

The Rise Of The Tamer Family

Chapter 26

Take martial arts for example. The other ninth-grade families had many martial arts collections.

Even the Beast Taming Aristocratic Families were no exception, but the Chen family did not have any martial arts that could be shown.

As for the martial arts that the Chen family's Patriarch was using, although they were powerful, they were learned from the Beastmaster Sect after all and could not be passed down at all.

Back to business.

After Chen Xuan's consolation, Chen Yang's fighting spirit reignited. "No matter what, we have to give it a try. If it doesn't work out, we'll marry into the Li family."

"Marriage? Family Head, it's fine if it's something else, but I'm afraid marriage won't work. After what happened to Ancestor Xue, she is not going to allow her family to marry us."

"Ancestor Xue said that the Chen family is heartless. Why should we marry them?" Chen Xuan smiled bitterly.

Hearing the First Elder's words, Chen Yang revealed a playful smile. "Who said that the marriage alliance is for the younger generation?"

Chen Xuan retracted the smile on his face and said in disbelief, "Family Head, you can't be thinking of..."

"That's right. I plan to sell off our Patriarch and let our Patriarch and Ancestor Xue marry. I heard that the two ancestors are less than a hundred years old. It's not too late to continue the previous relationship."

Chen Xuan was stunned. He really did not expect Chen Yang to really plan to marry off the Patriarch.

“Family Head, isn’t this a little too much? If the Patriarch comes back, how are we going to explain?”

Chen Xuan was really a little afraid now. He was afraid that the Patriarch would tear his favorite descendant apart when he returned.

“What’s there to be afraid of? In any case, the Patriarch has never married in his life. If we give him a chance, he might even be grateful to us.”

“If the Patriarch really blames us, then drag my grandfather, your father, to my great-grandfather’s grave and cry together.”

“Didn’t the Patriarch often say that he had let Big Brother and Fourth Brother down? When the time comes, he might forgive us.”

“Then, we take the opportunity to say that the Chen family relied on the Patriarch in the past, causing his marriage matters to be delayed.”

“Now that the Chen family has become powerful, it’s time for the Patriarch to pursue his own happiness. Don’t wait until the person is gone. It would be too late to regret it.”

“With this combination of punches, I don’t believe the Patriarch won’t forgive us.”

Chen Xuan could not help but sigh. The head of the family really had a good brain.

This was obviously a trap for the Patriarch, but after hearing what the Family Head said, it seemed like it was for the sake of the Patriarch.

“There’s no problem with the plan, but I have some other thoughts. My father is already in his eighties, so let’s not torture him,” Chen Xuan said weakly.

“There’s no hurry. The Patriarch won’t be back so soon. Perhaps my grandfather will have broken through to the Genesis Realm by then.”

“If there is no break through, then no torture. If there is a break through…”

“Family Head, don’t worry. If my father breaks through to the Genesis Realm, even if I have to kneel, I will kneel before my grandfather’s grave.” Chen Xuan patted his chest.

In Chen Xuan's opinion, Chen Yang meant that he had not given up on his father.

It had to be known that in other ninth-grade and even eighth-grade families, those who had yet to break through to the Genesis Realm in their eighties had long given up.

According to Chen Yang, if there were resources, he would probably push Chen Xuan's father to the Genesis Realm.

At the thought of this, Chen Xuan felt a lump in his throat. If possible, who wouldn't want their father to live a little longer?

"In that case, First Elder and Second Elder, prepare some things. We'll send the betrothal gifts on behalf of the Patriarch."

"Alright!" Chen Xuan and Chen Meng agreed together. Then, they looked at each other and saw a trace of excitement in each other's eyes.

Hehe, it was exciting to be the matchmaker for the patriarch.

While Chen Xuan and Chen Meng were preparing the betrothal gifts, Chen Yang did not stay idle. Instead, he went straight to the Chen family's incubation room.

Counting the days, it was time for the Blazing Eagle to hatch.

This was a demon beast with the bloodline of a Demon Venerable, let alone a flying demon beast. It was only right that Chen Yang valued it.

Moreover, unlike the Mystic Wind Wolf, Chen Yang did not intend to expose this Blazing Eagle. Instead, he will secretly nurture it and would use it as a trump card when the Chen family officially took action.

"Family Head!"

Outside the Chen family's incubation room, the guards hurriedly bowed when they saw Chen Yang coming over.

"There's no need to be so polite. How's the demon beast egg?" Through the window, Chen Yang glanced inside.

