

Tamer Family 251

Chapter 251: The Claws of the Royal Family's Ancestor

After Zhao Deshun left, Yang Chen took out the letter from the Palace Dragon Guard.

The information was very simple. An enemy of an eighth-rank aristocratic family in Hengshan County of Qingzhou was suspected to be a pawn of the royal family's ancestor.

The Qian Dragon Guards had personally seen a heretic practitioner enter the Chou family, but because the heretic practitioner was relatively weak, they did not act on their own.

"Qing Province..."

The map of Da Qian appeared in Yang Chen's mind. Qingzhou was located in the northern part of Yingzhou. If the royal family's ancestor really had subordinates, then it was very likely that the Qingzhou aristocratic family had them.

"There's no hurry to deal with the matter of the enemy. An eighth-rank aristocratic family is worth the contact of a Core Formation realm evil cultivator."

"At that time, we might be able to follow the clues and find some evidence."

"Right now, we should first investigate the situation of the Yu family and hope that the Piercing Guard can find some useful information in the Endless Mountain Range."

Yang Chen immediately destroyed the letter and turned to deal with the Chen family.

The matter of the evil cultivators could not be rushed. If they were not careful, they would alert the enemy. It was better to plan slowly. After everything was prepared, they would give them the final blow.

While Yang Chen was waiting for the news from Piercing Guard, another mysterious person came to Qingzhou.

In the meeting hall of the Chou family, the Chou family's leader dispersed the Chou family's elders, leaving only him and the mysterious person opposite him.

"Master Qiu, I sent my subordinates to collect food from you last time. Why did you refuse?" The mysterious man said indifferently.

Hearing the mysterious man's words, beads of cold sweat appeared on his forehead." Lord Mo, you know that Hengshan prefecture is a small prefecture.

How can there be so many 20-year-old men and 18-year-old women?"

"Moreover, we can't attract the attention of others. I really had no choice, so I let the noble envoy return empty-handed."

Lord Mo glanced at the head of the enemy family and said indifferently,""This is not something I should be thinking about. I only know that we pay spirit stones and you take food. This is a matter of course."

"Now that we've paid the spirit stones, but you can't pay the food, no matter what the reason is, it's all your fault."

"Yes, I know I'm wrong." Lord Qiu looked at Lord Mo pleadingly." Lord Mo, please forgive me for a year.""

"I will immediately start the clan war. Once this war starts, it will definitely be chaotic. At that time, I will definitely be able to gather enough food for Milord."

"Alright, I'll give you one more year. If you can't produce enough food after one year, you can prepare for your enemy's funeral."

With that, Lord Mo turned around and left.

Looking at Lord Mo's back, Lord Qiu wiped the sweat off his forehead and gritted his teeth."Grand Elder!"

Following the orders of the Chou family's leader, the Chou family's first elder pushed open the door of the secret room and walked out.

"Great Elder, immediately arrange the clan war with the Gu clan."The Qiu Clan Lord said coldly.

When the Great Elder heard this, he was not in a hurry to agree. Instead, he suggested,"Patriarch, this is not a long-term solution."

"This time, we can use the clan war to resolve it. What about next time? If we stay here for too long, our enemies will be destroyed sooner or later."

"Then what do you think we should do?" The Qiu Family Head glanced at the Qiu Family First Elder and said coldly,""Now that we've already made a deal with the evil cultivators, it's too late to go back on our word."

"We're going to die anyway. It's better to go all the way to the end. Maybe we can get a chance to survive."

The Qiu Family Head was right. Now that the Qiu Family had already made a deal with the evil cultivators, even if he returned now, Da Qian would not tolerate him.

Hearing this, the head elder of the Chou family knew that the Chou family had no way out. He immediately said,"Alright, I'll go prepare for the clan war now."

After the first elder of the Qiu family left, the head of the Qiu family sat on a chair and took out a letter.

There was nothing on the letter except for a blood-red heart.

Looking at the blood-colored heart on the letter, Clan Leader Qiu muttered softly, "Since you've become a dog for evil cultivators, why don't you choose a kinder master?"

"Moreover, there are still conflicts between these two sides. If I can kill the Ghost Fiend Sect, I believe the other side should reward me."

At the thought of this, a ruthless look flashed across the eyes of the Chou Clan Leader.

Chen City, Chen Family.

It had been three months since the Chen family returned.

In the past three months, Yang Chen appeared to be no different from before, but in reality, he had been waiting for news of the Piercing Guard.

As for the news from the Heaven Dragon Guards, Yang Chen naturally paid attention to it. Unfortunately, other than the news about his enemy from three months ago, the rest was not important.

However, there was one thing that caught Yang Chen's attention. It was that the Chou family had made some moves internally. It seemed that they were going to fight with the ancient family in the neighboring county.

Yang Chen subconsciously felt that this had something to do with the Sorcerers.

However, the matter of Fish City was more important now. The matter of the enemy could only be put aside for the time being.

"Report!"

Just as Yang Chen's mind drifted to the Endless Mountains, his guard suddenly came to report.

Yang Chen saw this and quickly asked, "Is there news from the Piercing Guard?"

"Patriarch, it's Fourth Elder. Fourth Elder has returned. The guard reported.

Hearing this, Chen Yang frowned and pondered. Wasn't Fourth Elder in seclusion? Why did he suddenly come back?

Could it be that something happened to Master?

Immediately, Yang Chen said, "Ask the Fourth Elder to come over."

"Yes."

Not long after, Fourth Elder entered the meeting hall. As soon as Fourth Elder entered, Yang Chen quickly asked, "Fourth Elder, what happened?"

"My Lord, the Duke of De Shun has successfully broken through. That's why I rushed back to report." The Fourth Elder said.

"Oh, so fast?"

Yang Chen was a little surprised. His master had only been in seclusion for a few months, and he had already broken through?

Breaking through to the Zifu level and ascending to the stage within a year was very normal, and it was not impossible to say that there were none like the De Shun Commandery Prince who broke through in less than half a year. It was just that there were very few of them.

"Since you've broken through, why didn't my master come back with you, Fourth Elder?" Yang Chen asked.

When Fourth Elder heard this, he smiled awkwardly." The commotion caused by Deshun Commandery Prince's breakthrough was a little too big. It caused the place we built for seclusion to collapse."

"Deshun Commandery Prince is a little embarrassed and is currently repairing the palace with the other Piercing Guards."

Yang Chen smiled." What am I thinking? It's just a palace being destroyed. It's not a big deal.'"

"Fourth Elder, if you bring our Chen family over, you can't let my master repair it for us."

"Forget it, I'll go over personally. It's just in time to celebrate with my master."

Immediately, Yang Chen led his people to the place where he was going to cultivate.

Within the basin within the two thousand mile radius of the Endless Mountain Range.

The Deshun Commandery Prince was currently repairing the palace with a smile. After he had made a breakthrough and ascended the stage, the Deshun Commandery Prince emitted a happy aura from head to toe.

Even if the palace was being repaired, the Deshun Commandery Prince was not unhappy. On the contrary, he enjoyed it.

"Disciple congratulates Master for breaking through and ascending the stage. You have enjoyed a lifespan of 1,600 years!"While Deshun Commandery Prince was repairing the palace, Chen Yang and the Chen family arrived at the location of the closed-door cultivation..

Chapter 252: The Evil Practitioner Camp in the Endless Mountain Range

The Prince of Deshun stood up and wiped his hands. Then, he turned around and smiled at Chen Yang." Disciple, why are you here?'"

“Master has broken through to the stage and become a mighty figure. As his disciple, I naturally have to celebrate such a major event for Master.”

“Master doesn’t need to worry about this palace. Now that my Chen Clan has already prepared the promotion banquet, I hope that Master can come to my Chen Clan.” Yang Chen smiled.

Upon hearing this, the Deshun Commandery Prince smiled and waved his hand. “There’s no need for a promotion banquet. I originally wanted to hide my strength. It’s not appropriate to hold a promotion banquet now.”

“Sigh, it’s not what Master thinks.” Yang Chen shook his head and said, “There are only three people attending this promotion banquet. They are you, Master, me, and the Great Elder of the Chen Family. They won’t attract any attention.”

Upon hearing this, Deshun Commandery Prince did not refuse and immediately smiled. “Alright. Since I have such intentions, I naturally cannot refuse.”

Immediately, the two of them returned to the Chen Family. Accompanied by Chen Yang, Zhou Tianli celebrated his advancement.

After the celebration banquet, Yang Chen told Zhou Tianli about the Human King’s orders and the information he had gathered so far.

After Zhou Tianli heard this, he still had a look of disbelief on his face. “Old Ancestor is actually a heretic practitioner? I still can’t believe it.”

“This is just a suspicion. There is no accurate evidence at the moment.” Yang Chen said.

Upon hearing this, the Deshun Commandery Prince nodded. “I understand. Disciple, you can go and investigate without worry. If you need me for anything, feel free to tell me.”

