

## Tamer Family 231

### Chapter 231: The Thoughts of the Royal Family's Ancestor

"Something is wrong..."

After leaving the old ancestor, the Deshun Commandery Prince returned to Yi City. On the way, the more he pondered, the more he felt that something was wrong.

Regardless of whether the ancestor agreed or disagreed, or whether he needed to consider it, he should not have such an attitude.

According to the impression of the Deshun Commandery Prince, the old ancestor did not seem to care much about how the Zhou Consortium became powerful. He did not even care if the Zhou Consortium was strong or not.

All of a sudden, De Shun felt that this trip was a bit hasty.

"It seems that I need to hibernate first and figure out what the ancestor is thinking." The Deshun Commandery Prince immediately made his decision. Jiang Prefecture, Chen City, Chen Family.

Zhou Ying Lan looked at Chen Yang, who was seated on the main seat, and said with a smile, "Brother Chen, how's your thinking going?"

Hearing this, Yang Chen smiled and said, "I can introduce my master to you, but whether you can win my master over will depend on your own abilities, Brother Ying Lan.""

Hearing Chen Yang's words, Zhou Ying Lan's eyes revealed joy as she immediately said: "That's good. Brother Chen, don't worry. I won't forget your contribution."

"After I become the Human King, I will begin to fulfill my promise."

"Thank you, Brother Ying Lan." Yang Chen smiled.

Immediately, Yang Chen brought Zhou Ying Lan and headed straight for Yi City.

Yi City, Deshun Palace, reception hall.

The Deshun Commandery Prince glanced at Zhou Yinglan, then said to Chen Yang, ""Disciple, go out first and take a look around my Imperial Residence." "Understood." Yang Chen stood up and left. At the same time, he closed the door of the reception hall.

After Chen Yang left, Deshun Commandery Prince took the lead and said, ""Ying Lan, I know why you're here. Let's not beat around the bush. What benefits do i get from helping you compete for the Human King?"

When Zhou Yinglan heard this, she took a deep breath and said, "Grandpa Li, don't worry. If I can become the Human King, I will never forget your kindness."

"I can promise that when I become a Human Empress, I'll let Ying Zhao hold an important position, and at the same time, I'll pour resources into Ying Zhao and help him become a Zifu Disciple."

"Is that all?" The Deshun Commandery Prince said indifferently,

When Zhou Yinglan heard this, she paused for a moment before gritting her teeth and saying, ""Two Supremacies. I can swear that when I become a Human King, i will help the Deshun King Manor produce two Zifu Disciples."

The Deshun Commandery Prince knew that this was the limit of what Zhou Yinglan could promise. He immediately said, "In this way, I can help you." "Don't be so happy yet. I'm only supporting you verbally. If you want me to help you, you have to give me Spiritual Crystals."

"This..." Zhou Yinglan hesitated for a moment before she gritted her teeth and said, "Alright, I agree to Grandpa Li's conditions!"

According to Zhou Ying Lan's thoughts, it was enough to have the verbal support of the De Shun Commandery Prince. If they really needed to use the De Shun Commandery Prince, it meant that they had reached a critical juncture. At the critical moment, it was worth it for Zhou Yinglan to use a few Spiritual Crystals to solve the danger.

"Then i wish us a happy cooperation?"

"Happy cooperation."

After receiving the promise of the De Shun Commandery Prince, Zhou Yinglan left the De Shun Prince Residence with satisfaction. As for Chen Yang, he was called to the meeting hall by the Deshun Commandery Prince.

"Master, did you promise Zhou Yinglan?" Yang Chen asked.

"i agree." Deshun Commandery Prince seemed to be absent-minded. When he answered Chen Yang's question, he was a little dazed.

Yang Chen stood up and closed the main door of the meeting hall. He then asked, ""Master, is there something bothering you?"

"Indeed." The Deshun Commandery Prince nodded. "There's something that has been bothering me. It just so happens that you're here to help me judge." "Please speak, Master." Yang Chen said.

Immediately, Deshun Commandery Prince told Chen Yang about his trip to the capital, his conversation with the Patriarch, and his doubts.

After hearing Deshun Commandery Prince's words, Chen Yang slowly said, ""So Master is confused about the attitude of the royal family's ancestor?"

"That's right." The king of De Shun nodded. Based on my understanding of the old ancestor, whether he supported me or not, or whether he was unable to make a decision, he would not be indifferent."

“At the very least, you should debate with me on the spot to see whose plan is more likely to succeed.”

“As far as I can see, the Patriarch doesn’t seem to care which of the two plans has the highest success rate. You have to know that this concerns the rise and fall of the Zhou clan. I really don’t understand why the ancestor has such an attitude.”

After hearing Deshun Commandery Prince’s words, Chen Yang thought for a moment and then said, “I can only think of two possibilities.”

“Firstly, the ancestor has already decided on his plan and doesn’t want to reject you in person, so he asked master to come back first. The ancestor needs to consider it.”

“I’m only guessing about the second possibility. The royal family’s ancestor has a better method, and this method can be carried out together with the two plans.

Moreover, no matter which plan he carried out, it would not affect the ancestor’s method, so he did not care.”

After hearing Chen Yang’s words, the Deshun Commandery Prince fell into deep thought.

Just as Yang Chen said, both of these guesses were possible.

Moreover, compared to the first guess, the Duke of Deshun felt that the second guess was very likely.

It was because he had already said that regardless of whether the Old Ancestor agreed with Deshun Commandery Prince’s idea or not, with Deshun Commandery Prince’s status in the Zhou clan, the Old Ancestor would have to debate with him no matter what.

But now, without even a debate, he directly asked the Deshun Commandery Prince to leave. There was a high possibility that he was carrying out one of the old ancestor’s ideas.

“What exactly are you thinking...”

Suddenly, the Deshun Commandery Prince felt a chill run down his spine because he thought of a possibility.

“What if this idea is not to make the Zhou clan stronger, but to make the ancestor himself stronger?”

“No, that’s impossible. How could the ancestor be the kind of person who would be willing to abandon his family for himself?”

The Deshun Commandery Prince shook his head violently, trying to get rid of this thought.

However, the more he wanted to forget, the stronger this thought became.

After all, if that plan was also to make the Zhou clan stronger, then the ancestor would naturally have to calculate which of the three plans was suitable.

Similarly, he would not inform the Deshun Commandery Prince of this plan and discuss with him which method was more suitable.

However, if this method was only beneficial to the ancestor himself, then there was no need to discuss it.

Thinking of this, the Deshun Commandery Prince took a deep breath and told Chen Yang his thoughts.

After hearing Deshun Commandery Prince’s words, Chen Yang was also shocked. If that was really the case, then the Zhou Consortium would be in danger.

“Master, for now, we still have to find out what the royal family’s ancestor is thinking.”

“As for the fight for the position of the Human King, let’s put it aside for now. After all, there is still some time before the King steps down.”Yang Chen said.

“I think so too.” Deshun Commandery Prince nodded, agreeing with Yang Chen.

So the question was, what exactly was the plan?

Chapter 232: Endless Mountain Range Development Plan

For a moment, the meeting hall was silent.

Chen Yang and Deshun Commandery Prince were both wondering what the Patriarch’s plan was.

However, no matter how much he thought about it, he could not find a clue from the current information.

“What exactly is it?”

Chen Yang, who couldn’t think of an answer, looked up at Deshun

Commandery Prince. He happened to catch a glimpse of the map on Deshun Commandery Prince’s back and suddenly reacted.

“I’m pregnant!”

Hearing this, Deshun Commandery Prince hurriedly asked, “Do you know what the ancestor’s plan is?”

“No.” Yang Chen shook his head.

“Then what do you have?”

“I mean, we seem to have walked into a misunderstanding.” Yang Chen smiled. “Misunderstanding?” Deshun Commandery Prince frowned. “Continue.” “Master, think about it. The reason why we are so

concerned about the ancestor's plan is that we are afraid that he will affect the young prince's fight for the throne."

"The reason why the young prince is competing for the position of the Human King is to let you ascend the stage and reunite with your wife. Then, he will annex Great Kun and make Great Qian stronger."

"Then why don't we skip the process in the middle?" Chen Yang smiled and looked at Deshun Commandery Prince.

"Omit the middle process? What do you mean?" Deshun Commandery Prince was confused by Chen Yang's words. How could he skip the middle process? Yang Chen took a sip of tea and smiled, "Master, why don't you just directly ascend the stage? That way, you won't have to compete for the position of Human King."

"And whatever plans the royal family's ancestor has, we have the strength to resist."

The Deshun Commandery Prince glanced at Chen Yang. "I let Zhao 'er compete for the throne precisely because I didn't have the resources. Otherwise, do you think I would be willing to do this?"

"If we don't have the resources, we can get them from other places." Chen Yang looked at the Deshun Commandery Prince with a smile. To be precise, it was the map behind the Deshun Commandery Prince.

Hearing this, Deshun Commandery Prince followed Chen Yang's gaze to the map and guessed, "You mean to say that we can get resources from the Endless Mountain Range?"

"That's right."

Yang Chen stood up and used his Spiritual Qi to suck the map on the back of the Prince of Deshun. Then, he used his Spiritual Qi to float it in front of the two of them.