"Just hatched, Family Head."

“Really? Then I want to go in and take a look.” When Chen Yang heard that it had hatched, he hurriedly pushed open the door of the incubation room.

In the entire incubation chamber, there was only one Blazing Eagle cub looking around.

The reason was that the demon beasts in the Chen family were all born in the womb, and there were almost no eggs. According to Chen Xuan, the reason why this incubation room was built was that it didn't matter if he used it or not, but he had to have it.

Walking up to the Blazing Eagle, Chen Yang reached out and stroked its feathers.

As expected of a demon beast that could grow to the level of a Demon Venerable. As soon as it was born, it already displayed a considerable aura.

She had golden wings, a pale blue eagle body, and colorful feathers on her head. It had to be said that the Blazing Eagle was quite beautiful.

Faced with Chen Yang's touch, the Blazing Eagle cub also echoed intimately.

Beasts would treat the first creature they saw as their mother, and demon beasts were no exception.

This was also the reason why the guards did not come in to check after the Blazing Eagle hatched.

Then, Chen Yang took a plate of demon beast meat and fed it to the Blazing Eagle bit by bit. He then contracted the Blazing Eagle.

As for his natal beast, he could only upgrade it after Chen Yang has broken through to the Genesis Realm.

In the following days, the Chen family had been preparing the betrothal gifts. After the preparations were complete, Chen Yang brought a few people and secretly headed to Li City.

In the Great Qian Dynasty, there was not just one city next to another.

Between each city were villages, towns, and even cities. These places all belonged to the eighth-grade aristocratic families of the county.

Take Nanyang County for example. In the entire Nanyang County, half of the territory belonged to the Song family, and the other half was divided by the various ninth-grade families.

The reason for this situation was that the royal family of Great Qian was at the peak of their strength. The various large families would pay taxes on time.

If the royal family could not make it, then the cities in Nanyang County would be next to each other and pay taxes to the Song family at the same time.

‘State and state alike.’

After passing through the towns and villages controlled by the Song family, Chen Yang and the others finally arrived at Li City within three days.

After entering Li City, Chen Yang and the others did not waste any time and headed straight for the Li family.

The Li residence.

“What did you say? Chen Yang brought Chen Xuan and Chen Meng to see me?” The current head of the Li family, Li Ke, looked at the general in front of him in confusion.

Why did the Chen family visit him for no reason?

Was it because of the marriage between the three families?

For a moment, many thoughts flashed through Li Ke’s mind, but no matter why the Chen family came here, he still had to invite them in first.

“Please.”

After giving the order, Li Ke straightened his clothes and led the elders to the reception hall.

Chapter 27

Under the lead of the family guards, Chen Yang and the others arrived at the Li family’s reception hall.

Seeing Li Ke sitting at the head of the table, Chen Yang cupped his hands and said with a smile, "Chen Yang greets Uncle Li."

Hearing Chen Yang address him so intimately, Li Ke frowned. "Family Head Chen is also the head of the family. There's no need to call me that. Just call me Family Head Li."

"That kid dares to address Family Head Li like that." Chen Yang did not care about Li Ke's attitude at all and continued with a smile, "Family Head Li, do you know why we're here?"

For what? Naturally, it was to find external help for the Chen family.

Although that was what Li Ke thought, it couldn't possibly show on his face. "Please sit down."

After Chen Yang and the others sat down, Li Ke pretended to be puzzled. "I really don't know why Family Head Chen came to my Li family."

After taking a sip of the tea served by the Li family's servant, Chen Yang continued to smile at Li Ke. "Family Head Li, do you know that your Li family is in trouble?"

"The Li family is in trouble?"

Li Ke was stunned by Chen Yang's words. He smiled in disbelief and said, "I want to know why my Li family is in trouble."

"Family Head Li, you must know about the marriage alliance between the three great clans, right? The purpose of these three great clans is to deal with the Li family," Chen Yang said.

When Li Ke heard this, he heaved a sigh of relief. He really thought that the Li family was in danger. In the end, it was just the Chen family wanting to form an alliance.

"Family Head Chen, you must be joking. Our Li family has no grudges with the three great families. What does their alliance have to do with our Li family?"

"And if I'm not wrong, these three families are probably dealing with your Chen family. Family Head Chen, to form an alliance, one has to show sincerity. Don't deceive others with words."

Li Ke picked up his tea and took a leisurely sip. Then, he smiled at Chen Yang. "Family Head Chen, do you think I'm right?"