“Don’t worry, I will.”

Before Yang Chen could finish his sentence, he heard a hurried knock on the door.

Seeing this, Chen Yang glanced at the Duke of Deshun and said lightly, "Enter."

Chen Ying pushed the door open and entered the guest hall.

After entering, Chen Ying glanced at Deshun Commandery Prince and said to Chen Yang, "Family Head, we found a camp of evil cultivators in the Endless Mountain Range that corresponds to Fish City."

Hearing this, Chen Yang smiled and looked at Deshun Prince. "Master, it seems that you'll have to step in."

When Zhou Tianli saw this, he smiled and picked up his teacup. "No problem. I'll accompany you to see what's hidden in this evil cultivator camp."

Seeing that Zhou Tianli had agreed, Yang Chen nodded.

After making some preparations and giving a few instructions to the Great Elder, he followed Ying deep into the Endless Mountain Range with De Shun Commandery Prince.

Within the Endless Mountains, in a certain dense forest.

After three days of traveling, the three of them finally arrived at the dense forest.

In the dense forest, Piercing Wei was quietly waiting for the three of them. Seeing Yang Chen and the others come over, the captain stepped forward and said, "Greetings, Patriarch, Commander."

Yang Chen nodded and asked, "What about the Sorcerer camp?"

"Please follow me." Immediately, the team leader led Yang Chen and the other two through the dense forest and finally arrived at the end of the dense forest.

To Yang Chen's surprise, there was a basin at the end of the forest. Inside the basin, everyone could see stone houses and halls.

Of course, those halls were not important. What was important was that the entire basin was filled with the black aura of the evil cultivators.

However, what was surprising was that the black gas seemed to be restricted by something. It could only flow in the basin. Once it touched the top of the basin, it was blocked.

"Spirit Shrouding Array." Zhou Tianli narrowed his eyes.

Seeing Yang Chen's confusion, Zhou Tianli explained, "Yang Er, this Spirit Shrouding Array is a seventh grade sealing array. Its main ability is to seal the spiritual energy in one place."

"Using a Spirit Shrouding Array to hide the aura of a heretic practitioner is quite smart."

After observing the buildings below, Zhou Tianli asked, "Disciple, do you want to make a move?"

"There's no hurry. Master, look. The evil cultivators below are so undisciplined, which means that there are no stronger experts inside."

"If there were strong practitioners, under the strict hierarchy of the evil practitioners, these evil practitioners would not dare to be so lax."

"My suggestion is that we wait a little longer. Maybe we can get a big fish." Yang Chen said.

Hearing Yang Chen's words, Zhou Tianli nodded and retreated into the forest with Yang Chen.

Yang Chen had sent people to guard the Sorcerer's camp. If anything happened, he would inform them immediately.

After returning to the jungle, Chen Yang called Chen Ying over to him. "Sir Ying, have you seen any figures of the Yu family in this camp?"

After suspecting that the Yu family was colluding with the Sorcerers, Chen Yang asked the surrounding aristocratic families for portraits of the Yu family.

He didn't know all of them, but he knew some of the important people.

"No, we haven't found any Yu family members yet." Chen Ying shook his head and said,

Hearing this, Yang Chen frowned. Could it be that the Yu family had nothing to do with the Sorcerers? If they were not related, why were there no corpses of the Yu Family in the city?

Moreover, it was still unknown whether the evil cultivator camp here was the camp of the Guimo Sect.

All of this needed time to be verified.

While Chen Yang and the others were waiting for an opportunity in the dense forest, in a hall in Yingzhou.

The royal family's ancestor looked coldly at the black-robed man in front of him and said in a gloomy voice, "Didn't I say it? Don't contact me unless it's urgent."

"Sect Leader Xu, if you don't want to continue, I can change the sect leader for the Ghost Fiend Sect."

When Sect Master Xu heard this, cold sweat broke out on his forehead. If this scene was seen by others, they would probably have a look of disbelief.

The sect master of the Ghost Fiend Sect, a high-level evil cultivator, actually listened to the orders of the Great Qian Royal Family's ancestor!

Sect Master Xu wiped the sweat from his forehead and said nervously, "Milord, it's not that I don't know the rules, but there is indeed an urgent matter."

When the royal family's ancestor heard this, he glanced at Sect Master Xu. "Speak."

Hearing this, Sect Master Xu heaved a sigh of relief in his heart. He immediately said, "It's like this. The messenger from the upper sect came and informed me to gather more food."

"Oh? Why didn't I know about this?" The royal family's ancestor asked.

When Sect Master Xu heard this, he hurriedly explained, "It's like this. The ambassador said that he was afraid of exposing you. "Moreover, this matter is too urgent. It's easier to find me than to find you, so I bypassed you and gave me an order."

"Yes." The royal family's ancestor nodded. "In that case, let's do as the messenger says."

"Yes." Sect Master Xu nodded and asked, "Milord, should we expose some of our hidden hands and slaughter a few cities?"

The royal family's ancestor thought for a moment and immediately said, "Sure, but don't expose them in Da Qian. The spies of Great Kun and the nearby dynasties can be exposed."

"Understood!" Sect Master Xu nodded and continued, "Sir, I admit my mistake. I sent people to slaughter Fish City."

"Massacre a city?" The royal family's ancestor frowned. "Sect Master Xu, are you challenging my bottom line? How many times have I told you that you must listen to my orders when massacring the city? Do you think my words are deaf ears?"

Chapter 253: Caught a Big Fish

At this point, the royal family's ancestor let out his aura.

Sensing the terrifying aura from the royal family's ancestor, Sect Master Xu's expression changed drastically. As expected of an expert who had obtained the Seven-Orifice Exquisite Heart. It had only been a few years since they last met, and his cultivation had increased again.

Sect Master Xu was afraid that the royal family's ancestor would kill him in a fit of rage, so he hurriedly explained, "Sir, this is not my fault. It was because the Yu family dared to rebel that I sent people to massacre the city." "Rebellion?" The royal family's ancestor frowned. "He told the Great Qian Dynasty?"

"No, but it's even more hateful than telling the truth to Da Qian. Patriarch Yu actually dared to contact Soul Spirit Sect. That was why I sent people to slaughter Fish City." Master Xu said.

"Soul Spirit Sect?"

"This..." The royal family's ancestor's eyes flashed coldly. "It seems like the Soul Sect isn't happy that I stole their Seven Apertures Exquisite Heart. They still dare to play tricks.""

"If it weren't for the fact that it's not a good time to attack, I would have already taken care of these remnants!"

"Sect Leader Xu, you don't have to worry about the Soul Faction's matters anymore. Right now, your main task is to complete the envoy's mission."

"How about this, let the branches in the Endless Mountain Range take action and slaughter a few more cities this time. Since he had chosen to make a move, he should not worry too much and get more food."

"The more food we have, the more rewards the higher-ups will give us."

"Understood." Sect Master Xu nodded and asked, "Sir, where is the Li family? Do we not need to hide?"

"I'll personally deal with the Li family. You can do whatever you want. I can guarantee that the Li family won't get involved." The royal family's ancestor said.

Hearing this, Sect Leader Xu cupped his hands and prepared to leave.

At this moment, the royal family's ancestor called out to Sect Master Xu again, "Sect Master Xu, how did you deal with the Yu family?"

Hearing the royal family's ancestor's question, Sect Master Xu returned with a cruel smile on his face. "Naturally, they were dealt with the same way as traitors."

"Don't worry, my lord. I can guarantee that no one from the Yu family is alive. They will never reveal our secret."

"That's good." The royal family's old ancestor nodded, indicating for Sect Master Xu to leave.

After Sect Master Xu disappeared, the royal family's ancestor said without blinking, "Boss, go find Li Kezhao."

"Yes." A ball of black smoke suddenly appeared beside the royal family's ancestor. When the black smoke dissipated, a black-robed man with a jade-like face and purple eyes responded.

After agreeing, the man disappeared again, as if he had never been here.

Not long after the man left, another man in a blue robe with purple eyes walked into the hall.

Seeing this person enter, the royal family's ancestor asked, "Did something happen?"

"Milord, there are aphids crawling in." The blue-tagged man bowed.

"Aphid, is it the Qian Dragon Guards?" The royal family's ancestor asked.

“At the moment, it seems so. As for who gave the order, we don’t know.”The blue-robed man nodded.

Seeing this, the royal family’s ancestor picked up his teacup and took a sip.” It seems that my Human King is planning to make a move on me.””

“He is really patient. He endured for more than two hundred years before taking action. “However, I’m also a little curious. Why would he choose to attack now? What is he relying on?”

“How about this, Second Brother, send someone to sneak into the palace and see what the Human King is relying on.

As for these aphids, let them investigate. Anyway, as long as they took care of the Human King’s reliance, it did not matter what they found out.”

