also called interspatial rings. Their usage and functions are exactly the same as storage pouches. The only difference was that the space inside was a little bigger and could store more things." Shen Qiyu said.

Hearing this, Yang Chen injected his spiritual energy into it. As expected, everything inside was reflected in his mind along with the spiritual energy.

Not long after, the items inside were briefly scanned by Chen Yang. Then, Chen Yang handed the Space Ring to Chen Xuan and asked him to count them carefully.

Meanwhile, Chen Yang returned to the main seat and continued chatting with Shen Qiyu.

“Second Great-Grandpa, I’m short-sighted. Can you introduce me to what kind of funding is here?”

“That works too.”

Shen Qiyu nodded and placed the teacup on the table. He said unhurriedly, “The classification of these grants is based on the Chen family’s requirements.”

“Let me briefly introduce the uses of these pills and spirit medicines. As for spirit tools, you don’t know their names, so it doesn’t affect their uses.”

“First of all, pills. According to the Chen family’s requirements, pills are basically pills that assist in cultivation.”

“Among them, the highest grade is the tier 7 medicinal pill, the Yuan Condensation Pill. Its effect is to assist the cultivation of Core Condensation experts.”

“The effect of this Yuan Condensation Pill is not considered top-notch when it comes to assisting a Core Formation expert in their cultivation. However, its price is relatively low.”

“This Essence Condensation Pill is quite popular among us. It costs 2,000 spirit stones each.”

“I brought a total of 200 pills this time, which is worth 400,000 spirit stones. Let your First Elder see if the number is correct.”

When Chen Yang heard this, he looked at Chen Xuan. Not long after, Chen Xuan nodded.

Chen Yang saw this and smiled at Shen Qiyu." Second Great-Grandpa, there's no problem with the quantity.'"

"That's good." Shen Qiyu continued to explain," The pills that assist Meridian Unsealing martial artists in their cultivation are the Essence Converting Pills. Their price is the same as the Meridian Unsealing Pills, but their effects are slightly stronger.'"

"There are 2,000 Yuan Converting Pills in the storage ring, which are also worth 400,000 spirit stones."

"As for the medicinal pills that assist in Qi cultivation, the Shen family took the Spirit Essence Powder. The price is ten spirit stones per bottle. There are twenty thousand bottles here, so the total value is two hundred thousand spirit stones."

"As for the remaining 500,000 spirit stones, according to the Chen family's request, we'll use 200,000 spirit stones to buy spirit weapons and 300,000 spirit stones to buy spirit herbs that can increase the strength of demon beasts or assist in their cultivation."

"The main ingredient is the Astral Fruit. This kind of spirit herb can assist the cultivation of demon beasts and is suitable for any demon beasts below the Demon Venerable realm."

"Of course, the stronger the subdued beast, the weaker the effect of the Astral Fruit."

"This Starspirit Fruit is worth 10 spirit stones each. There are 20,000 of them here, worth 200,000 spirit stones."

"The remaining 100,000 spirit stones are for the Shen family to buy spirit herbs that can increase the strength of subdued beasts."

"However, there are a few different types, so i won't tell you one by one."

Then, Shen Qiyu handed over a jade slip." This is a jade slip regarding the types of spirit herbs. The family head asked me to bring it to your Chen family." "Thank you, Master Shen!" Hearing this, Yang Chen respectfully received the jade slip and kept it.

When Shen Qiyu saw this, he said in surprise, ""Chen Clan Leader, aren't you going to use this jade to check the spirit herbs in your storage ring?"

"There's no hurry. We can investigate slowly." Yang Chen smiled.

When Shen Qiyu heard this, he smiled and looked at Chen Yang. "Master Chen, aren't you worried that the number and value of the items are wrong?"

"I believe in the Shen family, and I also believe in Master Shen, and I believe in Second Great Grandpa even more." Yang Chen said righteously.

Hearing Chen Yang's words, Shen Qiyu nodded in satisfaction. "It's good that you think so. My Shen family would not have to fake such a small amount of spirit stones.""

"As for me, before I became a carrier, I had already sworn a blood oath with my own blood."

"After breaking the oath, although it won't hurt your life, the consequences are not something that can be compensated with these spirit stones."

Hearing this, Yang Chen sighed deeply. "Sigh, it's been hard on Second

Great-Grandpa. There's still this bit of trust between us.""

"What's there to feel wronged about? There's no limit to the number of times I can make this bloodline oath."

Moreover, this was the Shen family's rule. Of course, it was not only the Shen family's rule, but also the rule of all the aristocratic families in this world.

To make a deal with an aristocratic family of the same level or stronger than oneself, one needed to make the delivery person swear an oath to represent their sincerity.

The Shen family's actions had already seen the Chen family as a family of the same level, and hoped that the Chen family would not disappoint the Shen family."Shen Qiyu smiled.

When Chen Yang heard this, he nodded at Shen Qiyu." Second Great Grandpa, don't worry. The Chen Family will definitely not disappoint the Shen Family."" "That's good. Alright, let's not talk about this anymore. It's not easy for me to come here. i have to take a good look at the cinema and theater to see if there are any new works on the market."

"Oh right, you have to train the people I brought. They are people who are performing for the ancestor."Shen Qiyu said.

"Don't worry, second great-grandfather. Leave this small matter to me."

"Well, that's good."

In the following month, Shen Qiyu lingered in the theater and cinema. He even got to know the staff. He was an indulgent and generous customer.

A month later, after a carefree round, Shen Qiyu brought the actors who had undergone simple training back to the Shen family in satisfaction.

Looking at Shen Qiyu's back as he left, Chen Xuan could not help but ask,"Patriarch, it's only a month. Can those people be trained well?"

"Of course not, but we still need to figure out the acting ourselves. We just need to lead the way."

"Moreover, this group of people has good qualifications. In addition, they all know that they have to perform for the ancestor. No one dares to be careless. After training, it shouldn't be a problem for them to act in some scripts that don't have high requirements."

"As for those rare scripts, I didn't hand them over to the Shen family. It won't be too late to hand them over the next time after they hone their acting skills."Yang Chen said.

When Chen Xuan heard this, he nodded and followed Chen Yang back to the Chen family.

In the Chen family, before Chen Yang and Chen Xuan could sit down, the guard rushed in.

“Patriarch, Apothecary Chen Die wants to refine a Blood Absorption Pill and has specially asked me to inform you.”

“Oh?” Hearing this, a smile appeared on Chen Yang’s face.” Sixth Sister can refine the Blood Elixir now? First Elder, let’s hurry over and take a look.” “Alright.”

Immediately, the two of them rushed to Chen Die’s courtyard.

In the courtyard, Chen Die placed the spirit herbs calmly. When Chen Yang arrived, she nodded to him and started to refine.

After a long period of practice and pondering, Chen Die was already very confident in the refinement of this Blood Na Pill.

The reason why he called Yang Chen and the others over was to not let these people worry about him.

As the flames in Chen Die’s hands surged, the essence of the spiritual herbs was extracted and refined into spiritual liquid. Not long after, not a single stalk of spirit herb was left outside.

After extracting the spiritual liquid, Chen Die not only took a Qi Returning Pill, but also increased the input of spiritual energy. The flame leaped up and enveloped the entire alchemy furnace.

Driven by the flames and spiritual energy, the spiritual liquid gathered together and finally formed a crude pill.

Seeing this, Chen Die’s eyes flashed with joy. Then, the flame turned and suddenly weakened, carefully polishing the pill.

As time passed, Chen Die's entire courtyard was silent. Everyone held their breaths and looked at the alchemy furnace..