"Hahaha, Family Head Li is really wise. You saw through my intentions at a glance. However, Family Head Li, the alliance is real, but for the sake of the Li family, it's not fake." Chen Yang smiled.

"Oh?" Li Ke put down the teacup in his hand. "Then I would like to ask Family Head Chen for his opinion."

"Again, the purpose of the Horizontal Alliance of the three aristocratic families is to deal with the families on the north and south."

"Among them, my Chen family and your Li family have the most contact with the three great families."

"Of course, they will definitely deal with my Chen family first. But if my Chen family is destroyed, then the next one to suffer will be your Li family."

Li Ke frowned and pondered Chen Yang's words. Although he suspected that these words were just trying to implicate the Li family, it was not unreasonable.

If the Chen family could not hold on, the Li family, which had the most contact with the three major forces, would definitely be targeted.

Immediately, Li Ke became interested in Chen Yang's words. "Family Head Chen, continue."

When Chen Yang saw this, he knew that Li Ke was about to fall into the trap. He quickly struck while the iron was hot. "Now that our families are like lips and teeth, if the lips are lost, who will help the teeth to resist the cold wind?"

"With the lips gone, there is no one to help the teeth against the cold wind..."

The more Li Ke thought about it, the more he felt that Chen Yang's words were especially interesting. Simple words, and yet they contained great principles.

Li Ke couldn't help but praise, "I didn't expect Family Head Chen to understand the principles of the world so well."

“Family Head Li, you flatter me. This is just an open matter. I only used simple words to explain it.” Chen Yang smiled.

“Then, Family Head Chen, what should we do next?” Li Ke asked.

Chen Yang understood that Li Ke had completely fallen into it.

Chen Yang immediately picked up his teacup again and sipped his tea like Li Ke. “Family Head Li, if they can do a Horizontal Alliance, we can naturally do a Vertical Alliance.”

“Vertical Alliance? What does that mean?” Li Ke was confused. Where did Chen Yang get these words from? He was confused.

“To put it bluntly, this so-called alliance is an alliance between the aristocratic families of the north and south to resist the three great aristocratic families of east and west.”

“Of course, there can be many changes. For example, the Mo family and the Li family are adjacent to each other. Logically speaking, they shouldn’t be in the same range.”

“But the Mo family is in the north of the Gongsun family, and this situation meets the requirements of the alliance. To put it bluntly, as long as we can pressure the three great families from the north and south, they can be roped in.”

After saying that, Chen Yang picked up his teacup again and glanced at Li Ke silently.

‘You’re confused, aren’t you? That’s right. How can you understand thousands of years of wisdom in a short time?’

For a moment, Li Ke shook his head. “Although I’m not sure about the nature of your Vertical Alliance.”

“But after thinking about it carefully, the method of exerting pressure on an aristocratic family from the north and south is indeed a better way.”

“Then, Family Head Chen, how exactly does the operation go?”

“How?” Chen Yang’s eyes revealed a look of disdain. “Let’s pressure the weakest Feng family first and make use of the conflict between the Feng and Liu families. That will definitely cause a gap in the alliance.”

“Then, we’ll deal with the strongest Gongsun family and disintegrate the alliance.”

“As for the Liu family, when they see that the situation is bad, they will naturally side with us.”

After hearing Chen Yang’s plan, Li Ke felt a chill run down his spine and cold sweat broke out.

This was too terrifying. This child was so young, but he could make such a plan.

And according to the facts, the direction of the situation was very likely to be as Chen Yang had said.

For a moment, Li Ke was enlightened. Chen Yang, who was in front of him, was like a wise man who had planned everything.

With a word, thousands of forces collapsed.

He didn’t dare to imagine how far the Chen family would go under Chen Yang’s leadership. No, he had to form an alliance with the Chen family no matter what.

“Phew!” Li Ke suppressed the throbbing in his heart and asked with a smile, “Then how does Family Head Chen plan to form an alliance?”

“Marriage.”

“Marriage?” Li Ke looked troubled. “Family Head Chen, you know about Ancestor Xue’s situation as well. I’m afraid marriage...”

Li Ke did not finish his sentence, but his meaning was obvious. With Ancestor Xue around, a marriage alliance was basically impossible.

When Chen Yang saw this, he narrowed his eyes and looked at Li Ke. “Family Head Li, don’t worry. As long as you invite Ancestor Xue out, I will persuade her.”

Seeing the confidence on Chen Yang's face, Li Ke felt more confident.