“Sir, are we really going to let these aphids probe us?”The blue-robed man was in disbelief.

When the royal family’s ancestor saw this, he placed the teacup in his hand on the table beside him and smiled.”What, you don’t believe my understanding of the Firmament Dragon Guard?”

“This subordinate does not dare.” The blue-robed man hurriedly knelt down on one knee.

“Get up.” The royal family’s ancestor released spiritual energy and lifted the blue-robed man up. Then, he explained,”! was the one who founded the Firmament Dragon Guard, so I know better than anyone what they’re capable of.”

“Don’t worry, even if they managed to sneak in here, they won’t be able to find our important secret.”

Hearing this, the blue-robed man heaved a sigh of relief. He turned around and left, carrying out the royal family’s ancestor’s orders.

In the dense forest of the Endless Mountains.

Deshun Commandery Prince was a little bored as he roasted the boar leg. He asked casually, "Disciple, it's been two months. Why hasn't the big fish come yet?"

"Master, you can't be anxious when fishing. Otherwise, how can you catch good fish?" Yang Chen was not in a hurry.

Let alone two months, even if it was two years, as long as he could catch a big fish, it was nothing.

The Deshun Commandery Prince only grumbled. Of course, it was not that he was impatient, but this matter was related to the old ancestor, so he was naturally a little irritated.

Now, the Deshun Commandery Prince was afraid that his Patriarch was really colluding with the Sorcerers. At that time, he really did not know how to face the Patriarch.

Just as the boar leg was cooked and the two of them were about to share it, Chen Ying suddenly came forward. "Master, a big fish is here."

"Oh? You haven't been exposed, have you?"

"No, we've been hiding our aura all this time. We only came back to report to the family head after the big fish went deep into the camp."

Seeing this, Chen Yang smiled and looked at Deshun Commandery Prince. "Master, you can stretch your muscles and bones now."

When Zhou Tianli heard this, he passed the boar leg to Chen Ying. "Help me roast it a little. Don't let the meat get cold. I'll go and change it back."

The Duke of Deshun immediately left.

Seeing this, Yang Chen smiled and followed.

At the end of the forest, above the basin.

Chen Yang and Zhou Tianli stood together, looking down at everything in the camp. When they saw the evil cultivators standing in clear lines, the two of them knew that a big fish had really come.

The two of them looked at each other and entered the basin.

“Enemy attack!”

Before the two of them could land, some evil cultivators had already discovered them. Immediately, all the evil cultivators in the camp activated the Spirit Qi in their bodies and looked cautiously at Chen Yang and De Shun Commandery Prince who were descending from the sky.

After landing, Chen Yang looked at Deshun Commandery Prince and said, “Show me your heads.”

Sensing the terrifying aura emitted by the two of them, these evil cultivators looked at each other, and then some of them ran into the depths of the basin.

Not long after, a group of people walked out from the depths of the camp. The leader was wearing a dark purple robe embroidered with a skull.

As for the others, they were dressed in light purple clothes, which were also embroidered with skulls.

When the leader saw the two of them, he was shocked. Then, he pretended to be calm and said, “What brings the two of you here?”

“Naturally, I’m here to exterminate you.” Yang Chen smiled.

Hearing this, the leader’s eyes narrowed. “The two of you, we didn’t do anything wrong. Do you really want to go against us for a false reputation?”

“You have to know that we’re not that easy to mess with!”

“Humph!”“ Hmph!” The Deshun Commandery Prince snorted coldly.” A mere Purple Prefecture and nine Core Formation realm cultivators dare to boast so shamelessly. I want to see how you are not to be trifled with!”

Then, a terrifying aura swept out from the Duke of Deshun’s body and instantly enveloped the evil cultivators in the camp..

Chapter 254: Interrogating the Sorcerers

Sensing the terrifying aura emanating from the Duke of De Shun, the group of evil cultivators trembled in fear.

They had sensed this aura from the sect master before.

Could it be that this person was an expert on the same level as the sect master?

The corners of the leading Zifu Disciple’s mouth twitched slightly. He took a deep breath, then slowly said,“Senior, my Ghost Fiend Sect has never offended you, right?”

“Senior, why do you have to become enemies with my Ghost Devil Sect for the sake of a false reputation?”

“For the sake of fame. As I said before, everyone has the right to kill evil cultivators. It’s only right and proper to kill you.”Yang Chen sneered.

“Don’t waste your breath on them.” Zhou Tianli struck out with his palm, instantly setting off a spiritual energy storm.

Even though Zhou Tianli had only casually struck out with his palm, a casual strike from a mighty figure wasn’t something that could be withstood.

Under this palm, other than the Zifu Disciple, all the evil cultivators in front of Chen Yang and the others were killed.

Even the cliff behind him was slapped with a huge palm print.

Of course, the Zifu Disciple was able to survive because the Deshun Commandery Prince had deliberately spared his life. Otherwise, how could there be anyone alive among the powerful figures?

The Zifu Disciple also understood what the Commandery Prince of De Shun meant. He gulped and immediately said, "Senior, what do you want to know?"

The Zifu Disciple knew that he would most likely be unable to escape death today.

But what if? As long as there was a sliver of hope, he would be willing to give it a try. Naturally, he would also cooperate with Deshun Commandery Prince's interrogation.

Seeing this, Deshun Commandery Prince looked at Chen Yang, indicating for him to ask the question.

Seeing this, Yang Chen didn't say anything and immediately asked, "What is the purpose of your trip? Who do you listen to? And how many camps like yours are there in the Endless Mountain Range?"

Hearing this, the Zifu Disciple took a deep breath, then slowly said, "Daren, the purpose of my trip is to recruit my fellow disciples to massacre the cities in Great Gan."

"As for who I obey, I am an elder of the Ghost Fiend Sect. Naturally, I obey the Sect Leader of the Ghost Fiend Sect."

"I don't know how many branches there are in the Endless Mountains. This is a secret that only the sect master knows."

"However, I can conclude that there are definitely no less than ten."

Hearing this, Chen Yang and Zhou Tianli's faces darkened. They didn't expect this group of evil cultivators to actually plan to massacre the city. Could it be that they didn't want to hide anymore?

"Why did you massacre the city?" Yang Chen asked."

"According to the Sect Master's orders, we massacred the city to collect food, which is 18-year-old women and 20-year-old strong men."

Yang Chen's eyes lit up.

A 20-year-old strong man, wasn't this the same age as the men the royal family's ancestor had collected?

"From what you're saying, your Ghost Fiend Sect's cultivation method requires you to refine the innate Qi in the blood of an eighteen year old woman and a twenty year old man?" Yang Chen asked.

"No." The Zifu Disciple shook his head.

When Chen Yang saw this, he looked at the Zifu Disciple with some doubt." Then what are the requirements for your cultivation technique?"

" Our technique only requires an 18-year-old female. It doesn't require a male."the Sorcerer said honestly.

Hearing the words of the Zifu Disciple, Yang Chen was even more puzzled. Since you don't need it, why do you want to collect men?

Yang Chen continued," Since you don't need men, why are you collecting men? Or are you lying to us?"

In order to cooperate with Chen Yang's interrogation, Zhou Tianli released a terrifying aura from his body when Chen Yang said the last sentence. He looked at the Zifu Disciple with an unfriendly expression.

Seeing this, the evil cultivator from the Purple Mansion hurriedly said, "Lord, I didn't lie to you. Our Ghost Fiend Sect's cultivation method indeed doesn't require men."

"As for collecting strong men over the age of twenty, this is the sect master's request. I don't know why."

Seeing that the evil cultivator did not seem to be lying, Chen Yang looked at Deshun Commandery Prince. "Master, this is troublesome. It seems that this matter is not as simple as we thought."

According to Chen Yang and Deshun Commandery Prince's guesses, the royal family's ancestor should have colluded with the Guimo Sect. The 20 year old strong man that he took was also for the Ghost Fiend Sect.

But now, it seemed that it was not that simple.

This twenty year old strong man was obviously useful to another Evil Sect. Moreover, this Evil Sect was definitely stronger than the Ghost Fiend Sect.

Hearing Chen Yang's words, the Deshun Commandery Prince looked at the Zifu Disciple. "Do you know Zhou Muchun?"

This Zhou Muchun was the name of the royal family's ancestor.

"Zhou Muchun?" The Zifu Disciple thought carefully for a moment before shaking his head. "I don't know any Zhou Muchun. Milord, can you describe this person's appearance? He might be using an alias here."

Seeing this, Zhou Tianli took out a painting from his storage pouch and tossed it to the Zifu Disciple.

The Zifu Disciple hurriedly took the scroll and opened it, carefully examining the appearance of the person drawn on it.

“This person...”

The Zifu Disciple frowned, then suddenly came to a realization. ‘Tve met this person once with our sect master.”

“Oh, where?” Yang Chen quickly asked. Do you know who this person is?”