After doing all this, Chen Yang pointed to the Endless Mountain Range on the map and said, "Master, this Endless Mountain Range is filled with treasures." "A thousand miles of Demon Generals, three thousand miles of Demon Venerables, five thousand miles of Demon Kings, ten thousand miles of Demon

Emperors. To be able to give birth to so many powerful demonic beasts, there must be many hidden resources in the Endless Mountains.”

“There must be a lot of Spiritual Crystals in the Endless Mountains. Otherwise, the Demon Emperor wouldn’t have been born.”

“If we don’t open up the treasure mountain and instead participate in the Crown Prince’s whirlpool, isn’t this putting the cart before the horse?” “Once we can get the Spiritual Crystals, Master’s cultivation will naturally breakthrough.”

“Moreover, we can give the resources to Master’s wife and help her break through as soon as possible. At the same time, we can avoid damaging her reputation. Isn’t that killing two birds with one stone?”

“Oh, no, it should be killing three birds with one stone. If the ancestor is harmful to the Zhou clan, we have the strength to deal with it.”

“What you said makes sense.” The Commandery Prince of De Shun was a little tempted, but he still shook his head.” But with our current strength, how can we snatch the Spiritual Crystals from the Demon Emperor?”

“Master, everything depends on one’s efforts.”

Chen Yang poured a cup of hot tea for Deshun Commandery Prince.” If we don’t try, how do we know it won’t work?””

“Moreover, since i came up with such an idea, i am confident that I can escape from the Demon Emperor’s attack.”

“Retreat in one piece?” Deshun Commandery Prince looked at Chen Yang carefully and said,””Yang ‘er, it’s not that i don’t trust you, but this concerns the lives of our two families, so we have to be careful.”

“If you can’t prove that you have the confidence to let us escape unscathed, I’m afraid I can’t agree to this plan.”

Seeing this, Yang Chen smiled and opened his storage pouch, releasing the puppet with the power to enter the stage.

Sensing the terrifying aura emitted by the puppet, the expression of the Deshun Commandery Prince changed drastically." This..." This is an Ascendant stage puppet!"

"That's right." Yang Chen put away the puppet and smiled,""Master, can i bring everyone back safely?"

"Enough, enough."

The Deshun Commandery Prince nodded repeatedly, then smiled at Chen Yang." Yang 'er, I've always known that your Chen Family must have some secret. Otherwise, it would be impossible for you to grow so quickly.""

"But i didn't expect that the secret your Chen family hid was so deep that you could even take out an ascendance-stage puppet."

"To put it bluntly, with this puppet, you can be on equal footing with my Da Qian."

Yang Chen smiled." i will always be loyal to Da Qian."

The Deshun Commandery Prince glanced at Chen Yang." Alright, what's the point of saying this? When your strength surpasses that of the Great Qian Dynasty, even if you're still loyal to the royal family, the royal family will willingly submit to you."

"In this world, strength speaks for itself. What strength corresponded to what status, even if you were unwilling."

"Alright, let's get down to business. With this puppet as our backup, we can go to the Endless Mountain Range and give it a try. Do you have a specific plan?" "No, I haven't." Yang Chen shook his head." I just suddenly thought of it. Let's take it one step at a time.""

“I only have a rough idea. We should plunder the Endless Mountain Range now. When we are slightly stronger, we will break through the shackles of the Endless Mountain Range and reach the other end.”

“Then, we can open a trade route and resell the treasures unique to both sides. We can definitely make a fortune.”

The Deshun Commandery Prince looked at Chen Yang in surprise. He had not expected Chen Yang to be so bold.

Not only did he want to develop the Endless Mountain Range, but he also wanted to cross the Endless Mountain Range and open a trade route.

It had to be said that although this was very difficult, once it was done, he could lie in bed and collect spirit stones.

“Alright, I’ll listen to you. However, there is another problem. I am under the surveillance of the Li family. Once we escape, we will definitely attract the Li family’s attention. Will this affect our plan?”The Deshun Commandery Prince said worriedly.

“This matter is also easy to handle.”

Chen Yang’s eyes shone with confidence.” Because the Prince of Deshun did not want to get involved in the battle for the crown prince, he used closed-door cultivation as an excuse to escape from this vortex.”

“Master, I wonder if this reason is acceptable?”

“Yes, but someone has to divert my attention. Not only the Li family, but also the royal family.”Deshun Commandery Prince said.

“That’s too simple.”

Yang Chen took a sip of his tea." As Master's only grandson, the young prince can bear the pressure.'"

"I also have the qualifications to replace Master to deal with others and divert their attention."

"Hiss."

The Deshun Commandery Prince sucked in a small breath." Ying Zhao is still young. Aren't we being too cruel to treat him like this?"

"If you're not cruel, then you're not cruel. I think the little prince is also willing to help Master."Yang Chen smiled.

Upon hearing this, the Deshun Commandery Prince nodded vigorously. Let's do it this way.. I believe that Ying Zhao won't refuse!"

Chapter 233: Heading to the Endless Mountain Range

Deshun Commandery Prince had a straightforward personality and was swift and decisive when doing things.

After deciding on the plan to develop the Endless Mountain Range with Yang Chen, he began to make arrangements. After all, this wasn't something that could be left just like that. No matter what, he had to put on an act.

As for the person who was acting with Deshun Commandery Prince, it was naturally Zhou Yinglan.

The reason was the same. Deshun Commandery Prince and Zhou Yinglan said that he could act as a hidden hand, but he did not want to be exposed and attract attention.

He hoped that Zhou Ying Lan would visit him a few more times. If she annoyed him, he would have no choice but to go into seclusion and not meet any guests. This way, the Deshun Commandery Prince could hide in the dark and deliver a fatal blow to Zhou Yinglan's enemy when she needed him.

As a reward, De Shun Commandery Prince could help Zhou Yinglan once for free.

When Zhou Ying Lan heard this, she didn't even think about it and directly agreed to the De Shun Commandery Prince's request.

According to Zhou Yinglan's considerations, the Deshun Commandery Prince only needed to remain neutral. Now, not only was he being led to her side, but he could also help her once for free. So, why not agree?

While Deshun Commandery Prince was making arrangements, Chen Yang did not stay idle either. He went straight to the Beast Tamer Sect.

There were many dangers in the Endless Mountain Range, and they could not use puppets every time. As a veteran Zifu Disciple, the Wang family's ancestor of the Beast Tamer Sect was not weak either. He naturally had to be roped in.

In the Beast Tamer Sect's meeting hall, Wang Shuo poured a cup of hot tea for Chen Yang. Then, he smiled and said, "Brother Chen, can you give me a guarantee on how much we will earn from this operation?"

"Taking risks without knowing the benefits, I feel a little uneasy."

"What are you worried about?" Chen Yang looked at Wang Shuo. "With my puppet around, at least your ancestor's life can be guaranteed."

"Since we can preserve our lives, even if we don't gain anything, we won't lose out."

“That’s true, but if there are clear benefits, there will be motivation to do things, right?” Wang Shuo laughed.

Seeing this, Yang Chen patted Wang Shuo’s shoulder. “I don’t dare to say much about other things, but the profits from this operation will push you to the peak of the Core Formation Stage.”

“Peak Core Formation.”

Wang Shuo calculated in his heart and then hammered his left palm. “Alright, I can persuade the ancestor.”

“Brother Chen, wait here for a moment. I’ll go get the ancestor.”

Then, Wang Shuo left in a hurry and went to ask the ancestor to come over.

Not long after, the Wang family’s ancestor arrived at the meeting hall.

Seeing the Wang family’s ancestor come over, Chen Yang stood up and cupped his hands. “Yang greets Wang zun-zhe.”

“Patriarch Chen, there’s no need to be so polite.” The Wang family’s ancestor helped Chen Yang to a chair and then went to the main seat.

After sitting down, the Wang family’s ancestor asked, “Clan Leader Chen, the Sect Leader has already told me your intentions for coming here. I won’t ask about anything else. I just want to know who is involved in this operation.”

Yang Chen cleared his throat. “Cough, this operation is confidential. The fewer people, the better.”

“According to my plan, there will be a total of three people on this trip. They are me, Wang zun-zhe, and my master, De Shun Commandery Prince.”

"Justice is also participating?" The Wang family's ancestor's eyes lit up. He thought for a moment and then slapped his chair." Alright, I, Wang Ming, will participate in this matter!"

Seeing that Wang Ming had agreed, Chen Yang stood up and said with a smile,"Alright, then I'll ask Honorable Wang to prepare early. We'll gather at Chen City in a month."

"Alright, I'll definitely come on time."

After leaving the Beast Tamer Sect, Chen Yang returned to Chen City to make the final preparations for the development of the Endless Mountains.

Chen Clan, in the meeting hall.

Chen Xuan looked at Chen Yang with some worry." Master, isn't this a little dangerous? We can just develop peacefully. Why do we have to take such a risk?"

"Risky?" "I don't think so." Yang Chen laughed."

"My master, Venerable Wang Ming, and three demon king-level demon beasts will definitely have no problem developing the Endless Mountain Range with this formation."