That's right. If this kid was so eloquent, he might be able to convince Ancestor Xue to allow the marriage alliance.

Immediately, Li Ke sent someone to invite Ancestor Xue.

After everyone waited, a beautiful woman in a blue shirt and a phoenix crown walked over.

She exuded a noble aura with every single movement.

"Family Head Chen, I heard that you want to have a marriage alliance with the Li Family? Let me tell you, an alliance is fine, but a marriage alliance is definitely impossible!" A silver bell-like voice came out of Ancestor Xue's mouth.

Chapter 28

Li Ke looked at Chen Yang awkwardly. 'That is what I'm saying. Ancestor Xue won't agree.'

Chen Yang gave Li Ke a look in return. 'Don't worry, leave it to me.'

"Ancestor Xue, do you know who we're here for?"

"No matter who it is, my Li family will never agree!" Ancestor Xue frowned and did not back down.

When Chen Yang heard this, a playful smile appeared on his face. "Oh? Even my Patriarch can't do it?"

"What did you say?" Ancestor Xue suddenly stood up, and a terrifying aura instantly enveloped Chen Yang.

Ancestor Xue's sudden outburst frightened Chen Xuan so much that he could not care less. He also used his Genesis Aura to help Chen Yang withstand the pressure.

Ancestor Xue glanced at Chen Xuan and said coldly, "I didn't expect you to break through to the Genesis Realm one day. It seems that your Patriarch likes you."

"Chen Xuan is being disrespectful, please punish me, Ancestor Xue." Chen Xuan braced himself.

"It's fine." Ancestor Xue retracted her aura and said agitatedly, "Chen boy, what did you just say?"

"I said, I'm here to propose marriage to Ancestor Xue on behalf of my Patriarch," Chen Yang said word by word.

"No, Family Head Chen, what do you mean?" Li Ke was stunned. He had thought that the Chen family had taken a fancy to one of their genius disciples.

Who would have thought that he would directly take drastic measures and covet their Ancestor?

"It has nothing to do with you!" Elder Xue scolded Li Ke before looking at Chen Yang with a smile. "Chen Yang, are you serious? Will your Patriarch agree?"

From his tone, Chen Yang could tell that Ancestor Xue was still thinking about his Patriarch.

Then, Chen Yang clapped his hands.

The clansmen on guard outside the reception hall heard this and wheeled a truck into the hall.

The truck was filled with all kinds of treasures. Clearly, Chen Xuan and Chen Meng had put in a lot of effort.

"These are the betrothal gifts from my Chen family. There's also an eighth-grade martial technique. As long as Ancestor Xue agrees to the marriage, these things will belong to the Li family."

Chen Yang took out a martial arts manual and placed it on the table. Then, he looked at Ancestor Xue.

In order to show the Chen family's sincerity, Chen Yang even copied a copy of the eighth-grade martial arts that Chen Xuan had obtained and brought it here.

"The betrothal gift is not bad, but it's still the same question. Did your Patriarch really agree?" What Ancestor Xue wanted to know the most now was what the Chen family's Patriarch wanted.

When Chen Xuan heard this, he said with a serious expression, "Our Patriarch often talks about how the person he owes the most in his life is you, Ancestor Xue."

"Furthermore, he told us more than once that if the Chen family did not rely on him one day,

He will definitely bring Ancestor Xue to find a small hut in the forest. He will accompany her every day and enjoy the carefree days of the world."

"He really said that?" Ancestor Xue trembled with excitement.

However, noticing the looks of the others, she coughed and returned to her former state.

"Sigh, if I were still young, I would have promised you no matter what. But now, I'm also the Ancestor of the family and have experienced Brother Tao's hardships."

"If I abandon my family to follow Brother Tao, not only will Brother Tao be unwilling, but I will also feel ashamed to face my family," Ancestor Xue said sadly.

"Ancestor, there's also a solution to this matter."

"There's a solution?" Ancestor Xue looked at Chen Yang in shock. What else can you not do?

"To tell Ancestor Xue the truth. Our alliance with the Li family is to fight the Gongsun family to the death."

"If we win this battle, the meat cut from the three families will be enough for the Li family to produce two Genesis Ancestors."

“Then, when Ancestor Xue marries my Chen family, outsiders and the Li family won’t say anything.”

“If we lose, there will be no Chen family in the world. When our Patriarch returns, he can naturally marry into the Li family and resist the alliance of the three great families with the Li family,” Chen Yang said.