“I remember meeting him in Yingzhou. As for his identity, i don’t know. However, i remember that our sect master seemed to be very respectful to him.”

“For this reason, we have been guessing this person’s identity for a long time.”The Zifu Disciple said.

Seeing this, Zhou Tianli sighed deeply.

No matter what identity their ancestor had, one thing was certain. That was, their ancestor was really colluding with the evil cultivators.

Chen Yang saw that Zhou Tianli was in a daze. He tugged at Zhou Tianli’s sleeve and then looked at the Zifu Disciple.” Let me ask you another question. Did you send someone to do what happened in Fish City?””

“That’s right, the Yu family of Fish City is our people, but they betrayed us recently. In order to alert others, we sent people to destroy Fish City.”

“Oh? Looks like this matter has implicated another evil sect. Do you know what that sect is?”Yang Chen asked.

“I’m not sure, but I heard our sect master say that this sect is unhappy with a certain lord.”Evil Dao Sect.

Yang Chen fell into deep thought as he listened to the Sorcerer’s words.

It seemed like the water in this was very deep, and there were many Evil Sects involved.

At present, they already knew that there was an extremely powerful sect ruling the Ghost Fiend Sect. And Zhou Muchun and this sect probably could not escape.

“How many branches have been dispatched for this city-wide massacre?” Yang Chen asked again.

Seeing this, the Zifu Disciple knew that the time had come. He immediately said, “Sir, if I tell you, can you spare my life?”

“You want to bargain with me?” Yang Chen looked at the Zifu Disciple with an unfriendly expression.

“No, no, absolutely not.” The Zifu Disciple shook his head repeatedly. “It’s just that I would like ATilord to carefully consider it.”

“As long as you spare me, you can save the lives of so many people in the city.. No matter how you calculate it, you won’t lose out, right?”

Chapter 255: Interrogating the Sorcerers and the Harvest in the Sorcerers ‘Camp

The Sorcerer was certain that Chen Yang and the others would go and save those people. He planned to use this news to keep himself alive.

Hearing the heretic practitioner haggle with him, Zhou Tianli wished he could slap this person to death.

However, when he thought about how this concerned the lives of the people of Da Qian, Zhou Tianli could only hold it in for the time being. He turned to look at Chen Yang to see if he had any good ideas.

Seeing this, Chen Yang smiled and patted the Zifu Disciple’s shoulder. “Now that things have come to this, do you still want to live?”

When the Zifu Disciple saw this, an awkward smile appeared on his face." Milord, you must be joking. Who doesn't want to live?"

"I joined the evil cultivators because i wanted to break through to a higher realm. That way, I would be able to enjoy a longer lifespan."

"In this situation, i naturally hope to survive."

"You just want to live, right?" Yang Chen nodded." Alright, I can promise you that I will spare your dog life.""

When the Zifu Disciple saw this, a hint of joy appeared in his eyes. He hurriedly said,"Sir, can you swear a Heaven and Earth Oath?"

"Hmm?" Yang Chen's eyes were filled with killing intent." Don't test my patience. Tell me what you know before I change my mind.""

When the Zifu Disciple saw this, he knew that he could only take a gamble. He had to bet that Chen Yang would do as he said.

"The Grand Elder of my Malevolent Ghost Sect once revealed to me that this operation seems to be a large-scale operation. According to my guess, all the branches will start a massacre."

"As for the location of the massacre, I only know about Da Qian. I'm not too sure about the cities that the nearby dynasties have chosen to slaughter. i only know that they will also do so."

"Alright, tell us the city you know." Yang Chen said lightly.

Seeing this, the Zifu Disciple told Chen Yang all the cities in Da Qian that the Guimo Sect was preparing to massacre.

After he finished speaking, a flattering smile appeared on the heretic practitioner's face." My Lord, I've told you everything I know. Can you keep your promise and spare my worthless life?"

"Don't worry, I will keep my promise."

Yang Chen smiled and looked at Zhou Tianli." Master, cripple his Dantian."

When Zhou Tianli heard this, a terrifying amount of spiritual energy gathered in his right hand. Then, he slapped down with his palm, directly shattering the Zifu Disciple's dantian.

"Puff!"

The evil Zifu Disciple spat out a mouthful of blood. Sensing the rapidly dissipating spiritual energy in his body, the evil Zifu Disciple looked at Chen Yang with some bitterness and anger."

"That's right, I promised you that I would spare your life. But when did I promise you that I would let you live a peaceful life?"

Chen Yang smiled and shook his head. Then, he put his middle finger and index finger together and used them as knives to cut off the tendons in the hands and feet of the Zifu Disciple.

"For a great evil person like you, letting you die so peacefully is a little too easy for you."

"Don't be afraid, I will let you go. I just hope that you can successfully climb out of the Endless Mountains."

After Yang Chen finished speaking, he summoned a Piercing Guard," Go, throw him into the Endless Mountain Range and attract a group of demonic beasts."

"Whether he can survive or not depends on his ability."

When the Zifu Disciple heard this, he berated loudly, "You didn't keep your word!"

"Why didn't I keep my word? Did I kill you? Not only did I not kill you, I even let you go. It's just that you don't have the ability to leave the Endless Mountain Range. Can you blame me?" Yang Chen smiled.

As he spoke, Yang Chen leaned over and whispered into Piercing Guard's

ear, "Watch out. If he is lucky enough to escape from the mouth of the demon beast, you will know his life."

"No problem."

The Piercing Guard nodded, then picked up the Zifu Disciple as if he was carrying a dead dog and flew towards the basin.

Zhou Tianli could not help but laugh when he saw this, "I thought you were really going to let him go."

"Let him go? I won't even let my enemies off, so how can I let the Sorcerers off?" Yang Chen smiled.

"That's good. Remember, it's good to pay attention to promises, but you also have to distinguish the target. If you were to face a Sorcerer, paying attention to promises would only harm yourself." Zhou Tianfu said.

"I understand." Yang Chen nodded.

He naturally understood this principle. Chen Yang was not a pedantic person. Sometimes, promises were as heavy as a thousand pounds, and sometimes, they could not even catch up to a feather.

After killing all the evil cultivators, the two of them went deep into the evil cultivators' camp, intending to see if there were any treasures here.

After entering, the two of them really found a lot of good things.

First, there were Spiritual Stones. There were 200,000 Spiritual Stones in the camp, which shocked the two of them.

The two of them were not surprised that there were spirit stones in the camp. After all, the cultivation of evil cultivators did not rely entirely on the innate Qi. Most of them still used spirit stones to cultivate.

However, the two of them did not expect that there would be 200,000 spirit stones here.

200,000 Spiritual Stones was equivalent to two years of income for a Rank-7 force.

Moreover, a Rank-7 force had to convert most of the Spiritual Stones into cultivation resources. It would be good if they could really accumulate 40,000 to 50,000 Spiritual Stones.

If they could get 200,000 Spiritual Stones, even a Rank-6 force would be willing to fight for it, let alone a Rank-7 force.

“Master, how do we distribute the spirit stones?” Yang Chen looked at Zhou Tianli and passed the distribution method to him.

Zhou Tianli thought for a moment and said, “We’ll split the 200,000 Spiritual Stones equally. How about that?”

Actually, Zhou Tianli had planned to leave all 200,000 Spiritual Stones to Yang Chen. However, he was not alone. Many of his subordinates needed Spiritual Stones, so he could only leave half of it.

Chen Yang naturally wouldn’t refuse. Originally, this battle was entirely dependent on the Deshun Commandery Prince. Now that he could get 100,000 Spiritual Stones, he was naturally very willing.

The two of them immediately put the spirit stones into their bags and prepared to distribute them when they returned.

Other than spirit stones, there were also many treasures in the camp. However, they were all spirit weapons and the grade was not too high.

In response, the Deshun Commandery Prince waved his hand and gave all these things to the Chen Family.

Apart from the spirit stones and spirit weapons, there were no other treasures in the camp. After putting these things into the storage bag, Chen Yang set a fire and burned the camp to ashes.

After doing all this, the two of them returned to the dense forest.

The aftermath of the aftermath had pierced the hole, so they naturally did not need their help.

Returning to the campfire, Zhou Tianli took the boar leg and said, "Disciple, organize the information we have obtained this time."

Ever since he had Yang Chen, Zhou Tianli didn't want to use his brain anymore. With such a disciple, he didn't need to use his brain. He could just hand everything over to Yang Chen.

Hearing this, Yang Chen went through the information he had obtained on this trip in his mind and immediately said, "We have obtained a lot of information this time."

"First of all, the royal family's ancestor. We can be sure that the royal family's ancestor really colluded with the evil cultivators, and his status among the evil cultivators is not low.."

Chapter 256: Master and Disciple Plan

The moment he heard that the royal family's ancestor was colluding with the evil cultivators, Zhou Tianli felt a little uncomfortable.