"You must know that the distribution of demon beasts in the Endless Mountain Range is clear. As long as we don't cross the line, the demon beasts won't bother to target us."

"Besides, this matter will have to be done sooner or later. After all, our Chen family will not be at peace in a corner. Not to mention anything else, the trade route had to be opened."

"Our operation is only paving the way for the trade route in advance. We can also order my master and Supremacy Wang Ming to earn resources for the Chen family for free."

"Let's not talk about anything else. The plan to make all the members of the Chen Family Bloodline Warriors requires an astronomical amount of resources."

“Relying on the Shen family’s financial support and the Chen family’s current business is far from enough.”

Hearing Chen Yang’s explanation, Chen Xuan nodded slightly. The Chen family’s current development speed was extremely fast, so they needed a large amount of resources to support it.

“If that’s the case, be careful, Patriarch. Your life is much more important than resources.” Chen Xuan said slowly.

“Don’t worry, I’m the most protective of my life.” Yang Chen’s lips curled into a smile, “Besides, with the puppet on stage, it won’t be easy for that demonic beast to take my life.”

In the following period of time, the Chen family began to collect and organize information about the Endless Mountain Range. After so many years, the Piercing Guard had also infiltrated the Endless Mountain Range.

In addition, the other aristocratic families’ itinerant cultivators would always go to the Endless Mountain Range to explore. It was not a problem to sort out some information.

Time passed in a flash, and in the blink of an eye, it was time for the three parties to meet.

Early in the morning, three figures walked out from the Yang Pass. With the departure of these three figures, the famous Endless Mountain Range Development Plan in the history of Da Qian officially began.

In the Endless Mountain Range, Zhou Tianli looked at Yang Guan behind him and said, “Supremacy Wang Ming, my disciple, we’re already a hundred miles away from Yang Pass. Let’s release our subdued beasts and hurry on our way.” “Alright.”

“No problem.”

Immediately, three Daemon King-level subdued beasts emitting terrifying auras were released by the trio.

In an instant, the aura produced by the three Daemon King-level subdued beasts swept out. The demonic beasts within a few dozen kilometers felt the aura and prostrated themselves on the ground, not daring to move at all.

Zhou Tianli looked at Chen Yang in surprise, "Disciple, I remember that your Earth Dragon was only a Demon Venerable, right? How did it break through to the Demon King realm after ten years?"

Wang Ming also looked at Chen Yang. Could it be that the Shen family had helped to nurture this Daemon King level subdued beast?

"I just had some opportunities." Yang Chen didn't intend to explain, and he couldn't, so he used the opportunity to fool him.

Hearing this, Wang Ming became even more determined.

Only a powerful family like the Shen family could use resources to produce a Monster King in a short period of time.

As for the Deshun Prince, Zhou Tianli, he didn't feel conflicted. He knew that this disciple of his was full of secrets, and asking questions would only hurt their relationship.

Immediately, the three of them stood on the backs of their natal subdued beasts and followed Chen Yang's order, speeding toward the Endless Mountains..

Chapter 234: Bewitching the Flood Dragon Demon Emperor

Although the Endless Mountain Range was called a mountain range, it was not entirely made up of mountains. There were still vast plains within.

Among them, there was a plain five thousand to eight thousand miles away from Chen City.

No, rather than calling it a plain, it would be more appropriate to call it a flat terrain.

In the air above this area, three demon kings with terrifying auras were hovering in the air. Their auras were revealed, causing the stronger demon beasts in this area to escape. The weaker demon beasts prostrated themselves on the ground, indicating their submission.

Zhou Tianli glanced down and asked, "Disciple, where should we go next?"

"This will depend on what resources master and King Su intend to get." Yang Chen smiled.

"What resources do we need?" Wang Ming looked at Yang Chen in confusion. "Master Chen, please elaborate."

"If you want spirit stones or other ordinary treasures, we can search here. It's even possible to turn back."

"However, if we want to find treasures of a higher level, we have to go ten thousand miles deep into the Endless Mountain Range." Yang Chen said.

Hearing Yang Chen's words, Zhou Tianli looked at Wang Ming. "Honorable Wang, you know me. I'm here for spirit crystals. I definitely want to go deeper. What do you think?"

Wang Ming thought for a moment, then said, "It's not impossible to go deeper. It's just that our strength is slightly weaker. If we rely entirely on the Chen Family Head's puppets, it would be a little unfair to the Chen Family Head."

"Even if the puppet of the Chen Family is here, we can't guarantee that we can successfully seize the Spiritual Crystals."

Wang Ming's misgivings were not without reason. With the strength of the three of them, if they went to compete with the Demon Emperor for the mineral vein, they could only rely on Chen Yang's puppet in the end.

Immediately, Zhou Tianli looked at Chen Yang, "Disciple, you heard what Honorable Wang said. What do you think?"

"It's definitely not enough to rely on us alone, but we can find help." Yang Chen said with a smile.

"Find helpers?" Zhou Tianli looked around and shook his head, "My dear disciple, other than demonic beasts, there isn't even a shadow of a human. Where are we going to find help?"

"There are no figures, but there are demon beasts." Yang Chen looked into the distance. "I don't believe that those demon emperors don't have mortal enemies."

"If they can destroy their enemies, I believe that these demon emperors will be willing to join hands with the human race."

"Join hands with the Demon Emperor?" Zhou Tianli pondered for a moment and found that this matter was somewhat possible. He then looked at Wang Ming. "Supremacy Wang, what do you think?"

"If we have a demon emperor to help us, the possibility of success will indeed increase, but how do we convince the demon emperor?" Wang Ming asked.

Hearing this, Yang Chen's lips curved into a smile. "Of course, you have to convince people with reason.""

"What?" Zhou Tianli and Wang Ming were both stunned. Just as they were about to say something, they saw the Underworld Dragon descend.

Seeing this, the two of them didn't bother asking anything and quickly ordered their subdued beasts to keep up with Yang Chen's pace.

When the two of them caught up with Yang Chen, they found him smiling at the Spirit Eared Fox lying on the ground.

Seeing this, the two of them surrounded Yang Chen without saying anything. They wanted to see what Yang Chen wanted to do.

When the Spirit Eared Fox sensed their auras, it trembled even more.

My mother, there are so many demon kings. I'm afraid they'll devour me alive.

"Listen, I'll give you two choices. The first is to listen to my orders. I can guarantee that you will definitely become an existence that no one in this area can afford to offend in the future."

"Secondly, if you don't listen to my instructions, I'll stew you and the dog into a pot and make a bunch of scoundrels!" Yang Chen's eyes flashed with killing intent.

When the Spirit Eared Fox heard this, its entire body trembled.

If you don't agree, stew him. My Demon Emperor, is this person so cruel?

Immediately, the Spirit-Eared Fox quickly kowtowed to Yang Chen." i promise you, sir. I promise you, sir, don't turn me into a scoundrel.""

"It's good that you agree."

Yang Chen smiled slightly. He then carried the Spirit Eared Fox and jumped onto the back of the Earth Dragon. He then looked at Zhou Tianli and Wang Ming." Let's go find a Demon Sovereign.""

"Alright."

"No problem."

Immediately, the three of them continued to fly toward the depths of the Endless Mountains.

About half a day later, everyone successfully arrived at the ten thousand mile region of the Endless Mountains.

In theory, it was already possible for a Demon Sovereign to appear here.

Looking at the dense forest below, Zhou Tianli looked at Chen Yang, "Disciple, how can we find a demon emperor in such a big place?"

Chen Yang patted the Spirit Eared Fox's head. "Spirit Eared Fox, which Demon Sovereign is the closest to this place?" "Where is its nest?"

When the Spirit Ear Fox heard this, a flattering look appeared in its fox eyes. "Lord, the closest demon emperor to here is Lord Flood Dragon Demon Emperor. Its nest is in a valley."

"Lead the way."

"Yes."

Immediately, under the command of the Spirit Ear Fox, everyone flew towards the valley where the flood dragon demon emperor was.

After about two hours, they arrived at the valley that the Spirit Eared Fox had mentioned.

Looking at the pool without a ripple, Wang Ming couldn't help but ask, "Chen Clan Leader, how are we going to find that Demon Emperor?"

"We don't need to find him." Yang Chen smiled and said, "The demon emperor will naturally come out when he senses our aura."

As expected, the moment Yang Chen finished speaking, the pool suddenly rippled. Immediately after, a terrifying aura was emitted from the pool valley.

Sensing the aura, the three Daemon King-level subdued beasts' bodies trembled slightly. They were filled with great fear. If Chen Yang and the other two hadn't tried their best to pacify them, they would have fled long ago.

As the aura became stronger, a black shadow emerged from the pool. Then, the black shadow broke out of the pool and stared at the flood dragon demon emperor, who was hiding half of his body in the pool.

If he had not sensed that these people's auras were not weak, the flood dragon demon emperor would have attacked immediately.

Seeing this, Yang Chen smiled and cupped his hands at the Dragon Demon Emperor." Dragon Demon Emperor, don't reveal such obvious hostility. We are here to help you."

"Roar!" The flood dragon let out a low groan.

Yang Chen looked at the Spirit Eared Fox.