Ancestor Xue’s dim eyes lit up again. According to Chen Yang, regardless of whether the matter succeeded or not, she could marry Brother Tao.

It was done. The Li family had earned a lot. Even if she left again, she would not let the Li family down.

If they lost, the Li family would hide in Li City. When Brother Tao returned, they could only join forces with the Li family to take revenge.

“Okay, I agree.” Ancestor Xue’s face bloomed with a smile that made the flowers pale.

It turned out that there were two complete laws in this world.

Li Ke was stunned. His ancestor had sold herself out just like that?

However, on careful thought, it didn’t seem to be a loss. If he won, Li Ke would become a Genesis Patriarch himself.

When the time came, he would marry Ancestor Xue to the Chen family. Not only would he earn a good reputation, but he would also be tied to the Chen family.

If they lost, the Li family would also obtain the Chen family’s ancestor. It would not be a loss no matter what.

Li Ke could not help but look at Chen Yang. This young head of the Chen family was a good person.

Outside Li City.

After leaving the Li family, the three of them went straight to Mo City. Although Chen Yang had thought of the marriage alliance with Mo City by chance, it was indeed a good plan, so they naturally had to implement it.

On the way, Chen Xuan couldn't help but ask, "Master, what is the Li family thinking? They even married their Ancestor to us. That Li Ke even thanked us."

"Hehe, he might have treated the family head as a good person." Chen Meng took over and smiled.

Chen Yang glanced at Chen Meng. "I've always been a good person. It's just that they might make a profit, but I'll never lose out."

As Li City was adjacent to Mo City, Chen Yang and the others arrived at Mo City within two days.

In the Mo Family in Mo City.

When he heard that Chen Yang was visiting him, Family Head Mo hurriedly led a group of elders out to welcome him.

In Nanyang County, only the Mo family and the Chen family had the best relationship.

It was said that when the Mo family's ancestor was young, he had received the favor of the Chen family's ancestor. It was precisely because of the special relationship between the two families that Chen Xuan wanted to have the marriage alliance with the Mo family.

"I didn't know that you were here, Family Head Chen. Please forgive me." Seeing Chen Yang and the others arrive at the entrance of the Mo Family residence, Family Head Mo hurriedly went forward to welcome them.

We don't dare to deserve this. We'll have to disturb Family Head Mo for a while this time. Family Head Mo, please don't find us annoying."

"You flatter me."

Accompanied by the head of the Mo family, the group entered the reception hall.

After everyone was seated, Family Head Mo asked, "May I ask why you're here?"

The two families had a good relationship, so Family Head Mo did not stand on ceremony and directly asked Chen Yang the reason for his trip.

“Family Head Mo, we’re here to form an alliance with the Mo family to resist the alliance of the Gongsun family and the other two aristocratic families.”
Chen Yang went straight to the point.

“Oh? Does Family Head Chen have any plans?”

Immediately, Chen Yang informed Family Head Mo of the plans with Family Head Li word for word.

After hearing this, Family Head Mo lowered his head and thought for a moment before saying, “Alright, Family Head Chen is right. Our Mo family agrees to this alliance.”

Seeing that the Mo Family Head had agreed so readily, Chen Yang was still a little stunned. In fact, Chen Yang was already prepared to marry himself to the Mo Family.

Chapter 29

This marriage alliance was different from the last time. The last time, the Chen family did not have any Genesis experts. The marriage alliance with the Mo family was mostly to seek connection with the Mo family, which was why Chen Yang rejected the First Elder.

For the marriage alliance this time, the Chen family was the dominant one, so Chen Yang naturally did not have any objections.

In any case, the Chen family had dominance and could get a wife for nothing, so why not?

However, to Chen Yang’s surprise, the Mo family did not mention the marriage at all and directly agreed to the alliance with the Chen family.

However, since the Mo family did not say anything, Chen Yang would not take the initiative to mention it. He immediately cupped his hands and smiled.

“Thank you, Family Head Mo.”

“Alright, I still have some matters to attend to at home, so I won’t disturb you anymore.”

“Take care, Family Head Chen.”

After watching Chen Yang and the others leave the Mo family, the Mo family's First Elder could not help but ask, "Family Head, why don't we have a marriage alliance with the Chen family?"

"I see that this little family head of the Chen family has such courage at such a young age. Coupled with his outstanding martial arts talent, he can definitely be called a good son-in-law."

"You've already explained the reason," Family Head Mo said as he looked at Chen Yang's back.