He really could not understand and was unwilling to believe that his own Old Ancestor was colluding with Evil Sect.

Thinking of this, Zhou Tianli couldn't help but ask, "Disciple, do you think my ancestor was coerced by a heretic practitioner? For example, if the Old Ancestor doesn't cooperate, Evil Sect will destroy our royal family?"

Zhou Tianli still had a sliver of hope, and that was that it was not the ancestor's intention to join the evil cultivators. The ancestor had no choice.

Hearing this, Yang Chen thought for a moment and said, "It's not impossible, but I don't think it's possible."

"After all, according to what that Zifu Disciple said, the Forefather seems to be someone from an even more powerful sect. Even the Ghostfiend Sect Master is respectful to him."

"If the Old Ancestor was coerced, how could he have such a status? It's already not bad to imitate the sect master of the Ghost Fiend Sect."

Hearing this, Zhou Tianli let out a deep sigh and said in a somewhat desolate tone, "Continue your analysis."

"Yes."

Yang Chen nodded and said, "According to the current situation, that powerful sect seems to come from outside the Endless Mountain Range."

"The Patriarch of this sect manages the Evil Sect in the Endless Mountain Range and has it send twenty year old strong men to that sect."

"In addition, there seems to be an evil sect that doesn't get along with the sect that the ancestor is in."

"According to my analysis, the Evil Sect that is not on good terms with the sect that the Old Ancestor is from is not weak either. It is definitely stronger than the Ghost Fiend Sect, and it might even be a sect outside the Endless Mountain Range."

“After all, if that Evil Sect’s strength is the same as the Ghost Fiend Sect, the sect that the Old Ancestor is in can destroy that sect and save themselves trouble.”

Listening to Yang Chen’s analysis, Zhou Tianli’s forehead was filled with black lines. Since when did this paradise in the Endless Mountain Range become so chaotic?

He felt as though all these Evil Sects had appeared in an instant.

“Disciple, what should we do next?” Zhou Tianli asked again after throwing those worries to the back of his mind.

“Next, we must definitely stop the evil cultivators from massacring the city. Whether it’s for the sake of the human race or to destroy Evil Sect’s scheme, we have to stop them.”

“I reckon that if we disrupt the plans of the Ghost Fiend Sect, the sect behind them will definitely give themselves away.”

“At that time, we can make some plans against the sect behind us.” Yang Chen said.

Hearing Chen Yang’s analysis, the Deshun Commandery Prince nodded.

This was the best solution at the moment. However, if he really did this, there would probably be another consequence.

“Disciple, if we expose ourselves like this, that Evil Sect will definitely deal with us. I’m fine, but what about you, my disciple?”

“I still think that we should inform the Human King of this news and let him lead the other Rank-7 forces to crush the evil cultivators ‘conspiracy.’” Zhou Tianli said worriedly.

Hearing Zhou Tianli's words, Yang Chen waved his hand." It's too late. I think the evil cultivators have already started their operation. We're not even sure if we can save them in time. How can we still have time to inform the Human King?"

"As for my safety, it's in the realm of the United States." Chen Yang looked at Zhou Tianli," I hope they can come to Chen City."

"It's just that it's easy for them to come, but it's not so easy for them to get out." "Disciple, don't try to be strong. Although your puppet is strong, it can't be in two places at once. If the heretic cultivator chooses to avoid the battle with you and specifically attack your Chen family, you won't be able to afford the loss." Zhou Tianli said.

Hearing Zhou Tianli's words, Yang Chen nodded," Master, you're right. I'll go back and gather the Chen Family members in the mansion."

"This way, my golems will be able to provide timely assistance."

"What about the citizens of Chen City?" Zhou Tianli patted Chen Yang's shoulder," If the number of citizens in Chen City drops by a certain amount, your Chen Family's status will decline."

"I think it's better for me to show up alone and you stay in the dark."

Yang Chen knew that Zhou Tianli was doing this for his own good, but if Zhou Tianli were to bear all the responsibility, it would be too much.

"Master, how about this? You secretly move the Deshun Prince's Mansion to my Chen City."

"If the heretic practitioners intend to attack your Deshun Prince's mansion, they will definitely miss."

"And if you choose to attack my Chen Clan, my puppets are in the Chen Clan, and the people of Chen City are under your care, master. Naturally, there won't be many losses."

“Moreover, this way, you and I can take care of each other. If Evil Sect really sends out an Almighty level Evil Cultivator, we have the confidence to kill him.” Zhou Tianli nodded. “Alright, we’ll do as you say.”

“In addition, you have to hurry up and find an array formation to protect your Chen family. Otherwise, if the Evil Cultivation Sect gets anxious, the two of us won’t be able to save many people from your Chen family.”

“Master, don’t worry. I’ve already prepared this formation.” Yang Chen smiled mysteriously.

In the Chen clan, the Sirius Star Array given by the Shen clan had long been set up. If any heretic practitioners below the Purple Prefecture level came, they would only be courting death.

Even if it was a Zifu Disciple, this Sirius Star Array could hold him back and allow Yang Chen to reinforce him in time.

Zhou Tianli looked at Chen Yang in surprise. Then, he came to a realization and said, “You can even get your hands on puppets, so it’s naturally very easy for you to set up a formation.”

“Alright, since you’re already prepared, let’s move.”

“Alright.”

Yang Chen took out a map of Da Qian from his storage pouch. He opened the map and pointed at the cities on the map, “According to what that Zifu Disciple said, there were a total of four groups of heretic cultivators who attacked the Great Gan.”

“Every branch has its own county. We have already taken care of one branch, so we naturally don’t have to worry about the county of this branch.”

“The next cities are in these three counties. Now, we’re just afraid that these evil cultivators will attack together. In the end, we can only save one county.” Zhou Tianli nodded and said, “Then disciple, what do you think we should do?” “I think we can go and help the nearby seventh-rank forces. After all, that branch only has one Purple Mansion. A seventh-rank force can completely stop them.” Yang Chen said.

“Sure.” Deshun Commandery Prince did not refuse.

Seeing this, Chen Yang continued, “How about this? In order to save time, let’s split up. I’ll contact the Beast Tamer Sect, and Master, you’ll contact the Loyalty Constabulary. How about that?”

“No problem, but my disciple, are those seventh-rank forces willing to help us? After all, this was a matter of offending the Ghost Fiend Sect.” Zhou Tianli said worriedly.

Hearing this, Yang Chen thought about it and said, “If it really doesn’t work, we’ll promise to give them some benefits.

Master, see if you can persuade the royal family to give some spirit stones to these sects that are willing to contribute and help them nurture a Zifu Disciple.”

“There’s no need to persuade the royal family. As long as the king makes the decision, the others will be willing. As for the Human King’s attitude, we are working for the Human King. How can the Human King reject us?” Zhou Tianli laughed..

Chapter 257: The Despair of the Citizens of Han City (i)

“Alright, since that’s the case, let’s move quickly. “After we succeed in persuading them, let Beast Tamer Sect guard Lingdi County, Zhongyi Marquis Manor guard Zhiyu County, and the two of us guard Lingshan County.”

Immediately, after assigning each county to guard, the two of them moved quickly.

This matter was a race against the evil cultivators, so there was naturally no time to waste.

Beast Tamer Sect, in the sect master’s hall.

After Yang Chen told Supremacy Wang Ming his intention, he waited for his reply.

Wang Ming wasn't a person who would waste time. After assessing the losses and reporting them, he said,"" Alright, i promise to be a " "Our Beast Tamer Sect is willing to serve Da Qian and resist the attacks of the evil cultivators."

"However, can you guarantee that once this matter is completed, Da Qian will help our Beast Tamer Sect give birth to a Zifu Disciple?"

"Naturally, I can guarantee it." Chen Yang smiled and said,"Do you think it's difficult for your Beast Tamer Sect to nurture a Core Formation cultivator?""

Wang Ming shook his head. It was just a Core Formation Realm expert. The Beast Tamer Sect could nurture it just like that.

Seeing this, Chen Yang continued to laugh." Isn't that enough? To the royal family of Da Qian, a Purple Mansion is no different from the condensed core in your Beast Tamer Sect.""

"It's quite simple for others to nurture a Zifu Disciple. Naturally, they won't argue with you here."

"In that case, my Beast Tamer Sect is willing to serve Great Gan."Wang Ming patted his chest.

Seeing this, Chen Yang smiled and nodded." Alright, then I'll ask Supremacy Wang to bring the Beast Tamer Sect's martial arts experts to Lingdi County.""

"i don't expect the Beast Tamer Sect to be able to exterminate the evil cultivators. I just need to stop them and wait for my master and I to send reinforcements."

"No problem. Leave this matter to my Beast Tamer Sect."

Ling Shan County was an ordinary county in the Great Qian Dynasty.