The Spirit-Eared Fox felt Yang Chen's gaze and quickly translated,""Sir, the flood dragon Demon Emperor said that you should not help it."

"Oh, they are doubting our strength."

Yang Chen nodded slightly and released the puppet. Sensing the terrifying aura emitted by the puppet, a hint of fear appeared in the dragon demon emperor's beast eyes.

"Flood Dragon Demon Emperor, can we talk about cooperation now?"

"Roar!"

“Dragon Demon Emperor said that he doesn’t have any difficulties now. He doesn’t need your help, and he doesn’t want to cooperate with you.”

Hearing this, Yang Chen looked at the flood dragon demon emperor with a smile..” Really? Don’t you have any mortal enemies?”

Chapter 235: Alliance of the Cold Pool

“Roar!”

“Flood Dragon Demon Emperor said that he has no mortal enemies.”

Hearing this, Yang Chen’s eyes revealed a trace of pity.” It seems that the Dragon Demon Emperor has a wide range of friends. In that case, we can only look for other Demon Emperors to cooperate.””

“I just hope that the mortal enemy of the other demon emperors is not the flood dragon demon emperor.”

Then, the three of them pretended to leave.

At this moment, the flood dragon demon emperor let out a low growl.

“Roar!”

“Please wait!” The Spirit Eared Fox translated.

Yang Chen stopped when he heard that. He then turned to look at Demon Emperor Flood Dragon.” Demon Emperor Flood Dragon, are you willing to talk to us?”

“Roar!”

“That’s right.”

Hearing this, Yang Chen jumped down from the Earth Dragon and walked to the pond,” Since you are willing to talk, then show your sincerity.””

“Let me tell you first. After we kill the Dragon Demon Emperor’s enemies, his territory will be yours. As for the Spiritual Crystal mine in his territory, we can split it equally.”

“The same goes for the other precious resources.”

“Then, Dragon Demon Emperor, what about your sincerity?”

When the flood dragon demon emperor heard this, he looked at the Spirit Ear Fox. Seeing this, the Spirit-Eared Fox quickly ran to Yang Chen’s side and translated for the flood dragon.

“Since the human friends have shown their sincerity, I naturally can’t be stingy. In this battle against my mortal enemies, I’m willing to be the vanguard, and you guys will assist from the side.”

“Secondly, as for the distribution of resources, I am willing to only take 30%, but i have a condition.”

“Condition?” “Please speak, Dragon Demon Emperor.” Yang Chen smiled.”

“I hope that you can make an alliance agreement with me. You can’t join hands with other demon emperors anymore. You can only join hands with me to develop the Endless Mountain Range.”the Spirit Eared Fox translated.

The flood dragon demon emperor naturally saw the purpose of these three people. They wanted to find some resources from the Endless Mountain Range.

Flood Dragon Demon Emperor was naturally very familiar with the resources in the Endless Mountain Range. Even he coveted the hidden resources.

Now that he finally had this opportunity, he naturally had to make use of it.

In the eyes of the flood dragon demon emperor, besides the puppet, there was another human who was very close to the stage. He only needed the help of spiritual crystals.

If this operation was successful, there would be two people with the combat strength of a stage expert in this group.

With such combat strength, coupled with it, it was really possible for him to achieve something in the Endless Mountains.

In addition, the flood dragon demon emperor was leaving a trick for him to prevent these people from joining forces with other demon emperors to kill him.

Yang Chen looked at Wang Ming and Zhou Tianli. After seeing them nod, Yang Chen smiled and said, "The alliance agreement can naturally be established, but the specific conditions need to be discussed."

"If you have any conditions, just say it."

"Dragon Demon Emperor is straightforward! Then I'll just say that we can make an alliance, but the condition is that the demon beasts in the Endless Mountain Range can't attack Jiang Prefecture anymore."

"In addition, the demon beasts under the command of the flood dragon demon emperor are not allowed to attack anyone who carries the flag of our Chen family."

After listening to Chen Yang's words, the Demon Emperor pondered for a moment and then said through the mouth of the Spirit Ear Fox,"I can agree to this condition, but the second condition must have a prerequisite."

" Flood Dragon Demon Emperor, please speak."

"The premise is that the people who hit the flag of your Chen family can't attack the demon beasts in the Endless Mountain Range. This way, I can guarantee that the demon beasts won't take the initiative to attack your Chen family."

"No problem."

Yang Chen did not reject the Dragon Demon Emperor's request.

According to Yang Chen's original intention, the Chen family's troops carrying the flag were the Chen family's caravan that was doing business outside the Endless Mountains.

It was just business. Why fight and kill?

Of course, that was a matter for the future. Now, this flag could also guarantee that the Chen family's troops would enter the Endless Mountain Range to plunder resources.

This was also a good thing for the development of the Chen family.

Seeing that Yang Chen had agreed, a hint of joy flashed in the Dragon Demon Emperor's eyes." Alright, then how about we use the Heaven and Earth Oath to establish an alliance?"

"A Heaven and Earth Oath? No, no, no, you don't have to do this at all." Yang Chen shook his head.

" What?" Seeing this, a trace of doubt flashed in the flood dragon demon emperor's dragon eyes." Without the Heaven and Earth Oath, how can we guarantee that both sides will abide by the alliance agreement?"

“Of course there is a way.”

Yang Chen smiled and took out two Photocrystals. After injecting spiritual energy into them, Yang Chen continued, “Let’s repeat our alliance agreement.”

Although the flood dragon demon emperor was puzzled, he still repeated the terms of the alliance agreement according to Chen Yang’s instructions.

Of course, the Spirit Eared Fox translated it as well.

Seeing this, Yang Chen repeated the covenant.

After doing all of this, Yang Chen put away the two pieces of Mirage Crystal and handed one of them to the Dragon Demon Emperor. “Now, our alliance agreement has been recorded by this Mirage Crystal.”

“If one of us doesn’t abide by the agreement, the other side can take out the video crystal and make it public.”

“I believe that neither you nor I want to bear the reputation of being treacherous. After all, if I want to develop the Endless Mountain Range, I have to work with you demon emperors.”

“If you want to go back on your word, I can join forces with the other demon emperors to kill you.”

The flood dragon demon emperor put the crystal away. At the same time, this method was also remembered by the flood dragon demon emperor. Sometimes, it was not only the oath of heaven and earth that could be trusted.

After both sides had made the agreement, Yang Chen asked, “Since the alliance agreement has already been set, you should also tell me who your enemy is.”

When the flood dragon demon emperor heard this, a hint of viciousness flashed in his dragon eyes.”

“The Demon Emperor said that the closest enemy to it is the Two-Headed Rainbow Spiritual Python of the Demon Emperor Realm, which is ten thousand miles away from here in the west.”

“Moreover, because this two-headed multicolored spiritual python’s strength is at the peak of the early stage of the demon emperor realm, it occupies the best spiritual crystal mine within a radius of 100,000 miles.”

“If we can exterminate the Double-Headed Rainbow Spiritual Python, the Spiritual Crystals we develop will definitely satisfy the three of you.”

The peak of the early-stage Demon Emperor Realm.

After hearing the strength of the Two-Headed Rainbow Spirit Python, Yang Chen frowned slightly. This was not to be trifled with.

According to the strength of the human race, the flood dragon demon emperor should be at the peak of the second stage, while Chen Yang’s puppet should be at the peak of the third stage.

However, if he fought with a demon beast of the same level, he would still be at a disadvantage.

Although he had the help of the flood dragon demon emperor and could gain the upper hand, he still could not see Chen Yang and the others.

If he was careless and was attacked by the Double-Headed Rainbow Spirit Python, it would not be worth it. If he was not careful, he might even die on the spot.

Dragon Demon Emperor saw the hesitation on Yang Chen’s face and quickly said, “Friend, you don’t need to worry. This Emperor naturally chose the Double-Headed Rainbow Spiritual Python, and naturally has a way to deal with it.”

“I guarantee that the Two-Headed Rainbow Spiritual Python we’re facing is only as strong as me..”

## Chapter 236: Pulling Another Demon Sovereign into the Team

“Oh?” Chen Yang looked at the flood dragon demon emperor in surprise, “Could it be that the Two-Headed Rainbow Spiritual Python has some weakness?” “Roar!”

“That’s right. This Double-Headed Rainbow Spirit Python is a mutation of the Rainbow Spirit Python. It only has the bloodline of a Demon King. Now that it can become a Demon Emperor, it naturally has a huge flaw.”

“Although its strength is at the level of a Demon Sovereign, its bloodline is still that of a Demon King. In addition to the dragon blood in my bloodline, if I activate my bloodline with all my might, the strength of this two-headed multicolored spirit python will definitely be greatly weakened under the deterrence of my bloodline.”

“However, if I activate my bloodline with all my might and maintain the deterrence of my bloodline, I won’t be able to make a move. Therefore, I’m afraid I’ll have to leave the matter of ending the Double-Headed Rainbow Spiritual Python to you guys.” the Spirit Eared Fox translated.

Listening to the translation of the Spirit Eared Fox, Chen Yang looked at Zhou Tianli and Wang Ming. “Master, Wang Supremacy, what do you think?”

Zhou Tianli pondered for a moment before saying, “Even if you suppress your strength to the same level as the flood dragon demon emperor, accidents will still happen.”