"What?"

Seeing that the First Elder ignored him, Family Head Mo continued, "If my senses are correct, Chen Yang has already reached the peak of the Qi Refinement realm."

"It won't be long before he breaks through to the Genesis Realm."

"In that case, all the more we should marry him and tie Chen Yang to our Mo family's carriage." The First Elder did not understand what the Family Head meant.

Since Chen Yang was so outstanding, why didn't he take the opportunity to tie him to the Mo family through the marriage alliance?

"Let's go back to the family."

The Mo Family Head was not in a hurry to answer the First Elder. Instead, they led everyone back to the Mo Family.

After entering the Mo family home, the head of the Mo family continued, "Chen Yang's future is definitely not simple. If we take advantage of the Chen family's crisis now and force the Chen family into a marriage alliance, when Chen Yang's cultivation indeed reaches a certain level, I'm afraid our Mo family will be the unlucky one. In this world, there are many examples of people attacking in-laws."

"It's better not to say anything. At the very least, when the Chen family rises in the future, our Mo family can still benefit."

Only then did the First Elder understand that Family Head Mo was actually looking so far ahead. However, he was still a little indignant. “But Family Head, are you going to give up on such a good son-in-law just like that?”

When Family Head Mo heard this, his eyes flashed. “It’s one thing for us to force a marriage alliance, but it’s another thing for the Chen family to take the initiative.”

“How about this? Tell the Chen family that in order to ensure smooth communication in the alliance, our Mo family has decided to send the first daughter of the head of the family, Mo Xingling, as the liaison.”

“Letting Eldest Miss be the liaison is a little overkill...” The First Elder was about to offer an opinion when he suddenly thought of something and nodded.

“I understand. Family Head means to send Eldest Miss out to spend time with Chen Yang. If this drags on, Chen Yang will definitely be tempted by Eldest Miss.”

“Of course. My daughter is beautiful, talented, and understanding. I don’t believe that this hot-blooded Chen Yang won’t be tempted by my daughter.” Family Head Mo smiled.

“Family Head, how wonderful!”

...

Maple City, the Chen family.

After nearly half a month, the matter of the three aristocratic families’ alliance had been confirmed. Chen Yang also had time to pay attention to the development of the family.

The first step was the Chen Family Academy.

As the family school had just been implemented and had yet to establish a complete academy, they could only make do with the previous school.

However, this was not bad. At the very least, Chen Yang could go to the clan school anytime and anywhere.

In his free time, Chen Yang came to the school alone, preparing to check out the general situation.

“Family Head, you’re here.” When they arrived outside the school, Fifth Elder Chen Ke, who was in charge of the school, greeted them.

Glancing at the students in the hall, Chen Yang asked casually, “How is it? Is there anything wrong with the school?”

“Family Head, there are no problems. It’s just that this is the first time the children have come into contact with this, so they are more or less conflicted, causing the teaching process to be a little slow,” Chen Ke replied.

“Normal. There’s bound to be resistance.”

“I’ll tell you what. I’ll tell you one way. People before the age of fourteen, play more games with them.”

“At this stage, literacy is secondary. The main thing is to nurture their personal character and character. Through some small stories and games, cultivate their loyalty to the family.”

“As for those over the age of fourteen, collect some manuscripts, especially stories about the kind that rise from the bottom and eventually become the strongest people in the world.”

“This type of stories will definitely arouse the fighting spirit of this group.”

Chen Yang’s idea was very simple. He would start with interest and make them willing to learn and cultivate.

Hearing Chen Yang’s words, Chen Ke’s eyes lit up. “Wonderful, Family Head, I’ll arrange it immediately.”

After bidding farewell to the academy, Chen Yang came to the Chen family’s farm.

Due to the extensive use of fertilizer, the yield of spiritual rice in the farm reached a new high. As a result, the other types of rice also carried traces of spiritual energy.

However, that was all. If rice wanted to mutate into spirit rice, this bit of spiritual energy was not enough.

In fact, apart from the cleansing of spiritual energy, the spiritual rice born in the wilderness was more due to luck.

However, even so, if one ate this rice that carried spiritual energy all year round, it could bring faint help to one's cultivation.

Chen Yang, who was very satisfied with the farm, turned around and went to Little Green Mountain.

Looking at the young Gale Wolves and Green-horned Bulls, Chen Yang couldn't help but smile. These were all spirit stones.