This county didn't have anything outstanding, so it wasn't valued by many forces.

Of course, not being valued had its own benefits. That was, Ling Mountain County could develop steadily and would not be entangled in the vortex of big forces.

In Han City, the main city of Ling Mountain County.

The citizens of Han City lived their lives as usual. Merchants and hawkers walked through the streets, and it was peaceful.

“Boss, how much is this cloth?”

“Boss, is this real?”

“Nonsense, I’m just a spirit tool seller, how can i sell you a fake spirit tool?”

In this peaceful atmosphere, a ball of black gas quietly spread into Han City.

“Eh? What is that?” Someone noticed the black gas outside Han City and could not help but exclaim.

Following this person’s reminder, more and more citizens of Han City discovered the black gas.

However, these people had never seen what this black gas was. Even though everyone was very puzzled, no one chose to escape.

Soon, they would regret their hesitation.

Within the black mist, the Zifu Disciple responsible for massacring the city laughed coldly. “No wonder the sect leader chose this Ling Mountain County. We have been so brazen in showing our identities, but no one has stopped or escaped.”

“It seems that this mission should be very easy.”

“That’s right. With Tenth Elder leading the way, how can this mission not be easy?”The Core Condensation evil cultivator at the side flattered.

The Tenth Elder glanced at the evil cultivator.” Alright, stop flattering me. If there’s anything, just say it. How can I not know you?”

When the Core Formation Evil Cultivator heard this, he smiled and rubbed his hands.” It’s like this, Tenth Elder. There will be losses in every operation. Can you see if you can increase the losses in this operation and leave some food for our brothers?””

When Tenth Elder heard this, he knocked on the Core Condensation evil cultivator’s head.” You only know how to think about this. Forget it, there won’t be a next time.” However, there is one thing you must remember. All strong men under the age of twenty must be taken away. You are not allowed to kill them without authorization.”

“We understand.” “Besides, it’s useless for us to have a man,” the evil cultivator said with a smile.”

“It’s good that you know. Let’s go.” The Tenth Elder nodded.

“Alright!” Immediately, the Core Condensation evil cultivator relayed the Tenth Elder’s message to the other evil cultivators. When those evil cultivators heard this, they all erupted in cheers.

Even the movements of his feet became more powerful.

Hearing the cheers, the Tenth Elder revealed a satisfied smile. The reason why the Tenth Elder did not refuse the request of the Core Formation Evil Cultivator was because he knew that only in this way could he arouse their enthusiasm.

Within Han City.

When the black gas completely surged into Han Cheng, Han Cheng realized that something was wrong and immediately rushed home.

Right at this moment, a series of miserable cries rang out.

“Alihh!”

Everyone looked in the direction of the voice and was instantly frightened until their faces turned pale.

Because they saw with their own eyes that the people they were familiar with were being tortured to death by the martial artists in the black gas.

Perhaps the tragic scene had awakened their memories. Someone trembled and shouted out the names of these people, “Evil...” Sorcerers, it’s Sorcerers! Everyone, run!”

“I’ve finally discovered it. Unfortunately, it’s all too late.” A cruel smile appeared on the Tenth Elder’s face. He glanced at the Core Formation evil cultivator beside him and slowly closed his eyes.

Seeing this, the Core Condensation evil cultivator quickly used his spiritual energy to bind more than ten citizens of Han City.

Then, under the terrified gazes of the other Han citizens, he tore apart the Han citizens who were bound by him.

Hearing the screams of the citizens of Han City, the Tenth Elder revealed a look of enjoyment.

He loved this kind of scream the most.

When the Core Condensation Evil Cultivator saw the expression on the Tenth Elder’s face, he smiled as well. Then, he looked at his subordinate beside him.

When the group of evil cultivators saw this, they all took action.

In an instant, a total of 3,000 evil cultivators were scattered in Han City. Every time they waved their spiritual qi, they could reap the lives of dozens of Han City's citizens.

Every time a Core Formation realm cultivator waved his spiritual energy, he would reap the lives of hundreds of Han City's citizens.

"No!"

"Where's the Han family? Why didn't the Han family come out and eliminate the Sorcerers when they attacked?"

"Forget about the Han family. I saw with my own eyes that the Han family's experts were killed by the evil cultivators."

"What is it? If even the Han family can't stop us, who else can save us? I don't want to die!"

Despair appeared on the faces of all the people of Han City. Even though there were many people in Han City, these evil cultivators had killed nearly 100,000 people in just a few breaths.

It would probably not be long before they were killed by the evil cultivators.

The people who were near the city walls were even more despairing to find that the entire city was enveloped by a purple light screen. Every time they wanted to leave, they would be blocked by this light screen.

Some knowledgeable people also explained the reason for this purple light curtain." This is the Grade Eight Confinement Array, the Purple Spirit Array. We're all trapped in Han City."

Looking at the despair on the faces of the citizens of Han City, the Tenth Elder revealed a smile of enjoyment." Struggle. The more you struggle, the happier I will be."

"Struggle, suffer. This should be your last cry in this world."

Then, the spiritual energy in the Tenth Elder's body swept out and instantly destroyed hundreds of houses. Nearly a thousand people were torn apart by the spiritual energy..

Chapter 258: Killing the Sorcerers, Zhou Muchun and Li Kezhao's Conversation

"Daddy, I'm scared!"

In Han City, a little girl who looked like a porcelain doll hugged her father and said with a trembling voice.

The child's father didn't answer his daughter. He just hugged his daughter and ran forward desperately.

"Yo, you're still running."

At this moment, a sinister smile appeared on the face of the evil cultivator in the Pulse Unsealing realm. He suddenly appeared in front of his father.

When his father saw this, he turned around and ran back. However, not long after, the evil cultivator appeared in front of his father again.

Seeing this, the father knew that he couldn't live anymore. He covered his daughter's eyes with his hand." Sir, can you let my daughter go?"

"Your daughter?" The Meridian Opening evil cultivator glanced at the little girl in his father's arms and licked his lips." How can i let go of such good food?" "But don't worry, I will still raise your daughter until she is eighteen. Although death is inevitable, it is better than dying now."

When his father heard this, a bitter smile appeared on his face. He hated himself for not being able to protect his own daughter.

He also hated this world. Why did it let the evil cultivators slaughter them wantonly?

He also hated this dynasty for not being able to guarantee the lives of the people in the dynasty.

Of course, he hated himself the most. If he was a martial arts expert, why would he ask for help from others?

“Baby, I... I’m sorry.”

The little girl reached out her slender hand and wiped away the tears from the corners of her father’s eyes.” Daddy, I’m not afraid.”

“What a touching scene.”The Meridian Opening evil cultivator clapped his hands, and then a bloodthirsty look appeared in his eyes.

“Do you think it would be a beautiful painting if your daughter saw you die in my hands?”

Immediately, the evil cultivator struck out with his palm, and a terrifying aura instantly enveloped his father.

Seeing this, his father closed his eyes.

“Ah!”

‘What’s going on? I didn’t scream. Or am I already dead? Have you forgotten the scream I made before I died?’

His father was confused, but the little girl saw what happened.

“Father, a lord has come to save us.’The little girl held her father’s face and shook it vigorously.

His father opened his eyes and found that the evil cultivator who had threatened his life was being carried by a man in a brocade robe like a dead dog.

The man in the brocade robe turned around and looked at his father." It's dangerous here. Take your daughter and leave quickly.""

With that, the man in the brocade robe left and continued to search for the evil cultivators.

"Benefactor..."

His father did not have the time to express his gratitude as he watched the man in the brocade robe leave.

He didn't have any other intentions. He just wanted to know who this benefactor was.

His father had thought that he would never know the background of his benefactor in his life, but in the blink of an eye, he heard the Sorcerer's shout. "Who are you? How dare you meddle in the affairs of my Ghost Fiend Sect?"

"A mere Fiendish Ghost Sect is just a rat in the dark. How dare you show off?" Following the resounding sound of a bell, a terrifying aura spread in all directions and instantly enveloped the entire Han City.

Sensing this heart-palpitating aura, the Tenth Elder's face revealed a shocked expression. Peak Zifu level!"

However, in the blink of an eye, the Tenth Elder calmed down. There was only one peak Zifu Disciple in the Great Qian Dynasty." Deshun Commandery Prince, how dare you interfere in the matters of my Sinister Ghost Sect. Aren't you afraid that the Sinister Ghost Sect's experts will kill you?"

"Ghostfiend Sect's expert?" Deshun Commandery Prince smiled disdainfully and looked at Chen Yang." Disciple, do you think I should be afraid?"

Hearing this, Yang Chen smiled and dusted his clothes," Master, didn't you already say that the Ghost Fiend Sect is just a rat in the dark? What's there to be afraid of?"

“Master?”