“I suggest that we see if we can recruit another demon emperor. After all, he is the most powerful demon emperor within a hundred thousand miles.”

“I second it.” Wang Ming nodded.

Hearing this, Yang Chen nodded and then looked at Demon Emperor Flood Dragon." Demon Emperor Flood Dragon, can you find another helper?"

"This condition is easy to negotiate. This operation still has to focus on safety. We can completely give up a portion of the profits."

When the flood dragon heard this, he looked to the east with some hesitation. Then, he said,"I know a Demon Sovereign. If we go to him, he will definitely be willing to help us deal with the Double-Headed Rainbow Spiritual Python." "However, its strength has just entered the Demon Sovereign Realm. If it is converted to your human strength, it will only reach the first level. I wonder if its strength talisman meets your requirements."

"Go to the first level? It's enough."

Yang Chen thought for a moment and then nodded with a smile." Then, please take us to that friend."

Upon hearing this, the flood dragon demon emperor jumped up from the cold pool and suggested,""In order to save time, put away your demonic beasts and I will carry you over."

Immediately, Chen Yang and the others put away their subdued beasts and jumped onto the back of the flood dragon demon emperor with the Spirit-Eared Fox.

After everyone stabilized themselves, the flood dragon demon emperor rode on a cloud and sped toward the east.

Standing on the back of the flood dragon demon emperor, the Spirit-Eared Fox felt that his life was worth it. He was only a Demon Venerable, but one day, he actually rode on a demon emperor. No beast would believe it if he told others.

It seemed that the human was right. As long as they followed him, they would definitely be able to soar.

Demon Emperors had varying speeds, and the Flood Dragon Demon Emperor was one of the faster demon emperors.

It only took the flood dragon demon emperor a day to carry them to their destination.

This was a basin, and there were many bamboos growing in the basin. These bamboos emitted dense air, making this place look like a fairyland.

Looking at the bamboo on the ground, Yang Chen thought of the jade slip that the Shen family had given him. It just so happened that this bamboo was recorded in it.

“Blood Spirit Bamboo.” Chen Yang said the name of the bamboo.

When Zhou Tianli heard this, he looked at Chen Yang in surprise, “Yang Er, you recognize this bamboo?”

“That’s right.” Yang Chen nodded and explained, “Master, Honored Sir Wang, this spiritual bamboo is called Blood Spiritual Bamboo. It belongs to the spiritual treasure category of spiritual medicines and should be of the seventh grade.”

“If you plant it in a spiritual field, it will release spiritual energy at all times.

The dense aura here was caused by the accumulation of too much spiritual energy, and the Demon Emperor did not need this kind of spiritual energy.”

Like the mighty figures on the stage, demon emperors had to use the high-quality spiritual energy contained in the spiritual crystals to maintain or improve their cultivation.

The Spiritual Qi produced by the Blood Spirit Bamboo was of similar quality to the Spiritual Qi in ordinary Spiritual Stones, so it was naturally useless to Demon Emperors.

Since it was useless, why would the Demon Emperor absorb this spiritual energy? It would be better to decorate the place and make it look better.

However, even though the mighty ones who had ascended the stage could not absorb it, the warriors below the stage could still absorb the spiritual energy produced by the Blood Spirit Bamboo.

If he could bring the Blood Spirit Bamboo back, it would be of great benefit to the clan and the sect.

Immediately, Wang Ming asked with a fiery expression, "Clan Leader Chen, do you know the cultivation method of this Blood Spirit Bamboo?"

"I have some understanding."

Yang Chen nodded and said, "The Blood Spirit Bamboo, as the name suggests, needs to be watered with blood. It can't be ordinary blood. It must be the blood of a demon beast or a warrior."

"Only by watering it with this blood can the Blood Spirit Bamboo produce spiritual energy."

"Oh, so this Blood Spirit Bamboo is quite evil." Zhou Tianli laughed.

However, Wang Ming was somewhat moved. "Master Chen, will the spiritual energy in this Blood Spirit Bamboo increase with the increase in the level of the demonic beast?"

There were demon beasts in the Beast Tamer Sect every day. Due to unexpected circumstances, the blood of such demon beasts was basically discarded.

Now that there was such a bamboo, not only would it not waste the blood of demon beasts, but it could also add spiritual energy to the sect. Wang Ming was naturally tempted.

Hearing Wang Ming's question, Yang Chen explained, "This Blood Spirit Bamboo will indeed change according to the level of the demon beast." "Generally speaking, the higher the level of the demon beast's blood, the more spiritual energy the Blood Spirit Bamboo will release."

"Oh, is that so? It's fine as long as it doesn't affect the quality of the spiritual energy. Chen Clan Leader, when we leave, let's bring some Blood Spirit Bamboo back."

“Our two clans are both beast-wielding forces. There will always be accidents when we breed demonic beasts. Instead of wasting demonic beast blood, we might as well breed the Blood Spirit Bamboo.” Wang Ming suggested.

Hearing Wang Ming’s suggestion, Chen Yang’s eyes lit up. “We can get it back. Let’s not talk about the blood of the demon beasts produced by our two families. Just the other forces and itinerant cultivators capture and kill demon beasts every day.”

“This demonic beast blood has no other use other than to refine the body. I reckon it won’t take much spirit stones to collect a large batch of demonic beast blood.”

“Then, we’ll use this blood to nurture the Blood Spirit Bamboo and let it produce spiritual energy. In this way, won’t we earn a lot for no reason?”

Seeing that the two of them were getting more and more excited, the flood dragon demon emperor could not help but roar.

“Roar!”

Seeing this, the Spirit Ear Fox quickly translated, “Sirs, Lord Flood Dragon Demon Emperor said that we need to invite him over for help. Isn’t it a little inappropriate to be after his treasures now?”

When Yang Chen heard this, he was stunned. Then, he said calmly, “Then let’s ask the Demon Emperor for help first. We’ll talk about the Blood Spirit Bamboo later.”

Upon hearing this, the flood dragon roared towards the sky.

“Roar!”

With a roar from the flood dragon demon emperor, a butterfly about 80 meters long suddenly flew out of the basin.

Seeing Butterfly's appearance, Wang Ming's expression changed and he blurted out,""Ghost Eye Disc!"

Chapter 237: Fierce Battle (i)

The Ghost-eyed Demonic Butterfly was a terrifying demonic beast with the bloodline of a Demon Sovereign.

In terms of popularity, even the Dragon Demon Emperor was not as famous as the Ghost-eyed Demonic Butterfly.

According to the records of Da Qian, the most serious demon wave in the history of Da Qian was caused by the Ghost-eyed Demonic Butterfly.

Of course, it wasn't the current one. The Ghost-eyed Demonic Butterfly that had started the demonic horde had already been killed by the mighty figures on stage.

Although the Ghost-eyed Demonic Butterfly was killed, the fear of it was deeply rooted in the hearts of every Da Qian citizen.

That was because the demon tide had reduced the population of Da Qian by 50%. Nearly 40 eighth-rank aristocratic families and hundreds of ninth-rank aristocratic families had been reduced to dust in that demon tide.

The reason why the Ghost-eyed Demonic Butterfly could become a nightmare for the people and warriors of Da Qian was mainly because of its innate demonic arts.

Ghost Eyes!

That's right, Ghost Eyes was the innate yao art of the Ghost-Eye Butterfly.

When it was used, all living beings that were enveloped by the Ghost Eye would be affected by it and become monsters that had no consciousness and only knew how to kill and bite.

If a Demon Sovereign level Ghost-eyed Butterfly were to use this Ghost Eye, only a mighty figure on stage would be able to resist its effects.

This was also why Wang Ming was shocked.

If the Ghost-eyed Butterfly used its Ghost Eyes on the three of them, wouldn't the three of them be unable to resist and become monsters?

Seeing that Wang Ming was somewhat apprehensive, Yang Chen smiled and said, "Honored Sir Wang, relax. It's not that easy to use this Ghost Eye."

"Once it decides to use its Ghost Eyes on us, I guarantee that my puppets will be able to kill it before it can even use its Ghost Eyes."

Hearing Yang Chen's words, Wang Ming felt a little more at ease, but he still looked at the Ghost-eyed Butterfly with fear.

Although the Ghost-eyed Demonic Butterfly saw the three of them, it didn't plan to attack them. Instead, it started to talk to the Flood Dragon Demon Emperor.

"Jiji!"

"Roar! Roar! Roar!"

"Ji jijj!"

"Roar!"

After a simple conversation, the flood dragon demon emperor looked at Chen Yang and the other two and said through the mouth of the Spirit Ear Fox, ""Friend, the Ghost Eye Butterfly Demon Emperor has already agreed to our cooperation."

"However, the Demonic Butterfly Demon Sovereign has a condition. The corpse of the Two-Headed Spiritual Python must belong to the Demonic Butterfly Demon Sovereign."

"Sure, we have no objections." Yang Chen smiled.

Although Yang Chen didn't know why the Ghost-eyed Butterfly wanted the corpse of the Two-headed Rainbow Spirit Python, he knew that compared to the corpse of the Two-headed Rainbow Spirit Python, the Spiritual Crystals were more attractive to them.