Just as Chen Yang was admiring the spirit stones... no, the two demon beast cubs, the Eighth Elder suddenly stepped forward.

"Family Head, the First Elder invites you back. He says that there's something important."

"Something big?" Chen Yang nodded. "I understand. I'll go back immediately."

"I've stolen half a day of leisure."

After sighing slightly, Chen Yang turned around and left.

After returning to the Chen family home, Chen Yang went straight to the meeting hall.

As soon as he entered, Chen Yang realized that there was another woman in the meeting hall that he had never seen before.

This woman was dressed in black and had a face like an angel. Her figure leaned towards the devil. This contradictory combination added a lot of charm.

"This is..." Chen Yang looked at Chen Xuan. Could it be that she was the one he was talking about?

"Family Head, let me introduce you. Her name is Mo Xingling, the eldest daughter of the Mo family. She's here to act as the liaison for the alliance," Chen Xuan explained.

Only then did Chen Yang know who this woman was. He immediately smiled and said, "Welcome, Miss Mo. Please take a seat."

"Thank you, Family Head Chen." A silver bell-like voice came out of Mo Xingling's mouth. Then, she sat down leisurely. Her every move displayed the demeanor of an aristocratic young mistress.

After settling Miss Mo, Chen Yang looked at Chen Xuan. "I wonder what happened for the First Elder to call me here?"

"Family Head, have you heard of Pill King Mo Xiao?" Chen Xuan asked.

"Of course I've heard of him. Pill King Mo Xiao is the leader of our Great Qian Dynasty's Alchemy Dao, and his alchemy skills are at the Perfected Realm. Could it be that this matter is related to Mo Xiao?"

Chapter 30

"That's right." Chen Xuan nodded. "Mo Xiao's third disciple, Pei Hao, is coming to our Nanyang County to sell pills. This matter has already caused a huge commotion in Jiangzhou."

"So Pei Hao is here to sell pills." Chen Yang understood.

Speaking of Pei Hao, Chen Yang had heard of him before. Pei Hao was an alchemy genius who had appeared more than a hundred years ago. He was taken in as a disciple by Mo Xiao.

As for why Pei Hao came to Nanyang County to sell pills, there was also some back story.

Pei Hao was born in a small town called Donglin Town in Nanyang County. His parents died when he was young, and he relied on the food of the villagers to survive.

After Pei Hao became rich, he would come here to hold an auction every twenty years on account of his gratitude towards Donglin Town.

Naturally, he kept the spirit stones for the pill auction. However, Pei Hao would always donate the entrance fee to Donglin Town.

It had to be known that every time Pei Hao held an auction, the entire Jiangzhou would hear about it. Just the entrance fee alone was not a small sum.

The tickets were not just Great Qian Gold, but also spirit stones.

The Great Qian Gold was used to subsidize the ordinary residents of Donglin Town, while spirit stones were used to fund the young martial artists of Donglin Town.

It was also because of this relationship that although Donglin Town was within the influence of the Song family, the Song family had not plundered a single cent here.

Back to business.

Knowing that Pei Hao was about to start the auction again, Chen Yang couldn't help but ask, "Do you know the specific types and quantities of the pills being auctioned this time?"

"I'm not too sure. But according to the information that's been circulating, there's probably a Meridian Unlocking Pill."

Meridian Unlocking Pill!

Hearing these three words, Chen Yang instantly lost his composure.

This Meridian Unlocking Pill was a seventh-grade medicinal pill. Its effect was even more fascinating to countless peak Qi Refinement realm martial artists. That was to increase the chances of breaking through to the Genesis realm by 30%.

There were many pills in this world that could help one break through to the eighth-grade.

However, these pills had a fixed weakness. That is if they failed to break through, they would cause damage to themselves.

At best, the practitioner would be seriously injured. At worst, his meridians would be broken and he would die on the spot.

As a seventh-grade medicinal pill, the Meridian Unlocking Pill was different. Increasing the chances of breaking through by 30% was secondary. Most importantly, this medicinal pill did not have any side effects. It did not matter even if the breakthrough failed.

Moreover, this Meridian Unlocking Pill had the effect of stabilizing the meridians. Even if he failed to break through, he could guarantee that his realm would not decline.

All kinds of wonders made this Meridian Unlocking Pill the most precious existence among the supplementary pills for breaking through the Genesis Realm.

“If the Meridian Unlocking Pill appears, it will definitely be another fierce battle.” Chen Yang sighed.