The Tenth Elder looked at Chen Yang with a bloodthirsty look in his eyes, “You must be Chen Yang. We can’t deal with your master, but we can deal with you.” “Holy Disciples, listen up!” the Tenth Elder shouted. “The Purple Spirit Array has been destroyed by the enemy. Everyone, hurry up and break out!” “Remember, when you get out, tell the sect master that the one who destroyed us was Chen Yang from Jiang Prefecture of Great Qian!”

“We must let the sect master take revenge for us!”

Then, the Tenth Elder charged forward as if he didn’t care about his life. He was determined to kill Chen Yang no matter what.

Reality proved that not every evil cultivator was afraid of death.

However, killing Chen Yang was not something that could be done by not fearing death. The Tenth Elder had not moved for long before he was stopped by the Deshun Commandery Prince.

De Shun Commandery Prince unleashed the strength of a peak Purple Mansion Master and engaged in a battle with the Tenth Elder.

Yang Chen, on the other hand, released his Winged Tiger and charged at the Core Formation Evil Cultivator closest to him.

As for the remaining evil cultivators, they did not care about the people of Han City and rushed towards the gap in the Purple Spirit Array.

The two of them were prepared for this. There was no lack of experts in the Heavenly Dragon Guards, and Yang Chen had mobilized ten Core Formation cultivators to guard the gap to ensure that the evil cultivators would not run away.

In the city, the Nine Supremes of the Heaven Dragon Guards had also entered the Core Formation Stage. In terms of high-level combat power, they were on par with the evil cultivators.

Although this Purple Spirit Array was an eighth grade array, it had a wonderful function. It was inside the array. Only experts above the Core Formation realm could break the array from inside.

This was also the reason why these evil cultivators rushed towards the gap despite knowing that there were experts guarding it.

Because only then would there be a chance of survival.

Bang!

With a loud bang, the Tenth Elder was smashed into the ground by the Deshun Commandery Prince, creating a deep pit..

Chapter 259: Killing the Evil Practitioner, Zhou Muchun and Li Kezhao's Conversation

Although Zhou Tianli had only used the strength of a peak Zifu Disciple, it was still relatively easy for him to deal with the tenth elder, who was at the fourth level of the Zifu Disciple realm.

In just ten minutes, he had already severely injured the Tenth Elder.

The Tenth Elder also knew his own situation. He immediately used all his strength and shouted, "Chen Yang!!!"

Almost everyone in Han City knew the name Yang Chen.

Just like his father, who didn't know who his benefactor was, he looked into the distance and muttered, "Chen Yang... It seemed that the benefactor was Yang Chen's subordinate."

This situation was exactly what the Tenth Elder needed. This was because the Tenth Elder knew that after he failed, the Ghost Fiend Sect would definitely send someone to investigate.

When that time came, the first person to know would be Yang Chen, and he would naturally be able to avenge himself.

“You’re courting death!” Zhou Tianli also knew what the Tenth Elder meant. In his anger, he punched out and shattered the Tenth Elder’s chest, ending his life.

On the other side, after Chen Yang heard the voice, he also sped up the movement of his hands. Pure and vigorous spiritual energy whistled out of his body and bombarded the evil cultivator in front of him.

After killing the evil cultivator in front of him, Chen Yang and Prince De Shun rushed to kill the other evil cultivators.

This Zifu Disciple attacked Reverend Ningdan like a wolf entering a flock of sheep. Before long, he had killed all the Core Condensation evil cultivators.

Without the Core Condensation cultivators, the remaining evil cultivators were no longer a threat. Not long after, they were all killed by the Heaven Dragon Guards.

After doing all this, Yang Chen ordered the troops to clean up the battlefield.

Zhou Tianli walked to Chen Yang’s side and said, “Disciple, do you think I’ll be exposed? After all, I’ve just broken through and ascended the stage not long ago. Naturally, I can’t perfectly hide my strength.”

“Don’t worry. To the people of Han City, the peak of the Zifu Disciple level is the same as ascending the stage. They are both levels that are far beyond reach. How can they tell?” Yang Chen smiled.

Zhou Tianli heaved a sigh of relief.

Their original intention was to hide their strength. If they exposed it, it would affect their later plans.

As for why he had to hide his strength, the reason was very simple. It was to confuse the judgment of the Ghost Fiend Sect.

In this way, the experts sent by the Ghost Fiend Sect would not be too strong. At the very least, they would definitely not send experts to the stage.

While Chen Yang and the others were cleaning up the battlefield, in a palace in Zhou Muchun's manor in Yingzhou.

Zhou Muchun put down the teacup in his hand and looked at the middle-aged man." Brother Kezhao, long time no see. How have you been?"

Li Kezhao picked up a cup of hot tea and leisurely took a sip. Then he asked,"May i know what instructions Brother Mu Chun has for calling me over?"

"I wouldn't dare to give orders." Zhou Muchun smiled and shook his head. He then said,""There's just one thing i need Brother Kezhao to help me deal with." "Oh, what is it?" Li Kezhao asked.

"It's like this. The higher-ups asked me to collect more food. This matter is a little urgent, so i have to slaughter some counties."

"This matter definitely can't be hidden. When the time comes, the Li family will definitely come out to patrol. I only hope that this patrol is just for show."Zhou Muchun laughed.

Li Kezhao thought for a moment and said,""You can put on an act, but you can't do anything on the surface."

"After all, my Li family also wants face. If the Li family is patrolling and you still commit crimes, then i won't be able to deal with you."

"Don't worry, Brother Kezhao." Zhou Muchun smiled." We'll only attack once. After this, we'll submit and definitely won't cause any more trouble."

Hearing this, Li Kezhao nodded." That's good." However, I have a question.

Why does your sect need this strong man? You're not evil cultivators."

"This matter involves the sect's secrets, please forgive me, i can't tell you."Zhou Muchun laughed.

Hearing this, Li Kezhao waved his hand." This has nothing to do with me. If you don't tell me, then don't tell me.""

"However, as a friend, I'll remind you that if the matter here is exposed, our self-righteous master won't forgive you."

When talking about his family, Li Kezhao showed disdain.

According to the elders in the clan, the main clan had a compassionate look on their faces and strictly forbade their own people from bullying the market and doing anything profligate.

Li Kezhao was very disdainful about this.

In this world, strength reigned supreme. If he had a big fist, why should he be on equal footing with someone weaker than him?

Self-righteous was the evaluation of the main family by the Li family in the Endless Mountain Range.

Hearing Li Kezhao's words, Zhou Muchun smiled awkwardly.

Mianyang's Li family was a family that was not to be trifled with. For some reason, every member of this family could be considered a model for the children of a family.

If there were any clansmen who bullied the market, the Li family would quickly deal with them without anyone saying anything.

Therefore, within the Li family's sphere of influence, whether it was the aristocratic families, sects, or ordinary people, they were all proud to join the Li family.

Once the Li family had a conflict with other forces, these guys would charge forward without any regard for their lives and charge into the enemy lines for the Li family.

Because of this, the Li family became the most difficult existence to provoke among the nearby Rank-4 forces.

After all, the other vassals of the rank four forces would not be like the Li family of Mianyang, who would rather risk their rank to help the Li family defeat the enemy.

Of course, it was also because of the Li family's good reputation that the other Rank-4 forces were unwilling to become enemies with the Li family. Thus, a war would not happen so easily.

If such a terrifying force knew that their sect was doing such a thing, they would definitely call on the other fourth-rank forces to destroy their sect.

When he thought of that scene, Zhou Muchun shuddered. It seemed like he had to properly persuade the sect master not to act too aggressively.

"Thank you for your reminder, Brother Kezhao."

Li Kezhao nodded and said, "Um, I also have something that I need Brother Mu Chun to handle."

"Oh? Please engrave Brother Zhao's words." Zhou Muchun laughed.

"Zhou Tianli, it should be settled." Li Kezhao said lightly.

When Zhou Muchun heard this, the smile on his face disappeared. "Brother Kezhao, let's speak with our conscience. Was that Li'er's fault?"

“It’s clearly your own mistake. You can’t blame it on me.”

Hearing Zhou Muchun’s words, Li Kezhao sized him up and said,“I can tell that you want to absorb your clansman into your sect, right?”

“That’s true. Zhou Tianli’s talent is monstrous. Even though we’ve been limiting his resources for so many years, he’s still able to cultivate to the peak of the Zifu level.”

“With this talent, it’s only a matter of time before he cultivates to the peak. You naturally won’t let go of such a monster.”

As he said this, Li Kezhao’s eyes stared fixedly at Zhou Muchun.” However, someone has to bear the losses of my bloodline, right?”

Zhou Muchun was enlightened. So he wanted cultivation resources. Why did he have to talk so much?

Zhou Muchun smiled.” Brother Kezhao, please go back and sort it out. Give me a number. I’ll repay it on behalf of my clansmen. How about that?”

“That’s good.” A smile appeared on Li Kezhao’s face. He then stood up and said,“It’s not a short time. Brother Mu Chun, farewell!”