They had planned to give up some of the Spiritual Crystals, but now they could exchange the corpse of the Two-Headed Rainbow Spiritual Python for it. Naturally, Chen Yang and the others were willing.

Immediately, the Demon Emperor told the Ghost-eyed Butterfly about Yang Chen and the others' opinions. The Ghost-eyed Butterfly smiled at Yang Chen and the others.

Immediately, they pulled the Ghost-eyed Butterfly and headed towards the territory of the Two-headed Rainbow Spirit Python.

The sun rises and the moon sets. The moon sets and the sun rises.

In the blink of an eye, two days had passed.

'Two days later, everyone successfully arrived at the territory of the

Double-Headed Rainbow Spirit Python. Looking at the miasma filled valley in front of them, Yang Chen asked, ""Flood Dragon Demon Emperor, is this the lair of the Two-Headed Rainbow Spiritual Python?"

“That’s right, the Two-Headed Rainbow Spiritual Python is in this valley.”

“Friends of the human race, Demon Sovereign Ghost-Eyed Demonic Butterfly, you guys lie in ambush here. I will lure out the Two-Headed Rainbow Spiritual Python.”

Then, the flood dragon demon emperor rushed in aggressively.

Seeing this, Chen Yang and the others immediately dashed into the dense forest at the side and released their puppets at the same time, trying their best to hide everyone’s aura.

The Ghost-eyed Butterfly glanced at the puppet. Although the puppet only emitted an aura for a moment, the Ghost-eyed Butterfly could still sense it.

Good heavens, so powerful. He could probably kill me with one punch.

I was wondering why the flood dragon demon emperor wanted to cooperate with these humans. It turns out that these humans are the ones who are in charge of this operation.

After thinking about it, the Ghost-eyed Butterfly smiled kindly at Yang Chen and the others.

Then, he followed Yang Chen and the others into the forest and hid his aura.

After hiding, everyone looked at the entrance of the Miasma Valley and waited for the Dragon Demon Emperor’s news.

Time trickled by. In the blink of an eye, everyone had been in the dense forest for two hours.

Just as everyone was getting impatient, two roars suddenly sounded in the Miasma Valley.

“Roar!”

“Hiss hiss hiss!”

Along with the dragon and snake’s cries, the Demon Emperor flew out of the Miasma Valley. He shook off the light yellow particles on his body and glanced at the Miasma Valley with his dragon eyes. His eyes were full of killing intent.

“Roar!”

As the Dragon Demon Emperor roared again, a two-headed python crawled out of the miasma valley.

The python was about a hundred meters long. On its two heads that were like hells, there were snake eyes that were the size of carriages.

A killing intent bloomed from the snake’s eyes that were as narrow as the moon.

“Hiss hiss hiss!”

As the Double-Headed Rainbow Spirit Python hissed, its entire body shot out, and the snake teeth in its mouth emitted a cold light.

Seeing this, the flood dragon Demon Emperor let out another dragon roar. Accompanied by the dragon roar, a majestic aura that originated from his bloodline was released.

This was the suppression of the True Dragon Race bloodline on everything in the world!

Feeling the suppression of the dragon bloodline in the flood dragon demon emperor’s body, Yang Chen instinctively felt a little uncomfortable.

The Ghost-eyed Butterfly beside him was already trembling slightly.

As for the Two-Headed Rainbow Spirit Python, who was facing the pressure of the flood dragon demon emperor's bloodline, a trace of fear flashed in its eyes.

His entire body trembled as if he had met his natural enemy.

Due to the suppression of the bloodline, the aura emitted by the Double-Headed Rainbow Spirit Python had been greatly weakened. In Yang Chen's eyes, it was almost the same as the Dragon Demon Emperor.

"Flood Dragon Demon Emperor is right. Next, it's our turn."

The Ghost-eyed Demonic Butterfly took the lead and rushed out, arriving beside the Two-headed Rainbow Spirit Python in an instant.

The Ghost-eyed Demonic Butterfly seemed to have a deep grudge with the Two-headed Rainbow Spirit Python. It didn't waste any time talking to the Two-headed Rainbow Spirit Python. It flapped its wings and slapped the Two-headed Rainbow Spirit Python hard.

Seeing this, Yang Chen instructed the puppet to step forward.

After receiving Yang Chen's order, the puppet disappeared. When it reappeared, it was already behind the head of the Two-Headed Rainbow Spirit Python.

Bang!

The puppet smashed down with a punch that contained terrifying power. It directly smashed the two-headed colorful spirit python into the ground, creating a deep pit.

After struggling to get up, the two-headed multicolored spirit python looked at the puppet in fear. It then twisted its body and flew toward the Miasma Valley.

How could the Ghost-eyed Demonic Butterfly let its enemy escape? The moment the Two-Headed Rainbow Spirit Python turned around, the Ghost Eyes on the wings of the Ghost-eyed Demonic Butterfly flashed with a demonic purple light.

Seeing this, the puppet flashed to the front of the two-headed colorful spirit python and continued to punch, blocking the two-headed colorful spirit python outside the miasma valley..

Chapter 238: Killing the Two-Headed Rainbow Spirit

Python, Finally Seeing the Spiritual Crystal Mine

Bang!

Facing the Double-Headed Rainbow Spirit Python, the puppet showed no fear at all. It punched the Double-Headed Rainbow Spirit Python in the face.

Under this terrifying force, the two-headed colorful spirit python had no choice but to stop and circulate its spiritual energy to offset the damage caused by this force.

Seeing this, the puppet continued to tangle with the Double-Headed Rainbow Spirit Python. This entanglement did not last long before the Ghost Eye Butterfly's yao art was completed. A demonic purple light instantly enveloped the Double-Headed Rainbow Spirit Python.

Under the cover of this purple light, the two-headed colorful spirit python let out a mournful roar. The entire python rolled on the ground, crushing the huge rocks and ancient trees in its path.

Looking at the miserable state of the Double-Headed Rainbow Spirit Python, Chen Yang and the other two revealed a look of fear on their faces.

“It seems that we don’t know much about the Ghost Eye Butterfly. Its innate demonic arts can not only turn humans and demonic beasts into monsters, but it also seems to be able to harm experts at the stage.” Wang Ming took a deep breath and said slowly.

Hearing Wang Ming’s words, Zhou Tianli asked doubtfully, “According to the ancient records, his Ghost Eye really didn’t cause any damage to the mighty figures on stage.”

“But how do you explain the current situation?”

“I estimate that this Ghost Eye has two forms. One is the attack method that we are familiar with. It can turn humans and demon beasts into monsters.”

“The other method of attack is like this, to cause damage to a stage level expert.”

“As for the situation recorded in the ancient book, I think it should be a coincidence.

After all, with so many mighty figures attacking a single Ghost-eyed Butterfly, the butterfly might panic and try to destroy the consciousness of the mighty figure.” Yang Chen guessed.

Hearing Yang Chen’s speculation, the two nodded.

It could only be explained by coincidence. After all, although the Ghost-eyed Demonic Butterfly was famous, Da Qian had only fought it once. It was understandable that the information was wrong.

On the battlefield, the double-headed python rolled a few times before stopping.

At this moment, there were many potholes on the body of the two-headed colorful spirit python.

From the looks of the wound, it should have been corroded by the purple light.

After the corrosion of the purple light ended, the aura of the two-headed colorful spirit python fell again, only maintaining the appearance of the first level.

Of course, the Ghost-eyed Butterfly was not feeling well either. It was lying on the ground, panting heavily.

Yang Chen saw this and laughed. "Good fellow, didn't you say that we would use the Demon Emperor as the main force? Why does it seem that the main force is still us, and the Demon Emperor has become a helper?"

"These two Demon Sovereigns have already done a good job. Now that this Two-Headed Rainbow Spiritual Python has been weakened to such a degree, it's suitable for us to kill it."

"I haven't killed a Two-Headed Rainbow Spiritual Python yet, so I can give it a try now." Wang Ming smacked his lips, his eyes revealing his desire.

Yang Chen looked at Wang Ming in surprise. "Supremacy Wang, you want to make a move?"

"Of course, we can't always let the Chen Clan Leader suffer losses. Now that the Demon Emperor's strength has fallen to this level, I can still help him."

With that, Wang Ming leaped forward, riding his natal subdued beast and charging toward the two-headed Rainbow Spirit Python.

The two-headed Rainbow Spirit Python was pinned down by the puppet. Although it was also angry at Wang Ming, it had no way to resist and could only let Wang Ming attack it.

Seeing this, Zhou Tianli patted Yang Chen's shoulder. "Yang 'er, I have to help too. Otherwise, I won't be able to share the Spiritual Crystals."

After saying that, Zhou Tianli rushed out and condensed a terrifying martial art. With the help of the spiritual sword in his hand, he blasted it onto the body of the two-headed colorful spirit python.

Zhou Tianli was an expert at the peak of the Purple Mansion Realm. The martial art he used with all his might was undoubtedly a heavy blow to the injured Double-Headed Rainbow Spirit Python.

As Zhou Tianli joined in, the two-headed multicolored spirit python was forced to retreat. Not long after, the two-headed multicolored spirit python was caught off guard and its head was shattered by the puppet's punch.