In the Great Qian Dynasty, other than those high and mighty seventh-grade factions, who else did not need this Meridian Unlocking Pill?

Even a seventh-grade faction would not mind having more Genesis experts.

One could imagine how competitive it would be to obtain this Meridian Unlocking Pill.

“Then, Family Head, are we going to fight for this Meridian Unlocking Pill?” Chen Xuan looked at Chen Yang.

Chen Yang was currently at the peak of Qi Refinement. With the help of the Meridian Unlocking Pill, with Chen Yang’s aptitude, it was very likely that he could break through to the Genesis Realm in a few months.

“I think there’s no need. Every time this Meridian Unlocking Pill is sold, the price is about 3,000 spirit stones. How can our Chen family take out so many spirit stones?”

Chen Yang actually wanted to obtain this Meridian Unlocking Pill, but when he thought of his family’s situation, he could only suppress the desire in his heart.

Hearing Chen Yang say this, Chen Xuan was silent for a moment. Then, he seemed to have made up his mind. “Family Head, if it really doesn’t work, why don’t we use our family’s heritage?”

“Use our family’s heritage?” Chen Xuan’s words shocked Chen Yang.

This so-called family heritage was what a family could rely on to turn the tables at the most critical moment.

Although the Chen family was a newly established ninth-grade family, they had also accumulated a lot of spirit stones over the years.

These spirit stones were the heritage for the Chen family to turn the tables when they encountered danger in the future.

“That’s right. Use the heritage of the family to obtain a Meridian Unlocking Pill for the Family Head.” Chen Xuan confirmed his words again.

“But isn’t this family’s heritage something that can only be used in times of crisis?” Chen Yang asked.

“Family Head, this is a time of crisis!”

Chen Xuan suddenly stood up and looked around. Then, he focused his gaze on Chen Yang. “Family Head, the Gongsun family is no longer hiding their ambitions.”

“If we still feel pity to spend spirit stones, when the Gongsun family attacks, these spirit stones can only become their spoils of war.”

“That’s right. I also think that we should use our family’s heritage to obtain a Meridian Unlocking Pill for the Family Head.” After Chen Xuan, Chen Meng also expressed his opinion.

Immediately after, the elders stood up one after another, all thinking that they could use their family’s heritage.

When Chen Yang saw this, he did not continue to be coy. Chen Yang would remember the kindness of his clansmen. One day, he would repay them.

“Alright, in that case, let’s use our family’s heritage to buy the Meridian Unlocking Pill for me!”

Seeing that the Family Head had agreed, a smile appeared on Chen Xuan’s face. “That’s good.”

As the Family Head he was loyal to, and according to familial seniority, Chen Yang was also considered his nephew. Chen Xuan naturally hoped that Chen Yang would become stronger.

Since he had decided to participate in the auction, Chen Yang naturally had to make plans early.

Immediately, Chen Yang looked at Mo Xingling. “Miss Mo, please tell the Mo family that my Chen family plans to bid for the Meridian Unlocking Pill.”

“At the same time, please invite Family Head Mo to Maple City to discuss matters. After all, this auction might be the first confrontation between our two alliances.”

“Xingling understands.” Mo Xingling nodded and immediately left.

Time flew by. In the blink of an eye, five days and nights had passed.

In the past five days, the news that Pei Hao was going to auction pills had completely spread throughout Jiangzhou. All the major and minor forces heard the news and were thinking about how to obtain some benefits from the auction.

Meanwhile, Family Head Mo and Family Head Li quietly rushed to the Chen family after receiving Chen Yang’s orders.

As the three-family alliance was currently in the dark, in order not to alert the enemy, the two family heads specially rushed over from the Song family’s territory.

Maple City, in the Chen family’s reception hall.

Family Head Mo took a sip of hot tea and looked at Chen Yang. “Family Head Chen, why did you call us here?”

“Of course it’s to use this auction to cause trouble for the Gongsun family and the other two families.” Chen Yang smiled.

“Looking for trouble? Family Head Chen, do you mean that our alliance doesn’t have to be hidden anymore?” Family Head Li looked at Chen Yang strangely.

Logically speaking, this kind of alliance was the best in the dark, because only in this way could they stab the enemy ruthlessly without realizing it.

“The alliance can’t be hidden. After a while, the three families will start to attack our Chen family. At that time, the two of you will definitely take action.”

“It’s fine if it’s the final battle, but if it’s not the final battle, hiding is probably useless.”

“I might as well take this opportunity to cause some trouble for the Gongsun family.”