“Brother Kezhao, have a safe journey.”

After watching Li Kezhao’s back disappear, Zhou Muchun picked up his teacup and took a sip. Then, he crushed the teacup.

“Your surname is Li, which is an insult to the Li family of Mianyang. Such a glorious and majestic family actually has such a branch.”

“Just you wait. Sooner or later, I’ll take care of you.”

“Li ‘er, I’ve sacrificed a lot for you. When the time comes, you must repay me well.”

At this point, a strange smile hung on Zhou Muchun’s face, and his eyes flickered with a demonic red light.

Ling Mountain County.

Wang Shuo stood beside Yang Chen and smiled at the evil cultivators who were fighting like trapped beasts. He couldn’t help but laugh, “Brother Chen, I didn’t expect this trip to be so easy.”

“I also didn’t expect that this branch would only have one Zifu Disciple and five Core Formation evil cultivators.” Yang Chen laughed along with the other party.

He did not know if it was luck or something else, but the evil cultivators branch in charge of Ling Mountain County was too weak. The Beast Tamer Sect did not even waste any effort to deal with them..
Chapter 260: The Chen Family Becomes Famous in Da Qian

As the Zifu Disciples were killed by Luo Rong and Wang Ming, the offensive of the evil cultivators in Ling Mountain County officially came to an end.

After doing all of this, Luo Rong still felt a little surreal.” Senior Brother, we obtained a batch of resources that are enough to nurture a Zifu Disciple just like that?”

“Is it simple?” Wang Ming patted Luo Rong’s shoulder.” One Purple Prefecture and five Core Formation Realm. If we didn’t use the entire sect’s strength, it would really be difficult to resolve.”

“Senior Brother’s vision is really high. If you listen to me, we might really lose some experts.” Luo Rong sighed.

When they were fighting, Luo Rong had suggested leaving some people to guard the sect, but Wang Ming had vetoed it.

Wang Ming's point of view was also very simple. Since ancient times, the evil cultivator's disaster had been a man-made disaster that could rival geniuses. Naturally, he had to do his best to deal with it.

Under Wang Ming's strong request, all the Core Formation realm elders of the entire Beast Tamer Sect fought. This resulted in a great victory without losing a single Core Formation realm cultivator.

If there were really fewer Core Condensation Realm experts, then the evil cultivators might really lose a group of Core Condensation Realm experts when they fought back before they died.

Even if the Beast Tamer Sect had a huge business, they could not afford to lose it.

After picking up the Zifu Disciple's storage bag, the two of them came in front of Zhou Tianli and Chen Yang. They first bowed to Zhou Tianli before Wang Ming handed over the storage bag. "Deshun Commandery Prince, this is the storage bag of the Zifu Disciple."

Zhou Tianli looked at Yang Chen, indicating for him to decide.

Chen Yang smiled and said, "This is the spoils of war of the Beast Tamer Sect. Honorable Lord Wang, you can keep it yourself."

"This..." Wang Ming clenched his storage bag and gritted his teeth. "Chen Clan Leader, we've already received our rewards, how can we still covet the spoils of war?"

"Please accept this bag of holding."

Seeing this, Yang Chen took the storage bag and smiled, "Fine, I'll take it. We'll have many opportunities to work together in the future anyway, so this storage bag won't be a problem."

Seeing Yang Chen accept the storage bag, Wang Ming heaved a sigh of relief.

Others might not know, but he knew Yang Chen's background.

With Yang Chen's talent and strength, there would definitely be many opportunities for him to make a fortune in the future. Naturally, he had to build a good relationship with Yang Chen in advance.

After dealing with the matters in Ling Mountain County, Chen Yang and Zhou Tianli rushed to Zhiyu County to help the Zhongyi Marquis 'Residence.

The luck of this loyal Marquis Manor was not as good as the Beast Tamer Sect.

The branch of evil cultivators in charge of Zhiyu County had sent out fifteen Core Formation Realm cultivators and one Zifu Disciple.

Fortunately, the duty of the Loyalty Marquis Residence was only to delay the evil cultivators, so they did not suffer too heavy a loss.

When Chen Yang and Deshun Commandery Prince arrived, they successfully killed the evil cultivators with the help of Deshun Commandery Prince.

After rescuing the three counties, the two of them returned to Jiang Prefecture. Zhou Tianli secretly moved the Deshun Prince's Mansion to Chen City.

After doing all of this, the Deshun Commandery Prince handed over a memorial, informing the Human Ruler of the matter of the heretic cultivator. He also asked the Human Ruler to reward the Beast Tamer Sect and the Deshun Commandery Prince's residence.

After Zhou Tianke's manor read the memorial from Deshun Commandery Prince, they immediately expressed that they would do as Deshun Commandery Prince said.

In the third month of the second year of Qiyuan, a piece of news exploded in Da Qian.

It had been a month since the Sorcerers 'Calamity, and the news of the Sorcerers' Calamity had officially become known to everyone.

Great Qian, Great Kun, Great Chu, and Great Yan-these four empires had a disaster caused by evil cultivators.

Other than Da Qian, the other three dynasties had all been massacred by the evil cultivators of the Ghost Fiend Sect. In total, twelve counties of the three dynasties had been massacred by the evil cultivators of the Ghost Fiend Sect.

Nearly 300 million people died in the evil cultivators 'disaster.

After this news was exposed, almost all the citizens of the dynasty blamed the royal family for not providing any reinforcements.

With regards to this, the royal families of the various dynasties could only tell everyone about the method of the Ghost Fiend Sect massacring the city.

When the Ghost Fiend Sect massacred a city, they would first send out a portion of elites to trap the city with an array formation before killing the martial arts experts in the city.

After confirming that there was no resistance in the entire city, the evil cultivators would send out martial artists in the Qi Refining realm, as well as a large number of ordinary people who had been bewitched by the evil cultivators, to start a massacre in the city.

Under such an orderly massacre, almost no city could leak the news.

And those who fit the criteria of becoming the 'food' of the evil cultivators would be knocked out by the drug.

These grains were loaded on carriages like ordinary goods. Under the escort of Qi Refinement evil cultivators and ordinary people, they were transported to the Endless Mountain Range.

After listening to the royal family's explanation, the voices of criticism lessened significantly.

After all, with such a meticulous plan, it was normal that no news was leaked.

Of course, just because there were fewer voices criticizing the royal family did not mean that they would not criticize others.

After all, with so many carriages being transported to the Endless Mountains, none of the major forces along the way had noticed anything unusual. They would never believe that they had not been infiltrated by the evil cultivators.

In this regard, those large factions could only suffer silently and could not say anything.

Of course, they had discovered this large group of carriages, but they had not done anything wrong. How could they investigate? They did not know that the goods on these carriages were living people.

In addition, every time they passed by a place, the evil cultivators would give them a large number of spirit stones.

These major powers also closed one eye and did not inspect the goods, allowing these people to pass peacefully.

Compared to the anger and criticism of the citizens of the other three dynasties, the citizens of the Great Qian Dynasty were much gratified.

This was because Chen Yang, the head of the Chen family, an eighth-rank aristocratic family in Jiang Prefecture, had discovered the evil cultivators' conspiracy. He had contacted the Deshun Commandery Prince, the Beast Tamer Sect, and the Loyalty Constabulary in advance to nip the evil cultivators' disaster in the bud.

For this, the Great Qian Dynasty's royal family rewarded them. First, they rewarded the two seventh-grade factions. The royal family promised to give them a large amount of resources to help them nurture a Zifu Disciple.

As for the Chen family, the royal family had even given them generous rewards.

Half of the counties in Jiang Prefecture were given to the Chen family.

In other words, all the taxes from those counties belonged to the Chen family.

All the forces in Da Qian were nominally vassals of the royal family, and the taxes they collected were just spirit stones.

Under the orders of the Human King, half of the counties in Jiang Prefecture had changed from vassals of the royal family to vassals of the Chen family.

The name of the Chen Clan resounded throughout the entire Da Qian Empire!

Yingzhou, in a hall in the royal family's ancestral manor.

Pa!

Sect Master Xu slammed the table beside him and stood up. "Sir, I request to kill Chen Yang and the others!"

Zhou Muchun glanced at Sect Leader Xu and said coolly, "Sect Leader Xu, who are you going to kill?"

Sect Master Xu was confused and asked tentatively, "Naturally, they were Chen Yang, the Prince of Deshun, the Imperial Beast Sect, and the loyal Marquis."

Hearing this, Zhou Muchun smiled. "Li 'er is a descendant that I value. Do you want to kill me too?"

When Sect Master Xu heard this, cold sweat appeared on his forehead. He hurriedly said, "This subordinate does not dare!"

“It’s good that you don’t dare.” “Let’s put aside the Beast Tamer Sect and the Loyalty Marquis Manor for now..”