The other head was chopped off by Zhou Tianli.

Bang!

The Double-Headed Rainbow Spirit Python fell to the ground. At this moment, it no longer had the domineering aura of a Demon Emperor. It was like a fish waiting to be slaughtered.

Fearing that the Two-Headed Rainbow Spirit Python was faking its death, Zhou Tianli stabbed it a few more times. After confirming that the

Two-Headed Rainbow Spirit Python was truly dead, he smiled and called out to

Chen Yang," Disciple, we've killed this demonic beast. Come out.""

Yang Chen heard this and rode the Underworld Dragon to the side of everyone. He glanced at the corpse of the Two-Headed Rainbow Spirit Python below and smiled,""Thank you for your hard work, Master and Wang Supremacy."

"It's not hard at all." Wang Ming waved his hands repeatedly." It's all thanks to the Chen Clan's puppet. We were just helping out."

Zhou Tianli said," Disciple, ask the Flood Dragon Demon Emperor where the mine is.""

Hearing this, Yang Chen looked at the Dragon Demon Emperor who was panting heavily." Dragon Demon Emperor, do you know where the Spiritual Crystal Mine of the Two-Headed Rainbow Spiritual Python is?"

The flood dragon demon emperor thought for a moment and then roared at the miasma valley.

Seeing this, the Spirit Ear Fox quickly translated,""Dragon Demon Emperor said that this mineral vein is under the Miasma Valley. He is just afraid that you will not be able to withstand the poisonous gas of the Miasma Valley."

When Zhou Tianli heard this, he smiled." What's so difficult about that? I have a Poison Avoidance Pill here. It's specially used to deal with poisonous gases like miasma."

Then, Zhou Tianli took out four pills from his storage bag and gave one to Chen Yang and one to Wang Ming. Zhou Tianli was the first to consume the pills.

Seeing this, Chen Yang and Wang Ming also took the Poison Avoidance Pill and fed the Spirit-Eared Fox a Poison Avoidance Pill.

The flood dragon demon emperor saw this and pointed at the dragon head,"So, we can go in.""

Immediately, the flood dragon demon emperor took the lead. Chen Yang and the others put away their subdued beasts and chased after him with the puppets and the Spirit-Eared Fox.

Seeing that the butterfly didn't move, Yang Chen asked,""Ghost Eye Demonic Butterfly Monster Emperor, why don't you come with us?"

"Jiji."

"The Demonic Butterfly Demon Sovereign said that according to the profits that were split earlier, it only wants the corpse of the Two-Headed Rainbow Spiritual Python. Now that the reward has been paid, it won't go in with you."the Spirit Eared Fox translated.

Hearing this, Yang Chen ignored the Ghost-eyed Butterfly and followed the Dragon Demon Emperor into the Miasma Valley.

As soon as he entered the miasma valley, Yang Chen smelled a foul stench and his throat began to itch.

Yang Chen understood that the miasma in the miasma valley was destroying his body. Not long after, a rich and refreshing aura came from his body.

As the cool air flowed past, the itch and pain instantly disappeared.

It seemed that this Poison Avoidance Pill was still effective.

Under the lead of the flood dragon demon emperor, they went deep into the miasma valley. Finally, they saw an exposed Spiritual Stone mine at the bottom of the valley.

Within this spirit stone mine, there were many crystals that flickered with bright starlight.

“Spiritual Crystals!”

Yang Chen’s eyes were filled with desire. At a glance, the number of Spiritual Crystals was not small.

Zhou Tianli and Wang Ming’s eyes were also filled with greed. None of them could remain calm when faced with spiritual crystals.

However, the two of them still suppressed their greed and looked at Chen Yang together, indicating for Chen Yang to talk to the flood dragon demon emperor..

Chapter 239: Reaping Spiritual Crystals and Dividing the Harvest

Understanding what they meant, Yang Chen immediately looked at Dragon Demon Emperor." Dragon Demon Emperor, since we found the Spiritual Crystal Mine, let's split it first.""

"Roar?"

"Split? Didn't they already divide their shares? That was what the flood dragon demon emperor said."the Spirit Eared Fox said.

Yang Chen shook his head with a smile." The overall ratio will not change.

What i mean is, does Dragon Demon Emperor plan to mine them all at once or in batches?"

"Roar?"

"What do you mean?"

"What i mean is that if we extract all of them, then there's nothing much to say. We just have to do it according to the ratio."

"But if we want to mine in batches, then we'll have to discuss it carefully. Let me make it clear first that we urgently need Spiritual Crystal veins here."Yang Chen smiled.

The flood dragon demon emperor thought for a moment and looked at the Spiritual Crystal lode that stretched for nearly a hundred miles. Then, he said," Mine mine out together, and let it be, and let it be, and let it be trouble and strife."

"Alright."

Yang Chen nodded and led the three of them into the mine to start digging for Spiritual Crystals.

It was extremely difficult to produce spirit crystals. Apart from some mines with extremely dense spirit energy, ordinary spirit crystal mines could only produce 100 spirit crystals in one round.

Of course, that was under the condition that it had not been absorbed.

After the two-headed spirit python had absorbed the spirit crystals, there were no more spirit stones in the spirit crystal mine.

It was estimated that there were only about 5,000 of them, and it did not take long to mine them.

Three days later, the Spiritual Crystal Mine that stretched for nearly a hundred miles was completely mined by the three of them.

After counting, there were a total of 5,760 Spiritual Crystals mined.

“Flood Dragon Demon Emperor, I’ll keep these Spiritual Crystals for now. We’ll split them when we get back.” Yang Chen looked at the flood dragon demon emperor.

When the flood dragon demon emperor heard this, he did not refuse. After all, he did not have a storage bag and could only use spiritual energy to drag it.

Now that Yang Chen was willing to help it hold it, the Dragon Demon Emperor naturally had no objections.

Moreover, with the covenant, the flood dragon demon emperor believed that Chen Yang would not covet the Spiritual Crystals that belonged to him.

After putting away the Spiritual Crystals, Yang Chen glanced at the Miasma Valley.” Dragon Demon Emperor, do you know if there are any treasures like Spiritual Herbs in the nest of the Two-Headed Rainbow Spiritual Python?”

The flood dragon demon emperor thought for a moment and then shook his head. "I'm not sure. Maybe there is, or maybe it was devoured by the Double-Headed Rainbow Spirit Python."

Hearing this, Yang Chen suggested, "Since that's the case, let's look for it together. After we find the treasure, we'll distribute it according to the old rules. How about that?"

"No problem."

Immediately, they searched the entire Miasma Valley and found all the treasures in the Two-Headed Rainbow Spiritual Python's nest.

These treasures were also kept in his storage pouch, and they would be distributed when he returned.

After confirming that there were no treasures in the dragon's nest, they left the Miasma Valley.

Outside the miasma valley.

Seeing Yang Chen and the others come out, the Ghost-eyed Butterfly quickly went up to them.

Yang Chen looked at the Spirit Ear Fox. Seeing this, the Spirit Ear Fox quickly translated, "The Ghost Eye Butterfly King said that he wants you to help him store the corpse of the Two-Headed Rainbow."

Yang Chen looked at Wang Ming with joy. He could also see the joy in Wang Ming's eyes.

Good lord, there's no reason for you to take the Blood Spirit Bamboo, and you're offering it yourself.

"Oh!" Chen Yangxi immediately replied, "Demonic Butterfly Monarch, we can help you transport it back. However, we humans have a saying: there is no free lunch in this world."

"If you want our help, you should at least give us something. We don't want much, just a few bamboos."

“Bamboo?” The Ghost Eye Demonic Butterfly’s eyes revealed an indifferent expression.” I have plenty of that thing in my territory. Take as much as you want.”

The Demonic Butterfly was confused. What was the use of this ordinary bamboo? Could it be a bamboo scroll?

It was very possible.

Immediately, the Demonic Butterfly felt that it should be more generous. It was just an ordinary bamboo. It didn’t matter if it was cut down.

Since the Demon-eyed Butterfly didn’t participate in the distribution of the spoils of war, everyone went to the Demon-eyed Butterfly’s house first to settle it down.

Two days later.

After placing the corpse of the Two-Headed Rainbow Spirit Python in the nest of the Ghost-Eyed Demonic Butterfly, Chen Yang and Wang Ming looked at the Blood Spirit Bamboo.

Sensing that there was something wrong with their gazes, the Ghost-eyed Butterfly quickly said, “What are you doing?”

“Didn’t we agree that in exchange, we can take some bamboo? Don’t worry, we won’t take too much.” Yang Chen was very understanding.

The Ghost-eyed Demonic Butterfly was about to cry.

‘Forget it, forget it. i can’t take back what I said. No matter what, I’m still a Demon Emperor. i can’t slap myself in the face.’

Immediately, the Ghost-eyed Demonic Butterfly generously let Chen Yang and the others pick it, displaying the demeanor of a demon emperor.

However, the wind and sand here seemed to be a little too strong, and it confused the eyes of the Ghost-eyed Butterfly. The Ghost-eyed Butterfly kept its eyes closed, which made Yang Chen deeply puzzled.

Could it be that the eyes of the Ghost-eyed Butterfly were so fragile that they couldn't even withstand a little sandstorm?

Back to the main topic.

After getting permission from the Ghost-eyed Butterfly, Chen Yang and Wang Ming began to pick the Blood Spirit Bamboo carefully.

Of course, the two of them did not forget what they had said. They only picked a little and each took a hundred before stopping.

The two of them noticed that the Ghost-eyed Butterfly was trembling. If they continued, the Ghost-eyed Butterfly would probably fight them to the death.

After settling down the Ghost-eyed Demonic Butterfly, everyone returned to the flood dragon's nest.

Beside the cold pool, the Demon Emperor sank his body into the cold pool, leaving only his head exposed. He looked at Yang Chen quietly.

Seeing this, Yang Chen took out the Spiritual Crystals." According to our agreement, Dragon Demon Emperor, you will get a total of 1,728 Spiritual Crystals."

Immediately, Chen Yang counted 1,728 Spiritual Crystals and pushed them in front of the Dragon Demon Emperor with Spiritual Qi.

Seeing this, the flood dragon Demon Emperor simply counted the Spiritual Crystals and put them in the place where he stored his treasures.

After distributing the Spiritual Crystals, the next step was to distribute the various Spiritual Herbs that they had plundered from the nest of the Rainbow Spirit Python.

Most of these spirit herbs were seventh and sixth grade, which was normal. If there were fifth grade spirit herbs, they wouldn't have been kept until now. They would have been devoured by the Double-Headed Rainbow Spirit Python and transformed into its own strength.

There were all kinds of seventh and sixth grade spirit herbs. Chen Yang converted them into Spiritual Stones, which amounted to about two million.

In response, Chen Yang gave the Dragon Demon Emperor 600,000 Spiritual Stones worth of Spiritual Herbs.

The flood dragon demon emperor had no objections. They were all trash anyway, so he could take any one of them.

After distributing all the resources, Yang Chen smiled and said, "Flood Dragon Demon Emperor, let's have a good cooperation."

"If the flood dragon demon emperor needs to cooperate with me, let the spirit ear fox tell me."

When the Spirit Eared Fox heard this, its two big ears perked up.

It knew that from today onwards, its status would be different!

Chapter 240: Return (i)

After leaving the Dragon Demon Emperor's nest, everyone returned to Chen City.

When they arrived at Chen City, everyone began to divide the spoils, not the spoils of war.

Chen family, in the guest hall.

After dispersing the servants, only Chen Yang, Zhou Tianli, and Wang Ming were left in the meeting hall.

"Master, how do you divide the spiritual crystals?" Yang Chen asked.

"I'll take 20% of the Spiritual Crystals," Zhou Tianxiang said after some thought. 'The Honorable Wang and I will each take 20%. The remaining 60% is for you.'"

"As for those spirit herbs and whatnot, give them all to the Chen family."

Wang Ming nodded. This distribution method was already very profitable for him.

If Zhou Tianli was of any help in this battle, then Wang Ming was purely shouting 666 from the side.

Now that he could get 20% of the remaining spirit crystals, Wang Ming was naturally very satisfied, and he didn't dare to ask for other spirit herbs.

As for Yang Chen, he didn't object to this distribution plan. After all, they had been working together for a long time, so there was no need to target this little bit of profit.

Moreover, since the Chen Family had given them a discount this time, Zhou Tianli and Wang Ming would also give them a discount in the future.

Yang Chen immediately counted out 40% of the Spiritual Crystals and gave them to the two. Zhou Tianli and Wang Ming also distributed the Spiritual Crystals in front of Yang Chen.

After putting away the Spiritual Crystals, everyone's faces were filled with smiles.

"Paragon Zhou, Head of the Chen Clan, I'll take my leave." As if he could tell that Deshun Commandery Prince had something to say to Chen Yang, Wang Ming smiled and stood up, cupped his hands, and then turned to leave.

After Wang Ming left, Chen Yang looked at Zhou Tianli. "Master, is there anything I can do for you?"

"It's like this. I want to ask the Chen family to build a place for me to cultivate in seclusion in the Endless Mountains."

"The fluctuation of breaking through to the stage is really a little big. I don't want anyone to know yet. I'm going to break through to the stage." The Deshun Commandery Prince laughed.

Yang Chen thought for a moment and asked, "It's not a problem to build a place for seclusion. However, Master, can you successfully break through to the stage with so few Spiritual Crystals?"

"It shouldn't be a problem. Generally speaking, breaking through to the stage requires 1,000 Spiritual Crystals. Although I don't have that many Spiritual Crystals on hand, I've been at the peak of the Purple Prefecture Realm for many years, so I shouldn't need that many Spiritual Crystals." Zhou Tianli said.

Yang Chen frowned and said, "No, Master, you only have 691 Spiritual Crystals."

"How about this? I'll lend you 319 Spiritual Crystals first."

"How can this be? Your Chen family also needs Spiritual Crystals." Zhou Tianli waved his hands.

"Do we still lack these? Master, if you feel that you owe me something, you can just pay me more when you return the Spiritual Crystals." Yang Chen said nonchalantly.

Hearing this, Zhou Tianli took a deep breath and looked at Yang Chen with some relief." Alright, I agree.""

Zhou Tianli was rejoicing that he had accepted Yang Chen as his disciple.

Originally, he had only been groomed by the Imperial Residence as a hatchet man. He did not expect that it would become his greatest help on his path to breaking through and stepping onto the stage.

If he hadn't taken Yang Chen as his disciple, it would have been very difficult for him to reach the stage.

"Alright, since Master has agreed, we'll start building a place for seclusion. As for the Spiritual Crystals, when you break through, you can come to the Chen family to get them." Yang Chen said.

When Zhou Tianli heard this, he nodded his head." Alright then. You can build this place first. I'll go back and make some preparations. "I estimate that in just a year, I can try to break through and enter the stage."

With that, the Deshun Commandery Prince stood up and took his leave.

After Deshun Commandery Prince left, Chen Yang called Chen Xuan to the reception hall." Great Elder, there are many spiritual herbs in this storage bag. You can classify and count them according to their functions. Finally, tell me an answer.""

Yang Chen had only skimmed through them briefly and only had some impression of some of the more precious spirit herbs. He had really forgotten about the rest.

Now that he had sorted them out, he could make better use of these spirit herbs.

"Yes."

When Chen Xuan heard this, he took the storage bag and turned around to leave. He followed Chen Yang's instructions to count and divide the spiritual herbs in the storage bag.

As for Yang Chen, he went to the meeting hall to deal with the matters that the Chen family needed him to handle.

Chen Yang did not bring back many spirit herbs, but Chen Xuan did not recognize many either. He needed to use the jade slip given by the Shen family head to identify and divide them.

By the time the division was completed, the sky had already darkened.

Under the moonlight, Chen Xuan rushed to the meeting hall and found that Chen Yang was still dealing with it. He quickly said, "Patriarch, why don't you rest?"

"I'll be busy for a while before I go to rest. Let's not talk about this. Have the spirit herbs been counted?"

"The statistics are out." Chen Xuan nodded and handed a yellow booklet to Chen Yang. "There are 13 spirit herbs that are helpful to demon beasts. There are 10 Grade 7 spirit herbs and 3 Grade 6 spirit herbs."

"The most effective spirit herb is the sixth-grade Snake Vine Grass. It could allow a demon beast at the peak of the demon general realm to successfully advance to the demon venerable realm."

"However, there is a restriction. It can only be used on snake-type demon beasts."

"As for the rest of the spirit herbs, their effects aren't as good as the Snake Rattan Grass, but the advantage is that they can be used by any demonic beast."

Yang Chen nodded. "Yes, distribute them early and try to make full use of these spiritual herbs. What about the others? Are there any spiritual herbs that are helpful to the human race?"

"There are, but only six pills can be consumed directly. All of them are seventh grade spirit medicines. If consumed, they can assist in the cultivation of meridian opening martial artists."

“As for the remaining twelve seventh grade spirit herbs, they need to be refined by an alchemist before they can be used.” Chen Xuan said.

Hearing this, Yang Chen ordered, “Those that can be used directly, let the clansmen exchange for them. Leave the rest to Sister Six and let her see how to refine them.””

“Understood.”

After dealing with some family matters, the two of them rested in the courtyard.

In the following period of time, the Chen Family continued to develop steadily. At the same time, Chen Yang also sent out the Piercing Guards to the Endless Mountains to find a suitable place for the Duke of De Shun to enter seclusion.

A month later, in the Endless Mountains.

Looking at the basin, Chen Yang nodded in satisfaction. “Shadow Shadow Guest, are you sure there are no demonic beasts disturbing us?”

“No, this basin was where a Demon Venerable lived. After I chased that Demon Venerable away, there were no more demon beasts here.” Chen Ying said.

When Chen Yang heard this, he patted Chen Ying’s shoulder, “Don’t relax. After all, this place is within two thousand miles of the Endless Mountain Range. There might be a Demon Venerable here.””

“Right, take out our Chen family’s flag. According to the alliance agreement between us and the flood dragon demon emperor, the demon beasts won’t attack us as long as our flag is there.”

“Understood. I’ll set it up immediately..”
